How this 10-year Budget 2021-2031 is arranged

This document is an excerpt of Volume 3 of the Auckland Council 10-year Budget 2021-2031.

Section One: Local board overview

1.1 Local board overview

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Section 3.5 for the allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Section 3.5 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year budget (long-term plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities and intended levels of service for that area, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2021/2022 have been agreed between each local board and the Governing Body and are set out in Section 2.

Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

- Local Community Services
- Local Planning and Development
- Local Environmental Management
- Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2021/2022 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2021-2031 financial years are shown in following table below. The budgets for each local board are listed within the individual local board agreements in this volume.

Message from the Chair

I am pleased to present our local board priorities for the 2021/2022 financial year. This has been informed by your responses to council's 10-year Budget consultation and begins the implementation of initiatives signalled in the Devonport-Takapuna Local Board Plan 2020.

COVID-19 and resulting lockdowns continue to affect many in our community. The council's ability to generate revenue was also affected, resulting in reduced funding being available for local projects.

We will deliberate carefully when committing those constrained budgets, taking care to support our local community organisations and business associations so they can continue to provide a wide range of events, programmes and services that will help recovery and build resilience.

The coming year will see the completion of many significant capital projects, including the new toilet blocks in Milford and Takapuna. Thanks to the generosity of a local philanthropist, the Takapuna toilet block will have a Changing Places fully accessible bathroom for the disabled – the first of its kind in a local park in Auckland.

The Claystore and The Pumphouse will each undergo renovations which protect and highlight their heritage status. We will renew a number of playgrounds, including Linwood Reserve and Kawerau/Oliver Reserve, which will be well used and enjoyed by families in those areas.

Addressing your concerns regarding water quality and the management of our natural environment remains high on our agenda.

We have increased local board funding for those who work hard to improve these areas and continue to seek increased funding from the Water Quality Targeted Rate to investigate and remedy pollution in the Wairau Catchment and our local beaches.

The local board will continue to advocate for adequate funding to maintain and renew assets to meet the needs of our communities, and the reinstatement of the Local Board Transport Capital Fund to pre-COVID-19 levels, which will enable the board to make progress towards a safe walking and cycling connection from Francis Street to Esmonde Road.

I would like to take this opportunity to thank our community organisations and volunteers. Your passion and commitment to the place we all love to call home is greatly appreciated.

Ruth Jackson

In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

To meet this commitment, the Devonport-Takapuna Local Board Plan 2020 requires that we look through the lens of Te Ao Māori (the Māori world view) and by applying Māori values this will help to build a shared understanding of the natural and built environment in our communities. We will:

- take opportunities to create and reflect Māori identity in our parks and facilities through actions such as naming or dual-naming and sharing stories about the area's heritage through interpretative signage
- facilitate hui and engagement opportunities between mana whenua, the local board and community organisations in the area
- continue to support The Tūpuna Maunga o Tāmaki Makaurau Authority in its improvement and management of Maungauika/North Head and Takarunga/Mount Victoria.

Local Planning and Development

This group of activities covers improvements to town centres, the local street environment as well as local environment and heritage protection. These activities also include working with business and community associations to improve local economic development and employment initiatives.

Our annual operating budget to deliver these activities is \$1.9 million, including the 2021/2022 business improvement district (BID) programme targeted rates, as specified in the funding impact statement.

The key initiatives we have planned for 2021/2022 include:

- providing funding and support to the three business associations: Devonport, Milford, and Takapuna Beach, to plan and facilitate events that bring people to our town centres and provide opportunities to connect and enjoy what these areas have to offer, while assisting local businesses to recover from the impacts of COVID-19
- supporting the Young Enterprise Scheme by funding participation of local youth
- funding initiatives that enable local communities to build resilience and plan their response to natural and environmental challenges.

The local planning and development activity, including the key initiatives outlined above contribute towards achieving the following outcomes in the Devonport-Takapuna Local Board Plan:

- Outcome 1: Environment and heritage
- Outcome 3: Community participation and wellbeing
- Outcome 5: Opportunity, prosperity, and growth.

Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities, and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of local board plans, support in developing local board agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2021-2031 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no changes to the measures or targets for 2021/2022.

Our annual operating budget to deliver these activities is \$820,500.

Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibilities or funding for in this 10-year Budget, but recognise the value it will add to the local community.

Key advocacy areas for this local board include:

Initiative	Description	Advocating to
Reinstate Local Board Transport Capital Fund.	Advocate to Auckland Transport and the Governing Body for the reinstatement of the regional Local Board Transport Capital Fund to the pre-COVID-19 and Emergency Budget levels. This will enable the board to again make progress on the safe walking and cycling connection between Francis Street and Esmonde Road – currently a missing link in our walking and cycling network.	Auckland Transport/ Governing Body
Local Board Renewals Capex Budget.	Advocate for an increase in Devonport-Takapuna Local Board capex renewal budget to ensure that all community facility assets can be maintained and renewed to the standard required to meet the need of our changing communities.	Governing Body
Increase funding for water quality improvements.	Support the proposed extension and increase of the Water Quality Targeted Rate. Advocate to the Governing Body to increase funding to accelerate improvements to our stormwater / wastewater systems to address pollution in the Wairau Catchment and on our beaches. Note that the Devonport-Takapuna and Kaipatiki Local Boards are currently working together with Healthy Waters to improve water quality and prevent further pollution in the Wairau Catchment, but that it is difficult to progress within existing local board budgets.	Governing Body
Increase tree protection.	Advocate for funding in Year One of the 10-Year Budget 2021-2031 for a Plan Change to Schedule 10 of the Unitary Plan to increase tree protection across Auckland.	Governing Body
