**Notice of Requirement lodged by Auckland Transport for a new designation for the Waihoehoe Road East Upgrade, being for an upgrade to Waihoehoe Road in Drury East between of Fitzgerald Road and Drury Hills Road. Part of the Drury Arterial Network package.**

### **Notice of Requirement**

Auckland Council has received a notice of a requirement for a new designation from Auckland Transport as the Requiring Authority for public works.

The requirement is to construct, operate and maintain an upgrade to Waihoehoe Road in Drury East between east of Fitzgerald Road and Drury Hills Road to a two lane arterial transport corridor with active transport facilities.

The key features of the Project include:

- Widening of Waihoehoe Road from its current general width of 20m to enable a 24m wide two-lane cross-section including active transport facilities
- Localised widening around the existing intersections to accommodate for the two proposed roundabouts
- Batter slopes to enable widening of the corridor, and associated cut and fill activities
- Areas for construction related activities including site compounds, construction laydown, the regrade of driveways and construction traffic manoeuvring.

The works described for the Project could be carried out in stages as urban development occurs surrounding the Project area.

Please refer to Volume 2 (NoR D3) of the Assessment of Effects on the Environment for the Project.
