

Notice of Permitted Activity to Take, Use or Dam water

Prescribed form under Chapter E7 of the
Auckland Unitary Plan (Operative in Part)

To: Auckland Council
Private Bag 92300
Auckland 1142

Office use only	
Application No:	_____
Receipt No:	_____
Receipt Date:	_____
Deposit Paid:	_____

1. Person/Company giving notice:

Full Name:	_____		
Postal Address:	_____		Postcode: _____
Contact Phone:	_____	Mobile:	_____
Email Address:	_____		

2. Property on which water will be used:

Property Address:	_____		Postcode: _____
Legal Description:	_____		
Name of owner (if different from above):	_____		

3. Water source:

Lake	River/Stream	Spring	Puna wai	Bore/Groundwater	Off Stream Dam	On Stream Dam
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Map reference of abstraction point NZTM, and identifier of the water body (e.g. The Kaipara River):		_____				
Property on which water source or dam is located, including owner's name, site address, legal description and postal address of owner (if different from above):		_____				

Please supply an accurate location and site plan indicating the property on which the water is to be used, the source of the water, dam, property boundaries, roads etc.

4. Purpose for which water is to be taken and used:

(i) If irrigation:

Crop type(s):	_____	Area (hectares):	_____
	_____		_____
	_____		_____

(ii) If dairy shed milk cooling / washdown or piggery / poultry shed washdown:

Type of animal:

Number:

(iii) If other, give details:

Quantity of water taken / used:

cubic metres per day

cubic metres per year

5. Compliance with Permitted Activity Standards

Take and use of surface water (including from lawfully established dams) (Standard E7.6.1.1)

The water take must not be from an area scheduled in the Wetland Management Areas Overlay

Complies NA

The water intake structure must be designed, constructed, operated and maintained so that:

- the maximum water velocity into the entry point of the intake structure must not be greater than 0.3m/second
- the intake screen mesh spacing must not be greater in one dimension than 1.5mm; and
- the intake screen must be located no less than 0.5m in-stream from the water's edge, or for rivers that are less than 1m wide, as far as practicable from the water's edge

Complies NA

If the take and use of freshwater is from puna wai (natural springs) within Māori Land, it must be completed in accordance with tikanga Māori and for the communal benefit of Mana Whenua

Complies NA

Take and use of groundwater (Standards E7.6.1.4 and E7.6.1.5)

The take must not be geothermal water, unless it is for a purpose specified in section 14(3)(c) of the Resource Management Act 1991

Complies NA

If the take is up to 5m³/day when averaged over any consecutive 20-day period, it must not be from the Omaha Waitemata High-Use Aquifer Management Area Overlay

Complies NA

If the take is up to 20m³/day when averaged over any consecutive five-day period, and no more than 5000m³/year, it must not be from any High-Use Aquifer Management Areas Overlay

Complies NA

If the take is up to 20m³/day when averaged over any consecutive five-day period, and no more than 5000m³/year, it must be located at least 100m from any other existing lawfully established groundwater take from the same aquifer

Complies NA

The take must not be for the purpose of dewatering or groundwater level control

Complies NA

Damming water - off-stream dams constructed on or after 23 October 2001 (Standard E7.6.1.12)

The dam will meet each of the standards found at E7.6.1.11 in the Auckland Unitary Plan

Complies NA

The surface area of the impounded water will not exceed 5000m² or the storage volume of the impounded water will not exceed 20,000m³

Complies NA

The contributing catchment area of the dam will not exceed 20ha

Complies NA

The dam will not be located within the 5 per cent annual exceedance probability (AEP) flood plain, except for dams owned or operated by a network utility operator for the purposes of stormwater management

Complies NA

6. Certification

I hereby certify that to the best of my knowledge and belief, the information supplied and confirmed on this form is correct.
