

Governing Body Meeting Attendance, October-December 2023

The Governing Body is a decision-making body, made up of the mayor and 20 ward councillors. To enable efficient decision-making, the governing body delegates powers to committees.

The mayor, deputy mayor and all councillors are members of committees of the whole. The mayor can determine what these committees will look like and how many there are.

Governing Body Workshop Attendance, October-December 2023

Workshops are informal meetings, not open to the public. They support decision-making by:

- enabling elected members to seek further clarification on items prior to making a formal decision at some point in the future
- providing a mechanism for staff to seek informal guidance to improve future advice

Workshops are not used to make decisions – that is for formal committee or Governing Body meetings.
