## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer events and festivals. Less services.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#3

Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	Support

#3

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important

#3

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Don't support any of the proposal

### Tell us why:

It doesn't shift traffic off roads into other modes of transport

It doesn't add in more cameras and increasing fines to capture behaviour such as red light running and mobile phone usage

### 2a. Is there anything you would spend more on?

Cameras, increasing fines, cycleways, fixing footpaths near schools, reducing roadspeed near schools

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

why sell the auckland airport shares when they deliver money back into Auckland? the government has just removed the fuel tax

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Arts and music programmes

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Auckland needs better cycling and pedestrian infrastructure

**2a. Is there anything you would spend more on?**

Cycling infrastructure

**2b. Is there anything you would spend less on?**

Road maintenance

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Nobody needs a north harbour stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More/faster public transport, a greater investment in environmental protection and restoration.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less focus on car-centric infrastructure.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

We don't need more lanes, just less cars on the road. More public transport eg. trains, rather than just 'faster'.

### 2a. Is there anything you would spend more on?

Better public transport.

### 2b. Is there anything you would spend less on?

Car-centric infrastructure.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

I think the money could be better used in the community.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Albert-Eden,Aotea/Great Barrier

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

#### Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

### Aotea/Great Barrier Local Board Priorities

7b. What do you think of our proposed priorities for Aotea/Great Barrier in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Continue the regular programme of funding for community groups to deliver services and environmental groups to deliver ecology works.	Very Important
Continue our regular maintenance of parks and assets.	Fairly Important
Investigate improvements for playground areas island-wide.	Not Important
Support implementation of aspects of the new Destination Management Plan.	Not Important

Tell us why

7c. What do you think of the Aotea/Great Barrier proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More natural

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Nope

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Other

#75

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Other
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Other
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#75

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Nothing. Its great here

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Nop

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Its supergood here

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Car parking is far to cheap. It should be about 3 or 4 times the price to make it pay for the cost to service and maintain.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

EVERYTHING! Anything that cost more to operate and maintain or is free to the user should be stopped or cost added.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

So much money has been spent on some previously-planned initiatives, such as some raised pedestrian crossings and cycleways. This should not be wasted and needs to be implemented.

### 2a. Is there anything you would spend more on?

Making active mode safer so all people can use it. I love to drive, but would prefer it if everyone else was walking or cycling!

### 2b. Is there anything you would spend less on?

Car parks and roads

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Other

### Tell us why:

We have too many under utilized stadium. It's not fair that we have to pay to maintain all of them. Sell North Harbour Stadium and let a developer inherit the problem.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

More red tape, bureaucracy.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It's working, move on. Cut costs elsewhere.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I don't want to see a AFF

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

If the port has enough demand to operate these, they should keep them. Downtown area already has a lot of public spaces and/or residential / commercial development. We don't need more.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

If the port has enough demand to operate these, they should keep them. Downtown area already has a lot of public spaces and/or residential / commercial development. We don't need more.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by	Support

#98

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

#98

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

#### Tell us why

These are how I feel

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I read it and it's way to confusing for me. i feels like it's written as a legal paper for council folk.

**8. Do you have any other comments?**

no

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Plan works based on budgets. You can't milk ratepayers more, they've been stretched to a breaking point.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No speed humps, no safety improvements based on idiotic accidents, no more cameras, no more slowing traffic initiatives. No street makeups.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Make plans based on available budgets. Don't make luxury plans and then put costs on ratepayers.

### 2a. Is there anything you would spend more on?

Road surfaces that last longer. We don't want chipseal renewed every 5 years. It is unsafe as the surface is patchy with grips, flying chips are hazard and messy, it doesn't look good even when renewed.

### 2b. Is there anything you would spend less on?

bike track everywhere. It is OK for the main routes to the city (not against them)

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

we don't have money for change

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

**Tell us why:**

Happy as long as AC don't increase the rates

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It sounds better to get money and leave the management to professionals

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

We need money for services

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Because it's a prime location and it should be enjoyed by Aucklanders

#102

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

as above

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make long term commitments to plans

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting money on consultants.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

The plans will not save Aucklanders in the long run. Companies will benefit and run away.

### 2a. Is there anything you would spend more on?

Road tolls to collect funding

### 2b. Is there anything you would spend less on?

Speedbreakers

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

The money could be spent on the wider community

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

Don't sell the golden goose. The airport shares are a valuable asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Ports are a national security Interest as well. Learn from Sri Lanka's experience.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The future fund is a big pool and it's will be easy for the money to be wasted without checks.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Cut costs instead of constantly looking to rate increases as a solution.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Public interest

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It is needed

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Not Important

#151

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not a chance - It appears money is being spent wastefully.

Once there is a track record of efficient, effective basic city services as consideration for our rates, then let's talk about extras

#### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less faffing - increase productivity & focus on outcome delivery.

Focus less on up front consultation, constrain the project team to experts at brilliant fundamentals & get on with delivery. Spend a % of consultation money on "fixes" for high-impact issues highlighted post-project.

Stop with the "Setting us up for the future"/ "world class" BS. A "Last mile" approach is costly and things change. Focus on providing basic service outcomes with positive cash ROI eg How's that state-of-the-art recycling system working out for us? . . . Love the pretty train stations, shame the core deliverable of running services are beyond an embarrassment. Safety infrastructure that causes accidents are not a good look- seas of yellow dots that CAUSE people to slip, bike paths that launch riders into traffic, or with signage poles through the middle... food waste collected in the name of the environment which requires an extra round of rubbish trucks, and to be shipped hundreds of Kms from the source...the list goes on. If this is the "most livable city" after all the past focus - why are people who have a choice leaving in droves?

Less nanny state taking responsibility for everything at ratepayers' expense; celebrating and funding activities for all Aucklanders which celebrate and protect culture for Maori and other key Auckland demographics - Yes! Focus on activities aligned with Te Ao Maori eg guardianship of the land and sea - Yes! Inviting participation and input by all Aucklanders on an equal footing - Yes! Preferential consultation for special interest groups funded by Auckland ratepayers- No! If people really care about an issue they will participate/ speak up for free given an opportunity. Funding/dedicating 10 minutes in 60-minute meetings or at every event for karakia - No, in the same way I would not want council to pay for a priest or pastor to say a prayer to open or close meetings unless in "the house" of the group eg marae or church or culturally focussed event - as a mark of respect to the host.

Bottom line: if I didn't have to pay for all these Rates & sneaky food waste fee increases - I could use that money to pay for the events, services, or basics I care about or need.

#### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

Faster, more reliable and easier to use public transport is great. As are monthly/weekly/ daily passes like those found in most other cities - assuming that's what you mean by "capped". I support these so long as services remain self funding).

Stopping some previously planned initiatives, such as some raised pedestrian crossings and cycleway. Agree with this if we are talking the current over spec'd approach but do think the program of work should continue with functional basics eg crossings with painted lines rather than raised tables(ie previous state) and joining up cycle ways albiet a much more basic approach. perhaps using existing infrastructure like dedicating sides of the footpath to different speed eg LHS to walking 0-5 km/hr and RHS to faster modes like scooters and bikes (why do we need 2 footpaths hardly anyone walks except by shops). Committing to improve the current footpath design to be fast mode friendly as roads/footpaths/ power or phone line or wastewater infrastructure is refurbished (even though that might take years). This might be as simple as removing poles! and easy road crossing points.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

not part of that community. So I selfishly I prefer the lowest-cost option.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Not aware enough of the levers. I'm OK with shares being sold so long as Auckland gets good bang for buck over the long term. I only support this if caveats are in place that prevent the airport company from being a bad actor for the people of Auckland - what I mean by that is council should still control access for public transport, rates, noise, and have a way to ensure a viable air service remains in place for Auckland in the future (or will there be a cheap train to hamilton?)

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Once again. Dont feel aware enough of the full picture. Should be a good bang for the ratepayer's buck and ensure Aucklanders do not end up paying relatively more for freight into the city in the future. Assume the council would still retain control on land guardianship & environmental aspects.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Are halsey, princess, queens wharf and britomart too overcrowded ? What is the actual opportunity of doing something else that provides public benefit? Is this just spreading stuff out and spending more money or is there actually a self funded business ca

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

Are halsey, princess, queens wharf and britomart too overcrowded ? What is the actual opportunity of doing something else that provides public benefit? Is this just spreading stuff out and spending more money or is there actually a self funded business case to make this change?

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

How about telling people how they can contribute to your efforts in order to reduce the need for rates hikes in future.

Maybe there are times when washing could be done - which would help avoid waste water improvements, maybe it's simply picking up rubbish. Maybe it's clearing the drains in front of where they live. Maybe it's planting a tree in their garden. Maybe it's giving optional ways to pay rates but also saying which way is cheapest for the council. Encourage people to live in cheaper to support areas of Auckland (assuming infrastruc is up to date and maintenance is up to date)

#159

Publish the benefits for doing so eg are rates cheaper there or do residents benefit from better services?

I do not support any Rates model which is not funded by headcount or footprint relative to cost to serve. An area where 100 people live should pay 1/100th for the same level of service as an area where 10 people live (they should pay 10/100th).

Businesses should pay rates that reflect the cost of providing services to them,

On board funding - If a board pays for infrastructure that supports a wider area than board - the cost of that infrastructure should be supported by an 1. adjustment (contribution) from surrounding boards by agreement or 2. a surcharge should be paid by users who live outside the board boundaries. 1 is preferable if the asset has value. If not it should be shut.

Why are there local boards? Do they really represent the views of the community? Wouldn't we be better served if the council directly engaged with the community rather than having 149 middleman.

## Local board priorities

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, Please do less and save money; please get the right person to do the right job. We are almost dying with this high cost of living, and the council keeps adding on and sucking our blood.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut the salary, especially those useless and underperforming staff, contractors, etc.

If you go to CBD Auckland, you can see construction everywhere and unproductive workers everywhere. Do you think this is a waste of taxpayer money??? Do you feel shame about what is happening year after year in the CBD????

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I only support those plans and the outcome of the actual results. STOP spending money and talk and talk and talk for year after year. End of the day, ONLY the mayor, politicians and contractors make millions of dollars, and we are the ones who suffer and keep paying for nothing !!!!!!!

### 2a. Is there anything you would spend more on?

NO, in this rocket high cost of living and bad economy.

Do the Council understand the US? We are still looking for end meat, and you guys keep spending !!!

### 2b. Is there anything you would spend less on?

Every cents count, and please spend wisely

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

Why, and tell me why? Look at your Council debts, and you should ask yourself for the mismanage.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Both sides need to think about how to solve the problems, not only sit inside the offices and only know how to increase the rate and water bills

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Agree with this

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Spend less, do more work, and let the result talk because we need a result-oriented management instead.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

cut more staff and service. AT should be more cut for the funding.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Auckland council should cut more control for the building sector, cost too much and too much unnecessary paperwork.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

too many stadium in Auckland, waste of money.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

such big site with a little income, it is good to let someone whom can make money for Aucklanders.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

just look at the building consent process 10 years ago, it is too much paper work now which it is no-necessary.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#195

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

bring back our Queen street, all the businesses are die overthrew. AT should take more cut for their service.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important

#195

Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

I just checked the rubbish bins in my local beach, Yes, It is too many, Just need one or two for one beach. Asking all the visitors to take their rubbish, If they don't follow then just pay for the fine.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

I think that the council still have more space to cut the service, cut more cost from AT, watercare which one company supply the service.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Everything please

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Nothing

**2b. Is there anything you would spend less on?**

Everything please

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cut council's waste. Restructuring council members.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Don't support any of the proposal

### Tell us why:

The mayor and council members need to get their act together first before talking about any projects

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

Salaries for Council member and staff

## 3. Which options do you support for the North Harbour Stadium?

Other

### Tell us why:

It's a waste of money

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
--	--

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Aotea/Great Barrier Local Board Priorities**

**7b. What do you think of our proposed priorities for Aotea/Great Barrier in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Continue the regular programme of funding for community groups to deliver services	
--	--

and environmental groups to deliver ecology works.	
Continue our regular maintenance of parks and assets.	
Investigate improvements for playground areas island-wide.	
Support implementation of aspects of the new Destination Management Plan.	

**Tell us why**

**7c. What do you think of the Aotea/Great Barrier proposed priorities for the 10-year budget 2024-2034?**

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Franklin Local Board Priorities**

**7b. What do you think of our proposed priorities for Franklin in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering	

#212

social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	
Develop “Franklin Community Occupancy Guidelines” to inform decisions on council-owned facility leases, including leasing charges.	
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	
Progress the development and delivery of the Franklin Paths Programme.	
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

## Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

## Howick Local Board Priorities

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	
Review and refresh the Howick Tourism Plan.	
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association	

and possible new Business Improvement District (BID) programme.	
---	--

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	

#212

Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns	

enhancing the overall sense of safety within our local community.	
Improve employment and economic opportunities through our local economic broker programme.	
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	

#212

Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	
--	--

#212

<p>Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.</p>	
<p>Empowering community groups and organisations to deliver community events through sustainable funding models.</p>	
<p>Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.</p>	
<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the**

Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I do not support any priorities

## Ōtara-Papatoetoe Local Board Priorities

7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	
Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	
Identify and promote 'Play advocacy' for local opportunities in projects that can	

provide spaces for play in places beyond playgrounds.	
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	

**Tell us why**

**7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?**

## Papakura Local Board Priorities

**7b. What do you think of our proposed priorities for Papakura in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

We know you value the community being brought together through free events which we will continue to support including the Anzac day events. This is particularly special to our area given the strong military history in Papakura.	
We will continue to support Māori-led initiatives and aspirations with Mātauranga Māori (Māori knowledge), including the Māori Wardens. We also are pleased to partner with mana whenua in the delivery of	

#212

Te Kete Rukuruku project which is the dual naming and storytelling of our parks and reserves.	
We have recently been working on enhancements to the Te Koiwi Reserve pond and are looking at further work that can be done in this area.	
We will continue to support the Takanini Business Association in their Business Improvement District (BID) establishment.	
Papakura has a talented and culturally rich community, and we will continue to showcase this through the community arts programme.	

**Tell us why**

**7c. What do you think of the Papakura proposed priorities for the 10-year budget 2024-2034?**

**Puketāpapa Local Board Priorities**

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Invest in opportunities to support local community leadership.	
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	
Consider our investment in facilities and services to see if there are opportunities to do better.	

Support initiatives that improve and encourage walking and cycling opportunities.	
Help coordinate and support local business groups.	

**Tell us why**

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

**Rodney Local Board Priorities**

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

## **Upper Harbour Local Board Priorities**

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Progress with the detailed business case for a new multi-purpose library facility in Albany.	
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	

Implement actions from the Upper Harbour Ethnic Peoples Plan.	
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	
Implement actions from the Upper Harbour Engagement Strategy.	
Implement actions from the Upper Harbour Greenways Plan.	
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

## Waiheke Local Board Priorities

### 7b. What do you think of our proposed priorities for Waiheke in 2024/2025?

I do not support any priorities

#### More specifically, what do you think of each priority we've listed above?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	
Programmes which protect, restore, and enhance the island's natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	
Progressing recommended actions within the Waiheke Local Parks Management Plan and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	
Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	
Capital projects including the Tawaipareira Reserve playground.	

#### Tell us why

### 7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?

#212

## Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I do not support any priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	
Continue to activate library spaces with programmes, services and events.	
Operating grants to support Glen Eden and Titirangi Community Houses.	
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	
Initiatives to support youth/rangatahi.	
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

## Waitematā Local Board Priorities

### 7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I do not support any priorities

#### More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	
Phased delivery of improvements for Heard Park.	
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	
Support local communities to develop Emergency Planning & Readiness Response Plans.	
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

## Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	

We will consider accessibility and inclusion across our services, engagement, and other initiatives.

**Tell us why**

**7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support free or half-price public transportation during peak hours, cancel traffic light control on highways (control causes more traffic jams)1 It's a waste of money!

Accelerate the upgrading and cleaning of sewers in old areas so that they can resist flood disasters!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

The upgrade of pedestrian lane markings at some roundabout intersections is a sheer waste of money. Parking fees on city streets should be raised to increase revenue, and more personnel should be added to conduct “due diligence” inspections.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council’s shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

#224

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Don't just look at your own income, look at the income of the general public. Do you think most people's income is as high as "yours"? And you pay more. All your projects are over budget, which is destined by your work system. If you don't reform, it will always be like this, and the people will suffer. Isn't it better to attract more foreign investment? Why do you always ask for money from the people? Why?

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less tax. Now it is already "ten thousand taxes". Attract more foreign investment for construction.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Normal taxation is necessary, and we cannot increase taxes every year. Ordinary people cannot afford it. We should introduce more foreign investment in construction. Government departments are squandering taxpayers' money. No one supervises them. In addition, the police only deal with traffic accidents and speeding tickets. Why don't they clear the traffic jams? Don't they have any responsibility? The police are responsible for most of the traffic jams. Most of the traffic jams can be avoided if someone clears them.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Building affordable housing.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Build less luxury apartments.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I would like to see same spending on cycle/walkways. Less on raised pedestrian crossings.

### 2a. Is there anything you would spend more on?

Relieving congestion in places like Newmarket.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

I like the idea of community involvement.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

### Tell us why:

I support the idea of a future fund, but not at the expense of the council's shares in AIAL. I would be prepared to pay higher rates/rent to enable an alternative.

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Sounds a good compromise between ownership and selling off the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Divide it up equally between council services and future fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I would favour public space but that is well catered for by the Viaduct Basin

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Same as 5a.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#294

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

I support community and environmental activities. I think rubbish bins should be retained in parks to reduce litter,

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland should keep the public transport initiatives going.

**2a. Is there anything you would spend more on?**

Sorting out the ferry's!

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Auckland should be benefiting from maximising profits from port operations and be less involved!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I cant see how the investing scenario would work, wouldn't that mean we have to make even more expenditure cuts, or increase rates? You have not set out what impact this scenario has!!!

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These wharves should be used for a better ferry terminal! The current one is difficult to get to, cramped and not user friendly at all. Also when ships are being docked the ferries are disrupted!

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#320

Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Local boards should be abolished! They focus too much on community initiatives and council needs to get back to its core; transport, 3 waters and parks!

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

All funding should be re-purposed to solely focus on park improvements. If we have great parks as a city, we'll be recognised on the world stage!

**8. Do you have any other comments?**

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Specifically developing facilities to enable year-round participation in sport and recreation, such as all-weather football turfs and indoor facilities for sports such netball.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#331

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

There seems to be no mention of improving the safety of Mt Albert residents. Physical safety should be the first priority ahead of the environment, transport and facilities etc.

**8. Do you have any other comments?**

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We need resilience for future emergencies and we can't just keep increasing rates. This will push up rents and other pressures. Having a fund to plan for the future using the assets we have already makes good sense. Not doing anything will just embed our past vulnerabilities. We've seen how that goes.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

We can't do everything. The Council's core functions are to plan for and manage a working city - its infrastructure, emergency planning, having a liveable city. Community boards could perhaps rally local support for things communities want to do. Ratepayers should fund core operating needs.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland is the powerhouse of New Zealand's economy. We rely on a functional Auckland to support economic activity and central government needs to share responsibility for this. It's disappointing the fuel tax was scrapped. Everyone would soon complain if transport and infrastructure were declining. Central government needs a leadership partnership with Auckland - but this can't be party aligned as it always have been with mayors and councillors affiliated to specific parties. Auckland representation and decisions need to be made independently for the good of Auckland.

**2a. Is there anything you would spend more on?**

Core infrastructure in partnership with central government to sustain and improve productivity, transport, economic outcomes, tourism, etc. Supporting small businesses to withstand infrastructure development that impacts their survival. We've done a poor job of this.

**2b. Is there anything you would spend less on?**

Speed bumps. Cycle lanes.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Auckland needs a functioning stadium infrastructure. We need a good base for events if we're to be an excellent city.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Why do we rely so much on this one investment? We don't have control and influence. We need to diversify our assets and move into a new future that makes the most of the money and assets we have. AIAL is an emotional investment - we can't afford an emotional big investment at the expense of our future needs.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

We aren't making best use of the port and its income potential. Why should ratepayers subsidise poor port returns with rates going up and up but port asset returns not doing their part?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We need this fund to diversify our assets to sustain and support the city's needs.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I like the self-insurance concept. It will help to reduce costs and efficiencies.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These assets should be maximised for the good of Aucklanders, to boost tourism, to enhance the locality.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Keeping things the same isn't always for the best. Let's make Auckland assets work better for Aucklanders.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Change isn't always good but the changes proposed are for the good of the city and its people. Let's use our resources and assets in a smart way - not just the same old ways.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important

Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

Don't remove rubbish capability. Communities should be identifying and funding their own priorities - this is not a core function of the Council and ratepayers. Do support central community gathering places like libraries and squares so there are options

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

N/A

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

N/A

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Public transport upgrades are important but neglecting or lessening the creation of pedestrian crossings and cycleways is disappointing to see.

This will result in less pedestrian use and an increase in fuel emissions. Having flexibility with the ways we move in Auckland is important.

### 2a. Is there anything you would spend more on?

N/A

### 2b. Is there anything you would spend less on?

N/A

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

This stadium seems as a unimportant cost to Aucklanders, when we could change this location to include more housing in the area for Aucklanders in need,

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

**Tell us why:**

I don't have much of a opinion on this as its not relevant to my daily life or routine.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Probably best to retain ownerships of the Port and control who has access to use it, and as a consequence control fuel emissions and pollution in the area.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

There have been some key council services that were cut or had reduced funding due to current choices by the Mayor and his team. Having funding reestablished by profit from the port would be a good way to see services for the community return.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

N/A

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Best to keep this area as part of the Ports to ensure operations continue as smoothly as possible.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Please see my previous answer.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less event funding eg: movie in parks should be self funded

Traffic management is beyond sensible- reduce cone pollution and redtape

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Doing important stuff first- the rest is nice to have

**2a. Is there anything you would spend more on?**

Infrastructure

**2b. Is there anything you would spend less on?**

Cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Makes sense- pay its way

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Makes fiscal sense

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Long term makes sense

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Beautify Auckland - thee wharves are in poor condition

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#364

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting	Not Important

#364

volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Fluffy

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reducing debt. I would pay AT more to think reasonably about a person's whole journey rather than from a bus stop or train stop to another bus or train stop. It's not appropriate to suggest a 1 hour public transport journey is a reasonable alternative to a 15 minute private transport journey on a destination to destination basis. I would like Auckland Transport to spend money to understand where people go and then how

they can move those people there rather than how they currently create routes to cover an area. It not appropriate to suggest riding a bike or scooter somewhere if there's nowhere to leave it when you get there.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Building things only to rip them up 1 year later. Spending millions of dollars on things simply because of the bureaucratic systems in place which enable wasteful and/or low value spending to be justified. Get rid of "feel good" spending and focus on what is going to improve productivity. Get rid of AT's obsession with hostile architecture for cars and buses (e.g raised tables).

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

It's mostly what's needed.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It's not being used. Although with population growth on the north shore the venue should be retained and redeveloped towards current and future needs.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Don't think the AIAL shares should be sold.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

There is risk to consumers in outsourcing port operations. The port is largely an economic duopoly, a position that a corporation would readily exploit to earn supernormal returns through raising prices. This would be inflationary as there is no other port that has spare capacity to compete with auckland port in the short run.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Council services should be funded by rates. Opex. Also auckland council needs greater financial resiliency with all the risks piling up from climate to earthquake and water and fiscal irresponsibility.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No just cut down all the excess paperwork, red tap and personnel to save cost

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut down all the culture and environment wasting money initiative and focus on upgrading basic need like road and utilities

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Provide effective and cheap transport and stop all the cctv etc to catch road users

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#493

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More transport investment

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Focus on building the city to support growth rather than focusing on tourism

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Good funding boost

**2a. Is there anything you would spend more on?**

More on policy changes to roll out better transport options, less congestion etc

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

High cost and we already have enough stadiums in Auckland at the moment

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce Council waste as it was promised during election. When super city concept was introduced we were all told of such a COST REDUCTION that will benefit entire Auckland. Result of the Labour run govt for the past 12-15 years was a disaster with budget blowouts, waste everywhere - FIX IT!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

We keep wasting money and network is still not up to anything useful! Just look at this year rails failures and waste everywhere around rails - why do we need them???

**2a. Is there anything you would spend more on?**

Big buses to service longer routes and small buses to get around the city suburbs

**2b. Is there anything you would spend less on?**

Rail and stupid rail stations and tunnels such as CRL!

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Why do ratepayers need to pay for Councilors own investments??? If NO Councillors had any personal investments in say Airport then OK but most do have private investments - meaning that ratepayers have to pay for them to make sure that Airport shares perform and Councilors keep making money!

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Stop the waste as was promised during the election!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I already feel that rates are way above the services that both I and a large number of my associates use, so, no, not really.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut back on the 'nice to haves' during these time where people are struggling. Whilst desirable, Council funded activities that are not core need to be carefully addressed and postponed where possible. Look to staffing numbers in the non essential areas and lay off vanity projects that appear to be a common theme during successive administrations.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Cycleways are simply not providing bang for buck. They are a nice to have that caters for a VERY small minority. The need to stop (at least for the next few years). Yes, public transport has to be addressed but approach it sensibly and utilise smaller (less invasive) buses for lightly loaded runs (appears to be most outside peak)

### 2a. Is there anything you would spend more on?

Yes, integration of scooter/motorcycle into existing cycleways to improve on the 2-wheel uptake.

### 2b. Is there anything you would spend less on?

Public transport buses and trains (they are a money pit) and I can not see projects like the inner-city rail link providing value versus spend. The light rail too, was, IMO a vanity project of little worth.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

Management and operation should be removed from council control and yes, land could be sold off to enable this

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The AIAL is a source of income (I stand to be corrected) and it needs to be retained for that reason. Sale also opens the AKL public to a greater scope for increased fees (with the brake off)

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Maintain the asset. Once gone, another source of income ceases

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Reduce the burden on the ratepayers. It beggars belief how anyone on a pension or benefit (with own home) can survive with the rates as they stand. Income from these sources needs to act as an offset

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#525

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

Focus on core services (at least during these times)

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

No

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve Transportation issue once and for all.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Decrease spending on funding Events like Diwali or any which does not cater to all and visited by whole community.

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

We need a reliable and efficient way to travel to work and back. Too many times we face delays. If it means charging more money to us, then do it. But fix it.

### 2a. Is there anything you would spend more on?

Getting wider roads and new train cabins.

### 2b. Is there anything you would spend less on?

Maybe spend less maintaining parks

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

Will generate funds that can be used elsewhere.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

Always save for the future.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

We need to fund investment for the future.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Invest in future

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The Council should save money by reducing spending on cultural events. Not important. All cultures are already celebrated by each community. This can be done once the Council doesn't need the money for important projects.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It could add to the attractions of Auckland for both locals and tourists.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Same as above

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support

#541

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Raised crossings are safer

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Better use of the amenity would be good but it is short-sighted to sell parts off

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Reduce conflicts of interest

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The area is crying out to be redeveloped but the council don't seem to have the drive / the ideas / the ambition / or the political nous to do anything

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Don't trust the Auckland Future Fund. Sounds like a way of throwing money at consultants

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

It's not doing anything for the community under the present structure

**6a. What do you think of these proposals?**

#547

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Water and environmental top of the list

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cycle ways and Sport

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Targeting crucial infrastructure

Cycleway focus is ridiculous (and dangerous) in a city like Auckland

**2a. Is there anything you would spend more on?**

Protection of the jewel in Auckland's crown: The Waitemata Harbour

**2b. Is there anything you would spend less on?**

Sport and cycleways

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

More options for use

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We have sold off enough since the days of the Roundtable

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Best compromise

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Look after health of harbour before more development

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

There is enough action on the wharfs

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Can't comment as economically rather illiterate on civic matters

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our	Very Important
--	----------------

community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	The peninsula in particular is at risk

**Tell us why**

Sooner rather than later

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**Waitematā Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

I support most priorities

#555

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Very Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Very Important

**Tell us why**

Thé Waitemata is my home

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

More focus on protecting coast

**8. Do you have any other comments?**

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#564

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Ōrākei

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important

#564

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important
---	------------------

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

## Maungakiekie-Tāmaki Local Board Priorities

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in	

schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

I support most priorities

## Ōrākei Local Board Priorities

**7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Complete the seismic strengthening of the Remuera Library	Fairly Important
---	------------------

#564

Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Fairly Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

**Tell us why**

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Social security and community safety.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

None

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Public transport is necessary but cycleways can be held down since that is enough way.

**2a. Is there anything you would spend more on?**

Public transport should be safe and accurate.

**2b. Is there anything you would spend less on?**

None

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

We don't need more stadium around Auckland

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Airport facility matters

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keep the money for govt

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

They belong to the city council

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

None

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

We need more public space not for private use, how waste!

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

We need more public space not for private use, how waste!

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Have a sinking lid to staff retention and reduce your overheads and higher salaries

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Staff on \$100K or more

Staff "working" from home

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Owning 11% of the airport prevents a compulsory takeover of the airport and monopoly pricing

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Don't agree with future fund as it will be too tempting for future politicians to sell shares to fund things like a new downtown stadium

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#606

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more diligence stop wasting money on things we cant afford.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Any project that is idealistic nonsense like thinking the public transport even exists .

Stop endless empty buslanes and raised crossings to reduce congestion .

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Auckland transport needs to stop endless studies and reports that inhibit restrict and confound citizen freedom of movement around the city. nonsensical congesting buslanes especially those in Newmarket make the entire area a no go zone .

### 2a. Is there anything you would spend more on?

no

### 2b. Is there anything you would spend less on?

less restrictive island lumps and bumps and narrowing lanes

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

if we cant afford it we cant do it plain and simple. Council and government cannot keep telling us how to stop spending and then splash our money around in a profligate manner on idealistic romantic projects.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

Again if not affordable no choice

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Council cannot be trusted to not waste any fund they fill with our money

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The council cannot be trusted to not waste our money

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The entire port area has been ruined by the restriction of access and ridiculous lane restrictions so anything that gives back or returns our parking would be great

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Parking

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#613

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Anything deemed climate change related needs to be removed. The climate always changes and charging a nefarious fee does nothing to change that and only environmental resilience counts as relevant. " Climate Change " policies and expensive money grabs in the name of this fallacy are for the virtue signalling rich not the everyday individual just trying to make ends meet.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

Council cannot afford to meddle in every single thing that happens in the area. The only things we need sorted are 1. the disaster that is the degraded Mt Albert "centre". 2. Cancel tree removal from the Maunga forever. 3. Pause the ghetto for unitec until

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Put a stop to the destruction of our communities with the insidious establishment of community remand homes in our streets and the ensuing crime.

**8. Do you have any other comments?**

Get back to basics clean up what we have before any more idealistic nonsense. Let wait and see how the tenement built at the Great nth rd/ Pt chev Rd works. A high rise prison for the elderly / emergency housing works shall we???

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

On the transport side, do more for alternative transport modes - public transport, walking, cycling, etc. Especially around safety improvements for walking and cycling.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Within transport, less on roading, except for safety improvements. For example park the 'curbing' replacement program. More roads just bring more cars and more hard surface - in new development areas look to reduce the new road service - e.g. single lane alleys off larger roads

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I do not support 'stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways' - these are safety improvements and will save lives - reprioritise away from the roading network to these safety improvements

### 2a. Is there anything you would spend more on?

raised pedestrian crossings and cycleways.

Alternative ways for charging for car use in the central city - i.e. congestion charging - simple and ASAP

### 2b. Is there anything you would spend less on?

Road building, road maintenance, road curb replacements

## 3. Which options do you support for the North Harbour Stadium?

Other

### Tell us why:

Auckland has too many stadiums, this is probably the least used, so just remove it, see the land, but retain the community fields. Do not re-allocate / spend the \$33 million on this - use the \$33 million for other more priority things - e.g. saving lives with safety improvements for pedestrians

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Auckland airport and port do not seem great investments (returns to Auckland City) - diversifying hopefully will generate better returns to the city

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Currently it is a poor investment - move it to someone who can do something with the port, and invest the money where returns will be better

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Money is needed urgently now for infrastructure and public transport improvements

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

There seems to be no cost to the council to do this, and there would be future amenity value to the city

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

'For something else' - I would need a definite what this is for before supporting it - there is significant loss of income in doing this, with currently no known benefit, just maybe's

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#633

<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important
---	----------------

**Tell us why**

If funds are limited then I would prioritise environmental outcomes. Besides this planning is need for local population growth - parks and recreation space is limited, but somehow need to cope, especially for children's sport and recreation, e.g. more all

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

See above

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Basic infrastructure and transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Council should focus on what it is required to do under the LGA. Do it well. Anything over and above that is a "nice to have" in the current economic environment

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport, transport, transport. More frequently and reliably. The goal is peace of mind: never having to think “Is there a bus or train coming in the next ~7 minutes?” between common hours (7 am – 11 pm).

A vibrant city centre with more festivals and events.

More connection between suburbs with more shared walking and cycling paths.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I don't mind having less services at the local board level.

I don't mind having less regional amenities.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I highly support ticket-less payment for public transport. We're due for a PayWave integration.

I do not support stopping previously-planned initiatives. Raised pedestrian crossings can be cut out, but cycleways should remain in the plan.

**2a. Is there anything you would spend more on?**

I'd be willing to spend more for frequent and reliable transport, and cycleways.

**2b. Is there anything you would spend less on?**

I'm willing to spend less on raised pedestrian crossings.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes yellow cones and fix pot holes

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

The mayor upgrading to first class airfares

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Pot holes

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Auckland rate payers should be getting a good return re port land.

Even better would be telling the port to \*\*\*\*\* off and redeveloping or selling the land

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

See above. W

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I don't mind initiatives to slow traffic and keep people safer.

**2a. Is there anything you would spend more on?**

Public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I want greater public access to the waterfront.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More community safety initiatives, more sale of unused assets/properties (given the financial constraints, we don't have the luxury of holding on to something for "future" use if we haven't already identified what that future use is going to be)

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less "re-planning" of new strategies and policies in order to actually focus on implementing existing strategies and policies. Less governance support in order to actually put more resources into delivering planned priority focus areas. Less "nice to haves / conveniences" to actually providing the legally required minimum levels of service levels (given the current financial constraints).

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

#### 2a. Is there anything you would spend more on?

Charge for park and ride (but redirect funds to expand park and ride capacity)

#### 2b. Is there anything you would spend less on?

From the base case: Defer transition to NTS unless central govt contributes funding to council. Don't do the feasibility of low-cost bike ferry connecting Northcote and city centre (BCR likely to be very low or negative, there are other pressing priorities).

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

Given that the stadium has been consistently under-utilised, it suggests that the current management (TAU) is not suitable to manage the stadium (i.e. need change). Also, given the low utilisation, further investment into the stadium is putting good money after bad (would be better to see if a new management might help reverse the trend before further investment is considered).

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The establishment of the Auckland Future Fund adds complexity to council that is unnecessary. Council is not in the business of financial investment, and the same outcome could be achieved with the discounted option.

The "discounted" other option to use the cash from a sale of the remaining AIAL shares, and/or the lease of the operations of the port, to reduce council debt is more financially prudent. There is only one paragraph in the consultation document that stated the reason for discounting this option was because it did not "protect the value of the council's intergenerational assets and maintain real asset value over the long-term". This is misleading and feels like a misrepresentation. In the supporting documents and now public PWC report on the Future Fund, stated that the "enhanced status quo" (discounted option) actually ensures that intergeneration value is protected, just in a different way from how the proposed Future Fund seeks to "protect" intergeneration value (i.e. different doesn't mean no protection at all). By reducing debt and potentially ring-fencing debt headroom, along with council continuing to fund depreciation and renew assets, asset values will keep up with future needs and rise over time. Council could also potentially leave enough buffer to react to unexpected and external factors, thus providing better ability to react to shocks. I noted that the PWC report also cautioned that the Future Fund is only able to maintain real asset growth (assumed in proposed option) if there is no unexpected shock. The supporting document assumptions table stated that there is a high level of uncertainty as well (i.e. more likely than not that there may be shocks in the future). In summary, compared to the discounted option, the proposed option is built on a lot of assumptions, carries a high level of uncertainty and will be costly or impossible to unwind if future governing bodies wishes to reverse course.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I support leasing the operations of the port, but not the establishment of the Auckland Future Fund. The proceeds from the lease could be used to reduce debt headroom. See below for explanation:

The establishment of the Auckland Future Fund adds complexity to council that is unnecessary. Council is not in the business of financial investment, and the same outcome could be achieved with the discounted option.

The "discounted" other option to use the cash from a sale of the remaining AIAL shares, and/or the lease of the operations of the port, to reduce council debt is more financially prudent. There is only one paragraph in the consultation document that stated the reason for discounting this option was because it did not "protect the value of the council's intergenerational assets and maintain real asset value over the long-term". This is misleading and feels like a misrepresentation. In the supporting documents and now public PWC report on the Future Fund, stated that the "enhanced status quo" (discounted option) actually ensures that intergeneration value is protected, just in a different way from how the proposed Future Fund seeks to "protect" intergeneration value (i.e. different doesn't mean no protection at all). By reducing debt and potentially ring-fencing debt headroom, along with council continuing to fund depreciation and renew assets, asset values will keep up with future needs and rise over time. Council could also potentially leave enough buffer to react to unexpected and external factors, thus providing better ability to react to shocks. I noted that the PWC report also cautioned that the Future Fund is only able to maintain real asset growth (assumed in proposed option) if there is no unexpected shock. The supporting document assumptions table stated that there is a high level of uncertainty as well (i.e. more likely than not that there may be shocks in the future). In summary, compared to the discounted option, the proposed option is built on a lot of assumptions, carries a high level of uncertainty and will be costly or impossible to unwind if future governing bodies wishes to reverse course.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Don't support establishing the Auckland Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

There are other priority areas in the CBD to be developed, why not focus on that first while the potentially new port operators provide more dividends to potentially fund future improvements in this area?

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

There are other priority areas in the CBD to be developed, why not focus on that first while the potentially new port operators provide more dividends to potentially fund future improvements in this area?

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

Traffic must flow. Auckland Transport are currently fixated with slowing down traffic and creating traffic jams. This damages both the economy and the environment. It also makes rate payer angry for no good reason.

**2a. Is there anything you would spend more on?**

Fixing pot holes properly. Quality road repairs.

**2b. Is there anything you would spend less on?**

Raised pedestrian crossings and cycle ways.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The council needs revenue urgently.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Council officers probably don't know how to manage a business like Port of Auckland Limited.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Auckland Council needs more funds.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

There are enough public spaces in down town Auckland. As Auckland and New Zealand's population increase we will need more port space.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

There are enough public areas in down town Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Not Important
---	---------------

#692

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

The main infrastructure should be the main priority. Auckland already has plenty of parks and open spaces. Most of these are currently not fully used.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Average.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Partnerships with community organisations to help youth, homeless with vocational experience eg on environmental projects, repair and recycle workshops council to offer land to develop or workspaces to use.

Also sheltered bike parking outside all public areas and ferry to cotomandel

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Still need cycleways especially school routes to encourage students

**2a. Is there anything you would spend more on?**

Bike shelters in schools or public places.

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Too much land wasted on parking make permeable land to soak water. Add Farmers market? Green up the space around into more park, gardens. Sport facilities dotted amongst parkland outdoor theatre, movies, music concerts

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Air travel is the elephant in the room when it comes to climate change. So sell most of airport shares. Number of traveller's may drop anyway. We may need to look after ourselves, as more homes drop into the sea.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Gives council more flexibility over the longer term

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Fund could be mismanaged and we need infrastructure now.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Nice to have but can do it later. Money must go on transport and water,

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Other</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	
City and local development	Do less
Environment and regulation	Do less
Parks and Community	
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NOT ONE THING I WOULD PAY MORE FOR!

Council has to live within its budget

It is a recession out here in the real world and council is still spending like a drunken sailor

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

COUNCIL MUST RRETRENCH AND FOCUS ON THE BASICS

Kiss good bye to all other projects and get back to core functions

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Public transport is a boondoogle run by an out of control AT

AT needs to be disbanded and the millions spent on ridiculous projects need to be saved.

Look a crossings on Meola Rod. HOW CAN ANYONE IN THEIR RIGHT MIND SUPPORT THAT PROJECT??

**2a. Is there anything you would spend more on?**

REDUNDANCIES for AT Staff

**2b. Is there anything you would spend less on?**

YES

Auckland transport needs to be cut back to run within budget

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

When the budget doesnt balance you need to sell assets

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

USE THE MONEY FROM LEASING TO BALANCE THE BUDGET

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

IF YOU CANT BALANCE THE BUDGET YOU HAVE TO SELL ASSETS

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

CUT ANY UNNECESSARY OPENS

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

council is NOT a developer leavethe port for port operations

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

council is NOT a developer leavethe port for port operations

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

You DO NOT have permission from ratepayers for this fluff and pretty sounding projects

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support any priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

Doesnt Council get it?

People are hurting there is a recession.

Spending money on anything else than core services is tantamount to criminal

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Has any thought been given to the MOST IMPORTANT priority?

Reducing spending by at least 30%

**8. Do you have any other comments?**

Council needs to realise it is our money they are wating.

IM sick of paying rates for schemes and projects that have nothing to do with core services of local government.

One of the things that will never happen is the council saying rates will be reduced this year.

This is because we have a bunch of greedy councilors who mouth platitudes but do not get to grips with the underlying wastage and excesses

REDUCE RATES NOW

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less involvement in events & economic development.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Lack of focus on alternative & multi-modal transport solutions.

### 2a. Is there anything you would spend more on?

More cycle trails and cycle infrastructure. The RoI for cycle paths (dedicated, direct, diverse and NOT shared paths) is better than anything else.

Increase the range and availability of alternative transports such as electric scooters, e-bike stands.

Reduce the user-pays cost of public transport significantly.

### 2b. Is there anything you would spend less on?

Less focus on electric vehicles (busses, ferrys etc) at rapid pace.

Less removals of level crossings.

## 3. Which options do you support for the North Harbour Stadium?

Other

### Tell us why:

Sell the stadium.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

A strong port is critical for a well-functioning economically strong city.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of	Fairly Important

#739

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Capped PT costs are a good thing, but I am concerned about scrapping projects that are already under way

### 2a. Is there anything you would spend more on?

All public transport improvements are to be welcomed. Poor options are the main reason Auckland doesn't feel like a world class city

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

It's a waste of money if it's not being useful

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Privatisation of public projects doesn't have a history of working long term

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

I actually think a combination of these is probably the best option

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

I don't feel like I've been given enough information about the possible ramifications of losing the port

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#741

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

Would be good to see more support for the PT Chev library, especially with all the new housing in the area. The current one is too small and can't offer all the services it needs to.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improved rail, public transport, cycleways plus congestion charge 1 to reduce traffic & pollution : )

More funding for the arts & culture /including Maori, so Auckland doesn't fall too far behind other cities

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cycleways should be a priority in an age of climate change to promote exercise & get cars off the road

A tax on electric scooters / cycles is a good idea : )

**2a. Is there anything you would spend more on?**

bigger parks, especially downtown waterfront, with larger areas of grass / trees

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Auckland airport should be under council control

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Move the port from central Auckland,

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

council should retain shares in port of Auckland

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Central Auckland badly needs a large park by the sea

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Supporting public services to help those most at need (eg citizen's advice bureau, city mission, police, public transport).

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Gentrification, focus on single big events

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Removing focus on cycle lanes increases traffic. More people cycle if it is safe and accessible. There are still issues where there are some cycleways with sections on heavy roads which preclude this.

### 2a. Is there anything you would spend more on?

Should focus on public transport and cycleways and reduce emphasis on cars. Try to stop cars coming into city. Ideally have a better train system. Introduce a central city fee like other cities to stop traffic coming in to centres, Have some streets one way to reduce congestion, and central meridian barriers to stop u-turns on major roads. Have some roads not accessible for big trucks in central areas.

### 2b. Is there anything you would spend less on?

Raised pedestrianways are confusing. They do not have right of way but people think they do. Better to put in a pedestrian crossing. Focus on increasing roading at expense of public transport is not sustainable.

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

Greater use gets greater engagement with community who then will support it. Selling it off will minimise options for community to use it, do not support that.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Privatisation has been proved not to work and will compromise us in longer term

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Should not sell off council assets if possible. Possibly reasonable to lease out for funds but not for 35 years, better to keep council owned as part of overall plan.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Focus should be on necessary social services as priority before all others.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Depends on what is planned and what is meant by public benefit. Currently functional, best to keep in same mode

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

**Tell us why:**

The underuse suggests it is set up for the wrong purpose. It would be better to put the land to other use.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The Airport is a strategic asset and control should be maintained.

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Have swimmable beaches.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop paying the employees heaps of money. If a nurse earns on average 80k then why should an employee of the council earn hundreds of thousands when they're not saving lives.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Stop the cycleways. Why capped public transport when that's what you want to encourage? I'm confused.

### 2a. Is there anything you would spend more on?

Roads that work.

### 2b. Is there anything you would spend less on?

Cycleways

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

Don't need such a large stadium. Make it smaller but keep it and make it more accessible.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

Try and keep Auckland airport shares.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

### Tell us why

### 7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

### 8. Do you have any other comments?

Raising rates substantially in the current economic environment is a huge burden to rate payers.

Council spending more will contribute to the high inflation which we all trying hard to fight with.

Therefore, rate increases and spending more should not be planned by council in the coming few years.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Main road repair and drainage cleaning

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend millions of dollars on Maori sign, logo, etc... Really can't see the benefit for general public, it is an unnecessary spending.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Cannot see any improvement in the past few years, traffic is getting worse not better. For those who hold overseas driving license must take compulsory driving test to get NZ driving license, it could make the road safer.

### 2a. Is there anything you would spend more on?

Road toll, motorway peak hour charges, EV and diesel road user charges, 10c feul tax or less because the recent living cost e.g. 5c (If you use more then you pay more)

### 2b. Is there anything you would spend less on?

Cycle lines, cannot see the benefit for majority commuters

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

Why North Harbour, do we have only one stadium for the whole Auckland?

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It could possibly end up public in general will pay more to use for the one and only Auckland International airport

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It will possibly be increase the cost of living for Auckland people

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It will possibly be increase the cost of living for Auckland people

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

It will possibly be increase the cost of living for Auckland people

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Do we have a better plan or other port area?

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Do we have a better plan or other port area?

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It's hard decision to increase these charges

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

Please do some work!

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**#816**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better pedestrian and cycling routes funded by congestion charging for cars

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

cycleways are vital. people should be encouraged to cycle to work rather than driving or using public transport

### 2a. Is there anything you would spend more on?

cycleways

### 2b. Is there anything you would spend less on?

roads

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

### 4b. Which option do you prefer for the future of Port of Auckland?

Other

**Tell us here:**

close the port

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. **6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Maungakiekie-Tāmaki, Ōrākei

## Manurewa Local Board Priorities

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

Fairly Important

More specifically, what do you think of each priority we've listed above?

#825

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

not much

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I support most priorities

## Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other	Fairly Important

environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

**Tell us why**

not much

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

996

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport and bike based transport improvements

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less car-focused based roading improvements.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Need more bikes

### 2a. Is there anything you would spend more on?

Extend motat tramway to war memorial museum and make it a PT line.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

In theory yes. But don't want to see that scam of sell some asset to private entities and end up paying a rent for a minimum term (ie, Chicago parking).

Provided council owns the land, it's probably ok.

As a Future Fund, perhaps it could invest in property itself and achieve revenue for the council through New Zealand's obviously best investment method. Built to rent housing, etc.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

The fund could become an investment powerhouse much like ACC and NZ Super.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

There are other areas in Auckland that could be improved first.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden, Puketāpapa

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
--	---------------

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Idiots will continue to litter and dog poo will be left in parks if there are no bins to use.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Puketāpapa Local Board Priorities**

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#828

Invest in opportunities to support local community leadership.	Not Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Very Important
Consider our investment in facilities and services to see if there are opportunities to do better.	Very Important
Support initiatives that improve and encourage walking and cycling opportunities.	Very Important
Help coordinate and support local business groups.	Not Important

**Tell us why**

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensuring that houses aren't empty

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

build motorways

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I can't see what I would do differently

**2a. Is there anything you would spend more on?**

Cycleways

**2b. Is there anything you would spend less on?**

Motorways

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Its fine as it is

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Not well informed

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Sick of overseas investors not understanding treaty obligations

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

n/a

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

waterfronts should be for the public

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

let them have something

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Adequate funding of public transport, with the cancellation of light rail increased funding to implement some sort of central rapid busway from Mt Roskill to the city center needs to be funded urgently, either with government support or without.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Eke panuku should be disestablished, why do we waste money developing plans for land production, hand this over to the public companies that develop them and implement a streamlined sense of requirements per land size (greenspace, business minimums, unit minimums and cost)

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

In order to fix Public transit funding these proposals is the only way we have a chance to get there adding one more lane to motorways will not get us there it hasn't worked anywhere in the world.

**2a. Is there anything you would spend more on?**

Why isn't there an affordable way to add a rapid central busway corridor, for a limited amount surely the current bus lanes could be upgraded down Dominion/ Sandringham road to increase capacity with limited funding levels. The fact this has not been considered already seems crazy to me.

**2b. Is there anything you would spend less on?**

Roading upgrades without tolls, to use public transportation we pay, to use roads charges are less we need a more equitable distribution of financial burdens regarding transportation.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Sell land to reputable developer such as housing provider simplicity for re development, public greenspace must be largely retained, stadium is currently not fit for purpose of the local community and needs to be scaled down.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We cannot continue to sell off publicly owned services and assets, we need a sustainable future for the council, this fund doesn't get us there we don't have unlimited assets and we will run out. This is not the way to reach a sustainable funding level. This needs to be achieved through lobbying the government to generate new ways to achieve funding - capital gains from benefits of council and government developments, air bnb charges, beds charges, toll charges on non aucklanders using city roads etc. there is no way regardless of these changes that the current funding model still will work.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

If you cannot guarantee we will make more money over the long term from leasing compared to our continued running of the service this is a poor choice that prioritises the present while damaging the future.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

Tell us here:

Both! 50/50 split

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Yes the benefits from development with capital and could likely also make the council money, however it is important to ensure that this space is usable inviting and accessible to all aucklanders, I would support this proposal if the development includes

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Fairly Important

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes is a terrible goal which will not work, in theory this would save money and waste in practice people will instead dump rubbish and require council staff to

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Most great, one terrible

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Funding would be used up other than it was planned for

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount

#912

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important

Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More for public transport and cycle ways.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less for roads and cars

We need to support a reliable public transport system . Get people out of cars

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We need to support public transport. Get people out of cars . But please keep working on cycleways

**2a. Is there anything you would spend more on?**

Cycleways and improving public transport

**2b. Is there anything you would spend less on?**

Roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#913

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

## Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

**Not Important**

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important

#937

Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Do not support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

Tell us why

8. Do you have any other comments?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Rubbish collection and maintenance of public spaces

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cycle lanes

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Public transport is essential and needs to be reliable

**2a. Is there anything you would spend more on?**

Bus lanes

**2b. Is there anything you would spend less on?**

Traffic islands and cycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Not a priority

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I believe we should keep shares in airport

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Important to retain control of ports of Auckland

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

We need a stadium. it's miserable down there.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#960

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	I don't know
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

You've done nothing so far, it won't improve.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better buses.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dont subsidise golf courses or amenities not everyone can use. Charge them market rents and rates

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

Increase the fuel tax and apply congestion charges to cars. Make it user pays and get people on public transport.

### 2a. Is there anything you would spend more on?

Toll booth on the CBD

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

### Tell us why:

The blurb was nothing but buzz words and \*\*\*\*\*.

### 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Dont privatise it, it will be worth more in the future.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Isn't it a car storage facility atm. Can be better utilised.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

How does rubbish bin free reduce waste? it wont.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Fix point chev, it's a mess and the shops there. are gross.

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	Lifes harder when youre poor, we should do more in this area generally.

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Absolutely nothing, the money you have is being poorly spent.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All the rubbish events that are poorly attended. The \*\*\*\*\* food scraps bins we didn't want. The waste of money on Libraries! The improvements to the CBD which have made it impossible to move through. The \*\*\*\*\* bike lanes on both sides of the road (Ian Mackinnon Dr). All the bureaucracy, how many staff do you have verse what you actually need. Get everyone back in the office and being productive. Why the heck do you ask for feedback and then not bother to change anything. Stop taking money and run the Council like a business.

## 2. What do you think of the transport proposal?

Don't support any of the proposal

### Tell us why:

The thought of a congestion charge when the public transport is in such a state is shocking, don't you dear. Auckland Transport is a disgrace. The money that has been wasted on speedbumps, crossing and slowing people down has turned Auckland into a third world city. Focus on building roads and getting people from a-b quickly.

### 2a. Is there anything you would spend more on?

More car lanes and getting rid of the speedbumps.

### 2b. Is there anything you would spend less on?

Raised crossings, bike lanes, the people in Auckland transport that are paid to make Aucklanders lives worse, fire them all.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I dont trust any of you to do anything right.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Rates relief, stop spending money you dont have muppets.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Services and staff need to be cut. Stuff food scraps recycling and climate initiative and get back to the basics of delivering services that Aucklanders want and need. Get rid of half the libraries!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

There is no money to change things so leave it alone!

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

NO MONEY REMEMBER

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Other</p>

#995

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Like the rest of Auckland Businesses, Auckland Council needs to earn their keep and start cutting back. If you want something, something else has to go.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

Why would you get rid of rubbish bins in public spaces, this just displaces the rubbish, it doesn't minimise it. If the people of Pt Chev need a library there is one less than 10 minutes up the road in Grey Lynn or they can use Leys in Ponsonby. None of

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Focus on getting people moving easily around the area and preserving heritage spaces.

**8. Do you have any other comments?**

You need to cut costs and stop increasing rates.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the storm damage in Oakley Creek.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Raised pedestrian crossings, unnecessary road works

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

we under utilize our stadiums and need to keep them up to standard to encourage use

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

the airport shares have been sold down so much that we can't consider them a strategic asset so there's no point in holding on to them.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We need to protect the port from becoming a shipping line monopoly or all profits going abroad. It would be dangerous to sell POA to Tauranga or another operator who doesn't care for the city as much as Aucklanders do. The current management seem to be doing a good job

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Makes sense for the profits to then make more money rather than going on pet projects councillors care about but don't deliver for the city.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The port seems to be okay with this proposal and I trust that they know what area they need to be able to support the city.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Auckland needs a functioning port (all cities do) so why make it impossible for them to support the economy? Taking a huge space like that away seems to be too much too soon. If there was a 40 year plan for a new port location further out of Auckland and it was funded then I'd understand a planned change in the current operational footprint.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing</p>	

#996

the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Fairly Important
---	------------------

#996

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Focus on fixing Oakley Creek and the Waterview waterfront walkways.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Invest in active transport, especially walking and cycling infrastructure

Making the roads safer by investing in speed reduction initiatives.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

We need to invest more in raised pedestrian crossings and other safety initiatives, not less.

### 2a. Is there anything you would spend more on?

Invest in active transport, especially walking and cycling infrastructure

Making the roads safer by investing in speed reduction initiatives.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

The stadium is an underutilised asset

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

Its better to leave ownership of shares, and their dividends, with all Aucklanders.

**#1005**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leasing arrangement will limit ability of Council to control Port operations for the benefit of all of Auckland

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Unclear what the future fund objectives (for investment) are.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

More Port areas needs to be accessible to Aucklanders in the CBD

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1005

**Tell us why:**

As above

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Remove bike lanes and add car parks. Build or contribute to a new waterfront stadium

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1012**

Employee less people. Be less restrictive on planning and the consents process (way to over the top). No money to any Maori organizations. Less traffic management

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Reducing temporary traffic management is essential

### **2a. Is there anything you would spend more on?**

More lanes on the motorways. Removing traffic lights. Removing cycle lanes

### **2b. Is there anything you would spend less on?**

Bike lanes, bus lanes, having signs in Maori instead of English, council events opening new infrastructure

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

The stadium should be run by private organization as council has clearly shown they don't know how to manage anything

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Privatize more operations

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1012

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#1012

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting	Not Important

#1012

volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

This are all policies that do not enhance the community and are a waste of rate payer money

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

My major priority is that council should enable more high-density urban development. I understand a common objection is the council-side costs of that. I'd like them to absorb that at the cost of increased rates if necessary.

**#1015**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Arts funding is a pointless way to funnel money to the children of aristocrats via their friends in government. Every time I see a single cent spent on public art / etc I am irritated.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I support cycleways and think that there should be more emphasis on that and walkability.

**2a. Is there anything you would spend more on?**

The aforementioned cycleways.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I have no views on this subject.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#1015**

**Tell us why:**

I do not trust Council or ratepayers to keep the fund ring-fenced. I am concerned that if the proposal went ahead it would inevitably be spent on keeping rates artificially low for a few years and then it'd be gone.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

As above, I don't trust council or ratepayers with the Auckland Future Fund.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Investing it is better than spending it on council services. Rates are artificially low. They should be raised. They are a very rare tax with positive social benefits.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

In general I am concerned that the proposed rates increases are extremely low.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

#1015

I have no views on this - it's a challenging economic question with good arguments either way.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

As above, this is a very technocratic question and outside of my competence.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

There isn't enough information here to answer without exhaustive research. Lots of people will answer these questions but I'd guess approximately none have done the research. There should be more detail on this page.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden,Whau

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

#1015

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Albert-Eden is revoltingly NIMBY. The Chamberlain park fiasco was permanently alienating for many people under thirty. Nothing else matters, and "planning for how our parks can respond to growth" sounds like "gearing up to fight any possible development a

#1015

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

It's grotesque and completely failing to engage with real issues.

**Whau Local Board Priorities**

**7b. What do you think of our proposed priorities for Whau in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	Not Important
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	Not Important
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	Not Important
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	Not Important

**#1015**

We will consider accessibility and inclusion across our services, engagement, and other initiatives.

Not Important

**Tell us why**

Literally none of these priorities matter, given that Whau remains relentlessly NIMBY.

**7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?**

Literally none of these priorities matter, given that Whau remains relentlessly NIMBY.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1030**

Yes - reduce the significant number of empty bus legs that i see every day - bus after bus going past with less than five people on - wasteful spending. No more investment in bike lanes, cultural events, more user pays for all services provided.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Usr pays - you want to use the bus or train - you pay the cost, no subsidies.

**2a. Is there anything you would spend more on?**

No - you have to learn to live within your means which means you have to live with what the rate payer can afford.

**2b. Is there anything you would spend less on?**

Refer previous - public transport, cultural events and any nice to have rather than must have (must haves are water, sewage, rubbish etc).

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

User pays - if it doesn't stack up for a commercial entity to do it then don't do it. Only do it if it can support itself.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#1030**

**Tell us why:**

Makes sense.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Makes sense, Council has not business being a port operators, land lord yes, operator no.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The land is not required for the council to 'do something else with' Downtown Auckland is a disgrace thanks to council taking the heart out of the city over many years.

#1030

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycleways and cycling infrastructure

Raised pedestrian crossings, more safety features on roads for people who aren't driving

**#1040**

Maintain existing bins in public spaces to prevent dumping

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Reduce trash collection to fortnightly

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Do not cancel planned pedestrian crossings and cycleways. They offer the only meaningful alternative to sitting in traffic for hours a day.

I support congestion charging but argue that it should be high enough to be meaningful. That is, more than \$10 or \$20 each way. Otherwise it becomes just another sort of tax that the less fortunate (that is, people who can't afford to live closer to the city) must pay. Use the money to offset public transport increases + price reductions

**2a. Is there anything you would spend more on?**

Cycleways

**2b. Is there anything you would spend less on?**

Roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Other

**Tell us why:**

Have you considered leasing the land to retain ownership while still capturing some of the value of increased land values + desirability thanks to the redevelopment? Focus

**#1040**

on the longer term picture. That land is going to be worth a LOT more in 10-20 years and the rents will provide a better return over the long term

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Are you in the business of managing a fund or are you in the business of managing a city? I see some value in diversification but ultimately believe the better path is to invest that money in infrastructure for our city that generates returns over the very long-term. Professional managers will charge you a considerable fee and have you believe they'll manage the risk for you but it's a farce. Plus, that money will no doubt move offshore to chase markets overseas when we clearly need to invest locally. If the fund had a mandate to invest in local initiatives like those I mentioned above then I can see the logic. Otherwise: maintain ownership in Auckland Airport. It's a long-term strategic investment and it makes sense for Council to keep a meaningful stake in it.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Lease it and use the money to fund infrastructure spending and improvements to the city rather than in some arbitrary fund.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

#1040

See above criticisms on the Future Fund concept

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Focusing on keeping rate increases at a minimum strikes me as a false economy. Are we putting off the maintenance and infrastructure spending we need to keep our city running effectively? We might reduce our costs in the near term but they will no doubt come back with force later. A dollar spent today beats the ten dollars we have to spend in 5, 10 years.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	I don't know

#1040

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Cycleways and safer pedestrian crossings

**8. Do you have any other comments?**

Build the damned cycleways, we've been in consultation forever

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport and water. Core council services

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cultural development. Not the responsibility of council.

**#1041**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Hopefully stops wasteful spending by Auckland transport. They are a disgrace. The amount they have spent on traffic management is verging on corruption

**2a. Is there anything you would spend more on?**

Water infrastructure with government assisted funding

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It is a white elephant. Unused & a waste of money maintaining.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1041**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Better deal for rate payers & council

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Enhances downtown Auckland for locals and visitors

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1041

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#1041

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#1041

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

stop funding services groups, events that are not part of the core mission of the Council. The Council should be focused on delivering urban services roads, street lighting rubbish collection etc

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

stop building features that delay, impede and otherwise disrupt traffic flow. Stop building cycleways that have little demand.

### 2a. Is there anything you would spend more on?

Build more roads

### 2b. Is there anything you would spend less on?

anything that impedes vehicle travel, reduce spend on initiatives designed to force people from cars

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

The North Harbour Stadium is a white elephant and should never have been built. it should be redeveoped and the money saved

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

**#1049**

The redirection of funds away from the airport shareholding is a sensible financial decision

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The Council needs to leverage the financial assets at its disposal. This proposal is a good option

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

There is a requirement to consider future generations to utilising existing funds to deliver future development addresses this required balance

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

no

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#1049

these are an eye sore and should be redeveloped

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

the reduction in lease value of \$300m is too much of a financial hit to transfer out of port usage

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Other</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve the water supply network to ensure better drought resilience and less leakage waste

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1053**

Less regulation, less non-essential roadworks, less parks and reserves development or redevelopment until the council books look healthier

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

Streets are becoming too visually overwhelming with coloured lanes, signs, cones, barriers, crossings and speed bumps. There is so much to try to be aware of that vehicle drivers become less aware of pedestrians and streets are becoming unappealing

### **2a. Is there anything you would spend more on?**

No

### **2b. Is there anything you would spend less on?**

Constantly changing road markings, temporary traffic control, speed bumps (that tear up the road either side) changes to Central City street arrangement

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

The stadium is completely under-utilised, much like the other 2 large stadia in the region.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#1053**

**Tell us why:**

As with private individuals or companies, items like shares provide a fallback reserve to be used. When the accounts and economy are in bad shape, they can be cashed in to reduce stress on ratepayers and then when things are going well investments can be made again.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

This is prime waterfront land that brings huge amounts of imports into the centre of the busiest city where it then needs to be distributed by overloading the transport network. A better return can be made by redeveloping this land, allowing ratepayers access to the waterfront and moving the port to somewhere with better transport connections.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

To reduce the need to constantly crucify ratepayers with increases

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

As above - move the port and redevelop the waterfront

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1053

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The wharves are often empty and unused. Make the port rationalise its operations

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#1053

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

recycling

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

we need to do everything we can to get people on cycles and on foot. safe cycle-ways are important

**2a. Is there anything you would spend more on?**

cycle-ways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

i never use it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

we don't need airport shares

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1074**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't trust future councils to retain ownership and control

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**6a. What do you think of these proposals?**

#1074

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#1074

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

**#1078**

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Our public transport really needs help. And it should be cheaper. Getting around is a huge barrier for a lot of people. I also believe there should be continued investment in arts and science, these are effective methods for societal progress.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1104**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I believe our public transport needs a huge overhaul, and prioritising public transport is important. I am very supportive of the weekly cap on fees.

### 2a. Is there anything you would spend more on?

More bus services available

### 2b. Is there anything you would spend less on?

Changing road marking and road routes - it seems to take a really long time and is very expensive

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

I believe the Auckland council should have a stake in the airport, it is vital to the function of our city. I do believe establishing a managed fund would be a great idea for the city.

**#1104**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I am concerned about the impacts this would have on the function of the port? And I am also concerned about loss of jobs. However it does sound like a good idea maybe?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

I think do both! We as a council do need investment now, but it would be foolish to not prepare for the future. We always need more money to get things done

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I think it sounds like a good idea - as long as it does not significantly impact the function of the ports. I would love to see these spaces made into spaces that will help enrich the city! I do not believe private property/ luxury real estate would be a

**5b. What option do you prefer for Bledisloe Terminal?**

#1104

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Again, I would not like to see this used for private property/ luxury real estate. But I do think the waterfront is a great resource for culture and for the city. I would like local iwi to be considered.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle lanes

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roads

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Let's kill more cyclist and pedestrians by making it unsafe to cycle places. network optimisation, reducing temporary traffic management requirements and introducing dynamic lanes

stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

### 2a. Is there anything you would spend more on?

making public transport faster, more reliable and easier to use by investing in rapid transit network actions, such as making it easier to pay and introducing capped weekly public transport passes. Cycle lanes.

### 2b. Is there anything you would spend less on?

network optimisation, reducing temporary traffic management requirements and introducing dynamic lanes

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

Defund Auckland airport take ur shares out they're useless

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1115

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#1115

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

**#1115**

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

fund the arts

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

bureaucracy, council salaries

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cycle ways and pedestrian crossing are important - DO NOT STOP WORKING ON THEM

**2a. Is there anything you would spend more on?**

water security

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#1120

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

parks need rubbish bins

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keep support agencies like Citizens Advice etc. funded for those who have limited resources and cannot pay for other services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1126**

Spend less on pedestrian crossing improvements and other traffic calmers unless absolutely needed.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We need to keep a say in Auckland Airport to ensure it is well maintained and continues to operate in the best interests of New Zealanders.

**4b. Which option do you prefer for the future of Port of Auckland?**

#1126

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better availability of sports field booking.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1138**

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Cars should be deprioritised, and other modes of transportation should get more funding.

### 2a. Is there anything you would spend more on?

Protected cycleways and pedestrian access, upgrading public transport, funding trains and ferries, discounted/free access to public transport

### 2b. Is there anything you would spend less on?

Car-based infrastructure

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

### Tell us why:

This section of the document is really hard to parse for the layperson. However, I am opposed to privatisation of the management of public funds.

**#1138**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I am opposed to privatisation of port operation.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1138

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#1138

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

For the Rodney Drainage Districts Targeted Rate, the document does not clarify the proposed changes.

"We also propose to: make amendments to the Rodney Drainage District Targeted Rate to adjust the boundaries of the rating maps for the Te Arai and Okahukura drainage districts, and make adjustments to the rates. The changes will to better reflect the areas benefiting from the relevant drainage schemes and the nature of the benefit received, including the introduction of a new rating differential where Class C land, which indirectly benefits, pays 10 per cent of the rates paid by land that directly benefits, Class A land"

How will the amendments adjust the boundaries? How will the rates be adjusted? How will the changes reflect the areas benefitting and what benefit they receive? What does that last run-on sentence actually say? Why hasn't Class A/C land been defined anywhere in the document?

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

#1138

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#1157

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Not Important

#1157

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More spending on basic services such as water.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1168**

Completely defund Auckland Transport. No more unused cycle lanes, no more raised crossings, no more removing car parks and restricting access to roads. Fire the lot of them.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Trains are an outdated technology. The City Rail Loop will be an expensive white elephant, it will never have the numbers using it to justify the cost. Spend money on dedicated bus lanes.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

Dedicated bus lanes.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Why do we need a major stadium on the North Shore?

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**#1168**

Contract out the funding to the NZ Super fund. They are the experts. Get the Government to change the law to allow you to do this. You are too small yourself.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The Port Company is incompetent. Either float the shares or do the long term lease.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I think the Port Company is incompetence but so is the council. I would not trust the council to spend money wisely or do any development.

**5b. What option do you prefer for Bledisloe Terminal?**

#1168

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More roading improvements, NB this DOES NOT MEAN RAISED CROSSINGS OR CYCLE LANES!

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1173**

No more cycle lanes, bus lanes and traffic calming measures, lets teach out kids to look both ways first. Need to move with the times, libraries are going the same way as books, there are less of them. Less social services, this is central govt role not council

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Do not support raised crossings, cycleways

**2a. Is there anything you would spend more on?**

roading repairs and maintenance, building out new roads to cope with demand,

**2b. Is there anything you would spend less on?**

Bus lanes, cycle ways, raised pedestrian crossings and speed calming measures

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Sell it, and consolidate to fewer, we have too many costing us too much

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#1173**

We should not be selling income generating assets, you can only sell them once. We should be looking at the waste and bloat internally

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Remove council involvement, transfer to commercial entity that will extract maximum return

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

We need to monetise these assets, transferring to council will mean more costs and bloat, give them to a commercial organisation to extract maximum value

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#1173

Tell us why:

Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

This is a major area for savings, this group makes the most noise and has minimal impact, we really need to look hard at whether we need this group.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Save money!

**8. Do you have any other comments?**

Why are we spending money on collecting food scraps with the inability to opt out when we already compost and have a worm farm, how much are these community recycling centres costing and are we seeing the benefits of less landfill yet, especially given 50% of waste is construction.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increases cycleways and end of ride facilities such as bike locking stations

Increased bus lanes in peak hours to replicate the success of the Northern line

**#1176**

Alcohol free zone removed from Victoria Park to encourage socialising, this would require increased bin facilities

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Agree with transferring shares to the fund.

Disagree with further sell downs.

I would prefer shareholding was maintained, as a core asset, with dividends and future contributions invested elsewhere for diversification

**#1176**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Ports of Auckland should be shifted south to create an air and sea freight hub in Manukau. Land where POAL currently operates could be transformed into prime entertainment space to reinvigorate the city.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Love the idea of a future fund. Would like to see a shift to Auckland using annuities from this fund rather than living hand to mouth.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Love the shift to self insurance and future fund. Well done.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#1176

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Waitākere Ranges

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#1195

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Waitākere Ranges Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Initiatives to support community resilience and safety.	I support all priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Very Important

#1195

Continue to activate library spaces with programmes, services and events.	Very Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Very Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Very Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Very Important

**Tell us why**

Very Important

**7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fund initiative based on EQUITY. Better health, housing, social outcomes for Māori and pasifica

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1204**

Less power for council members, more power to communities that these decisions effect

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Make driving less desirable, and get more people on public transport! Make it cheap, and make it so people can get to where they need to go more effectively

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#1204

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

#1204

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>

#1204

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Separate the bins for waste and recycling with appropriate signage. Make the bins fit for purpose for example, only glass bottles holes can fit bottles, and not other rubbish

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide	Not Important

#1204

decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## **Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#1204

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

#1204

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

#1204

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

#1204

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I do not support most priorities

## Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Fairly Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful	Not Important

#1204

parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

**Tell us why**

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

New bus routes, across town, from East Auckland toward West Auckland. Also in central suburbs too.

**2b. Is there anything you would spend less on?**

Dont make more roads, we need more reliable buses. And more frequent bus services.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

We don't want, don't need a separate stadium for people of North Shore!! what about other parts of the city? Lets demolish that, make a big green park so everyone can benefit from that. No more apartments there.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We should hold on Auckland International shares. No more selling assests.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Close down the port. It can be huge entertainment, shops, swimming pools, parks there. No more apartments there.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

Close Captain Cook and Marsden wharves down, transfer them to another city or town. No more unneeded crowds in Auckland. Already Auckland is over populated.

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

Close it down, or transfer it to somewhere outside town.

#1221

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Less new builds, more buses.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1238**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Should not stop pedestrian crossings and cycleways.

**2a. Is there anything you would spend more on?**

Cycleways, they provide the greatest return on investment.

**2b. Is there anything you would spend less on?**

Roads, they provide very little return on investment.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

All stadiums should be managed in a way that maximises their use, limits on their use should be removed.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

I think the fund should be established, but the AIAL shareholding should remain with the council, as the airport is a strategically important asset to Auckland.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1238**

Other

**Tell us here:**

Difficult to know what the best option is without understanding why the upfront payment from the lease is more than the returns from continuing to own the port operations.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The benefits of using the wharves for something else are likely to be concentrated in a small number of Aucklanders, whereas the current situation benefits all Aucklanders equally.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#1238

The benefits of using the terminal for something else are likely to be concentrated in a small number of Aucklanders, whereas the current situation benefits all Aucklanders equally.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
--	----------------

#1238

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1255**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1255

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

#1255

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Proper public transport with long-term vision and funding, that can’t be disrupted at a whim by political parties.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1262**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

More money needs to be spent on non-car transport to incentivise people to drive less on Auckland.

**2a. Is there anything you would spend more on?**

Cycleways, trains, light rail, electric buses

**2b. Is there anything you would spend less on?**

Roads.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1262**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

PLEASE do something with this land. It is such a waste of opportunity currently.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1262

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The most important thing is to build more infrastructure. Not housing inside the city boundaries. Both: new houses & businesses need to be encouraged to establish their HQ's outside of the City Centre. 16m from Pt Chev to Mt Wellington is taking 1 hr drive in peak traffic. It is utterly ridiculous. We need roads. Public transport is not used because the city is spread far too wide & it is not beneficial for average Aucklanders to

**#1269**

use the public transport. Bus roads are paid for by tax payers, yet we cannot use them. They are often empty, yet cars cannot use them to even turn left 200m ahead of the intersection.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

stop building apartment blocks in the middle of the city suburbs, without new roads & relevant parking places. You are only blocking the roads more!

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

More roads need to be built. Less low rise residential developments without car parks in the central city suburbs.

**2a. Is there anything you would spend more on?**

yes, more lanes for each road in Auckland basically... .

**2b. Is there anything you would spend less on?**

yes public transport. Vast majority is using cars. City is too spread out for buses or trains to cover all the corners of it. Because of that, it is inconvenient for most Aucklanders to use it. This is why everyone will keep using their cars. And this is why we simply need more infrastructure & not buildings.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**#1269**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1270**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

#### 2a. Is there anything you would spend more on?

The public transport system needs upgrading as a way of reducing traffic with associated pollution. Many of my colleagues are very reluctant to consider using it as it is unreliable and inconvenient. We need heavy rail to the airport

I would also strongly advocate for improved cycle lanes and safer road crossings. I ride my bicycle to and from work every day and I would have an uncomfortable encounter with a car or lorry about once a week, and I have been knocked off my bike before. Sharing a road with Auckland drivers is something that needs attention either by separating cars and bikes or by reduced speed limits (and encouraging adherence/enforcing rules)

#### 2b. Is there anything you would spend less on?

Less attention to measures aimed at private car use

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

it is barely used as it is

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

**#1270**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I do not like the idea of a potential revenue stream being lost to a private company

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Improving public access to the waterfront will make downtown Auckland more attractive as a destination

**5b. What option do you prefer for Bledisloe Terminal?**

#1270

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Improving public access to the waterfront will make downtown Auckland more attractive as a destination

**6a. What do you think of these proposals?**

Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do less recycling

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less recycling fewer festivals fewer flags on poles

Fewer cones

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

We need to save money. It's a rort done by AT that employs hundreds of unnecessary people to drive around in cone trucks. Fix the roads that's all

**2a. Is there anything you would spend more on?**

Pot holes

**2b. Is there anything you would spend less on?**

Cycleways.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Because it's not used enough

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Climate change is only a model but does not exist in fact

**#1276**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Obvious

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Roads and rubbish

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Please cut out all waste including many jobs

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1276

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#1276

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No one minds changes to fees if they are the real cost of the action

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Not Important
---	---------------

#1276

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

We cannot afford any of these things many of which should be funded by the groups etc themselves. It is not the job of councils to do social work

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Please focus on fixing the roads, repairing equipment, cleaning up the area.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More user pays rather than putting costs on rates. About half Auckland's population are renters and do not pay rates directly and they are not interested in rates rises as they do not see them effecting them thus they need more user pays to get incentives to use public transport, to not polute, to look after the environment, to recycle etc.

**#1282**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Change building consenting process to not checking anything other than that people who want a consent have engaged the appropriate professionals who have 10 year prepaid insurance in place to stop council paying out in relation to building consent related issues.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Support reducing traffic management. The levels required for construction are just over the top and too expensive as the council has an over the top safety at any cost which is just not affordable for our community.

**2a. Is there anything you would spend more on?**

Reduce congestion by taking out speed humps so that traffic can flow at the posted speed, improving road conditions so more cars can travel faster.

**2b. Is there anything you would spend less on?**

Traffic calming and traffic safety measures and traffic control requirements.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The stadium is a relic of the old councils in Auckland. Its use should be change as is appropriate for today

**#1282**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell off the remaining airport shares but keep control of the ports as port land holding is very strategic to the city while the airport landholding is not.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

ok to do this so long as any land which may possibly be wanted for public use in the next 35 years has an as of right carve out so the council can do with it what it wants.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Pay off debt as this is the lowest risk option.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Use any available funds to pay off debt, not.invsst in 'other things'. Self insurance is OK but need to reduce potential liabilities, such as those associated with building consents. Those who want a building consent should be required to use appropriately qualified people / companies such as architects and engineers to make sure

#1282

everything is as it should be and they should have to take out insurance to cover their work and for it to be paid up front for ten years and the cost of this all to the person who wants the building consent, not falling to us other rate payers when something goes wrong.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I am happy for the port to be slowly pushed out of Auckland and the land used for public good as is very common around the world.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

As above.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A roll out a proper city-wide bike network and a real bus-rapid-transit network, so that we can stop reduce traffic and emissions.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1322

Decrease the mayoral office's annual budget.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I support all of the transport priorities except for stopping previously planned projects like raised pedestrian crossings and bike lanes. These are already glaringly missing from Auckland and you cancelling them now just puts the cost onto future generations. For example, the Great North Road corridor improvements in Grey Lynn are now up in the air after the RFT was cancelled. This project has overwhelming community support and would be a key cycling connector in an area where people do actually cycle. Plus the middle section of the wider project the Great North Road is part of (the inner west projects) has already been canned, so getting rid of two out of three sections would be a travesty for these community supported projects. Canning previously planned projects should not be on the cards. Debt levels in NZ local governments are well below comparable international cities, and with the climate crisis charging ahead due to political inaction, now is the time to increase our city's debt to pay for emissions reducing projects like pedestrian crossings and cycleways.

### 2a. Is there anything you would spend more on?

If I was in charge of Auckland's budget I would spend more on cycleways to develop a proper city-wide biking network that would help our city reduce emissions during the most important decade of human history (the 2020s leading up the crucial 2030 climate crisis date). See my above comments about borrowing money to pay for cycleways. I would also invest more into the city's rail network, for example (light or heavy) rail in the north west and/or north shore, as well as the long proposed Avondale-Southdown line. The City Rail Link will be a wonderful case study for our city in the powerful potential of rail travel, and we must expand upon its success. I also think that the council should be investing into light rail, and taking the project off the irresponsible hands of the government. Light rail/tramlines, whatever you'd like to call them, are how Auckland city initially developed and we must use this form of transport once more as the climate crisis worsens. Clearly the government in Wellington has proved inept at light rail proposals, choosing stupidly expensive and over-specified proposals that will never get built, over more reasonable and smaller scale proposals that would make a huge difference to our city.

**#1322**

Something also needs to be done to solve the ferry crisis. The ferries are in an absolutely shambolic state and are constantly letting down their customers.

## **2b. Is there anything you would spend less on?**

If pedestrian crossings can be done more cheaply then so be it, but they shouldn't be cancelled all together. Same goes for bike lanes. If we could implement cheaper, smaller-scale tactical urbanism cycleways as pilots/trials that would be a much better way to develop out a bike network than the gold-plated inner city cycleways that we are currently getting. Mayor Wayne Brown campaigned on supporting cheaper bike lanes like tactical urbanism solutions, but so far he has not lived up to his word. Although I generally think that bike lanes collectively are something we need to spend more money on, I think the actual cycleway construction costs can be hugely minimised (see Wellington City Council's expanded cycleway network plan using tactical solutions).

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

We don't need north harbour stadium, in my opinion, and redeveloping the land while maintaining the community sports fields would be a wonderful opportunity to evolve the north shore. The land sits right next to a sprawling retail centre and neighbours NZ's most successful public transport project this century (the northern busway) and it provides a perfect location for dense houses, whether that is done by kainga ora, eke panuku or private developers like Ockham.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

### **Tell us why:**

#1322

I think the broad idea of an AFF is a great idea to promote our city being in a more sustainable economic situation. However, I don't agree with the way that it is proposed to go about, and I agree with many of the criticisms that the NZ Herald's Simon Wilson made in this article: <https://www.nzherald.co.nz/nz/simon-wilson-wayne-brown-the-auckland-port-and-his-questionable-future-fund/UDYKW6PTEVBM3IUMJXXDNMHYUE/>

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I only support the leasing if it actually provides more returns than the dividends already does. Simon Wilson pointed out in his piece from the Herald that mayor Brown may have overstated his numbers <https://www.nzherald.co.nz/nz/simon-wilson-wayne-brown-the-auckland-port-and-his-questionable-future-fund/UDYKW6PTEVBM3IUMJXXDNMHYUE/>

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council services have been cut a lot since Brown took over and this needs to stop.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#1322

**Tell us why:**

Developing the eyesore that is the ports into a useful public place, akin to Wynyard Quarter, would be a major benefit to our city. It needs to happen sooner rather than later.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

See above re more public space.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#1322

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I believe that borrowing should become a bigger part of the council's finances to get the necessary projects and services underway.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden, Hibiscus and Bays, Puketāpapa, Waitematā

#1322

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

#### Tell us why

#1322

As a local, I am particularly keen on renewing the Pt Chev library.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

As a local, I wholeheartedly support all of the 10-year priorities. In particular the idea I support the most is: " advocate to Auckland transport for:

- reliable and frequent bus and train services
- upgrades in our Town Centres
- supporting more walking and cycling, options"

The Pt Chev town centre (my local) desperately needs to be revitalised before the developments on Carrington Road at the old Unitec campus open. Plus a redeveloped town centre would enable the new New World development at the site of the old RSA to maximise its potential.

We also need better intra-suburb bus connections in our rohe. I can't directly bus from home in Waterview to work in Morningside, which to me makes little sense as they are so close and are easily accessible by bike or car and bus needs to be included in those options.

When it comes to supporting more walking and cycling options, this is a massive priority for me as a cyclist and sustainable transport advocate. With the NW cycleway and the soon to open Meola Road improvements, now is the perfect time to further promote cycling and walking in our rohe. For example, I feel like a safe cycling connection between the NW shared path and the soon to reopen Meola Road would be a great addition to our area. The NW path should serve as a spine from which ribs of cycleways come out, and I'd love for the board to get behind this kaupapa.

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
---	--

#1322

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
---	------------------

#1322

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	The things that I think are most important are stronger relationships with mana whenua and renewing/enhancing the local greenway network, in particular the latter. Trying to traverse the ward via active modes is, unfortunately, essentially a suicidal form

**Tell us why**

I also support the board's long term priorities, in particular "advocate to Auckland Transport to retain the Gulf Harbour Ferry route". I accept that the route has some issues, like it being the city's most carbon intensive public transport route, but mai

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**Puketāpapa Local Board Priorities**

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

#1322

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Invest in opportunities to support local community leadership.	Fairly Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Very Important
Consider our investment in facilities and services to see if there are opportunities to do better.	Fairly Important
Support initiatives that improve and encourage walking and cycling opportunities.	Very Important
Help coordinate and support local business groups.	Fairly Important

**Tell us why**

Puketāpapa has quietly become one of the better places in the city for sustainable transport and that local personality should only be expanded upon, firstly to respect the work put in by current board members (like Bobby Shen and John Turner) and former

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

I fully support all the long term priorities and there are a few specific ones I would like to comment on.

"work with Kāinga Ora and Fletcher Living, so that our growing neighbourhoods are well planned, built and serviced". Roskill has forged ahead with building more denser housing compared to some other parts of the city where NIMBYs have got in the way, and the area is to be celebrated for forging ahead on the best possible path. But all the housing developments have not necessarily coincided with complimentary developments, and so these must happen too.

"Support a range of accessible transport options that are easy to find and use invest in climate action initiatives and restore our streams and the Manukau Harbour coastline":

#1322

improving environmental outcomes should be of the utmost importance for the board, and the most glaringly polluted natural resource in the ward is Te Manuka. She must be protected and made more healthy at all costs.

"naturalisation of piped awa (rivers) and increase the urban ngahere (tree cover)": when I grew up in Roskill at my grandparents house on Budgen Street we had a (shared with neighbours) awa and ngahere behind our house, and it was absolutely beautiful. Opening up the same opportunity to more Puketaapapa residents would be of immense community benefit.

"investment into the restoration of the Manukau Harbour": see previous whakaaro on Te Manuka.

"improve public transport and footpaths": with the recent densified housing within the board this is a hugely important priority. If all the new residents simply drive everywhere the area's already bad traffic will only get worse, so public transport and active modes must be of the most utmost importance.

## Waitematā Local Board Priorities

### 7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Very Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important

#1322

Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Fairly Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Fairly Important

**Tell us why**

I support all the board's priorities, in particular the new civic space at 254 Ponsonby Road. Having so many diverse groups behind the new civic space, Council, the Board, Ngāti Whātua and Te Waiohua, represents the best of the ward. It is a space that is

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

I wholeheartedly support all of the long term priorities, and there are several which I would like to specifically comment on.

"Implement the 2013 Waitematā Greenways Plan and work with Parks and Community Facilities and Auckland Transport to deliver key walking and cycling

connections." this is a hugely important priority given that Ponsonby road is set for renovation soon. A good model to emulate would be from one ward over in Albert-Eden, where the Te Auaunga/Oakley Creek greenway has been a major success. As stated in the original plan, this proposal will help the ward better link into its neighbouring wards. I truly believe that all of the proposed routes in the Waitematā Greenways plan (2013) that are shown on page 22 should proceed. Many of the complimentary projects mentioned in the plan, like the Grafton Gully cycleway and renovations to Westhaven, have gone ahead but this more than a decade old plan has not. I understand that there have been plenty roadblocks to getting this plan underway

**#1322**

in the last 11 years, but the time to act (with the climate crisis rearing its head more and more often now) is now!

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop funding local festivals. Let the organize team find funding by finding sponsors.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All the local festivals SHOULD funded by SPONSORS

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

Increase public transport like in London or Sydney or Singapore

Add more tax on cars entering into CBD

### 2a. Is there anything you would spend more on?

Monthly unlimited concession cards for public transport

Find more details on this by Google how the transport works in different major cities

Start SKY BUS from Auckland city to airport every 30 minutes!

### 2b. Is there anything you would spend less on?

Remove all car parking from CBD

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

Why bother spending money on that site. Keep as it is.

Find a sponsor and handover the maintenance to them. Let them do it

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#1335**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Sell shares and collect money

Let many others get access to buy shares

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Use that land for any other things. Rather than wasting time and money on that  
Anyway no ships r coming there

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

STOP pouring money in to the drain.

This Port is DEAD already. It's just ridiculous to spend more time and money on that

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Put more money into increase public transport and frequently bus services

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1335

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Build housing complex and sell it

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#1335

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

WaitKare sewage system should be paid by those who are using that

No one else need to pay for this s I hit

That community need to contribute money for that initiative

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

#1335

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**#1335**

### **Tell us why**

All the activities such as cleaning parks, planting trees etc MUST done by thos who r on WINZ benefits. There r lots of people who r healthy and perfectly ok but still on benefits. Those people needs to do these voluntary works. Rather than siting on thi

### **7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Make use of all lazy winz mony beneficiary to do some work

Let them do all those voluntary work

STOP spending Taxpayers hard earn money while a small lazy as h0ls enjoy their life !

Mobilize those lazy l ones

### **8. Do you have any other comments?**

Make use of winz payout people who r fit to work

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#1341**

Support most of the proposal

**Tell us why:**

Cycleways and safe walking areas are important in getting people out of cars, both for health & wellbeing and for the environment.

**2a. Is there anything you would spend more on?**

Cycle ways. More public transport options such as light rail

**2b. Is there anything you would spend less on?**

New Road projects. Maintain the systems we already have

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

We are in a cost of living crisis, so money does not need to be put into projects like this that benefit a minority. If money does have to be invested, let's make sure that the community are getting the greatest benefit possible

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't believe in selling investments for short term gain

**#1341**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Long term investment

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1341

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The port lease is a good idea and a smart venture to commence down.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1349**

Make sure that there are less delays in infrastructure development - this should overall reduce level of debt and projects having their budgets blown out. A road user tax for ALL cars is necessary.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

This is crucial if Auckland is going to keep up with international cities

### **2a. Is there anything you would spend more on?**

A road user tax should be applied to all cars

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

It should not be a priority just yet when fiscally Auckland Council is in a difficult situation

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**#1349**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

An external provider operating the wharf could allow for greater growth. It would be important that products of imported goods in NZ do not increase significantly during the tenure of the lease, and it would be ideal to have a shorter lease period.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Investments are what is lacking in NZ when it comes to budgetary plans. We need to be able to rely on interest and investments growth to offset inflation rather than regularly increasing charges to residents.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

N/A

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

It is difficult to know how efficiently the port will be used under private enterprise. It may be indeed that having increased port traffic will allow for goods to be imported at a higher volume and help reduce the overall cost of living. At the same time,

#1349

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

As above

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>

#1349

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Auckland transport needs to be more efficient with their resources. For the past 18 months, we have experienced massive resourcing issues, where the problems' are a result of resources not being utilized properly. Parking wardens were choosing to let

**#1369**

illegal parkers off, with the excuse that they were "educating", rather than ticketing. We had to lay complaints to the Auckland Transport CEO to get staff to actually do their job. it shouldn't take 18 months and contact with the CEO for things like this to be resolved. These sorts of issues are all through council.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I don't use public transport as it doesn't service where I live and work, would need to take two buses and up to 1-2 hours one way travel. This is not an option for my daily commute, which is why I do not use public transport.

### **2a. Is there anything you would spend more on?**

trains to the airport

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Do we really need a stadium on the North Shore? If these funds were channeled into a second harbour crossing, improving the harbour bridge to include walking/cycling, I think that is a better use of public money.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#1369**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It is prime land that the council owns. The council should retain ownership until such time as the port is moved from its present location. The land could then be sold off

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

move the port out of the CBD

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#1369

the port should be moved allowing council to operate the land for things more worthy. The port area should be a jewel in the tourism crown, but instead it is an eyesore that no one gets to enjoy.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

as stated above

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Do not support</p>

#1369

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#1369

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**#1369**

**8. Do you have any other comments?**

Efficiencies across the council need to be reviewed. There is a lot of waste of time, money and resources and I feel that the council does nothing to improve services. It takes too long to get issues resolved as staff are not focused on the issues that matter.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Infrastructure in general, particularly good PT, water issues, libraries, arts & culture, parks and recreation, sports fields. We need densification of the central suburbs and less sprawl. Keep developers in line.

**#1377**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The stadium at present is an eyesore and feels barely used. Transport is poor and it never feels like a hub of activity. Perhaps it should be sustainably adapted to host a wider variety of events, or turn it into a hospital or a school. It's too far out of the city. Albany is a poorly planned suburb.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Proceed with the fund but don't sell the Airport shares.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't want to see public assets given to private interests in any form .

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These pieces of the waterfront have enormous potential as public space. Architectural and landscape interventions here would elevate what is currently a terribly under-utilised area of our biggest city.

**5b. What option do you prefer for Bledisloe Terminal?**

#1377

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

This piece of the waterfront has enormous potential as public space. Architectural and landscape interventions here would elevate what is currently a terribly under-utilised area of our biggest city. There is potential for these spaces to form a fantastic part of the wider mahi that is ongoing at silo park etc.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

#1377

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

#1377

## Waitematā Local Board Priorities

### 7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Very Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Fairly Important

**#1377**

**Tell us why**

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stepping up where the gov is stepping back. If the gov isn't going to maintain our rails/PT, Auckland should.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Getting ripped off by 3rd parties.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Most of which I agree with. Underfunding KR not so much, but charging 3rd parties more for road closures is great.

### 2a. Is there anything you would spend more on?

Our trains, we've got issues with those. Prefer us to spend more and get more, rather than save a few bucks now, and lose far more than that in the long run.

### 2b. Is there anything you would spend less on?

3rd party contractors. We get ripped off, and the decisions seem to be "do this or don't" rather than do it in house or do it differently. Rural road sealing, if the roads stack up financially to seal, sure, just feeling that they likely don't. Personally don't mind driving on sealed or unsealed roads.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I'm not a local to the stadium, nor do I feel super passionately about it, while other submitters will have strong feelings re it.

I'd prefer if we were redeveloping it for us to keep the land as leasehold, as that gives us the benefits of long term income (much better than a lump sum now that'll get spent as it arrives), and most of the benefits of ownership, while most of the benefits of selling it off too.

#1389

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Another attempt to sell off our assets. Helps only in the year that the sale happens, then the next year we're in a worse spot as still the same financial problems, just worse as no income from the assets.

The Future Fund option is just lipstick on a pig. It's a way of saying 'we're not selling them off', then waiting until the next year then the fund manager will sell it off, and then subsequent councils will raid the fund until there is nothing left.

The mayor and certain councillors won't live long enough to see the issues from this, nor care, but Auckland will. By doing it, we're just doomed to having less income in the long run.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Another effort to privatise profits from the port. If there are issues with the group, fix them, don't just sell it off to Dubai. The brief infusion of cash will go within a year or two, while the lower income (and higher costs for importers/exporters) for Auckland will last for decades if not longer.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**#1389**

**Tell us here:**

The idea of investing in the future seems much better than spending now. I've not got a lot of faith that it'll be the case, but better to give the idea a shot (without selling off our assets) rather than just using it to keep rates artificially low.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The self insurance funds/port dividends going to the Future Fund seems a good idea - as can reduce our insurance costs and prepare us better for the future if done right.

But stop trying to sell off our port/airport. The more our assets are liquid, the more likely the next bunch of councillors will use it rather than having to make the necessary decisions to raise rates/charges. It's like a business, where instead of raising prices when costs go up, they start trying to sell off stores/the factory/anything they can rather than just upping the prices.

Councils job is to provide the services, and pass the cost on, not to try and hide the cost and not provide the services.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Slowly move the port southwards. Reclaim more land near the heliport, and then give the more valuable land near the CBD to council, and repeat over the decades. In some distant distant time the port might need to relocate to the Firth of Thames, but we're

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1389

The port should keep creeping southwards through land reclamation, leaving the CBD to expand into the areas left behind.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#1389

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

More user pays/targeted rates, and up the prices of existing stuff rather than subsidising from general rates. Charge properly, so the council can do its job properly with the money it raises, rather than trying to artificially keep costs low and pretend things don't cost as much as they do.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#1389

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Disagree strongly on removing bins from parks. If anything, add more bins, and recycle bins etc. where appropriate. No bins = litter, not people deciding to take stuff home. Especially when we've got a lot of people visiting our parks from outside the bo

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Agree with broadly bar the removal of bins. A few other things don't affect me, but I'm not against the board funding. Pt Chev library #1, but I've got a strong feeling that'll be

**#1389**

first to be cut/deferred.

**8. Do you have any other comments?**

Don't cut stuff/don't sell off our assets, instead raise rates/charges as appropriate, and try to reduce the amount 3rd party contractors rip you guys off.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

If home rates are being raised - there needs to be rental protections put into place. It is unacceptable that at this moment there are no rental controls in place at all and landlords are allowed to change rent at whim.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1396

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

There needs to be more modelling of traffic routes and what impact the changes will have prior to changing roadways. A great example is the Newton / Great North Road intersection, the change in alignment at that intersection has caused a tremendous amount of traffic for a handful of buses that use that new dedicated lane. On top of which, the bike lane disappears on part of that hill which is now a single traffic lane forcing cyclists going uphill to be in the middle of the only lane cars can be in.

### 2a. Is there anything you would spend more on?

More on cycling lanes / continuity of cycling lanes.

Add green light priority onto buses to allow for less stopping at red lights.

Minimize parking on major roadways more (similar to kroad, newton has a handful of parking spots that cause a lot of issues, so do great north and eden terrace.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I don't know anything about the North Shore Stadium, I've never seen a single event occur there. More investment into how traffic plans and public transportation is implemented at mount smart and eden park. Improve the west stadium.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The blocking of ocean access land by the port in the middle of the cbd is very odd.

**5b. What option do you prefer for Bledisloe Terminal?**

#1396

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do not ask us for more money, when your team has yet to prove that you’re capable in managing our money wisely to at least get core essentials going. No more new projects, just get the basics done right with what is available currently. I do not trust my money with you guys, and I don’t rely on most public services out there because of

**#1412**

how poorly our infrastructure has been maintained. Maintenance should be always a priority, as assets depreciate over time.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No new projects, no city and local developments, less funding environment and regulation, less funding to parks and community. Just get core essentials like water, electricity, roads, public transport, critical services like health and emergency services sorted first. Get maintenance of our infrastructure sorted first on a permanent ongoing basis first, before considering if we have enough funds... And also figure out how to generate revenue to fund future projects, instead of solely relying on taxpayers, ratepayers or debt to fund projects. This model is unsustainable.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Stop all, not some, previously-planned initiatives, such as some raised pedestrian crossings and cycleways. Fix and maintain what we currently have.

**2a. Is there anything you would spend more on?**

No, you guys are in no financial position to do so. Please run more sustainably. The solution isn't always to raise this and that, or incur more debt. Eventually people will leave.

**2b. Is there anything you would spend less on?**

As mentioned before, stop ALL previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**#1412**

**Tell us why:**

If you can't afford it, time to let it go.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Proceed with current proposals AND ensure that future members governing Auckland Council has an external entity that reviews and decides approvals on whether Auckland Councils decision to access the funds are necessary. Auckland Council has a duty to manage its finance well, ensure that fund managers performance are audited and reviewed quarterly. Take your finances seriously please.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Build upon your financial position. But please make sure that the Auckland Future Fund requires an external public entity with the sole purpose to review and approve access to it. The basis that we cannot trust any longer, Auckland Councils decision perpetually. That access to our money is to be reviewed, audited and approved for

#1412

necessity. Any revenue made by any current Auckland Council, 50% is used for present services, and 50% for future fund reserves.

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Other

Tell us why:

Anything is fine, as long as access to public use of ferry to the various islands, continue to be available.

**6a. What do you think of these proposals?**

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#1412

When setting up a Future Fund or reserve, the annual revenue that goes into it should be 50% for the present and 50% for the future. That Future Fund or Reserves should be used to also grow on revenue with fund managers, whose performances get reviewed and audited quarterly. For Auckland Council to access the Future Fund or reserves each time, must receive review, audit and approval by a third party public agency for its necessity.

## Local board priorities

### 7a. Which local board area does your feedback relate to?

Albert-Eden,Aotea/Great Barrier

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support any priorities

### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important

#1418

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

### Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important

#1418

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more investment into efficient, reliable and affordable public transport first, need to regain public trust in order to gain more passenger numbers again. I believe this is better economically and for climate issues. In the city this could contribute to better economic outcomes for local business with more foot traffic etc.

**#1432**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

generating revenue through more innovative means and investment through new or existing assets.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

i support investment into public transport and affordable/capped costs considering cost of living - it is something that benefits all of the community not just some. Cycleways could be made safer and more upstream education about its benefits and safety.

**2a. Is there anything you would spend more on?**

supplementing the cost of public transport. From a personal account, I spend \$100 a week on public transport to get to work from epsom to devonport. its unsustainable proportion of my income.

**2b. Is there anything you would spend less on?**

Investigating spending less by streamlining and more efficient practices within the council to do within decision making, consultation and contracting.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

i have never been to the stadium

**#1432**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

there is very little of the city scape that is open to the water and able to open for public access. It would be a good opportunity to connect people to the water for a city that is so close to it! the isthmus project near the ferry terminal is a great st

#1432

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support

#1432

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

#1432

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Absolutely not. The streets are disgrace, people with berms don't look after them. Mt. Roskill is worse than awful. The bnz bank is gone, good building , but not being used. The shops are simply awful. When I moved to this are, the shops were wonderful. Mow it looks a total kip. Also since I am on a roll, someone some day is going to get killed

**#1434**

outside the countdown Threekings opening. I personally have seen near misses. At one time the council or whoever were supposed to change the opening coming out of that shopping area, as usual that just didn't happen. Shame on you all. If it was Remuera or some other place with wealthy people living there, everything would be done in a jiffy. I am an old person, but wont cross that road for quids.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No thank you.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

It wont cost me any money, hopefully. Dont have a car.

**2a. Is there anything you would spend more on?**

No money to spend lol

**2b. Is there anything you would spend less on?**

I dont know

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

If it gives more people the use of the facilities then go for it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Go with whatever will get Aukkland out of the doldrums

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

By the time I read this 3 times, I am stuck. Whatever says lowerrates. Widows live in houses many years after the husband passes. Therefore only one pension to cover the neverending rates nills. At the rate my rates are going up I will be li ing on a bench in queen st.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Just did. Check previous answer

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Told you everything I can. I know people are worse off than me. (I think) I should have stayed in my State House years ago instead of trying to rear 4 kids and save for a house. I would probably be better off. The only people who will enjoy our house is the ones who it will be willed to. Not me

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1434

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Leave it alonr

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

cycling lanes

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Don't support stopping work on planned cycleways. Support first two items.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Like the idea of a Auckland Future Fund but don't like the idea of selling Auckland Council's shareholding in Auckland International Airport Limited.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**#1435**

**Tell us here:**

I thought we wanted to shift the port from its current location. What happened to that idea?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Bit of both the first two options.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

If the port is staying where it is, then keep Bledisloe Terminal. Otherwise, shift the lot.

**6a. What do you think of these proposals?**

#1435

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public Transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Big Events

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Public Transport, cycleways and pedestrian support will reduce congestion and reduce global warming .

Private motor vehicles increase congestion and global warming

Global warming causes climate change.

Climate change increases flood damage

**2a. Is there anything you would spend more on?**

Public transport , cycleways, and pedestrian support

**2b. Is there anything you would spend less on?**

Roads for private transport

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Never been there

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#1439**

**Tell us why:**

Public ownership of key assets is essential .

I remember what happened when the 4th Labour Government and subsequent National Governments sold key assets and then had to buy rundown assets back

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It is a key asset

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I don't trust a "future fund"

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#1439

**Tell us why:**

This is a key window to the harbour ..it should not be a car park

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#1441**

Support most of the proposal

**Tell us why:**

should continue building cycleways

**2a. Is there anything you would spend more on?**

should continue building cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

get rid of the stadium and turn it into a green space

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#1441

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#1441

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Very Important

#1441

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support for intensification of our urban centre (central Auckland suburbs) by prioritising more public transport options such as light rail or trains. We need our city to be less car-dependent.

**#1451**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not support the cancellation of previously planned initiatives; our city is decades behind on infrastructure, and we need to do everything we can to get us up to date.

**2a. Is there anything you would spend more on?**

Spend more on public transport and updating roads for cycle paths and pedestrian access.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Greater use by the community will show that North Harbour Stadium is a public good and should be kept the way that it is for the future of our city.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#1451**

It is in our best interest as a city to maintain our shares of AIAL, but we should also have a city investment fund that can provide for our city into the future. This may also allow for further investment into our own infrastructure and make us less reliant on private funding.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keeping operation of the ports under the council is a better long-term plan, this coupled with using money from the ports to invest in the AFF will allow for greater dividends into the future. Anything else is losing the forest for the trees.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Keeping operation of the ports under the council is a better long-term plan, this coupled with using money from the ports to invest in the AFF will allow for greater dividends into the future. Anything else is losing the forest for the trees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#1451

**Tell us why:**

Using our waterfront for public benefit is good for the future development of our city.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Using our waterfront for public benefit is good for the future development of our city.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

**#1451**

How does rubbish-bin-free make parks cleaner? We should have rubbish bins in parks because people attend parks with their rubbish. We should have more frequent rubbish collection in parks.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

The proposal is good

**8. Do you have any other comments?**

I want rubbish-bin-free to be explained more because right now, it looks like a cost-cutting measure. People use our parks and have rubbish, so they should be able to dispose of it in a clean way. How are children supposed to enjoy an ice cream in the park?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the water leaks and waterworks.

Get traffic moving through better management of roadworks.

Fix the stupid speed restrictions ie 30 On Franklin Road, Ponsonby where barely any foot traffic but 40 on Ponsonby Road with hordes of drunk people, shoppers etc

**#1457**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Get better value for money. Less cones, faster turnaround and stop wasting so much money on stupid raised crossings etc. Open up the quoting to smaller businesses that can do it faster and for a fifth of the price.

Stop with the handouts for stupid events. We are broke, do those things once money is back under control and we have surplus. We can barely afford rates as it is. No more small groups claiming money for things that are not important in the scheme of the size of the debt we have.

No more beautification of areas until spending is under control.

Essential services only.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Clear the roads.

Limit trucks on the roads during rush hours.

Put on small mini buses during low peak times.

Free parking for motorbikes/scooters. Get people out of cars and using small modes of transport.

**2a. Is there anything you would spend more on?**

Trains that actually run on time and have more links and better services.

**2b. Is there anything you would spend less on?**

Bikeways - not being adopted because its too dangerous and not joined up enough.

Traffic cones.

People with stop / go signs - put in electric ones

Roadworks, dig it up once and do it in 24 hour shifts.

### **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

#### **Tell us why:**

Build a school/hospital to serve the community 24/7 there are enough stadiums in Auckland to server the public need.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

#### **Tell us why:**

Council is not an investor, it serves the people to provide core services ie roads, water, electricity, libraries, public swimming pools, parks.

### **4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#### **Tell us here:**

We need money and to get out of the deep hole our previous Labour mayor put us in to. The interest on loans will engulf us. Lets get back to surplus with careful spending.

### **4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

#1457

**Tell us here:**

Council services need to be trimmed back to the core services only. We can not afford to have "nice to haves" any more. Create ways to reduce deficit and stop raping the rate payers. We cant afford it with cost of living crises.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Crazy to have prime land as a port wharf when tourism and leases for restaurants/bars/business etc can generate very solid returns paying rates, rent etc

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki	

#1464

Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

I support most priorities

## Ōrākei Local Board Priorities

**7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?**

#1464

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Complete the seismic strengthening of the Remuera Library	Fairly Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important

**#1464**

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

**Tell us why**

a solid B+

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

101

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less PR and communications spend. Get back to core functions only.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Too much focus on poorly used public transport, versus roads we all use. How many billions have been spent to date on the CRL?

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Public transport, notably the CRL.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Close it/sell it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Sell the shares, repay debt, reduce rates.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#1482

**Tell us here:**

Sell it, repay debt, reduce rates.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

Stop spending vast amounts of money we don't have!

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

Stop spending vast amounts of money we don't have!

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#1482

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>

#1482

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Stop spending vast amounts of money we don't have!

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	

#1482

Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

Stop spending vast amounts of money we don't have!

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Stop spending vast amounts of money we don't have!

**8. Do you have any other comments?**

Stop spending vast amounts of money we don't have!

## Submitter details:

Organisation (if applicable): Omaha Beach Surf Life saving club

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf life saving clubs play a vital role in our community and saving lives and keeping our beaches safe. However many of these facilities are reaching end of life and either need upgrade or replacement . Without adequate funding these clubs will struggle to continue. without fit for purpose facilities we risk losing the volunteers that run and staff these club, spelling the end of hundred of years of diligence on our beaches. We

**#1487**

therefore request the request the Auckland council allocated 8.02 million in long term funding specifically earmarking for rebuilds and ongoing maitainence of these lifesaving club facilities as per SLSNR Surf 10:20 capital development proposal.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1C, Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community

**#1487**

centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important

#1492

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

I feel transport should be on this list. Mt Eden area should be the easiest place in Auckland to bike around due to proximity to CBD.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I feel transport should be on this list. Mt Eden area should be the easiest place in Auckland to bike around due to proximity to CBD. Biking here is so dangerous

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Please fund your "Learn To Swim" class more. And please maintain your public toilets. So many of them are closed for ages.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1496**

Consider selling some of your assets like golf courses.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I think the previously planned initiatives should come back. Ideally Auckland Council should convince the government to make the RFT optional and bring it back.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

The area is large enough to need an indoor sports venue, maybe something similar to the Akau Tangi Sports Centre in Wellington, but not at the scale of a stadium.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

While Auckland is too big to fail as it will always be supported by central govt, it would still be better to be on the safe side.

**#1496**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It would probably be better to leverage the lease to improve Auckland's economy now in the short-term. This would mean the council would be able to negotiate for a better lease in 35 years when the proposed one ends.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Leveraging the dividends now to stimulate Auckland's economy now would improve the Port of Auckland's profitability in the future.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The plan should take into account the council's ability to affordably redevelop and regenerate or profitably sell some of the port land in the coming decades.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It seems inevitable that they will become public at some point so they might as well now. They would greatly improve the public realm at that part of the city.

#1496

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Regional shipping capacity should be addressed before there are plans set in stone to reduce it. I feel that it would be better to regenerate all of the remaining wharves in one go as one project once a regional port replacement has been established.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

#1496

Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden, Waitematā

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

#1496

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Waitematā Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

#1496

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Very Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Fairly Important

**Tell us why**

**#1496**

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cost of cultural heritage in council buildings and landscape design is too high, cultural events like big gay out cut

**#1499**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Too expensive - far too much going into public transport

**2a. Is there anything you would spend more on?**

No - just spend more wisely

**2b. Is there anything you would spend less on?**

After hours public transport

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Cost to change - So just make a fund for a rainy day anyway

**4b. Which option do you prefer for the future of Port of Auckland?**

#1499

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do less
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Nothing - they are doing far too much already in many areas.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1509**

An urgent reset of essential services and priorities and a major reining in of AT and its Board and staff in respect of their management of our roads, public transport and safety "improvements". They appear to have unlimited power to spend ratepayer funds extravagantly without any regard for the public they serve and who have in fact made movement around this city much more constricted, and public transport totally unreliable. They have totally ruined Queen Street and its environs. Their leaders should be sent to a city like Brisbane (a similar size to Auckland) to find out how an efficient public transport works! AT has ruined this city and nobody appears to be able to stop them! We need to restructure this CCO with urgency.

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

As already stated in (1d) we need to completely rethink the way we manage public transport. I spend a lot of time in Sydney and know I can rely on the public transport system there - no bus lanes but the buses are reliable. Few pedestrian crossings in suburban areas and traffic and people move. Trains run as do the ferries. No fancy raised pedestrian crossings - people are expected to take responsibility to cross the road safely themselves. I have no idea who at AT has managed to convince the Council that our entire population will ride bikes, walk and use public transport at all times!! We do not because it is not reliable. You have spent so much on hugely expensive pedestrian crossings while leaving the footpaths that run beside them in a terrible and unsafe state! Start consulting with ordinary people - clearly none of them work for AT.

### **2a. Is there anything you would spend more on?**

Tidy up footpaths and stop building raised pedestrian crossings. We need far less than we currently have!

### **2b. Is there anything you would spend less on?**

Pedestrian crossings and cycle ways until a complete independent cost/benefit analysis has been undertaken.

**#1509**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

If the stadium is not used sufficiently and is therefore not being supported by those it was intended for, we again need to carry out a cost/benefit analysis before any further steps are taken.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I totally agree with the proposal as published - time to think about the future. Lease payments are far more certain than dividends in so far as the Port is concerned and the land will remain owned by the city. In the longer term, the Port needs to be moved!

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Council should not be operating the Port - it is not a core service. Leasing and retainership of the land is the way forward.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**#1509**

**Tell us here:**

As stated, the Port should not be run by the Council.

Any profits should not be applied to core council services.

Also we need to recognise that there may in fact be losses!! A long term Lease would avoid the possibility of this problem arising.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The current site is singularly unattractive and a blot on the waterfront landscape. The best option would be to move the Port completely. If this cannot happen in the immediate future, the operation should be leased. The Council should retain any current open spaces and absolutely not allow any further waterfront residential or commercial development, but allow open spaces accessible to the public where possible. Look at Sydney Harbour for ideas. Get the Wynyard Quarter finished and tidied up first - there is still plenty to be done there before we start on anything else! Leave it to the private sector to develop any available land - that is not Council's role - we certainly do not need to be funding any more "nice to haves" when we cannot afford the basics!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Leave the wharves alone to be managed by whoever leases the operation with the appropriate safeguards as part of the terms of the Lease.

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

#1509

Keep Council out of managing anything else - stick to our core services until we get those right and do not commit to any further "nice to haves" until we can afford them. Show some respect for those who fund the Council!

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#1509

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Remember that ratepayers are not a bottomless pit!

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

### Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
--	---------------

#1509

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

There are many community organisations who look provide ways of celebrating their various cultures without needing Council involvement - other than providing a venue. We need to be very careful about who we fund in the community - again there are commun

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Not impressed!

**8. Do you have any other comments?**

I am not convinced we need Local Boards in the first place, and I am very concerned that mad ideology is overtaking plain common sense - at great cost to ratepayers. We

**#1509**

need to go back to basics and clean up this city and make us all proud again to be Aucklanders.

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#1526

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport that actually runs and arrives in time

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cutting of services for community programs

**#1540**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Reliable public transport and trains that actually run on time

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#1540

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#1540

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important

#1540

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

We need bins in parks to throw away rubbish. It's better it stays as people will just throw rubbish on the ground instead. Stop being cheap.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer politicians - reduce the number of councillors and local boards to save money

**#1554**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Transport is critical and AT needs adequate funding to do its job

**2a. Is there anything you would spend more on?**

AT needs more money

**2b. Is there anything you would spend less on?**

Eliminate the council transport team and don't waste time on a plan with government

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

We don't need so many stadiums

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Makes sense. Need smart people running the investment portfolio

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Don't do this stupid plan. It's a silly sugar hit and akin to selling assets, which is tactical but not strategic.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Focus on making the existing city centre vibrant and alive. The last thing we need is more land added to the city centre. This is stupid.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#1554

**6a. What do you think of these proposals?**

Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1569**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1569

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Waterfront Stadium

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Unless used for waterfront stadium

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#1569

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#1569

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#1569

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

Road construction takes too long and is a waste of public money

**2a. Is there anything you would spend more on?**

Don't add more points. What about the reduction in expenses that you promised?

**2b. Is there anything you would spend less on?**

Reductions in everything, starting with the mayor's salary

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Stop spending money

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

What are the experts thinking when it comes to selling off income-generating equity?

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1574**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Let's increase revenue and reduce expenditure

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

#1574

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1576**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

cycleways are important. We need to encourage fewer cars for climate impacts

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I have no awareness of this area as I don't live on north shore

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It seems like another way to just sell Airport shares, which are valuable LONG TERM investment.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1576**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

unsure of impact

**6a. What do you think of these proposals?**

#1576

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, the spending is out of control and poorly supervised

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

The spend vs return on public transport expansion is not value

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Get rid of it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Makes sense

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#1578

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More events, sort our infrastructure so this is a great place to live

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

#### 2a. Is there anything you would spend more on?

congestion and speeding up traffic. Get congestion tax going asap and more tolls

#### 2b. Is there anything you would spend less on?

cycleways and crossings, you could also get the people that stand around looking at the people working to do something or let them go as well to save some money

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

never gets used, Auckland needs 1 x rectangle stadium and 1 x Oval stadium. Dumb having so many. Sell land and have 2 x decent stadiums for Football, Rugby, League and Cricket. Rest can go

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

like the thinking, currently what we doing isnt working

**#1584**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Utilise the prime land

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1584

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#1591**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

#1591

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount	Support

#1591

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#1591

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important

#1591

Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

I don't think removing rubbish bins is effective- perhaps better designed bins instead?

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#1593**

Do not support most of the proposal

**Tell us why:**

It's the most bloated part of council spending, at 40% of total costs. Cut this back dramatically and you alleviate the need to increase rates so dramatically. You can then reinstate plans once the economy (and household budgets) are in a stronger position. In the meantime, pause, delay and make do - like most of your ratepayers are doing.

**2a. Is there anything you would spend more on?**

Not at all.

**2b. Is there anything you would spend less on?**

As above, I would pause and defer all transport CAPEX projects (other than those causing urgent, critical safety issues). Tear this back to the absolute bone and you resolve your cashflow issues in the medium term. Pick these projects back up when the economy is healthy.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Road user charges at peak hours. Install streetcars and trams. Denser housing within 10 minute walk of any train stop. Commercial buildings rezoned into residential. Make public transport free and make drivers pay for it. BAN URBAN SUVs! Incentivize people to choose smaller cars, or better yet, no car at all!

**#1599**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less road repairs, less new road projects, stop doing things to make a driver's life easier and start doing things to make a public transport user's life easier.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

More pedestrian bridges and cycleways. Sure there are some people who are against them because they see them as taking away space from cars, but you just gotta do that, the people 30 years in the future will thank you.

**2a. Is there anything you would spend more on?**

Pedestrian bridges and cycleways.

**2b. Is there anything you would spend less on?**

Anything cars. DRIVING IS CHEAPER THAN PUBLIC TRANSPORT. And you travel in luxury. Make it more expensive to own a car, tip the scales so people reevaluate their transportation decisions.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Never been to this stadium so I dont know

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

dunno about the stock market

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Lease it and get the money for all of these wonderful improvements everyone wants

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

dunno about investing, I am poor

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#1599

these cannot be turned into something that benefits the public, there is already enough rich people \*\*\*\*\* down at the waterfront

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

What could you put in there that would benefit the public? Another businesspark with a fountain for kiddies to play in? more yacht parking? It would be more in the public benefit to lease this out too and get more money.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#1599

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	I don't know
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

1. It's not the council's job to celebrate people, let them celebrate themselves. "celebrating diversity" is tacit affirmation that we are right to divide our world according to race.
2. Planting trees does not have a measurable effect on the environment,

**#1599**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Make it harder to be a car owner, easier to take public transport, make it harder to protest housing densification, don't spend money providing socializing opportunities or enforcing racism.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think mental health and community building is really important. We are facing a loneliness epidemic and night classes etc can be really impt

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1608**

Decrease initiatives not working (I.e unpopular events) and better canvassing and provision of events matching community needs, habits and wants

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Na

**2b. Is there anything you would spend less on?**

Na

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It needs much better public transport and parking to get to it. It's so hard to access in any good amount of time from this side of the bridge.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Auckland airport shares are valuable and a good nest egg for council

**#1608**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#1608

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### Local board priorities

7a. Which local board area does your feedback relate to?

Puketāpapa

### Puketāpapa Local Board Priorities

7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Invest in opportunities to support local community leadership.	Not Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Fairly Important
Consider our investment in facilities and services to see if there are opportunities to do better.	Fairly Important

#1608

Support initiatives that improve and encourage walking and cycling opportunities.	Fairly Important
Help coordinate and support local business groups.	Fairly Important

**Tell us why**

I think the local environment is most important as well as oppourtunities for the community to come together and recreational facilities be protected

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

Good. The Dominion Rd roundabout is a must must do. Should be in your next year/one year plan

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do your core responsibilities, stop will all the extras.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1613**

Object to time-of-use, it will NOT achieve the desired outcome and will be abused for repurposed ideal transport options.

Future fund is questionable. It's not core council business to be running funds like this. Work within your means.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

### **2a. Is there anything you would spend more on?**

Keep the core transport corridors flowing, don't steal the volume for cycle ways/bus lanes. T2/3 if needed and allocate cycles to alternative paths (mixed traffic is not safe even with those dangerous concrete graters)

### **2b. Is there anything you would spend less on?**

Raised crossings (crash tables). If safety was the true concern you would separate the traffic, and funnel people to safe points.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

North Shore seems to have not good events place so maybe it's needed. Forcing everyone across the bridge on buses and limited public transport (yes it will always be limited) isn't ideal. Keep and support local.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#1613**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Not your core business. And it will be subject to abuse by future councils. Leave the AKL shares so we have a contributed say. Same with POAL.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Although this isn't core business, outsourcing generally ends up with the tax/rate payer picking up the end of bad deal. Work it at arms length. In control, and try and limit subsequent council meddling.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

A future Fund risks becoming an objective in its own right, NOT a core council service to the community.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1613

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

We don't have a good use for it yet. And can't afford and grand ideas.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>

#1613

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Tram/light rail network, protected bike lanes, dedicated bike paths, public murals and artwork, second harbour crossing, cheaper bus fares, do more roadworks at night/24hr so they are completed quicker, and a foot/bike path on the harbour bridge.

**#1624**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not support stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

**2a. Is there anything you would spend more on?**

Tram/light rail network, protected bike lanes, dedicated bike paths, second harbour crossing, cheaper bus fares, do more roadworks at night/24hr so they are completed quicker, and a foot/bike path on the harbour bridge. Pedestrianising Queen St and other major shopping areas, including the removal of onstreet parking i.e. Broadway.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

**#1624**

Yes to establishing a diversified investment fund for Auckland (the Auckland Future Fund).

No to transferring the council's shareholding of just over 11 per cent in Auckland International Airport Limited (AIAL) to the fund to enable the subsequent sale of any or all the shares by the fund manager.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Don't lessen rates in the second year.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#1624

5b. What option do you prefer for Bledisloe Terminal?

#1681

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Not Important

#1681

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Making parks rubbish bin free will likely encourage littering, which is actively working against the environmental outcomes.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Focus less on the cultural and community activities. There are heaps of things people can get up to that are free nowadays with the internet or arranging it themselves. Unfortunately these are not priority and there can be alternatives.

**#1693**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I note there is a mention of developing a 'time-of-use' pricing scheme to help manage traffic congestion. Are these the congestion charges that were on the news a few months back? If so, I strongly oppose these. I had submitted feedback against congestion charges when I heard of them and will state again why. A free way to reduce congestion is to ask companies to ask staff to work from home. The reason why there is congestion is not because people want to be stuck in traffic. It's because they are made to go to work to earn their living. Rather than punish hard workers by charging them which would stress them out on top of being stuck in traffic already, just ask companies to allow work from home for those that can.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

Most people I know of did not support the City Rail Link. It is too late now to spend money on that. I believe the CBD is well catered for.

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

If this can enable greater use of it by the community, then why not since the community paid for it. I am against these grand stadiums/event venues that are so exclusively used. If citizens who paid for these can't even use them then what's the point. It has come to breaking points for many families due to the cost of living crisis that has prolonged and not going away, that any privileged use of public places or amenities is seen as ridiculous and unnecessary. We want our money's worth for what we are paying.

**#1693**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

We are in need of cash and this is one way to derive cash from the assets we own. It is not ideal to sell shares in important infrastructure but with oversight by the council then I don't believe it will be dangerous.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Same reason as 4a - for cash.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Either or is fine. I am unsure of investing and then using the returns generated from the Auckland Future Fund into funding council services would take too long vs using the profit/dividends into funding council services straight away.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#1693

I think having the Auckland Future Fund to generate the most cash would help Auckland the most during this cost of living crisis.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It is always a good idea to transform things/allow greater access by the public because the public is paying for this. But the transformation should not incur too large a cost - please aim to keep things cost effective.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Similar to 5a. Also it is good to reduce the lease payments which helps again with increasing cash.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

#1693

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

#1693

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Fairly Important

#1693

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

Everything is nice to have but the environmental aspect is more important than the community/cultural aspect I believe because there is no alternative to the reality of environmental degradation but there are alternatives as to what community groups might

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Council initiatives to target transportation and water are more important than local board initiatives so if anything, I would want funds put towards local boards to be channeled back to the council, apart from funds that are required to maintain assets and the environment.

**8. Do you have any other comments?**

I think right now the most important issue for most is to survive in this cost of living crisis. The council goals are mostly appropriate but I don't believe nice-to-haves like the community/cultural activities are as important unfortunately.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support investment in surface light rail, with busway developments future-proofed for light rail. Auckland Transports Auckland Rapid Transit Pathway 2023 report shows that we cannot rely solely on a bus network.

**#1700**

I also support an "Auckland Deal" which would mean central government supporting Auckland Council's priorities, rather than the other way around.. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

The first bit: "making public transport faster," is excellent.

The last bit: "stopping cycleways" utterly contradicts it.

Also: see "surface light rail" above.

**2a. Is there anything you would spend more on?**

Cycleways. AND surface light rail.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Mostly the NHS complex is excellent, but the stadium is a white elephant. Either sell it all off for housing or redevelop a 5-8000 seat venue there.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

The concept are good, but the figures are wrong. See:  
<https://www.nzherald.co.nz/nz/simon-wilson-wayne-brown-the-auckland-port-and-his-questionable-future-fund/UDYKW6PTEVBM3IUMJXXDNMHYUE/>

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

A port lease would lock the containers, cars, cement and other cargo into the existing site for the foreseeable future, instead of making a long-term plan to move the port elsewhere.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Both options sound good

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

MOVE THE PORT, it will cost too much to upgrade over the next 20 years

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1700

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do less. There may be things he can't do well.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1702**

There are too many inspections for housing developments, which need to be reduced and replaced by engineers' inspections and signatures to improve efficiency

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Try not to spend

**2b. Is there anything you would spend less on?**

The less, the better

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1702**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**7b. What do you think of our proposed priorities for Franklin in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park	
---	--

#1702

development and the Unlock Pukekohe programme.	
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	
Develop “Franklin Community Occupancy Guidelines” to inform decisions on council-owned facility leases, including leasing charges.	
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	
Progress the development and delivery of the Franklin Paths Programme.	
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

#1702

Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#1702

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.

Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.

Improve employment and economic opportunities through our local economic broker programme.

#1702

Support community-led activations at our parks and facilities through our community grants.

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Ōtara-Papatoetoe Local Board Priorities**

**7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	
Increase youth empowerment through supporting leadership and training	

#1702

programmes as well as prioritising youth engagement.	
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	

**Tell us why**

**7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?**

**Papakura Local Board Priorities**

**7b. What do you think of our proposed priorities for Papakura in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

We know you value the community being brought together through free events which we will continue to support including the Anzac day events. This is particularly special to our area given the strong military history in Papakura.	
--	--

#1702

<p>We will continue to support Māori-led initiatives and aspirations with Mātauranga Māori (Māori knowledge), including the Māori Wardens. We also are pleased to partner with mana whenua in the delivery of Te Kete Rukuruku project which is the dual naming and storytelling of our parks and reserves.</p>	
<p>We have recently been working on enhancements to the Te Koiwi Reserve pond and are looking at further work that can be done in this area.</p>	
<p>We will continue to support the Takanini Business Association in their Business Improvement District (BID) establishment.</p>	
<p>Papakura has a talented and culturally rich community, and we will continue to showcase this through the community arts programme.</p>	

**Tell us why**

**7c. What do you think of the Papakura proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle Lanes and public transport - Make driving harder and people will take the bus/train

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less on roading for cars especially during peak times

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Add more raised pedestrian walkways and cycle lanes - cars are not the future - even if you prioritise fossil fuel it won't be around forever and makes little sense to invest in

### 2a. Is there anything you would spend more on?

Cycleways -it is dangerous getting between sections of dedicated cycleway

### 2b. Is there anything you would spend less on?

Anything that makes travelling in a car easier.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

not invested in it at all

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

Asset stripping is short sighted - look at ways to monetise the assets without selling

**#1710**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The future fund idea seems wise however the proposed ways to implement seem like kicking the can down the road which has gone on long enough

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1710

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#1710

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting	Very Important

#1710

volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

These could be more focussed on the larger goals of the council - some parks might be set aside for wilding

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Actually deliver surface light rail, extending from the end of the CRL

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No, i would pay more to get more

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Needs surface light rail

**2a. Is there anything you would spend more on?**

As above

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It's a bit of a white elephant and doesn't work for any sport, making it a dedicated ground for something (cricket)? Or just sell it off

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

More eggs in more baskets

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Move the Port, sell the land

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The port shouldn't be locked into the most prime real estate in the country, it's a port

#1712

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

Even though not a cyclist, we need more cyclelanes.

**2a. Is there anything you would spend more on?**

Public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1718

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

My view is the proposal is balanced

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1732**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

My view is all raised pedestrian crossings should be stopped - not just some - decent metal raised bars will do the same as the raised crossing - certainly slow traffic - probably more so, from my overseas experience. Blanket speed restrictions around schools, in particular, where we are told we need to protect children is illogical. These 24/7 restrictions don't make sense. My view is the restrictions around schools should apply for an hour before and after school opening and closing times AND those speeds are strictly enforced with significant fines for breaches. People will soon get the idea!

### 2a. Is there anything you would spend more on?

Enforcing bus lanes and parking. Right now, in my area on any given day, bus lanes are occupied by parked cars, with no enforcement around. Get more staff, get them to ALL areas and really go hard. Again, people will soon learn, and significant traffic flow improvement at peak times will result.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

Use the facility more for community events, charging users/renters when appropriate, in a more community aligned asset.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**#1732**

**Tell us why:**

A future fund ensures the assets are ring fenced and kept for the benefit on the city long term. It should enable the managers to ensure the assets are always working for the benefit of the fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

With the appropriate controls around pricing, so an operator cannot charge exorbitant rates to users, the overall financial benefit to the city is likely to be far more than merely operating the port. The asset is maintained for the city in the future as well. This proposal is worthy of more work to determine the viability.

**4c. If the council continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I don't believe the return would be sufficient to warrant its investment in the future fund, hence using returns to fund council services would be best.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Only both need a review to determine viability.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#1732

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These two wharves are closest to Britomart precinct, and are not super critical to the port operations from observations made when in the area. Using them appropriately for public benefit would be worthwhile.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This area is used for Port activities and needs to stay with the Port, to ensure its ongoing value

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Working with the community on activations in the Mt Albert Civic Square.	Fairly Important

#1732

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

**Tell us why**

Rubbish bin free will not reduce waste, in fact will make things worse! Sadly, many people won't do the right thing and take rubbish with the, it will be discarded on footpaths, in gutters etc and end up in the harbour!

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Fairly generic stuff, but OK overall.

**8. Do you have any other comments?**

Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Respond to complaints in a timely manner - not 3-5 days.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1740**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Beautiful stadium that isn't been used to its capacity. So redevelop the transport network to and from the stadium to make it easily accessible for everyone.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1740

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#1740

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#1740

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#1740

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Big tick.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Good roading. Positive stormwater management. Positive support for parks and libraries. Acknowledge that with the spread of Auckland, travel by private vehicle must take priority

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1745**

A lot less on road safety management. And rein in the extremes of AT. No more ridiculous and over the top cost wise humps in the city roads

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Because of the nature and location of my work, public transport can offer nothing. Hence reservations on public transport unless there was an assurance that it was of a correct format in the right places.

### **2a. Is there anything you would spend more on?**

Quality of roading

### **2b. Is there anything you would spend less on?**

Traffic bumps. The road safety industry. Cycleeays at least for the moment.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

A gut feeling. And as the city grows we will need a greater array of facilities to cope

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#1745**

**Tell us why:**

I like the general concept of such a fund but I am very anti selling off more of our dividend earning assets

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I can see that the upfront delivery of cash is essential to see us through difficult financial times. And we continue to retain the underlying ownership.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Seems sensible

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Depends on what the long term future of the Port of Auckland might be.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#1745

We need a harbour that serves business but also serves the people in more user friendly way. We need a harbour that is attractive to all and enhances the city.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

As discussed before

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Other
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	I don't know

#1745

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport options.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Not really

**#1753**

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Sporting events don't make a city.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The airport is way to important an asset to sell.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#1753

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more fixing roads, e.g. potholes

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less "climate change" initiatives.

**#1754**

Do more less raised crossings - these are NOT good for anybody - increased noise pollution, increased air pollution as cars have to break and speed back up, increased risk of injury for cyclists as the road is narrow and they can come off their bikes on the raised crossing.es.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Like stopping raised crossing

### **2a. Is there anything you would spend more on?**

Do more fixing roads, e.g. potholes

### **2b. Is there anything you would spend less on?**

Do less "climate change" initiatives.

Do more less raised crossings - these are NOT good for anybody - increased noise pollution, increased air pollution as cars have to break and speed back up, increased risk of injury for cyclists as the road is narrow and they can come off their bikes on the raised crossing.es.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#1754**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Do not spend on risk of climate change, other than improving infrastructure of pipes.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Prime real estate that should be used to improve the city centre, not a port, which should be moved out of CBD.

#1754

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Effective and affordable public transport should be a top priority, as it is currently holding Auckland back from becoming a world-class city and destination.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1755**

No new roads. More roads will only induce congestion and encourage more car use.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cycleways are an important tool to reduce traffic.

**2a. Is there anything you would spend more on?**

Specifically protected cycleways will increase the likelihood of women and children riding, which is a powerful tool to reduce traffic during school runs.

**2b. Is there anything you would spend less on?**

New roads. Some roads should be pedestrianised.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1755**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Everybody hates the Port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

More of the waterfront should be dedicated to public use to revitalise the Auckland CBD as a cultural hub.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1755

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle ways and safe streets

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1756**

**2. What do you think of the transport proposal?**

**Tell us why:**

We need more cycleways and safe streets and this shouldn't be cut

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1756

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Above sounds good. Happy to pay more to ensure we future proof our city. We should hold the Councillors accountable against their past, current and future achievements.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1758**

Lower salaries for top & upper management, less salary for CCO big wigs, Phil Wilson and mainly, Wayne Brown. Reduce the number of local boards. Reduce the number of ward councillors.

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

I dream of a city that has a reliable, fast and safe public transport for my future kids. It is a shame that successive right wing governments have failed us here, opting for a car centric model. It is an embarrassment that the car industry lobbyists have had our government by the balls. Everyone travels overseas and raves about the public transport, yet they won't expect the same here. Something has to change. The government needs to take the lead here, alongside council.

### 2a. Is there anything you would spend more on?

All of it. Please. Light rail. Better bus and cycle lanes. Safer options. A metro underground. All of it. Anything to make this city run smoother.

### 2b. Is there anything you would spend less on?

Ridiculous notions like building another 15x four lane highways. F that.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

Feel indifferent about the whole thing.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#1758**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I am a POAL employee and I'm very against this egotistical proposal by Mayor Brown. We could lose a lot of control over the ports operations, DP World could come in with their own vessels, teams and ideas and really mess up what we have here.

All mayor Brown wants to do is balance the books, finally fulfilling his "Mr fix it" image, then running for the hills up north where he lives.

I somewhat understood the proposal, till I heard a councilor speaking on RNZ who mentioned we'd previously had one of these slush funds before. Some sort of emergency happened and they had to liquidate the fund. If an environmental disaster happens, like it probably won't will, we'll potentially have no choice but to liquidate the fund and then we're f'd.

I do not support this idea whatsoever.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Above ^^

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Would prefer to port's profits to go back to the council to help ease the pain of rates rises. POAL just paid a 20mil dividend to the council, that'll only get better over the next few years.

#1758

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I am biased here, but as an employee, I believe POAL has already given way too much land back to the council / private ownership. We need to maintain this land and these assets. Selling off those two wharves will put more trucks onto our roads, further da

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Above.

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get rid of non essential staff, and especially those on high salaries.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop backhand payments to contractors and scrutinized cost to every project on book.

**#1770**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Nothing will get done and all the money will end up in the pocket of consultants and beaurecrats.

**2a. Is there anything you would spend more on?**

Nope

**2b. Is there anything you would spend less on?**

Everything that is non essential

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It is still available and standing

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

You need money don't you

**#1770**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It will bring in the dough

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Yeah, cut cost and reduce wastage. Learn from Brisbane council how to run a city efficiently

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1770

Tell us why:

6a. What do you think of these proposals?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

fully support these:

making public transport faster, more reliable and easier to use by investing in rapid transit network actions, such as making it easier to pay and introducing capped weekly public transport passes

network optimisation, reducing temporary traffic management requirements and introducing dynamic lanes

Don't understand value of raised cycleways and how that is better or worse for cyclists

**2a. Is there anything you would spend more on?**

public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

privatised will lead to greater costs to individuals at airports and ports

**#1772**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

#1772

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

scrap the food programme - we shouldnt be paying for those green food bins!

stop planting trees on roadsides that block the light!

**#1789**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

we should have free transport

**2a. Is there anything you would spend more on?**

making it free to incentivise usage

train from airport to CBD

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

the fund sounds good - dont like the idea of selling airport shares

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1789**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

we need a long term funding strategy outside of taxing us

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

with no clear reason for doing it seems pointless

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#1789

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Provide spaces and places for Pacific, ethnic minorities to be physically active

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fixing up roads in areas that do not need it.

Food recycle bins

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland congestion is ridiculous and will only get worse

**2a. Is there anything you would spend more on?**

For all car purchases to add the transport levies and car insurances already in the purchase of the car

**2b. Is there anything you would spend less on?**

Auckland City Council hui's that are deemed not productive

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

To use the facilities e.g. fields is way to expensive. A great place but it can more functional and redeveloped better for communities to use.

Multi-purpose sports facility

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#1806**

Makes sense to do this

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It lessens the rates for Aucklanders

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1806

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Pay the mower-man to clear the drain grills.

Provide more rubbish-bins and organize rubbish-collection contractors by area instead of by roads or parks. It is silly that those collecting rubbish from Pt. Chevalier Road cannot go down to the beach to empty overflowing bins there.

**#1838**

If a truck driver drops something, the fine is \$600.00. Why not the same for people who drop litter? Such fines would pay the wages of those who police the anti-litter laws.

Animal Management needs to enforce the times dogs are allowed on the beach. Also the picking up of dog droppings. I am not surprised that the E. coli counts are high at times. Lots of dog poop goes into the sea too! So many dogs are not registered that if the penalty for non-compliance was increased significantly and publicized, the income would pay for more Animal Management personnel.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Let community groups organize and fund their own festivals/sports. Ensure organizers know that they have to educate the attendees with regard to not trashing the parks and lakes that they are permitted to use.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Speed cameras on the bridges over the motorways and on arterial roads would probably exceed the income from the regional fuel tax.

A traffic congestion charge for the inner city during daylight hours.

**2a. Is there anything you would spend more on?**

Whenever the road needs repair, look at the footpaths needed and the cycleways needed. The whole city does not have to be upgraded in one year. Have a 30 year plan and work towards it. I was horrified to go to suburbs in south Auckland where there were no footpaths.

We need more red-light cameras and heavier fines for those who ignore red lights.

30 year plan: Have the trains do a double-tracked loop from Onehunga to the airport and back around to Wiri to join the southern line from Britomart. Have 2-car railcars (electric, possibly unmanned) like those that used to go from Auckland to Rotorua in the 1960s. A train in each direction every 10 minutes.

**#1838**

Ditto a double-track loop for the west line across Riverhead to Albany, past North Harbour Stadium, down the eastern North Shore, across the harbour (under the harbour bridge) and back through Britomart.

**2b. Is there anything you would spend less on?**

Festival organizers should pay for traffic management around their celebrations.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Better access by public transport would lead to increased use of the stadium by high-paying users. Eg one or two concerts per year and international and national competitions.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I do not want the Auckland Airport shares sold because I believe that the council should be involved with its governance and development.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**#1838**

I believe that the harbour is an important Auckland asset and the council needs to have direct control of port activities. The stopping of the proposed wharf extension is an example.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Because the waterfront and port facilities need redevelopment, I believe that income from this area should be re-invested in the waterfront and port facilities.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The waterfront needs to be a vibrant business and recreation area.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

We need close oversight of port operations until the port of Whangarei is developed, using rail and road tunnels through the Brynderwyn mountains and Bombay hills to link directly with the Ruakura transport Superhub.

#1838

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#1838

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

As one of those who picks up rubbish in my neighbourhood, I would not be able to carry all of the rubbish I collect home. I need to have the bins in which to deposit what I have picked up. I need more bins, not fewer. Eg , people throw soiled nappies into

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I would like to see the dog parks properly fenced with double gates in the same way that those in Perth are fenced. The Meola reserve fencing is woefully inadequate.

**8. Do you have any other comments?**

Perhaps there could be rubbish contractors for areas and they could compete for the prestige of having the cleanest area in the city. They could also provide Litter Officers who can issue instant fines for those who drop litter or throw it from their vehicles.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Look at providing effective mass transportation options along new corridors across the isthmus (e.g. dominion road light rail). I would like to be able to use public transport more because car ownership is expensive.

**#1858**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

The cancellation of the RFT is a massive blow for rate payers. Finding funding through alternative revenue streams to just property rates should be viewed before cuts are made at a time when investment is sorely needed.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

There is no firm commitment to providing mass rapid transport options for Auckland. There are only so many buses that can fit in the CBD.

**2a. Is there anything you would spend more on?**

Public transport and active transport infrastructure to provide Aucklanders with greater choice in how to safely move about the city.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

While I do not agree with selling AIA shares, the general principle of reducing reliance on property rates is supportable.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1858

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#1858

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting	Very Important

#1858

volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

People will drop waste if no bins !

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I think there needs to be firm targets regarding the library plans/ progress on long term solution

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

I want public transport and cycle ways

**2a. Is there anything you would spend more on?**

Infrastructure

**2b. Is there anything you would spend less on?**

Movies in parks, festivals and such

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#1868

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Get the public transport sorted. No one is going to use it unless it works efficiently

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

It is good to have a stadium on the North Shore. They need to change things up and get people and organisations using it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#1875

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make people the focus of our city - not cars. Do it smart and use the space you have. Get rid of street side car parks and use that space for cycle lanes. Plant trees and stop homeowners from chopping down trees - we need the trees to absorb our water. Build

a cycle way to get across the harbour bridge. If you can get it done - put in a ferry that runs often

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Invest less in car roads. Have strong local area policies on alcohol and gambling so that we don't have to waste all that time on hearings to open up new bottle shops, vaping shops and gambling venues.

Invest in the young rather than the pensioners. Many pensioners already own their houses - they have more than the young generations that are working hard and not getting far

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Such backwards thinking of scrapping projects for pedestrians and bikes - it is 2024. This should have been done 50 years ago already. Make it easy and possible to get people out of their cars (yes to public transport improvements) - give them the safe and realistic option of not having to drive. You know, fresh air and movement is actually good for both people and the climate. Win win

**2a. Is there anything you would spend more on?**

Bike lanes

**2b. Is there anything you would spend less on?**

Traffic optimisation and dynamic lanes. Get fewer cars on the roads and you will not need more road space. You make roads bigger and traffic more flowing = more people will drive. Until it gets jammed again. You need to stop putting the car at the centre of your thinking

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#1904

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#1904

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

#1904

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Just please give the city back to its people - not speedy cars

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	
<b>Environment and regulation</b>	
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like to see more of the sports facilities improved such as football pitches. The fields often flood better drainage and more facilities to provide sports areas for children.

Also increase cultural services the arts, art gallery. Arts are so important for everyone to access.

**#1905**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Too many cycle ways already

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More electric busses. Reliable trains. Tidy gardens and parks.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less travel for execs.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Reliable and clean and pleasant public transport is most important to me.

**2a. Is there anything you would spend more on?**

New electric busses. Not the old dirty loud and smelly busses that I see most of on 22 route.

**2b. Is there anything you would spend less on?**

Overengineered cycleways and pedestrian crossings.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Auckland needs work now.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

A park, library, study spaces, museum, cafes, music, community centre, would all make this a nice place to be.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#1919

**6a. What do you think of these proposals?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Work with central government to change the way Auckland Council raises funding.

Implement a stamp duty / property sales tax, similar to most other OECD countries, reduce rates somewhat, and secure our long term funding future.

**#1930**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No. A change to a stamp duty / property sales tax would alleviate the rates burden, raise the overall revenue, and secure a sustainable financial future for Auckland.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Publicly owned assets should be maintained as an affordable access option for a wide range of sports and cultural events. This does not include premium facilities.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Professional management of large financial asset bases is a good idea in general.

**#1930**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

This approach reduces the risk to ratepayers of operational mismanagement over time failing to return on capital.

HOWEVER... the upfront negotiations for this path need to be exceptional. History is littered with government organisations giving away prize revenue-generating assets for pennies on the dollar in return for upfronts. HIRE NZs BEST COMMERCIAL NEGOTIATORS and ensure they have no capture by the counterparty.

Google "Chicago Parking Meter Lease" for how this lease approach can go horribly wrong for the city...

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Everything comes back to services, and when we are pinched (as we are now), putting more aside for the rainy day makes no sense. Asset bases erode, facilities go away... keep them up, keep them going.

Ultimately we need to change to a property sales tax funded arrangement to fix the budget underhang.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

All of these trade-offs can be solved with changes to revenue generation.

Work with central government to change the way Auckland Council raises funding.

#1930

Implement a stamp duty / property sales tax, similar to most other OECD countries, reduce rates somewhat, and secure our long term funding future.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Those wharves are the logical next step in reclaiming the waterfront, our interface with Waitemata Harbour. Ultimately the port should be moved, or reduced in scale.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

15 years is a long time.

Bledisloe Wharf is an opportunity to continue our city's growth, change and modernisation. If we get it within 15 years, then we keep our evolution moving forward.

The financial shortfall is better dealt with another way, via a property transaction tax.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

General goals like "celebrating people and culture" are better served with specific goals like "supporting our community groups". The former could and should be embedded in the latter.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Work with central government to change the way Auckland Council raises funding.

Implement a stamp duty / property sales tax, similar to most other OECD countries, reduce rates somewhat, and secure our long term funding future.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

None

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce the funding given to the community organizations.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Public transport is already highly expensive and further spendings at this point of time will increase unnecessary pressure on Aucklanders.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

### 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#1945

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#1945

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Do not support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Do not support

#1945

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Henderson-Massey,Puketāpapa

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important

#1945

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

We must focus on major issues such as dealing with council drainage system to avoid flooding issues in future.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

We must focus on major issues such as dealing with council drainage system to avoid flooding issues in future.

Prepare better traffic and safety management around local businesses.

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
---	----------------

#1945

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

## Puketāpapa Local Board Priorities

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Invest in opportunities to support local community leadership.	Fairly Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Fairly Important

**#1945**

Consider our investment in facilities and services to see if there are opportunities to do better.	Very Important
Support initiatives that improve and encourage walking and cycling opportunities.	Not Important
Help coordinate and support local business groups.	Not Important

**Tell us why**

We must focus on major issues such as dealing with council drainage system to avoid flooding issues in future.

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More accessible public transportation options

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1953**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I think public transport should be available at a reasonable cost to Aucklanders this will not only ease congestion but encourage more users to leave private transportation at home

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

The funds can be re allocated elsewhere

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#1953

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

#2014

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#2014

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More sustainable transportation methods - more cycle lanes and better walking. Less cars on the road.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less bureaucracy and internal politics please. Spend on delivering actual outcomes.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Cycle lanes and safe walking distinguish a first world city from a third world one. Let's invest in the future rather than fossil fuelled past.

### 2a. Is there anything you would spend more on?

Cycle lanes, safe walking conditions, creating a city where it is possible to lead a healthy life without a car.

### 2b. Is there anything you would spend less on?

Anything internal that does not deliver a clear outcome.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

The stadium is an asset that should be delivering a positive return

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

**#2020**

It's not clear what the alternative is and what the cost is to set up and maintain the fund. While the motivation is correct there is too much room for poor execution, and losing money to too many parties clipping the ticket.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The council is not a good entity to effectively run a commercial operation like a port. I believe it's best to leave that to a commercial entity, subject to some core principles such as environmental impact. Therefore I agree with the first part of the proposal to lease the operation of the port. However I don't agree with the Auckland Future Fund in principle hence ticking other i.e. incorporate the revenues into general budget.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I do not support the Auckland Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2020

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

clear up the confusion of recycling - what we can and what we can't recycle. I believe it has all changed.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2027**

Forget more cycleways. You are not maintaining the ones you have. It also causes more congestion not less.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Why does it take so long? why do we see people sitting doing nothing, wasting time.  
Get the job done quickly.

**2a. Is there anything you would spend more on?**

Getting road works done quickly.

**2b. Is there anything you would spend less on?**

more cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

less cost to rate payers and more return

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

just a sly way of selling off assets

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

If you lease it then you have basically lost control over what happens at the port

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

funds are needed now. Why are you wanting to syphon them off?

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The waterfront should be more than just wharves

**5b. What option do you prefer for Bledisloe Terminal?**

#2027

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Investment in transport, infrastructure, public facilities, and culture is proven to have an extremely high ROI (up to 5:1 in some cases), and is therefore necessary for long-term economic growth and stability. Austerity in these areas amounts to robbing Peter to pay Paul, and will result in poorer financial outcomes.

**#2029**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Investment in transport, infrastructure, public facilities, and culture is proven to have an extremely high ROI (up to 5:1 in some cases), and is therefore necessary for long-term economic growth and stability. Austerity in these areas amounts to robbing Peter to pay Paul, and will result in poorer financial outcomes.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Investment in transport, infrastructure, public facilities, and culture is proven to have an extremely high ROI (up to 5:1 in some cases), and is therefore necessary for long-term economic growth and stability. Austerity in these areas amounts to robbing Peter to pay Paul, and will result in poorer financial outcomes.

**2a. Is there anything you would spend more on?**

Investment in transport, infrastructure, public facilities, and culture is proven to have an extremely high ROI (up to 5:1 in some cases), and is therefore necessary for long-term economic growth and stability. Austerity in these areas amounts to robbing Peter to pay Paul, and will result in poorer financial outcomes.

**2b. Is there anything you would spend less on?**

Please spend less money on roads we don't need, or on propping up the finances of politicians and property moguls.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**#2029**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Divestment of essential assets for quick cash is a poor long-term decision. This is not a difficult concept.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Do not divest assets. Do not privatise essential services. Inject funding into essential social and civil infrastructure. This will provide measurably higher ROI.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Do not divest assets. Do not privatise essential services. Inject funding into essential social and civil infrastructure. This will provide measurably higher ROI.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Do not divest assets. Do not privatise essential services. Inject funding into essential social and civil infrastructure. This will provide measurably higher ROI.

#2029

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

As long as Bledisloe Wharf can indeed maintain profitability after transfer and funding for construction, the proposal to transfer both other wharves to council ownership will provide huge opportunities for further development of the city centre - this is

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#2058

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#2067

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important

#2067

Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Do not support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**#2067**

Tell us why

8. Do you have any other comments?

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#2087**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

North Harbour Stadium is surplus to requirements. It should be sold down for high density housing, and a section of the proceeds used to slightly upgrade Onewa Domain. Onewa domain should not be a main stadium but rather a smaller bespoke stadium for the north shore.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Diversification is crucial.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#2087**

**Tell us here:**

ultimately the POAL is not fit for waterfront Auckland and locking us into a 35 year lease is unacceptable.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Better long term rate of return.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Open up the water front.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#2087

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stormwater and wastewater has been underfunded for decades, so more spending and upgrading is required in these areas.

Encourage cycling and walking through better infrastructure including separated cycleways, instead of prioritizing journeys by car.

**#2121**

Prioritize light rail links, despite central government removing support. At a minimum, ensure the properties acquired for light rail are retained.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Generally good, well rounded approach

**2a. Is there anything you would spend more on?**

Separated cycleways to reduce accidents and deaths.

Improving rail network for freight and support inland ports - to reduce truck movements.

**2b. Is there anything you would spend less on?**

Additional roading capacity for private vehicles, as this leads to induced demand

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**#2121**

**Tell us why:**

Auckland Airport is an important asset. I'm slightly wary that others giving feedback may just look at option 1 resulting in the lowest rates increases and automatically choose that, as it costs them less as a ratepayer (or multiple ratepayer if holding a number of investment properties).

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

35 years is understandable to give security to the company leasing the port. Leasing seems likely beneficial to Council, though restricts public or alternative use of prime waterfront areas. Generally, I would support alternative uses of the ports areas, including public space and residential development, maybe more like the Viaduct -to unlock this area to Aucklanders and tourists. Could the port area to be leased be reduced? There should be a shift towards inland ports, with freight to the inland ports from Auckland port, Tauranga and / or Whangarei via rail - this can be a more efficient use of land and transport links than relying on a large Auckland waterfront port and heavy truck movements on the public road network.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#2121

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I support alternative uses of the ports areas, including public space and residential development, maybe more like the Viaduct -to unlock this area to Aucklanders and tourists.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

This is prime waterfront areas. Generally, I support alternative uses of the ports areas, including public space and residential / commercial development, maybe more like the Viaduct -to unlock this area to Aucklanders and tourists. Look at the harbours of Sydney and Vancouver- far more exciting and able to be enjoyed by the public than Auckland. There should be a shift towards inland ports anyway, with freight to the inland ports from Auckland port, Tauranga and / or Whangarei via rail - this can be a more efficient use of land and transport links than relying on a large Auckland waterfront port and related heavy truck movements on the public road network.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in</p>	<p>Support</p>

#2121

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

**#2121**

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

It's good to have questions on age and ethnicity. There may be a tendency for older white people to be more inclined to provide feedback, particularly if they own multiple properties as investments - they may be more focused on reducing rate payments than long term improvements to the city and environment, and public services. There could be an additional question on whether the respondent owns property (single dwelling), multiple properties, or is renting. Renters may be less inclined to answer / provide feedback, although they make up a considerable proportion of Auckland's population - with potentially underrepresented views/ voices.

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#2127

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#2127

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#2127

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop selling off assets!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop hassling the Port of Auckland and let them get on with the job they're doing well.

Stop drawing such high salaries.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Council spending on such things as bike lanes, the development downtown by the ferry buildings, raised pedestrian crossings is \*\*\*\*\* and a waste of rate payers' money

**2a. Is there anything you would spend more on?**

Look into light rail using the magnetic strip on the road rather than laying costly rails in the ground which are not necessary

**2b. Is there anything you would spend less on?**

Council spending on such things as bike lanes, the development downtown by the ferry buildings, raised pedestrian crossings is \*\*\*\*\* and a waste of rate payers' money

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#2134**

**Tell us why:**

Because if you keep selling off council assets that create revenue the city will have little or no revenue coming in so taxpayers will have to pay more.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

You're description linked with the leasing out of the Port is \*\*\*\*\* and is stated in a way to try to mislead the public that is the best option. This Mayor is a liar and wants to ruin the Auckland city just cause he doesn't know how to do his job. the job he said he could do and was elected to do

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Invest in both. \$52million in dividends every year (and this could grow if the Mayor stopped wasting the ports managements time making them have to justify everything they do) is better than the lumps some that the lease agreement would give that the council would just waste on other useless projects that we don't need.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Invest in both. \$52million in dividends every year (and this could grow if the Mayor stopped wasting the ports managements time making them have to justify everything they do) is better than the lumps some that the lease agreement would give that the council would just waste on other useless projects that we don't need.

#2134

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Stop wasting everyone's time and let the ports do what they're doing so well at

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

The public have enough other land that costs the ratepayers. at least the way it is now this land is returning money to the city

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycling infrastructure, better public transport, city congestion charges to get people of the cars

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2137**

Cultural show sponsoring/promoting

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

The cycleways are a great way to get people out of cars, many people with and without cars don't dare to cycle to places due to sharing the road with cars.

Funding the road building from rates is also not an equitable way of funding these, there should be more collaboration with central government and congestion charges

**2a. Is there anything you would spend more on?**

Cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#2137**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

There is a range of golf courses that are situated in prime land where the council is charging a ridiculous rent while increasing homeowner rates. We should look to sell these assets to high density developments to increase our funding budget.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2137

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#2137

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Fairly Important

#2137

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

Removing rubbish bins from parks would just mean more rubbish in the parks that is left in the floor, not reduce rubbish.

The rubbish reduction needs to come from central government where the use of disposable packaging is discouraged by regulations.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I think they are good, I also think, our highest issues are transport and housing, and transport should be a priority as this falls under Auckland council/transport dependency.

Also, the Chamberlain park should be either charged for a market related rent for the land value or sold to fund many of these initiatives.

**#2137**

**8. Do you have any other comments?**

What is happening with the golf courses, the amount of capital tied up in these on a sport that is not widely played by the community is not fair.

This should be developed to allow housing and transport initiatives

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Flooding Prevention

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2143**

Don't waste money on infrastructure facilities such as repaving sidewalk which is good condition.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Setup more Speeding cameras

**2a. Is there anything you would spend more on?**

Speeding cameras

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Don't waste money!

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Traffic safety

**#2143**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Don't do reworking infrastructure.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

There are way too many initiatives delivered directly by council, especially in the environmental protection area, pest-free space, organising small events here and there in the city centre and within the arts scene. I have very high appreciation for arts,

**#2171**

the environment etc, but believe that the Council should be a sponsor, ie. give grants and funding to groups delivering these types of valuable services (DoC, Climate groups, arts collectives and local engagement groups etc.), but NOT to first-hand deliver these themselves. \*Check Live Lightly website and personal carbon calculator - why is that a Council initiative? This would allow to pull back on expenses/grants etc. when needed, rather than be stuck with fixed costs of fully paid employees/teams coming up enormous numbers of activities to employ themselves.

The role of Council should be to ONLY provide basic services to a much higher, professional high level (infra improvements, transport, waste collection, recycling etc.) as well as Free or low-cost services that benefit large groups (Parks, YMCA, Libraries, beach cleaning and free/low-cost swimming lessons at public beaches, hireage of community spaces etc.), and the rest should be given out as funding.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

Auckland is so badly behind the public transport access and it will just keep becoming more and more expensive the longer we leave it. It is a not a 'nice-to-have' but a 'must-have', for economic growth.

### **2a. Is there anything you would spend more on?**

Corporate programmes (not yet, but in 2026 when the CRL opens), to fund for one full year a programme delivered by individual businesses, to increase PT use of their employees.

### **2b. Is there anything you would spend less on?**

High-end raised pedestrian crossings, for the next 3 years.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

**#2171**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I am worried about the Council's future wealth so this sounds like a good diversified and safe option to grow wealth.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It sounds like a win-win to kickstart the fund and also move out from an operational role.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We are not a wealthy council, and getting a fund underway would be good. Who knows what climate disasters await us in the future. If we spend the funds on roading and infrastructure, it is a risky scenario in the case of a natural emergency.

**4d. Do you have any feedback on any other part of the proposal?**

#2171

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

7a. Which local board area does your feedback relate to?

Albert-Eden

#2171

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

**#2171**

I agree with all other aspects except for re moving bins. This will result in the opposite, an increase in litter in the parks, unless set up as a longer term educational piece, with new signage and social media campaign, and then gradually decreases num

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Acting as the local community supporters for flood affected homes. There will be a lot of people who will not get 2B or 2C categorisation and will need to somehow increase resilience of their home without any council support.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important

#2175

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

#2207

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Do not support</p>

#2207

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

**#2207**

## Local board priorities

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	Do less
Parks and Community	
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport and infrastructure

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less employees as we pay a lot of wages for poor productivity

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Public transport needs to be improved

**2a. Is there anything you would spend more on?**

Public tramnsoprt

**2b. Is there anything you would spend less on?**

Cycleways expensive crossings

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Need only one quality stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Council should not own these shares

**4b. Which option do you prefer for the future of Port of Auckland?**

**#2215**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Best option other than shifting port

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Reinvesting in Auckland future

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

area needs redevelopment

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#2215

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

## Upper Harbour Local Board Priorities

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress with the detailed business case for a new multi-purpose library facility in Albany.	
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	
Implement actions from the Upper Harbour Ethnic Peoples Plan.	
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	

#2218

Implement actions from the Upper Harbour Engagement Strategy.	
Implement actions from the Upper Harbour Greenways Plan.	
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

**8. Do you have any other comments?**

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Fairly Important

**#2219**

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#2221

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Community facilities updated to standard for use of all...where ever u stay...central, west, east or south

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2228**

Reduce addition of Cycle lanes, reduce cost of parking in the city center over the weekends & reduce redoing roads that are still safe

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Better use of \$\$ with feedback from all users, visitors, govt, professional & council level

### **2a. Is there anything you would spend more on?**

as per above

### **2b. Is there anything you would spend less on?**

cycle lanes...widen footpath for casual bikers, road cyclists (pay quaterly rego) use road...to road rules

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

Use of sale of land to put back into the area/stadium....more community/schools useage

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#2228**

**Tell us why:**

If \$\$ owed to outside parties it can't be obtained to make payments because of the trust

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Funds to level relief for future ventures/community support

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Future growth is needed

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Use for the community of All Auckland

#2228

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Stadium would of been perfect. Think big for the future. Move now or the next Mayor will block...so to get votes

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No we already pay so much and increased not long ago, how do tou repect people to live!

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2234**

Stop putting up rates and stop spending money on mindless things. Actually crazy what you spend money on!

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

You realise most people don't use public transport as 1 its horrible and two we all mostly have cars.

I dont support any of this as its a waste of money.

I'm glad it may be cancelled.

### **2a. Is there anything you would spend more on?**

Spend more time cutting cost for Aucklands.

### **2b. Is there anything you would spend less on?**

Transport, you haven't gotten a bigger uptake on people using public transport over the years, it's not going to change.

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

Make money for Auckland by selling, we already have others.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#2234**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Make money

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Tax will stay low for Aucklands if you are getting funding from other areas.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#2234

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Fairly Important
---	------------------

#2234

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle Paths and Trains

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Any development that support car use

**#2259**

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

Investing in public transport and cycle lanes is the only viable long term solution to congestion.

Any money spent to benefit cars is a waste.

### 2a. Is there anything you would spend more on?

Trains and cycle lanes.

### 2b. Is there anything you would spend less on?

Anything none essential, such as arts, sculptures etc.

Only fund projects that give tangible first and second order effects.

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

Long term I don't see the airport as a high growth asset, costs will increase for air travel and margins will get tighter.

**#2259**

Sell the shares and invest in a better long term asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#2259

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#2259

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

Currently, the overall economy is not good, and most households are burdened with high-interest mortgage payments. Please refrain from increasing property rates to further increase the burden on families. This will only worsen the economic development. The development of Auckland must be considered in light of the current overall economic situation. During periods of economic growth, new developments should be promoted. During economic downturns, efforts should be made to help residents save expenses.

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NA

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Bring Auckland Transport back under the council. Redirect the budget they spend on unwanted changes to our roadways to other projects.

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

Passionately against Auckland Transport's initiative to drive people to public transport by making driving worse. I work as a firefighter and our response times have been impacted but the sudden introduction of an obscene number of speed bumps.

### 2a. Is there anything you would spend more on?

Public transport.

Waterway improvements.

### 2b. Is there anything you would spend less on?

Speed bumps.

Cultural events.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

**#2271**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#2271

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#2271

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

**#2334**

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#2361

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in</p>	<p>Support</p>

#2361

<p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop useless projects like digging up footpaths every few months

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Money not well spent

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Less cyclelane

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Sell it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**#2384**

**Tell us here:**

IPO the port

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#2384

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please decrease the Labour costs for rubbish collection or recycling, it’s not necessary if you can’t increase efficiency per Labour’s work !

## 2. What do you think of the transport proposal?

Don't support any of the proposal

### Tell us why:

Every year the rate is going higher as we could see obviously, nothing we really getting more, would rather keep basic rate and let Labour to do basic maintenance of the city.

### 2a. Is there anything you would spend more on?

Not at all !

### 2b. Is there anything you would spend less on?

Rubbish collection or Labour costs

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

We don't need to develop anything to increase any costs!

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

We don't need to develop anything it's enough working well!

**#2404**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

No need to improve when we lack of money and everyone is enough struggling for living costs going high!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

No need for invest

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Strongly disagree for any development or investment!!!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

It's enough working well no need to develop!

**5b. What option do you prefer for Bledisloe Terminal?**

#2404

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Do not support

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

get the roads sorted out and better public transport but spend the money properly and reduce council bloated staff first rather than raise rates

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2424**

spend much much less on cultural events and marches and other rubbish do your job  
water roads infrastructure

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

no more cycle lanes and raised pedestrian s that you only rip up again - waste of  
money

**2a. Is there anything you would spend more on?**

more on trains and buses - people would use it more if it was actually fit for purpose

**2b. Is there anything you would spend less on?**

less on cycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#2424**

as long as you are making money and dropping my rates I dont care but stop spending money on rubbish - do what you said you would Mayor and cut council spending all I see is less for more rates

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#2424

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

Happy for proposed rates increases but they must be based on updated CV valuations as the 2021 valuations are not realistic anymore and Auckland properties are selling well under the 2021 CVs. I do not want to pay rates based on a value of my property that I could not actually sell my house.

Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

literally anything the last few years rates have gone up a ton

**#2441**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Putting speed bumps and bike lanes everywhere has served no purpose to anyone

**2a. Is there anything you would spend more on?**

Light syncing up at busy intersections

**2b. Is there anything you would spend less on?**

foot paths

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

get rid of it since it is only north harbour playing there it looks dead when you watch harbour on tv

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#2441**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

eventually turn a bit of the port into a stadium

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

just cause you have money doesnt mean you need to spend it straight away

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

making parks bin free would leave people to dump there rubbish elsewhere you should take the rubbish away more regularly

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

fairly straight forward except trying to be bin free

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Only water services and basic infrastructure. We need rates to drop. We are struggling out here and need rate drops.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2448**

Anything non critical to keeping the city functional. I'd like to see services outsourced and the absolute minimum elsewhere. People need to eat. Rates in the last few years for residential have skyrocketed and we need reprieve.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Just keeping the roads basic and operational.

**2b. Is there anything you would spend less on?**

Any conversion to bike paths or changes in general. There is no need.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It's incredibly underused

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#2448**

We need to stop vision work. We have a good city for the size. Let's just stop the grand planning.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

A private operator could do better and the funds could help lower taxes.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It's the only thing the council should focus on

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#2448

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#2448

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
--	---------------

#2448

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Policing central city streets

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2450**

Reduce arts and event funding. I would like to see more arts and events but not from public funding - I would like a dynamic commercial arts industry to be able to evolve in the space left by decreased public funding.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

Wonderful parts of the city can't be visited by cars, as there is nowhere to stop and park. Few working NZers have the time and leisure to plan trips around public transport. Therefore only those who do not have to work for a living - the elderly and the unemployed, can enjoy some amenities. Allow ordinary working people and families to still drive and see and do things.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

All transport spending should be more efficient. Salaries should be reviewed. Accountability should be increased.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#2450**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Retain ownership, lease the operation, use the proceeds to pay down debt, not put proceeds into Auckland Future fund.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#2450

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

To resolve all existing problems right now, is to reduce population in this city. Which country has 1/3 of country population in one city. NZ is the only one. Why do only landlords needs to pay for all Auckland council fee. Why not state house tenants and renters?

**#2457**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I suggest highway tax, \$50 per car per year. This was in Switzerland for ages. Then all car owners paying for it.

I suggest capital gain tax,

properties selling

<5 years 50% profit.

<10 years 40% profit.

<15 years 30% profit.

<20 years 20% profit.

>20 years no tax.

So old people can be retired.

It is to stop the developers STIR FIRE the LAND SKIN. As a Chinese, what is land skin? It is section.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

To let the guilty paying for it. IF drunk and drive, they are looking at murder charges.

Then the guilty drivers paying for the victims medical, not ACC. No money then takes it from their benefits or from their house.

Same as no seat belts.

**2a. Is there anything you would spend more on?**

Highway tax, \$50 per car per year,

**2b. Is there anything you would spend less on?**

paying tax.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

users paying for it. Not tax payers.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

no idea yet

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

remove the container terminal, move it somewhere else. Use such section to build an international place like Singapore airport.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

to roll all money back

#2457

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Car insurance compulsory , at least 3rd parties. Then all cars on road will be covered.

Capital gain tax, as above,

highway tax.

battery car paying for their milage. Just like diesel private cars.

Guilty drivers paying for victims medical, same as drunk and drive, seat belt not wearing....

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

not sure

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

no idea

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

I don't know

#2457

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Everything

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It's miles away nobody will go there

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#2460

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Not Important

#2460

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

#2464

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

**Tell us why**

Making parks rubbish bin free is going to be a disaster. Please don't do this. It'll end up with the parks covered in rubbish. I support zero-waste and environmental policies but there has to be some pragmatism and appreciation that most people are going

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I support the Sandringham shops upgrade.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Make the mowing of berms the ratepayer's responsibility

**#2475**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

The massive population north of the bridge needs a major venue - not having one means increasing traffic chaos if all major events are staged in the city alone.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The city needs to maintain a majority shareholding in the airport to ensure a delivery of service that is most advantageous to both residents and visitors.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2475

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#2475

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

If you remove park bins there will be dog feces everywhere. You can't expect people to, for example, take their bag/s home in the car. Or to hold that bag for the duration of a street walk. In addition removing the bins isn't going to stop people dumping

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

C+

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not all all. Stop taking more money from me.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All

**#2476**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Cut off those cycle lanes and useless roadworks

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2476

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Do not support

#2476

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

**#2476**

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would be more than happy to pay more for public transport IF it were bolstered even more than it currently is. It really requires the most attention, especially around Auckland region.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

N/A

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

We should have more cycle lanes and walkways, particularly in CBD.

**2a. Is there anything you would spend more on?**

Public transport.

**2b. Is there anything you would spend less on?**

More lanes, that doesn't really help with congestion.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

I think it would be a better use of resources to consider redeveloping the stadium area to serve the community better. Keeping the Stadium as is doesn't seem to serve much.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#2481**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2481

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#2481

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

I think it's a great idea to focus more on retaining the natural environment we have around the Mount Eden area, the park is really nice to walk around in and the local community enjoys it a lot.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Please focus more on bolstering Auckland public transport.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Every year the RATES grow, but the effect of AUCKLAND COUNCIL supposedly doing something doesn't feel beneficial to the residents! The very idea of growing rates is absurd!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2527**

Every year the RATES grow, but the effect of AUCKLAND COUNCIL supposedly doing something doesn't feel beneficial to the residents! The very idea of growing rates is absurd!

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

As with the RATES growth, the Auckland Council's road building plans everywhere have horrendously long implementation cycles, with roadworks everywhere, even adding to the already serious traffic jams. The TRANSPORT PROPOSAL itself is ridiculous!

### **2a. Is there anything you would spend more on?**

Nothing!

### **2b. Is there anything you would spend less on?**

Everything!

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

There is nothing of North Harbour Stadium that needs to be changed! NZ economic system is broken, fix this first!

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#2527**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Do something that really benefits the people! Like lowering gas prices and inflation!

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#2527

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Understandable that everyone wants to move to Australia

Rates as they are ridiculous , ours are \$200 /week

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

We already pay 12 K in rates , that is enough

**#2534**

This document is to pretend that you want our choice when the rates are going up anyway , best to sell and invest in other channels , moving to Australia is just more and more attractive

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

All of the above, in order to support better public transport, urban and suburban intensification, walking and cycling, and fight sprawl and CO2 emissions.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2535**

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

It's a no-brainer - get people moving faster and with fewer emissions. By reducing the number of cars on the road, make transport better for those who have no public transport options.

### 2a. Is there anything you would spend more on?

Anything and everything aimed at making it easier to get around without having to drive - public transport, cycling, walking. Improve fitness, reduce emissions, reduce jams - it's all so obvious.

### 2b. Is there anything you would spend less on?

Sprawl - develop where PT infrastructure exists or can be developed/expanded. Don't wastemoney of roads and infrastructure that will just promote more congestion and emissions.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

Makes sense - if you can deliver a better facility through selling excess land, it's another no-brainer.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The airport is an asset - selling it off might help the current balance sheet, but won't help the future.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I'm wary of arrangements like 'leasing operations' as these are common first steps to privatisation which basically means giving public assets to private companies a) at values below their worth and b) then seeing that company use its market position/monopoly to exploit the public.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2535

**Tell us why:**

Auckland is stuck with a silly situation where it's best last is used for port operations. I understand that moving the port would be prohibitively expensive and that as a Council owned asset, the Port's continued profitability is important to the City a

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Do not support</p>

#2535

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#2535

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

They're all good ideas, just some are more pressing than others.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**#2535**

I approve - they seem reasonable and responsible.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#2536**

Don't support any of the proposal

**Tell us why:**

the ideas are sensible, but there is zero track record in on-time and on-budget delivery leaving the ratepayer holding the bag.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#2536

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

I don't know

#2536

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>I don't know</p>

**#2536**

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Focus on fixing the basics BEFORE adding costs from the wish list, most of us just want the basics to work (existing roads & pipes & carparks) we don't want to clutter the place up with unnecessary improvements wasting money

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2558**

Less cycle lanes, NO raised humps just paint the PED crossings & fix the local lighting, let the trades & services move more freely around the city, the humps are killing our productivity

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

you are just making commuting complicated, don't start changing lane directions. Concentrate on flow, keep lanes straight, reduce painting intersections in a complicated way. Be practical. When I have jobs in areas of Auckland that are rarely visited I don't want to find everything has changed and I can't get there

### **2a. Is there anything you would spend more on?**

Taking out the speed humps

Give transit lane offenders a couple of warnings, everything is changing so fast we can't keep up

### **2b. Is there anything you would spend less on?**

Ramps

Consultants - can we get some practical people on the council who can "just do it" then we will save thousands

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

Save money & don't do anything stupid until we can afford the consequences (as per downtown carpark sale - plan stupid)

**#2558**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The government needs to pro-rata a share of the income generated by council improvements, that where the money should come from. Rates system is broken. If the council go ahead & redevelop an area and the retailers suffer (Q ST) then the council pro-rata income will drop (in the private sector we call this having skin in the game) currently the council just go ahead & spend millions on theoretical improvements against the wishes of retailers and there are no council consequences, retailers go broke waiting for jobs to end (CRL) and council just walk away. Its disgraceful

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Never sell

Get it managed properly (may be on the right track now) divest some operations to Onehunga to maintain marine options

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Don't start any new projects until the pipes and infrastructure are fixed and the books are balanced

#2558

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Council income system is broken, rates should be user pays. How come an old granny living alone in coronation road is paying \$10k in rates and a family of 5 (+visitors) are living 5km away in Mt Roskill are paying 3k. That's not fair. i can tell you which household is using the council services too

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

No new projects until pipes are fixed

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Fix the basics first

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #2558

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Ignore climate change, just fix things properly and keep the drains working. When things go wrong come & help

You will never be able to guess the next problem so don't focus on the unknown, increase the ability to respond to ratepayers emergency's and be supportive. Train with CD and and have an emergency support plan center

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Rates have been increasing an intolerable amount and your so-called plan shows zero restraint. It’s not okay. This mayor is a complete joke, clearly having achieved none of his objectives.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2571**

I want you to come up with a plan that has zero real rate rises over the long term.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

It's too expensive and out of line. Work on a "zero increase" plan and provide actual revenue generating options.

**2a. Is there anything you would spend more on?**

No. Rates have increased for many years well above inflation and it's unclear what Aucklanders got in return.

**2b. Is there anything you would spend less on?**

Everything.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Auckland council should not be in the stadium business!!! Sell the thing.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell the holding. Council should not be in the airport business.

**#2571**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Sell the ports. Council has no business being in the ports business.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Give the money back to taxpayers.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

You people in council are completely off your rocker. Your so-called Central plan has you getting a circa 20% raise in the space of three years. This is not central but profligate and shows your hubris. Pull your belts in properly. Isn't this what the mayor said would happen under his watch?!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

No opinion other than council holdings should be converted to maximise revenue.

**5b. What option do you prefer for Bledisloe Terminal?**

Other

#2571

**Tell us why:**

Maximise revenue generation.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Other</p>

<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintaining parks, pools, libraries and other shared spaces

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2575**

Pretty much everything outside of our region. Majority of our significant rates increases have funded projects outside of our area.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Once again paying for infrastructure projects that benefit other areas of Auckland, except ours. We made a choice many years ago to live centrally and minimise travel and continue to be penalised by excessive rates (and rate rises) to fund these projects.

### **2a. Is there anything you would spend more on?**

No

### **2b. Is there anything you would spend less on?**

Almost everything. Reduce your OPEX.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Interesting. There don't appear to be many concrete plans other than the Pt Chev library. How much money to get in from rates from this board vs proposed spending?

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I can't imagine diesel ferries are causing much pollution compared to buses etc. I would be happy for upgrading ferries to be delayed, but other public transport initiatives including cycle ways increased.

**#2602**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I would like to see walking and biking support put back in the plan. Cycling in this city sucks!!!

**2a. Is there anything you would spend more on?**

Cycling, walking and public transport.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**#2602**

**Tell us here:**

I don't really understand the long term implications of giving up ownership of the POAL. This is for smarter people than me to decide.

What would a move of POAL to Northport do to this plan?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Use it wherever you deem best to get maximum output from it.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Most harbour cities around the world have beautiful water front areas. We need something similar.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2602

Same as above.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#2602

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2605**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Public transport and low cost walkways and cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#2605

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I don't think this is a priority.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I don't think this is a priority. Reconsider with a 20 year horizon, once the Wynyard Quarter and old tank farm have been fully developed.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#2605

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I support these priorities. Please invest in public infrastructure and community activities that respond to the needs and aspirations of young people, and that help bring people together and create intercultural connections.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

water and roading infrastructure well in advance of new developments ie look at the mess that is the Huapai Kumeu area

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2606**

AT to stop with raised crossings all together but particularly on bus routes, do they not realise that buses have to virtually pull up to a stop to cross them

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

no one will use public transport unless it is fast from my house to work is 15m by car and 45-90m by bus

**2a. Is there anything you would spend more on?**

expanding passenger rail out to west auckland

**2b. Is there anything you would spend less on?**

raised crossings

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

If auckland moves to a new central stadium north harbour will be redundant

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#2606**

Only proceed with this with one caveat it must be locked up tightly as politicians cannot be trusted not to keep their fingers out

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Support this with a shorter lease 25 years and also with clauses pertaining to minimum maintenance and development levels you donot want a situation like NZ rail and Toll

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Dividends should mostly go into council services, with some going into fund

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

ownership of the port land must stay with council, Ports of Auckland however could by sold down, depending on what happened to the money

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#2606

only if doesn't mean more harbour reclamation

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Importance of the port for NZ imports/exports going forward

**6a. What do you think of these proposals?**

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#2619

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

The increase in the rates should be in line with the growth of the economy. Higher rates will increase the cost of living.

In parallel, Council should look at cost savings and waste reduction. Example, during off-peak periods, should public buses by plying the roads empty without passengers. Could use data to adjust the bus schedule and frequency if the demand is low.

**#2619**

Could Council explore other fund raising eg leasing out public buildings for commercial usage, leasing lands for temporary usage by private enterprises.

Could council explore installation of solar panels on open land to maximise usage of lower cost solar energy.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make sure someone is paid to clean public toilets.

And toilets in Libraries. I don't take my kids now after going to the dirty toilet in Epsom Library after a homeless guy.

**#2626**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop flogging property owner and start charging all people who live in houses.  
Introduce Council Tax as they have in the UK.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

Transport should be secondary to water supply and drainage.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Entertainment

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#2626**

It's just back treading. We need to identify and resolve problems rather than throw money in the same direction it has been going. Unless there is a plan to get the shares back, then we should continue to just take the income.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

If there is money by leasing to be made then council should control that at market rate and also remain in a position to utilise the space as is most advantageous to Aucklanders .

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

That's why we pay rates. We need someone to organise services for our public area lives

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I don't want any rate hikes. It's about time the non-homeowners paid their share.. it's not my obligation to contribute towards a non-Home owner to buy a house by hikes in my rates while they enjoy the same public Services.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#2626

**Tell us why:**

It's a bit silly to continue to have the port right in the middle of Auckland city. Also the area should not be used for apartments where individual skip the soul benefit. They must be a business that would be able to pay a high rent for some of those ar

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#2626

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

we need to be holding people accountable who are contaminating, waterways and dumping rubbish. Also, we need to upgrade pipes that are spilling influent into waterways, such as the creek at Keith Hay Park.

It's fine having big ideas, but we need to take care of the things that are very obvious First.

I would like to see people who contaminate, waterways and dump rubbish to get big fines or jail time

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

#2626

Albert-Eden

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I don't know

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**#2626**

Tell us why

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Bring in council tax rather than raising rates just for house owners.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

less local boards

**#2634**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It's not fit for purpose.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell airport shares and sell down debt. Council is indebted more than it should be due to having not fully funded depreciation. Paying down debt is also risk free.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#2634

**Tell us here:**

Do a long-term lease and pay down debt. Council's debt position should mean it pays down debt and saves interest costs. Shouldn't be playing the markets.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

There's no free lunch, putting it in the fund means rates will need to go up to fund services.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

I don't know

**Tell us why:**

I don't use your public transport. I think you need a lot more than 13 billion to get it to the international standards. Inefficiency is waste of our money.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I think it's better you let professionals to manage your funds, you don't seem to have a clue.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**#2640**

**Tell us here:**

Just whatever you can do to make yourself more profitable, rather than just draining our money.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

That should be decided according to your financial reports at the end of each year. If you aren't short of money to keep the city running, of course you should invest.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Please don't change around things that don't cause any problems. Please don't fix things that aren't broken.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Same reason as above

#2640

**6a. What do you think of these proposals?**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycleways.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Eastern busway should only proceed if paid for by central government.

### 2a. Is there anything you would spend more on?

Cycleways.

### 2b. Is there anything you would spend less on?

Eastern busway should only proceed if paid for by central government.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

If the proposal of a waterfront stadium goes ahead North Harbour Stadium will not be as necessary.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

Once the Airport shares are sold they are lost forever. The airport is a strategic asset for Auckland and Council needs to be invested in it.

**#2703**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Loss of the port for 35 years is far too long for prime waterfront land.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council needs an income stream.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This is prime land in the heart of the city. Public spaces would help to stimulate the businesses of Central Auckland for a vibrant city. Excessive numbers of empty shops will turn the central city into a ghost town.

**5b. What option do you prefer for Bledisloe Terminal?**

#2703

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Prime land for public use.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#2703

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and	Fairly Important
--	------------------

#2703

engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

Public rubbish bins have been removed and need to be reinstated. People need to be encouraged not to litter. They will not take their rubbish home. There has been no education program. In Europe manufacturers and suppliers are responsible for the recyclin

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Mostly support. As above removing rubbish bins and then having being rubbish free as a goal doesn't seem to add up.

**#2703**

**8. Do you have any other comments?**

It is disappointing that Government has stopped the fuel tax without a replacement. Ratepayers should not have to pay for projects like the Eastern Busway that the tax was paying for. The Government has to be forced to pay or defer the project.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ecologically-friendly management of physical environment e.g. parks and facilities. No pesticides. No sprays. Smarter maintenance and planting. Real grass not fake grass, etc. Think more now, cost less in long-run, instead of always thinking short-term and throwing money at emergencies.

Speed bumps/tables in "rat-run" streets reduces future costs of accidents, etc.

**#2722**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less toxic spraying.

Fewer cultural events - they've been reduced to junk-food expos.

Users of sports facilities and the like should pay more of their cost.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

previously-planned initiatives, such as some raised pedestrian crossings and cycleways are SAFETY INITIATIVES that need to happen if quality of life is to improve. People will not cycle if they feel it is dangerous.

The existing cycling infrastructure is terrible and way over cost. Unbelievable.

Cycling infra done right first time is CHEAP. Not endless nonsense for years, repeating design and proposals multiple times.

**2a. Is there anything you would spend more on?**

Traffic speed reduction measures in urban streets.

e.g. chicanes that can be planted out/community maintained, etc.

**2b. Is there anything you would spend less on?**

MIGRATE resources away from motorways and main arterial roads towards public transport, trams, cycling and walking infrastructure, etc. Even free park-and-ride with express transport to/from CBD is progress.

There need to be viable alternatives that people can choose rather than broken services that force people into defaulting to car use.

**3. Which options do you support for the North Harbour Stadium?**

Other

**#2722**

**Tell us why:**

Stadiums and other facilities need to be funded by those who use them.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Council has been economically mismanaged for decades. It is basically broke.

Get council out of businesses that distort its choices and behaviours.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Best of the two options.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

NA

#2722

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

NO

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This should be developed as part of Auckland's public spaces.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

NA

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important

#2722

Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

Not sure what "Making our parks rubbish-bin free" means.

"Climate outcomes" are NONSENSE at best. They distract from the real issues of pollution, local open natural spaces, countering toxicity in our environment, etc.

"Environmental outcomes" YES IF LO

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Mixed views.

**8. Do you have any other comments?**

ENABLE individuals and communities, rather than trying to REPLACE THEM.

PUBLIC BODIES ARE NOT GOOD AT COORDINATION OR IMPLEMENTATION.

STAY AWAY FROM CLIMATE CHANGE NONSENSE. FOCUS ON THE LOCAL.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, The rates are now becoming so high that once I retire I will not be able to afford to live in Auckland anymore. That is ridiculous considering I have spent most of my life here

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2732**

I just want more efficiency and less waste of resources. The essentials such as roads, water, sewage systems, rubbish collections, etc must be done, but we need value-for-money. Non-essentials are just 'nice to have' and don't need doing. Cultural, arts, events, etc should all be self funding and not from rates. I would suggest setting up a fund for philanthropists' to donate into for the cultural, arts, etc.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I support completing what is required on existing projects, without all the unnecessary extra's included. I do not support spending \$13.4 Billion. We need value-for-money, and not wasting it in the manner we have wasted money on the current train system. (eg putting trains on a railway system that was not suitable for purpose, then replacing rails, then digging it up, then having 'heat' issues).

### **2a. Is there anything you would spend more on?**

I would spend more on maintenance of the existing systems. It is more cost effective than new projects. (eg Roads should be repaired when the damage is small, rather than wait for the problems to become large, which results in more damage to cars, and more fuel to be used causing more carbon emissions).

### **2b. Is there anything you would spend less on?**

New 'nice-to-have' projects which are actually unnecessary in the current environment.

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

There is a valuable asset existing. Unfortunately, it has always been a problem, because the parking around it is terrible, and access to it is not good. Therefore, I avoid going to this venue, unless there is no choice. If parking, access, and the

**#2732**

management of the venue could generate more revenue, it would be good. The venue should be self funding. Also, the population on the North Shore is growing. If the venue is repurposed, then it won't be available for the future.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I totally support the concept, but the 'devil is in the detail'. The structure, governance and control of the fund needs to be very good to prevent misuse. Until those details are known, I am a little uneasy.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The waterfront is critical to Auckland. In my opinion, the harbour and gulf is what makes Auckland unique and a great place to live. Therefore long term ownership is critical. It should be kept for the enjoyment of all Aucklanders, and for the public benefit. In recent times I have disagreed with some of the things happening in the harbour, such as extending the wharfs for shipping, which increased currents, closed off the harbour entrance which made it difficult for sailing, In my opinion, large commercial shipping should be moved out of the inner harbour, as it is detrimental to the appearance and use of the city

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**#2732**

**Tell us here:**

Using existing assets most efficiently should be the overall aim.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Insurance should always be for amounts the Council cannot afford to cover in the event of something going wrong. Therefore 'self-insurance' for most council assets probably makes a lot of sense. However, it needs to be analyzed in detail. Only insure what cannot be covered in a major catastrophe.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I think all three should be transferred at the same time (ie in 15 years), with a comprehensive plan in place to develop for the public benefit. I do not agree with any going to private ownership, so if it is decided to build commercial or residential bui

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The large commercial vessels should not be in the inner harbour, and ships are getting continually bigger. Therefore the Ports of Auckland will need to move at some time in the future. It could be used for cruise ships, or a number of other attractive options like many cities overseas have. A plan needs to be developed for the area starting now.

**6a. What do you think of these proposals?**

#2732

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#2732

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Some of the options are repaying debt over a much shorter period than other options. Why not make all the repayment periods longer , in line with expected life of assets, and therefore keep the rate increases lower.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
--	---------------

#2732

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

Looking after the assets and the long term green space is the highest priority. Celebrations, funding community groups are 'nice-to-have' but not important in the current funding environment. More of these types should be self funding, either through fees

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Too much of the funding is being wasted on the "nice-to-have" issues and not on the higher priority issues that would benefit the future of the area. Assets and green space needs to be the priority, not supporting community groups, or events that could be self funding via various options.

**#2732**

### **8. Do you have any other comments?**

I am very concerned at the proposed rate increases over the next few years, especially on the elderly who rely only on a pension, or the poorer part of the community who are only just making ends meet. They are generally the people who have always lived in the area, and are not going to benefit from the new assets or improvements. If you look at the cumulative effect over the next three years, there is a 13% increase for people who cannot afford food or power now. The main reason for these major increases is the expansion of Auckland, and the higher density which has overloaded the infrastructure, so why aren't the developers paying more for the infrastructure improvements. The people who have always lived in the areas wouldn't have needed all the improvements and will be forced out of their existing homes because they won't be able to afford to live in Auckland. Is this fair? I don't think so? Furthermore, a lot of the infrastructure such as roads and transport are fundamentally for business. They are there to get people to work and goods moved to sell. Therefore, businesses should be paying a higher contribution, rather than the individual households.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more work to make sure you don't rob us off our hard earn money. It is a sensitive time for everyone. We are all in financial hardships with inflation, high interest rates. Don't add more to the expenses that pushes more capable, hard working Nzers out of NZ. Don't assumed that we got the money to buy properties from trees. We work and

#2754

safe hard for it. Taking risks other not dare to. Rentals don't cover mortgage interest, let alone the mortgage itself. On top of landrate, fixed water rate, insurance. Etc.

All the road works happening in Auckland that tram up traffic, yet we have not see real results from it. We can see with our naked eyes are workers working like they are on holiday. Need better time management and accountability for work productivity from the contractors to make sure the money council spent is worthy. Learn from the like of Japan. They fixed roads in less than a month. What are NZ doing with years of work? The road still look like trash, the flooding still happended. Some serious self reflection needed for all the work and spending that are happening around Nz.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Do less of everything and give us home owners a snack. Otherwise, convinced us that what you're spending is actually helping nzder and home owners. Right now, I don't see anything good from the council. Traffic still jams up, water still overflow on stormy day, the pools still smell of pisses. Some useless ideas like having that small bins for composable waste. That was a waste of money, isn't it?

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Why take 10 years? Let see through the public transport in the city first. That one roll out in attempt for better transport and providing jobs. What a joke that has been. The years of road blockage lead to business closes down. The jobs still didn't go to Nzer isn't it? Becuase they all went to overseas staff with work visa. Money they earn will be sent to their countries. Meanwhile, small businesses that paid taxes are force to close down.

STOP making plans for the shake of making plans like you have not other jobs to do so you need to create jobs like this.

I'm all about improving lives and nz but I have no trust in the decision made by the government so stop creating useless plans until we see through the good work you have done first. Taking money from home owners who usually don't even use public transport anyway. Take the money from others people.

**#2754**

**2a. Is there anything you would spend more on?**

No.

**2b. Is there anything you would spend less on?**

Everything.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Do whatever you can to keep the cost at the lowest.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

This need advices from finance specialists and business people who know what they are talking about only. Getting vote from unknown citizens will lead to disaster; bias vote, and short sight answers.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#2754

Continue to use it to fund council services

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

reduce spending on staff administration for their own benefit

**#2761**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

pedestrian crossings is a ridiculous spend

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

administration/number of road traffic management staff

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Operational management is always top heavy and could well be reduced in staff numbers

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

AIAL shares return revenue most of the time

**#2761**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

high revenue return

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

ready money

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

retain revenue making returns

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

why sell off a revenue making operation !!

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#2761

**Tell us why:**

instant revenue making

**6a. What do you think of these proposals?**

#2763

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

The families are struggling to own houses. The people are struggling to pay rent and mortgages. It is unacceptable that the Council wants to increase rates to fund these projects. It is disgraceful that in such bleak financial circumstances council is increasing costs instead of giving relief to people of Auckland.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of	Not Important

#2763

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The union has worked hard for health and safety of workers at the Port.

Current staff need to remain ie experienced workers who understand each other over the radio comes.

All airport then port infrastructure needs n.z. input so either sell AIA shares apart from 5 % or ask govt to purchase Auckland airport shares !!! We are giving away too many gains to put into the unknown leasing of the Port.

Will it include the machines are leased its not cost-effective keeping. Machines in order waiting for parts from overseas.

Also iwi need to be fully on board.

**#2769**

Environmental impact is not worth the risk of ships discharging hull growths overflow water

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Asa over re who is p.o.a

They can change their memorandum of understanding and taking them to court wouldn't be worth it.

Add a lot of sub clauses re forfeiture of their leases in certain domains.

Ecological Iwi,

If Iwi protocol isn't met its fined on regular inspections.

Or lease for 10 years ie the foreseeable future

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#2769

**Tell us why:**

There's already enuff town planning activities at viaduct wynyard quarter.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>	

#2769

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

#2769

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

I've noticed less rubbish bins.

I think small parks can do without bins ie less than 400 more by 200m as that encourages dumping.

**#2769**

However all other parks especially near sports grounds ggribblehurst n folds potters park need bins.

Think of covid masks. Or

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The above choices are structured in a way that sets out the fundamental problem. the Councillors, and I assume senior council staff, do not think logically. Yes, we can do less so it costs less but we could also do more and cost less by setting the standard on wages. If you put rates by more than wage growth, you are giving ordinary Aucklanders a wage cut but are also planning to raise council staff's wages. The

**#2772**

reality is that council staff get paid by the community and therefore need to take a pay cut to make the work of council more affordable. The council has too many people earning above the national average wage but do not have that same percentage of above average capable people. Cut the salary bill of staff. Also cut wasteful spending.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

pay staff less. The goal should be to reduce the salary bill by 20% a year for 5 years and not replace them by consultants.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

It is about not being more efficient with what we have. Sort out public transport, improve parking, fix roads

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

raised crossings

bus lanes

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

In a year where there is a shortage of money why do anything here other than organise a few rock concerts

**#2772**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This is a dumb idea. It shows that council does not understand the difference between P&L and Balance sheet. Also it assumes that the Councillors are investment experts that know how to make a dollar. It is more likely that individuals should manage their own money so they can afford to pay rates then have the council increase rates and the council to manage the money. This is cockie jar economics

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Do a deal with POT and Marsden port and shift everything out of the port but cruise ships and tourism

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Anything else is a nonsense

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#2772

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The waterfront should be used for tourism activities

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The Council has no skill to run a port

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

On the Transport item 'Further removal of rail crossings to reduce road congestion' I understand pedestrian-only crossings are in scope for removal (eg Lloyd Ave in Mt Albert). I strongly oppose this action, as it will make walking more difficult. While I understand reducing vehicle crossings, I believe person crossings should be retained (this includes the person components of vehicle/person crossings)

On the Water item, 're-establish the original shape of the volcanic cone on Puketutu Island to how it was before it became a quarry' I question the value of doing this.

Finally, I express my concerns and provide feedback on the recently presented "Draft Annual Operational Plan and Budget 2024-25." After thorough consideration, I feel compelled to address specific issues related to the allocation of funds for vegetation management on Auckland's maunga.

First and foremost, I would like to convey my strong opposition to the proposed use of ratepayers' money for the unnecessary felling of healthy and mature trees on Auckland's maunga - whether native or 'exotic'. Preserving our natural environment, including these robust trees, is essential for the well-being of our community and the ecosystem. The Council is also short on funds, so this seems like a giant waste of money.

Furthermore, I kindly request that the Authority ensures transparency in the annual operational plans and budgets. Specifically, I would like a clear delineation in the budget documentation outlining the allocation of the "vegetation restoration" budget. It

**#2787**

is crucial for the community to understand how much of the budget is assigned to tree planting and how much is designated for tree felling.

Transparency in these matters is fundamental to fostering trust and accountability within our community.

I appreciate your attention to these concerns and look forward to seeing adjustments made to address the issues raised. As a concerned member of the community, I believe that open communication and collaboration are essential in ensuring the sustainable and responsible management of Auckland's natural resources.

Thank you for your time and consideration.

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#2801

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#2801

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

keep raised crossings and cycle ways

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

no

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

better option

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

best option

**#2802**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2802

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#2802

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, Do less

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Don't do any new plans. Especially cycle lanes etc it;s just waste of money

**#2811**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#2811

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. exhibitions and live productions and performances.

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Franklin Local Board Priorities**

**7b. What do you think of our proposed priorities for Franklin in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Not Important
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	Not Important
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	Not Important
Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-	Not Important

#2811

owned facility leases, including leasing charges.	
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Not Important
Progress the development and delivery of the Franklin Paths Programme.	Not Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Not Important
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	Not Important

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Not from the Franklin area

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

#2811

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our	Not Important
--	---------------

#2811

community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

Not Important

#2811

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	Not Important
Review and refresh the Howick Tourism Plan.	Not Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Not Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	Not Important
Develop a community-led climate action plan.	Not Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

#2811

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	Not Important
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	Not Important
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	Not Important
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	Not Important
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	Not Important

#2811

Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

#2811

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	Not Important
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	Not Important
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	Not Important
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	Not Important
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	Not Important

#2811

Identify options for recreational activities to support people of all ages and abilities being casually active.	Not Important
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	Not Important
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

**Not Important**

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important

#2811

Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Do not support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

#2811

**Tell us why**

I do not support any priorities

**Ōrākei Local Board Priorities**

**7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Not Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Not Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Not Important

#2811

Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

**Tell us why**

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

**Ōtara-Papatoetoe Local Board Priorities**

**7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Not Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	Not Important

#2811

Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Not Important
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Not Important
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Not Important
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	Not Important

**Tell us why**

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am paying more now, don't want pay more, unless I sell my property

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Implement cost cutting

**#2817**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#2817

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

#2817

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

#2817

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	I don't know
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	I don't know
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	I don't know
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Not Important

#2817

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop building bus/cycle lanes and decreasing car lanes. actually think about what is best for auckland city and not what you hope.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

stop making cycleways. tax cyclists using the cycleways you have already implemented. why is it at other peoples expense when approx. 10% use the cycleways.

### 2a. Is there anything you would spend more on?

network optimization, reducing temporary traffic management requirements and introducing dynamic lanes

### 2b. Is there anything you would spend less on?

making public transport faster, more reliable and easier to use by investing in rapid transit network actions, such as making it easier to pay and introducing capped weekly public transport passes

stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

its not big enough for international matches and too hard to get to if you are city side of the bridge.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#2821**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Auckland needs to keep some kind of involvement in its airport.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

if they cant afford to keep the leases in the future I'm sure something else can be done with the area.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

if this can keep costs down that will be passed onto rate payers, continue to use the funds.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2821

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

STOP cutting down trees, (for example all along Meola Road - SHAME

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop fancy city walk-ways,

Stop bicycle paths,  
Stop all the huge empty buses

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Stop all previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

Making it easier to pay and introducing capped weekly public transport passes increases the burden for low-paid council workers who do not have options

### 2a. Is there anything you would spend more on?

Police presence

### 2b. Is there anything you would spend less on?

Ornamentation

Raised curbs, ill-placed traffic islands

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

It's good as it is, we do not need to compete with Japan.... (for example)

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#2847**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

spread the risk of council's investments over a range of different assets in different locations - with this I concur.

The rest is vanity.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Rates increase is untenable

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Do what can be done now; the Auckland Future fund will certainly change with change of council members, costs will inevitably double, triple....

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Retaining ownership allows greater control of choice

#2847

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

The "something else that provides public benefit" - is a subjective statement at the mercy and whim of the highest bidder.

That option lacks morality and possibly honesty

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

The "something else that provides public benefit" - is a subjective statement at the mercy and whim of the highest bidder.

That option lacks morality and possibly honesty

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

#2847

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

I don't know

**Tell us why**

Community gatherings will happen with or without council assistance.

Rubbish bins are essential, without them people will struff their fubbish under trees, into Meola Creek, drop it onto the ground

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Most priorities are good

Council intervention is not required so comprehensively

**8. Do you have any other comments?**

I am a long-time citizen.

I have had ENOUGH of orange cones

#2849

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

#2849

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value</p>	<p>Do not support</p>

#2849

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

The Auckland Council is charging too much and it is not fair on retired and jobless people.

**#2849**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Infrastructure needs

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cultural and social events

**#2854**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

need to focus on core activities

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Cycleways and raised pedestrian crossings

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

make the asset pay and deliver for the North

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Protects the future as much as possible

**4b. Which option do you prefer for the future of Port of Auckland?**

**#2854**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Provides best return

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2854

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

General maintenance of roads to avoid flooding. Eh. Cleaning up autumn leaves

Increase in music in parks which was cut back

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Over staffing in administration

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Keep improving public transport

Unnecessary pedestrian crossings with raised roading

**2a. Is there anything you would spend more on?**

Arts funding

Park upgrades

**2b. Is there anything you would spend less on?**

Overstaffing

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#2866**

Investing money from sales could prove to be no different to earnings from retaining them

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Don't want to sell off more assets

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#2866

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2880**

Spend less on promotion of left wing values like LGBT & Maori culture, etc. Then by default, promote a more unified & mainstream NZ instead!

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

In favor of the Pay Less and Get Less option. Then AT will have to be very deliberate on what to spend and how much, rather than have a free hand once a "budget" has been set. Hopefully this would ensure more effective and efficient spending with more accountability.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Other

### Tell us why:

Cut losses and work with private sector to find a win-win scenario.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

Ensure flexibility and optimize returns.

**#2880**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Cash is king!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#2880

Condition upon the alternate use can provide financial benefits to offset the reduction in lease.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
--	---------------

#2880

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Need to scrutinize costs and make sure every cent can be account for in terms of a rate of return and cost benefit analysis.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Only support the following:

- caring for our environment and working alongside the community to protect it
- maintaining our facilities, services, and leases so they are affordable, fit for purpose, well used, and respond to growth needs

**#2880**

- continuing supporting local business

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public Security

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Benefits for people who are able to work

**#2942**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

The government is spending a lot of taxpayers' money on things that have no real effect.

**2a. Is there anything you would spend more on?**

Medical

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2942

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#2942

Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	Do not support
