Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Auckland Transport has been useless and I dont trust them to do most of these things. Every change I've seen by them over the past year or two has made traffic and public transport WORSE

2a. Is there anything you would spend more on?

Replacing Auckland Transport

2b. Is there anything you would spend less on?

Auckland Transport

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Selling an operating lease for the port of Auckland would require the leasing company to earn MORE than they paid, resulting in higher costs to businesses for using the port, and this cost being on charged to the consumer, selling an operating lease for the port of Auckland will worsen the cost of living crisis.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Most of Auckland CBD is not utilized as it could be, adding additional space will not result in any public benefit and instead costs money.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Reducing port operations reduces income into the council causing further financial strain

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

The dog warden at Bethells Beach is mentally unstable and displays worrying behaviour. I don't want my rates spent on someone trying to trick people who mind their own business walking the beach with their family member.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I don't support people losing their family home and people losing fertile land to roading.

2a. Is there anything you would spend more on?

Rail infrastructure

2b. Is there anything you would spend less on?

People are fixing one pot whole and disregarding the one next to it. Do a job once and do it right.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#35

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#35

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Waitākere Ranges

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Very Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	I don't know
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important

#35

Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Fairly Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Fairly Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Fairly Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	I don't know

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Can you fix the roads, please? Thank you.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Don't increase the targeted Waitakere ranges targeted sewer pump out fee. It's unfair for them already disadvantaged community.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Waitematā

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Fairly Important

Support local communities to develop Emergency Planning & Readiness Response Plans.	Not Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Fairly Important

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Getting rid of all incompetent staff particularly those who’s been pushing for speedtable/humps on almost ever corner of Auckland, seriously not all straight roads need it, put it where in makes sense. Clearly these people are either just been in the job become they know someone or the one who hire them is also incompetent.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting money on building raised pedestrians on almost every street in Auckland. You saying after hundred of years, people can no longer safely cross the road? Like stop, look before crossing. Very simple. Besides, it doesn't and won't prevent idiots drivers (drunk or under influence) from hitting people.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycleway from Te Atatu to New Lynn, so dangerous for cyclists who cycle this journey on Great North Road.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not support stopping cycleway initiatives, in particular I think progress should continue for the cycleway from Te Atatu to New Lynn.

2a. Is there anything you would spend more on?

Cycleway from Te Atatu to New Lynn

2b. Is there anything you would spend less on?

Speed bumps and speed tables at major intersections, like those added to the main intersection in New Lynn.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important

Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Proposed priorities sound great

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, cut down your useless employees and stop those stupid/nonsense spending

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, do less and spent less

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

didn't see any result and doesn't benefit to the public

2a. Is there anything you would spend more on?

do not spend

2b. Is there anything you would spend less on?

spend less on everthing

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

hire someone who knows how to do the job and not muppet

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

the money will going to the drain again and again

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

port is start making profit, if sold those money wont be wise spent

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

better to use money to make money and not stupid spending

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

nope

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

good for the public

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing</p>	<p>Do not support</p>

#49

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
---	---------------

#49

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

good ideas but will be poor execution

8. Do you have any other comments?

get some one capable of archiving goal rather than clipping the ticket

Long-term Plan 2024-2034

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Henderson-Massey

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.

Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.

#54

Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local	

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A robust public transport system. Further development of affordable housing for Aucklanders. If prioritizing the CBD, perhaps ensuring that the Sky World Entertainment Center has a thriving food court once more. This was once the beating heart of central for me and many others. Promote more environmental stability.

#58

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop focusing on road infrastructure improvements unless they are to upgrade public transport.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Auckland Council is not at fault for the Central Government's failure to maintain the regional fuel tax. I feel that stopping cycle lanes and pedestrian crossing infrastructure will hurt alternative transportation options for non-drivers.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

New roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

I believe that the priority for Auckland Council should be on the general needs of the community. Whilst sports are a priority for New Zealand's international character, I feel that there are better places that the money can be spent.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>I don't know</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Railway transportation

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Housing development

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Transport system in Auckland need much attention so that we can reduce private transportation

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Dynamic lanes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The development in that is enough for next 10 years

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Risk diversification is good strategy at this moment

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

This will give good investment income later

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#92

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#92

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Funding allocated plocy on non-workers or low income families should be modified and restricted upto a certain level

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

People park their cars on pathways and lawns. Sometimes it takes 2-3 days to wait for the person who can fine the violator. Often when the AT worker arrives, the cars are no longer there.

There are not enough sport facilities in new suburbs

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I pay for my house and content insurance and I don't want to pay for future floods and disasters for people who don't have one.

I don't want to pay more for old suburbs and their problems with stormwater.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Rodney, Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#124

Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Not from the Rodney area

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Fairly Important
---	------------------

#124

Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Fairly Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland Council may do more new infrastructure for sport activities in new areas.
Make the fight against parking on lawns more effective and fines more visible.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less climate actions.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Public transport should be good alternative to the private cars.

2a. Is there anything you would spend more on?

Park and ride hubs. Transport routes similar NX, WX. Direct busses like NW/WN

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

City money should work and accelerate Auckland development. We do not want generate new service costs and fees. Home insurance should be mandatory.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#125

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

help fund Puhoi Museum

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

get rid of free lunch and drinks for the Mayor

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Public transport is important because it enables people to move about their city

2a. Is there anything you would spend more on?

tar seal roads in the Puhoi/Waiwera district

2b. Is there anything you would spend less on?

Mayor being given a decrease amount for his discretionary spending.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The stadium has never been fully developed and while you are at the meeting scrape any future funds for Eden Park stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

This will help reduce the city debt and get rid of the ports of AK send them to Whangarei heads.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

sell the ports of AK

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

reduce rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

sell the Ports of AK

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

sell the ports of AK

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water	Very Important

health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

The people should always come first, just like if they dont like the current old Mayor. We will not vote for him ever again, too old.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I like their forward thinking

8. Do you have any other comments?

How long before the next local body elections? I guess this when some councilors look like they are interested in the community they have been elected for. Greg Sayers is a classic example of this.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Reduce funding for AT because AT is too careless with the money it has. The money spent on improving public transportation is too little and inefficient. It should vigorously promote the most effective public transportation to make people feel convenient. However, too much money is spent on hindering existing transportation and setting up too many obstacles on existing roads. Road projects are extremely inefficient.

2a. Is there anything you would spend more on?

Overpass, public bus, speed camera

2b. Is there anything you would spend less on?

Instead of repairing the bumpy roads, they spend money to build obstacles on the flat roads.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

#146

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support investment in rapid transit, fare caps and network optimisation. However i don't support the reduction in investment in cycleways and active transport

2a. Is there anything you would spend more on?

Public transport and active modes

2b. Is there anything you would spend less on?

Road upgrades and widening

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The stadium is a white elephant and uses up a significant amount of land

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It is sensible to diversify Council's income sources

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It would free up money to invest in higher priorities

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more speed bumps in auckland Streets. It slows down emergency vehicles, and a life and property is at risk.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

You shouldn't have relied on the extra fuel tax. This was only a temporary service, and it should of been used like this. I'm glad it is canceled. it went on far to long.

2a. Is there anything you would spend more on?

No. Get out of debt. Stop spending money. We have all had to tighten our belts and the council should too.

2b. Is there anything you would spend less on?

Everything. Stop spending our money like it's going out of fashion.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

No sure

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Keep it

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Lease 49% for a shorter amount of time 15 to 20 years

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

That's where the money should go into the projects for auckland

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Have you got the funds to invest.

If not, then start saving for them. Just like the rest of us have to when we want to buy something.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

No, let them worry about ongoing cost

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support

#170

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

Local board priorities

7a. Which local board area does your feedback relate to?

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop wasting my our money, dismiss the big council, set up small local councils for better services the local people.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting my our money, dismiss the big council, set up small local councils for better services the local people.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

The Auckland Council have been failed for many years, each change just make it worse and worse. So why support?

2a. Is there anything you would spend more on?

No more spend, save, reduce and then dismiss the big council.

2b. Is there anything you would spend less on?

Everything spent too much! Even an intersection upgrade cost millions? Can't you see the big problem here?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

If it spend too much just demolish it .

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Unpredictable

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Government and council own means failure

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Propose a plan to demolish the big council, propose a plan that can help people not get money from people! Have u ever thought about council pay people rather than people pay council?

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No cut all unnecessary work to lower the rate

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No cut all unnecessary work to lower the rate. No need for all those bus stops changing english to te reo signs is a waste of money keep it simple

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Too much work that was unnecessary like speed bumps install and removed waste of money

2a. Is there anything you would spend more on?

Spend more on region improvement get rid of homeless bums

2b. Is there anything you would spend less on?

Speed bumps

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Cut rates

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

We need lower rates

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I have not read the full plan so I may be repeating.

Would definitely like all local parks to be reviewed and may maintained. And for major housing development areas to have its own park.

For local community centres to have more activities that are well publicized. Te Manawa is a good example of a great hub but its advertising could do better to get more traction. The pop-ups could also benefit from a bit more diversity of vendors.

Soft plastic recycling would be great if it can be done from another bin or monthly collection service

Booking service for spaces in parks would also be great to see.

Definitely more cultural events that are spread in different areas would be great

Having to travel far for some would be awful

Subsidized monthly parking for park and rides would be great.

More signs for upcoming speed cameras and where cameras are monitoring.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less of AT hop card. Pay wave is the way to go.

Less of making it hard for food vendors to do business. Parks should be places for food vendors to offer services without having to apply for difficult licenses.

Less paper more digital notifications. No apps just email or text. Like the option to receive rates notification via email would be great.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Wasteful spending - eg, replanting traffic islands with flowers rather than everygreen hardy planting.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Dynamic lanes/traffic management is out of hand, get practical and stop adding barriers to traffic.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

traffic management

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

There are too many homeless people occupying the street in downtown and it caused security issue and preventing tourists coming in. City council should charge those people living on the street that we pay the bill and rate to build and maintain the road construction. These homeless people should be out, otherwise the city will become

San Francisco which will prevent people willing to live and travel. Preventing the crime is another important job for the City council to do.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Why should we pay the money to those people getting flooded? Why don't they pay their insurance? The house owner should be responsible for their own house, instead not using Tax payer's money for charity. It is wasting our money.

Some roads are in good condition, but the council spent the money to repair the roads which is not really necessary.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Some of elevated pedestrian crossings was too high and ridiculous, especially in Glen Eden. It is wasting people's time and tax payer's money to have an elevated pedestrian crossings on the traffic light control crossing.

2a. Is there anything you would spend more on?

No.

2b. Is there anything you would spend less on?

Road improvement without any purpose and just waste money.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

I do not trust City council can do a very good design which lead to waste money.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

City council fund management will become another pocket money for some restricted people to manage and it might lead to corruption.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the roads.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less cultural involvement.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Waste of money.

2a. Is there anything you would spend more on?

Investing in a new road to Kumeu / Huapai. Improve the Brigham Creek main road.

Roads in general

2b. Is there anything you would spend less on?

Buses and Bus Lanes.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Cheapest.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It belongs to the Auckland City Ratepayers - not a trust

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The most profitable option to the ratepayer.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Most efficient way of using the funds.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I do not agree with selling off assets to pay for debt the council has taken on. Reduce the services rather than reduce the investment.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

No need to change.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Perfect the way it is.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Reduce spending and increase efficiency in all areas.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey,Rodney

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
--	---------------

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

The rate payer cannot afford this!

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

A good way to waste rate payers money

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Huapai

8. Do you have any other comments?

Please enlarge the roads between Huapai and Westgate.

Stop wasting money

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

public transport between westgate and northshore

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

invest less to city centre.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

westgate need a better development.

2a. Is there anything you would spend more on?

westgate area, and make more public transport choices there

2b. Is there anything you would spend less on?

city centre

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

it's enough for now

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

can't understand that part can't understand that part sorry

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

we shouldn't over spend

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

can't understand that part sorry

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I feel we need invest westgate node

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I don't see it worth to do the change

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#458

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

public transport, I can see westgate node develops very well with coming new builds, however it's need more and faster public transport con connect northcote and city. the train could have a extend stage there or some fast bus to northshore is very essential for the coming new builds

8. Do you have any other comments?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Hiring consultants

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The big issue is that we already have enough roads, don't need any more. What we need massively LESS of is cars with just the driver in them. Suggest the existing 'bus only' motorway lanes be made into 'no passengers' lanes at peak hours, with 'driver only' vehicles banned from using the other lanes - commercial vehicles exempt. People would then be forced to carpool (removes half of all private cars off the road) or face a helluva long trip into town. Don't build roads, change driver behaviour instead.

2a. Is there anything you would spend more on?

Public transport frequency and cycle ways

2b. Is there anything you would spend less on?

See above

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It's a great asset that's not being used - need to sell it to customers more effectively.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It won't be long (10 years?) until airport shares are a liability

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Private sector does operational management way better than public sector.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Making everything English first, Māori second where appropriate.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cycle and bike lanes

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

City Rail Link

Buses in West Auckland

2b. Is there anything you would spend less on?

Māori signs

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Redevelop but don't sell anything

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#626

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

Irrelevant to most West Aucklanders.

Henderson looks like a third world country.

Massey barely has any amenities - no dog park no nothing.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Absolutely out of touch

8. Do you have any other comments?

Talk to community leaders, have some public physical consultations, talk to young people who will live here in the future. Make this place attractive to be at

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Hold watercare/Veolia to account for lack of maintenance of infrastructure. They need to be fined

Fine Auckland transport including kiwi rail for lack of services that it runs

Start finding cheaper ways to get things done in Auckland

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop with speed bumps/region wide as it's not a priority. Prioritise where funding is really needed. Stop with building Kainga Ora homes which creates more congestion in urban areas. This is creating less carpark a in these areas where the increase in vehicles being parked on the roads is causing havoc. Need to better plan with new builds to create better water flow and better environmental living areas

Stop creating cycle ways as this is not a priority and the amount of money used to do this is unbelievable

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

It's been unreliable for Auckland public transport. Have no faith in it at all. Reverted back to my car instead due to the guaranteed cancellations and non stop maintenance

2a. Is there anything you would spend more on?

No it's not worth it and hasn't been for as long as I can remember. Need to go back to diesel to be honest

2b. Is there anything you would spend less on?

Stop charging consumers on the never ending issues we have to endure

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It only helps out the north shore residents. This doesn't help out the rest of Auckland.
Entitled residents by the sound of it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Sell the shares to nz owned businesses as in Māori iwis/tribes. Don't sell to overseas buyers that have nothing to do with NZ

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Lease it other parties with maintenance requirements to be adhered to for the length of the lease. There needs to be environmental factors that need to taken into account

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

I think we need to fund Auckland but also invest it. However need to decide what we are funding to?

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Better transparency moving forward. If Auckland as a whole is not going to benefit from it then what's the point?

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

The surrounding area around the Bledisloe wharf has been done up, there's no need for public use at the wharf. Could still do it up but need to decide what uses there could be other than port benefits

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Why not, you need to have more competition for the ferry's as it needs an upgrade around the area

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Please stop the "empty socializing" that rate payers are covering like festivals, concerts. street parties. These are non essentials in a cost of living crisis. If people want to socialize then they should PAY for it. Please consider building another bridge from the bottom of McLeod Rd (Henderson) over to Patiki Rd (Avondale) to reduce road congestion and road road during peak times. Future focus in this regard please.

#644

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

As stipulated please cut back on "empty socializing" with street parties, park parties, food festivals, concerts etc as these are not essential services and Auckland Council should be focusing on roads, rates, rubbish as essential duties. Also, please stop high rise ghetto dwellings that exacerbate crime, anti social procreation and other anti social conduct. Cycle ways are not tenable in traffic dense Auckland and our climate isn't conducive to vulnerable demographics (disabled, elderly) riding bikes over long distances. Bus stops located at motorway junctures are dangerous, distracting and dysfunctional .

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycle ways are not tenable for Auckland's future and neither are bus stops located at the top of motorway junctures. HOP CARDS procurement and usage can be problematic for the elderly, visually impaired and other vulnerable members. I am a strong advocate of a McLeod Road overhead bridge over to Patiki Road to ease traffic congestion, thus enabling motorists to have an alternative to being stuck on Te Atatu Road for up to one hour to access North Western motorway during peak times.

2a. Is there anything you would spend more on?

Better solution for homeless people rather than living on our streets. Queen Street is not the jewel in Auckland's crown for tourists either. Homeless folk need to be engaged with and offered activities and adequate housing rather than living rough on river banks (West Auckland) and bush reserves.

2b. Is there anything you would spend less on?

Frivolous festivals, concerts, street parties as these communities should fund raise and pay for their own food, refreshments and entertainments. Art is subjective and so is socializing. Adults are not children who need entertaining and pandering to. The days of juvenile, infantile cajoling and cavorting for adults should be OVER. Libraries should be designated places for reading and themes are not necessary as community centers

can cater to these proclivities. There is also NO need for nasty, rude, condemnatory posters/graphics being erected in libraries, community centers/kitchens unless they are Auckland Council approved.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Just make sure that it is fit for purpose and meets the needs of the North Shore community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Stop selling assets, especially ones that will generate positive returns for the future. Find better solutions.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Retain council ownership of port land, wharves and continue council group operation of the port. Make sure this belongs with the people of Auckland and not self interest groups. Democracy first. ONE for all, and all for ONE.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Auckland is currently stuffed and needs sound enhancement and management for EVERYONE NOT JUST SPECIAL INTEREST GROUPS.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Auckland is the economic hub of New Zealand and it needs to be funded as such. Infrastructure etc needs to be considered. Auckland has been mismanaged in the past and is a skeleton of it's former self. The basics have not been met and Auckland is suffering.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Auckland should be retained and protected for the benefit of ALL Aucklanders. Future focus needs to be engaged and please don't repeat the inadequacy of previous councils with their gravy trains and entitlement.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Retain assets.

#644

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

User pays and stop the gravy trains and their incessant choos, chews and chaos.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

We all belong to the community as ONE people first and foremost." Our places" aren't very liveable or conducive with congested streets, dangerous communities infested with crime, gravy trains with bungling bureaucrats, poor management skills and overall i

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

These "proposed priorities" have not been properly communicated. Again community representatives appear to be bungling bureaucrats more interested in augmenting their egos and pockets. Henderson - Massey wards are suffering and it all points to those who are paid to take charge.

8. Do you have any other comments?

More common sense, accountability and key performance indicators from those in charge.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cycle ways! I love cycling and think it’s a sustainable and healthy transport option for the future but I currently don’t feel safe to cycle in Auckland unfortunately which means I contribute to the daily traffic congestion in Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I don't support stopping development of pedestrian pathways and cycle pathways!

2a. Is there anything you would spend more on?

Pedestrian and cycle pathways!!

2b. Is there anything you would spend less on?

Roads! We have enough roads in Auckland and need to make the existing roads be used more smartly ie. cycle and scooter lanes, tram, busses etc! Don't build more roads.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

We need an Auckland Future Fund but I don't believe the Airport shares should be sold in order to fund the future fund! Alternative funding needs to be sought for that.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I'd love for the city centre of Auckland to become more attractive for visitors and cohesive and connected with Eastern Bays and Viaduct and Vineyard quarter!

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	I don't know
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Waitākere Ranges

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I don't know
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	I don't know
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	I don't know
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	I don't know
Continue to activate library spaces with programmes, services and events.	I don't know
Operating grants to support Glen Eden and Titirangi Community Houses.	I don't know
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	I don't know
Initiatives to support youth/rangatahi.	I don't know

Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.

I don't know

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

concentrate on core services

1- rubbish & recycle

2- water & storm water pipes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

cut your OPEX- look at your big ticket items

also you are spending a lot in marketing and communications- i see every week after week ads coming on paper and online - also buses are filled with AT ads- STOP this madness.

Close some services which are close to each other.

events and cultural programs can wait until we get into a good economical space

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

good- capping fare is a good idea- major hurdle for people to use PT is fares(cheaper to drive), reliability (just look at trains) & slow (no priority for rapid network)

2a. Is there anything you would spend more on?

get congestion charges, motorway toll , lobby govt to increase parking fines

2b. Is there anything you would spend less on?

marketing & ads- just stop it

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

this is always a white elephant- 3M a year to maintain - just sell it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

i am opposed to selling AIAL shares. there may be other ways to raise money- sell other non performing assets

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

same position as AIAL- the capital gain on the asset will overcome the current cash issues

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

use returns from this to fund services so less burden on rate payers- dont sell or long term lease it

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

as said above

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

just let POA manage this- we are already cash strapped we dont want to spend money and develop this as public space

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

can be a cruise terminal as now shed 10

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

supportive of water related targeted rates

rates should not include rubbish charges should be user pays

let the central got worry about climate change and environment we have mouth to feed

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

it time to look at the economy we have been on a spending binge for too long- time to tighten the belts- if we dont we wont have anything left for future generations

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

support the council in austerity- we might need to reduce some spending- this means a lot of pain for some people - STOP thinking about selling assets to pay for expenses - we can only borrow if we have asset or income- we have live within our means

8. Do you have any other comments?

i said what i have to say

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I hope to stabilize prices, especially oil prices.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Road concrete construction that does not need to be done

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I would like to see more strengthening of pedestrian crosswalks, especially those in school zones.

2a. Is there anything you would spend more on?

Install more and safer crosswalks

2b. Is there anything you would spend less on?

,Road reorganization

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

The North Shore is already a very developed neighborhood, so I don't see any reason to revamp the stadium further.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think it would be better to proceed according to the opinions of experts.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

To immigrants who contribute to the development of New Zealand...

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I find it is a good idea as proposed.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

I find it is a waste of money which shouldn't be spent.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I'm not very familiar with this fund. It doesn't awfully good because there was a death at the port of Auckland two years ago.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Maybe they are looking to close down or something.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

It is favourable.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It should be left the way it is.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Keep it as it is.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support

<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>
--	----------------

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

<p>Our People – create opportunities that support connectedness, diversity and inclusion in our community.</p>	<p>Very Important</p>
<p>Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.</p>	<p>Very Important</p>
<p>Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.</p>	<p>Fairly Important</p>

Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

The economy should have growth in wealth, government policies and taxation.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I don't know.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transportation

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less new road development/maintenance

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support making public transportation better and

2a. Is there anything you would spend more on?

Cycleways and public transportation network optimization, but I don't support the stopping of planned initiatives.

2b. Is there anything you would spend less on?

Less new road development/maintenance

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't know and am not often in the northshore so don't understand the needs

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I feel a diversified portfolio is better than the 35 years of dividends the port will generate

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I feel services take priority over investing in a future fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

NA

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

If you can use these wharves to benefit the public without significantly decreasing the ports operational capacity, it should be done

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It sounds like the loss of the Bledisloe terminal would be highly detrimental to the port and to the greater Auckland area

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Cut costs internally/ management consultants fees

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

As anove

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

In Auckland people will always choose car transportation as public transport takes too long when there are multiple transfers.

2a. Is there anything you would spend more on?

Management within the council.

2b. Is there anything you would spend less on?

Cultural events.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Avondale is a viable option

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Saves money

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Public Transport is crucial for a functional future Auckland

2a. Is there anything you would spend more on?

More rapid transit between main routes. Also reinstating the cheapest most logical version of the Light Rail Proposal

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#841

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Flood resilience. Specifically, property buy outs for at risk properties to avoid future costs for the council and future disasters. Short term rates pain for long term sustainability

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less roading projects, more into cycle ways and public transport

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I think we should be investing in cycle ways

2a. Is there anything you would spend more on?

Public transport and cycle ways

2b. Is there anything you would spend less on?

Roading projects

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Sell some land, re use the money into community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Don't cut cycle ways - it's what improves our city to be like international cities who have a great cycle culture.

But cut raised pedestrian crossings in areas where a flat pedestrian crossing is suitable and cheaper (I'm a big walker who uses them often - I'm not a biased car driver who doesn't want to be slowed down)

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Selling your assets now will leave you with nothing for the future

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

As long as you still own it and will get it back after 35 yrs, leasing could work

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

If it's providing income and avoiding cost then keep going at this stage. We have viaduct and Wynyard quarter

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

If it's providing income and avoiding cost then keep going at this stage. We have viaduct and Wynyard quarter

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more of what people really need. Eg road improvements. Water. Flood control.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less of what very little people need eg cycleways.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Focus spend on where it is needed. As o make my way to cbd this morning, there's slow traffic and no one on the cycle way. They are a waste of money. Very impractical.

2a. Is there anything you would spend more on?

Road improvements for safe driving. Prioritise EVs benefits to encourage less reliance on fossil fuel for the long term.

2b. Is there anything you would spend less on?

Impractical projects like cycleways, painting roads rainbow.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Get private entities to help develop this land. There's hardly any feature on it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important

Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fixing pot holes...

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stupid little food bins can go.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Must stop cycleways that are never used and silly raised crossings that cost a ridiculous amount to build....

2a. Is there anything you would spend more on?

Fixing poor road quality. A better understanding of where congestion is and a plan to smooth out the congestion.....

2b. Is there anything you would spend less on?

Cycleways...

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It has been left to de-grade so much there is no affordable way to come back from.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport. The better it is, the less cars on the road. Less pollution, less pot holes to fix, less traffic.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

"stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways."

It's incredible how backwards and outdated some peoples beliefs are. It's either incompetence or corruption at play. Reducing spending on public transport or safety measures is so moronic, it's hilariously sad.

2a. Is there anything you would spend more on?

Public transport and safety.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Whomever designed that stadium, the mall, or the bus station in that area should be fired. It's such a poorly laid out area with bad parking options, a high school student could do better. I don't have high hopes for a redesign either.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I don't have any faith that funds will be allocated and spent accordingly. If the shares get sold, the money will go to pockets, not the people.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

See above, no faith that the right thing will be done and will probably end up making things worse and more expensive for everyone in the long run.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

See above, no faith that the right thing will be done and will probably end up making things worse and more expensive for everyone in the long run.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Get it all out of the city, port included, less trucks destroying the local roads.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Get it all out of the city, port included, less trucks destroying the local roads.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Get rid of the power lines, get more speed bumps installed in the streets surrounding the various schools. Too many people go speeding through side streets to avoid traffic congestion on Don Buck or other busy areas. Fix the traffic lights that don't flow well during high traffic times. It's frustrating to deal with problems every day and nothing seems to get better.

#957

8. Do you have any other comments?

Get more police out on the street, more speed cameras, more red light cameras, more speed bumps.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We pay enough, we are breaking from the pressure of ridiculous rates that get us NOTHING in return. No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1001

Anything except public transport and improving the environment (ie. trees, pollution issues).

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Prioritises public transport which is much needed as it doesn't function at all currently.

2a. Is there anything you would spend more on?

Public transport.

2b. Is there anything you would spend less on?

Making transit lanes everywhere where we don't need them.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It's an icon and fine as is.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Sell your airport funds so homeowners don't have to break their backs with insane rate increases.

#1001

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This sounds like a great idea. Less rates, probably more effective management of POA too.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I don't have the financial training to know which would be more profitable.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

I have no opinion on this

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#1001

Tell us why:

I have no opinion on this.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Other
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#1058

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Rates funded refuse collection - I agree with removing pay as you throw, but do not want to compromise with a reduced collection schedule

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

<p>We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.</p>	
<p>We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.</p>	
<p>We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.</p>	
<p>We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.</p>	

#1080

We will consider accessibility and inclusion across our services, engagement, and other initiatives.

Tell us why

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#1082

Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I strongly support the following: Henderson-Massey

I understand the following:

Environmental concerns: The plan aims to address flood mitigation at a local level, including an increase in effective flood and erosion initiatives, better maintenance of drains and culverts, and more tree coverage on the banks of local streams¹.

Māori outcomes: The plan recognizes the importance of working with and strengthening relationships with Māori. Trusting and productive mana whenua and mataawaka relationships will ensure Māori are represented and can have their voice and aspirations heard¹.

Diverse communities: The plan acknowledges that Henderson-Massey is home to many diverse communities, including a significant Pasifika population as well as many people who trace their cultural heritage to Asia and other parts of the world. The plan seeks to foster a greater sense of belonging and recognition for all people living in Henderson-Massey¹.

Youth: The plan recognizes that young families and youth are a significant part of the community. The board will focus on supporting local youth organizations, family-focused activations in parks, and building world-class play structures¹.

Collaboration: Working with Whau and Waitakere Ranges Local Boards will give the Henderson Massey Local Board a stronger voice. An important joint collaboration is Te Whau Pathway, which will link the Waitemata and Manukau Harbours and run from New Lynn to Te Atatū. It will be a significant regional transport and recreational asset¹².

#1082

I hope this helps!

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

-

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

-

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We desperately need better public transport and caps on fares would make travel easier for everyone, as well as making people more likely to use it.

2a. Is there anything you would spend more on?

Yes, raised pedestrian crossings to make our city accessible to wheelchair users.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

This would reduce the value and operational capacity of the Port, which will negatively impact dividends or value to the AFF.

#1095

6a. What do you think of these proposals?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

#1125

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

When we will stop paying for rubbish stickers?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stronger policing & traffic control. There are regular offenders on the street who go unpunished.

Also, target the ram raiders and petty thieves.

#1141

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport is key & so are electric charging networks. Council needs to find partners in private sector to rapidly increase electric charging network as well as for electric public transport.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#1141

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#1141

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support

#1141

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important

#1141

Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Increase electric charging stations around the board as well.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Redevelopment costs would be very high. the precinct is nice and I'm sure there would be a lot of utilisation opportunities (e.g. school events) if allowed due to a change in operational management.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

A fund will allow the money to be diversified whereas without it, the risks would have to be hedged a different way.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It's mainly used as parking for importing cars as far as I've seen currently. Transforming the space into a public area would make downtown much more attractive, maybe our own version of Sydney's darling harbour.

6a. What do you think of these proposals?

#1155

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like the Auckland Council to provide the public in details with what they've been spending the rates on for the last five years. Transport and parks are ALWAYS on the list. A before and after for the "improvements" in the last 5 years provided to the public is what is needed before these increases.

#1203

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I would like the Auckland Council to provide the public in details with what they've been spending the rates on for the last five years. Transport and parks are ALWAYS on the list. A before and after for the "improvements" in the last 5 years provided to the public is what is needed before these increases.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Transport is always on the list year after year and no one ever sees any improvement. It gets messier every year so a full report of what has improved that has benefited the public in the last five years is what I want to see first.

2a. Is there anything you would spend more on?

No. Auckland Council need to work with what they currently have and that is A LOT! I could run government with what you're getting. You misuse funds by doing dumb things all over the place that benefits no one!

2b. Is there anything you would spend less on?

A lot

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Its not even used that much

#1203

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Tell me more about this

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
---	---------------

#1203

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important

#1203

Implement actions from the Upper Harbour Ethnic Peoples Plan.	Not Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Not Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Not Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Not Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

Investigate options to introduce a targeted rate

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

#1203

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Not Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Fairly Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

#1203

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Not Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Not Important
Seek opportunities to promote and celebrate heritage places in Waitematā	Not Important

#1203

including making digital content and place-based stories more accessible.

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	Not Important
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	Not Important
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	Not Important
We will work with the local BIDs where possible, to support local economy and to	Not Important

#1203

realise shared goals around climate action, community connection and belonging.	
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	Not Important

Tell us why

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

yes do less of cycle ways and Maori brand spending like redesigning signs , names etc . It's waste of money.

#1208

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

making public transport cheaper and reliable

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#1208

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Do not support

#1208

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#1208

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important

#1208

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Devonport-Takapuna, Henderson-Massey, Hibiscus and Bays, Kaipātiki, Maungakiekie-Tāmaki, Ōrākei, Rodney, Upper Harbour, Waitākere Ranges, Waitematā, Whau

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important

#1212

Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	I don't know
Working with the community on activations in the Mt Albert Civic Square.	I don't know
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	I don't know
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know

#1212

Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	I don't know
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	I don't know

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	I don't know
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I don't know

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	I don't know
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones,	I don't know

#1212

including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	I don't know
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	Very Important
--	----------------

#1212

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	I don't know
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	Very Important
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	Very Important
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	Fairly Important
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	I don't know

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I support most priorities

#1212

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	I don't know
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	I don't know
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	I don't know
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I don't know

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#1212

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I don't know

Tell us why

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	I don't know
Progress the Meadowbank Community Centre development.	I don't know
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important

#1212

Continue local initiatives to enhance neighbourhood connections and increase safety.	Very Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	I don't know
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	I don't know
Maintain efforts to monitor and improve water quality in our local waterways.	I don't know
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	I don't know
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	I don't know

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
--	----------------

#1212

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	I don't know
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	I don't know
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	I don't know
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

#1212

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	I don't know
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	I don't know
Implement actions from the Upper Harbour Ethnic Peoples Plan.	I don't know
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Very Important
Implement actions from the Upper Harbour Engagement Strategy.	I don't know
Implement actions from the Upper Harbour Greenways Plan.	Very Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	I don't know

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

#1212

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

I don't know

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Very Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Very Important

#1212

Continue to activate library spaces with programmes, services and events.	Very Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Very Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Very Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Very Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	I don't know
Phased delivery of improvements for Heard Park.	Fairly Important

#1212

Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Very Important

Tell us why

7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and	I don't know
---	--------------

#1212

community resilience to increased participation and community capability.	
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	Very Important
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	I don't know
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	I don't know
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	I don't know

Tell us why

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support our community social services support agencies and sporting and cultural groups. Support the Treaty of Waitangi principles as they are set out now. Vote against any proposed changes to the implementation of the Treaty principles. Promote bi lingual signage.

#1222

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport should be cheaper to encourage usage.

2a. Is there anything you would spend more on?

Providing subsidised public transport for students and low income earners.

2b. Is there anything you would spend less on?

Making changes to roading speed bumps and layouts multiple times. What a waste of money. Get it right the first time. Actually visit the sight and get opinions of locals before making the changes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It is an important community resource. It should be developed in a way that enables greater accessibility and usage for the community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

#1222

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Makes sense to use this prime land in a better way. To use as an ugly port is a waste

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#1222

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#1222

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#1229

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

More busses

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#1229

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More frequent recycling bin collection. Managing suburban street parking and traffic movement

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1245

Less protection of low density areas in the central city. These neighbourhoods have a privileged location with exception access to the best of our city without the pain or cost that the rest of us experience.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The raised pedestrian and cycleway initiatives should continue as they go towards making alternative transport practical and safe

2a. Is there anything you would spend more on?

Buses and trains

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#1245

History has shown that selling public assets typically results in the public picking up the tab to bailout a private company or rebuild to bring back up to a suitable standard at some point. Even worse the public experiences a drop in service or increase in cost associated with the future use of the asset

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#1245

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport initiatives, better waste management, better management of resources like water, better preparedness of emergency services

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1249

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I think we should find a way to continue with previously-planned initiatives, such as some raised pedestrian crossings and cycleways. These are important for safety and transport resilience

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Keeping the stadium precinct as is, for a cost of \$33 million over 10 years, it worth it. Considering the benefit such a stadium has for the local community, the cost seems appropriate.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#1249

AIAL shares should not be sold, considering that Auckland Airport is poised to grow as Auckland grows - and so will the value of its shares. AIAL shares are a good asset to have for the future if we don't sell them now.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#1249

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I dont understand why Auckland council do things that cost us money without telling us like the ridiculous food waste. Why do we have to pay for an extra amount when we use our own resources. Just look at how many bins are place for pick up. in my street there are 3 to me that is a total waste of money. We do not have to raise our taxes to clean up the waterways. 1 year passed since 100 year floods and

#1252

still the council have not cleaned them out. why do we have to suffer because our blithering idiot mayor has no idea what he is doing. when was he last out in the suburbs, NEVER. we have paid rates for the last 60 years and still awaiting something we can say YES that is where my rates are being spend. In regards to cutting back the rubbish collections. what will you see. people dumping rubbish. again as a rate payer we pay for these , its not a gift from the council, if you reduce it you need to reduce our rates. local boards can raise their own money they are just to lazy to do anything. but sit in an office, again we pay them to work for us, not the other way around, stop paying for bad pefformance.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of the Mayor, he has his own agenda and not one selected by aucklanders, who ever voted for him, shame on you. he has no idea. None of his plans will work. People cant afford to go to a big entertainment centre, still awaiting sky city to be finished. but you cant drive around the city and parking costs just make it inhibitive. dont talk about the train or bus system. you may as well cut them all of and just have bike lanes ,m because a bike is not late to arrive or cancelled at the last minute.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

raised road humps on a main road, it is ridiculous no big signage to say its there and cant see the use of them except damage on the road. there is no way you can make public transport faster or better except in a long term plan. I live in Massey , to catch a train i have to catch two buses or drive to Henderson, swanson and pay a huge daily parking fee. This in rush hour take my daily comute to the city 1.5 hours and sometimes more. By adding more roadworks or train works this will just continue to be worse. Why dont you do 1 big plan, get all workers to work on it, finish it properly and timely and then start another. You will find it hard to drive anywhere in auckland without roadwork delays.

2a. Is there anything you would spend more on?

#1252

a real mayor who understands the whole of auckland. Not some rich old man, who is passed his time

2b. Is there anything you would spend less on?

yes all of the suggestions he is suggesting

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

not something i have ever used or any of my family, why ?? to hard to get there because of the road works

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Auckland airport is owned by aucklanders for aucklanders not the council to sell or give it to some shonky share manager.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#1252

again this is owned by aucklanders, Imagine if the port went to northland and now the brynderwans are closed. how does the biggest city in nz get its needs which are shipped in.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

why wait for the future, the future is now for the people living here now.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

we already have a huge big cloud and down the other end of the wharves as great area. more functions could be held there, we dont need more.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#1252

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#1257

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensuring we retain and maintain our existing facilities for children including parks, libraries and community centres

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1265

Less costs on unnecessary changes to roads and curbs/footpaths where it is not needed like in Te Atatu Peninsula

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

There is too much focus on public transport and not enough focus on the existing roads and infrastructure supporting our population who have no choice but to drive a car

2a. Is there anything you would spend more on?

Putting more lanes into suburbs where it is desperately needed like in Te Atatu Peninsula where there is only one way in and one way out.

2b. Is there anything you would spend less on?

Less on the current bus system from West Auckland

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It is a not a priority for Auckland

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We should avoid selling to leasing to private companies where the profits are not being reinvested into our economy

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

So we can minimise rate increases going forward

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#1265

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport should be the top priority. Should also be the cheapest option to increase uptake

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Speed bumps

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

How does redeveloping negate the entire maintenance budget. Doesn't seem plausible. Maybe give a reduced maintenance budget and I would reconsider

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Airport shares give long term income. Just raise rates.

#1281

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Long term seems like a better option to have dividends if the plan produces a profitable outcome

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Save it for big infrastructure projects

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

The above Priorities need to be fairly distributed among all Rate payers.

#1292

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Scared I will be rated out of Auckland. Owning your own home (even a small Unit)is really hard to manage as, rates, power, Insurances, and most other essentials sky rocket in price. If you raise the rates please also raise the rebate otherwise homelessness will increase.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Funding for outdoor events

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#1293

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

stop ripping us off with increased rates and not enough tangible benefits

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Everything

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Spend less. Only thing I agree with is stopping the cycleway spending.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Cycleways, pedestrian crossings

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

I don't support more spending at the cost of increases to the rate payer.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Do this if it doesn't result in a rate increase.

4b. Which option do you prefer for the future of Port of Auckland?

#1309

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important

#1309

Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Just maintaining what exists rather than doing more is a never-ending process

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

waste of money on new projects maintain what exists and it is functionally very good

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

keep government assets as it is rather than privatising it is a good source of earning income and facilitates more jobs among the local community to maintain the same

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#1311

Tell us here:

unnecessary change of ownership- make jobs for the local community and earn the money by doing better implementation to gain dividends and profitability

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#1311

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Do not support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce recycling charges for schools.</p>	Support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes stop planning for big stadiums etc to start with.

Pay of our debts before embarking on any other big projects.

Waste Water and Sewage should be your next priority

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Public transport is heavily subsidized by the residence and motorists!!!

The way the government is going not many of us will be able to afford a car, let alone drive one around the city. Public transport is still very hit and miss. The only system worth it's salt is our railway, and even that is very unreliable.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It is not cost effective as it is, so try a change.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

If it fails what then...

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Close it down and redevelop the land. much more profitable

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

If the money is left for council services you will only squander it So perhaps pay of some debt.....

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Well it's not returning much of a profit is it.

5b. What option do you prefer for Bledisloe Terminal?

Other

#1316

Tell us why:

15 years to use it for something else. Most of us will be dead and gone by then.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>

Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

Not sure if the people on the board have the business skills to impliment business structures. Mind I wonder the same about the Local council, and The Government

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Well not much, as by next year you will be changing things again

The Government is going to be hitting us hard with new costs and it seem you are going to be doing the same. Whilst I and others like me on a fixed income have no idea how we are going to pay and keep food on the table.

8. Do you have any other comments?

I am sure you are in between a rock and a hard place right now,

I do not understand however, with all of these new dwellings being built the money is not rolling in. (How many thousand new houses are there now?)

Must be billions coming in as new rates.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

To reply to emails and the objection I made to my rates increase for 2023. Auckland Council used my land for storm water project, which decreased the value of the land and I couldn't sell it without making a lost. However my rates were 1.1 million, the house was professionally valued at \$750,000 so I objected to my rates assessment. I have never had a response despite many emails.

#1343

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Due to the current cost of living crisis and interest rates us home openers cannot afford a rates increase of 7.5%, I'm a single Mum and would lose my home if expected to pay the current mortgage rates and a massive hike in rates.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Most people still do not use public transport as it is unreliable, expensive and there are not enough routes. Spending more money in this has increase bus, train and ferry fares which in turn has made it even less affordable and less people use it.

2a. Is there anything you would spend more on?

Reducing rates so homeowners can keep their homes.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

I live in West Auckland and already the North Shore has far better facilities and infrastructure than The rest of Auckland, especially West and South. Why are we paying out rates to further develop an area where a lot of the wealth is, while our roads, pathways and parks are far worse than the Shore. This is unnecessary spending.

#1343

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Anyway that the Council can generate income that takes the pressure off home owners seems fair and transparent.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This would generate much needed income and take the pressure of home owners bearing the cost of Auckland Council through rates.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

As above

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

#1343

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#1343

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am generally in agreement with the current proposal. While I think that there are areas we could spend more or less on, generally agree with the current plan.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1423

I am generally in agreement with the current proposal. While I think that there are areas we could spend more or less on, generally agree with the current plan.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Don't feel that raised pedestrian crossing and more cycleways are needed but agree with the rest of the plan

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Raised Pedestrian crossing don't feel necessary and we have plenty of cycleways in West auckland already.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Don't feel that this stadium is really delivering real value and don't think it is a needed delivery.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#1423

Makes long term sense

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#1423

6a. What do you think of these proposals?

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Pest trapping, addressing the roaming cat problems (feral and domestic) do more to protect and support native and endemic wildlife. I want native tree islands and green belts with pest control. The park behind my house is under-utilised because it's boggy especially in winter - great opportunity for a boardwalk and bush planting across half of

#1428

it, keeping the other half free for summer family gatherings and sports (which don't happen in winter because it's so boggy)

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

stupid expensive outdoor events that are poorly advertised and only enjoyable if the weather is good and a complete washout if it rains (which, being auckland, is all the time)

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The raised pedestrian crossings are stupid and a menace. So many of them are in areas that hardly anyone crosses anyway e.g. Edmonton Rd. They slow down traffic pointlessly - people already stop if there's someone waiting to cross.

Give West Auckland BUS LANES on our arterial roads. So much of the neighbourhoods are one road in and one road out and buses just get clogged in traffic.

2a. Is there anything you would spend more on?

Shuttles on all arterial routes taking people to train stations every 10 minutes. The walk to and from train stations in West Auckland is often unsafe, especially in winter when it's dark early and you have to use paths like the Millbrook path and roads around Bruce McLaren or just walk a really long way in bad weather. SO many people would use the trains if a) they were actually functional, and b) they were easier and safer to get to. It's just not safe for women in particular.

2b. Is there anything you would spend less on?

Stop wasting money doing stupid raised pedestrian crossings.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

#1428

Tell us why:

It's a decent facility but it's out of the way so it needs to be really attractive and host a wider range of events. Tuatara is a good example of it being too niche - hardly anyone plays baseball in NZ.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

They're public shares, they're not up for grabs by the rich. For god's sake when will council and governments stop flogging off public assets!!

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

The current use of Port of Auckland is a horrifying ugly mistake. Our waterfront is such a potential huge drawcard and asset. Look at Wellington's waterfront. So good. Ours is just ugly asphalt wharves either sitting empty or covered in secondhand cars, no in-between. It should be developed for public use, we're the biggest city in NZ with the most beautiful harbour and you have to leave the cbd to have access to it. Ridiculous

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

#1428

Develop it for public use. Currently ugly and nobody can even access our waterfront in the cbd even though the council we pay rates to owns it. It's a public asset and we're banned from it. Cruise ships are fine but the public hardly benefits from them. People get off, buy stuff from cruise-ship-owned shops downtown, and ***** off again.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Do something different for once without flogging off public assets. There is so much potential in the land currently leased by the Port of Auckland

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

YES please give us our harbour back, Aucklanders need access to our own waterfront in the city we work and live in

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

See above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I really resent having to pay to buy bin tags while also paying rates for rubbish removal and a food scraps bin I will never use. I don't buy it that it's the only option. I only put my bin out about once a month at most, I'm not a high rubbish maker but I pay so much for services you keep reducing.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local	Fairly Important

#1428

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

I don't think Auckland Council is the right entity to promote connectedness, diversity and inclusion in our community. People already have community, nobody goes "oh thank goodness the council improved my connectedness and inclusion" because of something

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I think a lot of it is misguided. Council tries to do too much that doesn't have an impact aligned with actual outcomes. Like, it's great that we have one pool out west, but it's the only one, it's old, and it has a three-hour wait, and no public transport takes you there. You want to improve connectedness but there's no bus lanes and a trip to town is two hours on three buses that sit in clogged traffic. Focus on making things better, be brave - we have the biggest growth in housing density and the least investment in public transport. Stop wasting money on raised pedestrian crossings and make the train and bus network better. At the moment I have the three-bus journey from forest hill road, or a half hour walk to the train station through dangerous roads and dark paths in bad weather - stop pissing about and give us shuttles to the trains, and bus lanes for them to go on!

8. Do you have any other comments?

Can you please actually listen to what people are telling you? Public transport infrastructure needs serious investment in West Auckland - we don't need outdoor events that you spend ratepayer money on that then get rained out, we need drainage, planting, pest control, and rubbish. Diversity and inclusion and community and connection is a nice-to-have but please for god's sake get the critical infrastructure sorted before simpering around making expensive cups of tea for families in boggy parks

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

funding for cultural etc events - they are not a necessity

#1524

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

public transport will never work if you are relying on the roads (traffic accidents, weather, etc.) - compared to cars there's no cost nor time-saving. Very unreliable as well for the reason above.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

public transport, speed bumps, etc

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

there's no use to it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#1524

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

split

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

whatever brings more money in

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

whatever brings more money in

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges, Waitematā

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

#1532

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	
Continue to activate library spaces with programmes, services and events.	
Operating grants to support Glen Eden and Titirangi Community Houses.	
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	
Initiatives to support youth/rangatahi.	
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

#1532

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	
Phased delivery of improvements for Heard Park.	
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	
Support local communities to develop Emergency Planning & Readiness Response Plans.	
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix traffic congestion, encourage public transport and intensity of housing around major city centres rather than far away. More T2 lanes with cameras. Increase public transport reliability

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less pay for council staff, especially at higher tiers. Less on ramp lights. They cause congestion.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

T2 lane policing - cameras for revenue. Share T2 and bus lanes

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Overpaying the management. Inefficient and wasting our money. Hold the idiots to account who keep wasting money on speed bumps, road tables and cycle lanes that are never used, stop over engineered bus lanes and stops, the other day there were

#1570

12 people standing around on the Don Buck/ Universal road round about doing nothing! Stop the ridiculous over spending and wasting of money, this could have been done by 3 people. There is no accountability for wasted money and this must stop! Do not put rates up until you stop wasting our money!

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stopping stupid plans like more speed bumps and cycle lanes is good. But stop with the stupidity around bus lanes that don't save time like the western "express"

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

When is this even used anymore? Get big events and use it or get rid of it and plan a central stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#1570

Selling the airport shares is a terrible idea. AIAL is already wasting \$6.7billion, this will drive up the cost of airfares and reduce visitors to NZ. If the council has shares they can have a say in this. There are multiple other options that are cheaper and have been provided to AIAL and they ignore this

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Only if this is a public area and residential where some people can afford them but for most people it's lost land. The city is the city of sales and it should be for Aucklanders to enjoy and also visitors to the area.

#1570

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#1575

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Do not support

#1575

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>I don't know</p>

#1575

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Not Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Not Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Fairly Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Faster transport links from Massey to city centre- over an hour is still too long

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on consultants and council admin...

#1579

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Please do something about the traffic it is unbearable. Govt very short sighted.

2a. Is there anything you would spend more on?

Environment and climate resilience

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#1579

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Remove speed bumps

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Build no speed bumps, stop building bus stops in the middle of the road.

#1598

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Making bus stops so that buses stop in the live lane is nonsense. Get Auckland moving faster by keeping bus stops out of the lanes.

2a. Is there anything you would spend more on?

Speed bump removals

2b. Is there anything you would spend less on?

Public transport.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Because the council can't be trusted

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#1598

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Get rid of the raised ped crossings

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Obviously doesnt work. We have stadiums around Auckland. What a waste of money!
Keeps some fields but Eden Park and Mt Smart for sports, Western Springs and Mt smart for concerts. Trust Stadium, Vector Stadium for medium sized crowds.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Object to sale of airport and post shares! What are you all thinking!

Like the idea of the Trust to hold assets but not at expense of the assets remaining

4b. Which option do you prefer for the future of Port of Auckland?

Other

#1638

Tell us here:

Get better management of the land. Council should retain ownership and management of Port, but maybe diversify, RENT not lease, no ongoing leases that give option to keep leasing or we never get input at end of 35 years

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Development of more profitable activities within the port. Must be better use than the biggest car park in NZ.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Enhance cruise ship experiences, use as lease housing/hotel... Take back Wharves if they can be made to pay thier way. Most look derilect, uninviting and poor first impression of Auckland for cruise ships. But dont care about "public spaces" as such, but

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

#1638

This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Other</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#1638

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges, Waitemata

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#1638

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

Little hard and fast remediation for flooding in our area. Community Youth programmes should be a central government responsibility ie social welfare is not council core business

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Need much more emphasis on public safety, west auckland is rife with crime.

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Very Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important

#1638

Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Fairly Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Very Important

Tell us why

The reason we live in this part of Auckland: The Waitakere Ranges, so keep them as is, not sold off for housing etc. Youth services are not local govt responsibility, its central govt welfare services

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

What a cop out! Everything in the too hard department is to be sidelined as outside the Boards decision making, so leaving to problems to be sorted by advocacy ... to who? Government, next council, hope problem goes away by itself? Especially funding for last years floods, caused by too much infill housing without adequate infrastructure, resourse consents given by council but consequences not council problem...? What planet do you guys live on?

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I do not support any priorities

#1638

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Not Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Not Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Fairly Important

Tell us why

Safty perception is just that, CBD and surrounds feel much safer than anywhere in west Auckland. We own 3 apartments in CBD and feel safe there. But it isnt cloud nine

#1638

LaLa land. You need to be aware and sensible everywhere. Again, youth programmes are not

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

Water quality should be included, as watercare is a council entity, how can it be outside your decision making? Perception of safety is included in 2 year plan, why not 10 year plan? Are you expecting it to fail or be so successful it will not need to be continued after 2025?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

cut out frivolous spending like buying fancy sculptures, furniture & vehicles

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#1641

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Do not support

#1642

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

I don't know

Tell us why

It's all very vague

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

meh

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important

#1642

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Not from the Rodney area

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3	Very Important

#1642

sports fields and sport field lighting as well as a second baseball diamond.	
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Fairly Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Very Important
Implement actions from the Upper Harbour Engagement Strategy.	Very Important
Implement actions from the Upper Harbour Greenways Plan.	Very Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Very Important

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

I don't know

#1642

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

8. Do you have any other comments?

Long-term Plan 2024-2034

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Charge less to ratepayers. Use staff and resources efficiently cut salary of Mayor and Councillors

#1695

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Charge less to ratepayers. Use staff and resources efficiently cut salary of Mayor and Councillors

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

No extra costs to Ratepayers. Charge less to ratepayers. Use staff and resources efficiently cut salary of Mayor and Councillors

2a. Is there anything you would spend more on?

Spend more money on improving services and maintaining current services don't pass costs on to rate payers pay the Mayor and Councillors less.

2b. Is there anything you would spend less on?

Spend less on Mayor and Councillors Salaries.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Stadium is fine no extra money from Ratepayers should go on this. Find the money from the people who use the stadium why should ratepayers who don't use this stadium have to cover these costs. Unbelievable expense.

#1695

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Because no extra costs should be passed on to ratepayers. Use your financial resources properly and within your means

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Why sell your greatest Asset to get money now and then miss out on all the future income the port can generate.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

We need top services provided to ratepayers. Rates are already too high and we have a cost of living crisis. Money is already stretched to its limit for most people who live in Tamaki Makaurau

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

#1695

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Because they are the experts. We have already lots millions on an Automation model with the Ports that did not happen. Don't waste ratepayers money

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

We need something for the public generate income make good use of the space

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to	Do not support

#1695

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Charge less to ratepayers. Use staff and resources efficiently cut salary of Mayor and Councillors

#1695

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1697

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways are important please don't drop them

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Selling assets is short term thinking

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#1697

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More funding for Sustainable Schools programmes in experience centres. More funding for species and ecosystem protection. More funding for community grants for natural environment protection

#1714

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Mowing on parks - this is very inefficient use of funding and should be left to grow meadows. Reduce funding for urban regeneration.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#1714

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

8. Do you have any other comments?

I wish to let everyone know how great the Sustainable Schools team is and the mahi that they do across Auckland. They are the ones who are investing in Auckland's future by teaching sustainability to the next generation of Aucklanders. If we want to be Zero Waste or Predator Free or Carbon Zero, we need these young people on the journey. The work the Sustainable Schools team do in the experience centres is truly engaging with the young people of Auckland and should be continued.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

bring back rubbish bins

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1777

cycle ways and footpaths to places that already have them, we dont need 10 different ways to get to one place

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

less cycle ways, they can use existing roads, we don't need more ways to protect people, people need to protect themselves

2a. Is there anything you would spend more on?

safety at railway stations more cover, more seats

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

north shore is a long way for some people to travel to and it's a hassle, they can look after their own stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#1779

Support most of the proposal

Tell us why:

building raised pedestrian crossings and creating cycleways are not only going to increase the accessibility of Auckland for residents but also provide alternative transport options, thereby reducing road users. Accessibility of disabled residents is extremely important and the initiatives supporting their freedom and rights to live life shouldn't be scrapped just because it'll save the council money.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

From what I know, NHS is a space that can be better used by an array of people and groups and it has the facilities (car parks, toilets, space) to host community events that are not strictly limited to the main stadium, such as markets, festivals, performances and gatherings. Changing the main stadium land would result in a massive shift in the establishment of the Super Rugby team's home turf and would have a negative impact on the community and the returns for the stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I do not know enough about the economics and business of these areas to comment.

#1779

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

I do not know enough about the economics and business of these areas to comment.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I do not know enough about the economics and business of these areas to comment.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

As they appear to be smaller and less used wharves, it would be best to optimise their use to the public by making them into public spaces.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#1779

Tell us why:

Bledisloe Terminal has a larger significance to the Ports of Auckland and would need to go through extensive pros and cons to determine the potential gains of being transferred to Auckland Council for public development.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing</p>	<p>Do not support</p>

#1779

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
---	----------------

#1779

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

The Henderson-Massey Board area contains many suburbs and streets where ease of transportation and safety are severely limited due to the conditions of footpaths and cycleways. Improving in these areas will have a positive impact on access to public trans

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I think the priorities are good, but there needs to be a strong drive behind them, especially the response to Gabrielle which is showing little has been done to improve the area in the past year - with all the new developments cropping up, there needs to be consideration for the settlements still suffering.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less on social services, arts, and libraries get to core functions.

Business needs to step up and fund any commercial activities

#1795

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

No light rail happy with rapid rail

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Running cost why are we holding the bag for what looks to be a growth problem eg births and immigration?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Stadium should be generating revenue and not costing rate payers

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Too much emotion involved with AIAL and any other investments they are exactly that and should be treated based on their return.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Divert port to Whangarei and Tauranga use rail links and a land wharf in Huntly where land would be cheap.

That would be better suited to the highest commercial bidder and or long-term leases. Leasing land to port is wrong you wont get returns and if you increase lease then Aucklands would pay the cost.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#1795

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Homes do not generate revenue, salaries are not keeping up with Inflation let alone rates. Change the model a 4-bedroom house uses the same resources in X suburb as it does in Y regardless of its valuation. You will just start forcing owners to move out of Auckland.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water	Very Important

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more rubbish bins, mowing verges and keeping our city tidy, healthy and clean

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less expensive consultation and more careful oversight of Auckland Transport

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

investment in public transport is critical for the city's future

2a. Is there anything you would spend more on?

public transport

2b. Is there anything you would spend less on?

roads

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I disagree with the sale of the Auckland airport shares and I am doubtful of the economic argument for the sale

#1812

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I am totally opposed to the ports of Auckland being owned by foreign buyers who would not reinvest in the port, who would not open up port land for community use, and who would repatriate profits out of New Zealand. Shame on council for even considering such a plan

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I am opposed to the Future Fund because I doubt its viability and because I am opposed to the sale of airport shares

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

The harbour edge and port need to be open to the community

#1812

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#1849

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roads and public transport improvements. rubbish incineration instead of land fill

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Remove and stop the followings:

1. food scrap collection
2. new cycle path construction
3. CBD/Queens street traffic changes that reduce vehicles lane and introduce more congestion

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Road improvement and maintenance

2b. Is there anything you would spend less on?

Stop new electric bus procurement and construction of new cycleways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

There are other big stadiums within Auckland that can take up events diverted from North Harbour stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Agree with most of the objectives

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Arts libraries and local board funding

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland traffic management needs urgent attention

2a. Is there anything you would spend more on?

no

2b. Is there anything you would spend less on?

no

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

A wider use of the stadium allows for more use by the community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Proceed with aspects of the proposal, but not selling any further airport shares

4b. Which option do you prefer for the future of Port of Auckland?

#1948

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

WE need to keep ownership in the hands of Auckland

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

council services are vital for an effective city

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

no

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I don't wish Bledislo terminal to loose and thi=us putting more trucks on the roads

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#1948

Adding to road traffic is not helping roading issues in Auckland. Sea transport means fewer trucks in hte traffic.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

Local board priorities

7a. Which local board area does your feedback relate to?

Upper Harbour

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Very Important
--	----------------

#1948

Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Fairly Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Very Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Very Important
Implement actions from the Upper Harbour Engagement Strategy.	Fairly Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Very Important

Tell us why

addressing climate change needs to be a top priority

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

fine

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

#1948

Which of the following options do you support?

Investigate options to sell land

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

no

8. Do you have any other comments?

no

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Make suburbs more accessible with feeder buses rather than people depending on cars to get them to the main route bus stops or train stations. This means streets need to be accessible so street parking is restricted in areas where houses have garages or carports i.e. 1 - 2 cars per household and not 4 -5 cars. As the population ages it will make it easier for older folk who shouldn't be driving to get around.

#1969

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop the rubbish scrap collection in a separate bin as it just attract cockroaches and mice and is unsanitary. Perhaps food scraps can be disposed off in different coloured bags that can be put in the same rubbish bin. Or look at waste incineration and reuse as done in countries like Singapore, Germany, etc.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Definitely, transport needs to be improved. Do more to increase accessibility to public transport and safety for pedestrians and cyclist.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It should be based on user pays. So clubs / residence etc. that want to use the stadium need to help to some degree with it's upkeep.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#1969

Tell us why:

Gives the council access to funds without adding additional financial burden on homeowners.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Again, this would lessen the financial burden on homeowners and hopefully some of those funds could be used to provide more affordable housing and ensure that the POAL runs a profitable business.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

We have to move forward. We are really lacking when compared to other major cities in the world that have affordable and accessible transport and affordable housing.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

#1969

It's already a challenge with shipments coming into Auckland, And reducing the ports footprint would but additional pressure on trade opportunities. The port should look to develop these sites to make them more "world class"

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As it's a very commercial/industrial area I don't feel it's a good fit for a public space to be in proximity to a busy port.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	Do not support

#1969

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Where there are council services provided to those who rent or owe their homes then it should be based on "user pays" so that home owners who already have a huge mortgage are not further taxed, if they don't use some of these services.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

#1969

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I don't know

Tell us why

Under Our Places is not just walking and cycling spaces that have to be improved. As people get older they can't drive, walk too far or cycle. So you have to look at public transport that is easily accessible so our elderly can be more independent - i.e

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Look at ways to educate the community so we can create a safer place for everyone - anti-gangs, drugs, more consideration for others on the roads, safe places for people to cross busy roads that are not miles apart.

#1969

8. Do you have any other comments?

Don't wait for bad thing to happen and then fix it. Look ahead. Be informed about how thriving countries like Singapore, etc are planned and run. Very efficient in every way and affordable.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix road problem

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#1996

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#1996

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bus services, rapid lanes and more public transport services for west Auckland should be more. The existing situation is terrible and not comparable with Northshore.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Rapid lanes, more frequent busses should be more.

2a. Is there anything you would spend more on?

Rapid lanes, more frequent busses should be more.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Please dont spend any more budget on the stadium, selling it can be an option.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2012

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

#2012

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Optimises change and reduces delay

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Traffic management

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It would reduce the need for another stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Already own the asset and should not have to invest in another

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#2042

Tell us here:

Inflation will erode the AFF

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The cheapest time to pay for something is now. Inflation will erode the value of the AFF

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Security of supply. Rail is being downgraded by central government and roads are becoming more congested and degraded. Both vulnerable to another disruptive climate event. Bearing in mind a volcanic eruption is likely to disrupt the port.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Maintain the integrity of the port.

#2042

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Mixed used development
- High density development

#2048

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce urban sprawl. It is simply unsustainable.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Do not stop previously planned initiatives.

Pedestrianisation increases city productivity.

It's about investing in the future.

2a. Is there anything you would spend more on?

Busways, cycleways, pedestrianisation, rail

2b. Is there anything you would spend less on?

Extending services and infrastructure to low density areas.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management, Other

Tell us why:

Improve and invest in the precinct. Consider commercialisation, such as shops and eateries, gyms etc.

Ideally don't sell the land.

#2048

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

A fund is needed. However, AIAL shares generate revenue and should not be sold.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Invest, invest, invest

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

A fund has to grow, does it not?

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2048

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#2048

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#2048

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Couldn't find it

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Building pump tracks. Auckland has a low proportion of pump tracks and those that are built are extremely crowded.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less regulations

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#2080

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more efficient works so less spending. Find correct solutions to problems, with no conflict of interest to others. Interest should always be for the greater good and for people properly paying the high taxes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2113

Less/No spending to non deserving group/ individuals. Race/ ethnicity should never be factor to any govt spending.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Should look into improving traffic not by punishing people who use cars but by expanding roads and designing roads to ease traffic, not by removing useable lanes.

Add additional routes and roads across Auckland. Urban development should be horizontal, not vertical. Stop making the city more dense but expand / develop more suburb and rural areas.

2a. Is there anything you would spend more on?

No to spending more. We already paying so much taxes. You should reward people who work hard, and not by punishing them with more taxes.

2b. Is there anything you would spend less on?

Dont spend anymore on rails. Cars are already running with electricity so no point on rails. Just need to improve the carpool lanes all over auckland.

3. Which options do you support for the North Harbour Stadium?

Change the operational management,Other

Tell us why:

Havent thought of other better options? Instead of selling land, why not lease out some portions of land to private companies to maximise land. Build high density residential. Consider adding amenities and have low memberships. Turn it to a family getaway place with all sports, wellness, kids amenities.

#2113

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Having shareholding will mean shareholders will want to have more return of investments. In order to do that, more profits should be generated which will mean prices will get higher and higher. Public services should always be for the greater good and for taxpayers.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Again, public services should always benefit the greater good and the citizens. Leasing operation will only make it worse as companies will only make more and more profits as years pass by (for 35 yrs). Instead, invite private companies to invest on Ports like turning ports into an auckland attraction.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Improvements

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#2113

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix potholes!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2146

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Public transport needs to be reliable. Raised intersections are dangerous and unnecessary - if there are traffic lights, why does the intersection need to be raised?

2a. Is there anything you would spend more on?

Public transport reliability.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Could be used more, by different groups. It is a literal white elephant.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Keep public assets with public ownership. Do not sell off future earning assets for short term gain.

4b. Which option do you prefer for the future of Port of Auckland?

#2146

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

If the port is profitable, why would you sell/lease it out to a private interest so they can make money. Do a better job and make the profit for Auckland residents.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

The dividends should be part of the Auckland council revenue, as it is already. The Auckland Future Fund is for what? As a slush fund for election campaigns by sitting mayors? What is the purpose of the future fund, particularly when there are councils spending cuts being proposed and current issues that need addressing.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

This was proposed before. I thought the mayor wanted to move the port - is this not the case anymore?

5b. What option do you prefer for Bledisloe Terminal?

#2146

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Do not support

#2146

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Making an annual charge for rubbish and/or compost collection is not going to reduce waste going to landfill. The current charge as the rubbish bins need emptying in Waitakere works great as we only need to put the rubbish bin out every 5-6 weeks - which saves money and the planet.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#2146

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#2148

Don't support any of the proposal

Tell us why:

Public transport doesn't work for me due to distance between work and home

2a. Is there anything you would spend more on?

Remove parking from narrow roads due to intensification

2b. Is there anything you would spend less on?

Road bumps at crossings

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It will provide more money to waste

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2148

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important

#2148

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

There was a lot of waste in paying roads blue and blocking off roads this had an impact on businesses and traffic

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Promote Auckland in other regions and overseas to promote further investment and growth in the Auckland economy, speed up the building consent and assessment times.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less in-fill housing without car parks.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It's a lot of land with little use. Proposals around a new larger centralised stadium make more sense. If the stadium on the North Shore can't stand on it's own merits then it needs redevelopment.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It's sensible for Councils to use investments to increase revenue, however, if the council needs use of the money, then the shares need to be sold.

4b. Which option do you prefer for the future of Port of Auckland?

#2176

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

If the council is need of funds, leasing makes sense and will enable the council to move ahead with a preferred use of funds.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#2176

It makes sense to still have a major port in Auckland. Until there is a location close by, that ensures ships can dock, this is the most sensible proposal, from the options provided.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#2217

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#2217

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important

#2217

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No I dont want any increase at all, also I think it's time to do a big audit for all the city council teams to make sure 0 waste of tax payer's money. We are all suffering from this cost of living crisis, we don't need another council who wastes money.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

just keep things going, cut the new build etc.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Because we don't want to spend more money.

2a. Is there anything you would spend more on?

No.

2b. Is there anything you would spend less on?

yes spend less on all of the things.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

We need to spend less.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

make more money

#2307

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We need to make money from the assets we own.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

fund the council services so tax payers dont have to pay more rates.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

cut cost, cut cost, cut cost.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#2307

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No it's time for councils like the working person to learn how to budget what they have and stop expecting the public always to pay more taxes. Public can't ask for more all the time so stop acting like a bunch of pirates and do the job your hired to do and stop wasting money on dumb stuff like playgrounds and toilets for millions you all need your head examined

#2308

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yea have people in charge who aren't so stupid with money that's not there's

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

You need to make transport more reliable just the other day my niece and fellow school kids had the pupils bus cancelled 5 in a row this ***** is not good enough (I'm German and guess what they reduced price to get people on public transport not increased it) you might learn something

2a. Is there anything you would spend more on?

Instead of buses on motorway you should have light rail in centre of all 4 main motorways and only buses take passengers to light rail you save time and the environment been suggesting this for over 20yrs

2b. Is there anything you would spend less on?

Yep doing all flower beds in roundabouts and centre of town's get plants that require less work or looking after (grasses, flaxes, etc)

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Time to go shopping who can do same job at better pricing ,

#2308

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Need to stop always selling everything kiwis are so bad at this

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Not good idea getting rid of control but I suggest finding some one who can improve the income and usability of the port . I'm sure there's some great ideas to get more out of this and 35yrs is a long time

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

You need complete overhaul of all departments and then use money better for the people you serve and not your own pockets

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Keep shares , find someone with a better vision to bring in more money and value for the people of Auckland you serve

#2308

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Stop thinking of things that will cost Auckland rate payers more money , come up with what other tourist attractions can be added to benefit Auckland rate payers

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above come up with better improvements to have tourist come and pay more

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#2308

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Attend to kerbside mowing, rubbish collection using the rates you already get.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2315

Open the books so we can see the waste you create, so we can advise you what you need to spend less on.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Stop installing busstops in the middle of active vehicle lanes such as Te Atatu Road.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Everything that inhibits private car usage

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

A public assets needs to be available to the public, not just a few entitled users

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Sack all of AT and half of Auckland Council staff and put the freed up \$\$ into the future fund.

#2315

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Lease it in perpetuity at a vastly increased rate, with reviews every 2 years, adjusted upwards for inflation and to cover valuation increases

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Where is the future fund to be invested and by whom? What returns will we expect and how will they be used? Will they be compounded or spent?

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Expand the port

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#2315

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#2315

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Devonport-Takapuna, Henderson-Massey, Waiheke

Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide	Fairly Important

#2315

decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
---	---------------

#2315

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#2353

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#2353

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Auckland public transport is rubbish as we dont cater for the infrastructure. We struggle with all the extra cars on the road due to the extra housing and are expected to rely on public transport where there are cancellations left right and centre.

#2382

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Look 5-10yrs a head when it comes to road infrastructure. It seems as though the roads are constantly being repairs to adjust to the amount of people living in auckland so look further ahead.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I want to keep my job!

4b. Which option do you prefer for the future of Port of Auckland?

#2382

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support - \$35m increase in capital funding for sport and recreation over the next three years

#2410

Support - Assist in leveraging different funding available from other organisations (such as licensing trusts and Foundation North) for priority projects

Support - Refining the criteria of the SRFIF, so that a large proportion (circa 70%) is no longer contestable

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management, Other

Tell us why:

I do not support the deconstruction of the stadium. However, I am open to looking into alternatives that make the stadium more fit-for-purpose. I am open to optimising the operational management to maximise the usage and promotion of the stadium.

The community cannot afford to lose any of the current community fields, stadium or outer stadium fields.

If Council are to seel any land, they are to sell the non-utilised areas and 100% of the profits must be repurposed into the stadium precinct.

#2410

The precinct is currently home to a number of RSO's, clubs, and RST, and in order to ensure the community doesn't lose any community space, it is imperative the precinct is enhanced, not down scaled.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2410

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

#2410

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#2410

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The way this question is framed is poor. More funding should come from central government

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2411

The way this question is framed is poor. More funding should come from central government

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Subsidising public transport.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The stadium is barely used. Redevelop it into housing.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#2411

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Leasing is fine, as long as workers aren't impacted.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Cutting services and austerity does not work.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Execute "Plan change 78" as soon as possible.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2561

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#2561

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fixing the storm water. Removing the red tape around property development, resource consents and building consents. More predator control to protect our diminishing native species.

#2600

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less duplication and waste of roading maintenance. Too much traffic management spend, new roundabouts and crossings that are often poorly thought out and anyone with common sense would tell you are a joke.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There has to be a place for safe cycle routes in any good transport plan. With the rise of e-biking this is an absolute no brainer to help reduce congestion. Automated vehicles are coming, ride sharing is coming. Plan for that in the next 10 years, other investment needs to be looking at mass transit options to make congestion better.

2a. Is there anything you would spend more on?

Cycleways and incentives for biking. Mass transport from the airport to the city. Ferry from Te Atatu Peninsula to the city.

2b. Is there anything you would spend less on?

New roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#2600

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#2600

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Enhance railroad connections with Ports of Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2604

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I think encouraging alternatives to private vehicles should be a high priority, which means more cycleways rather than less. Also long-term plans around how people can safely cycle to work or around inner city.

I think encouraging more businesses to move out of the inner city can redirect more commuting to other areas to reduce congestion, as well as supporting more businesses to create work-from-home opportunities.

For that reason I would look at reducing work on new roading and instead focus the spend on alternatives.

2a. Is there anything you would spend more on?

Cycle and bus lanes, light rail, reducing inner city traffic.

Increase rates for inner-city businesses such as offices where other areas could be used.

2b. Is there anything you would spend less on?

New roading and traffic management.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't have enough involvement with this to understand the need or priority.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#2604

Proceed with the proposal

Tell us why:

I think this makes good sense. We know there will be future challenges with climate change; it makes sense to create more income streams now when we can.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I like the idea of seeding a fund, I think that's a good opportunity. I think this also helps to create some certainty about the future of where Ports of Auckland operate from, and how critical it is to Auckland's financial well-being.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

#2604

I don't have any details of why this is necessary, and only details of how it could reduce the income stream from Ports of Auckland. I would want to see what the potential changes in income are before I made any judgement.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

I think I would like to see the inner-city focus on supporting events like America's Cup, on supporting tourism, and supporting business like Ports of Auckland. I think high and medium density housing, office space, and shopping would be better pushed away from the central city.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop all the money spent on useless speed humps and raised crossings. They do nothing for the environment as cars slowing and speeding up creates more bad transmissions. They also damage cars and cause potholes.

#2652

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport needs to be reliable and good to give cycleways a break till roads are fixed.

2a. Is there anything you would spend more on?

Not if it means rates increases. How can pensioners survive on a pension of rates keep rising.

2b. Is there anything you would spend less on?

As I said previously speed humps and raised crossings.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

No need to spend lots of money on stadiums that are ok as they are.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Wasted money.

#2652

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The most sensible.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

It could stop rates going up.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We need the revenue from ports and why transport goods from elsewhere and make them cost more

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#2652

Tell us why:

As above

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#2652

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes, for every new or reviewed document that is decided by the the council and/ or every councillor, I propose their name to be published publicly and available for viewing, so ‘we the ratepayers’ can hold the individual/ collective accountable for any wasted ratepayer funds.

#2681

That is what I'd like changed. I'm sick of reading wasted money on projects that have no purpose.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, stop wasting money and space creating bicycle lanes in Ranui/ Swanson. I've been living in Ranui for 2 years and have seen a handful (up to 5 cyclist) of cyclist on the road, it's not worth the wasted money. Please stop

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

There is no incentive to myself or my family using public transport out west. It's not convenient and the cost/ time overrides the convenience.

2a. Is there anything you would spend more on?

No, I don't want to spend anymore money. We can't afford anymore of it.

2b. Is there anything you would spend less on?

Projects with no purpose. For example, The blue painting near Henderson mall. Bicycle lanes that make no sense in West Auckland.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#2681

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

That sounds like another waste of money. It's currently managed by who? And can be structured, let's say as a trust managed by exactly the same group managing it now? No, leave it as it is.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

DP World will destroy what Port of Auckland have created and will expect double what they've invested. Who do you think will feel the burn?? The Auckland Ratepayers with the massive increases. They have returned an extra \$5M in profit. Why would you want to ruin such a good reputation? They are performing. Their safety has increased with their LTI's having been Zero during their busy Christmas season of 2023 leading into 2024. Port of Auckland belongs to the Aucklanders. DO NOT SELL THE PORT!

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Port of Auckland is performing. They are outdoing every other Port in NZ. Leave Port of Auckland as it is. I do not support the new proposed Fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#2681

The Auckland Fund will benefit only certain individuals.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

You getting rid of 100s of workers at Port of Auckland. The imports will have to be coming in from NorthPort or Tauranga? You're creating more road problems and we don't have the infrastructure to move 'x' amount of freight on our roads and freely. Also t

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

You getting rid of 100s of workers at Port of Auckland. The imports will have to be coming in from NorthPort or Tauranga? You're creating more road problems and we don't have the infrastructure to move 'x' amount of freight on our roads and freely. Also the environment will take a hit with 'x' amount of trucks on the road

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase the local fuel tax to get more tax from users who drive more.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2688

Reduce the wasteful spending on endless meetings to build things which then get shelved but cost rate payers millions of dollars. eg. airport to city rail link.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

If you have lost RFT then you could look at budget cuts and better cost management for projects that are always over budget. Spend the money as if it is going from your pocket and you will quickly adopt a frugal mindset.

2a. Is there anything you would spend more on?

getting rid of people who have the least accountability and most wasteful spending. Spend more on severance packages and legal fees to terminate them if they don't get their act together.

2b. Is there anything you would spend less on?

wasteful planning and expensive lawyers. Rather higher inhouse lawyers who can do the job while getting paid a salary rather than pay exorbitant charge out rates of interns charged at senior lawyer rates.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#2688

Tell us why:

I voted for this in the last referral as well.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It helps raise capital for immediate projects.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The need for expenses is now and the rates increase is affecting everyone.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I hope we don't see Auckland as a place where a mortgage free family still needs to be pay \$20,000/year in rates. This is what happens in big cities like Los Angeles and New York. But Auckland is not going to become like them in next 10 years but the rates are definitely rising to be at par as these cities.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#2688

Tell us why:

Don't trust that the next project will not go over budget and yield no financial gains.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

same as above. No trust in the current council.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Support</p>

#2688

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

#2688

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Public safety is lacking in this board. There should additional surveillance equipment to deter potential criminals in most parts.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Start fixing the roads with potholes. Less stupid 30km areas and judder bars and actually maintain the roads. We shouldn’t have to pay more for this.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2728

Stop putting huge judder bars everywhere. And if a contractor messes up make sure they replace or repair their work at no extra cost. No more cycle lanes, for the small number of people that actually use them it's overkill.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

There is a lot of talk about Improving public transport but so far they are failing. Trains are constantly a disaster (slow because of heat, lines not running etc) Auckland Transport get plenty of money thrown in their direction but they don't seem to be able to spend it wisely.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Cycleways, reducing speed limits, raised crossings, raised intersections and judder bars.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Stop selling assets. There will be none left at this rate.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Better to have a steady income from this asset and keep it in NZ management. The lump sum will just get wasted on stupid stuff anyway.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#2728

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Honestly, I was bummed that Light Rail didn't happen. But I would put much more money into more and better public transport projects. I am sick of Auckland being the 'motorway city.' Also, could they put in congestion charges? I prefer lighter roads.

#2743

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I want to say less roading and putting our roads on road diets. But it wouldn't happen and wouldn't meet the approval of many citizens.

2. What do you think of the transport proposal?

I don't know

Tell us why:

I want more PT, but some things are getting in the way like reduced funding for PT projects.

2a. Is there anything you would spend more on?

More PT, more densified housing

2b. Is there anything you would spend less on?

Urban sprawl and extensive motorways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I do like the idea of a better-operated community centre.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#2743

Tell us why:

All investments must be made; the times are changing, and we must prepare for what happens in the coming years.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Short-term profitability could be better for future generations. We need you to stay the course; we will pay our required rates.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Investing in the future is an excellent way to get returns for the people, so some must be put away now.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The Future Fund is a necessary idea, but I will also be happy to contribute to a better future now with higher rates.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2743

Tell us why:

Reducing the port of Auckland would be fine, but that money needs to be put into better rail systems. If you're changing where the ports go, implement the system for the rails to go through the city.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

I don't mind if you transfer it, but make sure that money is put towards a better rail system.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to</p>	<p>Do not support</p>

#2743

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I wish much of our money were more long-term funded and less short-term based.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

#2743

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

A lot of my local areas are very important to me

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve public transport and roads

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

City and local development

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Invest on efficient rail network , explore like Singapore metro system

2a. Is there anything you would spend more on?

None

2b. Is there anything you would spend less on?

making more speed bumps and wasting money

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Under utilised, needs change

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#2784

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#2784

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get rid of all your middle management that gets paid touch to do too little.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Painting intersections for hundreds of thousands of dollars....

#2805

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

There are plenty of good examples of public transport ours is not one of them and doesn't aim to be. Also grow a back bone and stop pissing away rate payer dollars on blown out contracts, how hard is to pay for completion instead of hourly....

2a. Is there anything you would spend more on?

Investments to generate income.

2b. Is there anything you would spend less on?

Staff

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important

#2830

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better train routes and get rid of so many speed bumps

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2864

Making things pretty and not as functional. Putting trees everywhere instead of parking in suburban areas just makes it hard with all new housing not having parking on site anymore.

Also less speed bumps, makes it a pain driving anywhere

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#2864

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#2864

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Waiheke

Waiheke Local Board Priorities

7b. What do you think of our proposed priorities for Waiheke in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	
Programmes which protect, restore, and enhance the island's natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	
Progressing recommended actions within the Waiheke Local Parks Management Plan and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	

#2892

Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	
Capital projects including the Tawaipareira Reserve playground.	

Tell us why

7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#2909

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount	Support

#2909

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I’d like to see a focus on public transport and getting people moving. This has a huge impact on my life as I work in the city. The new NW bus service has nearly doubled my commute, taking time from my family.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No, I think we are already doing the minimum.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need to prioritise getting people out of cars and walking, cycling and using public transport.

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Let's just focus on the basics and get people moving, whatever that takes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

I don't use the stadium, but I think anything that encourages more community use can only be a good thing.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#2935

I think I need more information on how this could work, what the projected revenue is, how risky the investments will be, etc

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Will we end up paying anyway if we lease the port? How are they paying for it now?
Can poal pay that amount upfront now?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Subject to more information on how this would be structured, risks etc

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

What would you do with the wharves, will they be able to generate a similar level or more of income?

#2935

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

As above how would you propose generating an income?

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Disagree with rates funded refuge, it does nothing to encourage people to reduce their rubbish. A better option would be rolling out pay as you throw to the rest of Auckland

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

#2935

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

We need to have a community that’s more connected and supports each other while protecting the environment.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am happy with they have done so far.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Unnecessary spending on roads and painting roads for no reasons.

#2940

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Time management from people is essential.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Repairing footpaths when they are in good condition.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It's up to standard.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase the value of land. Some of sewage are block in Pooks Rd! Please do inspection before winter seasons

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

None

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

The population in Auckland is growing faster than we think. We need to upgrade our transport network such as road upgrade or additional road, more faster and reliable train (suppose to high speed train)

2a. Is there anything you would spend more on?

I don't mind spending more for motorway fees if there no traffic jam on peak hour. You can do that as add additional road of motorway

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#2941

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#2941

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes sack your planners and consultants . Work faster .EMPLOY CHINESE COMPANIES TO BUILD NEW AUCKLAND HARBOUR BRIDGE.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#2950

Less spending on speed bumps , cycling tracks and rework on the roads.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

You can't afford to pay . You only know how to increase rates. You are living in a dream....you want but have no money.

2a. Is there anything you would spend more on?

ONLY ONE THING.

8 LANE CAR TRAFFIC .

4 LANE RAILWAY .

8 LANE CYCLE.

A NEW AUCKLAND HARBOR BRIDGE.

THE BRIDGE WE NOW HAVE IS RUBBISH....REPAIR REPAIR.

2b. Is there anything you would spend less on?

All council members. No government cars. Consultants.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

IS A SPORTS STADIUM GOING TO HELP IF THE HARBOUR BRIDGE COLLAPSE.
GEEZ OR CAN'T YOU THINK SO FAR AHEAD.

#2950

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

You make enough money from our rates , if you stop wasting money you can do it.

You always want to live BEYOND YOUR MEANS TO IMPRESS WHO.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

LEASE TO CHINA. A NO BRAINER.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

FUTURE FUNDS DISAPPEAR AND USED ON RUBBISH.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Singapore is small, yet they know how to spend tax money to make Singapore great.

New Zealand is delusional, wrong people in council session making.

#2950

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Expanding the Harbour for cruises ships.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Increase shipping Harbour.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to</p>	<p>I don't know</p>

#2950

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Waitākere Ranges

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Not Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Fairly Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

#2950

I can't go to the beach in December cos of sea water pollution IN SUMMER AND THE TOURISTS THAT COME HERE. YOU CONCERN YOURSELF WITH SOME UNIMPORTANT THINGS.

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

IS THE RATES GOING TO SATISFY YOUR EGO.

8. Do you have any other comments?

YOU ARE LIVING BEYOND YOUR MEANS.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Investment in better roading, congestion. Better infrastructure. Keeping our streets clean and restoring rubbish bins.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less spent in events and public transport.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Concentration on making the public transport we have work before wasting time on adding more dimensions. Reduce all raised crossings and cycle ways. Maintain what we have!

2a. Is there anything you would spend more on?

Traffic management and fixing our roads.

2b. Is there anything you would spend less on?

Public transport and crossings

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

4b. Which option do you prefer for the future of Port of Auckland?

#3037

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#3037

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#3037

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important

#3037

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

update the SH 16

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do less

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3056

Do less because you can see in past 10 years no one has time to use these facilities since everyone is busy and In free time everyone wants to browse their phones to make money either bh social media or share market. So no point in wasting our money. Reduce our rates.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

The only thing you need is to run trains all over. And get auto rickshaw with \$2 - 5 per suburb just like in India.

2a. Is there anything you would spend more on?

I cannot afford my medical insurance. I think when rates are less I can get that done for my health.

2b. Is there anything you would spend less on?

On rates

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It's just fine. Coming time people will be busy online. Gyms and sports in schools will be just enough.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It's just fine

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

So they can reduce our rates. Also please reduce the tax. I need to get medical insurance. I'm really concerned about my health

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Reduce rates and income tax

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

#3056

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I don't know

Tell us why

There is enough money council gets. I do not have money to get my medical insurance because of rates and income tax. I work like dogs and get nothing.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

It's just fine

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

#3056

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support any priorities

#3056

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	I don't know
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

Tell us why

#3056

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Not Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Not Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Not Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Not Important

#3056

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

None of the above

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Not Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important

#3056

Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Not Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes.

#3063

1. Reduce your top level employee salaries.
2. Reduce your development charges.
3. Reduce your hourly charges for RC and BC (your engineers are taking too long to approve the consents.)

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Just focus on your old infrastructure and try to make it better and more importantly focus on how to use it more appropriately.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Yes.

On your traffic management. You are spending too much money on those orange cones. And unnecessarily put g too much money to traffic management companies.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#3063

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide

Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More red light cameras, more speed cameras. Especially in Lincoln Rd

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Don't increase council rates more than 3% each year.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Spend more on cameras to increase revenue, simple solution.

2b. Is there anything you would spend less on?

Council rates

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#3081

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Tell us why:

Sell the golf courses

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Airport needs to be cost effective so government needs to hold onto some shares

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Use to improve Auckland instead of charging more for rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#3121

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#3121

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#3121

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

Focus on people and the economy will speak for itself

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Neater more presentable

8. Do you have any other comments?

Long-term Plan 2024-2034

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#3213

Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

Focus on a few key issues rather than spreading too thin. Specialise.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Very Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Very Important

#3213

Continue to activate library spaces with programmes, services and events.	Very Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Fairly Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Very Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Don't have the money to pay for any increases. Cost of living already choking us.
Reduce rates, not raise them. Slow down and chill out.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like garbage collection to be retained at once a week. I am prepared to pay more for this. Its a hazard to require people to hold their garbage for 2 weeks. It is likely to cause issues with vermin etc. I am confident changing to two weeks will not reduce the amount of garbage collected. It will just degrade the environment we live in!!

#3243

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less bicycle lanes. The environmental cost of building these cycleways is far more than the benefits it provides. Its also unrealistic to expect working people with families to cycle 60 - 70km a day to work and back in all whether. Surely there needs to be a more considered approach to this.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I would like to find a way to keep a regional fuel tax or equivalent. Selected tolled road is to heavy burden on a small section of our community. I find it upsetting that people riches near the center of the city eg Remuera will pay no toll but working classes travelling from further will carry the burden. The proposals are a disgrace and targets those that can afford it the least. I also fail to see why we should pay 40% of what is collected to a private collection firm when the council can retain 100% of what is collected by other means.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#3243

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

These blue chip shares in assets are an almost guaranteed financial growth for the council. Selling them is a mistake. If I may use an analogy. If you have a property that is growing in value at 10% a year with rental income, surely it is better to mortgage it to get temporary funds rather than selling it to get a one of payment? The growth over a long term will see a better return even with loan repayments.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Same reasons the shares of the airport should not be sold. The long term returns from these assets outweigh any short term financial gains.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#3243

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#3243

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce number of councillors

#3280

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Don't believe you guys have real answers. Your track record of delivering anything is dismal.

2a. Is there anything you would spend more on?

Proper drainage and flood mitigation and flood control.

2b. Is there anything you would spend less on?

Cycleways. Community centers and local libraries. We don't need these in the Internet age.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

What ever for ?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think now is already highly consider my property condition. I live in apartment and I already contacted council about faulty issue of new build building. This apartment is new build but has a lot of issues but council allowed people to live. I received a ridiculous answer all the time. And now you informed me to increase rate.... when we need your answer and help, never did for us. But when you need us to pay, contact

#3302

and ask us to pay.... It is unfair. And I bet rhw governor already used our tax to wrong project like the plan to connect city center to mt eden under ground. Council wastes money, but whe we need to pay more? My property rate should be less than council set. 68unit live in this apartment... our property rate is way to high.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Especiqlly, some job needs good technic.I do not think this country can do. The road to connect west to airport was finished by AuS. And the train construction from city to mt eden is failed.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

New york, seoul and tyoko have a really good subway system. There are a lot of rails and trains are really fast. Howecer, here, no technic to do like these sytem and it is hard to install more rails in Auckland.

2a. Is there anything you would spend more on?

Please make more street parking. Government permits to build everywhere easily never consider parking and traffic conditions. This is one of the biggest reason for traffic jam.

2b. Is there anything you would spend less on?

Do not make bicycle road stuff.....bicycle is for short disdance trip...but aucklamd traffic jam happens most whole area of Auckland.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

#3302

The event is not for everyone. Some people do not watch and some people cannot bcz everything is expensive. Especially, I am single and I never get any benefit. I only pay tax..a lot. Government uses for lazy people and families. It is unfair.. governance to charge more tax from family who has kids. They pay tax same rate and get more benefit. And do something about lazy people to work themselves. Do not waste for them.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Airport is old and there is always construction in there. If construction delay, it is all cost. So sell img stock and invest money to make more will be good.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

If they use the right way, it is ok

4d. Do you have any feedback on any other part of the proposal?

#3302

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to</p>	<p>Do not support</p>

#3302

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

#3302

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

I struggle to live this property abiuot building is not build right way and not enough street parking. And no one care who makes noise at night time on the road lile some car turn music so loud. And so motorcycle make so noisy. Please charge them fine and make budget. And need to consider and should be lower all tax rates who do not get benefit from government.

Long-term Plan 2024-2034

<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#3348

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

#3348

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I don't know

Tell us why

It would be great if another pool and leisure centre was built in massey/northwest.

Why has this board not been more specific with actions they want to put in place compared to other local boards.

Parks- keeping them well maintained with shade sails in

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Priorities have not been well detailed so I am unsure exactly what work will take place if any. Disappointing, compared to other local boards who have detailed plans.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NO

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3360

Less staff - less corruption - less abuse of rate payers' money - less unfair funding, support and accommodating of embarrassing groups like transgender - Palestine - Ukraine etc

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I think increase the amount of public transport options - reduce the ticket prices - subsidize this by adding a public transport fuel tax to fuels.

2a. Is there anything you would spend more on?

Disabled parking enforcement. More disabled options and improvements in public spaces.

2b. Is there anything you would spend less on?

Supporting organizations. Let them fund themselves.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#3360

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#3360

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

They are failing to act and provide any of the "services" they offer. So my rates should remain the same and they need to pull head out and get organized. Use the money I am paying to invest in the infrastructure and roads in MY area and stop wasting it on this *****

#3420

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Pay them less - equal to the performance they are providing. Less cultural and arts ***** , if they are wasting my rapes upgrading downtown, that does nothing for me, even Queen St businesses have given up and closing but if they want to spend money there and Briotmart and Waterfront or what ever, get the people in those areas and the people using it to pay for it - same with this bus and train ***** . None in my area so why should I pay. Get Water care to fix the water management systems - they are billing me for it every month?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Is horrible and getting worse. I live in Auckland and have paid this "fuel tax" but if government funding was equally allocated - more people in Auckland so should get a bigger piece of the pie - we are "donating" the most money?

2a. Is there anything you would spend more on?

no

2b. Is there anything you would spend less on?

cultural, public transport trains and buses, art *****

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

User pays, They collect \$ from events, their job to use and allocate that money effective and efficiently.

#3420

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

At least then they might spend some money doing some good?

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Hopefully this is producing some revenue and jobs for Auckland

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

AFF doesn't benefit me in anyway

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Council is too inept to insure it self, it can't even provide the services my rates are supposed to be paying for.

5a. What option do you prefer for Captain Cook and Marsden wharves?

#3420

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

council can't manage what it has onboard and this proposal would mean a loss of revenue and resources to Auckland as shipping will go to other areas and then back to blah blah paying more because then everything needs transported to Auckland and an additi

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

#3433

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

2a. Is there anything you would spend more on?

want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere,

#3433

and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#3433

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#3433

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	

#3433

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important

#3433

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Light rail to westgate to CBD

8. Do you have any other comments?

City and Local Development

I support a surface light rail network as it provides the opportunity to regenerate urban centres and enables development through a higher capacity transport system.

Environment and Regulation

I support a surface light rail network as it reduces transport emissions and pollution in Auckland, creating a cleaner city for all.

Economic and Cultural Development

I support a surface light rail network as it facilitates economic growth through an efficient and accessible transport system. This enables more people to reach businesses and commercial areas to support and grow Auckland's economy.

1. Introduction

1.1 Purpose of this pathway

The Auckland Rapid Transit Pathway (ARTP) bridges the gap between high level plans (such as the Auckland Transport Alignment Project (ATAP), the Auckland Plan 2050, the Auckland Regional Public Transport Plan (RPTP)) and project-level planning and design work. This plan sets out Auckland's view of the future rapid transit needs for the region, over the next 30+ years.

It will take many decades to fully implement the rapid transit network outlined in the ARTP, meaning an enduring, evidence-based plan is important to ensure a consistent approach is maintained over time. By providing a clear long-term view of how this network should develop over time, the ARTP will help ensure the design and implementation of individual corridors and projects come together in a coherent way. This will deliver the best possible value and a useful, connected rapid transit network.

It does this by outlining at a network level:

- The role and objectives of rapid transit within Auckland's wider public transport network, including its contribution to outcomes identified in higher-level plans and strategies
- The future network's corridors and their likely modes and connections
- Timing and staging for this network
- How to improve access to rapid transit, including land-use integration
- Key implementation steps.

1.2 Keeping this pathway current

Rapid Transit future planning is an ever-evolving process. Priorities change, funding availability changes, technologies change and growth timing and extent is uncertain. The ARTP will need to be updated regularly to account for the latest thinking on the rapid transit network.

As decisions are made, however, it is the role of the ARTP to act as a reference point, to ensure that decisions are progressing towards the desired future system - of a fully integrated, efficient and customer-focused rapid transit network which supports Aucklanders' needs.

2. Rapid transit in Auckland

2.1 What is rapid transit?

Rapid transit is defined at a high level in the Government Policy Statement on Land Transport (GPS) and the National Policy Statement on Urban Development (NPS-UD) as:

A quick, frequent, reliable and high-capacity public transport service that operates on a permanent route (road or rail) that is largely separated from other traffic.

This Pathway elaborates on the above definition to emphasise the role of rapid transit as the core of Auckland’s wider public transport network and its importance in shaping the region’s growth and urban development.

The Auckland Rapid Transit Pathway’s definition of rapid transit is:

Rapid transit provides fast, frequent, and reliable high-capacity access along strategic corridors that are separated from other modes and unaffected by congestion. Rapid transit is the backbone of Auckland’s public transport network and is critical to supporting and shaping its growth and urban form.

Key characteristics of rapid transit are relatively universal across different cities worldwide.

Characteristic	Explanation
Integrated with other public transport	Rapid transit forms part of the frequent public transport network, within a wider overall network of public transport services.
Provides fast, frequent, reliable and high-capacity service	A dedicated corridor and large vehicles enables rapid transit to provide a high capacity, highly attractive service that is competitive with private vehicles.
Easy and intuitive to use	Rapid transit provides a high-quality customer experience that is simple to understand, especially for new or infrequent passengers.
Total priority to ensure reliability and resilience	Rapid transit needs to always operate reliably, regardless other factors affecting the transport network. To achieve this reliability and resilience, rapid transit usually operates in corridors that are physically separated from other modes.
Tailored to a corridor’s needs	The mode, distance between stations and scale of infrastructure should be tailored to the likely scale of demand and characteristics of a corridor, while still effectively integrating with the wider network.
Shapes and supports urban form	The speed and reliability of rapid transit makes areas near stations more attractive places to live, work and visit, supporting higher density and mixed-use development.

A variety of different modes and technologies can deliver rapid transit service, including buses, light rail vehicles, metro vehicles, trains and ferries. More detail is provided in Section 4.3.

In all cases, the characteristics of the services are more important than the type of vehicle used to provide it. For example, a train service that operates at a low frequency is not rapid transit.

2.2 The role of rapid transit in Auckland

Auckland’s geographic layout and urban form help define the role rapid transit needs to play in supporting the region’s success. A small number of connections between different parts of Auckland concentrates many trips onto a few corridors, which act as bottlenecks and create congestion, particularly for longer-distance journeys.

Forecast growth has the potential to worsen these current challenges. Auckland’s population has doubled over the last four decades to approximately 1.7 million people in 2022, and is projected to approach 2.5 million around 2050. Without major change to people’s travel behaviour, this growth is forecast to significantly increase travel demand over the next 30 years, potentially resulting in an extra 400,000 peak time trips and 2 million more daily trips across all modes.

Auckland’s transport challenge is greater than just accommodating growing travel demand. Transformational change is required in many areas, especially to significantly reduce greenhouse gas emissions and private vehicle travel. Rapid transit has a major role to play in this transformation, through meeting a substantial share of growing travel demand and shaping a more sustainable urban form.

Key roles for rapid transit are shown in the table below:

Supporting and shaping a quality compact urban form	The public transport network’s backbone	Providing space-efficient access to opportunities
Supporting successful and productive centres and major employment areas.	Quickly, efficiently and reliably moving people along routes with high levels of demand.	Enabling Aucklanders to benefit from the region’s growth by providing fast, high-capacity and reliable access to opportunities.
Encouraging a greater share of growth in areas with better travel options.	In inner areas, meeting strong demand for travel along major corridors into the city centre and between other major centres.	Moving large numbers of people across key transport bottlenecks and into highly constrained areas.
Ensuring new ‘greenfield’ areas have good travel options as they grow.	In outer areas, acting as the key connection to and between major centres, other parts of the region and to major public transport hubs.	Delivering long-lasting access improvements that can be maintained over time even as demand increases.
Encouraging transit-oriented developments in new and existing areas.		

2.3 Rapid transit objectives

These objectives clarify the outcomes sought from expanding and upgrading Auckland's rapid transit network, helping to inform future planning work and business case development.

1. Increase access to opportunities, especially to major and growing employment rates
2. Increase people throughput on Auckland's most critical corridors
3. Increase the share of travel unaffected by congestion
4. Increase public transport's mode share, especially for medium to long journeys, to reduce greenhouse gas emissions
5. Enable an integrated, efficient and effective public transport network
6. Focus most housing and employment growth in centres, nodes and development areas
7. Support high quality integrated urban communities

1. Increase access to opportunities, especially in major and growing employment areas

Increasing the number of people able to easily and reliably access major and growing employment centres is important for Auckland's economic productivity and overall prosperity. The evolution of Auckland's economy towards service-sector employment means future job growth is likely to be focused in a few key centres. Enabling safe and efficient access to these centres enables workers to realistically consider a wider range of job opportunities, and employers to draw on a wider variety of potential employees.

Rapid transit's capacity, speed and reliability means it has a unique role to play in significantly increasing the number of people who can easily access these centres – especially from outer parts of Auckland that currently have relatively poor access and often also have higher levels of deprivation. These communities often have a high proportion of Māori and Pasifika residents; the development of the rapid transit network should consider how access to opportunities for these groups can be improved.

Rapid transit's extremely high 'space efficiency' (i.e. number of people moved compared to the amount of space required to move them) is the only way significantly more people can access major centres while also enabling these centres to become more people-focused, high-quality places.

Measures:

- Number of people within 45 min PT travel time of key centres.
- Total number of jobs people can access within 45 mins by PT.
- Mode share of trips to key centres.

2. Increase people throughput on Auckland's most critical corridors

Auckland's geography splits the city into several sub-regions, linked by only a few transport connections. Travel demand is funnelled into these links, creating bottlenecks that result in congestion, poor travel reliability and ultimately much lower levels of access for many parts of Auckland, especially outside the isthmus.

Ongoing population and employment growth are placing increased pressure on Auckland and its most critical transport corridors. Adding road capacity to these corridors is generally extremely costly and often unacceptable or infeasible due to environmental and/or community impacts.

Rapid transit's ability to move large numbers of people along narrow corridors means it is uniquely suited to significantly increasing the throughput of people in these most essential parts of Auckland's transport system.

Measures:

- People-moving capacity along key corridors.
- Person movement per hour along key corridors

3. Increase the share of travel unaffected by congestion

Congestion leads to delays and highly variable travel times that adds cost and undermines quality of life. Reducing the impact of congestion on people's lives is a key component of improving accessibility and overall wellbeing.

Because it operates on dedicated corridors, rapid transit can still provide a fast and highly reliable travel option even when other parts of the transport network are under strain and highly congested. As a growing share of people use rapid transit, the impact of congestion on Auckland will reduce as more and more people are unaffected by it in their travel.

Measures:

- Per capita annual delay from congestion.
- Share of travel on rapid transit compared to other modes.
- Service reliability and punctuality (passenger weighted).

4. Increase public transport's mode share, especially for medium to long journeys, to reduce greenhouse gas emissions

The combination of rapid population growth, few opportunities to add road capacity within existing urban areas and the need to reduce emissions makes it critical to dramatically increase the share of travel by public transport, walking and cycling (mode shift). Reducing Aucklanders' reliance on the private vehicle is an essential part of enabling easy, safe and sustainable access to opportunities.

If population growth simply translates into increased vehicle travel, then the result will be more congestion, poorer access to opportunities, higher emissions, a less healthy and safe population, and overall a poorer quality city for residents, businesses and visitors.

Rapid transit has a critical role to play in supporting mode shift, particularly for medium and longer journeys, thereby helping to reduce transport emissions. The speed, reliability and service quality of rapid transit makes it strongly suited to achieving mode shift, especially compared to other forms of public transport. High quality design, including universal access to stations that feels safe for all passengers throughout the day and night, is key to encouraging more people to use these services.

Measures:

- Share of travel by public transport (overall, on key corridors, to key locations).
- Vehicle kilometres travelled (total and per capita).
- Public transport ridership (total and per capita).

5. Enable an integrated, efficient and effective public transport network

As the backbone of the public transport network, rapid transit needs to be properly integrated with other public transport services, to ensure it can successfully perform this role. This means that network design and ticketing need to enable transfers between rapid transit and other services. Key interchanges must also be designed to minimise transfer times between services. Where two rapid transit corridors intersect, interchanges should enable particularly easy transfers between services.

As the rapid transit network expands, it should increasingly carry a greater share of all public transport trips. A greater portion of these trips will involve transfers from other services. Passenger journeys on rapid transit will, on average, be for longer distances than those of on other services, reflecting rapid transit's role in carrying medium to long distance trips.

Measures:

- Proportion of all public transport boardings on rapid transit services.
- Share of public transport journeys involving transfers to rapid transit.
- Share of rapid transit journeys involving a cycling connection.
- Share of rapid transit journeys involving a walking connection.
- Average passenger kilometres per service kilometre.
- Average transfer time between services at key interchanges.
- Safe and universal access to stations.

6. Focus most housing and employment growth in centres, nodes, and development areas¹

The Auckland Plan 2050 and the Auckland Unitary Plan are based on a quality compact approach to growth. This approach focusses most growth within the existing urban area and enables the greatest amount of change to occur in and around centres, and in nodes and development areas. Accommodating a significant proportion of Auckland's future growth in these locations is important for protecting rural areas from urban encroachment, managing infrastructure costs, supporting liveability and wellbeing and reducing environmental impacts.

Areas that have access to rapid transit will be able to support redevelopment to higher densities. This is because these locations will have better access to opportunities and be more attractive places to live, making them suitable for higher density development by both the public and private sectors. Rapid transit is particularly important in supporting high intensity employment areas, by creating large 'pools' of employees who can travel to the centre of employment in a reasonable amount of time and with a high level of reliability.

Rapid transit also reduces the amount of space that needs to be dedicated to carparking by providing high quality travel options. This means that space which would have otherwise been required for parking can be developed instead for housing, businesses and other activities. For employment centres, rapid transit's spatial efficiency also means that they can be more intense, supporting higher productivity through agglomeration.

Measures:

- Proportion of new dwellings within walking and cycling distance of rapid transit.
- Proportion of commercial development within walking and cycling distance of rapid transit.
- Proportion of metropolitan and town centres within walking distance of rapid transit.
- Proportion of major public facilities (including universities, hospitals, large shopping centres) within walking distance of rapid transit.

7. Support high quality integrated urban communities

For Auckland to be an attractive place for people to live, work, play and visit, it is important for the city's growth and development to be accommodated in a way that creates high quality integrated communities. This means a variety of uses and housing types, and easy walkable access to travel choices, services and other opportunities.

Rapid transit needs to support, and not detract from, the creation of high-quality integrated communities. To do this effectively, consideration needs to be given to the location, design and access to stations, so they can act as hubs that help build a sense of community identity. Stations should be a focal point for development, helping to deliver 'transit-oriented developments'. This is a focus of the National Policy Statement on Urban Development (NPS-UD), which requires the land within a walkable catchment of rapid transit stations and stops to allow for buildings of at least six stories.

Higher intensity mixed use development, community facilities, public spaces and walking and cycling connections should be comprehensively planned with rapid transit to create well-functioning urban environments that support safe, resilient and accessible neighbourhoods and communities.

Careful design also needs to help ensure rapid transit corridors avoid or minimise the negative impacts they might have on communities, including through creating severance or potential noise and visual impacts on communities from rapid transit infrastructure. The type and scale of infrastructure that is appropriate may vary depending on the context of the surrounding environment; for example elevated structures may not be suitable in residential areas, due to amenity concerns.

The procurement of rapid transit projects also presents an opportunity to further invest in communities, by way of social procurement. Hiring local businesses to support the development of infrastructure helps to develop skills and knowledge, and support the local economy, including Māori and Pasifika communities.

Measures:

- Resident satisfaction surveys.
- Proportion of people walking and cycling to stations.
- Rapid transit projects including a social procurement approach.

¹ As described in the Auckland Plan.

3. Our Rapid Transit Pathway

3.1 Our existing network and improvements underway

Auckland’s current rapid transit network includes services on the electrified heavy rail network between Swanson and Papakura, as well as the Northern and Eastern busways. Key rapid transit projects across Auckland are also currently in various stages of development, as shown below.

Auckland’s current rapid transit network, including projects under construction which add new kilometres of rapid transit, is shown on this map.

These projects are led by a range of organisations, including Auckland Transport, Waka Kotahi, Auckland Light Rail, and KiwiRail (with support from other organisations). These projects under investigation are focussed on expanding the existing rapid transit network to support growth, improve access to centres, and offer alternatives to congested corridors.

Key Rapid Transit Projects

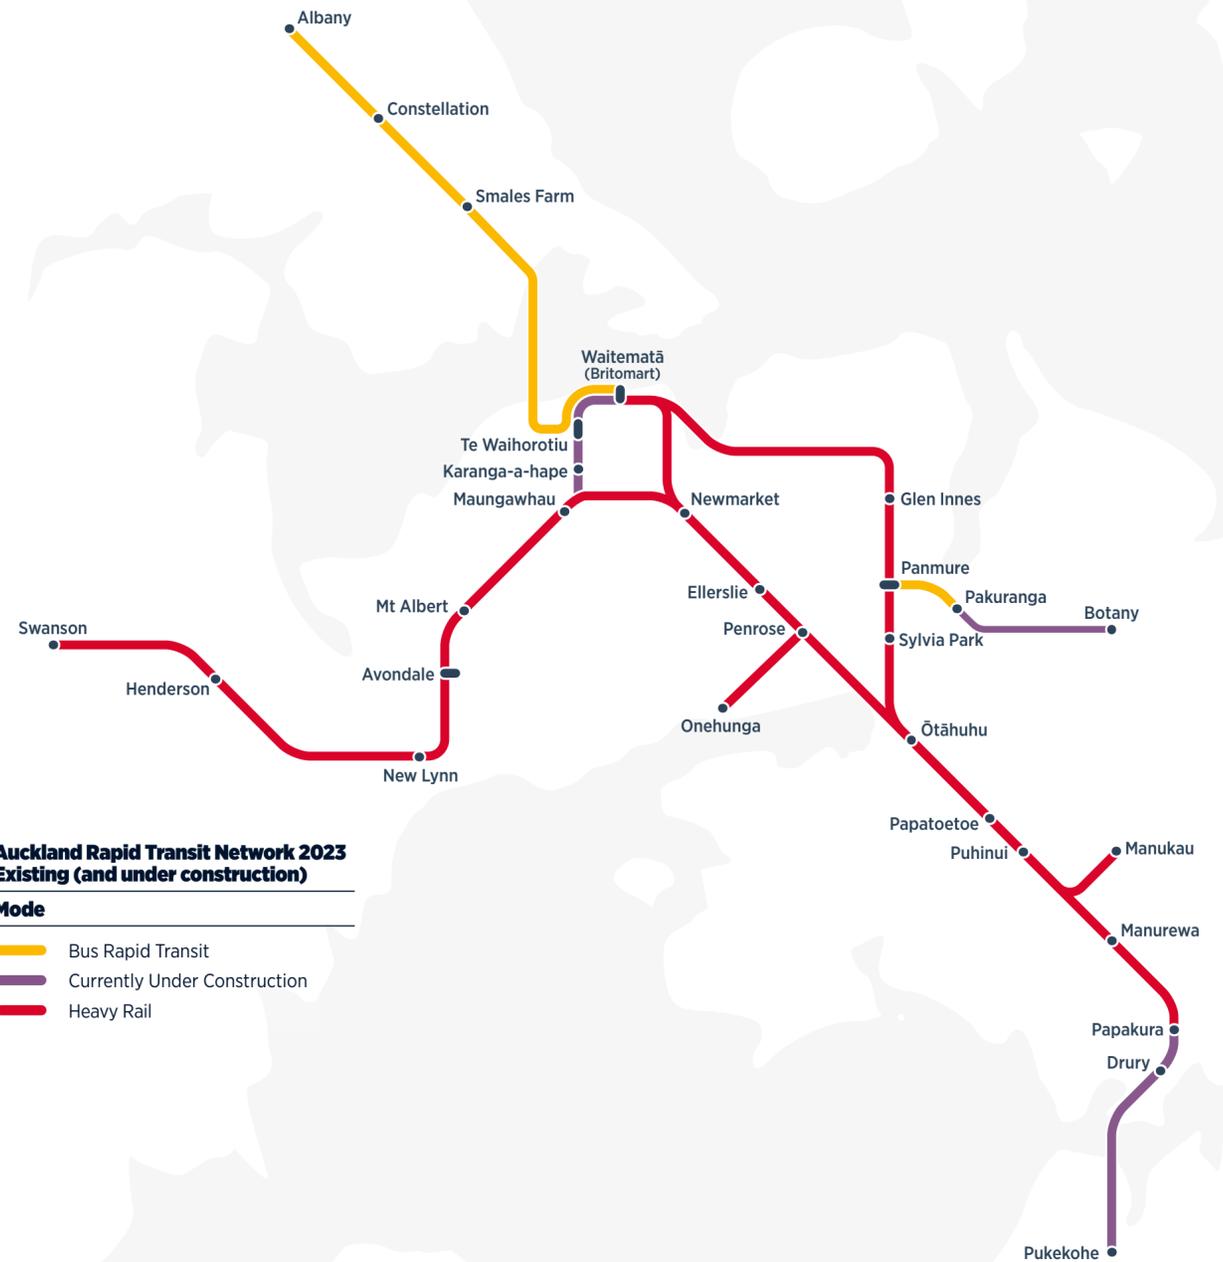

Phase of development	Projects (as of late-2023)
Under construction	<ul style="list-style-type: none"> City Rail Link Rail electrification (Papakura to Pukekohe) Third main (Westfield to Wiri) Eastern Busway (Pakuranga to Botany)
Route protection	<ul style="list-style-type: none"> Airport to Botany corridor
Business case development (detailed)	<ul style="list-style-type: none"> City Centre to Māngere Northern Busway enhancements
Business case development (indicative)	<ul style="list-style-type: none"> Northwest rapid transit North Shore rapid transit (as part of the Waitematā Harbour Connections project)
Business case development (programme)	<ul style="list-style-type: none"> Rail network development plan

3.2 Future network development

Improvements to Auckland’s rapid transit network that are already under construction or have had their funding approved will significantly improve the reach, capacity, frequency and efficiency of this network. However, substantial further improvements are required if Auckland’s rapid transit network is to fulfil the role required of it in the future.

Key areas of focus for further improving the rapid transit network have been identified as:

- Expanding the rapid transit network to serve large parts of Auckland that currently have worse access to opportunities via public transport compared to other parts of the region, especially:
 - northwest Auckland
 - the wider Māngere area
 - southeast Auckland
 - future greenfield growth areas
- Increasing public transport capacity, especially:
 - into the city centre generally
 - between the North Shore and the city centre
 - in the central isthmus
 - to Auckland Airport
 - new track and fleet on the rail network
- Improving access to the rapid transit network and better integrating it with wider transport networks
- Fully realising urban development opportunities around the rapid transit network.

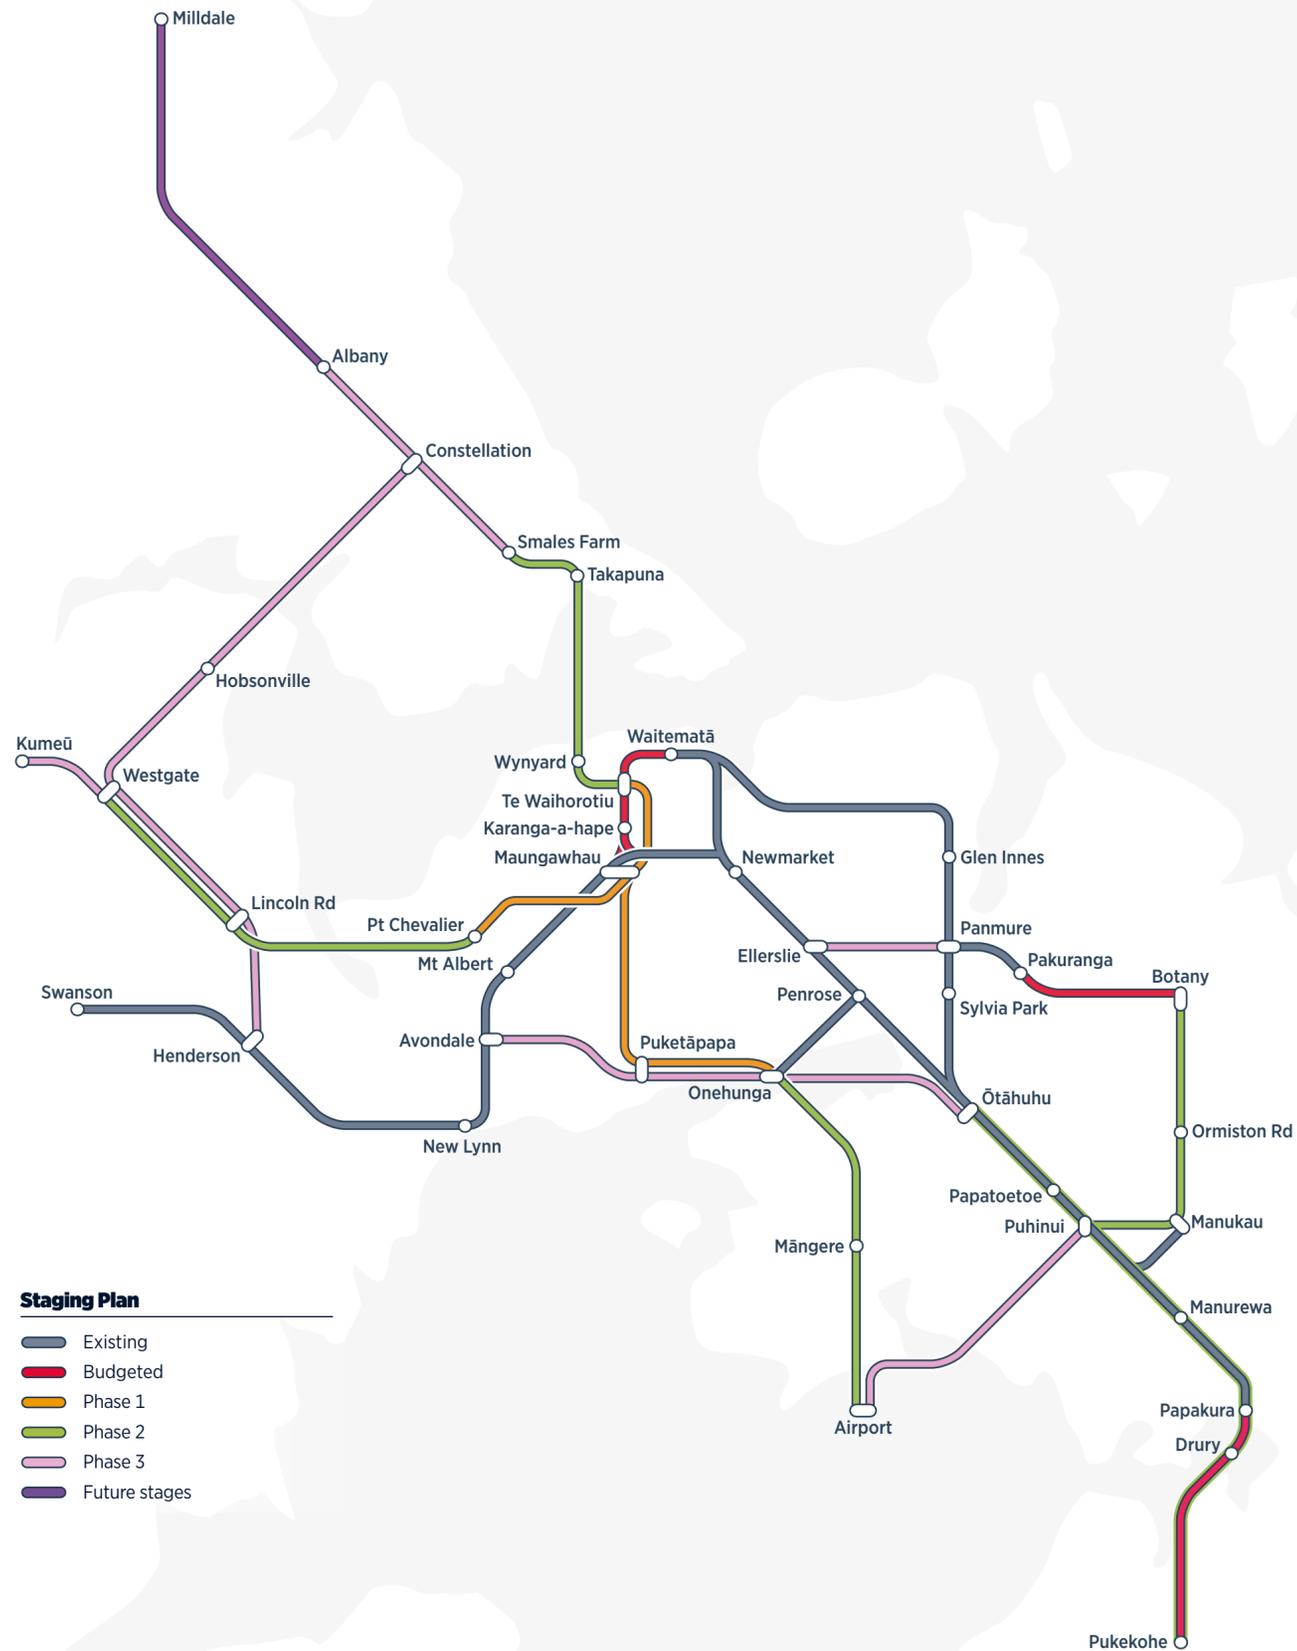

3.3 The future network

This map represents the overall long-term rapid transit network for Auckland. The key features of this network are:

- A well-connected network of corridors linking the main parts of Auckland, especially metropolitan centres with each other and with the city centre. The network extends into key growth areas to the north, northwest and south to provide these emerging parts of Auckland with high quality travel options.
- The heavy rail network, with City Rail Link completed, will continue to serve its existing catchment. Future investment will be required to enable this network to meet forecast demand and improve the quality of service for both freight and passengers (including express and inter-regional services).
- A new light-rail network, serving three corridors to the north, northwest and south (Airport) of the city centre will be introduced. This new network's high capacity will enable it to meet very high forecast demand in these corridors. Services will run through the city centre, so customers can travel directly from the North Shore to the northwest and Airport (and vice-versa).
- Bus rapid transit will largely be focused on 'orbital corridors' which serve trips between key centres and nodes that have a lower level of forecast demand. It plays a key role in connecting to the rail-based corridors to deliver an integrated network across Auckland.
- A new rail corridor, connecting Avondale to Ōtāhuhu to link together other corridors and serve a rapidly growing part of Auckland for passenger and freight purposes.

3.4 Sequencing

Phase	Corridors Delivered	Comments
budgeted	<ul style="list-style-type: none"> City Rail Link and associated works NZUP rail projects (third main, Pukekohe electrification, Drury stations) Eastern Busway (Pakuranga to Botany) 	First steps of wider network, largely reflects existing funding commitments
1	<ul style="list-style-type: none"> City Centre to Māngere - part one (Onehunga) Northwest light rail (City to Pt Chevalier) Airport to Botany interim bus rapid transit (Manukau to Botany) Next 'step' of heavy rail improvements (designations for capacity improvements on the rail network) 	Further development of core radial networks and initial progression of orbital corridors. Focus on areas with greatest deficiencies.
2	<ul style="list-style-type: none"> North Shore light rail (City to Smales Farm) Further heavy rail network improvements (as per the Rail PBC) Northwest light rail (Pt Chevalier to Westgate) Airport to Botany - part one Botany to Puhinui Airport to Māngere - part two to Airport 	Completing networks within existing urban area
3	<ul style="list-style-type: none"> North Shore light rail (Smales Farm to Albany) Crosstown rapid transit (potentially phased) Upper Harbour bus rapid transit (potentially phased) Airport to Botany - part two to Airport Eastern Busway extension to Ellerslie Northwest light rail (Westgate to Kumeū) 	Expansion to greenfield areas as required

For many corridors the first step to implementation may be through interim bus improvements, which are not identified above. This approach can help build ridership and public confidence in the network over time, ahead of major investment in the long-term rapid transit infrastructure.

4. How we developed the pathway

4.1 Steps

The ARTP's network was developed through progressively answering the following questions:

- What rapid transit corridors are likely to be needed in Auckland over the next 30 years?
- What is the likely mode for each corridor to be used as the starting point for future business case development?
- How should delivery of the rapid transit network could be sequenced over time?
- How can we manage uncertainty about growth patterns and future demand levels?
- How can the various agencies responsible for the delivery of the network work together to achieve the best outcome?

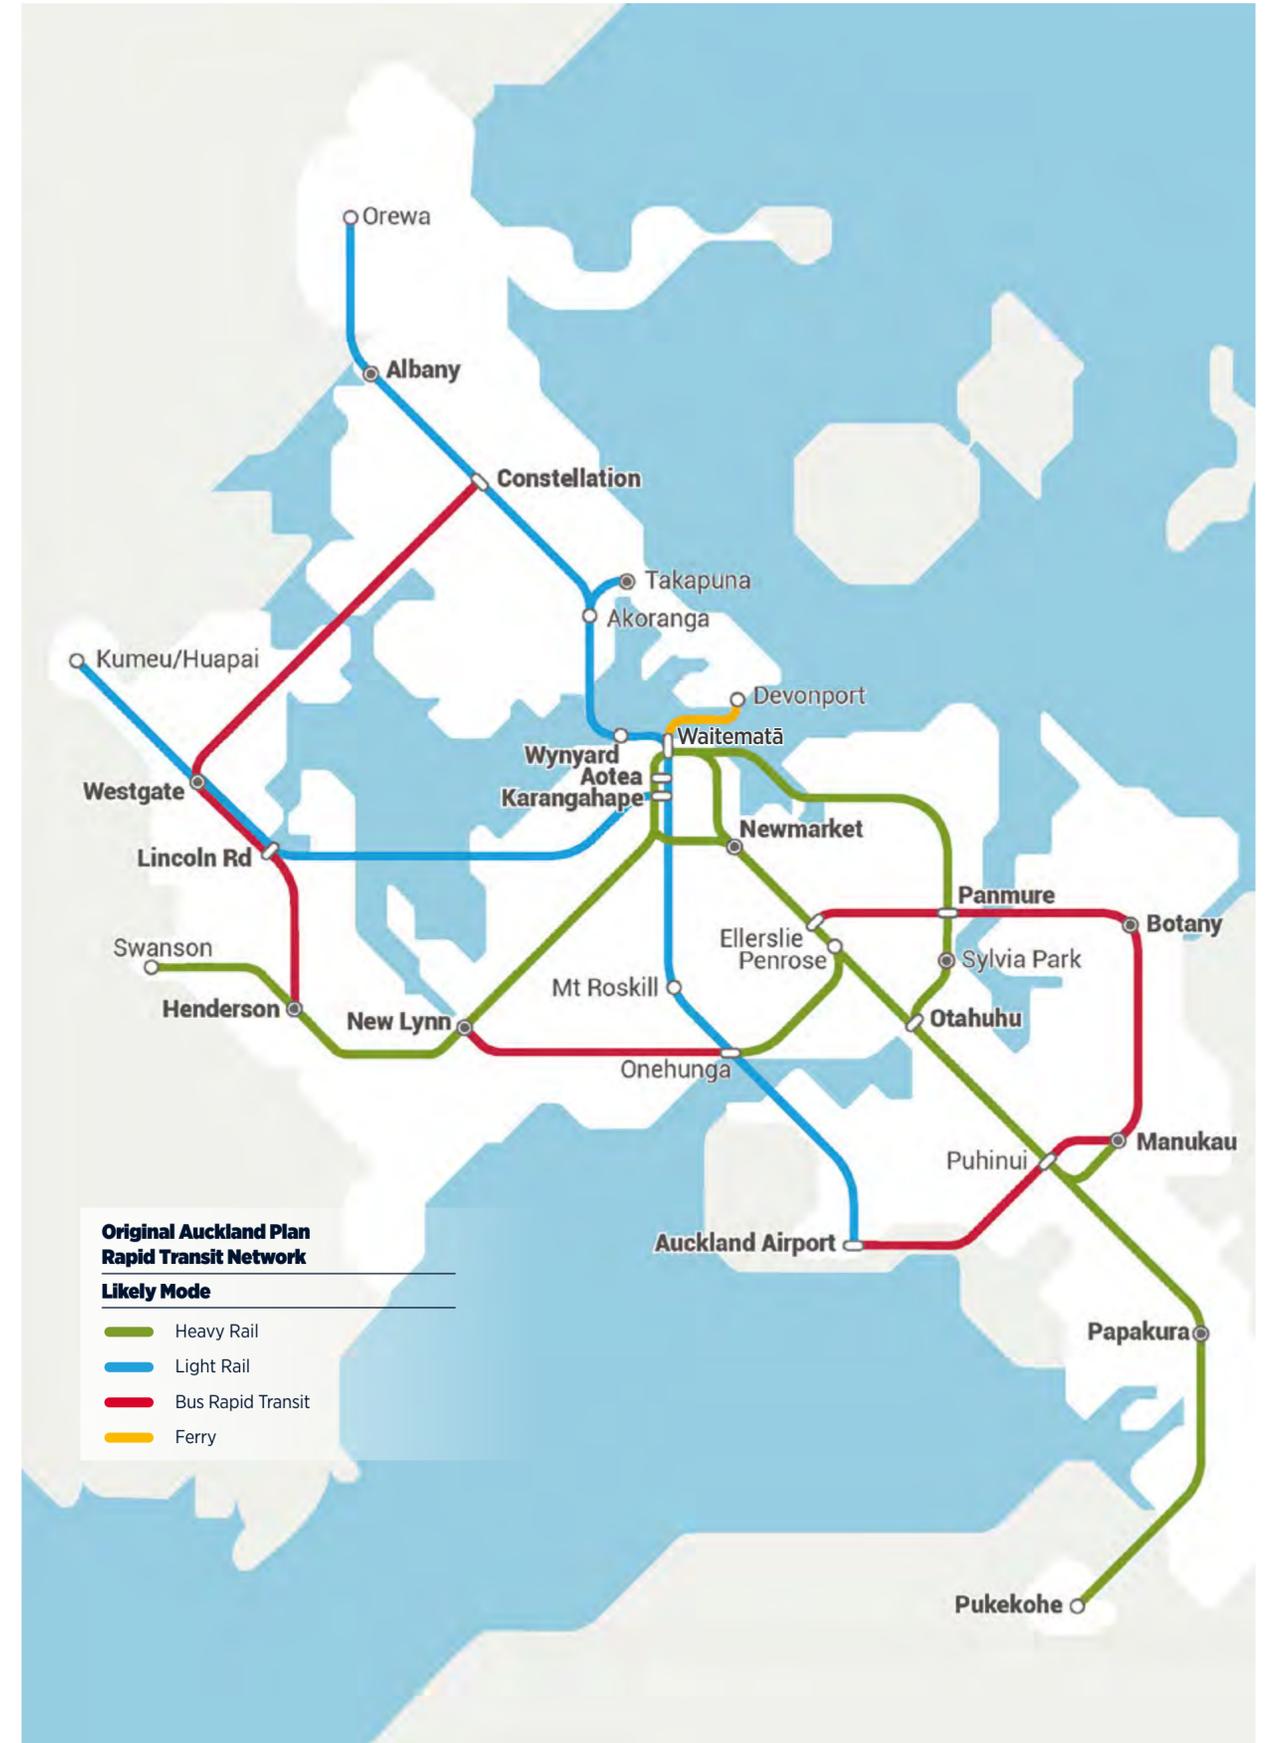

4.2 Identifying and assessing rapid transit corridors

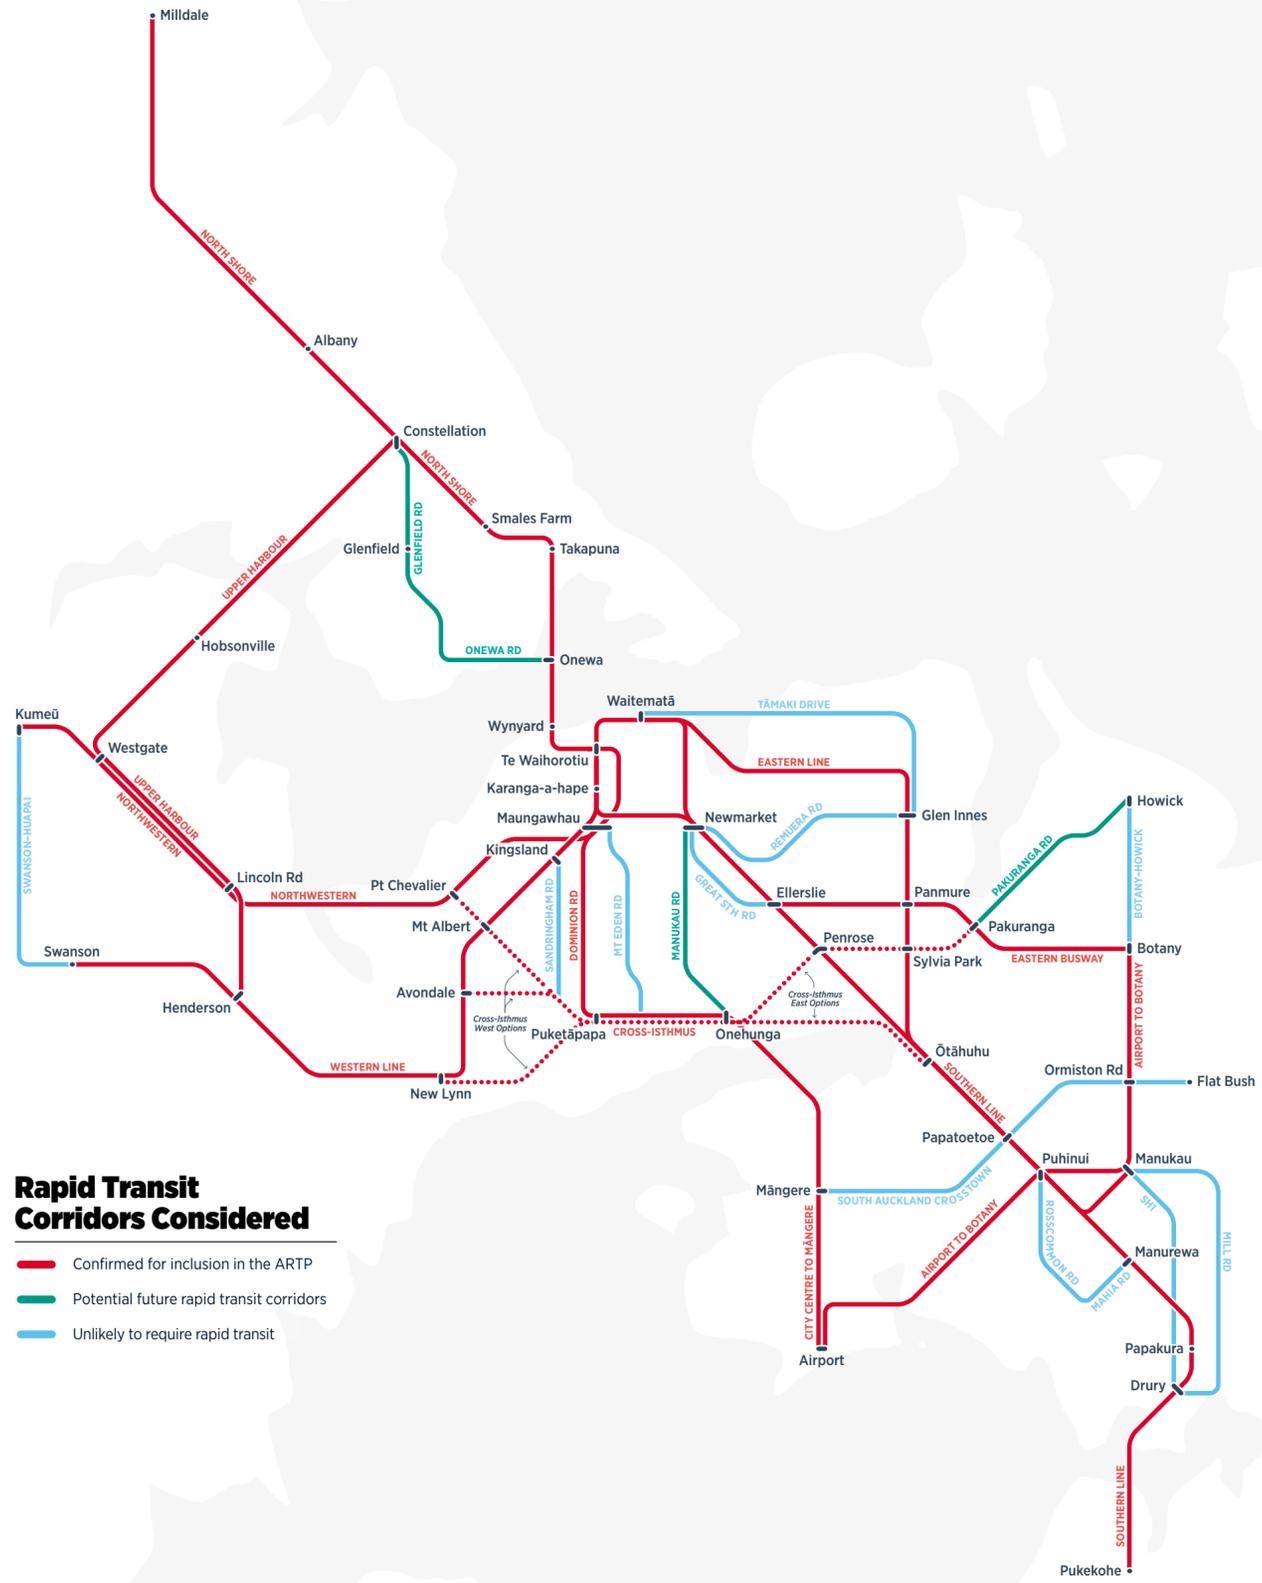

The first step in developing this Pathway was to identify which corridors in Auckland will need to make up the rapid transit network over the next three decades. As discussed in the previous section, rapid transit has a particular role to play within Auckland's wider public transport and transport networks, supporting transport and urban growth outcomes. Rapid transit also requires significant investment to deliver, meaning that it should only be used in corridors that really need it.

The starting point for analysis was the rapid transit network map shown on the following page, from the Auckland Plan 2050 and agreed as part of the 2018 Auckland Transport Alignment Project process by local and central government.

Potential changes to this network were tested, including whether corridors identified in this map should be retained and whether any corridors should be added or amended. Key criteria used to test the suitability of corridors for rapid transit were based on the objectives identified in the previous section:

Rapid transit objective	Criteria for assessing whether corridor should be part of the rapid transit network or not
Increase access to opportunities, especially to major and growing employment areas.	<ul style="list-style-type: none"> • Connections to major population and employment areas • Opportunity to address significant deficiency in access to opportunities
Increase people throughput on Auckland's most critical corridors	<ul style="list-style-type: none"> • Forecast corridor demand by public transport • Forecast corridor demand across all modes
Increase the share of travel unaffected by congestion	<ul style="list-style-type: none"> • Current and forecast levels of congestion
Increase public transport mode share, especially for medium to long journeys, and reduce greenhouse gas emissions	<ul style="list-style-type: none"> • Opportunity to achieve mode shift to public transport • Current mode share levels
Enable an integrated, efficient and effective public transport network	<ul style="list-style-type: none"> • Potential for improved public transport network efficiency and effectiveness • Connections to other rapid transit corridors
Focus most housing and employment growth in centres, nodes and development areas	<ul style="list-style-type: none"> • Scale of growth potential in corridor • Number of metropolitan centres, major employment areas and development areas served by corridor
Support high quality integrated urban communities	<ul style="list-style-type: none"> • Potential to support transit-oriented development opportunities in new and existing urban areas

The assessment allowed corridors to be sorted into three categories, which informed the creation of network options in the next phase of assessment:

Status	Corridors
Confirmed for inclusion in the ARTP	<ul style="list-style-type: none"> Existing heavy rail network (Swanson to Pukekohe) North Shore (City Centre to Hibiscus Coast) City Centre to Māngere Northwest (City Centre to Kumeū-Huapai) Eastern Busway (Ellerslie-Botany) Airport to Botany Upper Harbour Crosstown
Potential future rapid transit corridors	<ul style="list-style-type: none"> Onewa and Glenfield Roads Pakuranga Road Manukau Road
Unlikely to require rapid transit for the foreseeable future	<ul style="list-style-type: none"> Sandringham Road Mt Eden Road Tāmaki Drive Remuera Road Great South Road State Highway One (Manukau to Drury) Mill Road Southern Auckland crosstown (Māngere to Ōtara and Flatbush) Manurewa (Roscommon and Mahia Roads) Airport to Botany northern extension (to Howick or Highland Park)

Corridors assessed being unlikely to need rapid transit for the foreseeable future are still likely to need other public transport improvements over time, such as improved bus priority, enhanced service levels, and better customer facilities.

4.3 Identifying mode

The choice of vehicle technology (and its associated corridor characteristics) – usually referred to as ‘mode’ – is an important decision that significantly impacts on corridor capacity, required level of investment, urban development outcomes and network integration. While the final mode decision for a corridor should occur through a robust business-case process, because the choice of mode for one corridor affects other rapid transit corridors, a ‘network view’ is critical. This network view should act as the starting point for more detailed, project-specific, analysis. Project specific analysis needs to make a compelling case for a different mode from what is signalled in this Pathway, and address any network implications.

Bus Rapid Transit

Buses running frequently with high levels of priority on dedicated busway corridors (segregated from other traffic) are rapid transit. Auckland’s Northern Express bus services are an

example of bus rapid transit. Generally, these systems have high-capacity vehicles (such as double-deck or articulated buses) with approximately 100 passengers per vehicle. Current bus rapid transit systems require drivers to operate.

Light Rail

Light rail is a medium-capacity rail system, with the ability to operate both on- and off-street (but always with priority). Light rail vehicles are modern trams

that generally operate at higher capacity than Auckland’s historic trams. When operating frequently and with priority along their corridor and at intersections they are a form of rapid transit. New systems in Seattle, and many cities across Australia, are good examples of this mode as rapid transit. Light rail vehicles generally carry around 200 to 400 passengers per vehicle, but this can vary with design.

Metro

Metro is a medium-to-high-capacity rail system, always operating in a dedicated right-of-way (with no on-street running). Metro generally has a capacity between that

of light and heavy rail. It has an exclusive corridor, unlike heavy rail trains which may share a dedicated corridor with freight and long-distance passenger trains. Because of this, metro can be driverless, which reduces operating costs and enables higher operating frequencies when compared to heavy rail. Vancouver’s SkyTrain system is a form of light metro transit. Metro capacities can vary significantly with design, but usually are around 400 to 600 passengers per train.

Heavy Rail

Heavy Rail is form of rapid transit, given most railways are dedicated corridors with high levels of priority. Not all train services are rapid transit; some are too

infrequent to be considered as such. Auckland’s suburban trains are rapid transit, but its inter-city trains to Hamilton and Wellington are not. Heavy rail can be a high-capacity system, when there is a limited sharing of track with freight and other trains and trains are operated frequently. Auckland’s current trains carry 750-1,100 passengers per vehicle (varying by length). Auckland’s rail system requires drivers but there is potential for future automation.

Ferry

Ferries can operate with high levels of priority unless there is a significant level of other traffic operating on the waterway. Ferries can offer a fast and reliable travel option that can be attractive

where land-based routes are significantly longer. Geographic features, including channel depth, coastal topography and tides, also influence the viability of ferries as a mode. High frequencies and a core role in the overall public transport network are key conditions for ferries to be considered rapid transit. The SeaBus service in Vancouver is an example of a rapid transit ferry service.

Rapid transit modes use vehicles of different sizes, and are able to operate at different frequencies (i.e. the number of services per hour). With higher capacity modes generally requiring much greater levels of investment, the most appropriate mode should generally be matched to the expected corridor demand, while also taking into account:

- Possible future growth in that demand,
- Aspirations for the future urban form of the area,

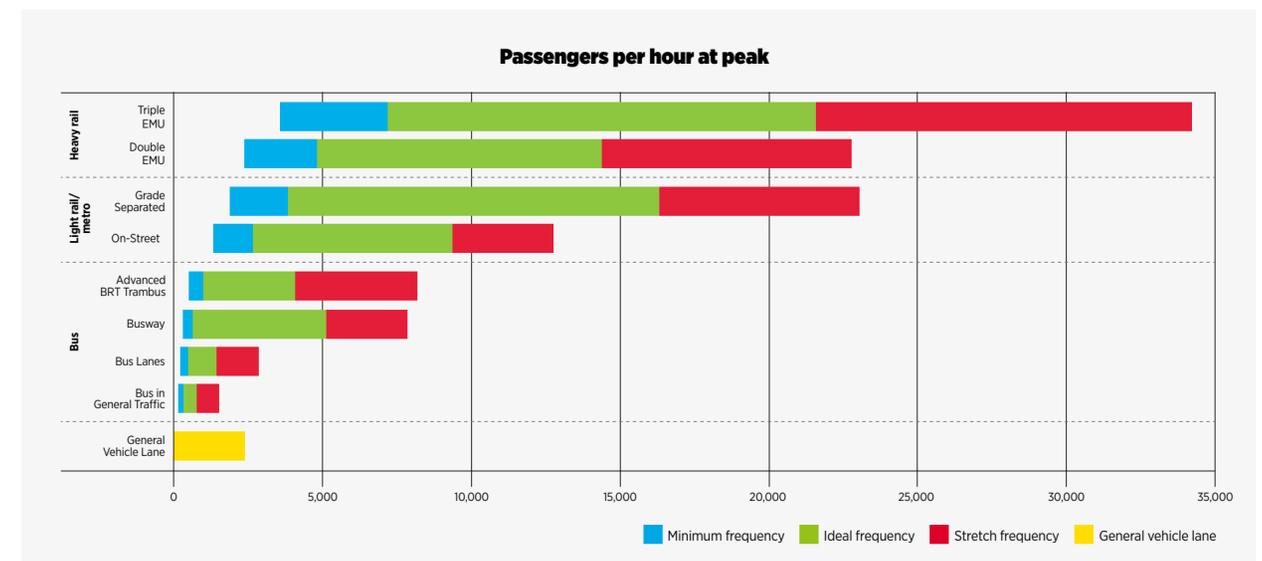

- Interconnectivity to the rest of the network, and
- The need to provide a level of service that is attractive to customers.

A summary of the ultimate ‘corridor capacity’ of these modes is shown in the diagram below:

The figure highlights that at some levels of demand there is flexibility to either serve a corridor with a lower frequency of higher capacity vehicles (e.g., rail-based) or a higher-frequency of lower-capacity vehicles (e.g., buses). In these cases, more detailed analysis is required to understand the maximum frequency of vehicles that are able to operate in a corridor efficiently and effectively. This analysis needs to consider the entire corridor, including stops/stations and capacity at each end for terminating and ‘turning around’ vehicles. Space for depots and vehicle storage must also be considered.

Projected demand is not the only factor that should drive mode choice. In setting out proposed modes for each part of the network, the ARTP’s decision-making process also considered:

- Integration with existing and other planned corridors
- Alignment with land use plans and growth aspirations
- Cost and value for money

4.4 Determining sequencing

Implementing Auckland's rapid transit network will need to be sequenced over time, not just for affordability reasons, but also for reasons of practical deliverability, maximising land use integration opportunities, the need to respond to changes in demand over time and to ensure value for money.

Sequencing decisions need to be made around:

- Which corridors should be sequenced ahead of others
- Which parts of corridors should be sequenced ahead of other parts of the same corridor
- Opportunities for 'early interim improvements' ahead of major construction.

Key factors guiding sequencing decisions included:

- Severity of existing issues – This relates not only to where there might be overcrowding of existing public transport, but also where current service quality is relatively poor, mode share is low and reliance on cars is causing the most significant issues.
- Alignment with growth planning – Both in greenfield growth areas and regarding the timing of major development plans in the existing urban area.
- Practical considerations around deliverability – This includes considering what sections can realistically be constructed separately or need to be constructed together.

Four phases have been identified in this pathway. The sequencing refers to full completion of the corridor, noting that early interim improvements may be appropriate and necessary well ahead of these timeframes.

Phase	Explanation
Budgeted	Projects that are under construction or have confirmed funding.
1	Corridors that are the next priority for implementation after currently funded projects. Typically, these will address very high priority/urgency issues and align strongly with short-to-medium term growth plans, including capacity upgrades to rail.
2	Corridors that are expected to be required over the next 30 years under current growth plans but address less urgent deficiencies or where planning has not yet identified a preferred approach.
3	Corridors that will likely not be required within the next 30 years, unless growth patterns change from what is currently planned, but that are expected to be needed later.

4.5 Managing uncertainty

The ability to manage uncertainty is critical to the success of long-term plans, such as those set out in the ARTP. This blueprint will need to adapt and evolve over time, as new information and new trends emerge. Uncertainty around the future does not negate the need for long-term planning and plans such as the ARTP can help to reduce uncertainty.

Key areas of uncertainty that are highly relevant to this Pathway include:

- Uncertainty about where and when **growth and land use intensification** will occur. As planning rules become much more enabling of growth and development, the number of different ways Auckland could grow over time increases significantly. The timing and location of growth play a major role in determining the likely level of travel demand, potentially impacting on where rapid transit may be needed, what the most suitable mode could be, and what the most appropriate timing for implementation is.
- Uncertainty about the impacts of new **technology**. Transport technology continues to develop and change around the world, especially through the greater use of automation and connectivity. Technological change in the decades to come may create new forms of rapid transit, provide opportunities to increase service quality or efficiency on existing rapid transit services, or may result in changes of demand that impact the type of rapid transit suitable for a corridor.
- Uncertainty around **travel patterns** and behaviour. The COVID-19 pandemic illustrates how travel patterns can change dramatically, through increased working from home, much lower levels of travel, and a much greater use of online shopping or other activities. How long it takes for these travel patterns to return to normal – if they ever do – is extremely uncertain. The extent to which people continue to regularly work from home, especially for office jobs usually located in major centres, will have a significant impact on the likely future demand for rapid transit and therefore the timing and necessity of these investments. While major centres may have reduced commuter demand, however, they remain critical destinations for other trip purposes (including access to education, shopping, health services, and entertainment) and so are likely to always require public transport provision.

- Uncertainty around **funding availability** to progress rapid transit. Less available funding would mean progress occurs more slowly and there may be a greater reliance on low-cost, interim improvements. More available funding would allow faster implementation, which is likely to be particularly necessary to achieve the very transformational emissions reduction goals set by the government and Auckland Council.

While the future is highly uncertain, requiring a level of flexibility to adapt to changing circumstances, it is also important to not be paralysed by uncertainty and make no progress – especially when Auckland is pursuing transformational change in areas such as reducing vehicle travel and emissions. Uncertainty can be managed through a combination of:

- Testing network options against a variety of growth scenarios, to understand how changes to growth affect demand on different rapid transit corridors, and therefore their potential mode or timing. The timing of some corridors (including the outer ends of the Northwest and North Shore corridors) is highly dependent on when growth occurs, whereas other corridors (like the Eastern Busway) are much more focused on addressing existing deficiencies and therefore less impacted by future growth patterns.
- Balancing a clear direction about how Auckland's rapid transit network should grow over time with future flexibility for project-level work to refine the exact location, design, technology and timing of corridors.
- Promoting the 'progressive implementation' of rapid transit, where appropriate, so that a series of smaller-scale investments over time incrementally work towards delivering a rapid transit corridor, rather than relying on a single, very large, investment.

5. The corridors in detail

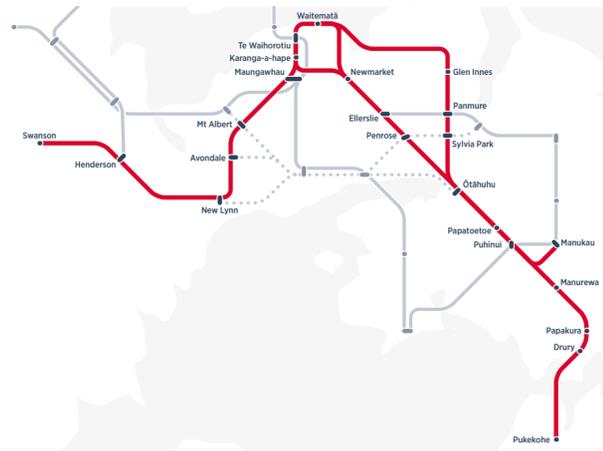

5.1 Overview

This section provides a brief overview of different parts of the rapid transit network, setting out why they are needed and how they are expected to develop over time. For each corridor there is information on:

- The corridor and its strategic role
- The likely future mode, connections, and sequencing of the corridor's delivery.

5.1.1 Existing rail network

Description and strategic role

Heavy rail forms most of the existing rapid transit network and will continue to play a core role in the future. Ridership has grown strongly over the past 20 years, with Britomart Station, double-tracking of the western line, network-wide station upgrades, the introduction of electric trains, and the reorganisation of bus services to better connect with trains all contributing to continued passenger growth. Prior to the impacts of COVID-19, trains carried 22 million passengers per year in 2019.

For large parts of east, south and west Auckland, the rail network is the primary public transport connection to other parts of Auckland and the city centre, with local buses providing connections to key train stations to expand the catchment of the rail network.

Auckland's land-use patterns mean the rail network must cater for both long-distance passenger trips between outer suburbs and the city centre, as well as local trips over shorter distances. Over time, a growing inter-regional passenger role to Hamilton, and potentially beyond, means the rail network will need to improve its ability to provide for fast longer-trips alongside 'all-stopping' services through investment in additional tracks.

As well as its rapid transit function, Auckland's rail network also plays a critical role in the national freight system. Increased demands from each of these roles over time will likely require separation of metro and freight trains, to improve reliability and capacity for both.

Many of Auckland's town centres first developed along the rail network, which creates a significant opportunity for the rail system to support the redevelopment of these centres to higher densities and a wider mix of uses. Metropolitan centres like New Lynn, Newmarket and Manukau are playing a growing role as destinations for people using the rail network, which is expected to continue to increase over time as these centres develop. The rail network also passes through rural land in the south that has been identified for urbanisation, creating the opportunity for large-scale, best-practice transit-oriented development.

A major rebuild of the rail network is currently underway, to replace aged infrastructure and ensure the rest of the network is ready to realise the benefits of City Rail Link when it opens. Further investment in the rail network will build on this, guided by the following strategic goals:

- Increasing the passenger rail network's speed and capacity to support mode shift and increased access to opportunities, through enabling and supporting higher train frequencies, express train services and longer trains.
- Enabling growth in rail freight, and improved reliability and resilience of passenger and freight services, by progressively separating these functions.
- Improving safety and customer experience, through ongoing station and access improvements, removing road/rail level crossings, and preventing unwanted access to the rail network.

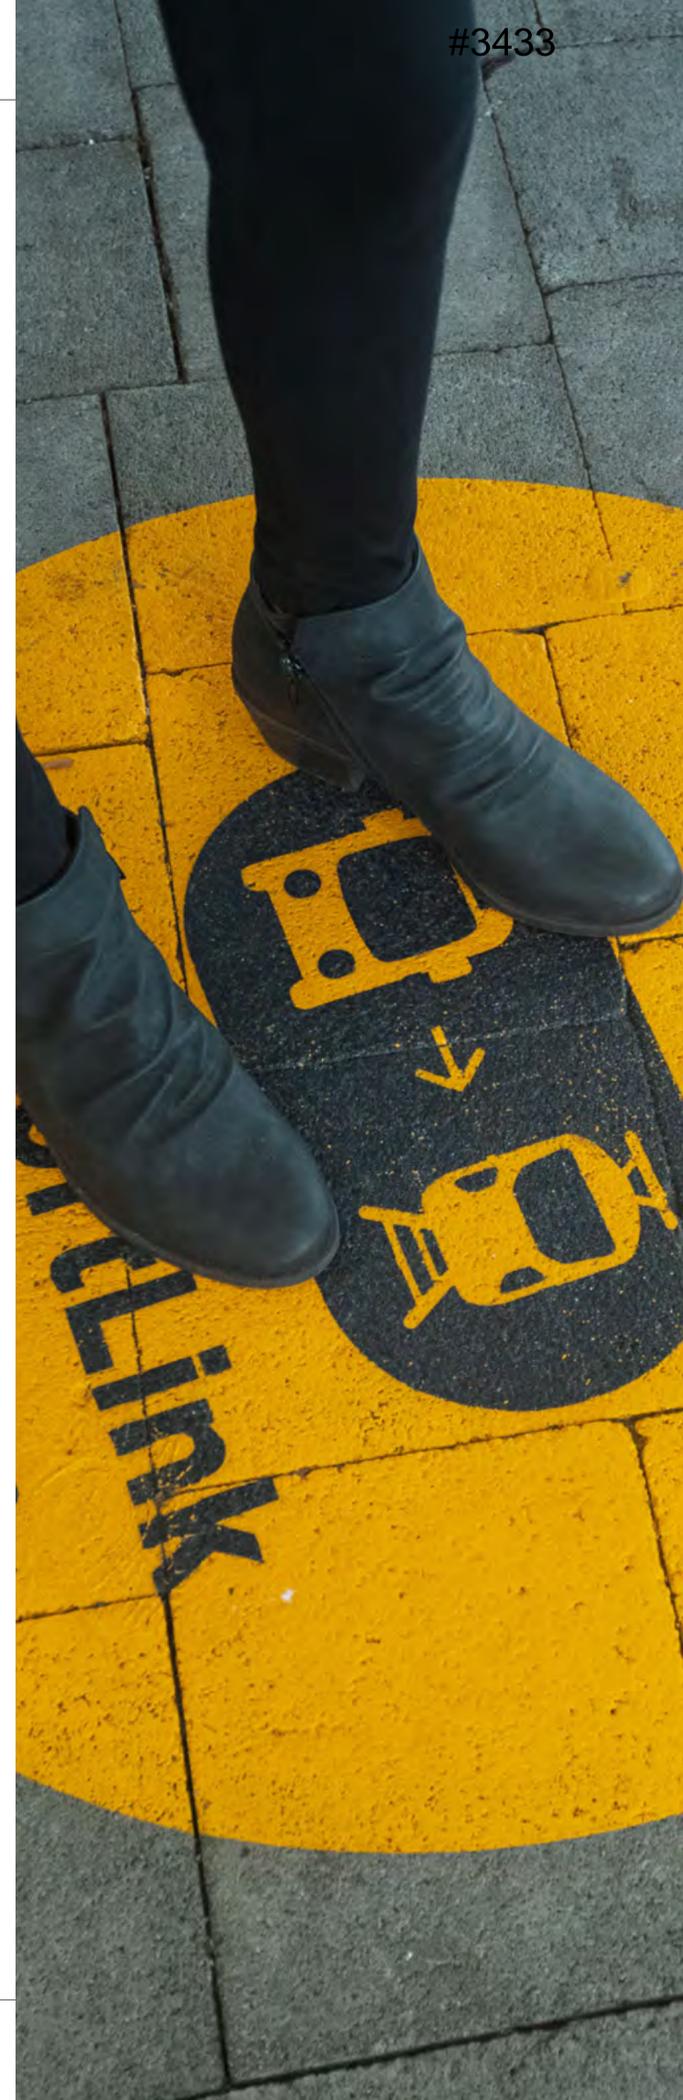

The next 30 year programme of capacity and safety improvements to the rail network will be guided by the rail Programme Business Case, which has just been approved.

Mode and Sequencing

Major expansions to Auckland's heavy rail network through the addition of new lines and corridors appears to be extremely challenging, with multiple project-level business cases highlighting the high cost of extending heavy rail to places like the North Shore and Auckland Airport. Therefore, the future role of the heavy rail network is focused on continuing to serve its current catchments. There is potential for the Onehunga Line's role to change over time as part of developing the 'cross town' corridor but determining when and how this change could occur requires significant further work.

Ongoing upgrades are required to the rail network across all phases of this Pathway's implementation through a series of 'steps' that progressively enable higher quality services.

budgeted	Phase One	Phase Two	Phase Three
City Rail Link and associated network upgrades (including trains and stabling). Extension of electrification to Pukekohe and new stations. Initial separation of passenger and freight services on parts of the southern line.	Removal of level crossings from southern and western lines. Further separation of passenger and freight services on southern line. Further trains and stabling. Enabling limited stops services on southern line.	Further track improvements on southern line allowing "all-day" limited stop and express services. Longer platforms allowing 9-car trains, maximising capacity of City Rail Link. Further additional trains. Further separation of passenger and freight services across the network, necessitating the Avondale-Southdown line.	

5.1.2 City Centre to Māngere

Description and strategic role

This proposed rapid transit corridor links the city centre and Auckland Airport via Mt Roskill, Onehunga and Māngere. The corridor addresses growing bus congestion issues in the city centre, supports intensification of the central Auckland isthmus and Māngere, significantly improves Māngere’s access to employment and education, and dramatically improves access to Auckland Airport and its surrounding business areas.

The frequent bus services operating in the central isthmus are some of the busiest bus corridors in New Zealand. A step-change in public transport capacity and efficiency is required to support planned land use intensification in this area, as well as to enable and encourage on-going ridership growth, and help to support mode shift and emissions reduction goals. Such a step change cannot be provided by existing bus services, as this would require a greater volume than the city centre can accommodate. Without this step change, increased travel times to and around the city centre will negatively impact Auckland’s productivity and liveability.

The corridor will also improve access to growing employment areas, including at and around Auckland Airport, the wider Onehunga area, and the city centre. Without this major increase in capacity the road network will be overwhelmed and not be able to function effectively, limiting access to and productivity of these employment areas.

Providing a step-change in improved access along this corridor, combined with significant investment by Kāinga Ora in Mt Roskill and Māngere and Auckland Council in Onehunga, creates a rare opportunity to significantly address Auckland’s housing challenges in a way that is well aligned with achieving a quality compact urban form. If growth does not occur here, there will be greater pressure for development at the urban edge and in rural areas of Auckland.

Rapid transit is also expected to trigger upgrades to the streetscape amenity of the centres on the route, supporting their role as key community hubs and helping to encourage intensification along the corridor.

Mode and sequencing

Business case work has confirmed light rail as the preferred mode for this corridor, after considering many bus, light metro and heavy rail options in detail over the past decade. Forecast future demand levels are high (5,000-7,000 passengers per hour in the morning peak in 2050), meaning that bus improvements alone are not a feasible long-term solution.

Some tunnelling is anticipated along the corridor, and the extent and alignment of this will be confirmed by the next phase of design work on the corridor. The next phase will also confirm sequencing of the project, including whether some sections should be staged ahead of others.

This corridor will provide the first stages of infrastructure for the wider light rail network, which will include future expansion to the North Shore and Northwest corridors.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
part one - to Onehunga		part two - to Airport	

5.1.3 Northwest

Description and strategic role

This is a planned corridor connecting Kumeū, Westgate, Point Chevalier and the city centre, running next to State Highway 16 for much of its length.

This corridor serves the northwest part of Auckland, which currently not well served by rapid transit and has little other dedicated infrastructure to support reliable services (as the existing Western rail line does not serve the northwest catchment). This means that northwest Auckland has relatively low public transport mode share, poor access to employment, and a very high reliance on a State highway corridor that often experiences severe congestion. Relatively low levels of employment in the northwest mean its residents face very significant access challenges, compared to most other parts of Auckland.

Interim bus improvements are extending bus shoulder lanes on the Northwestern Motorway and providing new transfer facilities at Lincoln Road, Te Atatū and Westgate. This will enable bus service improvements, but will not provide the levels of speed, capacity, reliability or service quality needed to function as a rapid transit solution.

Poor travel choice has contributed to development in the northwest being historically low density, and residents being highly reliant on private vehicles for transport. Significant intensification is enabled within the existing urban area, and large-scale greenfield growth is planned in the future urban areas of Red Hills, Whenuapai and Kumeū.

Providing this growth area with good travel options early in its development is important in supporting higher density housing, as well as providing residents with reliable mode choice and the ability to avoid congested roads.

Rapid transit will support the ongoing development of Westgate as a metropolitan centre and key employment node, as well as the intensification of other centres along the corridor, such as Point Chevalier. Intensification around other stations along the corridor will contribute to fully realising the benefits of this investment and shaping a more sustainable urban form for Auckland.

Mode and sequencing

Past business case work has identified bus rapid transit and light rail as the modes most likely to be suitable for the corridor.² Bus rapid transit has advantages of being more easily staged but provides a less enduring solution and does not integrate as well with future City Centre to Māngere and North Shore rapid transit corridors. Work done for the ARTP’s development suggests that light rail should be the focus of further design work, due to the very high level of forecast demand and the significant city centre integration opportunities.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
Interim bus improvements	Introduction of a new light-rail connection between the city centre and Pt Chevalier (potentially staged for constructability).	Extension of new light-rail connection from Pt Chevalier to Westgate	Extension of new light-rail connection from Westgate to Kumeū/Huapai

² Note that the 2017 Indicative Business Case identified bus rapid transit as the preferred solution but did not investigate city centre constraints, which are a critical factor in driving mode choice.

5.1.4 North Shore

Description and strategic role

This corridor links the Hibiscus Coast, North Shore, and the city centre. The Northern Busway currently extends along part of this corridor, between Akoranga and Albany.

As the primary north-south public transport corridor for the wider North Shore and growing Hibiscus Coast area, the North Shore corridor has significant strategic importance in providing fast, reliable and high-capacity travel. This significance will only increase as the population of its catchment increases through intensification of key locations like Takapuna and Albany, as well as the urbanisation of the Dairy Flat future urban area.

The busway in its current form is expected to run out of capacity within the next two decades, even with station upgrades and other efficiency improvements. At least 12,000 people per hour in the citybound direction are expected to use the corridor in the 2050s, among the highest forecast demand of any rapid transit corridor in Auckland.

The Northern Busway's location adjacent to the motorway, bypassing Takapuna and only serving the northeast edge of Albany, has to date limited its impact on the North Shore's urban form and attractiveness for trips other than those to and from the city centre. Enhancing connectivity for a wider variety of trips, especially access to Takapuna and Albany as the North Shore's two primary centres, is a key long-term goal.

Rapid transit also needs to play a greater role in supporting intensification on the North Shore, especially in the Albany and Takapuna metropolitan centres and at Smales Farm. This will also enable future urban areas near Dairy Flat to develop in way that supports transport choice and quality urban outcomes.

Mode and sequencing

The very high level of long-term demand in this corridor means that a rail-based mode is required as the primary rapid transit connection from the city centre to at least Albany. To enable connectivity through to the City Centre to Māngere and Northwest corridors, and to make use of the current Northern Busway corridor and its geometric constraints, light-rail has been selected as the likely mode. This will be confirmed through upcoming design and business case processes (as part of investigating connections for a range of modes).

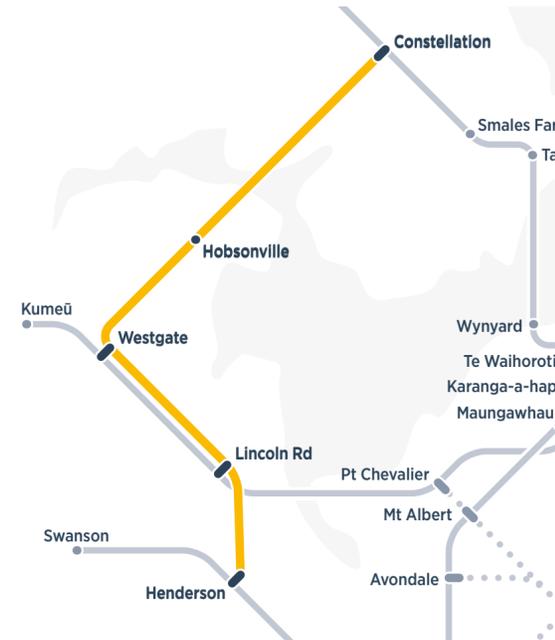

The core light-rail corridor may need to be supplemented by continued bus rapid transit services to provide sufficient cross-harbour capacity and to serve parts of the North Shore (e.g. the western North Shore's Onewa Road catchment) that are not easily served by light-rail (and bus feeder routes to light-rail). The busway may also have a key role during the phased introduction of light rail, enabling buses from the northern catchments to continue running before rail is extended to serve them.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
	Improvements to the Northern Busway system, including increased station capacity and city centre bus priority.		Extension of the new light-rail connection from the lower North Shore towards Albany.
	New light-rail connection between city centre and the lower North Shore.		

5.1.5 Upper Harbour

Description and strategic role

This corridor links north and west Auckland, connecting the Western Line at Henderson with the Northwest rapid transit corridor and the North Shore rapid transit corridor. The corridor is expected to follow Lincoln Road, State Highway 16 and State Highway 18, and will need to be refined by further planning work.

The corridor's key task is to provide a high-quality and direct public transport option for trips between the North Shore and West Auckland. Existing bus services performing this task are relatively indirect, slow and unreliable. This means public transport is generally not seen as an attractive option (particularly outside of peak times).

Northwest Auckland is growing quickly, through new developments at Hobsonville, Whenuapai, Red Hills and Kumeū-Huapai. The Upper Harbour corridor will also improve access to two 'nodes' identified in the Auckland Plan 2050, Westgate and Albany, as well as the metropolitan centre of Henderson.

High quality transport links in northwest Auckland are particularly important because West Auckland has a shortage of jobs compared to its residential population, while major employment opportunities exist on the North Shore. This results in significant commuter flows out of the area, including to the North Shore, which will increase congestion on the existing network until quality alternatives are provided. As well as providing employment access for people living in the northwest, it is also important for this corridor to encourage more jobs into the northwest (by improving the area's accessibility) and therefore reduce pressure on key transport links to other parts of Auckland.

Mode and sequencing

Bus rapid transit is expected to be the preferred mode for the corridor. Forecast demand is relatively low (compared to other corridors) and well within the capacity of this mode. The route may need to run parallel to the Northwest light rail line between Westgate and Lincoln Road, meaning there may be potential to share infrastructure between these corridors if this can be accommodated in the design.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
Lincoln Road bus priority improvements	Potential interim improvements as part of the Northwest corridor's delivery	Corridor implementation (potentially staged for constructability)	

5.1.6 Eastern Busway

Description and strategic role

The eastern busway extends Auckland’s rapid transit network into the wider east Auckland area. The first stage of the busway from Panmure to Pakuranga opened in late 2021, with the next phase to Botany confirmed in funding plans. In the longer-term, the busway will be extended west from Panmure towards Ellerslie, to connect with the southern railway line.

A lack of reliable and fast services contributes to east Auckland having very low public transport mode share, relative to the wider region.³ The busway will be used by multiple bus routes, with a key role being to connect people to Panmure Station, where a transfer to the train provides a high-quality connection to the city centre and other destinations.

Much of east Auckland (especially areas east of the Tāmaki River) developed with a low-density and car-based urban form, contributing to low levels of public transport use. Combined with limited local employment opportunities, the area’s car dependency has resulted in significant congestion on Pakuranga Road and Ti Rakau Drive at peak times and overall lower levels of access to employment opportunities.

The corridor will help to support changes to the area’s urban form, by enabling improvements to public transport that will support more medium and high-density development, as enabled under the Auckland Unitary Plan. Botany is zoned as a metropolitan centre that can support significant commercial and residential development. Pakuranga town centre can also support a mix of uses at higher densities.

Mode and sequencing

Bus rapid transit is the appropriate mode for this corridor. Forecast demand is within the bounds of this mode, and the busway’s ability to be used by routes from multiple corridors (and enable them to connect directly with the rail network) is a key reason this mode is preferred. Another mode would force people wanting to connect to trains at Panmure to transfer twice and reduce the attractiveness of the network.

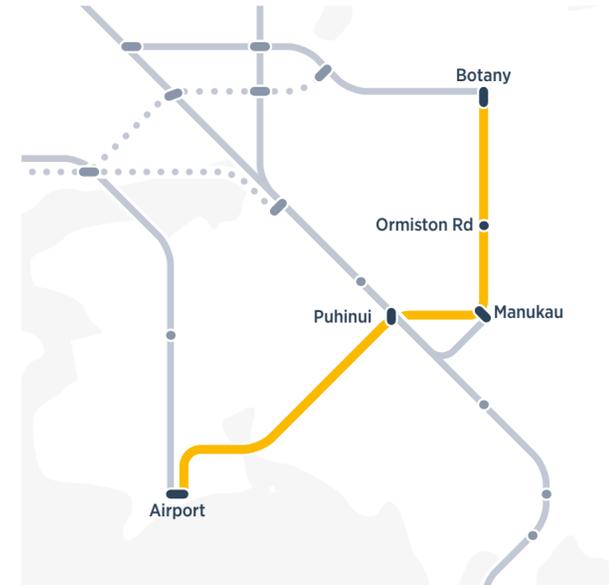

Building on already completed sections, further improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
Pakuranga to Botany busway implementation	Interim bus priority improvements between Ellerslie and Panmure		Extension from Panmure to Ellerslie

³ Howick local board had 6% PT mode share for travel to work, compared to the regional average of 11% at the 2018 census. The average of the local boards of the Auckland isthmus is higher still, at 15%.

5.1.7 Airport to Botany

Description and strategic role

This is a planned rapid transit corridor connecting Botany, Manukau, Puhinui Station (for connections to the Eastern and Southern lines and inter-regional services) with Auckland Airport.

Suburbs along this corridor are highly reliant on private vehicles and the area’s existing rapid transit connections focus on trips towards the city centre. Local bus connections, especially between Manukau and Botany, have limited priority and as a result are less reliable than areas with quality infrastructure. The rapid transit corridor will improve connections between these centres, offering competitive travel times with private cars. It will also enable reorganisation of the local bus network, with connections between local and rapid services offering improved travel choice.

There is significant potential for intensification along the corridor, especially in Manukau and Botany metropolitan centres. Improved public transport access to these centres will support their transition from being highly car-dependant. Rapid transit will also support intensification of the more suburban sections of the corridor, particularly along Te Irirangi Drive.

Rapid transit will also support employment growth in the airport precinct. Poor transport choices currently limit development potential at the airport, as potential employees are put off by the limited and unreliable transport options. Intensification of uses at the airport will support increased employment in the wider South Auckland area.

Mode and sequencing

Bus rapid transit is the preferred mode for the corridor, due to demand and stage-ability. Initial bus improvements have been implemented between Puhinui and Auckland Airport along State Highway 20B, Puhinui Road and Lambie Drive.

Further improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
Service improvements and targeted bus priority	Interim bus priority Manukau to Botany	Airport to Botany - part one Botany to Puhinui	Airport to Botany - part two Puhinui to Airport

5.1.8 Crosstown

Description and strategic role

This corridor extends across the southern part of the Auckland isthmus, aiming to link rapid transit corridors serving west Auckland with those that serve south and east Auckland. Further planning work is needed to confirm the corridor’s extent at both its western and eastern ends, alongside developing a preferred alignment and mode.

The corridor has the potential to play a critical role in Auckland’s overall rapid transit network by linking together several ‘radial’ routes travelling towards the city centre and enabling a much more connected network. This will significantly improve travel choice and make the wider rapid transit network useful for a much greater range of trips.

This part of Auckland has very significant growth and redevelopment potential. Substantial redevelopment is already underway in many areas, including New Lynn, Avondale, Mt Roskill, Three Kings, Royal Oak and Onehunga. There is also potential to provide connections to Sylvia Park at the corridor’s eastern extent. There are also large areas of publicly owned land in the area that could be redeveloped, creating potential to integrate this rapid transit corridor with major redevelopments to maximise the benefits of both investments.

Mode and sequencing

Further planning work is needed to confirm the extent and mode of this corridor. While forecast demand is likely to be within the capacity of bus rapid transit, light rail will be provided for some sections of the corridor as part of the City Centre to Māngere project, which could be leveraged if light rail was used as the mode for this corridor instead.

Additionally, this corridor also encompasses an already designated KiwiRail designation which spans much of this route. This presents a promising opportunity for Heavy Rail to be utilised for this route serving both passenger and freight strategic needs.

The Rail Programme Business case considers the future needs of the Heavy Rail network and, should a rail line be developed for broader passenger and freight network enhancements, this designation could be leveraged as a key RTN link.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
			Corridor implementation (potentially staged for constructability)

5.1.9 Emerging long-term corridors

Testing of the ARTP included a range of corridors, including some which could form part of the rapid transit network in the future but are not considered to be a priority within the timeframe of this pathway. Three of these corridors are the most likely to require rapid transit in the longer-term. Until then, continued improvements to existing bus services on these corridors should be made. Increasing use on these corridors can help to build the case for future rapid transit investment.

1. Onewa Road

This is a key bus corridor for the lower North Shore, serving both the Glenfield Road and Birkenhead areas. The current transit lanes carry more people (primarily on buses) than the regular traffic lanes do at peak times. These lanes are fit for purpose in the short to medium term.

In the longer term, the introduction of North Shore light rail may open up new opportunities to better serve the western part of the North Shore (including Northcote, Birkenhead, Glenfield and Beach Haven areas), improving access to the city centre and other parts of the North Shore. The best time to undertake further work on this corridor will be when there is greater clarity on the form, function and timing of delivering North Shore light rail.

2. Manukau Road

This corridor serves a range of destinations, including the Newmarket metropolitan centre, Greenlane Clinical Centre, Epsom, Royal Oak, and Onehunga. Land use change in these areas may increase demand to a level beyond which the existing bus services on the corridor will not be able to cope. In the short to medium term, there will be improvements to bus services and walking and cycling, but there is the potential for rapid transit in the longer term.

This corridor could potentially connect with the City Centre to Māngere corridor at Onehunga to provide a direct connection towards Auckland Airport and ease pressure on inner parts of that corridor. If built as the same mode, there is potential that services from both corridors could share infrastructure south of Onehunga. At the northern end, significant further planning would be required to determine how best to integrate this corridor with the wider rapid transit network in the city centre.

The best time to undertake further work on this corridor will be after the City Centre to Māngere corridor has been fully implemented.

3. Pakuranga Road

The first stage of the Eastern Busway runs along the southern end of Pakuranga Road. While the rest of the busway will then travel along Ti Rakau Drive, future demand on Pakuranga Road may justify a branch of the busway continuing towards Highland Park and Howick. The need for full rapid transit is likely to be driven by land use change generating a need for a higher-quality system.

The best time to undertake further work on this corridor will be after the Eastern Busway has been fully implemented.

6. Accessing rapid transit

6.1 Introduction

Implementing this pathway over time will considerably expand the reach, capacity and attractiveness of Auckland's rapid transit network. Upgrades to rapid transit corridors need to be complemented by ongoing improvements to how people access rapid transit stations, whether this access is by walking, cycling, feeder buses, park and ride or other modes. Land-use integration is also a critical part of improving access to public transport, by enabling and encouraging more people to live, work and visit locations that are easily accessible by the rapid transit network.

6.2 Improving station access

Stations provide customers the means of access rapid transit services, which generally make up the main leg of their journey. For a station to be effective, it should enable a seamless transition between that main leg, and first and last legs of the customer's journey. This means stations should:

- Have universal walking access, bike and micro-mobility facilities, well-designed connections to local buses and suitable car drop-off and pick-up points.
- A quality customer experience, making the rapid transit network convenient, accessible and attractive.
- Be well integrated with their local areas, creating thriving and sustainable neighbourhoods.

There are different types of stations that serve different strategic functions, based on their role in the network and their location. How customers access their station will vary depending on its context. All stations need to cater for a range of accessibility needs.

Rapid Transit Station Access Study

Auckland Transport has assessed existing station access and experience across the rapid transit network, including an analysis of existing facilities, customer experience, the ease of transport access and the land use around each station. The goal of this work was to provide guidance for improving station experience and access, with the long-term aim of improving station access across the network.

This work aimed to identify:

- Deficiencies across the network for access by mode, station experience and land use integration, and priority locations for investment.
- The key function of each station and the associated 'ideal' state for customer experience, access and integration
- How access to transit can be improved for all users, and the high-level steps that need to be taken to enable well-functioning urban environments around rapid transit stations.
- The planning and infrastructure needed to support our growth, climate, transport and urban development aspirations.
- A tool for stakeholders to achieve a common understanding of the current state of the network's stations and starting point from which to take future decisions together.

This study will inform the development of the rapid transit network, including upgrades to existing stations and the design of new ones.

The way forward for station access

Auckland Transport is developing a business case to seek funding for a range of improvements to accessing rapid transit stations across the network. This will be the basis of a ten-year programme of improvements across all rapid transit stations, as well as ferry terminals. This programme will consider improved active mode facilities at, to and from stations, improved public transport service levels, facilities for private car travel, improved wayfinding and accessibility for all users. It will also consider system-wide interventions such as rideshare / bikeshare / carshare, digital solutions and Travel Demand Management (TDM).

This is an opportunity to get alignment between projects being delivered across Auckland by AT and others, and to identify opportunities for a 'dig once' approach, to minimise disruption to customers across the network.

6.3 Public transport network integration

Over the next decade there will be improvements to the wider public transport network, with the likes of the City Rail Link and better feeder bus frequency coming online. However, there is still significant room for improvement. Investment should continue to improve rapid and frequent networks. There should be a strong focus on improving the transfer experience, with recent investment such as Puhinui Station providing a great example to follow.

Depending upon geography, distance from the City Centre and density of other RTN opportunities, a supporting bus network is able to significantly increase the catchment size around an RTN Station. Within the urban area the supporting bus services can make the station accessible to a catchment of typically up to 5 kilometres. An example of a station with high transfer in Panmure with over 40% of train passengers having transferred from bus.

It should be noted that in addition to allowing transfer between the feeding bus services and the RTN service, the RTN station does also facilitate bus to bus transfers. At Panmure there is a higher percentage of people making bus to bus transfer than bus to train.

Across Auckland the quality of the transfer experience varies. There is a need to make the transfer from the feeder bus system as easy and seamless as possible for people. It is important to make the transfer:

- Obvious with clear site lines and good wayfinding.
- As short as practically possible and with a view to minimise the amount of vertical movement.
- In an environment that is safe with good shelter.

In the majority of cases, it will be necessary to terminate the feeder bus services at the RTN station. To facilitate a good passenger experience transferring there is a need to cater for the buses and drivers at the RTN station, in particular it is ideal to:

- Have sufficient bus stops for the number of services arriving / departing from the station
- Separate the layover location from the active bus stops for dropping off / picking up passengers.
- Ensure that the distance between the bus stops and layover location is kept to as short as practically possible.
- Ensure that there is sufficient layover space for everything from breaks between services, ten-minute breaks, lunch breaks, with convenient facilities for drivers.
- Enable top up recharging of the buses batteries during longer service breaks.

A well-designed terminus facility for passenger and buses enables a more efficient / cost effective bus operations. The challenge is to make sure the facility works well with the urban realm at the station.

6.4 Land use integration

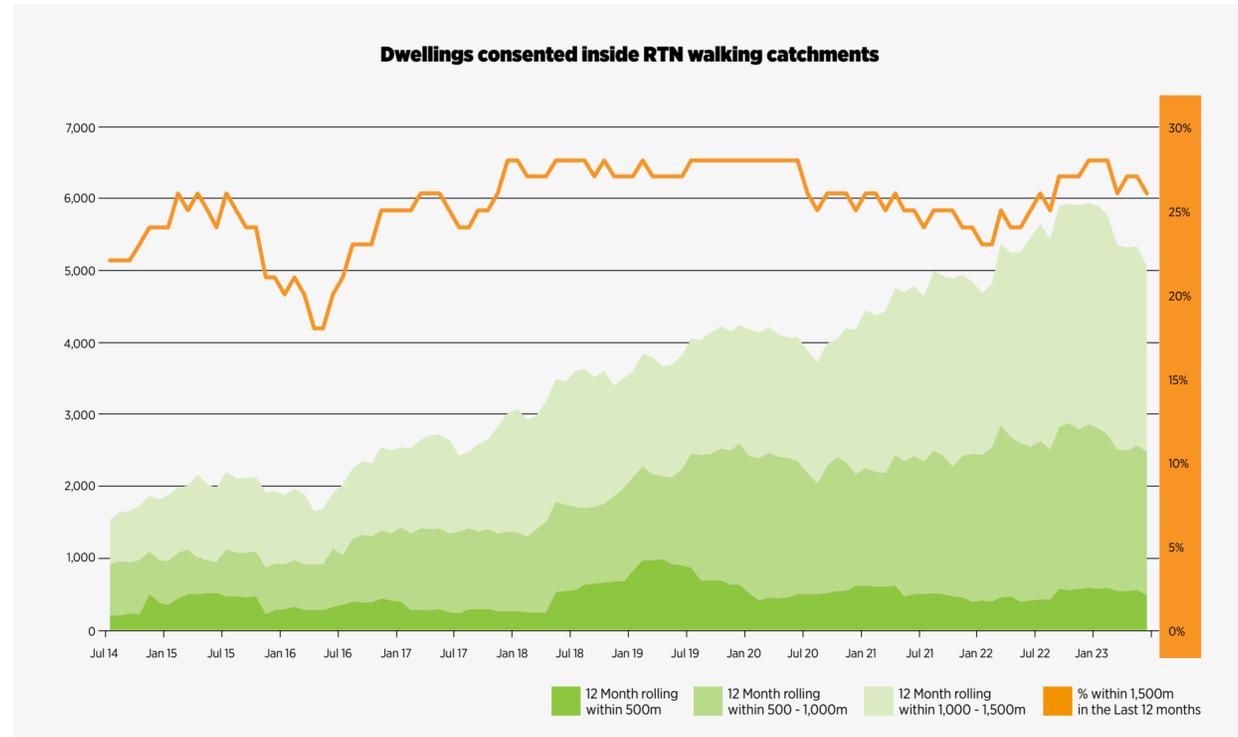

More intensive urban development is already enabled and encouraged around most of Auckland's rapid transit stations, through higher-density zoning in the Auckland Unitary Plan, and the identification of 'development areas' in the Auckland Plan. In recent years around 13% of all new dwellings consented have been located within the one kilometre walking catchment of the rapid transit network:⁴

The National Policy Statement on Urban Development (NPS-UD) enables further intensification around rapid transit stations, by requiring high density zoning allowing development of at least six levels within their walkable catchments.

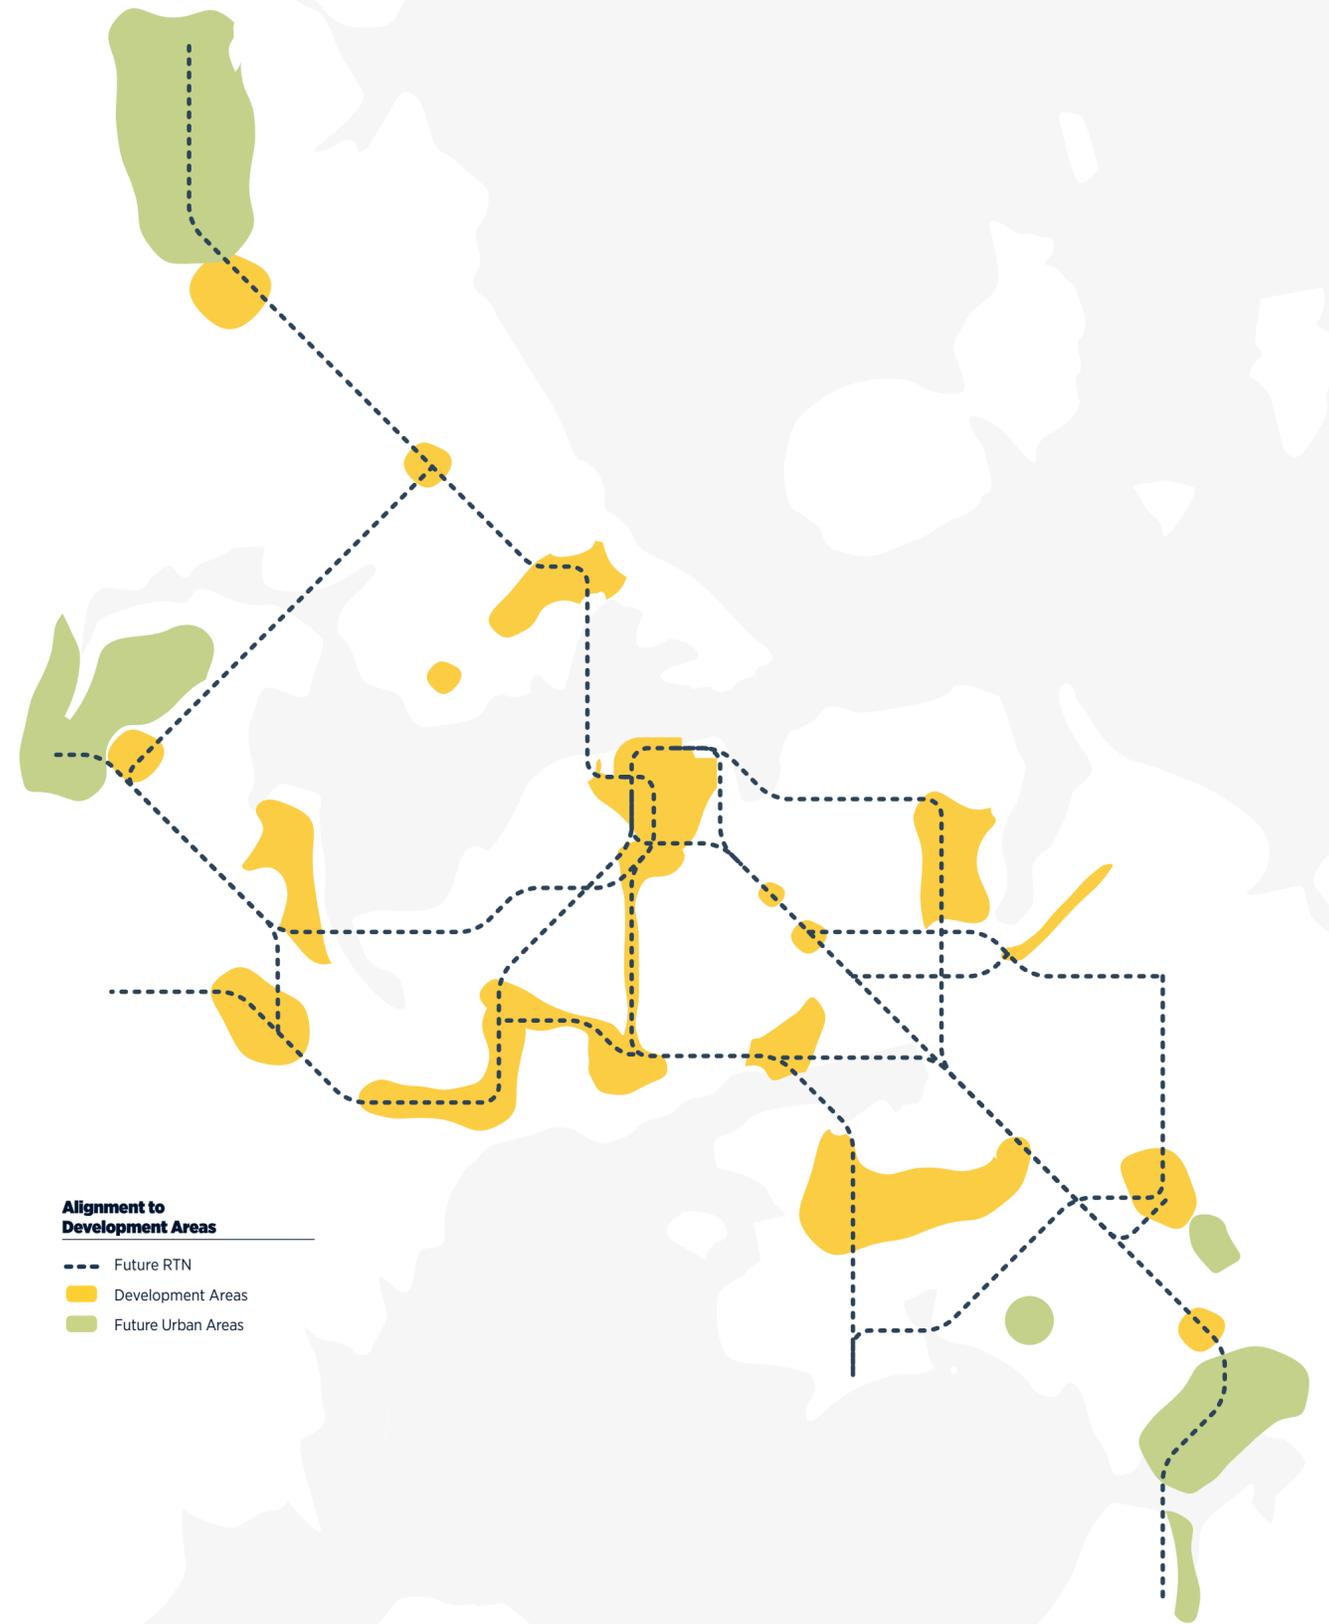

Building on the NPS-UD, additional steps that could be taken to further encourage growth in locations near rapid transit are:

- Auckland Council and Central Government investigate how financial incentives (e.g., development contributions) should be used to encourage growth close to rapid transit.
- Encouraging public urban development agencies (such as Eke Panuku and Kāinga Ora) to focus on areas close to rapid transit.
- Taking steps to remove other barriers to growth (including non-transport infrastructure constraints) in areas close to rapid transit.

Council has just approved a new Future Development Strategy, which sets out the priority development and future urban areas for the region. These are shown on the following figure, demonstrating good alignment between planned rapid transit and development/intensification.

⁴ <https://knowledgeauckland.org.nz/media/2453/auckland-monthly-housing-update-09september-2022.pdf>

7. Implementing the pathway

7.1 Roles and responsibilities of agencies

The planning, funding and delivery of rapid transit in Auckland requires effort by multiple agencies within central and local government. These are complex initiatives that often do not neatly fit into traditional divisions of responsibility across agencies, leading to project-by-project solutions for recent rapid transit projects like City Rail Link (which has been established as a separate entity, jointly funded by the Crown and Auckland Council rather than via Waka Kotahi).

Looking ahead, a clearer and more consistent approach to the planning, funding and delivery of rapid transit is essential if progress in implementing Auckland's rapid transit network is to be accelerated. Rapid transit projects are often extremely complex and significant, requiring deep expertise across a wide range of technical issues. Work by the Ministry of Transport is underway to clarify rapid transit roles and responsibilities, with the outcomes of this work being incorporated into a future update to this Pathway.

In the meanwhile, current arrangements will need to continue for existing projects. Strong alignment and collaboration across the different organisations that play a role in rapid transit planning and delivery will continue to be essential, regardless of future arrangements.

7.2 Roles of mana whenua

The iwi mana whenua of Tāmaki Makaurau, as partners with the Crown under Te Tiriti o Waitangi/The Treaty of Waitangi, have an important role to play in the development of the rapid transit network. Central and Local Government agencies work with mana whenua on the development of individual corridors of the network, to ensure that their views and expertise are included in the corridor's planning and design.

Mana whenua recognise the benefits rapid transit has, in providing improved access to opportunities for communities, including hāpori Māori. They support improving access for Māori, including those who are not mana whenua in Tāmaki Makaurau, as well as for Pasifika communities. Mana whenua also support a social procurement approach to the development of the rapid transit network, which should include Māori and Pasifika businesses. In addition, as noted above, mana whenua have their own commercial aspirations, and support the development of the rapid transit network in a way that supports these aspirations. This may include providing rapid transit access to their land which they are

seeking to redevelop.

The ARTP's development included engagement with mana whenua, and their input is reflected in this section, as well as other parts of this pathway. Mana whenua see their role on rapid transit projects as:

- Being kaitiaki for the environment – advocating for positive environmental outcomes as part of projects. This includes ensuring infrastructure is designed and constructed in an appropriate way and includes aspects that benefit the environment (such as improvements to water quality as part of stormwater treatment systems).
- Having deep knowledge of their local rohe – ensuring that infrastructure and services are delivered in a way that is conscious of and respects the history and culture of the area and its people.

To perform these roles, mana whenua expect to be represented in projects at both:

- A governance level, to enable them be part of decision-making processes and steer the direction of the project.
- A technical level, to understand and contribute to the details of the project's development.

As part of their involvement in projects, mana whenua may choose to gift names for infrastructure which reflect the history of the local area, and which contribute to a unique Māori identity for Tāmaki Makaurau. Mana whenua also encourage this to be achieved through the incorporation of Māori design principles. The design of Puhinui, Manukau and Ōtāhuhu Stations are examples of where this has been done successfully.

7.3 Route protection

Some level of planning and design work is underway for most of the corridors identified in this Pathway. A key focus over the next few years is to complete this work to a level that corridors can be legally protected through statutory planning processes.

In some cases it may be decades before these rapid transit corridors are fully implemented. However, route protection is an important tool to minimise future property acquisition costs and provide a level of certainty to the community about future intentions.

7.4 Funding

7.4.1 What our pathway might cost

Implementing this pathway will be the largest area of investment into Auckland's transport system over the coming decades. Estimating costs over such a long time horizon is extremely difficult and there are many ways in which costs could change over the course of undertaking more detailed planning and design work (e.g. decisions around whether or not to tunnel sections of a corridor).

Because such significant investment will be needed to implement this pathway, careful staging and sequencing is required to help improve affordability over time by smoothing the level of investment. The sequencing outlined in this pathway also seeks to provide longer-term certainty to the wider delivery sector, so that capacity and capability can be built up over time – leading to long-term cost efficiencies.

7.4.2 Current funding

Rapid transit was the largest area of investment in both the 2018 and 2021 versions of the Auckland Transport Alignment Project and will continue to be a significant component of overall transport investment plans. ATAP 2021 allocated \$7.6 billion for rapid transit over the next decade, broken down as follows:

- Rail network improvements: \$4.6 billion
- City Centre to Māngere and Northwest corridors: \$1.9 billion
- Eastern Busway: \$880 million
- North Shore improvements: \$125 million
- Airport to Botany corridor: \$76 million

Current funding arrangements for rapid transit projects (i.e. the share of funding from difference sources) are generally determined on a 'case-by-case' basis, broadly guided by which organisation is the project lead. ATAP 2021 assumed a higher share of Government funding for rapid transit projects to reflect their national significance, although affordability constraints have made implementation of this assumption challenging.

7.4.3 Clarifying funding arrangements

Rapid transit's high cost and unclear funding arrangements have led many projects to be funded on a bespoke basis, often including Crown grants. This has led to significant variability between projects, and a lack of certainty the undermines efficient progress on implementing Auckland's rapid transit network.

Rapid transit has several unique characteristics relevant to the development of an enduring funding framework:

- Very large and complex investments that take many years to plan, design and construct
- Generate widespread benefits across many different beneficiaries
- Inter-generational benefits
- Often developed as part of wider urban development programmes
- Often need to be built ahead of demand, to shape urban development and travel patterns
- Funding arrangements are of strong public and political interest

Clarity is required on several matters:

- How funding is split across different sources (e.g. Crown, the National Land Transport Fund, local share, etc.)
- How to avoid perverse incentives, such as funding arrangements incentivising poor corridor location
- How to provide appropriate levels of longer-term certainty, given the long timeframes for planning and delivery
- How to appropriately explore new funding mechanisms (e.g. value capture)

Government is undertaking a wider review of how transport is funded in New Zealand. The outputs of that work are likely to be relevant for rapid transit and will be incorporated into future updates to this pathway.

7.5 Next steps

The ARTP is Auckland's pathway. It is a technical piece of analysis which represents a clear indication of where rapid transit is needed, when and in what form. Auckland Transport and Auckland Council will use the ARTP to advocate to government for funding and to ensure that as projects progress that they align to this integrated, whole-of-network view.

There are a number of projects, initiatives, and assessments currently underway. When they are completed they will need to be assessed against the ARTP and incorporated.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Storm water drains and stream maintenance

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3436

Stop wasting money on cycle lanes that people don't use also stop with the raised road crossings pedestrian crossing there a waste of time

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Millions if no billions has been made already we're has it been spent not on roads as needed on stupid cycle lanes and raised crossings

2a. Is there anything you would spend more on?

Road maintenance

2b. Is there anything you would spend less on?

Raise crossing and cycle laundry

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Means rates rises that people can't afford

#3436

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing it out means someone else is making all the money

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Lessons cost to rates payers

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Change costs money means rates rises the average householder can't cover

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#3436

Tell us why:

Stop giving away assets we own and paid for already

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#3436

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Stop spending money we don't have on projects we do need at the cost of rate payers it's taking food out of the mouths of there children

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
---	------------------

#3436

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

No coment

8. Do you have any other comments?

Wage decreases to over paid top heavy staff of loose some of those staff there not needed I worked for council for 15 odd years I now it's true

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Currently being underutilised.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

No benefit to Aucklanders if the current council owns shares in AKL Airport

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#3498

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Dont need more developement in the City. Already too hard to get there and too expensive to park. Develope the suburbs instead.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Keep the revenue stream. Dont need more developement in the City. Already too hard to get there and too expensive to park. Develope the suburbs instead.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#3498

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#3498

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think the real problem for the Council and the bureaucratic system is to do more with less dollars. Cause the default for the Council and AT and the likes is to continue to wastefully spend money and then continue to ask for more whilst delivering ***** all

#3513

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I think the real problem for the Council and the bureaucratic system is to do more with less dollars. Cause the default for the Council and AT and the likes is to continue to wastefully spend money and then continue to ask for more whilst delivering *****
all

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

I think the real problem for the Council and the bureaucratic system is to do more with less dollars. Cause the default for the Council and AT and the likes is to continue to wastefully spend money and then continue to ask for more whilst delivering *****
all

2a. Is there anything you would spend more on?

I would spend more if it meant value for money but thats not possible.

2b. Is there anything you would spend less on?

Yes, everything. You can always do more with less money being wastefully spent

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#3513

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Its just going to be another black hole to suck money out of Aucklanders in the long run

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bring back road sweeping. So many blocked drains on the roads, no one cares about keeping them clear.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3548

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Why do we need raised crossings? Zebra crossings are enough. Look at cheaper ways for the crossing. Never had them growing up, dont need them now.

2a. Is there anything you would spend more on?

Buses covering all areas.

Trains being reliable!

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I personally have never been there, dont even know what it is used for

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Not enough information given

#3548

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

if our rates can be decreased that would be a good idea, but dont know why you have chosen 35 years?

Also what happens when change of council?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

so everything is still running as usual

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Prices would increase as they would have to factor into transport costs to Auckland from where every they had to dock which is not good for the public

5b. What option do you prefer for Bledisloe Terminal?

#3548

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

as above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like the Council to do work more cost efficiently and reduce unnecessary costs.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3654

More decision making by qualified people in house and spend less on external Consultants.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

More rail and bus services - higher frequency and one flat fee will take more cars off the roads.

2a. Is there anything you would spend more on?

Spend on funding the bus & rail services so that we get a fixed flat fee. Cut out the spend on ticketing.

2b. Is there anything you would spend less on?

Less advertising, less spend on inefficient cost intensive contract works - there is always better and more cost efficient ways to get work done.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Air travel is on the cusp of taking off - doesn't make sense to divest now.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Exert more control over the management to improve efficiency of costs and increase returns.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

In the long term the POA has to move out anyway.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#3654

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#3654

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low	Not Important

#3654

carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bike access around the city - Dedicated bike lanes and bike areas (main priority)

Allow building of more apartments on public transport lines and in the city, less shitty townhomes on single house plots.

#3655

Increased public transport capacity - trains/trams included.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Being an inefficient government entity. Get ***** done. Pay the people who do work, fire those who aren't productive. No blanket payrises and cushy government jobs.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Needs to be upgraded

2a. Is there anything you would spend more on?

Bike access. People use them when the infrastructure is present.

2b. Is there anything you would spend less on?

Cones - we don't need a cone every meter

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't know enough about this topic. Just be smart about it

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#3655

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Sell all assets and hold Bitcoin as a reserve. Set up systems so that all BTC bought in one year cannot be sold for a minimum of 5 years. Do not overextend. Just look into it

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

This is just moving numbers around without ACTUALLY achieving anything. Keep the rates simple and keep your cash cow. Or lease it and buy a censorship resistance, immutable and decentralized asset with a fixed supply (bitcoin)

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

This future fund is not going to meaningfully outpace inflation

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#3655

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

There are other ports in NZ and this will help push the need for improved rail system in NZ

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

It depends what it is to be honest

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Waitākere Ranges, Waitematā

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Fairly Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Fairly Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Fairly Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important

#3693

Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Fairly Important
Initiatives to support youth/rangatahi.	Very Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Fairly Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Fairly Important

#3693

Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Fairly Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Not Important

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#3710

Don't support any of the proposal

Tell us why:

The council never actually do anything the say and waste money, for example the new bus system around our area that a lot of money was put into is an absolute disaster! My kids use to catch one bus from our house into the city now its a pain of having to get on one bus to take them 5mins to the motorway to then get on another bus so they refuse to catch the bus now. Auckland council really don't think about what they do they always just cause more traffic, more disruption and more hassle

2a. Is there anything you would spend more on?

Nothing, sick of paying ridiculous amounts in rates abd the council do nothing now so why would i want to spend more

2b. Is there anything you would spend less on?

Everything, we pay for a lot now that the council doesn't deliver

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#3710

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

You're a bunch of idiots, why waste \$110million for a public space, there are plenty of public spaces, you complain about not getting enough money but you want to waste that kind of money to build a public space and take away profits the Port is making yo

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#3710

You're a bunch of idiots, why waste \$110million for a public space, there are plenty of public spaces, you complain about not getting enough money but you want to waste that kind of money to build a public space and take away profits the Port is making you! What we really need is people in the Auckland Council that aren't thick!

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Council people should take a pay cut and go back to median wage. We struggle to have the basics maintained of council pieces of land maintained or water ways. they also need to think ahead with infrastructure when building development in already populated areas. Eg new subdivision in glen Eden has caused water main and sewage problems as these weren't made to cater more people.

#3720

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less of an only use these businesses to do jobs work with more companies creating more jobs in Auckland to accomplish more.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

More after generic working hours availability.

2a. Is there anything you would spend more on?

Public Carparking that is affordable. eg also get rid of some extra lawn or grass verges that arent even maintain to have better flow. not all car driven but for more bus movement and bikes.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Needs to be used by the community more, why not more fund raising then raffle off for schools to use all other public services.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Can you not do both and maintain a small investment.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

one time tourist tax at auckland airport or CruiseShip hubs. like some other countries do.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#3720

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#3720

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Investment in rapid transit is fine but there is clearly a "too hard" element for the council in utilising the rail network fully. for the betterment of the future, rail offers more than buses and light rail is simply doubling up on infrastructure networks unnecessarily.

2a. Is there anything you would spend more on?

Sorting the operational nightmare around rail.

2b. Is there anything you would spend less on?

Light rail.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live on the North Shore and rarely visit it so have no vested interest in future proposals.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It takes the contention over AIAL shares one step away from council control and it seems to deliver a better financial option to the council.

#3742

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

By putting port proceeds into the fund they are still available for use on council services but not limited to that option, and are therefore more adaptable in terms of usage / investment.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

Tell us why

Any information I can find on the topic is far too wishy-washy and full of "nice ideas" rather than hard facts on how the operation of the facilities, infrastructure, and communities are affected.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

It is excellent that the council is so proactive regarding feedback but the multiple emails I have received lack coordination in terms of the various documents, links and options are concerned. Also, the page references in the feedback forms do not seem to always match the plan document. The plan document itself is full of lovely pictures and graphics while the typeface is very small. I do not like reading on a computer screen at the best of times and this just makes it doubly onerous. Printing the document is an option but all the pictures - not to mention entire pages of solid colour - make this an expensive option in terms of printer ink.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no, I believe there should have been more done in the past preventing this current scenario. For instance upgrade infrastructure to support the influx of massive housing density on 1/4 acre sections. now we can't support this growth for example crowded roads and poor road conditions

#3903

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

The already are doing less, look at the state of local footpaths and verges

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

I think its ridiculous we still dont have light rail from the airport

2a. Is there anything you would spend more on?

see above light rail to all locations instead of fighting traffic to get to major points like cbd or airport

2b. Is there anything you would spend less on?

cbd road system, place is a mess

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

dont use it hardly, its not well utilized

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#3903

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

a lease of existing land seems like a smart idea

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#3903

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#3903

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We are not able to pay more unless people paid more. It is a tradeoff if you force people to pay more I can see increase in crimes.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#3935

Council should take a moderate approach and keep storm water management as the highest priority.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

You aren't creating new roads. There should be more than one lane roads which are connecting to highways. There is always a congestion before or after motorway exits and I can't see anything in the plan.

2a. Is there anything you would spend more on?

Public transport is rubbish. Trains are late most of the time and plenty of areas where there is no train line. I believe we need to spend on mass transit system rather than on buses which has poor frequency.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

#3935

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

#3963

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Good

8. Do you have any other comments?

Look into and review the T2/T3 lanes whether they are 'fit for purpose'. People abuse the use of these lanes all the time, especially during peak hours. If you cannot install cameras or have police there every now and then to catch people mis-using them and issuing fines, then what is the point of having them?! Might as well just make them into just a 'normal' lane

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Flood protection

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less Movies in the Park & other wasteful events that are classed as entertainment.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Stop the useless cycle lane. How many people actually cycle to work? Just a few bunch of cycling enthusiast and why should we pay for these bunch's hobby.?

2a. Is there anything you would spend more on?

Proper maintenance of road and public transport. Make public transport cheapwr.

2b. Is there anything you would spend less on?

Less on using contractors.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

No benefit to auckland in general, only north shore residents who are already well off. There are more pressing needs like flood recovery and prevention than a stadium upgrade.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Sell it off

#3965

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Does port generate money?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Not a good time to make more spending

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#3965

Tell us why:

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#3968

Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Absolutely not

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Rates, I can barely afford this as it is

#3969

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

The cycleways are waste of money so scrap those. Also don't use the motorway charging plan that's a scam

2a. Is there anything you would spend more on?

Fuel I suppose even though it hurts already

2b. Is there anything you would spend less on?

Bike lanes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

North shore complain about too much and already have everything. How about west or east or south all develop

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

If it doesn't cost me then go ahead help the airport be better

#3969

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

That's a lot of money to pass up which could help with a lot of development so you have to lease it out

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Grow that money to be used when needed

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Perhaps the 35 year investment is too long term and could cost a lot in breakage fees

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Seems like a good use of the areas if they're not currently being used

5b. What option do you prefer for Bledisloe Terminal?

#3969

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

What benefit is just leaving it

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Do not support

#3969

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Decrease public transport fares if congestion charges are raised.

The public transport is expensive and unreliable.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Give less to social development.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Currently public transport is expensive and unreliable.

2a. Is there anything you would spend more on?

Policing road users breaking the laws.

2b. Is there anything you would spend less on?

Raised pedestrian crossings.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The city has enough recreational space around the water.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#3972

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

fixing roads

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

rates... how will we be able to afford living in auckland if rates keep going up and up

#3984

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

public r

transport is a mess i see busses empty most of the time

2a. Is there anything you would spend more on?

on and off ramps

2b. Is there anything you would spend less on?

charging hone owners

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

sell the stadium and charge less rate

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

make money investing wisely rather than putting up rates to pay for things

#3984

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

leasing goes up and is out of the control of the tenant

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

no

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

increase capital to fund project without putting rates up

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#3984

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Safety.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Unnecessary upgrading roads. Reduce number of cones. If decision made by council ignore complaints, as money spent to correct. Educate people to take rubbish home so less work for council.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It is the reliability, cost and traffic jam that is unattractive. Taking my car is way more convenient eventho I face one of the 3.

2a. Is there anything you would spend more on?

Safety.

2b. Is there anything you would spend less on?

Nothing in particular but am sure u can start tighten some areas, like I do with my family budget.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It's a recreation centre so user pay.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#3999

Tell us why:

A few major we have to keep in case of war. If u sell it will b foreigners who buy it.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

#3999

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#3999

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

#3999

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Start some manufacturing industries in this country. NZ is depending on the world for day to day needs. Absolutely rubbish.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4001

Stop making the same roads again & again. Prime example is right now on central park drive. The road was spotless. it is being reconstructed for absolutely no reason.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Waste of time & waste of money. They are completely useless.

2a. Is there anything you would spend more on?

People in NZ are fighting with cost of living. Roads & infrastructure is secondary need for them right now. Use money wisely to bring interest rates down.

2b. Is there anything you would spend less on?

Absolutely. Yesterday Govt came up with interest claims for investors. Why? Do you think it will be passed to tenants? no. Just bring interest rates down.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Use this money wisely when you sell it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#4001

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Better cash flow for government.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Better cash flow

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#4001

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Local board priorities

7a. Which local board area does your feedback relate to?

Waitākere Ranges

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Very Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important

#4001

Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Not Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Fairly Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Fairly Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

Waste of money. All NZ is fighting with cost of living. Local board want to use the money in useless things. Consider cost of living first of all. Do not increase any rates.

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Develop more mountain biking tracks

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4007

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Its convenient for my household to have private vehicles and taxing for regional fuel will mean more out of pocket expenses for us. We travel a lot for work and the current public transport is not viable for us. It would take a whole lot of infrastructure change for us to be able to feel the public transport to be convenient for us.

2a. Is there anything you would spend more on?

Roads

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#4007

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#4027

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Installing cameras on onramp off Royal Road due cars taking advantage of bus lane and skipping the queues heading to city.

2b. Is there anything you would spend less on?

Remove traffic lights on onramp. It simply doesn't work 99% of times due to so much traffic. It decreases the traffic flow - drivers are sensible enough to merge as they are meant to once lanes get narrower. It's just a waste of public money.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I live in the West and have never been to the stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

It's a source of income even though it's a bit less than what the council wants.

4b. Which option do you prefer for the future of Port of Auckland?

#4027

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

I don't know

#4027

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know

#4027

Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

none

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4045

We have paid more and more, however, we only can see more pay but no more work been done, and all workers don't work efficiently, slower and slower, in the past, there were some workers did the weeding and spraying the weed killer along the road, we saw them, driving and flying, just carried the equipment, did nothing, Why do you ask us to pay? Most of road workers, standing and talking, blocking our way home, could we do the marketing tender to find good company to do this kind of job? We don't want to pay any more, it is enough.

2. What do you think of the transport proposal?

Don't support any of the proposal

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Supporting the NETR is so important as it empowers local communities to take on waste, pest, biodiversity and conservation efforts that council do not have the resources to directly work on - this also includes engaging and teaching young people through schools and other youth programs. The more community groups have the

#4071

ability to make positive changes within their own communities - the more liveable and resilient our city will be.

More buses! - our local bus does not go directly into the city any more - but now we have to get 2 buses due to the interchange at Te Atatu. Generally , it is now more time effective, and often cheaper to drive in - how does that make sense?

Stormwater - the plastics into our rivers and estuarine environments is shocking. A major education campaign around this - I would pay more for. including the semi industrial waste- from some places along the river beds that is sneakily dumped also.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please stop buying/ contracting so many road cones and speed bumps on major suburban roads - Will not prevent 1 death -it slows down traffic but also creates unnecessary congestion- especially at nearby traffic lights during busy hours. Not prepared to pay hundreds of thousands of dollars for these either!

Not impressed by AT at all - can their consultants please have a performance review - that actually has consequences?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Stop all the raised pedestrian crossings - not just some. People know how to cross roads.

2a. Is there anything you would spend more on?

Would love a cycle way along Great North Road - Glendene/Kelston/New Lynn.

2b. Is there anything you would spend less on?

Consultant fees at AT

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4092

Make food scrap collection pay as you throw. I resent having to pay \$77 in my rates for a service I do not need to use.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I oppose a congestion tax. This tax is an exploitation of workers who have no other means of getting to work.

If a rapid transport system is achieved how are you going to make it safe to travel on. My perception of public transport in this country is that it is unsafe and I am reluctant to use it.

I'm pleased the read that you are going stop wasting money on raised pedestrian crossings.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Don't know.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

If the stadium is not being used then redevelop it into something else that will benefit the whole community.

#4092

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It sounds reasonable but there must be controls around the investment manager i.e. what he/she earns and no rewarding with bonuses. It is rate payers money at the end of the day.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I worry that leasing the Ports of Auckland to an overseas interest, for example, could make Auckland vulnerable to outside influences that would disadvantage the citizens of Auckland.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#4092

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Auckland is the largest city in NZ, it needs a port.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Auckland is the largest city in NZ. It needs a port.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Over-spending wastage. Link with all departments better

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

We don't need ANOTHER bigger stadium

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Don't sell off assets

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4180

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4239

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Still would like cycleways to continue to be added, they are a benefit to reducing road congestion.

2a. Is there anything you would spend more on?

Public transport.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Listen to the people that utilise the stadium.

In general I'm in favour of keeping council land as long as it is being utilised for the community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I don't feel financially literate enough to understand what the consequences are.

4b. Which option do you prefer for the future of Port of Auckland?

#4239

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I always prefer to keep assets that can continue to bring in revenue.

Cuts to services are not preferred.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Currently a lot of services seem to be underfunded. Unless redirecting the funds will bring the quality of the council services back up then it needs to come from elsewhere.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Do the long term benefits outweigh the short term losses? Then yes.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#4239

Tell us why:

It's unclear if the short term financial losses outweigh the long term gains.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>

#4239

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey,Whau

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water	Very Important

#4239

health and provide for resilient and low carbon communities across Henderson-Massey.	
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

They're all interconnected and benefit everyone in different ways.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	Very Important
We will encourage and support volunteerism and community participation, especially through environmental and	Fairly Important

#4239

ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	Very Important
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	Fairly Important
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	Very Important

Tell us why

Climate is most important. If we can not make the place habitable then the rest is moot.

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

prevention of flooding and plumbing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4290

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

more subsidy for public transport incl. Bus and train

2b. Is there anything you would spend less on?

Consultant Fee

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

it is not community friendly at the moment - please change the stadium with more activities and interactions that the community would appreciate and they can access. Holding big concerts or more public events (just like Mt Smart) would be nice.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#4290

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#4290

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Have lost all faith in public transport, just not reliable enough. I don't see the sense in throwing good money after bad.

2a. Is there anything you would spend more on?

Regular maintenance on what we have now.

2b. Is there anything you would spend less on?

Speed bumps, way too many. However I do support speed bumps at traffic light controlled intersections. They slow down the red light runners.

Cycle lanes, I just don't see these being used enough to warrant the expenditure.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Greater use of the facility has to be a good thing

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

ROI must be paramount. If investments are not performing and not sustainable, then why carry on.

#4398

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Increased revenue to council

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Maintain what services we currently have. However I don't see a need to add anymore services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I support benefits to the public

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#4398

Tell us why:

An eyesore at the moment, wouldn't it be great to see something similar to Wynyard Quarter here.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Do not support

#4398

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	I don't know
---	--------------

#4398

Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	I don't know
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	I don't know
Our Places – support initiatives that improve walking and cycling opportunities.	I don't know
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	I don't know

Tell us why

You need to provide a link to the Henderson-Massey Local Board priorities, page 116 for information proposed for this area.

I've tried searching for it. Given up in the end.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

?

8. Do you have any other comments?

Long-term Plan 2024-2034

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More business opportunities in Auckland, better transport system within Auckland, say West to South and vice versa. Faster transport from Hamilton so less traffic on SH1. Te Huia just doesn't do the job.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less for useless projects

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Too much spending on cycleways where the usage is only for handful of people. Rest of the people commute. Spend on projects that benefit the wider crowd

2a. Is there anything you would spend more on?

Spend more on reliable transport system. Connect all of Auckland suburbs. From Pukekohe to Kumeu as such. Travel within Auckland should be far better focused that great cities such as Melbourne or Sydney.

2b. Is there anything you would spend less on?

Again, useless projects. Projects that benefit smaller groups.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

The stadium is the perfect the way it is.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4425

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Port of Auckland is a crucial business for Auckland and leasing it out to an external entity might help us get an upfront payment of 2.1B but it's not going to be better for our customers. Port of Auckland has already given Wynyard Quarter and Queens wharf and is ready to give up Marsden Wharf and Captain Cook wharf. Auckland Council should be able to spin up potential business in those areas and added to the \$52 Million dividend, its a WIN WIN for Council.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Port of Auckland is a government owned entity and it should stay as it is. Leasing it out to an external entity wouldn't be suitable for Auckland. Increasing container prices and workforce agreements can generate more revenue than the current dividend. This is a more better plan other than leasing it out. Council should plan on retaining their assets rather than selling it out.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#4425

Tell us why:

Council should take over the Captain Cook Wharf and Marsden wharf do build developments or invest in business that doesn't disrupt the port operations. This should be done only if the Bledisloe Terminal remains with the Port

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Bledisloe Terminal is a key stakeholder wharf for the port as it serves as a car import wharf and big vehicles. Other wharfs in the port is not equipped to handle that many cars. Infact, Port should consider extending the Bledisloe wharf to further support the increase in car imports specially EV's nowadays.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No need to do more until next 5 years - the previous government has spent so much money unnecessarily - the CBD is stuffed up, transportation so much has been spent with little to no returns; Water/Waste Water/Storm Water/3 Water - too much work/money has gone into this with little returns; Environment - just stop this rubbish; Council Support - please reduce staff/spending.

#4523

lets stick to and go back to the basics for now, until the next 5 years until debt on spending that had no returns is recovered.

The only spending that could possibly see returns is economic - ROI must be insistent upon prior to funding.

Should individuals want more, then they fund for it - user pays.

The Food Scrap initiative is an example - this needs to be user pays as opposed to a revenue generating exercise.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop all spending until debt from last 7 years is recovered. Rate Payers have no more to give - we are struggling with inflation and overall cost increases. If council wishes to spend on pet projects such as Food Scrap, and Cycle Way initiatives, then make it user pays - as a tax payer and rate payer, I no longer wish to support pet projects of the council, nor projects with no ROI.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

We have the current infrastucture; but we are not using it effectively - buses and trains are empty most hours of the day - its only over the 1-3 hours of peak times that these are busy. In addition, the trains do not run regularly nor on Sundays. Why invest in rapid transit network, when the basic transport system dont work?

Once again, stop all spening, come back to the drawing board and focus on the basis 101 - get the basic right.

2a. Is there anything you would spend more on?

Get the 3rd parties who already have the transport contracts to up their game and deliver a basic transport service stop blaming the heat for the tracks not working and fix it. Go back to basics - get it right first - then consider spending more

2b. Is there anything you would spend less on?

Stop spending - get the basics right.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It works; get more events to obtain the returns first; once the returns funds for itself, then it can support itself on its own redevelopment funding.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The share market in NZ is extremely lethargic; best for Council to hold on to this prime investment.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Retain council ownership, and lease the operation - run it like a business. Use the income (once the council is out of debt) to fund the development of the cbd. The Future Fund idea is a waste of time.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

#4523

Tell us here:

Pay off all debt first.

Then invest intelligently in the CBD - no pet projects please; every dollar spent needs to have an ROI attached to it.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I dont trust the council in doing a decent job with this; best to leave it with port operations.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Use the port for business enterprise and trade; cruise ships.

No stadium please.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#4539

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden,Henderson-Massey

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Fairly Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Not Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Not Important

#4539

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Not Important

Tell us why

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

These do not have meaningful depth and are too high level for any opinions to be made on them

#4539

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

I think it should focus on our resilience on extreme weather events

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#4548

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#4548

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#4548

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools .

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Mortgage rates are too high now, reduce these rate changes

#4549

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

A lot of optimizations can't change my life, they will only increase the exchange rate, large-scale interest rate increases, property taxes, and mortgages, which will be the last straw that breaks the camel's back for us house slaves.

2a. Is there anything you would spend more on?

More government support, lower income, higher national income, and greater confidence

2b. Is there anything you would spend less on?

Expenses are becoming increasingly high, reflected in prices and various taxes, and we hope to reduce these expenses

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It's unnecessary, it will only add to the burden

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Disagree

#4549

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Maintaining the status quo is my primary concern at the moment, and any additional expenditure will be a heavy price to pay

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

I have no idea

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Maintaining the status quo is my main concern at the moment

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Maintaining the status quo is my main concern at the moment

5b. What option do you prefer for Bledisloe Terminal?

#4549

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Maintaining the status quo is my main concern at the moment

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer traffic lights, speed bumps, raised pedestrian crossings, all contribute to carbon emissions.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Generally on the right track

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

cycle lanes

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

better use of facilities

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Council should be more careful about so called "investments"

#4570

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

more efficient use of ratepayer's money

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Seems better use of facility

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#4570

Tell us why:

Waterfront space should be open to public

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport! Have trains running longer. I'm a Nurse at Grafton hospital, I can't use the trains as they stop before my shift finished at 11;30. There are lots of us who would use them as the parking is so limited. Also no train to the airport... It's embarrassing. Always need an Uber and so expensive. What big city doesn't have a train to the airport?

#4572

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need the cycleways.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4572

Tell us here:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4590

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Cycleways. It can be a truly frightening experience riding a bike around Auckland.

2b. Is there anything you would spend less on?

Speed bumps and raised pedestrian crossings. Surely all that speeding up and slowing down has an effect on emissions from cars?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.

Fairly Important

We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.

Fairly Important

We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.

Not Important

#4590

We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	Fairly Important
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	Fairly Important

Tell us why

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Thinking local, very little specifically for West Auckland, particularly Te Atatu which is a major bottleneck.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Never should have been built in the first place. Auckland didn't need it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Better investment vehicle for future growth.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4621

Tell us here:

The Fund is a better investment vehicle.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Fund allows opportunity for diversification.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Auckland needs more central activity for visitors, domestic or otherwise, this opens up a wider area for activities.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

If we can't get Marsden or Capt Cook right, what's the point of transferring Bledisloe.

6a. What do you think of these proposals?

#4621

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important

#4654

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#4673

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Do not support</p>

#4673

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#4673

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Renewing old water pipes and fixing potholes more promptly.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4733

I would like the Council to reduce head count of FTE's massively. Other Councils of similar sized cities (such as Brisbane) have staffing levels of 50% of Auckland's. Reducing head count in this manner will allow rate cuts, which is what I want.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

All transport should be user pays, including TOLL roads and public transport that fully covers it's own cost.

2a. Is there anything you would spend more on?

No.

2b. Is there anything you would spend less on?

Subsidising public transport.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It is hardly used as is, a handful of days a year. Why spend any more money on it?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4733

I support the Council selling shares in any business it owns. The Council shouldn't own shares in any business.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Sell all the shares and pay down debt.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

I don't wish for the Council to retain ownership of the Port.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Leaving them in the Port will maximise the value of the sale of the Port. The Council has done little with Queens Wharf since freeing it up.

5b. What option do you prefer for Bledisloe Terminal?

#4733

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Leaving Bledisloe Terminal in the Port will maximise the value of the sale of the Port.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I support full user pays, not targeted rates. I would rather the Council does a lot less but pays from it from a general pool of rates - otherwise the temptation is for the Council to keep adding more targeted rates and build little fiefdoms rather than privatise services that should be privatised.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

#4733

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Not Important

Tell us why

I don't support the existence of local boards, they are a waste of time and money.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Not much.

8. Do you have any other comments?

Reduce our rates in actual dollar terms, not inflation adjusted terms, etc. I do not support any of your proposed increases in rates.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Rates are crippling people now I would like to see councillors reduce their pay and put this on debt.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

We get very little now for what we pay.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

I would be happy with the council stopping putting in judder bars everywhere the y cause more emissions. capping the transport amount people pay each week would be good so long as that is not excessive and works out better than people taking their cars by a substantial amount. However the public transport would have to be more reliable and every 15 mins during peak hour times. the fuel tax you have raked more than enough in and for what the roads are a disgrace.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

I do not approve of the sale of the Air Port

#4748

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

If this could lower rates this would help everyone there is enough poverty as it is and the council will put more pressure on people and more poverty.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

I don't want profits going to the councillors back pocket as it currently is seems to be.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

#4748

#4765

Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important

#4765

Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Social Housing for senior residents, light rail down Dominion Road, and on SH16

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#4797

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing for such a long term has a similar outcome to selling

#4797

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Self insurance primarily seems wise, as long as money put aside every year, and insurance for major disasters still covered.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#4797

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Grow our cycleways and walkways. Keep green spaces and develop green public spaces especially where there is new housing. Develop green spaces in the CBD. Maintain and keep ALL of our swimming pools open especially Lidos. Fix Auckland traffic congestion.

#4798

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Scrutinise the high wages that many of the longer term councillors are receiving.
Reduce the number of council staff, especially those coming up to retirement or who may be dead wood.

I disagree with the fuel tax ending, Aucklanders are use to it now.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Public transport needs to cheaper and 100% reliable for people to use. The above just sounds like a lot of words. Cycleways are important to grow a vibrant city that people actually want to live in. I don't think that the Mayor gets that.

2a. Is there anything you would spend more on?

Subsidising bus fares to get people onto buses.

Reliable services but cut the bus services that are empty.

Cycleways and walkways. Get rid of the Transit 1 & 3 signs. They actually hold up the traffic by being underused lanes, while the other lanes are backed up.

2b. Is there anything you would spend less on?

New stadiums and event centres

Sports Fields

Raised pedestrian crossings and those silly orange sticks.

3. Which options do you support for the North Harbour Stadium?

I don't know

#4798

Tell us why:

I dont understand what the above options mean. I believe keep all the land (do not sell off) but can extend the way it is used i.e for sports and other community events.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Establish an Auckland Future Fund but use the interest from Airport Shares. These should not all be sold.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Firstly fund council services if required. Secondly invest in Auckland Future Fund also if possible.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#4798

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Our wharves should be a draw card for tourist and public to visit our city.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Attract tourist and public into the city

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

You can remove the food scraps bins. That is a complete waste of money.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There has been so much money spent on public transport, yet the service is absolutely atrocious and has been for many years. You blow budgets constantly and ask for more handouts. Maybe you should try effective project management before committing to spend more billions on useless projects.

2a. Is there anything you would spend more on?

No. SPEND LESS

2b. Is there anything you would spend less on?

Public transport. You need to show (actually show us a physical plan) what you want to do, the costs of each project, and show us how you plan to effectively and efficiently manage the money you spend on these projects.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

You are just wanting to spend money for the sake of spending money. Make North Harbour Stadium an area where people want to go and watch sports and other events. Make it attractive but not by spending millions and just wasting money, like you tend to do daily.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#4839

Tell us why:

As long as there will be transparency on what the money will be spent on. You need to stop wasting money. OUR money. Not yours.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

You could also invest money into communities that would actually benefit.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#4839

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less bureaucracy and wasteful spending on plans and options papers that never go anywhere. Commit to things that will have tangible impact.

#4871

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The biggest barrier to public transport in my community is cost. It is too expensive to travel single trips. Once reliability and speed are in place, communities won't use it if it's not within their personal budgets. Council needs to do more to make public transport CHEAPER, so that the true gains of the investment in the network are realised by communities.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Less on roading expansion that is beyond population needs. Note that less use of roading also results in lower maintenance costs.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Not relevant to my community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#4871

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#4871

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#4871

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important

#4871

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

more monorail cross the area

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#4889

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

new pedestrian crossing at Wynyard, more frequent train services by decreasing dwell times at stations.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

reduce Māori outcomes funding, reduce Auckland council headcount.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

fare cap and contactless payments are good. Removal of level crossings is essential but should be done in a cost-effective manner.

2a. Is there anything you would spend more on?

removal of level crossings (removing more), busway out west, more frequent services, bus lanes in key areas.

2b. Is there anything you would spend less on?

raised pedestrian crossings, airport - botany busway should just be from puhinui to airport as most people will be transferring from train from the city.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

need to reduce cost & make it a more inviting area to use.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4918

need to set up Auckland for future large cost events. Need to ensure the fund value is not diminished over time though.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

port can be run more efficiently by private company and return larger payments to ratepayers. A dollar today is worth more than a dollar tomorrow.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Both. Need to be putting some money away for a rainy day (literally)

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

port should not be in it's current location, there are better uses for the land.

#4918

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

as above

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut road cost by removing bus and cycle lanes. Allowing traffic to move at double the speed.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Auckland Public Transport is a failed system. Geographically Auckland needs more wider roads and lanes. Get rid of Bus lanes .

2a. Is there anything you would spend more on?

Spend more on road networks .

2b. Is there anything you would spend less on?

Cost of parking.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#4958

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop putting so many speed bumps in!! It slows traffic and is such a waste of money. probably makes the situation more unsafe as people suddenly have to slow down. Cut down the jobs and people within the council that get paid to do not a lot. Have

#4987

performance reviews and if they don't meet the targets then cut their jobs or combine them.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Can you make it faster and more reliable??

The stopping of raised pedestrian crossings sounds great!! Why in the first place?

2a. Is there anything you would spend more on?

no

2b. Is there anything you would spend less on?

no

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Only if the same funding but for a better outcome.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#4987

If it helps with the initiative but is still protected then many this is a good option.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#4987

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#4987

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey, Waitākere Ranges

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important

#4987

Our Community – ensure the maintenance and development of ‘fit for purpose’ local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

The economy is the worst hit which effects of the other factors

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	Fairly Important
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Fairly Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Fairly Important

#4987

Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Fairly Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Not Important

Tell us why

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would be actually prepared to pay more - if you do something useful with it ... not just throwing it out the window / feed consultant companies and overpaid politicians.

And .. fix the public transport system - this should have been done 30 years ago, so next best time todo this is now.

#4992

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less of wasting money ..

* like building/repairing infrastructure that break a year later.

* make plans/consulting work for millions of dollars to throw away

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Doesn't feel like there is a proper plan to fix what should have been done ages ago.

Congestion charges .. with no real alternative for people to get to work is just another way to rip people off.

Stopping all the bicycle projects is definitely not a good alternative to make Auckland a greener city.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5010

Support most of the proposal

Tell us why:

I don't understand why you would remove improvements that have already been made, surely removing things like that is an added cost that is unnecessary except in cases where the improvement was linked to a wider plan which has now ceased and it doesn't work to leave it half done. Otherwise "removing improvements" seems like a misnomer

2a. Is there anything you would spend more on?

Aucklanders do not trust public transport. I know we are trying to improve it to a state where it is widely accepted but for how little our system is used and works I feel the money could be better spent improving roads and access for cars. There are many places in auckland that simply aren't connected well enough by public transport that you cannot reliably transport yourself on that network for things like jobs / doctors appts etc.

2b. Is there anything you would spend less on?

Public transport

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

I wonder if you could sell or lease the stadium out? Have a private manager. Is there an option to run concerts at that stadium? Would redeveloping it to include those kinds of events like Mt Smart stadium?

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

#5010

Tell us why:

A separate fund run by professionals where their job is to manage these assets and shares sounds reasonable but I don't know enough about this topic

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I think leasing the port for a private company to run opens the door for more expense to businesses to import /export their items and the council retaining control of the operations will keep it the most fair than an independent company that only cares about profit

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Unsure on the AFF as a whole

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#5010

Tell us why:

Building a new waterfront stadium has been discussed for years, this space could deliver something for public benefit either under that umbrella or more suited to the location. I do NOT think this should be residential development.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Reducing the operations and value of ports of Auckland seems a poor choice, and will impact the amount of ships that will need to be diverted around the country and then put more trucks on the roads that are already jammed up getting imports/exports in and out of Auckland.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#5050

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	

#5050

Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	

Tell us why

huge growth in the area, and sporting facilities are inadequate and falling behind

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

As a football Club in a fast-growing area, we have inadequate fields and facilities which are now impacting on our ability to provide services. Our Club has been growing significantly, which is not met by council facilities. Poor maintenance of the grounds leads to further complications, inability to use resources, and devaluing of assets which is either due to inadequate budgets (funding) or poor management of those budgets.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5088

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#5088

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roads and decrease traffic congestion

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

cycle ways and speed humps

#5093

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

widen the roads before subdivisions not the other way round

2a. Is there anything you would spend more on?

widening of roads to let traffic flow

2b. Is there anything you would spend less on?

any project that doesn't return an income or doesn't affect efficiency of ratepayers, businesses to get around town more affordably

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

there is not enough sporting facilities for the community with lights for winter sports

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5093

Other

Tell us here:

move port to another location and develop the land

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

run it efficiently and help pay down debt

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable): Aktive

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Māori events for everyone to understand the beautiful culture of NZ

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Vegetable gardens for the community in every region.

#5131

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The motorways are terrible. We need to reduce the amount of cars taken.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Need ore events to be central at the stadium.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#5131

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount

#5131

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Very Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Very Important
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

They are all crucial in supporting whanau

#5131

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Kaupapa māori

Health initiatives

Nutritional advice

Looking after kaumatua

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

NO because I don’t trust the Auckland council’s team is capable of doing anything to the community’s satisfactory.

The council management has no incentive to do a good job when they are not spending their own

#5132

money nor face consequences for their poor judgement.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Everything, road, environment, basic infrastructure. Just stop all new projects already.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Mentioned above, because the council is incompetent and I am financially struggling in the time of recession.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

Everything, water, land tax

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Sell the stadium, the council needs money, so they need to get rid of some of their assets. You cannot afford having it, sell it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#5132

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Because council cannot be trusted. Every year AC have some new proposal telling us how in the future you will pay less, you only paying more now. But so far they haven't kept any of their promises. Why should I trust their new plan now?

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I believe it is better for the port to do long term planning that way. If they sign a lease with the council and pay money upfront they are not obliged to generate a certain amount of revenue every year for the council which means they can choose to reinvest their revenue into some long term development (such as automation) which could take years to see the outcome.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Just don't start a new project please. Every aucklander is struggling, if you start a new project next year you will ask aucklanders to fund them. It is never going to be self sufficient. Just carry on invest the money into your current bureaucracy operation but nothing more.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#5132

Have you ever thought of cut your service to the bare minimum and not increase cost of your people? I don't think you understand how much aucklandeds are struggling

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#5227

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to	

#5227

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Streamline the Council's workforce to make it leaner. Limit road project improvements to those that are really needed. Plan better to eliminate wastage of public funds.

#5238

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Most of the proposal makes sense but there are some that do not or are vague. For example, the \$50 cap on public transport is not clear.

2a. Is there anything you would spend more on?

improvement in train, bus and ferry services - in terms of performance and reliability - to encourage more people to commute instead of bringing their vehicles. More Park & Rides must be created to support the riding public.

2b. Is there anything you would spend less on?

Cycleways are not a priority so we should spend less on these. They make the roads narrower thus contributes to more congestion.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The very low utilisation of this Stadium clearly shows that either it is not marketed well or it is not fit for purpose. Hence, we should consider redeveloping it to meet the needs of the North Shore community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#5238

Tell us why:

The Council not the a anybody else must be responsible in deciding whether or not to sell its shares in Auckland Airport. We do not need a Fund Manager to do that for the council. Fund Managers may come and go but the Council members are duly elected officials and are accountable to the Auckland voters.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Moving the 2 wharfs entails costs and will take time. Removing the Bledisloe Terminal will adversely affect the prices of products needed by Aucklanders. Both are not acceptable.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

It is one of the stable revenue streams of the Council to support the services it provides to Aucklanders so let us keep it that way.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Scrap the Future Fund idea. Insurance costs can be reduced by competition among insurers - local and foreign. Improve the management and operation of POAL to make it more efficient and profitable. Council should retain ownership of POAL and the port land.

#5238

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Transferring the 2 Wharfs entail costs which we do not need to incur. This should be a priority. It serves its purpose so keep it as it is and avoid the additional expense.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

The Bledisloe Terminal is vital to keeping the prices of food and other products down. So please keep it as it is but improve its operation to make it more efficient and profitable.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#5238

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I support the plan to increase the rates paid by businesses and reducing the rates paid by residential owners. Businesses can easily absorb the added cost while home owners continue to struggle to pay the increasing rates.

#5238

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Very Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Fairly Important

Tell us why

With limited funding available, priority should be given to the safety and wellbeing of the people in the community. Everything else comes in second.

#5238

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

Proposed priorities listed looks good at first glance but we need to know the specific plans and programmes where the budget will be spent on. The proposal is too vague.

8. Do you have any other comments?

I agree with the funding policy. Keep in mind that funding is a limited resource. Council should operate prudently and spend tax payers' money wisely to benefit the greater majority of Aucklanders.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport that actually arrives and comes on time. Upgrade the train park n rides, particularly out west. More parking for those. Train to ponsonby.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#5253

Less planting at parks.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

You need better trains and getting to and from the city. I would have to take 3 busses to town taking 1.5hrs. Or drive for 40 minutes. Make it make sense.

2a. Is there anything you would spend more on?

Upgrade your old smelly bases.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

It's not working, you could have lots of events there but it's not being utilized.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Auckland airport needs some stakes in it from the concil otherwise it will become privately owned.

#5253

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

It could become more car parking or a new trendy place to hang out.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#5253

Putting that much pressure on roads for transporting massive things to and from Auckland is silly. Auckland still needs a port.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. #5306

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Problem with increasing rates means that those households that are barely managing to pay the rates on time will start defaulting and you will end up with less income overall and therefore inability to funds these projects

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Not Important

#5306

Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.

I don't know

Tell us why

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Significant Rates increases meant people will default on payments and be unable to pay their share

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Longer Library services, More rubbish bins, Dedicated bus lanes along all motorways and major roads, Building a coordinated repair calendar between chorus, watercare, AT and Waka Kotahi (return to the dig once principle for roads), Removing speed bumps

#5309

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

fewer cultural events and social activities, fewer consultants, fewer road cones

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Don't remove uneconomic bus routes. Please ensure good coverage and good time keeping/reduced dropped services to Aucklanders as a priority.

2a. Is there anything you would spend more on?

I think you should build a park-and-ride at Henderson Station, on the AT-owned land between Henderson Valley Road, Stevies Lane, and Te Ara Puheke.

2b. Is there anything you would spend less on?

Cycling related costs, unless its a commuter route.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I think you should sell the land, or develop the land and sell the properties, unless there is an anticipated increase in demand for it, in coming years.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#5309

Tell us why:

Liquidate the shares and use the cash to reduce more expensive debt.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

This is a profitable asset, it should be kept in the hands of the council for the ratepayers. It makes economic sense.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

The council should be funding core services out of rates, use this for future growth.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The closer the port is positioned to where imported goods are needed, the better. It will see reduced demand on the road network/reduced carbon costs/transport costs. The port should be kept as close to demand as possible.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#5309

Tell us why:

As above, let the ports run their operations, and reduce network demand on the road network. If goods need to be delivered to other sites and then hauled on the road network, we all sit in traffic. It's a productive operation to leave as in, in all senses

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above, let the ports run their operations, and reduce network demand on the road network. If goods need to be delivered to other sites and then hauled on the road network, we all sit in traffic. It's a productive operation to leave as in, in all senses.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

There should be a pay-as-you-go rubbish service across all auckland, not just in West Auckland. This is how you could close gaps in the budget.

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

#5309

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	I don't know
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Not Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

Tell us why

This board does not seem to understand the difference between what is nice to have vs what is needed to be had. Cycleways and Events seem extravagant. Cut these down please.

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

The 'Our People' priorities sound very nice and kind, but not really appropriate given the financial situation we are in.

#5309

8. Do you have any other comments?

Please build a park-and-ride at Henderson Railway Station on land adjacent to the station, which is currently owned by AT (the old Waitakere Council buildings). Sunnyvale Station park-and-ride has a reputation for cars being broken into, so make it secure.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No the council is inefficient and full of bureaucrats. It needs to be streamlined and run like a private company. I work with many council units and I cannot believe the ridiculous spending they do with ratepayers money

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Have less employees and ensure the ones you do have are competent

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

I don't believe that council has the competency to arrange transport. Japan and many countries around the world have public transport that is reliable and accessible. We can't even keep a basic train service going.

2a. Is there anything you would spend more on?

Better recruitment and redundancy's, audits and accountability for projects

2b. Is there anything you would spend less on?

Council employees

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We don't have a need for a stadium in Albany. Sell the land.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#5310

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#5310

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5320

Support most of the proposal

Tell us why:

I do not support stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways. This is such a backwards step, brought on by central govt's reduction in funding, I know, but anything that can be done to develop cost-effective safe protected cycleways, and raised crossings where practical, will be a benefit for pedestrians and cyclists, city-wide.

2a. Is there anything you would spend more on?

Cycleways

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#5320

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#5348

Local board priorities

7a. Which local board area does your feedback relate to?

Henderson-Massey

Henderson-Massey Local Board Priorities

7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Fairly Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Fairly Important
Our Community – ensure the maintenance and development of 'fit for purpose' local services and spaces meet the needs of our diverse communities.	Fairly Important
Our Places – support initiatives that improve walking and cycling opportunities.	Fairly Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?

#5348

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Henderson-Massey

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#5372

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

#5372

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value</p>	<p>I don't know</p>

#5372

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know
