## Tell us here

o Very interested about the re-sanding of Tamaki beach especially for people close to it, some time back there was an Orakei community association mtg talking about having an electric ferry going to Waiheke - what's the latest on this?

o Used to live in Austin TX near centre city, there used to be a river, but it became a dam, renamed Ladybird Lake after Lyndon Johnson's wife. It used to be just a bit of clay, but she campaigned to beautify the lake. Now, there's been a trail built that has been built and beautified in honour of her, there's a non-profit called the Trail Foundation which gets lots of funding from wealthy people nearby.

- Thinking to apply this idea to the Glen Innes to Tamaki Drive shared path as it has potential to be a beautiful attraction for this area. There could be scope for pursuing corporate funding for the whole length of shared path?

o School-children's artwork on display at Meadowbank train station – it could be good for all train stations in AKL.

- Is there any thought of getting some local artists to decorate the implacements (?) rather than having them graffitied, children's artworks doesn't tend to get vandalised so is there plans to use local artists along the waterfront that explains the story of the city etc?

Maybe if LB has appetite for it, to take on the challenge of finally resolving problem of the silo of boat ramps on beaches at Kohi and Mission Bay. Need more enforcement here for parking on boat ramps

- Scott you mentioned advocating for a pedestrian crossing on Melanesia Rd, I work on Morrin Rd in St Johns, seemingly without consultation but maybe it happened many years ago, a substantial cycleway has been put immediately adjacent to the park where people park to use buildings, immediately across the road there is a big sports park (CMP) that is heavily used. Now people who depend on roadside parking have to cross the road when they didn't use to. The safety of crossing this road is a big problem for workers, my workplace is talking to AT to advocate for a safer crossing for staff to cross from 1 side where there are carparks to get safely to work

- Thanks to board for work at Tahuna Torea, people love pathways there, one of the challenges is the amount of resources we have to look after Tahuna Torea, similarly to how OLB is struggling with resources and keep asking for staff to do more. Tahuna Torea relies on volunteers who are harder to come by and are getting older, volunteers struggle to keep on top of weeds, pests, trapping. Could go on a recruitment drive in neighbourhood but they don't have resources for that, could Council or OLB help out with a recruitment drive for this, is this something the board could help lead?
- Scott you mentioned one of the goals for next year is to make more use of Tagalad, I'm from the tennis club across the road, interested in making it a multi-sport facility, particularly with padel tennis taking off recently, are there any plans for this?
- o Doesn't know if appropriate for Annual Plan, but it looks like there are a few things that are in the 'too hard basket'. Maybe if LB has appetite for it, to take on the challenge of finally resolving problem of the silo of boat ramps on beaches at Kohi and Mission Bay. Need more enforcement here for parking on boat ramps.
- Thanks to Council for massive improvement in Churchill Park, pines have come down, mountains of mulch which will be spread, restoration plantings of gulleys, community has waited a long time for this so they are pleased with the work.
- Is there any thought of getting some local artists to decorate the implacements (?) rather than having them graffitied, children's artworks doesn't tend to get vandalised so is there plans to use local artists along the waterfront that explains the story of the city etc?
- o School-children's artwork on display at Meadowbank train station – it could be good for all train stations in AKL.
- Thinking to apply this idea to the Glen Innes to Tamaki Drive shared path as it has potential to be a beautiful attraction for this area. There could be scope for pursuing corporate funding for the whole length of shared path?

Library is "crowded" – safe place, lots of kids, loud
Like the pump track, more please.
Should have more smaller disk golf courses aimed for younger children, don't need a huge amount of space like in Rosedale.
keep rates at 0%, hit pause on all new projects, don't build a library
Want more local events
Need a bigger library
The JP service make the library cramped
We should have separate meeting spaces for the coding club and JP service. It's too noisy in the library
Cost of paying and not getting
Footpaths
Fibre – in prison, not locally
Sanders is great facility

## Tell us why

Bins at beaches overflowing in summer - more signage to take rubbish home
Issue fines for littering and rubbish dumping
More feedback with community on what they want.
Greater support for PPBS and RTH
Provide materials and t-shirts for volunteers
Ability for migrants to give back by volunteering via groups
Focus community functions around transport hubs
Takapuna the centre hub - community centre need to be easy to get to - 'best use of one place'
Security concerns - getting worse. Homeless, lissue in library carpark, might be out of LB control but needs expert advice
More parking on streets making it hard to drive down
Focus on bigger events... but like small local events too
Community facilities need public transport connections
Laws around infill housing - increase trees + green space. Advocacy to government
Community hub - performances and group. Secuirty in community venues.
Like more events, free events. Japanese society of Auckland celebration
Pak n Save area - widen culverts. Infrastructure change is slow in the Wairau Valley - no change visible
Volunteers proivded food from the Sheik community in emergency
Devonport drainage - leaf litter blocks drains

13-Mar DT World Cafe Event

Community - neighbourhood support. Street leader - street gatherings. Not feeling connected to community. Small events often.

Utilise texts messages / alerts in emergency response

Encourage people to plant in their gardens to reduce flooding impact

Daylighting piped streams - can be more flood resilient and spaces for communities to use

Wairau catchment / concrete drains are not large enough around the supermarket.  
High Priority

Concern between Takapuna & Northcote flooding apartment

Need to remove impurities from water coming off the road. More regular cleaning and washing out of the gutters and catch pits. Install pullant traps.

Education for new migrants communities on a range of environment protection issues.

Raise the issue to get cleaning of gutters and catchpits. More signs "this drains to the Sea"

Disposing of waste fluids, concrete run off down gutters. Sedimentation / concrete waste control must be improved.

Education of developments working on building sites to control run off to sites when site contractors are at work. To late to rely on council officers to attend. Heavy fines for developers breaking rules.

Signage boards - all languages

Translating documents - acknowlledge it takes a lot of time. Happy to help translate.

Language can be a big barrier to settle. Think about how to make learning english more effective

AC website - can use 'AI' to automatically translate. There are some languages missing. Add these with AI and put on every page.

Tours of mosques, shrines, templets - get to know each other. Marae visit

13-Mar DT World Cafe Event

Fund communitiy events celebrating different clultures. Community centres can deliver. Hard to find on their own.

### **Tell us why**

Returning rubbish bins to outside dairies emptied regularly
Basket ball courts for youths at local parks - More
Update crime areas where safety concerns. To keep families, elderly, singles and children safe. Reported to MBA or NZ Police
Community Partnerships, key groups, org's align with Manurewa Local Board Plan 2023 - What does this mean?
Help foodbanks feed the community
Help the homeless, help the kids stay safe and learn
Facilitating more toilets, clean regular twice a day, Funding more programs and not rainbow programs
Equal opportunities for all! Relook at criteria for funding that is already available, look at population and do facilities cater for this number
No trucks allowed to park on streets. Streets cleaned by street cleaners and more rubbish bins.
Rain and the water comes up our driveway. Council provides small bins which are not suitable to cater for family rubbish and then if there is a big one is provided, you have to pay again. Please be fair in decision making, not profits
Council rates are increasing but what does the public get in return. Manurewa pools are not funded. The grass outside the driveway is not cut/mown, the lawns are not done.
Upgrade local community toilets to self cleaning ones

28-Feb – 28-March Month Long Manurewa Library Sticky Dot Activation

All members of the community matter not just one group. More important to upgrade as roads not coping

We need more parks and bbq areas for our children and families. We need more high schools for our students. More pool facilities

Support for small business should be a top priority

Totara Park Pool. Pool facilities for Manurewa are lacking outdoor pool. Young population encourage to learn to swim.

Make pools free

Its not great that the cost to swimm at Manurewa pool has increased. Also we need another pool. Perhaps an outdoor pool. Why not upgrade the old manurewa pool so we have two n the area to accommodate growth

We need to help the Maori take over again.

Pay attention to people parking on berms day and night on walking pavements

We need more high schools

Please do a better job of understanding your communities needs.

Upgraded playground facilities for playgrounds in Manurewa

We need Maranga Mai Charitable trust to run the bike safety programme for our street bikers to get them off our roads

Stop allowing new housing that only has narrow roads and no room for visitor parking or onsite parking for residents! Crazy!

The rubbish bins are not placed where bus stops are positioned, as a result all rubbish is thrown in our compound. The drains are not clear on the side of the road and floods.

Help the homeless and single parents struggling with housing

## 28-Feb – 28-March Month Long Manurewa Library Sticky Dot Activation

Weekly rubbish collections need to stay Illegal dumping will increase, rats and mice disease if the board allows this to happen.

Plan for new industrial areas within Manurewa office buildings so people can get jobs when they live. Infill housing means less jobs for current residents. This urgently needs to be addressed.

Reduce the amount of speed bumps in Manurewa, Coxhead road is ridiculous

Also Coxhead rad needs yellow lines on courners. Buses can hardly get down if cars coming. An accident waiting to happen, put parking into berms.

You need to reduce the amount of infill housing, roads not coping, not enough jobs in the area that allow for it.

Make families make good choices to safe our our abilities and respect one and others for all things that happen in life.

#### Fenced Dog Exercise Areas

**Do you think we should investigate providing fenced dog exercise areas?**

<b>Yes</b>	49
<b>No</b>	4
<b><i>I don't know</i></b>	2
<b><i>Other</i></b>	N/A

#### Tell us why

Yes I agree to this for the safety of Children & Whanau

Yes I do support dogs leashed off all times, important safety walking on pathways

28-Feb – 28-March Month Long Manurewa Library Sticky Dot Activation

Should be additional fenced areas, not at the expense of off-leash
Too many off leash areas creating too many attacks from other dogs for us sadly
Put up fences around all parks for kids with ASD and all kids safety
We need better inspections of KO houses especially noise late at nights. No dogs allowed. Dogs being taken onto these houses, baking etc. Strict rules in these houses.
I think that dogs should be off the leash if they are well trained.
Don't investigate fenced areas with intention of removing off leash areas. Do so to improve walk available areas
Rego fees for all pets not just dogs would help with costs for animal management and animal resources required.

04-Mar DT World Cafe Event

Information distributed to all people about emergency preparedness
Lack of funding into water infrastructure
Need to understand barriers to engaging in community
Devonport is vulnerable to flooding and coastal erosion. People need to understand the typography of where they live. Soil types and risks to hazards.
We pay a lot but not much benefit
Info packs like Kainga Ora provide
Make a new dog park and dog walking areas
Changes to rainfalls and less permeable spaces due to intensification
Water infrastructure - I don't drink the water.
Library sessions - meet your neighbours in our community. Share who they are or a bit about where they are from
Coordination & communication of community events and classes etc
Community centres, libraries - use them for comms
Pure water - lets keep New Zealand drinking water drinkable
Need to support a facilitator
Create some dog parks
Possible combined website page / event finda / facebook page
Need long term thinking investments for water infrastructure
English language partners
Concerns about waste water leaks
Facilitates are very good

04-Mar DT World Cafe Event

Increase population
Resourcing capability & capacity
More enforcement of dog rules
Increase spending on infrastructure
How do we engage - local newspaper, community forum, welcome day event
Clean water a priority
Dev is blessed
toilets very dark - need more lights
Devonport passport
Public celebration of all thenicities
Support volunteer groups - RTH are great, doing a lot. Very important to support them. Seeds / Plants sharing
Harbour very important
Use and love community house
Use and enjoy library
World is changing, need more people and use the business development
Support events that enables community to come together
Ethnic forum - that people in the area can join

Consider that there should be a reduction of council staff overall

Footpaths aren't level and impossible for me in a wheelchair to get around locally in Browns Bay (live in an apartment here)
Not enough disabled carparks and where they are, the parks sometimes aren't level, in a drain and can't get out easily
More cycleways around schools
I like the Library and playgrounds here so much. My little girl gets fun in the playground. Thank you so much
Footpaths need repairing. Tree roots are lifting concrete. Safety first – if the trees are a safety issue-cut
More 'hands on' environmental activities for children from someone who knows what they are talking about like "Wild Child" that happens in Devonport
The local board to support a feasibility study into the provision of a community centre in Long Bay Village (the perfect place is the just sold Lot 1039 Glenvar Ridge Road)
We need more disabled parks in Browns Bay
The Glenfield Library took 2 disabled carparks away and replaced them with a garden a long time ago and the nearest are too far and a steep path to use
Public transport cost is too high compared to other cities. We should be discounting fares to encourage more public transport use
Support the re-establishment of the North-West Wildlink
More cycleways. More options to using cars

Continue to support the coordinating efforts of Restore Hibiscus and Bays to enable large scale restoration

Glamorgan Rd – cars loose control, yellow lines on bend. Twice petitioned AC – no response – email, website

Glamorgan bus route- parking on one side of road potential danger

Intensification

Parking – emergency vehicles cannot Access houses because roads, street are narrow

Residents can rally/protest against decision/immoral handing city over, development ect

Beaches – sea lice, acknowledge problem

### **Tell us why**

I'm in year 7 and I think that the temporary pump track should be bigger and be permanent

Have compost depot at Z garage (behind it) as pink bags not fit for purpose i.e. food collection

I am very concerned about the intensive development of the Whangaparāoa Peninsula. The infrastructure is incapable of coping with the current levels. Environmental impact on what is a fragile area environmentally is a major concern

Our rates should not be used to fund 'special interest groups'. Consultation is important through same channels as general public

14-Mar Whangaparāoa Library

Climate action targeting – it is not possible for any action taken by Auckland Council to effect the climate in any way. Climate has always changed and always will. Focus spending on things that can have some impact

Reinstate the bin removed from Cherlverton Terrace Red Beach Reserve. There are 5 bins at the north of the beach – too many

Booking system at Whangaparaoa library hasn't been working in the past – but there may be things happening to fix it.

Water quality targeted rates and increases. It is beyond reason to ask for rates increased for “water quality” when fluoride is added. Fluoride is a toxin – this is well known. Please remove it!!

Please help to clean up our waterways. Especially Te Weiti (the Wade River). It has been polluted by sewerage for the last 7 years (at least)

I love the murals on our local beach and park toilets. They bring colour and playfulness to our community. I would like to see a sculpture trail around the Estuary Te Aratahuna Walk

I like how clean toilets at red beach reserve

I'd like to see the Willian Bayes Park temporary skate ramp/track become permanent and monkey bars to be added to the Gilshenan park playground

Buses - much improved

Library - fantastic staff and selection

Watercare - expensive but prompt service

Don't like hoons on Stanmore Bay waterfront

Dog droppings on beaches

Thanks for the opportunity

14-Mar Whangaparāoa Library

Re "investing in climate change resilience". If council permit intensification on our Peninsula there will be many associated problems that will not be mitigated through tree planting on the berms

Waste collection rates. We have reduced waste collection (recycling items more restricted and options for collection reduced to one operator). Don't like small food bins. Don't want increased rates

Orewa beachfront side planting – they are concerned over them (as people were driving over). Put in some concrete planters

Don't plant flame trees or deciduous trees on a main road (Whangaparāoa Main Road)

Redo Elan Place all in bitumen as previously done as sharp steep left bend very rough as all chip has come off!!

We need seating on beach front e.g. Manly (none) & Stanmore Bay (only 2) Matakātia Beaches (none)- like at Arkles Beach

Supporting youth networks.. I see no reason why Council should support youth networks or any other interest groups with ratepayer funds.

Re 'Climate Action Transport Target Rate' NZ is net carbon negative (if measured properly). There is no need to mitigate carbon dioxide which is essential for life on earth. PLEASE stop being so lead by climate propaganda.

### Tell us why

I care for people and how they treat others, safety is an issue in our area and not a lot of things are done to prevent it or to change how others think.

I care for the environment

There is a lack of knowledge around Te ao Maori and should be more collaboration with other ethnic groups in our area. There is a lot of separate events but not enough promotion around unity and diversity

I think culture and arts are important because it gives an open idea for the community or anyone else to stand out.

Te ao Maori, It is important because you can research about our maori culture and experience it for yourself with our people.

I believe youth activities are important to keep the younger generation out of trouble and active.

libraries are important to me because of how it helps me connect to others and further improve my connections.

It would be good to have more youth participation like this because we help the community the government will pay the people who listen to everything - leon

supporting small businesses to act on environment sustainability.

Safety and youth volunteering its important because I feel like we should clean up our suburbs, streets and environments more.

adressing saftey concerns in neighbourhoods and common areas and town centres.

More diversity working with all cultures in our area and Te ao maori so you can experience the culture and because im maori. - zion

I think people should stop littering outside and putting it in the rubbish bin, we need help to tidy up our environment and country.

Climate topics are important to youth because we need a safe enviroment to work with stuff and happy area, also protect mother nature and the people around it.

## Tupu Youth Library

libraries are important due to how vital they are to the youth. - Varema

More youth participation in the safety of our neighbourhood. with problems that occurred , I even want to participate to keeping our streets safe.

I choose local libraries because without the, I would have nothing to do. - dre

reason why the library is really important to me is because it gives me confidence in myself and my learning.

I personally like arts and im interested to see what more they invest in.

We need more shade for our playground areas

Some of our smaller parks and playgrounds need some love and upgrading. We don't all live close to big parks. Can't all travel there too.

Arts: i think that representing your culture is most important because it shows diversity and unserstanding of every culture not just your own.

maori culture is also apart of me and its also an important topic to me.

waste minimilization- I think it woould be cool if NZ was cleaner than belarus.

firstly having many activities into helping the enviroment and the ecosystem is quite cruicial to me especially as us people are living in the very enviroment that we need to be able to learn how to take care of our home and its treasures.

libraries and leisure centres are important because they provide a safe place for youth to chill and have fun.

I always hear that you want to hear from youth but we don't see people like this asking us our thoughts. Its only usually the prefects but they don't represent all of us. I think youth should have access links to things like this a bit more. Like this lady talking to us and answering our questions. She came to us we wouldn't even know about this aye.

arts and community activities are important to me as me like art, if no art,no life :(.

There needs to be more free access to sports and sports facilities. because I like playing sports and I love playing rugby

Maori culture and our values are important. because im maori and I wanna express it and make maori people get their land back.

I went to the diversity festival for the first time this year, and saw the tent but there was too many people but glad I get to have my say here. The free event was cool but I think it should be in a park and advertised a bit better. Would be cooler if it was at the end of the year because I think youth would want to go to this and maybe perform. It would be real coolas.

There are so many individual families who sell their items on the side of the road and where they can. It would be cool to help these families to be able to have a stall at these free events and have local board help them with getting the right things in place leading up to an event so they can trade without any pressures. As a tax payer I don't get to go out and volunteer my time to help with things but it would be good to know that funds are being used to help people in this area to get onto the right path and hopefully become a small business to support their families but also help grow our community to have the confidence to grow and become a small business.

Will Otara town centre every be updated? Would it not be better to spend the money on rebuilding rather than wasting money putting a plaster on things. Our community and youth deserve more now and it would be good to be able to see where the money for our community is going for a long term investment instead of short term pat on the backs.

If we are worried about having nice things for it only to be vandalised then the investment should be around security and safety too. Our youth deserve to have the opportunity to live in an area where Otara isn't just scoffed at and it just looks pretty on the outside. Put money where the long term gains and public can see do matter and it's not all talk from people who make decisions for us

### Papakura Local Board feedback

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

### **Tell us why**

Need more opportunities for youth
Fund Museum and fund writers
More info about youth council
Need foot Patrols & I love Papakura
Need cameras in carpark & renovate carpark
Clean the footpaths and business windows in the main street of Papakura, currently looks tacky
Need to update playground area. Opaheke one is really old and small
Traffic is getting worse, mores houses and no extra roads
Clean/Beautiful Papakura, reduce crime and will make happy. Sort graffiti, dumping rubbish.
Not enough infrastructure to cope with any more housing in Papakura and Takanini

19 – 27 Mar Papakura Library Activation - Month Long Sticky Dot Boards

Papakura CBD needs love too. Upgrade Central playground, start limiting the number of town houses that can be built in the same street

Infrastructure must be upgraded for the increase in population. Community not for profits are supplying vital needs for locals and needs funding & assistance to continue

No chinese new year - bring it back

06-Mar KT World Cafe Event

Libraries offer great support for our chinese community. They need more ethnic speakers on staff.
Libraries - offer more ethnic diversity of reading material. E.g - Indian, Arabic etc books available at the libraries
Buildings - libraries are awesome. Great Staff
More for disabled community elderly
Sports groups- recreation. Yoga, tai chi, walking
Ethnic specific activities - multi language eg Tongan. More pacific targeting / language in libraries - eg rhyme time, and wriggle and rhyme
Neurodiverse opportunities for connections within the community. Mabye start in the schools and culminate at libraries
There is a reliance on church groups in some communities. Needs more neutral providers to take down barriers.
Pacific events - support for Pacific Wardens
Centralised place to find out about events.
Language barriers particularly for resident visas. E.g can't get classes for free.
Can learn language through classes - e.g adult community education
In Titirangi, entry level programming, lego technics - robotics - app design. They work well.
Get community groups to do safety audits eg early morning or evening to check dark patches etc. Campaign to report unsafe spots also school routes.
Time consuming - forms hard to fill in
No recognition of who are the local iwi for Kaipatiki. No iwi are based in Kaipatiki.
Keep the free yoga classes in Opaketai Beach Haven Garden - move to the hall over winter

06-Mar KT World Cafe Event

Congestion on the Harbour bridge is a problem. Maintenance closures causes problems.
Apartments - Leaks
Pak n Save Wairau - very cheap food, an important store in our neighbourhood
Funding more on events - very local
What is the role of Awataha Marae?
Publicise the gym at Birkenhead Leisure
Road construction has caused issues. Would prefer nighttime construction because it causes delays to school / work traffic
Parking authority - how do you get authority to park E.G Parnell Rd
Business improvement districts - are important relationships to support local business
Ecological - weed management free bins in parks for weeds
Highlight similar other cultural celebrations that overlap. E.G Mataraki / dragon boat festival
Cleanliness of the changing rooms at Glenfield pool needs improving - more frequently
Enjoy Kauri Glen - it is welcome to all. A great job on it. Pleased to show off our spaces.
KCFT / Nina - to facilitate a conversation about homelessness and what support is available
Poor care of buildings in town centres
Would like to see funding going into ALL arts e.g theatre
Schools doing a good job of teaching maori culture at school

Free' fund swimming lessons during school holidays for kiddies who can't afford lessons
Parks are good and tidy
Compliance - needs to be translated into more languages to share rules / bylaws - public meetings
Support local food suppliers at local shops
Support for people who either need to be umbrelled
Visual references to Maori are lacking - Poa are not lasting, rotting.
Targeted social media - instagram and TikTok
Rubbish - chinese community have given support to sorting waste. Promote this at chinese events.
Noise - more information on how to report noise complaints
Town Centre safety - people need a preception of safety
Could AUT lead more connections to local marae? How useful is a marae economically?
Advertise / market these opportunities on local notice boards. People don't know about them
Puzzle in Opaketai Beach Haven Garden - repair or replace it
Dogs - need more signage. Dogs off leash at parks is a problem. Dogs around children at playgrounds is a problem. More awareness of dogs on leash always at playgrounds
Bush tracks - kids enjoy it especially Kauri Glen. Should be a destination to visit our bush tracks

Agree with Mayor need to support LBs more.

Kawau Bay Action Group – focus on strengthening community connections, enhancing community amenity, promoting Mahurangi, running events to bring vibe and community connection e.g. Snells Beach community night, annual Pohutakawa picnic with local band and acts and Santa on a tractor. ace. Will get a lot of usage. Mountain bike tracks and better use of playgrounds. Kawau Bay Action G

Goodall reserve has so much potential. Skate Park up for a revamp. What else could be added? Under utilised (old police station). Once hall and library reopen it will be a very used space. Will get a lot of usage. Mountain bike tracks and better use of playgrounds.

Endorse LB priorities. Need focus on youth and play. Would like a reserve development plan in the future. Hoping the skatepark will be upgraded.

19-Mar Rodney Local Board office, 3 Elizabeth Street, Warkworth

Need focus on enhancing the environment and tracks and walks. Whatever decision on shorebirds think walkway could be extend west after te kaha walkway including better visitor facilities. Could become quite an attraction for Snells beach.

Need another pedestrian crossing between Daltan and Iris as well as the one planned in Governor Grey.

Compliance with freedom camping is needed. Litter and regulation compliance. Can you please enforce?

Support Kawau Bay Action group also Algy Bay CA and Mahu East at Scott's landing. All keen for more vitality and events. Good sense of community. Support for events.

Thank you all for all you do.

Arts Centre Helensville serves a different demographic than Kumeu and city – kids focus, teens focus, adults – affordable events, regulars with high needs.

Arts Centre Helensville can't sustain what they do with all the cuts. Getting about 15-20K less a year.

For public transport ,people in Epsom rely a lot on Outerlink. because of the change people find it difficult to transfer. They don't mind needing to change but the next bus is often late or leaves as the bus is arriving. they have to wait 50 minuets for the next bus. Buses need to connect and be reliable

### Question 5: Other feedback

Infrastructure upgrades are needed if more tourists come
We are not Auckland ! We are very different.
We need the infrastructure otherwise we can't look after people
It costs too much to get to Auckland to regularly enjoy these events
Don't support bed levy due to the impact of small tourism businesses
A share of the tourism levy for the island would be good
local Aotea Destination Management is important
tourism is down, transport costs are too high. Overall poor economic situation too.

18-Mar Council Chambers, Civic Building, Level 2, 1 Smythe Road, Henderson, Auckland

Well documented, good flow, easy to read.

Need to ensure wider audiences participate in engagement and consultation (eg: homeless).

Homelessness is a real issue in Henderson – where is it addressed in the document. What can be done locally.

Violence on public transport – what is being done about the safety of passengers and drivers.

Safety – notion of safety amongst migrants and Asian community. We need to work on providing foot patrols – sense of visibility provides reassurance.

Safety at Henderson bus station is an issue, feelings of not being safe.

Bus stops do not provide good shelter.

Live signs required at bus and train stations.

Te Pai & Lincoln Road raised crossings are a dream. What is being done about safety for pedestrians on Lincoln Road. Are HMLB interested in making surrounding areas safer for pedestrians.

Take out slip lane – Cnr. Lincoln Road & Universal Drive.

Mental health, addiction in local board area needs to be addressed.

Support integrated transport plan. Bus WX1 working really well – need more and better frequency.

Love Westwave – environment is healthy and social. For future design of pools – model Westwave. Possible outdoor pool in West.

Community involvement in decisions
Catherine Plaza – nice to have but not priority.
Henderson town centre – don't feel safe – do these upgrades impact safety?
Community gardens- need more of to support people and provide food
We need to work on supporting people to empower their lives
Constant cancellations at community facilities West Wave and Gym – Hydrotherapy. Should consider fill ins for no shows.

programmes for youth. There needs to be more groups available for youth to choose to feel comfortable to grow and learn more

There are not enough big events in our area like Mangere or Otahuhu. Movies in Parks would be good because it helps get families out and to enjoy our parks. Needs to be more for our community.

more local events like this and to see more of our representatives

It would be good to have one big event for our area to celebrate the different cultures in our community across Mangere and Otahuhu

**Very important Fairly important Less important I don't know**

<b>efforts to clean, manage and plant our local reserves and open spaces</b>				
<b>7. Planning for the delivery of facilities at Manukau Sports Bowl</b>	10	13	2	20

### **Tell us why**

Need more parks that is inclusive and safe for our disabled children
Safety is important but what about the unruly bikes that ride in packs and disobey the law? What safety measures will be done here?
We don't know enough about Manukau Sports and how it would benefit our own community. How many locals use this?
Need more youth involvement outside of the usual programmes run by council. We have other community groups who can do this
We hope to see more local communities running more local activities and businesses
Otara needs to be cleaned and upgraded from scratch. Not just the outside of the centre.
Need more diverse businesses and business owners

### Ōtara-Papatoetoe Local Board feedback

The following are the key projects and activities we plan to deliver next year, and any key changes to services

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

05-Mar International Women's Day

**Very important   Fairly important   Less important   I don't know**

<b>1. Ensuring Māori culture and the values of mātauranga Māori are visible in public spaces</b>	23	N/A	N/A	N/A
<b>2. Addressing safety concerns in neighbourhoods, common areas and town centres</b>	11	23	2	4

<b>4. Supporting small businesses to act on environmental sustainability</b>	20	12	N/A	N/A
<b>5. Progressing the planning for options to address community service needs in Old Papatoetoe</b>	8	10	N/A	N/A
<b>6. Supporting local environment groups to work collaboratively with community volunteers in efforts to clean,</b>	21	8	N/A	N/A

05-Mar International Women's Day

**Very important   Fairly important   Less important   I don't know**

<i><b>manage and plant our local reserves and open spaces</b></i>				
<i><b>7. Planning for the delivery of facilities at Manukau Sports Bowl</b></i>	6	0	2	12

### **Tell us why**

Will the plans be up for community consultation
We need to spend to upgrade Otara town centre instead of fixing it every year wasting money. The outside looks better than being in the centre
We need to have more diverse cultures involved and see more Maori involvement
Want to see more Maori to be invited and included in your events
Maori to be recognised in more local events
Would be good to see more openness to other community groups for opportunities in local work programmes instead of umbrella entities. Should encourage more local community growth in business
Dog issues every year and there still isn't a real solution to help local families with options
Need help for the community around dog ownership and help not just being fined.
More youth involvement with different Council areas like parks and animal management

05-Mar International Women's Day

Its nice to see Auckland staff come out and talk to us about the Have your say and explain it to us

How will this benefit us in the community for our whanau participating in sports
Will locals be able to use it
Will this be like the Trust Stadium out WEST? Our area needs something like this to get our youth involved

### Māngere-Ōtāhuhu Local Board feedback

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

07-Mar Siva Afi Festival

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Very important Fairly important Less important I don't know**

<b>1. Explore a site for a recycling centre</b>	27	10	N/A	3
<b>2. Local playground improvements in areas like Mangere Bridge</b>	15	21	3	1
<b>3. Maintain local road safety with limited budgets</b>	29	11	N/A	N/A
<b>4. More support to volunteer networks</b>	18	13	N/A	9
<b>5. Push to deliver local business initiatives.</b>	32	8	N/A	N/A

**Tell us why**

Need more support to local communities to group outside of umbrella groups to encourage independent growth by our community for our community

A recycling centre will encourage community to take unwanted items here but its about civic education and more encouragement from government and local officials

Consultation for parks need to be more obvious that the public are being asked directly. Sitting in a park is not it. More consultations like this HYS events like this

07-Mar Siva Afi Festival

lets us see our local board members but they need to come talk to us like the staff do

Safety is always important for our youth

Our Libraries can be more interactive for youth around youth topics and interests

Would like to see more local communities working or be a part of local projects like Youth programmes not just the same groups

Keep Marina Gym open. Good for community
Reduce Lloyd Elsmore speed limit from 50km to 30km
The creek in Lloyd Elsmore Park needs clearing immediately. It is a disgrace
Parks/Reserves/Playgrounds near Anchorage park primary need to be updated.
Need more or bigger recycling centres especially for local businesses.
No dump in halfmoon bay it is too close to our Moana- it needs to be faraway from the water
Extend the Rotary Walkaway to Half Moon Bay
Keep Marina Gym open and run by council

### Ōtara-Papatoetoe Local Board feedback

The following are the key projects and activities we plan to deliver next year, and any key changes to services

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

24-Mar – 28-Mar Tupu Youth Library

**Very important Fairly important Less important I don't know**

<b>1. Ensuring Māori culture and the values of mātauranga Māori are visible in public spaces</b>	25	12	1	1
<b>2. Addressing safety concerns in neighbourhoods, common areas and town centres</b>	26	10	N/A	N/A
<b>3. Delivering on increased local economic outcomes</b>	7	14	3	2
<b>4. Supporting small businesses to act on environmental sustainability</b>	18	8	4	2
<b>5. Progressing the planning for options to address community service needs in Old Papatoetoe</b>	22	6	5	3
<b>6. Supporting local environment groups to work collaboratively with community volunteers in</b>	44	14	2	2

24-Mar – 28-Mar Tupu Youth Library

**Very important Fairly important Less important I don't know**

<b>efforts to clean, manage and plant our local reserves and open spaces</b>				
<b>7. Planning for the delivery of facilities at Manukau Sports Bowl</b>	6	12	6	23

### **Tell us why**

having many activities into helping the environment and the ecosystem is quite crucial to me especially as people, living in this community we need to be able to learn how to take care of our home and its treasures

Our Local board area needs to be more cleaner across the area and in every street. Not just what you see when you drive through

Maori culture is a part of us and its also important to me as a topic in school and in my environment not just in tourist areas

I think representing your culture is most important because it shows diversity and understanding of every culture. The diversity culture festival should be something like the Polyfest but with all the cultures that we have in our area

There needs to be more opportunities for all youth to be heard and be able to participate in leadership because we are a diverse youth. It would be cool to have a open invitation to a consultation just for youth but through people who get us

Interested to see more arts and see where they are invested. More up and coming youth artists.

Library is important because it give me a place to grow confidence in my learning e.g history, education, helper, books and activities.

24-Mar – 28-Mar Tupu Youth Library

Libraries are important because it is a place to go without it there wouldn't really be anywhere to go

I want to participate in keeping our streets safe

Libraries are important because they are vital for our youth in our area

We need a safe environment to work with stuff and having access to playgrounds and fields or sports spots next to it allows it to become a safe place for our youth

People need to stop dumping. It's making our community messy and ugly

### Tell us why

More Parks, swimming pools & recreation activity available throughout the year
More free events in parks around Otara Papatoetoe Local Board area
The community houses have great initiatives but need council to help promote so community can benefit from these more
Increasing bike paths, bike parks for shops, car share
Upcoming inorganics for central otara/ east tamaki
Stray dogs and dog ownership. Our community need more assistance with access to resources and help. Not just threats of being fined. Owners need more help. Not judgement.
Fix small shopping centre car park e.g Dawson Road.
More access to parks, swimming pools and recreation activity centres for local groups to promote wellbeing and community led. It is always the same groups and

01-Mar Diversity Festival, Bravo Carpark, Manukau Westfield.

no opportunity for other groups to grow into these opportunities because it is not made available to everyone. Fairness

More native tree shrubs to be planted in spaces. We may be out south but we don't want to live in a concrete jungle. We deserve to live in a balanced society.

Fund important events such as cultural and LGQTB events (Actual diversity across all aspects)

Need a playground on Shirley Road

More AT HOP Card Retailers in places where it is convenient especially at the stations. You can only top up but not purchase a card.

Accessibility for our elders and our disability groups/families. Not enough collaboration involved from the local board

More Native Tree planting in Otara Town Centre and around the Local Board Area where there are new homes. Tree canopy is important for our future. Don't want to live in a complex looking area with little trees or shade.

Tautoko what is being said

Fix small shopping centres car parks like Dawson Road. Most parts of Otara are not progressing like Manukau.

Community needs more help with stray dogs and education instead of heavy fines. Working families love their pets but there is not enough accessible groups or information. This should be council led.

Need more public notices about inorganics day

Increasing bike paths

Safe Bike parking spaces for and around shops

accessibility for our elders and our disabled family and loved ones to parks and facilities and events that are user friendly for disabled families and elderly.

01-Mar Diversity Festival, Bravo Carpark, Manukau Westfield.

More ATHop card retailers or at least machines that both provide them and you can top up. Its too hard to find these retailers or far for our tamariki. Simple things matter as not every local dairy sell the ATHop cards

Playground on Shirley road is no good must replace or upgrade. Not enough or good consultation done to hear what we have to say about our parks. I like how this Have your say is done because the lady was nice and listened and helped me understand why its important to have my voice heard. Kia kaha to this wahine. She's a good one.

Fund important events such as cultural events or LGBTQ+ events

More free family friendly events like the Movies in parks in Ngati Otara Park. That was close to home and we could just walk. Looking forward to that. I like how this team emailed the schools because I would not have known about it. Its going to be a whanau day out.

Why do you rebuild roads that don't need it but not re build the ones that do. Can we not use funds somewhere that put more lights on the streets for safety or overpass walkways on busy roads for out kids to bike and walk to school

Fixing water quality in our homes and waterways cause its very yucky

Community development and education

Otara town center, like Old Papatoetoe deserve a clean up and revamp. Can't keep putting a bandaid on leaky roofs and rundown buildings. It has been years and the outskirts of the town centre look better than then town centre itself. Thats just fake and false. there is nothing there for people to enjoy being there. Mangere town centre has tidied up a lot and Otara needs to be the same. Just because people don't live in Otara and have businesses here doesn't mean the quality of everything is poor. Elected members need to pay attention and make better long term changes for our tamariki. We deserve better and if that means no town centre for a better town centre we are keen. If it looks like rubbish and sells rubbish you get rubbish.

Strengthen libraries in this area, they do great work with our youth and school holiday programs. but they need more resources and recognition

01-Mar Diversity Festival, Bravo Carpark, Manukau Westfield.

More shade for playground like plant some trees.

Need more shade in our public playground areas and trees. A balance of nature and modern play. Kids love climbing trees, it's normal but teaching them to respect it is our job as parents so don't assume we can't look after stuff.

More dog friendly parks so we can go out and enjoy the parks too with our whanau. Better signs posted and bins for dog poo bags

water fountains for dogs and dog bowls so stary dogs can have water.

Exercise machines in playgrounds

Promote open park for dog days or times. There isn't a lot of off lead dog parks so having someting where we can tie our pets long lead to so that they can run around happily and its still save for others is good.

Shade for playgrounds!!

Local Dog shelters or Doggie care where people can leave their pets or where people can take stray dogs they find so that Animal management don't take them and the poor families have to pay to get their loved pet out or worse, leave their dog there because it is too much of a financial burden on the families. We need more understanding and better solutions for these problems in our area.

Bike infrastructure and car sharing options to reduce car dependency

More safety measures in out Otara town centre

Need a playground in our Otara Town centre but not on the outskirts, but in the centre of the centre under the ika. Where kids can enjoy the centre and families can shop

Safety on our roads from the motorcycles and unruly riders who don't care about others and their safety

I have heard more about events through this have your say thingy from this lady today than ever before. It's nice to have someone come to you and make the effort. Its nice to feel we do matter.

01-Mar Diversity Festival, Bravo Carpark, Manukau Westfield.

Better community consultations when it comes to our parks and playgrounds for our tamariki. This was cool to see my kids got a say about what they like or want to see at parks when I got to do the adult stuff. Tu meke man. Best way to get people to participate as a family

More shade for our parks and playgrounds

Manukau square is too boring. There is nothing there for our youth. Why can't we try and make it more active like Britomart do. It's a cool space but not used as much as it should be. Especially in summer. Some events in the area would be really good because it is away from busy traffic, it's a good spot to promote the mall and is just a good spot to do more things, really close to the bus station too.

More local community led events partnership with council and local board

Dog assistance and education for families.

Youth group opportunities and collaboration with new youth groups

we don't get enough engagement from our local board elected members. I thought the lady I was speaking to was on but she is staff. She was really good and patient. walked me through everthing even when it was really busy in the tent. she didn't get hoha once and was good with everyone. I think this is the best way to get us to understand. She came to us. So come to us not expect us to come to you.

### Tell us why

only if it means an upgrade like trust stadium

Its hard to vote when there isn't enough information on this

Will this mean we get to use it? Via a booking system?

Haven't heard anything from the local board members and they are not here to answer questions. So why are you asking for our opinion if you will make a decision anyway.

How does it benefit our community?

### Do you have any comments on the Hunters Corner Business Improvement District?

Don't know enough

Need consultation on this too don't you think?
