Annual Budget 2023-2024 HYS EVENTS

WRITTEN FEEDBACK Vol.1

HYSE Event Summary

EVENT	DATE	LOCAL BOARD
Albert-Eden Local Board drop-in session	Mar 24 23	Albert-Eden
Responses		Count
Q1 Operating spending reductions		23
Do not proceed with some reductions and instead further increase rates and/or debt		8
Do not proceed with any reductions and instead further increase rates and/or debt		8
Other		7
Q1 Comments		24
don't cut the CAB		1
community hubs critical to community connection and development community hubs are key to wellbeing		1
very against this idea, raise debt and rates		1
would be terrible for the community to lose, rise debt and rates instead		1
keep contestable gratn,s regional services and ECE		1
do not borrow, keep costs within budget, what caused the overspend?		1
increase borrowing, rise rates moderately. Invest in people and groups who contribute to wellbeing, unfreeze targeted rates		1
increase rates and debt do not cut operationsal spend. what is 'other' Tataki Auckland Unlimited?		1
prioritiese public transport, regional and local board funding that helps peple and environ, increase rates, unfreese targeted		1
rates, reduce local board advisors		1
ALL important, socail programmes for community, public transport, stormwater		1
whichever group identified community activites for chopping should be ashamed,		1
increase funding for quality ECE		1
dump the 64 bus		1
do not cut local board funding they do amazing work for communities community hubs are first respinders in disater and hold resilence of community in the balance		1
most hubs already compet for limited funding, increase in fees will force their closure		1
Childcare matters. Helps parents work.		1
community hubs are key and already underrated, they foster wellbeing		1
measure social impact before making these decision, community has been through enough		1
without art/ culture events no coming together, no celebration, isolation. It'll push many from the city		1
arts and community events create joy and community which is needed after the past 3 yrs. Now is the time to allow these activities to breath and help community to heal. Keep Auckland Arts festival + connected lively city		1
concerned proposed cuts will weaken communities		1
editective proposed data will weaken communices		
Q2 AIAL Shareholding Policy		9
Proceed with the proposal to enable the sale of all our shares in AIAL and use the proceeds to reduce debt and therefore annual		1
interest costs by around \$87 million per year		
Don't change the policy, keep all our shares and further increase rates and/or debt		6
Other		2
Q2 Comments		0
·		9
Through funing ToTaki Auckland properly, increase council and Aucklands economy if it generates income then great, allows AC to manage change at airport, keep socila and enviro goals in mind		1
income generation long term		1
increase debt instead of selling		1
short sighted to sell shares.only work if plan to reduce debt worked.		1
reduce staff pay instead, shares will generate income		1
iwi should be offered right of refusal in cases of land asset sales		1
Support Bernard Hickeys analysis - this is not household budget - organised debt longterm climate change and change of habits may reduce airtravel anyway		1
nongterm emmate change and change of habits may reduce antravel anyway		
Q3 Managing rates and debt		21
Proceed with the proposed increases to rates (4.66 per cent overall for the average value residential property) and debt (up to		21
\$75 million of additional debt)		J
Set a higher general rates increase		5
Make greater use of debt		4
Other		4
Q3 Comments		15
unfreese targeted rates]	1

laughland has law rates this could fund more community well hairs	1
auckland has low rates, this could fund more community wellbeing	
don't cut funding to communities, spred the cost over the city by increasing rates	
higher rates would be fiar and help	
debt is easy to manage is an investment in liveability and wellbeing.	
unfreeze targeted rates too, increase financila truesed by investing in arts and tourism	
give more clairty re: what rates need to keep investing in community, to understand the tradeoffs. This is the rainy day, invest	
in city rather than cutting, unfreeze targeted rates	
spend the rates increase productively constructively	
means test rates for retired people subsidise up to 50% rates?	
up a little of the same	
bring back environ rates, better long term for climate change issues	
use a survey so community has opportunity to have a say on how much increase willing to pay	<u> </u>
increase rates, increase debt, same community spirit	
yes borrow more, yes increase rates	
increase rates is needed to fund the vital things	
Q4 Storm response	
Proceed with the proposal to increase our operating budget by around \$20 million each year	
Other	
Q4 Comments	+ + ,
`	!
More clarity on council will deliver on climate change plan and adaptation and mitigation activities	
these will only become more frequent	
also borrow to futureproom for future generations	
no other choice but to do this	
but needs to go to community hubs not AEM who is not qualified to work with community well being.	
put towards infrastucture and mainanance	
is \$20m enough to enable the community to be resiliant	
need managed return of land to wetlands	
use the money efficently to achieve the result	
and the money amount, to come to the room.	
Albert-Eden priorities	1
I support all priorities	
	<u> </u>
I support most priorities	
I do not support most priorities	
Other	
Tell us why	1
retain as much as you can, go into debt if you have to	
small grants vital to communitiy	
retain as much as you can	
Cuts would leave community vulnerable to more hardship	
the local board area needs both environmental and community/cultural priorities, to make a choise damages everyone	
retain funding	
postpone entertainment events	
equity issues in the way boards get funding. Leaving pooerer areas poorer. Futuer entrenches inequities.	
premature to ask these questions, need an alternative plan such as a Better Auckland Budget	
Ithis is a targed choice, not constructive, keep all	
this is a farced choice, not constructive, keep all	
Parks development, community centres, libraries, climate action	
Parks development, community centres, libraries, climate action 7 day libraries, tree planting, community centres = priorities	
Parks development, community centres, libraries, climate action 7 day libraries, tree planting, community centres = priorities Libraries and CAB critical social services	
Parks development, community centres, libraries, climate action 7 day libraries, tree planting, community centres = priorities

arts environemental resorations and libraries are important		
after storms climate is urgent need so is programmes, and space to learn/connect, benefit future generations.		
art is vital to a health community at minimal cost		
proposed cuts to community sector shod lack of understanding of what holds communities together		
proposed due to community sector should due to anaeristantaning or milet notes communities together		
Waste Managements Cost Change		
Waste Management: Cost Change		3
Support		
Waste Management: One-off fee for bin change		1
Do not support		
Waste Management: Extend Food scraps targeted rate		1
Support		
Other Rate Change: Swimming Pool/Spa Pool Fencing Compliance Targeted Rate		
Support		
Other Rate Change: Change which bus services are funded by the Climate Action Targeted Rate		
Support		•
Do not support		
bo not support		
Comment		
queries about food scraps collection is this bin changing just shuffling deckchairs		
ins this bin changing just shuffling deckchairs important for disability community		
concerned about whaqt will happen to community groups if fees increased too much		
should have different rate for leasing between profit and non for profit		
bus drivers need better working conditions		
Sub-diversificed sector working conditions		
Q7 What else is important to you?		25
lack of accessibility on this process		
complexity of understanding the questions		
lack of options in the questions		
lack of time to get people together to make submissions		
more events like this (drop in session) as the cuts are major		
Storm Water		
concern about questions/info provided no sufficent to allow people to provide feedback on tradoffs		
"one outz wayne brown"		
make the HYS process easier, for elderly, youth and new immigrants		
the consultation and questions are complex, not enough options on the tradoffs of rate increases, Refer to the local government		
act proposed budgert would mean we fail wlebeing obligations		
have manawhenua been consulted first		
process and language is intentially leading and does acknowledge other options		
increase waste rates for large commerical enterprrises that produce more waste		
more equitable funding across local board , ie playgrounds in lower scio-economic area needs funding from wealthier boards		
increase rates and debt to improve servies esp environment programmes and long term issues and towards better community		
wellbeing. Keep council events and accessable to all		
submission deadline is not reasonable, need more time		
libraries are life		
spend money on AC accounting systme that prvides better transperancy of where ratepayers funds go	ļ	
need to analyse what return benefits we get for spending.		
stop waste on the #64 bus. People who live in Mt Eden can use outer link bus		
timeframe for feedback is too short		
private marinas should pay higher (commerical) rates		
congestion charges tree's should be planked to replace pines when removed from parks. Landmark iconic trees		
public transport is important esp for those who do not drive		
passic danapore is important cup for those who do not drive

Airport shares - retain as short-sighted to sell		1
Airport shares - short term fix to sell		
Airport shares - possibly sell a percentage		
Adamantly opposed to selling airport shares 'What are you thinking Wayne'		1
Q3 Managing rates and debt		
Other		2
Other		
Q3 Comments		2
Important to continue NETR funded projects		1
NETR projects need to continue		1
Aotea/Great Barrier priorities		
Tell us why		3
Central Cemetery is a priority and Ben has a proposition. He has a parcel of land in Claris which could be leased, gifted or sold.		1
The land is behind the Service Cente in Claris with an accessway. It's close to the morgue, airport, health trust and facilties. The		
land is possibly 1-2 acres and currently low scrub and blackberries. Some land beside it (Lot 2) was scoped for pensioner housing		
about 10yrs ago so there is some information on the site. He (along with several other attendees) would like this to be Local employment is essential however, its difficult for small businesses to apply for the contract especially considering health		
Too much being spent on park maintenance		<u>1</u>
1.55 mass. 20mg opens on park maintenance		
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which		
are most important to you?)(Select up to three)		9
Environmental restoration and pest control Local waste minimisation programmes including construction waste coordination		1 1
Parks assessments		1
Capital grants to sustain local community facilities		1
Other		5
Tell us why these are most important to you Health and wellbeing on island is important. Needs a holistic approach		
Water is important. Security and the cleaning of all water ways		
Anamata is doing a fantastic job - employing youth and noted a change in their wellbeing and value		
Need to focus on island resilience with power and waste and being self sustaining		1
Infrastructure is essential and needs to be both sustainable and reliable. Keep good maintenance. Examples being roading, cliff		
edges (ie, coastal erosion, slips, Shoal Bay Rd). Need an independent engineer and gabian baskets		
Infrastructure on wharves needs to be maintained. Resilient connections for transport and freight. A solid network plan for		
Whangaparapara and Shoal Bay		
Tourism requires ferry schedules that fit the island and are easy for people		
Dark Sky, make sure we hang onto it and don't stuff it up. Consider Auskland (Coromandal Light Dome: Club lighting and KDIs for		1
Dark Sky: make sure we hang onto it and don't stuff it up. Consider Auckland/Coromandel Light Dome; Club lighting and KPIs for Medlands playground is a critical local destination. It's well maintained and has good shading		1
Need to retain local grants		
Need to retain funding to Oruawharo projects including wetlands, seed funding and trap library		
Climate change is a major concern, ie, revegetation and investment. 'Not just a groovy place to come'		
The impact to ongoing environmental projects with the loss of funding will be negative. Continuity for environmental projects is		
crucial. Need to support the core staff and consider on island employment for local projects is essential - ie, Lotte's role and biosecurity		
teams		
Glenfern - National Geographic		1
No funding cuts to libraries		1
Supports anything that the local board does to support social cohesion		1
We need to reduce the chemical footprint of the island		1
Q7 What else is important to you?		6
Need to consider and find balance on island for DoC and Tourists and Biodiversity		1
Cost of living concerns needs to be considered		_
<u> </u>	<u> </u>

		1
Recycling bins do not incentivise people to reduce waste because they are free		1
EVENT	DATE	LOCAL BOARD
Devonport-Takapuna Local Board Information Session	Mar 09 23	Devonport-Takapuna
Responses		Count
Q1 Operating spending reductions		8
Proceed with the proposed reductions		1
Do not proceed with some reductions and instead further increase rates and/or debt Do not proceed with any reductions and instead further increase rates and/or debt		1
bo not proceed with any reductions and instead farther increase rates and/or debt		1
Q1 Comments		3
There should be a consolidation of back office staff. Local boards are the only arm of government with pay increases. This is not		1
There should be flexibility to lessen consultation requirements. Look at simpler systems		1
I didn't realise that charges like zoo tickets were based on the majority of city income		1
Q2 AIAL Shareholding Policy		8
Proceed with the proposal to enable the sale of all our shares in AIAL and use the proceeds to reduce debt and therefore annual		4
interest costs by around \$87 million per year		
Enable a partial sale of our shares, maintaining a 10 per cent shareholding in AIAL (reducing our interest costs by around \$40		3
million per year), and further increase rates and/or debt I don't know		1
I don't know		1
Q3 Managing rates and debt		8
Proceed with the proposed increases to rates (4.66 per cent overall for the average value residential property) and debt (up to		3
\$75 million of additional debt		3
Set a higher general rates increase		4
Set a higher general rates increase and make less use of debt		1
Q3 Comments		3
Where was the research to support budget cuts. I want assurance from you about rates. If I pay more rates can you guarantee		1
services can remain		
More people might be for increasing rates than you think		1
Is there room for savings in contractors? You should consider the Takapuna growth to funding		1
Q4 Storm response		6
Proceed with the proposal to increase our operating budget by around \$20 million each year		6
Proceed with the proposal to increase our operating budget by around \$20 million each year		6
Q4 Comments		1
Storm damage should be able to use the AC environment targeted rate		1
Devonport-Takapuna priorities		4
I support most priorities		1
I do not support most priorities		3
Tell us why		1
This event should have been better advertised on the council website		1
which are most important to you?		13

Concern over affect on sports and community clubs if the introduction of lease increases goes ahead		
Our communities have told us that providing a network of pathways (walkways and cycleways) between and within our local villages and town centres will help locals access services and facilities, and live healthy active lifestyles. Our budgets cannot		
deliver a network of this scale without additional funding such as via a targeted rate. To implement a new rate, we would		
have to investigate further and consult with you again in a future Annual Budget process. Do you think we should investigate		
a local targeted rate to fund a network of pathways across the Franklin Local Board area?

Q7 What else is important to you?		7
Rural parts of Auckland are the playground for urbanites, need funding to support the rural parts		1
More buget needs to go to rural Auckland and not urban Auckland where there are alraedy good services and facilities		1
Need for compliance enforcement around septic systems		1
Compliance needed around secondary dwellings/unconsented dwellings - in rural areas this is happening without upgrades to		1
septic systems, or consent - creates water quality issues. Are they paying rates on secondary dwellings?		
Issues with intensification but no upgrades to onside waste water systems eg Orere Point		1
Reduce spending on court cases		1
Anti Te Maunga Authority cutting down trees - cost is wasteful, need to be frugal, no unnecessary appeals		1

Facilities for children with mobility issues please			1
Definately keep support for Mudlarks, they volunteers all their time			1
Groups delivering vital community services/filling gaps in service shouldn't have to pay maintenance			
Re targeted rate, how much? TR for Waiuku pool was apparently beond most ratepayers capacity/goodwill			1
The targeteu rate, now much: Third wardku poor was apparently beong most ratepayers capacity/goodwin			
Our communities have told us that providing a network of pathways (walkways and cycleways) between and within our local			
villages and town centres will help locals access services and facilities, and live healthy active lifestyles. Our budgets cannot			
deliver a network of this scale without additional funding such as via a targeted rate. To implement a new rate, we would			
have to investigate further and consult with you again in a future Annual Budget process. Do you think we should investigate			
a local targeted rate to fund a network of pathways across the Franklin Local Board area?

This budget is ideological. Pre-conceived agenda to slash social services across Auckland. Communities cannot afford these cuts.	1
Need social sustainability. Auckland has AA+ credit rating. Budget needs to build resilience. Why did so many people not turn	
up and vote at LB elections? Support a graduated rate rise. Build communities – social sustainability. Auckland is the locomotive	
of the Auckland Economy – if we slash, we affect the NZ economy. Sell the golf courses.	
Discretionary funding – Are we wanting social or business. Why are we taking the small drops from arts, social services. All pre-	1
determined. Social vs business – that is how council is split when voting. Can see alliances. People need to step up for change.	
What has been built in the community – now needs to be invested in. Need to engage rangatahi in these conversations.	1
Budgets are completely transparent – we run on the smell of an oily rag. Hard to comment on a budget with huge numbers and	
line expenses – to make informed decisions. Communities we serve – don't understand the ripple effects on their communities.	
If the local board funding is cut – that will be lights out for some community. organisations. Programmes would end – there is no	
other money. Need better community partnership – can do it better and cheaper	
What are we going to do about our youth programmes. Ken Turner listen. When you listen, communities feel empowered.	1
NGO charitable organisations. Proposed cuts and operating costs will impact on the community-based programmes &	1
initiatives. Will cut pillars of wellbeing to our communities. This cut will turn the lights of for programmes. Programme has	
positively changed young peoples lives. Mental & social wellbeing of youth – cuts will cause higher rates in youth crime. What	
are the risk factors of these proposed cuts. Tight time frame for consultation is a strategy. Support borrowing.	
Yes, oppose budget cuts – this is where my heart and service is, to the people.	1
Concerned the budget does not address climate impacts. Do not support reduced funding, need to prioritise to support	1
community delivery of environmental programmes – if board does not support we cannot invest. More awareness & activities	
of restoration on private & public land. Support budget aside for storm related works, why is this council not utilising debt or	
Keep community events going – the morale of community is essential and the wellbeing of west auckland community is	1
Don't like anything in proposed budget – against rate increase, against cutting social services, against selling assets, against	1
borrowing money – what does it mean for us?	
Process tailored in a way that is not fair. We have power to challenge local & central government. Do not proceed with	1
reductions in spending, keep shares in airport, increase budget to improve ability to prepare & respond to adverse weather	
events, maintain & increase funding for Tataki, contractors paid the living wage. Represent workers.	
Q2 AIAL Shareholding Policy	7
Enable a partial sale of our shares, maintaining a 10 per cent shareholding in AIAL (reducing our interest costs by around \$40	1
million per year), and further increase rates and/or debt	
Don't change the policy, keep all our shares and further increase rates and/or debt	5
Other	1
Against selling the Airport – that's a no.	1
Supports rate rise. Stupid to sell airport shares – do not support selling shares.	1
Do not support selling of airport shares.	1
Oppose selling of airport shares – to regain control of assets in NZ. Has Mana whenua been considered – instead of going off-	1
shore. Sell off golf courses.	
If we can't control a say on airport, maybe we should sell.	1
Do not support airport shares, do not support rates increases. More money towards climate, youth, community. If we increase	1
taxes how do we make sure climate and community are taken care off?	
Q3 Managing rates and debt	5
Proceed with the proposed increases to rates (4.66 per cent overall for the average value residential property) and debt (up to	1
\$75 million of additional debt)	
Set a higher general rates increase	3
Other	1
Q3 Comments	4
Support rate rises - \$8 per week. If we don't have a rate rise there will be massive implications across communities.	1
the operation was successful the patient is dead. West Auckland is home of screen industry. Business rates increases, support	1
rates increases to support business staying in Auckland. Employ 8400 people, predominately in West Auckland. More support	_
for Tataki Auckland Unlimited. What are we going to do about business rates and Auckland Plan?	
Support proposed rates package lever.	1
Rates increase – would support 5% rates increase, however how many ratepayers will not be able to meet the increase.	1
	1
Rates increase – would support 5% rates increase, however how many ratepayers will not be able to meet the increase.	1

In preparation of budget, was there any analysis of cuts on community and business? Can you find out if any analysis has been			_
done or papers written to share with community?			
Potholes in west – AT undertakes temporary measure. It is illogical that AT fixes roads that don't need to be fixed. AT need to finish one job before they start another. Potholes in West Auckland are an issue.			1
Here to support everyone here. Submissions are a lever. Ken be ideological, think with your heart, what is the cost to the			1
people, be visionary, think of my children's children, encourage you to have balls & think about community.

Q1 Comments			1
It is my view that the Auckland Council should listen, action and give feedback to the publics requests and needs if they wish to			1
improve their profile and respectability which currently is at a very low ebb. This would result in a Win/ Win situation. The Public Services often run by volunteers should not be the victims of reductions. These services such as CAB's, Libraries, JP			
Services, Information Centres etc. are a vital part of any community activities.

O1 Operating spending reductions	_
Q1 Operating spending reductions	9
Do not proceed with any reductions and instead further increase rates and/or debt	9
O1 Commonts	
Q1 Comments	1
I'm one of the 900 CAB volunteers who are not paid. Last year the CAB looked after 165k people. These people have real needs, health issues, new immigrants who are mistreated because of their language. Mayor brown is simply slashing. All these	-
volunteers will go as they will no longer be able to pay for it.	
volunteers will go as triey will no longer be able to pay for it.	
Q2 AIAL Shareholding Policy	10
	10
Enable a partial sale of our shares, maintaining a 10 per cent shareholding in AIAL (reducing our interest costs by around \$40	
million per year), and further increase rates and/or debt Don't change the policy, keep all our shares and further increase rates and/or debt	5
bon t change the policy, keep all our shares and further increase rates and/or dept	3
Q2 Comments	1
Any sale should be deferred until the strategic value of the shares is understood, rates rises and debt should be used to bridge	
Any sale should be deferred until the strategic value of the shares is understood, rates rises and debt should be used to bridge	1
O2 Managing rates and debt	15
Q3 Managing rates and debt	15
Set a higher general rates increase	g
Make greater use of debt	6
O2 Comments	
Q3 Comments	1
Council revenue will increase, funding crisis is not the new normal. I'm happy for rates to increase. These are things that make	1
Auckland a more liveable city. Taking an opportunity to reduce expenditure. Let's get over this crisis through rates	
OA Starran reconnects	_
Q4 Storm response	9
Proceed with the proposal to increase our operating budget by around \$20 million each year	8
Do not proceed with the proposal	1
Kaipātiki priorities	9
I support all priorities	9
Tell us why	1
How can you justify cutting so much of the KLB budget? Diverse communities will miss out?	1

Tell us why these are most important to you	5
Comment from a librarian: Shouldn't the budget cut from the top rather than the bottom? It will too severely hinder my ability	
to hold down a job.	
I am a young person advocating on behalf of young Pasefika youth. Youth services and programmes are so essential. We are a	
minority and underrepresented. My friends don't vote because they don't feel like they belong or have a voice. I urge you to	
keep in mind that young people will inherit these services.	1
Kauri kids - if they close down, are there any other playground groups to apply for these centres? It is important to have a	
childcare space at Beach Haven. At the moment we are running a space but don't meet the criteria. Are you looking at offering	
these spaces to groups who are looking?	1
There should be no change to community leases and maintenance	1
Why arts and culture? It is a really short-sighted nature of the budget. Why aren't other services/infrastructure considered? Who	
will fund arts and wellbeing. These cuts will affect our people	1
	-
which are <u>least</u> important to you?	19
Community leasing charges	1

Manuscus priorities			1-
Manurewa priorities			15
I support most priorities			11 4
I do not support most priorities			4
Tell us why			11
Play spaces & renewals aren't a priority at all for me. Community, collective activations and groups are more valuable i.e. MYC			11
Many of these priorities benefit the people. The current options are understandable. A few need altering and thinking about the			
conservation of community & growth of youth.			1
Keeping New Zealand and South Aucklanby preserving and investing into culture, environment and youth to build our commnity			1
More youth focused initiatives - Invest in our youth for a sustanable future			1
Youth Groups need more consideration. The youth is our future, they need more oppurtunities of support, that may guide them			1
The importance in our youth services, recreational centres, environment should be a top priority in developing Manurewa			1
Environmental support, economic initiatives abd community groups and events should be top priority. Smaller projects with less			_
effects should maybe be less focussed on			1
Better focus on areas people use everyday(religious centres, Malls, schools) Not much care for parks (upgrades for aquatic			1
I consider most of these priorities helpful and usefull to our economic system and community			1
Youth should be a priority! Manurewa has a large youth population and they are important to our community and our future			
community Lots of parks & playgrounds upgrades? Money should be spent on uth development opportunities.	<u> </u>		1

There is an inherent lack of forward thinking and investment into the future of people. Prorities will show short ter improvement		
but the future of people specifically youths ability to have program and initiatives built for them is a concerning propspect that		
will harm the long term futue of our youth, mentally in how they approach situations, and physically in hat they will not have the	1

Q7 What else is important to you?	<u> </u>	
Better Transport options in Manurewa/Auckland	-	
Community	1	
Keep our youth groups to sustain the wellbeing of our community		
Safe community - A Place/Community where youth can flourish		
Increasing youth engagement in community events via highschool & primary schools and sustaining it beyond school		
A valuable asset to our community is our service groups. Allowing to have a direct say for our rangitahi through the yuoth counci	l	
helps build a supportive relationship with the Manurewa Community		
People		
Support for the people of Manurewa such as: Housing, Finance affordability of essentials		
Invest in youthmental health services		
Larger investment in upskilling programsfor youth which provide useful certification for job prospects eg. Forklift license, first		
aid, specialising in Mental health		
Invest in our youth for a sustainable Future		
Supporting the community but better. There has been and increase in low moral in personal experience. People are most		
important in any situation The health and montal state of the people around us		
The health and mental state of the people around us. Economy		
I want a financially secure environment for everyone		
More initiatives to support local business eg. Local business market		
Communism - not kidding more collectivism		
Environment		
More general volunteer litter cleanup initiaives in public areas, especially around schools		
I want a cleaner environment for Manurewa		
Kaitiakitanga - Centering on indigenous and reciprocal relationships with the environment that goes beyond the aesthetic and		
focuses on sustainability		
Little to no litter - Clean & tidy environment		
Places		
Somewhwere safe for our youths and kids		
Investing in youth, arts, music, comedy, design etc. Studio Spaces and plaves for viseral and loving projects		
Cleanup and funding for public spaces		
A move accessible youth space Pedestrian outside Manurewa Sikh temple and other areas accessed by the majority kids and elderly.		
. edestrial edition manufered sixt temple and other areas decessed by the majority kids and elderly.

These were comments below under themes regarding what should the local board focus on in the next three years.	
Community	
- Safety, clean public spaces, safer walkways	
-No infill housing x 2	
-Safety	
-Improve connections and learning opportunities	
-Speed Calming measure in hillpark	
- Keep funding community clubs and building	
-Crime x 3	
-CCTV x 2	
-Mowing Lawns properly	
-Protect green areas and plant more	
-Keep art/creative programmes	
-Stop window washers at lights	
-Clean up cime and tagging	
-Biosecurity and trees	
- Adult Education	_
-Protect trees in hillpark	1
People - Save the CAB x 3	
- Save the CAB x 3 -Mana Whenua Engagement	
-Youth x2	
-Celebrate our diverse community cultures	
-Community activites for all ages x 3	
-Disabled	
- Retain community events - music in parks	
-More help elderly x 2	
- Keep funding local events by locals x2	
- Community sprit for all	
-After school educational support for families	
The sensor educational support for families	1
Economy	
- Fund local startup businesses x 2	
-Sensible spending x2	
- Regular upkeep of roads, berms etc	
-Not another alcohol shop or barber	
-Support collective business models x 2	
- Business piggy bank loans	
-Support keeping TSI x 2	
-Support social procurement process x2	1
Environment	
- Keep Manurewa clean campaign	
-Remove rubbish	
-Cleanup stormwaterand waterways	
-Bring back inorganic	
-community gardenseg. Allotments throughout the area	
- Save our trees and urban areas x 2	
-Retain exisiting green areas	
- No-more multidevelopments, we have enough	
-Keep Manurewa Clean x 3	
-Green space x 2	
-Greenway	
-Pick up rubbish -Bush walks	
Mental health and the impacts of climate change	
-Beauty and care	
-Picnic areas -Remove tagging	
-Pest eradication	
	1

Places		
- Keep all our existing community services/events		
-Keep community facilities x3		
-Maintain the pavements		
- Upgrade infrastructure/drains		
-Maintain Parks		
-Decent shops in the mall and clean shopping area		
-Keep maintence up x3		
- Support initiatives in our places to improve them -Dont cut funding to our places		
-Good efficient transport is not in place. Keep spaces, facilities and activities local so they can be easily accesed		
-3000 efficient transport is not in place. Keep spaces, facilities and activities local so they can be easily accessed

Comment		
Prioritise public transport in the South especially Clendon		
Maybe smaller buses eg. Don't cut the 366 bus make it a smaller bus.		
Please improve our train service, cancellations make it difficult.		
Q7 What else is important to you?		10
The feedback was clear and strong. Community had already seen too many cuts and enough is enough. Raise the rates and keep		
the services. Strong support for Nathan Homestead programming and centre.

You should include further information to this point			1
Waste management/illegal dumping is already a major issue - increases would not help this at all.			
Q7 What else is important to you?			2
Your consultation document (of 189 pages) can be quite confusing nd not really aligning to the consultation form we have to fi	II		2
out.

Our Rewa Our World	Mar 25 23		34

Proceed with the proposed reductions	2
Do not proceed with some reductions and instead further increase rates and/or debt	5
Do not proceed with any reductions and instead further increase rates and/or debt	26
Other	1
Q1 Comments	1
Might Save money now - but the long term implications reductions in these areas could cause more issues that the council	1
wouldn't be able to afford to address and could become a national problem where our community doesn't get the help we need	4
Policy to introduce increased rates in certain areas.certain income bracket?	'-
r oncy to introduce increased rates in certain areas.certain income bracket:	+
Q2 AIAL Shareholding Policy	28
Enable a partial sale of our shares, maintaining a 10 per cent shareholding in AIAL (reducing our interest costs by around \$40	6
million per year), and further increase rates and/or debt	
Don't change the policy, keep all our shares and further increase rates and/or debt	21
Other	1
Q2 Comments	1
We need to source savings from somewhere right? Maintaining 10% and selling 8% would hopefully offset/reduce some of the	1
	1
Q3 Managing rates and debt	22
Proceed with the proposed increases to rates (4.66 per cent overall for the average value residential property) and debt (up to	12
\$75 million of additional debt)	
Set a higher general rates increase	7
Set a higher general rates increase and make less use of debt	3
O4 Storm response	26
Q4 Storm response	26
Proceed with the proposal to increase our operating budget by around \$20 million each year	24
Other	1
I don't know	1
Manurewa priorities	51
I support all priorities	25
I support most priorities	22
I do not support most priorities	2
I do not support any priorities	2
7,7	
Tell us why	1
All the priorities are detremental to the ongoing support to helping local whanau. Manurewa is a hot spot & holds the highest	
stats of hard to reach Whanau. The effect will be very noticable	1
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which	
are most important to you?)(Select up to three)	289
Reduction in service levels for community centres and arts centres (Nathan Homestead)	24
Potential closure of local facilities	21
Open space low / no mow areas	12
Community lease charges	10
Local community grants	17
Local community events	48
Community programme delivery	23
Environmental programme volunteers	10
Youth programmes	17
Parks activations	29
Environmental restoration and pest control programmes	19
Protection and restoration of local waterways, environmental education, community climate action and sustainability	31
Local waste minimisation activities	18
Local economic initiatives	5
Other	5
Tall us why those are most important to you	
Tell us why these are most important to you	5

Community		
Be better humans take care of dogs on death row		
Keep community events that encourage retraining of our cultures		
More cuktural events and dances		
Arts and community projects		
Hope in the future things will get as it shown		
Need more dance		
We need to save our community from these cuts, our art resourcing, support our people, our rangatahi and tamariki to thrive		
Dont leave LGNZ		
More events, nike days, dirts bikes		
Keep things cheap and affordable		
Keep funding going for the Maori and Pacific community		
have some more food options		
We exercise on the cafe floor at Skes road, Aquatic centre, absolute crap, staff best but facility shit.		1
People		_
Focus on team you crime, big issue		
Mental health support x 3		
Youth activating and elderley support		
Keep funding that supports homelessness		
Free addmission to all pools		
Youth, when you stop funding our rangatahi and stop supporting them to encourage postivity with the community things like		
youth crime go up		
More youth activities and projects for our youth		
Peace		
Keep investing in our young people		
Life skills courses are free - Targeted youth age groups		
Don't cut community funding and grants		1
Economy		
Manage our debt better x 2		
Don't decrease rates		
Don't sell airport shares x 2		
Stop taxing fruit and veggies		
Increase the minimum wage to the same as the living wage		
GST of fruit and veg		
Sell or lease golf courses		
Reduce spending		
Stop minimum wage for everyone		
Education funding		1
Environment		
Keep the services that care for our environment		
Picking up the rubbish		
Cleaning up the waterways		
Tidy Kiwi		
Puanga Mana		
Regular Maintenance of all parks and researves		
Tidy up our streets		
Stop rubbish dumping in ur parks		
Puhini stream clean up		
Clean up all the dumping		
If the environment is clean and tidy its much safer and cleaner for our younger generation		
Clean streets		
Have pools		1
Places		
Ban life chained of animals, dogs		
A better playground		
Playground at Palmers landing		
Cleaner Manurewa town		
More facilities for dog parks, rules to ban owners putting dogs on chains longterm		
family home renovation help, many homes in Manurewa in disrepair		
fitness centre at Sykes road. Where are the plans? Where is the money?		
Fitness centre please - Syes road at Aquatic centre		
Change the speed limits back to 50KM - scrap 30Km limits.		1
Change the specu limits back to Jokivi - scrap Jokin limits.		1

it is our responsibility		
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which		
are most important to you?)(Select up to three)		
Potential closure of local facilities		
Open space low / no mow areas		
Local community grants		
Local community events		
Youth programmes		
Parks activations		
Environmental restoration and pest control programmes		
Protection and restoration of local waterways, environmental education, community climate action and sustainability		
Local waste minimisation activities		
2000 Waste Hillimisation detinates		
Tell us why these are most important to you	+	
These were comments below under themes regarding what should the local board focus on in the next three years.	+	
Community		
To minimise the criminals and roberie, prioritise our elderley and our young. Education on changing attitudes.		
- Minimise house robberies		
- Pet controls		
- beggars		
People		
- Better housing inititiaves		
- Homelessness		
Environment		
- agging		
- Clean up parks and streams		
Places		
- Make sure the places are more clean		
- More medical centres		
Manurewa & Papakura have the highest rate for youth crime. Why? Drunk, poverty homes & useless parents. Give our Youth a		
better recreation, trades etc.		
Waste Management: Cost Change

Q1 Operating spending reductions		59
Proceed with the proposed reductions		3
Do not proceed with some reductions and instead further increase rates and/or debt		12
Do not proceed with any reductions and instead further increase rates and/or debt		44
Q1 Comments		24
Do not support cutting back on community programmes or library hours		1
Please sell off the golf courses and raise funds from that. Council should have consulted on this assets		1
The Mayor should lead by example and take a pay cut		1
Ask support from corporate groups like banks and super markets. They can invest into local communities - partnership		1
Review events and programmes which isn't effective in the local area. Keep the libraries and pool open		1
You can't close the pools - we pay targeted rates for these in Otara.		1
I agree that we should close the ECE centres run by Council as it's a Govt and private sector responsibility Leasing model needs to be reviewed. Apply corporate lens to it for efficiencies		1
Tataki Auckland leads to local tourism as well as regional visitors. Keep funding for Pasifika festival		1
Retain community grants.		1
Tangaroa College - we used public transport to travel to school. Instead of increasing Bus fares, offer incentives. We can	†	1
encourage our families to use public transport too, especially for school events, bigger Pacific sports events etc]
We would like to advocate for keeping the funding for community programmes like language week. Its important to build on the	:	1
work that already started around celebrating diversity		
Support cutting back on ECE as we are competing with other providers in this space. This doesn't seem to be core Council		1
business. Let's focus on rates and libraries, pools etc		
where does staff salaries fit into the operating cost reduction. Need clear indication of that in this consultation		1
Suggest Mayor and Deputy Mayor lead by example and take reduction in salary to contribute towards savings		1
Sale golf courses and invest locally Consider colling parks and facilities which have very low usage. Partner with other local heard areas to share office and spaces.		1
Consider selling parks and facilities which have very low usage. Partner with other local board areas to share office and spaces for staff. Keep the community centre and pools in local areas, especially Otara as we don't have means for transport to travel		1
Our recommendation is to keep the community programmes. You can start cutting back on programmes which don't have high		1
usage. Reduce the community grants to two per year and encourage partnership with corporate and other foundations to fund		1
bigger events, which celebrates our culture, language and heritage.		
Kids education shouldn't be an area of reduction. Keep the library programmes		1
Do not reduce funding for polyfest		1
Do not reduce funding for CAB. Work with them for other funding options. When they have secured that, then reduce your		1
We are CAB volunteers and strongly advocate for retention of funding. We serve locals who have language needs. These locals		1
are often needing further referrals to social services, assistance with completing forms and representation to other agencies on		
Lease changes - as a community group who uses council facility, I would like to have a conversation about the increase in lease		1
chargers and how that will impact our delivery on the ground. Hope the rent will not be too high for us. We pay rent through grants anyway. If it is too high, we might need to shut the programme		
Facilities grant - no cutting back on contestable and facilities Grant. We at Kolmar get around \$175,000 and around \$25,000 to		1
Ngati Otara. If this is cut back, there will be critical impact on our members, esp. children		-
Q2 AIAL Shareholding Policy		го
Proceed with the proposal to enable the sale of all our shares in AIAL and use the proceeds to reduce debt and therefore annua		58
interest costs by around \$87 million per year]
Don't change the policy, keep all our shares and further increase rates and/or debt		51
I don't know		2
Q2 Comments		7
We need to keep the airport shares for future investment, suggest Council up their borrowing to meet the budget gap.		1
do not sell the airport shares to foreign investors		1
do not sell the shares, there is nothing left in council investment to off set that		1
support borrowing more and paying higher rates		1
Keep the shares		1
pay off the interest on loans from the dividends.	1	1
please explore selling off other assests such as old buildings which aren't fit for purpose. Locally, the Papatoetoe town hall is so old and most of the time, under used. The gym city space too needs to be sold. We have low usage parks, which could be sold.		1
Q3 Managing rates and debt		22
Set a higher general rates increase Make greater use of debt	1	8
Set a lower general rates increase and make greater use of debt	1	1
	+	9

Usupport increasing overall rate to at least 8%. If this will result in off setting the cost for other reductions such as community programmes, then as a rate payer, I am willing to do that. Increase rates to higher percentage so we can have things which are important to us such as having our libraries open, supporting planting of trees, and cutting the grass on time so we can use the playground and sports fields From a community group perspective, we pay rates on the building we own and we are willing to pay a little higher as we charge our members a fee. Need to explore revenue model for Council. Although you are a public service agency, you need to build in some corporate insight, so the profit you make is reinvested appropriately. Introduce a toll for all people using the harbour bridge, that income should go towards paying off some of the debt and interest	10 1 1

insight, so the profit you make is reinvested appropriately.	
	1
introduce a ton for an people asing the narboar bridge, that meome should go towards paying on some or the debt and interest	1
rate that Council has	-
Bring in a levy for travellers who pass the Auckland Airport. This should come to council for payment for the use of infrastructure	
such as road, storm water pipes and all other amenities	
suggest Mayor volunteers to give up his salary towards debt repayment	1
Sell the golf courses	1
support the idea of Auckland Harbour bridge toll shared by another group	1
Fully support the idea of income generation through new levy charged to travellers, which comes to Auckland only	1
04.64	
Q4 Storm response	46
Proceed with the proposal to increase our operating budget by around \$20 million each year	41
I don't know	5
Q4 Comments	
we need to increase our planning and integration tools around climate impact and assessment. The rates increase of 1% for this	6
isn't enough action. From what we saw during the floods, not all local areas had an action plan for emergency. As Council, this is	1
Will this 1% increase come towards the libraries and Community centres who become the information hub and recovery centres	
in times of eminency?	-
Please invest into sirens for local communities, which could be activated when something happens, like fire or flooding. At least	1
we will know that we need to action something	
Best use our libraries as point of contact when disaster happens. It is a widely known space, people already use it, there are	1
multilingual staff available as well.	
Review the flood plains in Auckland and housing growth. Need qualified staff to go through these details with iwi as well, we	1
have the local knowledge	
why build high rises social housing. We need better intergrated planning for healthier neighbourhood	1
Ōtara-Papatoetoe priorities	
I support all priorities	45
I support most priorities	5
Tell us why	5
Explore initiatives and actions raised through the safety networks to improve safety in our town centres and neighbourhoods.	1
Invest in closing the digital divide by supporting community groups to upskill all residents with technology to enable work,	1
schooling, and connection. Fund programmes aimed at upskilling our residents, particularly youth, for emerging sectors.	1
Continue to improve our sports fields and facilities to encourage active participation and access to sports and athletic activities	
for organised and informal use.	1
Continue to support environmental activities and initiatives, including community-led activities, to respond to climate change,	
reducing waste and protecting our environment.	1
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which	-
are most important to you?)(Select up to three) Local grants e.g. Community Grants programme and contestable grants	21
Community programme delivery e.g. community activations and placemaking	
Library opening hours and services	3
Community lease charges	1

Cuts undermine community and what they can deliver			1
Māori communities are always impacted harder by budget cuts – will impact Māori services, jobs, and businesses			1
•When budget cuts come either services go, or jobs get cut unless you			1
oFind new money (main focus)			
oRedirect what you have from one place to another			
oTake money from walls of facilities and put it into people			
Equity - stuck in a funding formula where areas which have more facilities/assets get more of the funding. Need to relook how			1
Support homelessness and vulnerable people in our communities			1
LBs have a responsibility to community – funding belongs to community			1
Maintain community grants to support grassroots initiatives such as arts and culture			1
Maintain social services – "if service is beneath you, then leadership is beyond you" (wisdom from a kuia)			1
Cutting funding to LBs guts our grassroots mahi and areas such as Henderson-Massey where we have higher % of Māori, pacific,			1
youth and ethnic communities who will be impacted the most. Priorities include - leisure, programmes, group fitness, outdoor			
experiences, climate change initiatives, funding to community centres (hubs and houses), halls and libraries, CABs, youth			
centres, local events, cultural events, enlivening town centres.			
Arts culture and heritage is vital – it's a space where Māori get to be Māori and have the opportunity to get in touch with their			1
Ta Ao Māori side through local events, parks and facilities that promote te reo Māori and tikanga Māori. If we cut funding, where			
do our Māori artists go? Invest more in Māori culture and te reo programmes. Fund grass roots innovation, it's where we get to			
test and perfect our approaches. Keep investment in community – will Māori responsiveness in each LB area be impacted?			
Find alternative strategies. No one should be left behind			1
i ind anternative strategies. No one should be left benind			
OT What also is immediately used			_
Q7 What else is important to you?			8
Consistent underspend on Māori objectives			1
Māori lens not put over budget to meet treaty obligations			1
Be more sustainable with our putea – long term sustainability is the goal			1
Māori most susceptible to the negative impacts of climate change but hold many of the solutions. Not funding climate change			1
prevents Māori involvement in solutions			
Invest in innovation – future value. Listen to next generation and our rangatahi			1
Our dreams and hopes are in our moko/grandchildren			1
Give priority to Marae - long term sustainability, marae need to be factored into the budget. Marae central to environmental/			1
community crisis (eg Covid) responses – continue to take on the burden of supporting community through environmental and			
other challenges without being adequately funded. Basis of Marae is Mana Motuhake and Tino Rangatiratanga – central to			
Maoridom. Manaakitanga is the pure basis for the services Māori provide through Marae. But it needs to be well funded.			
Engagement should be guided by the tenants of the treaty – Māori asked to make submissions in a system that is not their own.			1
How do we find a system that accommodates both treaty partners and not just one?

The LGA (Amendment Act) to provide social, economic, enivornmental and cultural wellbeing - cuts to CAB will affect those	1
requirements	
Costings, social value CAR delivers is \$12.20 for every dellar for delivering the socials. Most CAR funding comes from control	
Costings -social value CAB delivers is \$13.20 for every dollar for delivering the services. Most CAB funding comes from central Outraged and angry about the Local Board cuts proposed. Council have huge projects that we have to pay for.	1
boundaged and angry about the zood bound edic proposed. Council have have no pay for	1
CAB is doing things council should be doing, people are referred to us from welfare and police. Tourism information bureau,	
Tourist ships are now in our harbour. 25-40 queries per day. 22 volunteers to cover 5.5 days they are open. 0800 from	
throughout the region during covid - picked up locally	
National and next control council and sout should be deign the meeting and next year to get any grants?	
Volunteers and pest control - council and govt should be doing themselves - and now you want to cut our grants?	
A lot of the services the local board provides - eg art gallery and tracks, environment etc, support Auckland people who come to	
visit. Why should we be paying disproportionately	
Feel outraged and sense of helplessness about proposed loss of funding for Local Board projects	1
Hands off CAB	
Hands off things that supports familities, puts food on tables	
Hands off things that supports familities, puts food on tables.	
Tell Wayne Brown we are outraged.	
We want visibility of the rest of the council budget to provide feedback on	1
CAD provides an absolutely essential service for areas that aren't covered on the island, mental health, welfare, legal, foreign	
nationals - we've already battled this previously! Please can we not deal with this again.	
Where does the budget from any asset sale go? No visibility	
If there is inequity of Local Board funding cuts - we should be looking at the same per head costs averaged across the region	
Why are we proceeding with a rat pilot on the island. Just do the work. Pilot for who / what? Look at Te Korowai carefully.	
Protection of biodiversity is very unbalanced and we should be looking at some of these big environmental projects also, not just	
protected in some way Don't just cut CAB - look at all similar services	
Mother and apple pie consultants - would find this saving	
Discretionary allocation for Waiheke is unfair	
Feeling torn - having to choose between great community groups. Cant we look at the per capital cost rather than things we	
have to cut. Pitching against other community groups is awful	
More transparency and more accountability at a region levels rather than focusing on local board budget	
Funding of art galleries is not fair across the region. Cannot have any more cuts or pressure local board to fund the gallery	1
Lack of transparency about arts funding	
At risk not able to run Sculpture on the Gult - 45000 visitors - if funding is cut	
Waiheke priorities	1
I support most priorities	1
Tell us why	1
Matiatia - no one wants to pay for the project. Myabe we just focus on cycling and walking	1
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which	
are most important to you?)(Select up to three)	9
Local community events Community greats programme	1
Community grants programme Environmental programmes and volunteers	1 2
Environmental contestable grants and pest control	1
Other	4
Tell us why these are most important to you	5
CAB feels similarly to other community groups, shouldn't be a zero option	1
All the volunteer groups, animal control and pest control, all the work council should be doing	1
Provide basic needs, enviornmental needs and sporting needs	1

Grants are really important, many groups rely on grants to make ends meet			
Can we redirect Matiatia funding to housing. We have a housing strategy can we act on this			
Two blocks of land they are looking at selling. Advocacy to see how Kianga ora housing can be extended.			
COVID 19 - saw how groups looking after communities - Kai conscious, WRT - community is not the place to cut			
As things are being parked can't we continue in rat management			
If we're looking at funding for environmental areas look at it evenly, not just one and all others miss out. Expected do to the			
same thing - but up against new large organisations			
Advocacy for housing Weeds getting out of control - how is the weed and mowing contract set. Flowers in roundabouts - when moth plant is			1
Representing culture and the art gallery. Support a lot of the community - receives an operating grant of \$10k and pay \$12k op			
costs many other galleries get much more funding			
We don't get many donations for gallery - cap in hand always. Without these discretionary budget wouldn't have matariki,			
waitangi show - and others. We have twice as many visiters as parakura			
Without funding we will have to close. The mental health impacts of closing galleries will have an affect on community wellbeing	,		1
Q7 What else is important to you?			1
Waiheke Local Board			1
Matiatia - no one wants to pay for the project. Myabe we just focus on cycling and walking			_

Q1 Operating spending reductions			17
Proceed with the proposed reductions			2
Do not proceed with some reductions and instead further increase rates and/or debt			1
Do not proceed with any reductions and instead further increase rates and/or debt			14
Q1 Comments			13
Put community first - not cuts to community programme of locla board plan funding			1
Concerned about short-term, narrow thinking – thriving communities = thriving region which means businesses. Against			1
defunding Citizens Advice Bureau and cuts being planned for events. Social and economic benefits to running events. Local			
board level discretionary funds – keep community services going acknowledging that fees may need to be increased			4
Community funding – involved in 7/8 west Auckland community organisations which receive funding from AC to survive. Local arts and events – heart and soul of community participation.			1
Community leases / lease fees – will add more stress to struggling community groups.			
Cuts to Citizen Advice Bureaus – valuable service.			
Tataki Auckland Unlimited – art galleries, stadiums, zoo 'life being sucked out of Auckland' ensuring community and family			
connectedness.			
Vulnerable groups e.g. homeless individuals			
Proposed budget cuts are all to community activity and environmental wellbeing – these are at the heart of the community.			1
Framed to make ratepayers pay more for less.			
Proposed cuts will damage community spirit.			1
Funding to community grants cut then this will affect funding for emergencies.			
Proposed budget cuts will tear down community spirit when Auckland needs it the most.			
Environmental protection – erosion and weed control on ground stability. How to protect own houses and forest around?			
Strongly support NETR collection and to prioritise isolated WRs communities.			
Current receive \$2000 grant for library - \$3000 for hall and do own fund raising. Small amount but makes a huge difference. Combined with rent is over \$10000 difference which could push them into insolvency.			
Already a battle to find funding. Not cuts to community			1
Budget cuts will impact work we do, and we already utilise the effrots of volunteers	1		1
badget cats will impact work we do, and we already delibe the cirrots of volunteers			_
Keep funding to local boards. Must fund he have to haves!			1
No budget cuts. Education / workshops already exist on a 'shoestring' budget.			1
Advocating for CAB – 32 branches and CAB operating for 50 years; 900 volunteers.			1
AC funds CAB with \$2m annually.			
Talked to range of services including counselling, employment etc.			
Multiplier affect organisation.			
Requesting support in budget submissions and want to say no reductions to current funding and no removal of all funding. Once			
removed won't return.	1		
Advocating for continuing investment in community organisations who do so much with so little, why take the little we have?			1
Opposing cutting of regional services, and contestable grants			1
CABs have proven their worth over 50 years. Public accountability is an everyday expectation, not just a 3 yearly one as some	1		1
politicians thought back then. Community Funding is the life blood of much that happens anywhere in Auckland. It is always			
vulnerable because some say it is not a core service like roads and rubbish! No, it is not. But it is genuinely part of the critical

Responses Q1 Operating spending reductions		Count	
AT Obergring shelling reductions			5
Do not proceed with some reductions and instead further increase rates and/or debt			5
			Ť
Q1 Comments			5
Do not support cuts to Arts and Community funding for Ellen Melville - this provides safe spaces for youth. Concerned about cut	S		1
to Music in Park and community events. Arts and environmental groups will suffer			
Advocate to stop cuts to TAU - will have implications to Gallery. Also advocate to stop cuts to LB arts budgets			1
Climate emergency - greatest issues of our time. Urge Council to prioritise initiatives that address carbon. Budget needs to be			1
considered through a climate lens. Believe that if initiatives don't contribute to climate impacts - should be cut			
Do not cut regional grants, TAU funding, LB funding. Consider higher rates increase and debt			1
Should be no cuts to community services, CAB, programmes etc - even the LB			1
Waitematā priorities			1
I support most priorities			1
If funding for local board activities is reduced, which three of our services do you not want to reduce funding for? (i.e. which			
are most important to you?)(Select up to three)			6
Protection and restoration of local waterway e.g. Te Wai Ōrea lake and wetland			4
Environmental restoration and pest control e.g. Waipapa Stream	1		1
Identify additional no / low mow areas in parks and reserves	†		1
Tell us why these are most important to you			4
Waipapa Valley - Given \$15k per annum to daylight stream and revegetation - please do not stop this funding - Please increase			1
Support - water quality			1
Concerns about reducing environment and pest control, waipapa stream restoration, low carbon lifestyles, te wai orea,			1
Support - areas for low/no mow, water quality			1
Q7 What else is important to you?			8
Get rid of LBs - paid part time to do a full time role			1
Prioritise arts, sports - healthy communities, Support but need to select who we fund - need to demonstrate their merits.			1
Shouldn't fund operational budgets for community groups			
Expect art gallery to seek commercial - and self funding			1
Events need to be self funded - happy to pay entrance fee for park events Need to be pragmatic about cycle lanes - underutilised. Need to ask non-cyclists why they don't cycle. 20% of population is			1
disabled or cannot ride a bike. Should refocus cycleway budgets on other transport options such as public transport and bus			1
Suggest that large commercial entities should pay more in rates

Q1 Operating spending reductions			12
Do not proceed with any reductions and instead further increase rates and/or debt			12
Q1 Comments			9
CABs			1
•Stress effects of funding cuts on CABs – 90% funded by council – without continuation, all CABs cannot continue. Volunteers			
specially trained to provide service would dispel and would be hard to rebuild should service be regenerated.			
Difficult to find reliable alternative funders			
•Important role of supporting community that would not be replaced with cessation of service.			
• Auckland Council obligation to support social wellbeing of Auckland's communities – removal of service = failure of obligation			
•Increased lease also unaffordable by CABs			
HUBS AND HOUSES			1
•Why is council coming after community deliveries? The consequences of disestablishing social community provision would be			
harmful to people and would have far-reaching impacts on the community. Especially in the lower demographic areas, of which			
there are several in Whau. Cessation of services provided in houses and hubs would mean loss of expertise and networks –			
difficult to rebuild/ recapture			
• Epic performance by hubs and houses in storm response – community acting for the community. Value proven – volunteers			
backbone of community; on spot to act for own communities – ie value in vested interest in neighbourhoods' wellbeing; need			
support from council to enable this to continue			
•Will the funding agreements in place be honoured to the end of tenure? (responded yes) Important that council recognises the importance of provision of social, community, environmental wellbeing			1
Inequity in funding of boards. How can council justify minimal funding to areas of greatest need?			1
Find other sources of income. Parking on streets?			1
Lack of equiry across the local board, if we are a supercity			1
Look after the people first. What's the use in council if we cut community funding?			1
Put people first - use the oney wisely - big picture.			1
We need courageous leadership to pay what needs to be delivered			1
Q2 AIAL Shareholding Policy			5
<u> </u>			
Don't change the policy, keep all our shares and further increase rates and/or debt			5
O2 Commonts			
Q2 Comments			3
Don't sell a winner			1
Dividends income will increase with airport developments			1
Auckland airport is the entry and exit of N2 to the world. Drops usually follow peaks.			1
Q3 Managing rates and debt			6
Set a higher general rates increase			3
Make greater use of debt			3
O3 Commonts			1

We want more equity	1
Waste Management: Cost Change	5
Support	2
Do not support	3
Waste Management: One-off fee for bin change	3
Support	3
Waste Management: Extend Food scraps targeted rate	3
Support	3
Q7 What else is important to you?	3
Americas Cup / Casinos etc. Is it possible to claw back some of the support that Auckland ratepayers have provided to such mega drives in past. Can they put something back for Auckland?	1
Golf Courses – selling these off should be part of conversation for future of Auckland	1
Would be nice to have a swimming pool to serve Whau and neighbouring areas – currently no service provision.	1
