Vector ref. 1-5076017472

Dear Darren,

- 1. Supply Availability for 4-5 MVA**
2. Further to your recent correspondence regarding availability of supply for electricity to / for Fletcher Living at Future Urban Zoned Land in Riverhead (Vector enquiry reference number 1-5076017472), at the time of this enquiry, Vector can confirm the following:
- 3. Electrical Reticulation**
  - 1.1 Vector Limited is the Electrical Operator of the distribution system which will provide Line Function Services to the individual Points of Supply within the development.
  - 1.2 Vector currently does not have available capacity in the surrounding high voltage (HV) network. We would need to reconfirm the capacity you require, presently you have indicated to be in the order of 1,000-1,500 residential dwellings, 500-unit retirement village, supermarket and other small retail units, school across the different development lots (estimated to be 4-5 MVA supply).
  - 1.3 Installation of new HV and low voltage (LV) cables and equipment will be required to provide this development with points of supply, at the Customer's cost. The specific design scope and costs chargeable to Customer to support their intended development will be worked through between Vector and Customer during Vector's project detailed design and cost stage.

Please do not hesitate to contact me on 09 978 8180 if you have any further questions.

Kind regards,
