

## GIS VIEWER

Plan Change 36 Open Space (2019) is one of the first plan changes in the Auckland Unitary Plan to use the GIS viewer portal to consult with the public during the entire plan change process, moving away from pdfs. Auckland Council will be using this form of consultation from now on for all large plan changes using the GIS viewer.

Please use the link below to view the Plan Change 36 Open Space (2019) plan change electronically,
