

## 2.19 Waitākere Ranges Local Board

### Message from the Chair

Improving our environment and water quality are key regional issues in the 10-year Budget and are particularly important to our area.

While we continue to experience benefits from council and communities collaborating to address local issues, for example weed buffer zones and the 'My Backyard' climbing asparagus eradication project, kauri dieback is a clear and present threat.

Overall funding levels for Auckland's environment clearly remain a pressing concern for many local people, especially the question of 'how much' for the Waitākere Ranges Heritage Area.

As expected, the 2018 Waitākere Ranges Heritage Area Monitoring Report highlights ongoing challenges for the area, and we will reflect on making the best impact on those challenges with our local budgets over the coming year.

We support the regional proposal to significantly increase the environmental budget (although at a greater level than what was proposed) and would still like a significant amount to be reallocated back into local board decision-making control.

We have made a funding proposal for developing the Glen Eden urban design framework and implementation plan. The outcome of that is unclear at this point, but what is clear from both our board plan and the annual budget consultations, is that reinvigorating Glen Eden is important to you. It remains equally as important to the board. Whatever the outcome, we plan to make changes to the town centre over the next few years using our existing budgets.

## Introduction

Auckland Council's shared governance model means local boards are responsible for decision-making on local issues, activities and services and providing input into regional strategies, policies and plans. The local board agreement sets out the local board's budget, funding for activities, levels of service, performance measures and targets for the financial year 2018/2019 which has been agreed with Auckland Council's governing body.

The Waitākere Ranges Local Board Plan 2017 is a three year strategic document that guides local board activity, funding and investment decisions. A key role of the local board plan is to provide a basis for development of the annual local board agreement for each financial year, this is set out below. Each local board also develops annual work programmes alongside adoption of their local board agreement.

Local boards also provide input to the governing body on larger scale investments, regional programmes and policy issues such as rates proposals, which are outside local board decision-making responsibilities. A list of key advocacy areas is set out as appendix A.

## About this area

The first thing you see when you approach West Auckland is the Waitākere Ranges, which form a natural backdrop to the western skyline and are protected by the Waitākere Ranges Heritage Area Act 2008.

This local board area, full of natural and cultural features, yet close to metropolitan Auckland and subject to pressure from the urban environment, is unique in New Zealand.

Te Kawerau a Maki and Ngāti Whātua are mana whenua in the Waitākere Ranges. Hoani Waititi Marae is a local urban marae.

Our largest and only town centre is Glen Eden, surrounded by the suburban areas of Glen Eden, Kaurilands, Parris Park and Sunnyvale.

Laingholm, Oratia and Waitākere are in different settings, and long-established rural communities are clustered around Huia, Parau, Piha, Karekare and Bethells Beach.

Titirangi and Swanson are established small villages with strong local characteristics. Titirangi hosts Te Uru Waitākere Contemporary Gallery and is an established centre for the arts. Swanson is a small village that is expanding rapidly.

In the 2013 census 48,339 people were living in this area, an increase of 6 per cent from 2006. Labour force participation is above the Auckland average and, at \$79,700 median household incomes are higher than the Auckland average of \$76,500, though there are significant differences between more and less affluent areas.

Residents have access to council libraries at Titirangi and Glen Eden, two community houses, venues for hire at Ceramco Park and Titirangi Hall, a variety of halls run by community groups, and sports fields such as those at Parris Park.

## Local Board Plan outcomes

The Waitākere Ranges Local Board Plan 2017 sets out the aspirations the local board has for the area. The outcomes in the Waitākere Ranges Local Board Plan are:

### **Outcome 1: People actively protect the Waitākere Ranges Heritage Area**

The Waitākere Ranges Heritage Area is recognised as a taonga for the people of Auckland.

### **Outcome 2: Our unique natural habitats are protected and enhanced**

Local communities and the council work together to live sustainably and look after our environment.

### **Outcome 3: Local communities feel good about where they live**

Our communities celebrate their distinct identities and live, work and play together.

### **Outcome 4: People experience local arts and culture, and recognise our heritage**

We celebrate what makes us unique.

### **Outcome 5: Our urban centres are enjoyable places to be**

Our urban environments are attractive and look towards the future.

### **Outcome 6: Our community spaces, parks, sports and recreation facilities meet local needs and are easy to get to**

Local parks, facilities and walkway connections provide attractive places for people to come together.

The local board agreement outlined in this document reflects how we plan to support these outcomes through agreed activities in the 2018/2019 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body in accordance with the delegated power, and with the general priorities and preferences in the local board plan.

## Working with Māori

Delivering on Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader statutory obligations to Māori.

Waitākere Ranges Local Board will focus on building strong and meaningful relationships with local Māori and key Māori organisations to ensure that Māori needs and aspirations are understood. The local board sees mutual interests relating to environmental management, youth, community development and place-making, and looks forward to developing a partnership of mutual respect and openness.

We have initiatives that are specifically focused on partnering with Māori – ongoing support for Hoani Waititi Marae programmes, and inclusion and diversity programmes targeting Māori communities.

## Local Governance

Activities in this group support our 21 local boards to engage with and represent their communities, and make decisions on local activities. This support includes providing strategic advice, leadership of the preparation of Local Board Plans, support in developing Local Board Agreements, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

The measures for this group of activities are covered under the Regional Governance group of activities in the Long-term Plan 2018-2028 which determine participation with Auckland Council decision-making in general. This includes local decision-making. There are no significant changes to the measures or targets for 2018/2019.

Our annual operating budget to deliver these activities is \$845,000.

## Local Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy adopted in August 2014, funding is allocated to local boards to deliver local services, through the following methods:

1. **Asset based services** - the governing body allocates funds to deliver local activities based on decisions about region-wide service levels. This includes allocation of funds for local asset based services, such as building a new swimming pool or library.
2. **Locally driven initiatives** – an allocation is based on a formula applied to each local board, with the exception of Great Barrier and Waiheke Local Boards who agree funding requirements with the governing body on an annual basis. This includes both operational and capital funds.
3. **Governance services** – an allocation is based on the number of elected members and associated administrative costs for each local board.

## Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that the local board may not have decision-making responsibilities or funding for in this 10-year Budget, but recognise the value it will add to the local community.

Key advocacy areas for this local board include:

Initiative	Description	Advocating to
<b>Advocating for the Glen Eden Urban Design Framework and Implementation Plan to be fully funded in the 10-year Budget 2018-2028</b>	This is a key advocacy project of the local board as we recognise it has been more than a decade since any investment has been made in the public realm elements of the Glen Eden town centre – the largest centre in the board area.	Governing Body
<b>Continuing advocacy to seek a return to historic levels of funding to be made available for heritage area programmes under the local board's decision-making</b>	Seek a return to legacy levels of funding to deliver a specific programme of activities to respond to the Waitakere Ranges Heritage Area Act 2008.	Governing Body
<b>Funding to deliver aspects of Waitākere Ranges 'greenways' plan'</b>	Deliver on an identified network of local walking and cycling connections to reduce reliance on cars.	Auckland Transport
<b>Funding to progress the now closed Te Henga Quarry to become either a regional or local park</b>	Seek funding for the Te Henga Quarry, which closed for commercial operations in 2014. A rudimentary remediation has been undertaken by the operators, and a community and financial commitment was undertaken by the Waitakere City Council to develop the site into a space for community use. However, since closing and receiving the asset back from Panuku Development Auckland, council staff have not been resourced to develop a plan for future use and no allocation appears in the 10-year Budget 2018-2028.	Governing Body
