Would like to see multiple years of 5% rises before returning to "normal". Current plan is almost austerity. 1 Q1 Proposed 10-year Budget 12% is high, but not out of line with what we are seeing elsewhere 1 Q1 Proposed 10-year Budget Approach to debt is too conservative, should be used more effectively. Missing the opportunity to invest now will cost more in the long run 1 Q1 Proposed 10-year Budget Do not support \$3.7B transport investment package. \$35B investment scenario is more appropriate 1 Q1 Proposed 10-year Budget			
Do not support budget - investment is too low. Seeks \$35b investment, rates increases are too low and don't reflect the scale of our challenge. Would like to see multiple years of 5% rises before returning to "normal". Current plan is almost austerity. 12% is high, but not out of line with what we are seeing elsewhere Approach to debt is too conservative, should be used more effectively. Missing the opportunity to invest now will cost more in the long run Do not support \$3.7B transport investment package. \$35B investment scenario is more appropriate 1 Q1 Proposed 10-year Budget		1	Q1 Proposed 10-year Budget
too low and don't reflect the scale of our challenge. Would like to see multiple years of 5% rises before returning to "normal". 	Rates increases are low and not reflective of the challenges faced	1	Q1 Proposed 10-year Budget

Comment	Count	Question
Fully supports higher rate increase of 5%	1	Q1 Proposed 10-year Budget
Supports idea of recovery budget		Q1 Proposed 10-year Budget
Comfortable with proposed rate increase		Q1 Proposed 10-year Budget
Supports rating proposal of 5% increase		Q1 Proposed 10-year Budget
Supports recovery investment in public and community services	1	Q1 Proposed 10-year Budget
Acknowledge council working in partnership with PSA to continue to commit to a living wage for employees + contractors.	1	Q1 Proposed 10-year Budget
However Auckland Council is not yet a credited living wage organisation Pay equity; do not have a pay equity rate for female dominated workforce.		
Seeking funding allocation to ensure when a settlement is reached on this claim there are budget funds available.	1	Q1 Proposed 10-year Budget
Acknowledge councils continued commitment to living wages, but would like to move faster like other councils throughout NZ	1	Q1 Proposed 10-year Budget
Supports councils' proposed 10yr investment in transport and water structure. Supports investment in core infrastructure and asset renewal	1	Q1 Proposed 10-year Budget
Support alternative funding tools	1	Q1 Proposed 10-year Budget
Supports proposal to sell or lease council properties to re-invest to meet Auckland's	1	Q1 Proposed 10-year Budget
infrastructure needs		
Agrees rate increase		Q1 Proposed 10-year Budget
Proposed rate increase: council has got it about right		Q1 Proposed 10-year Budget Q1 Proposed 10-year Budget
Rather capital investment than rate decreases Capital investment programme is welcomed		Q1 Proposed 10-year Budget
With LTP + 10yr budget, now is the time is priorise councils investment in woman and		
children	1	Q1 Proposed 10-year Budget
Chair of PYC. Working with council staff to help auckland recover faster. Investment in our		
community is priority. Development of town ctr as a metropolitan ctr leading to growth in		
area - housing opprt, jobs etc to keep people in the area. Invest in community led art events to assist young people and assist the communities growth. Working to get more people	1	Q1 Proposed 10-year Budget
commenting on the plan as impacts us all - that involvement will hopefully help people stay in the community		
Support proposed recovery budget	1	Q1 Proposed 10-year Budget
Impact on community would be worse if don't implement 5% rate increase		Q1 Proposed 10-year Budget
Support:		
Grow our urban ngahere (forest) and prioritise planting at sites identified in the 'Planting	_	
Opportunities List' that will help deliver the goal of providing 30 per cent of tree canopy cover within our local board area by 2050	3	Q1 Proposed 10-year Budget
Live within your CURRENT budget for one year. Like the rest of us have to. #akhaveyoursay		
Focus on 'absolutely needs' not 'nice to do now'. This is not the time to be spending on		Q1 Proposed 10-year Budget
anything that is not absolutely necessary.		
how bout ya cut ya salaries?! Stop making pointless decisions with minimal idea of what the		
actual people want? How bout y'all stop being self centred pompous, jump start twat waffles	1	Q1 Proposed 10-year Budget
and use the "regional fuel tax" for what it was intended, instead of lining your damn pockets?	-	
Do I go on??		
Regarding Auckland property rates: I understand urgent need for high level of investment. I favour higher rates than current proposal. Suggest 5% each year of LTP to make up past	1	Q1 Proposed 10-year Budget
underinvestment. Usual protections and rebates for need.		
Spend less on overpaid staff that can't do their jobs!	1	Q1 Proposed 10-year Budget
Cut the council rates and let the Aucklanders to live a better life as this COVID ruined the		
small business and the household.	1	Q1 Proposed 10-year Budget
Too much inteferance from government and councils. Delays efforts of farmers and add more \$\$ and red tape	1	Q2 Climate Change
Neutral. Happy with what has been prosed but has no stance as has not done enough		
research on climage change and it's impact, if any	1	Q2 Climate Change
Climate change is a con job. If you look into the science, climage change does not exist and we can never be carbon zero	1	Q2 Climate Change
Start conversations with affected communities who are affected by coastline and having		
their input early. If a managed retreat is something that is needed, those affected need to	1	Q2 Climate Change
be aware early and be able to input into the plan		
Legacy we are leaving for our future generations, requires cultural and behavioural changes,		
concrete and achievable proposals with sustained actions. Too much rhetoric and not enough action	1	Q2 Climate Change
NIWA has stated time and time again the sea level will rise 1m by 2100, (I call bs). 'Play our		
part in climate change' Saying we must reduce carbon is not enough, our footprint is a	1	Q2 Climate Change
twinkle in the developing world and relying on other developing nations to stem their growth		, , , , , , , , , , , , , , , , , , ,
and development is wishful thinking. We have an Airport, Seaport, Treament		
Concern over a possible increase in fees to use the bus and train service in Auckland if we		
move to electric. An increase in the price of public transport would affect families financial	1	Q2 Climate Change
power		
Where will public electric vehicle charging faciliites be? Education is needed for e-bikes, it		
can overload our local off the grid power systems. Request for brochures at the i-site? Also	1	Q2 Climate Change
rental places		
Increased storm strength over the years affecting beaches like Maraetai. Weve all got to look after it.	1	Q2 Climate Change
So obvious the climate has changed	1	Q2 Climate Change
Electrification of vehicles - need more (need a solution to batteries) but better than diesel.		
Also issue of what cars ae made of (ultimately become trash).	1	Q2 Climate Change
Has heard of 2-5 acres fences off, pest-proofed - programme that easily spreads over a	Γ	
wide area - repopulate wild life and would have a good effect on climate. 'Islands' for native	1	Q2 Climate Change
vegetation/wildlife.		
Cant manage climate change in little bits and pieces.	1	Q2 Climate Change
Have the figures been done to compare hydrogen to deisel buses? Is there enough power?	.	
Do we have the infrastructure to manage this - this needs to go in first.	1	Q2 Climate Change
	I	1

Comment Count Question What NZ does to miligate climate change wort make a different to the worth de amking the changes. Tails' not actions. No one has done enough. Look how the Tui loves the exotic cherryl Bring back Tree Protection 🖗 🎒 102 Climate Change	
Put the 587 trees waiting on the list on the tree protection schedule 1 Q2 Climate Change	
Honour your #UrbanNgaherePlan and your #ClimateChangeEmergency #akhaveyoursay AND #BringBackTreeProtection NOW STOP cutting down mature trees	
Sara Watson, stop giving Consent to remove #NotableTrees from the Register! 1 Q2 Climate Change Stop issuing non notified resource consents 1 Q2 Climate Change	
Buy private land when it's for sale that has 100plus year old native trees on it. Bring back general tree protection. Get rid of the FAQ sections that are just PR on why you couldn't save the canal road trees when you had plenty of opportunities to in the last decade but left it to late. Don't send 70 police officers to protect private property owners rights to chop down the trees but not to protect a scheduled tree that is cut down illegally right in front of them while they didn't raise a finger. Protect our treasures, our mature trees. Planting new trees does not make up for cutting down mature trees. Many of the new plantings won't survive so it's not an increase to the tree canopy as claimed in you FAQ on the canal road trees.	
Sorry but Council needs to act much faster than what is proposed on Climate Change in LTP. Pls double the proposed investment. Keep telling us how it is progressing. Better to plan & pay for our adaption now than pay for expensive recovery options.	
A climate emergency is already unfolding. We need to be planning and implementing our adaption right now. This takes staff expertise and money. Please revise our Long Term Plan.	
Forward planning for electrical increase to supply's due to electric cars, more housing and end life of gas

Comment	Count	Question
	Joann	
Community facilities provide opportunities/support for peoople such as opportunities for partnerships between stakeholders eg businesses; people, community organisations	1	Q4 Community investment
Flow on effect of not having community spaces - mental health issues as no place to get a sense of belonging and connection	1	Q4 Community investment
Community spaces support resilience building, capacity building	1	Q4 Community investment
community spaces need to have WIFI - importance of WIFI in connecting marginalised people eg can sit outside communty hall on phone and do things online		Q4 Community investment
To 'consolidate' community facilities and services you cannot overlook the need to review public transport options to access them, nor under-estimate some need for human interaction/support. Love mobile library.	1	Q4 Community investment
Support - sticky dots	13	Q4 Community investment
Do not support - sticky dots	1	Q4 Community investment
I do support because we have to look at how we utilise facilities	1	Q4 Community investment
Maintaining a place to connect is important	1	Q4 Community investment
Want to have continued face to face connection	1	Q4 Community investment
Rural facilties eg halls/libraries are considered for the communitiy they service Caveat on selling heritage buldings	1	Q4 Community investment Q4 Community investment
Don't agree of selling assets (asset recycling) - think that this is taking away from future	1	
generations.Long-term leases (esp waterfront) doesn't conflict with what outcomes we are trying to achieve	1	Q4 Community investment
Key issue 4: Investment in our Community - note the LTP proposes alternative ways of delivering community services and move away from asset based delivery. The approach has not been tested and validated. Community centres add values to peoples lives. Support the statement - Community services help ensure our diverse communities are connected and more resilient Concerned that council will move away from delivering asset based community services, and this will impact on the scale and delivery for CABs Digital excluded clients - there are many people who experience digital exclusion. Need more than just a device and internet. Multi-use premises work well depending on service. Experience of pack in and pack out is not affective for CAB. Need to be there consistently, when people need us. Vulnerable people need face to face, to meet in person and feel safe and that it is confidential.	1	Q4 Community investment
	1	Q4 Community investment
Supports retention of Bledisloe House, supports this as a heritage building	1	
Too much focus on private property rights to detriment of community values. For example, character buildings vs protected buildings. Those property owners that develop should be supporting others to retain their heritage values.	1	Q4 Community investment
Opposes sale of council assets	1	Q4 Community investment
Opposes any cuts to council services. Urges council not to cut jobs	1	Q4 Community investment
Agree with council statement re community services	1	Q4 Community investment
Council must be cautious about committing to a path of reduction on council assets for delivery of community services.	1	Q4 Community investment
Supports Key issue 4 investment in community	1	Q4 Community investment
War Memorial Park is a good space that could be utilised more by the community if the building was available to be hired and if the fields get an upgrade. Having kids in space like this is good for their growth and development. The toilets are not good to use if there for a long period of time.	1	Q4 Community investment
Support higher rates increases to allow for maintenance of existing facilities	1	Q4 Community investment
Support finding new ways to provide community facilities - closure of facilities should only be done in consultation with community	1	Q4 Community investment
Reinstate Accommodation Provider Targetted Rate? Are you joking? Ever heard of covid?	1	Q5 Rating policy "Accomodation Provider Targeted Rate" Q5 Rating policy "Accomodation Provider Targeted Rate"
Agree to target rates for acommodation provider once covid is over Reinstate targeted rate for accommodation	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Feedback on reinstatement to the APTR. Opposed initial creation of the rates on grounds of	<u> </u>	as training pointy reconnectation intovider raigeted indic
fairness. Acknowledge suspension of APTR to 2021. Nothing has changed since 2020. Decline significant. sector being propped up at present by MIQ. Do not support either 3 options identified. The rate should not be reintroduced.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Would MIQ properties pay APTR? Possibly not.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
We need fully reopened borders for sector to recover		Q5 Rating policy "Accomodation Provider Pargeted Rate"
NZ travellers behaviour is changing and are not confident to travel.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Convention centre completion in 2024, and this will help and the	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Non- commercial Air BNB type hospitality options are not contributing to APTR despite	4	
council efforts		Q5 Rating policy "Accomodation Provider Targeted Rate"
APTR should be permanently withdrawn.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
\$14.2m in visitor attraction would be at risk. Shortfall to be picked up by MBIE regional events funding. Auckland Unlimited to work with targeted opportunities and private funding. Auckland Unlimited merger allows better coordination of advertising by regional facilities, e.g. Maritime Museum and Art Gallery.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Would not prefer a bed tax Accomodation providers do not get the complete benefit of visitor attraction. Should be a grant from central government as mentioned above	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Do not support APTR	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
There should not be a business differential applied although supports Long term differential policy	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Option 3 to continue postponing APTR to 2022 or longer is the only realistic option , seeks abolition of APTR. Visitor attraction requires open borders to have effect. APTR never correct tool. 2020 survival on wage subsidy - \$0 net profit. Sector under pressure from COVID lockdowns. Busy months have been quiet and funding reserves exhausted	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Central government should be funding attraction at this time (12-18 months) and nor should accomodation providers. Accomodation providers need to join with council in advocating for this.	1	Q5 Rating policy "Accomodation Provider Targeted Rate"

Comment	Count	Question
Expects a 3-5 year period to get back to 2019 levels.		Q5 Rating policy "Accomodation Provider Targeted Rate"
Permanently removing the APTR	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
Council's decision-making on APTR must take into consideration changed circumstances	1	Q5 Rating policy "Accomodation Provider Targeted Rate"
due to current crisis Re introducing ATPR in any form at the bottom of the cycle is the wrong policy		Q5 Rating policy "Accomodation Provider Targeted Rate"
Request the APTR to be suspended further or finished		Q5 Rating policy "Accomodation Provider Targeted Rate"
This APTR proposed reinstatement in any of Options 1-3 is not allowing sufficient time for		Q5 Rating policy "Accomodation Provider Targeted Rate"
any recovery		
We submit option 3 is the most sensible and reasonable option for the APTR Support - sticky dots		Q5 Rating policy "Accomodation Provider Targeted Rate" Q5 Rating policy "City Centre Targeted Rate"
Do not support - sticky dots		Q5 Rating policy "City Centre Targeted Rate"
They should pay for their own development/upgrades	1	Q5 Rating policy "City Centre Targeted Rate"
Opposed targeted rate to be used to fund activities outside of the city centre - such as the city to villages	1	Q5 Rating policy "City Centre Targeted Rate"
Support City Centre Targeted rate, however it needs to be consistently well utilised.	1	Q5 Rating policy "City Centre Targeted Rate"
Support city centre targeted rate to end date of LTP. Recommend this is reviewed every 3-6	1	Q5 Rating policy "City Centre Targeted Rate"
yrs to align with LTP Prefer Vector or free owner pay for maintenance	1	Q5 Rating policy "Electricity Network Resilience Targeted Rate"
Probably agree to target rates for tree maintenance		Q5 Rating policy "Electricity Network Resilience Targeted Rate"
Why does Vector not do their own maintenance? Why is Auckland Council involved?		Q5 Rating policy "Electricity Network Resilience Targeted Rate"
vector - underground cabling - replacing existing power poles Support Vector targeted rate		Q5 Rating policy "Electricity Network Resilience Targeted Rate" Q5 Rating policy "Electricity Network Resilience Targeted Rate"
Do not support - sticky dots		Q5 Rating policy "Farm/lifestyle properties"
Lifestyle blocks - not gettings services for rates paid, only rubbish, no water, no faciltiies, don't particularly want facilities, paid \$37K of the years, moved to Patumahoe as a lifestyle choice, ruining out town (Patumahoe), affecting lifestyle, changing peoples lives		Q5 Rating policy "Farm/lifestyle properties"
Lifestyle blocks should pay same rates - it's a choice to live on a block		Q5 Rating policy "Farm/lifestyle properties"
Per household lifestyle blocks pay more already but have same access to services - still one household. It would be faiere to pay rates per household, not on land size/value eg UAG chage, not valuation		Q5 Rating policy "Farm/lifestyle properties"
Ask for council to consider overall fairness re farming lifestyle properties in urban rating area	1	Q5 Rating policy "Farm/lifestyle properties"
oppose the removal of the farm and lifestyle rate differential (reside Normandy Rd). Believe incorrect assumptions from email - stating have same access as urban residential and improved access than other rural areas. In rates bill, already contribute to many other ammenities. Regard our property as a self serviced lifestyle block - therfore shouldnt be charged for managing and maintaining servcies we dont have or unavailable eg water supply. no acces to urban connections so rely on own sewage supply. no surrounding areas can proceed with development unless at own cost (approx \$4m).		Q5 Rating policy "Farm/lifestyle properties"
Normandy Rd resident. Understand there is a trade off in the area, but a lot of residents happy with this reality. Not asking council to do this for us. Council asking them to pay on top of the rates already to find another 20%, very worrying.	1	Q5 Rating policy "Farm/lifestyle properties"
Object and do not support the rates differential proposed. Letter received, indicated same access to council services as urban rated neighbours but we do not. Provide own sewage connectiona dnw ater. Letter said have much higher services than others in rural areas. but used to live in Bombay and did not have street lighting, curbing etc - so not correct. Do not get any more services now in Fluer Rd than in Bombay.	1	Q5 Rating policy "Farm/lifestyle properties"
Need a fair, transparent approach to rates.	1	Q5 Rating policy "General rating policy comments"
Support both Targeted Rates, but not a 28% differential	1	Q5 Rating policy "General rating policy comments"
Supports targeted rates No trust in Council management	1	Q5 Rating policy "General rating policy comments" Q5 Rating policy "General rating policy comments"
Council is rubbish at pest control, and also need to control rats around all rubbish stations.		Q5 Rating policy "Natural Environment Targeted Rate"
		01 7
Rid of pest plants, moth plant, possums. Support - sticky dots		Q5 Rating policy "Natural Environment Targeted Rate" Q5 Rating policy "Natural Environment Targeted Rate"
Pest control needs to consider rabbits - need a council response particularly where houses		
nearby eg rural areas right next to subdivisions		Q5 Rating policy "Natural Environment Targeted Rate"
Paerata Reserve - weed infestation, query targetted rates paying for control of this sort of things (native fish and eels in the stream)	1	Q5 Rating policy "Natural Environment Targeted Rate"
Supports the trees programme. Nursery - look at longervity issue. DOC funding nurseries for 3 years CAPEX + OPEX but after that they wont be sustianable. Thames-Coromandel asking for plants - local ones not producting. Have a network of nurseries. Newest one in Panmure by the bridge. Working wiht Ngata Paoa - mini hub. Get city dwellers to enjoy green space. Queens Wharf Green Space on containers. Tazi drivers caring for plants, locals keeping an eye + are using the space. It's about community responding to intilatives. The only green space around there (where was the sign from Panuku?). If you dont try how will you know? Need to break intergenerational cycle (of not why etc). Get out of entrenchec welfare + justice system. It's about caring. Wellging app developed with Microsoft sine COVID - about to be made available to organisations. Exciting but daunting. You ahve to keep on pushing (last plan calculated they would need ?9 nurseries to absorb the unemployed). Cant grow enough to meet demand. Have 15 pax at each hub (about six).		Q5 Rating policy "Natural Environment Targeted Rate"
Subdivisions tend to remove mature hedges (often replaced with new planting) but you lost 20+ years of carbon sequestration.	1	Q5 Rating policy "Natural Environment Targeted Rate"
Support Investment in NW wild link, helps wildlife and community engagement	1	Q5 Rating policy "Natural Environment Targeted Rate"
Seeks built environment targeted rate.	1	Q5 Rating policy "Natural Environment Targeted Rate"
Supports proposal to extend NETR NETR - more funding for education programmes to support objectives.	1	Q5 Rating policy "Natural Environment Targeted Rate" Q5 Rating policy "Natural Environment Targeted Rate"
Do not support extending the natural environment targeted rate or water quality targeted rate		Q5 Rating policy "Natural Environment Targeted Rate"
Support - sticky dots	1 1	Q5 Rating policy "Rodney Drainage Targeted Rate"

Comment	Count	Question
Support RFT but seeks greater transparency on how this is being used. Noting underspend		Q5 Rating policy "Rodney Drainage Targeted Rate"
and this indicates that there is over taxation/under investment.		01 7 7 0 0
Support Rodney targeted rate	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
If Glorit opt out of funding/ council management, can the remaining two districts use the general rates money between the two and keep funding and standards at status quo?	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
How is the money ring fenced and spent only on the Rodney Drainage Districts?		Q5 Rating policy "Rodney Drainage Targeted Rate"
Do not want a targeted rate, don't see where the money is spent.	20	Q5 Rating policy "Rodney Drainage Targeted Rate"
Only A-B drains (roadside) that go through the floodgates should be public funded from general rates, the rest should be self managed and self funded	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
Maps show areas that are not accurately represented - properties that run straight into Kaipara harbour should not be charged	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
Was the remedial work done that was promised over the last 3 years?	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
Don't mind a targeted rate, but how is this money spent, how much work does this equate to - when management fees, admins, resource consents are taken into account - how does this work for larger creeks? What about water quality levels and other considerations - don't want to add beauracracy and waste money	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
3 properties have different rates - don't understand the maps and the rating	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
Concerned about this being a political decision - rural areas are supporting urban areas in rates and frustrated that when urban rates are being asked to support rural areas there is no interest	1	Q5 Rating policy "Rodney Drainage Targeted Rate"
Drains that are on public land supports the whole community, not the private land owners so this should be from public money	20	Q5 Rating policy "Rodney Drainage Targeted Rate"
Concerned that the bulk of the money will be used on admin/ management or spent	20	Q5 Rating policy "Rodney Drainage Targeted Rate"
elsewhere - like the transport targeted rate Why can't the general rates money be increased to subsidise the drainage districts		Q5 Rating policy "Rodney Drainage Targeted Rate"
I object to a targeted rate. What happens next? How can we approach the finance		Q5 Rating policy "Rodney Drainage Targeted Rate"
committee and present a stronger case once consultation closes?		01 7 7 0 0
Spray contractors have come from Wellington - waste of money and resources Reason for drainage districts is so that one farmer can not hold up the work and drains and		Q5 Rating policy "Rodney Drainage Targeted Rate"
affect other properties	5	Q5 Rating policy "Rodney Drainage Targeted Rate"
Can we show the invoices and accounts of when and where the money has been spent - send through	10	Q5 Rating policy "Rodney Drainage Targeted Rate"
Support Option 1 - sticky dots		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Support Paremoremo bus service	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Is the new Riverhead to Albany bus service funded by a targeted rate too? Perhaps we can change its route and make it go via Paremoremo. That adds the two of population concentrations Pare village and Pare Wharf (Attwood rd and side streets) at no extra cost. Bus shelters are already there.	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Would people prefer footpaths? Is the expecation that people would walk to the bus stop without the footpath on a 80k road? - We wouldn't walk ot the bus around here without a footpath	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Bridge on the avenue - would this be done before the bus?	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Would we get an expressway (for bus) to get to DFH without waiting on the line to turn? There is no point in there being a bus if its going to sit in the cue - some temporary bus lane needs to be looked into	3	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Why did you include Lucas Heights?	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
People can drive in and get on the bus 986		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Very much against the whole idea Our rates benefit the centre of Auckland		Q5 Rating policy "UHLB Public Transport Targeted Rate" Q5 Rating policy "UHLB Public Transport Targeted Rate"
Maybe a targeted rate on avenue roundabout?		Q5 Rating policy "UHLB Public Transport Targeted Rate"
What kind of buses - diesel or electric?		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Bus route - is there a way to make the route shorter on the way there and maybe through	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
centre on the way back Have our rates subsidised PT in other areas - why cant we have that back now	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Why do we pay rates to subsizise other people's bus services		Q5 Rating policy "UHLB Public Transport Targeted Rate"
How does the targeted rate compare for how an urban person pays on the rates?		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Will everyone have to pay even if they don't use the bus?		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Point made that this is an opportunity that the community needs to consider for the benefit of future as it's unlikely this opportunity will come up again	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Support for the bus - but concerns about 80k road and safety, and increased times for the bus on the avenue. Is that a risk the council is willing to take	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Support for the bus - but concerns about 80k road and safety, and increased times for the bus on the avenue. Is that a risk the council is willing to take	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Coatesvill bus - has the Coatesville bus service made a difference to congestion? There is no parking by the bus stops either, and no footpath and target is 7 passengers per hour	1	Q5 Rating policy "UHLB Public Transport Targeted Rate"
Support for the process and the idea of the bus - noting it was response to many requests for the community - (lots of support)		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Questions raised about the roundabout at the end of the avenue		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Where could you park to drive to a bus stop Where has the regional fuel tax gone?		Q5 Rating policy "UHLB Public Transport Targeted Rate" Q5 Rating policy "UHLB Public Transport Targeted Rate"
There has been suggested once the preferred option with the detail on the catchment is		
determinded then further consultation should be undertaken Miss managed finance and cut staff salaries		Q5 Rating policy "UHLB Public Transport Targeted Rate"
Could there be consideration for more school buses that would lessen the cars on the road.		Q5 Rating policy "UHLB Public Transport Targeted Rate" Q5 Rating policy "UHLB Public Transport Targeted Rate"
No school buses in this area.		
why cant we have what we need for our rates should be future proofing		Q5 Rating policy "UHLB Public Transport Targeted Rate" Q5 Rating policy "UHLB Public Transport Targeted Rate"
The avenue intersection - a hot topic due to the frustrations that it brings with congestion from Pare to Albany		Q5 Rating policy "UHLB Public Transport Targeted Rate"
I will be writing a submission as in Whenuapai our rates will be going up 16 percent if the change from semi rural to urban. We have huge open ditches, uneven footpaths or none at all on some streets and limited street lighting, that I took a bad tumble at night and my boy a	1	Q5 Rating policy "Urban Rating Area"
few years back came off his bike and went to hospital

Interpretitve signage for the natural and human heritage of the area at the unique location that is Karepiro Bay. 46 Hibiscus & Bays Local board priorities	1 Q6 Hibiscus & Bays Local board priorities
Sedimentation is continuing unabated into the Weiti river, this is going straight into vulnerable areas and then into the Okura/Long Bay regional park.	

Comment	Count	Question
Fully support =but in regards to Environment groups such as Restore Hibiscus and Bays,		
Fully support =out in regards to Environment groups such as Restore missicas and Bays, this is like an umbrella group to a network of groups. While it may develop programmes in gaps where other groups are working, it's focus is not on delivery of hands-on weeding, plnanting and trapping. but rather support for the groups with tools and equipment, training, co-ordinating etc. Hands on groups important in their own right.	1	Q6 Hibiscus & Bays Local board priorities
Improve the traffic along the Lake Road Support the idea of a recycling station in Manurewa, this would help to teach children about	1	Q6 Kaipatiki Local board priorities
recycling.	1	Q6 Manurewa Local board priorities
Funds needed for Gallaher Park - many community groups using the space - Counties Manukau Touch has moved out - Boss Fitness running classes there - safe environment for community		
Fields are in good condition except for some bald patches due to irrigation being turned off during drought Provide safe evironment for community activity indoor and outdoors Facility is available for multi-use	1	Q6 Manurewa Local board priorities

Would like green space next to club (former swimming pool) to be retained The joint approach by the two local boards is appreciated.	1	Q6 Orakei Local board priorities
Dingle Dell, Church Hill Reserve currently overgrown		Q6 Orakei Local board priorities
Implement multiple environmental programmes along the coast, in Pourewa Valley and in	2	Q6 Orakei Local board priorities
our community reserves. Work with our community, business and resident associations to undertake placemaking at our local centres of Ellerslie, Remuera and Ōrākei.		Q6 Orakei Local board priorities
implement multiple environmental programmes along the coast, in Pourewa Valley and in our community reserves	1	Q6 Orakei Local board priorities
advance plans to improve community access to coastal reserves, e.g. Hakumau Reserve and The Landing	1	Q6 Orakei Local board priorities
continue to monitor and implement measures to improve water quality in our waterways and wetlands	1	Q6 Orakei Local board priorities
work with our community, business and resident associations to undertake placemaking at	1	Q6 Orakei Local board priorities
our local centres of Ellerslie, Remuera and Örākei support local businesses and town centres in their recovery from COVID-19	1	Q6 Orakei Local board priorities
finalise an Ōrākei Arts Plan to guide future enhancement of art, local heritage and culture at our public facilities and places		Q6 Orakei Local board priorities
investigate and plan for continued improvement of our fields at Thomas Bloodworth Park and Shore Road East.	1	Q6 Orakei Local board priorities
we are losing our identity as a community (Wellsford / Te Hana)	1	Q6 Rodney Local board priorities
Wanting a strong basis for the family, so we have a strong identity. Need to understand that there is a lot of injustice for example Te Hana verses Auckland city. We are working with for the buildings across the road, we have plans but need to have discussions with Auckland Council - with the decision makers. There is huge opportunities to work with Rodney Local	2	Q6 Rodney Local board priorities
Board		
Pigs are a real pest problem in Ta Pora, they are wild and from the Atiu Creek, they are ruining the reparian planting and we need council to rectify. These pigs can spread Kauri Die Back		Q6 Rodney Local board priorities
Council owns a bit of land by the waterfront on the river on this marae land. There's a row of trees there. They are very old and they are falling down and they are quite dangerous. The marae has been maintaining the trees for 18-20 years at no cost. The land was a right of way to access the wharf.		Q6 Rodney Local board priorities
We would like a letter of funding support to put up some carvings that have been sitting in a cupboard. We are not asking for funding, just a letter of support.	1	Q6 Rodney Local board priorities
I'd like to see bilingual signage around new projects coming up. I'm a big supporter of biligual signage - anything that gives visuals to te reo Maori is good.	1	Q6 Rodney Local board priorities
We are working on dual signage for Curry's Bush with Rodney College.	1	Q6 Rodney Local board priorities

Comment	Count	Question
I've been in the Wellsford CAB manager's role for three months now. I am seeing two		
distrubing trends: people going hungry and people being homeless. I'm seeing a lot of this just in the short time I've been in the role.	1	Q6 Rodney Local board priorities
Question: How does Wellsford get to be represented amongst the vastness of Rodney?		Q6 Rodney Local board priorities
What about getting a Maori representative on the board? Rodney College is doing a deputation to the local board tomorrow to highlight local Maori	1	Q6 Rodney Local board priorities
history.	1	Q6 Rodney Local board priorities
There are few walking / cycle ways linking to the Kaipara Harbour. What are the LB's plans to support more greenways?	1	Q6 Rodney Local board priorities
Greenways: Wellsford town to centennial park: Deed of grant achieved with Kiwirail to cross the railway. But a major stalling factor with opening up the greenway is that permission has not been granted to access private land owned by the saleyard. Disconnect between saleyard and Auckland Council due to land zoning. What can be done do to support this? Alternative is to re-enter discussion with Kiwirail to extend the access along the railway, but this hasn't had much traction. Response: suggest discussion with electorate & list MP's	1	Q6 Rodney Local board priorities
Wellsford Community Voices Document: Looking for RLB to adopt the document to show its support, which could help the community attract funding from other sources. Community doesn't expect the RLB / Auckland Council to fund all initiatives in the doc. There are skilled people in the area who can support / drive initiatives forward.	1	Q6 Rodney Local board priorities
Centennial Park Masterplan – keen to understand who is contracted and timeframes. Concern that completion before Christmas doesn't seem realistic.	1	Q6 Rodney Local board priorities
No support from RLB for heritage. Doesn't feature in the local board's priorities, but it needs to be better supported. Museums are struggling as revenue has been reduced by around 50% due to Covid – reduced patronage and shop sales. Also needing to review their offering to meet the needs of domestic customers. Previously relied on more overseas tourists coming through. One of the key areas of need is marketing support – small museums often don't have the resources / skill sets to undertake effective marketing.	1	Q6 Rodney Local board priorities
Marae – how fit within Auckland Council / local board priorities? Te Hana struggling since the border closures as it's previously relied on the overseas tourists as its main revenue stream. Now focusing on bringing schools through to fill that gap.		Q6 Rodney Local board priorities
What feedback received about the Wellsford toilets plans? Haven't seen the plans. Response: 2 x consultation events held last year; plans are in the library.	1	Q6 Rodney Local board priorities
Stage 2 of skate park – when happening? i.e. surrounding infrastructure - shade sail, water fountain. Don't want it to fall off the radar.	1	Q6 Rodney Local board priorities
Te Arai golf development is sucking extensive water for the aquafier. Lakes are extremely low & farms and properties around the edge of the development have limited water supply. One user is taking water from the entire development; how allowed to happen?	1	Q6 Rodney Local board priorities
Need some hope for the future. Used to have 10 staff now 4 part-time. Te Hana and Wellsford are going to be by-passed in the near future with the SH1 bypass. Need to start planning for that. Key to have economic and cultural funding and plan for the recovery in a collaborative way	1	Q6 Rodney Local board priorities
Wellsford voices is a 3to 10 year plan for the area and funding for planning is needed as this is not evident in the LB budget. Community agencies are dealing with social isolation and a general feel of hopelessness which could be addressed by more partnership approaches being implemented.	1	Q6 Rodney Local board priorities
A Lack of interntional tourists and volunteer organisations are feeling the financial pinch	1	Q6 Rodney Local board priorities
Food parcels a year ago we would do 6 a week now 70. Some homelessness and very pool economic situation is now present	1	Q6 Rodney Local board priorities
Isolation is also a key issues and loneliness for young families and the elderly. There are a lot more social issues evidnet including mental wellbeing concerns. What can be done locally/regionally and nationally	1	Q6 Rodney Local board priorities
When is the second stage of memorial park?	1	Q6 Rodney Local board priorities
I want to know when the Wellsford toilets, 2nd stage of memorial park are happening. The December timeline for the greenways is great.	1	Q6 Rodney Local board priorities
Sometimes it comes down to local board members and what they do. Some members are like a rottweiller. In other boards all members know the board area. You sometimes have all board members chasing the same project in other boards.	1	Q6 Rodney Local board priorities
The size of Rodney is a weakness for the Rodney Local Board. Members don't know the whole area well. Is its true that communities who get more have members that are better at advocacy? I'm trying to uncover the process - we need the board's support for projects. Our projects are pie in the sky. I work very hard to get results for Wellsford.	1	Q6 Rodney Local board priorities
I support all priorities I support most priorities		Q6 Upper Harbour Local board priorities Q6 Upper Harbour Local board priorities
Lives in Parau, kids go to Steiner School. Mum fears for the kids life because the children bike ride and there are no footpaths. Can't go to the mall at the weekend because there are no buses from Parau. Transport theme. Local Board members commented they felt strongly communities should have a transport service given they pay a rate. Discussion around speed limit out at Parau (50km/h), but in other parts where 70km/h people drive at 100km/h. A footpath would help a lot. The Chair noted there were relatively detailed plans a couple of years ago for footpaths and the Board would investigate what happened to those.	1	Q6 Waiheke Local board priorities
Wondering how this fitted into the Age Friendly city. Councillor Henderson noted footpaths needed fixing for this cohort also. Noted furniture was also important for older adults. Member noted the AT Transport Capital Fund might be coming back. A lot of projects will be deferred for 3 years further on and Member was very concerned about this. He encouraged anyone who was passionate about small local projects to submit on keeping funding for locally driven initiatives.	1	Q6 Waiheke Local board priorities

Commont	Count Question
Comment Toilets on local walkways are essential also.	Count Question 1 Q6 Waiheke Local board priorities
206 members now - want to stress the importance of Leys Meet future community needs - Great location on lots of bus routes, and versitle Category A - Heritage building - fits criteria to seismic strenthening Responds to climate change - uses less resources and creates less waste to reuse and rebuild Leys than to demolish and build new. Looking after our assets - the faster we do this work the less it will cost WOuld like to see a start on basic repairs: Maintenance - could stop further damage by filling the cracks at the back of the building Tying back parapets Repair Gym Engineers comment that quotes of \$15m up is too high Note properties associated with Leys can be sold to support Leys Repurposing the building is cheaper than building a new one	1 Q6 Waitemata Local board priorities
Supportive of LTP and LB perspective - sensible proposals LB advocacy initiatives are powerful and hope you win these I have a community advocate role here for the Rose Road Plaza - and Ponsonby Road Plan that provides for a pedestrianised space there. Feel a pedestrianised space meets with LTP goals towards climate change, encourage walking and cycling New apartment block - needs a community/ people focused space Engaged with local Countdown and Okhem to support the Rose Road Plaza - they are keen to support the community. Asking to set aside some budget for designing and consenting to put aside some future budget to physical works. Asking LB to advocate to AT and Waka Kotahi for road designations	1 Q6 Waitemata Local board priorities
LTP should be more courages. Think \$150 is not courages, Public funds shouldn't fund roads. AT should raise funds for roads as well as fund climate change activities Seeking council to amend the SOI, to make the city centre zero carbon buses by July this year. Big concern for city centre residents. AT aiming to increase the number of deisel buses on Queen Street - want measurable targets to reduce emissions. Supportive of Central Interceptor and supportive of any projects that will clean our waterways Supportive of the CCMP - particularly outcome 6. Support CCTR until 2035 - but concerned about what the rate is used for and request an audit Support \$10m funding towards recycling - but note City Centre doesn't have a recycling centre and need one Don't agree of selling assets (asset recycling) - think that this is taking away from future generations Support the proposal in the NPS UD. 11,000 trees are not ambitious enough - we are supporting 29,000. Note that there are no proposals to plant trees in city centre and need to aim for this. Responding to housing and growth - support conversions. Investment and community - support community facilities such as Ellen Melville Centre. More needs to be done to allow communities to flourish - e.g use of Freyberg. LB priorities - supportive of Urban Regenrative Farm project, especially at Bowen Street which would support city centre residents to compost. Rates increase needs to be bolder - propose a slower return to 3.5% Support increase of targeted rate to residents - Opposed targeted rate to be used to fund activities outside of the city centre - such as the city to villages Support increase (esp waterfront) doesn't conflict with what outcomes we are trying to achieve	1 Q6 Waitemata Local board priorities
Night shelters in city centre - target people who are transitioning between homeless and permanent housing Feels this can play a part of the Housing First model Dunedin night shelter running for 6 years was funded by community - good stories Suggest "The Hub" that is 24 hours - offering triage, assessment and services, potential programmes and activities Wants to be linked with Housing First Asking LB to do more in the key initiatives outlined in LB Plan - want to join with them to develop this hub. Will apply for quick grants funding to finalise tikanga piece of work	1 Q6 Waitemata Local board priorities
Support Leys - importance of history, the area and the community value - must keep this heritage and this should be prioritised and support the reallocation of assets to support this. Support rebuilding water infrastructure Connect up our sole walkway - Linking west with the east: Sarsfield st – pt erin-st mary's bay - it will complete an inner city walkway loop Want LB to reprioritise Point Erin Pool refurbishment Support to continue the targeted rate and the increase to 5% to better water quality to make sure the good works being done in St Mary's Bay continues to the rest of Auckland.	1 Q6 Waitemata Local board priorities

Support increasing the voice of Manawhenua and rangatahi	1	Q7 Other feedback
Support regenerative practices in Auckland, particularly on Council run farms	1	Q7 Other feedback
Need more focus on the physical environment, in particular built heritage. Duty to recognise		Q7 Other feedback
heritage in RMA We are too wasteful as a society, including demolition of heritage buildings making way for		
other things.	1	Q7 Other feedback
Need to address building waste and recover more. Building waste needs to be planned for in criteria for new buildings	1	Q7 Other feedback
Notes overseas jurisdictions have documents that report on the state of heritage. State of the environment does not include reporting on heritage	1	Q7 Other feedback
Auckland Plan Heritage Plan hasn't happened and nor has set of incentives for heritage protection	1	Q7 Other feedback
Good to see Leys Institute mentioned in LTP	1	Q7 Other feedback
CCOs have no reference to built heritage. Concern at the absence of this reference in the LTP	1	Q7 Other feedback
Auckland Plan Heritage Plan hasn't happened and nor has set of incentives for heritage protection	1	Q7 Other feedback
Don't want Auckland to be like Pyongyang	1	Q7 Other feedback
Concerns about the Civic Administration Building decision making - feels that the heritage value has been lost	1	Q7 Other feedback
Economics of heritage protection expert, happy to provide ideas on how Auckland can do this.	1	Q7 Other feedback
Greypower is conscious of financial constraint but is concerned about the impact of high levels of rate rise on senior citizens, in particular super annuitants	1	Q7 Other feedback
Assumption that the population of Auckland will increase rapidly with the need for 10,000 homes per year plus more cars on the road	1	Q7 Other feedback
Number of seniors also increasing	1	Q7 Other feedback
Serious stress caused by development and consequent environmental degradation Time has come for a population policy forum. 25,000 people per year plus aging population and increasing diversity and cultural shift. My family is tangata whenua - has been there 165 years, not that much shorter than Ngati Whatua. Some industries are dominated by certain ethnicities.	1	Q7 Other feedback Q7 Other feedback
Civil Defence communication with isolated seniors during the first lockdown was inadequate. Needs funding through LTP	1	Q7 Other feedback
Haumaru development - worked with council to develop designs. Council should not sell lance to develop and to expand senior housing. Instead should be able to fully redevelop land and expand housing for seniors - development will be self funding. Haumaru are doing an excellent job.	1	Q7 Other feedback
Senior Advisory panel has lost institutional knowledge and should keep focus on age friendly city.	1	Q7 Other feedback
Consultation system is not working.	1	Q7 Other feedback
Need an Auckland Museum to teach our local history. AWMM and MOTAT do not fill this deficiency	1	Q7 Other feedback
Do not change supergold PT scheme	1	Q7 Other feedback
RFA fees for Town Hall, recognise Primary school festival which should be free or low rent. Compared to ETNZ \$1 rent for Events centre.	1	Q7 Other feedback
Libraries and Community centres work for seniors. Difficulty with digital aspects but libraries help address those issues.	1	Q7 Other feedback
Supports applying a Maori world view to our approach to environment	1	Q7 Other feedback
Should highlight linkages that are cross overs and the need for whole systems approach to the environment. Maybe the WQTR and NETR should be combined as these are part of the same issue.		Q7 Other feedback
Missed at 11:27 re climate Reduce out door licensing costs, cost to close roads	1	Q7 Other feedback
Reduce out door licensing costs, cost to close roads Reduce rubbish rates or support for businesses reducing waste	1	Q7 Other feedback
Car parking is still the main way to access businesses in many areas		Q7 Other feedback
Better cycle parkting in town centres Improved wayfinding.		Q7 Other feedback Q7 Other feedback
People take the easiest option so make it easy, e.g. free public transport		Q7 Other feedback

Comment		Question
Want more support for Community managers (BID)		Q7 Other feedback
Need to invest more in town centre development and to reduce disruption from development	1	Q7 Other feedback
Support LDI increase overall, although some Local Boards have lesser involvement with BIDs.	1	Q7 Other feedback
Engagement session early in LTP process - will come back	1	Q7 Other feedback
Want CCMP delivery in optimal way, less rework needed. Too much separation of projects,		
need to be holistic. Transformation requires a transition. Do it once, fast and well.	1	Q7 Other feedback
Support pedestrianisation, but does not like sticks and bollards - but no real innovation or improvement. No successful co-design here. Not seeing leadership when we needed it.	1	Q7 Other feedback
Support CRL, however mitigation has been slow and projects of this scale need better mitigation and that this needs to be proactive in future. Have gone to central government	1	Q7 Other feedback
International Womens advocacy group - zone 1 is everywhere north of Bombay.	1	Q7 Other feedback
This is a men's budget, designed by men and focussed on infrastructure. Missing softer issues	1	Q7 Other feedback
Women are not in recovery, should be called the rebuilding budget	1	Q7 Other feedback
Good work in addressing discrimination and gender inequality, but it is not coherent and		
consistent enough re: CEDAW strategies [Convention on Ending Discrimination Against Women]	1	Q7 Other feedback
Need to address some of the soft key indicator issues for women which could be addressed in the same way as Maori outcomes are in the LTP. CEDAW should be in LTP targets, including things like safety on public transport and participation in sport. Can partner with groups like ZONTA to increase efficiency of these plans. Council has an obligation as a CEDAW city. Soft key indicators are qualitative indicators rather than quantitative.	1	Q7 Other feedback
Missing comment -skype issue 3:39pm	1	Q7 Other feedback
2018 LTP started to address these issues with the Western Isthmus. Hampered by COVID. Pre COVID we had a financially manageable plan that addressed the whole of Auckland. Generally community buy into this.	1	Q7 Other feedback
Key issues are Housing, Transport, clean water		Q7 Other feedback
Tyre pollution - 1 ton per year of tyre dust per bus biggest source of microplastics Poor air quality is a result of vehicles		Q7 Other feedback Q7 Other feedback
Expensive productivity losses from congestion. We also save \$1b from use of rail.		Q7 Other feedback
90% of transport land is road and it is a large amount of land used.	1	Q7 Other feedback
Need to focus on non road solutions Heavy rail is supported by PTUA. Should be skeleton of our service. E.g. Airport to	1	Q7 Other feedback
Onehunga, alongside SW and W motorway, northern. Light rail is relatively slow, combined with traffic. Ideal for densification of the isthmus.		Q7 Other feedback
Support dedicated cycleways Wants Trains to Huapai to serve growing population. Could put an hourly train to connect	1	Q7 Other feedback
huapai to swanson, infrastructure already in place	1	Q7 Other feedback
Support light rail to Richardson Road.	1	Q7 Other feedback
Avondale to Southdown Rail will happen in time and rail opportunity for linkages will grow.		Q7 Other feedback
Keep land aside for rail corridors Don't use inappropriate modes of transport to save costs - it won't work		Q7 Other feedback Q7 Other feedback
Resist anything that brings more cars e.g. second road harbour crossing.		Q7 Other feedback
Community must thrive for the engineering and consulting sector to thrive	1	Q7 Other feedback
Infrastructure is effective stimulus with good return on investment with long lasting benefits.	1	Q7 Other feedback
supports 7 jobs for every \$1m investmented. \$100m of investment increases economic output by \$10m per year		Q7 Other feedback
Ultimately costs to defer investment through lost benefits		Q7 Other feedback
deferral shifts burden to rangatahi Need to transform transport system. Need to invest in infrastructure		Q7 Other feedback Q7 Other feedback
Connected communities should not be scaled down. Roading renewals are maintenance only without betterment.	1	Q7 Other feedback
\$75b dollar investment deficit, we have low interest rates and the time is now, need courage.	1	Q7 Other feedback
How does roading renewals align to emission targets?		Q7 Other feedback
Seeks to decarbonise Aucklands Transport system by 2030 Turning council parking land into housing		Q7 Other feedback Q7 Other feedback
Would like to encourage council to work initiatively with the community	1	Q7 Other feedback
opportunity for more local decision and more local innovation would be supported		Q7 Other feedback
agreed that the proposed nursery will have delivery Maori led outcomes Development of community nurseries using ngahere funding will help deliver Maori led		Q7 Other feedback
outcomes How can council work in partnership with the community to achieve goals?		Q7 Other feedback Q7 Other feedback
Money needs to be put into additional water supplies	1	Q7 Other feedback
Need to encourage people into a water saving approach by way of water harvesting	1	Q7 Other feedback
More funding and support is required from Council and AT. Council needs to ensure long term funding for the bus sector Bus Sector; need to look at living wages implementation, annual wage increase, working	1	Q7 Other feedback
hours, drivers safety and H&S	1	Q7 Other feedback
Does there need to be guaranteed budget lines within the LTP to finance shortfall?	1	Q7 Other feedback
Would like to see move towards universal free public transport to start off setting raising	1	Q7 Other feedback
living costs Waste Sector: contracts re tendered 2019, but no previsions made for living wages, working hours,		
nours, H&S where not included in contracts. Need to ensure there is a budget to make these outstanding issues a priority	1	Q7 Other feedback

meet climate goals	1	Q7 Other feedback
Wants: allocated funding to active transport accountability – set defined target for active	1	Q7 Other feedback
transport journeys affordable projects	'	
We do ask for; a genger lens into councils desion making believe in comunication of climate		
change initiatives councils approach sould consider gender and equality for woman in	1	Q7 Other feedback
climate action. Ask for open spaces and to create a self substaining network of urban forest. Improving water quality should prioritised to enable community needs around water.		
ioroot.improving water quality choud provided to chable community needs around water.		
Intensification of housing development in the area, Winslow Heights. Loss of faithe in	1	Q7 Other feedback
authorities, not being informed of activity. Loss of privacy as new house next to my wondow.		
What is happening to Elliot Street - all demolished? Cant sell property now. Was not	1	Q7 Other feedback
informed/told because of privacy(told by council staff). Also Lakeside Dr affected		
Represent the maori voice. Uphold and add prestige to the kaupapa, mana for environment		
and mana to council activites. Maori identity key priority referencing in particular Takaanini		
and the need to reference the heritage of the area - will get more voices eg Takanini School empasise the gardening ie storytelling of the area. Current climate about health and	1	Q7 Other feedback
economy but when you change one thing the people will come.		
As a resident of Takanini attended the meeting on 29 July last year for the plan. I requested the board add Manuroa Rd issues to outcome 3 - reflecting needs and desires of the		
community to move safely around the area. Saddened and greatly concerned that Manuroa		
Rd has been ommitted in this plan, repeated mention of rapid growth and fudning has been		
obtained for Drury, but none for Takanini existing safety issues by acknowledged growth. Takanini has doubled and continues to eg one house property now has 18 residences on the	4	Q7 Other feedback
same plot. residents repeated attempts for safety concerns from the board and council,	1	
improvements have ground to a halt. 2 raised crossings recently installed do make it safer.		
Appreciate lack of funding in council. aware the manuroa rd issues are beyond the local		
board but where is the advocacy reflecting the residents needs and desires. why hasnt the request from last year been actioned? this was made in good faith, hugely disappointed.		
Road safety protects our community, our children and our whakapapa.		
Speed calming controls proposed are good but there needs to be more, including around		
area of Hill Park including Hill Road, Dennis Ave and around Hill Park School		Q7 Other feedback

Waste reduction at source needs to be a prioirty. Combination of further education, product stewardship, and cutting waste and emissions from landfill. The NABERSNZ star rating is not stringent enough	1	Q7 Other feedback
Support for further programmes that reduce waste such as repair cafes and advocating for a higher waste levy	1	Q7 Other feedback
Street Lighting - seeking better protection for nocturnal animals such as moths via directional shielding on the lights, and also a lower rating in the LED bulbs in Kelvins to protect them.	1	Q7 Other feedback
Penlink's route could utilise sensors in their lights so that they do not come on when not necessary	1	Q7 Other feedback
Multi agency cooperation is needed to focus on weed reduction - similar to what is happening in the Coromandel.	1	Q7 Other feedback
Free or gold coin donation public transport fares within the Auckland built up area Shuttle buses similar to the Devonport Pilot be set up to connect to bus routes all over the		Q7 Other feedback
city.		Q7 Other feedback
Increase the amount that cars pay to park in commercial and industrial areas	1	Q7 Other feedback
When looking at the 10-year Budget there is no mention of heritage. The word 'heritage' does not appear at all. I'm concerned that we will need to close the museum due to a lack of funds and we will walk out and the museum will then be a time capsule with no one to look after the treasures. I'm really concerned about the treasures. Some of these treasures are not only unique to New Zealand but to the world. I think the council will not be happy until we all have 'Auckland' stamped on our head - where is the local?		Q7 Other feedback

A focus on Maori is a central government focus now too.	1	Q7 Other feedback
One option is to create an inter-regional gateway in Te Hana and Wellsford. With Iwi support this could be a real opportunity. Iwi are key stakeholders and Te Uri o Hau land holdings in the area. A gateway for Auckland is very importnant	1	Q7 Other feedback
Don't want Wellsfod and Te Hana to be by-passed	1	Q7 Other feedback
How many community meetings have been held on the 10 -year budget in the Rodney LB area?	1	Q7 Other feedback
Waste minimisation - need more bins and community education re: the types of contaminants in rubbish. What else can council do not just plan for waste reduction	1	Q7 Other feedback
Our facilities are not being planned forward.	1	Q7 Other feedback
