Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

It is a pain that the rate increase. The government property valuation had already over the market price. This government is doing nothing but increase property owner's expenses.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It is a pain that the rate increase. The government property valuation had already over the market price. This government is doing nothing but increase property owner's expenses.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Change government asap

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Constancy across the AKL Region

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

The rate increase % is even higher than the income increase %. it's unfortable to resident. City Council should think about how to cut cost rather than increase the rates.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Again. 7 millions shortfall should be sourced for cut the cost.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I didn't support any of the plan. It's all about increase the charges. How about think about how to cut the cost.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Rates rises need to be kept to a minimum so only essential functions should be funded.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

If these events cannot stand on their own feet then why, was ratepayers, should we be topping them up. I would prefer to save a few \$ on my rates than top-up these events.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

The current rubbish system works and should be retained. Applying a rate like this means low users subsidize high users - the current system is a better user-pays model.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

#### Tell us why (please be clear which priority you are talking about)

Too much is being spent on nice-to-have's with the cost being higher rates - focus on the core activities and limit rate increases.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The area is not used well - the supercity seems to have been the issue.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Rates rises need to be kept to a minimum so only essential functions should be funded.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

The Takapuna Golf Course must stay as it is. It is a major Iconic piece of infrastructure and history for the North Shore, the one thing hundreds of thousands of Aucklanders see every day from the motorway. A key part of that Rugby-Netball-Golf sporting hub that is the cornerstore of North Harbour. Try to remove at your peril. Thanks

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Less important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Less important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Less important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Less important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Keeping Takapuna golf course is the priority

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

#### Which three of our services are most important to you? (select up to three)

Sports and park activation activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Stick to your core business of drains and roads

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Keep Takapuna Golf course

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I feel ripped off that the transport plan in my area (Penlink) is a tolled road, whereas other roads development in the Auckland region is not. I have lost faith in Auckland Council. I do not trust you and I don't think you are doing a great job. The Penlink is behind schedule by a year, yet you still increase rates, despite many people like me struggling to find enough work to put food on the

table. You talk of 'fairer funding for local communities' - its all hot air. Stop pretending. Your pouring millions into a dead city centre while raping the regions.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I already pay econowaste for my waste. The council does not collect my waste. You now want to charge me for this???

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

I don't know

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

I don't know

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

#### Tell us why (please be clear which priority you are talking about)

Point 6 - stadium . This is so low down the priority scale that it should not even be in this list

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

It is a waste of money that will only benefit a small minority

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Sort out the local economy

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I oppose the 5.8% increase in property taxes. Because property taxes have been rising year after year, they are already at a high level that homeowners cannot afford. Further increases will increase the cost of living for everyone, including homeowners and tenants, and increase the burden of life. This will cause dissatisfaction among residents and reduce the happiness index.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

Tell us why

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I do not support the proposal to increase property taxes by 5.8%, which is already very high.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think these proposed investment options are really cool, however I live in the Hibiscus Coast and most of the main projects don't affect me at all. So I'm not that happy with the rates increase when I don't get a benefit from anything, and also I don't get the same services as most other people in Auckland (i.e. waste management - I have to pay for that through another company since it's not

available to me where I live) I do think the community-based ideas are really beneficial though and I hope the council keeps building on them in terms of scale and spread.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

As long as it's not too much. When visiting cities around the world, they often have a small tourist tax (with varying rates depending on accommodation quality). No offence though but at the moment, Auckland doesn't have enough to warrant a tourist tax, like a city such as Rome. Maybe once these festivals and attractions are established, then that would be more acceptable. I do think New Zealand has a clean, environmentally friendly image so maybe naming this as a conservation fund would make more sense.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

I didn't really understand the Refuse Targeted Rate proposal (based on the document). I just really want a waste management service in my suburb in Manly :)

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

I don't care so much about the North Harbour Stadium

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

## **Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

### **Tell us why (please be clear which priority you are talking about)**

I think the youth network aspect (Priority 1) is pretty important, especially in areas like Whangaparaoa. The local school has a bad reputation and I think being so far from the city makes a lot of kids around here bored. Some youth centres like Shore Junction (in Smales Farm) would be awesome to have all over the coast, to be a place for kids to go to and socialise/upskill after school. As for Priorities 2 and 5, those are very important especially as big storm events cause a lot of runoff pollution into the ocean. I'd love to see more leisure and recreation available (Priority 3). We pay our rates but often don't see what is done with the money, so having something tangible and attractive to use would be awesome.

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

### **Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

### **Tell us why**

I don't think it should be prioritised, but definitely should be done. To be honest I didn't know that was in our board area. Most people in the Hibiscus Coast board live quite a drive away from this but having somewhere close to attend events would be cool.

## **Question 5: Other feedback**

### **Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### **Tell us here**

Just expanding on a comment I made on the last page - my partner and I (and all my friends with mortgages) always complain about how we pay such big rates yet never see or experience any benefits of them. We live far from the city so we don't see much of the changes there or experience the improved public transport or trains. We pay a lot of extra money for rubbish, wastewater (since we are on a tank, we get charged a flat rate of \$80 a month), way more for public transport, petrol, etc, so being able to access community events, parks, leisure centre activities, etc would be so nice to help make up for everything else. Even something as simple as having weekend ferry sailings to help us enjoy the city more would make a big difference and make a lot of people in the community happy.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Why is it that there is no ability to connect to Watercare. We, as I am sure many others, purchased a property last year specifically with the intention of putting a minor dwelling on for an elderly relative, which it is zoned capable of, only to be told late last year that the infrastructure is not sufficient to be able to connect to wastewater and therefore we cannot proceed. UNBELIEVABLE

that the infrastructure is so inadequate and planning so poor. It seems council are happy to take rates and other contributions but unable to use it appropriately and provide the necessary infrastructure to the development they consent. There is something seriously wrong with the system. We are now left in an extremely difficult situation where we need to think about selling our property at a loss so we can find a property where we can provide housing for this family member.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. User pays

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

As above re wastewater for orewa/Hatfields Beach

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

.

### Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

#### Tell us why

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

People have to spend a lot to get here, don't put them off by making accommodation more. its already very expensive to stay in Central AKL.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

If i end up paying more for my rubbish to be collect in Rodney then NO i do not support any change. It's already too expensive. More people will start dumping rubbish if you make it more expensive to pay for household rubbish.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Don't want money spent on the stadium. Supporting other areas like better public swimming pool for Hibiscus Coast a public pool would be better for young and old.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Fix the Motorways and public transport first. You do up the Stadium and more cars on the road will cause more traffic. Have you ever been in traffic from Albany to Silverdale or Silverdale to Albany it is curranty the WORST traffic on the whole AKL network.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I don't support the rates increase. 5.8% increase is more than most people's salary increase not to mention living cos increase, this is not going to help a lot Aucklanders that are already struggling to make ends meet.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

With the decrease visitors numbers, would NZ attracts more visitors with bed night visitor levy?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I do not support the increase property rates. I know all of the house owners not supporting this decision. Again with the increase of living cost/rates/water gas rates/grocery/food cost/ travel cost, most people's income increase is not matching their day to day cost. Increasing property rates are not helping people's live in any ways and we can see council is using the money we paid to make our community any better. For instances, Council is not taking care any of the their berms/ roads, normally still still the residents are managing the berm/ trees in front of their house, where did our rates go to?

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

You waste so much money on things that dont need to be fixed. You fund things that shouldn't be funded. its a joke

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

If people want to come here they should be able to afford to. If they can't afford to how will they spend money here?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Get rid of the food scrap truck. Instead give each home a compost bin and teach people how to compost

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Too many people involved making decisions. All these people's salaries are paid for by us and you want them to waste their time on deciding on maintaining greenspaces. Just maintain them, dont need a separate board to do this. Whole \*\*\*\*\* council is a joke and you sit there thinking you are doing a great job. Get rid of the excess people

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Depends on what you are doing with water. Drinking water im ok with, destroying the Takapuna Golf Course for flooding I'm against. Local community funding, at this time, only what is required, I don't want to waste money on art and things we can live without.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Keep costs low and promote visitors not taxing the people looking after them.,

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rate increases are going up a lot quicker than wages are. This needs to be kept in check.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Hibiscus and Bays, Upper Harbour, Waitematā

## Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

**Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Less important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Less important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Fairly important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Less important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

I don't know

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

I don't know

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

Please do not get rid of the Takapuna golf course, come up with other solutions modifying the course to catch more water. It's a very short sighted approach for one flood....

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Libraries and Pools and Leisure facilities - opening hours and services, Sports and park activation activities, Local water quality activities

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

I don't know

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community.

The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

This is ridiculous if your asking if you want funding for making a vision..... Just make some ideas, propose them, don't waste so much money on consultants doing this \*\*\*\*\*. Hire people to get stuff done.

## **Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Less important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Less important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Less important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Libraries facilities - opening hours and services ,Pools and Leisure facilities - opening hours and services ,Sports and park activation activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

**4B. What do you think of our proposals for your local board area in 2025/2026?****Waitematā Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**Tell us why**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park**

Less important

**Delivering footpath improvements for Auckland Domain**

Less important

**Starting construction for Leys Institute**

Less important

**Delivery of Heard Park Civic Space**

Less important

**Prioritising sport and recreation opportunities for groups that have less**

Less important

**Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad**

Less important

**Community services programming to enhance perceptions of safety**

Fairly important

**Support for ending homelessness in Auckland.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Libraries and Pools and Leisure facilities - opening hours and services, Sports and park activation activities, Local water quality activities

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Keep the Takapuna Golf course, it's insane that this is proposed.... Stops wasting money on contractors, hire people to get \*\*\*\*\* done.

# Annual Plan 2025-2026

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Transport and water need large upgrades which I think everyone would support. Community funding however I think needs to be specifically prioritised. Ie, parks and libraries.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Visitors won't be deterred by a fee on their stay. Those that want to come here will still come. It would be good to see this charged on private short-term accommodation like airbnb rather than commercial hotels. Charges on vacant properties would be even better. Too many homes/apartments remain empty.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rodney residents pay for their own rubbish disposal via bags or bins and it helps us keep general waste to a minimum. Why not bring our system into the rest of Auckland?

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Too much spent on Transport already

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

More charges for visitors would have an adverse effect. Do not fund ALL Cultural Festivals

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Transport does not need to have additional funding

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Do not think that any separate groups should take precedence over others We all all meant to be one!

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

I totally disagree the 5.8 per cent rates increase for the average value residential property. As we are under the the financial impact that affecting most people and family. Any rise will seriously impose on most family.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

Tell us why

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I agree to replace the current system of purchasing rubbish bags, but disagree to rise the rates as the same reason as question 1.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Getting back to basics. I want the council to provide basic services well and not entertain or fund fringe groups etc.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

The people directly benefitting should help pay. Otherwise council should leave major events to central government. Do the basics well and provide value for money to ratepayers.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

I want the council to provide basic necessary services to ratepayers. The Government can worry about youth etc. Just get the basics needed to keep people able to lead their lives and help all ratepayers by avoiding extras that will increase rates. Increasing rates impacts families by taking money from them in tough times and makes their lives harder.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Council should provide ratepayer services ie water, waste etc and not get involved in other activities until you can do so with and increase of rates of 2% not the nearly 6% currently!

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Because you will waste the money. Simple solutions include having the stadium attract more sports events and music events for it to be self funding.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

You should zero base and cut out all nice to haves. The council wastes so much money that should be used to reduce rates paid by ratepayers.

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

There is no plan for ferry upgrades for the Hibiscus Coast. This is a win for mass transit as there is little congestion on the water. Upgrade the service to the North Shore region therefore removing many vehicles from the roads as the park in ride no longer fits the population and taking a minimum of one and a half hours by bus into town is not productive.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Major events draw outside revenue to the town in all areas of hospitality, etc.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Presently use bags and if competitive then I'd welcome a switch

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

.

**Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

People live in the area as a lifestyle choice and exercise and activities for both children and adults is important. If roads and parks are well maintained that encourages people to also maintain their properties.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Too much money spent on sport. Otherwise I'm OK with the plan.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I am happy with the green rubbish bags as I only put out 1 bag every 2 or 3 weeks.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

I don't know

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

We have a facility --- lets use it fully

. I don't know

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

I don't feel well enough informed

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

I don't know

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

In the current challenging economic climate, the proposed 5.8% rates increase for the average residential property in 2025/2026 places undue financial strain on ratepayers. Allocating substantial funds to initiatives such as replanting, upgrading facilities in affluent districts, enhancing libraries, and supporting community programmes—services that could potentially secure private

sponsorship—may not provide widespread benefits. Redirecting these resources towards essential infrastructure projects would better serve the broader community. Notably, critical infrastructure projects, such as the upgrade of the Army Bay treatment plant, are experiencing delays, with completion not expected until 2031. This postponement hampers subdivision and development efforts, limiting opportunities for homeowners to alleviate debt through property development. Prioritising investment in such essential infrastructure would facilitate growth and provide tangible benefits to ratepayers, aligning expenditure with pressing community needs.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

This provides a 'pay to play' scenario allowing events to continue but at a cost to the user.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. Do not support most

### Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

We have a massive issue with our wastewater treatment plant in Army Bay and the proposal to remedy this is in 2031. Spending money upgrading this and allowing for development in my eyes is much better than most points put forward according to the consultation document.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

In the Rodney area we already have access to better than acceptable facilities for recreation, outdoor and physical pursuits. I have noticed our maintenance of roads have been subpar - such as new chip seal I feel is a copout for residents, our roads have become noisier and more messy. I believe maintenance should be upheld over spending on things like library or art improvements.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

In the face of coming out of a recession with astronomical costs of living, hitting Aucklanders with an additional 5.8% rates increase to seemingly only facilitate an increase in costs of \$20-50 for changes to waste management seems unreasonable. The projects that have been proposed are not an immediate requirement and it would be best to give Aucklanders a small break from

constantly increasing costs for 2 years, finalise the sale of the airport and halt work on the City Rail Link which lets be honest was not a great idea to begin with and has cost Aucklanders billions of dollars and has forced the closures of so many businesses for a very limited outcome. Once we have recovered from the recession and standard costs that matter to Aucklanders such as food costs have returned to some level of affordability then you can increase rates by 5.8% (which is a \*\*\*\*\* if a lot to be honest) it would be better to increase by 1 or 2% this year and the same next year not almost 6% in one year following an rates rise in 2024

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Accommodation costs are already excessive. You will actually deter people from travelling to Auckland

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

#### Tell us why

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

While I think water , transport and local community funding is important, footpaths, drainage and our environment need to be a priority as well.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Everyone that uses Auckland's facilities should contribute to the upkeep. Not just ratepayers.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I do not support a universal rubbish amount added to rates. It discriminates against people that make a huge effort to minimise the amount of rubbish they put out. A user pays system encourages people to put out less rubbish. North Shore has just eliminated rubbish tags to the detriment of small households that work hard to keep their landfill rubbish to a minimum. Everyone is now paying whether you put rubbish out or not.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

Local initiatives are extremely important to enable the community to be actively involved in looking after our environment.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Our natural environment is of utmost to us all, as people live on smaller sites and need clean open spaces for recreation .

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

North Harbour stadium is a valuable asset, that with good management could bring much more needed events to the Northern part of the city.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Auckland Transport - is it cost effective. We see so many heavy diesel but empty Kinetic buses driving around containing only a driver and others with 3 or fewer passengers on board. Its expensive to operate large heavy diesel buses (and drivers) which are being underutilised. Consider using smaller (perhaps electric) minibuses where practicable and perhaps alter routes to

provide easy pickup and dropoff for passengers when possible and appropriate rather than expensive empty diesel buses at all times and routes. Think smarter and more efficiency please! Might even be able to reduce transport rates contributions and busfares

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Help to reduce rates

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Please Look at means of reducing rates rather than simply increasing rates every cycle - many of us do not have ever increasing income - so effectively you are continually making us poorer!

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

Improve rubbish Collections in park and reserves - eaach weekend the Orewa Beach bins are overflowing

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Greatest percentage of residents do not use the stadium/precinct

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Yes -remove all road cones, reduce dependence on expensive contractors, eg in matining parks and reserves and road maintenance. and reduce rates!

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

With all the city bus lanes it's just making congestion worse. And at a significant cost.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

User pays.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Feel good initiatives like Support the youth networks does nothing for marginalized kids. It 's just a feelgood exercise. Also Auckland was supposed to be one Mega city, but we still have local boards etc. No wonder our rates are so high, so much duplication of roles.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

I don't know

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

Please develop empty area on Pohewa Road, Silverdale as kids park.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I only support if the government allows you to charge a bed tax rate.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Every rates owner should be treated the same no matter where they live in the Akl city rates area. I do not support any funding to Maori organisations, we are one nation of all 83 ethnicities.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Infrastructure, infrastructure, dont spend any money until, all roads, water and waste are in good condition.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

In general I think the local board should only prioritise the 3 points I have noted, everything else they should not have any input.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community.

The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

I support sport.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

No more Rate RISES !!!! Find another way, Enough with taking from people who already are paying!

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It is good for business and good for Auckland

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It costs less to get my own bags, I am in control of my rubbish, environmental friendly bags would be great though

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

#### **Tell us why**

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Waitematā

**4B. What do you think of our proposals for your local board area in 2025/2026?**

## Waitematā Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**Tell us why**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park**

I don't know

**Delivering footpath improvements for Auckland Domain**

Fairly important

**Starting construction for Leys Institute**

I don't know

**Delivery of Heard Park Civic Space**

Fairly important

**Prioritising sport and recreation opportunities for groups that have less**

Fairly important

**Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad**

I don't know

**Community services programming to enhance perceptions of safety**

Fairly important

**Support for ending homelessness in Auckland.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community programmes and services, Libraries and Pools and Leisure facilities - opening hours and services, Local events

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Current rubbish bag purchase system is better.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

#### **Tell us why**

Development and use of our parks and reserves should be a top priority in our special environment.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

#### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us why**

### **Question 3: Changes to other rates, fees and charges**

#### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

#### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

The council shouldn't be allowed to charge for organic waste. Every dollar taken from a ratepayer is one they have earned, paid tax on and saved. Your plastic bin sits in the garage gathering dust. It's just an unwelcome money grab but a bunch of hippies. It comes from the ground and it can return to the ground without doing any environmental damage. Earth to earth.

### **Question 4:**

#### **Local board priorities**

##### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

#### Tell us why (please be clear which priority you are talking about)

Why are the Hibiscus councillors silent on the embarrassment that is Penlink? The 1 year plus delay for a change in bridge design. How many engineers reviewed it first? Where is the urgency of fixing the issue on time and within budget? No park and ride planning at Stanmore Bay. Two lanes only.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

You need to focus on core infrastructure like roading not stupid \*\*\*\*\* like making sports fields diverse enough and a forest climate change. These are stupid pet projects. We PAY you, don't waste our rates, do you job.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

#### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

While it is important to develop local communities, the Transport segment needs significant investment and betterment to make a meaning impact. My view is to consciencly invest into transport and look into local community development in the next years.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Good source of income

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I live in a household of 2. We put out our rubbish only once in 3 weeks. Now I am having to pay more for no reason.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Need to prioritise. There are too many projects that will end up having little or no impact.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

More important issues to deal with

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The council needs to prioritise on projects that needs immediate attention that would make a meaningful difference to the residents. Too many projects are going to dilute the effects and would likely invite criticism from the public. Please make a choiceful decision to neglect some projects and concentrate completely on 2. Thank you.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I don't support rates increase for residential properties. Residents' income is not increasing and many struggle to cover all expenses. You increase rates every year. Further increase will hit nz Residents who struggle to pay mortgages and monthly bills. Where from people should get extra finances if their wages don't increase. I don't support this.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I pay body corporate levies which partly go to rubbish collection fees. If I did not I would probably pay if this payment is minor.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

#### Tell us why (please be clear which priority you are talking about)

Maintenance and repair of roads in the Rodney region is one of the important areas to invest in. Say well-known Shakespeare Regional Park has very bad roads with lots of holes and cracks. Especially the road which goes along the main beach is in a very poor condition and makes it hard to drive on it. It needs to be repaired for NZ residents to use it and enjoy the beauty of surrounding environment and to be proud of natural resources this region has.

## **Question 5: Other feedback**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

all are important for growth

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

event management needs funding

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

this is a better option than adding a layer of external profit to the service

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

park use is way under utilised and falling behind other countries such as Australia and even other centres such as Hamilton

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

this was part funded by locals and should not be scrapped by being part of a greater Auckland view

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

we should start to think about our growing infrastructure issues in this region. The Silverdale section of the motorway is always clogged because we build houses with no thought to traffic congestion

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Once all of Auckland has free access to council swimming pools and other similar social economic area affected subsidies then I will be happy. Water is all around and some families are unable to afford to send their children to swimming lessons even in the top earning areas. How on earth can you justify another \$400,000,000 in spending.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

Tell us why

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

About time. This is where the councils need to focus. Water, roading, Parks, Rubbish.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Seriously. Business will do all they can to attract business on their own they do not need local marketing subsidies maybe Tax relief at government level. Can you imagine the can of worms you are going to open up with allowing 20 meter trees growing over some ones Sun Shaft area. As well as letting greenies loose with money to do this. What is wrong with how they are now? If you can

spend \$150,000 on development of a vision and plan for north Harbour stadium OK. But knowing past spending this is more likely going to be around \$2,000,000 just to find out that we need to put in a couple of trees and remove parking.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

As prior comment

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Just get back to basic council values. Groups and sports can look after themselves through fund raising and term fees. If they cant then they are not wanted by the community. Stop subsidizing minority sport, groups and any other types of Woke spending. get back to basics!!!

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Good annual and long term plan. I'm lacking trust that Future Fund is safe and secure from political meddling or bail-in during force majeure or other event.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Probably the fairest of a bad bunch of options.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

spent less in central auckland. especially on roading modifications. Spend more in outlying suburban centres.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

fair division of cost . In return abandon private residential accommodation rates

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

user should pays only for what he produces instead of general rate. (reduce bureaucrats)

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

control dogs more strictly. Allow commercial activities on or near popular beaches

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

reduce cones, reduce bureaucratic interference in genuine progress and public initiatives. Remove health and safety excesses. Change council staff attitude to 'how can we help instead of 'how can we make the most money out of this

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think the cost of new infrastructure should fall on the developers and new owners not on the rate payers. Rates should pay ongoing maintenance not new connections etc. The rates are already a stretch and do not include basics such as the berms and other maintenance.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

User pays

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

There is already a fee for waste disposal and I think it is better to have user pays - I would be lucky to fill a small bag of rubbish a week..... others do not recycle etc and by not keeping it user pays the less conscious of the planet people are not paying their fair share. SO I am basically funding others poor habits. ?? Nope user pays and decrease our rates (for the ones who don't make a lot of waste) !!!!

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. I don't know

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

#### Tell us why

There is not enough information supplied to decide whether it should be supported or not. Who chooses how the money is spent and with whom. No specifics are given. I support the seawalls and other necessary work to protect our area. I am unsure about horse ways etc as the number of horses is very small and the costs in this case should be born by the horse people. They are a small group of society whereas cycleways and paths are for the general public not just the elite few.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

##### Improving services for all communities by enhancing libraries art and youth programmes

Very important

##### Promote physical activity and recreation by increasing play opportunities in more locations

Fairly important

##### Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Very important

##### Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Less important

##### Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Less important

##### Prepare and review plans for reserves to identify gaps to meet community needs

Less important

##### Improve the safety of our community and environment through increased education, monitoring and compliance.

Very important

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

#### **Tell us here**

I think it should be more user pays toll roads etc so those using the facilities pay rather than everyone. If I want to use a facility I should pay if I don't why should I subsidise others use? There are so many areas that need urgent attention - schools, water and transport (roads) so the rates need to be focused spend on necessities and the icing on the cake is user pays.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

E.g. AT transport / roads Potholes are caused by forever ongoing cheap Chipseal lipstick jobs destroying our once smooth roads / infrastructure forever! HEALTH hazards by AT! - 4 TIMES NOISIER... destroying entire quiet / livable neighborhoods causing now multiple health problems (sleeplessness, stress, serious injuries) - extreme dangerous fine dust PM2.5 by tyre wear

especially through heavier vehicles e.g. taxfunded EVS and popular SUVs /utes. Short term lipstick repairs hardly last more than a few months or hardly a year. ----- WATERCARE supplies e.g. EXPENSIVE dirty waikato river / surface water filtered by using Aluminum Sulphate as felling agent (proven to be related to higher +100% Dementia/Alzheimer rates )

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

Maybe it's time to finally regulate the rip off through offshote internet giants like Airbnb, Expedia and others... Accommodation costs are already overloaded with extremely high - special rates (penalizing e.g. even honestly B&B ...) - taxes - booking fees - commissions e.g. 17%+ Airbnb or 30%+ travel wholesale / Expedia, booking.com... - service fees (another 10% thank you) - cleaning fees - payment transaction fees 2.5%-5% Visitors will love to pay another 3-5% to TM. ... the city os sales?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

TMs rubbish collection council taxation scam is definitely not pushing households towards rubbish reduction! THE OPPOSITE instead of 1 'ONE' rubbish bag every 3-5 weeks households are forced to pay for another ugly bin. Instead of using a compost bin in the garden. Single dwellings are forced to pay for FOOD SCRAPS! When at the same time apartments (who don't have a composte) are excluded!? Its obvious... Aucklanders hate food scraps and know they get fleeced again.

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

It's time to 100% stop any activity destroying Hauraki Gulf sea life and nature... marine farming, commercial fishing everywhere also in marine reserves for at least a 10 year period. It's definitely time to start building future proof sea walls that will protect low lying inhabited areas in the Bays from Takapuna to Orewa. Or start a long term renaturation of residential areas that are no longer suited for permanent housing.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

I don't know

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

It's important to stop wasteful spending (we are aware about multimillion dollar costs) for absolutely unnecessary signage and publications, websites, meetings, greetings in 2 languages when 99.99% are more than happy to use ENGLISH. Our workforce is already struggling enough to get jobs done with some kind of efficiency (ranking last in the OECD)

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Instead of wasting taxdollars on new roads or worse penalizing already frustrated crawling commuters @ heavily reduced max speeds to 30 pkm/h or so -Auckland should introduce Citywide Rideshare service. free for passengers, tax bonus for participating drivers based on successful rides offered to verified participants. (Based on Uber like software, using NZTA database and other IDs like Gold Card, Passport,

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

It's good that transport is a priority. While the busway in the north is great, the cycling infrastructure is still awful and needs to be improved.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

many cities global have or are introducing a similar levy; this brings us in line with global equivalent cities.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

the overall plan is well thought through and a major undertaking . It appears well balanced

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

as above, bed taxes are prevalent in most destinations and are a small contribution from visitors who also utilise our facilities

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

no

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

They all sound plausible and on target ..

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

the natural aspect of the Hibiscus coast is for most residents a high priority . With good reserve management especially around the foreshore ie Orewa beach this maintains the value of the area and attracts growth in visitors, residents and infrastructure. The summer grooming of Orewa beach shld be something that the Council looks at the same as The Gold Coast.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

**Question 5: Other feedback**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Agree with most - But something I do want to say is that funding should be equal and NOT specific to only CERTAIN communities. This City & Country is / was built on immigrants and yet only a small minority always get preference over those that have moved literally to middle-earth and

without these immigrants, this country would not be where it is today. Funding should be fair for all no matter your background or heritage.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

New Zealand is already up there with one of the most expensive countries to visit. If you start adding even more levies on we are going to lost more visitors especially when there are international countries that are cheaper and have more to offer

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I do not think you should be increasing rates given MOST people at the moment are doing it tough...you can raise rates where I can see where my money is actually going to...at the moment...I don't see ANY improvements

**Question 4:**

**Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

There should be no increases. You waste too much

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Let people have choice.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

We need to trim budgets and expenditure to aim at lowering rates which are already far too high. .  
STOP WASTING OUR MONEY

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Stop wasting our money across the board. You think we are an endless source of cash. We aren't.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Stop wasting money

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Stop wasting money. We do not want to and cannot keep paying endless rates increases . Stop the waste and decrease our rates.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

The plan has a lot of talk, but would like to see if it is actually backed up with results and action across everything and not just hear the snippets of target or success. I would rather see where targets have been missed and would have more faith in a plan that is honest about where each target is at, good or bad

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

Tell us why

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

A rates increase will cripple the average household

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

Uncertain

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I feel increases will further make things difficult to struggling families

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

My only comment which has been resounding with this is - Rasing rates is not feasible for the average nz household this will cripple them and send already struggling families unto poverty and homelessness.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

- the Rates increases are not sustainable for Auckland. This is way higher than what people will receive as CPI increase this year if they receive an increase. I feel we are going backwards financially with all the significant rate increases. - very little investment in projects that will add value to our community on the Hibiscus Coast. What about some investment in our area as

Hibiscus coast has grown significantly over the last couple of years. - You are taking away people's choices with regards to how they dispose of their waste and how often by taking away the bags. People should have a choice on this. - should we not have a choice as to where the funding should be distributed to. Feels like we are being dictated to not allowed to be involved in these decisions.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

- we should have a choice how and how often we want to dispose of our rubbish. Taking the bags away removes peoples choice.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

- I don't agree with including youth in the decision making for our area. We need people with experience, who contribute and pay taxes and have maturity and knowledge to make effective decisions. They also have a vested interest in our community as they have skin in the game. I don't think this will be effective at all. - where is the investment in upgrading infrastructure in our community. Investing in upgrading the children's play area at orewa Beach and toilet facilities. We also need to look at how to protect Orewa beach from eroding further. Seems like there is no investment in this and we can see the impact of this on such a treasured community asset. Please invest our money in protecting the beach, building an Esplanade along the beach so we can all enjoy the beach and making it accessible for all. - in terms of our sports facilities, are these been opened to everyone all around Auckland? I think if you live in the area, you will want to take care of it and maintain it. Concern if people living outside of our area who use it, will actually maintain it and look after it. I'm not sure Happy with the plan to rebook at North Harbour stadium as this is a key asset in our community. Happy with the focus on protecting our soil and our sea. The condition of beaches is shocking with all the dumping of waste into it. It smells at the beach and the sight of rats is terrible. Please invest in this.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

I don't support youth been involved in the local board decision making. Making these decisions requires experience, knowledge and maturity. Youth do not always take into account the long terms effects of the decisions they make.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

North Harbour stadium has the potential to be an amazing venue for our community. It's central, easy to access and has loads of parking. This facility can hold more events from sports to expos to family friendly events. It does need more investment and it does need more exposure so it will be used. A great facility

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

- We need to invest in all areas of Auckland not just in the South and West. There is a significant amount of development in Hibiscus coast at the moment but absolutely no investment in infrastructure - roads, parks, schools and facilities for families. Orewa beach needs attention. We need to invest in preserving the beach. Look at building proper banks, investing in a boardwalk

along Orewa beach for walking and cycling. Invest in the quality of the water as too much sewage seems to be dumped in this area, making the beach usage to swim. Invest in the playground facilities, toilets and facilities offered. There has been very little to no investment in the Orewa beach playgrounds and park and I've lived here for about 12 years.. We are paying incredibly high rates in Hibiscus coast and want to make sure that we are also receiving money for our community initiatives and projects. Don't feel there seems to be any investment in our community. I would be happy to look at rate increases if we can see where our money is going in our community.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

I do not support funding for the stadium development

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

We are in a financial crisis, cost of living is at all time high and there is no money to fund hopes and dreams.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

decrease the composting fees, it's an underwhelming and under utilised investment.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

#### Tell us why (please be clear which priority you are talking about)

#7 - you don't do this now. #4 - we have a fantastic lookout with exceptional views and walks, it is well maintained, but the community don't have access to it as it is always locked at the gate and very uninviting.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

### What is your opinion on our proposed annual plan?

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

I am not totally against this tax, but it should not be payable by people who are resident in Auckland. This would be in line with other things like entry costs to Hamilton gardens and Auckland Museum not being payable by residents of the area. I'd also like a more mixed range of events to be funded. The big events are great, but smaller events are also good. Things like SailGP are really for the rich, and should be funded by them and corporate sponsorship. If they can't afford it, then why are ordinary people being asked to pay? I'd prefer for funding to go to things that are for visitors AND residents. So how about also funding things that normal residents like to do, like local food, wine and beer festivals, outdoor cinema events etc. These events can help local restaurants, brewers, winemakers, entertainment workers and food trucks. These also attract visitors, and not only that, but since they are local events rather than huge central events, they will help build local communities and money will flow back into the local areas who are being asked to pay for them.

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I live in Gulf Harbour and currently use Econowaste. This plan seems more expensive than that. Why would I support something that delivers the same product but costs more? Why does the central product cost more. Why not ask Econowaste to do the whole thing at their lower price?

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

#### Tell us why

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

We are in a cost of living crisis. We should be doing what must be done, not what we would like done.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

You dont say what the plan is. Your proposal is too vague. Give us concrete prosopals, then ask for money. Don't ask for a blank cheque first.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Hibiscus and Bays, Rodney

## **Devonport-Takapuna Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most **Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub**

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Fairly important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Very important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Very important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Local parks strategy and planning, Local water quality activities

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

**Tell us why**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Rates increase should match inflation.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Events should pay for themselves. You already get extra money from visitors through their water usage, transport usage and other spending. NZ is already an expensive place to stay.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Hopefully will be more efficient and ultimately cut costs

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

I don't know

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

It is an expensive asset thst should be used to its fullest potential

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I am a very disgruntled rate payer and there many aspects that you do not want to make cuts.Penny pinching rubbish bins.Giving grants to the rainbow community plus lots of communities receiving grants.My rates should not subsidize these groups.Clean up all the beuracts who contribute nothing to Auckland2 and the country start streamling all departments.jJust. look after

basics plus my biggest bug bare is cones sought it out I've been to other countries and they do not have thousands of ones just a few Zzdo you think we have no common sense when we are driving. With all your bright ideas you have ruined the heart of the city. Some have the balls to make cuts and streamline the council. I have To live within my means so should you.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. ### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

don't believe all of it will be done

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Visitors should pay for facilities they use and enjoy

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We used to use bin tags and payed only when the bin was full. Now we have to pay every week whether the bin is full or empty.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

They are worthy and sensible proposals

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

#### Tell us why (please be clear which priority you are talking about)

The development of parks and facilities such as libraries are important for recreation

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Its the only stadium on the North Shore

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Why for example Rodney/Hibiscus Coast Labs getting less community services than Whau which gets \$24m? If this is based on population in 2010 it needs to be reviewed

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Just another tax. Hospitality should be more creative and not expect ratepayers to prop them up. I'm sure ASB classic made a profit

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We should have a choice...currently we pay for our own rubbish collection..now we will be charged just like the unwanted little green scrap waste bin

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

We have assets at Orewa Reserve that are going to be removed to be replaced by sand dunes...currently 241 car parks going to be reduced to 80...less grass area for family picnics even

in winter...sand blowing onto road in multiple easterly storms blocking drains and covering paths...MetroPark Millwater still do not have a sports pavilion

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

### **Tell us why**

It's a get asset that could have very good public transport services and North Aucklands population is exploding

. I don't know

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

### **Tell us why**

I don't reside in Rodney

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

We have established walkways parks and reserves that have been neglected .Skatepark could be entended for example...Gorse has been allowed to take over on Grand drive Ara Hills and all banks from Orewa to Silverdale Highway

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Have absolutely no idea what or who they are...would like further information

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Charging students \$50 for bus fares is over the top you need to consider their affordability.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

I do not support the rate increase for existing homeowners as think you already collect enough. Instead check how your resources are being spent and check the capability, drive and passion of your people to deliver on the plan.

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

At this time, it would be imp to use funding more wisely where it is needed most, dont charge extra to satisfy these goals. They E.g. A famiY that has a limited budget, has to decude how tgeur salary would d best bec used and woukd need to forgo surplus, so should the council work within its budget rather than charging more tax when people cannot afford it.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Often visitors come especially for these events, so it's fair for them to pay for the privilege of attending

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It's better for the environment than plastic bags

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

I think the local board have great ideas on the best way forward to our local area...

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

Sea, soil and fresh water is critical for everyone. We need to find room for nature to thrive. We must protect our sea life, particularly our little blue penguins from over fishing and pollution.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Bring in concerts and large sports events. The local community spent years fundraising for the facility before it was built. This asset is too valuable, so make sure it's used! North shore is now a very vibrant urban area, which deserves large events.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

This will deter visitors from coming as it is already costly to visit Auckland from overseas.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Franklin, Rodney, Upper Harbour

## Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

**Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Fairly important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Fairly important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Less important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Fairly important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Local parks strategy and planning, Local water quality activities

.

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?****Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Very important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)****Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Less important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Fairly important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Fairly important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Sports and park activation activities, Local water quality improvement activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

5.8 rise too much, do things more effectively and efficiently , cut mymultiple layers of responsibility.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

don't waste a great asset, use it better

.

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

There have to be choices, and it is better to have profiteering from short term accommodation, pay for the things they're taking advantage of.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

no I'm happy with what's presented

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Fairly important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

#### Which three of our services are most important to you? (select up to three)

Community programmes and services, Libraries facilities - opening hours and services  
, Environmental restoration, volunteers and pest control activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

We should contribute to the planning, but allocation of extra funding should on a case by case basis which aligns to our priorities of building a better communities through supporting the more disadvantaged

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

it is there, let's use it!! and benefit from it

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support any

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

##### **Tell us why**

What are the youth networks? Best supporting local clubs which include children. The youth don't need to be present for major decision making. The adults need to step up and listen to the youth and work on their behalf. I would like to see better access to the sea with proper boat ramps.

Our priorities for 2025/2026 are listed below.

##### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

There is not enough information about the change to council providing a rubbish collection service. Currently I have a private provider who picks up. How do we know what the new bin size will be and the frequency, of a council operated system - and how much we will get charged for it? We are already paying for a food-scrap service that we didn't ask for, and don't use.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Priority 2. Sea and foreshore contamination and sedimentation needs to be reversed as soon as practicable. And the overflow of contaminated water during rainfall, from the sewerage systems needs to be fully contained.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

I have never been there, or had any knowledge of any event there - sporting or otherwise. I guess it's a rugby ground. Why does it need more money?

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The Operational Plan, Page 33, doesn't say much. But it says, For more information, see section five of the Supporting information. But there's no link to it, and I don't see it in the Consultation Document. So where is it hidden?

# Annual Plan 2025-2026

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

All are extremely important in the future proofing of our community

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

We must be wary that cost is not an inhibitor to attract these people to bring their events to Auckland. Perhaps a 1.5% fee would be less intrusive but assist in subsidising the shortfall

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Hibiscus and Bays, Kaipātiki, Upper Harbour

## Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

**Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Fairly important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Less important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Less important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Very important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Fairly important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Grants, Sports and park activation activities

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The stadium is for all Harbour people to attract events and provide a fit for purpose facility for all

**Kaipātiki Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Community development, including events, community safety, and a greater activation of our community houses, community centres, and libraries**

Fairly important

**Increased funding in the Kaipātiki Community Grants Programme, so we can support and help a wider reach of our community through their activities**

Very important

**Māori outcomes, through investment in engagement, events, and fostering authentic relationships with Māori.**

Less important

**Youth outcomes, through conversations with young people to identify local activities and services that interest them**

Less important

**Increased sport and recreation opportunities, through grants to organisations to maintain or improve their assets, or to secure community use of non-council owned facilities**

Very important

**Environmental protection and restoration, including working with our local environmental groups to increase their impact**

Fairly important

**Maintenance, including environmentally friendly open space management, building maintenance, refuse collection, bush track maintenance, and removal of aging pine trees**

Fairly important

**Compliance, in the areas of building, illegal dumping, noise, animal control, and overnight stays on reserves**

Less important

**Pools and leisure service enhancements and affordability**

**Sport and recreation facility planning to understand the sport and recreation facility needs of Kaipātiki, to guide future investment**

Very important

**Business support and engagement across Kaipātiki.**

Less important

**Tell us why (please be clear which priority you are talking about)**

.

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Fairly important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Grants, Sports and park activation activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The facility is for all our community

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

A back to basics plan, fixing transport that is slowly grinding Auckland to a halt. Water needs an update, the system is old and in need of attention. Definitely local communities should be relied on to manage their own issues but with control

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We have to fund our cultural development, without the rate payers having to pay more. This seems to be a sensible answer. The Americas Cup would be good to get back

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

User pays

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

All items are very necessary for a vibrant and progressive community.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

I have ticked all as very important because they are. Funding will always be the challenge though

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The stadium is there and must be used. Moana Pacifica using it as their home base is a start. Concerts and fairs would help

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

no

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Agree with all, but not so sure about funding Cultural Festivals or that for the Writers. With regard to infrastructure, please remove the raised hump / table immediately in front of the traffic lights on Oteha Valley road just before the northern motorway. It is incredibly dangerous! If you see a green traffic light, you are not going to be aware that there is a massive bump in the same location.

Anyone following behind you is in danger of crashing into you if you hit the brakes when there is a green light. There is no logic in having the speed bump there just on one direction of the 4-way lights. An absurd total waste of money by Auckland Transport. Yes, it will cost to remove it, but as it is dangerous, please allocate funds to remove it.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

The burden of financing major events shouldn't fall unduly on rate payers. Many cities have a city tax for tourists that you pay separate from your accommodation costs. Auckland needs it.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

I don't think the funding for the future of the North Harbour Stadium is a priority. Totally support funding for the natural environment.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Environmental concerns must be prioritised (questions 2 and 5). But no more exotic palms please! Ideally a mix of native and broad-leaf exotics. Adaptation against climate change. One thing with reference to Kauri dieback - I do not want tax payer money used for playing Whale songs!

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

There are other priorities as far as I am concerned. Environmental protection,, stopping the scalping of land when new developments are started (trees should be retained) and allowing space for planting of trees in new developments. More cycleways. There are many more cyclists in the Hibiscus Coast area since 2020.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Sick of rates increases significantly above inflation rate

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

user pays is best

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Council spending too much

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

North Harbour stadium is an utter joke, a massive white elephant that should never have been built. Get rid of it and sell off the land.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

North Harbour stadium is an utter joke, a massive white elephant that should never have been built. Get rid of it and sell off the land.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Too large a rate increase in these tough times

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

This disincentives all rental tenants as they do not contribute - it should be user pays so keep the tags/bags

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

##### **Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

##### **Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

##### **Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

##### **Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

##### **Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Very important

##### **Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

##### **Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

#### **Tell us why (please be clear which priority you are talking about)**

Mowing berms, parks etc and sufficient bins and emptying them frequently is crucial to our being proud of our community

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Not every visitor participate the events. Raise event ticket prices to cover expanses directly.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

People should pay for the service they get directly, not via council's pocket. Rates for rubbish collection are considerably higher than direct payments for rubbish collection. That is not fair and no benefit for residents.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

I think what you are proposing is appropriate for the needs (or a lot of them) of Auckland - especially the water and infrastructure. We do need to focus on infrastructure if our city is to be livable.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We need ways to fund our tourism sector - so that we don't end up like Queenstown where they don't have enough housing plus look after and maintain our tourism assets.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Because I am not a resident of Rodney or Franklin, I would prefer to let the people who live there make comments.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

All these proposals are important for the well-being of our environment and our people, particularly young people

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

All the above are important but I have made judgements with priorities because of financial restraints. If we don't look after our environment we are endangering ourselves - especially with the

increasing effects of climate change. I also think that creating opportunities for youth and providing them with opportunities to participate and belong is essential for our future.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Probably, though I didn't make it a priority above. However, we need to fund development as it is a valuable asset that should be working for the community and there is a danger that lack of action will mean the facilities will deteriorate

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

# Annual Plan 2025-2026

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

These are the key things our city needs to improve

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Brownie is 100% right in his video. The America's cup would be awesome in Auckland and it needs to be paid for somehow. Along with other events

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Yep, remove the tags. Better idea

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

\$300K for environmental services doesn't seem like much compared to \$1.2m for Governance - what is Governance?

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

North Harbour stadium is under used. Something needs to be done. We also need to protect our environment - thus support all the environmental projects

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

Show us the business case first. Then actually build it!!!! Lets not waste money on consultants that their work doesn't go anywhere

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I support the proposed Annual Plan's focus on transport, water, and fairer funding for local communities, particularly the rainbow community. However, I'm concerned about the 5.8% rates increase and the impact of rising costs on our community. I hope the council will consider ways to mitigate these effects and ensure that the benefits of the plan are shared equitably.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

### Tell us why

I understand the need for additional funding to support Auckland's destination management and major events. The proposed bed night visitor levy has both positive and negative aspects. On one hand, the levy could generate significant revenue to enhance Auckland's events and infrastructure. It's also fair that visitors contribute to the costs of services they use. On the other hand, I'm concerned about the potential impact on tourism and the local economy. The levy might increase costs for visitors, potentially deterring some from visiting Auckland. Given the complexities and uncertainties surrounding the levy, I think it's essential to carefully weigh the pros and cons. I would like to see more information and analysis on the potential effects of the levy before making a decision.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

I support the waste management proposal to apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney. This change seems fair, as it would provide a more equitable and consistent funding mechanism for the council's rubbish collection service. By replacing the current system of purchasing rubbish bags, this proposal could also encourage more responsible waste management practices and reduce waste going to landfills.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

#### **Tell us why**

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

I do not prioritise funding for the development of a vision and plan for the future use of the North Harbour Stadium and Domain Precinct at this time. While the stadium and precinct are important community assets, I believe there are more pressing needs that require funding prioritisation. Specifically, I would like to see investments in initiatives that support the well-being and resilience of our communities, such as: 1. Rainbow community groups: Providing resources and funding to organisations that serve and advocate for the LGBTQIA+ community. 2. Mental health services: Investing in programmes and initiatives that promote mental health, reduce stigma, and increase access to support services. By prioritising funding for these critical areas, we can create a more inclusive, supportive, and resilient community for all Aucklanders.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Almost no real improvements planned for my area or that will affect me, just more cost, I don't agree with the over focus on climate.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

If you are convinced of the additional income to businesses then make a small increase to business rates to offset this, otherwise do not subsidise the events

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I think it is a complete travesty that the foods scraps rate was enforced on all households for some councilors pet project and I strongly object to paying but have no choice.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Rather than keep adding cost we need to look at STOPPING some work and fit to the budget instead of constant increases. The hugely unpopular scraps collection could be one of those, look at how many people are paying for this versus how many use it? The role of the board is to listen, abide by democracy and give support to true minorities that are otherwise unheard and are in genuine hardship or truly marginalized or underrepresented, not to pander to vanity projects for loud vocal minority groups that are littered with self interest.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

**What is your opinion on our proposed annual plan?**

**Tell us why**

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund

cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

I am concerned about the % split between people staying in short-term accommodation for events versus other activities (such as coming to Auckland for business). If those staying in short-term accommodation for events only made up 5% of the nights stayed in accommodation, it would seem excessive to tax everyone using the accommodation. Perhaps we could make the fee for getting a permit to run large-scale events fully cover the cost to council to provide those events.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Residential yes. I don't have enough experience with lifestyle rubbish collection to understand what issues this sector faces (if any).

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I would mostly like to see the council concentrator on core activities and terminate non-core activities.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Water, transport, and funding for local communities are great initiatives but you need to find money somewhere else apart from increasing rates. Zone more land so we can bring the cost of land down. The average land price for on the north shore is over \$1Mil, why? We have sewerage flowing the streets of torbay, if it rains the beaches are completely off limits unless you want to catch

hepatitis, no infrastructure, roads are terrible and congested all the time but auckland council still valuates land so high? Its completely unaffordable for most kiwi's...not a problem for Chinese investors though that buy it all up and build the most disgusintg looking condo's and townhouse...nobody wants to live in them but have no choice to buy or continue to rent so your kids can go to a good school. This is a complete joke, I never seen this in any country in the world but we have it this way here in NZ. I cannot for the life of me understand what is so prestigious about buying a house in your own country.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Constant levies, constant rate increases, constant land price increases. Sort housing for kiwi's before you start planning cultural activities...

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

4A. Which local board(s) would you like to provide feedback on?

Kaipātiki

### Kaipātiki Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Why do Maori get special treatment and outcomes. All new Zealanders should have the same outcomes regardless of race. Tax payer outcomes not youth outcomes...we are the ones paying tax and we should have the say about what outcomes. When they start contributing to the economy, they can also have their say.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Community development, including events, community safety, and a greater activation of our community houses, community centres, and libraries**

Less important

**Increased funding in the Kaipātiki Community Grants Programme, so we can support and help a wider reach of our community through their activities**

Fairly important

**Māori outcomes, through investment in engagement, events, and fostering authentic relationships with Māori.**

Less important

**Youth outcomes, through conversations with young people to identify local activities and services that interest them**

Less important

**Increased sport and recreation opportunities, through grants to organisations to maintain or improve their assets, or to secure community use of non-council owned facilities**

Fairly important

**Environmental protection and restoration, including working with our local environmental groups to increase their impact**

Less important

**Maintenance, including environmentally friendly open space management, building maintenance, refuse collection, bush track maintenance, and removal of aging pine trees**

Fairly important

**Compliance, in the areas of building, illegal dumping, noise, animal control, and overnight stays on reserves**

Fairly important

**Pools and leisure service enhancements and affordability**

Less important

**Sport and recreation facility planning to understand the sport and recreation facility needs of Kaipātiki, to guide future investment**

Fairly important

**Business support and engagement across Kaipātiki.**

Less important

**Tell us why (please be clear which priority you are talking about)**

I care about the cost of housing, everything else in my opinion is a lower priority. .

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Yes, I love our current mayor but he needs to do something else to help with the out of control house and land prices/valuations.

# Annual Plan 2025-2026

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

As usual the forward plan for the Gulf Harbour Ferry has been completely left out. No funding for new boats when boats like 7 am have started being cancelled regularly. This is for people using the service primarily to get to work and to remain off the overcrowded roads. A one lane each way

Penlink is not going to help when another 1000 houses get built at the end of the peninsula. The water is the only sensible option. If AT won't find it then go private

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We need to make money to cover costs somehow

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Right now the most important issue for our local area of Gulf Harbour is the ferry and future protection of it and more services including weekends. No money has been put aside for this at all

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

I would rather the Statium get sold and used by private companies to invest and save the gulf harbour ferry

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

I think it's more important to save our ferry and spend money before another 1000 houses which have already been approved get added

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

# Annual Plan 2025-2026

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Small Business owner. Struggling to keep shop doors open. All else is not important.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

It's very complex and I can only pay attention to some of the plan. Asking me my opinion on the entirety of it only builds a false impression of support or not support when taken in aggregate across all respondents.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

I support a bed tax but I don't support the major events activities. Generally these seem to be rate payers supporting commercial activities, which should be self-supporting. I'm glad people like Sail GP but we shouldn't be supporting it financially. If the bed tax is used to fund critical infrastructure (not roads, but stormwater or bikes lanes) then I support it.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

I'm sure it's difficult to deal with, but the North Harbour stadium is and always has been a financial drain on the city. It's only half a venue at best and doesn't seem to attract anything that large

numbers of people are interested in. Better to turn it into a dense walkable neighbourhood that is close to mass transit.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

Pasted from above: I'm sure it's difficult to deal with, but the North Harbour stadium is and always has been a financial drain on the city. It's only half a venue at best and doesn't seem to attract anything that large numbers of people are interested in. Better to turn it into a dense walkable neighbourhood that is close to mass transit.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

There should be more protected bike lanes everywhere, especially the length of East Coast Rd, which runs past several of the largest schools in the country. Painted lines are not sufficient protection for children on a road that busy.

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Expanding transport, fresh water and fair funding for communities is a worthy goal, but the timeline and budget seem destined to overrun.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

All major tourist destinations around the world do this, and 3% charge on top of room fees seems equitable to other locations.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Fairly important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Better utilizing existing assets through improved information sharing and activity planning is low hanging fruit.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Local arts and culture activities, Libraries facilities - opening hours and services , Environmental restoration, volunteers and pest control activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

It seems like tax money could be put to use serving everyone and community corporations could spend more money supporting a Stadium. Let those who will profit from a stadium foot the bill for the expansion.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

consistency with Long Term Plan realistic approach to environmental issues. Don't agree with recycling / waste collection being funded from rates - reduces incentive to reduce waste.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

yes, I think accommodation providers should contribute more but no I don't that should be a obvious tax on the tourists. Cost recovery should be invisible to the guest - who will then choose where to stay based on cost.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

as noted above, it removes incentive to reduce waste

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

I am sure this question was asked and i responded but I will repeat: Provide publicity & written guidance to youth organisations but let them stand on their own. No nannying! Provide education packs to schools about what is available and the benefits pf getting involved in things like scouts, red cross, st Jons, church youth groups etc. just maintain parks etc. stop developing nature. Stop spending so much on artificial things and safety barriers, encourage citizens responsibility. Leave businesses to manage themselves. Stop interfering and wasting money on streetscapes. Climate change is above your pay grade. Nature will do what it needs to do and citizens need to understand how that might affect them. Governments should provide good balanced education about this - not local boards. Fund a study into the long term viability of our stadium. If it will need ongoing subsidies then sell it.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

If North Harbour Stadium is uneconomic, it must be sorted: ideally sold to someone who can make it pay. Reduce nanny-state behaviours: historically residents were really good at organising their community activities. We seem to have lost that hand instead expecting local government to provide everything (and keeping rates high to do so). Encourage participation in youth organisations by education not funding (Scouts, St John Ambulance cadets, red cross, church youth groups, youth sports etc). Let businesses organise themselves to maximise their attractiveness and hence profit: they have a better understanding than any council.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

As long as if it proves it is not sustainable then it is sold.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

As a single mum I am battling with rates on my property already

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I have been to many places around the world where this is charged

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Our rates have reason a reasonable amount recently and with current economic climate more rate risers would add along if pressure onto Aucklanders already paying higher than normal mortgage rates

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

I live near Browns Bay and so many shops are closed. My yoga place which was lovely has had to close because of a brothel next door. Is this really what we want Browns Bay to turn into? A vaping, brothel centre for Auckland?

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

Not important to me

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No rate increases

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

As someone who has hardly ever used public transport I am continually frustrated that I am being forced to subsidise those who do. May I suggest a different approach and that we have the option of opting out of paying that portion of our rates. Those who opt in are provided with a card system to enjoy the subsidised rates while those who opt out would pay more if they ever use the service.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

The council should only support events that can be proven to provide a profit. Other events should be a user pay system.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We recycle and often don't put out any rubbish for several weeks. The new system will be an additional cost that we would not benefit from. Perhaps households can opt in for fortnightly collections and pay a lower rate.

## Question 4:

## **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### **Tell us here**

I noticed in the plan large investments (\$16 million) into local marae so that those associated can have a greater say in council matters. I object to any unelected influence in the council's plans etc. We vote for those we wish to speak on our behalf and everyone is welcome to run for office. I am supported of a system that reflects democracy.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

Continually increasing our rates year on year - get back to core services. Rubbish, roads and parks. The council WASTES money

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Auckland council...always looking at new ways to grab money from the locals. Maybe learn to Live within your means.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

No, leave us to just buy own rubbish bags. User pays. I put 1 bag out every 3-4 weeks. But you will penalise me by charging targeted rate and giving me a bin (which is more expensive than what i already pay). And then council will enforce fortnightly collections . This is outrageous, and will encourage fly tipping. You guys are really clueless. If im paying for a bin thru my rates ill do no recycling but just load it all in the bin as im been forced to pay for something.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support any

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I do not support abolishing Eke Panuku, Auckland Transport, or, Tātaki Auckland Unlimited. These are fantastic CCOs that should remain independent, and not be abolished or absorbed into Auckland Council. Also from a branding perspective, they have much more positive and stronger reputations than Auckland Council.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Visitors already have to pay for the accommodation they stay in. They contribute to the local Auckland economy by spending. Why should they have to pay more for their visit?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rates are already out of hand. Decrease rates.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

All initiatives related to preventing climate change are incredibly important.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

All initiatives related to preventing climate change are important. Prioritize investing in public transport instead of building highways. Keep Maori rights. Listen to scientific facts.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

There is so little specificity about what's being planned for the North Shore. While other parts of the city have 4-lane motorways each direction, the southbound motorway above Constellation Drive has only 2 lanes! Every day this is a traffic bottleneck, causing delays and reducing productivity. Why is this not being prioritised? Meanwhile the Kiwi Rail Link continues to dominate funding yet

only benefit a small proportion of residents. In local boards, there's also nothing specific. In Hibiscus & Bays, where I live, it's all about support this and encourage that. Those words means nothing. Put specific initiatives and outcomes to them, otherwise they're meaningless.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

This would be a turn-off for visitors and could actually inhibit revenue. Many of these events feel like vanity projects done to raise profile, but without proven details on actual returns. Major events should all have realistic ROI analyses done, by an independent body, before the city commits funding to them, much less charges visitors more to carry the can for them.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

This feels a black hole for taxpayer money, where the return on major events is always overstated. Developing this area further is also likely to lead to significant congestion, which will crowd people out from using existing shopping facilities. Ask the locals around Eden Park if they think it benefits them!

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

I support this, however I would like to see it extended to medium and long stay options - e.g. Air BNB, BookaBach etc

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Alhtough I dont live in this area, we should as a region have the same services funded in the same way everywhere.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Its time to cut this loose. Keep some of the outer fields and capabilities while divesting the stadium itself.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Council should restrict its planning to core roles. Not necessary to be involved in social housing, cultural events, funding of ethnic groups.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

The tourism industry is critical as a NZ revenue source. Funding as proposed in this area should be from re-prioritizing as proposed in Q1

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I support General Rates and Water targeted rates. My preference is to retain existing services for general waste collection and recycling. I do not agree with mandatory levy for any waste collection

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

The listed prioritise are all admirable, however my opinion is that the LB must prioritise CORE Council responsibilities and reduce 'nice to have' expenditures, which ultimately contribute to rate increases and pressure on families. Do not support: many aspects of youth prioritise; I was unaware our playing/sports facilities were restrictive - empty words with hard to measure outcomes; I am wary of adaption policies currently being advocated; sand replenishment on Orewa Beach with silted sand. CORE responsibilities requiring higher prioritisation: sand drift on Orewa Beach; Discharge of grey waste water causing erosion on beaches; support for a Seawall on Orewa Reserve to prevent erosion and maintain facilities.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

The Local Board is currently considering a naturalisation proposal for Orewa Reserve. I together with other residents communicate as ORCA. (Orewa Reserve Community Assoc). ORCA proposes that the Annual Plan 2025/26 should set aside funding for a seawall (approx \$1m) as an immediate solution to the coastal erosion at the Reserve. The construction of a seawall would negate the need for the currently un-costed naturalisation proposal.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Requires development to ensure multi sport/social usage. Important to maintain as a community asset.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I expect those involved in producing the Annual Plan to be competent, well informed and to have researched the options available. Time will show how well they have done.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

B&B, etc ...a can of worms in the management which will probably have an associated cost to enforce. Keep it related to property rates.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

KISS principal with everything.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I am against there endorsement of the Orewa Reserve Development plans. They have failed to involve the public with the proposals put to them and have continued to avoid any realistic discussion on the matter. A case of rubber stamping a poor concept presented by a misguided council staff member.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Orewa Reserve Development plans. The proposed concepts are unrealistic, poorly researched, lack any financial support through cost benefit analysis and appear akin to a pipe dream. No fundamental advantages are shown, loss of land and assets including a major loss of car park facilities as well as safety issues to people accessing the beach environs in this location. All. for the need of a sea wall defence which ultimately will be required of the total length of Orewa Beach.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Future growth of the population will require an adaptable, functioning facility such as this.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

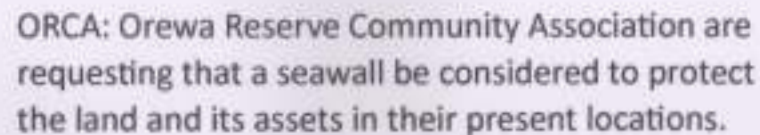

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# #1906

There will be a reduction in assets and car parking.

A loss of 11 Norfolk Pines and 51 Pohutukawa.

# Annual Plan 2025-2026

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

.

### **Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Fairly important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities,Community programmes and services,Community Events

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

1.The words Naturalisation and daylighting has not been clarified in context so it's ambiguous and seems to invite a targeted outcome.2. Bed night visitor levy I oppose for NZ residents. We pay tax, rates, GST. We should be able to explore our own country without further taxes.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

### Tell us why

I support the bednight visitor levy for overseas visitors only. NZ residents including Tangata Whenua should be able to stay nationwide with immunity from this Bed tax. We already pay rates, PAYE, GST, and levies. This is an over reach.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

Irrelevant. I reside on Hibiscus coast. We do not have bins supplied and pay for private collection ourselves

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

We do not want to lose this asset for present and future generations. I am concerned it is being under utilised and resourced and would support funding a capacity upgrade to attract more engagement.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

It is too expensive. Set the budget first, which should be under annual Inflation and then work out what you can afford. Just like a normal household.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Juste make your current budget work

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

1/ Waste Mangement Proposal Why change what works and we are used to, there is no free lunch  
2/ Other rates fees and charges proposals. Set the budget first, which should be under annual Inflation and then work out what you can afford. Just like a normal household.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

**Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Suggest you run the council like a normal household and reduce the services to fit a no rate increase budget.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?****Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

1. First the survey is scewed, 2 good options and one bad one. Set the budget first, which should be under annual Inflation and then work out what you can afford. Just like a normal household. Just do the basics and not spend rate payer money social nice stuff. It is not the council role.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Stop providing services and funding that is not core to a Council's role. Why not try no rate increase this year, if you ran the council well you could. Implement a DOGE initiative to reduce council and COO's headcount by 10% this year and 5% each year for 5 Years. I am sure AI could replace headcount and do a better job.

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Improving public transport by having a cap is a great option. But the government and council should be pushing big businesses that have roles that can be done remotely to keep them remote and improving tools for employers. Allowing people to work remotely not only improves the business in the areas they live (cafes outside of the CBD area) but also reduces emissions from transport and frees up public transport\cars on the road. My issue with major flood events are people are buying homes or building homes in flood prone areas and the large majority have to pay the bill when we get a eventual flood. I think this is just generally unfair when its been a known flood prone risk for a long time now and they continue to build and buy homes and the rest of us have to share in the bill. I dont mind helping for new flood zones from weather events but long existing flood zones seems unfair to all. Roaming cats are brutal to wild life. I live next to a bird sanctuary and we have cats everywhere roaming at night and during the day killing native birds. I dont know what needs to be done but i think we need some actual rules around roaming pets in new zealand, if you care about wild life cats and dogs and other invasive species roaming around should be managed. I live next to shakespear regional park and in the last 5-10 years the coast lines have been absolutely plucked clean each summer, every single crab\cats eye and hundreds in the bay for scallops on the weekend. I dont know what needs to be done but plenty of people here worry about the future of our coast lines. Everything is just thrown into a bucket and taken away its pretty awful, Some kind of review into over foraging. Its not just happening in shakespear its all around auckland as auckland gets more and more populated.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

Well thought out and has merits for the proposal.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We require the funds.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We have a clear cost of what we each pay if this waste management is incorporated we will be paying for others which do not contribute equally.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

Our services and amenities are old and need to be refurbished.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The stadium can take a lot of pressure off Eden Park.

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

In general a good plan hopefully execution will be done properly.

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

North Harbour stadium must be kept and maintained. A great facility.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

North Harbour stadium must be kept and maintained. A great facility that needs to be used more.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

There are aspects that I don't support because they ignore the coalition governments stated policies of eliminating co-governance and Maorification. 1. Why don't the the two CCC's have English names? I haven't a clue what each of them does from their Maori name. 2. How much does it cost ratepayers for the translation of all communications? Everyone of your NZ-born

citizens speaks English so why do we need to pay the cost of translating these documents into Maori? How does that benefit us as citizens? 3. Did Council ever ask through a referendum for Auckland to be called by a Maori name? 4. Why doesn't Council adopt zero-based budgeting? For example there has been a footpath installed on the Silverdale hill and pedestrian lights at the intersection of Whangaparaoa Rd and Hibiscus Coast Highway. In the six years I have lived in Whangaparaoa I have never seen a pedestrian walking in that area. What a waste of money that is so I enquired and discovered that the work was carried out because there was unspent budget available. All unspent capital expenditure should be relinquished and those funds used for higher priority works.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

I don't support Council funding a bloated organisation that is unanswerable to the ratepayers. This work should be carried out by private enterprise because it will live or die on its effectiveness at gaining events and making them financially viable, Council should not be involved because I don't have faith in them to do stuff that requires entrepreneurial attitudes.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I don't understand why we need to empower partnerships with iwi. Surely there s no difference between Maori and non-Maori when strengthening ways of working with people - race has no bearing. If you are proposing that Maori have different needs than non-Maori IO am totally against that notion. It is pure \*\*\*\*\*.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Those having a voice in local decision-making should not have a vote or the opportunity to veto unless they are ratepayers. I am dead against having young people who have no world experience influencing decisions.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

The citizens of our locality need to be involved but that is almost impossible because there are no town hall meetings where we can express our views.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The proposal that the Stadium be scrapped is not acceptable. There needs to be better management and that can only happen if leadership steps up and formulates a management plan, consults the community on it and then executes it.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Get rid of the Maorification of our council and treat every person the same - Maori are no different from the rest of the community. The Treaty of Waitangi is clear that we are one people with the same rights. Maori do not have pre-eminence. The sooner Council recognises that the better it is for us all. I absolutely resent the notion that my rights and views are subservient to Maori members of our community.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Common overseas, no reason why visitors shouldn't contribute.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We should work to a flat rate across all areas. No good reason for it to be different.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

There should be a better effort put in making things for children and teens to safely go and enjoy. An ice rink on the northshore and a less embarrassing themepark up north would be good. Places like Butterflies creek and Kelly Taltons are so depressing and badly liked after. So better Auckland.

You are embarrassing us with the lack of well maintained and managed attractions. The staff at all these places are also always so miserable. Pay them better.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. ## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I agree with the three priority areas you plan to focus on as mentioned above.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

If we can't afford it don't do it!

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

No

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

Get rid of North Harbour Stadium and just have playing fields and simple stands for people watching games.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### **Tell us why (please be clear which priority you are talking about)**

1. If youth are not supported they will make their own fun and that may not look good and cost the city! 2. I like to swim in the sea and that requires clean beaches and water 3. I think good green spaces help the human spirit to be healthy 4. Attractive town centres also lift the human spirit and

positive places deter vandalism 5. Some work in this area will ultimately reduce the draw down on the disaster fund 6. It Seems like a white elephant to me that place, looks like it's going to need a lot of maintenance expenditure soon, pull it down and just have sports fields

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

It's a waste of money, looks like the place will need a lot of money spent on it soon. Pull it down and just have artificial turf sports fields.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

1. I think the city where I live (North Shore) is poorly supplied with boat ramps and parking. Vehicles should not be driving on the beaches where children play to launch and retrieve their boats. 2. I think there is an opportunity begging for some fill from the Pen Link project to be used to provide boat ramps and car parking for the general public in the Stillwater area. 3. I think the intensified housing that is being encouraged on the North Shore is allowing too many homes to be built on a section that previously had only one dwelling, Roadside parking, infrastructure and visual aesthetics are suffering. Thank you

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

The proposed plan provides strong foundations for the future. It is a balanced compromise between delivering quality services and manageable rate increases

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

### Tell us why

I do support a bed night visitor levy. However, the government has recently multiplied the IVL by a factor 3, making it expensive to visit New Zealand. A bed night visitor levy would further increase the cost of visiting New Zealand. Inflation and increased cost of life is affecting most countries, so when choosing a holiday destination, these types of cost could negatively impact the number of international visitors, who benefit the New Zealand economy. It would be just for local council to get their share of visitors staying and using the local infrastructure, and a bed levy makes sense, but it should be accompanied by a decrease in the IVL, so that the country remains attractive to international visitors.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

Tags are an inconvenient system, and I understand that change is needed. However, when users pay per bin, this promotes recycling, composting, and the use of a garden bin. This incentives

disappears with the removal of tags. A few years ago, I was part of a trial with aRF ID tag added to the bin, so that collection could be billed without the use of tags. This was a great system: no need to purchase tags and have someone checking/removing them, while keeping a tax per bin to promote waste minimisation. It seems odd that this system was not implemented and that a flat rate is now included to rates.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

#### **Tell us why**

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

rates cannot keep on been put up. time to bring in some private consortiums and make things such as water userpays for everyone

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Tax+tax+tax and so it carries on an easy way to get revenue without investigating otherways. User pays. D Su as an Aucklander you not only want to charge me a congestion tax for car but if i saty the night tax me on that as well

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

the system of charging should be the same for everyone

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Hibiscus and Bays, Upper Harbour

## **Devonport-Takapuna Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Fairly important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Fairly important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Very important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Fairly important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community climate action and sustainability activities, Libraries and Pools and Leisure facilities - opening hours and services, Environmental restoration, volunteers and pest control activities

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Fairly important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community climate action and sustainability activities, Libraries facilities - opening hours and services , Environmental restoration, volunteers and pest control activities

**North Harbour Stadium and Domain Precinct**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

You are not addressing the real issue which is too many houses are being built in Akl with no infrastructure. People drive therefore you need more roads, you can provide all the electric public vehicles you want at a MASSIVE cost but the bottom line is the roads are too small to hold all the traffic, you are not addressing the real issue and put a hold on building more houses until this is

sorted. What about Rodney....the congestion on Whangaparaoa Road is horrendous, but as usual it is in the too hard basket. At the end of the day people have cars - each house has on average 2 cars, more and more houses are being built with no thought for road infrastructure

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

This will make no difference to the transport issue and the lack of suitable roads

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It is disgraceful that the council have pushed this through without proper consultation the same as food wastage, and have in the audacity to put in the paper that Aucklanders have to suck up the extra costs of having bins enforced on us in this current climate - shame on you all

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

**Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

improve services for all communities with better libraries, art and youth programmes - GOOD IDEA  
 promote physical activity and recreation by increasing play opportunities in more locations - WHAT  
 DOES THIS LOOK LIKE TOO VAGUE A STATEMENT support community groups, volunteers and  
 mana whenua to improve work to protect and restore our environment, particularly for waterways  
 and wetlands, while promoting waste reduction - SOSSI DOES THIS VERY WELL increase  
 maintenance service levels, such as: pest control - WEAK PROPOSALS FOR OUR RATES  
 mowing popular reserves more often - REALLY!!! repairing tracks and car parks - REALLY!!!  
 support the Rodney Greenways Plan to provide more walking, cycling and horse riding  
 opportunities in the area - REALLY!!! prepare and review plans for reserves to make sure they  
 meet community needs improve the safety of our community and environment through increased  
 education, monitoring and compliance. - REALLY!!! Where is the proposal on the infrastructure of  
 the roads in Rodney and the water/sewage - you are proposing ridiculous plans as it is too hard  
 and the flood gates have been opened now with all the houses your government has signed off to  
 be built without ensuring infrastructure is in place

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?****Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Where is the proposal on the infrastructure of the roads in Rodney and the water/sewage - you are proposing ridiculous plans as it is too hard and the flood gates have been opened now with all the houses your government has signed off to be built without ensuring infrastructure is in place

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

AS always you ignore the voice of the people and those that live in the community you only hear the ones where you can provide a 'quick' solution to look as though you are working for the people of the community you serve. Time and time again your constituents write to you but you ignore us

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?****Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

#### **Tell us why**

Nearly all the place we visit in Europe and other overseas destinations have a 'bed tax' which we are quite happy to pay to contribute to the maintenance and enhancement of the sights we have come to visit. There's no reason why New Zealand should be any different. Tourists are used to paying a 'bed tax' and would accept it.

### **Question 3: Changes to other rates, fees and charges**

#### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

#### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Purchasing rubbish bags or tags is much better way of encouraging people to recycle and limit the amount they put out for rubbish collection.

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

North Harbour stadium should continue as it is and NOT be reduced in size which would reduce it's usefulness to the community.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

See above

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

Enough funding is needed to address the urgent and expensive work that needs to be done to replace the old water pipes that have asbestos in them that is leaching into the drinking water. This is throughout the Auckland area and is urgent and will take an enormous amount of money.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. ### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

As mentioned earlier, urgent attention to replacing the old concrete water pipelines that are filled with asbestos and are currently breaking down and releasing this asbestos into our water that we all use for cooking/drinking, washing etc. This is something that should have been a priority years ago. Act now. You are putting lives at risk by not acting in a timely fashion.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

I think the locals are the best at identifying what is the most important concerns in their areas and so they should have the ability to fund those. Water and transport (infostructure)are the priorities currently. Get that done well and move to the next areas.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Hotels will compete so hopefully they will incorporate the charge within their offering. With the way our New Zealand dollar is performing it may not matter in the short term.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

User pays and what ever is the easiest to accomplish is best. If they can use smaller bins more regularly then it will be a saving. All services must be funded by the local ratepayers or other areas end up subsidizing the cost which is not fair.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

With regard to youth networks we need more resources in directing and supporting groups that are struggling for recognition. Boy racers are a problem how do we accommodate them. We need to identify problem areas and work to find solutions. Beaches need to be swimmable year around. Businesses need to work on attracting family to small centers on a regular basis to help reduce crime and increase youth and family involvement.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

With regard to the stadium we have a great facility that will serve not only the Hibiscus coast and Bays but also North of Orewa and beyond. This is a growing area and we are going to need another stadium in any long term plan. To lose it would be crazy. We need to utilize it more with sensible pricing even if it is cost neutral in the interim. Eventually it will be worth it.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

We need to get rates rises at equal to or less than inflation. Concentration on the core services (planning, rubbish, water, roads family/city environment) much more push to work with government on key infrastructure requirements.

# Annual Plan 2025-2026

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

Rates increases poses a problem for low income families

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

### **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Very important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Cut the \*\*\*\*\* about the reduce council or corporate emissions.. seriously, there's probably a great load more you can do for the community than making your own buildings look green and having your electricity bill report back that X% comes from the sun yada-yada. You'd be better off collabing with those who provide energy. Also, I don't know what I don't know - I'm not a

councilman or anything of the sort. Sure some of these might be ok but I don't know what projects you're turning down in comparison.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

If you say the accommodation providers support it, it can't be that bad - it also only works out to be a cheeky \$5 or so per stayer.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I guess you would have to look at the impact of this. Rent payers would probably end up getting the rate increase and whatever rate for these bins shafted on to them anyways. I personally dispose of my own waste through other means and would really just do one \$5 bag a week. I don't have access to this information.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

Doesn't look bad from what I can see. Again I don't know the alternative plans.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

1. support the youth: better not be your LGBTQ \*\*\*\*\*. 5. Climate change; really? Are you still going on about climate change? Do whatever conservation work you've done but don't waste money on that \*\*\*\*\* either. 6. No idea about the stadium and domain precinct. Doesn't mean anything to me (may be good might be bad, not sure)

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Rates are too high

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Rates are too high

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rates are too high

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Rates are too high

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Rates are too high

## Question 5: Other feedback

### Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

I think transport is a yes, but they need to cut prices for citizens or locals using the services as they are just too expensive. I got fined \$150 recently for using a different card then my own which is too harsh in my opinion when you are still paying the bus fees. Also \$150 fine is way too big, that is more then my weekly income as a uni student and at the end of the week I have no money left, as

food and transport costs alot. AT costing \$50 a week just travel to university and back is too expensive. There was a major that proposed free public transport before who unfortunately passed away and the new one just increased the prices. They really need to decrease the prices for university students or locals who pay rates and local taxes in Auckland this is just depressing.j

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Unnecessary there should be other focuses

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I hope the property rates were less, it is too much and there is too much restrictions

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

The increase in water rates is too much.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

It is already too expensive as it is.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

As a household who only needs to put out the rubbish bin every two weeks this is a huge hike in fees. There should be more options.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Roading and water are core services which the council should stick to

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

It is just another tax which will discourage visitors to Auckland

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Scrap the food waste collection. The people did not ask for this and it is just a huge cost on ratepayers to have a truck going around collecting food waste bins from 1 in 100 houses

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

The plan is too broad as to where the money is going to be spent. Appears to be lots of reviewing and identifying but little action

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

##### Improving services for all communities by enhancing libraries art and youth programmes

Fairly important

##### Promote physical activity and recreation by increasing play opportunities in more locations

Less important

##### Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Less important

##### Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Very important

##### Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Less important

##### Prepare and review plans for reserves to identify gaps to meet community needs

I don't know

##### Improve the safety of our community and environment through increased education, monitoring and compliance.

I don't know

#### Tell us why (please be clear which priority you are talking about)

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Stick to the core jobs that council should supply. Stop the nice to have projects.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Priorities 2 and 5 are definitely the most important to me. I believe more funding should be allocated to establishing the North-West wildlink to improve the ecological outcomes for the Hibiscus Coast and Bays. Council should also support existing community conservation groups like UWEN and Restore Hibiscus & Bays. I would also like to see community recycling centres and other projects that improve both the needs of the community and that of the environment.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community.

The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

Great projects all well needed. Have issues over the raise rates and the lack of accountability from decades of under/no investment.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Bed night levy is ridiculous. Makes the costs of attending these events unaffordable for many.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rural rubbish collection should be a user pays system.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

The area around the stadium is more of a priority than the stadium itself.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I like the focus on improving community centres and a focus on water quality improvements, environment and public transport

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I think the council should be actively selling alternative means of funding it's spending

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

I would like more emphasis on how you are intending to promote walking and cycling in my ward and how to are going to ensure efficient access to northern busway from local communities. Local buses get stuck in traffic and our footpaths are very narrow

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### **Tell us why (please be clear which priority you are talking about)**

Where is the emphasis on improving access in our ward by walking, cycling and buses? To destinations like town centres or schools? Most of us have to drive our kids to schools

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

You have bigger issues in our ward. Future proof small businesses, enhance local communities and local town centres, protect environment

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

We want to hear your plans on the second harbour crossing and how you're intending to future proof northern busway

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

The increase of 5.8% of residential rates is too much which results financial difficulties for house owners. My Suggestion is lower the increase of residential rates and reduce some other expenditures such as the \$16 million investment into Maori outcomes.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. ## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Biggest Positive: Management of debt is very important. Biggest objection: Although the overall balance of priority feels right, the Transport policy on ferry services seems to conflict with road traffic management. Specifically the service to Gulf Harbour is currently appallingly unreliable and clearly being deliberately run down by Fullers in order to justify closure in my view and on evidence

over the past two years. This will greatly add to traffic congestion on the Hibiscus Coast and on SH1. Penlink will NOT resolve the congestion and adding traffic will add to parking issues and city centre gridlock. There is no mention of this service - I conclude that if it is not included it is likely to be axed - I strongly advocate against this.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

Although as a ratepayer I am subsidising these events, I cannot benefit from them as public transport from the Hibiscus Coast is both traumatically complex and feels unsafe(buses) or totally unreliable as a timetabled service (the Gulf Harbour ferry as run by Fullers). I therefore conclude that I wish to lower the amount that my subsidy form my Rates is supporting these events.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

This is encouraging wasteful use of resources, will reduce recycling and add to my costs. Currently I use sacks and recycle everything I can; a much fairer and environmentally conscious approach.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

A glaring omission is traffic management on the Whangaparaoa peninsula and advocacy for greater availability of a viable ferry service based from Gulf Harbour but servicing all settlements across this part of the greater Auckland area.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Although these are important areas, a glaring omission is traffic management on the Whangaparaoa peninsula and advocacy for greater availability of a viable ferry service based from Gulf Harbour but servicing all settlements across this part of the greater Auckland area.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

This Stadium offers an opportunity for top sporting events to be held within a viable commuting location for this part of the city

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Bring Auckland Transport back within the remit and control of the Council

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Transport is important especially when people are unable to drive and students need to get to lectures

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It is important tourist pay towards councils expenditures

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

What happens to apartments we have 15 residents we don't want 15 bins we have nowhere to store them and the system we have with a private contractor works

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

. Do not support most

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The rates increase should be kept to a minimum

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Need to reduce investment in transport. I am happy with more investment in water supply and wastewater is very important.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Its good. Events bring Aucklanders together and circulate the economy.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I am okay, was exactly what I support.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Obviously with price increases for everything the Council has to increase the rates and I think they are trying to keep the increase as small as possible.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Its a novel idea and one that hopefully won't put tourists off staying here. I am not in favour of the Council spending lots of money on events. I don't think that is their job. I would rather see maintenance on the sides of the roads, urgent tree pruning, maintenance of roundabouts and general tidying up. Auckland is looking very tatty and I am embarrassed about the lack of weed control especially Gorse. I dont think we give a very good first impression to anyone visiting our city.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I think our local board does an amazing job. Whenever I have contacted them over something that is worrying me I have always had an answer or a conversation with one of their representatives.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

It seems to be a fair and reasonable plan considering the economic climate.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It is very common around the world already. Also our NZD foreign exchange rate means the USD or EURO make it look good value to a tourist.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We already use a private contractor mainly because of reliability. The small vegetable bins were a huge waste of ratepayers money. We see only a few used in our local area. Obviously we would prefer not to see our rates increase however we have to be realistic. We need the money to pay for necessary projects and upgrades.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Very excited about the Penlink however with the growth in the Hibiscus area the Council should be over planning in preparation for 10 or 20 years time, not just now or the immediate future. community with huge growth and the Council need to take account of this and not pretend it isn't happening.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

it would be good to have youth included as they seem to be at a loose end which is not a positive thing. It is also very sad to see how The Coast mall and surrounding area has become so desolate. I'm not sure how this can be resolved as under private ownership.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

The Stadium has always been a big white elephant and i wouldn't want to see more funds put into it. The ideas around the Domain are very nice but are they actually realistic.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Just remember times are tough and ratepayers hate seeing their money spent on pointless projects that benefit only the few.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Transport and water are important facilities and any improvements that make this area run smoothly is a requirement for our ever growing suburbs and population.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Like any business there are Levi's and taxes to pay which often reflexes in the charges you receive for your service.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I am sure there must be other households like my self that only require to put one bag a month out. With the new charging system this will be a extra cost to pensioners like my self that do not require this service every week.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. Support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Keeping Rodney progress and facilities working it is required and needs funding.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Very important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

#### Tell us why (please be clear which priority you are talking about)

All these priorities are a part in making Rodney a great place to live in.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

No innovative investment or Improvement plan discussed in the proposal, looks like report inheriting the content from past years.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

This is not tourist friendly.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Hibiscus and Bays, Rodney

## **Devonport-Takapuna Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most **Tell us why** Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub**

Less important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Less important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Less important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Very important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Sports and park activation activities, Local water quality activities, Youth activities

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Because the current Mayor Wayne Brown has done a great job under terribly difficult inherited circumstances. He deserves support. AT and other entities, who are NOT accountable to ratepayers and voters, therefore NOT democratically mindful of the need for localism, are extremely wasteful with ratepayers' money. There is also an \*\*\*\*\*-like treatment on grants and

funding to certain interest groups , and no transparency for ratepayers to see evidence of the efficacy of the use of our money.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### **Tell us why**

The providers of these services benefit from excellent rental income when certain events are hosted in our cities. The ratepayers are not shareholders in these businesses, but we have been financing most of the burden of extra costs picked up by Auckland council, which has no option but to increase rates. These levies are found in many cities around the world. They must be instituted immediately.

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

The general rates increases have been too high for too long. Mismanagement before Mayor Wayne Brown, ideological spending that does not make sense except to those minorities who promote their own preferred woke ideas and may even have companies that contract these services are the beneficiaries, at the expense of ratepayers. Many cycleways come to mind. Local boards promote fancy projects to curry favour with voters who are unaware of the rates that are needlessly eaten up by these nice to have but not essential, pet projects. Any grants made on the basis of racial grouping must end.

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I don't see much transparency regarding Urban Ngahere Strategy. Who are they? What political party do they have an affinity for? How much funding are they getting? How many people are paid by this group? What other funding are they receiving from government sources? I note that interfering with for instance Waiake Beach sea-wall type structures, we now have completely unexpected complications to behaviour of sand on the beach. How much money was spent on this project? Was the contract on a fixed price? If not, why not? Who got the contract? Why do we still have what are rusty iron designs posing as artistic beauty around our area? I note these designs were also on the Albany Police/Court building and all had to be removed in a project that took years to complete. These same rusty iron designs are even on the prison visible from the southern highway to the west. Does the supplier of these designs have some monopoly contractual supply position with our councils? We need more transparency on this. Is it supposed to be Maori artform or adornments? Regarding youth networks, there doesn't appear to be much communication with ratepayers about who they are, and how they are selected for support. What is happening with that white elephant Council building to the west of Albany Park and Ride? It has signage FOR LEASE for years. It has a massive indoor cycle park, with 1 rusting bicycle that has been there for a LONG time. Who is paying for this facility? Why hasn't the whole building been put up for sale as discreet offices for instance to reduce Auckland Council debt? I understand some local board meetings are held in this building as advertised in the NZ Herald. Why are ratepayers not advised about these meetings via email so they can attend? Many ratepayers do not subscribe to delivered NZ Herald these days.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

See my detailed comments in this section on each point.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

I am glad the stadium hasn't been demolished. I don't believe in destroying what has cost a lot of ratepayer money over the years. But I would want ratepayers to have a very strong input and control over what is proposed for this venue, and the costs etc . There should be a local ratepayer referendum on these proposals. And full transparency .

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

A well-reasoned summation of what is proposed by Council. I especially like the local Boards being given more control over expenditure. Would like to see Boards given more power to engage locals for maintaining parks and reserves in its area rather than the likes of Ventia which have no affinity for the areas they operate in.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It is used a lot in overseas destinations so why not in NZ?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Disappointed that the bin tags have been replaced by a flat annual charge. Our household would only ever put out rubbish every 6-7 weeks, & use the food scrap bin all the time, which we applaud Council for introducing.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

Seems reasonable.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Want to see the North Harbour Stadium retained with mid-week use encouraged for seminars, social events and the like.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

See comments above.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I support Council's intention to take back control of AT and other CCO's, except Watercare which appears to be doing excellent work on improving and renewing infra-structure.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

### Tell us why

Parking at high use transport hubs like Hibiscus Coast, Albany, needs to be addressed - more parking, multi-level. We have the transit infrastructure and capacity to move more people. Having parking as a last mile works best where the investment in frequent run and wide coverage transit won't make sense.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. Your attitude toward Western Springs Speedway is disgusting. I will not vote for members of council that choose to move the Speedway that has a 96-year heritage. What the \*\*\*\*\* are you thinking?

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.**

Fairly important

**Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.**

Very important

**Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.**

Fairly important

**Talking with young people and children to better understand what is important to them in their area.**

Very important

**Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.**

Very important

**Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.**

Fairly important

**Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.**

Very important

**Increasing the number of local events arts and activations especially in local parks and town centres.**

Very important

**Tell us why (please be clear which priority you are talking about)**

We the community, want to access our parks and facilities. We don't want our Speedway to be moved to a location that we will not use. I speak for many in saying that we will not support a move to Waikaraka Park ever. You are on the verge of killing a popular sport and we will never forgive you for that., What the \*\*\*\*\* are you thinking?

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Perfect location for Football.

## **Māngere-Ōtāhuhu Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Explore a site for a recycling centre**

Very important

**Local playground improvements in areas like Mangere Bridge**

Fairly important

**Maintain local road safety with limited budgets**

Fairly important

**More support to volunteer networks**

Fairly important

**Push to deliver local business initiatives.**

Very important

**Tell us why (please be clear which priority you are talking about)**

My business is in Mangere. We have owned the property near Auckland Airport for nearly 40 years. Its an industrial property and we pay a fortune in Rates yet our foot paths are constantly broken, our streets frequented by afterhours hooligans that damage property including Council property. What does the council do for us. We don't even get a rubbish collection.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Libraries and Pools and Leisure facilities - opening hours and services, Community events, Sports and park activation activities

**Māngere East Village Business Improvement District (BID) programme**

A BID is a local economic development initiative run by a business association under the Auckland Council BID Policy (2022). It involves businesses in a defined area paying a targeted rate to fund specific services or projects in their BID boundary. The Māngere East Village Business Association Society Inc. (MEVBA) has failed to meet key BID Policy requirements, including accountability reporting, AGM minutes, strategic plan, and appointing a BID Manager. MEVBA also breached its constitution and did not notify the council of non-compliance. The Māngere-Ōtāhuhu Local Board is now considering terminating the BID programme and targeted rate, with the possibility of re-establishing a compliant BID programme in the future if conditions are met.

**Do you think we should end the Māngere East Village Business Improvement District (BID) programme and associated BID targeted rate?**

Yes

**Tell us why**

. Support most

**Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**Tell us why**

Save our Speedway

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park**

Fairly important

**Delivering footpath improvements for Auckland Domain**

Fairly important

**Starting construction for Leys Institute**

I don't know

**Delivery of Heard Park Civic Space**

I don't know

**Prioritising sport and recreation opportunities for groups that have less**

Fairly important

**Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad**

Less important

**Community services programming to enhance perceptions of safety**

Less important

**Support for ending homelessness in Auckland.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Local events, Local parks strategy and planning, Sports and park activation activities

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I come from many generations that have frequented Western Springs Stadium for many events. The most important to myself, my family and my friends is Speedway. Council are not listening to us. Council appears motivated to see Speedway gone from the Springs and discarded off to the \*\*\*\*\* hole that is Waikaraka Park. We are not interested in your financial bribe to get us to move. We will not go there. We have a home of 96 years. Help us stay at Western Springs and you get our vote. Push us away and we will push you away. What the \*\*\*\*\* are you thinking.

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It seems a fair charge if used for events

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Event business cases need to stand alone.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

The assets in Albany could be amazing and must not be left to rot. The number 2 ground at Albany could easily be configured to become Auckland test cricket venue.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The assets in Albany could be amazing and must not be left to rot. The number 2 ground at Albany could easily be configured to become Auckland test cricket venue.

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

. I don't know

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Would like to see how council will work with government on Auckland motorway improvements such as additional lanes for Constellation and Mt Wellington to significantly reduce congestion. Also free public transport!

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

We need to clean up Queen street esp at night. More and more people feel unsafe to walk in downtown Auckland.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

I like the transport and the urban renewal, green space areas. More of that please!

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We need more events in auckland and this will help pay for that while providing economic boosts

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

.

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

I support a board for the upper harbour stadium. I do not support removing investment for lower priority investments such as community centres

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

#### **Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

#### **Which three of our services are most important to you? (select up to three)**

Pools and Leisure facilities - opening hours and services ,Local parks strategy and planning,Youth activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

**Question 5: Other feedback**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

It's hard to detract what's actually being proposed and what the new initiatives are, if any. There's a lot of filler and fluff words or broad language that doesn't actually tell me anything meaningful. Also the text colour is too faint it is hard to read

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

### Tell us why

How can you ensure and regulate that it is only region or date specific (for events) and that it doesn't become a compounding increase that everyone bandwagons for a quick extra buck? Will there be a way to report those that are charging extra or double dipping (eg increase upon increase). Already accomodation in Auckland is quite expensive for subpar quality and services - especially comparative to other countries. The intention has merit, but the implementation may drive more away than in, as an additional cost/expense that may not be able to be justified. Example I live in hibiscus coast, there is not much that can convince me these days to go to any events south of the bridge, the admin of arrange to/from via public transport at nighttime isn't easy, accomodation to stay in for one night is more than my mortgage for the week, and the city is both dead (no nightlife) and dangerous after midnight.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

I disagree with this approach hugely because it doesn't incentivise low waste. My household uses only one trash bag per quarter as we do all the right things - recycle, donate, compost, reuse, etc. if we are to pay a blanket cost then what value is there to us to continue this rather than to just send everything to the dump? Now scale that. This method incentivises more waste. I'm not opposed to using trash bins over bags. It's the lack of pay as you go method that I disagree with. Trucks have cameras on them no? Surely they can scan the bins they collect and charge households appropriately, or, pay for the collection service (like other waste companies do) as required.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

As per my previous comment, it's hard to digest what actually happening, or new initiatives, vs what's just fluff.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The text colour was a bad choice, it's faint and hard to read. All this money to watercare yet they still refuse to put mains/infrastructure down long established streets in residential neighbours - see Matai Road and Rata Road, Stanmore Bay. All the surrounding streets have mains but watercare stopped and never finished it and now refuse to leaving those of us on tank with no other options and during summer it is circa \$500 each time to fill a tank with water vs what is only about \$50-\$60 worth max, for the same volume over mains. I have brought this up for 7 years now and it has not been addressed a single time, and I've given up talking to watercare as they simply do not care. As council and given water security is a council service , you should be advocating on behalf of those of us in this situation and dictating watercare actually give a fluff.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. I don't know

### **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?****Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)****Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

It balances the need to get stuff done with being prudent on expenditure. I like the fact that fairer funding for local boards is being addressed. Transport I am very supportive of the integrated transport plan and all attempts to improve public transport I want council to prioritise public transport and cycleways over road building Water I support the activities in the plan Built

Environment I support the activities in the plan Natural Environment I would like to see the re-establishment of the North West Wildlink as a goal in managing ecological outcomes within North Auckland. I strongly support the acquisition, restoration, and maintenance of public space that provides sustainable recreation opportunities for communities while also creating habitats for wildlife that are safe, healthy, and connected. I would like council to maintain, and increase, its support for the community lead restoration networks; Restoring Takarunga Hauraki, Pupuke Birdsong, Pest Free Kaipātiki, Upper Waitematā Ecology Network, and Restore Hibiscus & Bays and Kaipātiki Project; and the groups within these networks; that are coordinating landscape scale ecological volunteer work within local neighbourhoods. I support council and NGO programs and services that support our communities to live sustainably alongside nature; such as community rangers and community recycling centres I would like council to bring in regulations for domestic cats to be kept inside at night Community I would like to see a community centre built in Long Bay to serve this rapidly expanding community and to help facilitate strong community cohesion I have no idea what this listed activity means - 'Deliver differently by transitioning of the Parks and Community Asset portfolio to a lesser dependence on assets and more innovative ways of delivering council services'??? Economic and cultural development I support most of the activities under this heading but I'm unsure about whether or not the investment in the North Harbour Stadium is justified? Well-managed local government I'm broadly supportive of the activities listed However I do not want council to sell any further shares in Auckland airport I would like to see the investment in technology extended to replacing the booking system for park accomodation - its an absolute dinosaur and hugely frustrating

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

The funding shortfall needs to be addressed.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

I would prefer to see funds diverted into the development and maintenance of a vibrant community centre in every suburb. Community connection and resilience can only be built if we have suitable community spaces to enable it to happen.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

#### **Tell us why**

Major events deliver so much for Auckland and this bed night levy is a great idea. These short term stay accommodation businesses directly benefit from Major events so it makes sense for them invest back into sector. Major Events bring vibrancy, investment to Auckland and create city pride among residents. They attract domestic and global visitors who spend money with businesses and become city advocates.

## **Question 3: Changes to other rates, fees and charges**

A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Many other countries and cities have a levy or tax on tourist visitation. I would also agree with a slight increase to attractions and transportation via a levy in those areas as well. We are far behind the curve on this comparatively to other tourist hotspots.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Econo waste has been taking the \*\*\*\*\* with their pricing for years, collective council run removal will end up cheaper for the average household in the long run.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. Support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I did not see explicit mention of our regional parks, Shakespear and Wenderholm are in dire need of resource and time to bring them back to their pre-flood selves. Many of the tracks at these parks are still wrapped in temporary danger tape and slips and falls are a constant danger. Please empower and fund our DOC workers to maintain these natural resources.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Looks like a solid plan; but i would like to emphasise more funding on events. Post COVID, a lot of event organisers have gone bust so there is less activities to do in Auckland. Not speaking from a resident perspective, but as a tourist. When i got married we stayed in the city and had people over, and there was literally nothing for them to do on that weekend in late Janurary. You also

really gotta work with social groups or police to get rid of all the crackheads, because speaking with tourists they do notice them and its offputting.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

Hotels are already very expensive in Auckland, to the point where if i want to stay in the city as a resident for an event, i'd rather just pay the uber to go home. Tourists typically will stay a night here in Auckland and leave immediately for actual tourist destinations, so it won't be so bad.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

If we need to pay for it, we need to pay for it.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

This is just a focus on environment and parks, theres not any real deliverables here. Looks like a status quo year

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

Less bike lanes and better traffic flows. Look at Queen Street its a shambles. Less road cones which was all talk and no action

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Your closing Western Springs Speedway and spending 11 million dollars on a run down Waikaraka Park which will go no where. I would like to know how many of the council have been out there on a cold night to watch cars race. Its not a nice experience. Western Springs is a first class stadium and is Auckland's history.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Probably would comment but it always falls on deaf ears and you seem to do whatever you think regardless what most of Aucklanders say.

## Question 4:

## **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Use money correctly and stop AT

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I support the proposals with the exception of the Annual Plan to invest in roading. New Zealand, and Auckland in particular, has long underfunded public transport and instead opted to focus on consumer vehicles and adding more roads and more lanes. This was, unequivocally, a mistake. It is my opinion that any funds intended to improve the experience for personal vehicles should

instead be utilised to improve our public transport infrastructure, unless such improvements for personal vehicles also improve public transport infrastructure. As a city, Auckland should be doing absolutely everything in its power to get people out of their cars and into other modes of transport. Ideally this would be walkable cities where transport is not needed, but cycling is also a recommended investment. Then we should invest in public transport. As a city, we want to be providing fewer reasons for people to take their car, not more. Related to the above, the Annual Plan makes minimal mention of investment in cycle ways, which is an area that should not be overlooked for reasons outlined above.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

The cost of living cannot be overlooked or excluded from discussion when making decisions that will impact the prices consumers will pay for a good or service. Whether I support a 'bed night visitor levy' would be determined by data on who this levy is most likely to negatively impact, and, if it were not implemented, where the budget shortfall would be recouped from.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Upper Harbour

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

#### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

.

## **Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Fairly important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Very important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities, Libraries facilities - opening hours and services , Youth activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

#### Tell us why

The Gulf Harbour Ferry service needs to be improved and extended

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Very important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

#### Tell us why (please be clear which priority you are talking about)

Libraries and green spaces are very important for a liveable city

## Question 5: Other feedback

### Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The current Gulf Harbour Ferry service is not reliable and still has reasonable demand. If this service is run as it should be demand will go up exponentially. there will be less congestion on Whangaparoa Rd and a lot of peoples life quality will improve. It is a win win and a no brainer.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

4 billion more in debt sounds foolish. Some the infrastructure must be discretionary (there's always a few passion projects) and just now they can wait. Others are of national interest and lie at the feet of central govt (though central already has a major debt problem). We MUST get more creative with transport. Drilling through volcanic rock is too expensive, so we need to go up.

Double-decked motorways and arterial routes. You'll never get the vast majority of Aucklanders out of their cars - it's the commercial capital of NZ and cars, vans and light trucks are critical for commerce. But aggregation and distribution centres (hub & spoke) road systems may be the way to keep HT's off class 2/B or less roads.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

But keep it below the threshold where visitors feel the pinch and avoid it. Set aside & develop freedom camping facilities (nice/safe). But most importantly cluster these facilities for community events with multiplex facilities for a host of event types in one block and build multilevel car parks with highly efficient in/out traffic flows. And for goodness sake, let's build things so we do NOT need orange cones!!!! They are the biggest hindrance to Auckland's traffic flows.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

User pays should only be applied to optional services, and waste & water are not optional. High-users only should be charged extra. Otherwise, where something is truly optional or discretionary, user pays should be universally applied.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

### **Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

#### **Tell us here**

As a long-time ratepayer in Auckland, I am pretty happy. But the annoying stuff is all related to only one big thing. Traffic! It's a nightmare in our fair city. I used to be able to comfortably engage in 4-6 meetings around town per day. Now I simply cannot do more than 3; 4 if I stay all day either north or south of the bridge. That's a 40-50% reduction in productivity (think GDP per capita). So eliminate speed humps except for strictly residential streets for quietness, and design pedestrian crossing humps safe and non-damaging for vehicles and occupants at 50 kph, or pay for the damage caused to vehicles or goods in transit. The current fad of slowing vehicles at EVERY opportunity to a crawl is madness. The legal speed limit is 50kph and mandating less than that with judder bars and raised crossings, surely, is unlawful. Place speed cameras where the risks are greatest - by crossings outside schools, and outside retirement homes. Protect our most vulnerable and let the rest learn to take responsibility for themselves. Speed cameras purpose is to keep speeds down, not to punish speedsters -that such an old-school, draconian behaviour modification tactic that only breeds rebellion. Place speed limit reminders on the post of every speed camera to reduce offending. Reverse ALL of the lane-snatching for cycles (nobody uses them. Auckland is simply not suitable for cyclist commuters). And for goodness sake, stop the sale of the Downtown carpark and any others in process. If it's too late, then replace it! That's got to be one of the most insane moments of Council, to liquidate that core infrastructure element. Finally, ban cones. Find another way to keep road workers safe (like making employers liable for harm) and stop punishing drivers for anything except unlawful behaviour. Hold road workers responsible for their own safety and it's amazing how quickly common sense will return to them.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

The main issues are quite clear and we need to invest in these main areas. PT is extremely important we need to try to encourage more people to use it. Local boards do most of the work that the community see and answer for so funding increases for LB are so important while keeping to a reasonable rate increase.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

We have to be innovative in ways to raise funds to pay for things. Overseas visitors appreciate what we have and a visitor Levy is an appropriate way to meet some of those needs.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

#### **Tell us why**

The plan has been well thought out. Most important is supporting funding for the environment that is required particularly living in a Coastal environment. Grants are an extremely important part of funding our groups to add to their projects. It's important that the LB supports groups that they have supported over the years to make sure they keep viable and able to necessary projects in our community. Accountability is so important. I was saddened to hear the Whangaparaoa Trust did not receive funding from the local Board and that money was mainly invested in youth. Elderly are vulnerable too. We need to support these groups to make sure we catch everyone and not just some in the net.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Hibiscus and Bays is a diverse community. Well being is so important and we need to support and encourage these groups to reach their potential. Sporting groups need encouragement to make sure our kids now and in the future are involved with healthy sport and the fields should be kept in great condition particularly now many are used most of the year. More bus stops are needed to protect people from adverse weather if we are going to get people out of cars and on to public transport.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It's important we have a stadium on this side of the bridge. It needs to be used to the max and Albany stadium should also have concerts instead of just sport. Either a trust should be set up with private interests as well as LB members. I think it's so important that we have an accountability board back to the community.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Council rubbish

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think if the rate increase was around 6.5% it would still be manageable with the extra either goes to the future fund and/or capex for better local board support. This could also be targeted towards areas that probably could handle a slightly higher rate increase.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Bags systems are a fairer pay as you go system that incentivise waste reduction in the first place

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

heavy council rates, and tax is enough, do not go over from our land and properties.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

#### Which three of our services are most important to you? (select up to three)

Community development and support activities, Grants

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Albert-Eden, Hibiscus and Bays, Rodney

### **Albert-Eden Local Board Priorities**

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.**

Less important

**Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.**

Fairly important

**Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.**

Very important

**Talking with young people and children to better understand what is important to them in their area.**

Very important

**Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.**

Very important

**Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.**

Fairly important

**Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.**

Very important

**Increasing the number of local events arts and activations especially in local parks and town centres.**

Very important

**Tell us why (please be clear which priority you are talking about)**

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

. Support most

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

There is no costs or benefits described for the major projects. How have you decided on these projects, compared to others? If we are raising more debt it seems we cannot afford all of these projects. I cannot support this list of projects without proper analysis being prepared including

justification of what can be afforded from current financial resources, without additional rates rises or borrowing.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### **Tell us why**

An excellent idea. Visitors to Auckland, New Zealand can afford this reasonable charge and they will benefit from the events and activities.

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

The proposed rates rises are unreasonable. More should be done on cost cutting to reduce the rates rises. For example there is excessive grass cutting on Sherwood Reserve that is not necessary. Also there is excessive repairs to pavements in the Browns Bay area a lot of which is

not necessary. It would be very useful to have a full audit of all Auckland Council expenditure, to see where additional savings can be made.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

.

### **Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

Why are there so many local boards, can some be amalgamated to reduce costs?

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Less important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Less important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Number 5 improving wayfinding is vague and unlikely to achieve benefits in excess of cost.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Pools and Leisure facilities - opening hours and services ,Local parks strategy and planning,Local water quality improvement activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

We do not need a plan, please save this money.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Reduce the number of local boards, by amalgamating some, to reduce costs.

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

Don't care much about stadiums so my opinion is that relevant but I'm sure it would be nice to the community.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

There is still significant wasteful spending that could be cut to reduce the increase in rates required to deliver the same outcomes. I would like to see Council focus on it's core roles. I would also like to see the Council have a level of flexibility in its plans to best capitalise on opportunities provided by the private sector (e.g. housing and infrastructure).

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Find the money by reducing unnecessary spend in other areas.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rates in general: please keep rate rises in line with inflation. Focus on your core roles and spend to your budget like the rest of us that are doing it tough. We work hard for our money and it would be great to see Council spend the rates with the level of care and respect for those that earn it. Waste management: North Shore should not require bin tags and should operate the same as the rest of the city. Rodney is catered for through private companies and this is working well. Leave Rodney as is.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Very little of what has been proposed will result in better outcomes for the community. There is too much focus on distractions and not enough emphasis on actually improving the community and managing its spaces.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Youth input into local board decision making is the definition of a nice to have. For a local board to have it as a top priority, I would expect to see well managed budgets, perfectly run operations, immaculate town centres and a vibrant network of parks and beaches. Until this is reached, how can you justify using substantial time and resource on encouraging youth to provide input on decision making???

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Yes! The stadium should be a hub for the community with multiple events per week to encourage community interactions and overall culture, to support businesses, and make the North Shore an even more desirable place to live.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

While the proposed plan includes many areas that need prioritizing it doesn't provide much detail into the how's and allocating dollars to a project doesn't always equate to good results especially if the correct planning and local community involvement is missing. There is no mention of the major transport problems on the Hibiscus Coast especially for Whangaparaoa and anyone having to

commute to Albany and the CBD in especially at peak times (including weekends). The Ferry service from Gulf Harbour is very erratic with cancellations at the last minute and often no or late notification. There is supposed to be a 988 bus coordinating with the ferry times but if the ferry is cancelled late and the 988 bus has gone it's a very long walk to get to the next nearest bus stop (for the 982/983 bus). The ferry fare is a hefty \$17 per adult one way with no \$50 cap. Why can't there be a different cap applied. Even a \$100 cap would help and if the ferry service was reliable it takes cars off roads which is what public transport should be striving for in this age of climate change. A lot of money has been spent upgrading the Gulf Harbour ferry terminal carpark area but the service appears to be intentionally being run down with the expectation that a 2-lane Penlink will solve all traffic problems (this has been stated in AT plans so why they've spent anything to upgrade the gulf harbour terminal is a mystery). The 2-way road was a sham as a previous minister exercised his call-in powers to limit Penlink to be only 2 lanes and that minister was later found to have overstepped his powers or had a conflict of interest. In other countries this would be reason to revisit the planning for Penlink but the small-town thinking in NZ seems to be for the powers that be to wipe your hands and carry on until you're out of office then complain about it later. Hibiscus Coast has a rapidly growing population but there appears to be no coordinated planning between the new housing developments and roading infrastructure. New suburbs have popped up all over the place but still no new road connections onto the highway. Eg all the housing built around and behind Silverdale/Millwater. The park-and-ride at the Silverdale Hibiscus Coast bus station is hopelessly inadequate and is already full by 7-7:30am. (Albany isn't much better in the mornings). There is no proper drop-off/pick-up parking bays and the road at the Hibiscus Coast bus station (ironically named Small Road) is often lined with cars making it hazardous especially with trucks often on that road with all the housing construction. That Small Road should be extended to connect to SH1 to connect to SH1 near the Snowplanet (even if not for all transport it could be a separate route for busses only with a crossbridge for busses coming into Silverdale to bypass having to go to-from via the roundabout between Silverdale and Dairy Flat). I've seen busses sitting waiting to enter that roundabout literally sat still for 10 minutes at peak times. I hope all Councillors are required to use the public transport across different parts of Auckland at least once or twice a year so you yourselves understand how inadequate the roading network and public transport is at peak traffic times. The developers of that housing area by Silverdale (and any housing developers anywhere) should be required to fund roading infrastructure not just within the new development suburb but also to connect the suburbs to existing or new roading in order to minimise the impact of their development on the existing local community. This kind of planning in Auckland seems to be totally lacking. I've heard the line of let's get Auckland (or NZ) moving but it needs some brave and forward looking leadership to spend good money now otherwise we will be paying much more or just not be able to move at all. The health services up here are also inadequate. The Red Beach after-hours care has closed and even with that there is no 24-hour facility. In some other countries they have a 24-hour clinic staffed by nurses who can do most things a doctor can and a decent 24-hr service would also relieve pressure on emergency services and hospitals which are also operating like a 3rd world country. There used to be a standard of allowing 20 minutes for emergency services to arrive. It takes more than that to get in and out of Whangaparaoa Peninsula on a good day for those of us living in Gulf Harbour/Army Bay. With the growing population all the necessary services have been run into the ground and hugely neglected. NZ used to be a country to be proud of and it is sad to see how much and how fast it has changed for the worse. There is this push to grow the population which needs the added housing but no money provided to fund the related necessary infrastructure to manage this growth. How has this downward spiral happened in such a short time? A lot of the cool aspects of the Auckland plan appear to be focused more on central Aucklan...

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

### Tell us why

It could indirectly lead to illegal camping and visitors to Auckland deciding to sleep in their cars. This is already a problem now. \$7 per room would be more realistic for some especially those who couldn't afford a per person fee. Auckland residents should also be exempt as some Aucklanders from the outskirts of Auckland sometimes choose to stay nearer to a venue so they don't have to have the long commute to and from home (partly because of the woeful Auckland road infrastructure and public transport - see question 1 above).

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

I only half support this as it should already be covered in our rates as we are part of the wider Auckland region and my current privately paid for service is more expensive than the proposed plan although I currently enjoy a weekly service. However for people eg with small children and babies in nappies I imagine their bins are full each week and the smell after two weeks would be

possibly a health hazard as it attracts vermin. Households should be given an option for weekly or fortnightly collections. Also at times when households are doing more entertaining or having visitors staying this tends to mean more rubbish so a fortnightly collection won't always be adequate. What are our options then if you're also removing the bags option? I already see some houses have four or more bags of rubbish each week so what are they expected to do when this change comes into effect. The plan compares itself to other countries but here we have to pay for more services that are free in some other countries in Europe and also Australia. Australia is probably more realistic to compare ourselves with as most European countries have many extra free services as well as higher taxes. However some also have guaranteed living wage payments (not to mention decent free education and free cooked lunches for every school kid) so some of their citizens are far better off. So unrealistic in comparison to dollar hungry NZ. Where I lived in Australia the city provided free recycling services (including scrap metal, garden waste, cardboard boxes, old paint pots - if it could be recycled, we could take it to the recycling centre free of charge and take garden waste to another location for free which is then turned into mulch and soil for on-selling). Here, it is most everything that attracts a charge even if it's recyclable. So it's really misleading to compare the services here to overseas. The council should also offer a green waste bin. It is provided at no extra charge in Australia, collected fortnightly. And the rubbish bins covered by the rates there are also collected weekly (which country/countries are you comparing your plans for Auckland to?)

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

Mostly covered already in previous questions please refer to them

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

There was a proposal in the past to do away with the north harbour stadium so what happened to that? It's a ridiculous and short sighted idea to get rid of it especially with the growing population in North Auckland generally. The Domain precinct has been a wonderful venue for major events in the past. It is accessible and is a beautiful backdrop especially for certain types of cultural events

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Because of the growing population here which would benefit from a well functioning/serviced stadium/precinct such as these

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

You really need to improve your IT as I had to quit and re enter my submissions as it stopped responding even though it let me keep typing. It didn't let me select the options or next button. This survey should also have links to the relevant parts of the plan as you are expecting feedback on a lot of different parts of the plan and the IT of its design doesn't enable easy ways to reference the plan, provide feedback and not having the page freeze. I filled this as I saw a plea to do the survey as there weren't the expected responses? Well maybe the survey design is part of the reason

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

As usual, council is spending above its means. DI at +200% is insane by any measure. Council has proven it is incapable of delivering big things (see: CRL, City Centre programme). Prove you can do the basis - roads, rubbish, basic infrastructure) before chasing shiny objects like pandering to minorities.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Tourists come to Auckland and they spend money. On events, in hotels, cafes and restaurants. Imposing additional levies on them will encourage them to enjoy parts of New Zealand outside of Auckland. Auckland does not have a revenue problem, it has a spending problem.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rodney has a perfectly capable refuse collection delivered by private sector providers. Every time any service gets taken over by government it becomes less efficient and more expensive. Quit thinking council can do anything anywhere near as efficiently as the private sector.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

The problem with the proposal as presented is the categories are so broad, the money may be well spent or utterly wasted. What will my money actually be spent on? The youth section, for example: give our youth a voice in local board decision-making might mean asking young people to comment on local board issues, or it might mean giving young people a vote. Young people are typically ignorant and overwhelmingly support programmes their parents pay for. Some detail of what's actually proposed would be nice.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

I don't know

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

#### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

It depends on what prioritise funding means - what will it be prioritised over, and how much funding are we talking? What is the cost/benefit proposition? Does it make sense, or will it be another white elephant which goes billions over budget and years over date (see: CRL, city centre development)?

#### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

My only interest at this point is improving the diabolical ferry service to Gulf Harbour

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. I don't know

### **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

My only interest here is to have AT take Fullers to account for the dreadful ferry service to Gulf Harbour

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

Transport transport transport

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Details are not clear enough.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

City needs funding.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I live in Rodney and like the choice of buying a bag

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

We have library and arts centre.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

#### Tell us why (please be clear which priority you are talking about)

I would like housing developments to have strict rules. Exercise programmes etc are well catered for in Rodney

## Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Funding has increased by quite a bit but not really seeing anything specific in the list? Just mentions of supporting a range of initiatives but no specific areas or actions

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Dont see value for money in this investment

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

- 5.8% average increase for residential properties (about \$223 annually or \$4.29 weekly) - The council notes that in a worst-case scenario, rates could potentially increase 1-2% more than currently projected -Water and wastewater charges (set by Watercare) are expected to increase by around 7.2%

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

A bed night visitor levy on short-stay accommodation creates an unfair financial burden on tourists who already contribute significantly to local economies through their spending. The administrative costs of implementing and managing such a tax would be particularly challenging for small accommodation providers, potentially driving them out of business. Additionally, price-sensitive visitors may choose alternative destinations without such fees, ultimately reducing overall tourism revenue and harming the very sector the levy aims to support.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

Disagree with rates increases, cost of living is already at its peak. mortgage rates are high, utility and groceries are not cheap. Opportunities are less and salaries are worst than a growing economy.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Economic growth first, rest all secondary and will be taken care.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

North Harbour Stadium is good but need to have a solid plan. Is it intended for international cricket, football or rugby games? how do you get the ROI? Are there enough parking to accomodate large crowd? transportation options? What are the benefits to the residents?

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I think council needs a good leadership an experienced mayor.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Sorry but you cannot seriously hike up the rates. The rates are already ridiculously EXPENSIVE!!! Stop slicing the onion and go and get it from businesses not individual families. We already pay GST on goods and service, we pay tax on our income and now this??? I am not saying don't do

the initiatives but don't come looking for the little people to pay for it. Go after the businesses where they already pay lower taxes or be smarter with the taxes we already pay you.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Auckland is already considered the most unattractive down town city and you are scaring people away with taxing them to stay here, for what?

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Again we already pay high rates and now the introduction of a bin tax for tiny bins that only get removed every 2 weeks. You are encouraging more people to dump rubbish in other areas of Auckland. Give us a chance to breathe a bit after huge inflation hikes, let us get a little ahead for our retirement, pay off mortgages and save for our children!!

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

See previous comments

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Again unless you want to redeploy funds from already starving areas (education, healthcare, nature preservation) I don't see this as a priority

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I believe that you still need to get back to core Council spending. Common sense spending not dreamy ideas. If you asked the majority of your rate payers whether they want to spend a portion of their rates on your climate change initiatives they would say NO but you persist. Common sense guys we need to go back to basics.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Once again, we do not need this. A dreamy idea by dreamy stupid Councilors that have nothing better to do than come up with these ideas. Blinking heck if these events come to Auckland then they pay there way. We do not support them with our rates.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We should have the freedom of choice. You have taken that away from us. This is a dictatorship. We might as well live in Russia.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I believe you should be looking after parks and libraries. Waterways etc but you keep going beyond that. You are paying for Art Centre's that are abundant in our community and are not self sufficient. You put on festivals, why. Look after our core functions like you used to do and do it well.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

I don't know

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

You built a big stadium there that could be used by all of the community, schools etc and yet it does not seem to be. Surely if it was well managed or thought through it could be useful to nearby schools to used like the Millenium Stadium or something similar.

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Yes, why is everything on the front page Maori when it's incredibly insulting to the absolute majority of New Zealanders that are unable to read the language including Maori. So is Auckland Council just trying to be smart here, politically correct or something because I'm offended by this.

# Annual Plan 2025-2026

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

Waste of money is recession

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Burden on working class

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

### **Question 5: Other feedback**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I have no problem with core activitied but question the value of the so called events. The benefits are often questionalble and any benefit a few sectors who often rely on what is in effect a subsidy to run. There needs to be more rigor in the presentations on these events.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Visitors are using ratepayer infrastructure and in some cases putting it under some stress. They need to contribute.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Stick to core activities. Until these services are of very good quality fringe activities need to be rationed. Also there is a need to monitor outsourced services more diligently and maybe require them to have an ISO 9001 certification ensuring independent audit of their management systems by internationally accredited organizations.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Some of the proposals are a little too vague.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

The lack of use of the North Shore Stadium is very sad given the excellent road access and position from all areas of Auckland. Planting of trees in reserve areas is also restricting their use for activities that require open space. Needs to be done with care if it is not to make some activities impossible.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

The lack of use of the North Shore Stadium is very sad given the excellent road access and position from all areas of Auckland. Some of the publicity borders on the level of bias. I suggest less focus on Eden Park would be a start. For there are no local residents to be concerned about.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The focus has to be maintained on core infrastructure projects. The nice to haves have to be rationed according to resource available.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

I am opposed to ratepayers money being spent on things like Bike lanes, public events, social services, promoting Auckland, etc. Rates should be spent on basic services, not social wellbeing, major events and Destination Management

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

I am happy with a bed night visitor levy, but not for it to be spent on destination management, marketing and major events. Council should not be funding these.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I support the standardisation of council services across the region, but Council's Zero Waste targets are unachievable and a waste of money. The food recycling scheme should be abandoned and no further complications of rubbish and recycling services should be considered without careful surveying of public support.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

I think too much money is spent on feel-good projects to help Board Members re-election chances. Ratepayers money should only be spent of basic services.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Council should cut out expenditure on non-basic services like social services, the so-called Climate emergency, etc. The Maunga Authority should be prohibited from culling trees on the basis of the country of origin. This is just botanical racism

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

I don't think stadiums are a basic service. Council should stick to basic services.

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I think your feedback collection methodology is quite restrictive. The method channels feedback down very narrow passages.

# Annual Plan 2025-2026

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

Under investment in infrastructure is coming home to roost so support investment in transport and water. Political agendas have also done major damage to long term planning. Keeping rates under the level required to meet present and future needs is a mistake made over and over again, simply to curry favour of the electorate. Reasoned and agreed plans that are broadly agreed across the

political spectrum desperately needed Agree with fare distribution of community funding as long as it is based on the true meaning of equity, not on a perception of equality by those who hold most of the resources.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### Tell us why

It is affordable, especially if implemented across the country, visitors will be attracted by the events, it is quid pro quo for accommodation owners because the extra events will attract as many if not more than those who might be put off by the charge.

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### 3B. Would you like to comment on this or the other rates, fees and charges proposals?

*(Please be clear which proposal you are talking about)*

Please make them fair and consistent across the board.

**Question 4:****Local board priorities****4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

They more or less cover the most needed areas. I want to emphasize the need to resist any push to reduce equity funding for disadvantaged individuals and communities and environmental impact expenditure.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

#### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It is a key asset geographically well.placed and with huge untapped potential.

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I would liked a much stronger push for the development of housing, especially low cost housing. Housing is still captured by a small group of heavily vested interests, to the detriment of the vast majority, especially first home buyers, which is causing long term damage to the prospects of future generations.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Most of plan is reasonable and focused on right area in particular flood areas

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

Should only apply to tourists from outside NZ

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

It is time the Rosedale bus station was completed.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It is great to have the stadium being the base for Moana Pacifica rugby team as people are going to stadium to support them. Need more sports to be using stadium

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Transport investment is Important for auckland

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Visitors from outside of auckland should contribute

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Why not?

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

North shore has limited sports venues available for the public and games

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

rates increase is too much, and more money should come from central government to pay for the infrastructure changes that are needed.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Air b&bs have put up the price of rents, and usually owned by people who have more than one property.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I only put out rubbish - 1 bag - every 2 weeks if that, under this new scheme I'll pay more and pay for big households who throw everything into one. It dis-encourages recycling, as people will just throw everything in one bin. We should actually have more different recycling centres and carry one with buy for you throw away system.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

rates are too high as they are.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

rates increases - we live in Rodney and our rates are huge for which we don't see any benefits

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

I am not convinced the bed levy % is the right % cultural events what does that even mean, I live north of the bridge and we have very few events.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

with the regards to waste management added onto rates for Rodney - this is ok as long as the collections remain weekly, we are going to be very irritated and annoyed should the collections change to fortnightly.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

large swathes of Rodney are rural, and all the maintenance levels very rarely apply to those of us who live in an urban area yet we pay huge amounts of rates to support urban, feels unfair! greenway plans also will be paid for by rural dwellers and yet we will not see any benefits.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

I don't know

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Less important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

#### **Tell us why (please be clear which priority you are talking about)**

rural dwellers will pay for most of this and yet will not see any benefits as they will be concentrated in urban areas

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

I work in hotels and do not agree to the Visitor Levy being created and controlled by the Auckland Council. I support the Visitor Levy but only if a unified New Zealand approach and if it is controlled by Central Government – the Hotel Council Aotearoa view is aligned to my view on this matter. I am not against a national accommodation levy, but we don't agree with local Auckland-only taxes

or different rates up and down the country. I consider Auckland Council has more than enough money to support events, it's just choosing not to for political purposes. I want Auckland Council to work in good faith with the hotel industry (principally TIA, HCA and HNZ) on the long-term solution, rather than all the media/political stuff to try and split industry

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

I work in hotels and do not agree to the Visitor Levy being created and controlled by the Auckland Council. I support the Visitor Levy but only if a unified New Zealand approach and if it is controlled by Central Government – the Hotel Council Aotearoa view is aligned to my view on this matter. I want Auckland Council to work in good faith with the hotel industry (principally TIA, HCA and HNZ) on the long-term solution, rather than all the media/political stuff to try and split industry

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Aotea/Great Barrier

### **Aotea/Great Barrier Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support any

**Tell us why**

**Our priorities for 2025/2026 are listed below.**

**How important are these priorities to you?**

**All current projects and programmes including community grants, environmental work, and parks upgrades**

I don't know

**Set up of a new community-run local fish-supply**

I don't know

**Community marine education and marine biosecurity work**

I don't know

**Tell us why (please be clear which priority you are talking about)**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

These proposals make sense the majority of the public will benefit

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

User pays most public facilities in Capital cities have a charge

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We should be given an option for the food recycle bins a credit on our rates if bin returned unused

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support all

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

#### **Tell us why**

Our board do a good Job

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

#### **Tell us why (please be clear which priority you are talking about)**

It would be good for the community

## **Question 5: Other feedback**

### **Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

This sounds like double dipping do we need another Authority more Bureaucracy

### What is your opinion on our proposed annual plan?

Other

### Tell us why

Water not enough is being done for the Free Flow Of Storm Water even though the Mayor likes to talk about the free flow of water. In our area Rodney Council took FULL responsibility in maintaining a stream that storm water cascades into since Auckland Council took over nothing that was planned by Rodney Council has been done with regards to maintenance to encourage the

Free Flow of water. Rodney Council after doing work on this stream there next move as funds aloud was cutting back weed and mangroves on a extended curve in this stream plus dredging the build up of silt as the area has built up immensely in the last 20 years 15 of these with Auckland Council totally ignoring this stream that storm water flows though or over.

## Question 2: Destination management and major events

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Rates increase is an abomination. Cut waste don't rax more.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Just another tax grab.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Why make rate payers pay for everything.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

The north has been over developed to death

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Leave as is

Albert-Eden, Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

For myself and my family we wholeheartedly support the downtown Te Toangaroa stadium development as opposed to once again revamping Eden park. It is high time that Auckland has an international stadium fitting of this great city and one that is purpose built for rugby (aka a rectangular shape) and concerts and other events that will not be limited by nimbys complaining about having concerts in their suburb. Both in terms of accessibility, practical use, and functionality the downtown stadium far outstrips Eden park and should be what councilors vote for this week not another revamp for Eden park which has been done before and has not fixed anything long term. Instead we should finally give the community of mt eden what they want and turn that area back into residential development which would be a better solution for that area and provide high density residential living near the CBD. Then the downtown stadium can be for sports, concerts and events free from limits or regulations and means people will be able to access all that the cbd has to offer both before and after games and events. Please consider this and I hope you vote accordingly

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

There are many great ideas. I would like to see more on infrastructure upgrades and future-proofing.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I think there should be a reasonable levy. The short-stay accommodation is a great way to get people into our city. It should not be so much so it stops the industry.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support all

#### Tell us why

Support for youth is essential. Having great facilities for libraries and sports helps growing families

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

#### Tell us why (please be clear which priority you are talking about)

The Stadium is a great facility and we should make more of it

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It is a great facility for our community

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### **Question 4:**

#### **Local board priorities**

##### **4A. Which local board(s) would you like to provide feedback on?**

Albert-Eden

#### **Albert-Eden Local Board Priorities**

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

##### **4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

**Tell us why**

Western Springs stadium should remain the home of open wheel speedway with a minimum of fifteen events each season.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.**

Fairly important

**Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.**

Very important

**Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.**

Fairly important

**Talking with young people and children to better understand what is important to them in their area.**

Fairly important

**Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.**

Very important

**Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.**

Fairly important

**Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.**

I don't know

**Increasing the number of local events arts and activations especially in local parks and town centres.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

2 Western Springs speedway retention, because the consolidation of speedway to Waikaraka park was not acceptable due to the lack of spectator seating and safety concerns over track conditions.

## **Question 5: Other feedback**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

I have been on the edge of bankruptcy since Covid came to NZ, I have never recovered.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

NZ is in the doldrums with the economy , we need to climb out of debt not get into more debt with major events!!

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I hardly had any rubbish at all, now I'm paying for bins weekly I hardly ever fill up.!!

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any

#### Tell us why

I can't afford to contribute. I'm a pensioner.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Our economy is in the doldrums, these are expenses unwarranted!

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Recession going on in case you don't know!!

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Typical over spending by Councils who have no culpability for their actions.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

The priorities always seem wrong. Council tells us they are continuing to fund cultural festivals. No! these should not be funded! How about focusing on necessities then we will save money and get the debt down and reduce the burden on ratepayers. The priority should be value to ratepayers. Cut the events right back until debt is paid. It shouldn't be a competition for the most liveable city

which seems the case now. Live within your means. If an organization wants an event they can pay for it. Why is my local council focusing on youth events? Youth don't pay rates. So sick of reading about the waste! Another example is the inner city pool, yuck the water must be toxic! Council staff seem to actively work against the ratepayers. So weird.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

As above cut out unnecessary costs like events and cultural festivals and you won't need a bed tax. Private business can fund them if they want them not ratepayers. If you want Auckland to be a dynamic and exciting city return it you how it was before AT shrunk all the roads and took away the parking. My family doesn't even bother going into the city anymore. It's been made so difficult to get around and park!

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I do not support a targeted rate for rubbish. I use Econowaste at the moment as cheaper than the council. What happens to that?? I have rental properties, I shouldn't be paying for tenants rubbish collection. Not my responsibility. What happens then?? If you want to replace the bags then people can decide on who they use themselves for rubbish collection, surely. This is forcing a cost that you can't opt out of. This is the problem with council, forcing costs we cannot opt out of. It makes people so angry and feel helpless. As I mentioned above council staff seem to actively work against the ratepayers. So weird.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

The first priority is youth. Why? They are not ratepayers. So many dumb money wasting schemes. Just focus on ratepayer value for money!

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

Certainly not number 1. When youth have life experience then they can have a say. Why is this number one! Weird Number 3. How would you do that? They can use them now. The rest seem like the only ones that should have some funding. Although number 5 is probably caused by excessive residential building and too much concrete.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

I guess use stadium that are already built. Do not go building any new ones that's for sure.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The Tupuna Maunga Act is nuts. Who the \*\*\*\*\* dreamed that up. How can the authority dictate to council what maintenance should be done and paid for at ratepayers expense. The authority would have no care in keeping costs down. Just stick it to the ratepayers again. After doing this feedback I can see even more evidence of waste of ratepayers money Sigh!

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Rates are already high.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Already taxed enough. Need to promote visitors to our city.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Rodney

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Cost of living already too high.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Stadium need to be self sufficient instead of being a drain on tax payers.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Stadium is a money pit offering minimal return to local community.

. Do not support most

## **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Transport - terrible in Auckland . Silverdale to city- a nightmare to travel. Constellation drive motorway- who on earth made the decision to make bottle neck roads to increase traffic jams. Tax payers need better roads

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

Tell us why

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rodney- residents should still have the option to use rubbish bags or any such pay per use option because the Council proposal to bin for all increases residents cost and I don't have 80 litre or 120 litre rubbish to throw out every week. This proposal makes me to pay for what I don't need or use

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Don't increase rates too much. Already pays lot of tax

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rubbish should be based on a user pays system to encourage less waste and recycling

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

We need swimmable beaches, our summers are getting hotter and there are too many sources of contamination, meaning we are unable to use one of our best assets.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

I support the levy but think we also need to focus on bringing world class, multi-day events to attract visitors to the city for longer.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I'd like to see a focus on live monitoring and enforcement for waterway toxicity. And any work needing to the storm water and sewerage networks to keep our beaches safe and swimmable.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Public facilities, local environment protection, reserves, beaches and libraries should be the priority. The stadium should support itself as a commercial entity.

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Listen to us ratepayers & residence for once. Stop land banking. Stop buying luxury items. Start paying for the basics we all need to survive

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

An integrated transport plan is key to our growing city. Infrastructure investment and maintenance is overdue on a scale not seen before.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

It's done in busy cities overseas. A necessity if we want it to tourism to be sustainable.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We absolutely should be looking for the most cost-efficient solutions. People are at their elastic limit with council charges.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support any

### Tell us why

Over the past few years I have seen funds used on irrelevant tasks rather than those that really matter. How about sorting out the Mairangi Bay surf lifesaving Club?? We are yet to have an answer on where the new building can even go. Increasing residential rates isn't the answer. For one Property values haven't increased to a higher level than they are currently at. A rate increase is

not reflective of the value of the properties and is not the answer in sorting out the shortfall. A better management of the current funds would make more sense. Let's get the right people into the roles

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Do not support this at all

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

The bin tags was a ridiculous idea to start with. Rubbish removal is part of councils service included in the rates anyway.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I agree with most of what is planned but feel the rate increase is too high in these times where every household is struggling to cover all expenditure already.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

The reasons stated make sense

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I feel the targeted rates for rubbish collection should reflect the number of people in a household. A single person living alone should not be charged the same as the average family household. I know there are different bin sizes but this does not address the issue sufficiently

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

It seems that these proposals reflect the number of people in certain areas as well as the size of the local board areas

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

In regards to point two, I feel that you cannot beat nature and some of the plans are like throwing ping pong balls at a concrete wall

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

North Harbour stadium is the only one truly on Northside of Auckland, it would be interesting to know the number of people north of Auckland that have only one stadium compared to the number that live south of the Bridge

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Get the baducs right - Investment in infrastructure ie transport and water is essential to maintaining a healthy city. Auckland keeps growing, but water and transport are not keeping up. Developers need to be contributing more to the infrastructure that is required for their developments.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

For the reasons given above. The levy needs to extend to air bnb

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

No

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

Rodney is growing, services need to be maintained. However, developers ought to be contributing more. Eg More developed properties means more sealed surfaces so more run-off.

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

There are fewer facilities like these north of the harbour bridge, resources need to be more equitable

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

My Property in Mairangi bay in Auckland has significantly devalued over the last few years due to high rise developments on two of my boundaries, and a high wall of bamboo on my seaward boundary completely blocking my sea view and making the property feel unnecessarily enclosed. \$800,000.00 has been knocked off the government valuation according to two local agents. Yet I

am still in the very high rates band. Many others are similarly affected. This is absolutely unfair and unjust. The fact that my rates will increase even higher feels like greed to me. Very disappointing from Auckland Council.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

### **Tell us why**

Although unfortunate that it has to be up to the visitor to pay, I understand that Councils are looking everywhere for extra money. However the actual businesses that provide this accommodation should be consulted on how best to put this levy in place.

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### **Tell us here**

Many Homeowners have devalued properties due to imbalanced over developed properties right on their boundaries. What can be done about this ? Our properties should be re-rated and the banding lowered. It is absolutely incorrect and wrong as it stands right now.

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Because my family certainly isn't as badly off as some and yet we are struggling like never before... there is absolutely no room in our budget to fork out any more money when you can't get it right on the first place for hibiscus coast citizens in the first place.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Want to turn people off of staying in auckland? This could do it.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

No. Just STOP is what I want to say. Everyone is struggling. Be mindful. Cut costs.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

Expensive

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Because we can't afford it right now

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Things need to improve desperately I just can never trust that rates will go into the problems that matter. As a regular public transport user and driver on our roads transport is a massive issue in my view.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

I don't fully understand the policy

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

#### **Tell us why**

Similar reasons as to my first response

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Very important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Very important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Fairly important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Fairly important

#### **Tell us why (please be clear which priority you are talking about)**

All policies hold elements of importance. For the first one the rapid growth of our area requires increased planning for intensification.

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community climate action and sustainability activities, Libraries facilities - opening hours and services , Local waste minimisation activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

I don't believe it should be taken away from more important issues if that's a sacrifice that would be made

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

No :)

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Most people are suffering as everyday product is rising plus some people lost jobs.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

We already pay lots of taxes which should cover this.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

proposing an overall rates rise of 5.8 per cent for the average value residential property in 2025/2026 is not a good idea because every day cost rises so much and most people are suffering.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Just let you know that the rates are rising always, but wages can't be raised. It's not fair!

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

We should be reducing debt not increasing it. National's plan for water has been called into question as not much different to 3 Waters, which is a serious waste of money.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

As I said above we need to be reducing debt. Cultural festivals may just have to survive on their own budgets while councils get on with the basic work (roads, sewage etc) that needs to be done to run a city

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

We personally use one rubbish bag ever 3-4 weeks. What you are proposing would increase our rubbish costs which we do not need.

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

As I see it, reducing debt and focusing on core business should be the MO of councils. Social well being should not be part of council. Any attempt to spend money on human caused climate change should be seen as the scam that it is. I'm sure you don't want to be remembered for being caught up in that: <https://www.malone.news/p/the-climate-scam-is-over>

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

In today's environment we should be looking at reducing debt across the board.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

We should be exiting the C40 cities program. <https://www.c40.org/cities/>

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Rates are already extremely high and it is evident that massive amounts of rate payers money is wasted by embezzling road cone operators, other contractors, and generally used to build up infrastructure in wealthy suburbs excluding outlying suburbs that still have to pay high rates! Take Army bay for example, in spite if a land slide along Whangaparāoa Road where the cliff has

subsidised to within 3-4 metres of the road and not a cent of rate payers money has been used to stabilise the site. Then look at the walkway on Whangaparāoa road that ends about 800 metres before Army Bay beach- what a disgrace! Plenty of people are paying rates out there and the can't even put in a safe foot path for pedestrians along Whangaparāoa Road down to the beach and nature reserve. Not to mention the road surfaces out there in Army Bay- pot holes and the like. You are already gouging ratepayers as it is! Why doesn't the government focus on increasing taxes on the multinational corporations profiting in New Zealand and then sending the profits off shore- maybe they should be fronting the cost for all the lack of infrastructure in Auckland! If I was to calculate all the rates that every house in Auckland payed together and then tried to see where the money was spent what would I find? And then there is the income tax, extreme fuel taxes and gst being sucked up as well- where is all that money going?

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

### Tell us why

If certain cultural groups wish to have events they should fund raise for them themselves, why would someone on the other side of Auckland want to fund an event they may not be interested in with their hard earned money that has already been taxed? What a joke- if a business wants to attract visitors maybe they should pay for their own advertising! Total \*\*\*\*\*!

## Question 3: Changes to other rates, fees and charges

### 3A. What do you think of the waste management proposal?

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

This should e include in the current rates payed in the area already!

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. ### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I strongly disagree with the proposed changes to the Western Springs Speedway facility. It is an incredible family friendly venue, that has been iconic in the community. Very disappointing to hear the fraudulent way in which this has all been handled. 96 years of incredible motor sport history

and a world class venue, just ripped away from the community. You speak of supporting diversity, but the Motorsport community has been let down by this council.

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Happy to support this initiative.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Not relevant to our region.

## **Question 4:**

## Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Waitematā

**4B. What do you think of our proposals for your local board area in 2025/2026?**

## Waitematā Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**Tell us why**

Support most

**Tell us why**

Save our Speedway!

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Prioritising and investigating flood resilience actions for our parks such as Western Park and Grey Lynn Park**

Very important

**Delivering footpath improvements for Auckland Domain**

Fairly important

**Starting construction for Leys Institute**

I don't know

**Delivery of Heard Park Civic Space**

I don't know

**Prioritising sport and recreation opportunities for groups that have less**

Fairly important

**Investigating transition of Grey Lynn Paddling Pool into a seasonal splashpad**

Less important

**Community services programming to enhance perceptions of safety**

Very important

**Support for ending homelessness in Auckland.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Save our Speedway

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Sports and park activation activities, Local water quality activities

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I like the key areas of focus - especially keeping sustainability and climate change in mind. Most areas of focus are priority areas for auckland city.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Potentially turn visitors away - we need more people wanting to visit. Raise funds another way by adding more value to auckland to entice them to visit. Not turn them away with fees.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Please go as on public transport. The need for private equity construction of a second harbour bridge and smooth fast transport from the airport to the City. Currently the transportation is embarrassing from the airport, especially after hours, its non existent.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Agree only if transportation is improved. Make it easy for tourists to travel, see the major sites and package the trips to NZ. Flights, accommodation, tickets and transfers.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Rates fees only if services are continuing to improve.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Stop allowing construction of apartments and townhouses that don't have any parking. Strengthen construction standards and overseeing quality of buildings. No more poor quality construction of leaky buildings!

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

We are becoming a 3 rd world country

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

More paper work. More rules Another tax

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

More paper work more rules Too many bosses not enough workers

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

#### Tell us why

All talk no action

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

I don't know

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

I don't know

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

#### Tell us why (please be clear which priority you are talking about)

Lots of words

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

We're are our communities gone

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support all

### **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Very important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Very important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Very important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Please make sure the new developments are all connected to the existing developments via footpaths! There are some developments on the outskirts of Orewa that are completely inaccessible to pedestrians because there were never any footpaths put in before or during the development of the new communities! It's super dangerous because people of all ages walk on the road around blind corners just to get to/from home on foot.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Two reasons 1. There are no benefits for me, a single person, with no kids, in Long Bay with a huge mortgage for a house worth less than its value when I bought it in 2020. I am not an outdoor person and often become frustrated with the commute to Albany bus station and the greediness of the car park providers, who appear to give no thought to safety. Why a multi storey wasn't built at

the same time as the NX improvements is beyond me. I am not a housing developer however even I can see that the number of new homes in this area has not been factored in to the local planning.

2. I believe that it is hugely irresponsible to increase rates by over 5%. Other than government workers I don't know anyone who has received CPI annual increases, most people I know have not had an increase since 2020, and my organisation has enforced redundancies every year for the last 2 years as customer spending has been so low. I doubt very much annual increases will be offered again this year, even though the costs of going into the office has also increased

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

New Zealand is already well known as an expensive place to visit. The average person can find much cheaper accommodations overseas

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

As mentioned, the holistic rate increase in the current climate when most people are not receiving pay increases is irresponsible

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### Tell us why

There is nothing in the local plan that will benefit me.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

I have never heard of domain precinct?

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

What is Domain Precinct

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna

## **Devonport-Takapuna Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

**Tell us why**Our priorities for 2025/2026 are listed below.**How important are these priorities to you?****Progress the planning and development of the Takapuna Community Hub**  
Very important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Fairly important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Fairly important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Fairly important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities,Community programmes and services,Libraries and Pools and Leisure facilities - opening hours and services

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Most people haven't had pay rises for years and are already struggling to make ends meet without a large rates rise too!

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Very important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

We raised funds for this locally and love having a local stadium. This is underused because it's been expensive to use.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Good idea

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Better to have the bin not bags, especially for our environment.

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna, Upper Harbour

## Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support any **Tell us why** Connection, bring people together Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Less important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Fairly important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Fairly important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Fairly important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Less important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Libraries and Pools and Leisure facilities - opening hours and services, Environmental restoration, volunteers and pest control activities, Community events

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Have you consulted with local iwi?

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Less important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Very important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Fairly important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

What kind of things?

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community programmes and services, Pools and Leisure facilities - opening hours and services  
, Sports and park activation activities

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It can be a asset to the community

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

I would like to know what consultation happened with local Iwi in forming a plan.

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Public Transport safety, consistency and affordability is important. Perhaps smaller buses on some routes at more frequent times could be option.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

Where does this charge actually stop and start. What is defined as short term. This needs to be very clear as if I choose to live in a hotel for 3 months would I be charged this tax or is it just all Hotels and motels, how does this impact people in hostels or more long term situations?

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Other

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Our current system with Econo waste works well. I do not need a large bin will I be given a 120 litre bin when I only require an 80 litre bin? Does the council charge the same amount irrelevant of bin size?

## Question 4:

## Local board priorities

### 4A. Which local board(s) would you like to provide feedback on?

Rodney

. I don't know

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

I don't know

#### Tell us why

I have not taken that much notice of this. I do not want parking to be removed from Orewa or Hibiscus coast. I am not sure why this is an issue as most of the traffic is through the silverdale to the motorway. Stop removing parking if you are not providing good alternatives. Orewa beach is beautiful and it is good they are building the walk way and rack walls.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

##### Improving services for all communities by enhancing libraries art and youth programmes

Fairly important

##### Promote physical activity and recreation by increasing play opportunities in more locations

Less important

##### Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction

Fairly important

##### Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.

Fairly important

##### Support Rodney Greenways Plans to facilitate walking, cycling and horse riding

Fairly important

##### Prepare and review plans for reserves to identify gaps to meet community needs

Less important

##### Improve the safety of our community and environment through increased education, monitoring and compliance.

Very important

**Tell us why (please be clear which priority you are talking about)**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

The council should focus on providing the foundational services to people and then look at the additional services. Good roading, footpaths, water, public transport, rubbish collection, park maintenance and green spaces for people Libraries and community hubs are important. Good event locations are important. The port of Auckland should stay it is important.

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

### **North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

There is no need for another stadium in Auckland.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Everything needs fixing

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Not for locals

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Penlink should be 2 lanes both ways. Its a huge mistake not to allow this.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Fairly important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Very important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Fairly important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Fairly important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

## Question 5: Other feedback

### Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

Tell us here

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Because AT will waste money, and there is no control over AT,

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Because I don't trust the council ,they will waste the money,

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Because cutting back on what the boards will have a negative impact, give them more money, they seem to be able to run things better than the main council

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

#### Tell us why (please be clear which priority you are talking about)

North harbour stadium has always been poorly managed, and till this changes it will continue to be so

#### North Harbour Stadium and Domain Precinct

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community.

The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It's an important part of the north shore, and should be managed better

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Yes get rid of the super city, and the wasteful spending by councilors

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Glancing at the plan it seems vague. Doesn't really specify what fairer funding for local communities means.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

With perhaps a concession for locals (Auckland ratepayers) who wish to spend the night in the city centre after a concert or sporting event etc

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

I live in a semi-rural area and already pay a private company for rubbish collection. I object to also having a rubbish collection targeted rate included in my rates

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Support most

**Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Anything designed to improve my local community has to be good!

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Fairly important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Living semi-rural we have a lot of native wild life. Birds, geckos, weta etc. Priority 4 helps me to protect these taonga

**Question 5: Other feedback****Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Thanks for the opportunity to comment.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Not sure what community funding entails.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

How does it help tourism to increase the cost of their stay?

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

As someone who puts out household rubbish once a month and recycles waste and packaging it's not a fair system plus landlords end up with additional unrecoverable costs..

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

#### Tell us why

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

Depending on its potential use shouldn't the private users be responsible?

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Is it a priority? Get events started first and use it then consider costs to upgrade.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

If you are allowing 4 houses to be replacing one why are rates needing to go up so much for everyone. Rooding in places like Torbay are being over run by road parked vehicles due to too much housing infrastructure. This is going to get worse as houses are being built for one car but can have as many as 4 if a family has two teens or it has multiple single occupants. Is our rooding suitable for the extra housing you are allowing?

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Too much of a broad brush approach that will impact on visitors not involved in major events and the like. Prefer a more targeted user pays approach.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Target refuse rate detracts from waste minimisation

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Decisions need to be based on benefit delivered

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

Prioritisation needs to reflect value delivered

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Nil

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

I don't know

### Tell us why

Housing and population has already outgrown our roading network. This city with its topography will always be a city of drivers. As an emergency service responder working at different stations across Auckland, transporting my (often contaminated) gear, I will never be able to see public

transport as a viable option. Responding in this traffic is taking time and costing lives. Please build roads

## **Question 2: Destination management and major events**

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Too bigger percentage of people may be using short stay accommodation with no affiliation to any events.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Foods scrap bins - what a joke. Mine still sit redundant in my garage. My food scraps go in my worm bin or garden compost bin. This should have been optional. Watching those trucks spew their diesel to pick up sporadic food bins- nonsensical. Has this been scraped now already?! Are

we still going to be paying for it for over a year to come? I hope someone lost their job over this debacle

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

### **Rodney Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

Because nothing tangible has been describing in relation to how the money will be spent. 'Support youth networks'? So how will my rates be spent on this? 'Encourage local businesses' - what does that look like? How are my rates spent towards this? No guarantees for any tangible results here - remember they're running a business. With the wastage already (food scraps bins), why on earth would you be looking for new projects. Stop wasting money. Consolidate and fix all existing projects/issues before contemplating new ones. Penlink (massive delays) one lane each way - mental!

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

##### **Improving services for all communities by enhancing libraries art and youth programmes**

Less important

##### **Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

##### **Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Fairly important

##### **Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Fairly important

##### **Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

**Tell us why (please be clear which priority you are talking about)**

We have one of the fastest growing regions and we don't even have adequate emergency infrastructure. Silverdale fire station is crewed by volunteers from 5:30pm - 7am Monday to Friday and 5:30pm fridays until 7am Monday morning. Yet we are paying the same levies as others as part of our (rate payers) insurance. We are NOT receiving the same service. Please put on your future proofing hat and take off the reactive one. It might just save someone's life

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Don't overthink it. Please provide the basics to a high standard. If houses, retirement villages, housing developments are happening then where are the roads? Wainui Rd at this rate will be the next Kumue - an old country road servicing a population increase, all using the same, already stuffed motorway.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

This tax would affect poorer tourists more that want to visit auckland. I dont think we should gouge them.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Good idea, plastics bags are wasteful

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays,Rodney

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

Support youth funding and foreshore protection.

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Less important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

Tell us why

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

#### **Tell us why**

Although I am from Auckland and likely will not be impacted, accommodation skyrockets during events. And other 2.5% is simply more money to shell out. nz is already an expensive location to visit. Get the event holders to fit the bill; simply add to the ticket price. Accommodation fee would be seen as another tax. What if I am in Auckland, not for an event. I don't want to disclose why I am here to them.

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

Not happy about rate increases, mine have double since purchasing on 2021. However, consolidating Auckland wide rubbish collection makes sense. Silly to have multiple systems, include it in the rates.

## **Question 4:**

## Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

## Question 5: Other feedback

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### **Tell us here**

It makes sense. Auckland needs to increase revenue. We need more visitors, more people equals more money. Simple. Additional taxes just makes things hard. Make Auckland a place people want to visit. The CBD is horrendous. However, Auckland has some amazing places. West Auckland beaches, north shore beaches, stunning scenery. Capitalise on things we already have that people don't know about. Drop the support local rubbish, no one is interested in paying more for the same thing. People will support local if it's reasonably priced. Kiwi businesses try to hard to rinse everyone guilt tripping them into supporting local. Fairer prices mean more foot traffic and selling more product.

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Increase budget lines for environmental projects

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Very important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Fairly important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

### **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Build better roads not bicycle lanes

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

Visitor Levy will impact tourism. Rather reduce council staff

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Rodney

. Do not support most

## Rodney Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

Cost increases are not acceptable at this time Council overheads must be reduced instead

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Improving services for all communities by enhancing libraries art and youth programmes**

Less important

**Promote physical activity and recreation by increasing play opportunities in more locations**

Less important

**Support community groups, volunteers, and mana whenua to enhance environmental protection and restoration efforts, particularly for waterways and wetlands, while promoting waste reduction**

Less important

**Increase maintenance service levels, such as more frequent mowing of high-profile reserves, pest control, and repair of tracks and car parks.**

Very important

**Support Rodney Greenways Plans to facilitate walking, cycling and horse riding**

Less important

**Prepare and review plans for reserves to identify gaps to meet community needs**

Less important

**Improve the safety of our community and environment through increased education, monitoring and compliance.**

Less important

#### Tell us why (please be clear which priority you are talking about)

Council should provide the open spaces but not try and manage the activities that they are used for.

## Question 5: Other feedback

Do you have any other comments on the Annual Plan 2025/2026?

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Why is there no English on the front of the Auckland library card given that English is the official language of New Zealand and the library contains almost only English books?

# Annual Plan 2025-2026

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Public transport needs major major changes here in Auckland. Little token changes just don't do the trick to get people out of their cars and make public transport attractive for people. Just have a look at other big cities for example like Melbourne or Sydney

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Other

**Tell us why**

It depends on where this money would go. If it's explicitly invested in protection of climate and improving mattress to protect nature and animals, I would be all for it. For example come up re-establish the waste paper baskets instead of removing them!

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

This is a decision that really does not make sense, since it rewards those people who produce heavy loads of rubbish and punishing those, who are very conscious about their garbage levels. The system has been introduced at the North Shore.. I produce a small grocery Piper bag of garbage every week where is my neighbor puts out too big bins of garbage every week and we are paying the same for garbage removal. This is extremely unfair and does not entice consciousness about garbage production.

## Question 4:

### Local board priorities

#### 4A. Which local board(s) would you like to provide feedback on?

Albert-Eden, Aotea/Great Barrier, Devonport-Takapuna, Franklin, Henderson-Massey, Hibiscus and Bays, Howick, Kaipātiki, Māngere-Ōtāhuhu, Manurewa, Maungakiekie-Tāmaki, Ōrākei, Ōtara-Papatoetoe, Papakura, Puketāpapa, Rodney, Upper Harbour, Waiheke, Waitākere Ranges, Waitemātā, Whau

### Albert-Eden Local Board Priorities

The local board has additional funding in 2025/2026 however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

#### 4B. What do you think of our proposals for your local board area in 2025/2026?

Do not support most

#### Tell us why

I cannot see many improvements for rate payers that would make sense to me

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Increasing our community programmes that are delivered from our libraries and community centres in Pt Chevalier Mt Albert Sandringham and Epsom.**

Less important

**Supporting our community leasing groups to be able to share their space and be sustainable over time so they can continue to provide their great range of community services and activities.**

Fairly important

**Supporting our business associations and vibrant town centres so people can live work shop and play in our local villages.**

Less important

**Talking with young people and children to better understand what is important to them in their area.**

Less important

**Increasing neighbourhood safety and resilience community wellbeing and emergency preparedness.**

Fairly important

**Reducing waste and increasing the profile and impact of Waiōrea Community Recycling Centre.**

Very important

**Delivering on concept and restoration plans we have made for local parks and trialling a portable pump track to move around parks in our area.**

Fairly important

**Increasing the number of local events arts and activations especially in local parks and town centres.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Some of the suggestions would need to be further explained. As they stand at the moment I sound like Hollow political promises to the rate payer.

## **Aotea/Great Barrier Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

**Tell us why**

Again, I would like to know how these objectives will be achieved. Over the last years, rate payers wishes have been ignored full stop the rates went up and the services and measures to protect the end environment when down

**Our priorities for 2025/2026 are listed below.**

How important are these priorities to you?

**All current projects and programmes including community grants, environmental work, and parks upgrades**

Fairly important

**Set up of a new community-run local fish-supply**

Less important

**Community marine education and marine biosecurity work**

Tell us why (please be clear which priority you are talking about)

## Devonport-Takapuna Local Board Priorities

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support mostTell us whyOur priorities for 2025/2026 are listed below.How important are these priorities to you?Progress the planning and development of the Takapuna Community Hub Less important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Fairly important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Fairly important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

I don't know

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

I don't know

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

I don't know

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

I don't know

**Tell us why (please be clear which priority you are talking about)**

Looking at past experiences with the Auckland City Council, I do not trust the any of the objectives will be sufficiently achieved

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Environmental restoration, volunteers and pest control activities, Local waste minimisation activities, Local water quality activities

## **Franklin Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

4B. What do you think of our proposals for your local board area in 2025/2026?

**Do not support most**

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Delivery of Auckland Council Community Hub Services (library, arts, and customer services) in Beachlands and Clevedon**

Very important

**Extending and improving service outreach to isolated communities like Āwhitu, Ōrere, Glenbrook Beach, Paparimu and Kawakawa Bay**

**Accelerated delivery on the Sports and Recreational Plan, and additional grant funding for Karaka Sports Park and the Te Puru Sports Centre**

**Initiatives that improve the quality of the water in our streams and rivers and our environment through pest eradication programmes**

**Accelerated planting of trees in public places i.e. delivery of the Franklin Ngahere Plan**

**Continued delivery of the targeted rate funded Franklin Paths Programme.**

**Tell us why (please be clear which priority you are talking about)**

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Do not support most

#### **Tell us why**

I cannot take these proposal seriously considering what sort of people have the decision making power in Auckland

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Very important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Yes, there are some very important aims under list of suggestions. Ideen Komma considering how Auckland siliconsel has i that over the last years I do not trust that any of them all be seriously considered

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

No

**Tell us why**

There are truly other important things on the agenda to protect the environment

**Māngere-Ōtāhuhu Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support all

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Explore a site for a recycling centre**

**Local playground improvements in areas like Mangere Bridge**

**Maintain local road safety with limited budgets**

**More support to volunteer networks**

**Push to deliver local business initiatives.**

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

### **Māngere East Village Business Improvement District (BID) programme**

A BID is a local economic development initiative run by a business association under the Auckland Council BID Policy (2022). It involves businesses in a defined area paying a targeted rate to fund specific services or projects in their BID boundary. The Māngere East Village Business Association Society Inc. (MEVBA) has failed to meet key BID Policy requirements, including accountability reporting, AGM minutes, strategic plan, and appointing a BID Manager. MEVBA also breached its constitution and did not notify the council of non-compliance. The Māngere-Ōtāhuhu Local Board is now considering terminating the BID programme and targeted rate, with the possibility of re-establishing a compliant BID programme in the future if conditions are met.

**Do you think we should end the Māngere East Village Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Re-establish the garbage cans. Then the net fishing at our local beaches and elsewhere. Establish a system find for dumping the garbage at the beaches and elsewhere. Introduce and Levy to all the fast food businesses for producing waste for example packaging. Reintroduce the user pace garbage fee system. Introduce the refund system for plastic bottles like they do in European countries. Introduce a system so that the bottle caps cannot be entirely removed from bottles and won't end up in the environment. Have a look at what other countries who are more advanced in their Environmental Protection. Put up efficient laws against animal cruelty in this country and stop protecting some species while promoting the killing of others will stop New Zealand rates very high in animal cruelty and the lobbying against some pets like cats. Introdu public transport system like other big cities with more than a million inhabitants to get cars of the road. Establish cycle lanes to make the use of bicycles safe in this country.....

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Too much to read . Looking for information specifically for our Gulf Harbour Ferry service which I cannot find so assuming there are no plans?

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

If you can't afford to fund everything then what makes you think we can? It's simply too much year on year. other ways to be more efficient with rate payer funding needs to be explored & most importantly implemented !! We cannot sustain these increases

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

I don't know

#### **Tell us why**

It's all very vague

Our priorities for 2025/2026 are listed below.

#### **How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Very important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Fairly important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## **Question 3: Changes to other rates, fees and charges**

### **3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

### **3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

What do you think of the waste management proposal?--dumping little waste or not is not important, as it will be charged the same price. Using public transport better to get more discounts. The train's speed is too slow. There should be stricter audits to avoid corruption and waste. Anyway, no sooner said than done. The world is changing, and Auckland should keep changing as well.

## **Question 4:**

### **Local board priorities**

#### **4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Fairly important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Less important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Do not support most

### Tell us why

Reducing corporate emissions isn't important, focus on actual council jobs. Get rid of the \$50 cap on public transport. Auckland transport wasting too much money even now.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

None of that is the council's job. Get back to basics and reduce rates.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Do not support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

People should pay for their own rubbish. It's a totally stupid idea to try and encourage the reduction of waste whilst giving free collection. Makes rents more expensive for those who are renting even if they are not using rubbish every week.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays, Upper Harbour

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Not the council's job to support the youth networks or business associations.

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Ultimately needs to be as the self funding as possible, but that is only possible if it gets used more.

## **Upper Harbour Local Board Priorities**

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Very important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Less important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Less important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Less important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Local parks strategy and planning

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

Ultimately needs to be as the self funding as possible, but that is only possible if it gets used more.

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

When the council plans for massive growth of new houses in an area (Milwater, Mildale, wider Hibiscus coast area etc) shouldn't the for increased public transport and waste/stormwater be planned, funded and constructed so that as the houses get occupied, the additional services are ready to go...?

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Less important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of

local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

It has great facility with multiple usage, but it would be better to see the main stadium used more.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think a big focus should also be given to safety and security, particularly in our city centre.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I agree the more people we bring, the more influx of money we'll have.

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It makes more sense to have the cost of these services included in the rates.

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

The local board has additional funding in 2025/2026, but there are unavoidable increases in the cost of existing services which will need to be considered alongside the additional funding.

### 4B. What do you think of our proposals for your local board area in 2025/2026?

Support most

#### Tell us why

I think we need a stronger focus on local safety and security

Our priorities for 2025/2026 are listed below.

#### How important are these priorities to you?

**Support the youth networks in our area to help our young people thrive, and to have a voice in local board decision-making**

Less important

**Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting**

Fairly important

**Support the development and increased use of our local parks, reserves, and sports fields by being available for people of all abilities, ages, and socio-economic backgrounds to enjoy in a range of leisure and recreation activities**

Very important

**Encourage local business associations to continue to support business development, to contribute to safer, more vibrant, and attractive town centres, that continue to meet the changing needs of our residents**

Very important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

Yes

**Tell us why**

This would bring more business and vibrancy to the area.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

none

Less important

**Support and fund efforts to mitigate and adapt reserves, parks and public assets from the effects of climate change through initiatives such as the Urban Ngahere (Forest) Strategy**

Fairly important

**Contribute funding for the development of a vision and plan for the future of the North Harbour Stadium and Domain Precinct.**

Less important

**Tell us why (please be clear which priority you are talking about)**

Sea soil water - Keeping the local flora and fauna healthy is my main concern and that may include limiting people's desires and developments; that's fine.

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

I don't go to stadium or domain events but it's better to be used by the whole community than private interests.

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

Waste is a huge problem and if you could put it back on the companies that create the waste (single use plastic, appliances, building rubbish, etc) that would be great thanks. Also please reinvent noise control policies for a growing and noisier city.

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

Because these are good problems that need fixing.

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

I don't know

**Tell us why**

I don't know what this is saying.

### **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

no

### **Question 4:**

#### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

no

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

5.8% rates increase is excessive

### Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Do not support

**Tell us why**

People contribute to the economy through spending charging for staying will discourage visitations as it seems unwelcoming

## **Question 3: Changes to other rates, fees and charges**

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## **Question 4:**

### **Local board priorities**

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

As a student that often uses public transport this increase in cost would dramatically impact me. I support the end goal however I do not support the added cost of transport.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I support this as it would be beneficial to me (a citizen of new zealand) and would not dramatically effect tourists as travelling is already expensive.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support all

### Tell us why

I believe that these are areas where it is necessary to be developed for the better of people in Auckland, especially more efficient transport, better water facilities and funding for communities that need it.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

Cultural festivals and other community events are very important in improving relations and community among people in Auckland to foster a more vibrant environment. I believe these benefits outweigh the bed night visitor levy implemented.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

I don't know

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

N/A

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

The local board has additional funding in 2025/2026, however there are unavoidable increases in the cost of existing services which may need to be considered alongside the additional funding.

**4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most **Tell us why** I think a lot of these initiatives are reasonable. Our priorities for 2025/2026 are listed below. **How important are these priorities to you?** **Progress the planning and development of the Takapuna Community Hub** Less important

**Support local environmental groups to work with volunteers to clean up, manage and plant our local reserves and open spaces contributing to better outcomes and more weather resilient spaces**

Very important

**Continue to maintain and enhance community facilities, including parks and sports fields, libraries and community venues to meet community needs**

Very important

**Progress the Devonport-Takapuna Local Parks Management Plan and refresh of the local boards Greenways Plan**

Less important

**Support our flood impacted communities as their neighbourhoods change by offering ways and places to connect and share experiences and information**

Very important

**Develop a Wairau Catchment Water Quality Action Plan that will ensure future decisions take advantage of existing reports and advice**

Very important

**Support initiatives identified in the Devonport-Takapuna Ethnic Communities Plan in collaboration with the relative representatives of our ethnic communities.**

Very important

**Tell us why (please be clear which priority you are talking about)**

Most of these proposals are very important, as funding for better quality lives for people living in Auckland by improving water quality, community pairs and flooding aid are crucial to keeping Auckland prosperous. However, I believe that proposal 1 seems less important compared to the others.

To help the local board understand priorities and areas of importance for the community, we are seeking feedback on areas that are the most important to you so we can prioritise investment in

higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Community development and support activities,Local waste minimisation activities,Local water quality activities

## **Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

N/A

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Transport in Auckland is extremely overpriced and unsafe, I believe adding additional features to improve this will be very beneficial.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

Upper Harbour

.

## Upper Harbour Local Board Priorities

The following are the key projects and activities we plan to deliver next year, and any key changes to services.

### **4B. What do you think of our proposals for your local board area in 2025/2026?**

Support most

**Tell us why**

Our priorities for 2025/2026 are listed below.

**How important are these priorities to you?**

**Appropriate planning and investment for infrastructure and quality open space in areas impacted by growth and intensification e.g. Whenuapai**

Fairly important

**Continue to prioritise support to our local community organisations and volunteers to deliver outcomes that provide a sense of belonging, wellbeing and resilience for residents**

Fairly important

**Continue to prioritise investment in outcomes that ensure our communities have access to high-quality amenities that provide for a range of opportunities including play, pathways and connections, active sports and recreation and connecting with nature**

Fairly important

**Funding to assist in the development, improvement, and renovation of non-council owned community facilities that serve the Upper Harbour area through a facilities grants process**

Fairly important

**Improve wayfinding in the Upper Harbour area to help our communities to easily discover and enjoy the assets we have**

Fairly important

**Contribute funding for the development of a vision and plan for the future North Harbour Stadium and Domain Precinct.**

Fairly important

**Tell us why (please be clear which priority you are talking about)**

To help the local board understand priorities and areas of importance for the community, we want feedback on areas that are the most important to you so we can prioritise investment in higher priority areas or address rising costs by potentially decreasing investment in lower priority areas.

**Which three of our services are most important to you? (select up to three)**

Pools and Leisure facilities - opening hours and services ,Environmental restoration, volunteers and pest control activities,Community Events

**North Harbour Stadium and Domain Precinct**

Our community gave clear feedback in the long-term plan consultation that they would like to see the North Harbour Stadium and Domain Precinct used more effectively for the local community. The Upper Harbour and Hibiscus and Bays Local Boards are jointly leading a working group of local representatives to develop a vision and plan for the future. The work will need both regional and local funding and our local board will need to contribute.

**Do you think we should contribute funding to the development of a vision and plan for the future of North Harbour Stadium and the Domain Precinct?**

I don't know

**Tell us why**

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

Auckland's water quality is poor compared to other major cities, such as Christchurch, and transport is inefficient and lacking. Local communities are always competing for funding, and some aspects may affect the fairness in the distribution of funding. This is good.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think we need more investment in transport to make us a cleaner, more efficient society. I also think that with income inequalities, taxing residential property is an equitable choice.

## Question 2: Destination management and major events

Attracting visitors and securing, promoting and delivering major events are vital to Auckland being a dynamic and exciting city. In our Long-term Plan 2024-2034, we said we would continue to fund cultural festivals and other significant community events. However, without a bed night visitor levy, there will be a \$7 million budget shortfall for funding of major events that are expected to attract visitor expenditure, such as the ASB Classic, Auckland Marathon and Auckland Writers Festival, from the 2025/2026 financial year. We continue to advocate to central government to introduce this levy. A bed night visitor levy of 2.5 per cent to 3 per cent paid by those in short-stay accommodation, would raise around \$27 million each year to fund even more destination management, marketing and major events activities in Auckland.

A bed night visitor levy requires central government legislative change and they have yet to agree to introduce this legislation. We continue to work with central government on this and your views will help inform this work.

**Do you support a bed night visitor levy paid by those in short-stay commercial accommodation, to fund destination management, marketing and major events activities?**

Support

**Tell us why**

I think those events and the culture they provide is worth it.

## Question 3: Changes to other rates, fees and charges

**3A. What do you think of the waste management proposal?**

*Apply the Refuse Targeted Rate to residential and lifestyle properties in Franklin and Rodney to pay for council's rubbish collection service, replacing the current system of purchasing rubbish bags.*

Support

**3B. Would you like to comment on this or the other rates, fees and charges proposals?**

*(Please be clear which proposal you are talking about)*

It is hard to get rubbish bags and this sounds more efficient.

## Question 4:

### Local board priorities

**4A. Which local board(s) would you like to provide feedback on?**

None

**Question 5: Other feedback**

**Do you have any other comments on the Annual Plan 2025/2026?**

Do you have any other feedback, including the Tūpuna Maunga Authority Operational Plan 2025/2026 (page 33 of the Consultation document)?

**Tell us here**

# Annual Plan 2025-2026

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### Question 1: Our overall plan

Our proposed Annual Plan 2025/2026 builds on our Long-term Plan 2024-2034 (LTP).

The annual plan focuses on getting on with strengthening the financial and physical resilience of Auckland, while investing where it is needed most to manage growth. In 2025/2026, that includes prioritising investment in:

- transport
- water
- and fairer funding for local communities

It sets out the proposed way to pay for services and investments, including the 5.8 per cent rates increase for the average value residential property which is in line with the LTP, and additional debt to fund \$4 billion of capital expenditure.

### What is your opinion on our proposed annual plan?

Support most

### Tell us why

I think what you're doing is great and will be beneficial for all the working class.

### Question 2: Destination management and major events
