## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13250**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#13250

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#13250

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#13250

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Fairly Important

#13250

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

I'm not sure how making parks rubbish bin free improves climate outcomes???

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

OK

**8. Do you have any other comments?**

Thanks for the chance to provide feedback. The Consultation Document was very good though one needed further information from a variety of other sources to have some idea of how a few of the proposals may play out

#13251

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

Rubbish-bin free parks are a good idea, perhaps, but will not work in locations where food vendors are using packaging that becomes waste. We would prefer to see the problem tackled at source, ie by educating vendors.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Gribblehirst Community Hub Trust, which leases the upper floor of a former bowling club

building in Gribblehirst Park, Sandringham, and also the former greens, is extremely concerned about Auckland Council's proposed hugely increased charges for community

facilities. Gribblehirst Hub (GHub) would be crippled and quite possibly forced to wind up if Council charges

were increased to any significant extent.

Encouragement for community-led development (CLD) is a Council policy. It is easy to see

why, since CLD groups such as GHub are able to provide services to the community, nuanced according to local needs, wishes and aspirations, at very low cost - far lower than

services provided directly by Council.

A group such as the Gribblehirst Community Hub Trust has very limited capacity to fundraise. The funds that it does raise through memberships and bookings are immediately

consumed by the existing Council fees, insurance, and very modest running costs. The

**#13251**

contracts for our coordinators and cleaner are currently covered by government grants.

Any

additional amenities the Hub is able to offer are either built by members, are gifts, or are paid

for through grants.

The services that the Hub provides are precisely those that are mandated by our lease with

Auckland Council, which in turn reflects the statutory requirements of Council itself:

enhancement of community wellbeing and connection, strengthening community bonds,

encouragement of resilience and so on.

The Trust understands that the local boards will be required in future to 'pay for' facilities that

are occupied by community groups. We hope that the Hub, now also a Council Climate Hub,

will meet with our Albert-Eden Local Board's approval. We also hope that the valuable role of

places such as GHub, operating in Council facilities, will be acknowledged by Auckland Council.

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport must be prioritised. We must do more to provide infrastructure to provide for our growing population. We must protect our environment. We must build more housing. We must make up for forty years of deliberate underfunding of our public services.

**#13257**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Roads for private motor vehicles have too much of the focus. And, those that have accrued more wealth need to pay more. Those that own several properties should have to pay more rates, and it should be progressive on each property. A \$4 million residence should pay more than double a residence of half the value, especially if only two or three people are housed there.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Invest in all public transport, walking and cycle works. Stop building roads for private motor vehicles. Borrow if we have to, to do this, and increase rates by 25% if necessary. And, tax rich people more... that's people who have accrued wealth beyond their needs.

**2a. Is there anything you would spend more on?**

Public transport. Did I mention public transport? Increase density, especially near public transport and in inner suburbs. We can afford to lose many villas and bungalows for medium density, quality housing, and green spaces.

**2b. Is there anything you would spend less on?**

Roads. Golf courses. Did I mention roads?

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#13257**

Speak to the people of the North Shore, but also consider the needs of the wider region. I'm concerned that with large sporting venues the public pays and then corporates profit, but we also do need these venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I am strongly in favour of the council keeping full ownership of assets, including the ports and airport. Don't sell public assets. Keep them in public hands for the future.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I strongly object to leasing or selling the port. The Council MUST keep owning and operating the port. If it is leased, we will suffer. The leaseholder will, of course, want to maximise profits, and the only way that they will do this is to drive down wages and conditions for workers, including on safety. This is a disaster waiting to happen DO NOT DO IT, PLEASE!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I'm not convinced that the future fund is a good idea.

#13257

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I am very concerned about self-insurance. If insurance companies don't want to cover certain asset, or are charging too much, it's probably that the risk is too great and we may need to move the asset to a safer location. We will likely have to do a lot of this in coming years as we experience the climate crisis, as sadly we, and others, have done far too little to avoid it.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

We could do with great public spaces here. Make them truly usable and beautiful for us all. Strongly limit commercial activities.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Great for public space. Cruise ships are terrible anyway. We should have passenger ships for coastal and international transport, but not "entertainment" cruises.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Essentially, I want you to stop prioritising those who have a lot over those that have little. Stop doing the bidding of the wealthiest Aucklanders, who want to keep everything for themselves and focus on the needs of the future. Consider what Tamaki Makaurau will need in fifty and one hundred years. Consider the needs of our natural environment way more in your thinking. Borrow if necessary. Increase rates if necessary. Stop the lie that we can keep rates low and still deliver what we need. Rich people need to contribute more; they have been under-taxed for far too long. Thank you for your efforts.

**Local board priorities**

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13279**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

we need to use these assets more, but need to be careful that we are not short sighted if selling some of the land off.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#13279

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I understand it is important strategically to the successful operation of the port.

**6a. What do you think of these proposals?**

#13279

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important

#13279

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Watercare increasing the IGC by 28% is ridiculous.

There needs to be more use of targeted rates

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13289**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

We believe that a lease of the operations of the port to a global terminal operator would provide Auckland Council with the potential to maximise the port's commercial value, propel economic growth, and ensure that the community and environment are protected. Please refer to our separately submitted document "Charting New Horizons" for further details on how we believe the above can be achieved, and the benefits that a global terminal operator like APMT could bring to the city of Auckland.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#13289

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to	

#13289

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Investing in sports and activity for our youth, to create a next generation that is more capable, skilled and empowered with greater wellbeing to deliver better outcomes than we have achieved.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13291

Less money allocated to the Tupuna Maunga Authority's budget to cut down trees.  
Hello. Financial and Environmental crisis....?!

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Faster time to travel by whatever means/modality the traveler chooses, including car.

Council and AT need to shift our of monopoly mindset and create a model that views every car driver as an untapped market, then create a transportation network product that people WANT to shift towards, rather than making travel by car increasingly difficult until people shift - that's just destroying the economic productivity of a system until it's worse than your product to influence change. Poor mentality. Delivers the wrong outcomes.

Same modality, different behaviour, also improves outcomes. Getting 2 people into a car halves the emissions per person km travelled too. And this and similar options can be more effective at improving safety, decreasing travel time and reducing congestion.

Also consider battery powered electric vehicles (BEVs), their increased weight and increased destruction of roading assets results in increased network maintenance and productivity constraint, increased quarrying and all at while increased carbon and GHG emissions.

### 2a. Is there anything you would spend more on?

Cars. Variable use of roads, e.g. bus lanes. The lowest value of a lane is it not being used, which is what 99% of the time happens in a 100% dedicated bus lane...

Dynamic lanes that change in function depending upon best use at each part of the day, are king!

### 2b. Is there anything you would spend less on?

Traffic lights - they kill traffic. So much idle time and increased carbon emmissions.

#13291

Some parts of the network, especially at night or weekends would benefit from turning the traffic lights off and becoming give way and free turns, reduced waiting and emissions...

Decreased frustration to drivers will also reduce risky behaviours and accidents.

### 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

#### Tell us why:

The stadium is currently pretty horrible, poorly served by Public Transport, horrible access by private vehicle, incredibly bad access to entertainment, food and beverage options/precincts.

Tatukai Unlimited are an incredibly poor manager and operator of Stadiums, please show the separate finances for each stadium including how much each is funded by ratepayers each year. You CAN'T. Because the management accounting is useless. Well, Eden Park can. Fire TU, and put transition Council Stadiums into a high performing organisation that has a vision for the future.

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#### Tell us why:

### 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#### Tell us here:

#13291

Option 1 sounds like the status quo, and it's a failed - apologies not yet successful, strategy.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

There is too much a focus upon linear extension of status quo, same investment and services, less investment and less services, more investment and more services.

Well. I'd like to see a 10% reduction in rates and 10% increase in outputs, through increased performance, real value for money strategies. We need some nonlinear thinking in the Council operations structure that has the mandate to deliver change. People that are paid very well, and expected to deliver 10X their salary in benefit. Each.

Find people, New Zealanders, of international calibre that have delivered change, transformation and performance improvement - to lead Auckland to a brighter future.

I don't believe the current approach will achieve much, and it's largely a rinse and repeat of the same approaches. Let's get back to a meritocracy where results-based are given influential roles, aspirational targets and empowered to make a difference..

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The port operations are such a tiny component of the total Waitemata Harbour waterfront, there are so many other places where we can add real value and benefit,

#13291

and create a vibrant community about our waterways (including fuel cell powered electric engine)

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#13291

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

How about an index linked cap on Rates increases, Council wants more? Deliver more value to our city so the Prodivity Index (for example) increases... we benefit, we benefit...

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

#13291

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Sono Pasti Questi Romani? Reducing rubbish bins doesn't reduce litter created, it just changes what gets done with it. Unintended consequences could be increased litter and time/cost/environmental emissions and worse outcomes for our city from such a silly proposal. Please invoke some design thinking in consideration of some of these ideas.

**#13291**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Pretty operational and status quo in concept. No comment.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland Council could do more to ensure compliance with existing bylaws, including proactive measurement and management of noise, pollution and anti-social behaviour.

Auckland Council should do more to realise its Climate Plan and Transport Emissions Reduction Plan.

#13292

Auckland Council needs to improve community resilience, which is partly planning and infrastructure, and partly building community networks.

We would advise against reducing staff levels to the point that they are overwhelmed and unable to give good advice.

We recommend that there is sufficient prioritisation of communication and IT systems to improve customer experience.

We should incentivise more development in the existing urban area close to transport links, perhaps by making it cheaper to get consents, and to connect to water infrastructure in existing suburbs. This would significantly reduce costs on the council over time. Council should stop enabling housing at the edge of the city where there is no infrastructure. We need a compact city to grow a strong economy, a lower carbon future and better services for residents.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Council should stop enabling housing at the edge of the city where there is no infrastructure. We need a compact city to grow a strong economy, a lower carbon future and better services for residents.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

completing the Downtown and Midtown Bus improvements

more cycleway and walking connections

safety projects around schools and town centres.

better funding for maintaining, expanding and promoting the public transport network, including to more remote areas

rolling out electric ferries and more low-emission buses, plus supporting infrastructure

the Lincoln Road and New North Road corridor upgrades

**#13292**

greater investment in rail: rolling stock, and more support for ongoing Kiwi Rail track maintenance

Street trees and rain gardens

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

#13292

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13336**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Port is performing well with a great relationship between management, workers and unions. Industrial relations not likely to be positive with new owners focused on returns. Overseas ownership is not desirable and will lead to increased costs due to

#13336

pressure to gain a return on the investment. Selling the port locks in the location for 35 years and cannot be moved.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

To allow import of roll on roll off cargo.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

#13336

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	

#13336

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

<p>Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.</p>	
<p>Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.</p>	
<p>Planning for how our parks and open space can respond to growth, making the most of</p>	

#13336

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Pt Chevalier needs a proper library why has this taken so long.

How does removing rubbish bins minimise waste? Surely this is the opposite.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

New Pt Chevalier Library needed.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13350**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Transport is the number one issue affecting Auckland for me - I do not support all of the proposal and instead only most of it because I feel it does not go far enough in improving transport

**2a. Is there anything you would spend more on?**

Mass-transit options towards the North Shore seem to be badly needed, which I would support.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#13350**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Establishment of a new council controlled organisation (CCO) - Option 1 (Establish a new CCO)

Potential change in ownership of council's shareholding in POAL - Option 2 (Transfer shareholding

within the council group)

Potential change in ownership of port land - Option 1 (No change to land ownership)

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The lack of significant impact on port operations makes this a plausible option

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#13350

**Tell us why:**

The growth of freight transport by truck specifically is a problem, and without a clear vision for the alternative use of this terminal, the potential future financial benefits seem like a risky tradeoff.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A: acquire land in strategic brownfield locations to enable council to influence private sector land use development by future provision of community facilities

B: increase and diversify revenue generating activities - no reason only the private sector can make a profit.

**#13353**

C: retain the Sport & Recreation Facilities Investment Fund and the proposed additional \$35M non-contestable

D: retain and increase the Sport and Recreation Facilities Operating Grant

E: advocate for law changes to enable council to use DCs for community sport & recreation provision in response to growth

F: advocate for increased collaboration with MOE and schools in delivering and optimising use of sport & rec facilities

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

new roads for new subdivisions - these are the things dragging council down because they don't pay enough rates to cover the cost of the assets they need/demand. This car-centric land use pattern does not offer sufficient density of rates income to ever be viable. We have to stop digging this hole! I know council \*do\* these developments... sometimes can't stop them if want to... but council could attack THAT problem.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Walking and cycling are the cheapest solution to Auckland's transport woes.

**2a. Is there anything you would spend more on?**

public and active transport modes - particularly where they will influence or support beneficial land use development by private sector

**2b. Is there anything you would spend less on?**

new roads

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management, Other

**#13353**

**Tell us why:**

It is not fair to assess NH Stadium in its current condition. It was mutilated by TAU for the flash-in-the-pan Baseball franchise (as if that was ever going to work) and is useless until the diamond is removed, field and embankment reinstated. So... in that sense it HAS to be "redeveloped" AND the operational management that chose to ruin the stadium definitely needs to change.

ALSO - the outer oval looks like it could become a great test cricket venue. Don't ruin Colin Maiden Park for community use when the Stadium network already has a suitable venue.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Love the idea to build AUCKLAND's wealth over the long term, independent of rates and Wellington. I don't know the best way to do this but I support it in principle.

Having said that, airport shares have some strategic value, so straight up selling them might be counterproductive.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Please do more to make our city climate resilient - we need more walkways, safe cycleways and cheaper, better public transport. Please implement the making room for water plan ASAP. My house was flooded in the Auckland Anniversary flooding it was

#13356

devastating. Eke Panuku's redevelopment of town centres are essential to bring back local hubs and community connections.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No, we need services. Cuts are not the solution.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I support the dig once approach and would like to see more raised crossings and 30km city wide. Cities aren't loud, cars are! Reducing speeds helps reduce noise pollution while also increasing safety. I support daily and weekly fare caps which encourage multi-modal trips, women like me often take more trips running errands and taking care of children, and fare caps would encourage the use of public transport.

**2a. Is there anything you would spend more on?**

I'd spend more on connected cycle networks that can be delivered fast and affordably by reallocating road space, we need to follow cities like Paris! I'd also pay more to have safer speeds - 30km - for residential areas, around schools, and through town centres, so that everyone can get to where they are going safely and kids are empowered to travel around their neighbourhoods independently. I'd pay more for the Great North Road Improvements and also the long overdue New North Road Upgrade Project.

**2b. Is there anything you would spend less on?**

I would spend less on road widening as more space for cars is not the answer (hello Los Angeles). I also wouldn't spend any more money on a second harbour crossing.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**#13356**

**Tell us why:**

I support looking at options for development but would like to keep community facilities and playing fields.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't support it because the establishment of the Future Fund is simply a means to privatise Auckland. Privatisation is not something that the council should be delivering!

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Don't sell our assets!!!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13356

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

I support all priorities except the removal of rubbish bins in parks.

**#13356**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

I support all of the proposed priorities, especialling:

- caring for our environment
- maintaining our facilities, services, and leases so they are affordable, fit for purpose, well used, and respond to growth needs
- long-term service provision of library and community centre services in Pt Chevalier and for the community centre in Sandringham
- park acquisition in areas of growth (please focus on Carrington development and Chamberlain Park)
- support Māori Kaupapa and priorities (YES!!!)
- continuing supporting local business
- supporting arts, events and night-time economies in our town centres

The following priorities sit outside local board decisionmaking and require advocacy to the Governing Body:

- flood recovery and stormwater management.
- additional funding:
  - to deliver a library and community centre hub in Point Chevalier
  - For Mt Albert pool access
  - To respond to growth in our area
  - For town centre upgrades at Sandringham and Greenwood's Corner
  - For regional events

**#13356**

- To support the CAB
- advocate to Auckland transport for:
  - reliable and frequent bus and train services
  - upgrades in our Town Centres
  - supporting more walking and cycling, options

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#13361**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#13361

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#13361

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#13361

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Rodney

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important

#13361

Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

Need for a community hub/library at Pt Chev to support growing neighbourhood and current buildings not fit for purpose. Review of Sandringham CC also needed as building not fit for purpose. Like bi free reserves but needs coins around change of mindset about taking rubbish with you - be a tidy Kiwi.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Support new library/hub at Pt Chev.

**Rodney Local Board Priorities**

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people	Very Important

#13361

maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

**Tell us why**

Support transport initiatives for local area. Support environmental outcomes and for supporting youth.

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

All important and supported.

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Pakiri

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Council needs to stick to its knitting - spend money of infrastructure including water quality and not on nice to haves like culture.

Water is essential - the quality of the water in Auckland and the run off is shameful and must be fixed for the whole community.

**#13369**

Get the Unitary Plan sorted for the ex light rail route - this is taking too long and speaks to the councils proposed City and Development - how can it be expected that density will be increased where planning laws are unknown and landowners are at a stale mate in terms of how to deal with their land. Its a shameful position given planning is one the key services one expects from its council.

Extend hours / number of concerts to Eden Park so that we can attract local and international tourism in a place which is central and easily accessible.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Hurry up and release the Unity Plan for the massive area currently highlighted for the city light rail. The delay since the light rail was crapped has been unacceptable, its unequitable and prevents people dealing with their land. It also talks to the councils initiative to increase density - how can that be achieved when massive amounts of Auckland are in a state of limbo.

The category parks and communities should really be in two separate categories - spending on parks is fine but spending on community needs a really good review. Initiatives targeted at races eg Māori and Pacifica. We have such little money - all spending on discretionary parks and communities should be for the benefit of all eg the zoo and museum and not a selected group of the community. e.g everyone gets old so old people events are ok but race based is exclusive.

Really consider whether the end user of the technology improvements are going to use them - eg my uncle is retired and doesn't have a computer and has no interest in having one or learning how to use it - are IT initiatives which are mainly aimed at elderly a difficult ask - why not focus on low hanging fruit which benefit the whole community so user uptake is high.

You need to consider your KPI's - every initiative should have a quantifiable KPI that the council can be held to account over. What does the percentage of sporting and recreational activities mean - percentage of what? And under council support - why could you only find 2 quantifiable KPI's and one of them is only for the Maori engagement and the other KPI does link to a central proposal at all but talks to the preparedness of the community for an emergency - how does this come under council support? There should be a KPI attached to each of the council initiatives - otherwise only those with a KPI eg Maori support will receive the councils attention around reporting time. This takes away from the whole point of the plan. All KPI's need to be reviewed so that the reporting at the other end is actually beneficial.

**#13369**

You also need to consider how many people are going to publicly funded events -v- the cost of them. A room full of kids at story time in the library is better than 5 elderly sitting in the library for a special film series. Payback is quite different between the 2 scenarios, but the librarians time and advertising costs are the same.

Under Economic and Cultural Development - I agree with less or nil funding on cultural events like Diwali and Chinese new Year and pacifica festivals and waka racing - there are so many different cultures in NZ - why are these picked out. Businesses can step in with funding to assist if needed eg the Santa parade and st patrick parade has been corporately funded to assist in delivery for years - council can help with supporting road closures etc for these events. I love attending these events but they are not essential - they are nice to have and where does it stop?

Why are we looking to attract business talent and investment in technology and screen - is this Auckland's bread and butter and future group - where are the numbers!

Cancel Climate Connect Aotearoa - this sounds like it should be a central government initiative and is a nice to have but council needs to stick to its knitting when times are tough and debt levels are high.

Visitor numbers to Auckland are going to be impacted more by the bad word of mouth caused by the state of downtown and mid-town than any initiative Auckland Council can come up with - sort out the crime and rough sleeping in Auckland central and the mess caused by all the council and other authorities construction works and you'll see a lift in tourism. It's very embarrassing as an Aucklander- I don't go into the centre of town any more as I feel very unsafe. Worse than much larger centers overseas.

Council support should not be focused on particular races e.g. why is there help for Māori businesses - aren't all businesses the same - we are lucky to have anybody in Auckland who wants to take the risk of opening a business and they should all be supported by the council to the same extent.

Only sell property where there is a clear benefit to the rate payers to do so - I have no idea why the downtown car park was sold - ther terms sound poor (property professionals need to be involved) and commercial car park operators are now going to gauge users. I am unwell and unable to use public transport - but the centre of the city without public car parking will become inaccessible to me through all the councils proposed road schemes and sale of car parking in town - its cost prohibitive to go to the art gallery or the maritime museum yet they are some of my favorite places which are otherwise accessible to me (the buildings themselves are accessible but council has made the location inaccessible due to costs of access into town - nb. I do not have a community services card and am not eligible for one.

**#13369**

I am fundamentally against the proposal to increase maori funding under the council support from \$3m per annum (\$30m over 10 years to \$171m). Rates are public money and should be used for all members of the public - not a select group. Money is tight right now and these nice to haves are simply financially unfeasible for struggling households.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

I think we should retain the RFT, Its a good revenue earner and directly targets all vehicles on the road - not just those that cause congestion - but all vehicles which cause environmental damage.

Expenditure on transport has been high over the last few years and we are yet to see the benefit in many areas e.g. the rail loop.

I'm not in favor of increasing costs on drivers to pay for initiatives. I have medical condition, as a result I'm immune compromise and weak (no I don't have a community card so merely excluding those people doesn't help me or many others) - I can't take public transport. I do however require regular vehicle trips often during peak hours into Grafton.

Efficiencies have to be found - eg traffic management is ridiculous - so much wasted money - each weekend paying a person to sit next to a couple of cones while no work is done.

The rate payer should not be paying for gold card holders to have free ferry trips to Waiheke Island for days out - this is ridiculous - so much wasted money.

Cycleways can wait - lots have gone in recently - let the population catch up - and get some lessons learnt - that one in gray lynn is dangerous, convoluted - I wonder whether any commuters use it and how many pedestrians have now been hit or nearly hit getting from the car to the footpath.

### 2a. Is there anything you would spend more on?

**#13369**

Hurrying up and making the changes to the unitary plan to give certainty to those in the previously designated light rail area now that that project can be stopped. Its unequitable that the plan hasn't been updated already - and it's still a year away at least.

**2b. Is there anything you would spend less on?**

Cycleways

Gold card holders trips to waiheki

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Little use. I'd like to see Auckland more like Melbourne - all the main sports areas are central and accessible - The north harbour stadium is not well connected for the rest of aucklanders. funds should be diverted into eden park (with expanded hours for concerts etc). and further development of facilities in the city which everyone uses eg the zoo unless a better use can be demonstrated (and quantified) through the operational management plan.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Returns are currently low - establishing a fund like many other countries have makes sense when its professionally run, keeps up with inflation and helps in the future with CAPEX spend so rates increases can be minimised.

#13369

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

You'll need professional help with the lease to make sure you get the land back in the same condition as its leased and they pay for all maintenance. You'll have to consider how capex is dealt with near the end of the lease - you don't want a dilapidated old port returned to us. There are heaps of examples of good practice (and bad) from overseas you need the help of not just a solicitor but a property professional as well on the drafting of the lease and another property professional on the capex side of things.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Future proof Auckland and its rates payers.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

N/A

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

#13369

I like the idea of transferring captain cook and marsden wharves - but not for a cost of \$100m. There are many areas in downtown auckland that could use this money which are already in council control rather than creating yet another area. You could inclu

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Sounds too expensive to transfer back and has implication on transport.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	Support

#13369

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

There should not be rates relief for specific race groups. Everyone in Auckland who owns land - whatever the model of ownership looks like - should be required to pay rates on it. This is compounded when particular race groups are also given financial grants and funds, access to special services, and rights to lead initiatives which should rest with the wider community. We frankly do not have the money to support initiatives which benefit only part of the community right now - we are all hurting financially and we (at least those that pay rates) will be paying off debt for the next 10 years. Why are there exemptions to rates - when all achieve capital gains on land ownership regardless of ownership model. There should not be a difference between race groups in Auckland for the pupose of the use of our rate payers money. Council needs to stick ito its knitting and ensure our infrastructure and assets are sorted - everything else is a nice to have and new initiatives to spend money need to be heavily scruinitسد - where any only benefitt a section of our community then they need

#13369

to be i=binned until we (the community) is in a much better financial position - if wayne brown can get us financial security / pay back debt / establish future funds then thats the first step - and then (and only then) should we be discussing the nice to haves. But spending money (rate payers money) on specific groups within the society to the exclusive of others should not be permitted.

The allocated amount for exotic Caulerpa seaweeds is no where near enough - this is already getting away from us - slow response from council is unacceptable and will cost the ratepayers in the long run.

Money spent on digital resources for public need to have a higher threshold than suggested - these are really expensive and nice to haves only - some are very unsuccessfully in terms of adoption and come at enormous cost.

Maori led partnerships for emissions reductions should not be pursued - this is a city wide all community members issue and shouldn't be led by only one group of the community if it's going to be successful. Maori should not be given a grant. This should sit with the council / community at wide - otherwise bias steps in.

Be sensible in approaching pest free areas - choose the easy to manage ones only - eg the proposal for kawau as pest free is extremely high and has already cost tax payers money where it could have been better spent elsewhere.

Demolish food scraps initiative - its stinks.

Sort out the unity plan for the ex-light rail route would help give everyone certainty around planning - including resource management act given any development is hand in hand.

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#13369

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Please do not remove the bins in our parks and open spaces - we'll end up with bigger pollution problems - its naive to think that everyone has the desire or the means to take their rubbish eg if using public transportation, if tourists with no where to put rubbish, if dog poo. Can't you bring back the ad from the 80's/90's - 'put it in, put it in the right - do the right thing - littering's a sin'. No bins send the wrong message. I've never holidayed or lived internationally anywhere where bins aren't provided except in areas of significant risk of terrorism (e.g. in London's underground stations). I really

**#13369**

question how came up with this idea and why its been supported - it makes absolutely no sense for a minor saving each year.

We do not need more expensive cycle ways.

Developers should have to give over land for parks when doing large developments eg the one over in carrington site should have a park included and gifted to the public as part of consent, just like in the UK. Otherwise it should be on developers to have a small 'public space' cost included in their planning consent where their development is a medium build more than say 10 houses / residential apartments which the council can then use to acquire land nearby - again reference London. It should not be on the rate payers.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

There is noting apparent in here for Eden / Epsom areas.

We should not be funding individual cultures right now - money is tight - get rid of the supporting Māori Kaupapa and priorities - we don't have the money for initiatives like this - nice to have but we are hurting financially and initiative's for the community should be kept under management of the whole community.

**8. Do you have any other comments?**

Financially Aucklanders are doing it tough and do not want to see unnecessary expenditure. Infrastructure needs to be improved. Existing facilities like art gallery and librарys and zoos need to be maintained to an acceptable level, but nice to have expenditure like on cultural events, excess council staff, money supporting Māori groups which form only a minority segment of the Auckland rate payers and population to the exclusion of others need to be cancelled - it can be reviewed again once Wayne Brown has sorted out the future capex funds, reduced expenditure throughout the council and reduced our debt.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like to see Auckland Council investing into an already existing arts, culture and creative ecosystem which allows our city to grow and thrive. If we invest into arts and culture we invest into our future.

I would like to see Auckland Council do more:

**#13371**

Support for arts, culture and creativity via local boards  
Investment into Council programmes, engagement and public art.  
Investment into arts and culture facilities, both Council-owned and private.  
Investment into Auckland's diverse cultural communities.  
Investment into local festivals and independent artists and companies, regional grants  
Screen Auckland production attraction and facilitation  
Management of film studios  
Development and support of creative industries  
Performing Arts and event venues and stadiums  
Logistical support of performing arts  
Aotea Arts Precinct  
Significant cultural institutions such as Auckland Art Gallery and Maritime Museum  
Innovation hubs with strong creative focus such as GridAKL and Grid Manukau (along with Ngahere Communities)

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Sell the golf courses which have a combined value of well over \$2.9 billion. This would also save \$160 million a year to run the council's 13 golf courses.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Spend as much as possible on removing the barriers for accessing public transportation

**#13371**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#13371

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>

#13371

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

#13371

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

#### Tell us why

**#13371**

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bicycle infrastructure

Point Chevalier Library

Arts and culture

#13386

Deliver the TERP

Blue-green corridors

Surface light rail

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less sprawl

Consider selling/developing some public golf courses

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Transport plan should deliver the TERP and promote decarbonisation

**2a. Is there anything you would spend more on?**

Bicycle infrastructure

Public transport

Light rail

**2b. Is there anything you would spend less on?**

Scrap the bike ferry -- much better to get space on the harbour bridge

Don't waste money on road-widening; use existing space better

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**#13386**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#13386

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support for arts, culture and creativity via local boards.

Investment into Council programmes, engagement and public art.

Investment into arts and culture facilities, both Council-owned and private.

**#13391**

Investment into Auckland's diverse cultural communities.

Investment into local festivals and independent artists and companies, regional grants

Screen Auckland production attraction and facilitation

Management of film studios

Development and support of creative industries

Performing Arts and event venues and stadiums

Logistical support of performing arts

Aotea Arts Precinct

Significant cultural institutions such as Auckland Art Gallery and Maritime Museum

Innovation hubs with strong creative focus such as GridAKL and Grid Manukau (along with Ngahere Communities)

Major Events - creative related such as Auckland Arts Festival and World Choir Games  
- but also most events procure creative services of some nature

Local Board Economic Development Plans

International trade and international relations support

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Sell the golf courses - this property is a major resource for the city that is generating very little revenue while taking immense resources. Keep the airport, sell the golf-courses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**#13391**

**2b. Is there anything you would spend less on?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I don't like agendas like rainbow crossings being pushed at ratepayers expense.

**#13394**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Selling assets in the end leaves us vulnerable

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#13394

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It allows some more access to our beautiful harbour. Important as housing becomes more intensified.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I think road transport of freight is crazy.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by</p>	<p>Support</p>

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#13394

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase spending on parks and waterways for enjoyment by all Aucklanders

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13398**

Take better control of Auckland Transport, thereby reducing its unpopular actions that have little consultation or consideration for local people and consequently reducing its costs

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Actions to reduce the use of large personal vehicles and SUVs, as well as actions to encourage the use of EVs

**2b. Is there anything you would spend less on?**

Reduce spending on raised pedestrian crossings and speed bumps, they can slow traffic but there are just so many of them that traffic flow becomes hampered and issues increase

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

I support increased use by the community

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#13398**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I support the transferred use of the wharves for public spaces, but not for residential developments. If residential developments were proposed, I would prefer that the wharves remain part of the commercial functions of the port

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#13398

Tell us why:

I think that a functional port is important for Auckland

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#13398

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

- The area already has low green space per capita. Focusing on returning some of Chamberlain Park to use by all local people would go some way to addressing this. Plans to remove the concrete base in Meola Creek and create a public walkway & park have been proposed & approved. These should be further supported and actioned.
- The amount of rubbish we already see in our local parks is concerning, and removing all rubbish bins has the potential to make the issue much worse. Reducing the bins could achieve gains in cost-saving, but don't remove all of the bins, particularly in high-use areas and green spaces. Bins are already being removed without consultation, and this is not appropriate.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**#13398**

I hope that the AELB will continue to support and address environmental issues, and continue to work toward all local people having access to green spaces within the community

**8. Do you have any other comments?**

I hope that the AELB will continue to support and address environmental issues, and continue to work toward all local people having access to green spaces within the community

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#13411

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A full cycle network as soon as possible. More and better public transport. Youth programmes. Arts and culture. A new library for Point Chevalier. Great library services. Deliver the TERP! More local board funding for climate and transport projects. More Climate Grants and the Live Lightly programme. Blue-treen corridors. More street trees

**#13420**

and rain gardens. Make beautiful safe connections to the new CRL stations so we can all walk and cycle and shop around the stations. Return to the Surface Light Rail programme and get started. Future-proof the NW bus improvements for light rail.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Sprawl - please stop building housing and infrastructure at the fringes of the city, let's do more with what we already have. Consider selling parts of some public golf courses to enable more housing with greenspace nearby.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

The transport plan should deliver the TERP (Transport Emissions Reduction Pathway) and aim to decarbonise our transport system as fast as possible. We need more cycling infrastructure, more raised crossings, better maintenance of footpaths and bike lanes. A 'Dig once' approach is smart and efficient, to align transport improvements with other utilities and infrastructure. All road renewals should be leveraged to improve safety and connections for walking and cycling and accessibility. Strongly support a multimodal approach to our streets (thank you for advocating this in response to the GPS!) and the proposed \$50 weekly cap on PT. Also please advocate to the government and Waka Kotahi to liberate a lane on the harbour bridge for access to those walking and cycling (this includes visitors to our city - it would be a great tourist attraction as well as a vital resilient transport link).

**2a. Is there anything you would spend more on?**

Much more safe cycling infrastructure - please build the full network as fast as possible, by reallocating street space and using pop-up protection like rubber and concrete separators. Safer speeds, especially around schools, in neighbourhoods, and in town centres. More low-traffic neighbourhoods please. Please hurry up and deliver the promised improvements to Great North Road, the Waitemata Safe Routes, Symonds St (to protect all the people heading to our universities!), New North Road, Henderson, Māngere and Manurewa, and everywhere else. Would definitely support returning to the original surface light rail plan and getting started on that ASAP. Support quality improvements to public transport connections across the NW in particular, as

#13420

they really need more and better PT. Also, given rising temperatures and unpredictable weather, we are going to need more street trees and rain gardens to give us shade and flood protection. Go for it!

**2b. Is there anything you would spend less on?**

No need for the silly bike ferry, it's ridiculous - just liberate a lane on the Harbour Bridge, please. Don't waste money on widening roads, let's just use the space we have more wisely by reallocating room to more space-efficient modes. You can also rescope the Eastern Busway - the Burswood deviation is a waste of space and money - and use the existing corridor instead.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I have concerns over the loss of a strategic asset that can only increase in value with time, and am also worried about the ethics of investing for high yield. This feels like a move towards privatising the city and doesn't feel like a long-term approach.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#13420**

**Tell us here:**

It's important to retain city control of our port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council services are important.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Yes please, let's take back this space and use it for people. Our waterfront access is precious, and there are more and more of us looking for fresh air and recreation downtown.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It's fine to have a functioning port within view of the city, especially if there are no other immediate plans to relocate port functions. Also I suspect it may be extremely costly and potentially damaging to the harbour, to decommission and relocate.

#13420

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#13420

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Happy to pay the higher WQTR as this is important.

On the CATR: this is explicitly for new and improved services, and not to be used to top up business as usual.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Albert-Eden Local Board Priorities**

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
--	----------------

#13420

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

Support all the priorities but uncertain about the rubbish bin approach, as it seems to have missed out on leveraging local knowledge at a few key locations, including Pt Chevalier Beach and Coyle Park.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

They look great, and hoping for a good outcome on the Pt Chevalier Library situation. It would be brilliant to have a community swimming pool (eyes on Chamberlain Park in the long run!) but understand that's a big ask. Kudos for the new Wai Orea Recycling Centre, that's a great win. Also encourage the Local Board to use its transport funding (limited as it is) to plug key gaps in the bike network and take advantage of investment in this mode as it's one of the most cost-efficient and economically beneficial transport

**#13420**

investments you can make.

### **8. Do you have any other comments?**

My biggest comment would be: please continue to take climate action, and to take it seriously. This is an existential challenge and our children are relying on us to solve it. Every investment we make today in mitigating the impacts is the most affordable investment we will ever make. Action now is priceless, and we have already seen and felt the costs of delay, and of direct climate impacts. Also please continue to support your communities with the kinds of services that simply cannot be provided in the same way by the private sector. As we enter the shadow of what looks to be an austerity-bent government, good and essential local amenities – like public libraries, support for cultural activities, the arts, and ample access to fresh air and green spaces and clean swimmable beaches – will be all the more valuable. Moreover, readily affordable and reliable public transport and active transport options will literally help us stay connected and get us through any tough economic times. Thank you for representing us and putting Aucklanders first, especially our youngest and most senior citizens, and our many variably-resourced but equally precious communities – and please do keep listening to your people. Also I encourage you to continue to engage openheartedly and productively with Māori, as the city grows from that original relationship, and honouring that gift by honouring Te Tiriti is the right way forwards. Onwards we go!

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keeping the public transport at half off is vital to some many people in Auckland. This should be a priority.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13432**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

There needs to be a focus on keep the cost of public transport low. Especially keeping the half priced fares going. This is vital to so many Aucklanders, who rely on public transport for their daily commute, and for their ability to mobilise in general. The price of this going back up is going to be a huge barrier to many.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

#13432

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expanding council housing, council early childhood education, new services such as free dental clinics

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13435**

No

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Weekly caps are welcome, but we need significantly more investment in public transport infrastructure and the network. Fares free, better pay and conditions for workers

**2a. Is there anything you would spend more on?**

As above.

**2b. Is there anything you would spend less on?**

No.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

North Harbour should be up to that community, but stadiums across the region desperately need addressing. Auckland needs a test cricket venue. Silly noisy go karts at western springs need to go further out. Medium sized rectangular stadium somewhere welcome.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#13435**

**Tell us why:**

Future Fund is just privatisation dressed up in nice language. Don't do it.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Don't sell or lease anything. No future fund privatisation scheme.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Future fund is privatisation.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Keep it in public ownership for public use

#13435

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Keep it in public ownership for public use

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important

#13443

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13444**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland needs more public transport and less motorways.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't like the idea of us selling off one of our most valuable assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#13444

Tell us here:

I don't think leasing the operation of the port will improve profitability in the long-run.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	

#13447

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	Not Important
Review and refresh the Howick Tourism Plan.	Fairly Important

#13447

Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Very Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	Very Important
Develop a community-led climate action plan.	Fairly Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Housing and street parties.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13449**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Support most of it. Auckland needs a way better public transport system to be a serious, grown-up city.

**2a. Is there anything you would spend more on?**

More on public and active transport. Rails please. Bike paths.

**2b. Is there anything you would spend less on?**

Motorways and roads.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't support privitisation, and I don't support the sale of our valuable assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

#13449

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Again I don't support the sale of our assets, the port included. Selling off the lease would also take control of Auckland's only port out of the hands of Aucklanders, it would undermine the jobs and safety of the people who work there, and it would mean handing the port's profits to overseas investors.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Obviously to be channeled back into council services. Why privatise it and have a private company skimming off the cream. It makes no sense.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

It undermines the Port of Auckland and they should retain control of it.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#13449

**Tell us why:**

The port should be in public ownership and the benefit should be shared amongst Aucklanders.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#13462

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to	Very Important

#13462

investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Pt chevalier library needs a higher priority. Get on with implementing a long term solution. The suburb is growing and needs better community infrastructure

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Ok, but pt chevalier library is a high priority and needs funding AsAP

**8. Do you have any other comments?**

I support the Local board funding policy changes

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13481**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#13481

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Active mode infrastructure such as cycleways and safe and attractive walking
- making better use of existing roads to avoid building new
- Maintenance of existing infrastructure
- stormwater treatment

#13483

Public transport subsidy

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland needs an effective public transport system which is affordable. To meet our climate change commitments we need to use the existing infrastructure we have more efficiently. Do not support stopping investment in cycleways which improve safety for cyclists.

**2a. Is there anything you would spend more on?**

Cycleways and public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

community assets are precious they need to be able to be used for multiple purposes to get value for money

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#13483**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support Eke Panuku's mahi! Protected cycleways

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13499**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Please I want to see more investment in cycling infrastructure! I want to see safer pedestrian crossings

**2a. Is there anything you would spend more on?**

Please, I would like to see more protected cyclelanes!!! It would be so great if the bicycle network could be connected so I can go to work, visit friends, go shopping, pick up my daughter all with my bicycle!!!

More safer speeds, vision zero,

**2b. Is there anything you would spend less on?**

i dont want to see more road widening, there is too many cars already we need different ways to get around in the city to create less traffic, hence more public transport and cycleways

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I'd be prepared to pay for a new library community centre hub in Pt Chevalier and investment to activate the town centre, based on the infrastructure and land that Council already owns.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13517**

Events are less priority for me if a trade off must be made.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I think we should be working to improve our walking and cycling infrastructure and wouldn't want to see previously planned initiatives cancelled, as long as the cost benefits stack up.

### **2a. Is there anything you would spend more on?**

Making room for water and finding ways to combine cycle / walking networks with green corridors that provide a 'sponge' in extreme weather events and stormwater overflows.

### **2b. Is there anything you would spend less on?**

I do wonder if the pedestrian crossings are over the top.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**#13517**

I think it's an alternative to what's not working now. I'm not 100% happy about the sale of airport shares but like the idea of an independent fund manager making the decision on sales and taking it out of the political realm.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I don't think these wharves add a great deal to public amenity or access to the waterfront. They seem in a sensible central location to manage freight.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#13517

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#13517

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	I don't know
--	--------------

#13517

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

A long term solution to rebuild the Point Chevalier library in its current location, integrated other community services such as the community house, Plunket, CAB etc would be a catalyst to transform the town centre. With the Unitec redevelopment on the horizon this is critical!!

I would also like to see sufficient investment in the Lions Hall on Raymond St to bring it back to code and available for lease (it could even be a temporary library). Nothing is more valuable than the assets we already own and need to look after the,.

Not sure why you'd take the bins away. Sure the bins on Pt Chev Beach are flooded and the recycling is never separated but if they're not there it will end up on the beach, the reserve or in the ocean. Look at the rubbish / recycling bins they have at Mt Maunganui. I also think there desperately needs to be a dog poo bin at Pt Chev Beach.

**#13517**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Please refer above. Need to absolutely prioritise build a new library / community facility, and then the activation of the Pt Chevalier town centre. We sit on a critical transport corridor and have room for significant residential and commercial growth.

Please add the update of the community hall on Raymond Street that is being left to ruin!!

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The arts, culture and community events of this city are what make it worth living in. I believe there needs to be continued investment in this sector and the infrastructure that support it.

#13537

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The airport is an important asset in our portfolio, allowing us to leverage off of it. It returns revenue to the city, and this may be stronger in future. Most importantly, it is a critical piece of infrastructure that we should have some say in running for the good of our city.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13537**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We would lose control over a key part of our waterfront and the income from its profits.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#13537

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

We must restore our cities services to pre-Covid levels. Our debt levels are relatively low, and it is only through investment and retaining our assets that we will continue to be a city for all, and a city that will attract investment and tourists.

Selling off our assets and reducing services is short sighted. There are other ways to find revenue, including a more progressive rates system.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Connect and complete the cycling network. Provide protected cycleways and increase resilience and reduce dependence on cars. Provide better public transport facilities, more and better wayfinding. More Pumptracks, learn to ride tracks, bike skills courses,

**#13551**

trails, and other recreational cycling facilities where people can safely grow their confidence on a bike

Continue Eke Panuku's redevelopment of town centres, which includes making safe walking and cycling connections, as well as improving access for disabled people.

Improvements like Project K which includes a protected cycleway along part of Pitt street, a pedestrian mall in Mercury Lane, and improvements for Canada Street.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less restructures, less red tape, less paid on Redundancies, HR, recruitment

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I want increased investment in cycling infrastructure and maintenance. Investing in cycling has benefit-cost ratios of anywhere from 10:1 up to 25:1

Support for more raised pedestrian crossings and increased maintenance of our footpaths

I support "Dig Once": aligning delivery of transport projects with delivery of other infrastructure such as water improvements, to reduce costs and disruption overall.

AT can continue leveraging road renewals and maintenance for quick fixes that make streets safer for walking and cycling every time a road is repaved, repaired or repainted.

I support multi-modal trips: such as the proposed \$50 weekly cap for public transport, bikes on buses, more investment in train services,

Auckland Council should advocate to Central Government and Waka Kotahi for a lane on the existing Harbour Bridge to be reallocated for walking, cycling, and wheeling.

The UN for Environment recommends 20% of our transport budgets are towards walking and cycling but Auckland Transport typically allocates under 1% of our transport budget on cycling – we are massively underinvesting!

**2a. Is there anything you would spend more on?**

**#13551**

Cycleways! Safe cycle infrastructure, accessible for all kinds of bikes, that get people where they want to go. More end-of-ride facilities for all kinds of bikes, more repair stations along key routes, and better, more regular maintenance of pathways throughout the city. The sooner this stuff is in the ground, the better off our city will be.

A safe, connected cycle network can be delivered fast and affordably by reallocating road space and using pop up protection like concrete or rubber separators

Low traffic neighbourhoods or using modal filters (stuff like planter boxes and bollards which prevent cars coming through into a neighbourhood from a main road, but allow for bikes and pedestrians) as a fast and affordable way to make safer streets and empower people to walk, cycle and wheel for their trips.

Providing funding for active modes underpasses and overbridges for all the level crossing removals (Lloyd Ave in particular)

## **2b. Is there anything you would spend less on?**

Spend less on road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network.

Light rail

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

North "Half" a Stadium should be redeveloped with better facilities seating and shelter.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### **Tell us why:**

**#13551**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Keep rubbish bins at parks, bus stops and public areas. This is core council business.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Continue investment in walking and cycling infrastructure, as well as PT. Improve the customer experience and safety of our network, and improve accessibility for all.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#13553**

Support most of the proposal

**Tell us why:**

I want cycleways and pedestrian safety to be included in future projects.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#13553

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value

#13553

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#13553

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	I don't know
Working with the community on activations in the Mt Albert Civic Square.	I don't know

#13553

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

No information about by plans to rebuild they permanent Pt Chev library and create a suitable community centre

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Environmental protection and a just transition away from polluting industries. More investment in a variety of skilled government officials in relevant departments (skill matching) to facilitate this, including indigenous voices in positions of power. More rural education.

**#13555**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less tax cuts on large corporations so that there can be more tax relief for the vulnerable communities. Less tax relief for landlords. Less deregulation of industries and properties.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I believe in making public transportation faster and more reliable, but I believe that funding should still come from fuel tax and private transport instead of capping public transport usage; which would be contradictory and counterproductive. Please read up on Copenhagen and Singapore's public transport systems, they provide good examples of decreasing private transport usage and boosting efficient public transit. Previously planned initiatives are also extremely helpful to the public and should not be cut off.

**2a. Is there anything you would spend more on?**

Education and preventing brain drain so that businesses are attracted to come here. More dense housing in the city, better infrastructure, lower cost-of-living from taxing the wealthy more, and more rehabilitative justice.

**2b. Is there anything you would spend less on?**

Tax cuts from public transport users, tax relief from landlords, tax cuts for large corporations. They should be the ones paying up to enjoy the benefits of living here, not the lower rungs of society.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**#13555**

Make it more attractive for businesses to come here.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

As seen from the recent cyclone, more funds are needed to adapt to climate change. More funds can also be used for mitigation measures.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't trust the current government to utilise the immediate funds that the lease would give them.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Both. I don't think cuts should be made for council services. The Auckland future fund is also important, but there are also better streams of income for that, such as a wealth tax, private ownership taxes and fuel taxes.

**4d. Do you have any feedback on any other part of the proposal?**

#13555

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

So much of what makes Auckland (and cities in general) enjoyable to live in comes from public investment, including our Council-owned parks, libraries, pools, and amenities. I’d love to see more of this investment for services and assets that improve the well-being of Aucklanders, such as:

#13571

- Increased resources for Māori-led projects
- Climate action, such as low emission public transport, walking and cycling infrastructure, urban ngahere, food gardens etc.
- We are living in a critical window of time that could hugely influence the future. Let's do all we can to support Auckland being liveable for our children, their children, and their children after them.
- More public exercise facilities and outdoor space
- further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-proofed for surface light rail

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

We are also in a climate emergency, and urgent action is required to reduce emissions. Transport contributes over 40% of Tāmaki Makaurau's emissions, this is a key area to invest in emission reduction for the city. Council needs to disincentivize private vehicle usage, and provide better public transport options. Once public transport is improved, Auckland council needs to implement a congestion charge.

I disagree with stopping funding for raised pedestrian walkways and cycleways. I think walking and cycling should be made safer to encourage mode shift.

#13571

**2a. Is there anything you would spend more on?**

Light rail, walkways, cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

the establishment of the Future Fund is a means to privatise Auckland. This is something that goes against what a council should be delivering, and could result in worse outcomes for Aucklanders.

The returns that are suggested through the sale are unclear. The draft LTP does not take into account any professional management fees. This suggests that the Future Fund will not yield the returns that is suggested. This might mean that we end up privatising assets AND have a greater rates rise, as the returns are minimal once costs are factored in.

It is also inevitable that the investment experts will want to invest in the most profitable businesses - a high proportion of which could raise ethical questions about environmental harm, carbon emissions, worker exploitation, and health.

#13571

A further sell off of the Auckland Airport shares simply makes no sense. These shares do not cost the Council anything, and like most large publicly traded companies, will increase in value over time. Much like all assets within the Future Fund, the expected returns from the sale will be much lower than is set out in the consultation document. By the time management fees and investment sale fees are taken into account, it is likely that the yield for Aucklanders will be incredibly low.

It is also concerning that this plan does not empower Auckland Council to have debates about the specific asset procurement or sales. This will all be managed by fund managers who have no accountability to the people of Auckland.

It's a tactic of supporters of privatisation to say that the proceeds of asset sales will be redirected towards community investment. They're saying this because privatisation is generally unpopular and the supporters of privatisation are trying to find a way to persuade us.

In short, the Future Fund will siphon off revenue to investment advisors and consultants; will not raise as much money as is suggested; and is a vehicle for the selling-off of Auckland, which will make us all worse off in the long run, by reducing public control, driving down wages and terms and conditions, and lowering the quality of services that we think should be run for people not profit.

#### **4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#### **4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Having the Future Fund making investments adds no real value for Aucklanders when Auckland Council can already make investment and funding decisions.

#13571

Aucklanders are not well served by having unelected fund managers determining what can or cannot be done with Auckland’s assets.

Continuing current investment in public services must be protected and going outside of the current investment practice raises a risk to the public services that Aucklanders rely upon.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Public transport

**2b. Is there anything you would spend less on?**

Private vehicle roads, and sprawl

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Not enough events, half the stand is destroyed to accomodate baseball that doesn't exist anymore. Albany is a terrible place to get to from anywhere, terrible city planning and infrastructure

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#13576**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#13576

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#13576

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Fairly Important

#13576

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support for arts, culture and creativity via local boards, investment into Auckland’s diverse cultural communities, along with investment into local festivals and independent artists and companies, regional grants. Inclusion of more blue/green corridors and connected cycle ways across the city.

#13584

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Yes - reassess Council expenditure on golf courses.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I want to see increased investment in cycling infrastructure and maintenance, as cycling has benefit-cost ratios of anywhere from 10:1 up to 25:1. Additionally the The UN for Environment recommends 20% of transport budgets are towards walking and cycling but Auckland Transport is massively underinvesting in this area and typically only allocates under 1% of the transport budget on cycling.

**2a. Is there anything you would spend more on?**

Safe cycle infrastructure, accessible for all kinds of bikes, that get people where they want to go, more regular maintenance of pathways throughout the city.

More safer speeds (30km/hr) for residential areas, around schools, and through town centres, with traffic calming and raised pedestrian crossings.

Low traffic neighbourhoods or using modal filters to make safer streets and empower people to walk, cycle and wheel for their trips

**2b. Is there anything you would spend less on?**

Spend less on road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#13584**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#13584

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Enforcement actions - traffic offences, littering, flytipping, parking offences. With fines these could be OpEx neutral.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13585**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I support most of the proposals but would like to see a more extensive network of high quality cycleways separated from traffic wherever possible.

I would also like to see increased coverage of car parking charges and higher rates for these parking spaces.

### 2a. Is there anything you would spend more on?

- Cycleways
- Bus lanes and other bus priority measures
- Improved public realm for walking to add more interest to streets
- Improved street lighting to make walking safer in hours of darkness
- Introduction of road user charging
- Auckland council support for enhanced rail travel including new rail routes where appropriate (noting that responsibility for delivery likely to be shared with KiwiRail).

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I am relatively new to the city and do not know what this area is or the facilities it provides.

**#13585**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Sounds like a good way ahead to diversify investment and have a fund for future uncertainty.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Retaining council ownership and operation gives greater flexibility than 35 yr lease. In the short term implementation of improvement plans give prospect of greater profit.

Use of port could change significantly in 35 years and council operation will ensure use of this land is always in best interest of city.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It seems there is a lot to do now and funding for services is low.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

#13585

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These wharves are centrally located and offer excellent potential for public realm and development whilst still retaining freight capacity of port.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Some additional waterfront space would have benefits but the Bledisloe terminal is less central and larger area would make it more challenging to ensure high quality development. The impacts on freight capacity would also mean overall additional vehicle traffic and much of the freight needs to be in Auckland anyway!

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Working with the community on activations in the Mt Albert Civic Square.	I don't know

#13585

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

**Tell us why**

Resolving the Pt Chev library situation is urgent. The vacancy of the site is having a number of social and community impacts. If the previous site is not to be used for future provision it could be sold off for redevelopment. The important outcomes are:

- A new long term library/community facility for Point Chev. This is a really important resource and the existing temporary facility is too small for the population and to accomodate the great ideas and activities the staff have.
- Increased activation of the public realm site through redevelopment of the former library building

Removing litter bins from local parks is a very poor idea. It will result in mroe not less littering. This is a cost cutting measure that will result in higher real-world costs.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

No comment

**8. Do you have any other comments?**

No

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Pumptracks, learn to ride tracks, bike skills courses, trails, and other recreational cycling facilities where people can safely grow their confidence on a bike
- Eke Panuku’s redevelopment of town centres, which often includes making safe walking and cycling connections, as well as improving access for disabled people.

**#13592**

- Improvements aligned with the Central Rail Link like the Karanga-a-hape station improvements project, which includes a protected cycleway along part of Pitt street, a pedestrian mall in Mercury Lane, and could include improvements for Canada Street
- The Making Space for Water programme's inclusion of "blue-green corridors". These are walking and cycling paths through greenspaces and alongside streams, adding to our walking, cycling network while also creating a natural drainage area.
- Auckland Climate Grants and the Live Lightly Programme which can fund community-led programmes to empower people to ride bikes for transport
- More investment for local boards: enabling them to better deliver on local climate action plans and local transport priorities
- Increased resources for Māori-led projects
- Climate action, such as low emission public transport, walking and cycling infrastructure, urban ngahere, food gardens etc

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

- Wanting increased investment in cycling infrastructure and maintenance. Investing in cycling has benefit-cost ratios of anywhere from 10:1 up to 25:1. Two thirds of Aucklanders think cycling is a great way to get around. I frequently commute to and from work via cycle ways, cycle lanes and on the road on my bike. I feel much safer on protected cycling infrastructure, and would love to see the city better connected to give more transport options to everyone.
- Support for more raised pedestrian crossings and increased maintenance of our footpaths
- Support for "Dig Once": aligning delivery of transport projects with delivery of other infrastructure such as water improvements, to reduce costs and disruption overall.

**#13592**

- Auckland Transport could leverage road renewals and maintenance for quick fixes that make streets safer for walking and cycling every time a road is repaved, repaired or repainted.
- Support for multi-modal trips: such as the proposed \$50 weekly cap for public transport, bikes on buses, more investment in train services.
- Let Auckland Council know you want them to advocate to Central Government and Waka Kotahi for a lane on the existing Harbour Bridge to be reallocated for walking, cycling, and wheeling.
- The UN for Environment recommends 20% of our transport budgets are towards walking and cycling but Auckland Transport typically allocates under 1% of our transport budget on cycling – note how we are massively underinvesting!
- Auckland Council's commitment to the Transport Emissions Reduction Pathway, and Te Tāruke-ā-Tāwhiri, Auckland's Climate Plan.
- Transport contributes over 40% of Tāmaki Makaurau's emissions, this is a key area to invest in emission reduction for the city. Council needs to disincentivize private vehicle usage, and provide better public transport options.

## **2a. Is there anything you would spend more on?**

Cycleways! Safe cycle infrastructure, accessible for all kinds of bikes, that get people where they want to go. More end-of-ride facilities for all kinds of bikes, more repair stations along key routes, and better, more regular maintenance of pathways throughout the city. The sooner this stuff is in the ground, the better off our city will be.

A safe, connected cycle network can be delivered fast and affordably by reallocating road space and using pop up protection like concrete or rubber separators

More safer speeds (30km/hr) for residential areas, around schools, and through town centres, with traffic calming and raised pedestrian crossings so that everyone can get to where they are going safely

Low traffic neighbourhoods or using modal filters (stuff like planter boxes and bollards which prevent cars coming through into a neighbourhood from a main road, but allow for bikes and pedestrians) as a fast and affordable way to make safer streets and empower people to walk, cycle and wheel for their trips

## **2b. Is there anything you would spend less on?**

**#13592**

Spend less on road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network

### **3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

#### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Selling airport shares makes no financial sense – the interest saved on reduced overall debt is lower, and it's just a step down the road to privatisation, and it will be very difficult to return the land and future value of the shares to the public once these shares are sold. This has implications for Māori land interests: the Waitangi Tribunal cannot recommend return of private land, so airport land will be permanently alienated from Māori. This also would impact climate action: we need coordinated transport hubs, which is harder when airports are privatised.

Auckland Council owns 100 per cent of Port of Auckland Limited (POAL), which is the company that owns and operates the Port of Auckland on the central city waterfront. POAL makes profits for and returns a dividend to Auckland Council. The port land and wharves are currently owned by POAL and are used for commercial freight and cruise ship harbour facilities. We are proposing a change to our investment in the port.

One option is for Auckland Council group to keep underlying ownership of the port land and wharves but enter into a lease for the port operations for a period of about 35 years. The lease would be subject to a number of conditions to help progress the council's ownership objectives for the port.

This option is reflected in our central proposal and we estimate this could:

**#13592**

generate an upfront payment of around \$2.1 billion, which we would then invest in the Auckland Future Fund

lessen the rates increase for year two of the long-term plan to the proposed 3.5 per cent

Alternatively, POAL could continue to operate under the current arrangements and continue to implement their plan to deliver more profits and dividends. These planned financial returns could continue to be used to help fund council services, but as they would be lower than the cash return under the lease proposal, this would require higher rates increases or cuts to council services.

Alternatively, these financial returns from POAL (and any capital distributions from the port) could be invested into the Auckland Future Fund, noting that this would require even higher rates increases or more cuts to council services.

There is also an option to transfer Bledisloe Terminal to the council within 15 years.

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

**Tell us why:**

#13592

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Other
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	I don't know

#13592

the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

support resuming the Water Quality Targeted Rate, but do not support it decreasing.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

#13592

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

I would rather pay a little now than pay a lot later for the consequences of climate inaction. I want a strong partnership between Auckland Transport, Auckland Council and central government so that funding can be used most effectively. I have lived in

**#13592**

Tāmaki Makaurau for all of my life and I think it can be a great place. The Council should ensure that it is aspirational in its vision for Auckland, and prioritises climate action, accessibility and equity

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Economic and cultural development - more arts funding, more public transport and more investment in current public transport, more funding for local boards and library services, -- public transport is super important to me as I live in the city and frequently use public transport.

**#13599**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I'm not interested in paying less. That's not a priority for me. However, I do not have an interest in further motorways.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

More public transport is main concern with the proposal as it stands.

**2a. Is there anything you would spend more on?**

As above, public transport, and environment and regulation as it's another big priority of mine to live in a future proofed city. Table tennis tables in cities - I love feeling like the city has lots of amenities and people can engage together.

**2b. Is there anything you would spend less on?**

nothing particularly.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

No particular opinion. Have never been.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#13599**

**Tell us why:**

I have concerns about the privatisation of Auckland and the selling of assets. I want profits to remain in the hands of the people who live here. When assets are in the control of the people, we have a say publically in how they are managed. It feels undemocratic to sell off assets. We and future generations lose control over these assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

As above, the selling off of public assets has historically in New Zealand led to mismanagement and poorer outcomes for all. We can sell once, and then we never get them back the same.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Auckland council already exists as an entity to utilise funds - profits and dividends - for the good of all residents. It does not make sense to me to create a new entity to do this.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Not particularly.

#13599

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Concerns for me are around the possible risk to the environment.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Increased costs.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Just as previously stated.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

#13599

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	I don't know

#### Tell us why

**#13599**

Because I don't believe taking away bins results in the minimisation of waste. That would only create more waste. In fact, I think better recycling bins would encourage better waste management.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Those priorities sound good as written

**8. Do you have any other comments?**

Not beyond what already stated.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Event funding.

**#13600**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Support stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

**2a. Is there anything you would spend more on?**

Grade separation of railway level crossings that will be affected by increased train frequencies once the city rail link opens.

**2b. Is there anything you would spend less on?**

Raised speed tables and unnecessary traffic management.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Putting important assets such as the AIAL shareholding in a CCO that is removed from the elected representatives is undesirable. Council's CCOs are not being properly accountable to the Council as evidenced by the difficulties with Council has had trying

**#13600**

to get Auckland Transport to align its strategic objectives to be more about serving Aucklanders and how they wish to move around the city.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Without a settled long term plan for the future of the port or an alternative location it is not prudent to commit to a 35 year lease of the Port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

Would only support a change of use for a public open space or access purpose. Do not support the use of wharves for private commercial or residential development.

**5b. What option do you prefer for Bledisloe Terminal?**

Other

#13600

**Tell us why:**

7a. Which local board area does your feedback relate to?

Albert-Eden

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Not Important
---	---------------

#13600

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Open space acquisition and development is incredibly important given the intensification proposed in this local board area. Settling in at the new Pt Chev library location is important but it is even more important to find a permanent home for the library. Making parts rubbish bin free will sadly not make the parks rubbish free. There will always be people who leave their rubbish in a park and it if they are going to do that it is better for the environment that they leave it in a bin rather than have it end up in waterways that are in many of our open spaces.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**#13600**

The local board needs to priorities acquisition of open space particularly in the Carrington Residential development and funding of grade separated railway crossings within the local board area.

**8. Do you have any other comments?**

If the local board funding policy based on population and need is pursued by Council then areas like Albert Eden where significant intensification and population growth is anticipated should receive funding commensurate with that planned development.

Oppose proposals to move to fortnightly rubbish collection. Sanitation is a core function of Council's health and well being role. Allowing waste to accumulate on private properties is a health and safety issue.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

In transport, spend less on traffic lanes and more on public transport, walking and cycling, including to the edges and coasts of our city.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13649**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Why the hate on cycling and walking when these are the most vulnerable users in our transport system who have the most positive impact on reducing congestion and emissions? Roll out the long promised complete network and extend it to the edges of the city so that residents have genuine transport choice.

Stop spending money on road expansions - these simply increases driving miles across the whole network.

### 2a. Is there anything you would spend more on?

Cycling - complete the network and provide paths to the edges of the city and to the regional parks and coasts.

Walking - footpaths on all rural roads.

Safety - its not safe unless parents are happy to let 5 year Olds walk to school.

### 2b. Is there anything you would spend less on?

Roads - no capacity expansion or road widening projects.

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13649**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares are already a good investment and give us an element of control over a strategic asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

This is a strategic asset and there are specific rights and privileges that are associated with the Port that should be retained in public hands. There is no reason to expect a greater return through the proposal over the full term, except by front loading the return at the expense of later returns under the present ownership structure. Privatization. Of strategic Council assets have been disastrous around the world.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self insurance is fine, but not when it involves raiding capital. Self insurance means setting aside - Eg by increasing rates now to account for likely problems in the future.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#13649

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

protection of the natural environment across the rohe. reducing emissions/chemical contamination, restoring soil, preventing spread of GMOs if government passes new legislation to allow commercial release of Gene Edited organisms from 2025

#13657

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

reuse, recycle dont rebuild

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

keep control of port and dont lease out long term

dont sell airport shares

**4b. Which option do you prefer for the future of Port of Auckland?**

#13657

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

i dont support auckland future fund bring crested with asset sales/ leases

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The self insurance aspect raises issues for other insurance that council may need itself - or require users of GMOs to have. SEE:

Financial Security Mechanisms to Cover Biodiversity Damage Resulting from the Use of Genetically Modified Organisms Resulting from the Use of Genetically Modified Organisms

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

There is an issue of new exposure to costs for Council as a result of changes to the HSNO ACT to liberalise commercial use of gene technology . The draft LTP does not allow for this but needs to - or it leaves Auckland unprepared. PROPOSAL - The Revenue an Finance policy must include a 4-5 year annual budget of \$100,000 (total \$400,000)

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

The board is a "GE-free Zone" as are other boards and Central Auckland.

This is symbolic and represents community values, which need to now be voiced as government changes Gene Technology controls. . The ratepayer concern for

**#13657**

protections against costs from GE/GMOs is also reflected in the Operative Unitary plan. SEE

<https://www.aucklandcouncil.govt.nz/plans-projects-policies-reports-bylaws/our-plans-strategies/unitary-plan/history-unitary-plan/documentssection32reportproposedaup/2-49-genetically-modified-organisms-v2-2013-09-09.pdf>

The LTP must include budget to allow the representation for Auckland to continue.

New legislation under MBIE will change the nature and scale of the Council's risk and community exposure.

The operative Auckland Unitary Plan has protections for the local interest in management of GMOs. These manage local risks and defend against detrimental impacts on ratepayers under current HSNO and RMA legislation, which are now being replaced.

Auckland Council must consider Financial Security Mechanisms to Cover Biodiversity Damage and other loss resulting from commercialisation of Genetically Modified Organisms.

The 10 Year Plan must include funding for Auckland Council to participate and defend the local interest in government changes to regulation of genetic engineering / GMOs. There are emerging threats and new remedies need to protect ratepayers from adverse effects.

The community concern is to protect natural environments, prevent genetic contamination and harm which exposes council to costs e.g. for remediation, to protect producers of conventional non-GMO and organic food and the regional economic benefits for Auckland manufacturers' exporting GE-free products to international markets.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Lots of climate action, transport decarbonisation, environmental protection. Intensification, social services, accessibility improvements, library funding, lighting, getting rid of cats

**#13665**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Road widening. Building car parks. Anything that encourages people to fly, like major events. But this isn't so that I can pay less, it's because those are bad things to do.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

It is unethical that council allowed this culture war stuff against people who walk and cycle to end up in the long term plan. How dare you continue with this nonsense about raised pedestrian crossings and cycleways when the thing that is costing so much money is road widening.

**2a. Is there anything you would spend more on?**

A complete cycling network. A safe city for walking. Council has failed on providing the basics is a liveable city. Shame.

**2b. Is there anything you would spend less on?**

Did widening. Eh Airport to Z botany should have one general traffic lanes in each direction only, plus the buslanes and generous cycle lanes and trees. Property purchase is unnecessary.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13665**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Setting up a fund is a good idea but not like this. Raise rates high enough that we can start actually making new investments. Establishing a fund that can be "liquidated" is simple irresponsible. It is NOT protecting the value of intergenerational assets. The fund does the opposite to what you say it will do. Which poses real problems for democracy.

The only way to plan properly for future generations is to stop spending money on widening roads and sprawl, raise rates and invest wisely.

The policy should never have been "Assets are not retained for revenue". It creates huge economic problems and intergenerational integrity. - hopefully in attempting to set up the Auckland Future Fund, you are saying the policy is overturned.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The power to run the port operations needs to stay in council control, as there are too many changes coming to the political, marine, shipping and climate situation to be unable to choose how the harbour and port are managed.

The lease will feel like great money at the start and will be pathetic in ten years, let alone thirty.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

#13665

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Climate action, transport mode shift - walking and cycling spaces (Climate Plan and Transport Emissions Reduction Plan)

Surface light rail starting with a route from the City to Mt Roskill.

**#13666**

Incentivise more development in the existing urban area close to transport links

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

stop enabling housing at the edge of the city where there is no infrastructure

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Should not stop initiatives such as cycleways.

I do support weekly capped public transport passes.

Should include a commitment to surface light rail.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Any network optimisation where this does not have a direct significant effect on public transport as a primary motivation for the work.

Use existing road corridor for public transport, development especially where the road is already wide.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Other

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reducing, or not increasing, public transport fares.

Revisiting the Transport Emissions Reduction Plan, and what can be actioned and completed from the plan.

**#13694**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Expansion of new suburbs and construction of required new infrastructure at the edges of the urban area.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I support the Do More proposal for transport. The city will need the additional electric trains, and supporting rail infrastructure such as level crossing removal for the CRL. Also needed are more e-Buses, and the central/midtown bus infrastructure. Support the \$50 public transit weekly fare cap.

**2a. Is there anything you would spend more on?**

Walking and cycling infrastructure.

**2b. Is there anything you would spend less on?**

Sealing gravel roads.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Prefer Option 2 in the consultation document.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13694**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#13694

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#13694

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. **2a. Is there anything you would spend more on?**

Culture and development

**2b. Is there anything you would spend less on?**

Nothing

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13714**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#13714

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#13714

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Fairly Important

#13714

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Albert-Eden

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Retain assets, don't sell them off.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13715**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase level of public transport service and support, instate more low emission buses.

**2b. Is there anything you would spend less on?**

National Ticketing Solution and alternative payment methods are not urgently needed.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I do not support seeding the fund on sold AIAL shares.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13715**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I support the Maritime Union on this matter.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I feel there are many spaces for public benefit in the surrounding area and do not strongly feel the need for more, but do not have a strong opinion on these wharves specifically.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#13715

Reducing the scale of port operations seems short-sighted and could result in an environmental cost due to the alternative transport methods used.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Waitematā

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
--	------------------

#13715

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

I do not support "settling in at the new, medium-term location for the Pt Chevalier library". It's unclear what this means. Does this refer to the current space in the Pt Chevalier Community Centre? Please continue to advocate for a library in Pt Chevalier that will actually serve the needs of the community and investigate other possible ways that this can be achieved.

Removing rubbish bins from parks does not seem like it will reduce waste, it seems like it will increase littering. Is this a disguised cost-cutting measure? I would only support this with a significant body of research that supports the claim.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Fine!

#13715

## Waitematā Local Board Priorities

### 7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Very Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Very Important
Phased delivery of improvements for Heard Park.	I don't know
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	I don't know
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Very Important

**#13715**

### Tell us why

I support the re-opening of the Leys Institute as soon as possible and with as much investment in the future of the space as possible. I'm prepared to pay a huge targeted rate, donate, whatever! Give us a way!

I feel uneasy about the increasing appearan

### 7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

Good!

### 8. Do you have any other comments?

I support the PSA's submission on all matters not discussed specifically here.

I also oppose Auckland Council's recent removal of roughly 3000 public bins. The bins removed were often not underused as claimed, some being the only bin available at an entire space, some serving the most obvious communal spaces as opposed to others in less convenient positions that have been retained. I now often see piles of bagged dog droppings in parks where bins used to be. This decision was short-sighted, unlikely to actually reduce costs, and should not have been made without strongly emphasised public consultation. If this feedback is outside of the scope of this, I hope it can at least be applied to relevant future decisions.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13717**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Focus on public transport and active transport is much needed

**2a. Is there anything you would spend more on?**

Safe Cycle ways

Shared spaces

pedestrian safety

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Don't agree with the port leasing nor airport shares sale.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13717**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Continuing council control provides more options to develop the area without lease constraints

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Diversification sounds like a good idea

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#13717

Working warf is ok

**6a. What do you think of these proposals?**

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting	Very Important

#13717

volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

Bins in the parks are a necessity. Especially in the Sandringham Reserve and Potters Park where many people enjoy eating at the tables provided, and at dog walking parks, such as Watea.

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Would like to see an upgrade of the Sandringham shopping area.

Footpaths, furniture, landscaping, reduction in car parking, focus on pedestrian and bike safety

**8. Do you have any other comments?**

Fully agree with continuing support of community groups, positive environment outcomes. Need more focus on maintaining quality built environments with the increase in density developments.
