Nau mai e te Tai Whakarunga e te Tai Whakararo
 Nau mai e te Tai Tūpuna o Rēhua,
 o Te Moananui-o-Toi.
 Nau mai ki Tāmaki i whakawhenuatia rā,
 i ngā waitapu e rua nei arā ko te
 Waitematā ko te Mānukanuka.
 Koia i maea ake i te kōpū o Papatūānuku
 e takoto mai nei,
 kia tangihia tonuhia e Ranginui e tū iho nei.

He tātai whetū ki te rangi tū tonu
 He tātai tāngata ki te whenua, ngaro noa.
 E te iwi raro rā, whakarongo ake ki
 te tangi a te iwi e tū nei
 Hoki wairua mai, haere. Hoki ki te kainga
 tuturū kia au ai te moe.

Āpiti hono tātai hono,
 I te ao wairua, I te ao kikokiko nei hoki

Piki mai te mana, kake mai te mana
 Tau tonu rā ki te tahuna nui ki te tahuna roa o Tāmaki
 kia mihia nuitia e ngā pou me ngā whare wharau
 O te Kaunihera o Tāmakaui Makaurau
 E Whakatau nei I a koutou ē....!

Welcome, o tides from the north and south.
 Welcome, ancestral seas of Rēhua and of Toi.
 Welcome to Tāmaki – the land conferred by sacred
 right, born of the two sacred harbours: Waitematā
 and Mānukanuka-a-Hoturoa.
 You who emerged from the womb of Papatūānuku,
 lying here still, lamented continually
 by Ranginui above.

A genealogy of stars in the heavens endures,
 while the line of humanity on earth fades away.
 To those who have passed –
 listen to the cry of those who stand here now.
 Return in spirit, and go peacefully.
 Return to the eternal homeland, and rest.

That which is bound remains joined, an unbroken line
 – in the realm of spirit and the realm of the living.

To the esteemed; ascend, climb and rise –
 to the broad and far-reaching shores of Tāmaki.
 That you may be received and acknowledged
 by the pou and the gathering places,
 by the people and the Council of Tāmaki Makaurau
 who welcome you all.

1.1 Local board overview

SHARED GOVERNANCE MODEL

The Governing Body (mayor and 20 councillors)

- focus on big picture and Auckland-wide issues
- develop Auckland-wide strategies and plans
- decision making of regulatory activities such as bylaws, licencing, inspection and animal management.

21 local boards (chairperson and local board members)

- represent local communities
- provide local leadership
- make decisions on local issues and activities
- Allocate local funding for services and projects that reflect the priorities and preferences of communities within the local board area.
- input to regional strategies and plans
- advocate to the Governing Body and council-controlled organisations (CCOs) on behalf of local communities.

Introduction

Auckland Council has a unique model of local government in New Zealand. It is made up of the Governing Body (the mayor and 20 ward councillors) and 21 local boards. The Governing Body focuses on Auckland-wide issues while local boards are responsible for making decisions on local issues, activities and services. Local boards also provide input into regional strategies, policies and plans. Together, this is a shared governance model where decisions can be made both regionally and locally.

Local board decision-making comes from three sources:

1. **Legislation** – local boards are responsible for:
 - community engagement,
 - preparing local board plans,
 - agreeing and monitoring local board agreements,
 - communicating local views to the Governing Body on regional strategies, policies, plans and bylaws.
2. **Allocation of decision-making for non-regulatory activities** – the Governing Body has allocated responsibility for decision-making on certain non-regulatory activities to local boards. This includes a broad range of local activities such as local parks, libraries, events, recreational facilities and community activities. Refer to Volume 2, Part 3 for the Allocation of decision-making responsibilities for non-regulatory activities.
3. **Delegation of decision-making responsibilities** – the Governing Body may give responsibility for some regulatory activities to local boards, and Auckland Transport may give some decision-making responsibilities to local boards. Refer to Volume 2, Part 3 for the list of delegated responsibilities to local boards.

1.2 Developing local priorities

Local board plans are strategic documents that set the direction for local boards and also inform the long-term plan. Reflecting community priorities and preferences, the plans are developed every three years to guide local board activity, funding and investment decisions. They also influence local board input into regional strategies and plans and provide a basis for developing local board agreements.

Every year, a local board agreement is developed between the Governing Body and each local board. It agrees the delivery and funding of local activities, intended levels of service, performance measures and targets, for the year. The agreement takes into account local board plan priorities but must also reflect Governing Body decisions such as Auckland-wide priorities, budget constraints and trade-offs across all council activities.

Each local board also agrees annual work programmes in line with their local board agreement. These are operational and capital work programmes for activities in which they have decision-making responsibilities. They contain specific initiatives and projects in greater detail than appears in a local board agreement. Local board work programmes play a critical role in delivering on the needs of communities and are informed by local board plans.

Local board agreements for 2023/2024 have been agreed between each local board and the Governing Body and are set out in Part 2.

► Diagram 1: The relationship between Auckland Council plans and agreements.

Local activities

Local boards have decision making responsibility for a range of activities, as set out in the following list.

1. Local Community Services
2. Local Planning and Development
3. Local Environmental Management
4. Local Governance.

Local board agreements outline for each activity area the key initiatives and funding for the 2023/2024 financial year.

1.3 Funding

Auckland Council has a shared governance model for making decisions on local activities. Under the Local Board Funding Policy 2025, funding for local boards is determined based on the following:

Operating funding (to maintain and operate assets and services, like libraries, pools and parks, as well as provide local programmes and initiatives) is made up of:

- fees and charges set by the local board and collected from local assets and services
- revenue from a targeted rate set by the Governing Body to fund local assets and services
- any other revenue including grants, donations, and sponsorships
- an allocation of general rates based on an equity formula

On top of this an allocation for governance services based on the number of elected members and associated administrative costs for each local board.

Capital funding (to renew and develop assets) for local boards is allocated to local boards based on an equity formula for local boards.

In addition to the identified operating and capital funding methods set out above, the Governing Body will provide operating and capital funding for specific items identified in Section 3.3 of the Local Board Funding Policy 2025, based on the assets and services in each local board area.

The total estimated funding allocation for all 21 local boards over the 2025/2026 financial year is shown in following tables. The budgets for each local board for the 2025/2026 financial year are included within the individual local board agreements in this volume.

Fairer funding

Local boards are responsible for the local services that strengthen Auckland communities, including parks, environmental initiatives, libraries, pools, arts, recreation centres, community halls, local programmes and events, as well as support for local community groups. The Governing Body approved a fairer funding approach for local boards in the Long-term Plan 2024-2034 (LTP). This will enable local boards to better respond to the needs of their communities.

This annual plan begins to address the funding imbalances between the 21 local boards by allocating available funding to local boards based on an 'equity formula'. This is calculated according to each local boards':

- population (80 per cent)
- levels of deprivation (15 per cent)
- land area (5 per cent).

To support a transition to this new approach, an additional \$35 million of operating funding and \$33 million of capital funding will be allocated to local boards in 2025/2026 as provided for in the LTP.

In early March 2025 it was signalled that due to increased repairs and maintenance and utilities costs, increased staffing levels to meet health and safety requirements, and revenue reductions across community facilities, local boards were facing shortfalls of around \$14 million from their funding levels indicated in the LTP.

Under the new fairer funding approach, local boards would usually need to address these types of cost increases from within their funding envelope by making decisions to increase revenue or reduce expenditure. However, 2025/2026 will be treated as a one-off transition year with funding for these cost increases addressed at a regional level.

The \$14 million operating shortfall and any other cost pressures relating to local activities will however need to be addressed by local boards in the Annual Plan 2026/2027 and subsequent years.

Work is underway to ensure local boards are supported by advice and improved financial information to resolve these challenges in the 2026/2027 financial year.

Message from the Chair

Thank you to everyone who gave feedback on our priorities for the 2025/2026 financial year and our advocacy to the Governing Body. Your voices continue to shape the outcomes in our Maungakiekie-Tāmaki Local Board Agreement 2025/2026 and help us ensure that our work reflects what matters most to you.

Our community is deeply committed to protecting the taiao / natural environment and we have all felt the impact of climate change, especially during the severe weather events of recent years. In response, we continue to invest in initiatives that protect and restore our environment.

We acknowledge the long-term challenge of maintaining our current community facilities and services in a financially sustainable way. We are continuing to strategically review our property portfolio to optimise the use of our assets and ensure community spaces are fit-for-purpose and maximise value for ratepayers.

We recognise that our community requires investment to deliver on community-led initiatives that are important to you. This year we are laying the foundations to strengthen the capacity and capability of community groups, supporting their long-term sustainability, by helping them access a broader range of funding and resources.

Supporting our community and sports groups remains a top priority. We will continue to provide local community grants and strengthen capacity and capability of community organisations so they can create long-term, sustainable models for delivering programmes and facilities where appropriate.

We thank you for your continued involvement and support as we work together for a strong, inclusive and sustainable Maungakiekie-Tāmaki.

E vave taunu'u le malaga pe a tatou alo va'a fa'atasi.

Our destiny is within sight when we paddle our canoe together.

Ngā mihi,

Maria Meredith

Maungakiekie-Tāmaki Local Board Plan 2023

The Maungakiekie-Tāmaki Local Board Plan 2023 is a three-year plan that sets out what we want to achieve for the local board area. The plan aims to achieve the following outcomes:

Ō Tātou Tāngata

Our People

Our people feel a sense of belonging and our diversity is celebrated. We prioritise support to those who need it most. Our community is empowered to lead and overcome challenges. Mana whenua and Māori are our treaty partners; Māori initiatives are Māori-led.

Tō Tātou Taiao

Our Environment

Our arawai / waterways and whenua / land are healthy and thriving. We are resilient to the impacts of climate change. Mana whenua and our community are supported to be kaitiaki / guardians for our environment.

Tō Tātou Hapori

Our Community

Our facilities and open spaces are accessible, cost-effective and fit-for-purpose. Te ao Māori is seen throughout our community. We plan for the future and are open to all the opportunities that can enable greater and more targeted investment in our community.

Ō Tātou Wāhi

Our Places

Growth in our rohe is well-planned and environmentally aware. We have connected neighbourhoods where people feel safe in our community. Our town centres, open spaces and facilities have a range of accessible and reliable transport links to get people to places. Our transport infrastructure is fit-for-purpose and supports future growth.

Tā Tātou Ōhanga

Our Economy

Our town centres are thriving, and our businesses are resilient. We can live, work, and play locally. We are skilled and our businesses thrive. Our quality of life is high, and we can develop to our full potential.

The local board agreement outlined in this document reflects how we deliver on our plan through agreed activities in the 2025/2026 financial year. In addition, each local board carries out responsibilities delegated by the Governing Body and with the general priorities and preferences in the local board plan.

Working with Māori

Delivering Auckland Council's commitment to Māori at a local level is a priority for local boards. The council is committed to meeting its responsibilities under Te Tiriti o Waitangi / the Treaty of Waitangi and its broader legal obligations to Māori.

To meet this commitment, we aim to achieve positive outcomes for Māori with initiatives to help support Māori identity and culture, improve Māori wellbeing and support Māori to take part in local decision-making.

Our initiatives include:

- exploring options to enable mana whenua to jointly manage Omaru Reserve / Point England Reserve in a post-treaty settlement environment
- building strong, lasting relationships with mana whenua and mataawaka through regular engagement on local priorities
- partnering with Māori on important projects, including the redevelopment of culturally significant sites like Ruapōtaka Marae and contributing to the planning and restoration of local waterways and reserves
- increasing the presence of te reo Māori across the local board area by using the language in signage, communications and community events
- supporting Māori-led events and initiatives that celebrate Māori culture, uphold tikanga and bring communities together to learn and connect.

Key activities areas

Funding priorities, key activities, key initiatives and key performance measures in the Maungakiekie-Tāmaki Local Board Local Board area are included for the following local activity areas:

- Local community services
- Local planning and development.
- Local environmental management
- Local governance

Local Community Services

We support strong, diverse, and vibrant communities through libraries and literacy services, arts and culture, parks, sport and recreation, and events delivered by a mix of council services, community group partnerships and volunteers.

Our annual budget to deliver these activities includes operating costs of \$20.2 million and capital investment of \$21.8 million.

The key initiatives we have planned for 2025/2026 include:

- strengthen our commitment to deliver meaningful Māori outcomes across our local board area
- empower rangatahi / youth through leadership development and greater involvement in local decision-making
- upgrade local parks and community facilities to improve accessibility, safety and enjoyment for everyone

These local community services and key initiatives contribute towards achieving the following outcome/s in the Maungakiekie-Tāmaki Local Board Plan:

- Ō Tātou Tāngata / Our people: Mana whenua and Māori are active partners and participants in local decision-making
- Tō Tātou Hapori / Our community: Our community facilities and open spaces are interconnected, cost-efficient and fit-for-purpose
- Tō Tātou Taiao / Our environment: Our community is resilient and feels prepared for the effects of climate change.

²The target is based on the forecasted 2025/2026 asset condition which is determined by the condition and age-based asset deterioration model

³The target has changed compared to prior year due to changes in the local board's investment allocation in line with their priorities through the annual work programme

Local planning and development

Local planning and development activities includes supporting local town centres and communities to thrive, through town centre plans and development, business improvement districts, and heritage plans and initiatives.

Our annual operating budget to deliver these activities is \$1.1 million.

The key initiatives we have planned for 2025/2026 include:

- help strengthen local business development and engagement, and contribute to a safer, more vibrant and well-connected industrial and retail precincts in our rohe.
- working with Eke Panuku to ensure Transform Onehunga and Unlock Panmure projects continue to progress for the long-term benefit of our town centres, businesses and surrounding communities.

These local planning and development activities and key initiatives contribute towards achieving the following outcome in the Maungakiekie-Tāmaki Local Board Plan:

- Tā Tātou Ōhanga / Our economy: Thriving local businesses.
- Ō Tātou Wāhi / Our Places: We encourage well-planned and sustainable infrastructure that supports our growth

Local environmental management

We support healthy ecosystems and sustainability through local board-funded initiatives such as planting, pest control, stream and water quality enhancements, healthy homes, and waste minimisation projects.

Our annual operating budget to deliver these activities is \$235,000.

The key initiatives we have planned for 2025/2026 reflect the principles of Te Ao Māori, recognising the deep connection between people and te taiao. These include:

- progress our local climate action programme to guide community-led environmental action and build resilience
- empower local households to adopt sustainable living practices
- engage schools and young people in waterway monitoring and restoration
- advance environmental restoration through:
 - community-led terrestrial projects
 - increasing capability for local community kai gardens
 - planting native plants and trees.

These local environmental management activities and key initiatives contribute towards achieving the following outcome/s in the Maungakiekie-Tāmaki Local Board Plan:

- Tō Tātou Taiao / Our environment: Our ecosystems are respected, protected and restored.

Local governance

Activities in this group support the local board to engage with and represent their communities and make decisions on local activities. This support includes providing strategic advice, developing local board plans, agreements and work programmes, community engagement including relationships with mana whenua and Māori communities, and democracy and administrative support.

Our annual operating budget to deliver these activities is \$1.2 million.

Appendix A: Advocacy initiatives

A key role of the local board is to advocate for initiatives that it may not have decision-making responsibility or funding for but recognises the value it will add to the local community.

The key initiatives that the local board advocated for as part of the annual plan were:

Initiative	Description
Council Controlled Organisations	We continue to advocate for the ongoing delivery of the 'Unlock Panmure' and 'Transform Onehunga' projects as Eke Panuku's functions transition into Auckland Council. It is critical that lessons learned during Eke Panuku's involvement inform future planning and implementation. Despite substantial investment, progress to date has fallen short of expectations. Ongoing funding and a more proactive, accelerated approach are essential to achieving the intended outcomes for our communities.
Transport	We continue to advocate for meaningful engagement on the broader impacts of City Rail Link (CRL)-related works, including the redevelopment of the Glen Innes train station. We support integrated public transport solutions, such as enhancements to Penrose Station and improvements within the Onehunga town centre. We also call for a comprehensive, area-wide transport plan to address ongoing concerns about level crossings in Onehunga and Penrose, and to ensure the Avondale to Southdown and East-West link corridors are delivered with the right long-term solutions. While we acknowledge Auckland Transport's goal of increasing public transport use, commuter behaviour is still evolving. In the interim, practical measures such as paid park-and-ride options remain necessary to meet current demand.
Growth	We recognise the critical role development contributions play in ensuring infrastructure keeps pace with housing growth, and we are concerned about their impact in Tāmaki, which remains one of the most expensive areas for development in Auckland. We have urged the Governing Body to take this into account in future growth and infrastructure planning to ensure development in the area remains viable and well-supported.
Funding	We advocated for a 'user-pays' funding model for Major Events, including the implementation of ticketing systems to ensure that users directly contribute to associated costs. We also emphasised that decisions made by the Governing Body have a direct impact on the funding available to local boards and raised concerns about the potential negative effects on local projects. To enable better planning, we called for clearer and more consistent funding allocations. We also strongly support greater flexibility in the use of the 'Fix and Finish' Fund, allowing us to deliver smaller but high-impact local projects.

Appendix B: How to contact your local board

Local boards enable local representation and decision-making on behalf of local communities. You are encouraged to contact your elected members to have your say on matters that are important to your community.
