To Rodney Local Board members

From SH16 Brigham Creek to Waimauku safety improvements project team

Date 18/04/2024

Subject Closure of Matua Road/SH16 Intersection

The SH16 Brigham Creek to Waimauku safety improvements project team is reassessing the current closure at the Matua Road / SH16 intersection and considering closing the Matua Road/SH16 intersection until the project has been completed in late 2025.

Currently right hand turns out of Matua Road onto State Highway 16 are prohibited but left-hand turns are allowed. Auckland System Management has advised us that we can improve the safety at the intersection by removing the left turn out of Matua Road. There are geometric challenges associated with Matua Road intersection, combined with the operating speed environment and the recent incident at the intersection. The detour route for the closure will be via Tapu Road, please see below for a map of the detour route. We expect this to have minimal impact to the community and the detour route will add approximately 4 - 9 minutes to a journey.

We are seeking feedback from the Rodney Local Board at the meeting on Wednesday 24 April which we will consider alongside our technical information.
