

Sports Fields in Albert-Eden

Please clarify the total number of sports fields in Albert-Eden; it would help to have a list giving characteristics, e.g.:

- **location (which park - several parks have more than one)**
- **relevant sport/code**
- **full (regulation) size or under size**
- **actual dimensions where known.**

In addition, please list:

- **sports fields which have been sand-carpeted or given an artificial or hybrid surface, and**
- **sports fields which are to be upgraded by one of these treatments.**

Please find attached a list of sports fields, type, and sizes in the Albert-Eden Local Board area.

Other than the works currently occurring at Fowlds Park, there are no other projects involving field upgrades in the Albert-Eden Local Board area in the Local Parks and Sports Field Development (growth) programme.

Please note that:

- there is no context provided around training and playing times for each field
- there are no plans for further work in the near future because of lack of growth funds, close neighbours or limits with the size of parks or fields
- this will be further workshopped with the new board.
