Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#11650**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

No

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Better public transport and roads need to be invested in but there needs to be a coherent plan and cost efficiencies. A regional tax is OK but only if the money is well spent and managed. Central GOVT should also be supporting the road network. We need to get containers and trucks off the road too so a higher incentive to use the trains should be built into the regional tax system.

**2a. Is there anything you would spend more on?**

Getting containers and trucks off the road and onto the train network when possible.

**2b. Is there anything you would spend less on?**

**#11650**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

The stadium is important but is poorly managed. Get someone in there who can actually do a good job and start using it properly. Combine public transport networks together to make it a promising prospect for events.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

#11650

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It is impossible for me to say but if Ports of Auckland cant utilize the land effectively then other people should have the benefit. It shouldn't be used for imported car storage. That is ludicrous.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value	Support

#11650

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical

#11650

component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

### Local board priorities

#### 7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

#### 7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on	Very Important

#11650

<p>the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.</p>	
<p>Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.</p>	<p>Fairly Important</p>
<p>Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.</p>	<p>Very Important</p>

**Tell us why**

Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**8. Do you have any other comments?**

I am supporting the Mairangi Bay Surf Lifesaving Club in the communities desire to update the club and park around miarangy bay.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11660**

Less funding for AT to deliver "traffic calming" measures, require contractors to limit road cones to areas when works are underway and require traffic management.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

The proposal focuses on delivering effective transport options.

### **2a. Is there anything you would spend more on?**

Rather than utilising large buses in off peak hours running to timetable with few passengers, develop a fleet of small electric feeder buses, e.g. navettes in France.

### **2b. Is there anything you would spend less on?**

Providing free public transport for superannuitants beyond the hours provided by central government.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

We have enough other stadia in Auckland to meet the needs of large sporting events. Maintaining this facility and running it is very costly.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#11660**

**Tell us why:**

Specialist financial investors and a diversified portfolio provides a smoother income stream. Not another CCO, though, as Council should oversee the funds.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

35 years is a long time and the rationalisation of cargo movement across New Zealand should include Auckland's port. There's a question about the use of prime waterfront land for freight and the impact of transport from the port on our roading network.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

The profits just get lost in the budget and could generate positive returns if invested.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

#11660

Public benefit is a wishy-washy term and very subjective. Not sure that me, living 35 km from the central city, will have much benefit from any investment in the development of "public benefit" space (which will likely impact my rates).

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

As above.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

Addressing environmental issues is really important, especially with the impact of climate change.

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

**#11660**

I agree that improving public transport infrastructure, environmental issues, and reducing waste to landfill are important.

**8. Do you have any other comments?**

It is time for equitable funding for local boards.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11671**

Auckland Council need to review internal spend across departments and provide some evidence that proposed spending in areas like IT and IS projects, spend on personnel, internal spending on initiatives that add no value to the rate paying public.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Spending needs to be limited to those areas that actually have issues. Fix existing roading where needed i.e. actually do some maintenance, move to a user pays model for public transport where a greater proportion of the costs are coming from the users and not from general rates funding, move to a user pays model for things like cycleways etc. The people who use these should be contributing more to the building and upkeep of these.

Basically focus on core service delivery and trim all "nice to haves" during a period where the rate payers are suffering increased costs in a raft of different areas.

### **2a. Is there anything you would spend more on?**

No

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

The Stadium is very under utilized so spending on it needs to be done in terms of ROI. If spending only maintains the stadium in its current condition, and utilization remains low then the ROI for ratepayers is very low. Its pointless wasting money on something that event organizers and sports bodies do not want to use.

**#11671**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Holding shares in an under performing company is financial madness. There is no benefit to ratepayers of retaining ownership for the sake of it, there has to be a financial benefit of doing that, and that isn't the case. Selling those shares and freeing the capital up for projects that actually deliver a return for ratepayers is more sensible.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Auckland Council is a local body, not a ports business and has no expertise in running a port operation. However if this option was to go ahead then there would need to be specific stipulations to guarantee a return to council that is in line with the value of the asset.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#11671

Self Insurance would seem to be a dangerous concept as invariably when organization do that they end up under insured when a major event happens.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It is a folly to believe that Aucklanders would benefit from paying increased transport charges for goods that would have to be landed in NZ at North Port or Tauranga. All that does is increase the cost to rate payers.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#11671

Recycling Charges for Schools. This is a government responsibility to fund, not a ratepayer one, so schools should pay this and seek funding from Central Government to cover the cost.

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important

#11671

Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I have delayed providing my feedback because of my concerns that you have curated your engagement tools and processes to sustain locked in either/or binary thinking. This question is a great example of your CATCH-22 situational propositions, which will sadly limit the suggestions you receive. Contextual nuances are compromised by the "pay more" trap, because many "do more" adjustments (e.g. creating accessible, age-

**#11740**

friendly communities and environments) involve shedding biases to unleash attitude changes that have the power to create sustainable development processes. Our city certainly needs MORE OF empowering flax root community leaders to inspire residents to explore the wisdom of embracing Te Ao Māori relational values that offer sustainable systems-thinking approaches. We need MORE awareness of the significant impact of creating inclusive and accessible user-friendly public transport options; MORE embracing flexible, inclusive and accessible design-thinking that is whānau-centred, accounts for the realities of our increasingly ageing population, and considers the long-term consequences of urban development on our environments; MORE OF the need for evidence-led problem-solving and research centres (like RIMU) to gather, update and create relevant integrated data sets that can use AI to provide options within time-sensitive frames; MORE funding provided from central government coffers to support the country's economic engine; MORE resident interactions that build trust and are informed by transparent & ethical IAP2 (<https://iap2.org.au/resources/spectrum/>) processes; MORE ngākau mōhio | Understanding. Tēnā te ngaru whati, tēnā te ngaru puku. There is a wave that breaks, there is a wave that swells.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

LESS duplication; LESS focus on the actual \$\$\$s instead of considering the VALUE derived from money spent.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Raised pedestrian crossings are important traffic calming design features that will create more user-friendly superblocks such as those that feature in Age-friendly Barcelona (<https://extranet.who.int/agefriendlyworld/network/barcelona/>). Creating cycle ways that encourage more active transport modes have long-term consequences for our population health, in addition to reducing vehicle emissions and improving air quality in our urban environments.

**2a. Is there anything you would spend more on?**

**#11740**

Pedestrian crossings, cycle ways and networks for older people and others driving mobility scooters, which has no visibility in your plans. Making sure that your lifts at railway stations operate so that disable people using wheelchairs are not continually disadvantaged.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

FYI - WHY can't you include a live link to Page 104 of the LTP? WHY have you been so devious, consulting with ALL our city's residents about disposing of a NORTH SHORE ASSET? This certainly does NOT build trust in your engagement processes! Let our North Shore communities decide what they want to do.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This is privatisation by stealth. The Mayor tried to achieve this in the 3 year budget, which failed, and this is his second attempt. The reasons were very well articulated by Bruce Jesson in 1999: <https://maorinews.com/writings/books/jesson.htm>:

"Only Their Purpose is Mad, The Money Men Take Over NZ"

by Bruce Jesson, Dunmore, Palmerston North, 1999

The book opens with a clear definition of the target that Bruce Jesson is about to analyse and refute:

"Since 1984, New Zealand politics has been dominated by the idea that the marketplace is rational. Left to itself, with no interference from the state, the market will

# #11740

allocate resources in the most efficient manner and will produce the outcome that is most beneficial for everyone. Accordingly, whatever the market touches should be dominated by it. If the market doesn't exist in some area, it should."

The late Bruce Jesson was an accomplished intellectual of the Left, and one of the few who stood up during the 1980s and 1990s and took on the ideologues of what he called the New Right, who espouse the ideology of the market. This book is his last, completed just before he died of cancer last year. It is a fitting last word, in which he analyses and refutes the madness that took over New Zealand in 1984; forces which prevail still.

Bruce writes not just from an intellectual standpoint, but as a former chairman of the Auckland Regional Services Trust. Under his three-year leadership the Trust was turned from a debt ridden embarrassment to a cash rich, highly profitable group of businesses. He showed that a public body can perform as well as, or better than, the private sector. He clearly demonstrated the lie that has been foisted upon Aotearoa New Zealand these last 16 years, the lie that only the market works.

The book looks at the New Zealand model of the market economy, then at how it became. I have long wondered why New Zealand was not really a country of communities (apart from Maori communities) with a strong sense of community, but seemed more a country of individuals interacting with central government. Jesson describes this as a basic flaw, the fact that although we have community organisations, we have nothing like the civil society of Europe; nothing of substance between the individual and the state.

"New Zealand was a hollow society, a society without texture, a society without centres of resistance, as 1984 and its aftermath have demonstrated. ... New Zealand had such a shallow culture that most New Zealanders knew little about their country's history. Amnesia is not a recent development, but is part of the colonial condition."

We Maori intuitively understand that, although with little effect in ameliorating the continual assault of that hollow society upon our own richly endowed and historical heritage.

The dominance of finance then comes under scrutiny, and the idea that money has moved from its role to facilitate the movement of goods and services to become a commodity in which people speculate. Jesson looks at the effects of that speculation on the economy, at the politics of the sharemarket upheavals, and at the culture of finance.

The culture of finance colonised the public sector in New Zealand, it disempowered the political process, which is an essential democratic process, and it reduced everything to dollars and cents. People were moved out of the equation.

**#11740**

I enjoyed the chapter on privatisation for a very personal reason. I have long thought that Dr Rodney Deane, one of the main architects of the takeover of New Zealand, was highly over-rated. I maintain that Blind Freddy could have turned around Electricorp and Telecom without privatising them, but Deane built a reputation as a guru, on the strength of what Blind Freddy could have done from a one-wheeled wheelchair.

Jesson takes a close look at Deane's reasoning, and concludes that his "argument actually has little serious intellectual content", and "this is a sort of fly-by-night argument". Sweet words.

Much of the reasoning of the New Right centres around the bald assertion that there is no alternative (TINA). At the Auckland Regional Services Trust Jesson showed that there was an alternative to privatisation, only to find another strategy of the New Right - if an alternative exists, abolish it. And that's what they did with the successful Auckland Regional Services Trust.

The penultimate chapter of the book discusses globalisation, and looks at the many ways globalisation has not produced the promised returns, and has failed the New Zealand people. There are alternatives, and Jesson lists a number of them, and a number of people with good ideas about alternative futures. They mostly agree that the economy has been run for the benefit of speculative finance, at the expense of the productive economy, and that that must cease.

In looking for a way forward Jesson again lamented the thinness of New Zealand society:

"With the shelter of the state removed, New Zealand society proved unable to resist the finance culture. It swept straight through, meeting little in the way of resistance. ... The fatal flaw was not in the individuals who make up the society, but in the lack of texture of that society itself. There were not sufficient institutions or networks that were independent of either the finance culture or the state. The unions, for instance, succumbed without resistance, which isn't surprising considering their dependence on the state."

The institutions that might have provided an alternative to the finance culture have either been destroyed, transformed, or colonised, leaving little of substance upon which to build an alternative culture.

Bruce Jesson prophesied that even if a Labour/Alliance coalition did win the elections it wouldn't have the constituency, and it wouldn't have the nerve, to take on the dominant culture of finance, and make real changes. He might just have been right.

**#11740**

His legacy is a challenge to all of us whose minds are not held in the iron grip of the finance culture, to build that alternative culture. To build a new nation where people matter.

#### **4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#### **Tell us here:**

Ports of Auckland Privatisation Report Executive Summary states:

Privatising the operations of Ports of Auckland would result in increased costs of at least \$70m a year to New Zealand businesses to meet the investor's return on equity.

Privatised port operations in Australia saw surcharges of over \$100AUD a container imposed on users, who have no other options.

The failed automation experiment shows there is no fat to be cut at the Port, a private operator's extra profit would come from the Port's business customers, who could expect similar increases in container charges as seen in Australia.

In late 2022, rumours began to be reported that offshore firms DP World (ultimately owned by Dubai's ruling royal family) and Caisse de dépôt et placement du Québec (the Quebec public pension fund) were interested in acquiring an operator lease over Ports of Auckland.<sup>1</sup>

At the time, Auckland Mayor Wayne Brown categorically ruled out such a move stating: "There are no circumstances in which the Auckland Council Governing Body would ever agree to sell the port land or enter into a lease agreement that would lock it into used-car and container port operations for decades – and it is well known I am utterly opposed as Mayor."<sup>2</sup>

<sup>1</sup> <https://www.nzherald.co.nz/nz/dubai-company-eyeing-takeover-and-lease-of-ports-of-auckland-business/N12A3EYVKLVGLUZCAGJ22FLSKY/>

<sup>2</sup> <https://ourauckland.aucklandcouncil.govt.nz/news/2022/10/mayor-says-no-to-long-term-port-operator-lease/>

**#11740**

However, Mayor Brown quickly reversed his stance. In March 2023, it was revealed that the mayor's office was funding a three-part review of options for the future of Ports of Auckland, including commissioning Australian firm Flagstaff Consulting to "seek expressions of interest from investors or port operators" for involvement in running the Port, including a possible sale or lease of the operating rights.<sup>3</sup>

This report estimates the costs of privatising port operations by conservatively calculating the return that the private operator would need to generate in addition to the minimum rent that Auckland Council would require to make the deal economic compared to alternatives such as borrowing. Privatising Ports of Auckland's operations would increase costs to the businesses that use

the Port by at least \$70m a year, and possibly much more. Put simply, if the Council tries to avoid low-interest debt by selling part of the Port's profit stream to a private operator, the Port will need to generate higher profits to meet that investor's return on capital.

Privatisation advocates have pointed to Ports of Auckland's low profitability in recent years as a reason for reform. This analysis fails on two grounds.

It is a mistake to view Ports of Auckland solely through the lens of its financial performance.

Firstly, Ports of Auckland has been a reasonably profitable and, more importantly, a highly efficient port in the past. The reason profitability fell in recent years was the failed attempt at reform through automation; an attempt to increase profits and decrease labour costs, which ended up consuming hundreds of millions of dollars of capital investment, crippled the Port's throughput, and slashed dividends to the Council. This project has since been abandoned and the port efficiency is increasing. The failure of one experiment is not justification for another.

Secondly, it is a mistake to view Ports of Auckland solely through the lens of its financial performance. Ports of Auckland is a strategic infrastructure that operates as an effective monopoly. As such, its principal economic role is not to maximise profit but to enable New Zealand businesses to trade, making profit by importing and exporting goods, and moving goods around the country. The Port should cover its costs however, delivering a commercial rate of return for a multinational private port operator that can only come at the expense of increased costs for New Zealand businesses and the broader economy.

<sup>3</sup> <https://www.stuff.co.nz/national/politics/local-government/131601064/wayne-brown-launches-new-review-of-aucklands-port-future>

Privatisation of Ports of Auckland's operations would mean more profits for the port operator, who would generate higher income by imposing greater costs on Auckland

**#11740**

businesses to use the Port, while cutting labour costs, and underinvesting in infrastructure.

International experience of port operations privatisation and New Zealand's own experience with privatisation of other strategic infrastructure provide salutary lessons. Privatising the Port's operations would lead to higher costs for port customers through the exercise of market power, reduced accountability, under-investment in infrastructure, and the risk of a private investor using its political power as controller of a strategic asset to renegotiate more favourable terms for itself - and worse for Aucklanders.

A private port operator would have a strong financial interest in opposing capacity expansion at other ports, such as Northport, and could use its political power to try to stymie such investment.

Privatisation is a seductive option for a Council looking for quick cash, but it is Auckland that will pay in the long run. As the recent Australian experience has demonstrated, moving from a low-profit port model, which covers the public owner's cost of capital while enabling trade, to a private equity model focused on maximising profit for an offshore investor inevitably drives up costs for businesses and causes regional, and national, economic harm.

New Zealand has experimented with privatisation in the past. Despite promises that competition and regulation would ensure that owners of privatised monopolies don't abuse their market power, they do, time and again. The only effective tool for ensuring that core public infrastructure is managed in the public interest is public ownership.

This is a well-worn path, strewn with the costly, failed privatisations of the past; we do not need to walk it to know where it leads.

Note: at the time of publishing the mayor's office released uncoded plans for waterfront development that included repurposing non-container port land and/or reducing wharf space. While this is not taken into account in the following figures it should be noted that non-container cargo (multi-cargo) makes up more than 20% of the Port's revenue. Removing these operations would devalue the return on the sale of port operations and/or require a potential private operator to increase freight container cost by more than the modelled amount to offset the loss of this income stream.

PLUS - all of the above echo what Bruce Jesson pointed out in 1999.

To quote the lyrics of the 1960's folk song: "When will they ever learn?"

**#11740**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

The financial parameters here are too vague to offer an informed decision.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I wish to call out your constant reference to the Future Fund in this document, to socialise the concept and make it more appealing.

Why do you not include guidance from Ngāti Whātua kaitiaki that articulates the values that should be informing decisions about the future of the port land?

-----

Ports of Auckland has historically been a relatively efficient port, rated the best in Oceania until the disaster of the automation programme, and returning a dividend to Auckland Council that covers its cost of finance.

Privatisation of Ports of Auckland's operations would lead to higher costs for the businesses that move cargo through the Port. Any private operator is going to require a higher rate of return from their investment than the Council does currently. Those returns cannot be gained by squeezing costs down, as the recent automation failure has shown. They would have to come from increasing charges. This has been seen across Australia, where privatisation of port operations has seen charges increase by \$100 per container. Effectively, to reduce the Council's debt, Auckland businesses would instead be forced to

pay more on port charges.

It is estimated that a private port operator would need to increase charges by at least \$70m a year to make its return on investment - increasing charges on port users by 25%. This estimate is conservative. Once a multinational private port operator is in place, it would have significant market power and power over political decision-makers due to its control of a natural monopoly that is vital transport infrastructure for Auckland's economy, and the lack of accountability that comes with public ownership. As we have seen in New Zealand time and again, it would likely use that power and unaccountability to increase its profits

#11740

further, with New Zealand businesses bearing the cost.

Privatising Ports of Auckland is a 'solution' in search of a problem. The Council would be better advised to return the Port to concentrating on what it used to do so well, and is starting to do again, now that the automation project has been abandoned: providing reliable, efficient cargo services for the Auckland economy at a reasonable price.

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#11740

This is very technical and I suspect your response rates will reflect that. I recognise that you are planning central have selected so many don't Know options.

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity	Very Important

#11740

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

The identified priorities are all very important, but it saddens me that in a local board that has the second to largest number of residents aged 65+ in Tāmaki Makaurau Auckland, there is absolutely no reference to the need to create inclusive and accessible age-friendly spaces & activities.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

My feedback for the 2024/25 plan applies here too so to repeat:

It saddens me that ageism is alive & well in this plan, because our local board has the second to largest number of residents aged 65+ in Tāmaki Makaurau Auckland, and yet there is absolutely no reference to the need to prioritise creating inclusive and accessible age-friendly spaces & activities :-)

I live in Mairangi Bay and note that the long term priorities are very much focused on other geographic regions - for example:

The plan notes the following priorities are informed by our local board plan, which sets our three-year direction for the local board. The funding available for these priorities is dependent on the Governing Body decisions on the 10-year budget:

- advocate to the Governing Body to ensure continued funding and support for the coastal projects along Ōrewa Beach ...

What about adding renovating our Mairangi Bay Surf Club, which, after all, trains all the surf lifesavers for the entire North Shore up to Whangaparaoa?

**#11740**

AND consulting with our local North Shore communities and local boards to optimise a community led solution for the North Harbour Stadium - which is an asset that should be retained for North Shore residents.

#### **8. Do you have any other comments?**

I wish to reiterate that I think this process of securing feedback is flawed in many ways. 10 years ago I attended a workshop at the AUT Millenium to provide feedback on what Seniors might need and want in the long term plan. Despite the city's current Age-friendly status, I have not been aware of any such efforts to secure feedback. I also attended some Auckland Conversation engagements about the LTP and asked questions that were not answered at the time; was told the question would be followed up. Sadly not. I'm still waiting. To conclude - the Council needs to spend MORE of transparent deliberative engagements that follow the IAP2 guidelines. Happy Easter to you!

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#11803

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

Other

#11803

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

Waterloo reserve in Milldale needs extra council funding to complete the facilities so that this space provides what the community needs and was promised.

**#11803**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

Milldale needs more community assets for teens and young adults such as pump tracks, basketball courts, playing fields etc. A dog park would also be a great addition.

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Silverdale (Rodney End)

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More ferries to and from Gulf Harbour, a park and ride at Whangaparaoa end of Penlink. Whangaparaoa.

**#11816**

Reduce the number of cones, trucks and personnel on our roads and ensure the contractor has the machinery rolling and the workers working, not texting or sleeping in their vehicles.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

CLess printing on council stationary and signage of non english language.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Traffic hold ups are too common and workers don't appear to be working,= lost productivity,very slow finish times.

**2a. Is there anything you would spend more on?**

Gulf Harbour Ferries and a park and ride at Stanmore Bay.

**2b. Is there anything you would spend less on?**

Traffic management,it's a rort.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is,Change the operational management

**Tell us why:**

The stadium is the only one on the shore by removing it traffic flows will increase.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#11816**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The dividend revenue from the airport will only ever increase, sale of this asset would be a retrograde step.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leasing of the port to any other than an NZ operator like, Mainfreight, would compromise the workings of the port, like customs, however it might increase the no of countainers loaded and unloaded.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council needs more income, while a future fund is a nice idea,if the council can't pay for things even less will happen.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#11816

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Ever more trucks on a congested city ,more maintenance on truck damaged roads, and more people sitting inlong lines is not what we are trying to achieve.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Ships need to turned around quickly, we don't need more trucks on the road, and without much more money for the railways, their inefficiency will only hinder not help.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#11820**

· Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

· We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.

· Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

#11820

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

Very Important

#11820

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

“Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.”

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

“It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.”

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	As proposed
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I don't mind paying more for Parks & Community or Economic & Cultural Devpt

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11856**

I do NOT want to pay less. However, I do think the Council could do more to encourage ratepayers to pay online, instead of sending out so much paper info.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

I am very supportive of any initiatives which make it easier and safer for people to use cycles for transport.

### **2a. Is there anything you would spend more on?**

We need more considered and proactive encouragement of people to adopt all the current recycling initiatives. Friends and family in the UK and Australia have taken for granted recycling of food scraps for 10 years. Why are we so far behind?

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

Important to keep this boutique stadium with improved management, so that we keep a stadium north of the Harbour Bridge. The geographic site has an existing use status which is suited to sports events, concerts, markets, festivals etc. And there is good parking available.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#11856**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I still think it is worth looking at other options for the Port to operate from

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#11856

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Support

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

We need to improve the level of commitment to recycling, helping people to understand how and why it is so important. Going beyond the basic recycling of paper, cardboard, glass and plastics, to making it easier to safely dispose of batteries. I am horrified that so many people put them out with the ordinary rubbish collection. It is not good enough to tell us what we cannot put in our rubbish. It needs to be easier to dispose of such things. We have a huge number of retirement villages in our board area. Important that they should all be on board with recycling.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Libraries, Art Galley, Museum

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11899**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Review why the previous trust was successful and maybe return to local ownership

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

As long as AIAL sale proceed is used to purchase other shares/assets and not used the proceed to reduced rates

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#11899

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#11899

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I just want the council to be more effectient and spend the current rates revenue responsibly!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11920**

I dont need to food bin. I recycle waste on my own. Food bin summer I jest get maggots...

## **2. What do you think of the transport proposal?**

I don't know

### **Tell us why:**

Fromt the brief description. I dont really know whats being proposed and where the \$13.4b will come from? Cant comment

### **2a. Is there anything you would spend more on?**

Since the city is approving more dense housing within historiccally buildt up areas through subdivision(I dont support the extent of these consents). However with such densification we will need an increase in all thr associated services. 3 waters... trasport...parks, schools etc. If you want the bus system to work you need to figure out faster ways to get from within the built up communities to the larger hubs. More regular busses maybe smaller one etc. Parking at central nodes cant come at a fee.... People dont take PT because its too hard and takes too long.

### **2b. Is there anything you would spend less on?**

Cultural artwork and nice to haves... We just need the basics done well. Maslows heirachy of needs Roof, water ..., you get it..

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

You description is too brief and misleading. DOnt demolish. Utilise the current stadium and fields in an effecint way. This may require new management or private management etc. But dont demolish a fantastic assest that could generate a great revenue stream if managed correctly. So \$33m is not an issue if managed correctly. If

**#11920**

we did not have a stadium I bet there would be a good business case to build one right.... Bring concerts bring games etc etc

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Either way so long as its profitable and not leased to companies outside of NZ or indirectly owned international companies. Keep the money in NZ and in Auckland. Leasing mitigates risks and creates certainty in the income stream..

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#11920

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Auckland is so spread out so major projects often benefit a small part of the total population. It is frustrating to pay rates that go towards projects you will never reap the benefits from.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#11923**

Auckland Council has a huge asset portfolio. Surely there is an opportunity here to sell many of these buildings, especially older, single-use facilities, and focus on multi-use, newer locations across the region.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not support investment in a rapid transport network as that figure will be astronomical and too much strain on the ratepayer to fund. It would also take years for Aucklanders to reap the benefits from.

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Yes. Auckland is not a cycling city so stop cycle-lane development. Waste of money to indulge a small portion of the population in this way. Also, AT need to always choose the cheapest option when building pedestrian crossings for example - stop choosing the most expensive option.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Encourage more multi-use facilities and engaging the community is always the right path forward. Also seems like a good economic choice for council.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#11923**

I don't know

**Tell us why:**

I feel it might be prudent to keep at least some of the AIAL shares. Would potentially support this idea if only half the current shares were transferred into this new fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Most ratepayers will struggle with the suggested rates increases. This is the option that eases that financial burden on Aucklanders. It is less about the operational side of the Ports and more about the cost of living crisis for Aucklanders. This city is simply too expensive to live in and large increases will drive more people to leave.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#11923

**Tell us why:**

If there is not a solid plan as to what will go onto these wharves for the public to benefit from then do not proceed. Once you have a concrete idea, then put this out for public consultation. Any development will cost money that we all simply do not have

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. <p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Support</p>

#11923

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I think the entire Auckland area should be on pay as you go refuse collection. It feels like this is a cheaper option, less work involved for council staff to deal with rubbish enquiries, and therefore no need to include it in the rates. - Acknowledge that I do not know enough about rubbish collection costs to have a 100% informed opinion but I live where it is a pay as you go system and it is so simple.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#11923

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

**#11923**

We have a lot of natural open space and protecting this is a good priority. Engagement with the community is good but there is a tendency to overblow focus groups, workshops and committees in this space - so a more reserved and mindful of ratepayers money approach would be appreciated here.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#11950**

Support all of the proposal

**Tell us why:**

I live in Whangaparoa and take public transport to the CBD for work. The options for PT should be more efficient (connecting transport to Silverdale is shocking) and the ferry has got worse. Some of the cycle lanes are more of a health and safety issue and not sure why they were developed (e.g. Lower Hobson coming into Quay St, Quay St outside of Queens Wharf).

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

The stadium has a lot of potential, we saw this for the FIFA Women's World Cup Play Off Tournament in February 2023 - it looked stunning. Perhaps a team dedicated to securing events (sporting/smaller scale concerts) should be considered as it's also so close to the Albany station! There is so much potential for the venue.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#11950**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

With Eke Panuku's proposal to redevelop a lot of the public spaces there is becoming less and less public space for free Major Events to utilise. This waterfront area would be a great location for things like Moana Auckland, Lantern Festival or Diwali, it

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#11950

Same reason as above for Captain Cook/Marsden Wharves.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Coastal walkway linked and maintained ... Especially if it forms part of the Te Araroa Trail.

Intersection upgrades for safety like Glenvar/East Coast Road.

**#11953**

Add P240 boat parking (jetty) in the Viaduct and at Waiheke to encourage more use of these areas for local businesses.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

DO NOT LEASE THE PORT AND DO NOT SELL DOWNTOWN CARPARK. These assets will be lost for ever. There is no mandate to sell the Downtown carpark. This is the last bastion of keeping downtown alive. How about letting the developer pull it down (earthquake risk) and put in a minimum two-thirds of the existing parking of which 50% must be guaranteed for public 24/7. In exchange, the developer can build an office/apartment tower above it. Everyone wins and physically neutral. Any business that leases the Port could put up port fees and cripple the economy with such profits going offshore instead of into Council funds. This should remain in Council control and work with the Port to maximise returns. Any perceived increase on return from leasing could be kept or increased by Council control so it is a complete false economy to lease it out.

Stop putting in speed mitigation bumps on arterial roads such as Oteha Valley Road (pull it out urgently). This distracts the drivers, slows the overall flow and could easily lead to more pedestrian accidents as drivers are distracted by the bump timing instead of looking at the lights and any pedestrians. They are therefore dangerous. Put in a red light camera (with sign) if the purpose was to stop traffic running the lights. Put in speed cameras with signs if there is speeding leading to this stupid idea of speed bumps. Do less cultural activities. If any group of the community feels they want a cultural activity, they should pay for it themselves.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Time of Use is money grabbing. If people want less congestion, travel at a better time. However, the Council should work with NZTA to free up bottlenecks in traffic. Get cars off the streetside that are causing congestion, especially at certain times however to facilitate this town planning should return to minimum onsite parking onsite to get the cars off the street. These developments with minimal onsite parking are destroying communities.

**#11953**

**2a. Is there anything you would spend more on?**

Speeding up car flows in choke points

**2b. Is there anything you would spend less on?**

Speed bumps (substitute with signed cameras if speed is a safety issue)

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Do not pull down the stadium but do maintain it. Develop wider uses that will allow a higher use of this asset.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The future fund means leasing the port and losing control of the Airport.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**#11953**

The proposal to lease the Port is a very short term view. You can only sell the silver once. A new lessee may put up the fees and Auckland Council will not receive the benefit.

Ask yourself this ... How would a new lessee pay a greater return on the asset to the Council without looking to recover more than that difference from the port users. If that is OK, then the Council should do that and keep 100% of those gains. This proposal to long term lease is economic suicide and without any forethought. Again, short term gain for long term pain when this stupid Council has been moved on. There is no vision in this proposal just a short term pot of cash. The same applies to selling the Downtown carpark where redevelopment with a new carpark could be funded by selling air rights above. This is basic stuff people!!!!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

This is a yearly return so spend it each year. Future Fund is a joke when the Council is carrying debt. That is like putting money in the bank while you have a mortgage. Who thought of this stupid idea?

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self insurance is very dangerous. Council cannot afford uncapped levels of liability. Do not divest Auckland Port in any way.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

#11953

OK to better use Captain Cook and Marsden Wharfs .... Separate ferries from cruise ships. Redesign the Port area to a more functioning shape. Create a strong and efficient Port link to get freight away from the Port to a series on Inland Porta e.g. Nort

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

Consider future use for separating ferries from Cruise ships .... Make this the most welcoming port in the World for cruise ships.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	I don't know

#11953

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Developers should be paying for the infrastructure. This does not put up the price of a finished section (that is supply and demand). What it will do is drive down the value of the vacant block land - so what? That is where the revenue can come from.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#11953

## Hibiscus and Bays Local Board Priorities

### 7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

**#11953**

Paths and walks in our community areas boosts the vibrancy and attractiveness of the location. Fully enhance the Te Araroa Trail where it passes through the Ward. Promote bike tracks (not necessarily cycle tracks) like the Point Wells to Matakana route (off road). Spend less money on festivals and cultural activities ... They can pay for themselves if they wish otherwise there is no demand.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Not a lot of detail to comment on.

**8. Do you have any other comments?**

Water and sewerage should be fully funded via water rates .... Pay as you go and for usage. STOP Auckland Transport putting in speed bumps ... Use traffic cameras if there is a speed safety issue and sign post them for better behavior and safer communities. e.g. a speed camera in a local shopping precinct where it is 30 kpm does the trick. Speed cameras are self funding and do not hinder the community.

# Long-term Plan 2024-2034

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

Other

#11969

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

Waterloo Reserve in Milldale needs extra council funding to complete the facilities so that this space provides what the community was promised

**#11969**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

Milldale needs more community assets for teens and young adults, such as pump tracks, basketball courts, playing fields, etc. A dog park would also be a great addition...

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Silverdale (Rodney End)

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#11987**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

The area around the stadium is being rapidly developed with increased housing and commercial properties, so it may be a good idea to also redevelop the stadium precinct to ensure that it's being best utilised and that any increased usage of the stadium doesn't negatively impact the surrounding area.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#11987

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective	Very Important

#12057

options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#12070**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#12070

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	Support

Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade	Fairly Important

#12132

Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	Very Important

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

Very good in this developing growing region. Sport and recreation and opportunities for young people is critical.

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Not from the Rodney area

**Upper Harbour Local Board Priorities**

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Fairly Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Very Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Very Important
Continue to invest in projects that improve the environment and address climate	Very Important

#12132

change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	
Implement actions from the Upper Harbour Engagement Strategy.	Very Important
Implement actions from the Upper Harbour Greenways Plan.	Very Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Very Important

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

Very good but a battle for resources to meet the increasing demands, diversity and growth

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

**Which of the following options do you support?**

Investigate options to sell land and introduce a targeted rate

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

community partnerships and private partnership investigated

**#12132**

8. Do you have any other comments?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

transport and water parks and community

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12152**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

fuel tax

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#12152

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

invest

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#12152

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

**#12152**

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Having targeted rates linked to CPI would ensure that we are able to deliver the work in out years as opposed to reduce delivery as costs increase.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12194**

No

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

The \$50 weekly transport cap excludes the Gulf Harbour ferry. A more reliable service will lead to increase patronage which leads to increased fare revenue. As opposed to running this service into the ground it should aim to be restored to how it once was. If we are required to be paying a premium fare we should also receive a premium service.

### 2a. Is there anything you would spend more on?

Investing in ferry infrastructure for outer islands. Electric ferries can be designed for the required routes.

### 2b. Is there anything you would spend less on?

No

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

The north harbour stadium is perfectly located close to public transport and should be upgraded to support multiple different events. Rugby union and league, soccer, cricket, concerts etc. There is also to develop the surrounding land into a hub for sports. An indoor stadium could be developed within the precinct to help increase minor NZ sports such as basketball, netball, inline hockey, gymnastics etc. This could be smaller more dedicated area similar to the complex at Bruce Pulman Park in south Auckland.

**#12194**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

There is not enough detail on the fund. Will it be set up to for fund growth or will any growth in the fund be removed and spent elsewhere so the fund is essentially eaten away at over time?

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Leasing operations may lead to a monopoly over import/export costs and overall make things more expensive for the whole of Auckland?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

If it is invested it could generate greater return in outyears as opposed to being used to pay for services each year.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#12194

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This is an area of Auckland that is locked up. It would be good for Aucklanders to be able to access it and could become a hub of activity, similar to silo park. It would also enable more events to be held in the CBD.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. #12194

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Targeted rates are a fantastic way to generate revenue to be spent on upgrades at the local community level as long as the funds are used for their intended purpose and not spent elsewhere.

#12194

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important

**#12194**

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Like to see a more efficient and lean council to keep staffing costs to the minimum.  
Would like to see council work with central govt and commence the building of a tunnel or bridge that includes railway to the Northshore

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12259**

We cannot pay for inefficiency.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Trains to the Northshore must be part of the long term planning

**2a. Is there anything you would spend more on?**

2nd crossing

**2b. Is there anything you would spend less on?**

Urban costs - charge users driving into town daily higher 'taxes' so that people use more public transport and reduce demand on taking there own cars....

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

The stadium is a must for the shore - we just need to use it better - entertainment and sports - host big games so demand for use goes up....

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#12259**

I do not agree with the sale of assets that are of value and will provide good returns - particularly with the redevelopment of the Auckland airport why would you sell the shares?

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

hold lease get money and privatise use of land - the port should actually be moved from Auckland

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Port should move away from Auckland

#12259

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not to pay more for, but to sharpen the focus, viz :

- Review and cut Council overheads
- Council appointed AT Board members to focus and hold AT management to account

**#12287**

Overall, I concur with 'central proposal' rates levels, but consider the priorities and spend areas should be redirected in some instances (per comments below).

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop selling Assets.. Selling assets just extends out when debt and right size of Council overhead will be addressed. The last decade has seen Council rely on 'sugar' rush of asset sales and debt, yet underinvesting, to now leave minimal financial headroom.

Put off any consideration of IT projects, as that sidetracks operational focus, and government agencies have a history of many 'failed' IT projects.

In the Document there should have been some 'rear view' analysis of opex and capex spend and debt growth comparative to current and proposed spend, also including FTE headcount data and cost separately of FTE's and contractors / consultants by Dept, with some short explanatory comments. As a ratepayer I have no visibility to gain perspective whether Council has become bloated or not.

The Council should not be taking on re-imburement of property owners regarding 'managed retreat from coastlines', nor should there be any liability for future new developments to existing properties or new property developments in regard to erosion.

Where Council has been involved in post-storm clean-up, any erosion, flooding, or ground movement should be added to PIM / LIM.

[Beyond trying to avoid Council being caught in defendant of last resort, I am trying to avoid situation that occurred with weathertight issue homes where some owners pocketed payouts, and didn't disclose to potential buyers)

More stringent stormwater and water flow considerations and documents need to be retained in future (ie attached with PIM / LIM). There should be guidelines that ensure soil type and movement propensity, vegetation cover, gradient, and water flow, are all evaluated and documents retained at time of consent, so if site approved future potential owners can understand whether any owner generated changes have occurred.

Developments should have stormwater exposure and water flow impact reports covering that site and surrounding / downstream sites included for consent purposes (if they already aren't).

**2. What do you think of the transport proposal?**

**#12287**

Support most of the proposal

**Tell us why:**

Should be no more raised pedestrian crossings, nor traffic calming constructions, installed. They are a wrong focus to achieve 'keep Auckland moving' and climate emissions.

Focus should be on increasing capacity of, and location of, park and rides.

Auckland from a geographic shape, peoples' lifestyles, and historical industrial precincts location drives certain transport priorities, resulting in certain constraints and desires for transport planning, viz:

1. It means Auckland transport network needs to be primarily on a spoke system
2. People don't and can't afford to shift house each time they change jobs, and because many industrial precincts are in inner south suburbs and with requirement to work non-standard hours, there are a lot of people that criss-cross Auckland for their commute, by private vehicle eg from North Shore / Rodney to South Auckland (eg Penrose, Highbrook, East Tamaki). For these people it is both time and logistically impractical to use several modes of public transport
3. People have after work personal and home-life needs, eg childcare and after school pick-ups, corporate and community sport, shopping essentials and appointments.
4. Some people (eg tradies, cleaners, people working 2 jobs through economic necessity) will need to travel between jobs across suburbs or into CBD.

[The populations requirements in above 2nd to 4th bullets are not going to change, so transport initiatives need to work around that.]

Therefore in regard to vehicle transport, Auckland Transport should be prioritising :

- Ensuring the main busway and train routes into CBD / Newmarket should be running frequently
- Encourage more CBD / Newmarket workers to use busways and trains, as opposed to private or company provided vehicles. Use a 'stick' approach to stop businesses providing paid reserved parking with car park owners. Would also probably need Central Government tax impositions to increase cost if businesses breached, and also to ban any compensatory parking allowance loophole.
- That park and rides capacity is sufficient for demand (most need expansion)

**#12287**

- Save some cost by rationalising middle of the day feeder bus services from suburbs to park and rides (most people find own vehicle for such trip is preferable if park and ride capacity wasn't fully utilised)
- Save cost by not running full sized buses on outer suburb routes, instead use smaller ones to get from suburb to park and ride and use full sized buses on busways / express routes.

I am concerned about the proposed 'time of use' / congestion charging adversely affecting tradies, cleaners, and those criss-crossing Auckland to get from home to work.

The Council appointed AT Board members don't seem to have been effective in managing Shane Ellison (previous CEO), and instilling Council priorities, otherwise how come there has been so much mayoral 'bleating' about cones, raised crossings, humps etc and no discernable change in what is happening on the round.

## **2a. Is there anything you would spend more on?**

Park and rides.

A function within Council charged with co-ordination of Auckland Transport, Planning, and Auckland wide development as to where and when suburbs and transport links are being consented / approved.

## **2b. Is there anything you would spend less on?**

Cease installing any more raised crossings and humps installations.

(They cost \$'s and are a wrong focus when have more pressing priorities. Also they are problematic as they increase emissions, damage vehicles)

Traffic management, ie number of cones and traffic management trucks.

Many times 1 truck would be sufficient, and not 3 as I've seen many times.

Many times I've seen installing their traffic management then sitting around for hours while works labour is performed.

I think this is a contract management issue, in that works and traffic management companies seem to have written their own rules extremely conservatively to their own profitable benefit and ratepayers detriment.

**#12287**

### **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

#### **Tell us why:**

North Shore needs a stadium for the future, and community sport need the facilities.

It could be needed for Auckland FC.

Obviously the past deconstruction decision to accommodate baseball was a wrong one.

The current management has not run the stadium as well as prior management.

Physically it needs to be retained / maintained as is, with it further looked at in 3 years time.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#### **Tell us why:**

We have sold enough assets already.

Council needs to have some control input to AIAL in future.

I do think that AIAL should be paying rates, and that negotiation with Central Government should be pursued.

### **4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#12287**

**Tell us here:**

By entering a lease of Port operations it will restrict the available options in future, and anyway I don't think central government will permit it as location of Port is a central government purview in their eyes.

The Port seems to be better managed under the current CEO.

The recourse to disposing of assets (ie AIAL, Port, North Harbour Stadium, and the \$300m sale of other assets) should not be.

The Council needs to right size itself, both cost and capex, so needs to review its structure and develop considered priorities for capital works.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Dividends should be used to build a fund for future capital works.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Leave as is for now. Doing something with those is a distraction and continues the over focus on CBD of \$'s and initiatives, to the detriment of existing and new suburban areas and their transport links for main routes to CBD.

Development of waterfronts

#12287

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

As above.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>I don't know</p>

#12287

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I agree that :

- Government properties for offices (ie excluding schools, hospitals) should be paying rates.

- AIAL should pay rates

Agree that this funding source should be pursued with central Government.

My view is that part of reason that Auckland has an infrastructure deficit is due to both lack of past investment (Council focussed on wrong priorities and costs associated with headcount expansion), but aggravated by central Government 'open the floodgates' immigration policy under Key government and in 2023 by Labour.

Therefore there is a good case to ask central Government for a one-time compensatory contribution, tagged to capital works.

#12287

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	I don't know
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	I don't know
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important

#12287

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Park and rides and their capacity is critical for residents across this whole local board area.

Would like to see plantings for new areas to consider what their future maintenance needs are. I don't think that palm trees are an appropriate choice.

Write into parks maintenance contracts a responsibility on contractors to identify and suggest whether actions required regarding gorse and pine tree encroachment in their designated service area. Also notify Council if they see any dangerous branch falls or suspended branches mid air (particularly on old stands of pine trees left in place that developments have occurred around).

**8. Do you have any other comments?**

Either CCO's need to be more accountable to Council (especially AT), or is it an issue of council appointed Board members being more focused or interactive with Council priorities and wishes.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Streamline your staff, and reduce wages where appropriate.

**#12346**

Stop creating (underutilised) cycle ways.

Stop building unnecessary giant raised crossings.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Public transport is a farce. AT have messed around with the bus routes/hubs making it an unappealing option at best. Parking at hubs is ridiculously minimal, in our area it is full by 7.30am every morning.

Bus drivers appear to be under trained, often drive dangerously and not in complete control of an extremely large transport vehicle.

Would I catch a bus? No, not pleasant, not convenient and very often not going where I need. And takes more than double the time.

I agree with stopping cycleways and raised crossing.

### **2a. Is there anything you would spend more on?**

Roads. Fix badly maintained roads overnight.

Or get the contractors who damaged the road in the first place to fix it. (Thinking of Centreway Road, Orewa outside The Grove")

### **2b. Is there anything you would spend less on?**

As above

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

### **Tell us why:**

**#12346**

There is no other large stadium on the North Shore. If sold, we will never have another one.

In comparison to Auckland area, the North Shore already has less spending (CRL, Eastern bus link, trains etc)

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#12346

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

#12346

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Why is Auckland Council in the events space? Shouldn't that be contracted out?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Maintenance of gardens. Get volunteers in like is down with planting in parks.

**#12356**

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Too much money spent on cycle lanes where there is a very small amount of cyclists using these. In the Hibiscus and Bays there are hardly any cyclists and if there are they use the footpaths and trails. Also raised pedestrian crossings - far too much spent on these and placed in non safe locations.

### **2a. Is there anything you would spend more on?**

A railway system that actually works. How about a subway system?

### **2b. Is there anything you would spend less on?**

Auckland Transport, middle and upper management.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

### **Tell us why:**

Once the stadium is gone, there will be no replacement on the Shore. Revitalise and market this gem and make it into a great event space. Poor management of this stadium due to another CCO stuffing it up.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#12356**

**Tell us why:**

Why? Is this so Mayor Brown can sell the shares without having to go through the GB after the last fiasco? Sit on the golden nest shares, stop paying off debt with the little Auckland has.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Another idea that will go belly up. Why would we lease out this operation? And there is that proposed fund again - AFF. Is this a done deal already?

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

No to the set up of the Auckland Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

There needs to be more accountability from the Port of Auckland in order to receive profitable dividends. Loose all the CEOs from the CCOs.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#12356

**Tell us why:**

Public benefit is only for those that go to the Viaduct location. Auckland does have other suburbs.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Don't rush these decisions - keep as is for the time being.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#12356

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

#12356

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

We are in a recession, stop the activities that aren't necessary and revisit at a later date.

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

**#12356**

The priorities can change over the next few years. As it stands now, these priorities still need tweaking.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more of : Get rid of bureaucracy and wasteful spending. Stop replicating what is already being taxed at Central Government level. Are criminals breaking bus stop glass on a commission basis? Let’s have ratepayer eyes on contracts, keep us involved.

**#12363**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Certainly : Spend less on some Ventia contracts , e.g. involve blowing dust from hard surfaces into the air with petrol powered devices. Have a ratepayer review of what Ventia does and the frequency.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

More centralisation across the geography of Auckland is disproportionately increases costs for ratepayers. The only beneficiaries are Auckland Commercial Property owners. Decentralisation will be a far more cost-effective model for Aucklanders.

**2a. Is there anything you would spend more on?**

Getting rid of buildings like the almost empty Te Kaunihera o Tamaki Makaurau building near the Albany Park & Ride. What a ridiculous showcase for woke cycling that doesn't happen there. There is a HUGE room kitted out for cyclists, yet there is just one probably abandoned bicycle in that huge room.

**2b. Is there anything you would spend less on?**

Cycleways that cater for a tiny proportion of commuters even in fine weather. There is one from Browns Bay heading up to Rangitoto College. If you would like to be embarrassed on that usage, I will consider doing it for free.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Management and promotional organisation is asleep.

**#12363**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The Council is not a fund manager, nor an investor in listed companies. These activities just end up with more bureaucrats and non-focused ideas that are not requirements by ratepayers. Sell the shares, reduce the debt. How about this : Be the first council to reduce rates !!! By innovative management and removing non essential costly activities.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The port needs modern management and technology. We don't have this in place. In addition, councilors are becoming involved with worker unions. That is NOT ratepayer focus.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

This is the second prize. Councilors seem to become involved around port issues, and that is a distraction from their PRIMARY roles.

#12363

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self insurance is definitely an option worth-while of further study. Please don't re-invent the wheel by hiring consultants etc. Google which cities around the world have made this a success. Of course those insurance companies will start lobbying soft councillors to push-back on taking away some of their super profits which mainly go elsewhere, not NZ.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Auckland Council is not a port manager. Stay away from this, and make all positions relating to port management redundant as they will be when you lease the port and make ratepayers some decent returns without all the aggro from unions etc.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

This area can be used for other activities . Put it out for ideas from the public and business, including foreign companies.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
---	-----------------------

#12363

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

#12363

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

As a ratepayer, I want to see proof that the mandatory food recycling fees are validated. If this project is actually profitable WITHOUT subsidies, why can't ratepayers enjoy some of the profits? Let's see a ratepayer group analyse this venture, saving council \$\$\$ and perhaps encouraging more residents to support this mandatory cost?

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important

#12363

Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

As a country, taxpayers and ratepayers to local authorities, we need to realise that economically, we cannot continue to allow "like to have and want to have" pet projects financed by debt and increased rates and taxes to continue. Projects that are seen by councillors to assist their re-election by magically conjuring up \$\$\$ from Auckland Council have to stop. We need to consolidate and become far more efficient in running services to ratepayers. Once again : Set a real target : No increase in rates ! Just take the AT buses. More than 70% of the time they are running nearly empty. How many empty seat km are travelled every month? I have asked for this before and was told " commercially sensitive" . Ratepayers are the main customers, AT are petrified of those stats. It's part of their ideological capture, doing things to get people out of their cars. It is a hugely wasteful and arrogant mission, activated without any ratepayer agreement.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I think all local boards need to re-think the costs of large expensive projects that will have serious impacts on ratepayers ability to afford rates and taxes bills. Projects need to have public meetings with ratepayers of their areas to assess support of proposals before applying for these plans to be considered by Auckland Council. We could learn a lot form the Swiss Contonal system to involve locals and ensure spending plans are agreed by residents.

**#12363**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no

**#12394**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

I feel that way

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

no

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Feel as though

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12394**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#12394

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. # Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Additional investment in Climate mitigation, particularly initiatives that extend beyond infrastructure solutions. Concerned that the strong focus on resilience (which is still important) needs to also be delivered alongside mitigation programmes (which engage, educate and involve communities). If we don't reduce carbon emissions we

**#12401**

will see the increasing impacts of climate change occurring, resulting in further resilience investment.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Perhaps some reduced investment in events/activation activities that don't have a high economic or engagement return.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Don't support lack of funding for cycleway initiatives.

**2a. Is there anything you would spend more on?**

Cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#12401**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Split use - shared across supporting council services and investing in the Auckland Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Having lived outside of Auckland Region and paid rates in another region, I believe that the level of service provided by the council has been value for money and the rates have been kept at an unsustainably low level - I would be concerned about a drop in the level of service. The impacts of reduced budgets are already being seen in the maintenance of parks/open space and roading network. Rates need to be higher so Council can deliver the level of service the city needs to be world class.

I support continued investment in environmental/sustainability programmes with schools/youth. Young people are our future leaders, are often an important conduit into hard to reach communities, and can be effective partners in conservation activities.

Strongly support increased investment in the Natural Environment Targeted Rate.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

### Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

Other

#12431

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

Waterloo reserve in Milldale needs extra souncil funding to complete the facilities so that this space provides what the community was promised

**#12431**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

Milldale needs more community assets for teens and young adults such as a pump track netball courts playing fields etc. A dog park would also be a great addition

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Silverdale (Rodney End)

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

In medical treatment, speed up the waiting time for patients

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12437**

Reduce the amount of money spent on consultation. In the past, the Labour Party spent too much money on consultations, but no progress was made after the consultations.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Children 12 and under should enjoy free public transport

**2b. Is there anything you would spend less on?**

Bicycle lanes are not necessary, most cyclists ride on the motorway

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't want to transfer the equity. After the equity transfer, it is possible that the airport's charges will be out of control, which will really affect everyone.

**#12437**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Can be used to improve traffic

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#12437

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	

#12437

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Making transport more accessible

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less rubbish and plastic use

**#12445**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

I think it's a good proposal choco tackles assowctcs that need more work on

**2a. Is there anything you would spend more on?**

I'd spend more on cheaper transportation

**2b. Is there anything you would spend less on?**

Us spend less on plastics and recyclable producta

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Its better use the money for the community

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

I think this is a good proposal as it will help use the money wisely

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12445**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#12445

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Do not support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#12445

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups	Very Important

#12445

and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Not Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

**Tell us why**

The library may not be as I portat but two rest are important t for society

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

Ita good

**8. Do you have any other comments?**

Maybe implement security guards who can actually protect t

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fund the arts and community centres, our economy depends on the mental health of our workers, without access to community and extracurricular activity this WILL worsen and depression and suicide rates may increase, especially with funding for Youth Centres, Rainbow Youth , Youthline ECT.

#12497

Tobacco, Its not necessary i would pay more for it.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop trying to build infostructure for the CBD that is not accessible to those who have paid for it. Half of queen street and the surrounding areas are inaccessible to everyone except for buses, trucks or other special vehicles and it is a clear a money trap in fines if you take the wrong turn off, especially considering that the buses these streets are made for never arrive on time, become cancelled and just seem to be a joke.

Keep big tobacco OUT of our funding in ANY capacity whatsoever, They dont care about the health and safety of our citizens and have no interest in correctly serving the people of NZ.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Look im trying my best to see the positive in this proposal but \*\*\*\*\* guys, seriously? Defunding PEDESTRIAN CROSSINGS, CYCLEWAYS, you are DEFUNDING SAFETY?! as opposed to smacking a few more lanes onto an evergrowing \*\*\*\*\* hole of road infostructure that was not built for this capacity of people.

Its already easy to pay for the bus, that is incredibly simple its the fact that people don't WANT to pay for an unreliable service, Its not because people are too slow to pay when tagging on its the constant roadworks, the slow or careless drivers that Ritchie's supplies that are actively discouraging people from taking public transport.

Please fund for safety, The children deserve spaces to cross the street without risk of being mowed down, cyclists deserve this as well,

**2a. Is there anything you would spend more on?**

Id spend more money on the subway system we were going to build under town :/ That would've been an amazing solution to the ever-growing bus and traffic management issues. If other countries like Japan and Korea can run reliable subway systems i don't see why we cant.

**#12497**

**2b. Is there anything you would spend less on?**

Id spend less on creating lanes that aren't actually going to fix the issues, dynamic lanes aren't going to fix the problem, the rising number of people will ensure this issue will always happen even if you implement.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

I dont use this, i dont play sport i dont care. do what you want with this thing?... we have other stadiums.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

#12497

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

The HBCYC centre from its facilities located on parkland in Orewa – next to the skate park - delivers a range of programs targeting a growing and diverse youth population drawn from a wide area of Auckland. The nature of the services provided serves youth drawn from communities in the west of Auckland and north of the Bridge through to Whangarei. The centre was established via a community initiative and we are seeking ongoing operational support from Auckland Council. We are seeking \$100,000 per year as an operational grant – this represents just under one third of our total annual operational costs. Via this grant we are seeking to re-build the current and future demand very quickly for our services from the after math of the Covid-19 period and meet the changing demand for services for our youth and the wider community.

Although we have previously attached several Documents previously through various submission and review processes. Please refer to these to assist with the HBCYC's position in support of this submission, or request they be re-sent.

Thank you, the financial support provided in past years has made an enormous positive difference in the work we all do for our community and youth.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**#12512**

As above in 7b. We seek an annual operational support grant for the Hibiscus Coast Youth Centre of \$100,000 per annum to be allocated and approved.

**8. Do you have any other comments?**

The continuation of services the Hibiscus Coast Youth Centre provides is now threatened with the policies within this budget, and we need to secure continued financial support to enable the HBC Youth Centre to support and grow outreach services across the H&B area targeting youth and Maori and a wide range of cultures. We must support early intervention and prevention initiatives aimed at young people now more than ever, to ensure our community is supported and our youth are again, engaged, employed, and mentored with physical availability and social sports and recreation activities within our large facility. We support annual operational grant funds to be added to the Revenue and Finance Policy or Local Board Funding Policy.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#12521**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#12521

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

#12521

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity	

**#12521**

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less overloaded bureaucracy and peripheral expenses.

**#12535**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Too expensive. And inevitably over 10 years, cost estimates will be revised upwards.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

It is possible to do more with less, to be more efficient. If a line is drawn in the sand on income, a reduction on costs will be compulsory and the less essential expenses naturally found. Yes there will be arguments and hand-wringing - but this is part of the process of living within our means. People are leaving Auckland - even for overseas - because of high rates.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Auckland Council has not yet earned our trust that redevelopment will not also involve ballooning costs, fire-sale of assets etc. When it has become a more efficient organization with a better reputation, this can be revisited.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**#12535**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Even if the wharves can be transferred in order to generate more income (as opposed to gratis public benefit) the upfront investment costs necessary are not a good idea at this time until existing efficiencies get addressed. Step by step...

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

Same as above - its all about what costs least / earns most \*without\* upfront investment now. Then later a proper longer term cost-benefit analysis can decide.

#12535

We need short-term Life support for Auckland Council now!

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Rates funded refuse collection is a TERRIBLE idea - people should dispose of rubbish responsibly and market forces are the best way. This policy subsidises bad behaviour at the cost of good / responsible behaviour.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who	Not Important
--	---------------

#12535

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

**Tell us why**

This all costs money! Sewage, contamination is important - these are part of essential services - the others are not. Yes they can all be considered later, but NOT under current circumstances. Get Real!

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

In general I think it is the wrong approach to think "if we want to do X, it will cost Y" when there is not enough money in the first place. The correct approach is to list all expenditures in order of necessity, try very hard to cut costs / increase efficiencies, and

**#12535**

then work down the list until the money is finished - not ask for more money! Because Auckland Council is necessarily a monopoly, and because it already knows it is badly overstretched it needs self-imposed discipline not to take the easy way out of increasing rates. Ultimately ratepayers depend upon the efficiencies of the businesses they work in which in turn must be nationally & globally competitive. The bang-for-buck ratio of council rates : services is a more dangerous long-term threat to Auckland than most of the considerations here.

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our	Very Important
--	----------------

#12549

community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

Sort out North Harbour stadium

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Sort out North Harbour stadium

**8. Do you have any other comments?**

Sack the lot of them who have been running North Harbour stadium into the ground

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More for public transport. Bring back FREE transport for school aged children. If kids are brought up using public transport there will be a good pipeline of future public transport users.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12563**

Although rate payers look to pay less, this is false economy as inflation is ever-present to some degree. Rate payers hate to see waste and inefficiency and this becomes an inhouse issue for Council. Council needs to increase its efficiency so ratepayers can be satisfied their rates are not wasted or needlessly frittered away.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Raised crossings can go.

Cycleways need connectivity with each other and should be included, not at a 'gold plated' level, but perhaps on a trial basis before spending more on those that are used. (ie) don't pick winners, let the cycling fraternity decide by them using the cycleways.

### **2a. Is there anything you would spend more on?**

Public transport in capital letters. This is the only solution to halt eventual gridlock.

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

These decisions should be made by the local board after consultation with the wider community.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#12563**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The last thing Aucklanders need is another CCO !

Any Fund rules need to be pretty rigid and any increase in Fund value should not be used to reduce rates, as then the "Future" aim of the Fund would not be achieved.

There is uncertainty over what future councillors may choose to do and could well just treat the Fund as a piggy bank to dip into.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

POAL is the city's major transit hub and is essential for the city's economic wellbeing. It has been more profitable in the past than it has been in recent years but it would appear that the present management team is delivering improving metrics.

Perhaps the port could continue to operate on a smaller footprint by ridding itself of the importation of vehicles and thus be able to return land for public use.

as proposed

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

This is the reason POAL was brought back by a previous Council after it had previously been privatised, to fund council services.

Previous Councils seemed to lose control of their CCOs and POAL was one of them.

#12563

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

The LTP does not indicate just what 'something else that provides a public benefit' might be so it is hard to have an opinion on this.

These wharves are a long way from the Viaduct Basin so there is little connection BUT once the Bledisloe Terminal is rele

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above, this land should not be sold but treated as future family silver.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in</p>	<p>Support</p>

#12563

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

#12563

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#12571**

Do not support most of the proposal

**Tell us why:**

ridiculous management has cost millions. Old boys club mismanaging everything, reduce efficacy of personal transport, trying to force public transport use, that isnt operational, bus isnt going, train isnt going, guess what? late to work and have to get back home and take the car anyway! Also, a lot of the public transport approach seems to completely disregard the amount of people that travel for work, trades, service, film/tv etc that benefit nothing and are unable to use the public transport systems

**2a. Is there anything you would spend more on?**

no

**2b. Is there anything you would spend less on?**

yes, speed control measures seem to be out of hand and in stupid places, cause damage to vehicles due to aggressive construction/design and sometimes are removed anyway....well planned....

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#12571**

why remove passive income for a short term boost?

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#12571

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop paying contractors the ridiculous salaries they are charging. Employ people to do these jobs at fair rates. The amount of money spent on civil servants because of red tap and bureaucracy is astounding. It appears that they create jobs from nothing,

**#12617**

change rules so that they have a job. Manage these people better, I have seen first hand the wastefulness, if it was your own money, it would be spent more wisely. Hold contractors account for failing to do the work and no doubt still get paid, then we pay someone else to do the job that should have been done in the first place. Stop updating things that are still ok, ie local footpath sign, in my village there was nothing wrong with the old ones, they weren't a hazard or falling a part, yet we now have new ones. Yes it looks great but now you have unused poles that were ok, now a waste and in landfill. Replace when broken or no longer fit for purpose.

## **2. What do you think of the transport proposal?**

I don't know

### **Tell us why:**

Definitely stop wasting money on raised pedestrian crossing, we have 3 in our small village, common sense was lacking hugely. There are surely better ways to manage this. Auckland has a small population vs the space we are in, so coming up with improved public transport is hard. People love their cars especially if you work and have children, public transport is just not a viable option. I don't think the public transport needs to be faster just make it reliable. Dynamic lanes just annoys everyone else, but probably justified. Capping spend as an incentive to use public transport great idea as it is not cheap.

## **2a. Is there anything you would spend more on?**

## **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

If more events can be held there and used more, then don't remove this stadium. Don't build new houses and buildings. Not everyone needs to live in Auckland and we don't need to loose our spaces for more infill housing.

**#12617**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Choose the option that creates the biggest monetary benefit.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Sorry have not read enough to make a decision.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#12617

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

Didn't read the documents sorry. Rarely visit that side of the city so not sure what things will benefit the public.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut down your bloated high paid bureaucracy

**#12664**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Support back to basics

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It is under-utilised and has been around long enough to give it a chance

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The AIA shares have always been a bad investment. The sniff test if it is a good investment the Council should buy more.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

#12664

Tell us here:

I can't give an answer to this unless a detailed business case could be viewed.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

The city is vulnerable to future shocks without some resilience fund.

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

Tell us why:

Again without detailed figures it's a bit hard to take a position

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

Ditto

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#12664

the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#12664

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	

#12664

Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

This is all waffle. If this is all that the board can come up with then the board is a waste of time.

There should be some specific projects such as dealing with the flooding in Browns Bay. A drastic measure would be to create a wetland/buffer zone with part of Freiburg park.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

The Council needs to take more control of CCOs. They approve the SOI and appoint the directors. I suggest a small council liaison committee meet with the directors regularly so both parties know where each body is going.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Kids and youth development programs

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12686**

Transportation and parking grounds

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Overall improvements needed, however the progression is taking quite long to complete.

**2a. Is there anything you would spend more on?**

Nil

**2b. Is there anything you would spend less on?**

Nil

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12686**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#12686

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More for water supply, wastewater treatment and specially for stream water quality monitoring .

**#12710**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Pay less for transport 40% is a shame compared to other costs.

The most part the community don't use airport frequently and public transport is a waste money with empty vehicles.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Waste our money

**2a. Is there anything you would spend more on?**

Planning, ferry

**2b. Is there anything you would spend less on?**

Operational, tren

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Save money

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#12710**

**Tell us why:**

We need this found for further emergency.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Lease the operations improve the outcomes.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We need to recuperate money.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

This port in front to Britomart is a visual pollution and a lot of environment impact for the community around.

#12710

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Easier logistic.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Temporarily cancel and Arts Funding. Totally remove all Māori and Polynesian funding which includes unfair Culture handouts.

**#12730**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Extending and connecting Cycleways all over Auckland including the Harbour Bridge, Making the existing cycleways safer. Remove raised pedestrian crossings except outside schools.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

North Harbour Stadium doesn't need safety upgrades or changes to its structure but it does need good promotional management.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12730**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Lease the Port. This has been done in a number of Australian ports with reasonable success.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#12730

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#12730

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support any priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	Fairly Important

#12730

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

Do not support any proposals which include co-governance by mana whenua

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve public transport and extend Northern Busway and feeder busses

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12732**

Bidding for events

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#12732

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More ferry services = less traffic, more policing

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

less road cones

**#12742**

Stop resurfacing roads that have nothing wrong with them

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Ferries, utilize the waterways better

**2b. Is there anything you would spend less on?**

Building roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

the stadium is underutilised

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12742**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

### 1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I feel like there has been a deliberate attack on gulf harbour and the lifestyle we once enjoyed and particularly in relation to our ferry service when council are aware that commuting over the aging bridge is not an option

Why is council not doing more to c9nnect communities and not closing them off

**#12745**

Our properties have slumped in value because living in Gulf harbour is no longer a viable option

I have my property listed at a low price and there is no interest any more

I am wanting to move because without the ferry service I feel completely isolated but the price I have listed my property for will make it difficult to find something of the same value

Gulf harbour was once a vibrant community but with the additional threat of the development of the Gulf course into housing it is not a place many want to be and particularly with the poor access out of here

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

We need to support Gulf harbour ferry

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#12745**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It's not fit belongs to the people and is not for sale or sale

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It belongs to the people

Quit with the huge salary for iwi and Maori wards and opinion and place the money where it should be

Do your job

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Everything has declined in the past 15 years

Staff and decision making should be on the line

It's time for council to take responsibility

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Ig could work so well

#12745

Aucklandees deserve much better than what we have been getting

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Albert-Eden, Aotea/Great Barrier, Devonport-Takapuna, Franklin, Henderson-Massey, Hibiscus and Bays

#12745

## Albert-Eden Local Board Priorities

### 7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Not Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Not Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Not Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

Tell us why

#12745

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

## Aotea/Great Barrier Local Board Priorities

7b. What do you think of our proposed priorities for Aotea/Great Barrier in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Continue the regular programme of funding for community groups to deliver services and environmental groups to deliver ecology works.	Very Important
Continue our regular maintenance of parks and assets.	Very Important
Investigate improvements for playground areas island-wide.	Very Important
Support implementation of aspects of the new Destination Management Plan.	Very Important

Tell us why

7c. What do you think of the Aotea/Great Barrier proposed priorities for the 10-year budget 2024-2034?

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I do not support most priorities

#12745

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Not Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Not Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Very Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

**Franklin Local Board Priorities**

**7b. What do you think of our proposed priorities for Franklin in 2024/2025?**

#12745

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Not Important
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	Not Important
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	Not Important
Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-owned facility leases, including leasing charges.	Not Important
Find ways to reduce Franklin's maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Not Important
Progress the development and delivery of the Franklin Paths Programme.	Very Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Very Important

#12745

Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	Very Important

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

7

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

## Henderson-Massey Local Board Priorities

**7b. What do you think of our proposed priorities for Henderson-Massey in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Our People – create opportunities that support connectedness, diversity and inclusion in our community.	Not Important
Our Environment – focus on initiatives that increase tree canopy cover, improve water health and provide for resilient and low carbon communities across Henderson-Massey.	Not Important
Our Community – ensure the maintenance and development of 'fit for purpose' local	Very Important

#12745

services and spaces meet the needs of our diverse communities.	
Our Places – support initiatives that improve walking and cycling opportunities.	Very Important
Our Economy – continue to support the Western Initiative to deliver the Youth Connections programme.	Very Important

**Tell us why**

**7c. What do you think of the Henderson-Massey proposed priorities for the 10-year budget 2024-2034?**

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones,	Very Important

#12745

including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Please stop bowing down go iwi and Maori culture

This is NEW ZEALAND

Do not comply with forced assimilation

This is not Maori land

Put our rates into developing the Hibiscus community and not Maori which is based on a false treaty of lies

We deserve a proper ferry service

And clean beaches and drinking water and a decent road

Please do your job

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

To keep all the outer ferry services running - especially he Gulf Harbour Ferry

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12775**

Less building of roads to outer regions that have low usage and then cost more \$ to repair and maintain

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

stopping some previously-planned raised pedestrian crossings and cycleways as we as a nation do not use the current ones for daily transport needs as the majority of commuters live further from work so cycle ways would be a waste of funds. Yet you have the Gulf Harobur ferry that keeps 300 cars at a minimum off the roads and you are looking at removing that - which is just plain stupid. If we ran normal businesses like you run the transport they would go broke! and that is exactly your problem isn't it?

### **2a. Is there anything you would spend more on?**

ensuring current transport such as the Gulf Harbour ferry remains funded and in place which keeps a minimum of 300 cars off the roads into Auckland daily

### **2b. Is there anything you would spend less on?**

stopping some previously-planned raised pedestrian crossings and cycleways as we as a nation do not use the current ones for daily transport needs as the majority of commuters live further from work so cycle ways would be a waste of funds

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

\$33 mill could be used elsewhere and the useage of it is very limited

**#12775**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The current returns are terrible and the Mayor Brown is correct in trying to get better investment returns

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Investing in a fund to try to increase the overall 'kitty' is a better way of managing money and should return higher yields

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

KEEP THE GULF HARBOUR FERRY!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#12775

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I don't believe you would be able to cost effectively provide something else that would benefit the public

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I don't believe you would be able to cost effectively provide something else that would benefit the public

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to</p>	<p>Support</p>

#12775

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Other

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#12775

## Hibiscus and Bays Local Board Priorities

### 7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support most priorities

#### More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

Tell us why

**#12775**

I don't believe you can effectively engage with us and I do not believe you actually listen to the public when we do give feedback. Your questions can often be slanted to appear as if you care and listen to the public but it is very obvious you do not!

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

You do not listen to the public when we have given feedback on numerous occasions. Thus your priorities are not beneficial or supportive of the people who live in this area.

**8. Do you have any other comments?**

You need to listen to the THOUSANDS of people who have given feedback about wanting to keep the Gulf Harbour Ferry running. The proposed busway via Penlink is a COMPLETE waste of money as we cannot use it as a park n ride. NO ONE that I know who works in Albany to ACK CBD are able to be dropped off. Alos the buses take WAY TOO LONG to use as a daily commute in comparison to the ferry. Your logic for this plan makes no economic sense and will not be practical at ALL!

# Long-term Plan 2024-2034

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Duplication of services, make all residents bear the costs of one system. Less confusing signage; either change all street names to English and Maori (new Maori) or

**#12794**

leave the variation already existing, and do not encourage cultural appropriation of the infrastructure that was not provided by Maori.

## **2. What do you think of the transport proposal?**

I don't know

### **Tell us why:**

Unless spaces for cars - including parking spaces - are reduced it is a never ending cycle. Bus lanes are the key in addition to rail upgrades. Vehicle tax by weight and size could help reduce road maintenance.

### **2a. Is there anything you would spend more on?**

Policing red light running and phone use in cars, and making meaningful fines.

### **2b. Is there anything you would spend less on?**

Speed bumps and raised crossings, where I live these make emergency vehicle and Police access at times extremely difficult.

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

As it has been build and has good bus access from the city, this is surely a better option than a new stadium in the city.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#12794**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

**Tell us why:**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#12799**

Support most of the proposal

**Tell us why:**

Auckland council in the last few years has wastes an exorbitant amount of money on such things as the redevelopment of the waterfront roads reducing to two lanes in Auckland city, and countless raised pedestrian crossings all over where I live in the north shore, some in ridiculous places like Oteha valley road, but yet there are massive pot holes all over the place, some do so deep they've damaged my car, but yet they remain unfixed. The council needs to prioritise spending on essential road maintenance, fixing pot holes, repairing roads, not on raised pedestrian crossings where roads are closed off for months and months while they are installed.

**2a. Is there anything you would spend more on?**

Glenvar road realignment needs to be a priority!! It is such a dangerous intersection and with the thousands and thousands of new residents in long bay its main thoroughfare out of glenvar road needs urgent remediation now before more people are injured or even killed, trying to get out of there.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

North harbour stadium must be kept for future generations!!

It used to be a super successful event stadium when it was managed under The North Harbour Stadium trust. Since it has reverted to council control it has absolutely ruined it. .

The stadium should. Be returned to a trust structure so it can attract the big games and event shows it used to host regularly. North Harbour stadium is a vital sports and event centre for the northern Auckland region. Albany and its surrounding areas have seen gigantic growth over the last 25 years, and the pace at which development is happening it is set to expand even more! .

**#12799**

Once the stadium is gone there will be no more land to build other facilities, host teams events or shows, and more housing or commercial premises on the land where the stadium sits will only add to more congestion and infrastructure problems for the Albany area going forward. We need less housing and more facilities for our current and future expanding population north of the harbour bridge, to secure north Aucklands future

North Harbour stadium absolutely must be kept, not demolished, and must be returned to a trust not council lead operation, to become a. successful and profitable venture again for the future of north shore!!

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Hibiscus and Bays,Rodney

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity	Not Important

#12821

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

## Rodney Local Board Priorities

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Very Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

#12821

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

**Tell us why**

Xx

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Silverdale (Rodney End)

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keep to the core deliverables of a council and stop all vanity nonsense such as cycle ways, monuments and structures. It will serve this council well to remember that Auckland is a vast area comprising of many districts not only central Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop all wasteful vanity projects

**#12829**

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Transport cost should be spent on projects to alleviate congestion. This however is not the case and lots of money is wasted by revising projects or reworking them

### **2a. Is there anything you would spend more on?**

Ferry services to Gulf Harbour

Train service to Silverdale

Bus lane to Silverdale

Proper planning when implementing projects.

### **2b. Is there anything you would spend less on?**

Less vanity nonsense

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

You are just mismanaging the facility and should be ashamed of yourselves

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#12829**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#12829

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#12829

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport that is focused on outer suburbs rather than inner city suburbs. I.e busses and ferries rather than cycle routes.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12889**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Huge currently under resourced community facility that has the potential to service a large population north of the bridge. Use it to its full potential rather than get rid of it!

**2a. Is there anything you would spend more on?**

Ferries

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More cycleways. More funding for transport capex projects determined by local boards (funded by a comensurate reduction in AT funding)

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12897**

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

What an incredible dumb knee jerk reaction that ignores climate change and the role walking and cycling can play in an integrated approach to transport planning. Reinstate funding for walking and cycling and reduce capex roading budget.

### **2a. Is there anything you would spend more on?**

More cycleways delivered more quickly.

### **2b. Is there anything you would spend less on?**

New roads.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

### **Tell us why:**

I have lived in North Shore for over 10 years and never visited the stadium as there is nothing on. Putting money into continuing the status quo seems a huge waste. Better to redevelop into something that local residents would use, whilst retaining key stadium/arena elements.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**#12897**

No need for AC to hold a share and funding could be better used elsewhere.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

If Council sells Airport it should retain port but take steps with port to progressively increase public access.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Provides better integration with Brittomart.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#12897

**Tell us why:**

There is strong public support for greater access to port area. This would be a start.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improvement to public transport, specifically addressing deficiencies with current ferry services

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12915**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Do not introduce premium fares on the Gulf Harbour Ferry! This service support a whole community to get to the City Centre and reduces congestion on the Northern Motorway - this will not be improved with PenLink alone!

**2a. Is there anything you would spend more on?**

Bolster ferry services to ensure a reliable, efficient service

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12915**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#12915

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Prepare for climate change beyond storm damage - heat vulnerability.' Focus more on natural environment outcomes and integrating biodiversity and green solutions into urban and rural living

**#12923**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Establish Auckland Futures Fund but retain shares and more gradually build the fund. Air Port Shares provide longer term security and returns.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#12923

Tell us here:

Lease but not a 35 year term

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#12923

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	I don't know

#12923

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped	Very Important

#12923

reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	Do more
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Strategic overview and examination of procurement policies to lead to more sustainable financial planning and more accountable long term improved results in transport, community development. Critically important are the hubs that will be

**#12932**

community centres in emergencies as well as for improving social cohesion, in areas where opportunities for socialising are restricted by new intensification of housing.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Improve digital communications, and increase low cost community voluntary initiatives,

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Overall the vision is sound and capping the PT fares to encourage regular users is an incentive to keep using pt.

As a regular user of PT, the cancellation of buses and lack of decent information when a bus disappears off the e board and no info is available on the app is disappointing. More sustainable and affordable options for urban planning is needed.

AT is wasteful and cld be operated on a lower budget.

**2a. Is there anything you would spend more on?**

Communications with customers.

Sometimes bus station customer service staff have little knowledge of the local areas.

**2b. Is there anything you would spend less on?**

Pedestrian speed humps at \$450,000

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**#12932**

Community asset paid for by ratepayers needs supporting for the high population on the Shore and beyond. Congestion from folk travelling into the city can be avoided.

Management could be improved! Local Board 8 input, local community groups and hu8b potential could improve the asset's value to the Shore, but needs a change of management first.

Sad how it has been deteriorating these past 4 years.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Trust was set up before and within a short space of time the money disappeared.

Concerned about accountability and secret deals, and lack of detail on the proposed structure.

Too risky, money could be lost. Needs well thought out approach.

Prefer some on-going ownership of Airport shares, 10%.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

A vision of the long term development of the waterfront to add to what has been achieved with the Wynyard Quarter is needed.

The cost of our imports will rise under a lease and we are caught powerless to determine what we pay to land food etc.

**#12932**

The cost of moving the port, the other options and how the transfer of the two wharves, Captain Cook and Marsden as well as Bledisloe could be come assets for th future development of the city are big questions as yet unanswered.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Accountability is lacking with the Auckland Future Fund as it stands at present.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I keep saying accountability is lacking.

Consultation is disliked by the mayor as he would prefer to impose his solution.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Useful spaces and opportunities for a creative space thinking of docklands in Melbourne and knowing other cities do their harbours proud.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#12932

Port space needs a rethink,  
 operations need to be altered, so goods landed are travelling by rail, and  
 solutions fit in with Northland and Tauranga.  
 We need a real plan we can believe in!

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Support

#12932

the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

User pays is reasonable as a principle but there are situations that are not "age friendly" where older folk pay more when they use less e.g. half fill a bin.

Community service card holders could be on a different rate.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

#12932

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

Overall, pleasing that Bs Bay promenade is completed, service levels around beach front areas are well maintained.

**#12932**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Yes, you have nailed it!

Great that Glenvar Rd is improving!

**8. Do you have any other comments?**

In short as time is limited, I am concerned that the situation of the future of the stadium is being considered by a majority of folk not affected by priorities of those living on the North Shore. It is hard to appreciate how frustrating it is for locals to see their assets hard won and paid for being trashed by others who are not likely to be so affected by the decision.

Identity in the local area is what makes us proud and community minded. Stamping this out is short sighted. Spobnsorship and other alternatives do not appear to have been considered.

Poor quality consultation. Paper copy at the library had wrong information on it.

Closing date Tues 28th March and 2023 also. Really! Standards are dropping. It is hoped the decision makers are more accurate with their financial figures!

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12937**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

promoting public transport is crucial in a spread out city like Auckland

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Both of my recommendations above are required to reduce the 10 year \$33M subsidy

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The Auckland Future Fund is just a deceitful, back door strategy to privatise the Port of Auckland & the Council's remaining shares in AIAL. POAL & AIAL are strategic monopolies & should never fall into the hands of private, (usually overseas) owners. The management of strategic assets should always be accountable back to ratepayers.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#12937**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

In Australia, this form of port privatisation has cost local economies hundreds of millions of dollars, eg. in the last 6 years individual container fees at the privatised Port of Melbourne have increased from AU\$35 to AU\$191. That's come at a massive cost to Melbourne businesses & the Melbourne people. One of the potential buys of POAL, DP World, has paid zero corporate tax in Australia while making billions of dollars from Australian customers.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

The proposed Auckland Future Fund is simply a slush fund to be frittered away whenever the city strikes a financial emergency. The only people who will gain from the Fund will be the fund managers & the huge fees they'll be paid. Auckland city instead needs to maximise the use of its existing assets, so that all the financial returns remain within the ownership of the city.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Privatising POAL would take control of Auckland's only port out of the hands of Aucklanders, it would undermine the jobs & safety of the POAL employees & it would mean handing the port's profits to overseas investors. Privatising the port would be a generational mistake. Contracts for these sales run for 40, 50, 100 years. Our children & grandchildren would be paying the price of this mistake long after the money from the sale has been frittered away.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#12937

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It would benefit the public to have access to more waterfront land

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

My understanding is that Bledisloe Terminal is necessary to maximise POAL's profits which then flow back to Auckland city for everybody's benefit.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. All of the above Priorities are valuable & will make for a happier, more cohesive community

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I'm in broad agreement with them

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

**#12949**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Cycleways, potholes, shared pathways

**2b. Is there anything you would spend less on?**

New motorways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Keep Airport shares, divest port

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

#12949

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#12949

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	I don't know

#12949

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective	Fairly Important

#12949

options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#12953**

Support most of the proposal

**Tell us why:**

Because there are some aspects of the plan that seem spurious to me.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

We should not be sealing unsealed roads without the cost thereof coming directly to the people who want their unsealed road sealed. They purchased/rented their house in that area, it is not up to the rest of Auckland to pay for their roads to be resealed.

Lake Road/Esmonde Road improvements project should again be paid for by the people who decided to develop and move into that peninsula area knowing there was no financed plan for improving their access or abandoned.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Local communities should run local facilities for locals. As seemingly the stadium is not currently seen as useful to the wider Auckland community. Give it to locals to run alongside their Local Board.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#12953**

It makes clear financial sense to take the control of investments out of the hands of parochial elected officials or inexperienced public servants and contract that out. We need only look at the success of the Cullen Fund to understand the massive potential benefits for the City's finances.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It makes clear financial sense to take the control of investments out of the hands of parochial elected officials or inexperienced public servants and contract that out. Experienced port operators who will lease our facility makes sense and in the 35 years of operations we can make a plan to move/change this situation. This is a decision for the younger generation rather than me as they will be managing it. This decision should not be taken on environmental grounds, rather what is best for the city overall, not just in the port environs.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It makes clear financial sense to take the control of investments out of the hands of parochial elected officials or inexperienced public servants and contract that out. We need only look at the success of the Cullen Fund to understand the massive potential benefits for the City's finances.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#12953

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I am in favour of the Port remaining in a location that minimises the need to damage the environment with more trucks bringing Auckland's needs from further away by road transport.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to</p>	<p>Support</p>

#12953

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Users/Beneficiaries rather than the general ratepayer as much as possible should pay for all projects.

#12953

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important

#12953

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I am largely supportive of them, but I am disappointed by the on going choice of this Local Board to dedicate time and commitment to its largest population area being Whangaparāoa. The Gulf Harbour Ferry isn't the right priority for the Peninsula. It's of a much lesser value than Community Facilities, a full Bus terminal at Penlink and buses that go directly to where legacy Councils, Auckland Council and Local Board have always over prioritised, the Ōrewa area.

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintain regularly emptied community rubbish bins and not remove them

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12975**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

This is an under used resource. I absolutely favour keeping and maintaining the stadium. I think having the possibility of smaller exhibition areas could be utilised more as less expensive. many years ago Auckland Guild held their Patchwork and Quilt exhibition there. No longer. Why I wonder. Likely too expensive.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#12975**

**Tell us here:**

I would not trust a new leaser to adequately look after this asset or conform with environmental standards, or, towards the end of their tenancy keep top maintenance standards.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We need to secure funds for the future ... unpredictable events etc

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Both visitors and Aucklanders like to get down to the waterfront.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

I think this would make money, assuming re-purposed wisely

#12975

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#12975

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	Very Important

#12975

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

We MUST look after our environment, promote biodiversity and reduce ocean bound pollution.

PLEASE can we have re-cycling bins at Browns Bay, just for cans and bottles with appropriate apertures to try and stop idiots putting the incorrect items inside

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

OK

**8. Do you have any other comments?**

I am really disappointed by the removal of community (street) placed rubbish bins on walkways around Murrays Bay, Rothesay bay Churchill Reserve, Hebron Rd and Marama St Torbay. I walk these streets regularly and pick up a large amount of rubbish daily, including bags of dog faeces. Previously I and others have had bins within 500-1000 m in which to throw away the rubbish. But no longer. I cannot be expected to

**#12975**

carry the volume of rubbish I collect further. I believe this cost cutting initiative to be ill researched and detrimental.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve safety on dangerous intersections. This would include restructuring the intersection at East Coast Rd, Glenvar Rd, Lonely Track Rd which is extremely dangerous and stressful to manoeuvre during busy times

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#12983**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

As above and more electric buses. Would love light rail to the shore :)

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**#12983**

Would love to see that land eventually opened up to the people (know this is not feasible at present)

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Would not like to see rates raised too high

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Would be nice to be able to access that land and enjoy the harbour if possible

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#12983

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. ## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Waste money on pointless projects like busways that will never be used.

**#13001**

Waste money on speed humps etc in ridiculous areas that cause more traffic disruption as at Oteha Valley Road

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Money is being wasted on transport that nobody will use.

Not enough buses , can't park at bus stations , rail network is totally inefficient.

### **2a. Is there anything you would spend more on?**

Building bigger car parks two or three tier car parks at key bus stations Albany , Constellation , Westgate.

### **2b. Is there anything you would spend less on?**

Costs are too expensive for the service offered.

Bus routes don't work , wheel and spoke system dysfunctional.

Waste money on Eastern Busway which will not be utilised, building new stations like Rosedale is a waste of money will not be utilised.

No encouragement to get out of your car.

Pointless speed humps and free turns withdrawn (Oteha Valley Road ) creates worse traffic not improving it.

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

### **Tell us why:**

Council have ruined a perfectly good facility.

It has been under used and mis managed and would be run better privately.

**#13001**

Get more events there, put the other stand back.

Definitely do not knock it down you would force people to travel to Eden Park , Mt Smart or further causing more transport issues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Due to poor management, you have very little option available to raise funds.

Regrettably the Port and the Airport are the only realistic options

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13001

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

I don't know

**#13015**

**Tell us why:**

Spend more on public transport - less on cycle ways - teach pedestrians road safety ie crossing roads. Make better long lasting repairs to road surfaces eg. Glenvar Road between Moorgreen Heights and Glenvar Ridge Road.

**2a. Is there anything you would spend more on?**

Better road surfaces

**2b. Is there anything you would spend less on?**

cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Put the management back to what it originally was under East Coast Bays./ North Shore. We used to attend many events including an opera.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

#13015

Tell us here:

We would like to see container ships unload their containers at the port on to flat wagons and transported by rail to Otahuhu ready for distribution. This will take the trucks off the central city roads.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13032**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

If we keep we get value ..we sell the money will disappear..

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

More efficient

#13032

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

A city needs a port

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual

#13032

programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

#13032

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	I don't know
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	I don't know
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity	

**#13032**

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Dear Auckland Council,

**#13039**

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is to stop raising the rates as you had promised, in other words, none of your options are saving us ratepayers any increase. That's not good.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations.

I strongly recommend Mr Brown to use your personal brain ability for goodness sake instead of hiring others to do so on your behalf. You've been elected because you had apparently some great ideas. Not because you would have hired a whole bunch of people to explore ideas on our cost. Everyone one could do that, using someone else's brainpower.

The question is Mr Brown, are you an exceptional candidate or an average Joe who needs others to give him ideas and direction? We don't need an average Joe. Respectfully, you might need to reconsider your position. Are you actually qualified for the job?

Bottom line, considering you the option that you are the person for the role of saving Auckland and Aucklanders, I recommend:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called "traffic calming measures" (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Reversing the increased cost for public transport.

**#13039**

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.
- Stopping all the nonsensical spending on Events like the pride parade, improper entertainment and the like, that cost Aucklanders money, when in fact many Aucklanders don't even support or consider necessary, to say it politely.

Kindest regards

Sotiria

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

Dear Auckland Council, dear Mr Brown,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is to stop raising the rates as you had promised, in other words, none of your options are saving us ratepayers any increase. That's not good.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations.

I strongly recommend Mr Brown to use your personal brain ability for goodness sake instead of hiring others to do so on your behalf. You've been elected because you had

**#13039**

apparently some great ideas. Not because you would have hired a whole bunch of people to explore ideas on our cost. Everyone one could do that, using someone else's brainpower.

The question is Mr Brown, are you an exceptional candidate or an average Joe who needs others to give him ideas and direction? We don't need an average Joe. Respectfully, you might need to reconsider your position. Are you actually qualified for the job?

Bottom line, considering you the option that you are the person for the role of saving Auckland and Aucklanders, I recommend:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called "traffic calming measures" (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Reversing the increased cost for public transport. It's become too expensive. Most people who use public transport don't have deep pockets. They can't afford to go to work or uni.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.
- Stopping all the nonsensical spending on Events like the pride parade, improper entertainment and the like, that cost Aucklanders money, when in fact many Aucklanders don't even support or consider necessary, to say it politely.

Kindest regards

Sotiria

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**#13039**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#13039

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Rodney

## Rodney Local Board Priorities

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

#13039

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Not Important

**Tell us why**

**#13039**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

They are too costly for the ratepayers

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Silverdale (Rodney End)

**8. Do you have any other comments?**

**#13057**

Less consultants, less beurocratic staff, less spending on art, cycleways, less committees, less overseas research or business trips, less company cars & less air travel for meetings, conferences etc

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Public transport needs to be both faster & cheaper & support where people need to go, not just the old main routes.

### **2a. Is there anything you would spend more on?**

Wider (6 lane each way) state highways through Auckland. Wider more primary roads to 2 lanes each way, redesign on ramps of ramps & merge lanes to maintain flow. Build monorail tracks round Auckland central & to & from North shore, Kumeu & East Auckland. Make the North shore bus road available for trucks.

### **2b. Is there anything you would spend less on?**

Separate bus roads, remove T2 & T3 lanes, spend less on heavy trains, planting on road reserves & road cones!

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

Current management is not attracting paying users

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13057**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

These type of funds always get the money wasted by management costs & poor investment choices & often the money gets diverted onto other money losing projects.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Retain ownership & lease the port operations but use the income to reduce rates, NOT put it in a Future Fund.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The future fund will waste most of the money.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

If the airport shares aren't making a profit we should sell them, but maybe look at buying into the airport retail area. That's the part of the airport that makes the most money.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#13057

**Tell us why:**

The new lessee can quickly upgrade operations onto both those wharves.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

As above

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>	<p>Do not support</p>

#13057

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

#13057

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

Tell us why

**#13057**

Alternative & active modes of transport will never be a mainstream option, so waste of money. Protection of parks & waterways & sediment reduction is critical. Diversity, creativity & vibrancy should be supported by the minority who benefit from it not funded by the whole ratepayers base.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Average

**8. Do you have any other comments?**

Huge cuts to staff members & cuts to salaries which are currently excessive over \$100K.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Initiatives focused on the environment and climate would significantly improve the liveability of the city, and make it appealing to overseas investors and tourists. Initiatives like the Climate Action Targeted rate, prioritising active modes of transport, considering actions to reduce Aucklanders' dependence on cars would positively affect

**#13058**

people's ability to enjoy the city, get around, have civic pride, and reduce costs (in terms of transport, planning for major weather events and being resilient when they occur).

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

A new harbour crossing has consistently been demonstrated to be prohibitively expensive to build. Further, creating another way for Aucklanders to get around the city in their cars will only encourage car use which in turn will necessitate more roads being built. I do not support the proposal of investigating a new harbour crossing.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Prioritising public transport options will future-proof the city for growth as people will be able to get around the city easily and quickly. Prioritising electric buses and ferries are also excellent ideas. These options would reduce carbon emissions for the city improving air quality. Public transport cost caps would also help people manage their expenses.

I also support time-of-use charging and dynamic lanes to reduce congestion - these are low-cost solutions.

**2a. Is there anything you would spend more on?**

Cycleways, pedestrian walkways and bike racks on bus routes down arterial roads (e.g. the Northern Expressway) would encourage people to use alternative modes of transport, reducing congestion.

**2b. Is there anything you would spend less on?**

Initiatives that encourage car usage like investigating a second harbour crossing.

**3. Which options do you support for the North Harbour Stadium?**

**#13058**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

North Harbour Stadium was a community-driven, community funded asset that has potential to be used for a variety of purposes. It is near public transport, a shopping centre and park making it an ideal venue for concerts, sports events, conferences and expos, community sports tournaments. The Trusts Stadium in West Auckland is well utilised and a popular venue for the purposes outlined above.

With a change in operational management, North Harbour Stadium could also be a multi-purpose venue and be a profitable asset for Auckland Council.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

In principle I agree with the idea of a Future Fund for Auckland - this would help with putting money aside for future use for the city. However, I'm not sure what the criteria are for accessing the fund - what if future councils access the Fund for inappropriate expenditure.

Divesting shares from AIAL is just transferring risk from the airport to the Future Fund. My preference is for diversifying funds, rather than transferring them.

I also have concerns about how the fund will be managed. A competent professional fund manager may be prohibitively expensive, while an incompetent fund manager may mismanage funds.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**#13058**

Leasing the operation of the port might free up valuable Council resources to focus on other key areas. However, this would need to be done with careful consideration as a lease-holder may change port operations positively (meaning Auckland Council may lose out on increased dividends - could Council work in a condition for taking advantage of increased dividends) or negatively (which means when Auckland Council regains operational ownership of the Port, will the reputation of the Port be damaged. Also, would a leaseholder still agree to public use of the some wharfs?)

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

This will allow Auckland Council to grow available funds for future initiatives.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Transport: Support investment in priority housing areas.

Water: Support the Central proposal including Making Space for Water and water quality targeted rate.

Parks and Communities: support the central proposal but not the Fairer Funding model.

City and Local Development: support the central proposal

Environmental Management and Regulation: Pay more, focus on circular economy, ore contestable grants. Increasing investment in this area will improve the way in which the city manages environmental issues.

Economic and cultural development:support the central proposal

Council support: support the central proposal

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#13058

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#13058

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Other
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Long Term Differential Strategy - businesses should keep their current share of rates and also increase their share of NETR, WQTR and CATTR (everyone living and working in Auckland will benefit from these).

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna

#13058

## Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Very Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Very Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Very Important

Tell us why

**#13058**

The intent to focus on ethnic and mana whenua initiatives are commendable. I would like to see more focus on environmental issues as well. The focus on parks is great, but conservation and ecological restoration are missing.

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Support the Making Space for Water programme.

Support the interest in environmental groups supporting volunteer networks to help with restoration and conservation. There will need to be greater investment in this area initially to then allow the groups to become self-sufficient in the future.

**8. Do you have any other comments?**

We do not support Fairer Funding as this will take away funding from Devonport-Takapuna Local Board area. We would rather support an increase in funding to other Local Board areas to get to equitable funding.

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13082**

Support most of the proposal

**Tell us why:**

Dont tell people to get put of cars. Fix the motorway issues, ie Greville and constellation. Two lanes is too little and was a missed opportunity

**2a. Is there anything you would spend more on?**

Roading

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It's a massive north shore and auckland asset. As part of the management team working for the Trust from 1997 I saw the blood, sweat and tears that went into the stadium. We had massive crowds every weekend and hosted international rugby, football, league, gridiron, had some of the best concerts and iperas, had a league football team and hosted large sporting bodies and huge events to corporate meetings. Develop the cricket side and extra stand. The stadium went to utter ruin the second the council took over and purposely neglected it... all so you can now say it's a white elephant. Let me and a team back at it and we'll show you. Do not deprive our area of something so great. It jas so much life left and the locals want and need it. Otherwise it's utterly criminal.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#13082**

**Tell us why:**

Makes business sense.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#13098**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less road cones with no work happening

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#13098**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#13098

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know

#13098

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#13098

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	I don't know
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	As proposed
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More protection of trees and reserves - environmental protection

Better public transportation for the North Shore

More accessibility - Local Boards to prioritise Enabling Good Lives in their grants and projects

**#13108**

More community engagement investment

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less on large concrete speed bumps at intersections

Less Developers using green space (reserves and excellent soil farmland) for new housing

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Make public transport a key priority, and making parking more accessible in the northern bus stations so that public transport becomes a more feasible option

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

There is great opportunity with this excellent community resource that will be valuable to the community with better management

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport - prepared to pay more for anything but roads

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13152**

Fewer paid Mayoral advisors and staff

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Too much spent on roads and not enough on public transport , would also like to to demand response for scheduled and non scheduled transport and also defined and nondefined public transport routes

### **2a. Is there anything you would spend more on?**

Showers at transport hubs for cyclists and cycle carriers on public transport

### **2b. Is there anything you would spend less on?**

Roads, although using the roadsides as coppicing areas and other greens instioatives would get my support

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is,Change the operational management

### **Tell us why:**

They haven't lit the light under this as a hub for public transport and it feels like a white elephant when there could be a real buzz around the place 24 hours a day .

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#13152**

**Tell us why:**

Selling of a well developed asset that provides a higher level of income than a a fund which will be used to buy back the same but degrades asset, appears to be an egregious transfer of public funds to a socially inept private sector not once but twice

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I have absolutely no confidence in this councils ability to have any responsible contract with remediation and mitigation factors build into any sale or contract agreement for the sale of the ports of Auckland and can only hop for a change of leadership next election

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

The Ports need investment in their operation and development and so a balanced contribution to both areas being Ports of Auckland development and council operations is a good target for any surplus

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Looked at part 5 an saw it as a cynical push poll

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

#13152

**Tell us why:**

Not happy with either proposal the transfer is another step on the way to a stadium on the waterfront, and the current management facility is not fit for purpose as a part of the Auckland business infrastructure with in the future a shift to social cohe

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

for the meantime

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#13152

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

#13152

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

### Tell us why

As any engineer will advise support for well planned infrastructure builds a structure that provides shelter has a structural beauty and assists in wellbeing during the

**#13152**

performance of its function . Exactly the same for a well functioning society which has an infrastructure allowing the freedom to function in healthy resilient and cohesive manner

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

well its dominated by Hibiscus Coast

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bus services from North Shore direct to airport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13153**

Reduce number of golf courses that are not paying their way

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

There are too many empty buses on inviable routes. Less buses means enough drivers available. Fares are cheap in Auckland for buses and trains

**2a. Is there anything you would spend more on?**

Pay for parking at park and rides.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

It is a good venue close to transport and parking

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#13153**

Do not sell or lease our only assets. We need to keep control of them for the future. We already saw a debacle with the airport shares, and do not need more mismanagement. The idea stinks of money for mates

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

If leased out, there will be little control and less development. Update the terminals for cruise ships - the best money maker there is

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I do not trust a future fund - we can make more money from our assets

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Leave our assets alone

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#13153

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I'm No

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

#13153

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

There are so many different organisations providing the same information - we do not need more. It is important to consult with everyone about the future of the environment and land use

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Hard to know what the future will look like in 10 years. I am not dare we need local board meetings in this day and age. Zoom meetings would save building, petrol and food costs

**#13153**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop building so many houses too close together in the suburbs of the city

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less pay rises to politicians charge more tax to rich that pay for land to

**#13165**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Fixing the roads would be good and building proper motorway. More buses running at peak time. AT 6AM there is hardly any buses running from Silverdale and Gulf Harbour traffic has increased too much. Trains

**2a. Is there anything you would spend more on?**

Safe Cycle routes, ferries

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Having it being used more between events and for the community sounds good. Avoid selling NZ land to overseas investors.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#13165**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The plans seem too vague, think of something better

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

There is going to be an increase in homelessness stop wasting money and save

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Other

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

People with more than 2 or 3 houses and have millions should be paying premium rates and taxes to help off set the increases

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Devonport-Takapuna, Hibiscus and Bays, Rodney, Upper Harbour, Waitemata

**Devonport-Takapuna Local Board Priorities**

**7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Not Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide	Not Important

#13165

decisions on the use and management of our parks and open spaces.	
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Not Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	I don't know
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Not Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Not Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Not Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

Not keen

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

#13165

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Not good

**Rodney Local Board Priorities**

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

#13165

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Very Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Fairly Important

**Tell us why**

#13165

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Rodney

## Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Not Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Not Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Not Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Not Important
Implement actions from the Upper Harbour Engagement Strategy.	Not Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important

#13165

Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.

I don't know

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

None of the above

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

Put the library in the stadium building

**Waitematā Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.

Not Important

#13165

Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Not Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Fairly Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Fairly Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Not Important

**Tell us why**

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Plan for more train services north of Auckland

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13172**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Cycleways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#13172

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I think the port needs to stay as it is, I don't think creating more places for the public to hang out is needed and commercial development can be elsewhere in the city

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#13172

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	I don't know
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More compliance checking and enforcement of resource consents for environmental protection.

Please process the notable trees applications!!

**#13180**

I don't agree with putting roads and public transport into one box to tick. I think we need to focus on public transport and safe alternative individual transport like walking and cycling.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

Please don't stop safe cycling initiatives

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

#13180

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#13180

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support

**8. Do you have any other comments?**

Heart of the Bays is contracted to be the community center provider within Browns Bay and does not use Local Board funding on things that is inclusive of the diverse community. Heart of the Bays should be disestablished and replaced with a community hub that combines the East Coast Bays Library, the Leisure Centre and a community space that works together to operate more successfully.

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- 1: Start using all of their existing property assets to increase income.
- 2: Improve the quality of management they have throughout the Council.
- 3: Stop the financial wastage that is happening at so many levels.

**#13228**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

1: Terminate the Ventia contract. They are an Australian Public Company now costing in excess of \$300m per year for doing work that Auckland businesses and their Kiwi workers previously did to a far better standard.

2: Force Ventia to provide a public customer service telephone number in Auckland to report when their rubbish clearance is not completed on time. Currently Ventia forces the ACC to take those customer complaints costing the ACC far more totally unnecessarily.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Providing cycleways is a totally unnecessary expenditure when 80%+ of workers never ride a bicycle to and from work. Also potentially providing a cycleway over the Harbour Bridge is nothing but a waste of financial resources when it is impossible to ride a bicycle on the Bridge when winds in excess of 20 mph are a regular occurrence.

**2a. Is there anything you would spend more on?**

1: Better and much more effective Management at Auckland Transport. Currently they operate like a backyard business and that reflects on extremely poor management skills. AT even refuse customers to accept Credit Card Payments from customers that have received fines.

**2b. Is there anything you would spend less on?**

No.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**#13228**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Maintaining assets like a shareholding in Auckland's International Airport when the Council is facing such debt and a shortage of funds is an absolutely ridiculous. However it is an excellent idea to lease our Port of Auckland to a private operator and make the most of an irreplaceable asset

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I have witnessed incompetent management skills at so many levels within the Council in recent years - prior to the arrival of Mayor Brown. Leasing out the Port takes that pressure off the Council allowing them to focus better without that additional responsibility.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Investing in anything other than improving the ACC Management Structure could cause more wastage. Invest once the Council has closed down the Panaku Development business thereby benefitting from what is currently a waste of money

**#13228**

that seems to contribute nothing back to the Council's funds while they enjoy not publicly releasing the financial facts about how profitable or not Panaku has been.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Over the last 5-6 years I have personally witnessed so much financial wastage by the Auckland City Council including buying properties for ridiculous prices and then not using those properties to increase their revenues. I personally witnessed the purchase of a residential property at the Long Bay Regional Park for a totally over-valued price of \$3 million, and still today the property sits vacant and deteriorating by the day. And Park Rangers as well as the relevant Local Board do nothing other than continuing to spend more money from which the Rate Payers see any benefit. Such poor financial management.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Assets that are not being managed appropriately is just yet more financial wastage. The Auckland City Council should be making every effort to increase revenues from every asset they own .... and I suspect Mayor Brown and the general Rate-Payers of Auckla

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

The Bledisloe Terminal is a valuable asset that should be used to create additional revenue for the ACC and all Rate Payers. With Council expenditure and debt levels being what they are, every dollar of every asset should be put to work. I don't believe that the current skillsets within the Council or Local Boards is such that outside

#13228

specialized commercial accumen with the relevant expertise should be employed to provide a creative income that earns for the Council what it is worth in the Commercial World with the minimum of risk. That does not include using it for a stadium or any other similar usage when access to the site and lack of suitable parking does not exist, and would be an extremely difficult challenge.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

**Tell us why**

I have personally witnessed decisions being made within Local Boards that indicate a willingness to spend without having any great degree of commercial accumen or any thought given to where the money comes from OR how that expenditure could be used to financially support itself going into the future. A perfect example of this has included spending/donating rate-payers money to a project that cannot provide the income to support themselves in the future. At the same time they were discouraging the purchase or leasing of that property to third parties that could not only enable that asset to pay it's own way, but also provide benefits to the local community. Rate-Payers money should be used much more wisely so as to enable whatever the funds are spent on can become financially self-supporting within a maximum of 3 - 5 years. I'm currently watching a property that was purchased by the Council for twice what it was worth, and the buildings still remain empty and are becoming more dilapidated by

**#13228**

the day. I have no doubt that similar situations exist across Auckland ... all of which creates further debt for the ACC which quickly becomes unmanageable.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Average

**8. Do you have any other comments?**

I have personally so much financial wastage by the Council over the last 5 years. This included the replacement of a vehicle-crossing/footbridge at the local regional park that even from the drawing-up and design stage of the project was totally inadequate for the purposes for which it was originally used and intended. As a builder myself it was evidence that those given the task of drawing up the construction plans never even visited the site to check and ensure that their plans met the requirements. As a result, just 3 months after the build was completed and opened, the new bridge was completed, it had to be closed so that extensive changes to the original plan could be made so it was fit for the intended uses.

The Regional Park where this is located has been so mismanaged in recent years that existing revenue generating building have been torn down after leases were cancelled. and those involved gave little of no thought to the \$3m - \$4m wasted or the lease revenues they lost. AND THIS IS JUST ONE EXAMPLE of the financial wastage and little or no thought to the loss of revenue for the Auckland City Council and Auckland's rate payers.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Fairly Important

#13262

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

## Your feedback

1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. Not prepared to pay more. Rates and "add ons" are too much already.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13294**

Re 1a. Do more with less. Eg reverse Auckland Council Resolution ENV/2019/72 and apply real science. There is no climate emergency.

Apply less activity towards Net Zero 2050 and thereby free up funds for core activities.

Remove the goal of 2030 50% net carbon and 2050 zero net carbon. Deregister from C40 cities and other Climate Emergency campaign organisations.

## **2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**#13294**

It is a concern that the Port is only returning 2% pa to the ratepayers. If it is not possible to increase efficiency and returns under Council ownership then a lease option may be a alternative. As the Port is a strategic infrastructure asset, some sort of highly and carefully regulated lease would be required as is common with other major infrastructure assets around the world. The Port is important to all New Zealanders and it's charges affect both the price of our imports and the profits of our exporters. Any new potential lessee cannot be allowed to have full control over pricing. Hence proceed cautiously.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

If retained, allocate reserve funds for Port of Auckland infrastructure refurbishments/repairs and maintenance. Balance to fund a council that concentrates on core services for ratepayers and is run efficiently.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Explore option of higher insurance excess.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Could be used for better/expanded ferry services in Auckland. Not for more apartments or the like.

**5b. What option do you prefer for Bledisloe Terminal?**

#13294

Tell us why:

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

<p>Support the development of community led resilience networks in our area, so our community and organisations will know who</p>	
---	--

#13294

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

Re 7b Key word is "local board". Since moving from Centreway Road, Orewa, our board is no longer really local. Hence, democratically elected representatives are more disconnected than was the case previously.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Resolution ENV/2019/72 declaring a climate emergency says, to the effect, that climate change does not satisfy the definition of an emergency under the Civil Defence and Emergency Management Act 2002. And that a declaration of "climate

**#13294**

emergency" has no other inherent statutory or legal implications. But such a declaration might highlight the Auckland Council's belief in the importance/urgency of addressing climate change.

In this respect, Auckland Council beliefs are based on faulty premise.

There is no 97% consensus. Many reputable scientists say that there is no climate emergency, but their voices are suppressed. Healthy uncensored debate on the issue would be a constructive way forward.

No cost benefit analysis has been prepared by council. However, Professor Michael Kelly estimates the cost would be \$250,000 per NZ family unit.

The IPPC headline stories are politically driven and its gloomy 10-12 year predictions have not materialized.

The road to carbon zero is the road to financial ruin and a planet that is incapable of supporting life as we know it. The truth is more important than "belief".

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#13300**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

I cannot support the proposal if this is to be delivered by Auckland Transport (AT) if they are operating under the same leadership who have delivered ridiculous so called safety improvements in the past few years. Local roading projects have been a farce, with hundreds of thousands of dollars spent where there were no problems to resolve. Such examples have been well documented by media outlets.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**#13300**

**Tell us why:**

The North Shore cannot lose this important asset. If it goes, the likelihood of Auckland Council reinstating this at a later is zero.

I support changes to the operational management.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The location of the Port is not desirable for the environment, not the practicalities of moving freight. Proceed with relocating the port. Be aspirational and take a long term view for the good of the city and the country.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13300

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The Poet should not dominate the Auckland waterfront

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The Poet should not dominate the Auckland waterfront

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies,

#13300

including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.

Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Parks for teenagers and parents to enjoy.

Was quite sad The council dropped the proposed Waterloo Reserve in Milldale.

It was going to have a purpose built pump track and basket ball courts for all ages and families.

**#13305**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

I was so sad to see the stadium cut up to support a defunct baseball team . It looks awful now. A group of us dads used to buy season tickets every year to support North Harbour Rugby and enjoyed going out for dinner before the games.

The atmosphere dried up. Please rebuild a 10,000 seat arena so it feels full and the atmosphere alive!

We can bring back blues pre-season games and warriors games, even football games in a boutique filled stadium - 10,000-12,000 would be amazing.

Thankyou

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#13305**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#13305

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#13305

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
---	----------------

#13305

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Sea walls . Roothing network - im particular Long Bay. It really needs to sorted asap. Hundreds more houses being built & apartments and still only an old goat track of a road to get out of via Glenvar to the most dangerous intersection in our ward.

**8. Do you have any other comments?**

Please invest in North Harbour Stadium to a boutique 10,000-12000 stadium which will be an absolute amazing atmosphere to support our local and national teams & concerts! Nga Mihi Andrew

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Auckland Council needs to stop wasting money outside of core services. Auckland Council should not be scaremongering over high rates versus cuts to services, when

**#13314**

we can all clearly see the wastage going on. Cut the waste first, before coming to Ratepayers for a hand out during a cost of living crisis.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

It is already easy enough to pay for public transport and it is not necessary to bring in another new system until the current system actually needs replacing.

I don't believe there should be a \$50 cap on public transport for some, at the same time as increasing fares for others. If fares really need to be increased to cover operating costs, this should not be used to subsidise other users.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management,Other

### **Tell us why:**

North Harbour Stadium has been utterly vandalised by Auckland Unlimited. They have done major damage to the stadium, demolishing stands in order to fit a sport that was NEVER going to attract a big enough crowd to justify using the stadium. This damage needs to be repaired, and the Stadium placed under new management.

I am also opposed to a waterfront stadium. It is the wrong place for it. Our existing stadiums, if run properly, are sufficient.

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13314**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Auckland Council needs to stop looking at the Port and Airport based on how much money they return, and instead look at the total value they bring the city. The Port is the heart of our economy. 90% of the imports don't leave our city. Demanding more profits, or leasing it out, simply drives up the costs for every Aucklander, for everything we buy. The Airport is our gateway to Tourism, another big part of our economy. Unfortunately it seems Council is too small minded to see the bigger picture, that they deliver a huge net benefit to our economy, even if they don't deliver massive returns directly.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The Port should be left under the operation of POAL and the Council should stop demanding dividends. Council gets its dividends from having a thriving economy, not from taxing the Port. Port profits should be reinvested into the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Reinvest them into the port.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13314

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Council needs to do more to cut Wasteful Spending.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#13314

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

### Tell us why

Council should not be spending Ratepayers money on social engineering.

**#13314**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Council needs to listen to the people. Retain the Gulf Harbour Ferry. Enforce the encumbrance on the Gulf Harbour Country Club. Just because someone has money, they should not be supported in purchasing and destroying a community asset just to extract obscene profits from reselling the land.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13323**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I want to see continued spending on cycleways, and active traffic management (including temporary traffic management). More support for public transport, less focus on drivers.

**2a. Is there anything you would spend more on?**

I want to see continued spending on cycleways, and active traffic management (including temporary traffic management). More support for public transport, less focus on drivers.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I support the idea of a future fund, but oppose the suggestion of transferring shares for them to be sold. Services and assets should be retained in-house

**#13323**

rather than be outsourced. I am against the privatisation of public services and strongly support the retention of publicly owned assets in public ownership and control.

I would like to see alternative options for setting up the future fund.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Services and assets should be retained in-house rather than be outsourced. I am against the privatisation of public services and strongly support the retention of publicly owned assets in public ownership and control.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

I feel like this local board area lacks so much community. When I visit other parts of Auckland and see the amount of services, events and space creation provided by community facilities and Auckland Council I do feel like I am missing out. Where are the Pride celebrations? Matariki events? Diwali festivities? Local community events that aren't all about spending money? Let's create something that really brings a sense of belonging for residence - I've been 3 years and just don't feel like I belong to this place.

**#13323**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

The Northern Express Busway is the reason I moved to this area, it is awesome.  
Support more public transport and cycle ways!

**8. Do you have any other comments?**

1. Pay equity - strongly urge Auckland Council to set aside budget for pay equity settlements.
2. Council services and assets should, in principle, be retained in-house rather than be outsourced.
3. Staff retention - Auckland council should prioritise the retention of staff in this budget and any actions arising from it
4. Council should commit to becoming an accredited Living Wage Employer and extend the payment of a living wage to all contracted staff including those contracted to Council Controlled Organisations.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	As proposed
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Look after parks and reserves have a dedicated gardening team. I would like to see a second harbour crossing to ensure transport links across Auckland are maintained. Love to see more development of the waterfront with the port moving. Safer roads clean waterways - the council should be checking streams to ensure flow to prevent floods in the future.

**#13347**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop building raised pedestrian crossings these slow up emergency service vehicles and are very annoying to all commuters. Less orange cones

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Definitely agree with stopping any more raised pedestrian crossings living on the shore I love our busway it really improves the commute to the city more parking spots for park and ride would help

**2a. Is there anything you would spend more on?**

Better roads safer roads - safer for cyclists - cycling on the north shore is dangerous

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

I live on the shore and we need a stadium as we have a large population - I think the stadium is currently underused because it is too expensive for local groups schools to use it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#13347**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We should keep shares in the airport as I think it makes money for Auckland

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

I think the port should move out of Auckland city as it brings too much traffic through the city

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Profits should go back into the city and improving the city

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#13347

I would like to see the port land developed

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#13347

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

#13347

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

Good important to maintain our sea water quality and streams water quality parks and reserves need to be well maintained Roding and cycle ways are important access to libraries very important

**#13347**

8. Do you have any other comments?

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. I consider that enough of the ratepayers money has been wasted already.

For example, the Orewa library extreme costs for the update is not necessary. A new roof, carpet and paint would have been quite sufficient for a makeover.

**#13363**

Have you realised that increasing rates adds an extra burden to people who already have enough trouble paying for necessities such as food, insurance, petrol, power and water bills?

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Yes. Cancel all the free concerts and movies in the parks. How many people actually attend these? This money could be better spent elsewhere.

Stop re-painting and re-making pedestrian crossings. Raised crossings mean vehicles stop and start more often which uses more fuel and leads to greater emissions.

Stop painting rainbow crossings, this is a waste of money. This is also not a usual pedestrian crossing recognisable to everyone.

I suggest that you follow the science regarding climate change that says there is no climate emergency. Remove the goals of 2030 50% net carbon and 2050 net zero.

Considerable money would be saved by not deeming it necessary to follow these goals. We know we actually need CO2 for plants to survive so we can have food and oxygen.

I suggest you watch the documentary - Climate: The Cold Truth

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Do without raised crossings. The cost in Auckland has been many times higher than in Wellington, for example. Has there been corruption, bribes and other kick-backs?

Why not have smaller buses for times of the day when users are fewer?

What would the cost of having a new system making it easier to pay on transport networks cost?

**2a. Is there anything you would spend more on?**

Better quality tarseal that lasts longer. Not refilling potholes ever so frequently!!

**#13363**

**2b. Is there anything you would spend less on?**

Stop reducing the lanes to smaller widths which means more work is being done to repaint the various yellow or white lines. This obviously costs money to do so.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Don't spend more money on redevelopment but make sure the stadium is marketed well and used more.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Council management of such a fund is unlikely to be done well. I would not want council shares of AIAL to be sold because of lack of understanding the pros and cons of so doing in the long term.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't want the port operation to be leased out and allow profits to go offshore.

#13363

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self-insurance is a well-known system with cost benefit advantages. However even without the Future Fund it is simple to accept higher excesses on claims. This is not a difficult concept.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Works well for smaller ships.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensure our population of native birds, native vertebrates and invertebrates are protected from the likes of cats, mustilids and dogs. This could also be assisted by ensuring that any new developments state that no domestic pets are allowed, period

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13401

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

The more spent the higher our rates so wherej do you draw the line?

**2a. Is there anything you would spend more on?**

Environmental protection

**2b. Is there anything you would spend less on?**

Cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Take it out of council hands and return responsibility to the North Shore rate payers. Council lease costs have resulted in significantly less return due to excessive costs charged . The stadium was financed by north shore rate payers so council should not be managing the complex.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Selling tje airport shares for short term gains is dum \*\*\*\*\* bureaucratic stupidity

**#13401**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13404**

Support most of the proposal

**Tell us why:**

Adding payment to park and ride parking is a mistake if the feeder bus services are not there (and they are often not). The unintended consequence is more people working from home as public transport becomes more unaffordable and a less vibrant city centre

**2a. Is there anything you would spend more on?**

A robust transport network

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

What other assets can be used in this fund? I would support selling some of the shares but not all

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#13404

Tell us here:

Plan to move the Port and to codevelop the land with private companies so that Auckland benefits as much as possible from the asset

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#13404

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	

**#13404**

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

The development contribution charged on new builds seems to be far too low given the amount of investment that is required to support additions to infrastructure. It could be a potentially bigger source of revenue.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Movies in Parks etc.

**#13421**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Improving public transport is key to a great liveable city.

Ditch as many raised pedestrian crossings as possible.

**2a. Is there anything you would spend more on?**

Bus lanes from Hibiscus Coast station to Albany.

**2b. Is there anything you would spend less on?**

I would spend nothing on raised pedestrian crossings.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

This stadium is a great resource for North Auckland and there is scope for it to be used much more frequently, and generate further income for the Council.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#13421**

Selling shares in Auckland International Airports feels incredibly short sighted. Assets generate income and with the expansion of AIAL, shares and dividends will grow in value.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Again, investments = dividends and income. These options to sell reduce short term pain but compromise seriously income and options in the longer term future.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

At present this is the best use of funds, particularly with the removal of the regional fuel tax.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#13421

Minimal cost and impact for maximum public gain.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Provides maximum return to Council as part of the overall Ports function. Maintains value of the Port land and offering.

I strongly believe a lot more transportation of goods should be by rail, but it is known that most is by truck, which is far more taxing on the environment and our roading network.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#13421

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Introducing charges for recycling in schools will mean many will flag the recycling as "too hard". Lower decile schools will not be able to receive the benefit of being able to keep some costs reduced through increased recycling.

I am NOT in favour of Council funded refuse collections. I and many others have our own composts and put out a bag of rubbish for my family of 4 once every 4 or so weeks. Council taking over these costs means we are subsidising others who cannot be bothered doing their bit.

#13421

If this ship has sailed, I would be more supportive of a fortnightly rubbish collection. This would make more people use the compost caddies and hopefully think more about their rubbish generation.

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Fairly Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Fairly Important

#13421

Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Fairly Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Not very inspiring.

Yes to improved local recycling centres, yes to lobbying for the Whangaparaoa Transport interchange and retaining the GH ferry.

A resounding no to continued spend on Orewa beach. Managed retreat has to start entering discussion. Additionally, not really interested in the practical advice for landowners for explaining how to manage effects of climate change. People should be taking their own responsibility for this.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Local councils know what their local needs are and more funds should be transferred to local levels

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13454**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It is a fantastic stadium that could be better managed and utilised. Albany is rapidly growing and a need for a stadium like this is growing.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The airport is our future fund!

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13454**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Upper Harbour

### Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Very Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Fairly Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Fairly Important

#13454

Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Fairly Important
Implement actions from the Upper Harbour Engagement Strategy.	Very Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Very Important

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

Investigate options to sell land and introduce a targeted rate

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

Give a little page?... Local community fundraising. Local businesses getting behind it?

**#13454**

8. Do you have any other comments?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity	Not Important

#13506

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Providing public transport that is not reliant on our already busy roads. The train network should not have shut down entirely every year for three weeks. Ferries are a viable option in a city like Auckland but they shouldn't cost a small fortune to use (the price of a fare to Waiheke on the ferry is outrageous).

**#13514**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Hosting public events is not a good use of ratepayer funds and should be reduced or eliminated

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

The plan focuses on road based transport (i.e. bus services) and apparently ignores other forms of transport such as ferries and trains. I strongly oppose the suggestion to charge premium fares on outer harbour ferry services, which already pay higher fares than the inner city routes, and receive a lesser service in the form of fewer services running throughout the day. My daily commute on the ferry is by far the best way to travel to work in the city - I can start work on the ferry, and I don't have to worry about running late due to traffic. The proposal to charge a premium fare appears to be an attempt to further decimate the Gulf Harbour ferry service by reducing passenger numbers by increasing the cost, with those who can no longer afford to take the ferry being forced to take an alternative form of transport (bus or car) which takes significantly longer and adds to congestion on the roads.

**2a. Is there anything you would spend more on?**

Funding ferries, trains and cycleways

**2b. Is there anything you would spend less on?**

Bus services, speed bumps

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**#13514**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#13514

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support

#13514

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

don't club roads and public transport together. Getting more people on public transport reduces congestion, resulting in fewer new roads being needed. LA realised this 40 years ago! Public transport should be more heavily subsidized which is good for the environment as well as less congestion which is good for the businesses that actually do need to use the roads

**#13544**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Yes. The super city promised fewer people would be needed to provide services. This has not proven to be true. Look at yourselves before you ask us to pay more.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

- you plan to make public transport more expensive
- cycleways and raised pedestrian crossings make drivers slow down and make it safer for all, as do cycle lanes. You don't seem to care about that

**2a. Is there anything you would spend more on?**

Cycleways, pedestrian friendly areas and subsidised public transport - just like the rest of the 1st world have been doing for years.

**2b. Is there anything you would spend less on?**

Council BS

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

The North Shore has a large population that needs a stadium (that we already paid for btw). we all know the skullduggery that went on with the transfer of its ownership and management. The fact you haven't opened up this question to eden park, mt smart etc is telling

**#13544**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

because we have no right to screw the future of our children

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

move the port our of the Waitemata

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

move the port our of the Waitemata

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#13544

**Tell us why:**

tell us what you propose to do and who makes the decision as to what best provides public benefit.

**5b. What option do you prefer for Bledisloe Terminal?**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Open up Marsden point refinery again, so we are more self sufficient in NZ, especially when the fuel and roading by products etc!!!

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13552**

Get rid of the CEOs with their huge salaries and get some more practical people with honesty and integrity on your staff in all areas!!! Especially to support what the mayor is trying to accomplish!!!

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

The first doesn't need to be faster!

The rest ok

The 2nd agree get rid of the so-called traffic management the sit around and do nothing all day! Get rid of the ridiculous amount of orange traffic cones and the amount taxpayers are paying for them!! Etc etc

3td also stop the ridiculous changing of pedestrian crossing colour which is going to cause more accidents! And get rid or stop narrowing streets, parking , speed bumps and CONTROLLING PEOPLE!!!

### **2a. Is there anything you would spend more on?**

NiO STOP SPENDING TAXPAYERS MONEY INNECESARILY!! And HAVING US AS GAURANTORS FOR YOUR AND THE LABOUR GOVERNMENTS RIDICULOUS OVERSPENDING!!!

### **2b. Is there anything you would spend less on?**

Everything!!! Whatever happened to living within your means???

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

Commonsense

#13552

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council’s shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Anything to keep rates down, which is theft

Climate hype is a lie! And NZ IS DOING A FAR HIGHER PERCENTAGE THAN MOST COUNTRIES ALREADY AND CHINA WITH THEIR HUGE POPULATION ARE DOING NOTHING!!! WAKE UP KIWIS!!!

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Commonsense!!

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

“” “”

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13552

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#13552

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#13552

## Hibiscus and Bays Local Board Priorities

### 7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support any priorities

#### More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Not Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

Tell us why

**#13552**

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Keeping the waterway in Gulf Harbour free of weed. Mowing the grass at the beginning of Regency Park Drive properly - and or fixing whatever water seems to keep it wet especially in winter - but still only gets half mowed even in summer now.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13562**

Unnecessary cultural consultations.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

While I think there is some merit in capped weekly public transport as proposed I don't think it should be at the expense of ferry services in any way. All public transport should be user pays or treated evenly. I do not want speed limits raised. I think a raised pedestrian outside Wentworth College or some other safety situation is necessary there as it is hidden when buses or vehicles park there and accidents happen and many close calls. I don't like dynamic lanes. I think Whangaparaoa road should have been 4 lanes. Proper parking needs to be provided for the park and ride Silverdale and will also be necessary for Penlink.

### **2a. Is there anything you would spend more on?**

Fix the Gulf Harbour ferry service. If you can't update the ferries just maintain the ones there are or buy some more and put on more runs to provide a good service and also weekend ferries.

### **2b. Is there anything you would spend less on?**

Planting the garden bed at the top of Gulf Harbour Drive - while it is pretty it is unnecessary and it gets done regularly. Better to monitor the grass mowing which seems to be really slack in the last few years - the weed eating doesn't get done properly anymore and the mowing is less regular and depending on the crew as to a decent mow or not. It used to be much better.

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

**#13562**

Run it better and put on affordable events. Don't sell public assets for housing. Otherwise turn it into a beautiful garden park for the public.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I think shares in Auckland International airport should be kept. I think the money would be wasted as proposed.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I would like to see Auckland Council retain control and run it well.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Fund council services properly now and for the future.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#13562

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I think leave as part of port operations and also require that Cruise ships do not interfere with Gulf Harbour ferry operations.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to</p>	<p>I don't know</p>

#13562

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

The current rubbish system operates really smoothly - if council is in charge and doesn't monitor contractors it will end up the same as the mowing service - haphazard and poorly done.

#13562

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Not Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important

#13562

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

Not Important

**Tell us why**

Keep to the core services - water, waste, maintaining green spaces, libraries, the leisure centre and make it easier to get consents and not as expensive. Keep rates affordable.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I don't think it is the job of council to promote diversity. I think council should keep rates affordable and concentrate on providing efficient core services. I think keeping waterways clear and maintained is very important. Waterways in Gulf Harbour need some work. Low-lying drains and streams around Whangaparaoa need work by the council and not pushing responsibility onto adjacent landowners as when flooding occurs it affects so many. I do think Orewa Beach is an important asset and needs sensible planning and maintenance and not just moving sand around.

**8. Do you have any other comments?**

The Gulf Harbour Ferry service was good before covid. Now it is a reduced service and this needs to be improved. Also the council should stand by it's own commitment to the green space 999 year zoning permit for the Gulf Harbour Country club. Letting a developer use it for housing will wreck so much in Gulf Harbour and the argument that the rest can be a viable golf course doesn't seem to stack up either.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build a state of the art large public hospital to cover the North Auckland region up to Wellsford, to serve 500,000+ residents that will grow significantly as new communities are built.

**#13593**

Buy up more land to turn into beautiful green spaces. The best way to protect our environment is to stop turning it into a concrete jungle. Teach climate protectionism in schools but stop reckless spending.

Economic development will increase once we lay down future proofed infrastructure - this will get the city moving again.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop installing traffic lights and speed humps. Reduce cones.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Re-establish the previously high patronage of the Gulf Harbour ferry service. Add a much needed weekend ferry service. This will get more cars off the heavily congested Whangaparaoa Road, and the Northern Motorway.

Add a bus lane to Penlink - a total no Brainer. Pending is badly designed and will cause even more congestion at the intersection with Whangaparaoa Road - a total mess.

Widen Whangaparaoa Road. You can build more houses if the road can't cope currently and is dangerously narrow. A car accident happened today and effectively isolates the entire Gulf Harbour region.

**2b. Is there anything you would spend less on?**

Large busses. Run smaller, nimbler busses. In Whangaparaoa the busses are so slow so many people don't use them. They are exceptionally badly routed. Not rocket science. Route them properly and they will be better used.

**3. Which options do you support for the North Harbour Stadium?**

**#13593**

Change the operational management,Other

**Tell us why:**

Keep the stadium and expand its precinct/operations so the 500,000 residents of North Shore have a proper sports and entertainment venue. Make it a substantial venue for this large community.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It's one of the few profitable investments. Keep it.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Move the Ports of Auckland. Keep the land in AC ownership and develop the site into a world class green space. No housing. Think Sydney's Botanical Gardens/Opera House/Darling Harbour or San Francisco's waterfront or basically like every other world class port city. Create more substantial green spaces - this will bring people back to the city. Wynyard Quarter is tiny and insignificant. Stop thinking so small.

New York, London, Paris, Madrid, Tokyo do not sell off their beautiful parks no matter how much pressure they have for more housing. Think smarter. Stop shrinking our green spaces - increase them instead. Our place in the world is going backwards as we cease to be a liveable city. With only 30,000 people living in our city center start thinking a out ways of bringing people in. Like bringing back the Gulf Harbour ferry service. A 50minute ferry ride as opposed to a 90-120min bus ride...

**#13593**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Move the Ports of Auckland. This will cost initially but it will get trucks off our city center roads and out of our main Harbour. Develop a cruise port alongside a beautiful park where the ports are now. More tourism dollar.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Turn this into an entertainment zone on a green space.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Turn this into a space like Woolloomoo Wharf - a mix of restaurants, hotel, luxury apartments.

**6a. What do you think of these proposals?**

#13593

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	Very Important

#13593

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

The biggest priority is to improve our infrastructure. Stop building up to the edge of the Northern Motorway! Lay down a large transport corridor and future proof our transport network. Learn from the Southern Motorway corridor having to buy back houses so it could be widened. 20 years ago Brisbane laid down a massive corridor and increase it as the population does. At no time did they allow commercial or residential to be built near it. This is called futureproofing...

Build a hospital in Dairy Flat, close to the motorway. Lay down enough land so it can grow as the population does. Build it concentrically in park like grounds. Add a ring as the population grows.

Bring back a increased Gulf Harbour ferry service!! including a much needed weekend service. Late nights Wednesday to Saturday.

Build a bus lane on Penlink. Make Penlink 4 lanes now.

**#13593**

Make it 3 lanes heading north to Silverdale. It's incredibly dangerous as the traffic in the only 2 north bound lanes grind to a halt before Silverdale. It's backed upto Oteha Valley every day.

Extend a bus lane from Albany direct to Silverdale.

Re-route our busses so more time efficient.

Stop allowing infill housing if we have no schools or medical facilities to take more people.

Our waste system overflows into Little Manly Beach every heavy rain.

Keep the Gulf Harbour Country Club as a green space and honor its 999 year covenant.

Build more green spaces with larger sports grounds with parking, cos the busses don't work.

Build a light rail to Takapuna above the bus lane.

## **8. Do you have any other comments?**

Think smarter. Plan out the city for 100-200 years. If you have a robust transport network then build satellite cities. But lay down the infrastructure first, like every other major city does. It takes less time to travel by train from Bath to London than it does by bus from Gulf Harbour to the city- this is just wrong on so many levels.

Auckland has become unliveable and only getting worse. We have allowed our urban planners to destroy our city. We will loose tourists (and residents) with our dead inner city, lack of inner city green spaces, and high crime rates.

Stop thinking small. We are a big city, start acting like one. The brain drain is real. Get the city moving again by connecting all of Auckland. Stop just thinking central, look to the suburbs.

With random housing intensification, there is no way to control well considered growth. Urban planning 101, build close to MASS transport hubs, of which we have none, or city centre's- for which we can not get close.

Save the Downtown carport.

Case study. I live in Manly. I work for myself. I have meetings in the city center but it takes 2 or 3 busses nearly 2 hours, or a 40 minute drive, or a 50 minute ferry ride which could be even faster if the ferry was electrified... I'm one of many, with no option but to drive.

**#13593**

Also, no congestion charges until there is efficient public transport to support all residents. Big cities can do it because they have a mass transport system, Auckland does not.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop making everyone have 3 recycling bins - many don't want them and the environmental damage in creating a HUGE amount of plastic has to far outweigh the

**#13603**

savings. We just don't need so many plastic items when you are asking us all to reduce plastic use.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Yes stop raised pedestrian crossings but reconsider some of the planned cycleways, particularly where they are safe for kids to go to school, link existing cycleways or are in an area that makes for healthy exercise.

### **2a. Is there anything you would spend more on?**

Getting a decent ferry network operating at a reasonable cost to passengers, like other major cities around the world. One ferry with 60 - 100 passengers has to be less damaging to the environment than a fleet of cars or busses with wear and tear on roads, huge emissions, . More ferries would avoids traffic congestion and reduces the need for parking at downtown destinations.

Be more far sighted with projects such as the O Mahurangi Penlink - only making one lane each way means it will already be inadequate for demand even before it is finished. At least make it 3 lanes so it can have a dynamic centre lane

### **2b. Is there anything you would spend less on?**

Yes. The fleet of vehicles with cones, lit signs & workers that are required for any essential works on or near roads, such as infrastructure essentials or even hedge & grass cutting. Other than on main highways, they cause more of a hazard than well set out cones and a lollipop person, they cause traffic congestion, move around in convoys, have to sit around waiting for work to be completed and generally make a bigger hazard that if they weren't there. Plus they must cost a lot with no productivity

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**#13603**

**Tell us why:**

Millwater, Milldale, Orewa, Red Beach, Silverdale are all rapidly expanding residential and light commercial areas. More people means more demand for facilities like the stadium and the population north of the harbour crossing must surely warrant keeping the stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The council is caretaker of the remaining shares in AIAL on behalf of all local ratepayers. Loose control by allowing it to be sold off, unless you guarantee that it will be kept in New Zealand ownership is a mistake that cannot be reversed in the future. As to the future fund, even the best managed funds can fail.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

GO with the lease option but don't put all the investment into a Future Fund, use some to complete existing projects.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The council manages the asset for the people so it should give back to the people

#13603

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

DO NOT loose control of the land whatever happens.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

If the port can operate efficiently from a smaller footprint, then let's make the City of Sails a more appealing city to live on and to visit - make it a better tourist destination to help revitalise the rest of downtown Auckland

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Support

#13603

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

#13603

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity	I don't know

#13603

in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Most of it sounds sensible. As someone who lives at the end of the Wgp peninsula I am passionate about keeping the GH Ferry service. Only tonight there was a minor accident that almost totally cut off the end of the peninsula so we have to have an alternative route

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No. The council should be drastically reducing spending. Council has been wasting ratepayers' money. If council's spending or dream spending is surpassing rates received, then the council needs to amend their pie-in-the-sky dreams and drastically cut back on spending.

**#13626**

-The number of rate-payers we have increases with population growth. So there is no need to increase rates to cover costs.

-In a post-covid time, when 1000s of Aucklanders have lost their jobs and 100s of businesses have been forced to close, now is the time to cut down on spending. Suggesting an increase in rates is lazy, selfish, unethical, out-of-touch and wasteful. It reveals gross incompetence, greed and corruption. I have lost 5 jobs since covid, so I know how hard it is to earn an income in this economy, let alone a liveable and sustainable income. The economic situation has changed and people are struggling. So it is unacceptable to increase rates at this time.

-Not all home-owners earn an income or are wealthy. Most homeowners have a mortgage. Most home-owners who don't have mortgages are retirees, who do not earn an income.

-By your own admission on your Easy Reader version of the plan, "This means if rates go up then your rent costs may go up too," because as we know, if rates go up even renters are affected. So if rates go up, absolutely everybody's living costs go up.

-Raising rates directly causes inflation. It causes the costs of all rents and all services to increase.

-Phenomenal increases in the prices of food since covid mean that money is not going as far as it used to, and people are struggling to get by as it is. Businesses have closed down due to the significant decrease in the public's disposable income.

-Where is this extra money for rates supposed to come from? When people are not earning money, or are not earning any extra to match rates increases, and the little money they do have is not going as far as it used to... an increase in rates is unaffordable and simply unreasonable.

Now is the time for cutting back on spending, and decreasing rates.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

-Fewer public events. During this economic period let businesses organise events if they wish. Auckland has a plethora of wonderful parks, reserves and beaches to enjoy. So at this time we the public do not need costly events or entertainment at the expense of ratepayers.

-I would like the council to stop re-building, re-vamping and adding on to perfectly good library buildings. All the Orewa library needs is a good vacuum and clean of the cobwebs in the corners, and a new roof.

**#13626**

It would also be great to see some of the empty "Library Staff" carparks re-labelled as available for library patrons. Both Orewa and Albany have many carparks for staff, and I have never seen them all being used. The public library carparks are frequently full, and it can be difficult to find somewhere to park.

-I would like the council to build higher quality roads that do not need frequent costly repairs and resealing. I have seen roads built or sealed recently, and the standard or tarseal is very poor. As a result, the stones come away and potholes develop very quickly. It is dangerous and costly. I'm sure that the changes to Marsden refinery and bitumen production have presented a challenge. However, it does make one wonder if there is any benefit or incentive for contractors to do a poor quality job and then have more contracts, or perhaps there are kickbacks or connections involved. I would like to request Auckland Council blacklist contractors that use poor quality tarseal or do a poor quality job.

-Councils should not waste money on creating dangerous raised crossings. They cause more trips and falls, especially among the elderly, but also amongst motorcyclists. They also cause ambulances and fire engines to have to slow down during emergencies where time is critical. They also cause discomfort and can cause injuries to passengers in ambulances, and neck and spinal injuries in passengers when their drivers are not the best judge of speed and distance. Raised crossings should be removed, and no more should ever be built.

-Council should not be supporting the painting and promotion of rainbow crossings, which really are a political and ideological symbol.

-Council also should not be supporting or allowing adult sex workers to have contact with vulnerable children in places such as libraries. I am a primary and intermediate school teacher. Exposing children under the age of 14 to sexual ideologies is not age appropriate, and libraries should be a safe place for children and families to be.

Why do sex workers want to have access to children?

If they wish, parents are welcome to organise access to sex workers in other, non-public places that are not council-owned or funded by the public or ratepayers' money.

-I would like to request that you drastically reduce costs by reversing or discarding Auckland City Council Resolution number ENV/2019/72, MOVED by Chairperson P Hulse, seconded by Member P Goff, and instead follow the evidence-based science that says there is no climate emergency. We should remove 2030 and 2050 goals of reducing carbon. This also means deregistering from C40 cities and other related Climate Emergency campaign organisations.

-The costs of these and the staffing and reports that the goals generate are not in the Council's real purpose.

**#13626**

-Removing these goals would cut unnecessary costs because it would mean doing less activity towards Net Zero 2050 - and this would eliminate the costs involved, free up council funds, and enable council to focus on core activities.

-The achievement of the 2030 and 2050 targets would clearly mean a total shutdown of Auckland's transport and energy systems, as they together supply approximately 75% of the CO<sub>2</sub> in the modelling. Clearly this conflicts with many of the ideas of a vibrant Auckland city as promoted by Tataki Auckland Unlimited.

-Carbon is necessary for all life. Carbon is necessary for plants, that produce oxygen for us to breathe. Carbon is necessary for fertilising and growing food and plants. Carbon is approximately 0.04% of the atmosphere, and if it dropped to half of that, all living forms would cease to exist. Less carbon dioxide would result in slower plant growth and lower food production.

-There is only a small amount of carbon in the atmosphere, and humans affect a very small portion of it. Humans only affect 3% of that 0.04%.

-As Auckland Council's September 2023 "Auckland's Climate Plan 2023 Progress Report" 3 shows, emission reduction has not been achieved in the last 8 years (since 2016) despite the costs and efforts applied. This suggests that without a radical rethink in the actions, it is not possible to comply with the Net Zero models.

-There is also currently a shortage of carbon in New Zealand. That's why the government has a support scheme for businesses that require more CO<sub>2</sub> due to the current shortage of CO<sub>2</sub> production in New Zealand.

-There are many scientific papers and books on this topic, but if the above evidence is not familiar, for a recent climate update summary, I recommend watching the documentary that summarises the global situation:

<https://www.climatethemovie.net/home>

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

-Dynamic lanes are very confusing, which is dangerous. I have seen people switching in and out of those lanes because they are confused about what they are or what time they are to be used.

**#13626**

**2a. Is there anything you would spend more on?**

-The council should ensure that quality roads are built, instead of poor quality roads that need multiple costly repairs and frequent resealing. I have seen roads built or sealed more recently, and the tarseal is very poor quality. As a result, the stones and tarseal have come off very soon, the surface is more dangerous, and there are soon dangerous potholes. It does make one wonder if there is some sort of benefit for contractors doing a poor job, such as repeat contracts, or perhaps there are kickbacks or connections involved. I suppose the changes to Marsden refinery and bitumen production may present a slight challenge. But please blacklist poor quality roading contractors and contractors who use poor quality or temporary tarseal, and only use high quality roading contractors.

**2b. Is there anything you would spend less on?**

-I frequently see empty buses or near-empty buses. I suggest using smaller buses on those legs or routes and times of day.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Keep the stadium. Losing it or the land would be a loss to the community forever. Please just find better more capable management. Hire by skill, not by ethnicity. (I am Maori, and I do not support racism or favoritism.)

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Council management of such a fund will be negligent and not efficient. It will end up costing ratepayers more.

**#13626**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The only reason a port operating company, such as DP World, would operate the port is to make a profit and send the profit offshore. DP World's EBITA margin has exceeded 28% every year, often near 40%, and that profit goes to the private shareholders, in Dubai UAE.

It is essential that the profit remains in Auckland, or at least in New Zealand. The upfront purchase cost of around NZD2 billion, which is tax deductible, also enables DP World to introduce their power over local logistics operators and extract more profit to Dubai. Even if another operator was selected, the effect would be the same.

The Australian experience shows that DP World has paid zero tax in Australia for at least the past eight years, and yet is highly profitable for its owners in Dubai; effectively the UAE government. It also pushes WEF and associated features.

Auckland Council has difficulty controlling the CCOs - it would have no chance with such an operator.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Self-Insurance is a well established and proven system with cost benefit advantages. However even without the Future Fund it is simple to accept higher excesses on claims - as we do with our personal insurances. It's not complicated.

#13626

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

These two wharves can be used to enhance the ferry services in Auckland, which require expansion to improve green transport options. It is important that they do not become places for apartments or similar constructions.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Clean bulk cargoes are still required in Auckland, and also smaller ships are better operating here than at the specialist container terminal on Fergusson Wharf. Bulk cement operations for example work very well now at Bledisloe wharf.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I support Mayor Wayne Brown's suggestion that GST goes to the council. Rates should not increase, but some of the taxes that are already collected should be

#13626

diverted to local council, rather than central government. This is because with local council, the local people can have a voice, the local people know the issues, council listen, and council can be held accountable.

Also, CATTR is a misplaced target, and includes funding part of the “Auckland’s Urban Ngahere (Forest) Strategy”. A great strategy but should not be funded by a “transport” rate. It was initially set up in 2022 as CATR, the word ‘Transport’ seems to be added in 2024, as the only way to achieve ‘Net Zero’ is to offset the transport emissions by planting more trees to offset the Scope 3 emissions that are unavoidable.

---Thankyou so much for taking the time to read and process this.

Have a great day. :)

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Fairly Important

#13626

Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Not Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Not Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

Keep local power rather than centralising

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Keep local power rather than centralising.

**8. Do you have any other comments?**

Feedback has only been open for just under one month, which for a plan and document of this size and consequence is very limited. The public ratepayers do not have the large staff that the council has.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13631**

Support most of the proposal

**Tell us why:**

Definitely stop raised pedestrian crossing - waste of money. Improve public transport, more frequent. Cheaper. Make people want to use it. Introduce congestion charges on motorway so that people embrace the free /cheap public transport. Do not charge for parking at park and rides. It will just make people use their cars. Make connections to the bus hubs better.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

I used to love going to numerous events there. Pavarotti, RWC 2011 Nd other rugby games. Now there's nothing to go to. No events. It has been totally mismanaged for a long time. And that's why it hasn't made money.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#13631**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#13631

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

Agree with the priorities. Vaughans rd and Glenvar Rd is v important. Ferry service is crucial to the whole public transport scenario. More availability- less people on the roads.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

**#13654**

- Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.
- We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per Surf Lifesaving Northern Region's Surf 10:20 Capital Development proposal.
- Mairangi Bay Surf Lifesaving Club has existed in its current location for 70 years. The current membership comprises ~150 active lifeguards, over 500 Junior Surf children aged 6-14yrs and a further ~600 associate members. The building is well past its useful life and can no longer adequately cater for its membership and activities. A new building is therefore imperative to continue being able to serve the membership and community.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

We want a National Stadium on the waterfront then you can remove North Harbour Stadium and redevelop.

**#13654**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#13654

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#13654

<p>2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

- With regard to Question 1c, Auckland Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical component of our community. They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle. Mairangi Bay Surf Lifesaving Club volunteers rescued over 70 people in the Auckland Anniversary floods and did so operating out of storage shipping containers.
- Our facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

#13654

## Hibiscus and Bays Local Board Priorities

### 7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support all priorities

#### More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	Very Important
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

Tell us why

**#13654**

Finalising the review of the 2015 Mairangi Bay Reserve Management plan and supporting the Mairangi Bay Surf Lifesaving Club to progress its redevelopment project is imperative for the upcoming year.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

It should be a priority to deliver the Mairangi Bay Reserve Management Plan outcomes within the 10 year period, including a new surf lifesaving club building and associated storage, road closure and seawall maintenance.

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

European style (safer/separate) cycling/pedestrian lanes away from parked cars, cleaner beaches (less wastewater overflow), high speed rail network north-south and east-west, alternative to harbour bridge, flood protection, coastal protection, more native trees planted across the city, more parks, and a better website for learning

**#13709**

where the council is spending time & money. Rezone central suburbs for apartments to decrease sprawl.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Less selling/leasing ownership of critical infrastructure like the airport and port. No time-of-use tax on people who have to travel at peak times can't change their hours. Less approval of large new housing projects without simultaneously expanding road chokepoints and waterways.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Auckland has the worst drivers in the country and you're proposing to remove raised pedestrian crossings and cycleways. The dynamic lanes that currently exist aren't active often enough.

**2a. Is there anything you would spend more on?**

Spend more on separating cyclists and pedestrians from cars so that people have a safe transport alternative. Consult someone from Tokyo Metropolitan Rail and build a decent rail network.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

You proposed deconstructing the stadium but haven't mentioned how much that will cost. Surely it'll cost a significant chunk of that \$33million over 10 years. Develop it further and start holding larger events there.

**#13709**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It's honestly stupid to even need to justify why a city council should retain its shareholding of the only international airport in the city. It's how nearly every single person arrives and leaves Auckland, and sets the bar for the first impression anyone has when they arrive here. If the council doesn't own any stake in the airport then it has no incentive to maintain its quality.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

35 years is SUCH a long time and the short term gain of \$2.1 billion will end up being insignificant in the long run. That'll probably be the average price of a 3-bedroom house in Auckland by then.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The present definition of how the Auckland Future Fund will be used is extremely vague, so before we give up our ownership of the ports, please fill in the blanks on how you plan to spend the money from them.

**#13709**

#### **4d. Do you have any feedback on any other part of the proposal?**

##### **Tell us here:**

The Auckland Future Fund is currently barely defined. The only information I can find about at present is:

1. Sell off/lease remaining assets (air and sea ports)
2. ???
3. Profit!

Create an investment fund or sell bonds that allow Aucklanders to invest our own money into the city, which gives us voting rights on where the money is spent for non-essential/supplementary projects. You're in a deficit so raise capital from the people who benefit the most from it -- the people who live here.

You can keep rates low for people who can't afford higher rates, and borrow money from people who can afford to invest more into the city.

#### **5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

##### **Tell us why:**

If they bring in \$300 million in value over the next 10 years, then why would we consider leasing them? If we need more wharves for ferries, then why are you proposing to reduce the number of ferry services?

#### **5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

##### **Tell us why:**

> "Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years"

#13709

Does the Bledisloe terminal not provide public benefit? What would "something else" be?

Are the wharves/terminals completely underutilized? If so, then why would the port sale be devalued by \$300 million? If they bring in \$300 million in value, then why would we consider leasing them? If we need more wharves for ferries, then why are you proposing to reduce the number of ferry services?

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fix the roads and give kids free public transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#13735**

Get rid of the Independent Māori Statutory Board, eliminate all public spending based on someone or group's race, colour or ethnicity. People are people, and all racist privileged needs to go. It is not right.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

get people out of car and on public transport by making it more efficient and cheaper

### **2a. Is there anything you would spend more on?**

Public transport and fixing pot holes properly

### **2b. Is there anything you would spend less on?**

raised crossings, speed calming, speed bumps, lower speed areas, complete waste of money that slows the city down

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

### **Tell us why:**

Keep it. Its is just stealing more assets from the legacy councils to fund central Auckland incompetency. Auckland Council stole Manukau's airport shares now they are going after North Shore's land. Stop, just run it better

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#13735**

**Tell us why:**

Keep the shares. Its is just stealing more assets from the legacy councils to fund central Auckand incompetency. . Auckland Council has alreadt stolen some of the Manukau's airport shares to pay down debt they created and now they are going after the rest.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leave it alone. Its our port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council bureaucrats would be incapable of running a fund, look at what they have done to our city. They will just lose our money.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

as above ... Don't let any of our money go into a fund run by bureaucrats, God help us

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#13735

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Public land only, No apartments

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

We need the port

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## RE: Auckland Transport proposal outcome: Duck Creek Road, Stillwater - One-Way Road Layout [RTV-497]

To Jun Park (AT) <jun.park@at.govt.nz> • AT Engagement (AT) <atengagement@at.govt.nz> • John Strawbridge (AT) <john.strawbridge@at.govt.nz> • alok.vashista@at.govt.nz <alok.vashista@at.govt.nz> • mathew.rudez@at.govt.nz <mathew.rudez@at.govt.nz> Copy  
Beth Houlbrooke (AT) <beth.houlbrooke@at.govt.nz> • gary.brown@aucklandcouncil.govt.nz <gary.brown@aucklandcouncil.govt.nz> • admin@swbc.co.nz <admin@swbc.co.nz>

Hi Jun

Thank you for your response earlier this month. I decided to take a moment before I responded as the Club and I found your response on behalf of AT very disappointing.

I raised the parking issue of Duck Creek Road on behalf of the Club 6 years ago, and re-attached are AT's two 2018 responses. They read very similar to your below response. Maybe it's just an AT template that you sent me. I don't know.

Budgets, cost constraints, consents, approvals, designs... sounds very similar to what the Club was asked to do? Did we say it can't be done and just give up? No.

Parking restrictions along Duck Creek Road are not the answer. Never were. It is a pointless exercise consulting on something that will not work. The widening of Duck Creek Road needs to be prioritised, is supported by the Hibiscus and Bays Local Board, the Club and the Stillwater community, and is needed now and even more so once Penlink is completed.

I look forward to AT working with us and actually resolving the issue, and if that means undertaking the work that you describe below, then that is what needs to occur.

I have attached our resource consent that was granted earlier today. And yes, it was difficult, it was expensive, it was time-consuming, but it is done, and it can be done if you don't give up.

Look forward to hearing AT's plan and meeting to discuss the next steps.

Thank you,

On behalf of the Stillwater Boating Club

On 05/03/2024 10:46 NZDT Jun Park (AT) <jun.park@at.govt.nz> wrote:

Hi Mike,

As we have previously communicated, widening of Duck Creek Road is not currently a priority in Auckland Transport's capital programme. We anticipate that given the topography, sensitive coastal environment and engineering requirements of the desired widening, the consequent consenting, capital and operational costs would be in the vicinity of a multi-million dollar upgrade. Projects of such a scale are typically prioritised through the Land Transport Plan. Council has already voted on a draft of this for the 2024-2047 period. However this is open for submissions currently: <https://akhaveyoursay.aucklandcouncil.govt.nz/hub-page/long-term-plan-2024-2034> We would encourage you to submit on this.

# 13735

We also note that where any proposal lies as a priority for Hibiscus & Bays Local Board is a factor in considering prioritisation of this work in the long-term, and therefore advocacy from the Local Board on this matter would be beneficial.

Given factors above, in the short-term any potential improvements for Duck Creek Road would be low-cost measures focused on restriction of parking. We are currently investigating restrictions to improve parking availability and two-way traffic flow. Please note that this would still be subject to public consultation.

Please continue to keep us informed on the developments related to the Stillwater Boating Club parking expansion to help us to better monitor the surrounding network, which would also help inform the extent of any new parking restrictions proposed.

We are happy to discuss these matters and any further questions in person.

Thank you

Kind regards,

**Jun Park | Senior Transportation Engineer**  
**Traffic Engineering North/West | Customer & Network Performance**

---

Thanks, Gary, and well said!

Jun - I'm not sure what more a community or organisation can do. We raised this issue of safety in 2018, and we have actively worked with AT, the Local Board, Parks, Waka

**# 13735**

Kotahi (NZTA) and O Mahurangi – Penlink Alliance over the ensuing six years.

- We have completely redesigned the parking on the reserve to maximise every single possible area for parking while not compromising the amenity of the reserve.
- We shared the plans with AT, we applied for Local Board funding, and we got Council land owner approval.
- We surveyed the entire area
- We have negotiated with the Council's property team, Land Information New Zealand (LINZ) and the Department of Conservation (DOC) to get the small historic area of closed road located between our reserve and Duck Creek Road formerly vested to Council and added to our leased area so we could also use that for parking.
- We have applied for resource consent for the earthworks, including engaging civil and geotech engineers.
- We are working with local contractors to get the work done as cost-effectively as possible.
- We provided a detailed submission on AT's one-way proposal
- Penlink is underway and the traffic is coming

And, I'm told after all the work we have done that we're not on the capital works programme because there was a storm last ??

We are not sitting here with our hands out, we are getting on with it. If ever there was an active partner AT needed in a community, it is Stillwater Boating Club.

Please come back to me this week with what your plans are.

Thanks [REDACTED]

On behalf of the Stillwater Boating

On 16/02/2024 14:27 NZDT Gary Brown (Hibiscus and Bays Local Board) <[gary.brown@aucklandcouncil.govt.nz](mailto:gary.brown@aucklandcouncil.govt.nz)> wrote:

Hi Jun

My main concern is that with the development of Penlink and an off ramp being provisioned to connect to Stillwater, that this

Is going to cause major traffic problems, not only to access to Duck Creek Rd but also the Stillwater Boating club.

Surely Auckland Transport needs to look at this before the completion of Penlink, otherwise there will definitely be worse

Traffic conditions throughout Stillwater.

I so urge you to look at this situation favourably with a definite sense of priority.

Regards

Hi Jun

Thanks for your response, but it is time for the widening of Duck Creek Rd to be prioritised and added to the capital works programme for the 2024-2027 period.

There are always going to be weather events, that's life. To use that as an excuse for not including this as a project on the works programme is poor, and not accepted.

The Club raised this issue of unsafe parking on Duck Creek Road 6 years ago and just because the community quite rightly pushed back on this poorly thought-out stopgap measure, does not mean the issue has disappeared, quite the opposite, it has increased significantly since 2018.

The Club has kept their commitment to improve parking and circulation on the reserve, but AT has contributed nothing to this project. It was Gary and the Local Board that supported us.

I am a volunteer, and we are a community club. The preparation we have done on our project looks far superior to the documentation that AT produced for this project. I have attached our Resource Consent application that I submitted late last night for your review.

Your Consultation Feedback Summary report was noticeably silent on what AT is going to do now, and kicking the can down the road (to use a pun) and hoping it goes away is not a solution.

# 13735

Please update us on what the next steps are, your below email and the Consultation Feedback Summary report provide no answers.

Thanks, [REDACTED]

On 16/02/2024 09:26 NZDT Jun Park (AT) <[jun.park@at.govt.nz](mailto:jun.park@at.govt.nz)> wrote:

Hi Mike,

The widening of Duck Creek Rd would require significant consenting, capital and operational costs which has not been prioritised as part of any capital programme. Our capital programme priorities are given in the Regional Land Transport Plan, which is currently being updated for the 2024-2027 period. Please note that emergency situations of the past few years have also placed further constraints on available resources. This was why the low-cost option of one-way operation of Duck Creek Rd was explored.

Notwithstanding the above, we consider that the expansion of on-site parking will benefit the existing situation. We do not have any issues with the proposed layout. Please note that consents are granted by Auckland Council.

Kind regards,

**Subject:** Re: Auckland Transport proposal outcome: Duck Creek Road, Stillwater - One-Way Road Layout [RTV-497]

Hi Jun, John and Gary

Saw the results of the community feedback that came through yesterday. It was as I predicted, the community saw this as a stop-gap measure that did not address the real issue.

The only solution is what I suggested way back in 2018, widen Duck Creek Road past the club to provide parking on the estuary side of the road and still allow two-way traffic movements. (see 2018 emails and AT responses).

Now all the required assessments and community feedback are done (6 years), can you please confirm that the widening of Duck Creek Road has been added to AT's upcoming capital expenditure programme?

On our side of things, the Club has continued to progress with our commitment to better manage and maximise parking on the reserve. This work has been supported by the Local Board with a funding grant. The finalised engineering drawings for our planned expansion were completed only on Tuesday and are attached for your reference.

The only unfortunate thing is we now need to get a resource consent to do the work. Therefore, I have also prepared a resource consent application on behalf of the Club and that will be submitted today, with the work hopefully commencing in late March.

Be great to hear your feedback on our final design as it has been of hell of a lot of work, more than I ever imagined possible. The amount of unpaid hours I have put into this as a volunteer is completely nuts, but I am happy we are nearing the end of the project with success.

Thanks, [REDACTED]

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

We suggest a fourth option under 1a - Do More With Less. (As Maurice Williamson suggests). We suggest you do that by reversing/discarding Auckland City Council Resolution number ENV/2019/72, MOVED by Chairperson P Hulse, seconded by

**#13748**

Member P Goff, and instead follow the science that says there is no climate emergency.

This would mean doing less activity towards Net Zero 2050 and this would free council funds up and eliminate costs involved and enable council to focus on core activities.

Remove the goals of 2030 50% net carbon and 2050 net zero. The costs of these and the staffing and reports that the goals generate are not in the Council's real purpose. This means deregistering from C40 cities and other related Climate Emergency campaign organisations.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Cclewaus

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**#13748**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

#13748

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#13748

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Stop all spending on net zero by 2050. Divert funds to other Council services and reducing rates.

# Long-term Plan 2024-2034

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

**#13749**

**Tell us why:**

I do not support any potential increase in the fares for the long distance ferry at Gulf Harbour, over and above the fares for ferries closer to the city. Gulf harbour and the peninsula is an isolated area and the ferry is absolutely vital for the residents here and so I believe the ferry fares from it should be included within the weekly capped tariff.

7a. Which local board area does your feedback relate to?

Hibiscus and Bays, Upper Harbour

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	

#13772

Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**Upper Harbour Local Board Priorities**

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Progress with the detailed business case for a new multi-purpose library facility in Albany.	
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	
Implement actions from the Upper Harbour Ethnic Peoples Plan.	
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	
Implement actions from the Upper Harbour Engagement Strategy.	

#13772

Implement actions from the Upper Harbour Greenways Plan.	
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**Which of the following options do you support?**

I don't know

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

**8. Do you have any other comments?**

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13882**

**Tell us why:**

I do not support the proposal to cap inner harbour ferry fares, on reliable ferrys, while increasing the fares and charging a 'premium fare' for Gulf Harbour and Pine Harbour.

The idea of a weekly cap seems reasonable but should also apply to all public transport services including outer harbour ferry services like Gulf Harbour and Pine Harbour.

A fare incentive should also apply to outer harbour services.

Could an improved financial return on outer harbour ferries also be achieved through a better service (frequency & reliability) leading to increased patronage, leading to increased fare revenue. That should be tried first.

I think a cap on outer ferry services would encourage greater patronage and therefore increased income to AT, conversely a more expensive fare discourages and decrease patronage, forcing people into cars.

Presumably 'premium' fare should also mean 'premium' service. Has the service across the ferry network and Gulf Harbour in particular been premium over the last 2 years? I think not.

What therefore constitutes a corresponding uplift in service?

You cannot expect to put on a terrible service, and charge a premium for it.

The only solution is to do better and get better.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**#13882**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

**Tell us why:**

**6a. What do you think of these proposals?**

#13882

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#13882

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#13956**

**Tell us why:**

I wish to OPPOSE the proposal to "introduce premium fares for some ferry services that are expensive to operate."

I am a commuter on the Gulf Harbour ferry service and oppose the imposition of any premium fare for this route. I note that:

- The existing fare is already expensive i.e. would already be regarded as 'premium' compared to other transport options.
- Conversely, the service has been dire over the last few years i.e. we are already paying a premium price for terrible service (e.g. in terms of frequency and reliability).
- While I understand the per passenger subsidy is currently considered high for the outer harbour routes, applying a 'premium' fare would discourage and decrease patronage, which would result in a loss of revenue rather than an increase.
- If AT wishes to improve its financial return from the Gulf Harbour route, it should focus on improving the frequency and reliability of the service. This is the best way to encourage greater patronage and therefore increased fare revenue for AT. Maximising patronage would be the optimal way to increase the return from the route rather than a 'premium' fare. Longer term, electrification of the ferry fleet should also be progressed.
- I suggest considering whether a fare incentive such as a fare cap applying to the outer harbour services would (in addition to a more frequent and reliable service) also act to increase patronage, thereby providing an improved return.

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

**#13960**

### **Tell us why:**

Having a weekly cap is not a good idea as public transport should be user pays and having a cap will increase the cost for those who don't have a lot of money and limit their journeys to once or twice a week. Those who use public transport a lot will basically get a lot of free journeys at the expense of those who don't use it as much and will have to pay more per journey to compensate for those getting free trips.

Having premium ferry fares will cause most passengers to stop using the Gulf Harbour ferry. The ferry is vital as roading infrastructure is already under pressure and thousands more homes are planned for Gulf Harbour. Penlink will not help the Gulf Harbour end of Whangaparoa Peninsula as there will still be pressure on local intersections and roundabouts and sections of road where there is only one road in/out.

Also, there are only two lanes on the Northern motorway by Constellation Drive and a huge amount (and growing at a very fast rate) of people live north of this area. It is vital to move as many people as possible away from the roading and motorway networks and encourage them to use ferries to try and reduce the pressure on roading/motorway networks.

### **2a. Is there anything you would spend more on?**

Rather than increasing ferry fares, providing reliable services and restoring services at 11am to the CBD and 2pm returning to Gulf Harbour would increase patronage. Also, having better security to make sure everyone tags on is needed as currently some passengers are not tagging on, causing demand for the services, and revenue, to be understated.

You cannot charge park and ride users until the feeder bus service is improved and passengers can have a fair degree of certainty that their feeder bus will arrive at the station on time and they can get onto the connection buses. Currently a lot of Hibiscus Coast buses arrive at the station too late and passengers have to wait between 30-60 minutes for the next bus (off-peak) and are late for work or appointments.

Also, most of Gulf Harbour (982 route) only has an hourly feeder bus service (off-peak) which is not practical and causes a fair amount of people to drive instead of catching the feeder buses.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#14101**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#14103**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It needs to be developed as a business.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We need to bring revenue in not sell our assets.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#14103

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Transport	
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland (“City of Sails”) is New Zealand’s largest and most popular boating centre, with an estimated

9,500 boats moored or berthed across the region, with approximately 40% of New Zealand’s boats

residing in Auckland<sup>1</sup>

**#14185**

. There are currently 12 marinas in the Auckland Region with approximately 5,000 wet berths and 78 Mooring Management Areas that provide approximately 4,322 moorings<sup>2</sup>

. Demand

for marina berths, haul out facilities and moorings in the Auckland area always outstrips supply<sup>3</sup>

. The

closure of hardstand areas at Pier 21 (Wynyard Quarter) and The Landing (Okahu Bay) have increased

this demand further in recent years.

In addition to boats moored in marinas and on moorings, there are a large number of trailer boat and

personal watercraft ("PWC") owners in the region. Figures for boat trailer ownership in Auckland was

34,000 in 2011 with it traditionally increasing by between 2,000 and 2,300 a year. Based on this rate of

increase there is an estimated 61,300 boat trailers in Auckland (no more recent figures have been

found).

With Auckland's population predicted to increase from 1.72 million in 2021 to 2.3 million by 2048<sup>4</sup>

, there is expected to be a consequential increase in the number of boat owners and demand on marinas,

moorings, boat ramps, trailer parking and supporting facilities. It is therefore critical that some capital

investment is allocated in the Auckland LTP to investigate opportunities to extend existing boating and

launching facilities and/or increase Auckland's boating and launching facilities to meet current demand

and increased demand over the next ten years and beyond. This should include exploring options for

**#14185**

new / extended marinas, marine-related services and facilities (including haul-out facilities and parking),

ferry routes to increase public transport services, boat storage, boat ramps, trailer parking and a range

of related specialist marine trade services. Other opportunities around marinas and boat ramps include

a range of commercial and retail activities, both on the water and on adjoining land. It is noted that

increasing moorings is considered an inefficient use of space in the coastal area and serves a more

limited percentage of the community when compared to marina berths and boat ramps.

There are a number of positive economic effects associated with marinas and boat ramps, including

direct employment, increase in gross domestic product and flow-on effects (indirect and induced).

Furthermore, appropriately located and constructed boat launching facilities reduces direct water

access along beaches and subsequent environmental damage and conflict with other beach users. As

both marina and boat ramp related activities and community requirements change over time, marinas

and boat ramps need to be able to continually evolve and develop to meet current and likely future

requirements.

The process of identifying additional marinas and boat launching facilities should include wide reaching

stakeholder, community and mana whenua engagement to identify relevant information, needs and

prioritise issues. It is acknowledged that marinas have a Marina Precinct Overlay in the Auckland

Unitary Plan (Operative in Part) and a separate process under the RMA will be required to rezone any

**#14185**

identified marina areas.

The process should form the basis for a Region-wide Marina Strategy (as previously proposed by

Auckland Council) and provide a framework for future expansion of boat facilities in Auckland to address

foreseeable demand in marina requirements in Auckland in the next ten years.

Significant infrastructure capacity constraints exist in Auckland. Investment in infrastructure is key to

enabling Auckland to provide for increased housing and to ensure future growth in Auckland is

achievable in line with Central Government policies. Many areas throughout Auckland currently zoned

Urban – Residential under the Auckland Unitary Plan cannot be developed until key infrastructure

upgrades, such as wastewater capacity, are undertaken. Funding to bring forward investment in large

infrastructure assets is essential to enable increased housing density within existing urban areas and to

improve the resilience and efficiency of Auckland's water assets. Delaying investment in infrastructure

upgrades will result in continued wastewater overflows into the harbour and significant constraints to

residential developments

Dear Sir/Madam

**SUBJECT**

**Client:** Hopper Developments Limited – Submission on Auckland Long Term Plan

**Location:** Various

Dear Sir / Madam

**1. Introduction**

Hopper Developments is a New Zealand family owned and operated company, with a range of projects in residential, retirement living, marine associated activities, commercial and retail. Developments within the Auckland Region are located within the Whangaparaoa Peninsula, a large subdivision in Orewa to create Maygrove Village and Lakeside Drive and the Country Club retirement village in Huapai. The most recent projects currently under planning / construction in the Auckland Region are the Hobbs Bay development, an exceptional lifestyle subdivision with high amenity value located at the end of Whangaparaoa Peninsula and planning for a high-density residential development along Whangaparaoa Road.

This letter provides feedback from Hopper Developments on Auckland's Long Term Plan ("LTP") and the choices for spending and investment over the next ten years.

**2. Submission on Auckland's Long-Term Plan**

**2.1 Parks and Community (Pay more and get more)**

Auckland ("City of Sails") is New Zealand's largest and most popular boating centre, with an estimated 9,500 boats moored or berthed across the region, with approximately 40% of New Zealand's boats residing in Auckland<sup>1</sup>. There are currently 12 marinas in the Auckland Region with approximately 5,000 wet berths and 78 Mooring Management Areas that provide approximately 4,322 moorings<sup>2</sup>. Demand for marina berths, haul out facilities and moorings in the Auckland area always outstrips supply<sup>3</sup>. The closure of hardstand areas at Pier 21 (Wynyard Quarter) and The Landing (Okahu Bay) have increased this demand further in recent years.

---

<sup>1</sup> What part of Aotearoa loves boats the most? Stuff NZ article dated, 4<sup>th</sup> January 2024.  
<https://www.stuff.co.nz/national/133489012/new-zealanders-are-the-biggest-boaties-but-what-part-of-aotearoa-loves-boats-the-most>

<sup>2</sup> Auckland Recreational Boating Study, prepared for Auckland Council by Beca Infrastructure Ltd, dated 12 April 2012.

<sup>3</sup> Ibid.

In addition to boats moored in marinas and on moorings, there are a large number of trailer boat and personal watercraft (“PWC”) owners in the region. Figures for boat trailer ownership in Auckland was 34,000 in 2011 with it traditionally increasing by between 2,000 and 2,300 a year. Based on this rate of increase there is an estimated 61,300 boat trailers in Auckland (no more recent figures have been found).

With Auckland’s population predicted to increase from 1.72 million in 2021 to 2.3 million by 2048<sup>4</sup>, there is expected to be a consequential increase in the number of boat owners and demand on marinas, moorings, boat ramps, trailer parking and supporting facilities. It is therefore critical that some capital investment is allocated in the Auckland LTP to investigate opportunities to extend existing boating and launching facilities and/or increase Auckland’s boating and launching facilities to meet current demand and increased demand over the next ten years and beyond. This should include exploring options for new / extended marinas, marine-related services and facilities (including haul-out facilities and parking), ferry routes to increase public transport services, boat storage, boat ramps, trailer parking and a range of related specialist marine trade services. Other opportunities around marinas and boat ramps include a range of commercial and retail activities, both on the water and on adjoining land. It is noted that increasing moorings is considered an inefficient use of space in the coastal area and serves a more limited percentage of the community when compared to marina berths and boat ramps.

There are a number of positive economic effects associated with marinas and boat ramps, including direct employment, increase in gross domestic product and flow-on effects (indirect and induced). Furthermore, appropriately located and constructed boat launching facilities reduces direct water access along beaches and subsequent environmental damage and conflict with other beach users. As both marina and boat ramp related activities and community requirements change over time, marinas and boat ramps need to be able to continually evolve and develop to meet current and likely future requirements.

The process of identifying additional marinas and boat launching facilities should include wide reaching stakeholder, community and mana whenua engagement to identify relevant information, needs and prioritise issues. It is acknowledged that marinas have a Marina Precinct Overlay in the Auckland Unitary Plan (Operative in Part) and a separate process under the RMA will be required to rezone any identified marina areas.

The process should form the basis for a Region-wide Marina Strategy (as previously proposed by Auckland Council) and provide a framework for future expansion of boat facilities in Auckland to address foreseeable demand in marina requirements in Auckland in the next ten years.

## **2.2 Council Services – Water (Pay more and get more)**

Significant infrastructure capacity constraints exist in Auckland. Investment in infrastructure is key to enabling Auckland to provide for increased housing and to ensure future growth in Auckland is achievable in line with Central Government policies. Many areas throughout Auckland currently zoned Urban – Residential under the Auckland Unitary Plan cannot be developed until key infrastructure upgrades, such as wastewater capacity, are undertaken. Funding to bring forward investment in large infrastructure assets is essential to enable increased housing density within existing urban areas and to improve the resilience and efficiency of Auckland’s water assets. Delaying investment in infrastructure upgrades will result in continued wastewater overflows into the harbour and significant constraints to residential developments.

## **3. Conclusion**

Thank you for the opportunity to provide feedback on Auckland’s LTP. Hoppers Development look forward to Auckland moving forward in the next decade.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#14531**

**2. What do you think of the transport proposal?**

**Tell us why:**

I especially support charging for park n ride.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Less on the cost of temporary traffic management.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Why has this taken so long?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It's a no brainer.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#14531

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#14531

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	I don't know

#14531

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Franklin Local Board Paths Targeted Rate - I don't know.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones,	

#14531

including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Effective crime control

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Any non-core business

**#14533**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Effective public transport is a pipedream.

**2a. Is there anything you would spend more on?**

Working- improvements including a second harbor crossing.

**2b. Is there anything you would spend less on?**

Anything that stops people from moving effectively.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

If it cannot pay its own way it isn't worth the trouble. Non-core!

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The city should not be involved in a commercial business.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#14533**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

see 4a

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Sell/Lease ownership.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#14533

It is prime land that should be used by the public. e.g. stadium, housing, parks, commercial business.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #14533

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Franklin Local Board Paths Targeted Rate - Do not support.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Rodney

## Rodney Local Board Priorities

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
--	--

#14533

Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

As long as you stick to your knitting.

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

**#14533**

8. Do you have any other comments?

No

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to	

#15347

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#15375**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Retain jobs for local people we need the money for our city and workers

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

#15375

Already a great port that helps Auckland

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support& promote activities outside the CBD e.g. North Harbour stadium

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#15457**

Less wastage on raised pedestrian crossings in fact stop work on any more pedestrian crossings & cycleways

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Because its only designed to get people into the CBD when less than 25% of the population who live outside the CBD need to go to the CBD for their place of work.

**2a. Is there anything you would spend more on?**

Urgency is needed on the Waimauku to NW motorway

**2b. Is there anything you would spend less on?**

Raised pedestrian crossings.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

It is not being fully utilised under the present management

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#15457**

The earnings from the remaining shares in AIAL can be paid into the future fund, but it makes no sense to sell them.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#15457

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #15457

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through	

#15457

methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Local board priorities

7a. Which local board area does your feedback relate to?

**#15490**

## 8. Do you have any other comments?

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I support the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and the strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.
- I support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.
- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.

I specifically support the proposed multi-code indoor facility at the Albany Tennis Park in Oteha Valley Road.

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to	

#15519

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I support the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and the strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.
- I support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.
- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.

I specifically support the proposed multi-code indoor facility at the Albany Tennis Park in Oteha Valley Road. The reasons for this support are as follows:

We need these sorts of facilities for people to use as part of the growing number of sports that are being encouraged and foster amongst the communities. These are the sorts of activities that will foster community spirit and positive outcomes for our people and better use of money and space

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#15542**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

#15542

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#15542

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

## Local board priorities

7a. Which local board area does your feedback relate to?

**#15551**

## 8. Do you have any other comments?

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I support the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and the strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.
- I support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.
- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15649**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15649**

- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the

**#15649**

economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15718**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15718**

- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the

**#15718**

economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**#15718**

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Natural Environment Targeted Rate (NETR)

Support

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Water Quality Targeted Rate (WQTR)

Other

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

#15718

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

I support the following local board priorities (other):

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.

**#15718**

- Establishment and development of green corridors.
- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Natural Environment Targeted Rate (NETR)

Support

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Water Quality Targeted Rate (WQTR)

Other

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## **Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

#15723

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

I support the following local board priorities (other):

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.
- Establishment and development of green corridors.

**#15723**

- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

**#15724**

- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.
- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**#15724**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

## **2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

**#15724**

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#15724

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Support</p>

#15724

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe

#15724

access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

## Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

## Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

Other

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	

#15724

Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	
Develop pathway connections in Green Road Park.	

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.
- Establishment and development of green corridors.
- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

**#15724**

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15732**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15732**

- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the

**#15732**

economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15763**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.

Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.

Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.

Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.

Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15763**

Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the economy, the environment, and public health. Cycling is a low-cost, low-carbon and

**#15763**

low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#15763

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	Other

#15763

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

#15763

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who	
--	--

#15763

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

I support the following local board priorities (other):

Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control.

Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).

Growth of active transport networks such as cycleways and walkways.

Establishment and development of green corridors.

Development and implementation of Climate Action Plans.

Circular economy strategies and actions.

**#15763**

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

Thank you for considering my submission.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

#15781

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

#15781

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.
- Establishment and development of green corridors.
- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to

**#15781**

protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to

#15785

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15796**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

#15796

- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the

**#15796**

economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

#15801

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

#15801

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.
- Establishment and development of green corridors.
- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to

**#15801**

protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15803**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of water improvement and stream resilience
- Supporting frontline, volunteer powered communities working on our environment by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours and dollars.
- Supporting moves to a circular economy and zero waste.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**#15803**

**Tell us why:**

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#15803

Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15819**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.

Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.

Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.

Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.

Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15819**

Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the economy, the environment, and public health. Cycling is a low-cost, low-carbon and

**#15819**

low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

#15819

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

#15819

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).

Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).

Growth of active transport networks such as cycleways and walkways.

Establishment and development of green corridors.

Development and implementation of Climate Action Plans.

Circular economy strategies and actions.

**#15819**

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity.

Thank you for considering my submission.

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that	

#15831

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

**#15831**

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I would like to put on record my objection to the following proposals:

- Increasing rates by any of the 5.5%, 7.5% or 14% options proposed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the ‘pay more get more’ option, with a rate rise of less than 14% in year one. There are

**#15865**

other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

We must prioritise looking after our people and planet by investing in the things that provide us with life's essentials, such as fresh air, clean drinking water, hazard resilient landscapes and basic needs, like accessible transport and a sustainable waste network.

Where I'd like Auckland Council to do/spend more

- Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.
- Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.
- Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.
- Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

- Protecting and working with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- Ensuring adequate support for community and social services, including contestable grants (such as the Climate Action Grant), the Live Lightly programme, the Communities in Need programme, and supporting work on Council land and marae. This can be achieved by re-establishing pre-2023/2024 budget funding for these areas.
- Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours making these projects incredibly good value for money.
- Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

**#15865**

- Lowering emissions by becoming a leader in localised renewable energy generation by enabling local integrated energy solutions to support community owned energy groups.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the transport emissions, 86% come from road transport. This sets a clear directive. We need to get people out of private cars, into buses, trains and ferries and onto cycleways. Failing to understand and action this will result in a continuation of over investment in roading projects and underinvestment in the public and active transport networks. The evidence is there and the evidence is clear.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link. Unfortunately, alongside these positives, there are some concerns. A couple of examples are; the removal of 'low performing' bus services, and the several references to roading focused projects.

As well as continuing to invest and improve our public transport network, it is essential that the Council urgently supports the transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

Cutting "low-value initiatives, including raised pedestrian crossings and expensive gold-plated cycleways" is an ideological move that fails to align with the Council's own Transport Emissions Reduction Pathway. In monetary terms, this means cutting funding for cycleways by \$141.5 million. This makes no sense as we know increasing funding for active transport infrastructure is a smart investment that can benefit the

**#15865**

economy, the environment, and public health. Cycling is a low-cost, low-carbon and low-impact mode of transport that can reduce congestion, pollution, and greenhouse gas emissions. Cycling also promotes daily, incidental physical activity, mental wellbeing and social inclusion. By improving the safety, accessibility and attractiveness of walking and cycling, more people will be encouraged to choose it as a regular means of travel, creating a virtuous cycle of benefits. This approach also creates better use of existing roading assets by making space for those who cannot choose cycling, walking or public transport.

**2a. Is there anything you would spend more on?**

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways.

I want Auckland Council to spend more on ensuring public transport is affordable, accessible, and reliable.

**2b. Is there anything you would spend less on?**

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode.

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

#15865

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Re-establish the full funding of the Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Revenue gained from NETR affects the delivery of essential projects to protect our biodiversity and taonga species. For example, the rate funds kauri dieback track upgrades, treatment support for landowners with kauri dieback, monitoring of the health of our forests and education for visitors to prevent further spread of the disease and predator control on our islands and the mainland. This work supports the health of our environment, which we need to be healthy to keep humans healthy, by filtering our water, catching and intercepting rainfall, holding our soils and slopes together and cleaning our air. Having spent years with large parts of the track network closed to protect kauri it is important to ensure this work continues as planned to enable safe access to our wild places, which are so important for our mental and physical health, and the health of our forests.

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

Other

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who

#15865

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

- Funding and support for community driven environmental work (e.g., habitat restoration, plant and animal pest control).
- Funding and support for community groups that focus on climate action (e.g., waste, active transport, education, etc).
- Growth of active transport networks such as cycleways and walkways.
- Establishment and development of green corridors.
- Development and implementation of Climate Action Plans.
- Circular economy strategies and actions.

Grants and investment into community services provide great value to Aucklanders. For every dollar that the council invests we get back many more volunteer hours. Many boards invest a significant amount into support for local community conservation to

**#15865**

protect taonga species or landscapes. Efforts like these are important for both nature and communities, enabling and empowering residents to take action for themselves, increasing ownership of our environmental challenges across the community, resulting in more long-term sustainability for conservation activity

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#15950**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Stop fixing things Wayne-o

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The operations occurring at the Ports of AUckland directly affect the Waitemeta Harbour. We cannot as a city and a nation put our harbour which is an international icon at risk. Already the ports encroach on the City of Sails. I would hate to see private ownership jeopardise the harbour further, especially given the current capital gain over environmental issues regime in power. I thoroughly disagree with the sale of our port, or any of our assets as a short term means of collecting revenue. Gift it back to its rightful owners. Ngati Whatua

#15987

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Urgently fix the infrastructure ahead of further immigration to the city. We cant play roulette with our natural environment any longer. Do somethin about sewage treatment. Reinstate a toll on the harbour bridge and the Greenhithe bridge to put an end to single use vehicles, improve public transport.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16113**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#16113

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Franklin Local Board Paths Targeted Rate - Do not Support

#16113

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and	

**#16113**

other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Targeted rates to involve the community in restoring the environment and addressing climate change

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16221**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Active transport, public transport facilities

**2b. Is there anything you would spend less on?**

roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Need an investment fund to close funding gap in addressing climate change

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#16221

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Public use of the coastal space is important

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in

Support

#16221

the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#16221

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Keep funding environmental programs in schools, like sustainable schools

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**Hibiscus and Bays Local Board Priorities**

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.

#16221

<p>Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.</p>	
<p>Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.</p>	
<p>Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.</p>	

**Tell us why**

Focuses on low carbon and environmental restoration

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16222**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Asset stripping the council for short term gain removes the control, profit and investment from the council to a foreign corporate which will not benefit either the city or country.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

#16222

Tell us here:

To do so will benefit the city in the long term which would not happen if the asset stripping proposal is followed.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do not reduce public transport services further- it is already very inadequate for Aucklanders. Auckland is far behind other cities in public transport and pedestrian crossing. It is a deeply pedestrian - unfriendly city and inaccessible to people unless they can drive/ have a car. The more cars on the road, the more damage being done to our climate. Public transport must improve.

**#16363**

Do not reduce regional services especially homelessness funding and youth services. There is so much homelessness in Auckland city I didn't even know such a fund existed. Youth centers should not have funding cut. Poverty and mental health issues are among youth in the country.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

## Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

If selling shares reduces current debt, sell the shares instead of further increasing rates.

Do not increase rates. It is already difficult to live in this city, and for many people to meet their rates, in this ongoing housing/economic crisis. If you want to encourage people to live in Auckland, you can't make Auckland unlivable.

There must be a way to improve storm preparedness without increasing rates further.

Do not reduce funding to services helping youth, families and homeless people, including services helping people economically, with housing and education.

Is there any value to my taking time out to fill this form? Will you actually take into account the people's views when making decisions, or have you already predetermined what you are going to do? Make Auckland livable so people will want to continue living here.

## Local board priorities

### 7a. Which local board area does your feedback relate to?

Devonport-Takapuna, Hibiscus and Bays, Rodney, Upper Harbour

## Devonport-Takapuna Local Board Priorities

### 7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I support most priorities

#### More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	Fairly Important
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Fairly Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Fairly Important
Invest in the delivery of key events in our town centres to support local businesses and showcase our area to visitors and locals alike.	Fairly Important
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important

#16397

Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.

Fairly Important

**Tell us why**

**7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?**

## Hibiscus and Bays Local Board Priorities

**7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.

Fairly Important

Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.

Fairly Important

Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.

Fairly Important

#16397

Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Fairly Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

## Rodney Local Board Priorities

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Very Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important

#16397

Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Fairly Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Fairly Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	Fairly Important

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

Not from the Rodney area

**Upper Harbour Local Board Priorities**

**7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#16397

Progress with the detailed business case for a new multi-purpose library facility in Albany.	Fairly Important
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	Fairly Important
Implement actions from the Upper Harbour Ethnic Peoples Plan.	Fairly Important
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	Very Important
Implement actions from the Upper Harbour Engagement Strategy.	Fairly Important
Implement actions from the Upper Harbour Greenways Plan.	Fairly Important
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	Fairly Important

**Tell us why**

**7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?**

**7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.**

**We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).**

**#16397**

**Which of the following options do you support?**

I don't know

**Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?**

**8. Do you have any other comments?**

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16442**

Support most of the proposal

**Tell us why:**

All the Schemes seem to be reasonable for the size of our region

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With the growth of the region especially around Orewa we need a stadium on this side of the bridge that could hold Sporting and Cultural events

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#16442

I have doubts that by starting this proposed Auckland Future Fund that in later years this could then be abused and not used for what it was originally planned for as new councils seem to find ways to change things to suit their needs

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#16442

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#16442

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16484**

Support all of the proposal

**Tell us why:**

As the City gets more built up.money spent on improving transport options is a no Brainer.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is,Change the operational management

**Tell us why:**

Our population in North Auckland is on the increase and its becoming more and more difficult to get to events on the City side of the bridge. It is a great venue that just needs greater utilization and better management. It has so.much going.for it with accessibility to .the motorway and public transport together with no local resident. restrictions unlike Western.Springs and Eden.Park. Its location is central.to north shore suburbs, north and west auckland and at.25000 capacity is a good sized venue for many sporting events. As a new cricket venue for Auckland it would be perfect. Mt Smart has the league, Eden Park the rugby. No.reason why the outer North Harbour ground can't become a cricket ground. To even think.about "deconstruction" is a criminal waste of money and the loss of a valuable asset.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#16484**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The city of Auckland has improved so much with the creation of Wynyard Quarter, the Cloud, Britomart etc. It would help make us more of a destination of choice to have more open public spaces. Who knows we might even finally get to host Sailgp.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#16484

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. I support all priorities

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who	Fairly Important
--	------------------

#16484

does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	Very Important
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	Very Important
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	Very Important
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Very Important

**Tell us why**

They all seem to be fundamental to living in a safe environmentally aware district.

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**Rodney Local Board Priorities**

**7b. What do you think of our proposed priorities for Rodney in 2024/2025?**

I support all priorities

#16484

**More specifically, what do you think of each priority we've listed above?**

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Fairly Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Fairly Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Fairly Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Very Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Very Important
Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Very Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Fairly Important
Develop pathway connections in Green Road Park.	I don't know

**Tell us why**

**7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?**

**#16484**

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More parking at Bus terminals in the north (Albany, Silverdale)

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less safety with 5 men standing around with 1 man working on the roads!

**#16536**

## 2. What do you think of the transport proposal?

Don't support any of the proposal

### Tell us why:

I can't use public transport because it is not available in our area. There are no bus stops near us to use. There is not enough parking at Silverdale or Albany and it doesn't benefit us in anyway. We live near Warkworth but are being charged for infrastructure in Auckland which we barely use.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Change the operational management

### Tell us why:

It may bring more opportunity's to utilize the Stadium

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

This is an asset which can't be brought back once sold. Then what will we do when its owned privately or by international buyers and it costs an arm and a leg to get on a plane

**#16536**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

It seems a shame to have a port in the middle of our beautiful city! there are other options for ports - such as Whangarei.

Leasing will mean we retain ownership without having to do the maintenance. Only if leased to a NZ owner - not international investor - then we have no say in how it is used.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

If we are to lease it, then that money can be used for all the infrastructure that needs to be replaced and repaired

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

There are enough public spaces

#16536

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	Not Important

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

There needs to be more parking at the Western Reserve. Some of the green area and the western reserve itself needs to be converted into further parking area as there

**#16536**

currently is not enough to support its current usage. The playing fields are under used and could be converted to further parking so that people can enjoy the Arts Centre and course it offers, The skate park, the estuary walkway and provide further parking for the beach. This carpark is often full by 9am!

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and skill training

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16543**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses. Adjust property taxes and water fees accordingly

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Can reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Absorb more funds for better construction

**#16543**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Having professionals handle professional matters is more conducive to maximizing benefits

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With sufficient service funds, the execution can be more forceful

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16543

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Do not support

#16543

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16548**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Construction of highways

**2b. Is there anything you would spend less on?**

Expenditure on pedestrian walkways and bicycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

The current utilization rate is relatively low

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Increase parliamentary revenue

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**#16548**

**Tell us here:**

Increase municipal financial revenue

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Maximize asset utilization

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Derived from the people, used for the people

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16550**

Reduce the idle rate of buses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16550**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The professional management of the company will lead to significant improvements in operational efficiency and financial performance

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to maximize their impact across the entire market

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#16550

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	These priorities fully reflect the needs of residents and the direction of regional development
--	---

#16554

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

These priorities fully reflect the needs of residents and the direction of regional development

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Youth education

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce property taxes, water bills, and electricity bills

**#16556**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Education

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16556**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Agree

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Used for municipal construction

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Can maximize asset efficiency

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16556

Tell us why:

It can bring employment opportunities to Auckland and facilitate convenient unloading

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16556

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Establish a dedicated property tax rate to support environmental governance

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Upper Harbour

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16559**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The plan meets Auckland's financing needs for effective management and implementation

**#16559**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#16559

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The municipal services should incorporate more technology, particularly artificial intelligence, to enhance work efficiency and service quality. Restore bus service from Albany station to Auckland airport.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16564**

Reduce the frequency of late-night bus services to avoid excessive waste.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16564**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

#16564

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase investment in municipal infrastructure

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16570**

Reduce the number of institutions appropriately

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce the staff of management institutions

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

No need for further investment

**#16570**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16570

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand public welfare activities, including skill training and medical services

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16573**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses. Adjust property taxes and water fees accordingly

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Establish free parking lots

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**#16573**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Could alleviate increased property taxes and other expenses to ease the burden

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16573

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>

#16573

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We can focus more on technology and technical aspects.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce waste in the bus system

**#16576**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce unnecessary expenses.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

There are not suitable for short-term financing needs

**#16576**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

There will be significant improvements in all aspects.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#16576

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support

#16576

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Upper Harbour

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16577**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16577**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16577

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and training, as well as skill training tailored for middle-aged and elderly individuals

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16578**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Absorb more funds for better construction

**#16578**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Professional company management leads to significant improvements in performance and returns

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16578

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The traffic congestion during the morning and evening rush hours every March is severe. It is hoped that more roads can be built.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16579**

With better planning, there should be fewer orange cones and less need for traffic control.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Construction often leads to even greater congestion.

**2a. Is there anything you would spend more on?**

Building new roads.

**2b. Is there anything you would spend less on?**

Constructing new roads.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Increasing sports events.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**#16579**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With abundant service funds, execution becomes more powerful.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#16579

Tell us why:

Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and skill training

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16581**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Enhance the quality of maintenance for sports stadium areas

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16581**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16581

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#16581

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16585**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16585**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With abundant service funds, execution becomes more powerful.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#16585

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16598**

Reduce the frequency of late-night bus services to avoid excessive waste.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Expand the parking facilities

**2b. Is there anything you would spend less on?**

Public transportation fares

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This share is crucial and not suitable for short-term financing.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16598**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Performance improvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Maximizing profits

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Maximizing profits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#16598

Employment opportunities are crucial for Auckland Port

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I believe we can establish a special land tax to maintain sustainable financial resources needed for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improving public transportation and traffic networks, upgrading technology, and enhancing quality.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16603**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

These transportation infrastructure projects have long investment timelines, slow results, and may contribute to pollution.

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The facilities are outdated, and the surrounding residential structure has changed, making it suitable for redevelopment.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16603**

The shares are fundamental

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

The municipal government-operated enterprises are managed and updated by the city government itself, reflecting citizen participation

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Changing the port will bring environmental challenges, and the renovation costs are difficult to control.

**5b. What option do you prefer for Bledisloe Terminal?**

#16603

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The location is suitable for developing exhibition venues for large-scale events.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Do not support

#16603

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Try to provide more educational resources for primary and secondary school students

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Simplify the approval process.

**#16604**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Essentially meets the city's development needs

**2a. Is there anything you would spend more on?**

Increase the frequency of services during busy periods and on busy routes.

**2b. Is there anything you would spend less on?**

Reduce road repairs, as many roads are in good condition.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Retain airport shares for long-term planning.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16604**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

A change in management style can significantly enhance core benefits.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#16604

Provides more job opportunities.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce the number of councillors and cut expenses.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16607**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the bus routes

**2b. Is there anything you would spend less on?**

The AT staff is too numerous.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

We should make more use of it and also increase revenue.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#16607

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

This operational area brings employment and facilitates unloading for Auckland.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16610**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16610**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

#16610

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. # Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Extend the weekend operating hours of libraries and swimming pools as appropriate.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16612**

There is excessive idle traffic control personnel near the construction site, which is a waste of resources.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares are fundamental

**#16612**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16612

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16612

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I believe we can establish a special land tax to maintain sustainable financial resources needed for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16613**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares are fundamental

**#16613**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16613

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16613

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Establishing a dedicated property tax can sustain the fiscal resources needed for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16614**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares are fundamental

**#16614**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16614

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I hope that road workers can take Saturdays and Sundays off. Orange cones can be placed on the roadside at passable sections, so that there won't be traffic congestion on Monday when they resume work.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16617**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#16617

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16619**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#16619

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#16619

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16629**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares are fundamental

**#16629**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can alleviate the financial pressure of levying property taxes and other fees.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16629

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16833**

Reduce the idle rate of buses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16833**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The professional management of the company will lead to significant improvements in operational efficiency and financial performance

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to maximize their impact across the entire market

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#16833

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#16833

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and skill training

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16835**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses. Adjust property taxes and water fees accordingly

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Can reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Absorb more funds for better construction

**#16835**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Having professionals handle professional matters is more conducive to maximizing benefits

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With sufficient service funds, the execution can be more forceful

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16835

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Do not support

#16835

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

**Local board priorities**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#16837**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Construction of highways

**2b. Is there anything you would spend less on?**

Expenditure on pedestrian walkways and bicycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

The current utilization rate is relatively low

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Increase parliamentary revenue

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**#16837**

**Tell us here:**

Increase municipal financial revenue

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Maximize asset utilization

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Derived from the people, used for the people

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16838**

Reduce the idle rate of buses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Not suitable for short-term financing

**#16838**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Leave professional matters to professionals

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to maximize their impact across the entire market

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#16838

It can bring employment opportunities to Auckland and facilitate convenient unloading

6a. What do you think of these proposals?

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Albert-Eden

## Albert-Eden Local Board Priorities

**7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	These priorities fully reflect the needs of residents and the direction of regional development
--	---

#16838

Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

These priorities fully reflect the needs of residents and the direction of regional development

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand public welfare activities, including skill training and medical services

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16839**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses. Adjust property taxes and water fees accordingly

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Establish free parking lots

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**#16839**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Could alleviate increased property taxes and other expenses to ease the burden

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16839

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16842**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16842**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

#16842

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>

#16842

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16843**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Enhance the quality of maintenance for sports stadium areas

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16843**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16843

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It can bring employment opportunities to Auckland and facilitate convenient unloading

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support

#16843

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16845**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The plan meets Auckland's financing needs for effective management and implementation

**#16845**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16846**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16846**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With abundant service funds, execution becomes more powerful.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#16846

**Tell us why:**

Derived from the people, used for the people

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The municipal services should incorporate more technology, particularly artificial intelligence, to enhance work efficiency and service quality. Restore bus service from Albany station to Auckland airport.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16855**

Reduce the frequency of late-night bus services to avoid excessive waste.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16855**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, maximize the benefits generated by the assets.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

#16855

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and training, as well as skill training tailored for middle-aged and elderly individuals

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16860**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Reduce traffic congestion and improve travel efficiency

**2a. Is there anything you would spend more on?**

Reduce fuel taxes

**2b. Is there anything you would spend less on?**

The road maintenance duration is too long, and the workers are paying too much.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Absorb more funds for better construction

**#16860**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Professional company management leads to significant improvements in performance and returns

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

We can participate together

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16860

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#16860

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated property tax

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase investment in municipal infrastructure

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16865**

Reduce the number of institutions appropriately

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce the staff of management institutions

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

No need for further investment

**#16865**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

**5b. What option do you prefer for Bledisloe Terminal?**

#16865

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

It can bring employment opportunities to Auckland and facilitate convenient unloading

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The traffic congestion during the morning and evening rush hours every March is severe. It is hoped that more roads can be built.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16869**

With better planning, there should be fewer orange cones and less need for traffic control.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Construction often leads to even greater congestion.

**2a. Is there anything you would spend more on?**

Building new roads.

**2b. Is there anything you would spend less on?**

Constructing new roads.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Increasing sports events.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Absorb more funds for better construction

**#16869**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional operation will improve and enhance efficiency, performance, and returns.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

With abundant service funds, execution becomes more powerful.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#16869

Tell us why:

Derived from the people, used for the people

6a. What do you think of these proposals?

#16869

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do less
<b>City and local development</b>	Do less
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	Do more
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16870**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16870**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

There will be significant improvements in all aspects

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

It can have the maximum impact when implemented

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16870

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Derived from the people, used for the people

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Expand charitable English teaching and skill training

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16876**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Enhance the quality of maintenance for sports stadium areas

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16876**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

With a large local population, it's necessary to maintain an adequate number of sports facilities and recreational venues

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16876

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We can focus more on technology and technical aspects.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce waste in the bus system

**#16877**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Reduce unnecessary expenses.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

There are not suitable for short-term financing needs

**#16877**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

There will be significant improvements in all aspects.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#16877

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Youth education

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce property taxes, water bills, and electricity bills

**#16882**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Education

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16882**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Agree

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Used for municipal construction

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Can maximize asset efficiency

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16882

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16884**

Reduce the frequency of late-night bus services to avoid excessive waste.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Expand the parking facilities

**2b. Is there anything you would spend less on?**

Public transportation fares

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This share is crucial and not suitable for short-term financing.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16884**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Performance improvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Maximizing profits

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Maximizing profits

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#16884

Employment opportunities are crucial for Auckland Port

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16891**

Reduce unnecessary expenses

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Meets the transportation development needs of Auckland

**2a. Is there anything you would spend more on?**

Increase the number of free parking spaces and expand the quantity of parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16891**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Municipally owned enterprises operated directly by the city government can better reflect citizen involvement

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum impact

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

By transitioning the operational model, optimize the efficiency of asset management to maximize benefits

#16891

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

It can bring employment opportunities to Auckland and facilitate convenient unloading

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Try to provide more educational resources for primary and secondary school students

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Simplify the approval process.

**#16893**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Essentially meets the city's development needs

**2a. Is there anything you would spend more on?**

Increase the frequency of services during busy periods and on busy routes.

**2b. Is there anything you would spend less on?**

Reduce road repairs, as many roads are in good condition.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Retain airport shares for long-term planning.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#16893**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

A change in management style can significantly enhance core benefits.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#16893

Provides more job opportunities.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improving public transportation and traffic networks, upgrading technology, and enhancing quality.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16895**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

These transportation infrastructure projects have long investment timelines, slow results, and may contribute to pollution.

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The facilities are outdated, and the surrounding residential structure has changed, making it suitable for redevelopment.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16895**

The shares are fundamental

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16895

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16895

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Reduce the number of councillors and cut expenses.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16896**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increase the bus routes

**2b. Is there anything you would spend less on?**

The AT staff is too numerous.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

We should make more use of it and also increase revenue.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#16896**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

#16896

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Extend the weekend operating hours of libraries and swimming pools as appropriate.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16899**

There is excessive idle traffic control personnel near the construction site, which is a waste of resources.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Reduce the frequency of nighttime bus services in certain areas to minimize wastage caused by empty buses.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16899**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

#16899

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improving public transportation and traffic networks, upgrading technology, and enhancing quality.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16901**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

These transportation infrastructure projects have long investment timelines, slow results, and may contribute to pollution.

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

The facilities are outdated, and the surrounding residential structure has changed, making it suitable for redevelopment.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16901**

The shares are fundamental

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

The municipal government-operated enterprises are managed and updated by the city government itself, reflecting citizen participation

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Changing the port will bring environmental challenges, and the renovation costs are difficult to control.

**5b. What option do you prefer for Bledisloe Terminal?**

#16901

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

The location is suitable for developing exhibition venues for large-scale events.

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Extend the weekend operating hours of libraries and swimming pools as appropriate.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16903**

There are too many traffic control personnel near the construction site, which is a waste of resources

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

You can rent out equity for short-term investments.

**#16903**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We can unify the use of these funds across the entire municipal operation to maximize their effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16903

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16903

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I believe we can establish a special land tax to maintain sustainable financial resources needed for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16904**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16904**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

#16904

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>

#16904

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Establishing a dedicated property tax can sustain the fiscal resources needed for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I hope that road workers can take Saturdays and Sundays off. Orange cones can be placed on the roadside at passable sections, so that there won't be traffic congestion on Monday when they resume work.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16905**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16910**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

#16910

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>

#16910

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Establishing a dedicated property tax can sustain the fiscal resources needed for environmental governance.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

#16949

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>

#16949

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax to maintain sustainable financial resources required for environmental governance.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16950**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16950**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

#16950

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I hope that the construction of the North Shore Harbour Bridge and the expansion of the light rail system in the North Shore area can be implemented and executed as soon as possible to accelerate the alleviation of traffic congestion. Considering the slow progress and excessive funding of the current construction, I suggest seeking

**#16953**

assistance from China for construction. This approach aims to expedite the projects and save costs.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

I suggest implementing more price controls to minimize the living expenses for residents. Although New Zealand is not a large country, prices have already ranked among the highest in the world.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify government organizations and personnel, improve efficiency, and change the service attitude of government officials from being bureaucratic to being more service-oriented.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Reduce expenses and allocate funds to crucial infrastructure projects, such as the construction of a rapid transit bridge and light rail network connecting the North Shore.

**#16953**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Advance this proposal to further reduce property taxes and alleviate the burden on residents' livelihoods

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The reason is consistent with the previous one, aimed at reducing the burden on the people's livelihoods.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Same as above.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#16953

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce late-night bus services in certain areas to avoid wasting resources.

**#16956**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Uniformly distributing the management of buses, ensuring allocation based on demand, and rationalizing deployment to reduce waste.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16956**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be strategically utilized in municipal operations to generate significant returns and benefits with minimal investment.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16956

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16957**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify the AT structure to avoid wasting personnel.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Develop more advanced sports facilities.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#16957**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16957

Tell us why:

This operational area brings employment and facilitates unloading for Auckland.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16957

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

It is necessary to establish a dedicated land tax .

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Hibiscus and Bays

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#16968**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16968**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16968

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#16968

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce late-night bus services in certain areas to avoid wasting resources.

**#16977**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

This plan aligns with the present developmental requirements.

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

The shares of Auckland Airport serve as a long-term financial support for the city and are not suitable for short-term financing needs

**#16977**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Professional company management can yield double results with half the effort.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

These funds can be strategically utilized in municipal operations to generate significant returns and benefits with minimal investment.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#16977

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17091**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

With a large local population, there is a need to maintain more large-scale sports and event venues.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The plan meets financing requirements and is conducive to governance and practical implementation.

**#17091**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#17091

Tell us why:

This operational area brings employment and facilitates unloading for Auckland.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

#17092

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	Support

#17092

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17127**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#17127

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#17127

Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	Support

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

#17159

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	Support

#17159

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17168**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan aligns with the present developmental requirements.

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The plan meets financing requirements and is conducive to governance and practical implementation.

**#17168**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

2. What do you think of the transport proposal?

**#17183**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#17183

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Introduce more scientific and technological advancements, enhance artificial intelligence technology, and improve the quality of work and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17185**

Reduce late-night bus services in certain areas to avoid wasting resources.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

This plan meets the current development needs

**2a. Is there anything you would spend more on?**

Increase the number of free parking spots and parking lots

**2b. Is there anything you would spend less on?**

Simplify AT management and reduce the number of buses idling

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The plan meets financing requirements and is conducive to governance and practical implementation.

**#17185**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

These funds can be utilized to achieve maximum effectiveness.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Expanding benefits through mode conversion.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

This operational area brings employment and facilitates unloading for Auckland.

#17185

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support

#17185

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I suggest that the government should do more practical work for public welfare, ensuring that every citizen benefits from government care.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17193**

The government has too many staff and should be streamlined.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

These transportation infrastructure projects have a long investment timeline and slow results, and they also cause pollution.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

I hope to maintain investment in transportation while reducing unnecessary construction hiring. Some workers may not put in enough effort, leading to low efficiency.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Re-introduce <b>recycling charges for schools</b> .	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	I don't know
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

**#17741**

## Local board priorities

7a. Which local board area does your feedback relate to?

Hibiscus and Bays

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

property tax

**#17745**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#17745

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	I don't know

#17745

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Other

## Submitter details:

Organisation (if applicable):

Local Board: Hibiscus and Bays

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protect the natural environment and create a light park

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#17762**

Road paving work is being done in a residential area, but it doesn't seem like it needs to be done urgently.

The new packaging doesn't seem to be in very good condition either. It looks like they did some paving work that didn't have to be done.

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Must have income to help with operations

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Need to expand income

**4b. Which option do you prefer for the future of Port of Auckland?**

**#17762**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**
