Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

bad traffic, busy roads, costly public transports, jammed motorways, limited parkings, never ended road works

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

this will make economy even worse!

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

whole Auckland should have same standard

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

infrastructure is the most important!

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Grants, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Little mention of Pukekohe/ Franklin and the protecting of the rich soils for food production we are losing to housing., This warrants some investment in to make sure we have a plan as once we have lost this land, it is lost for all time

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

The rate payer cant be the only funder of this work and if the visitors need to pay a little towards it, so be it. It happens all around the world and we need to protect the ratepayer as much as possible

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

The utilisation of bus routes in Franklin need reviewing- as do the inability to catch the bus on rural routes as there are no bus stops but the buses go right past the houses. Fully support the work to decrease the impact road works are having on the traveller. Not looking forward to Drury to Puke road works..... Major inconvenience again.. we have had nothing but inconvenience since 2016!

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Of course visitors should pay for the accommodation and the activities they attend. User pays.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Let people buy their bags for their rubbish if it pays for the complete disposal of the waste

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I think bike lanes are a total waste of money, bikers contribute nothing to maintain them or build them, should be a toll if built. Trees are okay but not around concrete footpaths, need to think where you plant for how long the life of the tree is and underground damage caused by root system.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

No woke govt. programs, do what is a priority, nothing is more wasteful than Paths for bikes that don't pay for any of the infrastructure and don't obey any laws while riding.

Question 5: Other feedback

need to see more detail

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

better tourist pay than residents.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Refuse Targeted Rate to residential and lifestyle properties in Franklin - I live on Middleton road Hunua. The road is a dead end 2KM long and we get 4 rubbish trucks a week. 2 for the papakura end and 2 for the franklin end. Huge waste of resources when only need 2 for the whole road.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)**Takanini Business Improvement District (BID)**

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

waist of money

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Get rid of the stupid 30KMH speed limit in Auckland CBD. No one follows that speed limit and just makes cops pockets richer.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

It is also need to support the rural community like a bridge from Waiuku to Manukau Harbour which will bring businesses to Waiuku if developed. It has been decayed that this programmed was not included in the annual plan.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

will bring income to the community.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

this proposal will improve hopefully the sewer discharge in south auckland instead of going straight to the sea.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Manurewa, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Development in south auckland is full blass at the moment that the infrastructure cant cope up that is why we need to prioritise this development in the area.

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Fairly important

Improving sports fields including maintenance, sand-carpeting and lighting

Fairly important

Identifying ways to support the council's response to roaming dogs

Very important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Very important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Very important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Fairly important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Fairly important

Scaling up the work being delivered to achieve environmental outcomes

Fairly important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Fairly important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Fairly important

Tell us why (please be clear which priority you are talking about)

We need more project for more work in our community.

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

Yes

Tell us why

There are a lot of dogs roaming. hopefully this will ease the problem..

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Local waste minimisation activities,Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

takanini business needs to improve as it is scattered

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Please provide streetlighting along Glenbrook Waiuku Road as there are a few accidents already that happened at night and during winter. we do not want to lose more lives before we do this work.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

You need to trim the fat..focus on core responsibilities..5.8% rise is way above inflation, no acceptable especially when you live in the country and use next to nothing

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Anything to lessen the burden on ratepayers is a bonus..we already forced to pay for your stupid ideas

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Keep as is...we have minimal rubbish so pay minimal with bag purchases..bringing in a rate handicaps those who reduce waste

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Reduce costs..take the burden off ratepayers

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Stop co cogovernance and all rasict policies..focus on what you need to focus on...reduce costs and definitely cut back on staff and consultants

Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

There is not enough focus on ESSENTIAL services or to put it another way CORE services rather than the NICE TO HAVES

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

In principle the bed night levy may seem to be a great idea but may be seen as a penalty by visitors to our city especially if they do not see a particular event as exciting or dynamic because we think it is.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I object to TARGETED RATES when there is no benefit to all ratepayers YET FAVOURS Special Interest Groups. A fairer system would be on a USER PAY basis for example fairs or cycle trails

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin,Rodney

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I oppose targetted rates which benefit small or selected groups if the community. Special interest groups should fund their own activities. Rates paid by property owners only (not tenants) deserve money spent on core services not feel good or nice to have projects.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Paths programs have limited use and are less essential than other priorities such as roading, sewage disposal drainage but let's be clear trails and cycleways are not as important as communityroadside FOOTPATHS

. Support most

Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Some of this sounds like the job of a social welfare department rather than meeting the needs of the majority ie items that affect most ratepayers.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Improving services for all communities by enhancing libraries art and youth programmes

Less important

Promote physical activity and recreation by increasing play opportunities in more locations

Less important

Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Very important

Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Fairly important

Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Less important

Prepare and review plans for reserves to identify gaps to meet community needs

Fairly important

Improve the safety of our community and environment through increased education, monitoring and compliance.

Very important

Tell us why (please be clear which priority you are talking about)

The basic issue is that we are bombarded by local and Central Govt with rules, regulation, laws etc but compliance is almost totally non existent eg alcohol consumption, rubbish left, anti social behaviour in public places just to name a few

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

As for Tupuna Maunga O.P. I believe these reserves should be made more accessible to everyone including aged and disabled persons.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Too many council bludgers being paid for by us rate payers. We are the forgotten suburb out here in Franklin.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

We don't need the services you want to pay for. What a waste of time and money

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Just pay for bags as you need them. You would rip us off for the fee to waste management and they would put the cost up when ever they liked. I'm going to start dumping my trailer load of rubbish on the side of the road because of the cost going to the dump! Thievery@

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Why do we pay so much to get rid of rubbish and green waste?? Don't you realise that is why it is dumped on the roadside!! It should be subsidised. It's ***** too expensive!!

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Please include Waiau Pa in anything you are doing. We are a forgotten suburb!

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The Auckland council is a top heavy ivory tower. No person on it represents Waiau Pa. Get out and see us you useless bunch of bigots. You are out of touch with your constituents. What a bunch of money hungry money spending freaks.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

My husband and I believe it should be user pays with some services offered by the council. In particular (1) public transport - I drive 5 minutes in a personal vehicle to and from work and husband has a work vehicle. We would use the train maybe once a year and do not use the bus at all. (2) rubbish collection - we, like many other ratepayers have additional resources in our home

for recycling. We have never had a use for the food scrap bin delivered by the council, but we have probably paid to have this bin. We recycle all our food scraps at home. We would put out a rubbish bag maybe once a month or longer and take all our aluminum and stainless steel to a local scrap dealer meaning our recycling bin is put out once a month too generally.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

If a levy of up to 3 per cent would raise \$27m per year, perhaps that levy could be reduced to half that as it would still bring in finance to help support major events etc. If those putting on events that charge an entry/ticket cost, the levy could end up costing those that attend those events more, so it's not really a win/win situation for anyone... user would pay again, as is usually the case.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Changing the current system from rubbish bags to weekly bins, would mean those people like us who only put out rubbish once a month or longer will be penalised and have to pay when we haven't any rubbish to be collected.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

In the annual plan for Franklin, there are 4 different areas noted and in this additional question for feedback, there are 6 points to consider. As a ratepayer, I would want a better breakdown that would show how much each key point or activity requires. This extra funding asked for is no doubt going to mean a raise in the rates we pay. There are some areas where funding is asked for that would not benefit me as not all of the services that the local council provide are applicable to me, but that would be the same for everyone.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

I am quite concerned about the areas of 'green' being removed to make way for more housing, so I strongly support the planting of more trees to counteract other green spaces being bulldozed down. I work at a preschool which has caring for papatuanuku as part of it's philosophy, We regularly visit the local Paerata Reserve, so the water and natural environment is of concern for us as well as appreciating the experiences it provides for families in the area.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I support all initiatives that help encourage more walking, cycling and use of public transport throughout the region.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

These sort of taxes are applied in lots of other parts of the world

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

The AT \$50 public transport cap doesn't apply to the outer ferries and these outer fees have been hiked yet again (having already been lifted twice recently). It would be great to keep this service more affordable so we can enjoy the same benefits as other Aucklanders

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Love the pedestrianized spaces in Commercial Bay, Queens Street and the Auckland waterfront. Looking forward to seeing Auckland become more connected with the completion of the CRL and Eastern Busway. Please don't be pressured to stop these great public transport initiatives - we need them more than ever! They make roads safer for our kids, safer for cyclists of all ages, better for our health, better for our wallets and better for our environment.

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Auckland is already an expensive destination. I don't believe we should be marketing the city when you aren't even managing more basic core functions of the Council.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Having a separate tag makes no sense - it adds more waste, and is painful to administer and use. Just have the general fee included in the rates.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Howick

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

As you allow (encourage) intensification, you MUST prioritise green spaces and recreational areas within these communities. children can no longer play at home - there is often no grass or safe driveway space to allow them outside - so the community facilities are even more important.

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Fairly important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Less important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Less important

Investigate options to provide a dump station at Half Moon Bay

Less important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Less important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Fairly important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Fairly important

Tell us why (please be clear which priority you are talking about)

As previously stated, priority should be given to community leisure and recreational facilities. We are all concerned with the quality of waterways - however council have a huge part to play in ensuring our beaches and waterways are not polluted.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Sports and park activation activities, Local water quality activities

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

It's better if you can keep the rates as it is or if needed increase it by a small amount. If possible please decrease the rates of the water.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

It's better to have bin tags for all the bins. Rubbish recycling and food scraps as people tend to throw less garbage as they need to pay for the tags. Most people have the rubbish bins ready for collection fortnightly as they need to have the tags. Please have the tags for all the bins for all the areas. To the whole country. Not specifically for some areas.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking

to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

PLanting more trees is always a good thing, but advertise it better. Upgrade the Franklin pool and lesuire centre so we can start attracting games for Netball / Tall Blacks / tall Ferns and Breakers games. The pool is to small and the sanua change room area is a disgrace. Thier needs to be more wheelchair access to the main court arena and more bathrooms facitlies for them. Its about time you blew the back wall out, made some new and updated change rooms for sports teams and added more stadium seating, fix the air con and maybe give the inside ceiling a clean for a change.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Manurewa

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Fairly important

Improving sports fields including maintenance, sand-carpeting and lighting

Fairly important

Identifying ways to support the council's response to roaming dogs

Fairly important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Less important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Very important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Very important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Less important

Scaling up the work being delivered to achieve environmental outcomes

Less important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Less important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Very important

Tell us why (please be clear which priority you are talking about)

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

No

Tell us why

Free range dog parks with dogs under control at all times is the owners responsibility. If you have a fenced area the owner will feel less responsible for their dogs behaviour and you will end up with cage fighting .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I don't agree with targeted rate for climate action transport rate CATTR which just becomes a slush fund.. it should be abolished. Better to propose and fund specific projects directly. The share of rates paid by businesses is exorbitant and should be reduced

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Do not support most

Tell us why

Why would you be trying to invest somewhere else when you were voting to sell the airport shares. The airport isn't going anywhere anytime soon and it brings in good money to the council. P

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Most other countries are already doing this, we should follow.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Funny how you have a comment section on each of the above except for the waste management proposal! Look I don't support it as me and my family do not produce much rubbish and the bin will most likely be mostly empty every week. I save money by buying the bags.. when I was working for Enviowaste 20 years ago we proposed to the then council and government to allow us to build a plasma burner which would turn the waste into charr which would have reduced the amount of waste going to landfill by thousands of tons per year. The cost of building it was 1million a new landfill I'm not sure but probably in the 10s of millions if not more. Go figure. Stop wasting our hard earn money.

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Pathways and walk ways and cycle ways all contribute to better health and well being in the community and creTs spaces where local communities can intermingle.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I dearly hope that the local council members and workers will not be getting a pay rise as Noone I know has had a pay rise in 2 + years. If we are to save money this is a good spot to start. Whichever mayor introduces a wage freeze for the next 2 years would get my vote. Also stop slowing down the process for build consents cut the red tape and make it easier and more efficient. Charge more to the developer when building large development so they can subsidies waste water and roads and allow small developers like mum and dad's trying to build 1 house do so easily and cheaper.

Tell us why

The council should have no part in Kiangaora state housing, that's government funded and looked after. also the left wing areas of culture division.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

makes sense

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

stop wasting money on arts and culture stuff and work with priority things like roads and transport as well as maintaining grounds and beaches

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

No to rates increase

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Visitors wont come to attend these events

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

No to any changes in the rates and charges, cost of living is over the roof

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

If an event can't generate enough revenue to support itself its not worth having.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Residents have the choice to put out rubbish or not using rubbish bags. Those we lower volumes of rubbish are subsidising those with lots.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

People cannot afford to pay for things they don't use. User Pays should rule. The Council has proved itself incompetent in controlling costs.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

The roads are getting worse and worse and in some cases dangerous. Rural roads have become narrower as the shoulder is not maintained and several major roads are not fit for purpose.

Question 5: Other feedback

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

my issue with A.C.C is the continual waste of ratepayers money, such as well publicized concrete staircase to beach, pointless cycling lanes (although this can probably be blamed on Central Gvmt), endless consulting charges incurred on things which are just common sense in the first place, and most importantly 'wasteful spending due to lack of planning'. It is no surprise Akld Council is in the 'bankrupt position' they find themselves in - stop spending money on pointless not needed expenses.

- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

I started with the budget - I don't support the amounts going into Natural environment, community, economic and cultural, and well managed local government. I think you need to reallocate more into transport and water. These need to be your absolute priority as they are the things that make life easier for people to go about their days. Transport - the first statement says nothing around

what will proactively be done - should be rewritten to be measurable - do not support more expenditure than the absolute bare minimum on city rail link as this is so far down the list of things our city needs - modify road maintenance to say that 24 hours when potholes are significant enough to cause damage / accidents to vehicles. Schedule road work for nights to prevent traffic disruption. - last statement should be broken out into separate project points and these made measurable. - I don't support decarbonisation of ferries at this stage - we have higher priorities. - I would like to see a toll put back on the harbour bridge to raise money to re-engineer the bridge to cope with vehicles travelling across in high wind. We should not have to shut down the bridge because of wind - that's very third world. Water - support all - would like to see that additionally new builds or redevelopments that are over \$10k are required to install storm water detention tanks and rain water tanks. Water is our most precious asset and given the state of the pipes and the intensification plan we need to make households capable of running if our infrastructure is damaged in a storm/flood etc. Built environment - I don't support any of the initiatives here - they are not clearly defined in this statement in a measurable way, rather they are motherhood statements that sound like they will lead to a big spend on things that don't provide us with infrastructure that future proofs us. No one I know wants to go into Auckland CBD for a night out now - it doesn't feel safe between the homeless people and the youths and other elements that patrol the street. You took the cars off the street and now it isn't safe. I believe these initiatives are where the spend should go: <https://www.asisonline.org/security-management-magazine/articles/2008/05/discouraging-loiterers-by-design/> Natural environment - I believe that council should work with organisations that already exist regarding expanding the resource recovery facilities rather than trying to do this service. Mens sheds, St Vincents, Lifeline, Womens refuge, SPCA ... and then there are the organisations that take books, clothes etc and ship these to the islands. I think all council needs to do is provide education (perhaps a page on your website) listing all of the organisations and who to contact. Start there - if there is still a problem - then council step in. - the kerbside refuse collections work in Franklin and Rodney - why go looking for problems? Community - The first and third statements are unclear in the intent. Rewrite to make these more transparent. Re the third statement on parks - add BBQs and exercise equipment and toilets and places for dogs to be walked and playgrounds. - The heading is community. Ebooks and e-magazines mean people don't come into the library. Agree that the focus should be put into how to engage people back into coming into the library. These buildings form a meeting place for people to come to - they are the equivalent of a marae for a Maori. Books are the excuse/reason/purpose behind the outing. Please continue to provide the hard copy books in equal measure because New Zealand needs to keep its community meeting places. - there should be an overhaul of the rules around animal ownership that require animals to be neutered unless they are being bred. In South Auckland where I live there are dogs now roaming in packs along the street. SPCA can't keep up. And the owners are just as aggressive as the dogs. It isn't the resourcing that needs to increase - you need to bring the control of ownership under control and that means new rules. - There is a major safety issue that is going to get worse in New Zealand. I feel like this should have taken up three points on your plan and they should have been things that will actually make the city safer. Lights in darker areas? Alcohol bans in some areas? Unable to sell alcohol after hours? Economic and cultural - You're not going to get the bed levy across the line. Think of a better way to fund this - perhaps the fee for hire of the venue has to go up. The problem is ours - not central govts. - why do we need another board to manage the stadium? Surely there are synergies in using the existing people to straddle the other assets. - none of these events should be supported unless they are shown to return a monetary payback for the city. You don't go and throw a party when your house is falling down around your ears and you have no money ... and we have no money which is shown in the need to increase rates such a ...

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Why don't you just increase the cost of the facilities that are being used ... road closures - increase the cost, venue hire - increase the cost, traffic management - increase the cost. Honestly I don't really understand how there is a cost to the auckland council other than you aren't charging enough for your facility.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

It works fine where we are - why change it?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Infrastructure will last beyond our lifetime - it is an investment in the future of our country. Most of the initiatives that the council are proposing are one-off and are not measurable and will not change lives. I would like to see things like exercise equipment added to local parks to improve exercise opportunities as we have an obesity issue in our local area. I would like to see more parking put in around train stations to encourage people to park and ride. I would like to see more seating and bbq added to Ray Small Park to add other options for it to be used. I would like the pathways around the pahurehure esplanade path repaired, widened with lighting and vegetation cut back so the 100s of people I see running every weekend can extend their track to this side of the bridge. I would also like to see the council working harder to get funding to widen the Hingaia Bridge and the road from walters to the motorway widened. Put a toll on it to raise the funds. Upgrade the Hingaia Reserve Freedom camping area with a couple of bbqs and get rid of the noxious weeds that are on the bank adjacent to the Karaka Spice Junction.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

- If you progress the sports and recreation plan that will result in tangible outcomes that will be available for youth to benefit from. We have a growing problem in that our youth have facilities that are run by gangs available to them ... it would be good to have a lot more options that are not gang related. - Assessments don't move our infrastructure forward - Carparking is always going to be valuable as it provides access esp those with mobility issues and as we have an aging / obese population this will become more important I believe the focus should be on enhancing the infrastructure we already have. For example, 1) Ray Small Park - this park is utilised all the time by a broad range of people. Add a bbq section like this

<https://www.centralcoast.nsw.gov.au/council/council-news/great-spots-family-and-friends-bbqs>, add lighting, add some exercise equipment in. 2) The pahurehure boardwalk is lovely but overgrown and the path uneven in places making it difficult for elderly to use - it should be cleared of vegetation, lights and seating added and paths fixed. Perhaps there is a youth program that could get involved with doing this work and then the kids can bring their family members along to see what they've done. It could also benefit with some lighting on it. 3) I've heard that Kirks bush isn't safe - it is overgrown and not a good place to go - remove vegetation that gives it that lurky feel and open it up so everyone can walk through it. Ask if any locals want to donate artworks to be displayed - auckland botanic gardens run a sculpture trail every year - it should be pretty easy for us to do the same and putting it in a park that is underutilised might encourage people to get back in there and use it again. 4) The roundabout by Longford Park Drive and Walters road should be a point of pride for our area because so many cars travel through it. It looks good for about 70% of the year - lets aim for 90% of the year. 5) Near Karaka Spice Junction

<https://www.aucklandcouncil.govt.nz/parks-recreation/freedom-camping-auckland/Pages/freedom-camping-papakura.aspx> there is a lovey little area that a lot of people fish from and pull their camping vehicles into and sometimes the trucks stop there too - one man is living there in his car for the past few months - help them out by clearing out the woolly bush noxious plants that are growing over the banks. Cut in some steps down to the water. Update the toilet facility to be a bit bigger. Put a bbq facility in. - Below you have asked what services are most important and then you've said activities - it is the infrastructure you provide and improve that matters most to me.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Business owners don't need another fee or levy imposed on them

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

AT should open its books. It is a huger waster of our money.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Too much money will be wasted by Auck Council in collection and expenditure

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Operate within your budget and cease this continuous spiral of rate increases.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Howick

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Fairly important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Fairly important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Fairly important

Investigate options to provide a dump station at Half Moon Bay

Less important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Less important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Fairly important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community climate action and sustainability activities, Local waste minimisation activities, Youth activities .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

I feel like these areas come up with initiatives created by people sitting around a table and not really out in the community. I have attended so many community events lately that are empty because nobody knows WHY they are put on. They're just random events that hardly anyone attends but cost a lot of money.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

So you plan on taxing visitors even though Auckland is already expensive. I say take a cut out of some of your people in high profile positions getting overpaid - that should more than cover the short fall and then some.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Manurewa, Maungakiekie-Tāmaki, Ōtara-Papatoetoe

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

I believe more data and research are needed, along with community input and consultation, which are essential. Regarding the Beachlands Memorial Hall proposal, the council seems to be focusing on a temporary fix rather than addressing long-term needs. With growth in the area, new, purpose-built facilities are required to accommodate that expansion, rather than just adding onto existing buildings.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

There are a lot of other really important initiatives that should take priority in these areas and will the community even utilise these services enough to warrant the cost of setting them up e.g. a Community Hub in Beachlands.

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Manures is looking tired and desperately needs a refresh. This will help.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Very important

Improving sports fields including maintenance, sand-carpeting and lighting

Very important

Identifying ways to support the council's response to roaming dogs

Very important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Very important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Very important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Less important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Very important

Scaling up the work being delivered to achieve environmental outcomes

Very important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Less important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Less important

Tell us why (please be clear which priority you are talking about)

Māori and Pacifica need more support especially in this area.

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

Yes

Tell us why

This gives owners somewhere to safely exercise their pets. We all live on top of each other and pet owners need a space to allow their pets to roam free.

Maungakiekie-Tāmaki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Please actually do this and don't just say you're going to do this. Onehunga needs a huge overhaul in community projects. There are so many homeless people in Onehunga as well and this needs to be focused on by some of the initiatives mentioned above.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Continuing to support community groups and community-led activities through our local community grants

Very important

Continuing to build the capacity and capability of local community and sporting groups through our strategic partnerships programme

Very important

Activate our local open spaces and facilities, through council-led activities and assessing what amenities our spaces need, such as toilets and power outlets

Less important

Empowering community groups and organisations to deliver community events through sustainable funding models

Very important

Consider funding activities that increase our community's sense of safety, working with community groups and business associations already delivering safety initiatives

Very important

Continuing to support initiatives that deliver outcomes with and for youth, such as our Youth Empowerment programme, and Tiakina te taiao and Ope programmes (biodiversity and climate action education programme in schools)

Very important

Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways, particularly the Tāmaki Estuary and Manukau Harbour

Very important

Consider a review of Te Oro Music and Arts Centre, to ensure it remains welcoming and responsive to the community's changing needs.

Very important

Tell us why (please be clear which priority you are talking about)

Please continue to collaborate with Māori and Pasifika to support their community needs through grants and funding etc .

Ōtara-Papatoetoe Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Manukau sports bowl is definitely under utilities but again there is no thought into future proofing this venue. Where is the event parking? The poor people who live around this area always get the overflow of traffic and cars during events. Add this into your plan and all future plans - EVENT PARKING!!!

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Ensuring Māori culture and the values of mātauranga Māori are visible in public spaces

Very important

Addressing safety concerns in neighbourhoods, common areas and town centres

Very important

Delivering on increased local economic outcomes

Very important

Supporting small businesses to act on environmental sustainability

Very important

Progressing the planning for options to address community service needs in Old Papatoetoe

Less important

Supporting local environment groups to work collaboratively with community volunteers in efforts to clean, manage and plant our local reserves and open spaces

Very important

Planning for the delivery of facilities at Manukau Sports Bowl

Very important

Tell us why (please be clear which priority you are talking about)

The Manukau Sports Bowl is such an undervalued venue. There needs to be more events taking place here.

Manukau Sports Bowl

Do you support prioritising the planning for delivery of facilities at Manukau Sports Bowl?

(This may include exploring alternate sources of revenue, such as a targeted rate in future years)

Yes

Tell us why

We need more community facilities at Manukau Sports Bowl. Need more events that support local communities as opposed to outsiders coming in to use the facilities e.g. the greyhound racers weren't your typical south auckland folks were they.

Hunters Corner Business Improvement District

For the 2024/2025 financial year, the Governing Body did not set a targeted rate for the Hunters Corner Business Improvement District. This was due to the Hunters Corner Town Centre Society Inc (HTCTS) not complying with the BID Policy. If the HTCTS remains non-compliant with the BID Policy by April 2025, council will not set the rate for 2025/2026.

Do you have any comments on the Hunters Corner Business Improvement District?

Hunters Corner has deteriorated greatly from its hey day. This area needs to be cleaned up immediately and needs more diversity among it.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities – opening hours and services, Environmental restoration, volunteers, and pest control activities, Sports and park activation activities

Which three of our services are least important to you? (select up to three)

Arts and community centres – programme and activation,Community climate action and sustainability activities,Community programmes and services

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

But I don't support Council supporting cultural festivals. If they are cashflow positive, let them stand on their own feet or get something else that will.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Cut whatever fat is required to reduce rates as much as possible. I don't care about bike lanes and fancy events. Concentrate only on the core deliverables of a council.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

1. We don't need a library in Beachlands (who reads books these days?). Let the people who use the arts fund them. Save the cost on both. 2. I don't use Te Puru sports park, but I understand this is quite popular and I support it. 3. Eradicating pests is like holding back the tide. Don't waste the money. 4. I support planting. 5. I do NOT support the Franklin Paths project. Public transport via bus will always be a very poor experience because it's loud and stinky. Bike lanes steal valuable space from cars and slow the traffic because they inevitably have to ride part of the way on the road. Roads are for cars - we pay for them and bikes use them for free. Spend the money on an improved ferry service to Half Moon Bay instead.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Keep costs down. Rates are rising too fast. Abandon any non-core council services.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

It's a balanced approach and keeps rates rises reasonable

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Need to make these events cost neutral or even a profit.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Sensible, achievable projects

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

South Beachlands development has gone through with amendments. It seems to have little support from Auck City Council in terms of roading, public transport etc. If South Beachlands has little support from the Council, why was it allowed to proceed?

Annual Plan 2025-2026

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Need to stop all work on kauri dieback, its just a hoax.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Would like to know more detail, but it could work.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish must continue to be collected weekly, no matter the cost. 2 week old nappies is a terrible smell.... forgot the PC ideas.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Unnecessary

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

They make sense, but you need to drop your costs as these are not acceptable, especially when you take into account the number of houses which pay rates...

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Neutral on this issue

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

You can not justify such a hike in rates increase!

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Other

Tell us why

Talking about transport specifically about travelling by train Pukekohe to Auckland. The train is so cold air conditioners blast upon you. The announcement are in Maori and I missed a stop because I couldn't understand. So won't be using that again

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

I want the board to focus on making it easy for us to drive to the town centre And find a car park that is handy to shops. I feel we are being punished because we use our cars. Pukekohe is a service town that has a rural catchment and we are penalising people from using the town. We want our town to be user friendly making shopping accessible.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Please concentrate on core issues such as pipes clean water.etc. Leave all the social nice to haves alone, get back to basics

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

I do not support any rate rises. YOU NEED TO GET BACK FROM THE DIRECTORS OF AUCKLAND TRANSPORT ALL THE MONEY BY SUEING THEM ON BEHALF OF THE RATEPAYERS FOR ALL THE WASTED RATEPAYER MONEY ON SPEED BUMPS AND RAISED UNECESSARY CROSSINGS CURRENTLY STILL SMASHING OUR SUSPENSIONS!!! All road

widening for new subdivisions needs to be paid by the developers. NOT BY THE RATEPAYERS. ALSO NEW DEVELOPMENTS ON THE BIG ROADS NEED TO MAKE ALLOWANCE FOR 4 LANES OF TRAFFIC. THIS IS WHY WE HAVE BIG JAMS AND EXTREMELY SLOW TRAFFIC. ALSO AT NEVER COUNSULTS WITH RATEPAYERS ABOUT ANYTHING HAS DONE EVERYTHING WITHOUT RATEPAYER PERMISSION!!! SOON PEOPLE WILL BE UNABLE TO PAY THEIR RATES!!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

If it was only 2 percent on hotels, motels then it is not noticeable to the visitor and will probably not put anyone off coming to Auckland. HOWEVER IT NEEDS TO STAY CAPPED AT THAT. PEOPLE ARE NOT CASH COWS FOR THE COUNCIL. ALSO NO FUNDING WHATSOEVER FROM PRIDE EVENTS (WHICH IS A WHOLE MONTH). HOW DARE YOU USE OUR LIBRARIES & FACILITIES TO PROMOTE THINGS THAT ARE ABOUT PEOPLES PERSONAL (WHAT SHOULD BE PRIVATE CHOICES)!!! YOU AREN'T PROMOTING A HETROSEXUAL PERSONS MONTH. THIS IS RIDICULOUS AND A HUGE WASTE OF RATEPAYER MONEY!!!

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

YOU NEED TO SURVEY THE COMMUNITIES AFFECTED BY THE RUBBISH CHARGES. FOR MY RELATIVE IN PUKEKOHE IT WOULD GREATLY INCREASE WHAT SHE CURRENTLY PAYS!

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Māngere-Ōtāhuhu, Manurewa, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Awhitu is a peaceful retreat of a community and does not need any particular facilities. Most people with kids travel to Waiuku to access sports and recreation. Everyone has cars and everyone that lives out there is annoyed with the decreased 80kms and 60kms and the speed cameras. No one was surveyed or asked if the community thought it was OK.

Māngere-Ōtāhuhu Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Explore a site for a recycling centre

Fairly important

Local playground improvements in areas like Mangere Bridge

Less important

Maintain local road safety with limited budgets

Less important

More support to volunteer networks

Less important

Push to deliver local business initiatives.

Less important

Tell us why (please be clear which priority you are talking about)

I think Otahuhu is doing OK and likewise Mangere Bridge (unsure about Mangere). I really hate the library parking and design of the library at Otahuhu. Once again no community consultation just town planners and architects who perhaps are not very good at their jobs or get an idea that could be alot better stuck in their heads. Dont waste money on projects that community doesn't really need. I think both Otahuhu and Mangere Bridge town shopping is fine.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services, Sports and park activation activities, Local waste minimisation activities

Māngere East Village Business Improvement District (BID) programme

A BID is a local economic development initiative run by a business association under the Auckland Council BID Policy (2022). It involves businesses in a defined area paying a targeted rate to fund specific services or projects in their BID boundary. The Māngere East Village Business Association Society Inc. (MEVBA) has failed to meet key BID Policy requirements, including accountability reporting, AGM minutes, strategic plan, and appointing a BID Manager. MEVBA also breached its constitution and did not notify the council of non-compliance. The Māngere-Ōtāhuhu Local Board is now considering terminating the BID programme and targeted rate, with the possibility of re-establishing a compliant BID programme in the future if conditions are met.

Do you think we should end the Māngere East Village Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

No value for money.

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Less important

Improving sports fields including maintenance, sand-carpeting and lighting

Fairly important

Identifying ways to support the council's response to roaming dogs

Less important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Less important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Less important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Less important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Less important

Scaling up the work being delivered to achieve environmental outcomes

Less important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Less important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Less important

Tell us why (please be clear which priority you are talking about)

I have been a ratepayer in Manurewa for over 30 years. Do more with less ratepayer money. Cut our rates and ask for volunteers. Get school children and teenagers involved with picking up rubbish and doing environmental clean ups. THIS WOULD BE GOOD ACROSS WHOLE OF AUCKLAND. Be a tidy Kiwi campaign again in schools as litter has greatly increased. All of these so called community groups often seem to pocket the money and do very little with it.

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

Yes

Tell us why

PEOPLE EXERCISING THEIR DOGS NEED FINING. Dog poos are on the side of the Totara Park Bridle path and elsewhere. Would be good if they were confined to areas where only they go. Then the owners can smell the poo!!! It will still be there when they come back. Its so unhygienic. Some dogs may have untreated parasites..

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

Disagree with the BID targeted rate. Hasn't been a success in Mangere Bridge or Otahuhu. Why should ratepayers pay for it. If you are concerned join the Business ***** and do your own incentives (why should ratepayers have to pay)? HOW ABOUT REBUILDING THE LOCAL TAKANINI HALL. ITS A DISGRACE THAT IT IS NOT REPAIRED AND IS JUST SITTING THERE!

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

As above. BID has been a failure in Mangere Bridge & Otahuhu. Why should ratepayers be giving a Business ***** money?? They take the money and do very little.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

STOP WASTING RATEPAYER MONEY ON CHINESE NEW YEAR FESTIVALS AT THE WATERPARK. THAT COSTS OF 100,000S OF THOUSANDS OF DOLLARS PLUS MONTH LONG PRIDE FESTIVAL EVENTS. (GUESS HETROSEXUALS AREN'T GOING TO GET A MONTH LONG FESTIVAL)!!! STOP YOUR WASTEFUL SPENDING OF RATEPAYER MONEY. ALSO STOP NO CONSULTATION ESPECIALL WITH AUCKLAND TRANSPORT. WHERE COUNCIL PAYS FOR STUFF THAT NO ONE REALLY WANTS OR USES!!

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Our mayor was elected on the basis of him reducing inefficiency, reigning in spending on inessential items, and bringing rising rates under control. Since then there have been multiple rises in rates, several essential services have at times fallen off the radar, the mayor has tried divesting of viable ongoing money-making assets and major emergencies have been mishandled, one after

the other. And now, the 'goals' for the council sound exactly like those of the previous management. I would like for the council to change to policies of incremental improvement rather than new broom BS that ultimately throws the baby out with the bathwater. I see little in the plans that build upon existing, and while it might work, there are no guarantees.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

People will go elsewhere to stay and Auckland would become more of a backwater, even if there were events that would otherwise drive increases. People will compare prices and if its too much, will simply stay away. This would not add to Auckland's overall budget due to abstainers.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish collection is an essential and it is already expensive. It is better to promote ratepayers reduction in waste volumes by increasing impetus for dealing with compostable wastes by ratepayers (especially in Franklin and Rodney where properties are semi-rural). Collection of standardised bins would be more rapid than manual collections of bags.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

complete waste of taxpayers money. Auckland Council should focus on the getting infrastructure fixed & maintained.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Not a good idea to force bed levy tax which make things more expensive. Also no clear indication & tracking how that money collected will be used.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Henderson-Massey

Henderson-Massey Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Working with the community on signature events with the intent for the community to take the lead

Less important

Engaging mana whenua, Māori and in collaboration with Te Kete Rukuruku, creating Te Ao Māori activations for whanau that incorporate te reo, tikanga and supporting the area's Pūrakau (Māori history)

Less important

Expanding youth voice initiatives to academic students in the local board area

Less important

Work on plans to upgrade Catherine Plaza

Less important

Continue to support water quality initiatives including the Rivercare group's work in Te Atatū Peninsula, Love Your Streams (EcoMatters) and Ngā Puna Manaaki Īnanga, a project to identify, protect and enhance Īnanga spawning habitats across the Henderson-Massey local board area

Less important

Tell us why (please be clear which priority you are talking about)

Get the basics right first. Maintain public facilities, educate the public on why important to take care of public facilities.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Auckland chokes with pendulum traffic from suburbs to city center offices and back on daily basis. Infrastructure - especially roads needs to be managed and funded. Alternative for cars - public transport is a must. this should be the center of Auckland Council's focus for any budget in foreseeable future.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

this will scare off any low budget tourists coming to New Zealand. People who can afford this levy - they are usually coming to the country to see the nature outside Auckland.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

one time purchase of those bins is better then purchasing Franklin's official rubbish bags every week. garbage truck will be taking trash regardless if it is in the bin or in the bag.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

I don't know

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Funding events through bed tax makes people, including Aucklanders, less likely to use in-town accommodation and therefore less people will attend the funded events. Using rates to pay for rubbish collection and food bins is patently unfair when the system has not been rolled out over

rural portions of Auckland. Basing the local boards on population unfairly benefits already well developed suburbs.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Funding events through bed tax makes people, including Aucklanders, less likely to use in-town accommodation and therefore less people will attend the funded events.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Using rates to pay for rubbish collection and food bins is patently unfair when the system has not been rolled out over rural portions of Auckland.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

Native trees are good specimen plants, targeted funding for paths in a rural region is poorly thought out, and fast tracking services to benefit rich sub divisions, with plenty of nearby services are all pet projects. Only the out reach and community hubs benefit the right groups in Franklin.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Planting of native vegetation is now blocking views for drivers entering streets in Pukekohe. Native trees have limited canopies so also do not provide the canopy cover goals. Should be an appropriate mixture of native and non-native vegetation for plantings and road furniture.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

It sounds fair although I am never keen for an increase in rates. Especially as it's already going up in our area with the introduction of rubbish bins which is compulsory.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

I would want to see examples of it being used in other cities and the outcomes before saying I support or not support it. I do like the idea of looking elsewhere and not relying on rate payers to pay for everything.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

The rubbish bags are easier to use for rural property owners who have long driveways. They can put them in their cars to drive to the end of the driveway. The bins are way harder, especially with two. (rubbish & recycling) Also using the rubbish bags allows for user pays. Some bigger families put out a bag every week, some couples or elderly not so often. The bins are added to rates and no one gets a choice. It doesn't seem fair.

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

I don't know

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Most of these things don't effect me directly.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Spend money on making the city safe and livable before trying to get more people here. The cities infrastructure is already under far too much pressure and Auckland takes the majority of people who migrate here but they are not levied up front they just add pressure and costs. People should be able to migrate here but there needs to be forethought and a long term plan.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

If you were more focused on making things safer and infrastructure I'd be in support. One example is the turn at Blackbridge rd Karaka/Franklin onto SH22. This needs to be fixed as a priority, there are three schools/daycares in the area and I have seen so many near misses and dangerous driving here. The passing lane also needs to go, this is what Auckland Transport should be funding/working with NZTA to sort over spending money on expensive advertising or cycle lanes. Someone will be hurt again here and yet no one seems to care at the council.

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Spend money on fixing dangerous roads. Then do the rest.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Franklin is set to become bigger and have more people living here. It however does not feel like there is a long term infrastructure plan. We will be over burdened and our roads more dangerous if there is not a focused plan, with less money spent on nice to haves like festivals or community centres. I don't disagree these are valuable but they are not the priority on what we need. And as per my earlier comment AT needs to be focused on issues that are not hobby projects which bear no material gain, fix the SH22 passing lanes and intersections before people are hurt. It really is they simple, focus on what the city needs to function and stop using the complicator to waste money.

Annual Plan 2025-2026

hopefully animals won't get into the bin

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I support all of them except the sports. I think the out post and small areas, need to be looked at before the sports complex. If there is money left over after the other things have been fixed, all good to put left over funds towards the sports complex. Sports gets funding in so many different ways, but the other things don't so much, and the smaller centres around our district need the funds to make their communities flow. Also keeping out steams clean is so important.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

all of the above

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

A rate increase is another reason for the high cost of living. The rate increase is significantly higher than the national inflation rate, the rate increase is not justified.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

It is another form of tax, on top of the rate increase.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

A lower rate would mean the Auckland Council would pay less for fewer road cones and less disruption of people's livelihoods. Or any other Auckland Transport Project that is not necessary. Visitors are laughing at us for road cones everywhere.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

You can not simply run the council by just putting up rates year in year out. You have to have a strong hard look at the total council operation and running costs. My guess (conservative) is that this council is at least 10% overstaffed from senior management down and including middle management in self created positions. Shut AT down completely and bring into total council control

(probably reducing 700 staff immediately) Give the mayor more control of the day to day running of all CCO,s with the power to slash wasteful spending in all departments by again taking out both senior and middle management.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Would only support this tax if it was spent in the right area without compromise, what worries me with this being controlled within the current council set-up these funds would go anywhere on the whim of some woke management or woke councilperson.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Living in a rural area I would not support the refuse targeted rate as this would lead to all other means of taxing rural ratepayers by way of the stupid waste bins etc.etc. As a rural society most

have other means of discarding waste etc. If council applied this waste management proposal costs should not exceed \$700.00 per rural household per year maximum. Council simply does not have a good record on management etc. to look after this. Look at the stupid little green bins around not being used at great costs to the sucker ratepayers.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Nothing of the above is really relevant or really important to most rural people living in this area. Just another way for some council members to get their rocks off on woke spending and back patting.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Dump this Tupuna Maunga authority operational plan and all this woke maori ***** that this council has got itself into. Most normal kiwis are absolutely sick of all this *****.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Love to see AC & their COO's focusing on cost efficiencies Support the need for a bed tax Support the need for increased Local Board funding into recreational developments such as the Karaka Sports Park development

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

We need all rate payers to benefit from visitor nights, not just hotels, restaurants and event managers

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Stick with the 10 year plan until better options or a better economy arises.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Good spread of limited resources

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

AC & FLB need to progress grant funding to Karaka Sports Park, not just for lower cost matters such as car parks and extra tennis/netball courts, by returning to the pre covid plan to fund 1/2 of the planned new multi sports building (est AC contribution \$10 million). The catchment area has significant new subdivisions - Paerata Rise, Wallace, Karaka Lakes & Harbourside with no approved plan now to replace the outgrown KSP (rugby) clubrooms, that cannot even cater for female sports (netball, rugby, etc), due to lack of fit for purpose training facilities..

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Tough decisions need tough leadership and tough love in some quarters. This budget provides a balanced approach under an economic recessionary backdrop.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I have not visited Auckland Cbd for years and have no reason to do so, despite paying Auckland rates. I do not think that ratepayers should fund free events engaged with any of the events currently marketed by Auckland Council. I strongly feel that so called 'free' events should not be funded by ratepayers

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I live in Franklin and have a 10ltr bag of rubbish every c.6 weeks. I do not use the food bin. I compost and have very little waste. I cannot afford an increase in rates, especially for services I neither want nor need.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

What is your opinion on our proposed annual plan?

Support most

Tell us why

I'm not sure who is included in paying the Targeted Rate for Franklin's Footpath Programme, but believe it should be spread across all of Auckland because Franklin has been under Auckland Council for 24 years and our residents should have had an equivalent level of footpath service by now.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

This is a simple way to capture revenue from international visitors. It is important to do so because many local people (eg us in Franklin, far from Auckland's centre) do not attend, benefit from or spend on major events so funds should not come from general rates. Per the table on p170 of the supporting docs, accommodation has the greatest proportion of international visitor spend and is easier to collect from there than via hundreds of food, recreation, transport etc providers of services.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

My top priority is water and environmental care, eg urban ngahere plus not only eradication/control of animal and insect pests but also pest plants: eg woolly nightshade, wild privet and inkweed. It is also important to support our more rural/remote areas to have an above-basic level of services and to have large network of quality footpaths for safety, health promotion and household budget reasons (eg safely walk to local shops and services) in and around our fast-growing urban areas.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Strongly support the Footpaths Programme but it should be paid for by all Aucklanders because we should have had an equivalent level of footpath service before now, after 24 years under Auckland Council.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

It is another tax. Council should operate within its budgets and stop trying to add more and more to what it does. Rather it would be better if the council tried to deliver better core functions such as road, rubbish, water etc

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Waste Management; Rural ratepayers have for too long been ignored. We pay levies on rates AND have to purchase bags. Council does not treat all ratepayers equally in terms of rubbish collection

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I think the council should try to deliver the basics right before looking at further ways to spend money. Roads are in appalling condition in rural franklin. Rubbish collections do not match those of Auckland in general

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

In the current environment, all the above are unnecessary spending

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

The pools in Pukekohe need significant upgrades, the community size has already outgrown the facilities which have no public access in sports days and minimal public swimming during the evenings due to swim club. The only decent time to swim is around 12-2 pm when most people are at work.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Get the travel fares down to the destinations. Domestic tourism is down, making accommodation dearer will not fix this, lower bus, train and particularly air fares will.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rates fees, never popular however In an expensive city to live in it's makes this more unaffordable.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

Why is there still no plan to expand the pool facilities at Franklin and jubilee pools? Is this because it is managed by. Belgravia? The population of Pukekohe has outgrown the facilities. I keep raising this issue and I never get a reply

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Accelerated delivery on the sports an recreation plan, as per my previous feedback. Our problem is that Pukekohe pools is managed by a cheaper contract and it shows. We need more recreation facilities in Pukekohe and it has been ignored!

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I am writing to express my support for the proposed bed night visitor levy on short-stay commercial accommodation as part of the council's annual plan. This levy represents a step toward a more equitable and sustainable approach to managing tourism while ensuring that the local community benefits from visitor activity. Economic and Environmental Responsibility Tourism is a key economic driver in our region, but it must be managed in a way that prioritizes both environmental sustainability and social equity. Currently, the costs associated with tourism—including infrastructure maintenance, waste management, and environmental degradation—are disproportionately borne by local ratepayers. A visitor levy ensures that those who benefit from tourism also contribute to mitigating its impacts, rather than shifting the burden onto residents. Sustainable Destination Management A well-structured visitor levy can provide dedicated funding for destination management initiatives that protect and restore our natural environment. This could include investment in:

- Conservation projects to offset tourism's environmental footprint
- Infrastructure that enhances both visitor experience and local quality of life

Waste reduction and sustainable transport initiatives By channeling funds into sustainable tourism practices, this levy can help ensure that our region remains an attractive destination while prioritizing ecological well-being over unchecked commercial growth. Strengthening Local Communities Tourism should enhance, rather than strain, the communities that host it. Revenue from the visitor levy can support major events and cultural initiatives that enrich the social fabric of our region. These initiatives should be locally led, ensuring that events and marketing efforts reflect and empower the communities they represent, rather than catering solely to corporate interests. Furthermore, reinvesting tourism-generated funds into community projects—such as public transport, local arts, and heritage preservation—ensures that economic benefits flow back to residents rather than being extracted by large commercial operators. Responsible Tourism and Fairness Implementing a visitor levy aligns with the principle that those who benefit from a service should contribute to its upkeep. Many global destinations have successfully introduced similar levies without deterring visitors. If structured progressively, the levy can be tiered based on accommodation type, ensuring that small-scale and eco-friendly operators are not disproportionately affected compared to large commercial chains. Conclusion A bed night visitor

levy is a necessary step toward a more sustainable, equitable, and community-centered tourism model. By ensuring that visitors contribute their fair share, we can promote responsible tourism, invest in vital infrastructure, and enhance local culture—all while protecting the environment for future generations. I urge the council and government to adopt this levy as part of its commitment to sustainable tourism and community well-being. Thank you for considering this submission.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

I am writing to express my support for initiatives that improve the quality of our waterways, restore native ecosystems, and enhance public spaces through pest eradication and tree planting. Additionally, I support the continued delivery of the targeted rate-funded Franklin Paths Programme, which provides vital infrastructure for active transport and community well-being. Protecting and Restoring Our Waterways Clean, healthy waterways are essential for ecological balance, public health, and local biodiversity. Unfortunately, pollution, sedimentation, and habitat destruction have severely impacted the quality of our streams and rivers. I support increased investment in:

- Riparian planting to filter pollutants and stabilize riverbanks
- Improved stormwater management to reduce contaminants entering waterways
- Stronger regulation and enforcement to prevent industrial and agricultural runoff

By prioritizing these initiatives, the council can ensure that future generations inherit healthy and thriving freshwater ecosystems. Pest Eradication for Environmental Regeneration Invasive species pose a major threat to native flora and fauna, undermining biodiversity and ecosystem health. I support the expansion of pest eradication programmes to:

- Reduce populations of introduced predators that threaten native birdlife
- Control invasive plant species that outcompete native vegetation
- Engage communities in conservation efforts through education and volunteer initiatives

A well-resourced pest control strategy is essential to protecting and restoring local ecosystems, allowing native wildlife to flourish. Accelerated Tree Planting and the Franklin Ngahere Plan The Franklin Ngahere Plan represents an opportunity to combat climate change, enhance biodiversity, and improve urban livability through accelerated tree planting. Increasing tree cover in public spaces can:

- Improve air quality and sequester carbon emissions
- Provide shade, cooling, and beautification for urban areas
- Support native bird and insect populations by expanding green corridors

I urge the council to accelerate the implementation of this plan and ensure that tree planting efforts prioritize native species and ecological resilience. Continued Investment in the Franklin Paths Programme Accessible and well-connected walking and cycling infrastructure is essential for fostering healthy, sustainable communities. The Franklin Paths Programme continued delivery will:

- Promote active transport, reducing reliance on cars and lowering emissions
- Improve public safety and accessibility for all residents
- Encourage greater community engagement with local natural spaces

Ensuring long-term funding for this programme aligns with broader goals of sustainability, public health, and community well-being. Conclusion Investing in water quality improvements, pest eradication, tree planting, and sustainable transport infrastructure is a crucial step toward creating a healthier and more resilient environment. These initiatives not only protect our ecosystems but

also contribute to a more equitable and livable future for all residents. I urge the council to prioritize and accelerate these efforts in the upcoming annual plan.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Rates increase is hard enough for pensioners now to live and with an extra 5.8% will make it impossible for pensioners to continue to own their houses

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Instead of rate payers funds let the visitors pay their way like the rest of the world

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

N/A

Question 4:

Local board priorities

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

I pay over \$6k a year for rates, and yet, we have no water, lights in our road, dog park and you name it. There is a feeling lots of money gets wasted on painting the road and pots around town and not basic needs. The amount of money getting wasted on the fluffy stuff that we see reported and lack of efficiency from council make us question why we have to pay another increase.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most**Tell us why**

I support the funding of sports and recreation activities across Franklin and especially in Beachlands and Te Puru.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Please provide funding for local rec centers like Te Puru

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Accelerated delivery of the Sport and Recreation Plan at Te Puru Community Centre is crucial for several important reasons: **Meet Growing Demand:** Our community is rapidly evolving, with more families, youth, and seniors seeking accessible and high-quality sports and recreation facilities. By accelerating the plan, we can meet this demand head-on and ensure everyone has opportunities to stay active and engaged. **Enhance Community Wellbeing:** Sport and recreation play a vital role in promoting physical and mental health. The sooner we can enhance our facilities, the quicker we can support healthier lifestyles, reduce social isolation, and improve overall community wellbeing. **Support Local Talent and Events:** A well-equipped and modern facility allows us to host local sports events, training programs, and community activities. This not only nurtures talent but also brings the community together, fostering a sense of pride and connection. **Future-Proofing Our Facility:** With accelerated delivery, we can incorporate sustainable practices and modern infrastructure that will serve the community well into the future, avoiding the pitfalls of outdated or inadequate facilities. **Maximizing Funding and Investment:** By showing momentum and progress, we strengthen our position to secure funding, grants, and support from external partners, which is essential for ongoing development and maintenance. Ultimately, accelerating the Sport and

Recreation Plan at Te Puru Community Centre is about building a vibrant, active, and resilient community where everyone has the opportunity to thrive.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

A rates increase when people are struggling as it is, is despicable. Who is going to fund the shortfall if a \$50 cap on public transport is introduced? (The taxpayer/ratepayer, it seems)

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Funding should be sourced from participants/organisations

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I suspect the charge will increase significantly. The ratepayer is already charged twice for refuse collection, by means of in their rates, and also each rubbish bag/sticker. Talk about double dip!

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Funding should be more focused, some aspects of this proposal don't benefit the majority of the local population, yet sees a (presumably) high dollar figure being granted. (Such as the sports parks, I see this as a prime example of an area which, in the current economic climate, should be a low priority) More trees, shrubs, ferns etc (hopefully natives) in public spaces is a good idea to help disguise (at least in part) the industrial nature of modern developments. A higher priority should be towards those in isolated places, for wellbeing, and a sense of belonging to the wider community (rather than being 'forgotten about')

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

In reference to question 2, Isolated communities need more support than the majority of people in Franklin. We should aim to do what is reasonable to improve their every day lives

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin,Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

I don't know

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local parks strategy and planning

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Overall it is well thought out but I do not agree with everything but that is expected.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

A bed night visitor levy targets the people who visit Auckland for major events and benefit from what rate payers contribute Auckland while not penalizing rate payers for their added expenses.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

With the extra development in the Drury / Karaka area, Development of the sports park / green areas is a must for new families moving into the area

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Local community assets need support as they are what I use the most

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Priority 1: Is there a case to rationalise the Number of community facilities in Beachlands and Maraetai? We have 2 libraries, community centres and a central sports hub at Te Puru. The communities are only a few km apart. Pedestrian access is probably difficult in Maraetai so it is likely most users are travelling to these centres by vehicles. Te Puru is a great asset but probably not all of the spaces are fully utilised. Case for using this as a central community and sports hub?

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Also your public transport fares are ridiculously overpriced compared to similar sized cities around the world.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Visitors are hit with fees enough as it is.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Mandatory rural rubbish bins is NOT a fair and equitable system, we should have the option to fully opt-out if we don't want or need the service rather than have it forced on us.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

These are all important projects that need funding to complete. However the local board should also be fighting for their rural constituents who wish to fully opt-out of the proposed mandatory rubbish bin fees being added to our rates bills.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I want to reinforce the opposition to your mandatory rubbish bin fees and believe there should be a fully opt-out option for rural residents.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most**Tell us why**

I support a Community Hub in Beachlands, however, the current proposal falls very short of what is needed in a growing community. We need a purpose built hub. The proposal to amend the existing Beachlands Memorial Hall is not the answer to the Community Hub. The Beachlands Memorial Hall is well used in the afternoons and evenings and removing it from venue hire will impact the community greatly. There are problems booking venues already and this will make it even worse and result in less local options for the Beachlands/Maraetai community. There is nowhere else for those using the hall currently, to go. Both adults and children prefer to stay within our community where we can attend classes, events and workshops locally. Please reconsider this proposal.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Please find my submission attached regarding the proposed Beachlands Community Hub on behalf of the Pohutukawa Coast Arts Hub. While we acknowledge the value of a staffed Community Service Hub in Beachlands, we urge the Council to consider the impact on existing community groups and the growing demand for dedicated creative spaces. Our submission outlines the challenges faced by local arts initiatives due to venue shortages and proposes repurposing the current Beachlands Library building into a designated arts space to better serve the needs of our community. We appreciate your time in reviewing our submission and welcome the opportunity to discuss our proposal further. Please do not hesitate to reach out if any additional information is required. Thank you for your consideration.

Submission to Auckland Council: Beachlands Community Service Hub

Introduction As a resident of the Pohutukawa Coast and a representative of the Pohutukawa Coast Arts Hub, I support the establishment of a staffed Community Service Hub in Beachlands. Integrating council services with a library would provide a valuable asset to our growing community.

However, I urge the council to consider the following key points regarding the use of the Beachlands Hall for this purpose:

Key Considerations

1. Usage Data and Community Needs

The current usage data presented requires reassessment. Many Beachlands and Maraetai residents travel outside the area for work and schooling, leading to peak demand for the Hall from 4:00 PM on weekdays and throughout the weekend. The exception is the retired and non-working segment of the community. Council's own demographic data indicates that:

- Approximately 33% of residents are aged under 25.
- A significant portion of residents are aged between 45-65.
- The majority of residents are students or working professionals.

Any changes to the Hall's use should reflect the community's actual needs and peak demand times.

2. Population Growth and Future Demand

The Maraetai/Beachlands area has experienced significant growth over the past decade, with further expansion currently underway. The additional housing developments near Woolworths (corner of Mahutonga and Beachlands Road) will further increase the local population in 2025/2026. Any plans for a Community Service Hub must account for both current and future demand for community space.

3. Impact on Existing Community Groups

The Beachlands Hall is a vital space for local community groups. If the Hall is repurposed for the Community Hub, alternative venues must be secured to ensure these groups can continue their operations during any renovations. Currently, there is an insufficient number of venues available for existing community activities, let alone future population growth.

The Need for a Dedicated Arts Space

The Pohutukawa Coast Arts Hub aims to empower creativity, foster artistic expression, and promote mental well-being across all ages. Our biggest challenge is securing appropriate venues. We have used various locations, including:

- The Log Cabin
- Downstairs at Maraetai Hall
- Coastguard Building
- Baptist Church building

Unfortunately, Beachlands Hall is often unavailable due to existing bookings, limiting our ability to provide consistent arts programming.

Additionally, while we have used downstairs at Maraetai Hall during summer, it is unsuitable in winter due to inadequate heating, poor lighting, and difficult access. Some of our older tutors are unable to safely navigate the stairs in dark or cold conditions, making the space impractical for year-round use.

Proposal: Repurposing the Current Beachlands Library as an Arts Space

To address this issue, we propose that the existing Beachlands Library building be repurposed as a dedicated arts space, supported by Council.

Requirements for an Effective Arts Space:

- A designated clean-up area
- High-quality lighting
- Exhibition space
- A workshop/class space suitable for hands-on, messy creative activities
- Permanent equipment storage (e.g., a kiln)
- Art supply storage
- A drying/setting area for artworks

The proposed Community Hub, as currently planned, would not be able to meet these specific needs.

Benefits of a Dedicated Arts Space

A designated arts space would offer numerous benefits to the community, including:

- **Stress Reduction:** Many individuals, including myself, turn to artistic activities as a means of relaxation and stress relief. I have found that engaging in creative practices significantly improves my well-being. Providing more opportunities for artistic engagement could benefit many others in the community.
- **Increased Self-Esteem:** Completing an artistic project provides a sense of accomplishment and confidence.
- **Community Connection:** Art workshops and classes foster a sense of belonging, allowing participants to meet and interact with others outside of their usual social circles.

Supporting Youth and Community Growth

The Local Board has identified population growth and youth engagement as key drivers for the Community Hub. While sports facilities are well-established in Beachlands/Maraetai, there is limited access to the arts for local youth. With Council support, the Pohutukawa Coast Arts Hub could bridge this gap by providing a creative space that encourages artistic exploration and community engagement.

Conclusion

While we acknowledge the value of a staffed Community Service Hub in Beachlands, it is essential that the council carefully considers:

- The true usage patterns of the Beachlands Hall.
- The ongoing population growth and increased demand for community space.
- The importance of maintaining accessible venues for existing community groups.
- The need for a dedicated arts space to support creativity and well-being in our community.

We urge Auckland Council to consider repurposing the current Beachlands Library building as an arts space to ensure that the creative needs of the community are met alongside other essential services.

Thank you for your consideration.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

We need the roads fixed for sure, need to take more wasteful spending on carbon neutral targets agendas away invest in good power/energy for Auckland. Invest in water and waste water long term plan for another dam/storage? Don't invest too much in rail to CBD unless long term it's turned

into a hotspot style place to go to as office buildings will never really return back to how it was so volume may always be down.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

As long as it's just for visitors

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon. This seems like a big waste of money Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay. This makes sense Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre. This also makes sense Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes. If with traps then yes. Poison then no. Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan. If the trees planted make sense for the area. Not like planting Pohutukawa trees along foot paths and the roots end up destroying everything. This is still happening Continued delivery of the targeted rate funded Franklin Paths Programme. Yes this is a long term investment to expand south west and east Auckland

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

I don't know

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Looks like business as usual. Got to slash all non essential expenditure. Get all CCOs minimized. Scrap all public transport recycling roadside rubbish pickup dog control Initiate SFO type investigations into all council, CCO operations. ie DOGE the council,!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

All events need to stand on their own feet.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Do a DOGE type investigation into waste management.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Trying to establish local hubs to engage communities whilst Auckland Council are selling assets such as FDC building ie local boards don't seem capable of understanding Auckland Council actions. Local Board members are essentially cheer leaders for Auckland Council bureaucrats

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities, Libraries and Pools and Leisure facilities - opening hours and services, Environmental restoration, volunteers and pest control activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

As with the power charges, seems you want to punish people who try not to throw away much rubbish. I am in Pukekohe on a limited income and I put out one or two bags of rubbish a month. Can you assure me my costs will not increase? I am already paying \$81 dollars a year for a food scraps collection I don't need or use as I have two compost bins and a worm farm.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

It is needed

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

See first comment

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

I think the targeted rubbish collection will cost me more than the system now. I don't use the food scrap bin as I have two compost bins and a worm farm. I believe I have to pay \$81 for that 'service'. Those silly humps in the road make driving difficult, especially for emergency services. That is an unintended consequence. I think there is a lot of that sort of thing going on and more brain storming, creativity common sense and reflection is needed.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

self evident

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

When Pukekohe was forced to join Auckland I went to some meetings that were supposed to be consultations. It was obvious the council reps were not interested in what people had to say. I am not convinced times have changed.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

All I see is wasted expenses. Money spent where it's not needed and I question what you have done so wrong to get into debt of that magnitude!! I oppose the rate increases as I am a struggling home owner who hasn't had numerous pay rises of this 5.8% so can't understand why every year they increase substantially. Shocking!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

The admin side would cost more than you make. Another job or person required to manage it. No.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

No more rate increases.. do what every other organization and individual has to do. Manage spending and reduce wasted expenditure. Make your people accountable for the work they do, produce and any wastage. If we are in so much debt why spend on all the extras that the majority of Akld can't enjoy. Akld is overcrowded..no parking, no adequate public transport to cater for the majority, so big events are often a waste unless they generate a good income for the council. Stop giving away funding when we don't have the dollars please.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin,Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

Because currently we have minimal services, yet still pay rates... so I support more services in our areas

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Trees are critical. With high density housing I'd like to see more trees being planted on rd sides..parks and waterways planted out. Great drainage and keeps our neighborhoods

beautiful...rural and in the suburbs. Foot paths. Even if gravel in rural areas are needed to keep kids off roads so they can move around without the need to be driven everywhere. Kids and families struggle to bike as the rds are too busy...unsafe. Just a nice gravel..cheap surface to walk on is all that is needed. Nothing fancy.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Free carparking needed to bring people back into the area. I dislike shopping in Papakura as it's hard to find a carpark close by to the shops. The purpose of shopping locally is because it suppose to be easier.more convenient.Otherwise you'd head to Botany, Sylvia Park where theres more choice.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Advocating for access to the legacy parking fund for carparking projects

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Tell us why (please be clear which priority you are talking about)

Trees, pathways and infrastructure..need to be well thought out and are needed. Ask the community to help provide seedlings etc..a cost effective program that involves communities would be ideal. I'm also concerned about the dumping of rubbish in the rural areas of papakura and Franklin. Please manage this.. set up cameras.. or employ cleaners who can help. The current system is not working.. it's a mess out there on our roads.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Sports and park activation activities, Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Just another spend.. that we can't afford. They can team up together and shouldn't require the councils input unless required and they can make submissions on their own accord. Councilors could attend meetings to hear what's going on or concerns. The council shouldn't run it.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Te Puru is a major facility hub in the area. The number of users of this facility continues to increase. It is in desperate need of repair that cannot be funded through operating income. With the growing population the importance of this facility to continue to service so many sports and social activities will continue to grow. There is a massive opportunity to bring all codes together, from football, rugby, tennis, scouts, netball, basketball (and more) into once cohesive community centre with the right investment. Te Puru facility also desperately needs drinking water. There are currently no drinking facilities publicly available, despite the fields sometimes having in excess of 1k people playing sport at one time.

Question 5: Other feedback

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Support of Events should be user paid, but how do you apply this to the likes of super wealthy superyacht owners that sleep on their boat, not in an hotel? (Sailing events). I find hotels in the central city are already very expensive for what is received, so to add another 2.5 + % to the cost is unreachable. There needs to be a structure for differential pricing for NZ and overseas users (who effectively pay half the amount of the cost due to exchange rate advantages).

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Q3A- make it fair across all properties. Lifestyle owners that I am aware of don't usually have the high rubbish wastage though due to ability to compost etc.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Pest eradication programs need to take precedence. Animal and plant pests. If we do not look after these two areas, then we are in trouble. Everything else can wait. Target the removal permanently of Moth plant, tobacco trees, old mans Beard, Ginger and Privet. Start with these big plentiful ones, then work on the rest. There are rural pest controls in place, but there needs to be a massive education hit the non english and English speakers to eradicate these invasive species. The libraries, and sports fields can wait for a year or two.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Gosh - did you know that Whitford is in the Franklin area???? We have NO footpaths, no street lights, no water channels on the roadside in our road, and this applies to most roads in the area. We pay rates for just a rubbish collection as we have to supply our own water, and process our waste water/sewerage. We have no council facilities other than our Hall in the area. We have NO Internet connections, we have NO fibre connections, so we have to pay extra to get internet via satellite. Our rates are in keeping with close by areas that actually receive all these facilities, so maybe its time to stop ripping us off.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Concerned about 'fairer funding for local communities'.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I currently don't agree with council funding destination management, marketing and major events activities. The funding should be sourced by commercial/private entities.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I am happy with the 'pay as you use' we currently have.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Don't know enough about it. But anything tgats jyst nice to have - arts related should be either drastically cut back or cancelled until our debt is paid down.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Q1 - For me the 'arts' is not of importance and funding could be pulled.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I don't have time to read the above, it would have been handy if you'd given a brief description, in English. What is the 'Tupuna Maunga Authority' exactly?

Annual Plan 2025-2026

What is your opinion on our proposed annual plan?

Support most

Tell us why

I like most of it. It aligns with what my view of the direction Auckland should be heading.
DEMOCRACY MANIFEST!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I think this needs to be implemented so that we can continue to host large events. More emphasis on Cultural events that include Pasifika and Maori please.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Refuse Targeted Rate - I live in the Franklin District and having bags is annoying. Having to go out and buy bags once a month, when most of Auckland have bins. Please fix this...

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Environmental issues are more important to me

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The Tūpuna Maunga Authority Operational Plan 2025/2026 is important for the future of Auckland

Annual Plan 2025-2026

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

I don't know

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

We need an express bus from Maraetai/ Beachlands which goes direct to either Manauka train station (can then connect to city or airport) or panmure to catch train to city. Ferry costs are exorbitant, but travel time on busses to city makes no sense (easily 2-3 hours) each way. Would also be more economical for many people to travel, if they had a quicker alternative travel option.

Would also potentially alleviate some of the pressure on an already struggling ferry service. Traveller's can also then benefit from fareccap.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Will this make it too expensive and therefore detract people from coming. It would depend on how much they are charging. I'm not sure I would be very happy as a tourist to pay extra tax on an already expensive bed.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Although it will cost us more, I hope the no ry will be used to better deal with waste.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Environmental restoration, volunteers and pest control activities, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Encouraging small business and helping them to be successful will improve people's lifestyles and help the economy to grow.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Feedback on the progress of projects will help the bitter pill of paying more rested go down. Seeing actual benefits coming out of the rates we pay will make it worth while. But you will have to regularly tell us what is being done and how successful or not it is.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I don't support moving Library to the Hall Should be left where it is especially as that site was supposed to be used for library use according to title 1953 Has that been revoked. Where Will the groups that use the Hall go. eg Community Lunch

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Community hub Beachlands Absolutely ridiculous to put the current library into the side room (storage room)of Memorial Hall With all the existing groups (Zumba exercise, community lunches)using this area it will be very noisy. The proposed area does not have the room to accommodate families and older people to relax and choose their books . Suggesting people will come there also to make payments for rates,dog registrations is ludicrous as most people do it on line. Beachlands Library has much higher statistics than the other rural libraries in the Franklin area so why upset something that is doing well So leave the library where it is until you can afford to build a purpose built Community Hub

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I am in favour of improving access to community support services and sports facilities. I support looking after the environment and restoration work for the rivers, streams, foreshores and forests. I support the idea of improvements to Te Puru (rather than old Beachlands) as being the hub as this area is readily accessed from both Beachlands and Maraetai, with both areas expanding rapidly. I

would encourage the council to consider lowering the speed limit on the short section of the whitford-maraetai road between beachlands and Maraetai that provides access to Te Puru to 50km/hour so our families can access Te Puru safely from Maraetai. I do not support granting a permit to increase the limits of treated sewerage/waste water and allowable excesses that may be discharged into local waterways without upgrades as the system is at capacity and discharging more pollutants will reduce the water quality at Omana and surrounding areas and could have serious impacts on the health of the many locals and visitors who swim here and eat the kaimoana (many people come from all over south Auckland to gather and catch kaimoana at Omana and Maraetai). This increased discharge is out of touch with what most of the community wants and is being discussed a lot about the potential harm to people, the environment and is impacting on the council's reputation negatively. Omana park/creek stinks of sewerage when you go past and something needs to be done to improve the sewerage in the area. I propose improving the system immediately rather than changing the maximum allowable contamination and lowering the standards so a failing system that is unable to cope with community needs is made legal.

DIS60433803 @ 100 Okaroro Drive I would also like to see a pool at Te Puru given the rapid growth in the area and the high risk of drowning for young children and growing elderly population. Plus pools are a safe space for teenagers to hang out. Thank you for accepting my submission.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Because Visitors use local facilities and services

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I do not support granting a permit to increase the limits of treated sewerage/waste water and allowable excesses (DIS60433803 @ 100 Okaroro Drive) that may be discharged into local waterways without upgrades as the system is at capacity and discharging more pollutants will reduce the water quality at Omana and surrounding areas and could have serious impacts on the health of the many locals and visitors who swim here and eat the kaimoana (many people come from all over south Auckland to gather and catch kaimoana at Omana and Maraetai). This increased discharge is out of touch with what most of the community wants and is being discussed a lot about the potential harm to people, the environment and is impacting on the council's reputation negatively. Omana park/creek stinks of sewerage when you go past and something needs to be done to improve the sewerage in the area. I propose improving the system immediately rather than changing the maximum allowable contamination and lowering the standards so a failing system that is unable to cope with community needs is made legal. I would also like to see a pool at Te Puru given the rapid growth in the area and the high risk of drowning for young children and growing elderly population. Plus pools are a safe space for teenagers to hang out. Thank you for accepting my submission.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

I would like to see the improvement to water quality focus on reducing amount of discharge into our waterways as a high priority. For me, the proposal DIS60433803 @ 100 Okaroro Drive) is a matter of the highest priority, I do not support increasing the amount of permitted discharge and its impacts to the local environment at Omana. The sewerage treatment plant and feeder system needs to be urgently addressed. The plan needs to be upgraded now. I do not support allowing more houses to connect to an over loaded system. Please do not allow more discharge and system failure days to be permitted. Please prioritise improving the sewerage treatment system now.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I believe that Auckland Council's programme still include duplication, with regional programmes and services overlapping with programmes that are local facing as well as initiatives that claim to be regional but are actually focussed on specific areas. Regional programmes should be accessible for all across the region and if not, be delivered from local budgets according to local direction.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Support, but if this is to be applied in the same way across the region, then the programmes that it funds also need to be applied equitably, Tataki Auckland Unlimited spends a significant amount of its resources delivering programmes and events that benefit the city centre, Matakana, Waiheke and the Waitakere Ranges and need to either spend more of their efforts spreading the benefit or divest a share of visitor levy to groups who can i.e. local tourism agencies or business associations.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Franklin Paths programme needs time to deliver. Pest programmes are important but there are a number of operators in the space. Outreach is important, but lets get the basics in Beachlands, Clevedon and Clarks Beach right first as these might help with outreach in time.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The fairer of funding of Local boards should continue as agreed in the LTP as local services and initiatives are the most important to Aucklanders at a day to day level. Auckland Council needs to exit from at some of the regional 'nice to haves' and ask are these providing equitable return across the region and if not, either leave to local boards or change to deliver greater equity.

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

In response to the proposed plan to develop a community Hub in the current location of Beachlands Hall - are you considering a 2 story building? Access to back is restrictive as that is a skinny drive.? How will they cope with growth and increase demand? Limited space out back? As a council model, are they committed to funding a facility? Not sure why you would move the library to the Hall when there is no plan to use the existing library for anything else. There is no longevity in moving the library - the money spent on doing this quick fix could be allocated to something else, instead of renovating the Hall space to accommodate the library when a long-term plan would suggest a complete remodel of the hall if this space was to be used for the Hub.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Re: community hub in Beachlands. This would be a great thing to have. But moving the library into the existing hall space seems a terrible way to achieve this. The hall is currently used by many community groups, and holds the fantastic monthly community lunch so is already serving as a great hub for the community. To take up the space with the library will absolutely work against the goal. There is enough space on the land behind the hall to build/extend a new space for the library if keeping it where it is isn't an option.

Question 5: Other feedback

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

There are many many regional travellers that cannot pay this additional fee, however small it may be. Everything is getting more expensive, this is just another additional cost to budget for.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Cost of living is high enough as it is.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

My feedback is based on the Beachlands memorial hall. I feel the council have not been upfront and transparent regarding the plans and also how they are going to accommodate the current tenants if the works had to continue. There is a few hundred people(that I know of) that will be affected negatively by this if it had to go ahead. People who rely on it for their sole income, not hobbies. I know for a fact that Dance Dynamix(tenant) serves/teaches almost 50 youth from the area and steadily growing.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

The proposed community hub in Beachlands- the current Memorial hall location will not be appropriate, limited space, no parking. And I'll feel sorry for the neighbours surrounding that hub if built, there. Noise noise and more noise, inundated with cars looking for parking. Rather consider

open areas by Te Puru or Log Cabin. Way more space to build something spectacular, rather than just building or renovating something for the sake of spending budget.

Question 5: Other feedback

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Very important

Improving sports fields including maintenance, sand-carpeting and lighting

Very important

Identifying ways to support the council's response to roaming dogs

Fairly important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Less important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Very important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Fairly important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Very important

Scaling up the work being delivered to achieve environmental outcomes

Very important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Very important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Fairly important

Tell us why (please be clear which priority you are talking about)

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

I don't know

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

The beachlands hall is a hub for many community events especially a community funded luch which is very well supported It is a vital part of the community

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

awe need to attract visitors not push them to other places

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Enough rates are paid now concentrate on the waste the council cause itself first

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin,Howick

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

The beachlands hall should remain as is it has many community funded events and is needed to be left as is as it serves the community well

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Very important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Very important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Less important

Investigate options to provide a dump station at Half Moon Bay

Very important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Very important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Very important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Very important

Tell us why (please be clear which priority you are talking about)

Float bush needs a swimming pool

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities,Community programmes and services,Community events .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Not in support of repurposing the Beachlands Memorial Hall

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I do not support the repurposing of Beachlands hall. The council should use the available funds to build a larger, purpose-built venue elsewhere—or on another council-owned property—for their community hub, instead of trying to retrofit the Beachlands Memorial Hall, which is already well-utilised and serving the community. I rely on this hall specifically to teach my dance and ballet classes to kids and youth. The plan will be detrimental to my small business and students.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Community hub would be positive, but not at the expense of the community hall that is well used and hired for private party functions, dance classes, workshops, performances, gatherings, exercise classes, zumba, craft exhibitions, workshops, community lunches etc. Small businesses being run from there will be compromised. Noisy classes and a peaceful library do not go hand in hand.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Beachlands Memorial Hall is already a facility being actively used by the community for the community in various ways. Small businesses at the risk of being put out. Other spaces should be considered.

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Very unhappy about the proposed community hub at Beachlands Hall. Not large enough now. Furious about the idea of taking away the perfectly suited stand alone library and putting it back in the tiny not fit for purpose area that it used to be in many years ago. Did you consult with the Beachlands community? I think not! On that note the Maraetai library needs urgent repairs to make it useable again. Many groups use it and it is missed!

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

Do a time and motion study on all workers who work. Certainly not all of them. 7 people to bring a trailer of gravel in. What the f k Then put speed bumps that causes houses to shake.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Stay you pay

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

In the plan I understand the repurposing of the war memorial hall is planned. In Beachlands. Do you actually know it is one of the most used council halls. About 100 people turn up for the Koha community lunch once a month. Just because it doesn't bring in tourists. We could call it a community festival and 100 could turn up. Some halls need looking at their use. Perhaps you could have a marae for the homeless. Work for the people not overpay others who don't. Charge the festivals not the locals. I'm loosing faith in the money making councils. More bums on chairs is not the solution.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Howick

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Most aware relevant

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Support local businesses and Business Improvement Districts on crime prevention and safety**

Very important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

I don't know

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Less important

Investigate options to provide a dump station at Half Moon Bay

I don't know

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Very important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Fairly important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Fairly important

Tell us why (please be clear which priority you are talking about)

We live in Whitford. Closer to Howick than Franklin. Why why

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community events,Grants,Sports and park activation activities .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Put Whitford in Howick zone

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I don't want a repurposed memorial hall in Beachlands just leave it as it is. I have karate classes there and have been enjoying them until line dancing came stomping in and took our second class slot on Tuesday

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Because there's no need to combine our library and memorial hall together as no one uses the library they would rather use the library bus. Just focus the funds more on Te Puru rec centre and up grade the playgrounds around the area. Leave the Beachlands memorial hall as it is.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

I don't want a repurposed memorial hall, no one uses the Beachlands library as it is outdated . I have been a member of a karate class that usually has two slots on a Tuesday but the line dancers have rudely cut one of these classes so that there isn't a substantial class for those adult students. Repurposing our hall is pointless, just keep it as it is. Or focus on updating our library building that we currently have.

Question 5: Other feedback

I strongly disagree with repurposing Beachlands Community Hall. This space currently serves a very important purpose for many in Beachlands and Maraetai. Local clubs that rent it and offer various activities to community are absolutely amazing. Many adults and children will be lost without a dedicated space like this. Repurposing it for a library now in a modern age where most books live electronically on e-readers and setting up a youth hub longer term while taking away a place for youth to go immediately lacks strategic vision. This proposed change definitely does not have a community at its' heart.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

This hall means so much time the community, community lunches are held there every week for the poor and elderly. Linedancing, zumba etc all take place in this hall- if you take the hall away all these things will have to end in our community. We do not agree, there's nothing wrong where the library is now..

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. Support

Tell us why

Sounds good.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

In rural areas, we do not yet have the food scraps bins, yet we have to pay them in the rates. This is NOT OK. Either get the food scrap bins in these local areas, or don't make us pay for them.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Albert-Eden, Aotea/Great Barrier, Franklin

Albert-Eden Local Board Priorities

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.

Fairly important

Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.

Fairly important

Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.

Very important

Talking with young people and children to better understand what is important to them in their area.

Very important

Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.

Very important

Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.

Fairly important

Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.

Fairly important

Increasing the number of local events arts and activations especially in local parks and town centres.

Less important

Tell us why (please be clear which priority you are talking about)

I think some of these ideas are great

Aotea/Great Barrier Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Because you get most of it wrong. If the way to fix something is to turn right, you can guarantee you will turn left. Or roading system is stupid and congested, and instead of unlocking it, you congested it even more with silly cycle lanes, speed humps and t2 or t3 lanes. New roads are being built so narrow it's dangerous, yet beside that road is a big grass verge, then a big wide

cycle path, then a big wide footpath. You are creating social engineering by trying to make it difficult to drive cars and hoping people will start riding. Or walking. Absolute stupid brainless idea, it will never happen and you are just wasting rate payer money.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. Support

Tell us why

It would be able to support cultural activities in Auckland and attract visitors to the city.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

There are a large number of households who are trying to keep their rubbish to a minimum by home composting and other recycling methods. Such households will have a very small amount of rubbish for kerbside collection and I think such practices should be encouraged. There is no incentive to encourage people to keep their rubbish to a minimum.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I particularly support acceleration of tree planting and pest eradication around waterways. Some thought also needs to be given to mitigation of future flooding events, particularly around Patumahoe

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Planting of trees in public places would make the area more attractive and also be able to soak up more water in times of heavy rainfall.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

We live at ***, Patumahoe and were flooded in the Auckland Anniversary Floods. We would like to see some money and funds directed towards mitigation of future flooding events. Our subdivision drains into a pond at the end of Searle Drive, there has been a piecemeal attempt to lower the level of overflow since the floods but we believe the level should be dropped by an extra metre to avoid flooding in future. There are no properties downstream of the pond which would be adversely affected so we believe to carry out these works would solve future issues.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

The community hall is well used by local clubs. The community has not been consulted in regards to the repurposing. Squeezing the Library into the storage cleaning area seems ludicrous. There is not sufficient space. The council has left community clubs in a precarious position, with an unknown future. Damaging the year plan for multiple community groups.

Support most

Tell us why

The library is historic - please leave it there!

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Very important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Fairly important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Very important

Investigate options to provide a dump station at Half Moon Bay

Less important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Very important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Very important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Environmental restoration, volunteers & pest control activities, Sports and park activation activities, Local waste minimisation activities .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

A lot of residences in Beachlands and Maraetai do not benefit from town water supply yet have to pay to cover these in their rates. This is inequitable and needs to be addressed fairly, perhaps by providing a water meter purchase subsidy for outgoing waste water so actual and reasonable charges and paid rather than inflated fees.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

It just doesn't seem like the whole of Auckland has been listened to. Why not change the rate system to be individual per person over 18 like the UK. Seems silly having just house owners being billed for rates based on cv.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Most of these events are ticketed and already cost. Why sting people that are already giving money to Auckland when buying their tickets and staying in accommodation based in Auckland. Why should they be penalised?

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Everyone should be charged rates as a single person. I think we need to go back to times where we were so modernised. I and having everything at the fingers tips.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

My opinion just seems like a waste of time, effort and money. These community hubs seem a waste of not thought out for the areas. We already have things out here in Beachlands run by people in the community already in places. And being spread around means that your not isolated or don't have scheduling conflicts. I do support the drinking water access because there isn't much shade out in Beachlands but there is a lot of paths and the drinking fountains at Omana get used a lot

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

The central Hub for Beachlands. - seems ridiculous, we have events community and private for youth etc. we have a library and also a bus library. We don't get much u or t here but to waste it on moving things to a tiny hall which is used by the community already. Te Puru - to be able to have water is awesome, like the fountains set up through Omana is amazing. I don't believe in baits for pest control because it's hit and miss and affects other lives. And protecting our streams and rivers. Just don't allow sewage to go in them at all. Most of us are on tank water and I prefer it but very unfair on how we get charged for out waste!!! A lot of people choose to live out of the rat race but need to live close to survive. Stop extending Auckland city life style on the rest of Auckland.

Question 5: Other feedback

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Proposed Community Hub Beachlands I am not in favour of relocating the present Library to an impractical side room at Beachlands Hall with minimal renovations. This would be a step backwards and impact negatively on the Library Users and current Hall users. Access for those using walkers or with prams would be very awkward. The noise factor from the main hall is also a big concern. I feel the Library is best left in its current position until such time that a purpose built Community Hub can be built as in other areas.

Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Improving services for all communities by enhancing libraries art and youth programmes

Very important

Promote physical activity and recreation by increasing play opportunities in more locations

Very important

Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Fairly important

Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Less important

Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Less important

Prepare and review plans for reserves to identify gaps to meet community needs

Less important

Improve the safety of our community and environment through increased education, monitoring and compliance.

Less important

Tell us why (please be clear which priority you are talking about)

More services for the community like te puru in beachlands maraetai

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Beachlands Hall. Hi, I see you are wanting to change how the Beachlands Hall is used by locals. for those of us who use the hall weekly by attending classes that are already up and running, how will having a library in the hall affect us? We absolutely love our zumba classes run by Amy and would hate to loose them. is it possible to keep the classes and only have the library available during the hours the hall is not booked for classes? surely it would make sense to keep the booking system and the classes running and the library to also use the booking system to slot in times that dance classes arn't being held??

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

I don't know

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

I do not think the beachlands hall should change/be re purposed into a hub. It provides much needed space for community groups dance/exercise classes/ programmes for the elderly/cominity lunches to name but a few. Keep the library where it is. Will there be a public meeting/ consultation process or has this already been unilaterally decided. by the board ???

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I don't like your plans for OUR library. The proposed space is an insult to library users and especially the volunteers who give generously of their time.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Sports facilities are immensely important for all aspects of community wellbeing - physical, social and mental. Te Puru brings a lot of people together helping people new to the community to find friends, a sense of community belonging, and gain or retain physical health.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I am very much against moving the Beachlands Library from a very suitable, well established place to an inappropriate venue at the hall, just for the sake of calling it a 'hub'. The actual library-using community was NOT consulted about this.

Annual Plan 2025-2026

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

I support this as long as this actually gets done. Franklin roads are an absolute mess. Waiuku has no facilities so I don't want to pay rate increases unless this gets sorted.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Yes but locals as in aucklanders should not be charged to stay in a hotel in auckland for example.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We shouldn't have rubbish bags in 2025

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I dont support more acitivities done i Karaka. They always get the money. Waiuku facilities are lacking and the parks are well below average. Compare them to the north shore its a joke

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Why is Karaka getting sport improvements . Waiuku has nothing it's an absolute joke. The parks are rubbish, along with the roads. Can't do much in waiuku always have to go to puke or further things.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Franklin is basically negated so start spending money on it.

Annual Plan 2025-2026

BEachlands Hall I am one of a group up to 30, mainly retired women, who use this hall weekly for line dancing. This gives us excellent exercise to music, exercises our brain as we learn new dances and we socialise with like-minded people. DON'T TAKE THIS HALL AWAY FROM THE COMMUNITY THAT HAS BEEN SUPPORTING IT FOR YEARS. LEAVE IT AS IT IS, IT DOESN'T NEED FIXING. REBUILD OR RENT ANOTHER BUILDING FOR THE HUB. ADD ON TO THE LOG CABIN OR THE OLD LIBRARY. PLEASE LEAVE BEACHLANDS HALL ALONE. THANK YOU, Carol McKeown

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all**Tell us why**

I think there's a few key initiatives not taken; improving storm and wastewater coverage across all urbanised area's/towns of Franklin. There's no need for septic tanks and lacking, unmaintained private wastewater infrastructure within town limits.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I think the idea of reinvigorating central neighborhoods in Auckland is a bit vague. Yes, the city centre isn't a great place to be anymore - but I'm not exactly sure how this plan intends on improving the area to make it great for residents and tourists alike.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Yes! I feel like similar legislation is common in other countries with a lot of tourists.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Sounds good, outreach especially

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Plant the trees ASAP!

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Seems pretty comprehensive overall! Would look more into the whole making the city better thing though.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I support it if it's only 2-3%

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We would support this new proposal if it costs less overall than buying 1-2 bags per week

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

We need more infrastructure such as roading to support the growth in population not just all these nice to haves. Sports centre's are important though.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Overall the plan appears balanced and fair to all communities across Tāmaki Makarau. My only concern is roaring maintenance specifically renewal programmes - too many pot holes and deteriorating road service - tough I know but more regular review may result in need changing programmed priorities.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I think this proposal is fair and will ensure visitor sustainability for Tamaki Makarau.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support all****Tell us why**

I think that the board priorities reflect the pressures they are under to cope with rapid growth across Franklin within tight budget as best they can.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Balanced and fair approach to a fast growing and changing Franklin.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

No

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

We have Auckland Transport buses (large ones) than continually travel around Pukekohe township to different destinations. They are mostly empty as no-one is interested in using this service. About 35 empty buses go past our road in Pukekohe and maybe only about 5 passengers total on all of these buses. Total waste of money, wages for drivers, so this service could be stopped and

save the ratepayers heaps of money on used services. Money would be better spent on fixing the potholes in the local roads!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I support this levy but it would be nice if the outer areas of Auckland had more big events to save travelling into the Auckland CBD. More people live in the outer areas so residents wouldn't have to travel so far if they wish to go to any events of their choosing.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I don't mind paying a fee for rubbish collections but some people have more rubbish than others so would depend on what costs you pay. Should be a standard fee on rates. Our household

presently only puts 1 rubbish bag out every 3-4 weeks for 3-4 adults. Other people put several bags out as they have more rubbish.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Library services should be available in all town centres, not just Clevedon/Beachlands. All areas of Auckland need looking after with tree planting, pest programmes, sports facilities, not just main Auckland area

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

More English needed in the titles, eg. Tupunga Maunga authority operational plan so then ratepayers would know what the council is talking about. Too much Maori is being spoken.

Annual Plan 2025-2026

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

- I think having an Auckland Future Fund bodes well for the future as long as the progress & spending of this is not dependent on the current council & mayor only. It would be a shame to see this fund being squandered in 10 yrs time by different people in charge. I don't mind rates being higher over the next two years if this fund will safe guard us against ever increasing rates. - The

spend on the natural environment is healthy, obviously the OPEX spend is high so that our parks, reserves etc can be well looked after. I would ask that it is ensured that a large portion of the CAPEX in both transport and the built environment is dedicated to ensuring the environment is considered at the table. - The \$50 cap on PT /week is a good initiative, it doesn't affect me as my journeys are shorter but it encourages regular commuters, I think it needs to be advertised more though. perhaps on sides of buildings near the motorways.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I think this is a good idea & having recently booked a holiday in Canada I am sure I am paying a night levy! It has not stopped me from travelling & I think that those that can afford to travel can subsidise these events. I would not like to see the levy being attributed to basic campsites, motorhome sites & DOC sites however as I think an avenue of inexpensive accom should still be available.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Residential Rates - I understand why the proposed rise in rates is occurring for the next two years & I support that initiative. I feel hesitant to fully support this proposal because we don't yet know what the re-evaluation is going to do to our rates. There is a lot of uncertainty around rates this year & it would have been more transparent if the property re-evaluations occurred one year & the rates increase another year. Waste - I live in the Franklin area, rurally. We currently put out a bag of rubbish/ 2 weeks. We try to minimise our waste by reducing, repurposing and finally recycling. We will still do this with the new system and will opt for a smaller bin but I wonder if people will not bother to reduce their waste because they are paying for a full bin to be emptied anyway. I like the idea of minimising all the plastic rubbish bags going to landfill though!

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin,Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Tell us why**

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Healthy communities create a healthy populations which removes a lot of avoidable onus from the health system. I am in support of anything that encourages sport, activity, movement, healthy bodies & minds. The human population can not be healthy unless the environment is also healthy, some of these priorities also assist to mitigate climate changes.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

I don't know

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

I don't live in this area but I have a vested interest in it & once again, projects that enhance both public & environmental health are important to me. I can guess what the legacy parking fund is but couldn't find enough info to make an educated choice.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

I think this is best answered by those involved in business within this area. However, the Papakura town centre feels & looks more lively than Takanini - there doesn't seem to be a real town centre in Takanini

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Tupuna Maunga: I like the values stated within the Tupuna Maunga document and I admire this co-governance structure, I hope it is going well. There is a lot of priority programmes for the next three years but I could not find a breakdown of the three years & how the priorities will be broached each year - this would be helpful. The Maori world view is for a 100 years so I recognise that a three year breakdown may be difficult to detail but it will help to engage the population if targets are stated & met. Airport - all major cities hav a train that gets you near the city. here we expect travellers to catch a bus then get off & catch a train. The other day I say a travel hardy(but weary) family do just this when we stopped at Puhinui on the train & it seemed so backward. Only experienced travellers take the PT option when arriving in a foreign country and it has to be easy to be enticing. Our PT transportation around the city is definitely improving but the airport is still not well connected(I feel). Love the cycleways & walks that are being developed all over the place -

well done, keep it up. People are using them!! First comes recreational use & eventually commuting use will grow, it takes time for people to make a mind shift.

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most**Tell us why**

Community hubs would benefit the growing populations of Beachlands/Maraetai and Clevedon but in order for these to be effectively utilised they need to be attractive and fit for purpose, not a second-rate repurposing of old/existing infrastructure. Further funding from Auckland Council would therefore be required. Franklin Local Board needs to receive more in-depth financial detail from AC in order to make informed decisions.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Tell us why (please be clear which priority you are talking about)

I do not support the new community hub being located at the library, as the current library facilities are not fit for purpose. It is too small, the toilet facilities are inadequate for large numbers of users, and it lacks the space needed for a thriving community hub. A community hub should be purpose-built in a location that is easily accessible to key services such as supermarkets, public transport (ferry and bus), and should have ample parking to accommodate visitors. Additionally, moving the library to the hall is also not a suitable solution. The hall is frequently used for dance and exercise groups, creating significant noise and foot traffic, which would make it impossible for library users to enjoy a quiet reading space. A proper community hub should be designed to cater to the diverse

needs of the community, ensuring both functional and accessible facilities without compromising existing services. More consultation with the public is needed before investing tax payer money into projects that are not supported by the community. Do better.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Tell us why

Please leave the library where it is perhaps the mobile library bus that comes should park outside the existing library. The old library could be extended more days offered. The library at one time offered wiggle and rhyme for 0-1 year olds , perhaps you could offer more programmes like reading stories, activities during the school holidays. The hall needs to be used more for

community groups as present , perhaps you can bring back the whole movie theatre back to the hall for weekend movies and school holiday movies.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

What does Beachlands get out of high rates ? No public pools , the playgrounds are old as , I'm almost 37 years old and played on all the Beachlands playgrounds a child They are still the same . Half the roads in old Beachlands still have open drains and no foot paths ? Where are splash pads and bike tracks with traffic's lights ? Why are roads in such poor condition ? Why is public transport so bad ? We need more facilities within Beachlands that cater to the ever growing population it's a joke

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Ask the community in Beachlands what they what ? Over 2 grands in rates for what ? The same stuff we've had for 40 years or more

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

moving the Beachlands library to the tiny space is ridiculous how is anyone going to be able to mover around, it will also affect other current users of the hall during the day, which will then have a greater impact on the community not being able to attend or run classes from the hall

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

please do not move the Beachlands library to the Beachlands hall, the hall is used by so many people within the community and by doing this you are taking away those uses and then where do they go, how do they then continue to make a living as you are taking away their business, a library requires a quite space and it most certainly wouldn't be with during the activities! this is the most ridiculous idea the board has come up with! you could look at moving the library up to where Woolworths is that is a more central well used area !

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

The ratepayers are already stretched with the huge increase in rates over the last couple of years, along with the increases in water, electricity and our already high national taxes.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I do not support the change to the Beachlands library and hall. The little library that we have is fabulous! It's a comfortable space with room for our kids. It's quiet and much better acoustics than the hall is going to be. It has history and character. It is a TOTAL waste of money to move it to the hall!!! Also, the hall should remain as-is!! It is used extensively by community groups. We were just there Saturday night for an event. The last thing our community needs is a hub of bureaucracy. We have ample JPs in our community that are willing to help locally so they don't need a hub. The library we have is wonderful and doesn't need to be at a hub. There are ZERO Auckland services that we need locally. I for one, have never, in more than 10 years, visited a hub for any of my needs. Why would you destroy the soul of our community by destroying the spaces that bring our community together? The beautiful small library that we have which is quiet and peaceful for our neurodivergent children, the community lunches that serve hundreds in our community that need whanau and kai, the fun events that create comradery and community spirit like dance classes. This whole plan is one of the most shockingly poorly thought out plans that Auckland have come up with. Usually I'm the first to support Auckland initiatives, but this one is an awful waste of money and will actually hurt our community!

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

I don't know

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

As per above: I do not support the change to the Beachlands library and hall. The little library that we have is fabulous! It's a comfortable space with room for our kids. It's quiet and much better acoustics than the hall is going to be. It has history and character. It is a TOTAL waste of money to move it to the hall!!! Also, the hall should remain as-is!! It is used extensively by community groups. We were just there Saturday night for an event. The last thing our community needs is a hub of bureaucracy. Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Does not feel wholly equitable in the approach. Near sighted decisions in some instances with limited community benefit.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

People using the facilities should be making contributions.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Moving Beachlands library to the hall is not of benefit to the community. This move would reduce community use of this facility and lose some key community groups that bring benefit to the community. There needs to be a community hub that enables all current activities, not just a move of the library at the expense of other groups.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Point 2 - my child attends dance classes in the hall which is run by a small dance business. This saves us time and money as well as providing us with an opportunity locally for our kids to attend. The hall is used for so many current recreational activities that are important to the community and this should not be taken away. An alternative should be considered for the community hub.

Delivery of Community Hub services in Beachlands/Maraetai. See attached supporting document for details.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Dear Auckland Council,

I am writing to provide feedback on the proposed Community Hub in Beachlands as part of the Franklin Local Board's 2025/2026 Plan. While I fully support the idea of a Community Hub, I have serious concerns regarding the staged approach currently being proposed, particularly the relocation of the Beachlands Library into a small section of the Beachlands Community Hall.

Concerns About the Planned Library Relocation

I understand that \$60,000 has been allocated for the remainder of this financial year as part of a broader long-term investment in community services, with approximately \$7.4 million available for capital spending in the 2025/2026 financial year. While I appreciate that some of this funding will be directed toward facilities in our area, I strongly believe that using the initial \$60,000 to relocate the library into an unsuitable space is not the best use of resources.

Instead, this funding could be better spent on:

1. **Planning and feasibility studies** for a properly designed, purpose-built Community Hub.
2. **Extending the existing Beachlands Community Hall**, which has ample land behind it.
3. **Investing in Te Puru Recreation Centre**, which is underutilized but could be upgraded to provide a permanent space for community activities.

Relocating the library without a long-term plan will only create disruption and does not address the real need for well-planned community infrastructure.

Impact on Existing Community Groups and Services

The Beachlands Community Hall is already a well-utilized space, hosting eight different groups weekly, including:

- Dance and line dancing classes
- Karate classes
- Senior meditation and stretching sessions
- A local church on a Sunday
- The Community Lunch, which I am personally involved with, held on the second Wednesday of each month from March to December

The space proposed for the library relocation is too small, lacks appropriate accessibility (with the only disabled access being through the main hall), and is currently used for storing essential catering equipment for the Community Lunch. No alternative storage solutions have been provided, meaning this initiative could jeopardise an important social event that serves elderly and vulnerable residents.

Furthermore, the plan to place a full-time council employee in the hall's office would be highly disruptive. This space is critical for food preparation and storage of plates, cutlery, and serving platters—items that are essential for running the Community Lunch. Without alternative storage and food prep space, this valuable community service may not be able to continue.

Incompatibility Between a Library and the Community Hall's Current Use

Beyond the impact on existing services, the proposed relocation also raises serious concerns about the suitability of the space for a library:

- **Noise Conflicts:** A library is meant to be a quiet space, yet the hall is used for activities that generate significant noise, such as dance classes, music, and the Community Lunch. These events would make it difficult for library users to read, study, or work peacefully.

- **Toilet Access Issues:** The only toilet facilities in the Community Hall are located within the main hall itself. This means that anyone using the library would need to walk through the hall to access the toilets, causing disruption to those using the space for events and activities.

Alternative Approaches for a Community Hub

Rather than spending \$60,000 on a short-term, disruptive move, the Council should consider investing in long-term solutions that will genuinely benefit the community:

1. **Developing a Purpose-Built Community Hub**
 - Use the available funding for planning and design work rather than a temporary relocation.
 - Identify a suitable location that can accommodate both a library and other community needs.
2. **Expanding the Current Beachlands Community Hall**
 - There is a large amount of land behind the hall that could be used to extend the existing building.
 - This would allow for improved facilities without disrupting current users.
3. **Upgrading Facilities at Te Puru Park**
 - Te Puru Park, located between Beachlands and Maraetai, has an underutilized community space.
 - Investing in this facility could provide a permanent, well-equipped hub for various community activities.
 - Council-subsidized rental fees could make it more accessible for local groups.

Conclusion

The idea of a Community Hub is a positive one, but the current staged approach is flawed and will negatively impact existing community services. Relocating the library into the Beachlands Community Hall is an inefficient use of resources and does not adequately consider the needs of either library users or the groups that currently rely on the hall.

With \$7.4 million in capital spending available for community services in 2025/2026, I urge the Council to take a strategic, long-term approach to infrastructure investment. Instead of a rushed, disruptive library relocation, I recommend using the initial \$60,000 to fund planning and feasibility studies for a well-designed, future-proofed Community Hub that meets the needs of all residents.

Thank you for your consideration. I look forward to a solution that genuinely supports our local community's needs.

Sincerely,

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

My daughter does dance classes at this hall with a dance school that brings her so much joy. We would not be able to attend another school as I work and she is able to get herself there every week on a Thursday and Wednesday. There is also a community lunch that happens at this hall which is important to so many people. Replacing with a library is absurd in this day and age.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Stop the plan to repurpose Beachlands Memorial Hall. We want the hall to remain as it is now - The hall is already well-utilised and serves the Beachlands community. A purpose-built community hub could be built elsewhere, not at the expense of regular hirers and small businesses. Having local dance classes available means we don't have to travel in peak traffic to Howick. It also means that we can walk to class and fit dance classes into an already busy schedule. Supporting local small businesses like my child's dance school is important. My child attends dance with other children from the community, this means that she builds friendships with local children and parents meet other parents and this builds a stronger community. I'd prefer the money to be used to upgrade the current library or to extend its current very limited hours.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

I do not support the proposed Annual Plan 2025/2026, particularly the 5.8% rates increase and the use of additional debt to fund \$4 billion in capital expenditure. Given the current cost-of-living pressures, many Auckland residents are already struggling financially, and increasing rates will only add to this burden. The Council should focus on more efficient spending and cost-saving

measures rather than placing additional financial strain on ratepayers. Additionally, I strongly oppose the plan to repurpose Beachlands Memorial Hall, as outlined in Franklin Local Board of the consultation document. The hall is a vital community space that is already well-utilised by local groups and small businesses. Retrofitting the existing facility for a different purpose is unnecessary and disruptive. Instead, the Council should invest in a purpose-built community hub elsewhere in Beachlands, rather than taking away an established and valued facility from those who rely on it. I urge the Council to reconsider these aspects of the plan and seek alternatives that do not unfairly impact ratepayers or compromise essential community spaces.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support any****Tell us why**

I am writing to formally express my strong opposition to Auckland Council's plan to repurpose Beachlands Memorial Hall as part of a new community hub. While I support investment in community spaces, I believe the Council's approach is misguided. Instead of retrofitting an already well-utilised facility, the Council should allocate funds towards a purpose-built venue elsewhere within Beachlands or on another Council-owned property. The Beachlands Memorial Hall is an essential part of our community, providing a safe and convenient space for local activities and small businesses. My daughters attend Dance Dynamix, a local dance school that operates from the hall. The ability to access quality dance classes locally is invaluable, as it allows us to avoid long commutes and peak traffic to Howick. By repurposing the hall, the Council would disrupt a well-established and thriving business, along with many other groups and businesses who rely on this space. Beyond dance classes, the Beachlands Memorial Hall supports a wide range of community activities and local businesses, including Zumba, karate, line dancing, and community lunches. These activities foster social connections and well-being for people of all ages. Repurposing the hall would negatively impact countless residents and small businesses that rely on this facility for their livelihoods and recreational needs. Auckland Council should be focusing on building a new, larger, purpose-built community hub rather than compromising an already functional and valued community space. I urge the Council to reconsider this plan and leave Beachlands Memorial Hall as it is while exploring alternative locations for a new community facility. Thank you for considering my submission. I look forward to seeing the Council make a decision that truly serves the Beachlands community.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I want to strongly reiterate my opposition to the proposed repurposing of Beachlands Memorial Hall. This hall is a well-utilised and valued community asset that serves a wide range of local groups, small businesses, and residents. Removing or altering its function would negatively impact many in the community, including my own family. Rather than retrofitting an existing, functional space, the Council should invest in a purpose-built community hub elsewhere within Beachlands. This would ensure that the current users of the hall can continue benefiting from it while also providing the community with additional facilities where needed. I urge the Council to reconsider its approach and leave Beachlands Memorial Hall as it is, maintaining its essential role in our community.

Annual Plan 2025-2026

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I'd like to see Franklin work harder for the other side of the ward ie Beachlands/Maraetai side. It feels like there is an unfair bias towards Pukekohe and we miss out on basic facilities ie a good size library and community space because there is one in Pukekohe and Waiuku. The whole ward is far too big and spread out anyway and its just not feasible for us to travel over an hour to access facilities we should already have in Beachlands. Our population is gearing for an explosion with a new development by woolworths and Beachlands South about to go ahead. Please start thinking and planning ahead for our side of Franklin instead of throwing us tidbits like a small upgrade of a very old hall! Now is the time for a purpose built library/arts/community facility

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

I love the idea of a well designed and planned community hub in line with community consultation but the downside of having a 'trial' in one of our only decent sized venues is crazy - our community needs the classes that are already running for its health and wellbeing and removing them for a council meeting area is going to adversely affect our community. I suggest you rent the old daycare facility on third view for a trial - it would give the library much more space to expand its facility,

provide the small breakout area that the youth are keen on (they don't want a large space) plus provide arts classroom and gallery areas (plus meeting rooms and an office space for council activities) without disrupting vital community activities. The hall may look like its underutilized but it is over subscribed for the peak hours that everyone wants and for arts hub and other groups its nearly impossible to get a booking as it is fully utilized. Other businesses are relying on this venue to run dance/line dancing/zumba/karate classes and these are important for our community. Our local rural library is a lovely peaceful space that will not benefit from being placed in the side room at Beachlands Hall. We need a better space not a worse one. I applaud the idea behind a community hub but lets make it workable for everyone and a better space not a worse one. Please listen to the positive feedback from our community and don't take it as a negative that there is so much passionate feedback about this idea. Moving forward is very important and spending more money on this side of franklin is well overdue so lets do it in a way that we all benefit.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

There is too much waste. Auckland needs to focus on just back to basics and follow the ministers directive to drop anything related to the wellbeing program.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

User pays

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

It is a nice to have not critical infrastructure

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Yes, I have stated on many occasions that mixing maori language with English language is not an effective or desirable means of communication. All council documents should be in one language or another not a Mashup. Also tiredness all the Maori project names as the majority of people have no idea what the project is about. Why do council staff feel the need to give everything a Maori name, it is nonsensical and only political ideology by the bureaucrats who tend to run the show versus the people's voice.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Moving the library in Beachlands to the community hall is not going to have a positive impact on the community. The current library works just fine and the hall is used by many community groups. Losing this space will negatively impact more than it will benefit.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

The Beachlands library should not be moved to the Beachlands Memorial Hall.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Community hub and use of the Beachlands hall as a location for it is a flawed decision. There is already a lot of community demand for space in the hall. The current setup works well. Reducing the size of the hall will be a short-sighted endeavour given the proposed froth of the area. Also assuming g it will also be a hub for Maraetai the hub will hardly be centrally located. The community needs large flexible spaces and a purpose built hub for the proposed froth in the area

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Creating a Beachlands Hub is destroying the existing Beachlands library and destroying the Beachlands Hall which is used by many groups and community get togethers. The proposed bed night visitor levy to help fund the Americas cup and attracting visitors to Auckland is yet another tax on small business that is barely eeking out an existence. Large hotels can probably afford it.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Small business owners are lucky to break even with other costs increasing to run accommodation. Big hotel chains can probably afford it.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish collection is a basic service for which we pay rates, therefore there should be no extra charges. You need to focus on your core business of collecting rubbish, keeping streets clean etc

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

A community hub for Beachlands is a backwards step for Beachlands. The existing library, and mobile library easily provide pleasant surroundings and allow people to access library services in comfortable surroundings.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

1. A community hub in Beachlands is not required. We have more than adequate library already and the Beachlands Community Hall is needed for the many community events that already use it. The small office on the right as you enter could be used for JP services if necessary, but the

existing library has plenty of space for this. 3. Te puru sports area. This is a wonderful community asset used by many people in the Beachlands and Maraetai community area and surroundings. 4. Initiatives to improve water quality in streams is vital to protect the coastline and make it a safe place for not only the local community but a large section of south Auckland who also use the area. By not looking after the water public health and recreation will suffer.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Beachland Library: To move the Beachlands library from its current location, in a council building (an old house) to the community hall, will displace many groups which use the community hall for their activities. ie line dancing, Zoomba and Fever dance. The community hall also have a large kitchen where volunteers, cook and server a lunch once a month for, predominantly older couples, who have moved into the area, to meet and make new friends. My wife and I have been to several of these lunches and met and continue to meet new people and make new friends, who live locally. If the library moves to this hall I assume there will be permanent book shelves in place so the useable area for these other activities will be greatly reduced and in some case be impossible to

function properly. Why not leave things as they are and save some tax payers money and wait for the new Beachland 2000 development and partner with the developer and create a state of the art multi functional community area. Thank you for reading this. David Briscoe

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Leave community hall as it is. Ridiculous to use it as a library when we have a mobile library. The hall is a community hall and gets used by everyone as it is now. You are ruining the Beachlands community if this is for your version of community use.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish bags are not the way. Been there done that decades ago. Why change again going around in circles back to the 70's with rubbish bags

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Priority number 1. Shutting down the Beachlands library from where it is in an existing purpose built building, to become part of a shared space in the Memorial Hall is appalling. It will stop all community events and activities from happening there, such as dance classes and community meals for elderly and needy etc. Needless to say that the area in the hall won't be user friendly or appropriate for a library either, this whole idea seems ridiculous and pointless.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

I do not want to see our community hall be taken away from us ! Our community depend on the hall for after school classes and events! It is a place where we come together to learn. My daughter does two dance classes there a week and if she has those taken from her she will be devastated. We are not in a position to take her into howick for lessons as I work at the local school and put in long hours. We have a community lunch there and many other important events where we thrive as a supportive community. We have a perfectly good library building you can do some minor work on to make it functional. The issue with the library is not the space it is the volunteer hours it is open. I am vert angry and frustrated as a rate payer to hear this was in your plans for our community !

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

You talk about caring for the streams then why did you let the local quarry, quarry into our streams and quarry all the native plants that we planted years ago ! Start doing your job and protect our community not destroy it for money in your pockets! We work hard and we deserve to have a say with what happens with our money in our community !!

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Support for public transport, regional parks and arts. More accountability for CCO, better reporting on actual capital expenditure spent. Selling Downtown carpark is the worst sin of this Council.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

International visitors avoid Akl already. Make Akl more accessible, attractive and safe then more visitors will come and spend their money. The levy is too high, max 1.5%

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We try to minimize waste and put out a rubbish bag every fortnight. Recycling once a month. Others have 3 bags every week and an overflowing recycling bin. The bag system encourages waste reduction or allow for much smaller bins at lower cost.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Still waiting for an update on the footpath charge projects, we all pay an extra \$52 / annum, which footpath was built this year? How can the public ensure that the money is not being spent on paths that should be financed through the normal budget or developments?

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

I would like a footpath from Tonkin Place to Buckland School. This footpath would very much benefit the school community. There is no existing footpath on the school side of the road and this area is very wet and muddy in winter. Children are dropped off along the length of this road and also walk from Tonkin Place. The berm puddles quite badly and children are frequently starting the day with wet shoes and feet in winter.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

I am totally in support of grant funding for TePuru Sports Centre. This centre serves the whole of Beachlands and Maraetai, Clevedon area. The facility is used extensively by many local groups both junior and senior groups. Having this centre local especiaaly for the seniors is essential and avoids the older people having to drive into Howick or Botany for their exercises classes. Socialising groups. Mahjong groups, pilates etc etc

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Stop the plan to repurpose the Beachlands Memorial Hall. We want the hall to remain as it is now. A purpose-built community hub should be built elsewhere, not at the expense of regular hirers and small businesses. Having local dance classes available means we don't have to travel in peak traffic to Howick. If we had to travel, my two children would not be able to start and find their love for dance. Supporting local small businesses like my child's dance school is important. My child attends dance with kids from the community. It's a safe and convenient space for our family. My child has her ballet exams at the hall. Our family is able to walk or drive to class easily. The hall is already well-utilised and serves the Beachlands community. I'd prefer the money to be used to upgrade the current library.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

I am a senior now living in Beachlands. The existing building Community Hall caters to many groups already and it is difficult to book as a venue. The Community lunches have a huge turnout for seniors & others looking to meet and greet locals and share a meal together. This may be the only contact in the community for many. The library if moved here lends itself to a silent area which would be hard to achieve in the Community Hub, as we all know \$60,000 won't go far towards the proposed changes. The plan seems to be a forgone conclusion without proper consultation with the public/ Beachlands Community and definitely should not be completed via a meeting by the mobile library. Why is the dialogue with the community only on the Grapevine surely as ratepayers we should be respectfully notified after all you have everyone's email on the rates. With this area growing at the rate it is, with more housing and development it is the ideal time to have a real look at what is needed not just a pretend proposal. Beachlands is a beautiful area that deserves more, not to be treated like a forgotten area. All other areas in Franklin are offered sensible funding and with a community of roughly 10,000 people here and growing rapidly, I feel we are entitled to a much better vision looking toward the future. All available community council buildings are inadequate and it may be a better idea to sell some of the council land in the area and fund a purpose built venue which can cater for all. The Youth in our area deserve to have a designated area to study, learn, share & grow in whatever their goals are focused on. Instead of having to travel back to Howick, Botany or whatever area they attend school. Parents not having to transport them to and fro.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

I am very concerned with the proposal for the Community Hub. / Library. I moved back to this area after 30 years in Clevedon and nothing has changed. Council still putting funding to other areas. We are part of the Franklin area and would like to see funding distributed fairly. All venues are used to full capacity. Is there a reason that the library is earmarked. As far as I can see no plausible explanation has been offered by council.

Question 5: Other feedback

Tell us here

Please find my submission relating to the Beachlands Memorial Hall attached.

I am very much against the Beachlands Memorial Hall converted into a Community Hub.
The council has not provided the community with any plans of the proposed hub.

In the council newsletter telling us how great this proposed community hub is going to be, it says nothing about reducing the size of the hall, I, like many thought the community hub would be an add on to the hall.

The council is not giving the community the full picture "Great Propaganda". The process the council is using in consultation seems very corrupt.

The council called a meeting on the 10th March 2025, inviting a small group of organisations to a meeting and after the meeting the council allowed 10 minutes for questions. This is not a consultation.

A public meeting should be held with everyone invited. Everyone in the community invited to attend and a reasonable time for questions.

The survey the council took on the usage of the hall during February was a complete sham. The children are going back to school and the sports clubs are not up and going, making the figures very inaccurate.

A Community Hub should be a standalone building, not an adhoc, lazy, cheap conversion of the hall.

I believe the council is making a complete mockery of the consultation process and treating the residents of Beachlands and Maraetai Beach as fools and with contempt.

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Fairly important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Less important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Fairly important

Investigate options to provide a dump station at Half Moon Bay

Less important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Less important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Less important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Grants, Sports and park activation activities, Youth activities .

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Grants, Sports and park activation activities, Youth activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Support most

Tell us why

There is talk in our community of converting the Beachlands Memorial hall into a library. I think this is an unfortunate proposal as the current use of the hall benefits the community in many ways. My daughter attends dance classes there and loves them, I have attended parties for you both young and old there and also school functions and group functions. I have also had the pleasure of taking part in the community lunch that helps bring often isolated members and elderly and vulnerable together for what is always a most enjoyable and nutritious meal. For any of these things along with the many others that I am sure I am unaware of that happened at this hall to be jeopardised it would be a very disappointing situation. And especially to think it would be replaced by a library which we already have one of in the community which is under utilised would be such a shame. Especially given in the same age when books are no longer a key source of information. It would just take one look at the current library and maybe deciding to invest in changing how it is used first would be a good start before sacrificing such a vital meeting place for our community.

Our priorities for 2025/2026 are listed below.

• Halt the initiative to repurpose Beachlands Memorial Hall. • We wish for the hall to remain in its current state. • Offering local dance classes allows us to avoid traveling through heavy traffic to Howick. • It is essential to support local small businesses, such as my child's dance school. • My child participates in dance classes with peers from our community. • She can easily walk or ride her bike to her classes. • A dedicated community hub should be constructed in a different location, without impacting regular users and small businesses. • The hall provides a safe and convenient environment for our family. • The hall is already heavily utilized and benefits the Beachlands community. • I support the community lunches • I would prefer funds to be allocated towards upgrading the existing library. • This is where a sense of community could thrive or be developed.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

You are still trying to do too much.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Those who benefit most should pay most.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I am in Franklyn, so would prefer we stick with the orange bags. I disagree with the substantial increase in business rates - Council should support business.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Still trying to do too much

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

I have only recently been advised about the beachlands hall/library not sure about other projects

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

N/A even though I live in Franklin we have bins

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Not enough consultation with the community

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

The new hub proposal needs more consultation

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

The delivery of library services and the continued support of Te Puru are important for the community. They both provide great services and are an integral part of our Beachlands community.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

The current library space is not large but certainly adequate, however if council wish to enhance the library services, then a larger venue would be required to include a greater selection of books and more space for community use. Te Puru provides an excellent space for sports and fitness programmes and is a vital part of the Beachlands community.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Sports and park activation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Get rid of cycle lanes in business areas and main roads

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Small micro communities are closer together as neighbours meeting neighbours e.g Maraetai library was local volunteers meeting for a neighbourly chat whilst getting a book and Beachlands library bringing local volunteers and neighbours together just like our local Post Office. Rural communities are not the same as city communities. Small is best not bigger.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

4B 1. The delivery of Aucklands community hub services for Beachlands. I do not agree with the library being moved into the community hall. It goes against the Title of the purpose of the current land use as library located at 75 Second View Ave which was given to the council in good faith for this purpose. The council suddenly coming into our Beachlands community and giving notice to the groups using the Memorial Hall for our community and informing our library volunteers the library is moving into a small room to be shared with other groups has been very traumatic for all. We dont need this outside city minded interference as a close knit rural community. We work together as a community through our community facebook pages. We are a micro community where the arts is located at the log cabin on the hill at Sunkist Bay, Beachlands, the Library is at 75 Second View

Ave, Beachlands. The Memorial Hall is for dance groups, community dinners, meetings and many other community activities. This hall was rebuilt and paid for by the Beachlands Community. This micro community is functioning for the community it does not need to be changed. When you develop the Formosa golf lands you can build a high school and your satellite community hub there which will be big enough to accommodate the new growth of Beachlands. In the meantime let's be.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

As communities we do not want to all look the same like shopping malls. Each community has its own history its own flavour which needs to be remembered when making change. Rural communities were built by the locals not by councils. The council needs to be respectful of this when proposing change like in Beachlands.

Beachlands Memorial Hall

Description

Beachlands Memorial Hall is situated close to the Wakelin Road shopping centre and Sunkist Bay. The original hall was built in 1922 and had a grocery store located in the front. After a fire, the hall was rebuilt by community volunteers and eventually the name was changed from 'Beachlands Hall' to 'Beachlands Memorial Hall' as a tribute to those who helped rebuild it. The hall is now a multi-purpose open space facility suitable for any kind of event or conference for up to 200 guests.

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

The NEW Community Hub what a short sighted proposal. The War Memorial Hall has been in constant use for at least 70 years! Can't be NEW just be filling the available indoor space with accomodating the library which already has its own functioning building. A NEW Community Hub suitable for the current Beachlands-Maraetai Community 10000+ soon to be increased by 5000 more would need to double in size within the boundaries of the current Hall. The lack of consultation with current hall users and the local community epitomises the disregard Auckland Council and Franklin Board have for the community involvement locally. Grant funding for Te Puru is required as it is the hub for local sports and activities. An initiative that started locally 40 years ago and recognised by the Manukau City Council 20+ years ago both groups having the insight that the current Council and local board members need to take on board.

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Seems fair to me

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I think it's a good way to raise funds for more development of Aucklanders. We usually pay a 'bed tax' when we travel overseas.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

3A Seems unfair to me

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Seems OK to me

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

My issue. We attend the line dancing class on Thursdays and would be most unhappy to lose the current size of our local hall by having to share/or downsize our space. Line dancing is a great community service to many different ages - a very big help in our wellbeing and feeling/ meeting people in community. Happy to have a hub in the area but not at expense of the larger groups e.g. kids football, zumba children's dance classes, community lunch. Could Log Cabin be further used? Or small building placed at the back of the 'community hall' for JPs etc.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

What is your opinion on our proposed annual plan?

I don't know

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

It's stupid and will increase the prices of rooms

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

They are too high and should be lowered to combat the cost of living

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Auckland Council is wasting rate money. All council organisations should have their funding cut by 20%/year. This would help them determine what is essential. Rubbish collections should be only every two weeks. My family of four put out one nearly full rubbish bag every six weeks. I definitely do not support increased spending on the 14 ancestral mountains, increased services to isolated

communities like Awhitu, Orere, Glenbrook Beach Beachlands and Kawakawa. If they want to own their expensive lifestyle block, they can make the trip to libraries etc.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Visitors need to pay for the right to see NZ. Other world renown cities do this.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Reduce the number of rubbish collections to fortnightly

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Albert-Eden, Aotea/Great Barrier, Devonport-Takapuna, Franklin, Henderson-Massey, Hibiscus and Bays, Howick, Kaipātiki, Māngere-Ōtāhuhu, Manurewa, Maungakiekie-Tāmaki, Ōrākei, Ōtara-Papatoetoe, Papakura, Puketāpapa, Rodney, Upper Harbour, Waiheke, Waitākere Ranges, Waitematā, Whau

Albert-Eden Local Board Priorities

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.

Less important

Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.

Less important

Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.

Less important

Talking with young people and children to better understand what is important to them in their area.

Less important

Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.

Less important

Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.

Very important

Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.

Less important

Increasing the number of local events arts and activations especially in local parks and town centres.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Aotea/Great Barrier Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

All current projects and programmes including community grants, environmental work, and parks upgrades

Less important

Set up of a new community-run local fish-supply

Less important

Community marine education and marine biosecurity work

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any**Tell us why**Too expensive-keep rate increases to 0% and do whatever is needed to make that happenOur priorities for 2025/2026 are listed below.**How important are these priorities to you?****Progress the planning and development of the Takapuna Community Hub** Less important

Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces

Less important

Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs

Less important

Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan

Less important

Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information

Less important

Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice

Less important

Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services, Local waste minimisation activities, Local water quality activities

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Henderson-Massey Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Working with the community on signature events with the intent for the community to take the lead

Less important

Engaging mana whenua, Māori and in collaboration with Te Kete Rukuruku, creating Te Ao Māori activations for whanau that incorporate te reo, tikanga and supporting the area's Pūrakau (Māori history)

Less important

Expanding youth voice initiatives to academic students in the local board area

Less important

Work on plans to upgrade Catherine Plaza

Less important

Continue to support water quality initiatives including the Rivercare group's work in Te Atatū Peninsula, Love Your Streams (EcoMatters) and Ngā Puna Manaaki Īnanga, a project to identify, protect and enhance Īnanga spawning habitats across the Henderson-Massey local board area

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making

Less important

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting

Less important

Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities

Less important

Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents

Less important

Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy

Less important

Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Support local businesses and Business Improvement Districts on crime prevention and safety**

Less important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Less important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Less important

Investigate options to provide a dump station at Half Moon Bay

Less important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Less important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Less important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

Kaipātiki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Community development, including events, community safety, and a greater activation of our community houses, community centres, and libraries

Less important

Increased funding in the Kaipātiki Community Grants Programme, so we can support and help a wider reach of our community through their activities

Less important

Māori outcomes, through investment in engagement, events, and fostering authentic relationships with Māori.

Less important

Youth outcomes, through conversations with young people to identify local activities and services that interest them

Less important

Increased sport and recreation opportunities, through grants to organisations to maintain or improve their assets, or to secure community use of non-council owned facilities

Less important

Environmental protection and restoration, including working with our local environmental groups to increase their impact

Less important

Maintenance, including environmentally friendly open space management, building maintenance, refuse collection, bush track maintenance, and removal of aging pine trees

Less important

Compliance, in the areas of building, illegal dumping, noise, animal control, and overnight stays on reserves

Less important

Pools and leisure service enhancements and affordability

Less important

Sport and recreation facility planning to understand the sport and recreation facility needs of Kaipātiki, to guide future investment

Less important

Business support and engagement across Kaipātiki.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Māngere-Ōtāhuhu Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Explore a site for a recycling centre

Less important

Local playground improvements in areas like Mangere Bridge

Less important

Maintain local road safety with limited budgets

Less important

More support to volunteer networks

Less important

Push to deliver local business initiatives.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

Māngere East Village Business Improvement District (BID) programme

A BID is a local economic development initiative run by a business association under the Auckland Council BID Policy (2022). It involves businesses in a defined area paying a targeted rate to fund specific services or projects in their BID boundary. The Māngere East Village Business Association Society Inc. (MEVBA) has failed to meet key BID Policy requirements, including accountability reporting, AGM minutes, strategic plan, and appointing a BID Manager. MEVBA also breached its constitution and did not notify the council of non-compliance. The Māngere-Ōtāhuhu Local Board is now considering terminating the BID programme and targeted rate, with the possibility of re-establishing a compliant BID programme in the future if conditions are met.

Do you think we should end the Māngere East Village Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Less important

Improving sports fields including maintenance, sand-carpeting and lighting

Less important

Identifying ways to support the council's response to roaming dogs

Less important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Less important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Less important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Less important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Less important

Scaling up the work being delivered to achieve environmental outcomes

Less important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Less important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Maungakiekie-Tāmaki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Continuing to support community groups and community-led activities through our local community grants

Less important

Continuing to build the capacity and capability of local community and sporting groups through our strategic partnerships programme

Less important

Activate our local open spaces and facilities, through council-led activities and assessing what amenities our spaces need, such as toilets and power outlets

Less important

Empowering community groups and organisations to deliver community events through sustainable funding models

Less important

Consider funding activities that increase our community's sense of safety, working with community groups and business associations already delivering safety initiatives

Less important

Continuing to support initiatives that deliver outcomes with and for youth, such as our Youth Empowerment programme, and Tiakina te taiao and Ope programmes (biodiversity and climate action education programme in schools)

Less important

Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways, particularly the Tāmaki Estuary and Manukau Harbour

Less important

Consider a review of Te Oro Music and Arts Centre, to ensure it remains welcoming and responsive to the community's changing needs.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Ōrākei Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding..

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increase our funding for local ecological restoration, and animal and plant pest control, and continue to work with our many community volunteers to enhance our natural environment

Less important

Continue local initiatives to enhance neighbourhood connections and increase safety and emergency preparedness, such as through funding for Neighbourhood Support

Less important

Fund and support local events, such as Splash Landing, Anzac services, and an event to celebrate the re-opening of Remuera Library to showcase our spaces and benefit local residents and businesses

Less important

Maintain efforts to monitor and improve water quality in our local waterways

Less important

Continue activating facilities at Tagalad Reserve and The Landing

Less important

Progress detailed design and consent work for Thomas Bloodworth Park and Shore Road East sports fields, and for field and sports infrastructure at Colin Maiden Park, and renew artificial playing surfaces at Michaels Avenue Reserve

Less important

Find a new partner to develop the Meadowbank Community Centre

Less important

Develop an action plan to improve access and the environment at Dingle Dell

Less important

Work to enhance the Ellerslie Town Square by improving access, activation ability, safety and public amenity through improved tree management, landscaping and seating.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Seawall Repair from Tāmaki Yacht Club to Archilles Point, St Heliers

We would like to maintain and repair seawalls, replenish sand, and extend stormwater outflows further offshore on our beaches from Tāmaki Yacht Club to Archilles Point, St Heliers, as well as re-sand Tāmaki Beach and construct groynes to help keep the sand in place. To fund this, we would need to investigate a targeted rate of around \$10 per year, for each household in the Orakei local board area, for 10 years. If progressed, the Governing Body would need to make a decision on whether to introduce this rate as part of the annual budget 2026/2027, after consultation on a more detailed proposal. The rate could then apply from 2026/2027.

Do you think we should investigate this proposal?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Ōtara-Papatoetoe Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Ensuring Māori culture and the values of mātauranga Māori are visible in public spaces

Less important

Addressing safety concerns in neighbourhoods, common areas and town centres

Less important

Delivering on increased local economic outcomes

Less important

Supporting small businesses to act on environmental sustainability

Less important

Progressing the planning for options to address community service needs in Old Papatoetoe

Less important

Supporting local environment groups to work collaboratively with community volunteers in efforts to clean, manage and plant our local reserves and open spaces

Less important

Planning for the delivery of facilities at Manukau Sports Bowl

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Manukau Sports Bowl

Do you support prioritising the planning for delivery of facilities at Manukau Sports Bowl?

(This may include exploring alternate sources of revenue, such as a targeted rate in future years)

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Hunters Corner Business Improvement District

For the 2024/2025 financial year, the Governing Body did not set a targeted rate for the Hunters Corner Business Improvement District. This was due to the Hunters Corner Town Centre Society Inc (HTCTS) not complying with the BID Policy. If the HTCTS remains non-compliant with the BID Policy by April 2025, council will not set the rate for 2025/2026.

Do you have any comments on the Hunters Corner Business Improvement District?

No

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

Which three of our services are least important to you? (select up to three)

Arts and community centres – programme and activation,Community climate action and sustainability activities,Council venue and facilities – temporarily or permanently close

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Puketāpapa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Considering the community programmes that are delivered from Wesley Community Centre and Roskill Youth Zone to get better utilisation of the facility**

Less importantDo not support any

Investigating the use of the Fickling Centre and Library, to ensure that it is able to respond to the needs of the growing Three Kings community

Less important

Supporting community groups that lease council space, so they can find ways to share their spaces and continue to provide great community activities

Less important

Implementing recommendations from the Sport and Recreation Facilities Plan so that the recreational needs of our growing communities are met

Less important

Planning for the development of Monte Cecilia Park so that this becomes a destination park and an icon for Puketāpapa

Less important

Investigating projects from the Wairaki Awa Catchment Plan that can be implemented, such as naturalising the awa at Lynfield Cove

Less important

Investing in more climate action and environmental projects

Less important

Increasing the number of local events, arts and activations, especially in local parks

Less important

Supporting arts and events by working with existing community groups to help coordinate their work and make the most of opportunities

Less important

Supporting community-led placemaking initiatives that engage diverse groups, promote safety and community identity, and increase greater connectivity and participation among businesses and community members.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Improving services for all communities by enhancing libraries art and youth programmes

Less important

Promote physical activity and recreation by increasing play opportunities in more locations

Less important

Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Less important

Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Less important

Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Less important

Prepare and review plans for reserves to identify gaps to meet community needs

Less important

Improve the safety of our community and environment through increased education, monitoring and compliance.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai

Less important

Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents

Less important

Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature

Less important

Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process

Less important

Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have

Less important

Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Waiheke Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library

Less important

Programmes which protect, restore, and enhance the island's natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience

Less important

Progressing recommended actions within the Rangihoua Reserve Onetangi Sports Park Reserve Management Plan

Less important

Capital projects including the Tawaipareira Reserve playground and loop track, and replacement of the Rakino Hall

Less important

Continuing to support local organisations with the development of a community swimming pool and investigate consulting on a local targeted rate

Less important

Revitalising Ostend and Oneroa village centres

Less important

Commissioning the research of data and surveying residents to understand the state of the motu.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Community Pool Development

You have told us a community pool is a priority however building and running a community pool will involve significant funding. A targeted rate for Waiheke residents is one way to fund this development. The board will also explore partnerships and sponsorship opportunities.

Do you think we should investigate a targeted rate to progress development of a community pool?

No

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Waitākere Ranges Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding. The proposed increase in funding ('fairer funding' for local boards) may be taken up by budget pressures outside of the local board's control.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

The Event Partnership Fund to support more community-led events

Less important

Arts and culture programmes delivered through our community arts partners

Less important

Tailoring programmes to serve diverse communities (youth, older adults, Pacific and ethnic communities)

Less important

Community development, placemaking and activation in our growing neighbourhoods and centres such as Glen Eden, Sunnyvale and Swanson

Less important

Supporting business associations to continue supporting local businesses and ongoing growth, develop and liven-up our town centres, including assisting Glen Eden Business Association and establishing of Titirangi Business Association

Less important

Environmental programmes to help protect and restore the Waitākere Ranges

Less important

Trialling phosphite treatment of kauri infected with kauri dieback on selected local parks

Less important

Improving neighbourhood parks: George Herring Common, Koroī/ Clayburn Reserve, Tautoru/Maywood Park, and Sandys Parade.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Waitematā Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

Tell us why

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park

Less important

Delivering footpath improvements for Auckland Domain

Less important

Starting construction for Leys Institute

Less important

Delivery of Heard Park Civic Space

Less important

Prioritising sport and recreation opportunities for groups that have less

Less important

Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad

Less important

Community services programming to enhance perceptions of safety

Less important

Support for ending homelessness in Auckland.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local waste minimisation activities

Whau Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Restore funding to service levels in some areas that were cut in recent years, e.g additional library hours, programmes and community grants

Less important

Increased service levels in our parks and town centres including progression of Te Hono project

Less important

Plan for the future Whau aquatic and recreation facility and facilitate public access to school pools in the interim

Less important

Work with local Business Improvement Districts (BIDs) to find new ways of delivering vibrant and welcoming town centres through art activation and beautification projects.

Less important

Continue to support volunteering, community and business participation, through environmental and ecological initiatives around the Manukau Harbour foreshore, the Whau River and its tributaries, and our urban ngahere

Less important

Increase community participation and capability in community hubs, houses and with established community partners, and progress the development of a new community hub in Fruitvale

Less important

Foster climate/emergency preparedness and resilience in our community

Less important

Investigate a future space for youth and engage a youth coordinator to support and promote for youth by youth activations

Less important

Provide appropriate options for healthy, active lifestyles through recreation in parks and open spaces with particular focus on our ethnically diverse communities, women, and girls.

Less important

Tell us why (please be clear which priority you are talking about)

Too expensive-keep rate increases to 0% and do whatever is needed to make that happen

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Beachlands Hall as it is is a great asset to our community. We do not need to have a community hub created as we already have one. We don't need council putting in staff to run it. Leave the library where it is why change anything. I am involved in groups who use it and to reduce the size include a library would be stupid. I hope that councilors have been to each activity run in the hall and see how well used it is. Don't waste our rates on something that works very well as it is.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Visitors would already be contributing towards our economy via accommodation, transport, restaurants and other tourist destinations while here.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I haven't read all the proposals at this stage. Sorry, not enough time. Just have a concern about the Beachlands Library being relocated.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

I am concerned about the relocation of the Beachlands Library and councils reasons for doing so.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

I think it's a huge waste of time moving the library into another old building, it's time you gave us a proper library on the coast the population is growing at a fast rate & we have no extra goods that other areas have. Put the 60,000 towards a relocatable building (library) that sits by the log cabin on the reserve & uses that beautiful view so locals can finally have a library in a great spot. You have the land, use it!!

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Taking away our community hall for the purported purpose of creating a youth community space is appalling. You're taking away one of the few things that are working for us.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

By removing the Beachlands community hall space from the community, you are destroying the fabric of the Beachlands community. One that is working well and keeping the community together. The Beachlands Hall is currently well utilized by the whole community, from little kickers to Zumba, line dancing to birthday parties, the community lunch and so much more. While our youth need a space, we should not do so at the expense of the rest of the community. Also, there is no suitable space for the library to be housed here so you add yet another unnecessary spend to the ratepayers by relocating the library and have to spend to upgrade the hall to accommodate this. Leave the library where it is. Youth will not be quiet rendering a clash of audiences if co-located alongside a youth facility. It does not make sense to bring the two together. As for all of the council activities, we can do these through the local post shop, another integral part of the community you risk destroying.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Leave Western Springs Speedway where it is. 95 years of history should count for something. It is a wholesome family event, providing good family fun for all without issues of alcohol and violence that you get in other activities. It attracts people from all around the world. It is something NZ has that is unique. Soccer will not do the same. Why would anyone come to Auckland for soccer?! Waikaraka is not a suitable alternative. It is dangerous for the drivers and a cash injection will not fix this.

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

We need a balanced approach to funding the council and its priorities and the plan does this, but local water done well is a joke. It will not reduce the costs and will help undo the great progress council has made.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Strongly support this, especially as it is ringfenced for making us more desirable to travel to

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Too much assessing and advocating and assisting and not enough doing. Get on with it.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

I don't know

Tell us why (please be clear which priority you are talking about)

We're in dire need of action, just make a call and get on with it.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities, Libraries and Pools and Leisure facilities - opening hours and services, Local parks strategy and planning

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business

ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Takanini is hollowing out the Papakura mainstreet, would this help reverse this or are we just helping subsidise their eating of our town?

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I fully support the bed night visitor levy and transport improvements, however I would like to see more services and funding for Franklin given its size compared to other councils, I would also like to see significantly more funding for environmental causes

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Visitors who stay for a single event or a weekend use our services and enjoy Auckland's benefits without paying for them like Auckland residents, apart from that line of reasoning a lot of other cities around the world have a similar levy its only fair we implement one too

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I support increased transport options and road improvements, I believe Franklin should have more funding and significantly better roads given the size and estimated increase in population.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

these are all very important to me, especially number 4 ,5 & 6; improvements in water quality in streams and rivers, Accelerated planting of trees in public places, and continued delivery of the targeted rate funded Franklin paths programme

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I still believe there is a huge amount of waste and inefficiencies that could be trimmed and reduces within Auckland Council's existing rates take. You simply keep increasing our rates without showing any real savings.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

See above, reduce wasteful spending and you will not need to introduce a bed-tax.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish collection is an core function of a council. Imagine the increase in dumping that will go on. That council will then need to spend more money collecting form road-side and down gulley where people dump rubbish. The amount of rubbish on our roadsides is bad enough.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

What you are proposing to do in Beachlands with our local Hall and Library are not what the community wants, nor have we been involved with the proposal. You are trying to give us a quick and cheap fix, when we deserve a much better long term solutions for a purpose built community hub.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay**Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre**

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes**Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan****Continued delivery of the targeted rate funded Franklin Paths Programme.****Tell us why (please be clear which priority you are talking about)**

As mentioned above. We have not had any real consultation on the proposal to merge the Beachlands Library into the local Hall. I would like this to be put on hold until we have been properly consulted with. There is not enough space in the local hall to include the library. They operate as 2 very different spaces with very different needs and outcomes. The Hall does have

the physical space to fit the library into it and still function as the Hall. I cannot see how or why we would need 2 full time staff to run a community hub. How you as a board could justify that spend. I would like you to strongly reconsider this proposal and go back to the community and stakeholders and engage in some real consultation, before you close the library and attempt to move it into the Beachlands Hall.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

I don't agree with moving library into the Beachlands community Hall , as the beachlands community hall has so many activities happening in there which are well utilised , which then would have to find if there is somewhere else to use which has the capacity and is still convenient for people

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

There is a difference between tourist and relatives visiting , tourist yes , relatives no bed night levy

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Don't agree with moving Beachlands Library into Beachlands Community Hall

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

The Te Puru Sport Centre had a lot support from the local communities when being built where the council did not step up. Now many age groups, from very young to the over 70, utilise the Te Puru Sport Centre, which overall is good for health and well-being. Active people equals healthy community.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

In my opinion, Transport and fairer funding for local communities is what is needed. I am unsure about water, due to many properties having water tanks.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

If a short stay means 2 nights or less, then the levy sounds reasonable as it would most likely be for the intended event that would be on during that time. The levy should not be for times outside of the events mentioned.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

It would seem to make sense that everyone is in one system ie bins. Seems strange to have some in bins and some on rubbish bags

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

There has been a mention regarding moving the local library from it's current destination to the community hall to make it a community hub. It seems to make more sense to leave it as it is and build a more purpose built community Hub in the future. The current community hall is being used by many community initiatives and should not be disrupted.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Proposed re-development of Beachlands Memorial Hall into a Community Hub A Community Hub would be a welcomed asset for the Pohutukawa Coast but needs to be a purpose-built facility for

the planned population growth and community needs, not just tokenism as is proposed. This proposal is not viable nor fit for purpose. There has been no public consultation regarding converting the Beachlands Memorable Hall into a Community Hub, further, the Franklin Board has failed to correctly evaluate the current use of the Hall and Library and what both facilities mean to Pohutukawa Coast residents. Statistics given at the 10th of March 2025 meeting held in the Beachlands Memorable Hall regarding usage by Other Parties were misleading. The Council representative who presented, reported that the Hall is underutilised with only 30% usage which is unacceptable to Council. This figure was derived from Hall usage for February 2025, 5am to midnight.

1. Why wasn't a 12-month period taken. Apart from February being the shortest month of the year, some activities, due to summer holidays, did not commence at the beginning of the month.
2. Why was the time slot 5am to midnight taken?
3. Who would use the Hall between 5am - 9am and 8.30pm to midnight?
4. Who hires other community halls in Franklin between the hours of 5am -9am & 8.30pm-midnight?
5. Who does Council think should be using the Hall during the hours 5am -9am & 8.30pm-midnight and what steps are you taking to attract such usage?

To establish the true demand for the hall a 12-month period should be taken during normal usage hours - 9am to 8.30pm. Library. At the 10th of March 2025 meeting the vision given by Council for the Hub was to convert the northern floor space at the Memorable Hall into a Library which would include computer and printers facilities, the Library to be re-located by the end of 2025, then Council would identify future users of the Hall.

1. Why relocate the library from its present location at 75 Second View Ave, when that parcel of land owned by Her Majesty the Queen (Crown Land), CT NA801/109, 'Purpose - Reserve for a Library Site' is registered on Title?
2. Although the current Library is small it is a very pleasant much-loved space and well utilized by the community.
3. Why move the library to an inferior space which is smaller than the current Library?
4. Significant budget is required to convert this space into the proposed Library. Is this the best use of rate payers' money?
5. Residents currently using the Hall have not been taken into consideration. A library is incompatible with Ballet classes exams & recitals, Church, Community Lunch, Fever Dance, Line Dance, Marshall Arts, Stretch, Zumba & Private Celebrations. What consideration, if any, has been taken for the continuation of activities for this diverse segment of the Community?
6. Who will use the Hall once the library has been established? Summary. Currently a wide range of residents from tots to elderly use the Beachlands Community Hall, you could call it an informal Community Hub minus Library and resident Council personnel, an important sector of the community not acknowledged by the Franklin Board. The Beachlands Library is a much-loved establishment and there is no apparent need to immediately re-locate it.
1. It is highly questionable that the current proposal is the best use of rate payers' money.
2. A Long-term approach is best practice, the current proposal is short term, unimaginative and unlikely to serve future population growth and community needs.
3. Franklin Board must identify the Community's needs by Public Consultation then plan a purpose-built facility to serve ALL the Community.
4. Keep the library where it is until a Community Hub has been properly planned, funded and built.
5. Council publish time slots available for groups to hire the Beachlands Memorable Hall.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I do not support paying for a council based collection system, I already pay for a private collection and can stop this at anytime to save costs.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Waitematā

4B. What do you think of our proposals for your local board area in 2025/2026?**Waitematā Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

Tell us why

Do not support most

Tell us why

How does demolishing Western Springs speedway and associated football fields, replacing them with a commercial football stadium fit under the advertised plan prioritising sport and recreation opportunities for groups that have less ? The Western Spings outer fields are a cherished public resource, Western Springs is the home of the Ponsonby Rugby Club - you don't get more grass roots. How will removing all of this and the speedway, building a private stadium and all the associated pollution that goes with major civil projects achieve this goal? If you want to upgrade a local resource, put money into local sports clubs and strengthen ties with schools to remove the cost of entry for groups that have less.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park**

Less important

Delivering footpath improvements for Auckland Domain

Less important

Starting construction for Leys Institute

Less important

Delivery of Heard Park Civic Space

Less important

Prioritising sport and recreation opportunities for groups that have less

Fairly important

Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad

Less important

Community services programming to enhance perceptions of safety

Less important

Support for ending homelessness in Auckland.

Less important

Tell us why (please be clear which priority you are talking about)

Point 5, as already stated - invest in clubs don't demolish what you already have.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local events,Sports and park activation activities

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I am one of the 'moaners and whingers' that you so eloquently refer to.(clever marketing by the way, got my attention). Western Springs has been a wonderful part of my life as a spectator, having been taken as a child to now taking my own children. It is a wonderful vibe and aside from us watchers, has a great involvement across the board. The other community events don't have the same appeal for me, although I do frequent them too, concerts, cricket, soccer etc I have found this one extra special. A reflective leader is a nice thing to have, you have the skills based on your experience, so a kind request to rethink this would be much appreciated.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Im sorry, I don't believe I have enough information to make an informed decision, and what alternative options are. If there are no other options than a visitor levy then I would agree (in principle) although I'd like to see the research of where this has been done elsewhere and what (if any) negative impacts this may have had...ie will people decided not to come to AUckland regularly because of this levy?

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I think Council should cover all costs for rubbish collection services, through our rates

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

sorry, I don't feel I have sufficient knowledge of what's been done, or needs to be done and it would take me days to read all your documentation and I can't commit that level of time unpaid, to provide the quality of feedback needed.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local arts and culture activities, Local parks strategy and planning, Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

anything that helps to grow economic opportunities is going to be valuable especially in this high unemployment climate

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Important for repairs at Te Ouru Community Centre

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

I have a particular interest in Beachlands library community hub

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Raises funds for locals

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Beachlands needs a dedicated hub which doesn't include losing the current Beachlands hall until a suitable replacement or upgrade can be provided. This is the only hall available in Beachlands for community groups and small businesses that use it. It is unique in that it is the only commercial kitchen available for hire in Beachlands or Maraetai, now that te puru has signed a contract with Ambrosia Restaurant catering, which excludes other users. It also is a unique facility which provides a stage for local arts, drama and dance groups to perform. A suitable solution should be provided to the community before it is shutdown to become a makeshift library and council office was mentioned. Unacceptable.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

The Te Puru sports hall is well patronised by people who really appreciate it. It provides physical and social support to people who would not otherwise be able to afford clubs etc. For some people it is their only social outlet and essential for their mental well being. Many of the community provide their own time to support these resources because it is so important to keep them going. Providing the infrastructure enable the community to help itself more.

Support most

Tell us why

Overall balance looks good and focus on core activities to be commended, but some of the local board items feel like nice to haves

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Short stay accommodation providers have actively worked to minimise their contributions to paying for the common events that drive their business while increasing housing pressures within the city, going forward they need to contribute more.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Dog fees should be increased further with the funds used for additional animal control as unlicensed and roaming dogs are a major concern in parts of south Auckland

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Franklin is at risk of becoming unrepresentative, at formation this was a primarily rural board but with the current growth in the likes of Beachlands (Beachlands south development) and grown in Clevedon village, require a more urban support style while other parts of the board remain fully rural

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Howick, Ōtara-Papatoetoe

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Fairly important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Less important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Investigate options to provide a dump station at Half Moon Bay

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Very important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Very important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities, Community programmes and services, Environmental restoration, volunteers & pest control activities .

Ōtara-Papatoetoe Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Ensuring Māori culture and the values of mātauranga Māori are visible in public spaces

Fairly important

Addressing safety concerns in neighbourhoods, common areas and town centres

Very important

Delivering on increased local economic outcomes

Supporting small businesses to act on environmental sustainability

Fairly important

Progressing the planning for options to address community service needs in Old Papatoetoe

Supporting local environment groups to work collaboratively with community volunteers in efforts to clean, manage and plant our local reserves and open spaces

Very important

Planning for the delivery of facilities at Manukau Sports Bowl

Less important

Tell us why (please be clear which priority you are talking about)

Manukau Sports Bowl

Do you support prioritising the planning for delivery of facilities at Manukau Sports Bowl?

(This may include exploring alternate sources of revenue, such as a targeted rate in future years)

I don't know

Tell us why**Hunters Corner Business Improvement District**

For the 2024/2025 financial year, the Governing Body did not set a targeted rate for the Hunters Corner Business Improvement District. This was due to the Hunters Corner Town Centre Society Inc (HTCTS) not complying with the BID Policy. If the HTCTS remains non-compliant with the BID Policy by April 2025, council will not set the rate for 2025/2026.

Do you have any comments on the Hunters Corner Business Improvement District?

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities,Community programmes and services,Libraries and Pools and Leisure facilities – opening hours and services

Which three of our services are least important to you? (select up to three)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

You need to focus on roading. Botany-whitford-Flatbush motorway access. Pour the money into making an arterial over pass that connects people to motorways! Instead we drive through suburbs to get to major highways. People will pay an extra amount to fund a large over pass to avoid sitting in horrific traffic. Connecting people in a better way. More facilities available for

families ie nicer playgrounds toilet blocks in beachlands. Drinking water available at playgrounds.-
there are none available in pōhutukawa coast.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Why not. We as tax payers pay more than enough so it should not sit with us

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

New Zealand is currently engaging in a soft ethnic genocide of white New Zealanders- the founders of the laws, infrastructure & governance With mass migration invasion as a signatory tool as per globalist financial instructions to inflate assets at all costs. Fewer than 20% of children born today in Auckland are of the founding origin. Consequently, unless the state corrects itself through

representation, all acts of financial non compliance & peaceful sabotage will be taken against the enemy, the state, toward its destruction in its current form.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. 3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

A state that is finished makes fees, rules & taxes as fast as it prints its own currency & imports foreigners for support, as have many tyrants in history

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

A local council involved in the ethnic replacement of its people shall be destroyed & obfuscated from.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Community investment is important, however the more you invite foreigners, the less Philia a community will have. It won't matter how much a dead entity- the state invests, turnout will simply decrease as every multicultural area shows a rupturing of acts of service at an individual level. This is the foundational block of community endeavours

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

You must stop ethnically replacing the founding people of New Zealand with endless waves of orient & Pacifica, lest you destroy the country & wound its phillia- as the incentive of a dept based fiat currency would ask for through the mouth of banking entities that live over seas, that would see us as a line in an economic spreadsheet for them to exploit. The state has declared itself as our direct enemy on this path of capitulation to interests that do not serve the people, such as avoiding asset deflation at all costs

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Put the tax on the events themselves. On the tickets or food/drink at the event. Why accommodation? How do we know people are attending the event and paying the bed tax vs just visiting family and booking accommodation?

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Houses should have the option to choose if bags or bins are easier. The same with composting - if you can show you don't need a compost bin, you shouldn't have to pay/use one. We have chickens, goats and 3 large compost bins. Why would I need a council compost bin?

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

Please explain how pests are the reason we have poor water quality in Franklin? Pretty sure livestock, synthetic fertiliser and lack of waterway planting are far more detrimental to our waterways. We live next to Ngakoroa stream and the market gardens in the area apply so much synthetic fertiliser, no planting to protect the stream and no testing of soil to understand what nutrients are needed - old school approaches like 'more is better' still alive and strong in Franklin. Happy for you to support pest control, but I challenge the impact that will have on water quality like you have stated.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Albert-Eden, Franklin

Albert-Eden Local Board Priorities

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.

Very important

Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.

Very important

Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.

Very important

Talking with young people and children to better understand what is important to them in their area.

Very important

Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.

Very important

Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.

Very important

Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.

Fairly important

Increasing the number of local events arts and activations especially in local parks and town centres.

Very important

Tell us why (please be clear which priority you are talking about)

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Bus lanes are not a long-term mass transit solution for a growing city of Auckland's size. Give the city a rail or light-rail option so that people will want to take public transport. Only teenagers and pensioners want to take buses on a regular basis. Find a way to implement the principles of the Water Reform Program, so that rate payers don't have to fund the infrastructure changes required

through their water bills. Ensure that local councils have the funding and authority to update critical infrastructure to support development. Thousands of houses are being built in Beachlands, Maraetai and Clevedon without any updates to the road, transport and utilities infrastructure to support this increase in demand. There is still one poorly maintained road in and out of these suburbs, with a significant amount of the traffic taking kids to and from schools in Howick and Botany, when there are more than enough people to warrant an intermediate and high school in the area.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Make the pump track happen in Beachlands and invest in separate-to-road cycling paths to allow people to get around locally without having to get in the car. It is shameful for the council to leave the funding and building of such a key recreation facility like the pump track to a private individual.

Cycling is one of the primary activities and modes of transport in the Beachlands/Maraetai area, with over 80 kids riding in the local youth academy and even more using the forest trails on a regular basis and mountain bikers travel from all over Auckland to Maraetai to ride the trails. Being able to connect the local facilities without the use of a car, via safe protected cycle paths would further promote the area as a destination and improve the local daily experience without the reliance on cars.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Environmental restoration, volunteers and pest control activities, Sports and park activation activities, Youth activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

5.8% rate rise is completely out of whack with reality. House and land prices have dropped significantly since the last rates calculation. Auckland Council should focus on cost reduction initiatives not how to claw more money out of its members who do not have a choice to be able to go to another provider. We are forced to pay for this service.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I dont believe Auckland council will use this money wisely.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

5.8% rate rise is completely out of whack with reality. House and land prices have dropped significantly since the last rates calculation. Auckland Council should focus on cost reduction initiatives not how to claw more money out of its members who do not have a choice to be able to go to another provider. We are forced to pay for this service.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

Any rates increase is unwanted by ratepayers especially considering how much wastage is apparent in council. Ratepayers want to start seeing sensible and cost effective plans not more and more expenditure and increases that we cant afford. There has to be a line in the sand about how much more blood you can squeeze out of ratepayers.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

We shouldn't be charging people to visit Auckland. It would make Auckland less desirable to visit. It already is a nightmare in terms of traffic etc.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

While I support having a wheelie bin for practical reasons it does nothing to implement less waste and will encourage people to put more waste in the bin that will go to landfill. It is also not fair that residents are not able to opt out of this cost. (same goes for the stupid compost bins).

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Targeted fund for footpaths... it is important that this funding is used in areas that need additional footpaths ie Glenbrook Beach. And not just for fancy bike paths that 4 people will use - actual footpaths for walkers, pram pushers, dog walkers etc that enhance safety and add to the aesthetic value of the area. In Glenbrook Beach residents are forced to walk down a narrow steep road with no edges or area to get off the road just to get to the beach. We have even had to walk through

raw sewage to access the beach. People in wheelchairs and children in pushchairs have to be pushed through wet grass to access the beach playground. This is not good enough and the ratepayers of this area deserve safe, accessible footpaths. The residents will not be happy to be paying money to a footpath fund that won't directly benefit them.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Road users have already been tax payer supported through various levies. Road users have already lost 'lanes' to buses and cycleways. These lanes were paid for through tax payers for space to utilize for vehicle traffic. The road user has not received a discount or rebate for lanes taken away. Although still taxed and paying for the full width of what was initially developed for transport by

private vehicle use. Taking lanes away without reimbursing road users is double dipping by adding tax to pay for further congestion due to loss of private road user lanes.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

Let the private users who host the visitors decide how to collect additional levies.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rural properties face challenges in some part due to council not extending services where wastewater/sewage and town supply already exist nearby. Rural property owners do not get discounted public transport for having to get to public transport when where is no public transport route provided. Rural property owners are paying for more development around their properties however not receiving the benefits directly. Many bought properties and cannot subdivide their

land to remain on it, as usage and needs have changed since they purchased the property. Land subdivision around them is happening at an alarming rate and although some rural property owners have roads that feed onto main roads, the council do not allow for subdivision of their land.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Allow the land owners to subdivide their properties as needs and income has changed, allow subdivision so that owners can remain on their property.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I live in Beachlands. The rates from this area have been siphoned for years to support Pukekohe, Tuakau and Waiuku, resulting in a severe lack of council controlled infrastructure in the Beachlands-Maraetai area, especially with the large increase in population in recent years.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

The rates have been disproportionately taken from Beachlands-Maraetai to fund projects in other areas. It's time to balance the equation and spend more rates money on projects in this area.

Question 5: Other feedback

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

User pay - we do not put out a rubbish bag every week. Now being charged in Rates for something little used by us + trucks on road for pick up + Changi g system more cost. People are already struggling to pay rates.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

So much money wasted - council sends out 2 people to plant a tree. Allowing cheap subdivisions with no infrastructure and that devalue homes and not close to public transport. There is no land set aside for new public hospital south auckland. Pukekohe area = more cars on rd to Middlemore etc.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

1. Doesn't apply to my area 2. Good to have better services 3. Good to get people to be active less health problems 4. Extremely important to have unpolluted water which applies to swans on Manukau harbour fouling the beach especially past camp Morley - have to avoid all the swan poo which is going into the harbours. Surprised the Council has not addressed that. Been at Clarks

beach for 30 years and swans were not an issue when first came to live here. Would not let my children swim in the Manukau now. Some either the xmelky discharge onto the beach from the new subdivision. I used to be able to walk along there now disgusting.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Many residents are already struggling to meet their daily needs, and any exorbitant increases would only add to their financial burden. Raising rates and water charges at a time when households are facing economic challenges is unfair. Instead of increasing costs for residents, the Council should explore better budget management and cost-cutting measures. Auckland Transport

is already unreliable and inefficient, and yet there is talk of increasing fares. This is completely unreasonable. The system is riddled with delays, cancellations, and poor service. Raising fares without fixing the core issues is not only unfair but feels like a blatant disregard for the public. Why should we pay more for a service that isn't working? The constant roadworks across Auckland seem to be achieving nothing but increased traffic congestion. Why are we fixing roads repeatedly? Worse, roadworks are done during peak hours, causing unnecessary delays for workers, students, and businesses. Why not schedule these during off-peak hours or at night? The lack of strategic planning is frustrating, and it seems decisions are being made without considering their real-world impact. And what's with the endless cones everywhere? Is Auckland turning into a City of Cones? It's time for the Council to reassess its priorities and focus on real solutions instead of causing more disruptions. Aucklanders need relief, not more financial strain. Please reconsider these increases and focus on efficient spending, smarter planning, and better public service delivery. Many families will benefit if the Council prioritises the well-being of residents over unnecessary rate hikes. I urge you to take these concerns seriously. Aucklanders deserve better - real solutions, not just higher bills.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

If the city is considering implementing a bed night visitor levy for short-stay commercial accommodation to fund destination management, marketing, and major events, then proper planning must come first. Auckland will become a busier city with more visitors, and without effective traffic management, public transport improvements, and infrastructure planning, this levy will do little to enhance the visitor experience or benefit residents. Before adding more costs, the Council must ensure that: Traffic congestion is managed effectively to accommodate increased visitor numbers. Public transport is reliable and efficient so tourists and locals can move around

with ease. Events are well-planned with proper infrastructure to avoid unnecessary disruptions to residents. If the goal is to boost tourism and major events, then Auckland needs to function smoothly—not just collect more revenue. The city should prove it can handle growth before imposing extra costs on visitors.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I support the proposal to apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney, replacing the current system of purchasing rubbish bags. Plastic bags are a bane in our existence—they are easily torn apart by stray cats and wild feral animals, leaving rubbish scattered across the streets by morning. The mess not only creates an eyesore but makes the area look like a ghetto and contributes to pollution. A proper bin-based collection system is long overdue to keep our communities cleaner and more hygienic. This change is a step in the right direction for better waste management, environmental responsibility, and a tidier city.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I do not support any increases in local board rates or costs for 2025/2026. Wages remain low, and continuous increases are unfair on residents who are already struggling to keep up with the rising cost of living. How can we afford to survive each day when the Council keeps imposing more financial burdens? Auckland is becoming unlivable for many families, and these constant hikes

only make it worse. Instead of increasing costs, the Council should focus on better financial management and cost efficiency. Enough is enough—Aucklanders need relief, not more expenses.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

I live out drury now and see what is happening to our roads. Narrow dangerous and no parking. Roads closed for days. Who is taking responsibility?? Silly plans so frustrating

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I think there are better ways than a blanket tax on people in hotels. Cost of living is already very high, some visitors have family in hospital making it even more stressful if they have to pay more. Not all visitors are tourists. Maybe some council events are been greedy to top heavy..

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Maybe look at council staff, wages very high.... I see a rates increase necessary but need to look at council and there wages costs etc. Cant expect home owners to keep getting rates rises.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Manurewa

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Of course tree planting is super important why let all developers come in and pull out trees that have been established.

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Less important

Improving sports fields including maintenance, sand-carpeting and lighting

Less important

Identifying ways to support the council's response to roaming dogs

Very important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Less important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Less important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Less important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Less important

Scaling up the work being delivered to achieve environmental outcomes

Fairly important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Fairly important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Less important

Tell us why (please be clear which priority you are talking about)

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

Yes

Tell us why

Lots of people own dogs and they need exercise. A lot of people have no section for their animals to roam free. I think good for people getting exercise with their dogs but not putting other people at risk if the area is fenced. It is only a handful of dog owners irresponsible for owning dogs that attack people. But we need to attend to dog attacks to many happening..

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Please consider what is happening with our roads and parking. Too narrow roads and no parking. It would be good to get a much better reliable train service also.

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

You haven't told me what's in it

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

You have an advertise your proposals clearly anyway so I don't know what I'm commenting on. But I do have a strong view on the Beachlands south development. Given that I firmly belief that Brown paper envelopes have been exchanged, I don't suppose you're going to listen to this. This development will ruin Whitford Botany and Flatbush. They will become complete bottlenecks. It's an absolute disgrace to do this to the existing residence of Beachlands. There is only one rode out of here and it will become miserable. It's almost any time of the day. The proposal was rejected by Auckland Transport and other suitably qualified department yet the thieving counsellors with their brown envelopes full of cash voted for it anyway. What I firmly suggest if you don't want the evidence sort for the corruption that is going on is that you totally resurface the entire road from Maraetai to Botany. Because the road surface is an absolute disgrace it is not up to standard to serve 20,000 homes continually throwing tall and grit is like throwing ratepayers money down the drain it's a waste of our money resurface the whole road properly.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**I don't know****Tell us why**

You haven't made them clear or summarise them in anyway

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

I don't know

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

I don't know

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

I don't know

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Roading definitely needs to be the main focus in conjunction with public transportation as Aucklanders need cars to get to supermarkets etc & around our large city. The trains/buses don't connect to every place. All new housing developments should have to include adequate off road parking for 2 vehicles per household. We also do not support the separate 'scraps' bin charges.

This is a crazy waste of ratepayers money. Only a few people use the service, the buckets blow all over the roads creating hazards & they are dirty. People should be able to deal with their own food scrap disposal

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. Tell us why (please be clear which priority you are talking about)

Maungakiekie-Tāmaki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Continuing to support community groups and community-led activities through our local community grants

Very important

Continuing to build the capacity and capability of local community and sporting groups through our strategic partnerships programme

Very important

Activate our local open spaces and facilities, through council-led activities and assessing what amenities our spaces need, such as toilets and power outlets

Fairly important

Empowering community groups and organisations to deliver community events through sustainable funding models

Very important

Consider funding activities that increase our community's sense of safety, working with community groups and business associations already delivering safety initiatives

Very important

Continuing to support initiatives that deliver outcomes with and for youth, such as our Youth Empowerment programme, and Tiakina te taiao and Ope programmes (biodiversity and climate action education programme in schools)

Less important

Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways, particularly the Tāmaki Estuary and Manukau Harbour

Fairly important

Consider a review of Te Oro Music and Arts Centre, to ensure it remains welcoming and responsive to the community's changing needs.

Fairly important

Tell us why (please be clear which priority you are talking about)

.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The city has been taken over by graffiti in the last few years. We need to bring back designated staff to deal & remove graffiti as it happens! Safety in the central city is also an issue for many of us. It is putting people off coming into the central city & using public transport. We need better security & policing around all of Auckland city. We also support a central city sports stadium to get Aucklanders & visitors into the city for sports events & to lift the economy for central Auckland businesses.

Annual Plan 2025-2026

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

People will book anyway regardless of the extra bed tax dollars. You don't cancel a trip based on a bed tax.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Either all parts of Auckland pay for bags or all pay a supported rate. Though would all paying bags reduce waste and increase recycling?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Need funding for youth services and new leisure facilities. Very limited facilities compared to the rest of Auckland. Need more indoor pools. Little for kids to do in more rural areas e.g. Waiuku and Awhitu.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

All of them. Investment in communities is about making them a better place to live for all. Less crime and graffiti.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

More support for Franklin and Rodney. We have been left behind in terms of community facilities eg. Libraries, swimming pools, leisure facilities. We are always forgotten.

Annual Plan 2025-2026

What is your opinion on our proposed annual plan?

Support most

Tell us why

Is the Kauri dieback program working? It feels like the entry gates with spray functionality have existed for years but yet I haven't heard any positive results (not that I've seeked out information). Is the money better spent elsewhere? With multiple gyms across Auckland that are self-funded, is there still a place for council run sports and recreation facilities?

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Because there is so much corruption within the Auckland council I don't trust any of them

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Same reason as above . Not trustworthy people in council . Waiuku district has been shat on

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Fees are unfair for our district as we struggle to even get a roadside drain cleaned

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

We have no money allocated for growth in waiuku and anything proposed is quashed but Auckland council

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

We need to look at housing there is now where for people to live . We have no older community housing

Question 5: Other feedback

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

How is this going to be implemented? What about visitors who are coming to visit family or friends which happen to be the same time as the event? If they have to stay in a hotel incase family/friends cannot host their visit, I feel its unfair to them to pay for it if they are not in NZ for any events. Is this a per day charge for hotel stay and going to be 2.5-3% of the total price of stay. This is going to increase the hotel rates. Or is it 2.5 - 3% increase on the visitor visa fees once they mention they are here for attending an event

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

What about Green waste services? Most of the houses have lawns and currently all that money goes to private firms. Why not try to make some money out of it?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

There is no plans of investment or development in Hunua Views residential area (part of Drury South crossing project). People bought homes promised by builders that the area was going to have a playground for kids and Cafe. 3 years and neither of those. I heard to facilitate the new train station in Drury, all the shops in that area are going to be gone. That means the nearest proper cafe or grocery is 15 mins away to either Papakura or Pukekohe. Not even a Post office.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Manurewa Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Increasing the levels of service for maintenance and repair of all assets across buildings, parks, open spaces and sports fields, town centre cleaning, street litter bin emptying, vegetation clearance, and berm mowing works

Very important

Improving sports fields including maintenance, sand-carpeting and lighting

Very important

Identifying ways to support the council's response to roaming dogs

Fairly important

Boosting the amount of funding available for community grants so more projects and initiatives can be delivered by community, arts and sports groups

Fairly important

Expanding the number of funded initiatives that respond to the needs and aspirations of children and young people

Fairly important

Developing tailored community partnerships with key groups, organisations and networks where their interests and priorities are aligned to outcomes in the Manurewa Local Board Plan 2027

Less important

Providing the Pacific community with capacity support, and a grant to undertake feasibility and concept plans to deliver the Pacific hub on Clendon Reserve

Less important

Scaling up the work being delivered to achieve environmental outcomes

Less important

Investigating the need to extend the opening hours in our community facilities such as the two libraries, the pool and leisure centre and Nathan Homestead

Less important

Funding initiatives that stimulate economic growth and generate prosperity in Manurewa.

Less important

Tell us why (please be clear which priority you are talking about)

Fenced Dog Exercise Areas

Do you think we should investigate providing fenced dog exercise areas?

Yes

Tell us why

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

because they will get things done

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

please clean up Auckland, its a mess, its untidy, first impressions are important, look at Christchurch, look at brisbane, if they can keep it tidy we can.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Rates going up every year is a sign of poor management

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

There is meant to a path from Karaka Sports park to Karaka School approx 3 - 4 km- crazy expense. Definitely a crazy idea.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

for a pensioner the proposed increase to rates outweighs the rebate for low income earners.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

council need to go harder to reduce wasteful expenditure on the nice to haves and cultural claptrap, focus solely on core services

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

simply user pays...but needs to offset rates rises

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

do not believe target refuse rates for franklin. refuse collection is a basic council service which should be covered by existing general rates we should never have had to pay any extra for rubbish removal also need to re install public rubbish bins , council seem determined to reduce service levels and had costs to residents

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

council design guideline's for Paerata rise were too cumbersome with wrong planting. council need to rectify by setting better and safer guidelines as well as redoing existing rain water gardens properly. Also kneed more common sense on Green areas and allow for developers extra provisioning for Green area to be taken in account when allocating areas

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Unfair without seeing any positive result from the past.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Not a top priority. This will inhibit visitors. Focus on important things first.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Do not support any fee increase. Its already high. Atleast all the areas should be consistent.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Advocating for access to the legacy parking fund for carparking projects

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local parks strategy and planning, Sports and park activation activities, Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Focus on the developing South Auckland.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

As long as it does not harm Tax payers pockets, we would be ok, but the funding is always heavily reliant on Tax payers & Govt.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

I am responding on behalf of Te Puru Community Charitable Trust. Our Centre is well supported by the local community, but due to the age of the building, it now requires urgent repairs for which we would gratefully receive funding.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Sharing this expense across those utilising the inner city short term accommodations sounds like a reasonable and fair way to distribute this cost, and enabling events to take place.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

The Te Puru Sports Centre hosts not only club sporting facilities, but also other recreational activities such as senior circuit, line dancing, mahjong and birthday parties. The Centre plays a key role in bringing our community together; fostering cultural connections; and encouraging areas such as women in sport. Due to the age of the Centre (it's over 30 years old) and environmental factors (being near the sea), it is overdue for maintenance and repairs. We desperately require funding to carry out these works. The proposals for our local board area in 2025/2026 would hopefully provide funding support for our Te Puru Sports Centre to undertake repairs and maintenance to ensure a safe and healthy facility for our community to enjoy.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Item No. 3 is very important for the ongoing functioning of the Te Puru Sports Centre.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Not enough being spent in Whitford, considering the rates collect from the Whitford area

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

In addition to pest eradication, funding should include removal of woolly nightshade in public places and assistance given to eradication of private properties

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

two Whitford initiatives worth considering

1. A dog exercise area to be established on the Whitford reserve (opposite the church) Similar to that built in Whangarei, an excellent example of bringing the community together to exercise dogs in a controlled space and a great use on an area that can't be built on as it was an old refuse tip. this could be a great candidate for community funding
2. Further extensions to the network of public walkways There is a plan outlined in the Whitford planning documents but there seems no action towards establishing the walkway network. the existing walkways are well used by locals and visitors alike

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

Transport and water are a definite need for investment. I support fairer funding for local communities as Papakura has had a bad rap with this since the SUPER CITY began!

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Yes I think its a great policy to make money out of visitors / tourists as in other countries.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I am more than happy to pay as I go! I do not need a regular collection of fee added to my rates.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

I just support all as i identify with them.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Fiji charges tax to fund their development, so does Honolulu and the rest of the States. Totally agree with this plan. I also believe the international visitor tax should be a lot higher.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Pukekohe residents have been ignored for too long, and we have had to endure the unfair funding since the inception of the Super City. We still don't have play grounds that are on par with the play grounds in Auckland - where is our flying fox? Where is our splash pad? Waiuku still doesn't have an indoor pool and they have been crying out for this for years. Pukekohe's needs should be met first, before funds given to the smaller, outer communities. Indoor basketball for example, it is very popular and need their own venue.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

With regard to the Franklin Paths Programme - priority should be given to this urgently. I ride the roads frequently, as well as my daughter, but the roads are soooo busy now with so many truck and trailer units, it is not safe and extremely dangerous. In and around Patumahoe the roads are too skinny, there is absolutely no shoulder for safety. Gun Club Road needs an off road trail, as does Woodhouse Road/Ostrich Farm Road (which I ride to get to the Papakura cycle way). They don't have to be flash, just created and be completely off road. An off road Cycle trail from Takanini to join up with the Auckland city trails is needed too.

Question 5: Other feedback

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Howick

Howick Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Support local businesses and Business Improvement Districts on crime prevention and safety

Fairly important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Less important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Fairly important

Investigate options to provide a dump station at Half Moon Bay

Very important

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Very important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Very important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Less important

Tell us why (please be clear which priority you are talking about)

Cleaning up the area would be a step forward. We already hold Barry Curtis park which provides space for recreation. Once other items (roading next to Murphy Park) is fixed, can look to introduce a pool and further centres.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in

higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local arts and culture activities,Local waste minimisation activities,Local water quality activities .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Add in fixes to the Murphy park roadway. Howick to Beachlands roading nightmare

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I'd like to know more about planned transport infrastructure improvements, especially for the motorway system.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

The levy is low and will allow major events to take place for all Aucklanders to enjoy - which would be awesome.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

It would be great if the planned rate increase of 5.8% could be lowered but if this isn't possible then it is what it is.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Fairly important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking

to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The Annual Plan 2025/2026 looks really good - keep up the great work for our amazing city :-)

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Although I support improvements to public transport, financial resilience, and fairer funding for local boards, I do not see much allocated to Franklin, in particular Waiuku.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

There is no explanation how this would be implemented, so unless there's a water-tight plan for collecting this levy, it's pointless.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Waste management proposal - yet another bin to take up valuable space on a property. Probably only cost effective for households which put out a large volume of waste. If collections fall to once per fortnight, the bin will be really stinky over summer months.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Wider Franklin will see some gains especially plans to improve water quality and tree planting, but Waiuku appears to be forgotten as usual - ie. there is no new infrastructure listed. Good to hear Awhitu isn't forgotten.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

I don't know

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

I don't know

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Cannot be excited about initiatives in Clevedon, Beachlands and Karaka when I live in Waiuku.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Re. improved public transport. Very pleased that electric rail has arrived in Pukekohe, but equally disappointed that there is insufficient parking. Subway Street and Massey Street parking is taken by early commuters, and nearby parking at Roulston Street and Edinburgh Street is limited to 3 hours, which is pretty ridiculous given that the train trip to AKL CBD is 1hr 15mins each way, leaving 30 mins for appointments.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Franklin Area is a huge area, mostly with more remote communities of less inhabitants, compared with the ones like karaka ardmore clevedon/whitford and Pukekohe in the same district. I would like

to see investment in services to recreation eg local playgrounds, to these latter fast growing/sprawling urban areas . Particularity Pukekohe East (anselmi ridge, stockmans living, reynolds green, belgium road) where are the playgrounds? Top road playground is tiny and substandard compared with Paerata rise! Also new roads in new subdivisions need quicker traffic safety controls . eg lisle farm drive anselmi ridge is dangerous (runs past Rymans retirement village) parking on both sides, of the road and increased traffic volume has caused many issues of late. Complaints to our Local council have been dismissive!

- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Under the current economy the average family is hurting. The council need to focus on core services only for the next couple of years and not seek increases to the rates bill from ratepayers.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

The money has to come from somewhere other than cash strapped ratepayers. I do not support paying for events that are based on race/cultures. The race/cultures need to fund these events themselves.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I sure would. Re the waste charges; I am a single person household, I changed to the smaller size recycling bin which I put out once a month and put out one 60 lt rubbish bag also once a month. I feel I am being penalised for not adding to landfills and subsidising everyone else's rubbish. To be fair people should be charged for the amount of rubbish/recycling they put out. I can either do away with recycling and put it all in the rubbish or opt out altogether and deduct the charges from my rates bill. I also need to remind you that the justification for GST was if you don't have or use something you do not pay! This applies to all services.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Do not support most****Tell us why**

They add to much burden on struggling rate payers like myself .Again, GST was bought in to make things fair, if you dont have or use something you dont pay. I am rural and 75 so why do I have to pay for walking tracks ? I get more than enough exercise just looking after my property including mowing the verges outside my house. I have been in my 100+years property and paying the rates for 30 years. I dont have or need footpaths, street lights, not connected to sewerage or water, the only service I have is the rubbish collection which is ***** expensive for me already.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

All of them. They are not applicable to me or my life. I will not be using any of those things.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

The Tupuna Maunga Authority has not made improvements, its the opposite. They have cut down perfectly good trees just because they are not natives and they will take 20 + years at least to grow. Before they took over those volcanic cones were kept beautiful and grazed so the weeds were controlled as to grass/scrub lengths were not subject to fires and rate payers did not have to pay many millions of dollars for basically nothing ! Myself and many other Aucklanders were happy with our cones and the management of them before Tupuna took over supposedly on our behalf and got paid for the destruction they have caused.

Annual Plan 2025-2026

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

You still need to cut spending as an alternative to raising more money. the question you need to ask yourselves will auckland be severely damaged if you stop funding stuff the is not essential. Eg fun runs and the arts

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

We now all have to pay GST talk to the government about getting some of the back the money was collected on surply of goods and services.there needs to be a range of accommodation. If the hotels are 2 expensive they won't come means you loose ticket sales.dont be greedy.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Make the bags more expensive. At least when you buy bags you are rewarded by not creating so much rubbish by not putting so many out.remember a few years ago it was all about waste minimalistic attitudes

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Inflation not so high..

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

This is a totally unfair proposal. Making the minimum bag size and charging for that 80litres. For years we have had the 40 liter bags and each week my wife and I only fill half of one.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Look at the public transport in Pukekohe. Bus after bus travels around the town absolutely empty. We have made a point of observing these vehicles, and by en large they are empty during the day. Why not consider the idea of some South Island towns and have a central combination centre where during say 9 till 3 you can ring for a free taxi paid for by Council saving probably Millions per year, instead of 6 to 8 buses going from the railway station around different parts of the town and back empty. Our observation has gone on for years now and it is always the same result.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

I don't know

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

I don't know

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Regarding most of the aforementioned items, they do not really effect us so are low in our list of priorities.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

I don't know

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Fairly important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community development and support activities, Environmental restoration, volunteers and pest control activities, Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Agree in particular with the need to improve transport. Long car-dependent commutes have negative effects on mental health, the environment, and safety (e.g., around schools). Agree with aiming to get people on public transport, walking, bikes and -- in spite of their accident rates - e-scooters.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I don't agree with visitors having to pay this levy. Find ways to fund this through those attending or benefiting. If events are meant to raise funds and benefit Auckland then they should do this directly through those attending events, sponsorship etc.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I think this issue refers to standardisation. I agree with standardisation for rubbish fees and processes - it makes sense to have one system across Auckland.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Seems mostly focused on green spaces and that is good for kids to have options to safely be active and play.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

I don't know

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

I don't know

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Arts and community centres - programme and activation ,Libraries and Pools and Leisure facilities
- opening hours and services ,Local waste minimisation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

The roads are terrible in Franklin district and parking is made worse by allowing residential roads so narrow that one cannot park on them without clogging them up. Also I have NOT seen any adequate repairs to roads around and in Waiuku. There is not enough passing lanes from Waiuku to the motorway. One. Its so slow and the congestion is maddening. My road is the only road in the

town which was ear tagged to be properly widened, with guttering and a footpath IN Waiuku since the council was in Waiuku, then Pukekohe. Belgium St. We have lots of people using this road for parking and its dangerous with no footpath. I got the line painted in by the council years ago and someone took numbers of vehicles which was not done on busy days. In fact, we never saw them. We have a gym with people running on the road, its so dangerous that this is your official warning when someone gets killed or hurt. Near misses are normal. Water in Waiuku is terrible. I am paying rates for decent drinkable water that has a bad taste for the past 25 years and I have gone through hot water cyclinder elements and appliances from the build up inside. They blow. Its expensive. Selling the airport?! So it goes into private hands, probably some entity from another country who then will ignore our treaty, our laws, and make it hard for NZers to be in control of their assets. Its a historical problem that councils and government don't seem to learn from evidence of past failures. Including overseas companies who will build our infrastructure. The billions made will be gone before 30 years. Because your budgets ALWAYS blow out. \$50 for transport cap? What about refunds for no or late bus, not meeting the train so it is missed. I saw a bus driver recently deliberately go past two stops with people, both were waving him down. One man was sitting and could've been injured etc. This is so bad. I lack so much confidence. Mind you, the bus driver from the Puhinui interchange to the airport should be given merit for his service. And I wonder how you get away with such a filthy train line. Mattresses, rubbish, trolleys by the line. What if that rubbish blew onto the line? Derailment? I was shocked at how it was consistent between Drury and Newmarket. Obviously from the grafetti, people have easy access to this corridor and can cause damage. Its a disgusting advertisement to visitors to Auckland. The kikuyu is pulling the fences over in some places. Where is WHS? Another official warning to council that you are allowing a transport entity to rubbish your city and may cause a huge risk to lives lost from a trian incident.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Many companies post profits. I have little faith that the levy will be just that. Its expensive enough here as it is. Visitors overseas are normally thought of the target, but NZers, I think it is unfair.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We should never have been charged the vege scrap bin. I pay for services like roads, and have already said how my road was touted over 30 years ago to be fixed. Since this unification of the councils, we have been left adrift.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Well, its nothing new is it. Where is our pathway along the edges of Massey Park? the trees you have on Martyn street leave slippery pine needles so I see many people walk on the road. We have a rising crime that is out of control. The town knows that the Police only come from 0900 to 1000 on a Wednesday at the Franklin Information Centre. NOT their OWN Police Station where normal people go to find an officer. So they are using council building that one has all their business so all can hear. Boot them back to their station so they can do their job properly. It took them over 3 months to respond to my theft. Largely because i was going to their station. So you are instigated in the issue of causing a problem for residents.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

I don't know

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

You write extending and improving service' to Awhitu. That statement is too vague. I do like the replanting you have been doing in the city of native plants. Looks very nice along the motorway.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

A 5.8% increase is too excessive , inflation has been running wild for the past few years and I haven't had a salary increase in 3 years. That inflation is now locked in without an increase in salary. Any rates increase should be in line with current CPI ie: 2% Kiwis can't afford 5.8% increase right now. The council should be looking at ways to cut waste and curb spending.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

There are enough taxes in this country already without adding more. Get your spending under control before thinking about adding any new taxes

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Not all people taking up accommodation will be coming for events. It seems unfair to presume

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

I don't know

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Unsure if transport includes roading in Auckland. Pot holes everywhere plus when road work is being done, it's worse than before sometimes. Accountability needs to be put on the repairing of Auckland's roads.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Doesn't make sense to just add more taxes to fund more government spending. If we put a levy on short term tourist, would this not potentially turn them away from coming?

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

The bags seem to work, also I've seen a lot of streets in Auckland with rubbish bins fallen over and rubbish over the road or pathway. Bags avoid this mess.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

I've only been living in the Franklin district for just over a year now, One problem which sticks out to me is the poor road quality. Pot holes everywhere, stones laid on the road which chips peoples cars and when a road is repair sometimes the job is worse than before they started.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Transport is adequate and doesn't require further investments, with the exception of undoing the damaging speed limit restrictions put in place by labour party sympathisers. Additional water capacity should be funded by the new sub-divisions which are consuming it, not by local councils. Fairer funding for local communities is just a load of rubbish, it is essentially distributing public

money to fringe groups who are largely un-elected. The less we spend on art installations and other meaningless wastes of money, and limit council to the core functions it should be responsible for (roads, sanitation, parks) the happier I will be.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Driving up costs for consumers and operators alike is counter productive. Council already burns the money it receives on stupid things like green waste bins that no-one asked for ...I do not support any form of rate hike until council can prove it uses existing public funding in a responsible & cost effective manner.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I do not support any additional rates burden imposed on any community within the Auckland Council area. Councils purpose is to provide basic services like sanitation ...if it can't, then the public should stop paying rates and put their money to better use - starting their own effective community schemes.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I find the majority of proposals a waste of money based on WANT, rather than the communities NEED. Council resources need to align with covering NEEDS first and foremost - I would suggest that all WANTS are dropped until such a time as there is more global fiscal freedom.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

As per previous comments - the NEED is to provide basic services to all areas in the district, the WANT is arts, sports, planting trees, and Franklins paths. Forget wasting money on the WANTS and get the NEEDS established.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Tūpuna Maunga Authority Operational Plan - should be no more than keeping the grass mowed and paths maintained. There is no need to carry out any improvements, which inherently end up blowing budgets and costing rate payers more & more with each budget.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

The refuse collection levies for Franklin and Rodney are concerning. As a household we actively minimize waste. We put out a small rubbish bag roughly every 6 to 8 weeks, recognizing that many of our neighbours put out a full rubbish bag weekly. We feel that households trying to reduce waste will be financially penalized. I also strongly oppose the midnight levy. I think there

are enough levies for visitors as it is. We may need to consider a small charge for attending these iconic events.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

See above

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Please read above comments

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

Tell us why

Not well enough informed (time poor)

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

I strongly support initiatives to improve our environmental well being in our beautiful region.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Public transport is not that great as too many cancellations with the trains. Yes great the trains now run to Pukekohe, but no where to park and train takes longer than a car. Water in Waiuku is disgusting to drink and ruins all our taps and pipe wear with corrosion.. The new bin collection service should not be compulsory as some people already don't need a bin.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

I don't know

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Rubbish collection should not be compulsory some people don't need bins and charging for something unnecessary is wrong. Should be an opt out option. Older people for example don't have much rubbish and are happy to go to the transfer station.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Trying not to be racist but too many Maori names in things, meaning unable to understand what something is about.

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Our local of Beachlands/ Maraetai seems to be constantly overlooked.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

The so called community hub or Beachlands is actually taking out a library which should be associated with Auckland Library and relocating it in the hall, which is currently used by many community groups. It seems that the issue is a need for a better office for the JP service is required and could be provided by rented casual office space in the business hub in Wakelin Road (next to the bakery). Apparently the old community library sits on land which must be used for library services. Therefore it should be moved but upgraded to a formal Auckland library and staffed appropriately. It is on the bus route, thus convenient for Maraetai dwellers as well.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Need funding for these events.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Add food scraps bin to major franklin town centres like Waiuku

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

I think that there is a big issue of lower water quality in areas like Waiuku that do not have access to reservoir water as bore water is much harder and causes issues with house plumbing infrastructure over time. This should be addressed.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Increase street tree cover in smaller town centres is important for Franklin as Pukekohe already has good canopy coverage.

Question 5: Other feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

We live rurally and your latest rates rise is just another expense for us when we glean no benefit. It's very unfair to blanket the whole of Auckland without looking at those areas that continue to pay for the things we will never use or benefit from.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We do not need this really. Bags fine and year another added expense without we are being 'told' to pay without consultation.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

No more rates increases. Manage the budget 5% better.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Because I would not like to be charged a bed levy when I visit Rotorua either.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

There were so many rate increases and in my case in Karaka at some point it was a 30% increase. Stop the rates increases and focus on better management of the budget and reduce unnecessary spending.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin,Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Very important

Advocating for access to the legacy parking fund for carparking projects

Less important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Libraries and Pools and Leisure facilities - opening hours and services ,Local parks strategy and planning,Sports and park activation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

No more rates increases.

(Please be clear which proposal you are talking about)

Why give me a food scrap bin I don't even use it yet I'm charged for having one. It should be opt in opt out instead of stealing my money you thieving communist!

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

Don't support Auckland council community hubs to beachlands/clevedon (waste of money) don't support ngahere plan. There is already a lot of reserves, private land tree plantings. Why waste more money on something we already have. Don't support pest eradication program how would that improve river and stream health?

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Less important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

I don't know

Tell us why (please be clear which priority you are talking about)

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

I support in particular the improvement of our city's appearance and attraction to visitors. I believe the waterfront is a priority along with bringing events to the city. These events increase overall foot traffic which is great for our economy. A strong economy strengthens our city as a whole. Reforms on COO is important as well. AT in particular. The way in which they operate out in the city is

reflective of poor management at senior level. Poorly managed road works and infrastructure projects grind our city to a halt not to mention the financial waste on excess traffic management at every turn.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

I imagine a levy would cost on average around \$6 - \$8 per night per person. This seems like a great way to gain the required revenue to continue to host important national and international events.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

This proposal brings outlying rural areas in the overall city into line. It should be more cost effective to manage on that basis. The increase in rates overall covering NETR, WQTR and the 3.3%

increase in waste overall is hard to stomach given we are in rural south east Auckland. We are on water tanks and have no food scrap collection service. Rates increases of this kind should be targeted better based on services that can be used.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

There are some ageing infrastructure issues beginning to surface with the above mentioned facilities. Spending on them now will keep the overall life time costs manageable. As Auckland sprawls it is suffering from less and less natural green space driving in particular native bird populations further North and South. An increase in planting will slow this down and provide much needed nature experience opportunities for Aucklanders.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

One of my main concerns as a business owner and resident in Auckland is how to get Auckland moving better. I truly believe that AT and the way in which they manage and organise road works in particular could improve massively. Recently a main access road for us, A part of Brookby road was shut for a long time while re surfacing was completed between Alfriston school and the Anglican church. During that period, West Road was also closed or had limited access and road works were conducted on Whitford Park Rd and Sandstone Rd. The lack of organisation around this had a huge effect on our productivity. Further more, the current day time roadworks on Whitford Maraetai Rd have caused massive delays that one, effect an employee of ours, two have effected access to and from Flat Bush and Howick. These are works that probably should have happened at night also. I understand and fully support the upgrade and maintenance of our roads, I know how important this is, my issue is with the planning around those works not the works themselves.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

5.4% rates increase is way above inflation and FFT as a self employed person I cannot increase my fees to stay competitive and certainly NOT above CPI

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

The events mentioned are vanity projects and not required

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

seem reasonable

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I do not support sporting events being called cultural events. Cultural events are something quite different. I do not support rate payers funding going to Americas cup and other events from Russell Coutts. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals but that without a bed night visitor levy, we would have a \$7 million budget shortfall for

funding of major events such as the ASB Classic, Auckland Marathon and Auckland Writers Festival from the 2025/2026 financial year.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

If people are coming from outside the city to attend events, it puts pressure on all other infrastructure, limiting local participation. Visitors should have to pay for that privilege in a way that supports on going development of services for tourists.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I will have to pay substantially more because of the system when I produce less rubbish while families and larger households get subsidised. I don't use the food recycle bin because it is disgusting and I can use my own compost bin. At the moment if people want a bigger bin they pay

a provider (there are a variety of different prices from different companies for different services) all of which are less expensive for me than the targeted rate. I agree with the yellow recycle bin collection.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

They are sensible.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

In Franklin we will change from purchasing bags for rubbish, to bins. This involves extra compulsory expense. I use only 4 or 5 bags each year. With even the smaller 80 litre bin I will have to pay far more for a service which I scarcely use.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

It seems fair to rate payers and also to all other commercial accommodation providers.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

See my comments on q.1 above. Paying for a bin, in Franklin, will cost me far more than the cost of the 4 or 5 rubbish bags which I purchase each year. There need to be even smaller bins or an opt out provision.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

Transport is a significant problem for Auckland and certainly needs to be addressed with a good deal of planning to ensure we do not end up further behind with infrastructure. Insuring we have an adequate supply of quality water, caring for waste water, and protecting our land from damage caused by run-off and flooding is essential for security of living.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Well I support the concept and believe if it is a purely commercial tax then it is helpful however, it is what the definition of commercial would be. If I was to rent my home during one of these festivals would that be commercial and if so then it becomes a little ridiculous when it's core purpose is my home but because I'm away during the festival I am able to leverage a little additional income.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

I am absolutely in favour of the use of bins for rubbish and Franklin where I live. Very pleased that they are coming within a few months. What I do object to is things like the food scraps spin when I have composted in Auckland for my own garden for some 40 years. Well it would probably be an administrative nightmare I do think people should be able to choose how they dispose of their rubbish and charged according to those choices.

Question 4:**Local board priorities**

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

I see these as things that local community needs. I especially support the needs of the more remote areas of Franklin.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Less important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Fairly important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

I don't know

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Environmental restoration, volunteers and pest control activities, Local waste minimisation activities, Local water quality activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Most importantly to bring back rubbish bins to parks and reserves for throwing dog poo bags in and other rubbish collected whilst walking dogs

Tell us why

I do not feel the Auckland Council acts in the best interests of the community overall. There is waste and over expenditure by the council already. We need better transport paths across the region and support for families but not having expensive parking costs and travel costs. I am tired of seeing roads that do not need repairs get attention and roads that do are ignored. Rate hikes

are not ok or warranted. Rental rates are prohibitive for so many but yet the council stands in the way of tiny home or other affordable housing. I am lucky I can afford my rent but too many people are hurting due to closed thinking by those making the decisions.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I can see this hurting small businesses and people already struggling to maintain services. I would support a 1% levy. If the shortfall is \$7M why do they want the additional \$20M and where will that go?

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Partially support - yet to see they proposed size of bins and how this will fare for larger families generating more waste. And how will this effect the poor renters already struggling.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

This is a terrible document to read. The average person will not be able to consume. Plain language and cause and effect statements would serve readers better. It comes across as smoke and mirrors. I understand there is a lot to look at and there are complexities but the mechanics of government are not the concern of everyday people; effects are. I think the council has a long way to go to be effective and I don't see it in this plan.

Annual Plan 2025-2026

Organisation (if applicable):

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Councils need other ways of funding. This would be a small amount individually that could add a significant amount to funding.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

This does not promote waste minimisation. We as ratepayers who put recycling out maybe once every 2 months and rubbish even less will be penalised for minimising our waste

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Very important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Continued delivery of the targeted rate funded Franklin Paths Programme.

Tell us why (please be clear which priority you are talking about)

I am submitting about the Beachlands Community Hub. I don't believe the proposed adjustments to the Beachlands Memorial Hall will provide the required service and space for our community. The Community Hub needs to be a new purpose built building. The Beachlands Memorial Hall is a vital link in our community with classes, workshops and the very popular Community Lunch run from the hall. The community lunch especially, provides a social link for elderly in our community including my 84 year old Mother. If this venue was unavailable as a venue for hire, it would be detrimental to the community.

Question 5: Other feedback**Do you have any other comments on the Annual Plan 2025/2026?**

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Beachlands library location - it is not appropriate to move the beachlands library to the hall on wakelin road as this hall is used for many community activities and they will have no where to go if your library takes the space. The kitchen at the memorial hall was donated so that regular community lunches could be held at the hall. This provides support to so many in the community

and is important to many. Please consider other options for the library, we have the library bus which is a great service. We need the hall for community groups not another library

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

What worries me is the inability of the council to focus on core activities and communicate! We have had two AT projects in our area recently and neither was communicated. That is inexcusable. What council thinks is fair is not always fair. And the council still doesn't listen to the community. I

gave up on participating on the regular council surveys because a waste of time. Council will do as it wants

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

The council need to demonstrate good stewardship of the money they already have. They don't. Nobody wants another tax. Why not advocate for the Government to give Auckland a share of the International Visitors Levy? This would be smarter and cost Auckland Council next to nothing to administer. The bed night visitor levy is another thing that will bog bureaucrats down. We can't get good service relating to core needs - they should be the focus

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We live in Franklin but don't purchase rubbish bags so this proposal is not clear. Targeted rates are kind of interesting but must require a lot of administration. There is probably an argument just to focus on core services and have a rates bill for just core services. Over time the Council has ended up paying for all sorts of waffly extras.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

Tell us why

I doubt that we will get our fair share of the rates we contribute which is so frustrating. We are a growing area but infrastructure, general plans, communication are all third-rate. Council is happy to take the increased rates but not to give us a proper share for our area.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Fairly important

Tell us why (please be clear which priority you are talking about)

The bigger concern is getting value for money for each dollar spent. That's what I'd be worried about as then there would be more to spend on everything.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

I feel it's a waste of time providing feedback as the Council doesn't seem to listen and it still seems to have too many people being paid too much, yet the services we receive are not up to scratch. Auckland transport is a disaster for the whole city. It is time that decision makers represented a proper cross-section of ratepayers.

Annual Plan 2025-2026

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

I agree with the majority of the proposed plan

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

It's not ideal as the increased cost may reduce the number of visitors, however it appears to be the most effective solution overall.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Purchasing rubbish bags isn't effective. There is still far too much rubbish being dumped randomly on the roadside in our communities. There needs to be a better incentive to ensure this is reduced.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

Tell us why

I think the Local Board generally does a good job of understanding the majority of the community's needs and priorities.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Fairly important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support all

Tell us why

we cannot sustain a city of this size unless we can find funds from some other sources the ratepayer is at his /her stretched pockets now with alot leaving and or down sizing due to it costing too much re rates and have you seen the levies imposed now on apartments „too much do the

sums ..rent an apartment for \$550 pr week and pay levies and rates to tune of \$22.000 pr yr leaving \$6600 less tax ,why would you invest in Aucklandas an investor now

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. The following are the key projects and activities we plan to deliver next year, and any key changes to services.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Support local businesses and Business Improvement Districts on crime prevention and safety**

Very important

Work with the Youth Council, Business East Tāmaki, business and tourism sector, and others, on youth upskilling, including increasing funding for the Young Enterprise Scheme

Very important

Review and refresh the Howick Local Board Heritage Plan and Tourism Plan

Very important

Investigate options to provide a dump station at Half Moon Bay

I don't know

Trial a surveillance programme to help curb illegal dumping in Flat Bush

Fairly important

Develop initiatives for live monitoring, capturing and documenting the levels of poison/toxicity in our local waterways to increase awareness and enable enforcement

Fairly important

Investigate options on introducing a targeted rate to help fund the delivery of the Flat Bush Library, Community Centre, and Pool and Leisure Centre.

Fairly important

Tell us why (please be clear which priority you are talking about)

Local tourism is a very important part of boosting our economy. Making East Auckland a want to be destination for National and international is crucial for supporting local business where the dollars are re-invested back into the NZ economy. Travelling from overseas is affordable with the currency exchange rates for most over-seas visitors. We need to promote all of the wonderful experiences, scenery, diversity and culture that our area has on offer

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Local arts and culture activities,Community development and support activities,Community events .

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

I think commercial accommodation already increase their fees (or at least don't offer any discounts) when events are held in the City so I would be concerned that this would stop people being able to afford to come. Perhaps the Commercial accommodation should pay the levy based on the higher charges ??

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Very important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Community services, such as libraries and Te Puru Sports Centre are important to maintain and further develop community life for all ages, especially as it would provide facilities for seniors and youth and save transport on the roads to go to other centres. Paths and trees are also important but in my view not as much. We have bores in Beachlands so maintaining water quality is important.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Council is building infrastructure that makes Auckland an attractive place to visit. Those who benefit from this the most should carry some of the costs. The majority of rate payers do not get any direct benefit from a number of the facilities that visitors are attracted to

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

We are able to manage and reduce the amount of rubbish we send to landfill, through composting and responsible habits, because we have an incentive to put out less rubbish (fewer bags that are paid for individually). If a targeted rate is applied, there will be no incentive (other than altruistic) and the amount of rubbish sent to landfill from these areas will double.

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin, Henderson-Massey, Howick, Maungakiekie-Tāmaki, Papakura

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

Environmental restoration, volunteers & pest control activities, Community events, Sports and park activation activities

Maungakiekie-Tāmaki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Continuing to support community groups and community-led activities through our local community grants

Less important

Continuing to build the capacity and capability of local community and sporting groups through our strategic partnerships programme

Very important

Activate our local open spaces and facilities, through council-led activities and assessing what amenities our spaces need, such as toilets and power outlets

Very important

Empowering community groups and organisations to deliver community events through sustainable funding models

Very important

Consider funding activities that increase our community's sense of safety, working with community groups and business associations already delivering safety initiatives

Very important

Continuing to support initiatives that deliver outcomes with and for youth, such as our Youth Empowerment programme, and Tiakina te taiao and Ope programmes (biodiversity and climate action education programme in schools)

Fairly important

Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways, particularly the Tāmaki Estuary and Manukau Harbour

Less important

Consider a review of Te Oro Music and Arts Centre, to ensure it remains welcoming and responsive to the community's changing needs.

Less important

Tell us why (please be clear which priority you are talking about)

.

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Very important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Very important

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Very important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Community programmes and services, Libraries and Pools and Leisure facilities - opening hours and services, Sports and park activation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

Yes

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Local Board: Franklin

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Other

Tell us why

Not applicable

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

Not applicable

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Not applicable

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

None

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

We are an entity comprising six sports clubs in Patumahoe seeking assistance from Council in developing and prioritising our future on Council owned land. Attached is an initiation document prepared by the working group representing the clubs. The aim of the document is to seek the initiation of a feasibility study to look at ways to improve outcomes for clubs through optimising existing land and facilities use and prioritise action for joint club facilities and training areas. Clubs have signed a Memorandum of Understanding to drive any project a feasibility study may recommend, and clubs are totally committed to working collaboratively.

Patumahoe/Mauku Community Facilities Project

Initiation Document

Background

In February of 2025 six Patumahoe sports clubs signed a Memorandum of Understanding establishing a community entity with a vision of “having all entities utilizing the Patumahoe Domain and Clive Howe Reserve areas to create an excellent experience for all the community”.

A working group representing the six clubs has been established. The six clubs are;

1. Patumahoe Rugby Football Club Incorporated an incorporated society (“Rugby Club”)
2. Patumahoe Junior Rugby Football Club Incorporated an incorporated society (“Junior Rugby Club”)
3. Patumahoe Tennis Club Incorporated an incorporated society (“Tennis Club”)
4. Patumahoe Bowling Club Incorporated an incorporated society (“Bowling Club”)
5. Patumahoe Netball Club (“Netball Club”)
6. Mauku Cricket Club Incorporated an incorporated society (“Cricket Club”)

Purpose

The purpose of this document is to initiate action that will result in a feasibility study being undertaken to assist the working group to determine next steps.

A feasibility study is expected to guide the working group in establishing prioritised options for the two locations.

Scope

The scope of any project recommended in the feasibility study is expected to involve; Council owned land, Council owned facilities on Council owned land, and Community owned and operated facilities on Council owned land.

Profile

Patumahoe is a small rural township generally described as having urban area and surrounding rural area populations. Estimated populations as of 2024 are 1,450 people in the urban area and 1,340 in the surrounding rural area. Unsurprisingly there has been very little increase in the rural population but there has been a 200% increase in the urban population since 2006.

New subdivisions and developments are a feature of the urban area and commercial development is proposed.

Supporting Information

A key driver for the proposed project is catering for the changing nature of participation in some sports. The recent increase in girls playing rugby at junior and senior levels has realised the inadequacy of current changing and ablution facilities. There is some urgency to rectify the imbalance with these facilities and clearly this is seen by the working group as a priority.

Further issues are the aging nature of some clubs' infrastructure and in the case of the Netball Club, there is no home at all; there being no club facilities or playing and practice areas within Patumahoe. Similarly, The Mauku Cricket Club has no home having to share with the Junior Rugby Club. Storage for some clubs is an urgent issue with containers, (accepted as aesthetically problematic), in use as a last resort.

The working group sees a feasibility study as essential to explore prioritised future planning options that could include multi-sport facilities and the optimisation of existing assets.

There is total acceptance by the working group that independent action by clubs to secure their future is not cost effective and potentially results in competing for resources. Active collaboration in the future for full community benefit is an absolute commitment on the part of all clubs.

Current State

The current state for each club is outlined in supporting documentation prepared by the individual clubs that are designed to be read in conjunction with this initiation document.

The submission of this initiation document was approved by the working group at a meeting held on the 24th of March 2025.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Patumahoe Junior Rugby Football Club
High level description	PJRFC was established in 1970. We currently have 26 teams playing in Counties Manukau junior club rugby.
Membership	Current registration for 2025 is at 300 boys and girls aged 5 thru to 12. There are 50 volunteer coaches, managers or committee members.
Main Activities	All teams will participate in Counties Manukau junior club rugby. These games are predominantly played at Clive Howe reserve on Saturday mornings. This coming season the club will field 9 all girls rippa rugby teams (100 girls in total). The girls games are played on a Wednesday night.
Location and current Council land use	The club currently uses the council owned Clive Howe Reserve where the majority of games are played. Patumahoe Domain is also used when no senior rugby is being played and for night games.
Existing Infrastructure	Currently Clive Howe reserve presents may challenges and is often at capacity given the growth of the club. There are only 2 individual toilets, no kitchen facilities, inadequate shelter for after match meals and a lack of storage. The club has recently had land owner approval to install 2 new light poles which will help with increased training and playing requirements for both junior and women's teams.
Opportunities	The club is working along side council to improve the facility at Clive Howe with some short term solutions including changing room/shower upgrade, portable building including kitchen area and toilets along with a covered area for after match meals. Long term the club is committed to working alongside other community entities to improve all facilities in a community based approach.
Strategic Direction	The immediate priority is to improve the experience at Clive Howe.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Patumahoe Rugby Football Club
High level description	PRFC has 6 teams competing in both Counties Manukau and Auckland rugby union competitions in 2025. The club was established in 1886 and is affiliated to Counties Manukau Rugby union. The club is currently the Counties Manukau Premier champions with current and former members playing at Provincial and Super Rugby levels.
Membership	The club fields Premier, Premier Development, Under 21s, Under 19s, Under 85kg and Women's Premier (Auckland competition). Teams. Teams typically consist of 30-35 players, coaches and managers with slightly higher numbers for the women. In total there are about 200 people involved.
Main Activities	All teams contest competition games from late March on a home and away basis over a period of 20 weeks.
Location and current Council land use	Currently all men's teams train and play at Patumahoe Domain whilst the women's team are based at Clive Howe Reserve. Patumahoe War Memorial Hall is used as the main club house.
Existing Infrastructure	We have a mix of council and club owned buildings including changing facilities, kitchen area and storage sheds/containers. Currently the club cannot play women's rugby alongside men's teams as the facility does not have separate multi gender changing and showering rooms. There is pressure on current infrastructure especially parking. Changing facilities are often at capacity when there are 4 teams playing.
Opportunities	PRFC is excited to be working closely with the other five entities to improve facilities for not only rugby, but also the wider Patumahoe/Mauku community.
Strategic Direction	Our immediate focus is improving the Clive Howe facility to better cater for our women's team. The club acknowledges the huge following it has and wishes to maintain community support and interest which saw over 1,000 people attending the club final last season.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Patumahoe Tennis Club
High level description	A tennis club with 5 new artificial grass courts, fully lit, affiliated to Counties Tennis Association which is affiliated to Auckland Tennis and then to NZ Tennis. The club is over 100 years old.
Membership	There are 153 members made up of 82 adults and 71 children including coaching squads.
Main Activities	Organisation and promotion of tennis in the Patumahoe/ Mauku area and beyond to Puni, Paerata, Waiau Pa and Pukekohe West. Participation in Counties Tennis competitions and tournaments. Social night tennis twice per week for 60 - 80 adult players. Junior coaching programmes weekly with NZ Tennis accredited coaches. The club provides access for casual players and families.
Location and current Council land use	The courts are leased from Auckland Council and located at John Street, on Patumahoe Domain land.
Existing Infrastructure	Five artificial grass courts resurfaced in February 2025. Latest LED flood-lighting installed in January 2025. The clubrooms is an older building in need of work to meet present and expanding needs.
Opportunities	The land on which the clubrooms are sited is adjacent to the rugby fields, tennis courts, bowling green and to the existing rugby changing and junior rugby facility that could be used as a shared facility. The tennis court light towers can be utilised by Bowls to light their green for evening play. The tennis courts, under strict supervision, have been and could be used by a variety of sports to provide a training option when fields are closed.
Strategic Direction	The intention is to grow the club. An adult coaching programme is under consideration. The club wants to; win local tennis area competitions, produce tennis players capable of playing at the highest level, and produce competitions and activities for the benefit of members and that makes the Patumahoe Tennis Club the club of choice. Any increase in numbers will require a more functional clubroom. The Patumahoe Tennis Club is therefore committed to a path of collaboration to achieve better facilities.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Patumahoe Bowling Club
High level description	A lawn bowls club operating a natural grass green. The club is affiliated to Bowls New Zealand and operates actively within the Bowls Counties Manukau Centre. The club has been in operation for over 100 years.
Membership	30 members as of March 2025. About 15 are very active playing in interclub and championship events.
Main Activities	The club has two "club days" per week during the summer season (September to April) and hosts other clubs at a monthly tournament. Twilight (community) bowls has been trialled this season attracting between 20 and 30 non-club members during summer evenings. Green renovation and maintenance occurs over the winter making the club an all year round operation.
Location and current Council land use	All land used is Council owned at the Patumahoe Domain. The actual location is Johns Street behind the Fire Station.
Existing Infrastructure	The club owns a range of small structures associated with green management (garage and shed types) and there is a club house that generates a diverse number of views as to ownership. Buildings are dated to the extent that replacement in the future would be more cost effective than renovation.
Opportunities	The club used to operate two greens adjacent to the now defunct Patumahoe Croquet Club. This space is used as car parking, is behind a locked gate and is generous in size beyond club parking requirements. There is an opportunity to at least, in part, re-purpose this area as a contribution to the project.
Strategic Direction	The immediate future of the club is viable but strategically there needs to be consideration given to lighting for evening events and converting the green to an artificial and covered surface to promote the game of bowls all year round.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Mauku Cricket Club
High level description	Founded in 1859, Mauku Cricket Club has a proud history of fostering young talent. We currently field five teams in the Counties Manukau Junior Cricket League.
Membership	Registrations for the 2024/2025 season stand at approximately 60 boys and girls, aged 5 to 16. The club is supported by over 15 dedicated volunteers, including coaches, managers, and committee members.
Main Activities	All teams participate in the Counties Manukau Junior Cricket League over the summer cricket season.
Location and current Council land use	The club primarily operates at Clive Howe Reserve, where most games are played. Patumahoe Domain serves as a secondary venue, featuring a pitch used as needed, along with practice nets and a container for storage. The club does not have dedicated club facilities and relies on the junior rugby clubrooms for a home.
Existing Infrastructure	In essence, the club does not have any infrastructure on Council land or anywhere else apart from a container.
Opportunities	The club is not able to offer anything that other clubs may benefit from as it has no clubrooms to call home.
Strategic Direction	The club is expected to grow. It is anticipated that an all-girls team will start next season, and combined teams are expected to expand to a total of seven. The club's priority is to enhance the cricket experience at Clive Howe Reserve and work with the other clubs to provide a permanent facility. This would move us from operating out of a container to a proper space where we can grow and preserve the club's strong history.

Current State Document

The information contained within this "Current State" document is designed to be read in conjunction with the Initiation Document approved by the Working Group on 24th March 2025.

Club	Patumahoe Netball Club
High level description	The Patumahoe Netball Club has operated since the 1960's and is affiliated to the Pukekohe Netball Centre and to Netball New Zealand. Patumahoe Netball is one of the larger and more successful clubs in the Pukekohe Centre, with a history of titles at all grades and competitions.
Membership	In 2025, the club has 96 playing members in 10 teams from Year 7 to adult made up of 2 junior, 4 collegiate, and 4 senior teams from Grade 4 through to Premier Gold levels.
Main Activities	Teams participate in the Pukekohe Centre Saturday winter competition (Apr-Aug) and Summer season (Oct-Dec). The club provides 5-6 representative-level players to the Pukekohe Centre age-level representative teams. Members also contribute some 30% of the umpires for the centre each year.
Location and current Council land use	The club has no home in Patumahoe and therefore has no demand on Council facilities or space. All training and play is at the Pukekohe Netball Centre, Bledisloe Park, Pukekohe.
Existing Infrastructure	The club does not have a home or a practice area in Patumahoe. All equipment (balls, bags, uniforms, trophies and training aids) is stored at various committee member and coaches' private addresses. The club utilises the Patumahoe Rugby clubrooms for formal club events.
Opportunities	The club is not able to offer anything that other clubs may benefit from as it has no home in Patumahoe.
Strategic Direction	Patumahoe Netball seeks to continue as a leading netball club in the Pukekohe region, increasing our attractiveness to players of all levels and of all abilities through high quality coaching and training. Training facilities at Pukekohe are at a premium. Therefore, the goal is to have a home base at Patumahoe including covered lit courts and storage areas. This will enable growth attracting players and coaches and contributing to competitiveness. The club is committed to working collaboratively with other clubs.

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

I don't know

Tell us why

If households have to manage their budgets within the range of income, why does council require an income increase quite a bit higher than the current inflation rate? As rate payers, we do not have the option to just ask for more - our income is set and increases according to inflation. Perhaps the time has come for council to budget within their income range, focus on essential works, and

reduce their input/participation in the non-essentials, such as social housing provision. I am a pensioner. I doubt that the government will increase my pension because council wants more money.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

Support at a level that would not affect people's decision to stay or not. I.e., don't be greedy. Most everyone has been affected by the current economic down turn.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Again: you keep adding costs. Its really unhelpful to say just \$x.xx per week. It all adds up and becomes part of the total increase, which adds a substantial burden to ratepayers.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**I don't know****Tell us why**

Your proposals are quite vague, so I could not be sure what I support here. Would be useful to know that only essential services and works are funded: you don't renovate your house when your income is strained.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Less important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Less important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Fairly important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Less important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Most all the priorities you list are of a non-essential nature. If there are already community hub services available, please do not spend more to make it fancier. Lets do what we need, not what someone wants. The paths program is frivolous., Just plan the trees as we can afford - no acceleration is needed. le Fund the sports facilities as needed and as funds are available - no acceleration is needed So the take home message: do the work that you have the money for. park the work that is outside you budget.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Please provide us with information of the costs saving associated with the CCO changes. They are costly (many CEO's and board members) and seem to consider themselves independent of the rate payers opinions.

Annual Plan 2025-2026

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support most

Tell us why

Western Springs speedway needs to continue at its current location, just because some rich people don't want to hear the speedway and some mega rich ones want the land. The council needs to step up and show people you can't step on people. The land was gifted for speedway simple

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Other

Tell us why

Not for NZers, living in NZ is already very expensive

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

Tell us why

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Very important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Very important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Very important

Tell us why (please be clear which priority you are talking about)

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Do not support any

Tell us why

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Other

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Here is my feedback, increasing costs of owning a house. It seems that the council's current approach may inadvertently suggest that residents should live on the streets to avoid these expenses. This is a troubling prospect for many of us who are already contributing significantly to the council, government, and our communities. I believe that relying solely on local residents to fund these initiatives is not sustainable. Instead, we should explore alternative funding sources, such as offshore investors, to alleviate the financial burden on our citizens. It appears that the current strategies are focused on the easiest options for securing funding, rather than thinking outside the box to find more innovative solutions. As citizens of New Zealand, we are already doing our part to support the council and the government. However, the additional rates, fees, and charges are becoming increasingly unaffordable, especially when compared to our incomes. This situation may lead to more people depending on government assistance, as they struggle to afford basic necessities. I urge the council to consider alternative funding strategies that do not

disproportionately impact local residents. By doing so, we can ensure a more equitable and sustainable future for all. Thank you

Question 4:

Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Papakura

Papakura Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

Tell us why

Here is why, increasing costs of owning a house. It seems that the council's current approach may inadvertently suggest that residents should live on the streets to avoid these expenses. This is a troubling prospect for many of us who are already contributing significantly to the council, government, and our communities. I believe that relying solely on local residents to fund these initiatives is not sustainable. Instead, we should explore alternative funding sources, such as offshore investors, to alleviate the financial burden on our citizens. It appears that the current strategies are focused on the easiest options for securing funding, rather than thinking outside the box to find more innovative solutions. As citizens of New Zealand, we are already doing our part to support the council and the government. However, the additional rates, fees, and charges are becoming increasingly unaffordable, especially when compared to our incomes. This situation may lead to more people depending on government assistance, as they struggle to afford basic necessities. I urge the council to consider alternative funding strategies that do not disproportionately impact local residents. By doing so, we can ensure a more equitable and sustainable future for all.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?

Progressing some of the new Sports and Recreation Plan, economic development, and youth projects identified from the work being completed in 2024/2029

Fairly important

Requesting strategic assessments to understand needs relating to: Opaheke sports and passive parks; Awakeri Wetlands; Kuhanui Reserve, Karaka; Park Estate Reserve, Park Green; new play facilities at Pulman Park, and the Greenways/Local Paths Plan

Less important

Advocating for access to the legacy parking fund for carparking projects

Assisting the Takanini Business Association's proposed establishment of a Business Improvement District (BID) programme and BID targeted rate for Takanini

Less important

Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

Which three of our services are most important to you? (select up to three)

Sports and park activation activities

Takanini Business Improvement District (BID)

We continue to support the Papakura and Takanini Business Associations to grow and develop businesses, and to make the town centres more lively. Takanini Business Association is seeking to establish a Business Improvement District (BID) programme. If it is successful, business ratepayers and owners located within the BID establishment area will become members of the Takanini BID programme and pay the associated BID target rate.

Do you think we should establish a Takanini Business Improvement District (BID) programme and associated BID targeted rate?

No

Tell us why

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

Feedback, increasing costs of owning a house. It seems that the council's current approach may inadvertently suggest that residents should live on the streets to avoid these expenses. Your feedback

Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

What is your opinion on our proposed annual plan?

Support most

Tell us why

With fairer local community funding it seems much fairer than previous models. And Auckland seems to be making positive with public transport, as long as quality roads are not forgotten.. much of Auckland's transport needs cannot be solved in the public sector or, like ourselves, live where there little public transport.

Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?

Do not support

Tell us why

Visitors may enough tax thru GST on everything they spend and we just want to walk them again..there needs to be discussion with national government about GST SHARING WHERE TOURISM IS CONCERNED.

Question 3: Changes to other rates, fees and charges

3A. What do you think of the waste management proposal?

Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.

Do not support

3B. Would you like to comment on this or the other rates, fees and charges proposals?

(Please be clear which proposal you are talking about)

Much prefer the orange rubbish bags. We only use one every 2-3 weeks, and are much easier to keep in a #mall back bin on the side of the house rather than a second wheels bin. Our usage makes us in control of rubbish collection costs where as a targeted rate will affect us unfairly.

Question 4:**Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Franklin

Franklin Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?**Support most****Tell us why**

Franklin local board is fixated on Pukekohe with little to negligible expenditure allocated to the Glenbrook Beach. This area has a reserve that's been waiting for inclusion of a public playground with no sign of funds allocated anytime soon.

Our priorities for 2025/2026 are listed below.

How important are these priorities to you?**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Fairly important

Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay

Fairly important

Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre

Less important

Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes

Very important

Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan

Fairly important

Continued delivery of the targeted rate funded Franklin Paths Programme.

Less important

Tell us why (please be clear which priority you are talking about)

Pukekohe gets more and improved paths while at Glenbrook Beach people walk along uncurled roads with little street lighting outside the confines of the new subdivision or @nywhere near th3 boat ramp.

Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

No.
