## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle ways.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Introduce congestion charges.

**#6559**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cycle ways need investment to reduce traffic congestion.

**2a. Is there anything you would spend more on?**

Cycle ways.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Stadium is an under utilised asset but should remain.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Aucklanders need rates relief.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6559**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Auckland needs investment and other revenue streams are needed.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Prime land would be of social and economic benefit to Aucklanders. A more desirable city if this land was a public space.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#6559

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#6559

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Waitematā

## Waitematā Local Board Priorities

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important

#6559

Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Very Important

**Tell us why**

**7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport particularly ferries connecting to the north shore.

Devonport lake road needs to add at least one additional lane which switches direction depending on morning or evening traffic.

**#6568**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Lake road upgrade and public transport in general

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Investment returns and control of our critical entry point is essential. Relinquishing council influence at aial is a mistake.

**4b. Which option do you prefer for the future of Port of Auckland?**

#6568

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses	Not Important

#6568

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Lake road is the biggest problem for devonport. If you can't obtain a fix the rest is just nonsense.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Lake road.

**8. Do you have any other comments?**

Lake road please make it at least 3 lane.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce costs by 25% or increase productivity by 50%. The organisation is highly inefficient, overstaffed, bureaucratic and does not provide. Alice for money.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6584**

Spend less time talking and more time doing

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

A pipe dream

I have zero confidence in the Council's ability to deliver anything on time or on budget.

Auckland transport should be abolished and Auckland infrastructure handed to central government

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Auckland transport fixation with speed bumps, traffic cameras, abolishing parking facilities.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Integrate operations with the other stadiums in Auckland

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#6584**

**Tell us why:**

Auckland council is incapable of managing such a fund. Does not have the skills and will fritter the money.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Get out of port operations. The council has not expertise in this sector and should focus on the basics of what a. Council should do:

Provide a working infrastructure

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Pay the proceeds back to Auckland's the ratepauero

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Auckland should be right sized to provide the basic ire service efficiently and effectively

The productivity rate at the. Council is at the level of a third world country

It is bureaucratic, slow, not customer centric and lacks capability in an increasingly digital world

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#6584

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

Agree to stop investing in non essentials like cycle ways and raised crossings.

**2a. Is there anything you would spend more on?**

Ensure the public transport works and remains cost effective. No price increases.

**2b. Is there anything you would spend less on?**

Cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Sell the land to pay for improvements

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Sell the airport. Make it privately owned and bag the cash

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6592**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Would consider selling the land too

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, better public transport and cycle ways towards a modern urban environment.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6596**

I would like to see Council exploring devolved ways of managing areas where it does not have the core skills (e.g., managing public leisure facilities).

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#6596

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The ports' location is a major drawback to a city that promotes itself as a livable city and a worldwide tourist destination. My preference would be to relocate it in entirety.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

#6596

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support

#6596

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	Fairly Important

#6596

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

Auckland 1142

To Auckland Council,

**Re.: Submission on Parks & Community Component of Council's Long-Term Plan**

This is a personal submission in support of the funding for sport and recreation facilities as part of the Auckland Council's Long-Term Plan.

As an established Auckland resident, and someone who is an active sports and recreation participant, I appreciate the commitment and support that Auckland Council has made and continues to make to the sport and recreation landscape of the city. I am also very aware of pressures and challenges the Council is facing.

I have lived in New Zealand for the last 15 years, living in the UK for many years prior. I have travelled and recreated extensively world-wide. From my personal and professional experience, it pains me to recognise and admit that Auckland sports and recreation infrastructure, from community club to regional, is fast becoming outdated, of poor quality, insufficient to meet the demands of participants and to withstand the increasing extremes of climate change.

This situation negatively impacts Strategic Direction 5 of the Auckland Plan – that is: *“Promote individual and community wellbeing through participation and excellence in recreation and sport”*.

Within this Strategic Direction, Priority Two reads *“Prioritize and optimize our recreation and sport facilities and public open space use and capability of recreation and sport organizations.”*

To address these issues, I fully support the retention of the existing Sport & Recreation Facilities Investment Fund at its current level, plus adding the proposed additional \$35m investment. This will be vital in addressing the sport and recreation infrastructure deficit and upgrading the existing infrastructure.

I hope that the changes to the LTP in the sports and recreation sector are adopted, and the Council can continue to assist in enhancing the infrastructure, to ensure the massive economic, societal, and health & well-being benefits of sport and recreation are maximised.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Speed bumps, cycle lanes, cone usage and traffic lights, especially just before a roundabout

**#6606**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#6606

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	-----------------------

#6606

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#6606

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#6606

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, STOP building those hugely expensive raised pedestrian crossings.

Reduce council staff numbers.

**#6626**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Public transport buses running empty at off-peak times. Should the frequency be reduced at these times.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

Off peak buses to be reduced.

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

It's a huge cost to maintain the stadium. I've never used it and dont know many who do.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

AIAL is costing way too much to maintain. Sell, sell, sell.

**#6626**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Makes sense to lease the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

#6626

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Large events, free events.

**#6679**

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

I live on the north shore. Despite what people in local council think and AT think, people on the shore will and do want to use public transport. However, the feeder buses are poor - no one looks at the feeder buses timetable from around the Bays at peak times as an example. Further, it is awful trying to get a bus home from 5pm after getting off the Nx1 or NX2. If you actually bothered to put yourself in the shoes of the customer, in this example - north shore commuters, you would look at the number of buses travelling through routes at peak periods. You would also accept many people on the shore end up driving to work because urban planner idealists recommended no multilevel car parks at NX 1 and NX 2 bus stations . So I don't support examples of poor transport ideas that largely cater for city suburbs.

### 2a. Is there anything you would spend more on?

Buses on the feeder routes so you had a hub and spoke model that actually functioned well for people . I can only speak for the north shore. I do know around city suburbs there are more. I can't speak for south and east.

### 2b. Is there anything you would spend less on?

Cycle ways if pedestrians aren't factored in. Painting primary school area in bright colours . It's confusing for kids especially. City rail link hoarding and scrim , just use the same one. That was a lot of wasted money

## 3. Which options do you support for the North Harbour Stadium?

Other

### Tell us why:

Sell. Unfortunately, When you amalgamated Auckland, its need decreased.

**#6679**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It's shortsighted.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Stop threatening to increase rates as the only alternative. Scrap all these events and urban realm ideas. Focus on getting the basics right.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#6679

**Tell us why:**

Unfair to reduce the scale and council more likely to mismanage land

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Generates revenue

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. <p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Do not support</p>

#6679

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna, Hibiscus and Bays

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

#6679

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

You need to get basics right eg better public transport for the north shore, not have art as a focus and then see us all drive into work. Further, there is nothing wrong with Takapuna library.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

#6679

I think it's created by people in a place of privilege who don't know the realities of what is actually important to most people.

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

#6679

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

**#6679**

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Keep it the same

**#6696**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Get rid of raised pedestrian crossings

**2a. Is there anything you would spend more on?**

No because you can't afford it

**2b. Is there anything you would spend less on?**

Pedestrian crossings an speed cameras

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

There useless.

Did they ever think of organizing some international events .so I can pay for itself.or local ones for that matter

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Well I thought it's would be obvious. You will get more money which you don't have now.

**#6696**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#6696

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#6696

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important

#6696

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

If you have not got the money to carry it out .you can't afford it .

**8. Do you have any other comments?**

Live within your means.look where the last government got us.with out of control spending

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Employ less staff

**#6702**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Keep supporting cycleways.

**2a. Is there anything you would spend more on?**

A demand study for a harbour bridge cycleway

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

North harbour stadium is a good public asset and green space.

Need to find ways to increase demand and reduce costs, possibly through more use by local sports clubs and schools.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The concept of a Future Fund is good, the question is how it is managed.

**#6702**

Airport shares should be transferred to the fund, but with the intention of not being sold, as their long term value prospect is good. A 5 year moratorium on sale of the airport shares would give the time to demonstrate their long term value

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

AC should retain ownership of this significant land asset, and that appears to be accepted by AC. AC should also run the port to avoid the loss of profit if the operation was leased out. Also the terms of a lease would inevitably compromise AC future plans for the port,,

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Treat the Port as a foundation Fund asset, work out how to operate it profitably and put those profits into the Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Do not reduce council ownership of the port land or operation.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#6702

**Tell us why:**

Under profitable council operation and ownership of the port there should also be a plan to change the use of some wharves to public use without significantly reducing port profitability.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

One step at a time. Bledisloe is a large wharf important to port profitably. After 5 to 10 years of profitable port operation with Bledisloe, an alternative use can be considered.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#6702

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

This is a poorly presented question. I cannot easily refer to page 98 on the consultation document at this stage in the feedback survey, When I look, all info gives options to have a say, not to read the consultation document

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#6702

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important

Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

#### Tell us why

**#6702**

Takapuna/Devonport is primarily a coastal residential peninsula, it is not a business park, there are plenty of inland locations for that.

Provide frequent public buses along the peninsula to enable residents to get about and avoid the expense of upgrading

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Cant access page 114, so repeat the above comment

**8. Do you have any other comments?**

If you want meaningful feedback from a large number of residents, this feedback form needs to better describe the options within the form

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6717**

Support most of the proposal

**Tell us why:**

Agree on spending less on speed tables. Don't want to spend more money on implementing tap and go beyond HOP as I'm sure it'll be very costly and take ages.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Road cones

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Not enough of the public engage with the precinct on regular basis. If redevelopment can occur to attract more of public to use and pay for usage e.g. indoor sports/recreation facilities would be great.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#6717**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Cut spending on unnecessary public events. Use that funding for Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Need the money from Bledisloe

**6a. What do you think of these proposals?**

#6717

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#6769

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#6769

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#6769

Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Public transport

**2b. Is there anything you would spend less on?**

New motorways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#6783

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix North Harbour Stadium

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6800**

Stop building stupid environmentally damaging speed bumps that ruin cars and prevent emergency services saving people and property.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Focus on pragmatic core services not ideologically driven "it'll be good for you" initiatives.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

Stop building stupid environmentally damaging speed bumps that ruin cars and prevent emergency services saving people and property.

Reverse the stupid proliferation of speed reduction across the central city.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

### **Tell us why:**

Assuming "operation management" is Tataki Auckland Unlimited. They seem hellbent on taking amenity away from Aucklanders. Place the stadium back in the hands of trustees who want it to succeed. When you lose such a space you can never recover it.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#6800**

**Tell us why:**

Investment diversity is good.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Councils are \*\*\*\*\* at running businesses.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Council should not operate the port. holding it as an asset is ok, although diversifying the asset portfolio of the council is more sensible, but councils are \*\*\*\*\* at running businesses.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Council has expanded it's mandate over decades outside the core provision of services to the region. Now we lose rubbish bins in public places in favour of "traffic calming measures". This is maddening.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#6800

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

More public amenity on the waterfront is good, even though recent changes have made it pretty much impossible to access this area.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

See above.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Any and all action that supports the protection and natural regeneration of the environment should be a top priority. Let's leave a city for our mokopuna that we can be proud of.

**#6803**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I am happy to pay at least 7.5% increase in rates

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Safe travel to schools should be a priority and pedestrian crossing and speed controls around these areas should be a priority

**2b. Is there anything you would spend less on?**

Speed control in general urban areas - use smarter planning designs, parking layouts and street planting instead of expensive raised speed bumps. Narrow roads slow cars - on street parking does a great job of doing that already with limited Council intervention

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

NH stadium is a key resource for the massive population of North Shore. It has been a great resource in the past and can be again, let's make it a space that we are proud of, being run by locals for locals, make it affordable to attend events and offer an array of activities from the site.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#6803**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I do not want to see the airport shares sold, this is a solid, safe long term investment that will return 7% or more and it is a key asset that generates income.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The sale of a lease to a 3rd party (most likely offshore) will have unseen consequences for our port activity. If not managed correctly it could drive traffic to other ports and then require road transport to Auckland - this would massively increase the carbon footprint of the goods

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#6803

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#6813**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	

#6813

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.

#6813

<p>Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.</p>	
<p>Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.</p>	
<p>Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.</p>	
<p>Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.</p>	<p>Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.</p>

**Tell us why**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.

# Long-term Plan 2024-2034

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6821**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Turn the stadium into a Test Cricket Venue

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#6821

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#6821

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. ## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no. the way the council is spending the budget is appalling

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

pay less on your bottlenecked administrative system.

**#6826**

I believe the inefficiencies in how council deals with issues is the prime cause of the cost increase. encourage efficient and good performance. punish bad performance by all levels of your employees including senior staff.

resource & building consent approvals say for example. you outsource your consenting approvals to outside parties, but you spend equal or more time internally QAing the work that they've already done, causing delays & increase in cost to the client. this sort of disjointed system of risk management is a great example of how you're mishandling public resources & time.

get your act together.

streamline your system.

make broad decisions, and be prepared to step on people's toes.

we need leaders in Auckland council to take decisive action on what He/ She believes to be the best way forward. NOT be drawn by the voting public to tell them what they think should be done.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

the main directive here is improving traffic flow right?

make a strong decision. get rid of bike lanes, or halt it's future constructions.

increase lane ways and remove as many bottlenecks as possible.

### **2a. Is there anything you would spend more on?**

more on employee good performance?

somehow drive motivation for your workers, so that they're more efficient in the workplace.

council is stagnating. you need to propel efficiency somehow.

### **2b. Is there anything you would spend less on?**

on poor performing staff.

fire them if you need to.

you need to stop beating around the bush on poor performers.

### 3. Which options do you support for the North Harbour Stadium?

Change the operational management

#### Tell us why:

keep it running. dont bother investing more than necessary.

leave it to the community to use it as they see fit.

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

#### Tell us why:

why are taking a vote on this?

this is an investment portfolio for Auckland council. do what's best for the books.

### 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#### Tell us here:

maximize your profit margin. use it elsewhere.

**#6826**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

like I said above. focus on streamlining your existing system.

cut the fat. make the machine run smoother and more efficiently.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

the public won't benefit from this anyway.

the city's design is disjointed. you'll never reap the benefits of creating a 'public hub' in this particular location unless you revamp the entire CBD transportation network.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

as above

**6a. What do you think of these proposals?**

#6826

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6876**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Public transport, walking and cycling options

**2b. Is there anything you would spend less on?**

New roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Auckland has too many stadia at the moment. There needs to be consolidation into a single roofed venue for rugby/league/football and a dedicated cricket ground capable of hosting test cricket.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6876**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#6876

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6876

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#6876

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Road, transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Events funding, native tree planting to act as 'heat sinks'

**#6878**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland is the biggest city, and continues to grow. We need the right infrastructure especially the roads to deal with the increased traffic. Just look at the state highway 1 during rush hours, especially north of the bridge.

**2a. Is there anything you would spend more on?**

More traffic lanes

**2b. Is there anything you would spend less on?**

Cycling lanes

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Not important compared to other major issues

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6878**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#6878

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6887**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

More bus connections and dedicated bus lanes

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#6887

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#6932

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>I don't know</p>

#6932

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Other
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6947**

Takapuna used to be a livable accessible seaside town. Council have spent huge amounts of money to make it worse. There are now fewer car parks than when the car park building was begun. The town is dying businesses have gone and still council are spending.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Need to keep costs down.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It was always going to be unsuitable. Its up. Leave it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#6947**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Because council will immediately draw up plans to develop and lose part of their income.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#6947

**6a. What do you think of these proposals?**

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

The board need to focus on the needs of the majority, not just targeted minorities - we need to grow the economic centres in takpuna and devonport to keep people shopping locally as well as more local events to support this

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

wrong focus- need to focus on business growth

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport improvements such as cycle ways and dynamic lanes.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Cycleways should still be advanced, but cheaper ways of delivering them could be considered. Raised pedestrian crossings are safest, but delays to FENZ need to be considered.

### 2a. Is there anything you would spend more on?

Dynamic lanes and ways of reducing congestion. Decarbonisation of AT transport fleet.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

It does seem underutilised and is a massive piece of land that could be redeveloped with more economic benefits to AC.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

**#6990**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Seems like a better long term strategy

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#6990

**6a. What do you think of these proposals?**

Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Speed bumps, traffic lights at pedestrian crossings, cycle lanes.

**#6995**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Cycle lanes, raised speed bumps, street beautification wastage

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

North Harbour needs the stadium due to population growth

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Too easy to be wasted on vanity projects. Either keep the shares or sell and reduce rates.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6995**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The Port needs to have the land to function profitably. The 'something' else is vague. .

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#6995

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#6995

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#6995

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	I don't know
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

Concentrate on the basics such as swimmable beaches and rubbish collections.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes to stop the public being ripped off by selling the assets we own, definitely pay more to save these in public ownership.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7000**

Yes stop whinging about having financial problems, its relative given the \$ spent on some things that are not important like selling the assets of the city.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Because your are trying to behave like a business not a local Govt agency, eg selling of our assets without any consideration of the social contract for our communities held. You are not a business, the AT selling off Downtown Carpark is short sighted given you want to spend \$13 billion over 10 years, its a necessary bit of infrastructure.

### 2a. Is there anything you would spend more on?

Yes providing staff who answer their phones more.

### 2b. Is there anything you would spend less on?

Yes spend less on those terrible planters littering the city streets, they look very average, and are a poor work around bad planning. Takapuna on Huron St and Northcroft....are good examples of wasting our money.

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

Clearly the city does not have capacity to support 3 stadiums, but the North Shore Stadium serves us well north of the bridge and to the growing communities north to Orewa, Silverdale and Whangaporoa. Its dumb to just sell everything off right, try to be smarter in maximising our assets.

**#7000**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

You are not a business, you do not exist to be trading on the stock market like a corporate. Its a sell off of public assets which is predicated on saving a few million on insurance costs, which are minimal in relation to the assets value being put up for sale. Another way to privatise and finish what John Banks, the National Govt and Act started by removing billions from the public into private ownership. Stop ripping us off and do your jobs better!!

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Mayor Brown is obsessed with ditching the port and moving it out of Auckland, why would anyone support an obsseive vision that is again about just stripping our collective assets? Ditch him at the next election, and keep the port's profits in the Council hands.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The money is better value paying to support/fund the services of city council than be lost in broker fees for Deloittes playing Wall St with our money....

#7000

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Its all \*\*\*\*\*!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

There's no mention of the Bledisloe Wharf in these options why write 3 paragraphs on it, it makes no sense. Clearly the Port should use rail for freight not roads. The Strand in Parnell is a dangerous street with heavy container trucks on it all the time,

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Clearly the Port should use rail for freight not roads. The Strand in Parnell is a dangerous street with heavy container trucks on it all the time, often speeding or causing traffic delays due to excessive amounts of freight being sent by truck, that road was constantly being re-surfaced due to damage by HVs. Do the port pay for the cost of these repairs?

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

**Tell us why**

Progress the detailed business case and delivery of a new library and community hub in Takapuna? Why are selling off our library building? Or are we having a new one on same site? Like the lovely one in Devonport, Where is this option in the 'how importan

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Get rid of those awful planters on Northcroft and Huron Street! Give us a better transport hub on the area near the new town square. Create more scooter parking, stop parking fees by AT on street parks. Get us a 2nd Harbour crossing from Belmont Wharf?

**8. Do you have any other comments?**

All of you are very well paid and its just non stop whinging from the Council about how hard up ya are! Consider the poor of the city who dont have your privileges.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

spend less on wasteful stuff like over the top traffic management. Reduce bus services to those that have demand for ie no point in a big bus running for a service that only attracts a 10% patronage!

**#7001**

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

a lot of the roading "safety tasks" are unnecessary ie raised pedestrian crossings. What it really does is cause traffic accidents where people race up and slow down. Also stop the ridiculous road bumps in a lot of places. I saw one at the end of a T-Junction.... Think about it. You have to stop anyway... so why have a bump? Stupid spending. ALSO the STUPID over the top ROAD MANAGEMENT RULES. Probably designed by people in the industry to make more money. ALL it does is cost the City. Too many road cones. You can travel in New York or the whole of Europe and not see even a quarter of the road cones you see in NZ. esp AUckland! Ridiculous!! In Australia.. hop on and hop off can be done on a credit / debit card. I don't have a hop card so cant use public transport if I need!

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

spend less on wasteful stuff like over the top traffic management. Reduce bus services to those that have demand for ie no point in a big bus running for a service that only attracts a 10% patronage!

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

nice stadium... but not used enough. Maybe with housing growth it will be more active

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#7001**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Its a continuous revenue stream that works. Dont mess with it. It will only end up costing the people more as any buyer of the lease will definately put prices up.. which filters into increased prices. Run them efficiently and make the profits which are increasing with the increased volumes .

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Its a continuous revenue stream that works. Dont mess with it. It will only end up costing the people more as any buyer of the lease will definately put prices up.. which filters into increased prices. Run them efficiently and make the profits which are increasing with the increased volumes . STOP talking about re-location. It just COSTS US MONEY. We need a LOCAL PORT for the biggest economy in the country that can be relied on!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#7001

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

its a revenue stream. Keep it working for us. If you move the services elsewhere.. it will just cost everyone extra to transport them from other ports to AKL&gt;

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

its a revenue stream. Keep it working for us. If you move the services elsewhere.. it will just cost everyone extra to transport them from other ports to AKL&gt;

**6a. What do you think of these proposals?**

**#7001**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

stop wasting talk and OUR MONEY discussing the Milford to Takapuna walkway. FIX IT> Give up the Heritage claim on that 1 house!. MAKE THE DECISION> Simple and MOVE ON!

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am disgraced by the number of bins that have been taken away from parks and beach areas. These bins are often FULL, so there is clearly a need for them and there will be MORE rubbish on our beaches that will inevitably cause further issues.

**#7010**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Do not propose the raised pedestrian crossings on the roads.

Fuel tax should be taken away

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It needs more use! Why can't we have small concerts here?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Need to know more about this and consider other implications?

**#7010**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Sounds more profitable

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council services need funding.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Great places to visit

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#7010

**6a. What do you think of these proposals?**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Rodney

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#7010

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Rodney Local Board Priorities

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
----------------------------------------------------------------------------------------------------------------------------------------------	----------------

#7010

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Very Important
Develop pathway connections in Green Road Park.	Very Important

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Not from the Rodney area

**#7010**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Employ staff

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

New roads

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#7041

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#7041

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#7044**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

## Local board priorities

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Radical and rapid change towards subsidy and the provision of new public transport options.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7071**

Please don't sell public assets to be run down and milked for profit - I.e. with no maintenance and investment.

They will come back for bail outs. See water companies in the UK as an example.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Prioritise walking and cycling. It's cheap and climate friendly.

Prioritise public transport spending over road building.

## **2a. Is there anything you would spend more on?**

See above

## **2b. Is there anything you would spend less on?**

Building new roads.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Cost neutral option.

New spending on stadia should be in central Auckland.

A rectangular stadium for League and Football. A test cricket ground too.

**#7071**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Short sighted.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The other option is short sighted and cedes control to private companions focussed only on profit.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Reducing emissions should underpin all decisions the council makes. The defunding of cycling options in favour of roads is a dereliction of duty and an example of short term selfishness.

#7071

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

\* Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.

Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the

**#7072**

Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.

\*Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.

\*Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

\*Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

\*I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

\*I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

\*I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

\*I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over

**#7072**

investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

\*I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>

#7072

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#7072

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

We believe that climate change is our biggest threat and initiatives which reduce our carbon emissions should be prioritised above all other initiatives

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

We support:

\*Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).

**#7072**

\*Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).

\*Growth of active transport networks such as cycleways and walkways.

\*Establishment and development of green corridors.

\*Development and implementation of Climate Action Plans.

\*Circular economy strategies and actions.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not that I can think of

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Not that I know of.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

It is based on my opinion.

**2a. Is there anything you would spend more on?**

Not that I know of.

**2b. Is there anything you would spend less on?**

I can't think of any.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It is my opinion.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It is how I feel.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7106**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It is my opinion.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It seems the most sensible.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

It is how I think

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

It is my belief

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#7106

It is how I think.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Other</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

I do not.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, nothing. Rates must come down so I can feed my family.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7107**

Stop wasteful planting of flowering annuals every season on every roundabout and every traffic island. Plant with hardy native perennials. I have a council worker visit the plants in front of my home 4 x year. She takes a photo of the worst plants, sits in her van for 30 minutes, takes another photo of the best area then drives away. She achieves nothing.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Stop cycleways and create more dynamic lanes like they have in Whangaparaoa. Raised pedestrian crossings are a hazard to emergency vehicles and are a complete waste of money in areas that have never had an accident or fatality.

### **2a. Is there anything you would spend more on?**

No. While the public are saving money everywhere possible to cover ever increasing mortgage rates, the council should be cutting back and giving a rates freeze.

### **2b. Is there anything you would spend less on?**

Almost everything. If households have to adjust their activities to their reduced weekly budget, so should the council.

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

I have never been to the stadium as the sports don't interest me. Include a wide range of activities to allow the majority of rate payers to enjoy the space and the bring in additional revenue.

**#7107**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

I agree with part of the proposed change, but not all and there is no option to give this answer in the multi choice questionnaire above.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#7107

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protect Waitemata harbour

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7108**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Not sure that raised pedestrian crossing are essential and the costs involved are very high. Surely more lighting or warning regarding pedestrian crossing would achieve the same degree of safety improvement

**2a. Is there anything you would spend more on?**

integrated cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#7108

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

I don't know

#7108

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase the rates further. If the Auckland Council needs more funding, then it's obvious we need to increase rates.

Rates are ridiculously cheap compared to what a renter pays. Increase the rates for larger land use if you must.

**#7117**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Redoing roads that don't need redoing.

My street used to have a beautifully smooth road that didn't need any maintenance besides a few holes near the speed bumps.

However, someone decided it was a good idea to completely replace the road with new bitumen. It's now way noisier and created a mess of stones everywhere for nothing but detriment to both the Auckland Council coffers and the quality of the street.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I think cycling is important for the city and wish we could invest more there. Only problem is that whenever we do, it seems to be done with poor quality. Tamaki Drive is a good example.

**2a. Is there anything you would spend more on?**

Public Transport and Cycling infrastructure. You can't spend enough on it.

**2b. Is there anything you would spend less on?**

Probably some pointless roading projects. Some are important of course.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#7117**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

We must get aucklanders out of cars. Stop building roads. We need regular, fast, cheap public transport. And paths and cycleways that provide safe alternatives to cars.

### 2a. Is there anything you would spend more on?

Public transport, paths, Cycleways

### 2b. Is there anything you would spend less on?

roads

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

### 4b. Which option do you prefer for the future of Port of Auckland?

Other

**#7119**

**Tell us here:**

Relocate the port North. Repurpose the land for housing, including social housing, parks and community use.

Stop cruise ships coming into the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Relocate the port North. Repurpose the land for housing, including social housing, parks and community use.

Stop cruise ships coming into the port.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Relocate the port North. Repurpose the land for housing, including social housing, parks and community use.

Stop cruise ships coming into the port.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Repurpose the land for housing, including social housing, parks and community use.

Stop cruise ships coming into the port.

#7119

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Repurpose the land for housing, including social housing, parks and community use.  
 Stop cruise ships coming into the port.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. **Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

#7124

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	I don't know
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important

**#7124**

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#7130**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.
---------------------------------------------------------------------------------------------------------

#7130

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

Other

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from	

#7130

contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	“Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.”

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Community building events to increase social cohesion, arts and cultural events including food festivals where different ethnicities in our community could sell their food

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

### 2a. Is there anything you would spend more on?

Better public transport routes, greater frequency in busses and trains, a second harbour crossing (not for cars but for bikes, pedestrians and public transport)

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

It is important for the community to have this venue for sporting and other cultural events.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

## 4b. Which option do you prefer for the future of Port of Auckland?

**#7151**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

We do not want more trucks and traffic on the roads.

**6a. What do you think of these proposals?**

#7151

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7151

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#7151

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Since Covid, there have been more and more shops in Takapuna closing. We need to bring people in as a destination to see the beach, parks, shops, cafes etc. What is happening to the vacant Commons and Colmar Brunton building? We need more development to r

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Arts, sports and culture is very important to building a strong and vibrant community. We must continue to support these in our local area

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7223**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Lake Road to Devonport needs fixing now

**2a. Is there anything you would spend more on?**

Lake Road to Devonport transport corridor

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Currently the stadium is a white elephant - Auckland should build a stadium on the waterfront area

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

AC should not be in the business of investing in the airport or the port

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7223**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

AC should not be in the business of operating the port

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Would like to see a downtown stadium with associated hospitality venues and other public facilities

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#7223

Port activities should be moved from the downtown area

**6a. What do you think of these proposals?**

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Actively work to stop this delusional spiral that Auckland has to continually grow to preserve / develop a thriving and sustainable lifestyle for its people. Auckland Council’s facilitation of population growth just impoverishes both existing and incoming communities.

**#7239**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Promoting Auckland as “the world’s most liveable city”, or similar delusional hubris.  
Employing excessive non-productive management.

**2. What do you think of the transport proposal?**

Don’t support any of the proposal

**Tell us why:**

Auckland Council must actively work to stop this delusional spiral that Auckland has to continually grow to preserve / develop a thriving and sustainable lifestyle for its people. Auckland Council’s facilitation of population growth just impoverishes both existing and incoming communities.

**2a. Is there anything you would spend more on?**

“Congestion” charges.

**2b. Is there anything you would spend less on?**

Contracts where, for example, road surfaces are replaced (with lower quality product) when there was no apparent benefit to users or residents.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Sack Tataki Auckland Unlimited as they appear incompetent and/or operating on an agenda that is not in the best interests of Auckland residents.

**#7239**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Auckland airport is a strategic asset to Auckland and New Zealand, and control should never be sold to third parties.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Auckland port is a strategic asset to Auckland and New Zealand, and control should never be leased or sold to third parties.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Who would trust politicians or bureaucrats with a substantial Future Fund ?

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#7239

**Tell us why:**

Auckland Council must retain ownership.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Auckland Council must retain ownership.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**#7239**

### **Tell us why**

Waste of ratepayers' money.

### **7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Support environmental groups; support sport and recreational groups only.

### **8. Do you have any other comments?**

Auckland Council must actively work, even with central government, to stop this delusional spiral that Auckland has to continually grow to preserve / develop a thriving and sustainable lifestyle for its people. Auckland Council's facilitation of population growth just impoverishes both existing and incoming communities and the environment.

Auckland Council must stop promoting Auckland as "the world's most liveable city", or similar delusional hubris.

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Continue supporting the major local arts organizations in Auckland, i.e. Auckland Philharmonia Orchestra, Auckland Live, NZ Opera, Royal NZ Ballet. These organizations have placed Auckland/NZ on the international map in recent years, attracting artists from all over the world to become involved. I've worked with similar organizations overseas, and Auckland delivers a HIGH level of artistry which exceeds

**#7240**

that of many companies in America and Europe. I'd love to see this upward trajectory continue!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Transport - roads and public transit. Lots of unnecessary speed bumps being added to roads, wearing down brakes and bushings of our vehicles faster. I think the addition of speed cameras is the way to go - all it takes is one ticket in the mail to inspire slower driving in the most vulnerable areas.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

My #1 concern is morning traffic. It has become unbearable since November 2023, turning my once 20-min commute into a 40-min commute. I am personally coming from the North Shore/Milford and entering the motorway at Northcote; there are numerous schools in the area, making it almost impossible to get from the neighborhoods to the onramp between 8:30-9am. Perhaps limits could be applied to how many students are allowed drop-offs? Also, purpose-driven school buses like they have in the USA? Dynamic lanes could possibly help, plus allowing TWO lanes to turn onto the onramp from Northcote from Takapuna/Milford. The light coming out of Smales Farm onto Northcote is supposed to start running at 9am, but many times I wait until 9:10 before anything happens - this area (and many more) could greatly benefit from having someone study the traffic patterns and make changes, giving drivers more options for getting onto the motorway.

I personally feel like the public transit system is great as it is. No changes necessary.

**2a. Is there anything you would spend more on?**

Traffic management

**2b. Is there anything you would spend less on?**

Public transit

**#7240**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#7240

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I don't like the risk. I could see the cost of living rising tremendously if we cut our shipment options at the port.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

see above

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively. Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches. We therefore request that Auckland Council allocates \$8.02 million in funding within the

**#7247**

Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal. Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs, and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

**#7247**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

· Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Look after parks
- Make roads safer
- Reduce road runoff into waterways

**#7287**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Realise that sharing vehicles is the only available solution. Not traditional public transport, nor private vehicle use.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

This is corporate welfare. Everyone should participate in sports. Watching sport is bad.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It's a monopoly which should be retained in public ownership.

**#7287**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Monopolies should be in public ownership and control

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Investment is needed in this changing world. Just ignoring and trying to minimise costs will not work.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I expect that these areas will fall into private ownership over time and this transition as long as we can

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#7287

Tell us why:

Same reason

6a. What do you think of these proposals?

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Too modest. Auckland Council delivers a lot and could do more. Having to forgo a new car or an overseas holiday is nothing.

**8. Do you have any other comments?**

Auckland is not going to become a better place to live if we just try to cut costs. To a significant extent, cutting costs is why we are in such a mess.

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#7362**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#7362

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>	

#7362

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Maungakiekie-Tāmaki, Puketāpapa

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

#7364

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

#7364

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

#7364

I support most priorities

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

**Very Important**

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important

#7364

Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

I don't know

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

## Puketāpapa Local Board Priorities

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Invest in opportunities to support local community leadership.	Very Important
Invest in climate change response initiatives and support volunteer groups	Fairly Important

#7364

working on local environmental restoration / protection and climate action programmes.	
Consider our investment in facilities and services to see if there are opportunities to do better.	Very Important
Support initiatives that improve and encourage walking and cycling opportunities.	Very Important
Help coordinate and support local business groups.	Very Important

Tell us why

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden, Devonport-Takapuna, Puketāpapa, Waitemātā

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#7365

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

If we take away bins its not going to promote minimal waste, its going to increase litter and people dumping rubbish everywhere.

It will lead to more problems than what you think we have now. NZ is known for being clean, dont ruin it

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

#7365

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	I don't know

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

## Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
-------------------------------------------------	---------------

#7365

Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Not Important

**Tell us why**

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

Stop raising pedestrian crossings and building obstructions in roads. Do not lower speeds except around schools

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Unnecessary Pedestrian crossings

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

A good facility

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#7367

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

Too complex for the uninitiated

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#7367

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#7378**

· Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

· We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.

· Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#7378**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#7378

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#7378

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#7378

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our	
----------------------------------------------------------------------------------	--

#7378

community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.

**Tell us why**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Ill conceived street 'improvement' projects like Northcroft Street in Takapuna

**#7412**

Expensive raised pedestrian crossings. Red patches indicating speed zones.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

#### **2a. Is there anything you would spend more on?**

More frequent ferry services on the Birkenhead - City route, with increased capacity for bikes. More proactive road maintenance, including early repairs rather than leaving minor issues to develop into major problems. Better quality control of road work. Better scheduling of utility works to avoid repeated need to reinstate roads / footpaths.

#### **2b. Is there anything you would spend less on?**

New cycleways. New raised pedestrian crossings.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

I want to RETAIN a stadium on the North Shore, and upgrade the facilities - but I'm wary that the term "redevelop the stadium precinct" means demolishing the stadium and keeping only the playing fields

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Don't want Council to relinquish control of the asset to a (probably overseas) investor.  
Do want more rigorous oversight of Port operation to achieve better return on the investment!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#7412

Please update northboro playground too.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

CCO's are already accountable to council through current policy, appointment of ceo and board and Letter of expectation. Seems like better communication is what's needed, not control. There are good benefits with having an arms length distance between council and CCO's. I think too much council 'control' will slow these organisations down too much and will add more bureaucracy.

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

See business plans/justification

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7418**

Wasting \$100,000's raining crossings and fix roads that don't need fixing in Devonport. I would like to see the KPI's against cost and achievement. Initiate an independent organisation like a royal commission to evaluate the decision making processes. Similar to the process used for the 3 waters, repeat "process" its about water.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

You say positive things before this point in the document and I am sure later in this document. And of course we agree, but refer above is it been done efficiently???

**2a. Is there anything you would spend more on?**

Refer above, sounds like Christmas

**2b. Is there anything you would spend less on?**

Refer above

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Stop wasting money !!!!!!!!!!!!!!!!!!!!!!!

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Makes economic sense

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Because I don't know (really) what you spend the money on.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Cost !!!!

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#7418

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#7423**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--

#7423

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	

#7423

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

· With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

· Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.

#7423

<p>Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.</p>	
<p>Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.</p>	
<p>Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.</p>	
<p>Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.</p>	<p>Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.</p>

**Tell us why**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Albert-Eden, Devonport-Takapuna, Henderson-Massey, Hibiscus and Bays, Howick, Kaipātiki, Ōrākei, Rodney, Upper Harbour, Waitemata

### Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of	

#7449

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	

#7449

Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low	

#7449

carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	

#7449

Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	
Review and refresh the Howick Tourism Plan.	
Encourage community groups to adopt a reserve, park, or waterway etc, and provide	

#7449

for restoration and maintenance activities with council support.	
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#7449

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

#7449

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I do not support any priorities

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	

#7449

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

**Upper Harbour Local Board Priorities**

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Progress with the detailed business case for a new multi-purpose library facility in Albany.	
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	

#7449

Implement actions from the Upper Harbour Ethnic Peoples Plan.	
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	
Implement actions from the Upper Harbour Engagement Strategy.	
Implement actions from the Upper Harbour Greenways Plan.	
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

#7449

## Waitematā Local Board Priorities

### 7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I do not support any priorities

#### More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	
Phased delivery of improvements for Heard Park.	
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	
Support local communities to develop Emergency Planning & Readiness Response Plans.	
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	

**#7449**

Tell us why

**7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Drop the rate!

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Enhance Waiheke’s roads and bus stops

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cultural events

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

It seems to affect only certain areas of Auckland.. Make buses capable of loading larger pieces I e suitcases, large shopping, kids beach equipment. make more one way streets for easier public transport.

### 2a. Is there anything you would spend more on?

Better digital information to public on time variation between bus services and car to specific areas of Auckland.

### 2b. Is there anything you would spend less on?

Cones. Stop go workman . Waiheke roads enabling more biking . More one way streets

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct,Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

**#7481**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#7481

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#7481

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Waiheke

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#7481

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Waiheke Local Board Priorities**

**7b. What do you think of our proposed priorities for Waiheke in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	Very Important
----------------------------------------------------------------------------------------------------------------	----------------

#7481

Programmes which protect, restore, and enhance the island’s natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	Very Important
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	Fairly Important
Progressing recommended actions within the Waiheke Local Parks Management Plan and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	Very Important
Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	Not Important
Capital projects including the Tawaipareira Reserve playground.	Fairly Important

**Tell us why**

**7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Accelerate urban stret maintenance. Adequately supervise and enforce contract conditions for excavations and backfilling by any contractors working in rpadways. There has been some very shoddy reinstatement around work in he roadway.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#7584

Abandon any further work on Lake Rd/Esmonde Rd traffic improvements until the second harbour bridge is operational. In the present motorway/bridge configuration It is not possible to get more traffic out of Esmonde Rd without compromising the peak capacity of the bridge.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

The general aim is acceptable. Cycleways will not ever reduce peak traffic congestion - they are only a recreational nice-to-have. Cycleways on busy roads are accidents waiting to happen.

### 2a. Is there anything you would spend more on?

Remove unnecessary raised table pedestrian crossings wherever practical and replace with painted crossings.

Remove cycleway separation kerbs where these contribute to rubbish accumulation and prevent proper roadsweeping.

### 2b. Is there anything you would spend less on?

Reduce the expenditure on cycleways,

I do not support the installation of raised table pedestrian crossings in any place where excessive traffic speed cannot be shown to be a problem.

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

With vastly increasing population in the region a stadium is needed. The management needs to take a much more proactive approach to attracting events to the stadium and its precinct.

**#7584**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Auckland Council can continue to own the airport shares and sell off blocks as needed. There is no need to have expenses creamed off by some management company running the suggested Future Fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

There is no reason why POAL should not be able to run a profitable port operation and keep all the profit in Auckland Council's hands.

If the operation is contracted out, no matter how the contract is written, we would not be in full control of the port area under a foreign operator.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I don't believe the Auckland Future Fund is a good idea.

**4d. Do you have any feedback on any other part of the proposal?**

#7584

**Tell us here:**

The port needs to get serious about rail access to the inland port areas to reduce the truck traffic through the city. A dedicated freight line, separate from the fast moving stop-start traffic on the commuter lines, has been talked about for years but is essential if the port efficiency and city traffic is to be improved.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Tidy up Marsden Wharf and keep it for local use. Captain Cook Wharf is needed for cruise ships, but would have space useful for port operations. There is no other practical use for this space, definitely not for public open space or housing.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This exposed noisy area is entirely unsuitable for any residential use or public open space use. Residential development can go anywhere else in the city.

Administrative buildings and parking should be removed from the operational port area to somewhere else in the city to give maximum space for increased port activity. The old TEAL building is long past its use-by date.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#7584

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. #7584

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

The water quality issues may be significantly modified when all water operations are carried out by a new separate water entity with its finances separated from the Council's. Auckland Council still has a responsibility for properties approved in flood prone areas, and a responsibility not to approve any more development that will exacerbate flooding or landslip risks.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important

#7584

Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

What is a destination management plan?

The Tupuna Maunga Authority communicates poorly with the community and appears to be out of touch with the broader community wishes.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Generally approve, but seek better funding for the local board.

**8. Do you have any other comments?**

It's all very well taking back control of CCOs, but what technical expertise do councillors have to interfere with the operations of the water and port CCOs?

# Long-term Plan 2024-2034

<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7602

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#7602

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintain funding levels for grass roots arts organisations.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7606**

Do a proper review of admin expenses. Why do you have to send me a letter to confirm my rates bill will now come by email? What an absolute waste of money.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Public transport is an absolute joke. I'm going to an event in the city tonight. I couldn't take the bus if I wanted to. I'd need to buy a hop card, top it up, wait 24 hours, hope the bus comes at all and hope it stops.

Or, I can drive in.

### **2a. Is there anything you would spend more on?**

Making the bus system reliable and simple to use. Turn up on time, every time. Make paying simple for casual users.

### **2b. Is there anything you would spend less on?**

Bike lanes. Absolutely great idea, but we need to get the fundamentals right first.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Can't remember the last event I went to here. I forget it exists.

If its not working and not being used, find another use for the space.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I'd go for leasing the port but does anyone actually want to lease it?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#7606

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Further prioritisation of public transport and cycling infrastructure over car-roads
- Electric Ferries
- More Electric Buses

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Roading projects that only support cars

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Need increased investment in cycling infrastructure. Note that the UN recommends 20% of our transport budgets are towards walking and cycling but AT allocates under 1%

**2a. Is there anything you would spend more on?**

Cycleways

**2b. Is there anything you would spend less on?**

Road widening projects. Instead reallocate that space for delivery of walking, cycling and public transport networks.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

I would never go to this stadium. The land could be better repurposed to something of use to the community. I also live in the North Shore

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It's a prime piece of land that could increase the value of Auckland as a city

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7608

**Tell us why:**

I would like to see that land become of public benefit, similar to what happened in Sydney

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **Tell us why**

I'm not sure what the 'destination management plan' is - I think this is in another boards documents

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I would like more priority to ensure that any lake road development prioritises public transport and cycling. For example, if the 814 could double in frequency, and somehow bypass the traffic, it would do wonders in reducing lake road congestion. It would be good that any lake-road developments proposed by council aligns with this.

**8. Do you have any other comments?**

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

This was at a huge cost to the North Shore City Council ratepayers and the valuable funding of this stadium should not be thrown away at the whim of another council.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**#7618**

Retain underlying Council ownership of port land and wharves. Disband Ports of Auckland Ltd and give total control to the Council in order to cut costs and prevent the payment of obscene salaries to people who do not earn them.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

As above.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more to enhance climate change mitigation and resilience and do more to improve public and active transport options.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Focus less on cars and focus more on making space for people.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Support an integrated transport plan but the focus of that needs to be on improving public and active transport options. Do not support stopping initiatives such as raised pedestrian crossing and cycleways, we need more of these if we are to make the city friendly for people rather than cars to get around.

### 2a. Is there anything you would spend more on?

Spend more on climate-friendly transport options. Surface light rail also needs to be back on the table.

### 2b. Is there anything you would spend less on?

Spend less on making space for cars.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

Auckland has too many stadiums that aren't fit for purpose (North Harbour Stadium is out of the way with bad transport connections, Eden Park is well connected but the wrong shape for both cricket and rectangular sports). Mt Smart Stadium is the best in terms of design but public transport accessibility still needs improving.

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The whole waterfront area should be public space (parks, sports fields, etc) and affordable housing. Mana whenua need to be at the heart of any redevelopment.

#7655

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#7655

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#7655

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Looks but there needs to be a greater focus on fixing Lake Road. Prioritise public transport, stick a light rail line down the middle.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport

Improve state of sewage wastewater flood + water infrastructure. It is shocking that are sewage breakage could close almost all Auckland beaches. What else is in store?

**#7675**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Roads

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

\$50 cap

The things getting done are essential but oppose delay in KiwiRail maintenance or higher ferry charges.

**2a. Is there anything you would spend more on?**

Rail - invest in rail + Metrorail as this is fundamental to any large city. Buses require road building which clog up eventually.

**2b. Is there anything you would spend less on?**

On sealing roads - some local spend seems unnecessary.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It is already built/ north shore is growing in population. Future public transport. (rail metro/ Bus rapid transport) will better service it. Obviously need to ensure all management options are tried first.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#7675**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The council can easily sell and diversify shareholdings. Low trust in use of the proceeds. The regional Fuel Tax should be reinstated - instead of forced selling assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keep ownership + operation. Raise capital through an infra bond via capital markets. \$2.16bn sounds too cheap.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Re-investment in low carbon + physically resilient to climate change transport infrastructure. Electric charging for cars electric ferry + buses.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Explore other capital raising options - bonds, tolls, this is not clear in plans.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#7675

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Public benefit includes reducing truck traffic. Instead build out infra for electric/hydrogen shipping - scope 3 emissions are high for NZ exports + imports+ tourism.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

As above. Provide subsidized rates for low carbon shipping especially exports where relevant lock in long term contracts with new electric/hydrogen ships.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

arts

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

they make sense in a funding-constrained environment.

**2a. Is there anything you would spend more on?**

Road safety works

**2b. Is there anything you would spend less on?**

low user pt patronage. i would limit this to peak hours

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

most cost-effective way of serving the community

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

it helps deal with the current debt issues whilst planning for a more rewarding and less risky fiscal future.

#7692

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

fiscally wise.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

it would offset rates.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

this reps a balance between do nothing and moving too soon on the port.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#7692

**Tell us why:**

the POAL needs to run efficiently until rail from the north is afforded

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

would be good for the public

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	

#7729

<p>for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#7730**

-Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.

- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**#7730**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#7730

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support

the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#7730

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

#### Tell us why

### 7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

**#7730**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Peak hour traffic charging

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce bureaucracy and levels of management

**#7742**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland needs a comprehensive public transport system otherwise private vehicle numbers will increase

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The stadium does not serve broad community usage as it is

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Funds are needed. A sale would generate more funds for immediate improvements than share payments

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7742**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Same arguments as for the sale of airport shares

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Not my preferred options, so use continuing ownership to gain interest payments for funding Council services.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Waterfront use is a public benefit, a resource that most citizens should have access to.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#7742

**Tell us why:**

Same points as before

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network.

### 2a. Is there anything you would spend more on?

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#7774

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Schools should be supported to encourage recycling as this is the way to go for making our world more sustainable. At present, some schools are doing it better than others. Re rubbish collection rates, as my household puts out a rubbish bag only every few months, the rates charge is quite unfair for us and I definitely do not support being charged for it in my rates. I fully support the “pay as you throw” system which we have at present.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important

#7774

Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

We don't need a new library at Takapuna. The present one is well positioned and aesthetically very pleasant to be in. I would hate it to be changed and probably would never visit a new one.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

It is unfair if the money allocated to the Devonport-Takapuna Board is reduced any further. We need to maintain the facilities we have, not be reduced to how the rest of Auckland might be.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#7790

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#7790

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Can you please don't merge the loacal boards.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please can you stop building more raised crossings on the road.

**#7830**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Don't understand how point 1 proposal can make any difference .

Stongly agree with point 3.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct,Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#7830

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Greater targeted investment in existing regional parks including accelerating the redeveloping the track network to kauri dieback standard in the Waitakere Ranges Regional Park.

**#7849**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Need more investment in cycling and walking to make Auckland safer and deliver greater health benefits for Aucklanders

**2a. Is there anything you would spend more on?**

Cycling and walking connections

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Stadium is underutilised and poor use of council funds as it currently operates

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7849**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Agree with most priorities

**8. Do you have any other comments?**

Support the transition to fairer funding for local boards but think that the amount of new funding needs to be increased to ensure that local boards who are overfunded do not have to cut services to meet the change in 2025/26. Most local boards have significant fixed costs like facilities contracts and service costs (e.g pools, libraries) that are impossible to change in such a short timeframe.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

N/A

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

N/A

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Public transport requires ongoing investment.

Safety initiatives should be considered including cycleways where appropriate .

### 2a. Is there anything you would spend more on?

Improving known blockages on our roading network would be helpful e.g. Lake Rd on the North Shore.

### 2b. Is there anything you would spend less on?

Raised pedestrian crossings seem unnecessary considering our current fiscal problems.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

I don't support the suggestion of demolishing the stadium.

Ways should be found to make it more utilised.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#7862**

**Tell us why:**

I am not convinced selling off shareholding in AIAL is in the long term interests of Auckland ratepayers.

Unable to support the proposal as there is still too many questions around the structure of Auckland Future Fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leasing the port would surely cancel any proposal to relocate port operations from downtown Auckland which I believed was part of a future strategy ( not waiting at least 35 years.)

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Using profits from the port to fund council services seems to be a good use of the money.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No comment.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#7862

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Reducing the footprint of the port operation will free up the area for public benefit.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

I support the idea of reducing the size of the port operation.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No comment.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#7862

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No, No, No to the "pay less get less' idea.

**#7870**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Do not support raised pedestrian crossings

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

multiple cones in streets: frequent speed changes:

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#7870

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	

#7870

<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

**#7870**

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7885**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

cycleways and raised pedestrian crossings

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

North Harbour Stadium and surrounds are a fabulous asset in a thriving and growing area of Auckland. More should be done to investigate options that allow it also to thrive and grow to better serve its constituents.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell shareholding to NZ based shareholders e.g. NZ Super fund so it remains a core NZ asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**#7885**

**Tell us here:**

Lease operation to NZ based company with majority NZ shareholders e.g. NZ Super fund so it remains a core NZ asset.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

This option would retain the commercially positive aspects of the port operation so that lease option is also attractive to NZ investors.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This option would retain the commercially positive aspects of the port operation - particularly profitable car imports - so that lease option is also attractive to NZ investors.

#7885

City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

\*\*\*\*\* CCO 'S This is where the waste is ! Sort out Auckland transport and waste roles here .

Keep North Harbour stadium but use it better for recreational purposes- eg road cycling learn to ride and road cycling off road racing ! Great for everyone. Cycle fitness

**#7899**

track for all off road - remove the speed humps . Cycle fitness off road how great .  
Make use for more affordable and free community and sport events . Still great for  
sports teams and games . A running training track ,. Promote more options ? A  
duathlon track ! For triathlons and college sport racing for running and cycling . Still  
money in this . Promote for weekend sport . Triathlons in winter using pool and  
stadium for running and cycling .

Support one or two key quality events .

## **2. What do you think of the transport proposal?**

### **Tell us why:**

Get ride if waste fill jobs and layers of managers - so many and too afraid to make  
decisions because they want to keep there jobs ! Reduce staff at AT . Travelwise  
school programs a waste of space due by 1/2 . Just a couple to coordinate with school  
not as many needed . Not big enough people and change reach - money better with  
community police road safety education- . How many meeting on planning lake road  
and Devonport peninsula with so many staff - nothing ever happened staff over the last  
15 years . Keep to basics build safe transport options for all modes were you can then  
people will use it . Stick to engineering staff - sack the rest and the managers !

### **2a. Is there anything you would spend more on?**

Keeping existing assets green space , clean water, waste water , storm water, waste .  
Planting trees , stream projects.

### **2b. Is there anything you would spend less on?**

Educations , managers , environment and school transport education.

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

**#7899**

A needed assist just been poorly managed - look for expanding use for free and low cost recreation and sport . Cycling programmes, school courses cle racing . Duathlon running and cycling events . Remove the judder bars for good community off road cycling , talk with college sport , cycle clubs , triathlon clubs ,

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please stop building en masse in small rural town areas - the very towns that supply much of the food to not just Auckland but also the rest of NZ - arguably offshore too. You can't keep building houses on once in a lifetime arable land. The only answer then will be to import food, that would be senseless!

## 2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

This stadium services the North Shore. Those living south of the region have nothing approaching this.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#7900**

**Tell us here:**

Frankly anything that keeps the rates to a minimum has to be an option. The 'people' can't keep digging deeper and deeper, something has to give.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The cruise sector is booming again, Auckland has a chance to be a fantastic destination, this will only continue if arriving pax are greeted with a world-class city - currently beyond Custom Street you battle the drunks, drugged and homeless, shops are cl

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#7900

6a. What do you think of these proposals?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Franklin

### Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Fairly Important
Fund three-year Strategic Community Partnerships with local organisations that	Fairly Important

#7900

are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuaanuku (environmental restoration).	Not Important
Develop “Franklin Community Occupancy Guidelines” to inform decisions on council-owned facility leases, including leasing charges.	Not Important
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Fairly Important
Progress the development and delivery of the Franklin Paths Programme.	Not Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Fairly Important
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	Fairly Important

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

The number one priority for Franklin has to be to stop the urban sprawl. People need to live somewhere (says me that was once homeless) but not at the cost of ripping up every square metre of once in a lifetime arable land that feeds the entire country with world-class produce! And no, I am not involved in this sector..

**#7900**

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Pukekohe East

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7965**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Both public and active transport improvements, to improve efficiency and reliability of use, and to reduce transport-related emissions.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The stadium and surrounding area is under-utilised, and needs refreshing. I suggest option 2 as it doesn't require additional funding from the council, instead coming from the sale of property.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

I don't have an issue with establishing a future fund, but I don't believe we should be divesting from a key asset like Auckland International Airport.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7965**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

This option gives certainty of income to council from port activities.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Cuts to council services affect our most vulnerable in our communities.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self-insurance sounds risky, due to the severity and frequency of extreme weather events are increasing year-on-year. Self-insurance in the face of insurance-retreat makes sense, but if external insurance is available, that is the preferred option.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Queens Wharf and other wharf spaces along the viaduct basin already feel under-utilised. Uplift what already exists outside of the port first.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#7965

Tell us why:

The port provides revenue for the city, which in-turn helps build resilience into its infrastructure

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I believe more money, not less, should be put into water infrastructure in Auckland. This system needs to be made resilient to the extreme weather events we will experience more frequently. Re the rates-funded refuse collection proposal, I wonder whether moving away from PAYT will drive the waste-minimising behaviours we're after.

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I don't see greenhouse gas emissions reductions explicitly listed. They are relevant to almost all of the other categories, but could be called out as their own item to be prioritised.

#7983

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

1. Sell off less profit-making assets, such as AIA shares.

Selling those assets removes a future income stream, so if we don't sell it, rate payers in the future will be able to pay less. As a shareholder, I bought shares, so I (and other investors) clearly consider the future dividends to be worth more than the price of the share. Auckland Council gets a value over and above the financial dividend, by having a degree of influence in how the airport is run.

2. Allowing/consenting/promoting greenfield development.

Reducing suburban sprawl would be the single most effective tool for reducing costs to council and residents. Providing infrastructure such as roads, water, power and fibre connections are all more expensive when people spread out.

Higher density living leads to additional cost savings as well, such as:

- shorter commutes mean less congestion, which currently costs Auckland \$1 billion per year <https://www.auckland.ac.nz/en/news/2023/11/30/road-congestion-charging.html>
- public transport and active modes become more realistic options, meaning even less congestion
- with higher patronage, public transport becomes cheaper per user, an effect that is self-reinforcing.
- reduced car dependency means households who cut down to one car save on depreciation, service, WoF, and parking both at home and at work - before even considering fuel.
- homes are cheaper in terms of both land costs (trivially 1/5 for a 5 storey apartment) and build cost (30% cheaper for apartments vs houses).
- homes are better insulated, improving health outcomes and saving heating costs

Urban3 have studied Auckland and other cities, and quantified the cost of sprawl.

<https://www.greaterauckland.org.nz/2016/04/23/the-value-of-well-designed-cities/>

<https://www.youtube.com/watch?v=7Nw6qyyrTel>

For all of these reasons, something like the MDRS would benefit Auckland and its council. The MDRS could be improved further with adjustments to promote "Perimeter Build Housing". See the information provided by the Coalition for More Homes:

<https://www.morehomes.nz/>

**#7983**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I think making public transport faster, more reliable and easier is an excellent headline, and should be the top priority.

I am concerned at the proposal to "reduce bus services with lower patronage". These may be evening services, which are the return leg of a trip. If the evening service is not available, people will be forced to drive for the first leg of the trip, even if it is during rush hour.

New or extended bus lanes seem to be limited to the Northern, Western and Eastern Busways. I would like to see many other bus lanes extended in both time and length. Bus lanes (and T2/T3 lanes) are the single most effective way of making bus services faster and more reliable. I find it incredibly frustrating when parked cars on main arterials force the bus to merge with other traffic in a single lane. Almost every main arterial becomes a single-lane road outside of rush hour, usually with one car parked every 100m, representing very poor use of an expensive asset. The cost of extending the operating hours of these bus lanes is extremely low, and the travel time benefit to buses would be huge.

I am concerned that cycling infrastructure is being deprioritised. For combined benefits of reducing congestion, reducing emissions, and improving health outcomes, it's hard to beat active mode infrastructure for RoI. The network of safe separated cycle paths is getting close to the point where they are connected into a useful network. With the ongoing trend to e-bikes, the numbers of cyclists have grown dramatically in recent years, and will continue if we provide adequate infrastructure. As numbers of cyclists increase, drivers become more aware, and we can achieve a kind of "safety in numbers" on top of safety through properly separated cycle lanes.

Safe, secure bike storage at Park'n'Ride facilities would also encourage active modes for the last mile.

Another improvement that would help with the last mile is improved lighting and security presence at public transport interchanges. It's always good to make people feel safer, and in this case it can help increase patronage, reduce congestion and reduce emissions.

**#7983**

I'd like to propose reducing the number of available car parks, and increasing the price of those that remain. That would be a revenue-positive way of encouraging mode shift, that has a similar effect to congestion charging, but can be implemented immediately without waiting for technology or central government.

This suggestion concerns me: "delaying paying the full requested increase in KiwiRail track maintenance costs". Delays in maintenance are exactly what causes outages like we have seen the last few years. It is absolutely critical to keep on top of maintenance of the railway system. For the Mayor to instruct the railways to improve reliability, and at the same time reduce their maintenance funding would be bitterly ironic.

If at all possible, I'd like the council and AT to consider surface light rail from Queen St to Mt Roskill. For MUCH less (roughly 90% less!) than the ALR tunnel proposal, we could provide a fast service that alleviates some of the bus congestion on Dominion Rd and in the CBD. It would open up densification opportunities in Mt Roskill (i.e. tie in with "priority housing growth areas"). This page explains it better than I can:

<https://www.greaterauckland.org.nz/2024/03/19/new-life-for-light-rail/>

## **2a. Is there anything you would spend more on?**

As above, bus lanes and cycle lanes. Both are low cost with high RoI.

Rail maintenance even provides infinite RoI, as preventative maintenance saves money compared to repairs after the fact, or having to cancel services.

## **2b. Is there anything you would spend less on?**

The "spend less" proposal includes reducing the hours where the gold card provides free travel. I would consider going even further. The gold card gives generous discount to pensioners regardless of income. I would maintain the benefits for community service card holders, but remove the entitlement for free public transport for older citizens. (For children it can still be worth providing free public transport, since it both creates a habit to use public transport as adults and allows parents more freedom from school pickup runs - with the associated congestion.)

Unsealed roads are usually used by a low number of people. I don't think it represents good value for money for Auckland to seal roads that are hardly used.

Slightly tongue-in-cheek: anything in Simeon Brown's electorate, to provide leverage over the minister who cut Auckland's transport revenue by \$2billion.

**#7983**

<https://www.newshub.co.nz/home/new-zealand/2023/10/mayor-wayne-brown-warns-national-s-plan-to-scrap-auckland-regional-fuel-tax-could-leave-2-billion-hole.html>

### **3. Which options do you support for the North Harbour Stadium?**

I don't know

#### **Tell us why:**

There is nowhere near enough information in the document to make an informed decision. Everything else I read to try to inform myself was clearly biased.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#### **Tell us why:**

In general, I am an advocate for diversified investments. However, in this case the benefits of the shareholding for Auckland Council go beyond purely financial ones. Owning a substantial stake in a significant asset such as the airport allows the council to influence decisions to the advantage of Auckland City. That additional value will not be compensated by selling at the market price, because whoever buys them will not have that influence.

At the same time, the 2023 floods showed how vulnerable the airport is to water damage. The runways are only a few metres above sea level and can expect to be under water during storm surges by the end of the century due to climate change. This risk may not be priced in at this point, which is an argument to de-risk the council by disinvesting in a vulnerable asset.

### **4b. Which option do you prefer for the future of Port of Auckland?**

Other

**#7983**

**Tell us here:**

Long-term I agree with Wayne Brown that the port is an eyesore on some of the most valuable real estate in Auckland. It should be closed down and replaced by service from Tauranga and Whangarei - but that would require extensive upgrades to the rail system.

For now, I like this option, mentioned in the document. It retains control of the asset, for apparently a similar financial outcome.

"A related option would be to repay just the POAL debt of around \$400 million and invest the net amount of the port lease (\$1.7 billion). This would have similar implications as option 1 with the smaller financial benefit from a smaller fund size largely offset by reduced interest costs. This option would still protect the net value of the council's assets over time (with net assets being total asset value less associated debt)."

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self-insurance seems like a sensible option, however I am surprised at the underlying assumption that it should be achieved through a fund. There are three reasons I don't think that is the best way.

Firstly, self-insurance could also be achieved by planning to borrow when/if disaster strikes. Central and local governments are both advantageously placed to borrow when in need, with lower interest rates than constituents can access on an individual

#7983

basis. Repaying the borrowed money would be similar to restocking the fund. (Often, the OCR will be lowered after a disaster, making borrowing cheap.)

Secondly, self-insuring in equity investments could mean simultaneous loss of value when the "insurance" is needed. For example, if the need is triggered by a natural disaster or an international war.

Thirdly, conventional wisdom suggests that councils, like businesses, should usually operate with a degree of debt. Having both debt and an investment fund is not logical (except for the previously mentioned case of AIA where the benefits of ownership are more than purely financial).

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#7983

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#7983

I would prefer less targeted rates, especially where they apply to everyone. It would be simpler to bundle them into the main rate bill.

The Waitakere Rural Sewerage Targeted Rate is a valid exception, because low density areas have higher infrastructure costs. In order to cover these costs fairly (and to generate the correct pricing signals for residents to make informed decisions on where to develop) these costs should be adjusted locally. This youtube video demonstrates using data from Auckland and other cities how high density areas subsidise low density areas

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	I don't know
Implement priority actions from the Devonport Takapuna Ethnic Plan.	I don't know
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	Very Important

#7983

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I would like to see more priority given to cycling infrastructure. I would love to be able to cycle on a separated cycleway from Takapuna to Devonport, and jump on a ferry to the CBD.

I agree with prioritising the library, sports facilities and cultural events.

Water infrastructure is a high priority for this region. I respect that it's outside the remit of the local board, so I am glad that you intend to continue advocating for investment to the Governing Body.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More environmental controls

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less spending on economic measures

**#8012**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I support more cycleways (I don't own a bike) and feel that Auckland should have a better public transport system. Council should push central government for a north western busway a la northern busway.

### 2a. Is there anything you would spend more on?

Don't approve of the stopping of work on facilities for cyclists or pedestrians.

### 2b. Is there anything you would spend less on?

Experience shows that building better roads doesn't work to stop congestion.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

The stadium needs to be a community and rugby ground at lower cost to the ratepayer.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

The future fund will end with all the money frittered away

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The port shouldn't be there. The whole cargo operation should go to Northport.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

All the wharves apart from those required for cruise ships should end up for public benefit

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8012

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cut bike lanes. Have hydrogen buses. Trams. And reinstate the tolls on the harbour bridge. Everyone pays an electronic toll so this money goes toward upgrade from takapuna to devonport. Pays for trams and hydrogen buses. Do something Council. It's what your paid to do!! Make Auckland a more liveable city. Atm it's a 3rd world country wirth no infrastructure. It's an embarrassment

**#8043**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less rates

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Introduce a toll on the bridge. This will pay for so much infrastructure!!!

**2a. Is there anything you would spend more on?**

A toll on the bridge

**2b. Is there anything you would spend less on?**

Rates. Cycle lanes.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#8043**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

We don't need more apartments. Don't develop, leave the wharfs as is

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#8043

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

**#8103**

**8. Do you have any other comments?**

I am concerned that the council is looking at demolishing the stadium to acquire land for sale, if this happens it will be a stigma for Mayor Brown and his council forever.

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the congestion problem on Lake Road

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8174**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

I think the RFT should be reinstated.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

North Harbour Community deserve a quality facility that is maintained properly and administered correctly.

I believe Auckland Council were incorrect to destroy part of the North Stand to facilitate baseball which doesn't have a big following in Auckland or New Zealand.

The stands, lighting and grounds should me professionally maintained by the council.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I believe it is currently underutilised.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

I believe the Council can drive through new initiatives such as what was done in Brisbane.

#8174

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#8174

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#8174

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Complete the redevelopment of Takapuna Town Centre

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Native tree replanting and protecting native forests/ reserves

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Plastic and pesticide use

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Electric/hydrogen bused

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Experienced operator met be better

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Diversification is important

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8185**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Experienced operator met be better And we may get better returns in a diversified and ESG responsible fund

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Public use can be economically beneficial and add value to the community

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8185

Hopefully part of the ports operations can be relocated to somewhere more efficient

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8202**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

The only thing I don't support in full is stopping cycle way projects. We should be doing everything possible to encourage cycling and public transport use. I agree with making public transport more convenient but it also must be a much improved service that is either free or charges are targeted for more equitable outcomes.

### 2a. Is there anything you would spend more on?

Improving the convenience, extent, and services offered for public transport. More ferries and trains, and cheaper/free rates. Also greater spending on cycle ways.

### 2b. Is there anything you would spend less on?

Raised pedestrian crossings.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

The stadium doesn't seem well utilised.

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

**#8202**

An Auckland Future Fund sounds sensible but it doesn't sound sensible to sell the AIAL shares - it feels short sighted and for short term gain.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Long term it would be favourable to have better public access and use of the waterfront.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#8202

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8207**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Cycleways and alternatives are important componets to alternative travel, moving away from private car travel as much as possible. Private cars represent the lowest marginal benefit due the fact of induced demand with roading expansions. Any all alternatives to private cars should be considered including cycleways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct,Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Creation of the fund but council should maintain stakes in all major public infrastructure key to Auckland's economic development such as the AIAL

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8207**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The port is a major asset for Auckland and represents decades of investment and support by the people of Auckland who's rates and payments have improved the port. It is not the right of the current council to sell off such a significant public asset without a direct mandate from the electorate. Further once sold it will never be able to be reacquired and the port represents a significant public good for Auckland which should be retained by the public and not private interests.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I am fundamentally opposed to the selling of public interests in large natural monopolies that have had significant investment by the people of Auckland. These assets have been built up in no small part by the public's rates and levies, and as natural monopolies act as economic enablers for the prosperity of the entire city and should continue to be owned totally or partly (such as the airport) by the public and not private groups as they are natural monopolies.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#8207

I am unconvinced that a possible and hypothetical future redevelopment would deliver a greater return to the public that would both be greater than current port operations and offset the reduced capacity of port operations for the entire future operationa

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I am unconvinced that a possible and hypothetical future redevelopment would deliver a greater return to the public that would both be greater than current port operations and offset the reduced capacity of port operations for the entire future operational life of the port.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

#8207

## Franklin Local Board Priorities

### 7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Fairly Important
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	Fairly Important
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuaanuku (environmental restoration).	Fairly Important
Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-owned facility leases, including leasing charges.	Fairly Important
Find ways to reduce Franklin's maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Fairly Important

#8207

Progress the development and delivery of the Franklin Paths Programme.	Fairly Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Fairly Important
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	Fairly Important

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Drury

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Flood protection. Urban regeneration. Environment Protection. Libraries. Local Board financing.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8227**

Nothing

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This will avoid gridlock. Auckland is too hilly for cycleways.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Privatisation is a short-term solution. It has not worked since the 1980s in any area of NZ life.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8227**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We do not need any more foreign ownership or leasing of our national property.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Open up our beachfront land for the enjoyment of all.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8227

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#8227

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#8227

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

#8242

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Too risky to do less of anything.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

**2a. Is there anything you would spend more on?**

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid

**#8242**

Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere, and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

**2b. Is there anything you would spend less on?**

Motorways and highways.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

North Harbour Stadium requires revitalisation to fulfill its potential as the sole stadium on the shore. It ought to be transformed into a world-class venue that caters not only to North Harbour rugby but also to the broader community. Given its proximity to the Northern Busway, it could serve as an excellent location for music and a variety of entertainment events, truly becoming a hub for the people who reside on the shore.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#8242**

**Tell us why:**

We shouldn't sell assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Considering the ecological and recreational significance of the Waitematā Harbour, it's sensible to explore the idea of relocating the Ports of Auckland. A move closer to the airport or to outside the city centre could greatly benefit the natural habitat and enhance the harbour as a leisure destination. While maintaining facilities for cruise ships and tourism is essential, the current port location offers an opportunity for redevelopment. By transforming this space into a vibrant area with housing and commerce, similar to the success seen at Wynyard Quarter, we can create a more engaging and lively Auckland City.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It's a valuable income stream, we should be using any profits it to pay for providing more facilities and services for Auckland residents.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

By retaining ownership of assets, the council group positions itself to directly reap the rewards of any appreciation in asset values as time progresses. Projections indicate that the airport shares are poised for a substantial increase in value, estimated at approximately \$1.7 billion over the forthcoming 35-year period.

#8242

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Considering the ecological and recreational significance of the Waitematā Harbour, it's sensible to explore the idea of relocating the Ports of Auckland. A move closer to the airport or to outside the city centre could greatly benefit the natural habitat

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Considering the ecological and recreational significance of the Waitematā Harbour, it's sensible to explore the idea of relocating the Ports of Auckland. A move closer to the airport or to outside the city centre could greatly benefit the natural habitat and enhance the harbour as a leisure destination. While maintaining facilities for cruise ships and tourism is essential, the current port location offers an opportunity for redevelopment. By transforming this space into a vibrant area with housing and commerce, similar to the success seen at Wynyard Quarter, we can create a more engaging and lively Auckland City.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important

#8242

Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

More focus on public transport.

**8. Do you have any other comments?**

To foster a thriving cultural scene, it's essential to amplify support for arts, culture, and creativity. This can be achieved through enhanced investment in Council programs that promote engagement and the creation of public art. Additionally, channeling funds into both Council-owned and private arts and culture facilities will further enrich the community's cultural fabric. Recognising the value of Auckland's diverse cultural communities, targeted investment in these groups is also crucial. Moreover, local festivals, along with independent artists and companies, greatly benefit from financial backing. Complementing these cultural investments, a heightened focus on improving public transport, as well as developing pedestrian-friendly areas and cycling infrastructure, will contribute to a more vibrant and accessible city.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce council staff where possible

**#8250**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Makes sense

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Shouldn't keep it as is if it is losing money. Sell at least part of it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Makes sense

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Retain council ownership and lease the port operation for 35 years and use the upfront payment to keep essential services like rubbish collections weekly.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Invest in emergency housing to eliminate people living on the streets and invest in more 1 bedroom units for elderly that cannot afford private rents, This would free up rental properties for others and reduce the lack of housing. Property is the best investment for anyone including council.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

See last comment.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#8250

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

no

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide	Very Important

#8250

decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

I want all New Zealanders to have good relationships built, not just iwi, i am OVER the constant costs for preferential treatment of Maori or any specific culture, we are all one people and should be treat that way.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

As a rate payer, I think the rate increases are too high, I would prefer to see costs managed. However in saying that, if increases will improve and maintain our beautiful City, and the increases are absolutely necessary, then I agree, I just don't want to hear of wasteful spending

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8264**

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Pedestrian crossing and safer cycleways are important, we need to do more. Including upgrading footpaths - so many scooters on narrow footpaths make it dangerous to walk

### 2a. Is there anything you would spend more on?

Pedestrian crossing and safer cycleways are important, we need to do more. Including upgrading footpaths - so many scooters on narrow footpaths make it dangerous to walk. Upgrade widen footpaths, make them even.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It is ridiculous to sell off a source of future income for the council. Keep this asset.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#8264

7a. Which local board area does your feedback relate to?

Rodney

### Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	

#8264

Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	Very Important

**Tell us why**

Greens road is a fantastic park, that needs careful planning and investment so it is future proofed for the community.

Greens road is a fantastic park, but in its current state the carpark is not fit for purpose for horse riders. Please extend the carpa

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Not from the Rodney area

**8. Do you have any other comments?**

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I would have preferred to see more focus on really good active modes connections and network. I.e The Francis Street to Esmonde Road Connection.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1. Public transport facilities and prioritising eg ferry terminal at Bayswater, bus lanes in priority to roads for cars. Lift subsidies to public transport. Funding from restoring the fuel tax - continue lobbying government to achieve this.
2. Structure planning / master planning for infrastructure to service growth and target development contributions to local improvements.

**#8323**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

1. Direct AT to dial back traffic management for small projects on road berm.
2. Roll back the council inspections of new builds for regulated building works with LBPs etc providing producer statements.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Support investment in public transport to improve reliability and prioritise over private transport. Transportation plan to include ferries to better ensure ferry journeys are not cancelled to accommodate cruise ships.

Support dynamic lanes to prioritise buses.

Support reducing traffic management for small projects (eg network utilities in berm) and more works at night.

Do not support reducing investment in cycle lanes.

**2a. Is there anything you would spend more on?**

Public transport infrastructure (eg ferry terminal at Bayswater, bus lanes)

Cycle lanes.

**2b. Is there anything you would spend less on?**

Road improvements for private cars.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**#8323**

Better to maintain the core facilities. All council facilities should be available for the a wide cross section of the community who fund the facilities.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The proposal to transfer AIAL shares adds another layer of administrative costs.

The fund locks in a long term solution to maybe a short term problem of this government cancelling the regional fuel tax. Council should keep lobbying to reinstate the tax.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Opposed to lease of POAL land and operations which will lock in the industrial port operations. An external, likely international lessee will bring more pressure to expand the port. This is taking away decision making for a generation of Aucklanders (ie 30 year lease) for the use of Port land and locks in an unsustainable use of our coastal resources.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

#8323

There is some sense in a fund to offset the loss of regional fuel tax. As long as the administration costs can be kept under control and councils discretion to access the funds is not unduly restricted.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Support a long term plan to reduce the footprint of the Port and relocate to another site.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important

#8323

Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

Art and community facilities are the heart of our community. They are a large part of what makes our board area a great place to live and it's special character. Wider use and activation of public reserves and parks is important to building community conn

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Support investment in the arts, improving admin of parks and building an inclusive , multicultural community vision.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Buy the house on the Takapuna to Milford walkway and open it to the public.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reign in Eke Pankuku - the ridiculous \$\$\$ spent in Northcroft Street is embarrassing and a complete waste of money!

## 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Once this is gone, it is gone forever. It is a good stadium with poor management currently. Change the management and get more events and focus on it. This is a great asset for the North Shore and Auckland. It would be sacrilege to get rid of it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8333**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#8333

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Parties, lunches, time wasting expensive ceremonies :)

## 2. What do you think of the transport proposal?

I don't know

### Tell us why:

AT have been notorious for poor management and over spending. I don't know the people making these decisions.

### 2a. Is there anything you would spend more on?

No

### 2b. Is there anything you would spend less on?

Yes, ridiculous speed ramps!

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

As Auckland expands the stadium has great potential opportunities.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

It makes sense. Protect against the future.

**#8339**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

This provides income for the council.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

If we still operate the ports I don't see a lot of money left over to invest!

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Why not! What an opportunity.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8339

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I believe Auckland, as an international city, will need to do more to attract more international flights into the city and become a hub for North and South American travel.

**#8442**

Auckland needs a world-class indoor shopping and entertainment precinct in Wynyard quarter for the tourists to spend their money and extend the visitor experience beyond only summer months.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

We do not need more speed bumps. We need more productivity around council operations and reduce bureaucracy.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8442

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#8442

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#8442

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

To Attract more people to Takapuna, we need to create spaces that can be used beyond only sunny summer days.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Already paying too much.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8458**

Less contractors at the Council and get rid of electric cars part of employee benefits. Whoever wants an electric vehicle, they can buy it themselves from their savings or personal credit, not from tax payers. And cap the salary increases for those already earning above average salaries.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Auckland traffic is getting worse and worse. Public transport from/between suburbs is close to none. Payment should be done just by tagging on and off your visa card on the bus, like in any other civilized countries in the world where you can pay as you go with a debit/credit card from even from NZ.

### **2a. Is there anything you would spend more on?**

Better public transport. Bus lanes. And a new alternative to the Auckland Harbour Bridge.

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

allocate funds somewhere else.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#8458**

**Tell us why:**

If this would create more bureaucracy or it would benefit to certain individuals at the Council in the present or future, perhaps not a good idea.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#8458

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public spaces, particularly on the waterfronts around Auckland

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8467**

No more raised roadways at pedestrian crossings. Instead simplify the messaging and revert to the very effective Zebra Crossings.

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

The rest of Auckland should enjoy the same amenity value that we get from the busway. It is much more convenient to use than driving to the city and searching for a carpark.

Get rid of all raised pedestrian crossings. Just think of all of the hurt you are causing to every patient in an ambulance having to bounce its way across these ill thought out structures to get to hospital.

## 2a. Is there anything you would spend more on?

Restore the coastal walkway between Milford and Takapuna.

## 2b. Is there anything you would spend less on?

Putting Maori names on places that have always only had English names.

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

It needs to be integrated into a coordinated plan to spread events throughout the region. It has so many amenities that others such as Mt Smart don't have. e.g. Busway / public transportation on it doorstep, ample on street parking and a mall close by. Massey University should set up a sports education section and use the stadium for sports development.

**#8467**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

too much money will be spent on yet another bureaucratic arm of Council, thereby delivering less to Auckland residents.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

35 years with that land tied up in a lease is too long. That is more than a generation.

POAL is actually the Council and the Council should have full control of the waterfront. Future elections would have the ability to vote for change on the waterfront at any future election.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The Auckland Future Fund will just be an unaccountable bureaucracy that will consume money but deliver very little.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#8467

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The Council has to show good faith to the residents by returning port land to public space as soon as possible.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

same answer as 5A above.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#8467

<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#8467

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important

#8467

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

Very Important

**Tell us why**

If you out English words to fully inform us on the Maori initiatives, I would be better placed to answer them. We should cater equally for ALL New Zealanders, and not just Maori

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

You have completely ignored the restoration of the Coastal Walkway. There used to be a walkway structure over the rocks in front of the Firth House. It was washed away in a storm The Council never reinstated it. The COuncil has an obligation to restore this piece of social infrastructure.

**8. Do you have any other comments?**

The funding for the Devonport / Takapuna Ward should not be decreased. There should be the best amenities created here, just a 15 minute ferry ride from downtown. it should be a tourist destination as it is so easily accessible. With a thriving Devonport and coastal suburbs, supported by tourist dollars, the Council will get its money back through higher rates due to higher land values and commercial properties values.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Blanket safety processes e.g. costly raise pedestrian crossings.

**#8487**

Use common sense approach

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Basic infrastructure i.e. roads, water, electricity

Current is ages and non resilient

**2b. Is there anything you would spend less on?**

As said above, blanket safety processes e.g. costly raise pedestrian crossings.

Use common sense approach

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Not having a major stadium precinct for the whole North Shore is short-sighted. It will be an asset sooner or later

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**#8487**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8487

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#8487

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#8487

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

Too much 'mission creep' from the council. Funding ideas that stray from core/traditional council roles is costly. These are a 'nice to have' only and add to much cost to the ratepayer for little return.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Boring core stuff! And the Lake road issue is not going away...more and more infill without any coherent plan to tackle the further burden it creates

**8. Do you have any other comments?**

Is there any Civic Plan? It seems that the future is developer lead with micro issues created after they are long gone and unaccountable.

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#8496

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

In 2020 an Independent Panel review of Auckland Council CCO's lead by respected Chair Miriam Dean stated "The harsh economic reality is Auckland neither needs nor can afford four stadiums (Eden Park, Mt Smart, Western Springs and Albany Stadium)".

In September 2023 Auckland Council issued a Request for Expressions of Interest "Main Auckland Stadium" which reiterated the findings of the 2020 review. "Auckland (read we ratepayers) neither need, nor can afford four stadiums."

I would like to understand why the Council have not acted on that independent recommendation.

Albany Stadium cost \$41m to build in 1997. Was then loaned by North Shore taxpayers another \$30m in 2006, a loan later forgiven because they could never pay it back. It is now forecast to cost ratepayers in capital expenditure a further \$33m over ten years. Last year it lost \$2.6m. At this rate it would be an additional \$26m over the next ten years from ratepayers. This is a total of \$130m cost to the ratepayers.

Chair of Tātaki Auckland Unlimited, Vicki Salmon has written Albany Stadium "is - by far - the least used in the region's stadium network", "concert promoters and sports executives who decide where to put their events on dislike the Albany venue for a number of reasons." "the stadium doesn't meet the North Shore community's needs nor the requirements of its main long-term users, including rugby and football, "with no replacement regular tenant revenue or one-off major sporting or music events on the horizon" and most accurately "overall, they (fans/ratepayers) don't come anymore". I note per Councillor Watson that North Harbour rugby's average crowd was only 1,500 at home games.

**#8496**

Option 1 Feedback - So we have a stadium that has taken \$130m of ratepayer money that no-one on the North Shore uses, nor do event promoters or sports administrators want to use it. This is an incredibly poor return on ratepayer investment. However Councillor John Watson advocates keeping this unused monument and incurring more significant ratepayer cost for no return. I do not support this.

Option 2 Feedback - The LTP and Deputy Chair of Eke Panuku Jennah Wootton notes Option two will deliver a 10,000 person stadium that will be “fit for purpose”, an often rolled out cliché by politicians and bureaucrats when there is no underlying detail, business case, nor financial plan, all of which are noticeably absent in the LTP. How can we support this with no detail.

So we are being presented with replacing a 17,000 capacity stadium with a rectangular field no one uses with a 10,000 capacity stadium with a rectangular field “they will all come to”.....except history shows they don’t, and despite what the politicians and bureaucrats tell us, we all know they won’t because for NZ Rugby or Taylor Swift or anyone else there is Mt Smart, Spark Arena, Eden Park, Western Springs and the Domain which recently hosted Symphony in the Park.

Finally there are no cost estimates for Option two but you can be sure that to build an 8,000 – 10,000 person stadium will cost ratepayers vastly more than \$33m given the \$100m+ put into Albany since 1997 which also was “fit for purpose”, and you can be sure when nobody comes, it will be the Auckland ratepayers funding the ongoing operating losses, and the inevitable significant additional capital expenditure required. I do not support this.

I propose the following:

Option four –

Let’s accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and let’s observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don’t want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several times a year, then I propose it would be better to sell that asset and reallocate that significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

**#8496**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More improved indoor and outdoor sports facilities. Encourage amalgamation of sporting codes to utilize facilities better.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8526**

Copy the successful business environment. Scale back employees and make them accountable.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Judder bars and road cones.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It is underutilized resource and does not get buy-in from major sporting codes and event management groups.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It is a good idea to future proof against natural disasters and unforeseen events.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8526**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It is good practice to have a fund that receives consistent income.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8526

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Improve efficiency by streamline processes. Currently any request seems to have to be handled by too many people.

**#8567**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

There remains a need for services the public want and need. It is not for the staff to tell the public what they need

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

### Tell us why:

Turn the stadium into a ground for international cricket. Do not fall for the pressure that people won't travel over the bridge to attend major events. Those of us who live on the North Shore have been doing so since 1959.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

A new approach is required for the funding of local authorities. This is an opportunity to make a major advance.

**#8567**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

A new approach to local authority funding is required, go for it.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It is sensible to do so.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#8567

**Tell us why:**

There is no viable alternative.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#8567

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
--------------------------------------------------------------------------------------------------	---------------

#8567

Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I expect an improvement in the speed in which projects are implemented including constructive consultation with the population again it is for the Council staff to listen and not preach what will happen.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better protection and management of the Hauraki Gulf.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8613**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Walkways and cycleways.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Important that people living in the area have green spaces they can use for a range of outdoor activities.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Happy to see an Auckland Future Fund established but not at the expense of selling airport shares.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**#8613**

**Tell us here:**

I would like to see the port operations moved to another site - or shared between various sites such as Tauranga and Whangarei.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I'm interested in seeing Auckland become a much more attractive place.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

See above

#8613

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No I don't pay tax yet

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No, not really I think that it is all good

**#8659**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Less money into public transport is bad

**2a. Is there anything you would spend more on?**

Public transport

**2b. Is there anything you would spend less on?**

No all good

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Don't rush it its good I love it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Not sure

**4b. Which option do you prefer for the future of Port of Auckland?**

#8659

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It's the best option for the city

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Its good to keep it public

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

**#8660**

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

**2a. Is there anything you would spend more on?**

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere,

**#8660**

and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8660**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

50/50

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8660

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#8660

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses	Very Important

#8679

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More street transformation projects such as protected cycle lanes, bus priority lanes, converting 4-lane arterials into 2-lane arterials with bus priority and cycle protection. Continue raised ped crossings but use cheaper speed humps in advance of flat zebra crossings to save costs. Support traffic signals optimization to simplify phasing, reduce

**#8689**

cycle times and increase pedestrian crossing times. I support spend on low traffic neighbourhoods to use simple measures like bollards to close roads to through traffic in quiet neighbourhoods.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Close rural roads that are underutilised or convert minor roads to dirt tracks where use is low, support reduced spend on supporting expensive mega projects such as separated busways (as opposed to bus lanes and traffic signal pre-emption), road widening and property acquisition.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I DO NOT support:

stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

I support the other two initiatives.

**2a. Is there anything you would spend more on?**

I would spend more complete streets packages to make streets safer for pedestrians and cyclists and speed up bus travel times and improve reliability.

**2b. Is there anything you would spend less on?**

I would spend less on mega projects in their current form, or convert them into low-cost projects that achieve the same benefit, (ie, bus lanes and bus priority at signals, rather than fully separated busways, road widenings).

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**#8689**

**Tell us why:**

The stadium is not in a good location for access by many people, due to the car-centric area of Albany. I think it's important to have a sporting ground there, but not one that costs \$33 million over 10 years to run.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#8689

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Devonport-Takapuna

#8689

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	I don't know
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

#### Tell us why

### 7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

**#8689**

Not great, there are many other things that should be higher on the priority list.

**8. Do you have any other comments?**

Support and prioritise safe cycling facilities over parking on Hurstmere Rd and Kitchener Rd. The road is very wide as a former tram route, and there's ample space for cycle lanes on that road. Support and prioritise cycling facilities on East Coast Road and between Milford and Campbells Bay shops. Also, please prioritise a safe walking/cycling path around Lake Pupuke to connect Milford School, the hospital and Pumphouse. This is a no-brainer and would increase connectivity for people not in a car, and reduce traffic on local arterial roads.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Must save and re-organise management of Albany stadium to allow portions of it to be hired by smaller entities. Reduce hiring costs.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Streamline spending to pay actual work.

## 2. What do you think of the transport proposal?

Support all of the proposal

### Tell us why:

Stop raised pedestrian crossings except around schools.

Think hard about how we can have more dedicated cycle lanes without large expense.  
Make parking buildings easy for drivers and cyclists.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

Sporting and cultural events keep a community healthy. Don't waste what we have, just make the operation viable. The original trust management was successful, CCO failed.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

### Tell us why:

Establish an Auckland Future Fund but don't sell AIAL shares.

**#8706**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

What would be the terms of the lease? Could the lessee proceed to develop the waterfront in an enhancing manner as Wayne would like?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Improve the infrastructure to cope with housing intensification.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Emergency support (but not paying out for those either not Insured or those who under Insure their properties) when required and all associated operations. Keep the Libraries. Keep the Ports of Auckland operating here in Auckland Harbour. .

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8726**

Cancel all the Pedestrian Crossing work that is currently being done. Cancel any thoughts of selling or entering Long Term Lease options for the Posts of Auckland. Stop restricting motor vehicle use in and around the entire City.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

It is obvious that AT is operating as if they can use Rate payers funds without due care and responsibility. Change the Board and sack the current CEO. Make user pays for transport and road maintenance costs. Cancel raised Pedestrian Crossings and additional Pedestrian orientated Traffic Lights. eg. Forrest Hill Road, opposite Pupuke Golf course. Introduce Road User Charges for all.

Cancel all the projects that involve placing more Cycle lanes onto arterial roads. Cancel permitting Electric Scooters and Cyclists using Pedestrian paths.

### **2a. Is there anything you would spend more on?**

Re introduce Traffic policing and enforcement. Maintain Gold Card transport options for Auckland residents/ rate players.

### **2b. Is there anything you would spend less on?**

Large AT buses. Operating with little or no passengers at all hours. Road Traffic controls using Road cones and contractors who stand around doing nothing most of the time.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

**#8726**

It is another example of poorly considered use of rate payers funds. With the amalgamation of the NS Council with Auckland 10 years ago, the sports stadium has been under utilized. ,

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

AIAL is the gateway to NZ in the majority of visitor and immigration cases. Auckland Council must maintain a substantial financial investment now and well into the future. Auckland Future Fund would most likely see more wasted and poorly planned investments. Tie council "invested" in Auckland.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Auckland is the main importing Port for the whole of NZ. Any future plans to relocate the whole Port would need very careful long term investment, probably in conjunction with Central Government. It is not a simple matter. It would be very costly. A major issue should be the use of dedicated railway links to the "Inland Port" and around the country.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

#8726

**Tell us here:**

The POA should be a well run and profitable operation. Work in conjunction with the Trade Unions (NOTE&gt; I am not a supporter of them as such), the Shipping lines and Private Enterprise. Bring in expertise from elsewhere if necessary. DO NOT SELL OR LEASE OIUT THE PORTS of AUCKLAND. .

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The funds received from the P of A operations are pretty good. Improve the services they provide to their various clients and reap the benefits.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

It is clear that "minority" interest groups would expect to reap a reward from the transfer - if it came about. The P of A needs to be able to present a unified and efficient Port, not one that is piece meal.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Bledisloe is a vital part of the P of A system. It is in the right place. It works well.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This	Support
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------

#8726

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support

#8726

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Far too much by way of funds are paid to council back room staff. The most recent reports in the NZ Herald of today's date (25 March 2024) of the number of overpaid staff is unbelievable. Time the axe was taken to the people who push paper but do not actually take responsibility for their plans and intended actions. Get real. .

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#8726

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

Too much by way of "nice to have" items but not enough "needed" items. There is too much by way of pleasing "minority" groups and insufficient by way of providing basic services to the entire Local Board area and all residents in that area. .

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

My wife and I are of an age that we will probably be lucky if we are still breathing in 10 years time. We live within the funds we have available and continue to pay our fair share. One wonders if their are "minority" groups who want their own priorities to the exclusion of others across the Board area. . It is of major importance to ensure that services are maintained, for health, safety and welfare, especially libraries and the like, across the area.

**#8726**

#### **8. Do you have any other comments?**

It is clear that services to ratepayers are not being maintained. eg. removal of rubbish bins in tourist areas comes to mind. As well as the implementation by the Manga Authority approach to limiting public access (with the establishment of steps everywhere) to the elderly and handicapped at Mt Victoria / Takarunga in Devonport. It is a narrow minded attitude and simply not good enough.

# Long-term Plan 2024-2034

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

improve public transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8743**

spend money on roads

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

public transport, localised light rail

**2b. Is there anything you would spend less on?**

roads

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Council is not a fund manager. invest in the city, not the fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

move the port elsewhere as quickly as possible ie in 3-4 years.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More bike lanes and remove the Port of Auckland. Look abroad at what works in great cities like Amsterdam or Oslo

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8774

Less red tape. Overground train would have been cheaper than an underground. Less road works.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Would spend more of the next 10 years

**2a. Is there anything you would spend more on?**

Public transport and bike lanes

**2b. Is there anything you would spend less on?**

Red tape and Port of Auckland

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

100% turn into housing, cafes and a market. Sell the land.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It's a great idea but the Port needs to go. Can't we sell that land to fund the Future Fund?

**#8774**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Sell the land and move the Port. It's holding this amazing city back.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Reduce carbon emissions

Protect our parks from pests

Improve signage and internet information in our regional parks, particularly in relation to kauri dieback tracks

Support iwi-led projects

Improve stormwater systems

Restore wetlands to reduce flooding and improve biodiversity and water quality

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8798**

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#8798

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>	

#8798

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support any priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	I don't know
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know
Invest in the delivery of key events in our town centres to support local businesses	I don't know

#8809

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

No comments

**8. Do you have any other comments?**

No

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cricket plays a huge part in bringing together our community, keeping people active and providing them with emotional connection.

This would not be possible without the investment and operational delivery that Council and their contractors provide. Thank you for all that you do here.

**#8850**

We fully support the inclusion of an additional \$35 million for community and recreation facilities as signalled by the Mayor's Long-term Plan proposal. This will make a significant impact and will help create real change.

I would like to see the following outcome from the 2024-2034 Long-term Plan.

- Retaining current funding and increasing capital sport and recreation funding by \$35m over three years via the Sport and Recreation Facilities Fund
- Retaining and increasing the Sport and Recreation Operating Grant
- Reviewing the costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields, and ensuring quality services

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Investment in our transport is important, but there's not enough focus on getting more buses on the road more frequently.

**2a. Is there anything you would spend more on?**

More buses, more routes more frequently. Smaller buses so that it can open up more routes.

**2b. Is there anything you would spend less on?**

Crossings

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**#8850**

**Tell us why:**

It needs to have some focus, it's been allowed to struggle for far too long. It just needs something doing to it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We need to keep the Port where it is

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#8850

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#8850

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

8. Do you have any other comments?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of the food scrap collection or replace it with a green bin for garden and food waste like other cities.

**#8859**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increasing levels of public transport services that support greater access to public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#8859

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

I don't know

#8859

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#8874

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Howick Local Board Priorities

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	
Review and refresh the Howick Tourism Plan.	
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	

#8874

Develop a community-led climate action plan.	
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	Fairly Important
--------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------

#8874

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	Fairly Important
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	Fairly Important
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	Fairly Important
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	Not Important
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Development of more cycleways, particularly on the lower North Shore in particular a cyclepath that goes all around Lake Pupuke on the roads and a cyclepath that goes all the way from Constellation Station to the Harbour Bridge, and connects Central Takapuna to the Harbour Bridge.

**#8904**

Development of surface light rail starting in the central city and eventually connecting with the airport, the North West and North Shore.

More support for community based environmental organisations like the Pupuke Birdsong Project.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Funding support for large motorway and roading projects.

Expensive solutions to avoid reallocating road space to public transport - e.g. tunneled light rail or the expensive design for the Eastern Busway.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Cycling and pedestrian improvements should be our priority - these are comparatively inexpensive and have greater benefits on a cost to impact basis. More funding should go to cycling and pedestrian improvements. This should include a plan to convert a lane of the Harbour Bridge to pedestrian and cycling access.

Surface light rail should be included in the plan.

More should be done to improve the frequency of public transport routes - the NX1 and NX2 should be the model for other public transport routes.

More focus should be put on prioritising street space for public transport, walking and cycling - this means converting car parking spaces and general traffic lanes into public transport and walking / cycling lanes.

**2a. Is there anything you would spend more on?**

Walking, cycling, public transport frequency and reallocating general traffic lanes and parking spaces to walking, cycling and public transport.

**2b. Is there anything you would spend less on?**

Expanding the roading network in Auckland.

**#8904**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

North Harbour Stadium should be Auckland's Test Cricket venue.

Land can be freed up for additional housing and mixed use development in the stadium precinct.

The walking / cycling connection between the stadium and the Albany Bus station could be developed.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Ideally the fund would be used to fund major infrastructure projects, like surface light rail to the airport and a cycleway across the Harbour Bridge. As these are not mentioned in the Long-term plan I do not support the establishment of the Fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Progressively downsize the port operations and develop land for general public use.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#8904

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

An enhanced public connection between the central city and the sea will improve the city for everyone.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

An enhanced public connection between the central city and the sea will improve the city for everyone.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#8904

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#8904

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Discuss the possibility of a land tax with the government.

Increase enforcement of charges for illegal parking.

Look at options to sell some golf course land for commercial (housing etc) development.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important

#8904

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Cycling and walking initiatives should be supported, not just along Lake Road but also around Lake Pupuke in particularly linking to the bus stations at Akoranga and Smales Farm and connecting to the hospital and to schools e.g. along Shakespeare Road.

The Pupuke Birdsong Project is important to support.

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#8968

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Other

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Let's accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and lets observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don't want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several times a year, then I propose it would be better to sell that asset and reallocate that

**#9023**

significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

This feedback options list is biased. I want to do LESS with roading and MORE for public transport and active travel options including more cycleways to create a genuine network including an options for cycling and walking over the harbour bridge.

**#9250**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less focus on construction of new roads.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I agree with investment in the City Rail Link and the train network. I support congestion charging. Charging for park and ride will need to be balanced to ensure it does not reduce the attractiveness of using the busway.

Adding roads will not provide a long term solution to traffic congestion. We need to focus on reducing cars on our roads and reducing carbon emissions.

**2a. Is there anything you would spend more on?**

Cycleways - we need a linked network to maximise use of the current infrastructure. Cycleways need to be linked to create a genuine networks which links communities and provides end to end journey options. The harbour crossing is a key initiative and while a Northcote/City bike ferry is helpful, it is not a long term or resilient option. A bike shuttle may be cheaper? We need a harbour bridge crossing as a long term solution and we should be working towards that as quickly as possible.

**2b. Is there anything you would spend less on?**

Less new roads. Stop road corridor projects such as Glenvar Road (Torbay), Hill Street (Warkworth) and the Lake Road/Esmonde Road improvement projects. They won't provide long term relief and will cost billions over the next decade.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**#9250**

Why is this proposal presented in isolation? The other stadiums struggle as well and we still have people suggesting yet another "waterfront stadium". I suggest you sell Eden Park which is a financial liability that ratepayers have propped up for years. It is in an urban location and could be used for intensive housing development that could generate revenue into the future.

I support redevelopment of the North Harbour Stadium with a focus on community based objectives under a different management structure.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Stop asset stripping. The next generation have been burdened with huge problems. The shares in AIAL will generate returns over the long term. As any investment fund manager will advise, these investments must be viewed as long term. Why sell shares to create an investment fund? You already have that within the ownership of bluechip shares.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't support a lease option. Generally in the past where government has entered this sort of arrangement, the leaseholder degrades the asset over the term of the lease and hands back a stripped asset. We should focus on better management and greater profitability. The debacle with the new cranes and the associated cost along with the appalling health and safety record on the wharf indicate that the management is not up to scratch.

**#9250**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The proposed "Auckland Fund" is political theatre - smoke and mirrors. We already have revenue streams and investments that generate returns. The Mayor is suggesting an investment fund that will generate returns over the long term. We already have that in both the AILA and the port. The Mayor cannot guarantee better returns than current in a managed fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

In the long term, the port needs to be shifted. Creating better public access to the water, and views of the harbour (if good urban design criteria are applied) will help reinvigorate the edge of our city in this area.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Until such time as a congenit plan for relocation of the port of Auckland is developed, we need to provide a management team the best possibility of returning dividends to

#9250

the ratepayers via and efficient operation of the port. Current performance is poor and does not compare well with other ports in New Zealand or overseas. The target of 10% return on assets must be the focus and management must be held accountable.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Other
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support

#9250

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is unfortunate that you have buried this section at the end of the feedback process and conflating a number of issues.

You are suggesting that in order to achieve cost savings of \$125 million Council would also need to make a number of reductions;

The question of "Maintaining the currently reduced number of public transport services (as of December 2022) for 2023/2024 to save \$21 million" is more nuanced than that bald statement. In general I disagree with a blanket reduction in services when we need to increase numbers using public transport. If there are routes that are not patronised, it does not necessarily mean that the service is not wanted. Public transport requires regular and reliable services to ensure users have full trust and commit to using. When combined with increased costs to continue using private transport, use of public transport is incentivised. To reduce public transport services across the board is short term thinking.

Reduction of funding to Tātaki Auckland Unlimited seems counter intuitive. Projections to save \$27.5 million while impacting on service delivery (including economic development and tourism promotion) when tourism is an important driver for the economic health of the city seems dumb. Pricing at venues Council manages should be regularly reviewed but in many instances the venue operator meets market resistance that can result in decreased revenue, and decreased utilisation of the assets.

#9250

I am strongly opposed to reducing regional services "such as community and education programmes, arts and culture programmes, regional events, economic development, and other social services activities such as homelessness funding, community empowerment and funding for youth centres to save \$20 million". We live in a city and as a community we need to contribute to the social fabric and wellbeing of our citizens. These proposed cuts will cause damage that will cost the community in other ways.

I strongly oppose any reduction in the area of "directly providing early childhood education services to save \$1 million". Council's office lease could be renegotiated to find this amount. ECE is an investment in our future.

## Local board priorities

### 7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	Very Important

#9250

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Generally agree.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, Public Transport, cycleways and better pedestrian access. Also mitigating climate change effects.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#9267**

Less focus on the roading structure at the expense of public transport. Effective, and possibly cheaper, public transport infrastructure will provide a solution to some of the roading demands.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Removal of raised crossings is a retrograde step. Anything that makes roads safer for pedestrians, particularly children, must be continued.

Cycleways make using cycles safer and thus take cars off roads. As an example, the cycleway down Lake Road on the North Shore is not safe. I have used it, carefully, but I would not allow a child to use it as a means of getting to school, of which there are many on that stretch of road. Making that cycleway safer will make many parents feel happier about allowing their children to cycle to school rather than be forced to deliver them in a car. This situation is replicated throughout Auckland. Cycleways are a common-sense way of reducing traffic on congested roads, so long as they are safe.

### **2a. Is there anything you would spend more on?**

Yes, Public Transport. If fares on a fully integrated and viable network of public transport were to be subsidised, or even free, I posit that the cost would be less than the cost of more roads that are the result of many people being unable or unwilling to use public transport. The more attractive public transport is made, the more people will use it, leading to less need for excessive roading development. This in turn will reduce traffic using the roads, meaning that those who have to use roads will have an improved experience.

### **2b. Is there anything you would spend less on?**

Yes. Less should be spent on roading projects that suit only cars.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**#9267**

**Tell us why:**

The stadium is an important facility for the region north of the Waitemata Harbour and must be retained. It is currently used for a number of events other than sport and that should be expanded. It is a great venue for events with excellent parking and access to public transport. DO NOT SELL THE STADIUM.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This proposal looks and smells like a smoke and mirror way of selling the remaining AIAL shares, which everyone knows is an objective (bee in the bonnet?) of Major Brown. Whilst the concept of a Future Fund is laudable, I do not support the proposal in the form being put forward.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The proposal focusses on shortsighted immediate gains at the expense of long term benefit. Leasing the port to what will almost certainly be an overseas operator who will take their profits overseas is not a fiscally strategy.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**#9267**

**Tell us here:**

The dividends received are an important offset to rates rises.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

As a strategic asset I believe it would be a mistake to pass the responsibility for running the port to a commercial operator, particularly if that operator were to be from overseas.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This would be a good option for increasing and improving waterfront amenities along Auckland's waterfront. I support this proposal.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I would support transfer of Bledisloe Terminal to public use if there was a strategic plan to move the Port of Auckland away from the city. Until then it is important for the viability of the port and to minimise congestion on Auckland's roads, that the terminal be retained by the port authority.

**6a. What do you think of these proposals?**

#9267

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#9267

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No comment.

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#9267

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

The issues raised above are those that make our district an outstanding place to live.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I think the proposed priorities are good. Of particular importance are:

Supporting environmental groups to undertake community led conservation of our parks and waterways;

The investigation of options to sell underperforming or under-utilised assets, using the proceeds to fund investment in well-used assets including valued heritage buildings; and

Funding for the upgrade of Lake Road, the Francis Esmonde Link and a new Bayswater Ferry Terminal.

**#9267**

**8. Do you have any other comments?**

I support the fairer funding proposal.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protecting the environment

Really improving public transport and other non-vehicle transport options

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Building more roads

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

The priorities must be improved public transport and reduction in transport-driven emissions

1

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The area needs to be useful to the community

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't have sufficient information to judge whether the return on the Airport investment would be better than the return from an Auckland Future Fund, and whether it wouldn't

**#9277**

be better to increase Council debt to fund major projects. I am also concerned by the statement "enhance cash returns to council to help pay for council services" which sounds like increasing staff numbers and overheads.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The land needs to be under the control of Council and the Auckland people, regardless of what future uses it may be put to

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I am not convinced by the idea of the Auckland Future Fund - see above

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

I think that Captain Cook and Marden Wharves should be transferred to Auckland Council in the longer term, when there is sufficient demand and money to develop them for public use.

#9277

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Too expensive at this stage to do otherwise

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

What about asking for feedback on the need for a new library?

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

We do not need a new library and community hub. The position and quality of the existing library is excellent, and a new build will be extremely expensive and disruptive. If more facilities are needed, other options should be investigated.

**#9277**

**8. Do you have any other comments?**

Priorities for spending should be on providing essential services, maintaining and developing our natural environment resources and making public transport a usable and affordable option for all, in order to reduce our climate emissions.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

public health care waiting times, hire more medical staff

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting time fixing roads that don’t need fixing.

**#9356**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

Continue with previously planned initiatives.

**2a. Is there anything you would spend more on?**

Make transport better

**2b. Is there anything you would spend less on?**

anything irrelevant.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I don't know

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

I have no idea

**4b. Which option do you prefer for the future of Port of Auckland?**

**#9356**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keep going

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Fund the council

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I don't know what this is

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#9356

I don't know what it is

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Other</p>
<p>Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#9356

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Manurewa,Papakura

## Manurewa Local Board Priorities

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	I don't know
--------------------------------------------------------------------------------------------------	--------------

#9356

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	I don't know
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	I don't know
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	I don't know
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	I don't know
Identify options for recreational activities to support people of all ages and abilities being casually active.	I don't know
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	I don't know
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	ldk

8. Do you have any other comments?

No

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#9402**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Reduce the number of Council's employees, especially the management positions.  
Improve and increase the productivity and efficiency of Council's deliveries.

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#9402

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

· Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Hibiscus and Bays

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

#9402

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Henderson-Massey Local Board Priorities**

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#9402

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our	
----------------------------------------------------------------------------------	--

#9402

community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.

**Tell us why**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spend more time designing communities rather than just building them.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less time fighting and more time delivering.

**#9421**

## 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Other

**Tell us why:**

Let's accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and lets observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don't want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several times a year, then I propose it would be better to sell that asset and reallocate that significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#9421

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better schools with focus on learning

Better health service

More INTERNATIONAL cultural focus, representing ALL backgrounds of people living in NZ.

**#9428**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Your infrastructure is terrible. Millions of productive hours are wasted by employees trying to get from A to B.

And please sort out the second crossing of the harbour

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Just RELOCATE THE PORT so that container ships don't come downtown.

It is an eyesore and it occupies prime real estate that the council could sell and make the best most modern commercial port elsewhere

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#9428

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#9428

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better transport and facilities

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

council support

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

My current transport facilities can be improved.

**2a. Is there anything you would spend more on?**

Faster, more reliable and easier transportation

**2b. Is there anything you would spend less on?**

cycleways

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

The stadium is at a good state

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#9464**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#9464

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#9464

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Howick

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	

#9464

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	Very Important
Review and refresh the Howick Tourism Plan.	Fairly Important

#9464

Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Very Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	Very Important
Develop a community-led climate action plan.	Very Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Rainbow End substitutes

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Decrease inflation of general products and gas, groceries.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Public transport is quite slow and inefficient.

**2a. Is there anything you would spend more on?**

Nothing...

**2b. Is there anything you would spend less on?**

Most of everything.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

It is not available for all people, many may have trouble finding entrances, etc.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

yes

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

no

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

no

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

yes

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#9482

Tell us why:

yes

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. no

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Aotea/Great Barrier,Manurewa

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Very Important
-----------------------------------------------------------------------------------------------------------------------------	----------------

#9482

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Not Important

**Tell us why**

no

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

no

**Aotea/Great Barrier Local Board Priorities**

**7b. What do you think of our proposed priorities for Aotea/Great Barrier in 2024/2025?**

I support most priorities

#9482

**More specifically, what do you think of each priority we've listed above?**

Continue the regular programme of funding for community groups to deliver services and environmental groups to deliver ecology works.	Very Important
Continue our regular maintenance of parks and assets.	Fairly Important
Investigate improvements for playground areas island-wide.	Not Important
Support implementation of aspects of the new Destination Management Plan.	Not Important

**Tell us why**

yes

**7c. What do you think of the Aotea/Great Barrier proposed priorities for the 10-year budget 2024-2034?**

no

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	

#9482

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	
Improve employment and economic opportunities through our local economic broker programme.	
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	Fairly Important
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	Not Important

#9482

Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	Fairly Important
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	Fairly Important
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	Very Important
Identify options for recreational activities to support people of all ages and abilities being casually active.	Very Important
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	Fairly Important
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	no

**Tell us why**

no

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

no

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More efficeint transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

communal housing

**#9535**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

because it affects students who cannot drive

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

no

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

I dont see any issues with it as of now

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Keep the airport as it is

**#9535**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Because auckland may lose the rights to any changes of the airport if it gets sold

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

stay as it is

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

no

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The port is useful for sales

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#9535

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no

**#9555**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

because i think it's a good proposal

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

no

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#9555**

I don't know

**Tell us here:**

.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

.

#9555

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Other</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#9555

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#9602**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I think it is short sighted of the council to stop things like cycleways as having more bikes on the road will reduce traffic, but cyclists need to safe.

Also increase public transport by increasing routes, number of buses, bring light rail back and to the shore.

**2a. Is there anything you would spend more on?**

cycle ways and public transport

**2b. Is there anything you would spend less on?**

the amount of cones on the road during traffic works.. They are out of control!

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#9602

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

#9602

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna, Hibiscus and Bays

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important

#9602

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

**Tell us why**

#9602

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I support most priorities

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important

**#9602**

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year

**Tell us why**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9605**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

So we have a stadium that has taken \$130m of ratepayer money that no-one on the North Shore uses, nor do event promoters or sports administrators want to use it. This is a incredibly poor return on ratepayer investment. However Councillor John Watson advocates keeping this unused monument and incurring more significant ratepayer cost for no return. I do not support this.

Option 2 Feedback - The LTP and Deputy Chair of Eke Panuku Jennah Wootton notes Option two will deliver a 10,000 person stadium that will be “fit for purpose”, an often rolled out cliché by politicians and bureaucrats when there is no underlying detail, business case, nor financial plan, all of which are noticeably absent in the LTP. How can we support this with no detail.

So we are being presented with replacing a 17,000 capacity stadium with a rectangular field no one uses with a 10,000 capacity stadium with a rectangular field “they will all come to”.....except history shows they don’t, and despite what the politicians and bureaucrats tell us, we all know they won’t because for NZ Rugby or Taylor Swift or anyone else there is Mt Smart, Spark Arena, Eden Park, Western Springs and the Domain which recently hosted Symphony in the Park.

Finally there are no cost estimates for Option two but you can be sure that to build an 8,000 – 10,000 person stadium will cost ratepayers vastly more than \$33m given the \$100m+ put into Albany since 1997 which also was “fit for purpose”, and you can be sure when nobody comes, it will be the Auckland ratepayers funding the ongoing

**#9605**

operating losses, and the inevitable significant additional capital expenditure required. I do not support this.

I propose the following:

#### PREFERRED OPTION

Let's accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and let's observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don't want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several times a year, then I propose it would be better to sell that asset and reallocate that significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#9625**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

North Harbour stadium is in the wrong location and is a white elephant. People do not attend it and it is simply too far from the city centre (or even the centre of the Shore). Stop wasting money on it.

We would be better to realise the asset and reallocate the capital into a downtown stadium - rectangular for rugby/league/football and an oval for cricket. Eden Park should also be sold as it is in the wrong location and is the wrong shape.

This is what a world class city with vision would aspire to.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#9726

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Buses

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

motorways

**#9773**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Do not agree with stopping cycleways and pedestrian crossing

**2a. Is there anything you would spend more on?**

Efficient bus ways and rapid transit

**2b. Is there anything you would spend less on?**

Large roading networks

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Not used frequently enough- no longer need big rugby stadiums

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#9773**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#9773

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9806**

Support most of the proposal

**Tell us why:**

Transport difficulties are becoming the central feature of life in Auckland.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Port operations should be shifted to Whangarei.

#9806

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Most straightforward use of earnings of the Port while it is in Council hands.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Most straightforward.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

I am unsure of the consequences to port operations of changing the placement of the Terminal.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9821**

Do not support most of the proposal

**Tell us why:**

I don't like the proposal to stop previously planned initiatives that help build raised pedestrian crossings and cycleways.

**2a. Is there anything you would spend more on?**

I would like for raised pedestrian crossings, continuous sidewalks, and cycleways to receive more investment. They help improve the experience of people who are not in cars. Also greater investment in public transport, to make it a more desirable option for getting around.

**2b. Is there anything you would spend less on?**

New road infrastructure, that incentivises people to drive more, instead of walking or using public transport.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#9916**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**#9916**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

· Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

#### Tell us why

**#9916**

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like higher rates but not more debt. I want more done in the flood protection area

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, fewer raised pedestrian crossings!

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Worried about future traffic gridlock

**2a. Is there anything you would spend more on?**

Busways

**2b. Is there anything you would spend less on?**

Raised pedestrian crossings

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

We have lived here since 1989 and barely used the stadium, though our granddaughter is taken to the stadium pool often. Perhaps redevelopment could be considered. It was a big asset when it was built so it would be a shame to demolish it though.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**#9944**

I agreed with selling some of the shares last year but uncertain about this fund, don't know what is best.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Think the port should maybe be moving eventually, to Northport? So not sure it should stay there 35 years?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Unsure if the port is a good asset or not

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

This is too difficult, don't understand enough about the port. I think much of it is an eyesore.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#9944

**Tell us why:**

As above, don't understand enough

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#9944

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
--------------------------------------------------------------------------------------------------	------------------

#9944

Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

Not wanting to spend money on art. Playgrounds/parks more important.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Reasonable

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protecting Auckland's environment, especially our Maunga.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please stop letting in so many tourists.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Please can you make the busses align with the ferry and train times.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Proceed with it, just not the transferring AIAL shares part.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#9947

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Preserve our natural environment and support our people to enjoy and preserve our natural and cultural environment.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Gold plate things and spend less time managing things. Empower more to be done for less.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Public transport.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Commercially incentivised operator should run it better.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

Probably To be transferred to Council at some stage but there is syill plwnnty to be got from the Wynyard Quarter.

**6a. What do you think of these proposals?**

#9974

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycleways - calling them gold-plated is negative emotional language when cycle ways deliver infrastructure that is cheaper to install and maintain than roads, they are good for health and well-being, and lead to safer streets and make cities more liveable

**#10008**

Pumptracks are often created by locals for little cost, learn to ride tracks, bike skills courses, trails, and other recreational cycling facilities where people can safely grow their confidence on a bike

Safe walking and cycling connections, as well as improving access for disabled people. in city redevelopments.

Improvements aligned with the Central Rail Link like the Karanga-a-hape station improvements project, which includes a protected cycleway along part of Pitt street, a pedestrian mall in Mercury Lane, and could include improvements for Canada Street

The Making Space for Water programme's inclusion of "blue-green corridors". These are walking and cycling paths through greenspaces and alongside streams, adding to our walking, cycling network while also creating a natural drainage area.

Auckland Climate Grants and the Live Lightly Programme which can fund community-led programmes to empower people to ride bikes for transport

More investment for local boards: enabling them to better deliver on local climate action plans and local transport priorities

Liberate the lane and provide a way across the bridge for cyclists and walkers.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Bike ferries - if we have a dedicated lane on the bridge we can make our own way across to the city.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Finish what is started, reduce roading infrastructure so we use public transport and cycling to move around our city and it becomes more liveable.

**2a. Is there anything you would spend more on?**

harbour bridge dedicated cycle lane

**#10008**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

I have used this facility once in the 10 years I have lived in Auckland - how does it mitigate flooding and reduce emissions to zero?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

It is a good idea and does future proof funding, but the port and airport are monopolies so we lose a lot of say in how they are run and costs could escalate. Some airport share could go into this idea but not all so we retain our control of the asset. How do we make more money from the port by leasing it out? when the company leasing it wants to make a profit. Recent Health & Safety issues and management changes at the port have had an impact on its running - if these have been addressed then efficiencies could be the next target.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#10008

Leasing the port out for 35 years means that a monopoly is in the hands of a commercial interest and this could result in increased port charges passed onto the public through costs and to cover the risk that the commercial company is taking on. Would recent health & safety issues improve or go backwards in this scenario? Recent Health & Safety issues and management changes at the port have had an impact on its running - if these have been addressed then efficiencies could be the next target.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

50/50 fund services and invest in future fund, I can see the need for a future fund to cope with climate change and big events but we are paying for the port operation out of current funds so should benefit from those costs in the present time

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I want to see port land retained, no further reclamation or building wharves out into the harbour, more action over calaurpa infestations.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Cruise ships use them at present - where would they go? - if we stop having cruise ships then return them to Auckland council.

**5b. What option do you prefer for Bledisloe Terminal?**

#10008

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

awesome proposals for a stadium there have been suggested replace North harbour by something here instead.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support

#10008

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#10008

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Specifically target improving cycling infrastructure and support a lane of the harbour bridge for cycling/walking. I approve of an increased focus on the environment and communities.,

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do less
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1. Fix lake road
2. Stop allowing further densification in devonport
3. Sort Fullers Ferry service

**#10012**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less contribution to events and nice to haves.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

It should be sold. We don't need it, can use Eden park.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell the shares. Council needs to simplify its business, like the private sector and get back to core.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#10012**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Reduce debt

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Lake road must be a priority.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Need more ferry space

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#10012

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#10012

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide	Not Important

#10012

decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

1. Focus needs to be on fixing Allen hill stadium in devonport for soccer. It's used by many more people in the communities compared with other priorities

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

1. Fixing Allen hill stadium for soccer. Significant community hub.
2. Fixing lake road
3. Adding 2 extra tennis courts to Ngatarangia Tennis courts

**8. Do you have any other comments?**

The devonport athletics for kids in Feb/March on a Tuesday is a great event

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Focus on infrastructure. A more mature approach to finance

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more speed bumps. No more making things pretty. No more selfish decisions around grabbing funds in case we don't get them agin.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Public transport but NEVER light rail. No chip seal

### 2a. Is there anything you would spend more on?

Quality of seal -

### 2b. Is there anything you would spend less on?

Speed bumps and raised things

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

It's there - just needs more use and more commercial use

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

### Tell us why:

**#10029**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

I need to know the return currentky ves rwtturn if leased. Poor detail also need to know who to

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

I don't actually belive anyone in the council is responsible enough to spend anything

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

The cost. It's establishing something that doesn't give the city a return and will start costing. Think about it!! Honestly

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#10029

As above

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#10042**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

· Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

#10042

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	“Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.”

**Tell us why**

“It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.”

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keep on at central govt to invest in Auckland. We need a world class rapid transit system. Don't care the mode, bus and train are fine but govt needs to front up for rail.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10046**

I value everything council does. We are lucky to get so much value from our rates. If I had to see something go, it would be to outsource leisure/community facilities and do more by community leasing and facilities partnerships so that these can provide more/better outreach and give communities reasons to come together. Similar to old north shore way,

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I appreciate a good, well placed raised pedestrian crossing. Like to know that we can also do them quick and dirty on the cheap if we cannot deliver to the ideal standard. Key for me is that we are making our neighbourhoods safer.

## **2a. Is there anything you would spend more on?**

Really like the idea of a max HOP card spend. I would travel by Northern Express more if it brought my per trip cost down. Would probably stop working from home in the process.

## **2b. Is there anything you would spend less on?**

Would like to see better management of project risk at a portfolio level. With cost contingency and benefit management.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

Not a big sports fan sorry. Stadium was fine when I went to a football match couple years ago. Seems a waste of land to me. Can't we gain from uplift with a new housing plan.

**#10046**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Novel and navigates the privatisation argument argument that you're selling family jewels. To keep it safe for that rainy day, would suggest council set long-term management and be arm's length from short-term investment decisions?

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Innovation thinking with prudent management. Don't blow it all on consultants.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Be easier for port to have certainty for investment decision

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#10046

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Sounds like a new port operator considers it low value for port operations

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Agree that port footprint too large. Hurry up with the fourth main.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to</p>	<p>Support</p>

#10046

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Other
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Kaipātiki

#10046

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

### Tell us why

Ethnic plan sounds like a good idea. Can recommend <https://becnz.co.nz/>

#10046

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

## Howick Local Board Priorities

7b. What do you think of our proposed priorities for Howick in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Review and refresh the Howick Heritage Plan.	
Review and refresh the Howick Tourism Plan.	
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

#10046

Tell us why

7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?

I support all priorities

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	Very Important
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	Very Important
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	Very Important
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to	Very Important

#10046

address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	Very Important
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	Have worked with the local board before in Monarch Park and found them great. Assume you know what you're doing. Keep up the good work.

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Safer cycling infrastructure

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Elitest sporting events like Sail GP

**#10052**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

It fails to address safety as paramount. Safe speeds and raised crossings are fundamental to road safety.

Public transport does not receive anywhere near what it needs to be at.

Walking and cycling is a must to have, not a nice to have.

**2a. Is there anything you would spend more on?**

Public transport infrastructure and services.

**2b. Is there anything you would spend less on?**

Greenfields roading.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#10052**

I support proceeding with the Future Fund on the condition robust controls are put in place to avoid any future politicians plundering the fund. Those controls need to be legislated.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#10052

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensure green spaces are protected and public sports facilities particularly basketball facilities are improved. Continue cycleways

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10087**

Every department needs to come up with tangible cost savings and efficiencies.

Stop safety improvement and limit cone management, Is it cheaper to have someone just stand there instead of an army of drivers and cone places.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

### **2a. Is there anything you would spend more on?**

Improve service regularity on Northshore expressway routes. 802 is unreliable at the moment and buses are always packed.

### **2b. Is there anything you would spend less on?**

How is it making it easier to pay an efficiency. The solution should be one used by Auckland, Wellington and Christchurch to speed the costs.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

With the long term population growth, North shore needs a stadium. They used to hold All BKLacks games and Blues games there. Why is not hosting them now. It is the right size for most matches.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**#10087**

**Tell us why:**

Auckland needs to have a viable long term plan to meet its objectives and look to achieve increases at below information. How often have they done that over the last 10 years. They need t get a track record of delivering, and then we invest.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

If they can guarantee a 35 year supply agreement to ensure ships come here. that is fine.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

So long as sufficient funds are being spent on maintenance etc.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The document provides no report back on how the councils has performed to date on the 10 year plan and also some include prior period data to compare the request. There is no presentation of spending by area?

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#10087

**Tell us why:**

Depends how it will be used. Option chosen Should be whatever is the most efficient use and cost effective

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **#10114**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#10114

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#10114

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

#10114

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#10114

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do less
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintain current facilities better than you do now e.g. North Harbour Stadium, Kennedy Park Steps, the coastal walkway just to name a few really obvious things.

Remove the red tape around holding events in Auckland, especially at Eden Park.

**#10132**

Hold more events at North Harbour stadium to make it pay its way and to provide appropriate events to the more than 400,000 people who live on the North shore.

Recognize the percentage of council funds that come from rates from people living on the North Shore and provide the services more appropriate to that especially in terms of transport and other basic infrastructure..

Stick to the basics. Public transport, collect the rubbish, maintain the parks and beaches.

Trim the fat out of your bureaucracy - focus on frontline delivery of services rather than policy advisors and comms staff. Just do the basics well

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Get rid of the things that don't deliver or add any value for Aucklanders. Stick to the basics. Public transport, collect the rubbish, maintain the parks and beaches.

Trim the fat out of your bureaucracy - focus on frontline delivery of services rather than policy advisors and comms staff. Just do the basics well

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Starting and finishing rapid transport options such as the Eastern busway and the Northwestern busway, plus the East-West link will make a big difference.

**2a. Is there anything you would spend more on?**

Extend heavy rail from Puhinui or Onehunga to the airport.

Extend electrified rail from Swanson to Helensville.

Either that or build a double lane highway to Helensville if you are going to continue building all the new housing developments out West.

Keep our existing facilities up to scratch.

#10132

## 2b. Is there anything you would spend less on?

Pedestrian crossings with speed humps

Reduced speed areas and signage

Road resurfacing or footpath renewal that doesn't require it. - there has been plenty of that around our area in the last five years.

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

North Harbour Stadium is one of the jewels in the crown of the North Shore. It came in to existence due to fundraising and other activities by dedicated group of supporters.

It is unthinkable that this stadium won't be maintained or enhanced for the future. The catchment for the stadium is around 700,000 people so it should be able to attract medium to large events that are going to be profitable for the local community and Auckland Council,

If it is under utilized, that is simply the fault of the council and the various council controlled organizations that are supposed to attract and organize events across the city - if they could get their act together, this facility would be used much more than it is now.

North Harbour Stadium has good access and parking and provides great viewing opportunities from the stands and in the lounges.

I have been to multiple different events at the stadium that have worked from the rugby and football games through to work conferences, university open days, and even donating blood.

North Harbour Stadium is an important community facility that needs support and investment from council to maximize its' potential, especially for a community that is rapidly growing in size. Any proposal to downsize or do away with it, That would be a major retrograde step.

Fundamentally, downsizing or removing North Harbour Stadium makes no sense - why would you remove infrastructure in a city that has an infrastructure deficit?

It would be a slap in the face for those of us who pay rates on the North Shore.

#10132

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Stop getting rid of income generating assets

The bureaucracy in this proposal is bound to eat up any potential financial gains.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I recommend the leasing option ONLY if it will provide a better return to council and ratepayers - in cash dividends each year, and it improves the effectiveness and efficiency of the port operations and it protects the environment and it futureproofs the main port operations moving out of Auckland to Northport or elsewhere.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The future fund will require more administration - presumably at a cost.

Keep it simple

#10132

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

This is the third or fourth question that assumes the Future Fund is a fait accompli

Maybe there is a simpler way within current council structures and resources to achieve the desired outcomes without additional cost?

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I went with the proceed option BUT it depends on what the council do with the land - the new waterfront stadium and associated accommodation/ retail complex would make it worth it - otherwise leave it as it is.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important

#10132

Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Some of these so called priorities are too wooly, they don't man anything.

Please focus on getting specific things done - namely reinstating the stairs at Kennedy Park to the beach, and reopening the coastal walkway from Milford beach to Takapuna Beach i.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Stick to the basics. Keep playgrounds toilets, walkways, access and other amenities well maintained. Focus on maintaining what we already have before coming up with new ideas.

Keep basic local infrastructure like that described above as a priority over funding arts, festivals, pet projects, activist groups and other fringe organisations.. Think hard about who funds you through our rates.

**8. Do you have any other comments?**

Focus on cutting costs, and eliminating departments, staff and other expenditure that adds no value - focus on the basic services that should be provided by Auckland Council. Water, rubbish collection, parks, reserves, beaches, roads, public transport and footpaths. Forget the rest - most of us don't care and don't want our rates money wasted on it,.

Forget about the "Nice to Haves" If for a moment you think that funding something that might be considered as not adding value to basic council services or you are doing it for some social construct - then don't do it.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better town planning, less concrete and less infill of poor design.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Bad planning and use of consultants

**#10150**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

It works on the premise that people need to go in to the city when most people need to go around the city. Better town planning would allow people to work and play in there own area .

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Consultants and projects that get put on hold every 3 years

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Lack of parking and transport links to get there

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

Not sure if managed funds work in today's financial markets.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#10150**

I don't know

**Tell us here:**

Auckland ferries are delayed by cruise ships ..... and the transport to and from Port of Auckland is a problem

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

To keep rates down

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

#10150

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Listen to locals about local issues . Locals pay rates not tourists.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Need to feel that the board is out walking the streets and looking at the basics. Make sure we are getting value for money by getting things done right first time.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get a sensible solution for a pedestrian/ cycle crossing from the Shore to the City.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10166**

Less pedestrian friendly redevelopments that slow regular traffic down.

Re valuate council service providers to ensure best price for services undertaken.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Congestion charges at specific times of day (peak hour) is a good idea.

Allows for better public transport accessibility and flow.

## **2a. Is there anything you would spend more on?**

Electric vehicle RUCs

## **2b. Is there anything you would spend less on?**

Reduced speed zones. Speed bumps. Pedestrian priority initiatives.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Enable the venue to be more appealing to other events other than rugby.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10166**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keep the long term revenue stream that will be available now and into the future rather than just a short term cash injection. Will maintain control over an essential service asset for the good of Auckland/ NZ.

Happy to consider selling part of the wharf that is not used for operations.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Help to keep the rates increases at the lower end of percentage increase by taking a closer look at other expenses elsewhere. Profits from the Port will be on an exponential increase over the coming years.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#10166

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Compromise to keep the operational port as a status quo.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#10178**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#10178

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#10178

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#10178

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important

#10178

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

Not Important

**Tell us why**

Save the money from all that BS and just get the poo if the beaches please

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Clean beaches

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protect our natural environment, our threatened species and biodiversity to maximise our climate resilience.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10179**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cycleway development should continue

**2a. Is there anything you would spend more on?**

Cycleway development and safe pedestrian access is critical in a growing city to avoid gridlock and make Auckland an enjoyable place to live.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#10179

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important

**#10179**

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

It would be great to see the Greville Reserve bike hub completed, that would be a wonderful resource for the community. Love that the environment, library and storm event resilience are being considered.

**8. Do you have any other comments?**

Maintaining strong environmental services for Auckland via our Natural Environment Targeted Rate is very important and should be highlighted and supported ongoing.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Lake Rd traffic

Introduce congestion zones for transport funding rather than rate rises.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10189**

Cycle lanes, speed bumps, stop removing parking,

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Mostly pragmatic. Do believe that long term busses are not the answer for mass transit. Most modern cities have rail as their main mass transit mode. We will be kicking ourselves if rail is not started until 2034. Don't waste money removing existing existing traffic speed management.

**2a. Is there anything you would spend more on?**

Mass transit Rail and harbour crossings.

Low emissions zones in addition to congestion charging

**2b. Is there anything you would spend less on?**

Cycle ferry.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Because Noone goes to the stadium and no events are held there. Transport to the stadium is poor. Needs a WAY better return and way better experience.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#10189**

**Tell us why:**

Just makes sense! Council needs a professionally managed long term funding vehicle in addition to rates gauging its residents.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Of the 2 options, it is the best. Would like to know what Selling the port outright would look like.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

I do not want this option.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#10189

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Space and cycle/walk ways that ENCOURAGE people to get outdoors. Away from roads etc.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10209**

LESS SUBDIVISIONS AND LAND SALES

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

i SUPPORT cycleways and better public transport infrastructure and making it cheaper and accessible.

**2a. Is there anything you would spend more on?**

more greenspaces and alternative transport alternatives

**2b. Is there anything you would spend less on?**

raised pedestrian crossings. Further investment in roads vs alternative transport

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#10215

Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	I don't know

#10215

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#10215

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The argument that transferring the value of AIAL funds to a managed Auckland Future Fund spread over a wider range of investments makes sense.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**#10255**

Even though the proposal to lease the port retains underlying ownership, there is only a one off initial payment, after which Aucklanders essentially lose control of this land apart from regulatory constraints by the new port operator. 35 years is a long time period to be able to assess what the initial payment should be, which may end up being well undervalued.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I support a proposed Auckland Future Fund, but until an emergency happens it seems sensible to use funds available to help Auckland recover from the 2023 floods. It may also allow the population to recover from the present cost of living crises and be able to absorb future rates rises better, to start building up the Auckland Future Fund funded partly through rates rises.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

If possible under a reduced Auckland Future Fund (if the one off lease payment for the port does not go ahead), some level of self insurance should be encouraged.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Captain Cook and Marsden wharves should be enough for now for leisure use - lets see how the city is in future decades before deciding on Bledisloe terminal.

**5b. What option do you prefer for Bledisloe Terminal?**

#10255

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support

#10255

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More bus lanes, better phasing of lights, better building consent process this seems to be a cash cow for the council does that department need to be better funded so it is more efficient?

**#10269**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less wasteful spending across the board, often wonder who makes these decisions!  
Example resealing roads when there was nothing wrong with the tarmac but in other areas there are holes, painting lines on walkways for no practical reason other than to spend money

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Seems sensible

**2a. Is there anything you would spend more on?**

Traffic light phasing / computer system

**2b. Is there anything you would spend less on?**

Wasteful resealing of roads that don't need it, raised traffic crossings where alternatives would be better

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I am not sure what the best course of action is here, but given what our current and past council has done to our finances it is possibly better to sell this

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10269**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

CCO have not worked well in the past and it would be just another organisation clicking the ticket

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

This needs to be moved out of Auckland

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Split between services and paying DEBT

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#10269

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More roads, lanes, overbridges & underpasses for private vehicles

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10288**

Less council bureaucrats (sack the 211 extra Mgrs on over \$150k that were recently taken on). Sack 15% of council workers - super city was formed with 8,500 staff - 7 councils - now its 12,500 staff - too many (also cut CCO's headcount)

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

The focus should be on private vehicles (90% plus of trips across the week incl Sat & Sun) - nothing has been done to ease congestion for us. Its all misery with speed calming measures, bus lanes etc - look after the 90% not the vocal 10%!

### **2a. Is there anything you would spend more on?**

Get the plans from Perth (even pay for them - bureaucrats will want to reinvent the wheel and design it here) of the East Rockingham Waste to Energy facility - 300,000 tonnes per annum with 96% diversion of residual waste from landfill

### **2b. Is there anything you would spend less on?**

Shut down the Māori Statutory Board and all race-based initiatives.

Plus cut dozens of small events from Auckland live plan - ties up venues that could generate additional revenue and only a handful of people attend these events - plus we could sack the dozens of staff who muck about organizing them (I have inside knowledge here)

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

Auckland needs a world-class stadium and associated infrastructure around it to get in and out of it. Eden Park is a joke - ridiculous tiny steps down from a mini railway

**#10288**

platform and no parking. North Harbour is too big for local events but too small for major events. Build something world class

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Future councils with wasteful woke people like Chris Darby and Richard Hills will just use the fund to maximize spending on nonsense projects and thousands more bureaucrats and consultants like Len Brown and Phill Goff did and the ratepayer will be poorer.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

As above - the council needs to look within and cut the bloat - all 12,500 council workers will want to lease the Port to distract from the waste in the council. Crikey council workers often post on social media there is no accountability and they don't have to do much -p plus mates in Council confirm there is so much waste.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The more income council can get from other sources the less pressure on rates

#10288

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The push for extra cash is two fold - waste in council and the tsunami of immigrants overrunning services and infrastructure. The Council needs to ensure Govt does not allow the wave of immigrants to continue as all our rate increases are going to pay is to slow the decline of services and infrastructure caused by this tsunami

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I do not trust those in the Council to use it for "public benefit" - Council's track record is one of waste. Once Council gets its hands on it will be metaphorically "pissed against the wall"

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I do not trust those in the Council to use it for "public benefit" - Council's track record is one of waste. Once Council gets its hands on it will be metaphorically "pissed against the wall"

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

CATTR is nonsense - "Climate Action" is not required - China and India will decide how quickly the climate changes. Why waste ratepayers money on this when it won't make a scrap of difference? All it is virthal signaling from the woke in council

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important

#10288

Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

My rates are for core services like the rubbish bins council pulled out from King Edward Parade. If Maori etc want to celebrate their culture they are free to go right ahead at their own expense but not mine!!!

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Environment - ensure streets are clean, berns are mown more regularly, there is no rubbish on the beaches, and we can swim in the ocean. Stop fishing while Snapper are spawning and increase the size of fish commercial fisheries can take to protect the fishery for the future

**8. Do you have any other comments?**

Why has Auckland Transport just rained misery on ratepayers - not one project I can name has made life better for me as a private vehicle user. They should be disbanded and a new agency formed that focuses on the 90% of us that pay their salaries!

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#10293

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

In 2020 an Independent Panel review of Auckland Council CCO's lead by respected Chair Miriam Dean stated "The harsh economic reality is Auckland neither needs nor can afford four stadiums (Eden Park, Mt Smart, Western Springs and Albany Stadium)".

In September 2023 Auckland Council issued a Request for Expressions of Interest "Main Auckland Stadium" which reiterated the findings of the 2020 review. "Auckland (read we ratepayers) neither need, nor can afford four stadiums."

I would like to understand why the Council have not acted on that independent recommendation.

Albany Stadium cost \$41m to build in 1997. Was then loaned by North Shore taxpayers another \$30m in 2006, a loan later forgiven because they could never pay it back. It is now forecast to cost ratepayers in capital expenditure a further \$33m over ten years. Last year it lost \$2.6m. At this rate it would be an additional \$26m over the next ten years from ratepayers. This is a total of \$130m cost to the ratepayers.

Chair of Tātaki Auckland Unlimited, Vicki Salmon has written Albany Stadium "is - by far - the least used in the region's stadium network", "concert promoters and sports executives who decide where to put their events on dislike the Albany venue for a number of reasons." "the stadium doesn't meet the North Shore community's needs nor the requirements of its main long-term users, including rugby and football, "with no replacement regular tenant revenue or one-off major sporting or music events on the horizon" and most accurately "overall, they (fans/ratepayers) don't come anymore". I

**#10293**

note per Councillor Watson that North Harbour rugby's average crowd was only 1,500 at home games.

Option 1 Feedback - So we have a stadium that has taken \$130m of ratepayer money that no-one on the North Shore uses, nor do event promoters or sports administrators want to use it. This is an incredibly poor return on ratepayer investment. However Councillor John Watson advocates keeping this unused monument and incurring more significant ratepayer cost for no return. I do not support this.

Option 2 Feedback - The LTP and Deputy Chair of Eke Panuku Jennah Wootton notes Option two will deliver a 10,000 person stadium that will be "fit for purpose", an often rolled out cliché by politicians and bureaucrats when there is no underlying detail, business case, nor financial plan, all of which are noticeably absent in the LTP. How can we support this with no detail.

So we are being presented with replacing a 17,000 capacity stadium with a rectangular field no one uses with a 10,000 capacity stadium with a rectangular field "they will all come to".....except history shows they don't, and despite what the politicians and bureaucrats tell us, we all know they won't because for NZ Rugby or Taylor Swift or anyone else there is Mt Smart, Spark Arena, Eden Park, Western Springs and the Domain which recently hosted Symphony in the Park.

Finally there are no cost estimates for Option two but you can be sure that to build an 8,000 – 10,000 person stadium will cost ratepayers vastly more than \$33m given the \$100m+ put into Albany since 1997 which also was "fit for purpose", and you can be sure when nobody comes, it will be the Auckland ratepayers funding the ongoing operating losses, and the inevitable significant additional capital expenditure required. I do not support this.

I propose the following:

Option four –

Let's accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and let's observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don't want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several

**#10293**

times a year, then I propose it would be better to sell that asset and reallocate that significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Sell the shares and pay back debt would be the best use of this money.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Sell POAL and pay back debt would be the best use of this money.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Pay back debt

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#10293

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do less
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sports facilities that all can use - look at public pools on the North Shore - what a shambles - one crusty pool in Takapuna - one big one in Albany. The only facilities working are those the Victorians built. the whole strip from Ngataranga through to Narrowneck should be re-purposed - super market where the un-used skate park is then a big pool - then sports facilities a running track new squash and tennis courts -

#10304

how can the Hahei council build amazing public tennis courts but they cant be built on the Shore?

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop doing stupid raised road speed bumps - fix pot hoes instead and fix creaking Victorian drainage systems - and don't allow development unless there are parks and pools and schools as part of it - look at Orewa - soul less

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Lake Road. Get rid of the traffic lights and put in large roundabouts - they flow traffic better. Sort out the ferries - please spend a weekend in Sydney to see how it should be done. The main busiest service in NZ is Devonport to city - and its more often than not delayed, late, infrequent. It went from 15 mins services to 30 mins and is always overcrowded.

**2a. Is there anything you would spend more on?**

as above

**2b. Is there anything you would spend less on?**

raised speed bumps - what a waste of money

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

white elephant - unused. sell it and redistribute funds into local sports facilities - pools - look at Devonport which is incredibly under serviced - go for a game of tennis at Narrowneck with your family and you'll see what I mean. It's a disgrace.

**#10304**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Don't privatise

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

keep council control - move the port to northland but fix the trains or the roads will be ruined - then council to beautify the waterfront with tidal pools and a signature rugby stadium.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

as above

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#10304

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Waste water and storm system overloaded, house has flooded 4 times in 2 years!!!  
Manholes pop off and fill house with water/waste. To add to this there is MANY MANY more multi storey developments being built and the system is already overloaded!!!  
Nothing is happening to stormwater/waste water systems or roading to cater for extra

**#10307**

traffic! Takes 50min to move 2kms!! Ridiculous, and I have lived here over 20years and its just getting worse- HOW about you drive from devonport to newmarkwt each day and see how long it takes and also wonder each time it rains if the house will flood again? Or if my kid is injured at school sorry mate see you in 1hr atleast..... ambulances struggle getting in and out of the peninsular!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less wasting time/resources- actual thoughtful planning ahead

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

More lanes into/out of Devonport

**2b. Is there anything you would spend less on?**

Road cones, street lighting, signage, council workers working from home!!!!!!

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

TEST CRICKET VENUE!!! Rugby events, concerts, events/fairs/expos- dont neglect the use of Jarbour stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10307**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#10307

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#10307

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important

#10307

Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

KEEP ALL PARKS AND OPEN/GREEN SPACES!!!

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Pay more for good roads and kids parks with new innovative games

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Pay less for the public transport because the frequency is less anyways

**#10359**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#10359

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

**Tell us why**

It is important to keep investing in these things to keep our community as vibrant as it is now

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

I disagree with the proposed change in CAPEX funding for our local board. We are a destination for visitors internationally and domestically due to the history, and natural beauty. Decreasing our CAPEX would result in our area being less attractive thus decreasing income and revenue for businesses and the council, as well as being a detriment to the local community.

Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more public transport and bike ways

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

need to improve public transport, build more cycle-ways and walkways

### 2a. Is there anything you would spend more on?

More public transport and cycle-ways

### 2b. Is there anything you would spend less on?

any thing that would encourage more private car transport

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

need community facility/park

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

keep council assets; that way council has a source of funds and some control over the future of the assets.

**#10404**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

council has more control

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council needs more money to deliver services and possibly keep rates lower.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

No change at the moment due to the financial issues facing the council.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#10404

Keep at the moment.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

It is important to keep big project going for several reasons, including giving a boost to the local economy, reduce risk of losing skilled workers because work will be delayed. It is also important to do more with transport that includes options for non-road transport. The city cannot afford a short term vision on public transport, walking and

**#10419**

cycling paths. These are what make cities nice to visit and live in. No one remembers a city because it has a big road. More needs to be done to make getting around this city easy using many modes of transport. A train to the airport from CBD and other spoke areas is needed. This would reduce traffic and make getting to airport less difficult during peak traffic times. Long term plans should not be based on short term budget issues.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Do not support reducing walking and cycleways.

**2a. Is there anything you would spend more on?**

Cycle ways and 2nd harbour crossing with cycle and pedestrian crossing included. Do not make poor decisions related to this because of short term budget issues. that is the reason there is not a pedestrian or cycle way on the existing bridge.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#10419**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Would be nice to move the operations further away from CBD Queen Street.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#10419

**Tell us why:**

I'm not sure how this impacts jobs for Auckland. It is important to have POAL type work opportunities, but like the idea of a more attractive area for public or other commercial uses. Not supportive if main use will be for more cruise ships to dock. This would not add much value for the public.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#10419

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Need to keep the area diverse and make it a good place to live and work.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Delaying large infrastructure projects will be a short term and long term loss to the economy with job losses and skilled workers moving away because there is no work.

**#10419**

When budgets improve, the skilled workers will be gone. Building the skills of workers is needed to improve productivity.

It is important to keep momentum on making the city easy to get around using a variety of transport modes.

There is a need to support Auckland Council compliance teams. This includes building control teams which need to be staffed fully to allow for detailed checks of construction work to avoid issues in future. This saves the city and rate payers money in long term.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#10429**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It seems mightily underutilised. I have lived on the shore for over 20 years and have never been to a sporting event there. Car parks are empty - great for learning to drive though

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#10429

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#10429

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	

#10429

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important

#10429

Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a pivotal role in our community, providing essential services to keep our beaches safe. However, many of these facilities are at the end of their life and in desperate need to replacement. Without adequate funding and endless red tape, our clubs will struggle to effectively deliver these services, and some may fold altogether.

**#10434**

Without fit-for-purpose facilities that people enjoy visiting and spending their time at, Auckland risks losing many of the hundreds of volunteers who provide this critical service, which will ultimately put lives at risk.

Through the Long-term Plan, Auckland Council is requested to allocate \$8.02 million in funding specifically earmarked for the urgent rebuilds and ongoing maintenance of surf lifesaving club facilities, in line with Surf Lifesaving Northern Region's 10:20 Capital Development proposal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less spending on public art and events. Consideration should also be given to consolidating some library services. The council should not be wasting money on seismic strengthening or buildings that are no longer fit for purpose and will not be a good return on investment (eg. the Leys Institute).

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

More frequent and reliable public transport.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	

#10434

Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

They don't feel very aspirational. I would much rather see funding put towards critical services that benefit all of the North Shore and initiatives that support community resilience and safety, including adequate funding of surf lifesaving facility rebuilds, including the rebuild of the Mairangi Bay Surf Lifesaving Club.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**#10441**

**Tell us why:**

Need to invest in public transport-more, faster, cheaper, reliable and short sighted to not support cycleways.

**2a. Is there anything you would spend more on?**

Public transport and cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I oppose the proposal to lease the operation of the port for 35 years for the following reasons:

#10441

Disregards Expert Advice: The proposal ignores expert advice on the port's unsustainable location, as evidenced by the conclusions of the last three port studies.

Hidden costs: Locking the port into its current location until at least 2060 will impose billions of dollars of road and rail costs on future generations as freight flows increasingly strain our already congested transport network.

Long-term Impact: Prolonging the status quo until at least 2060 will prevent Auckland from realising the significant social, economic, and environmental potential we could achieve by transforming the industrial port zone into a thriving urban environment, as we've done with Viaduct Harbour and Wynyard Quarter.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

#10453

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#10453

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More social housing

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10478

Yes selling off council property

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Stopping safety and temporary traffic restrictions sounds like the anti cone braying . Such temporary restrictions are necessary to protect workers at sights and redirect traffic. I oppose the cessation of safe crossings. Thessaloniki raised crossings do restrict city traffic speeds on streets where children crass and walk, scooters cross, people pushing prams, elderly on mobility scooters, wheel chairs , walkers. The raising of the crossing to foot path level reduces the likelihood of falls . City streets are no motorways they places of access for all living in the city.they need to be as safe as possible.

### 2a. Is there anything you would spend more on?

Cycle lanes, or separated footpaths, more regular public transport.

### 2b. Is there anything you would spend less on?

Roads which encourage law breaking speeds where the increase in speed merely hastens the arrival at a place of congestion. Motorways are not a local government responsibility but the motorway access points and feeder roads are.These are the areas of congestion which are probably best cured by alternative transport modes.most in the city do not need to go on motorways .

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

Selling off potential recreational space North of Waitemata harbour is ridiculous . We have beaches and the Maunga , a few flood creek valleys , motorway edges but no

#10478

significant open park land on the shore.. Selling of open space is undesirable.( nothing like the city parks of London)

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I do not support the sale of council owned capital assets. The wealthiest people in New Zealand own lots of land and capital assets. In order to protect and develop our city we need a strong capital base. We need smarter use of those assets not shedding them. When next in strife there will be less to shed, every time assets , especially vital assets, the airport, the port are sold the outcome results in a poorer city . Let's use them better and protect them.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

There is apparently, an underling agreement that the port will have to cease operations as a major port in 25 plus years. Even this contention may not have considered the value of an operating port in our city.

1

. trading internationally may change dramatically as climate changes reduce the available coastal space and our ability to purchase so much from foreign places.

Coastal shipping , smaller boats may also become more rather than less important. Auckland city was founded as a major water port trading town , ports remain crucial trading places, retaining a port retains options.

#10478

2. History should not be ignored letting such a major asset pass from local control to international whims is unwise.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The contention that a future fund would be sufficient to achieve the magnitude required for all major future development sounds highly unlikely. We need to have the battle with central government to allow regional revenue raising arrangements ( like the limited time application of fuel tax) either long term or otherwise. Local Government cannot do its job without changes to its ability to borrow and the return of GST on rates sounds very reasonable to me. Selling assets is a one off dead end solution.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

If a future fund is established it should not be as the result of selling valuable assets , perhaps things like a land- value appreciation levy resulting from the collectively provided amenity and services provisions of council to business owners could be charged. ( a bus stop just outside your door , a train station across the street , a new library close by etc.) The levy a reminder of what council develops too.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Not sure about this I am torn as. I believe management sees an asset and 'says sell it for short term gain'. Not a suggestion I agree with. If shifting management to Auckland city makes ownership more vulnerable no leave with port. If co ti used ownership

**5b. What option do you prefer for Bledisloe Terminal?**

#10478

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I do not favour the loss of all pot activity for our largest city.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Support

#10478

the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Maintain all libraries !

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#10478

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Waste minimisation- would be happy to pay for example to have kerbside soft plastic collection.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10514**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

I don't use it so don't get any benefit- may as well look at how it could be redeveloped to be more useful instead of keeping the status quo. Seems to be a lot of unused land around it so supportive of selling this off to fund- may make the immediate surrounding area more of a hub too instead of it being out on its own.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**#10514**

**Tell us here:**

Seems like current arrangement isn't working well anyway

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Would be good to see this activated for public use but not sure how this would be funded? what tradeoff would we need to make to do this?

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#10527

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Absolutely not

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10577**

Keep to the basics, no more cycle lanes and road humps, listen to the ratepayers and reduce local board member numbers, too top heavy.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#10577

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important

#10577

Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

Waste of funds, suggest local board take decreases in salary, are under qualified to be making important decisions. Spending funds on unwanted vanity projects.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Unpractical and ego driven, should stick to basic need in this financial times we are in.

**8. Do you have any other comments?**

Local board do not listen to the ratepayers, roll on 2025, very unpopular in Devonport .

This feedback is on behalf of the informal community network, Tāmaki Makaurau Community Climate Action Network, representing the combined priorities of the membership organisations. The preferred method of contact is email or phone, as provided above.

Member organisations reserve the right to make their own submissions, which will differ to this one.

*Logos of steering group member organisations.*

## Introduction

We are submitting on behalf of the Tamaki Makaurau Community Climate Action Network – an informal network of community groups from across the region taking climate action.

This is a collaborative approach of many organisations coming together who have significant depth and long-term experience of delivering environmental engagement and impact.

In this Long Term Plan, we have a real opportunity to improve how Auckland prioritises spending for the betterment of our community and environment while the memories (and costs) of Cyclone Gabrielle and the Auckland Anniversary Floods remain fresh.

For too long Auckland has under-invested in much-needed climate action, including protecting our natural environment.

Some 33% of Aotearoa New Zealand’s population live within the Auckland Region, making Auckland the country’s largest population centre and Auckland Council in prime position to model how a city can build resilience in a way that ensures:

- Everyone has a connection with the environment and feel they have a role to play, and
- No one gets left behind.

Our submission calls on you, our elected representatives, to undertake the priorities that community organisations of Tāmaki Makaurau know will make a real difference for our collective future.

## Real emissions reductions

In 2019, Council declared a climate emergency. Among other commitments, Council stated they would incorporate climate change considerations into work programmes and decisions, such as that of the Long Term Plan (LTP). Auckland’s emissions profile creates clear priority focus areas for climate action:

- transport
- energy use, and
- goods consumption.

Taking this approach will ensure consistency with Te Tāruke-ā-Tāwhiri, Auckland’s Climate Action Plan, which reflects Council’s responsibility to urgently address climate change and reduce emissions.

### **Our key asks for real emissions reductions:**

1. Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
2. Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over new road spending.
3. Reduce private transport emissions by investing in community organisations and tools to assist behaviour change.
4. Lower emissions by becoming a leader in localised renewable energy generation.
5. Continue to support moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be repurposed, reused, recycled, and repaired, and are diverted from landfill.

## Protecting, restoring, and enhancing nature

Regenerating nature is vital if we are to tackle climate change and indigenous species extinction, as well as secure a positive future for our communities. Healthy ecosystems are an effective way to develop climate and community resilience and absorb greenhouse gas emissions. Community organisations and volunteers are contributing hugely to this work.

### **Our key asks for protecting, restoring, and enhancing nature:**

6. Support frontline, volunteer-powered communities by ensuring local boards are adequately funded to do so.
7. Re-establish pre-2023/24 budget funding for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly Programme, Communities

in Need programme, and supporting work on Council land and marae and ensure funding is raised by at least 5% annually.

8. Re-establish the full funding of the Water Quality Targeted Rate and Natural Environment Targeted Rate to pre-2023/24 budget levels to ensure delivery of related work programmes
9. Protect and work with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government (and advocating to central government on our behalf for this).
10. Ensure appropriate funding is allocated to increase monitoring activity of current/ active and future resource consents to enable better environmental outcomes.

## The proposal and our rationale

### 1. Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure

The mayoral proposal aims to “cut low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways.” In monetary terms, this means cutting funding for cycleways by \$141.5 million.

Increasing funding for active transport infrastructure is a smart investment that can benefit the economy, the environment and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions.

Cycling also promotes daily, incidental physical activity, mental well-being, and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits.

This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transit.

### 2. Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending

The Mayoral Proposal includes a goal to “Make public transport faster, more reliable and easier to use.” Methods in achieving this are proposed to include; \$50 weekly public transport pass, a maximum weekly charge for adults, exploring an annual pass, enabling payment with payWave, network optimisation, dynamic lanes and finishing existing Rapid Transit projects (including CRL and Eastern Busway).

There is also the goal to “reduce transport emissions in line with the target to reach net zero by 2050”.

Accompanying these great objectives, the mayor is also asking AT to undergo significant and concerning cost savings of \$70 million (in net operating savings).

We agree with the mayor that “Aucklanders are more likely to use public transport if it is fast, reliable, and easy to use” which is why we are calling for public transport investment to be the top priority in the LTP.

### 3. Reduce private transport emissions by investing in community organisations and tools to assist behavioural change

To reduce private vehicle dependency in Auckland, we need both individual and collective actions.

Many people are already choosing low-emissions modes of transport, but Council and AT can support them by adopting measures that encourage more sustainable behaviours.

We support congestion charging, which has been recommended in the proposal. This can help manage traffic and generate revenue for public transport (rather than fund new roading projects).

However, congestion charging is not the only solution, and Council should also invest in other ways to make our region more liveable and less polluted. We acknowledge that some people need to use private or company vehicles. By reducing unnecessary car trips, we can also benefit those who need to drive by easing congestion and simultaneously improving air quality.

#### **4. Lower emissions by becoming a leader in localised renewable energy generation**

The Mayor has indicated that he would like to see the Council reduce their emissions and energy costs by generating renewable electricity on underutilised Council land and assets. This is a win-win for ratepayers and the region's emissions and may pave the way for similar initiatives throughout Auckland and other Councils.

Council should expand this workstream to include an analysis focused on understanding how they can support local integrated energy solutions to support community owned energy groups (such as the Otaki Energy Project). This would empower communities while creating affordable, renewable energy, increasing the region's resilience while decreasing emissions.

#### **5. Continue to support moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be repurposed, reused, recycled, and repaired, and are diverted from landfill.**

Achieving zero waste is a fundamental climate action. To be effective in this space, Council should ensure that the LTP aligns with their Waste Minimisation & Management Plan.

It is crucial to support community organisations that have modelled effective para kore zero waste behaviour change approaches in partnership with Council and stakeholders. Adequate funding and support are essential to drive meaningful change.

#### **6. Support frontline, volunteer powered communities by ensuring local boards are adequately funded**

The mayoral proposal discusses the idea of 'Accelerating fairer funding for Local Boards' from a combination of new funding and reallocation as well as providing better support to local boards in the hope of making them more efficient and empowered.

The Mayor has proposed to use a 50% reallocation of funding from some local boards and 50% of new funding to get 18 Local Boards within 5% of "the magic funding equity line". It has also been proposed to allocate a total of "\$20 million of operational funding and \$30 million of capital funding to be allocated in years two and three of the LTP (\$10 million opex in each of years two and three, and \$15 million capex in each of years two and three)."

Local board grants and investment into community groups and organisations provide great value to Aucklanders. For every dollar that Council invests we convert it into many more with the contribution of volunteer's time.

Many local boards invest a significant amount into support for local community conservation to protect taonga species and landscapes. Community efforts like these are important for nature and communities, enabling and empowering residents to act for themselves, increasing ownership of our

environmental challenges across the community resulting in long-term sustainability for conservation.

Local boards are the government layer most closely in touch with communities. They are often community advocates and are the point at which many stakeholders come together to make programmes possible. Reducing Local Board funding is a false economy as there would be missed opportunities and risks at local, sub-regional and regional levels.

**7. Re-establish pre-2023/2024 budget funding for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae.**

Last year, \$7.9 million was taken away from a range of regional, community and social services. There is no mention of building this back up in the Mayor's proposal, leaving a hole in the community climate action space.

We are asking Council to re-establish these funds, specifically those that were allocated to climate action related programmes funded by general rates.

Auckland Council should support the sustainable funding of Enviroschools, programmes that support young Aucklanders to learn about climate change and services that better enable climate action from Asian and Pacific communities as well as Māori-led responses by both marae and rangatahi.

This investment empowers the community to act in both mitigation and adaptation creating a more resilient region, which we all know is much needed following the devastating events of 2023.

**8. Re-establish the full funding of the Water Quality Targeted Rate (WQTR) and Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes**

In the 2023/2024 annual budget, the WQTR and NETR were significantly reduced by 77.7% and 48.8%. This reduction was promised to be temporary, lasting one year.

The Mayor has proposed the full programme of water quality stormwater projects (\$779m) is funded, while setting the WQTR so that it covers only the annual programme operating and interest costs in each year. It is proposed that the NETR is resumed at the previously planned level to raise around \$32.6m in 2024/2025.

Our terrestrial, freshwater, and marine environments continue to struggle in the face of the biodiversity and climate crises. We need to urgently invest in what we have left before it is too late. These targeted rates were the subject of detailed consultation in previous years, which saw Aucklanders submit in support in large numbers. It would be seen as a betrayal of those promises to refuse to reinstate their original delivery commitments.

**9. Protect and work with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government**

As our climate changes, the frequency and severity of storm events are going to increase. We need to urgently change the way we interact with the natural environment.

Making Space for Water allows the land adjacent to waterways to flood safely, while providing for a full range of other benefits such as riparian planting, wetland restoration, carbon sequestration, increased groundwater recharge, river habitat restoration for native fish and birds, and more recreation opportunities for people. It also offers opportunities to restore lost connections between Mana whenua with their local awa.

We strongly support this programme and believe it provides Council with a great opportunity to work with and understand the many community groups and organisations that provide such a significant and cost-effective range of benefits through protecting, restoring, and enhancing nature in the region. Making Space for Water will provide a great platform for Council to better understand and promote nature-based solutions in an Auckland context.

Council will also have a key role in advocating for improved legislation relating to natural hazard decision-making (such as the NPS-NHD). Making Space for Water is fixing what we have. It is also critical that councils are enabled to avoid inappropriate and high-risk developments in the future, which will protect people, nature and significantly decrease financial risk.

**10. Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.**

Auckland is blessed with large areas of forest in the Waitākere & Hunua Ranges that provide significant natural carbon sinks, treat the city's air pollution, and provide us with recreation and respite, as well as being a haven for wildlife.

But these forests are under significant pressure from weeds, pests, disease, and overuse. Our indigenous wildlife needs green corridors to move around the region and we are losing the trees and green spaces in the city as it intensifies. 60% of the urban forest is on private land and most of that is unprotected and may be lost within a decade.

Developers may not need consent to remove trees or build new homes, but when they do it is important that the consent conditions intended to protect the environment while enabling development are implemented. This requires Council to monitor and enforce those conditions.

Each year, thousands of resource consents, including deforestation and waterway alteration, are submitted to Council. While granted under specific conditions to balance human activity and sustainable use of natural resources, some consent holders disregard these conditions, leading to harmful impacts on the environment. Many violations go unnoticed until it is too late, emphasising the urgent need for improved environmental protection against unlawful and poorly regulated activities.

The proposal sets out to "provide options that would increase our monitoring activity of current/active resource consents". It is crucial to prioritise this initiative. Having environmental protections in the form of consent conditions is ineffective if monitoring remains minimal.

The scope of this work must include the protection of trees through more effective regulation and by resourcing the evaluation of nominations for scheduling notable trees more promptly, so that these most special of trees remaining in our city can be retained for future generations.

**We thank you for your time in considering our submission.**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improvements in the regional parks walk way system

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

More focus on cores services

**#10587**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Integrated PT and pedestrian connections/improvements

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Building a wealth fund which will be used as a perpetual investment base to enable returns to be used to fund necessary capex projects is prudent management.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#10587

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

#10587

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#10587

Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	Fairly Important

#10587

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We have relatively low debt and can afford to borrow more. Also many ratepayers can afford to pay more. We need to continue to provide services plus prepare for effects of the climate crisis with new regulations and city forward planning in place to prevent

and accommodate flooding and other emergencies. Also why tie Aucklanders to a 10-year plan?

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Increasing public transport is obvious. We need busways and light rail, supporting every low-emission transport system, including safe cycle and walkways.

**2a. Is there anything you would spend more on?**

Cycleways, busways, railways and walkways

**2b. Is there anything you would spend less on?**

Encouraging cars in the central city and encouraging parking for large gas-guzzlers

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

We have enough stadia apparently since this one is not much used. The site should if possible be redeveloped as social housing

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#10609**

**Tell us why:**

Keep the investment as it is for future Aucklanders. I don't agree with going with the "sugar hit" proposed by selling more shares. The shares belong to the city.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I disagree with selling off solid investments which produce returns for the city to save on rates increases. We need to rate households properly and/or borrow to pay for existing services

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Services need not be cut or downgraded. They need to be funded properly out of rates and borrowing if necessary.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Parks are legacy spaces where a diverse group have equal access and should not be leased or sold for redevelopment. Our open spaces are very important for clean air, shade for cooling and water absorption in heavy rain so not just aesthetics or equal access but for the health of our environment

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#10609

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Recreation, clean air and decreasing pollution

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**#10612**

I oppose the proposal to lease the operation of the port for 35 years for the following reasons:

- **Disregards Expert Advice:** The proposal ignores expert advice on the port's unsustainable location, as evidenced by the conclusions of the last three port studies.
- **Hidden costs:** Locking the port into its current location until at least 2060 will impose billions of dollars of road and rail costs on future generations as freight flows increasingly strain our already congested transport network.
- **Long-term Impact:** Prolonging the status quo until at least 2060 will prevent Auckland from realising the significant social, economic, and environmental potential we could achieve by transforming the industrial port zone into a thriving urban environment, as we've done with Viaduct Harbour and Wynyard Quarter.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The port activities are no longer in an appropriate location due to the requirement to transport goods off site by a congested road network.

#10612

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

as above

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintain and replace marine structures such as wharves, jetties, boat ramps so access to the water is not lost for swimmers, boaties etc. Renovate the old Bayswater Wharf for ferry usage.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10638**

Hiring and replacing staff who are not critical to the council operation. High paid execs for example. Get rid of Fulton Hogan and train, provide roading staff and engineers to maintain roads on the council payroll. Fulton Hogan have grown into a huge operation on the back of council contracts.

## **2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

### **2a. Is there anything you would spend more on?**

Upgrading ageing stormwater and sewage infrastructure.

### **2b. Is there anything you would spend less on?**

Council signage. Too much on our beaches reserves etc. Do not replace

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Build Government housing there. perfect position there close to shops transport jobs etc

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#10638**

This will increase efficiency of the port. Shorten turn around times for shipping and an operator will invest in self drive technology

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

An overseas operator will bring in offshore labour, bringing efficiencies

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Needed for ageing infrastructure. council housing for the elderly, and poor

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

As above

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

An new ferry operator operating from Marsden Wharf

#10638

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Add onto it with further reclamation

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

none

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

none

**#10657**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#10657

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	I don't know

#10657

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	

#10657

Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cut transport budget and spend it on water until water issues have been solved then perhaps the transport budget can be increased. Stop spending beyond our means.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10662**

It's not about paying less it's about doing the basics and cutting the fat. There are too many management staff getting paid huge salaries with no consequences if they make obvious mistakes.

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

Auckland transport can not be trusted to create a decent transport system what's the problem with an extra 20 to 30 minutes to get to work in some countries people will spend 2 hours each way on a train to get to a job they like Government should pay for larger transport projects they collect most of the tax.

### **2a. Is there anything you would spend more on?**

I'm a cyclist but I don't believe in cycle lanes unless they are separate from roads.

We have built an underground rail tunnel for 3 more stations this is supposed to solve some of our transport problem, what a joke double the original budget twice as long to complete let's blame that on Covid not incompetence.

### **2b. Is there anything you would spend less on?**

MANAGEMENT, TRAFFIC MANAGEMENT, ROAD CALMING MORATORIUM ON NEW signage etc etc etc

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10662**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

If the proposed lease of the port to a outside operator is going to make that outside operator increased profits by increasing charges to users why can't the port company as it stands increase charges and pay increased dividends to the council I'm guessing the council eventually wants to move the port which I disagree with Auckland is here because it is a port city Tauranga is now having problems increasing port space because of competing requirements if the Auckland port is closed it will be turned into yet another playground.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#10662

**Tell us why:**

What does public benefit mean, another area that turns into apartments and playgrounds unproductive money pit for overpaid council management to overspend on.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

What's public benefit stop increasing council expenditure

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other

Other

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Reduce transport budget by 50% and spend it on water and environmental issues

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#10662

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

Tell us why

**#10662**

Because most of these issues are discretionary and in a time of financial pain can be reduced until finances are in a better state.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Stop uncontrolled spending

**8. Do you have any other comments?**

There is no accountability councils overspend under deliver and then put the hand out for more money.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Arts Culture and Creativity need to be embedded across our long term planning.  
Investment in cultural infrastructure is crucial to a thriving, liveable city

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10666**

Less mowing. Allow areas to grow and attract bees and butterflies with low maintenance

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Thriving cities have reliable, affordable, clean and efficient public transport. Make sure that you are counting the tangible and less tangible environmental costs in the budget. Ensure EV parking/charging, stop raising pedestrian crossings, encourage cycling and public transport that accommodates bikes.

### **2a. Is there anything you would spend more on?**

Safe cycling.

### **2b. Is there anything you would spend less on?**

Traffic Cones

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

Playing fields are needed. A change in operational management or redevelopment so that playing fields are still maintained and utilised while opening it to other non-sports related community activities. Examine the kaupapa to be inclusive of community & cultural activity outside of sports. Assist with marketing

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10666**

Other

**Tell us why:**

Essentially proceed with the proposal. Only partial sale of AIAL shares

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

My instinct is to go for the leasing option, however I don't have enough knowledge to make an educated decision.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Why does it have to be either/or? Funding essential council services is and investment as is 'future planning.'

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Is it wise to consider development that includes major construction on any waterfront with the ongoing climate a rising sea level issues?

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

#10666

It depends on the interpretation of "public benefit"

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

As above - how do we interpret 'public benefit'? Construction on a waterfront seems rife with potential disaster until we seriously address climate issues and risk

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Storm event preparation

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

We need to do better and make it easier to get around and not just cars. Safely

### 2a. Is there anything you would spend more on?

Footpaths which are maintained and safely

### 2b. Is there anything you would spend less on?

Car parking

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

As a North Shore resident not interested in the stadium

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

These assets are ours, you have no mandate. Just trying to disguise a sell off.

**#10684**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

You have no mandate for what is privatisation. Don't pretend the lease isn't that. And look at the massive disputes and expenditure on other countries where this has happened let alone the dangerous practices

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The Fund is of no use be just another excuse to sell something off and incur expenditures. You couldn't even manage simple interest rate hedging

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

You are incompetent to manage the transfer and would just sell it off to the private sector and then we'd have to pay to enjoy our land

**5b. What option do you prefer for Bledisloe Terminal?**

#10684

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

You are incompetent to manage this

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Preserving and improving the existing amenities that contribute to neighbourhood wellbeing

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10699**

Revised procurement policies utilising smaller local contractors, businesses and consultants to provide a more cost effective outcome

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

More efficient public transport and better provision for cyclists in suburban neighbourhoods rather than massive spending for access to the CBD which has little meaning for most people who live and work in their local areas will contribute to climate change objectives.

### **2a. Is there anything you would spend more on?**

More spending on community public networks in suburbs with small upgrades particularly to make casual suburban cycling safer and less frightening

### **2b. Is there anything you would spend less on?**

Less spending on the CBD

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

The stadium should be more of a community asset, rather than for occasional big events that are often commercially-driven

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#10699**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Retain Council ownership of the land, but lease the assets allowing for utilisation of more port land for a major stadium and pedestrian use connected to the harbour.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Utilise funds for urban design improvements to the city-harbour connection and use by the people of Auckland

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

**Tell us why:**

#10699

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#10699

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important

#10699

Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

DTLB funding should be retained to maintain public amenities including parks and public open space which contributes to community wellbeing in an intensified city

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10722**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Waste of time having such a large stadium there. Could this be the test cricket ground?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Absolutely retain council control. However get a real plan together to minimise the port footprint and get it to public space. Giving a lease away loses all control and options.

#10722

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Do more to move the port and no more encroachment to the harbour.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

Playground, parks and investment in local events are key for community.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Please sort lake road out. It's insane the amount of development going on without improving transport infrastructure.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Natural Environment Targeted Rate, subsidising public transport, buying flood prone houses and restoring the freshwater ecosystems that have been harmed by prior attempts to control our waterways

**#10733**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Contributing to funding tax cuts for the wealthy (not sure the extent to which the Council has influence over that)

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

We don't need more lanes, more focus on public transport and subsidising as much as possible especially for students and the elderly.

**2a. Is there anything you would spend more on?**

Subsidising public transport

**2b. Is there anything you would spend less on?**

More lanes for cars

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Stadiums should be utilised as much as possible otherwise they're a waste of space. I do believe there needs to be space for professional sport on the Shore but perhaps redeveloping this area and changing management will assist in this. Regardless, community sports fields must be retained.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#10733**

Proceed with the proposal

**Tell us why:**

We desperately need to mitigate damage for climate change while working to implement strategies to prevent further damage to Aotearoa. This isn't just the central government's responsibility, it's yours too.

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#10753

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

## **Submission on the Auckland Council Long Term Plan – March 2024 The PumpHouse Theatre**

Tēnā koutou Mr Mayor, Councillors and Local Board members,

Please find below our submission on the Auckland Council Long Term Plan from the North Shore Theatre and Arts Trust (The PumpHouse Theatre).

We are a not-for-profit charitable Trust, and we receive a funding contribution allocated by the Devonport-Takapuna Local Board in return for a series of arts-related deliverables in conjunction with our community lease of The PumpHouse Theatre on the shores of Lake Pupuke, Takapuna.

Possible cuts to our funding allocation, which, while small in terms of the Council's overall budget, will have an outsized impact on our arts, culture and creative sector, and the youth and community programmes and services that we offer.

Auckland Council's vision, shared in the consultation document, includes Auckland being "a diverse and dynamic city, which honours the place of Māori and includes a rich array of cultural and sporting events, museums, galleries and built heritage." This can only happen if there are arts communities across Auckland at a grassroots level, developing and inspiring the performers, creatives, and audiences of the future.

When Auckland's communities are thriving and our arts and cultural sector is prospering, the entire city benefits. These services improve social cohesion, make our city more inclusive and welcoming, helping us to attract and retain new residents and industry, boost the local economy, create jobs, and make the city more prosperous.

### **Our Submission**

- Auckland Council and the Devonport-Takapuna Local Board must maintain arts funding at least at current levels for The PumpHouse Theatre.
- The Fairer Funding Model would likely see the Devonport-Takapuna Local Board have reduced funding to support The PumpHouse Theatre and other arts partners.
- We cannot support a funding model that would see hugely significant parts of the community like The PumpHouse de-funded.

Last year 76,000 people visited The PumpHouse taking part in one of 104 programmes or attending one of 344 performances. Over 4,390 people actively participated in creating or presenting a performing arts event at The PumpHouse as part of 50 groups and arts organisations we supported. Without The PumpHouse, all of this would be lost.

# 10753

The PumpHouse Theatre is at the heart of performing arts in our community. We are an artist and community led space dedicated to helping the community build cultural capital. We engage with and respond to the needs of our local community. We are open and welcoming to anyone with a story to share.

We support diverse communities to present performing arts events ranging from Chinese language theatre, Korean puppetry, Macedonian Folk music to performances informed by Te Ao Māori. We host local high schools, events for older people and give younger emerging creatives a space to develop.

We are a regionally significant arts destination – drawing creative contributors, audience members and participants from beyond Takapuna.

We spend money locally too – we use local suppliers, advertise in local newspapers, and employ more than 20 locals in permanent and casual roles.

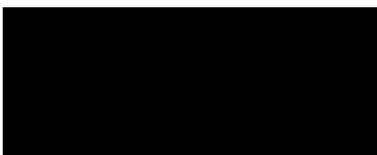

The North Shore Theatre and Arts Trust was formed over 50 years ago by arts-loving locals who were determined to save the pump house building and convert it into an arts centre, taking part in working bees, bake sales and fund-raising picnics for many years.

Because of our partnership with the Devonport-Takapuna Local Board and Auckland Council, today we are a thriving performing arts hub, and we contribute significantly to the arts landscape in Auckland.

Our plea to the Devonport-Takapuna Local Board, and Auckland Council is not to reduce funding to the vitally important and successful work we do that adds so much value to Auckland City.

Please do not hesitate to contact us if you would like any further information about The PumpHouse Theatre or our submission. You can call me on 021 265 9697 or email [peterburn@xtra.co.nz](mailto:peterburn@xtra.co.nz)

Regards

North Shore Theatre and Arts Trust (The PumpHouse Theatre)

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Be serious about urban deification and public transportation of rail network.  
Modernisation of transport infrastructure focused on track works before it's too late.  
Bus rapid transit system is inadequate if the city is looking for population growth in near future.

**#10758**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less roading, less concrete and less green field development.

More roads invite more traffic and more Opex.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Why stop some previously planned initiatives? Why waste tax payer's money investigate projects and drop it like it's free money? Liability and responsibility must be identified for the department who's wasting our time and money.

**2a. Is there anything you would spend more on?**

Frequency of bus and rail services. public transport needs to be modernised and upgraded.

**2b. Is there anything you would spend less on?**

Stop stretching highways or any infrastructure further to invade more green field site. Focus and re-generate what the city already has. Sure the developer wants an easy green field land to deal with but urban sprawling is not the solution. Stop pouring more concrete for roads.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Better do nothing until the Council have some good solution with research evidence and financial means to deal with this black hole. To re-invent any more building works (demolition) for the Council is not the way. The stadium problem isn't just operational but a wider urban contextual issues to deal with.

**#10758**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Free the airport only focusing on given dividend back to the Council is a good idea. so that they can have more control to do the right thing.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Evidently the Council is without resource and capability to run a port. Better Privatise the facilities and operations to make financial sense. PPP even if any investor is ever interested.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Which Council service to be funded is debatable. Initially at least need to ensure the Future Fund is healthy first.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#10758

More transparency is required so the public can have access to review the efficiency and productivity of the Council operations.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

More chance to vitalise the wharf area if the land is owned by the Coucil.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Primary location of the city with a view to the sea. Shame to be used a cargo operational area.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#10758

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#10758

## Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important

#10758

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

a new library and community hub in Takapuna

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#10768**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

No concrete roundabouts and not having four/five traffic lights only for pedestrians crossing to parks placed within a few hundred metres. - with so much infill housing plants are important in the community and pink concrete roundabouts are an eyesore.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I think it is important to explore retaining it for community use first before any decisions to redevelop.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#10768

**Tell us here:**

Look at ways to move the major part of the port. Develop part of the area into park with access for all - not a sports ground which only benefits a few.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We need to protect the Waitamata by extending Marine Reserves and stopping sewerage overflows and stopping the port from impinging our harbour.

We need to continue to develop our waterfront for the people

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10790**

Jolly road cones, unnecessary planning nonsense and less stupid rules

- raised ped crossings

-30km in local areas

- removal of carparks

-allowing buildings in suburban areas to proceed with no carparks

The consenting process is ridiculously complicated and expensive.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Auckland is becoming trapped by traffic - we need fresh ideas to stop the congestion

### **2a. Is there anything you would spend more on?**

Bus routes like the Northern one

Cycle lanes AWAY from main roads

### **2b. Is there anything you would spend less on?**

Raised ped crossings , unwanted lowering of speed limits

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

#10790

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Strongly do not agree with the long term lease of the port.

Ultimately the PORT must go, we can not lock into 35 more years of this

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Get rid of the PORT remove all the trucks from downtown.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

Other

#10790

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Transportation - no ferry hub at Bayswater and no plan for one.

You have allowed a huge increase in houses many without car parks but no change to Lake Road or surrounds. We need more buses and to transfer the bike lane to another road to allow a better flow along lake road

**#10790**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cycling path, useless in Manukau area

**#10792**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

From past experience, the planning and implementation of transportation infrastructure projects have not effectively addressed the issue of congestion. So I don't support paying more money in the transport. It will be the same at the end.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#10792

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Do not support

#10792

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Community and environment support are crucial to community wellbeing and must continue to be well supported. A public transport system must be efficient and reliable or it will not be well supported

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10815**

Vanity projects and wasteful crossing upgrades are an example of wasted ratepayers money.. I live in Devonport where a substantial amount has been spent upgrading crossings. I have been here for over 40 years, there has never been a traffic speed issue here. Wasted money that could have been better spent. One size does not fit all. Does the local board have any say?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The facility is under utilised and an operational cost to Council

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Investment of Council assets already paid for by rate payers for the benefit of future ratepayers makes sense and should provide some inflation protection.

**#10815**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The port is currently an underperforming asset, leasing the operation should provide improved returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

The NZ Super fund has been a great success and a model to follow

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Council cannot currently meet its funding requirements and removing further income generating assets makes no sense.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#10815

Tell us why:

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Council should look for efficiencies to deliver same services for less cost.

**#10826**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

we shouldn't be wasting money on electric ferries when they are unproven. It isn't clear if electricity is a good power source for heavy transport and the council has jumped into this too quickly.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The main stadium area should be converted to high density housing. No further sports fields are required in Albany and the stadium isn't used. Have Panuku build a concept plan and sell to private developer to bring it to life.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#10826**

Does not provide a sufficient additional return to justify sale of the assets. Loses control of the ability to move the port for too long of a period. Nice idea but the proposal doesn't stake up.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Should be building a plan to remove Port from CBD within 20 years.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Dont' support the Auckland Future Fund

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

Don't want to see further investment in Bledisloe Terminal. What the see a plan for moving the entire port away from the city. We dont' need more public space and parks we need more housing.

**5b. What option do you prefer for Bledisloe Terminal?**

#10826

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Don't want to see further investment in Bledisloe Terminal. What the see a plan for moving the entire port away from the city. We dont' need more public space and parks we need more housing.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support

#10826

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

#10826

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes - funding Major Events and the arts to help build a vibrant culture in our City. Imagine Paris without art galleries? London without theatres? These places are vital to creating a vibrant urban community.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10828**

Road cones. So many hundreds of thousands around the place. Do we really need that many?

Buses that aren't used. I see empty buses travelling our streets. I do want a reliable transport system, but there must be a better way to manage bus routes that simply aren't used.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

This is a huge investment and needs to be thought about carefully.

### **2a. Is there anything you would spend more on?**

Connecting suburbs - not just prioritising routes to the city.

### **2b. Is there anything you would spend less on?**

As above. Road cones.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

The stadium isn't working in its current form, so it needs to be rethought.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#10828**

**Tell us why:**

Its a sensible proposal.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The council isn't an expert in this area, so better not to run it.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

We need the shortfall.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

no

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#10828

Its prime waterfront land that should be developed into a tourist attraction or to be useful for local people.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

As above. Its prime real estate currently going to waste.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Consultation should be slashed. It is excessive, pre-determined and widely regarded with contempt by the public.

**#10844**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Transport is a big problem area. Need to keep going with City Rail Link and improving public transport.

### 2a. Is there anything you would spend more on?

Fully support dedicated busways (as opposed to bus lanes). The North Shore busway has been transformational for commuters and off peak travellers. All motorway corridors should have bus ways alongside them.

### 2b. Is there anything you would spend less on?

While, we like raised pedestrian crossings as excellent ways to slow traffic, Council must find a way to build these in a more cost effective manner.

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

### Tell us why:

This stadium is being portrayed as a white elephant. MRA does NOT support wholesale change or demolition as yet another knee-jerk reaction by the Mayor. Given the degree of residential development currently and planned for the areas north of Auckland, demand for sporting and event venues in the Albany area will only increase in future years. If the North Shore lost this venue, it would no doubt cost far more to build another at a date probably not that far in the future. We are not prepared to throw the existing stadium venue away. We do support careful consideration of future needs, full maintenance of the stadium, and the need to strategise for a greater range of uses now and in the future.

**#10844**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

- MRA has differing viewpoints on this issue. Some have strong opposition to selling strategic assets of the Airport and leasing the port. Once sold or even leased you lose control of both direction and delivery for the city with profitability going to a separate entity. It is interesting to note many international infrastructure funds consider Ports and Airports excellent investments. It begs the question why on earth we would support these assets being leased or sold.
- Support for sale or lease of assets with proceeds going into an Auckland Future Fund Again our Association has mixed views. Some believe strongly these strategic assets should be retained, while others support an airport shares sale and/or port lease with the funds being placed in the proposed Auckland Future Fund.
- There would need to be very strong controls around investment strategies and the entity entrusted with the investment to ensure the capital funds is not at risk of being lost.
- The experience of the past decade means we have zero confidence in the CCO structure and would be very hesitant about the creation of another. Perhaps the Guardians of NZ Superannuation could be vested with the funds if this eventuated.
- We do not support the placing of any investment funds into the care of professional managers who would earn excessive annual management fees irrespective of the fund's performance.
- We would want strong controls on the ability to sell down from the fund which should be permitted in order to re-invest in significant infrastructure projects only.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**#10844**

MRA has differing viewpoints on this issue. Some have strong opposition to selling strategic assets of the Airport and leasing the port. Once sold or even leased you lose control of both direction and delivery for the city with profitability going to a separate entity. It is interesting to note many international infrastructure funds consider Ports and Airports excellent investments. It begs the question why on earth we would support these assets being leased or sold.

- Ports of Auckland lease. Land retained. Lease operation for 35 years – payment upfront \$2.1bn with no further return. Lessee returns business at end. Many risks in such a long lease, including the effect of inflation on the value of the upfront lease price when viewed from 10, 15, 20 or 35 years. It is bound to end up looking like it was leased off cheaply. We question what control Council would have over its own long term plans for the port land and its uses.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

A mix of funding council services and investment in a fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Captain Cook and Marsden Wharves – we agree with proposal to transfer these older wharves from POAL to Auckland Council so can be used for public benefit.

#10844

- Bledisloe Terminal – we have mixed views. Some feel the port operation should be relocated from Au

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

We already have some kilometres of public waterfront from Westhaven to Marsden Wharf. Turning Bledisloe Wharf into further public space would be just a minor addition to the space we already have. The port and its cranes are a welcome sight on Auckland's harbour.

Under no circumstances should Bledisloe Wharf be further extended out into the Waitemata Harbour.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #10844

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#10844

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

Tell us why

**#10844**

Presume the Destination Management Plan refers to new library and community hub in Takapuna. Who on earth would know? very poor questionnaire design.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Trying to achieve anything with such a small budget is extremely difficult for our local board.

**8. Do you have any other comments?**

Milford Residents Assn does not support the proposed changes to Local Board funding. Local funding would be slashed to an unacceptable degree and we wish to stay under the existing model.

**1A. Rates proposal**

Support the central proposal of 7.5% in year one, etc

- Do not support paying more option. The Council does not have a history of delivering more when they charge more. Only a very small proportion of Aucklanders are able to absorb the 'pay more' option (+14% in first year). In contrast, a large proportion would be faced with considerable hardship if the 'more' option was instigated.
- Cities that cut back significantly (pay less option) affect the quality of life of all, especially the most vulnerable and poorer communities. Where the need is highest, delivery of services tends to be lowest so we don't support the do less approach

**1b Council doing more or less?**

**Council should do more** to restore the civil defence functionality of our city. The 27 January floods and Cyclone Gabrielle brought havoc to the city and the virtual disappearance of any civil defence

service was apparent to all. Council has a legal responsibility to have this service. It cannot be left to volunteers.

### **Council can do less:**

- Early ending of the Regional Fuel Tax means transport funding has to be reduced by that amount.
- From that point, we favour a proportionate slice off all cost centres (Transport, Water, City and local development, environment and regulation, parks and community, economic and cultural development and Council support), rather than slashing some savagely and protecting others.
- **In our view, cuts can be made in the following areas:**
  - Urban development projects including the Auckland city centre can be scaled back or /postponed. Something fantastic has always been just said to be just around the corner for Queen Street since 1960s. Since then, the city has swung from marginal improvements then backwards again. Today is probably a low point in Queen Street but the success of the city centre is not about landscaping but more about getting social, economic and planning issues right.
  - Economic and cultural development – major events and economic development. MRA has always questioned the stated value of many of the significant monetary contributions Council makes to bring big events in the city. Quite frankly, they can be reduced with little disadvantage.
  - Council support services – worth looking at costs to see if these can be more efficient. MRA would be pleased to see the current process of over-consultation slashed. As long-suffering consultees, we are cynical, resent the waste of our time and are distressed by the waste of money it represents. Council should be lobbying central government to reduce the burden of consultation in Auckland.

There is plenty of scope for encouraging projects that don't cost heaps. But it means greater control, the council over the CCOs including AT and local boards over local projects. Council needs to deliver improved value for money across the board.

## 2. Transport

We agree overall. The knee-jerk reaction on cycle path reduction is disappointing although to be expected.

- **Can do more:**
  - Busway developments alongside motorway corridors. The North Shore busway has been transformational for North Shore commuters and off-peak travellers. Probably the single best thing to happen on the North Shore in the past 20 years. We support busways for communities across Auckland.

## 3. North Harbour Stadium

- This stadium is being portrayed as a white elephant. MRA does NOT support selling this off or just demolishing. Given the degree of residential development currently and planned for the areas north of Auckland, demand for sporting and event venues in the Albany area will only increase in future years. If the North Shore lost this venue, it would no doubt cost far more to build another at a date probably not that far in the future. We are not prepared to throw the existing venue away. Need to maintain stadium, strategise for a greater range of uses now and in the future.

## 4. Major Investments – Auckland Future Fund. We believe an Auckland Future Fund requires more strategic consideration and should not be decided on in the short term. The proposal seems to be a knee-jerk reaction to the current fiscal difficulties.

- MRA has differing viewpoints on this issue.
- We have some with strong opposition to selling strategic assets of the Airport and leasing the port. Once sold or even leased you lose control of both direction and delivery for the city with profitability going to a separate entity. It is interesting to note many international infrastructure funds consider Ports and Airports excellent investments. It begs the question why on earth we would support these assets being leased or sold.
- **Ports of Auckland lease.** Land retained. Lease operation for 35 years – payment upfront \$2.1bn with no further return. Lessee returns business at end. Many risks in such a long lease, including the effect of inflation on the value of the

upfront lease price when viewed from 10, 15, 20 or 35 years. It is bound to end up looking like it was leased off cheaply. We question what control Council would have over its own long term plans for the port land and its uses.

- Captain Cook and Marsden Wharves – we agree with proposal to transfer these older wharves from POAL to Auckland Council so can be used for public benefit.
- Bledisloe Terminal – we have mixed views. Some feel the port operation should be relocated from Auckland central. Others feel the Bledisloe Terminal fulfils an essential transport service into and out of New Zealand’s largest city. We already have some kilometres of public waterfront from Westhaven to Marsden Wharf. Turning Bledisloe Wharf into further public space would be just a small addition to the space we already have. Under no circumstances should Bledisloe Wharf be further extended out into the Waitemata Harbour.
- **Support for sale or lease of assets with proceeds going into an Auckland Future Fund** Again our Association has mixed views. Some believe strongly these strategic assets should be retained, while others support an airport shares sale and/or port lease with the funds being placed in the proposed Auckland Future Fund.
- There would need to be very strong controls around investment strategies and the entity entrusted with the investment to ensure the capital funds is not at risk of being lost.
- The experience of the past decade means we have zero confidence in the CCO structure and would be very hesitant about the creation of another. Perhaps the Guardians of NZ Superannuation could be vested with this long term.
- We do not support the placing of any investment funds into the care of professional managers who would earn excessive annual management fees irrespective of the fund’s performance.
- We would want strong controls on the ability to sell down from the fund in order to re-invest in significant infrastructure projects only.

6a. **Support continuation of Environment, Water Targeted and Climate Action Transport rates.**

Agree to discontinue the Long Term Differential Strategy which we have always opposed.

Support rates-funded refuse collection on North Shore from 2024.

**Devonport-Takapuna Local Board priorities:**

- We are alarmed that Devonport-Takapuna LB will face increasingly slashed funding owing to the so-called fairer funding model.
- **We do not support the proposed new funding model in any way.**
- The board's stated priorities and areas of advocacy are modest and seem to reflect their low level of funding and the current fiscal mood.
- **Projects and Activities:**
- The Board's major project is to progress the case for a 'new' library and community hub in Takapuna. Earlier estimates envisaged extremely high costs for a development on the new square.
- We would prefer to see the existing library in The Strand upgraded and re-developed to meet future needs. Done over time and in stages, this would ensure costs are kept under control and any blowouts would be small in scale and more easily minimised.
- We would like to see the local board pay greater attention to the Milford Centre Plan 2015-2045. This plan was community-led and still reflects the aspirations of Milford people. Very little in the plan has been achieved to date although there is still excellent scope for small projects that would make a positive difference to our town centre.

In a nutshell, we want Council to not waste money and take back control of spending and projects from AT, and the other CCOs.

Local Boards should be given the authority to contract and manage smaller projects such as asset upgrades and renewals.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Walking and cycle ways. Liberate the lane.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10867**

Wasting money and fuel mowing motorway (and other) berms. Plant them instead.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Focus on public transport and walking and cycle lanes

**2a. Is there anything you would spend more on?**

walking and cycle lanes

**2b. Is there anything you would spend less on?**

roads

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Nothing wrong with the stadium. Keep it. Use it more.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

the shares will be sold and the fund will be raided for short term gain

**#10867**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

And shrink the port's footprint.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

public benefit

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#10867

**Tell us why:**

public benefit

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#10867

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
--------------------------------------------------------------------------------------------------	---------------

#10867

Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

#10914

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

In 2020 an Independent Panel review of Auckland Council CCO's lead by respected Chair Miriam Dean stated "The harsh economic reality is Auckland neither needs nor can afford four stadiums (Eden Park, Mt Smart, Western Springs and Albany Stadium)".

In September 2023 Auckland Council issued a Request for Expressions of Interest "Main Auckland Stadium" which reiterated the findings of the 2020 review. "Auckland (read we ratepayers) neither need, nor can afford four stadiums."

I would like to understand why the Council have not acted on that independent recommendation.

Albany Stadium cost \$41m to build in 1997. Was then loaned by North Shore taxpayers another \$30m in 2006, a loan later forgiven because they could never pay it back. It is now forecast to cost ratepayers in capital expenditure a further \$33m over ten years. Last year it lost \$2.6m. At this rate it would be an additional \$26m over the next ten years from ratepayers. This is a total of \$130m cost to the ratepayers.

Chair of Tātaki Auckland Unlimited, Vicki Salmon has written Albany Stadium "is - by far - the least used in the region's stadium network", "concert promoters and sports executives who decide where to put their events on dislike the Albany venue for a number of reasons." "the stadium doesn't meet the North Shore community's needs nor the requirements of its main long-term users, including rugby and football, "with no replacement regular tenant revenue or one-off major sporting or music events on the horizon" and most accurately "overall, they (fans/ratepayers) don't come anymore". I note per Councillor Watson that North Harbour rugby's average crowd was only 1,500 at home games.

# #10914

Option 1 Feedback - So we have a stadium that has taken \$130m of ratepayer money that no-one on the North Shore uses, nor do event promoters or sports administrators want to use it. This is an incredibly poor return on ratepayer investment. However Councillor John Watson advocates keeping this unused monument and incurring more significant ratepayer cost for no return. I do not support this.

Option 2 Feedback - The LTP and Deputy Chair of Eke Panuku Jenna Wootton notes Option two will deliver a 10,000 person stadium that will be “fit for purpose”, an often rolled out cliché by politicians and bureaucrats when there is no underlying detail, business case, nor financial plan, all of which are noticeably absent in the LTP. How can we support this with no detail.

So we are being presented with replacing a 17,000 capacity stadium with a rectangular field no one uses with a 10,000 capacity stadium with a rectangular field “they will all come to”.....except history shows they don’t, and despite what the politicians and bureaucrats tell us, we all know they won’t because for NZ Rugby or Taylor Swift or anyone else there is Mt Smart, Spark Arena, Eden Park, Western Springs and the Domain which recently hosted Symphony in the Park.

Finally there are no cost estimates for Option two but you can be sure that to build an 8,000 – 10,000 person stadium will cost ratepayers vastly more than \$33m given the \$100m+ put into Albany since 1997 which also was “fit for purpose”, and you can be sure when nobody comes, it will be the Auckland ratepayers funding the ongoing operating losses, and the inevitable significant additional capital expenditure required. I do not support this.

I propose the following:

Option four –

Let’s accept the consistent unbiased advice that Auckland neither needs nor can afford four stadiums, with Albany being by far the least used, and let’s observe the undeniable fact that North Shore ratepayers never use or attend Albany stadium, and indeed that event promoters and sports administrators don’t want to bring their events to Albany (regardless of who operates the stadium).

I propose we take the \$33m of forecast capex and use that across the entire North Shore to either upgrade or build new community sport and recreation facilities that all ratepayers can use every day.

And if Albany Stadium is really worth \$450m per Councillor Watson, but is only attended by fewer than 1,500 people at North Harbour Rugby home games several times a year, then I propose it would be better to sell that asset and reallocate that significant capital into projects ratepayers want and need, rather than it be tied up in an unused asset that is Albany Stadium.

**#10914**

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#10979**

Support most of the proposal

**Tell us why:**

Too much emphasis on Cycle Lanes

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

This Stadium was built and paid for by the people of the North Shore and North Harbour region. Since 2014 when taken from the control of the Stadium trust it has been allowed to deteriorate through lack of maintenance and fixtures have been reallocated to Either Eden Park (which is not owned by Auckland City) or Mt Smart.

The costs for operating the function center have increased considerably making it untenable for many users. Example -there used to be 6 High School Balls held there every year. There are now none, due to the increased costs.

The North Shore Region is now around 500,000 people incorporating Warkworth in and the suburbs in between. It is one of the fastest growing areas in NZ..

It can be a major event and Function Centre stadium for this region.

The sports fields are fully used and to sell them off for housing just to raise funds to try to bring Mt Smart up to an acceptable standard is totally unacceptable.

It must be remembered that North Harbour Stadium. Was built by North Shore volunteers who formed a Trust and sold Corporate Boxes, Naming Rights and most of all Seats to the people of the North Shore.

It is vital that the green space is preserved for recreation and drainage etc to cope with climate change.

**#10979**

It is doubtful that a proposed deconstruction of the Stadium to then replace it by a smaller size stadium would be cost effective or economic.

It should also be noted that the Auckland Council destroyed the seating on the northern side of the stadium by wiping out half of the seats..

The Council say that there have been no events scheduled there. FIFA would have played there if the seats had not been destroyed.

It leads us to having a local Stadium run by North Shore residents..

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I agree with the mayor's views.

We do not get an effective return from the Airport and the Ports of Auckland.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

#10979

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to</p>	<p>Support</p>

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#10979

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

**#10979**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better transport public transport links to the Airport from the North Shore and the City. These could be co-funded by AIALtd.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11023**

A thorough review of the activities of EKE Panuku. They appear to waste a huge amount of money, (e.g. Northcroft and Huron Street upgrades in Takapuna, replacing Toilets at Takapuna and Devonport which could have been upgraded, and they do not deliver what local residents actually want in our area. It seems that there is a culture of doing whatever they like to justify their own existence, without acknowledging that their job is to serve the ratepayers of Auckland.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

This is not the time to be spending money on residential speed management and road safety, or developing urban cycleways and walking connections. These are "nice to haves" when the finances are in better shape.

### **2a. Is there anything you would spend more on?**

Yes.

Electric ferries should be introduced as soon as possible.

We need an better and faster public transport links to the airport, particularly from the North Shore. The airport should co-fund these.

Don't charge for park and rides.

Don't cut bus services.

An excellent public transport service will encourage people to use it. The more financially successful routes should subsidise less cost effective routes so that all Aucklanders have access to good public transport options.

Fairer contracts for bus drivers: "split shift" contracts are unfair.

### **2b. Is there anything you would spend less on?**

This is not the time to be spending money on residential speed management and road safety, or developing urban cycleways and walking connections. These are "nice to haves" when the finances are in better shape.

**#11023**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Didn't have time to read that section, but it is a white elephant at the moment, so I support the review.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Ownership of shares in Auckland Airport is not central to the role of a local/regional government organisation. However, to use this \$ tied up in this asset in order to finance and deliver the special projects outlined seems sensible.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

There are too many other considerations around the leasing option: not that it is necessarily a bad idea. A 35 year lease removes Council's options for a generation. What happens if there is a major natural disaster in Auckland, and the Council cannot deliver on their obligations under the lease?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

#11023

**Tell us here:**

The fund gives the security of knowing that "special" situations can be covered in future without placing an unexpected burden on ratepayers.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

What would happen if there was a MAJOR event in Auckland like a volcanic eruption? Would self insurance be adequate for that?

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This is an opportunity to create a wonderful open space for Aucklanders to use close to the water. However, I would object if the land was sold off for buildings/residential.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

I think it is a waste of money to get rid of the existing library in Takapuna and build a new "community hub". It is an excellent facility which is centrally located with good parking on site. In a cost of living crisis, this is not the time to waste mo

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

I would like you to consider that Auckland is a MULTI cultural society, and that all members of this society are equally important, whatever their ethnicity is. Māori culture and history is important, but it is a waste of money delivering bi-lingual (Te Reo) signage when Māori are a very small proportion of the population here.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	Do more
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make Auckland a city WHERE IT IS FEASIBLE TO NOT OWN A CAR. Create a safe, connected, citywide cycleway network. Ensure schoolchildren can easily and safely cycle or walk to and from school. DO EVERYTHING POSSIBLE TO REDUCE TRANSPORT EMISSIONS.

**#11089**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I DO NOT WANT TO PAY LESS. I DEPLORE THE BLATANTLY FRAUDULENT CAMPAIGNING CLAIMS OF LESS RATES PERPETRATED FOR DECADES AND RESPONSIBLE IN LARGE PART FOR THE CURRENT MESS THE CITY IS IN.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I support congestion charges. I support the public transport improvements BUT THEY DO NOT GO NEARLY FAR ENOUGH and they suggest I should have ticked "DO NOT SUPPORT MOST .."

**2a. Is there anything you would spend more on?**

I WANT A PLAN FOR AUCKLAND THAT INCLUDES OVERLAND LIGHT RAIL.

**2b. Is there anything you would spend less on?**

I do not support extending Auckland's urban reach. I support "GOING UP, NOT OUT". I live in Devonport and would most definitely be willing to have apartment blocks in my suburb.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Insufficiently informed.

**#11089**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I support the "It's Our Auckland" stance and rationale regarding this proposal.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I want the moving of the port away from Auckland to exist in a feasible plan. I want prioritisation of freight rail. I DO NOT WANT THE PORT TO BE LEASED FOR 35 YEARS.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I support the "It's Our Auckland" stance with regard to council debt.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I support the "It's Our Auckland" stance on this issue.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#11089

Other

Tell us why:

I support the "Stop Stealing Our Harbour" position on this.

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

I support the "Stop Stealing Our Harbour" position on this.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport even if it means running things at a loss. It is the only way we can meet our climate targets.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11096

Nah, even if there are things I don't personally like, I like having a diverse community who enjoy different things.

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

I support the changes to funding PT. I mean, I would prefer it was free but you are being realistic.

I do not support reducing traffic management requirements. That should not be a public decision that is for safety experts to determine best practice. Embarrassing that you are even asking. Do you crowd source medical advice too?

I do not support reducing cycle ways - it is shockingly unsafe right now and we have agreed as a country to commit to active modes for climate action. It would reduce congestion and improve health too.

I do not support removing raised pedestrian platforms. they are excellent value for money for the impact they have on safety. People who complain about them just want to speed which is against the law. People will moan and groan at first and then get used to it, and lives will be saved.

### 2a. Is there anything you would spend more on?

Bus shelters. We have crappy weather in Auckland, we want people to get buses. Make it less horrible. I would bet a bunch of private companies would be willing to sponsor them even.

### 2b. Is there anything you would spend less on?

Network optimisation and dynamic lanes because the technology is getting so good at that kind of thing, that we wouldn't need it, there will be an open source app. Plus we want LESS cars on the road right? Invest that money in PT.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

**#11096**

**Tell us why:**

I have never even used it. Didn't even know it was for the public.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Short term gains but a long term loss of an asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We need to retain control for a bit longer at least until we understand the changing needs of our port. What if change to a different port and then we have given up rights to some of the most valuable land in Auckland for 25 years.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#11096

**Tell us here:**

Port needs relocating to Manukau. Way past time. Closer to freight and factories, not clogging up the CBD. Cruise ships and super yachts coming here don't want to see freight being loaded they want a lovely harbour with restaurants and bars and maybe a new theatre.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

it's a step in the right direction for what the harbour needs to become.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Shipping shouldn't be in the CBD anyway, all the better to use that space for tourist attractions and something lovely to look at.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

#11096

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

#11096

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Rates funded refuse collection - I am pretty torn on this one because I think user pays helps to encourage people to reduce their rubbish, but it disproportionately affects large families. I also hate the tag system and would rather pay at once and not stuff around with it. I would encourage that this goes alongside a wider campaign to reduce rubbish.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Very Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important

#11096

Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve and expand the ferry service similar to Sydney. More wharves and options.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11100**

No. I think the council should have a leading hand in the life of the city and the money to do what's needed.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Good integrated transport is important. I support most of the proposal because not all of the factors at play can be known yet.

**2a. Is there anything you would spend more on?**

Safety. Transport Police. Like London.

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Reduce size and make it home of football.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It's a good plan and necessary.

**#11100**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It's a good option.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It seems a good idea to keep the status quo if nothing else is changing.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

More open space. Great for the city

**5b. What option do you prefer for Bledisloe Terminal?**

#11100

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

As above.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland Council should do more to realise its Climate Plan and Transport Emissions Reduction Plan.

Auckland Council needs to improve community resilience, which is partly planning and infrastructure, and partly building community networks.

**#11107**

please do not reduce staff levels to the point that they are overwhelmed and unable to give good advice.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Council should stop enabling housing at the edge of the city where there is no infrastructure. We need a compact city to grow a strong economy, a lower carbon future and better services for residents.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

- I support -completing the City Rail Link
- improving bus, rail and ferry networks for more reliable service
- funding new cycleways and shared paths so that more people have access to the network
- delivering new and improved footpaths across Auckland, particularly in the city centre.
- “Time of use” charging
- a “room to move” programme to review parking in critical areas and increase revenue from parking and Park & Rides.
- 50% electrified buses by 2030
- expanding the rapid transport network (RTN)
- a weekly \$50 cap on public transport fares

**2a. Is there anything you would spend more on?**

- completing the Downtown and Midtown Bus improvements
- more cycleway and walking connections
- safety projects around schools and town centres.

**#11107**

- better funding for maintaining, expanding and promoting the public transport network, including to more remote areas
- rolling out electric ferries and more low-emission buses, plus supporting infrastructure
- the Lincoln Road and New North Road corridor upgrades
- greater investment in rail: rolling stock, and more support for ongoing Kiwi Rail track maintenance
- Street trees and rain gardens

## **2b. Is there anything you would spend less on?**

Instead of expensive and unnecessary widening of already wide roads like Te Irirangi Drive, we could use existing space for bus lanes and active modes. The Eastern Busway could be rescoped to use the existing road corridor and still have room for a cycleway and footpath. The excess land could then be used for housing.

I do not support the full expansion of the 'unsealed roads' programme.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The airport shares are a strategic asset that has paid good dividends in the past and will again in the future. We are also concerned that the fund would be whittled down in time in a reactive way rather than being used strategically to transition to a low-carbon and resilient economy, and city.

**#11107**

There are currently no ethical parameters for the Future Fund, so it might invest in companies that exacerbate the climate issues that the fund is designed to address. Investing in a non-ethical fund may jeopardise council's access to low-cost infrastructure loans via Green Bonds.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leasing the port would privatise it for a generation or longer. We would lose control over a key part of our waterfront and the income from its profits (\$52M last year). The proposal may also lead to worse outcomes for workers, and higher costs for New Zealand businesses and consumers.

Plus the concerns over the Future Fund (as in 4a).

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Port dividends have always been used to fund council services and we do not support a reduction in services when the population is getting larger and the challenges are getting greater.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#11107

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It will open up more of the waterfront space for public enjoyment and events. Cruise ships could be relocated from Queen’s Wharf, meaning less impact on ferries and a more enjoyable space.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It would be hugely expensive and environmentally damaging to move port operations from Bledisloe Wharf, and the port would be less able to return a dividend to council.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

#11117

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

Furthermore, for waste management, Auckland should consider expansion of waste-to-energy plant.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Change the streetlights to LEDs that are capable of dimming. For lights that are capable, consider reducing the brightness during graveyard hours to reduce light pollution and energy use.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

**2a. Is there anything you would spend more on?**

**#11117**

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere, and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**#11117**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

This is a distraction (for Aucklanders and financially) to more pressing issues such as transportation, and essential infrastructures.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This is a distraction (for Aucklanders and financially) to more pressing issues such as transportation, and essential infrastructures.

#11117

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden, Devonport-Takapuna, Waitemata

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#11117

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Fairly Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Fairly Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

## Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
--------------------------------------------------------------------------------------------------	------------------

#11117

Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Waitematā Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
-------------------------------------------------	------------------

#11117

Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Not Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitemātā including making digital content and place-based stories more accessible.	Not Important

**Tell us why**

Improving safety and perceptions of safety depends on the systematic issues. Window dressing should be minimised and actual investing in safety should be invested.  
 Personally, I only support better lighting for city centre (e.g., Queen Street, and Aotea S

**7c. What do you think of the Waitemātā proposed priorities for the 10-year budget 2024-2034?**

**#11117**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do less
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protecting the Waitemata Harbour environment

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less crazy over the top road cones for road works.

**#11132**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Sensible options

**2a. Is there anything you would spend more on?**

More. smaller buses.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It feels like it's out of bounds for North Shore people = nothing much seems to happen there so it seems like a wasted asset. I think we should keep it because the population is only going to grow and it will be utilised more in the future

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Look at Darwin - sold their port to a Chinese company. Not a good idea to lose control of strategic assets. The airport and port are in the same basket here.

**#11132**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It's important to retain control of the asset. Over 35 years there's no guarantee a company will deliver on its lease for Aucklanders. They'll be delivering for their shareholders primarily.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I think in time the port operations will move more and more to Tauranga so the downscaling may occur naturally.

**5b. What option do you prefer for Bledisloe Terminal?**

#11132

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

People deserve to be able to be close to their beautiful harbour. over the last 50 years the port has cut people off more and more from the asset that should be for all of us to enjoy.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support

#11132

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11139**

Less roads

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Apart from making public transport faster, this will lead to more deaths and serious injuries. Auckland's road safety record is already terrible - why are you even considering this?

**2a. Is there anything you would spend more on?**

Road safety and public transport

**2b. Is there anything you would spend less on?**

Anything that encourages more use of private motor vehicles

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#11139**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

We can't even manage Queen's and Prices's wharf adequately.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#11139

**8. Do you have any other comments?**

# Ten easy things

Here are ten cheap and uncontroversial mini-projects that might encourage more people to walk or ride a bike for short journeys around the Devonport Peninsula.

Costs are guesses and assume volunteer labour where possible.

- [1. Remove staples](#)
- [2. Add bike parking](#)
- [3. Give cut throughs some love](#)
- [4. Make exceptions for cyclists](#)
- [5. Add wayfinding signage to the Green Route](#)
- [6. Formalise Plymouth Reserve Track](#)
- [7. Create a Blue Route](#)
- [8. Market the Bike Routes](#)
- [9. Run a Bike to School Day](#)
- [10. Add hit sticks to the danger spots on Lake Rd](#)

## 1. Remove staples

Cost: \$100 / staple

## 2. Add bike parking

Cost: \$100

Add bike parking at local parks and shops to encourage people like these kids to ride their bikes to local amenities.

Previously, expensive, stainless steel stands have been installed but cheaper options are available. All you need is a solid rail that you can lean a bike against and secure a lock to.

This could be recycled stables removed from cut-throughs (see Project 1 above). Any piece of U-shaped metal concreted into the ground would do, for example, three pieces of steel tube with two U joints,

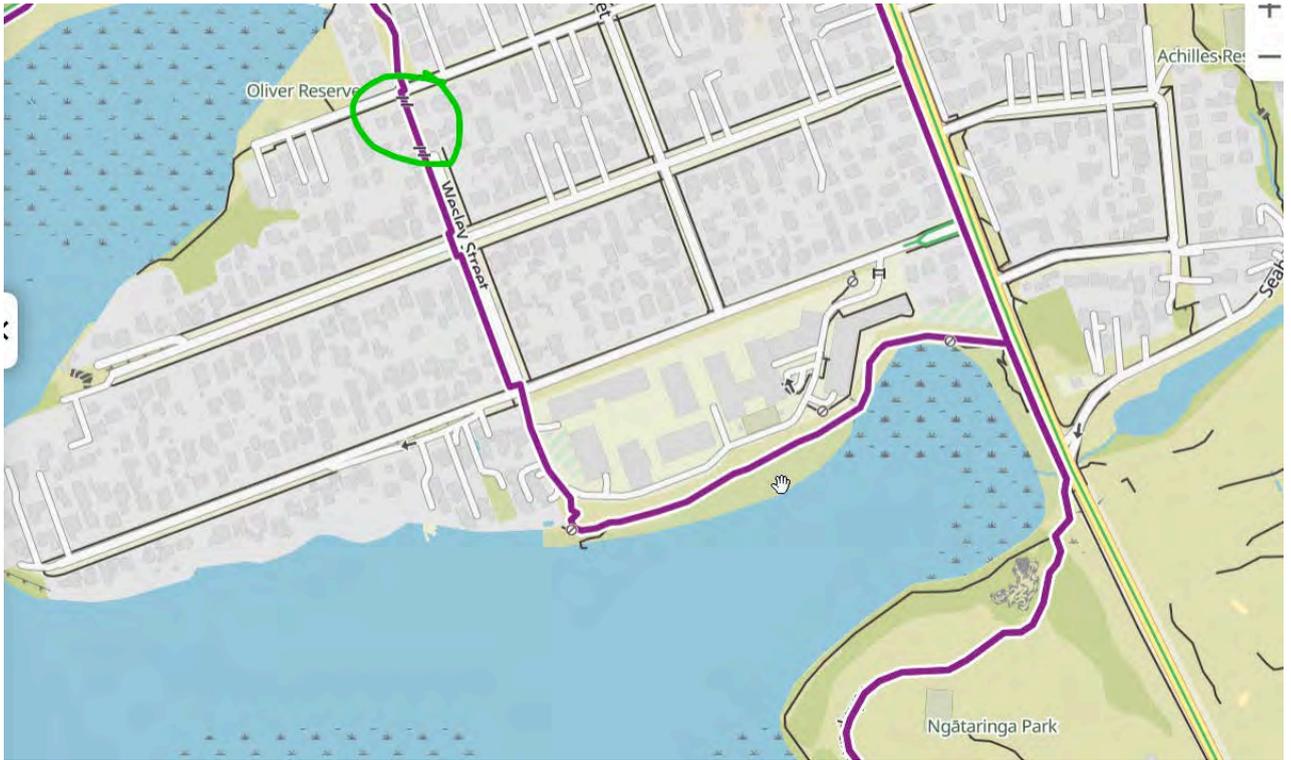

Unfortunately, the old-fashioned wheel bender stands will not do because, well they bend wheels and you cannot lock the frame to them.

### 3. Give cut throughs some love

Cost: \$500

Cut-throughs allow cyclists and pedestrians to take quiet streets where they feel safer. The cut through between Harley and Hart Rds is on the green route but has a nasty handlebar snagging wire and post fence. You could probably sort this in an afternoon with some wire cutters and a chainsaw.

Lots of cut throughs are hidden away like this one on Wesley Street that links Polly's Park with Plymouth Reserve and Bayswater

Adding a wayfinding sign would make more people aware that this shortcut existed.

## 4. Make exceptions for cyclists

Cost: \$500

Add "Except Cycles" signs where it is safe to do so. Opening this entrance to Kerr St to cyclists would allow them to maintain momentum to help get up the hill to Devonport Primary School.

Many safety restrictions were added to protect pedestrians from motor vehicles. A person on a 20 kg bicycle travelling at 10 km/h does a lot less damage than a person driving a 2,000 kg car at 50 km/h. Why restrict bicycles when they pose a much smaller threat?.

The signs probably cost a fortune but surely you could whack a dozen of these up in a day.

## 5. Add wayfinding signage to the Green Route

Cost: \$100+

Why not add some wayfinding signage at key points on walking and cycling routes? For example, at Bayswater Park you could add a sign indicating cycling and walking times to the Belmont Shops, Bayswater Ferry, Devonport and Hauraki. This would help visitors and newbies and might inspire people to walk or ride further when they realise how closer things are.

The green route does have directional signs at intersections but they are easy to miss. How about painting the kerb stones kermit green when you need to turn a corner?

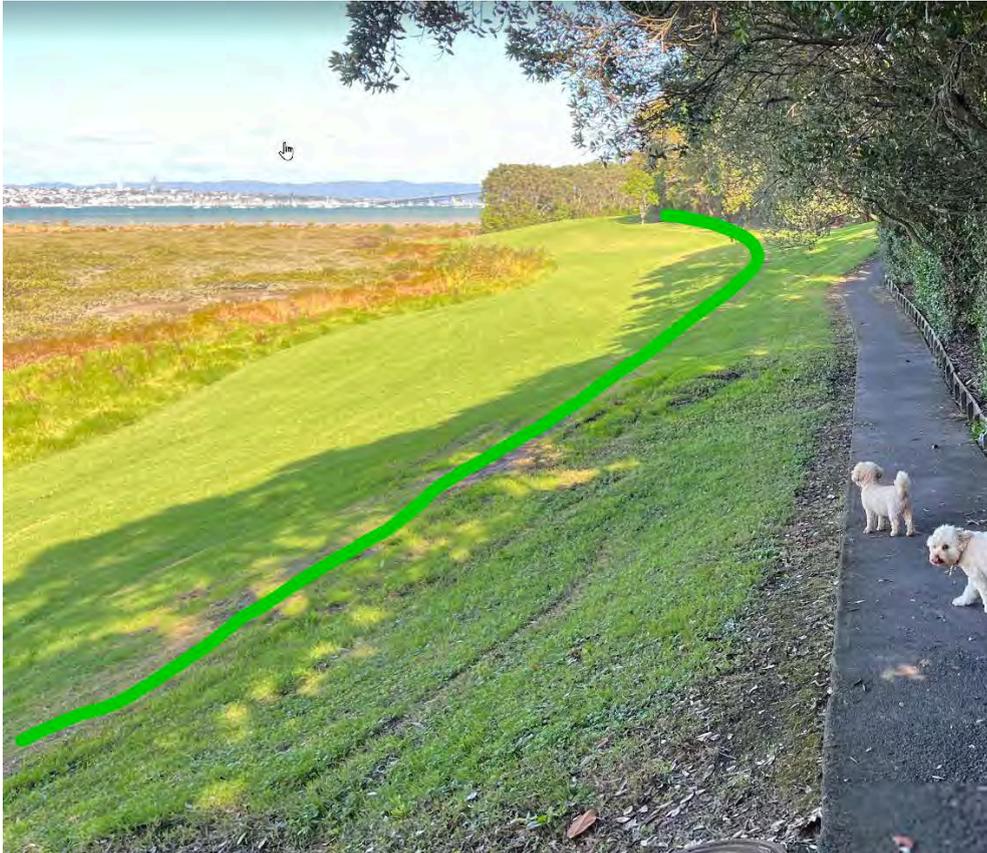

Alternatively, why not stencil wayfinding on the cycleway or footpath like they have in Upper Queen St

New way-finding sign - probably \$1000. Painting kerb stones - \$100 for a tin of paint. Stencils \$500?

## 6. Tip some gravel on the Plymouth Reserve track

Cost: \$100

On the Plymouth Reserve part of the Green Route cyclists have created an informal track on the grass because the concrete path is very narrow and overhanging plants get in their faces. This has the advantage of separating fast-moving cyclists from pedestrians.

Unfortunately, in winter this turns into a mud bath.

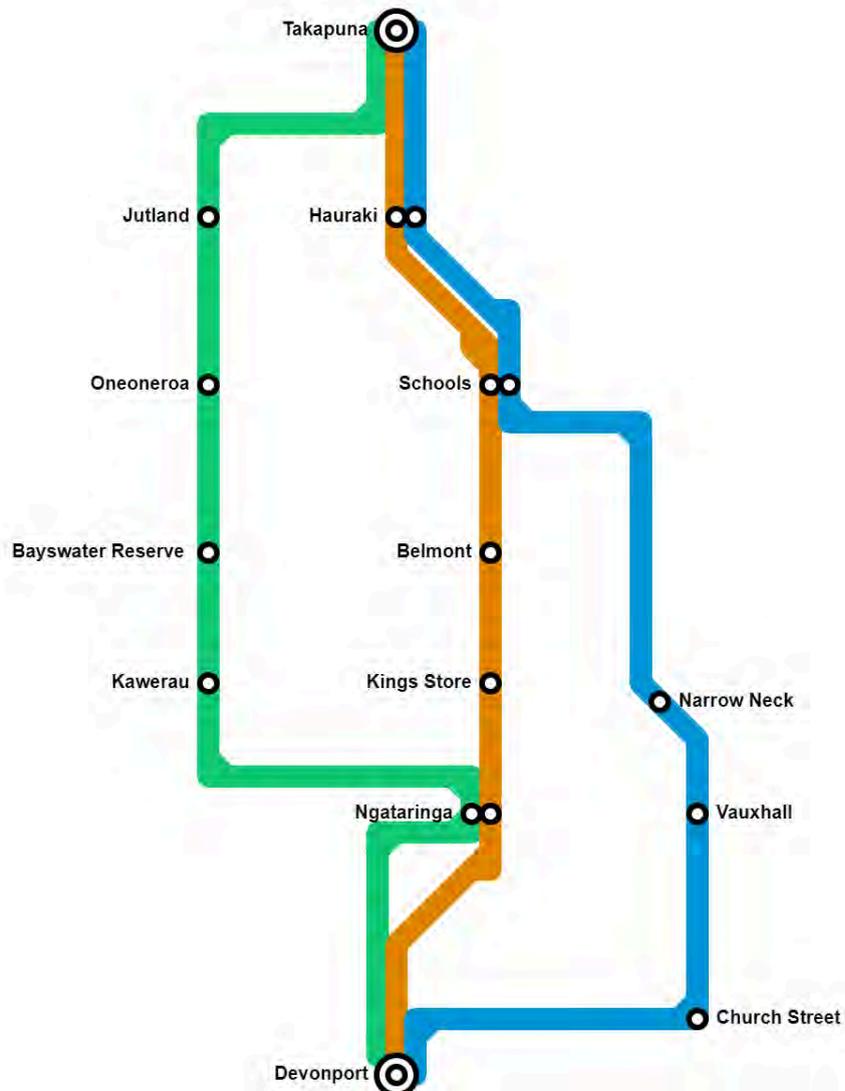

A few barrows of shingle would sort this out. The same thing happens at the track across the Takapuna Grammar fields by George Gair Lookout.

You can probably buy a trailer load of gravel for less than \$100.

## 7. Create a Blue Route

Cost: \$5,000

You should join the cycle paths running along King Edward Parade, Church St, Vauxhall Rd, Hamana St and Seacliffe Ave into a “Blue Route”. You could then market this with the Green Route as a tourist attraction (see Project 8 below).

This is an attractive easy route to ride taking in Duders Beach, Devonport Museum and Mt Cambria, Vauxhall Shops, Cheltenham Beach and Narrow Neck. Close by are the Navy Museum and Maungauika.

All that is needed is some signage.

10 signs at \$500 each = \$5,000

## 8. Market the Bike Routes

Cost: \$1,000

Why not engage with a university and run a project with their marketing students to develop a marketing plan for the bike routes. AT already has a map for the Green Route. What not make it a loop using the Green Route to Takaoyuna and the Blue Route back to the ferry.

Get some influencers to make some Tik Toks of their dau in the sun. Put a sign up as you exit Devonport Wharf. Add the routes to Komoot and the Bike Auckland website.

Cost: \$1000 for a sign and printing brochures

## 9. Run a Bike to School Day

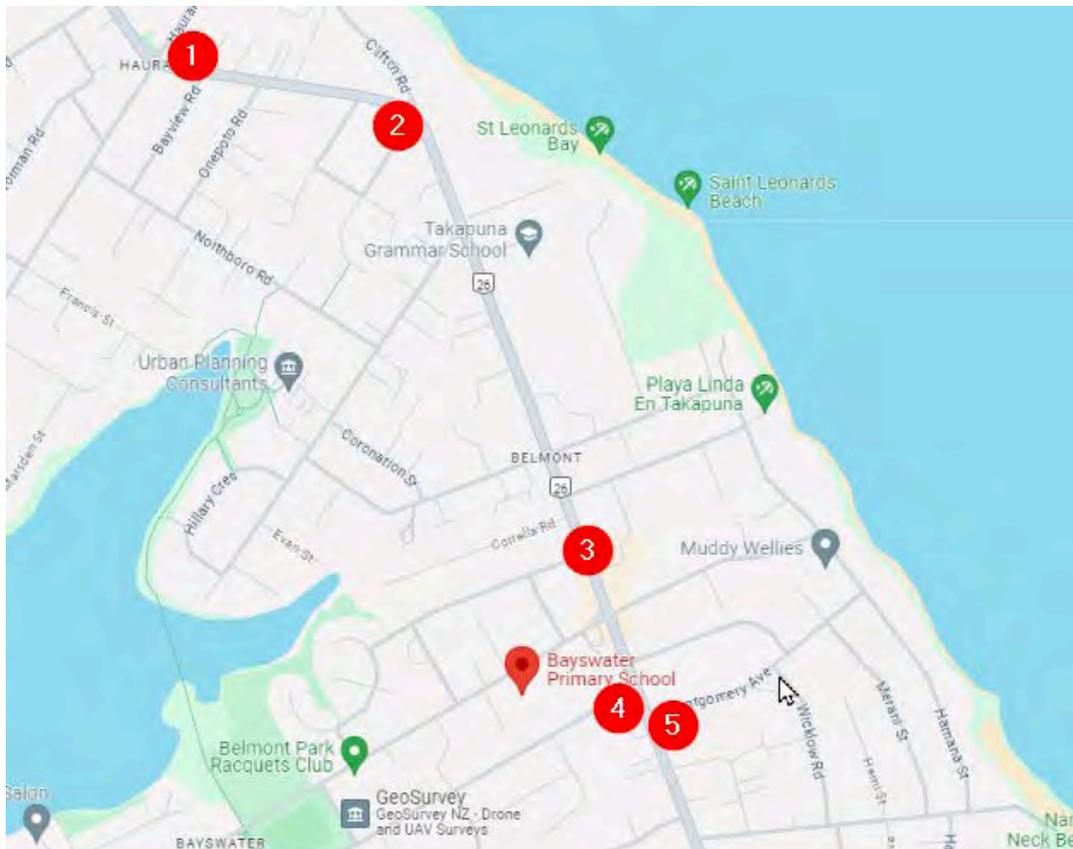

Cost: \$1,000

Kids want to cycle to school - it's their parents that won't let them because they're worried about their kid being run over. Why not work with a community group to run a Bike to School day. If all schools on the peninsula did it on the same day this would create a major vibe. There is safety in numbers and maybe seeing hundreds of kids cycling might help motorists realise how restricted children's lives have become.

## 10. Add hit sticks to the danger spots on Lake Rd

Cost: \$1,000 / intersection

This one is not uncontroversial but is absolutely necessary. The Lake Rd cycle lane is too dangerous for most people to use. Only the “Strong & Fearless” and the “Enthusied & Confident” are prepared to use it. The “Interested but Concerned” (approx 60% of residents) will not use it nor will parents allow their children to use it.

The reason people will not use it is because paint is not protection. Motor vehicles regularly intrude into the cycle lane or cut cyclists off left turning into a side street. There have been at least three serious injury crashes on Lake Rd including the one that killed Warrick Jones at Montgomery Ave.

I think you should add hit sticks at the five worst places on Lake Rd. AT has done this at Onepoto Rd in Hauraki but stopped there for some reason.

Start at Montgomery Ave - it might give Warwick Jones' family some hope that someone else does not suffer their fate.

Do Roberts Ave next where a kid was seriously injured by a left turning car

Move onto Clifton Rd where a pedestrian was killed (hit sticks tend to slow traffic so help both cyclists and pedestrians)

Finally do Jutland Rd and Egremont St where motorist regularly illegally use the cycle lane to squeeze past traffic

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Climate resilience-building.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11142**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Much more detailed analysis and planning needs to be given for transport needs on the Devonport peninsula. If increased density residential development proceeds with the road situation as it is, a point will come where there will be gridlock, and we are approaching this point as it is. Public transport and cycling, whilst important to improve, is not sole solution, car traffic must also be viable.

**2a. Is there anything you would spend more on?**

See above.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>

#11142

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

### Devonport-Takapuna Local Board Priorities

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	I don't know
Implement priority actions from the Devonport Takapuna Ethnic Plan.	I don't know
Continue to build relationships with Iwi and Mataawaka to promote projects of interest	Very Important

#11142

to Māori including the restoration and improvement of Te Uru Tapu.	
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Devonport-Takapuna

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport, particularly to reduce fares across the board and improve frequency of services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11185**

Building roads, urban sprawl.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I strongly support making public transport faster, more reliable and easier to use, installing raised pedestrian crossings and building cycleways.

### **2a. Is there anything you would spend more on?**

Reducing public transport fares, installing raised pedestrian crossing and building cycleways. Cars did not stop at a marked pedestrian crossing until a raised crossing was installed. If there is an issue with cost, council should be focused on reducing that cost, not ditching a fundamental tool in making our communities safe. The blather about temporary traffic management requirements is bizarre virtue signalling from an elderly mayor which will rapidly pass.

### **2b. Is there anything you would spend less on?**

Building roads.

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

This would probably make a very nice park. The stadium seems redundant.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#11185**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This is nothing more than window dressing.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The port is a key strategic asset which council should have full control of. It is unlikely to be operating from the current site within a generation and this proposal would simply get in the way of that change in land use.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#11185

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#11185

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Water, roading, public transport....

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11191

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

raised pedestrian crossing, the design is not correct....they cause rain water to back up and flood the road, if the gutters have not been cleaned, we have a major lake happening...Bayswater Ave, when it rains....

### 2a. Is there anything you would spend more on?

the North Shore, you either create another bus express lane, or you put light rail up to Whangarei....probably same with South Auckland....the problem there is...whoever selected the type of trains should be an reputable expert...not the like the plonker the council selected to deal with the trains/rails on the southern lines...

### 2b. Is there anything you would spend less on?

Council wasting money. there are horror stories floating in the air....permits for existing bathrooms, replacing existing shower, toilet, basin etc, having 20 inspector visits....unbelievable stuff like that....

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

well this stadium was pushed for by the \*\*\*\*\* council at the time .....it is too small, it doesn't hold many people, with no real parking facilities, the only public transport is bus.....need I say anymore... if the land around it is sold to enable funds, all we are going to end up with are of the high raise \*\*\*\*\* holes like what is happening now up there.....

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

**#11191**

Proceed with the proposal

**Tell us why:**

With caution .....if the shareholding has easy access.....?

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

if the port is creating funds for council why not.....the distribution of the improved profit and dividends are more the better for the council.....if the funds are spent/divided in the areas correctly. not the pie in the sky stuff the council tend to do...

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

profits and dividends could be used for both council services and Auckland Future Fund

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#11191

**Tell us why:**

leave it for another year.....2026.....maybe.....more thought required.....Captain Cook and Marsden .....\$100 million is a lot of money.....

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

more dividends better for council. The roading structure is not capable for trucking in products to Auckland from elsewhere is NZ .

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species.
