Questions

1 Please comment on any changes or trends in the Committee's workload in 2024-2025.

report:

The trend of the number of opposed applications being withdrawn before the hearing is held continues as parties talk to each other and come to an agreement ahead of the hearing.

In the two years following the Sale and Supply of Alcohol (Community Participation) Amendment Act 2023, there has been no noticeable increase in the number of hearings as a result of public objections. (I was going to include a table but this system wont allow a table to be inserted. There has been a small increase in the number of hearings for opposed applications in the last year. Two-thirds of the opposed premises applications had public objections only (no agency opposition). Its noted that when there was no agency opposition, each application was approved.

In lieu of my graph, the numbers are:

FY16/17 - 97 hearings

FY17/18 - 75 hearings

FY18/19 - 38 hearings

FY19/20 - 72 hearings

FY20/21 - 50 hearings

FY21/22 - 35 hearings

FY22/23 - 42 hearings

FY23/24 - 31 hearings

FY24/25 - 48 hearings

2 Please comment on any new initiatives the Committee has developed/adopted in 2024-2025.

report:

Nothing to report this year.

LAPs

1 Has your Territorial Authority developed a Local Alcohol Policy?

Yes

2 If the answer is yes, at what stage is your LAP?

In Force

3 If the answer to question 2 is 'in force', what effect do you consider your Local Alcohol Policy is having?

report:

Following the Auckland LAP's Temporary Freeze in the Auckland City Centre and 23 priority areas, no brand new off-licence have been granted in this area.

Inspectors have monitored off-licensed premises which were subject to a new closing time of 9pm on 9 December 2024. Compliance with this new requirement was very high.

Inspectors have implemented the various discretionary conditions recommended in particular circumstances. Overall most licensees have accepted the conditions, but it does also result in additional time spent negotiating with licensees or proceeding to hearing in rare instances.

4 If the answer to question 2 is 'in force', when is your Local Alcohol Policy due for review – date?

report:

16 September 2030

Operations

1 Please comment on the ways in which you believe the Sale and Supply of Alcohol Act 2012 is, or is not, achieving its objective. Note: the objective of the Sale and Supply of Alcohol Act 2012 is that: A) The sale, supply, and consumption of alcohol should be undertaken safely and responsibly; and B) The harm caused by the excessive or inappropriate consumption of alcohol should be minimised.

report:

.Have not seen any change since the introduction of the Community Act.

2 What changes or trends in licensing have you seen since the Act came into force?

report:

Expansion of different ways to sell alcohol in particular the remote sale of alcohol.

On licence premises expanding beyond the traditional so that now many premises are multi-functional catering to all sorts of activities.

3 What changes to practices and procedures under the Act (if any) would you find beneficial?

report:

The sections of the Act that deal with online alcohol sales are outdated

When the Act was drafted in 2012, online sales of alcohol were rare. Since then, particularly since COVID restrictions, online sales have risen significantly. In particular:

- Having two on screen tick boxes as a defence to selling alcohol to a minor seems an insufficient measure to prevent minors accessing alcohol
- The Act is silent on whether it is legal for alcohol deliveries to be left at the front door of the purchaser's home without assessing their age or intoxication. This is commonplace in Auckland.
- In areas where a Local Alcohol Policy restricts off-licence trading hours (such as Auckland's 9pm), quick-turnaround delivery services can deliver alcohol until 11pm, undermining the restriction. This is commonplace in Auckland.
- Requiring a remote sellers off-licence to be linked to a premises where the sale occurs from may be outdated, and could move away from being linked to premises entirely.

Fees regulations review:

A decision on the Fees regulations review from 2022 has still not been made by the Minister of Justice. It would be helpful if this happened.

No manager on duty should be an infringeable offence:

The offence for a licensee failing to ensure a manager is on duty (s.258) is not infringeable, despite managers being on duty being a fundamental underpinning of the Act. Including this as an infringeable offence under s.260 would improve the ability to enforce this fundamental matter.

Allowing people to become intoxicated and allowing intoxicated people to remain on the premises should result in a holding:

Section 288 contains a list of breaches that result in a holding. Any potential third holding results in a cancellation suspension creating a 'three strike rule'. Selling or supplying alcohol to an intoxicated person is included in s.288 and results in a holding. But the s. 249 and s.252 offences for allowing people to become intoxicated and allowing intoxicated people to remain on the premises are not.

The s. 249 and s.252 offences are nevertheless an example of an inadequate response by a licensee to alcohol-related harm and should be included as a holding.

Failure to keep a 'managers register' should be an infringeable offence:

S.232 of the Act requires licensees to keep a manager's register, and we note the following:

- There is no offence in the Act for not complying with this requirement which makes enforcement problematic.
 - S.232 states that this record must 'retrievable' by the licensee, but doesn't say where it must be kept or how quickly it should be produced. Clarifying that it should be kept on premises would assist with interpretation.
- Including this as an infringeable offence under s.260 may improve current low rates of compliance with this section
