SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- allocate local discretionary funding such as community grants and events
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand, comprising the Governing Body (made up of the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for decision making on local issues, activities and services and providing input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for activities such as community engagement, preparing local board plans, agreeing and monitoring local board agreements and communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated decision-making responsibility for certain non-regulatory activities to local boards. Local boards make decisions on, and have oversight of, a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Please see Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may delegate responsibility for some regulatory activities to local boards and Auckland Transport may delegate some decision-making responsibilities to local boards. Please see Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

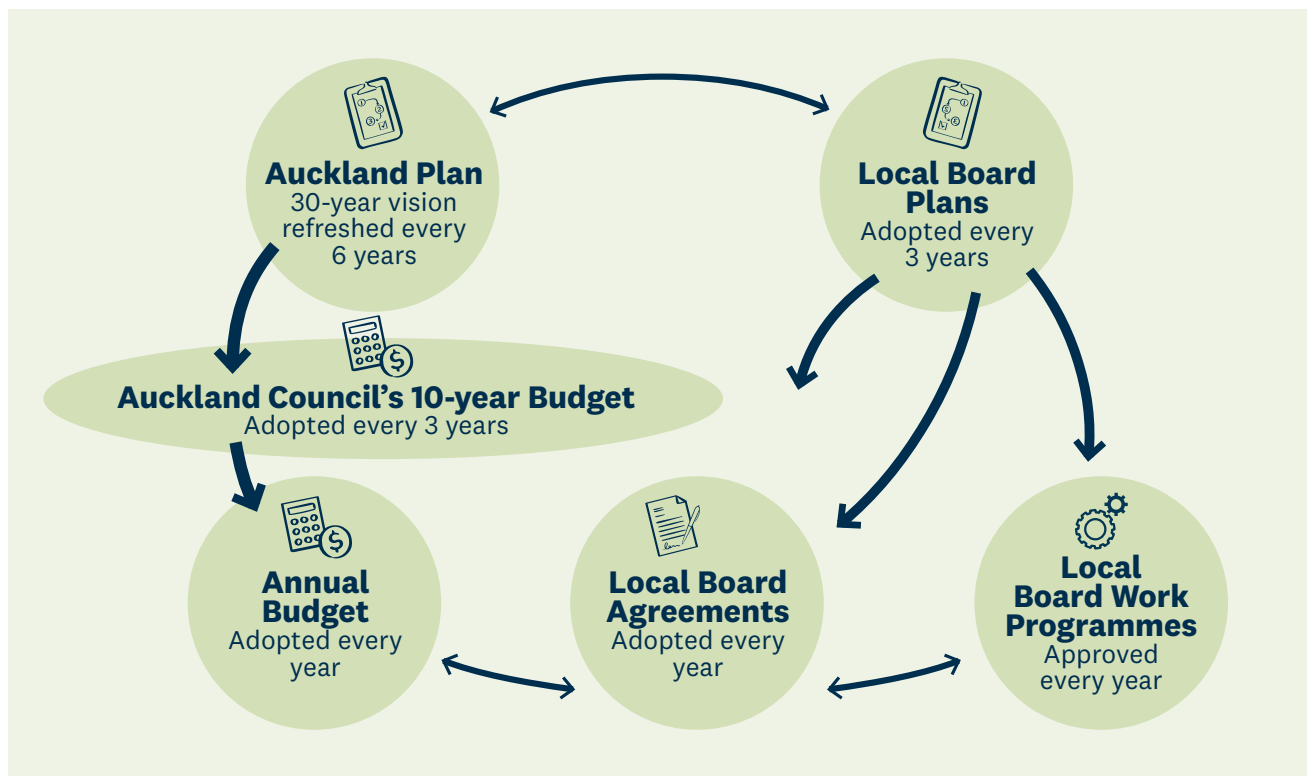

Local board plans are strategic documents that set the direction for local boards and also inform the 10-year Budget (Long-term Plan). Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities, intended levels of service, performance measures and targets for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2022/2023 have been agreed between each local board and the Governing Body and are set out in Part 2.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline the key initiatives and funding for each activity area for the 2022/2023 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** – the Governing Body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Aotea / Great Barrier and Waiheke Local Boards who agree funding requirements with the Governing Body on an annual basis.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

The total planned expenditure for local activities across all 21 local boards over the 2022/2023 financial year is shown in following table below. The budgets for each local board are listed within the individual local board agreements in this volume.

2.5 Henderson-Massey Local Board

He kōrero mai i te Heamana

Message from the Chair

I am pleased to present the Henderson-Massey Local Board's 2022/2023 Local Board Agreement. We received 698 submissions on the key regional issues and our 2022/2023 priorities. It was heartening to see support for those priorities and get insight into your concerns and interests.

You have reconfirmed to us that you think investment in community services and facilities, public transport and walking and cycling opportunities and caring for the environment are priorities for you. We also heard your concerns about growth in Westgate and intensification in general.

We are still facing challenges due to COVID-19 impacts, and consequently we will have to defer one of the priorities we consulted on - developing a local parks management plan. The good news though is that we are still able to fund a work programme that delivers on the Local Board Plan.

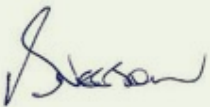

We will continue working with Auckland Transport and Eke Panuku Development Auckland on connecting and expanding our walking and cycling network and continue to advocate for funding to complete Te Whau Pathway.

Work on our community-led Henderson-Massey Local Climate Action Plan: Whakarauora Āhuarangi is underway and we have identified suitable sites to plant more trees on public land.

We will continue our advocacy for aquatic provision in the North-West; funding for a facility for the Waitakere Outrigger Canoe (Waka Ama) Club in Te Atatū South; funding for the completion of Te Whau Pathway; funding to progress Te Atatū Marae development and for the Waitangi at Waititi event to be supported as part of the regional events programme.

We could not do our work without the priceless contribution of volunteers and community groups, and we look forward to continuing to work with you.

Ngā mihi nui

In addition, each local board carries out responsibilities delegated to it by the Governing Body, in accordance with the general priorities and preferences in the local board plan.

Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

The Henderson-Massey Local Board Plan includes an outcome of Māori identity being an integral feature of Henderson-Massey. Māori aspirations are understood and responded to, participation in local decision-making is effective and meaningful and the unique place of Māori as tangata whenua is recognised. To deliver on these aims, the board will:

- continue to progress the Waitākere ki Tua Action Plan, adopted in 2019
- continue to collaborate with iwi on Te Kete Rukuruku, the Māori naming of parks and community places programme
- continue to engage with Te Kawerau a Maki on matters of interest and concern to them.
