

Memo

Date 31 Oct 2025

To: Celia Davison – Central and South Manager Planning
From: Matthew Gouge – Senior Policy Planner

Subject: Plan Modification: Clause 20A error correction to Auckland Unitary Plan (Operative in Part 2016)

I seek your approval to correct an error pursuant to clause 20A, schedule 1, Resource Management Act 1991:

A local authority may amend, without using the process in this schedule, an operative policy statement or plan to correct any minor errors.

You have delegated authority, as a tier four manager, to make a decision to correct an error under clause 20A. Schedule 2A of the Auckland Council Combined Chief Executives Delegation Register authorises all powers, functions, and duties under RMA's first schedule (except clause 17 which cannot be delegated) to tier four positions.

Provision in AUP or HGI District Plan	N/A an error in the AUP Maps
Subject site and legal description (if applicable)	Pararēkau Island (part of the Pahurehure Islands)
Nature of error	Eight scheduled Historic Heritage Places on Pararēkau Island which were removed from Schedule 14.1 of the Auckland Unitary Plan (Operative in Part 2016) as a result of decisions on PC102 Sites and Places of Significance Tranche 2a need to also be removed from the maps

	 Tranche 2a – Decisions Version Site Name - Pāhurehure Islands Site ID - 000172 Legend: - Site Extent - Residential - Large Lot Zone - Residential - Single House Zone - Residential - Mixed Housing Suburban Zone - Open Space - Conservation Zone - Open Space - Informal Recreation Zone - Coastal - General Coastal Marine Zone [rcp] - Coastal - Coastal Transition Zone - Road [i] - Indicative Coastline - Historic Heritage Places to be removed
Effect of change	The change is to correct a minor error in the mapping within Schedule 14.1 of the Auckland Unitary Plan (Operative in Part 2016) . The sites have been removed from the AUP provisions (schedule 14.1) so their appearance on the maps only affects plan usability by potentially causing confusion.
Changes	GIS mapping change only
