

Application for resource consent

PN0397428

EXTENSION OF TIME PERIOD FOR SUBMISSIONS

The time period for submissions on this application has been extended. The resource consent application remains unchanged.

Auckland Council has received the following applications for resource consent under the Resource Management Act 1991.

Location: Hobson Wharf, Halsey Street Extension Wharf, Western Viaduct Wharf, the southern portion of Wynyard Wharf and Brigham Street adjacent 8-34, 36-54 & 90 Brigham Street, the waterspace within the Wynyard Basin between Wynyard Wharf and Princes Wharf, the waterspace within the Outer Viaduct Harbour, and public land areas within Wynyard Precinct and Viaduct Harbour Precinct, including Te Wero Island, Karanga Plaza and North Wharf. The site area also includes private land to the west of Brigham Street and land within Jellicoe Street and Halsey Street for construction activities and installation of services.

Details of proposed activities: The construction, occupation, use and maintenance of permanent and temporary infrastructure and undertaking of activities within the coastal marine area and on land, associated with the America's Cup. The key infrastructure components involve an extension to Hobson Wharf (to locate a permanent base for Emirates Team New Zealand), extension to the north of Halsey Street Extension Wharf/Western Viaduct Wharf and the permanent and temporary bridging of a portion of the waterspace between Wynyard Wharf and Brigham Street (for seven temporary base buildings). Associated structures and works include new breakwaters, wave attenuation, development of adjoining water space to provide for berthage, removal of existing structures and location of new piles, pontoons, associated structures and services. Enabling works involve ground improvement works within the area of Brigham Street west of Wynyard Wharf, capital works dredging and temporary construction related activities.

All bases will be occupied following construction and the duration of consent sought for the construction, use and maintenance of the temporary buildings is 10 years.

Legacy use of the wharf space is intended to provide for marine activities and event, associated berthage, public uses and events. Consent is also sought for two 6 month event periods (the first commencing December 2020) including all supporting structures and facilities. Occupation consents are sought for two areas of waterspace.

The proposal requires various landuse consents and regional permits associated with the structures, construction works and for the events under the Auckland Unitary Plan: Operative in Part and the Auckland Council Regional Plan: Coastal Plan. Overall it is a discretionary activity.
