## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Investment in trains and ferry system.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Scrap the stadium and focus on cbd and Eden Park.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Proceed, dividend returns are less than debt costs.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Fully privatize the port and land.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Retain earnings and reduce rates.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

#114

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Do not support

#114

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	
--	--

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental	

#114

restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
--	---------------

#114

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	Local boards should be disestablished.

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bus lanes that are permanent (not for certain hours)

Investment in public transport options that is off-road, e.g. various forms of rail

Funding and support for libraries

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Anything that would encourage people to drive more

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

The proposal isn't ambitious enough. There's a serious traffic issue which makes Auckland unpleasant to live in. I would like to see public transport radically prioritised over cars. I would like there to be transport considerations taken into account with big housing development (i.e. hundreds of houses)

**2a. Is there anything you would spend more on?**

More buses, rail options, permanent bus lanes, permanent cycleways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#153

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Maintaining parks,libraries,garbage disposal and other critical things are what I can pay more for.

Everything else is an extra and a luxury that I don't see any value addition.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Do less work in areas where everything is running and will run with or without councils development or intervention.

You can do these when economy and council is in better condition rather than passing the cost to aucklanders for these activities.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Everything will run as is.

Don't bother updating transport network especially buses. Run then as usual till economy gets on track.

Only invest in critical services.

We can do without fancy new buses or new crossways.

**2a. Is there anything you would spend more on?**

None. Just what I mentioned earlier.

**2b. Is there anything you would spend less on?**

Everything

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Again, don't invest on something to look good.

If it is working, then leave it for now.

Take a look at it once economy gets back to normal and when people are ready to pay.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Sell if someone else is willing to buy.

Nothing is coming out of having the shares.

They haven't been fruitful previously and not are they expected to grow in value in the future.

Rather buy some telsa stock or something. Atleast you can see your investment rising in those.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Sell 30 percent share holding to private, keeping the ownership and having a contract in place to maintain it similar to how council maintains it.

In return they get the profits of the 30% share.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#427

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important

#427

Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

Not good

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

All except stopping the cycleways and pedestrian crossings. Cycleways are a proven way of improving the environment. Many people would like to cycle more but the roads are too dangerous.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I don't have enough information to make an opinion on this. If it truly helps the locals, then redeveloping it is the best option.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

### Tell us why:

I'm really split on this one. We keep privatising our public transport and it hasn't been good for us. Are we not already making money from our shares in AIAL?

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

#505

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know

#505

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu, Manurewa

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	

#505

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport, more reliable and frequent. Support climate adaptation by planting more green corridors and restoring wetlands to work as a sponge, not only stormwater infrastructure. Promote more forest/bushes and less grass/concrete.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Fewer roads, less outdoor artificial infrastructure built and no more expansion towards South/North.

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Cycleways if well planned are not the issue, and the same with raised Pedestrian crossings. The solution is fewer cars and more public transport. Focus on optimising train and bus frequency, and reviewing bus pathways which are usually long and useless (mostly outside the train structure)

### 2a. Is there anything you would spend more on?

LONG TERM PLANNING! Modelling, and adapting this to everybody's needs equally.

### 2b. Is there anything you would spend less on?

Building more roads to fit more cars, no more traffic lanes in neighbourhoods or far from CBD. No Isolated cycle lanes, these should connect between each or connect essential corridors, not random.

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

**Tell us why:**

All these questions in this plan are incredibly biased, leading you to choose the option that whoever planned this is wanting us to choose.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

All these questions in this plan are incredibly biased, leading you to choose the option that whoever planned this is wanting us to choose.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

All these questions in this plan are incredibly biased, leading you to choose the option that whoever planned this is wanting us to choose.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Need to explore other options, too vague.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

Need to explore other options, too vague.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Need to get transport resolved. We can't be a productive city and end up with traffic like Manila or Bail. It just won't work.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

### 2a. Is there anything you would spend more on?

More on roads, harbour crossing

### 2b. Is there anything you would spend less on?

Need to be very careful about bike lanes. Will they be used? It seems that a lot are not

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

**Tell us why:**

### 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**Tell us why:**

### 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Under utilised.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Need some port

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important

#690

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More recreational themes on current parks like hayman park

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All less road humps

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Fuel is getting expensive these days . Public transports at times are difficult to get through depending on the weather

### 2a. Is there anything you would spend more on?

I don't mind paying on children recreational centre

### 2b. Is there anything you would spend less on?

No

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

Stadium is good

Just keep up with the maintenance

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

It should be great in the current investment

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Keep the ownship lease the land. And invest in other areas from the capital

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Invest so council can grow further

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#695

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

NO

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#695

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#695

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

I support the current plans

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#695**

8. Do you have any other comments?

Nn

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

**Tell us why:**

It seems well thought out and planned well

**2a. Is there anything you would spend more on?**

culture and arts - this is what makes Auckland great

**2b. Is there anything you would spend less on?**

cycleways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It has to meet the needs of the community to be successful

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It is important that we (Auckland) is in control of these assets and we don't get rid of our power to manage these assets

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including	Fairly Important
--	------------------

#735

Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Would love to see more focus on cleaning up rubbish around our community, reducing the number of shops selling plastic rubbish and encouraging new quality businesses to the community

# Long-term Plan 2024-2034

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

## 2. What do you think of the transport proposal?

Do not support most of the proposal

### Tell us why:

Cycleways don't work in Mangere for our community. It blocks local long term residential parking and is a hazard on rainy days when parents pick up children from school.

### 2a. Is there anything you would spend more on?

Not sure

### 2b. Is there anything you would spend less on?

Not sure

## 3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

### Tell us why:

It's not a priority to housing crisis, homelessness and poverty.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

## 4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

I don't know

#874

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#874

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.
--

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No

## Local board priorities

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

## 2. What do you think of the transport proposal?

Support most of the proposal

**Tell us why:**

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

No congestion charges - pushes costs on working families that can't "decide" what time they drive to work and school

## 3. Which options do you support for the North Harbour Stadium?

Other

**Tell us why:**

I don't support stadium enhancement when south Auckland has far more pressing needs.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I don't support the sale of airport shares

## 4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Other

**Tell us why:**

I dont agree that the ports should be transferred to council use without requiring the council to use it as public access place rather than leased out to the private sector developers to build elitist apartments

**5b. What option do you prefer for Bledisloe Terminal?**

Other

**Tell us why:**

See above

#887

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Yes I think the Council need to increase it focus on Transport. I see this as the major degradation to the quality of life in the City.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1177**

Yes I would like the council to reduce services in some areas. I suggest for example identify the two libraries and two swimming pools that are least used and just close them.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

As said in point 1c, transport is, I think, the top priority for the council.

**2a. Is there anything you would spend more on?**

Build & widen more roads

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Other

**Tell us why:**

I would just close the whole facility. Overall to save money, the council needs to do less.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

**#1177**

Just sell the shares. I do not think share investment is a core Council activity.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I am happy the Council own the land long term. Running a port should not be part of the activities.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

If the Council insists on running a Port, then at least the rate payers should get the benefit of the profits.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No comments

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#1177

If the land is not needed as wharves, then they should be used for something else.  
Best sold off for private development.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

If the land is not needed as a terminal, then they should be used for something else.  
Best sold off for private development.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Do not support</p>

#1177

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

No other feedback

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

No other comments

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Remove funding from the unaccountable, undemocratic council ideologues. We don't need thousands of speed humps, 30 km/h signs throughout Auckland, cycle paths that nobody uses. You have so far wasted \$130 million. Also the green food waste bins.

**#1211**

The council had a trial and discovered 80% of residents didn't want them, so rolls them out across the whole of Auckland regardless. What a huge waste of money. Bi-lingual bus announcements really? another cost for something we don't need. Get a grip, and stop wasting money on foolish virtue signalling.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#1211

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Remove the Green "Food waste" targeted rate from the 80% of residents that don't want the service.

Remove the targeted rate for the local swimming pool. To single out one form of exercise as worthy of a subsidy is nonsense.

It is fair when the majority benefit from the service, but it is an abuse to use a targeted rate to subsidize a service for a minority, that could pay for it themselves.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.

#1211

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

#1211

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	The Mangere Bridge cyclepaths are well used, however the Mangere side of the cycle network is a huge waste of money, hardly anyone uses it.

**Tell us why**

I support "explore how our community facilities and services are better used to reduce growing costs in maintaining these assets".

But I don't support the rest.

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Taking back control of Council Controlled Organisations is long overdue. These unaccountable, undemocratic (the local community opposes a move but they

**#1211**

steamroller it through regardless) money wasting ideologues need to brought in hand.  
The CCOs make a mockery of local democratic government.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1617**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Prioritising more cycle paths will lower emissions, wear and tear of roads, and keep us healthier. Aim for more

**2a. Is there anything you would spend more on?**

More on cycle ways, and ways to secure bikes that are used at places like train stations

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Stadiums are a massive money sink, at a time when we should be focusing on how to make Auckland suitable for future population, and not flood

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

As long as the fund is responsible and diversified then in theory it is a good idea. How much I trust that...

**#1617**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Renting out the ownership encourages costs to be cut, and investments cancelled, leaving Auckland worse off

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Without the fund we are just waiting for climate change to ruin us.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#1617

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

Mangere is in an area that has been identified as being at risk of higher temperatures with lower green coverage. Fixing this along with other climate change hardening is a priority

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

helping low income households to dispose of rubbish more easily/cheaply to help prevent dumping and to do more to clean up current dumping and littering

more noise control officers

**#1687**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

cycle ways and pedestrian crossings will be crucial to auckland in the future as more people make the use of private cars impractical

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Selling off an asset such as the airport seems short sighted

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1687**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

it would be nice to have more waterfront spaces available for public use in the city. IT seems a shame to have most of the waterfront locked up in the port when there are many other ports and rail links in this country

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#1687

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Support
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#1687

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#1687

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

#1687

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Communication

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less talk more action

**#1703**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Agree with stopping cycle ways

**2a. Is there anything you would spend more on?**

Public transport

**2b. Is there anything you would spend less on?**

Cycle ways

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Community needs first

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Sounds positive going forward

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1703**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Sounds positive

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Future planning

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Need action

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Leave Port operations as we need a way better plan and transparency if we are to utilize the two ports.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#1703

**Tell us why:**

Need certainty. There is no plan whatsoever and therefore will cost more money for no plans

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cut down on bollards, cycle ways, annoying road works, to reduce traffic to one lane each way permanently.eg station Rd Otahuhu.waste of large road.

**#1725**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Sounds like common sense.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Raised pedestrian crossings & cycle ways. ( as above)

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

There was an interview on tv about this ( fair go? Or 7 pm tv 1?)

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Again another interview on tv.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#1725**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Another tv interview

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase wages.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1773**

You get what you pay for. It's hard when most of your community aren't earning huge salaries and we can only afford what we can afford, end of the day, bread and butter on the table is the most important for the majority of our community. I suppose we should feel grateful.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

With the information given, points 1 and 2 make sense. Last point can be pushed to the side for now, not as important.

**2a. Is there anything you would spend more on?**

Public transport, to pay drivers more.

**2b. Is there anything you would spend less on?**

Raised pedestrian crossings.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Don't live on the North Shore, don't feel I can speak for them.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#1773**

**Tell us why:**

Even after reading the above I don't feel I have enough understanding to give my opinion.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

As above I don't have enough understanding to have an opinion.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Other than the obvious, profits and dividends should go to shareholders if that's how it works, whatever's left over should go into the proposed Auckland Future Fund as the Port of Auckland is servicing within the Auckland City.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No comment

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Can't comment.

#1773

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

No comment

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#1773

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#1773

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	The above are all important to our community, who are mainly middle to low income earners.

Tell us why

I think it's important we get it right for the people that live in the Mangere/Otahuhu area. Community consultation is important. Thank you.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#1773**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More checks on underground pipes and services.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1792**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

It makes a lot of sense.

**2a. Is there anything you would spend more on?**

More traffic lights and road signs to direct the traffic.

**2b. Is there anything you would spend less on?**

Less cycleways.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

How many Aucklanders will use this facility?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

A sound decision.

**#1792**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

If it is leased more funds could be used elsewhere for the ongoing development of Auckland.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

There are many council services which would benefit from this proposal.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

People living in Auckland want to see public benefits by living here.

**5b. What option do you prefer for Bledisloe Terminal?**

#1792

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

More beneficial for Aucklanders.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#1792

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#1792

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#1792

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Developments in Mangere are very welcome.

Tell us why

Excellent.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport. More transport, more trains, build trams

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#1888**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Getting around, without cars is crucial to the future

**2a. Is there anything you would spend more on?**

Public transport, on surface trams or trains e.g. city centre to airport via mangere

**2b. Is there anything you would spend less on?**

Roads

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#1888

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#1970**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Cheaper public transport

**2b. Is there anything you would spend less on?**

Adding "speed tables" at crossings and intersections. Essentially, DO NOT add speed bumps to controlled intersections. ESPECIALLY on main roads.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Selling shares and assets to free up capital is extremely short-sighted.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#1970

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

I would be concerned if there is further harbour encroachment.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

I would be concerned if there is further harbour encroachment.

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#1970

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	I don't know

#1970

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.
--

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental	

#1970

restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
--	------------------

#1970

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	I don't know
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	I don't know
Improve employment and economic opportunities through our local economic broker programme.	I don't know
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

The Auckland plan says, "regenerate our neighbourhoods in Takapuna, Northcote, Henderson, Avondale, Maungawhau, Panmure, Onehunga, Papatoetoe, Manukau, Pukekohe, Ormiston, city centre, waterfront and the port precinct".

Why not Otahuhu? The Otahuhu main s

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve public transport networks so that public transport can be cheaper and efficient or even be free like in other countries.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2073**

Keep the current speed limits. The ongoing speed limits reduction is a waste of money and another contributing factor to congestion. Slower speeds should just be focused at schools and have at least 50km/hr at any other places besides school zones. Slow speeds result to slow traffic, increased time for goods and services resulting in high costs for business. Slow traffic also result in drivers reverting to mobile phones using while driving causing accidents. With the current increase in High Safety Rate cars, efficient braking distance, lane assist etc we shouldn't be wasting time and resources reducing speed limits. 50km for city centre and business hubs, 60km,/hr for residential areas, 80km/hr for open and country roads and 120km/hr for motorways will help reduce congestion and reduce costs for business as good and services will be delivered quicker. Short traveling time means more concentration on the road and less accidents.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

The most important factors that lures commuters into using public transport are

~reliability

~affordability and

~efficiency

With affordability at the top, there should be a huge difference between the fuel costs for using private transport compared with using public transport. That is what commuters look at and the government should look at a tax that is dedicated to supplying a reliable and efficient public transport system. Once set up it can be free for every resident and sustained by tax funds.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

**#2073**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#2073

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

#2073

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	Not Important
Review and refresh the Howick Tourism Plan.	Not Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Very Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	Fairly Important
Develop a community-led climate action plan.	Fairly Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead	

#2073

to establishing a new business association and possible new Business Improvement District (BID) programme.

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.

#2073

Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Continue light rail to mt roskil, Māngere and the airport. We need infrastructure to service our wider communities.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2141**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Light rail to Māngere and the airport. Don't cancel this project.

Rail and all public transport also needs to be more affordable.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#2141

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#2141

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support

#2141

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	

#2141

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including	Fairly Important
--	------------------

#2141

Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No,

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on bureaucracy and contractors for preliminary projects

**#2152**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Instead of issuing passes for public transport that come at a cost, Sydney has introduced a system where you can pay all public transport: Train, Ferry's Buses with your eftpos card. You tap in and out. Easy and accessible, no extra cards and software systems needed.

### 2a. Is there anything you would spend more on?

Round the clock roadworks on major highways so that projects are finished a lot quicker. Looking at Europe where roadworks are done so efficiently and effectively, NZ is far behind. Roadworks can be done a lot faster if the workforce is prepared to do shift work.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

Redevelopment to ensure more people and a growing demographic can benefit would be ideal. However funding needs to be looked at from a perspective where over spending isn't necessary but smarter allocation and use of budget is.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

**#2152**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Invest in a better run operations at port. Reducing backlog and planning and preparing for greater influx of cargo ships to ensure quicker turnaround.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

As Auckland has already struggled with influx of cargo ships, we can't risk reducing these operations as businesses will suffer.

**5b. What option do you prefer for Bledisloe Terminal?**

#2152

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As above

6a. What do you think of these proposals?

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Otahuhu needs playgrounds and centers to connect and get together. It also needs some new shops like an op-shop and some nice healthy eateries. It has very limited options and the centre of Otahuhu is unappealing. It does not need climate actions and the

Tell us why

As above

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#2152**

**8. Do you have any other comments?**

Drop the climate focussed agenda and spend that money on key issues as good infrastructure to relieve bottlenecks and safe playgrounds and nice walkways for families to enjoy. Employment opportunities in lower decile areas etc

# Long-term Plan 2024-2034

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council's Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

<b>Transport</b>	As proposed
<b>Water</b>	Do more
<b>City and local development</b>	Do more
<b>Environment and regulation</b>	Do more
<b>Parks and Community</b>	As proposed
<b>Economic and cultural development</b>	As proposed
<b>Council support</b>	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Partner with corporations/businesses for more shared responsibilities for cleaning up their mess instead of rate payers footing the bill. e.g. KFC, MacDonald's et al should pay more for cleaning up all the litter they generate. Companies that have "accidents" that pollute the city should have to pay more hefty fines.

**#2197**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

We should fix and improve what we already have and finish what's already in production before starting new projects.

**2a. Is there anything you would spend more on?**

Speed reduction in areas where many children play and cross the road unaccompanied

**2b. Is there anything you would spend less on?**

creating more bus lanes

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

It's not living up to its full potential

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

**#2197**

The fund should have to hold a minimum % of AIAL shares (e.g. 5%)

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

a % to fund council services and % for AFF (e.g. 75%/25%)

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

It's currently like having a diamond ring but half the diamonds are bits of coal.

**5b. What option do you prefer for Bledisloe Terminal?**

#2197

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Why have the best part of the city spoiled with industrial \*\*\*\*\*?

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#2197

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#2197

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

#2197

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

We need more green spaces to compliment the increased high density housing.

There is a terrible litter problem, especially around the Manukau Harbour. More needs to be done to educate and support community to do better to help keep our area clean and beau

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#2197**

8. Do you have any other comments?

Ōtara-Papatoetoe

## Ōtara-Papatoetoe Local Board Priorities

7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Very Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	I don't know
Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Very Important

#2201

Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Very Important
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Fairly Important
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	I don't know

**Tell us why**

**7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Give workers more payment they deserve

Decrease debt and tax please

Improve south Auckland please

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#2294

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#2294

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#2294

Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The council is making living in Auckland so expensive, this will eventually lead good qualified people to leave New Zealand altogether.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2531**

Council should acquire profitable businesses and use profits from there to develop Auckland. Why only concentrate on increasing the rates?

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Look at the amount wasted building cycle way, complete waste of tax payers money to benefit not even 1% of population

**2a. Is there anything you would spend more on?**

Council should hire third party companies to run the affairs as most of the council departments lack expertise

**2b. Is there anything you would spend less on?**

Get rid of highly paid executives and hire more doers

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Don't waste money

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#2531**

Sell Auckland Airport

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Sell them

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Use the investment to improve public transport

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#2531

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Complete upgrade of utilities like water, garbage collection and public transport.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No iextra investment in stadiums arts entertainment - leave this to private enterprise.

**#2628**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Return to basics at less cost.

**2a. Is there anything you would spend more on?**

Extend train & ferry coverage of Auckland

**2b. Is there anything you would spend less on?**

Rapid transport , buses.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

More use by locals

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Retain investment as is. Spend annual return from investment

**#2628**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

More control if retaining operational ownership

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Funds needed to update current utilities.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Bring rail back to the port to lessen truck movements

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Helps retain profitability of port operations. No cost to to redevelop elsewhere

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#2628

Tell us why:

See above

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#2628

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation	
--	--

#2628

facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do twice a yearly inorganic collections so that council can make some money

**#2690**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

It should be same as Labour's plan.

**2a. Is there anything you would spend more on?**

There should be more taxes

**2b. Is there anything you would spend less on?**

Council treats and higher pays should he reduced.size of council should be used.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

It is perfect for now.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**#2690**

**Tell us here:**

This will generate funding for council

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Local residential drains should be flushed out at twice a year

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, cut down on wasteful spending, reduce the numbers of staff on 6 figure salaries, practice lean management.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2816**

Traffic Management- Raised pedestrian crossings are a wastefulness spending. Most can't support a reckless council bleeding dry the rate payers of their hard earned non existent funds. I'm receiving the same services from 20 years ago and paying ten times more. Explain this.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Stop wasteful spending. Council need to understand that the money that they are spending is not there personal spending account that they a keep on raising rates will not be tolerated. The Title holders of land have no contract with the council an therefore are not require as a living being to pay them. But as a legal person are required to do so. be aware of this! Happy to contribute, not happy to go broke over 300% increase in the last 20 years.

### **2a. Is there anything you would spend more on?**

Yes, invest in wise investments that will provide dividends to pay for council debt. Look into how the Singapore government funds are run.

### **2b. Is there anything you would spend less on?**

Staff and wages - implementation of lean management practices, not bloated bureaucracy that fails to deliver.

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

Poor delivery of KPI

**#2816**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Keep the return's coming in

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Both

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#2816

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#2816

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

#2816

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing	

#2816

growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No - do more with less!

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#2835**

I would like to see pay cuts for executives, more accountability for public spending, reduce overall costs by making internal cuts and process efficiencies across all areas of Council. Homeowners should be personally responsible for damage caused by emergency events - immediately halt all categorisation buy outs and navigation services and emergency related spending. This is the responsibility of the individual and their insurer not the tax payers or rate payers

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

None of the money spent so far has improved traffic or public transport at all. None of the proposal will actually provide decent public transport in areas that need it or reduce traffic.

### **2a. Is there anything you would spend more on?**

No

### **2b. Is there anything you would spend less on?**

Spend nothing on cycle lanes - the ones we have aren't used. Spent nothing on bilingual signage and speed reductions. Stop removing car parking. Spend less overall on Councils operating budget.

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

Sell it and cease all spending. Put money from the sale into reducing traffic.

**#2835**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Any profits should go straight into reducing traffic and better public transport.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

As above. Use funds for what the people actually need - to be able to move around the city.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#2835

**Tell us why:**

Our city is centre is in a very sad state and has been for almost ten years now. Putting more spaces in is useless if you can't travel into the city due to traffic. There are far bigger priorities to spend money on right now.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. ## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

#2835

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

#2835

I do not support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	Otahuhu has a major rubbish problem. You are focussing on totally the wrong things, other than anti social behaviour

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#2835**

8. Do you have any other comments?

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to	

#2913

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I don't think my opinion will make any difference

## Local board priorities

7a. Which local board area does your feedback relate to?

**#2913**

**8. Do you have any other comments?**

I think this is another huge waste of our rates money

It is just an exercise to say you have consulted the public but I don't believe it will make any difference

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#3011**

Do not support most of the proposal

**Tell us why:**

Stop the nonsensical reduction of roads and the disproportionate spend on public transport and cycle lanes.

**2a. Is there anything you would spend more on?**

Roads and maintenance, for private vehicles, which are clearly not disappearing from roads anytime soon

**2b. Is there anything you would spend less on?**

Public transport

Cycle lanes

Things that only a fraction of the population use

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**#3011**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

We need more public space but it **MUST** be retained and managed by council or sold on the open market

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

We need more public space but it **MUST** be retained and managed by council or sold on the open market

#3011

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#3011

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

#3011

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#3022**

Further reduction that is much less than "pay less, get less" in all areas except for water.

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

I don't use public transport at all because it's not good enough to meet the needs of our whanau and lifestyle right now. There are less people on the roads now that most of Auckland can work from home. So im not interested in paying more for transport when the cost of living is ridiculously high.

### **2a. Is there anything you would spend more on?**

No. Not for transport

### **2b. Is there anything you would spend less on?**

Reducing transport to less than "pay less, get less"

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

I don't care about that stadium. It's not of any benefit to me

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#3022**

**Tell us why:**

How much will that cost to create the future fund? No I don't agree

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Hold ownership of the port land

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Use the money to provide basic need services to auckland

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#3022

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Everyone is struggling mortgage interests rates now this poverty increases crime, we have to cut back keep what we have even cut back on roads

**#3047**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Families cannot sustain increases this is ridiculous during this time. \*\*\*\*\* looking flash in the city look after our environment and people.

**2a. Is there anything you would spend more on?**

No if its going to cost households more money

**2b. Is there anything you would spend less on?**

All the ridiculous barriers on our roads for cyclists it's an unnecessary spend when cyclists don't pay for our roads like all vehicles do, they should pay taxes for road upgrades and registration for there bikes.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

We cannot afford it? It's not important

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#3047**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

To help with maintenance

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Give dividends back to the rate payers or sustainable growth teaching our children to learn how to compost, smarter with better our rubbish habits that's a huge problem and one we can look on reducing waste with our children and it's better for our environment

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The absorptive increases with cause mortgagee sales

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#3047

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#3047

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

None it's too much already u think money is on the tree.

Cut council staff pays meanly the one ones paid 120k plus.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#3200**

None it's too much already u think money is on the tree.

Leave things as it. Shorten your staff.

## **2. What do you think of the transport proposal?**

Don't support any of the proposal

### **Tell us why:**

It's too much much on everything. This is not were you make money or run your council ministry.

### **2a. Is there anything you would spend more on?**

None

### **2b. Is there anything you would spend less on?**

The new scrap bin..

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is,Change the operational management

### **Tell us why:**

This things should generally generate their own income

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

**#3200**

Let some run it because you can't do it. And always ask money from rates payer.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Council should not increase rates and look on getting money by their investment.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#3200

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

None keep it lower with no increase in rates

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#3200

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

#3200

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	I don't know
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Some areas like Manurewa, Panmure and Glen Innes have a huge issue with roaming dogs. As a dog owner and a mom, this is very concerning and worrying. I propose collecting any roaming dog and if owners want them back they need to pay a fine. No

**#3201**

more warnings issued. If it happens once, the owner will be able to pay anyways, if it happens many times then the owner are obviously not responsible enough to own a dog. This way dog management needs to come out less often to the streets and we could raise money at the same time by increasing collection money.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Cycleways and the future and extremely environmentally friendly, we need to work on those.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

N9 need for dynamic lanes

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### **Tell us why:**

#3201

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would pay more for better roads and public transport.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#3266**

Less money spent on Cycleways that rarely get used and take up space for roads that do get used.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Fixing roads that don't need need to be fixed when there are plenty that do.  
Unnecessary traffic management. Labour doing not much. Inefficiencies.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

None. There are other more important issues like water, transport, hospitals that should be prioritised over stadium redevelopment.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#3285**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#3285

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
---	-----------------------

#3285

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Do not support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Do not support
<p>Re-introduce <b>recycling charges for schools</b>.</p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Do not support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

#3285

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu, Maungakiekie-Tāmaki

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#3285

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important

#3285

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

## Manurewa Local Board Priorities

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	

#3285

Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

Fairly Important

More specifically, what do you think of each priority we've listed above?

#3285

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

**#3285**

Support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No more bike lanes bus lanes

**#3363**

All forms of transportation shouldn't have priority over the other

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Speed bumps, crossings, bus lanes and bike lanes are a complete waste of money!

This increases frustration when you have a queue of cars and an empty unused bike lane?! Same goes with bus lanes! And then you're monitoring and issuing fines to motorists that use bus lanes but that's because these lanes are not used where as majority are queued into 1 lane because of these stupid bike lanes

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

### **Tell us why:**

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### **Tell us why:**

**#3363**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#3363

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

n/a

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

n/a

**#3380**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

I dont see any improvement on traffic so far, whereas at least I notice my street entire surface asphalt had replaced for 3-4 time during past ten years. The condition of old asphalt was no problem at all. I consider that was waste of money completely . If possible I want see the proposal of spending for my local area.

**2a. Is there anything you would spend more on?**

Stop crime or schools

**2b. Is there anything you would spend less on?**

Road,

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

Condition is good enough for its purpose.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

I support option two, keep unchanged and improve finance performance.

**#3380**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I prefer lease it out, and let other entities to run rather than council as long as council remain ownership.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Option 1 seems less expensive

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

N/a

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

#3380

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support

#3380

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. ## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	I don't know
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

Transportation

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

#3380

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#3380

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Not Important

#3380

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

roading

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

bus expenditure

**#3414**

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#3414

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in	I don't know

#3414

harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

#3414

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#3467**

Do not support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#3467

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to	

#3467

address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

we pay for the council Council does not pay us We pay the rates, bus & train ticket

We pay for car registration, fines why does not council provide free transport as we pay taxes refer to the IRD rates taxes

**#3537**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Yes if people have more than one house the council can charge 7.5% rates for their first house 2 nd house 3.5 %3rd house 8.% and 3.5 per cents afterthat. This will bring down the landlord market and improve the owner ship in housing

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

You increase the rates,, bus, and train, ticket, car fuel, and car registration but who benefits is the cyclist

**2a. Is there anything you would spend more on?**

remove your cycle lanes as this will help traffic follow easily as what does cyclist pat for besides blocking the traffic and abusing us

**2b. Is there anything you would spend less on?**

we can save on petrol as Motorcycles and scooters pay tax why not cyclist

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is,Other

**Tell us why:**

You need to have more events and get your money back

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**#3537**

**Tell us why:**

You can sell the shares when it is high and buy it back when it is low The dividend will help you

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

You can own 51% of shares like other ports and list it in the share market

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Use it to improve ports of Auckland & Auckland

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Copy other ports how they have listed it on NZX

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Port helps the country in tourism their ship and import and exports

#3537

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Port helps the country in tourism their ship and import and exports

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Oil prices have drop so do not charge us the fuel tax

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Maungakiekie-Tāmaki

#3537

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	I don't know
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	I don't know
Empowering community groups and organisations to deliver community events through sustainable funding models.	I don't know
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	I don't know
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	

**#3537**

Business Associations proposed BID expansion.

**Tell us why**

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

I don't know

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

**8. Do you have any other comments?**

NA

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#3560**

Don't support any of the proposal

**Tell us why:**

Auckland transport should be able to sustain itself Reycylinh

**2a. Is there anything you would spend more on?**

Recycling

**2b. Is there anything you would spend less on?**

Auckland transport speed calming measures

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Money wasting stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Let insurance companies & government support this funding

**4b. Which option do you prefer for the future of Port of Auckland?**

**#3560**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keeping ownership & lease will prevent future infrastructure costs that will be required

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Most financial option

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#3560

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#3560

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#3560

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

#3560

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

To expensive for this low income community

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Retain weekly rubbish collections.

Manage the unregistered dog situation more proactively even if it means employing more staff.

**#3575**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop wasting money on consultant's reports.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland needs a reliable sustainable public transport system which ALL Aucklanders can access easily.

**2a. Is there anything you would spend more on?**

Public safety, for example repairing pavements, more lighting, security cameras, etc.

**2b. Is there anything you would spend less on?**

Cycleways and speed humps.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Council assets need to work for the local community otherwise they are a waste of money and resources.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#3575**

**Tell us why:**

AIAL is part of the Auckland community and the shareholding needs to be retained as a Council asset.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

POAL is part of the Auckland community and the management needs to be retained as a Council asset.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council need to manage their assets as a business getting a maximum return to reinvest in Auckland services to stop rate increases.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#3575

**Tell us why:**

A Council asset which needs to be used for investment and return.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

A Council asset which needs to be used for investment and return.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Support</p>

#3575

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

All Council assets need to be managed as a business and obtain a finance return where possible for reinvestment and to reduce rates.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

#3575

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#3575

**Tell us why**

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	These initiatives should contribute to quality of life.

**Tell us why**

These priorities should contribute to quality of life.

**#3575**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

N/A

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

im not prepared to pay more with living costs for everything going up and salary staying the same. i am a single person household thank you. how about considering reimbursing the single households on some of the bills like rates, water, etc.. its so hard managing everything on my own with no support and only 1 income (middle class). please focus more on preventing flooding in mangere where new development

**#3621**

area is. a lot of us are first home buyers which has been such an unfair start with our homes flooding on 27th jan 2023.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

reduce costs on rubbish in the rates since services will be reduced. please dont waste the ratepayers money on unnecessary stuff like arts, parks etc.. mangere is a pigsty please manage the area better so its presentable when tourists passby to see auckland!

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

i hate how AT wastes our money on unnecessary things like maori names everywhere on road signs.. please stop reducing the speed limits to 30 and 40!! stop creating silly obstacles like putting \*\*\*\*\* traffic lights everywhere eg multiple traffic lights and speed bumps installed in the middle of manukau road epsom and st johns/remuera road!

**2a. Is there anything you would spend more on?**

flood prevention! and get the trucks off the motorway! theyre the biggest obstacle to all othere motorists who need to get to/from work & home. trucks are big, heavy, in the way and slow moving. get them off to an alternate route nobody else uses.

**2b. Is there anything you would spend less on?**

unnecessary speed bumps and traffic lights, too much road cones and slow workers - get rid of those too

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**#3621**

**Tell us why:**

i dont think most people care?

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

proceed but dont sell our assets offshore

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

mate we all need a break from increasing cost of rates

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

pay profits and dividends to us ratepayers

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#3621

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

#3621

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

#3621

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

### Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	health and safety matters more than the rest of the items listed there. we really need to change things here to prevent flooding on our newbuilds as we are FIRST HOME BUYERS and reduce the crime rates asap. Our home values continue to fall everyday becaus

Tell us why

**#3621**

theres no mentioning of flood prevention strategies. Please tidy the area up and control antisocial behaviour.. please tranquilize people that drive around with loud speakers on so they can be quiet! and make parking more strict int he area as people are

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

please get rid of the uncivilised behaviour around south auckland.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Road charges, pay as you go roaring

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Meetings

**#3669**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

We need more safe cycling routes for children and do car users don't keep hitting cyclists

**2a. Is there anything you would spend more on?**

Rationalise the bus service, 1 bus 2 passengers

**2b. Is there anything you would spend less on?**

Car parking

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

How many dividends do you collect? Your not an investment company

**4b. Which option do you prefer for the future of Port of Auckland?**

**#3669**

Other

**Tell us here:**

Move container ships to regions, create a new city to get people out of the city

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#3669

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

free ambulance like Wellington

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

review AK council staff salary and money waste investments

**#3675**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Its about time that money is spend well and that the public dont suffer in such a hard time

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Auckland already have far too many stadiums for major events. Best to sell and reinvest on something that contibute back to the community.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

good ibvestment proposal and this is the type of decision we need in the council

**4b. Which option do you prefer for the future of Port of Auckland?**

**#3675**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#3675

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#3675

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#3675

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#3675

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Lobby govt for more of our taxes and gst to spent locally. Lobby govt to help fund critical infrastructure so our rates do keep increasing to an unaffordable level.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#3682**

Stop the TMA wasting ratepayer money on litigation with the very ratepayers who fund their operations. Stop wasting millions of dollars on the unnecessary removal of 'exotic' trees!

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

AT is a joke! It spends millions on projects the people dont want or need, while our roads are congested, people spend hours sitting in their cars and we struggle to find places to park our cars.

We dont need more cycle lanes, more speed bumps and stupid policies to reduce speed in our city centers. Like many Aucklanders, I now avoid going into the CBD now, so its no wonder the bars, restaurants and retail businesses are struggling.

### **2a. Is there anything you would spend more on?**

Cost cutting initiatives, to remove wasteful spending, and getting experienced people who can deliver our capital investment programmes on-time and to budget. Cost overruns are an embarrassment and results in ratepayers losing faith in the Council.

### **2b. Is there anything you would spend less on?**

The TMA is un-democratic and unaccountable to the Council, it wastes millions on projects that arent aligned to the priorities of the local communities, ie millions on exotic tree removals during a cost of living and a climate crisis, and then millions more on litigation to fight the very people that pays the rates used to fund TMAs operations.

## **3. Which options do you support for the North Harbour Stadium?**

### **Tell us why:**

**#3682**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Auckland airport doesnt provide any income for the Council and needs alot of shareholder funding which the Council doesnt have.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Move the port operations, close the port and utilise the land more effectively.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Sell some of the land for development, keep some for parks or reserves.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Get rid of wasteful Council activity, focus on core services, make the govt fund more of the required infrastructure investment, and retain more of the tax and gst in the region to keep our rates lower.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#3682

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#3682

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

#3682

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#3682

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	People are struggling to pay to live, and many of these projects are nice to have but not needed or a priority for the city. Focus on the delivery of core Council services, drop all the unnecessary projects and keep our rates low,

**#3682**

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Council rate

**#3942**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

I don't use public transport and it's not convenient for my family and I

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Council rate

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

We never fully utilize it so why change it

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Leave it as it is

**4b. Which option do you prefer for the future of Port of Auckland?**

#3942

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#3942

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>

#3942

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Maungakiekie-Tāmaki

## Manurewa Local Board Priorities

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection	

#3942

and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Maungakiekie-Tāmaki Local Board Priorities**

**7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
--	----------------

#3942

Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

**Tell us why**

Not happy

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Support

**#3942**

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

**Tell us why**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Genuine planning around spend and proposed changed. Spend on roading updates has been an utter waste of time

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#4117**

Using unqualified people to make decisions

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Thank you for stopping stupid proposals

**2a. Is there anything you would spend more on?**

Effective motorways

**2b. Is there anything you would spend less on?**

Cycle lanes that don't get used

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Spend needs to be of more essential projects.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Selling the airport shares comes with too much risk

**#4117**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Sound like a clever way to introduce some revenue

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Cost is too high

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#4117

Cost

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Need to give the same amount of attention you give to other regions in Auckland to South Auckland. Rates increase but some of the new projects done is not necessary for our region. Our parks and roads need to be maintenance and cleaned every week or even once a month. We have been neglected but you choose to build high rise housing apartments here which you know we will have an increase of people living in

**#4135**

poverty. Why should we pay more for our taxes for a plan that you Council can not take ownership of the outcomes of your decisions. How about you tax the wealthy areas more and reduce tax for areas with crime and poverty. Us land owners are having to pay for everyone else who do not pay rates. NOT FAIR!!!

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Auckland Council needs to make some improvements to South Auckland before you decide to do less. Reach out to community groups with funding proposals to do the job before getting contractors that have no emotions or connection to the area.

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Unnecessary bike lanes and concrete bolders put up in certain areas in south Auckland. Now it holds up traffic during traffic peak hours. Not much planning and investigation put into the project before going ahead with it.

**2a. Is there anything you would spend more on?**

Group or security to remove beggars & window washers from our South Auckland roads and outside our shops, banks & food stores. Most are there to raise funds to support their addictions.

**2b. Is there anything you would spend less on?**

New road projects. Auckland council needs to stop renewing our roads that have nothing wrong with them, but renew our roads with pot holes.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**#4135**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Finding ways to reduce rates for us homeowners is the best. Realistically this goes up every year. How long will it go up until we no longer can pay rates. This will resort to homeowners moving into rental accommodation or leaving Auckland and therefore Auckland Council will end up not meeting their monetary requirements to deliver on projects. Need to reduce the house prices so that you can gain more rate payers to help fund projects.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Rebate for all rate payers and use the rest for council services or Auckland Future Fund.

**4d. Do you have any feedback on any other part of the proposal?**

#4135

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#4175**

Don't support any of the proposal

**Tell us why:**

We pay for train services and yet there is less parking available for people to safely park their cars at the stations.

There is lots of money spent on bus lanes, during peak hours only 1-2 buses run on a lane while frustrating tax payer people queuing up for nearly a km long on a one lane trying to get to work on time.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

"The needs of the North Shore people" No thanks.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#4175**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Leasing NZ assets - how much of New Zealand owned by New Zealanders? Our taxes money will end up offshore.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#4175

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

#4175

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Just the events - focus on core deliverables.

**#4234**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland needs to be easy to get around...

**2a. Is there anything you would spend more on?**

reducing congestion

**2b. Is there anything you would spend less on?**

cycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

It is a good facility - just needs more use

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Diversification is sensible

**4b. Which option do you prefer for the future of Port of Auckland?**

**#4234**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Keep control

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Build a war chest

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Either shift the port or leave it alone. Any operation there is going to continue to grow and will require more land.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#4234

As above

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#4234

increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

### 2. What do you think of the transport proposal?

**#4377**

Support most of the proposal

**Tell us why:**

Robust free flowing transport is the backbone of any stable and growing economy which helps in nation building.

**2a. Is there anything you would spend more on?**

-Reduce crime can help in saving recovery spending and too much money going in managing security measures.

-Getting ready for disasters instead of getting things fixed after major losses and recovery management.

**2b. Is there anything you would spend less on?**

It is time to stand up and work hard in nation building getting things firstly back on track and then moving on to sky limits. Everyone is responsible to spend judiciously including all authorities private and public both.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#4377**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	I don't know
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	I don't know
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	I don't know
Improve employment and economic opportunities through our local economic broker programme.	I don't know
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#4439**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

All of the above.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#4472**

No.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

We urgently need more frequent bus and train services

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

This doesn't make sense - council already owns a share in these assets, so why transfer to a third party?

**4b. Which option do you prefer for the future of Port of Auckland?**

**#4472**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Absolutely against the idea of a 35-year lease. The port needs to be moved, something the mayor himself campaigned on, and this would shoot down that possibility.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The port needs to be moved away from downtown Auckland, and this is step in that direction.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#4472

**Tell us why:**

As above, the port needs to be moved away from downtown Auckland.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#4525**

Council needs to focus on core infrastructure and services only. I am yet to see evidence of a line-by-line audit of expenditure against core infrastructure and services. A quick look at the jobs on line at the moment pull up several jobs as a 'democracy advisor' - that would be an example of what is not a core council service.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

AT has lost all credibility due to repeated service disruption, poor planning and poor management. Auckland needs a quality public transport system but more emphasis should be put on accountability of AT management

### **2a. Is there anything you would spend more on?**

Park and ride services at Train Stations

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

This question should not be asked in isolation from Eden park and Mt Smart Stadium. None of the stadiums are in locations that support quick movement of people in and out of events. North harbor stadium could be suitable for a cricket oval but it depends on a comprehensive stadium strategy

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**#4525**

**Tell us why:**

Not enough information provided on the value of the shares in terms of an ongoing investment or the cost v benefit value of selling them to either pay debt or invest further in a higher return portfolio.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Need some capital investment to generate wealth

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#4525

Wharves detract from the Auckland waterfront. Council retaining ownership of the land ensures some control remains over how the land is used for the future generations to enjoy

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Wharves detract from the Auckland waterfront. Council retaining ownership of the land ensures some control remains over how the land is used for the future generations to enjoy

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support

#4525

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

no

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

#4525

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#4525

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	Difficult without a plan outlining actual costs versus benefits

**Tell us why**

**#4525**

Lacking in detail i.e. what does 'partner' 'collaborate etc actually mean'? - what will be the actions, how much will they cost and where is the evidence as to any outcomes/benefits

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Quickly build and maintain a public transport system that gets traffic off the road, is reliable, affordable and easily connects Auckland. I don't want more services that herd people into the city, I want a transport system I can take to the zoo, to work, to the airport, to see family over on the north shore. Get me, and many other Aucklanders off the road and into a public transport system that will actually work. What we have is

**#4532**

shameful. It's a whole lot of absolutely nothing we can use in any meaningful way, it's embarrassing and it's a failure. If we have less money, let's do one thing and let's really nail it. Let's do public transport well and quickly.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

We should lessen financial assistance to events and the regeneration of the CBD. Hopefully resources can still be offered so that communities can hold tight and get through a tighter time while we focus on connecting Auckland. If we don't dilly dally around, it should be a short headache and then a hugely connected city that they can benefit from.

Stop work on cycle ways. Generally speaking, and I'm being very general, they tend to benefit the affluent and I just don't think that's what we should be working on when we are all being asked to tighten our belts even further than we already have.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We need to sort out our road traffic urgently. We need to hone in on this like it's stage four cancer. I believe it should be treated as an urgent crisis that requires a substantial amount of focus, energy, thought leaders and budget. Auckland will be so much more livable and enjoyable if we were more connected. We also need to pause work on all cycle ways. It is a transport system that works for such a small amount of people and spending budget on it is borderline criminal. If we are all being asked to tighten our belts and go without many things that make Auckland enjoyable, then we need to see solutions that work for vast majorities and currently underserved communities. I'm not cutting my meat consumption down so I can afford a rates hike for nothing. I live 8 minutes from the airport and there is not a single bus, train, shuttle or anything like that that I can take, not on my road or the next one over.

**2a. Is there anything you would spend more on?**

Get our public transport options off the road. We need to go above or below, get people off the road. I would also then look at taking those spaces and seeing how they can be commercialized spaces that enhance travelers lives through convenience options such as shopping spaces, places to get mail dropped off etc.

**#4532**

**2b. Is there anything you would spend less on?**

Cycle lanes, raised pedestrian crossings, lowering speed limits to speeds that are so ridiculously slow that everyone ignores them because they make people drive dangerously.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

I genuinely don't believe a development project will be capped at \$33M but I do think that if it's not being used, it needs to be changed. Consult with the community and phase out a plan to provide something that they can use and that can be scaled up for bigger events. For the love of all things good, please factor in public transport as if every single person at the revised stadium were to take PT to get there. Really over plan for PT levels and it will never, ever be a barrier for someone to attend an event there.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

The fund will be at the whims of the market, but that is not new as the stocks already are in the market. I can see this amount of money being tempting for corruption and we need several controls in place to stop so much wealth being collected into one place.

**4b. Which option do you prefer for the future of Port of Auckland?**

**#4532**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Get the cash upfront and start to make immediate benefits felt. 35 years will fly by and it's a good deal for them too. Don't screw them over, let's grow together. If they don't want the deal, don't force their hand, and don't cut them out.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

If council services means working on the plan, then do that. Don't stick the money in a bank account and not use it. This money needs to fund benefits for Aucklanders really, really fast. Show us you can deliver on what matters.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

35 years is the right amount of time, it could be lower and go to 30, but I wouldn't be comfortable with it going any longer without being re-negotiated.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Because who cares? This isn't something that should be diverting our attention from the core matters.

#4532

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

They're the experts, you'll only \*\*\*\*\* it up or pick a wild idea that will cost a wild amount of money and have no public transport system to get people to the silly little thing you think we can't live without. I can't see anything on an Auckland CBD wharf benefitting the millions of Aucklanders more than public transport would. Let's keep our eye on the prize.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support

#4532

Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

#4532

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

#4532

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	When times are hard, community-led activities really help build and foster a sense of safety and belonging. Either attending these events or getting involved in the planning is great. I completely support community-led events.

Tell us why

I agree with it. I would like to see some investment in environmental services but understand that now may not be the time to do that. Perhaps some of the community service funds could be for green events.

**#4532**

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Environment is very important, when I can not he the TUI in the morning,,,

Check out the invasive Algae, possible remove and this is just the beginning...

**#4555**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop talk, do!

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland is great, tourism is important, but the SKY-train is scrapped!

**2a. Is there anything you would spend more on?**

Environment, information about tourism.

**2b. Is there anything you would spend less on?**

General costs

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

A place to meet, have festivals, etc.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**#4555**

**Tell us why:**

Future is in AIR-RAIL to AIR-PORT!

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Remodel the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Unsure!

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Get native plants, enhance MAORI-CULTURE

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#4555

Underwater-world, history and more.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

We have to use the potential to make it great, ok.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cycle lanes especially in and around South Auckland. You've removed everyone's parking for an activity that hardly anyone partakes in.

**#4663**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We need better public transportation. I would take it if it was guaranteed to be on time.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

North Shore already has more compared to the rest of Auckland. You need to focus on West and South.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#4663

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It will make our transport problems worse

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#4663

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#4663

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Howick, Māngere-Ōtāhuhu

### Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective	

#4663

options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

**Tell us why**

**7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Howick Local Board Priorities**

**7b. What do you think of our proposed priorities for Howick in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Review and refresh the Howick Heritage Plan.	Very Important
Review and refresh the Howick Tourism Plan.	Very Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Fairly Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs	Very Important

#4663

industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	Fairly Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

**Tell us why**

**7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?**

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation	
--	--

#4663

facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#4663

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Just do “core” things , get out of development, incentivise the private sector more

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#4704**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

#4704

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu, Waitematā

### Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important

#4704

Support community-led activations at our parks and facilities through our community grants.

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**Waitematā Local Board Priorities**

**7b. What do you think of our proposed priorities for Waitematā in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Deliver a new civic space at 254 Ponsonby Road.	Not Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Not Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Not Important

#4704

Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Not Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Not Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Not Important

**Tell us why**

**7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No, no faith in the council to make our city better

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Wasting time on consultants for nothing - e.g. the light rail project

**#4723**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Our infrastructure doesn't support a better and fast transport network - at least not under the current lead by our mayor

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Consultation

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

No point upgrading it - poor transport system to support, too congest

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#4723

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

8. Do you have any other comments?

You have killed The CBD. It's not safe to visit and there's easy no transport to get there

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Lower it's carbon footprint. More arts funding. Better public transport. More smaller and medium concert venues.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#4822**

Big fancy stadiums on the waterfront.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Support faster public transport. Don't support reducing temporary traffic management requirements as I don't believe that will be safer. Don't support putting cycleways everywhere particularly with raised separators or cycleways which decrease amenity for pedestrians, parking and make it harder to catch public transport. Anyone can take public transport so this should be prioritised whereas only a percentage can cycle.

### **2a. Is there anything you would spend more on?**

Public Transport. Should be fast, frequent and green in all areas of the Auckland. You shouldn't need a car.

### **2b. Is there anything you would spend less on?**

No

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

I think it is fine. There are better things to spend money on.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#4822**

**Tell us why:**

I believe it is imperative that we have More Airport shares, let alone selling the small number we have. I don't like the sound of what is proposed for the Port of Auckland.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't like the other option.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Better for long term.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

No

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#4822

I think it is fine.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I think it is fine.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#4822

Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

#4822

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

#4822

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Green public transport locally is more important for reducing carbon footprint than cycling initiatives. I don't think some of the safety action plan actually make it safer.

Tell us why

I want more green Public Transport and arts.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#4822**

**8. Do you have any other comments?**

No

14.3.2024

Dear Auckland City Council,

I am writing to you on behalf of Auckland Rugby League to express our strong support for the proposed increase in funding through the Sport and Recreation facilities Investment Fund (SRFIF) as outlined in Auckland Council's Long-term Plan 2024-2034. As a Regional Sport Organisation deeply invested in the growth and development of Rugby League in Auckland, we believe that the Long-term Plan (LTP) presents a crucial opportunity to shape the future of our sport and our communities.

As a key pillar in our strategy to 2030, Auckland Rugby League has been steadfast in our commitment to growing participation at all levels of the game. One of our proudest achievements has been the phenomenal growth we have witnessed in the girls and women's spaces within our sport. The number of female participants has surged, reflecting a growing demand for opportunities for girls and women to engage in Rugby League at both grassroots and elite levels.

However, as participation numbers continue to rise, so too does the need for fit-for-purpose facilities to accommodate this growth. This entails community Clubrooms, female changing rooms, sand carpeted fields, floodlit lighting. Adequate and accessible facilities are essential in providing safe and enjoyable playing experiences for our participants. Without suitable facilities, we risk hindering the development of Rugby League in Auckland and depriving our communities of the benefits that sport brings.

The proposed increase in capital funding for sport and recreation through the Sport and Recreation Facilities Investment Fund (SRFIF), is a welcome step towards addressing the infrastructure deficit that our sport faces. By investing in facilities that meet the needs of our growing participant base, we can ensure that rugby league remains a vibrant and inclusive sport for all Aucklanders.

As we look towards the future, Auckland Rugby League is committed to working collaboratively with Auckland Council to identify and prioritize the needs of our sport and our communities. We believe that by investing in fit-for-purpose facilities and supporting initiatives that promote participation, we can create a healthier, more active, and more connected Auckland.

In closing, I would like to extend our gratitude to Auckland Council for its ongoing support of rugby league in Auckland. Together, we can continue to make a positive impact on the lives of our participants and contribute to the thriving sporting landscape of our city.

**#4836**

Thank you for your attention to this matter, and we look forward to the opportunity to further discuss how we can work together to achieve our shared goals.

Sincerely,

Kelsi Amiatu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please stop implementation of Transit lanes, they are not working and is causing major congestion Auckland wide.

**#4888**

Keep rates increase at a low as Aucklanders are struggling. Rates have increased massively in the last 5 years.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Will not benefit anyone to be honest

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

Sell the section outside of stadium to fund the maintenance of the stadium and change operational management to involve more community.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#4888

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

## Local board priorities

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

I think South Auckland needs a dedicated property for boxing. I'm the president of the South Auckland Boxing Association and there are about 25 formal & informal boxing clubs in South Auckland with many participants. However we have nowhere to do our sport. It is very difficult to compete & develop young boxers.

**#4920**

South Auckland has produced David Tua & Joseph Parker - world renown boxers, yet the sport of boxing struggles in South Auckland.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#4973**

Support all of the proposal

**Tell us why:**

We have enough cycle ways at the moment for cyclists but what we dont have enough of us trains and buses running on efficient timetables. We need to fix this now and then can look at more cycle lanes in the future

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Redeveloping seems like the best idea, to redesign the area and potentially attract more income, since it's being under utilised in its current state

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

If you do not have strategic say over AIAL then I guess selling the remaining shares would be ok. But I am not sure about this AFF and to be honest don't have faith in it. Even with a small shareholding, councils may still have some degree of influence or voice in certain matters, especially if they collaborate with other shareholders or engage actively in shareholder meetings. They may also have the opportunity to express their views on important issues through shareholder resolutions or discussions

**#4973**

with the company's management. So I guess what I am saying is, yes you can sell the remaining shares, but I hope it isn't at a loss over the operational aspect of AIAL.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

We need to keep the shares of the POAL so we can continue to have operational directive of the company. Another option could be to lease the operations of the port but, rather than investing the proceeds in the fund, use them to pay down debt as noted in the future fund section above. As we have noted earlier this would result in a similar financial contribution towards council operations, and a significant reduction in council debt, but would not protect the value of the council's assets over the long term.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I dont have faith in the Auckland Future Fund, to be used appropriately to help the council or the future of Auckland.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#4973

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I read all of the advantages and disadvantages and I honestly couldn't find a good reason to make any changes at the moment, and I'm not really sure I understand why this was proposed in the first place.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Similar to my answer above, I Couldn't see a benefit to making a change after reading the proposal

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#4973

<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I agree to the revenue and financing policy

#4973

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#4973

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#4973

<p>Improve employment and economic opportunities through our local economic broker programme.</p>	<p>Fairly Important</p>
<p>Support community-led activations at our parks and facilities through our community grants.</p>	<p>We need to focus on transport for these areas to the Auckland CBD as well as anti social behaviour. In Mangere Bridge for instance, for majority of the year there is constant fireworks going off at least ONCE per week. There is boy racers constantly drivi</p>

**Tell us why**

Everything is OK apart from this - strengthen partnerships with local mana whenua through project delivery

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5105**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

We need a rail service from Mangere and the airport to the CBD

**2b. Is there anything you would spend less on?**

Cycle lanes

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

#5105

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know

Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#5105

<p>Improve employment and economic opportunities through our local economic broker programme.</p>	<p>Very Important</p>
<p>Support community-led activations at our parks and facilities through our community grants.</p>	<p>We need to invest in transport options in mangere to increase employment of mangere residents. We need to ensure our community is prepared for future weather events. Safety needs to be a priority with more policing. Mangere town centre areas needs to re</p>

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

More money needs to be put into the mangere community. We need better transport links to the CBD , better security, re design of mangere town centre. We are a struggling community with unique needs and high rates of poverty.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5154**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I like the capped public transport idea - will mean more people taking public transport if is built. Too many delays and cancellations right now.

**2a. Is there anything you would spend more on?**

Utilise the increase in income from capped \$50 plan.

**2b. Is there anything you would spend less on?**

Nope

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Stadium is never full - we have more opportunity with Moana Pasifika, but is never full.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#5154**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Think long term and set us up. Our council "services" have increased costs and provided little outcome.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#5154

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Making Space for Water programme’s inclusion of “blue-green corridors”. These are walking and cycling paths through greenspaces and alongside streams, adding to our walking, cycling network while also creating a natural drainage area.

**#5193**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Increased investment in cycling infrastructure and maintenance. If technology advances brings down prices of ebikes, perhaps a higher adoption of cycling-to-work would decrease traffic numbers. Better for roads and busses.

Cycleways! Safe cycle infrastructure, accessible for all kinds of bikes, that get people where they want to go. More end-of-ride facilities for all kinds of bikes, more repair stations along key routes.

**2b. Is there anything you would spend less on?**

Spend less on road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#5193**

**Tell us why:**

Maintain the shares by the council for long-term returns many years into the future.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

The Auckland Anniversary and public events that are held at the Port has always been a draw/excuse to visit the city

#5193

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Other
Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	I don't know

#5193

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more money saving.getv

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of good to have projects

**#5228**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Rate payers are already quite squeezed in their budgets so we should minimize our spending.

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Yes. All the good to have projects should be put on hold.

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Sell it.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#5228

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Rate must be decrease and also water really expensive. Cost of Living is expensive rate musy be decrease

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5234**

Rate and Water

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Too many cars and buses no parkings

**2a. Is there anything you would spend more on?**

Spend more money to pay cleaners and workers in council sites. and help with the communities library.

**2b. Is there anything you would spend less on?**

Spend less on transport, parks and road works

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Wasting money there hardly use it don't know where mone goes

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#5234**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5388**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#5388

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More focus on south and west auckland development.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5411**

Less focus on city centre development.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I support every part except for rolling back support for cycleways, etc

**2a. Is there anything you would spend more on?**

Road repairs, bus services

**2b. Is there anything you would spend less on?**

Car centric transport

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

There are higher priorities to focus on

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Keep the shares under the Council, giving Aucklanders a voice in the Airport's future direction

**#5411**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#5411

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu, Manurewa, Ōtara-Papatoetoe

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#5411

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#5411

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

#5411

Continue to support, deliver and fund initiatives that contribute to positive youth development.	Very Important
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	Very Important
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	Very Important
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	Very Important
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	Very Important
Identify options for recreational activities to support people of all ages and abilities being casually active.	Very Important
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	Very Important
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

#5411

## Ōtara-Papatoetoe Local Board Priorities

7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Very Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	Very Important
Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Very Important
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Very Important
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Very Important

#5411

Explore options for ways of delivering increased local economic outcomes for small to large businesses.	Very Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think transport should be a greater priority, and that the Regional Fuel Tax should be brought back, to encourage public transport.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5423**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I don't believe the RFT should be canceled

**2a. Is there anything you would spend more on?**

I think public transport should be more important and that it should be free

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

A giant space like that should be used

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#5423

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important

#5423

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

If I saw action, then I wouldn't mind as much where I see my money going to something that is happening. For several years now all I've heard is talk, but no actions from all Mayors including Wayne Brown. This City is going backwards and we need a Mayor that knows what they are doing, is a true leader, Wayne Brown is a business man, but no a leader. Time for a change.

**#5507**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Remove the Bureaucrats, compared to other city's we have too much of middle management. The Mayor and anyone at upper management levels should not receive bonuses if their KPI's are not being met. The way I see it, nothing has been met. It's how it works in the private sector, so why should my money be wasted on people who aren't doing their job.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

I haven't seen any of my money been spent to improve transport. Auckland Transport is a joke. Always roadworks but no action.

**2a. Is there anything you would spend more on?**

Fixing the pot holes.

**2b. Is there anything you would spend less on?**

Paying for road works to drag on for years. Every time I seem to drive past road cones there is nothing happening.

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Not interested as I don't go there

**#5507**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Airport should be privately owned. We don't need the council involved. The council can't even run the council properly. Let the current owners of the airport and Auckland Council stick to running the council as they can't even run the council as it is.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

Not bothered as doesn't affect me.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

#5507

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>

#5507

Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

While I understand rates do increase over time, I don't support Wayne Brown's arrogance with rates increasing.

Why not look at an approach in between Central proposal and pay less get less?

Another approach which seems more fair, I believe in UK if you have more people living in the house, you pay more in rates which seems fair as it's not fair that a person living alone pays the same than say someone with 4 people using more services.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

**#5507**

8. Do you have any other comments?

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Pay more on educating /motivating youngsters to take up jobs and be part of country development, rather than lending ears to Gangsters/others pushing us back to dark ages.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5510**

Reduce unnecessary spending and cut unnecessary Traffic Control for Works. Spend more money on a Cost Controller or Cost Auditor to check ways to cut down expenses on how job can done done safely, as per AC standards with all H&S

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

Reduce bus/train cancellations . Cancellations cause reduce public transport reliability. Optimising TTM works is need of the hour, fully appreciate that. Improvements is footpaths etc to engage people to walk more.

### **2a. Is there anything you would spend more on?**

engage people to walk more and use public transportation . Reduce bus/train cancellations.

Engage a Controller and Auditor General, a whole audit team to find cost savings.

### **2b. Is there anything you would spend less on?**

Temporary Traffic Management needs to be optimised, reduce waiting time for TM approvals.

## **3. Which options do you support for the North Harbour Stadium?**

I don't know

### **Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

#5510

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Yes, we would like to know whether rates paid by residents are being spend in that area. Reason we get rates hikes, but we cannot see much/any Auckland Council development in Old Papatoetoe/Mangere.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation	
--	--

#5510

facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#5510

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Yes, we would like to know whether rates paid by residents are being spend in that area. Reason we get rates hikes, but we cannot see much/any Auckland Council development in Old Papatoetoe/Mangere.

**Tell us why**

Better and Safe neat footpaths

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Local board needs to keep eye on how rates being collected in this board area and how much council is spending in this area. Because we don't see much of council

**#5510**

money spending in this area. Can council put us a board /inform rate payers on every year quarter showing rates collected and money spend in this area.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5626**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

More money on moving away from a car focused city. Investment in pedestrians, cyclists, public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

It doesn't make sense to sell those shares. There's no point making it easier because it shouldn't happen ever.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

#5626

Tell us here:

Is it possible to lease it for a shorter time than 35 years?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I think there's more benefit from continuing to use them as ports. There are other parts of the city that need public spaces more

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	

#5626

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including	Fairly Important
--	------------------

#5626

Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

do not apply Congestion charge.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5795**

Environment, culture, art, etc. non essential things all can be less in difficult years. Get rid of food scrap collection services.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We support use less money achieve more things. Get rid of all expansive red tapes - excessive TMP, overkill design regulations, etc.

**2a. Is there anything you would spend more on?**

Do not charge Congestion charge.

**2b. Is there anything you would spend less on?**

Get rid of food scrap collection services.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

If keep the shares cost Council more money, please proceed with selling. As it should not be Council's focus.

**#5795**

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

You should not let residents who lack of professional knowledge to make this decision.  
You should find the right person to make the right decision.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

You should not let residents who lack of professional knowledge to make this decision.  
You should find the right person to make the right decision.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

You should not let residents who lack of professional knowledge to make this decision.  
You should find the right person to make the right decision.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

You should not let residents who lack of professional knowledge to make this decision.  
You should find the right person to make the right decision.

**5b. What option do you prefer for Bledisloe Terminal?**

#5795

I don't know

**Tell us why:**

You should not let residents who lack of professional knowledge to make this decision.  
You should find the right person to make the right decision.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	I don't know

#5795

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#5795

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

#5795

## Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	Economics is more important than anything else, especially in difficult years.

#5795

Business Associations proposed BID expansion.

**Tell us why**

support local sports, sport facilities and business.

**7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?**

Support

**7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.**

**Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?**

We support business expansion, especially in difficult years. No need to red tape.

**Tell us why**

## Ōrākei Local Board Priorities

**7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important

#5795

Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Very Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Keep things as they are, people living in this area enjoy safe and nice environment.

**Tell us why**

**7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stop finding excuses to tax citizens by "doing more" tactics. We all pay more than enough tax...cant pay anymore.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#5817**

Already doing less...

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#5817

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6103**

Support most of the proposal

**Tell us why:**

We need to get more cars off the roads, but some alternatives that I've seen don't think like they've been thought through or are very practical. Money has been spent on so-called "improvements", i.e. some cycleways, but these don't necessarily get used by the community.

**2a. Is there anything you would spend more on?**

Really need to evaluate the means of public transport and provide reliable (!) alternatives. In my opinion we need a rail line to the airport also connecting surrounded suburbs. At minimum 2-3 trains per hour with good connections to close buy suburbs. It needs to be affordable so that people would actually choose to give up their vehicle.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#6103**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

As someone who works in Ocean Freight, I'm concerned about the impact leasing the port operations would have on cost of importing and exporting containers. We've already had a rather large increase of cost at the beginning of this year, heavily impacting our customers and, indirectly, all of us notice this as these increases are being passed on to us (take retail as an example). If the operations are leased, I would expect a steep increase at the time the transfer happens, and regular increases throughout the years. What about union and strikes? Australian ports have just gone through 4 months of strikes before an agreement, causing a massive backlog and disrupting the entire industry.

Port of Auckland have improved over the years, operations are smooth. I would hope they can remain in charge of operations and continue on with their plans.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#6103

Trucking costs from other major ports in NZ are quite high (e.g. Tauranga to Auckland). Having less port operations in Auckland, where a big part of NZs population is located, means more trucks on the road, more cost to businesses and, in the end, us as c

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support

#6103

Re-introduce <b>recycling charges for schools.</b>	I don't know
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6109**

Don't support any of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Watercare

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#6109

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

**#6142**

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

**2a. Is there anything you would spend more on?**

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere,

**#6142**

and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important

#6142

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

City and Local Development

I support a surface light rail network as it provides the opportunity to regenerate urban centres and enables development through a higher capacity transport system.

Environment and Regulation

I support a surface light rail network as it reduces transport emissions and pollution in Auckland, creating a cleaner city for all.

Economic and Cultural Development

I support a surface light rail network as it facilitates economic growth through an efficient and accessible transport system. This enables more people to reach businesses and commercial areas to support and grow Auckland's economy

## 1. Introduction

### 1.1 Purpose of this pathway

The Auckland Rapid Transit Pathway (ARTP) bridges the gap between high level plans (such as the Auckland Transport Alignment Project (ATAP), the Auckland Plan 2050, the Auckland Regional Public Transport Plan (RPTP)) and project-level planning and design work. This plan sets out Auckland's view of the future rapid transit needs for the region, over the next 30+ years.

It will take many decades to fully implement the rapid transit network outlined in the ARTP, meaning an enduring, evidence-based plan is important to ensure a consistent approach is maintained over time. By providing a clear long-term view of how this network should develop over time, the ARTP will help ensure the design and implementation of individual corridors and projects come together in a coherent way. This will deliver the best possible value and a useful, connected rapid transit network.

It does this by outlining at a network level:

- The role and objectives of rapid transit within Auckland's wider public transport network, including its contribution to outcomes identified in higher-level plans and strategies
- The future network's corridors and their likely modes and connections
- Timing and staging for this network
- How to improve access to rapid transit, including land-use integration
- Key implementation steps.

### 1.2 Keeping this pathway current

Rapid Transit future planning is an ever-evolving process. Priorities change, funding availability changes, technologies change and growth timing and extent is uncertain. The ARTP will need to be updated regularly to account for the latest thinking on the rapid transit network.

As decisions are made, however, it is the role of the ARTP to act as a reference point, to ensure that decisions are progressing towards the desired future system - of a fully integrated, efficient and customer-focused rapid transit network which supports Aucklanders' needs.

## 2. Rapid transit in Auckland

### 2.1 What is rapid transit?

Rapid transit is defined at a high level in the Government Policy Statement on Land Transport (GPS) and the National Policy Statement on Urban Development (NPS-UD) as:

*A quick, frequent, reliable and high-capacity public transport service that operates on a permanent route (road or rail) that is largely separated from other traffic.*

This Pathway elaborates on the above definition to emphasise the role of rapid transit as the core of Auckland’s wider public transport network and its importance in shaping the region’s growth and urban development.

The Auckland Rapid Transit Pathway’s definition of rapid transit is:

**Rapid transit provides fast, frequent, and reliable high-capacity access along strategic corridors that are separated from other modes and unaffected by congestion. Rapid transit is the backbone of Auckland’s public transport network and is critical to supporting and shaping its growth and urban form.**

Key characteristics of rapid transit are relatively universal across different cities worldwide.

Characteristic	Explanation
Integrated with other public transport	Rapid transit forms part of the frequent public transport network, within a wider overall network of public transport services.
Provides fast, frequent, reliable and high-capacity service	A dedicated corridor and large vehicles enables rapid transit to provide a high capacity, highly attractive service that is competitive with private vehicles.
Easy and intuitive to use	Rapid transit provides a high-quality customer experience that is simple to understand, especially for new or infrequent passengers.
Total priority to ensure reliability and resilience	Rapid transit needs to always operate reliably, regardless other factors affecting the transport network. To achieve this reliability and resilience, rapid transit usually operates in corridors that are physically separated from other modes.
Tailored to a corridor’s needs	The mode, distance between stations and scale of infrastructure should be tailored to the likely scale of demand and characteristics of a corridor, while still effectively integrating with the wider network.
Shapes and supports urban form	The speed and reliability of rapid transit makes areas near stations more attractive places to live, work and visit, supporting higher density and mixed-use development.

A variety of different modes and technologies can deliver rapid transit service, including buses, light rail vehicles, metro vehicles, trains and ferries. More detail is provided in Section 4.3.

In all cases, the characteristics of the services are more important than the type of vehicle used to provide it. For example, a train service that operates at a low frequency is not rapid transit.

### 2.2 The role of rapid transit in Auckland

Auckland’s geographic layout and urban form help define the role rapid transit needs to play in supporting the region’s success. A small number of connections between different parts of Auckland concentrates many trips onto a few corridors, which act as bottlenecks and create congestion, particularly for longer-distance journeys.

Forecast growth has the potential to worsen these current challenges. Auckland’s population has doubled over the last four decades to approximately 1.7 million people in 2022, and is projected to approach 2.5 million around 2050. Without major change to people’s travel behaviour, this growth is forecast to significantly increase travel demand over the next 30 years, potentially resulting in an extra 400,000 peak time trips and 2 million more daily trips across all modes.

Auckland’s transport challenge is greater than just accommodating growing travel demand. Transformational change is required in many areas, especially to significantly reduce greenhouse gas emissions and private vehicle travel. Rapid transit has a major role to play in this transformation, through meeting a substantial share of growing travel demand and shaping a more sustainable urban form.

Key roles for rapid transit are shown in the table below:

Supporting and shaping a quality compact urban form	The public transport network’s backbone	Providing space-efficient access to opportunities
Supporting successful and productive centres and major employment areas.	Quickly, efficiently and reliably moving people along routes with high levels of demand.	Enabling Aucklanders to benefit from the region’s growth by providing fast, high-capacity and reliable access to opportunities.
Encouraging a greater share of growth in areas with better travel options.	In inner areas, meeting strong demand for travel along major corridors into the city centre and between other major centres.	Moving large numbers of people across key transport bottlenecks and into highly constrained areas.
Ensuring new ‘greenfield’ areas have good travel options as they grow.	In outer areas, acting as the key connection to and between major centres, other parts of the region and to major public transport hubs.	Delivering long-lasting access improvements that can be maintained over time even as demand increases.
Encouraging transit-oriented developments in new and existing areas.		

### 2.3 Rapid transit objectives

These objectives clarify the outcomes sought from expanding and upgrading Auckland's rapid transit network, helping to inform future planning work and business case development.

1. Increase access to opportunities, especially to major and growing employment rates
2. Increase people throughput on Auckland's most critical corridors
3. Increase the share of travel unaffected by congestion
4. Increase public transport's mode share, especially for medium to long journeys, to reduce greenhouse gas emissions
5. Enable an integrated, efficient and effective public transport network
6. Focus most housing and employment growth in centres, nodes and development areas
7. Support high quality integrated urban communities

#### 1. Increase access to opportunities, especially in major and growing employment areas

Increasing the number of people able to easily and reliably access major and growing employment centres is important for Auckland's economic productivity and overall prosperity. The evolution of Auckland's economy towards service-sector employment means future job growth is likely to be focused in a few key centres. Enabling safe and efficient access to these centres enables workers to realistically consider a wider range of job opportunities, and employers to draw on a wider variety of potential employees.

Rapid transit's capacity, speed and reliability means it has a unique role to play in significantly increasing the number of people who can easily access these centres – especially from outer parts of Auckland that currently have relatively poor access and often also have higher levels of deprivation. These communities often have a high proportion of Māori and Pasifika residents; the development of the rapid transit network should consider how access to opportunities for these groups can be improved.

Rapid transit's extremely high 'space efficiency' (i.e. number of people moved compared to the amount of space required to move them) is the only way significantly more people can access major centres while also enabling these centres to become more people-focused, high-quality places.

##### Measures:

- Number of people within 45 min PT travel time of key centres.
- Total number of jobs people can access within 45 mins by PT.
- Mode share of trips to key centres.

#### 2. Increase people throughput on Auckland's most critical corridors

Auckland's geography splits the city into several sub-regions, linked by only a few transport connections. Travel demand is funnelled into these links, creating bottlenecks that result in congestion, poor travel reliability and ultimately much lower levels of access for many parts of Auckland, especially outside the isthmus.

Ongoing population and employment growth are placing increased pressure on Auckland and its most critical transport corridors. Adding road capacity to these corridors is generally extremely costly and often unacceptable or infeasible due to environmental and/or community impacts.

Rapid transit's ability to move large numbers of people along narrow corridors means it is uniquely suited to significantly increasing the throughput of people in these most essential parts of Auckland's transport system.

##### Measures:

- People-moving capacity along key corridors.
- Person movement per hour along key corridors

#### 3. Increase the share of travel unaffected by congestion

Congestion leads to delays and highly variable travel times that adds cost and undermines quality of life. Reducing the impact of congestion on people's lives is a key component of improving accessibility and overall wellbeing.

Because it operates on dedicated corridors, rapid transit can still provide a fast and highly reliable travel option even when other parts of the transport network are under strain and highly congested. As a growing share of people use rapid transit, the impact of congestion on Auckland will reduce as more and more people are unaffected by it in their travel.

##### Measures:

- Per capita annual delay from congestion.
- Share of travel on rapid transit compared to other modes.
- Service reliability and punctuality (passenger weighted).

#### 4. Increase public transport's mode share, especially for medium to long journeys, to reduce greenhouse gas emissions

The combination of rapid population growth, few opportunities to add road capacity within existing urban areas and the need to reduce emissions makes it critical to dramatically increase the share of travel by public transport, walking and cycling (mode shift). Reducing Aucklanders' reliance on the private vehicle is an essential part of enabling easy, safe and sustainable access to opportunities.

If population growth simply translates into increased vehicle travel, then the result will be more congestion, poorer access to opportunities, higher emissions, a less healthy and safe population, and overall a poorer quality city for residents, businesses and visitors.

Rapid transit has a critical role to play in supporting mode shift, particularly for medium and longer journeys, thereby helping to reduce transport emissions. The speed, reliability and service quality of rapid transit makes it strongly suited to achieving mode shift, especially compared to other forms of public transport. High quality design, including universal access to stations that feels safe for all passengers throughout the day and night, is key to encouraging more people to use these services.

##### Measures:

- Share of travel by public transport (overall, on key corridors, to key locations).
- Vehicle kilometres travelled (total and per capita).
- Public transport ridership (total and per capita).

### 5. Enable an integrated, efficient and effective public transport network

As the backbone of the public transport network, rapid transit needs to be properly integrated with other public transport services, to ensure it can successfully perform this role. This means that network design and ticketing need to enable transfers between rapid transit and other services. Key interchanges must also be designed to minimise transfer times between services. Where two rapid transit corridors intersect, interchanges should enable particularly easy transfers between services.

As the rapid transit network expands, it should increasingly carry a greater share of all public transport trips. A greater portion of these trips will involve transfers from other services. Passenger journeys on rapid transit will, on average, be for longer distances than those of on other services, reflecting rapid transit's role in carrying medium to long distance trips.

#### Measures:

- Proportion of all public transport boardings on rapid transit services.
- Share of public transport journeys involving transfers to rapid transit.
- Share of rapid transit journeys involving a cycling connection.
- Share of rapid transit journeys involving a walking connection.
- Average passenger kilometres per service kilometre.
- Average transfer time between services at key interchanges.
- Safe and universal access to stations.

### 6. Focus most housing and employment growth in centres, nodes, and development areas<sup>1</sup>

The Auckland Plan 2050 and the Auckland Unitary Plan are based on a quality compact approach to growth. This approach focusses most growth within the existing urban area and enables the greatest amount of change to occur in and around centres, and in nodes and development areas. Accommodating a significant proportion of Auckland's future growth in these locations is important for protecting rural areas from urban encroachment, managing infrastructure costs, supporting liveability and wellbeing and reducing environmental impacts.

Areas that have access to rapid transit will be able to support redevelopment to higher densities. This is because these locations will have better access to opportunities and be more attractive places to live, making them suitable for higher density development by both the public and private sectors. Rapid transit is particularly important in supporting high intensity employment areas, by creating large 'pools' of employees who can travel to the centre of employment in a reasonable amount of time and with a high level of reliability.

Rapid transit also reduces the amount of space that needs to be dedicated to carparking by providing high quality travel options. This means that space which would have otherwise been required for parking can be developed instead for housing, businesses and other activities. For employment centres, rapid transit's spatial efficiency also means that they can be more intense, supporting higher productivity through agglomeration.

#### Measures:

- Proportion of new dwellings within walking and cycling distance of rapid transit.
- Proportion of commercial development within walking and cycling distance of rapid transit.
- Proportion of metropolitan and town centres within walking distance of rapid transit.
- Proportion of major public facilities (including universities, hospitals, large shopping centres) within walking distance of rapid transit.

### 7. Support high quality integrated urban communities

For Auckland to be an attractive place for people to live, work, play and visit, it is important for the city's growth and development to be accommodated in a way that creates high quality integrated communities. This means a variety of uses and housing types, and easy walkable access to travel choices, services and other opportunities.

Rapid transit needs to support, and not detract from, the creation of high-quality integrated communities. To do this effectively, consideration needs to be given to the location, design and access to stations, so they can act as hubs that help build a sense of community identity. Stations should be a focal point for development, helping to deliver 'transit-oriented developments'. This is a focus of the National Policy Statement on Urban Development (NPS-UD), which requires the land within a walkable catchment of rapid transit stations and stops to allow for buildings of at least six stories.

Higher intensity mixed use development, community facilities, public spaces and walking and cycling connections should be comprehensively planned with rapid transit to create well-functioning urban environments that support safe, resilient and accessible neighbourhoods and communities.

Careful design also needs to help ensure rapid transit corridors avoid or minimise the negative impacts they might have on communities, including through creating severance or potential noise and visual impacts on communities from rapid transit infrastructure. The type and scale of infrastructure that is appropriate may vary depending on the context of the surrounding environment; for example elevated structures may not be suitable in residential areas, due to amenity concerns.

The procurement of rapid transit projects also presents an opportunity to further invest in communities, by way of social procurement. Hiring local businesses to support the development of infrastructure helps to develop skills and knowledge, and support the local economy, including Māori and Pasifika communities.

#### Measures:

- Resident satisfaction surveys.
- Proportion of people walking and cycling to stations.
- Rapid transit projects including a social procurement approach.

<sup>1</sup> As described in the Auckland Plan.

### 3. Our Rapid Transit Pathway

#### 3.1 Our existing network and improvements underway

Auckland’s current rapid transit network includes services on the electrified heavy rail network between Swanson and Papakura, as well as the Northern and Eastern busways. Key rapid transit projects across Auckland are also currently in various stages of development, as shown below.

Auckland’s current rapid transit network, including projects under construction which add new kilometres of rapid transit, is shown on this map.

These projects are led by a range of organisations, including Auckland Transport, Waka Kotahi, Auckland Light Rail, and KiwiRail (with support from other organisations). These projects under investigation are focussed on expanding the existing rapid transit network to support growth, improve access to centres, and offer alternatives to congested corridors.

#### Key Rapid Transit Projects

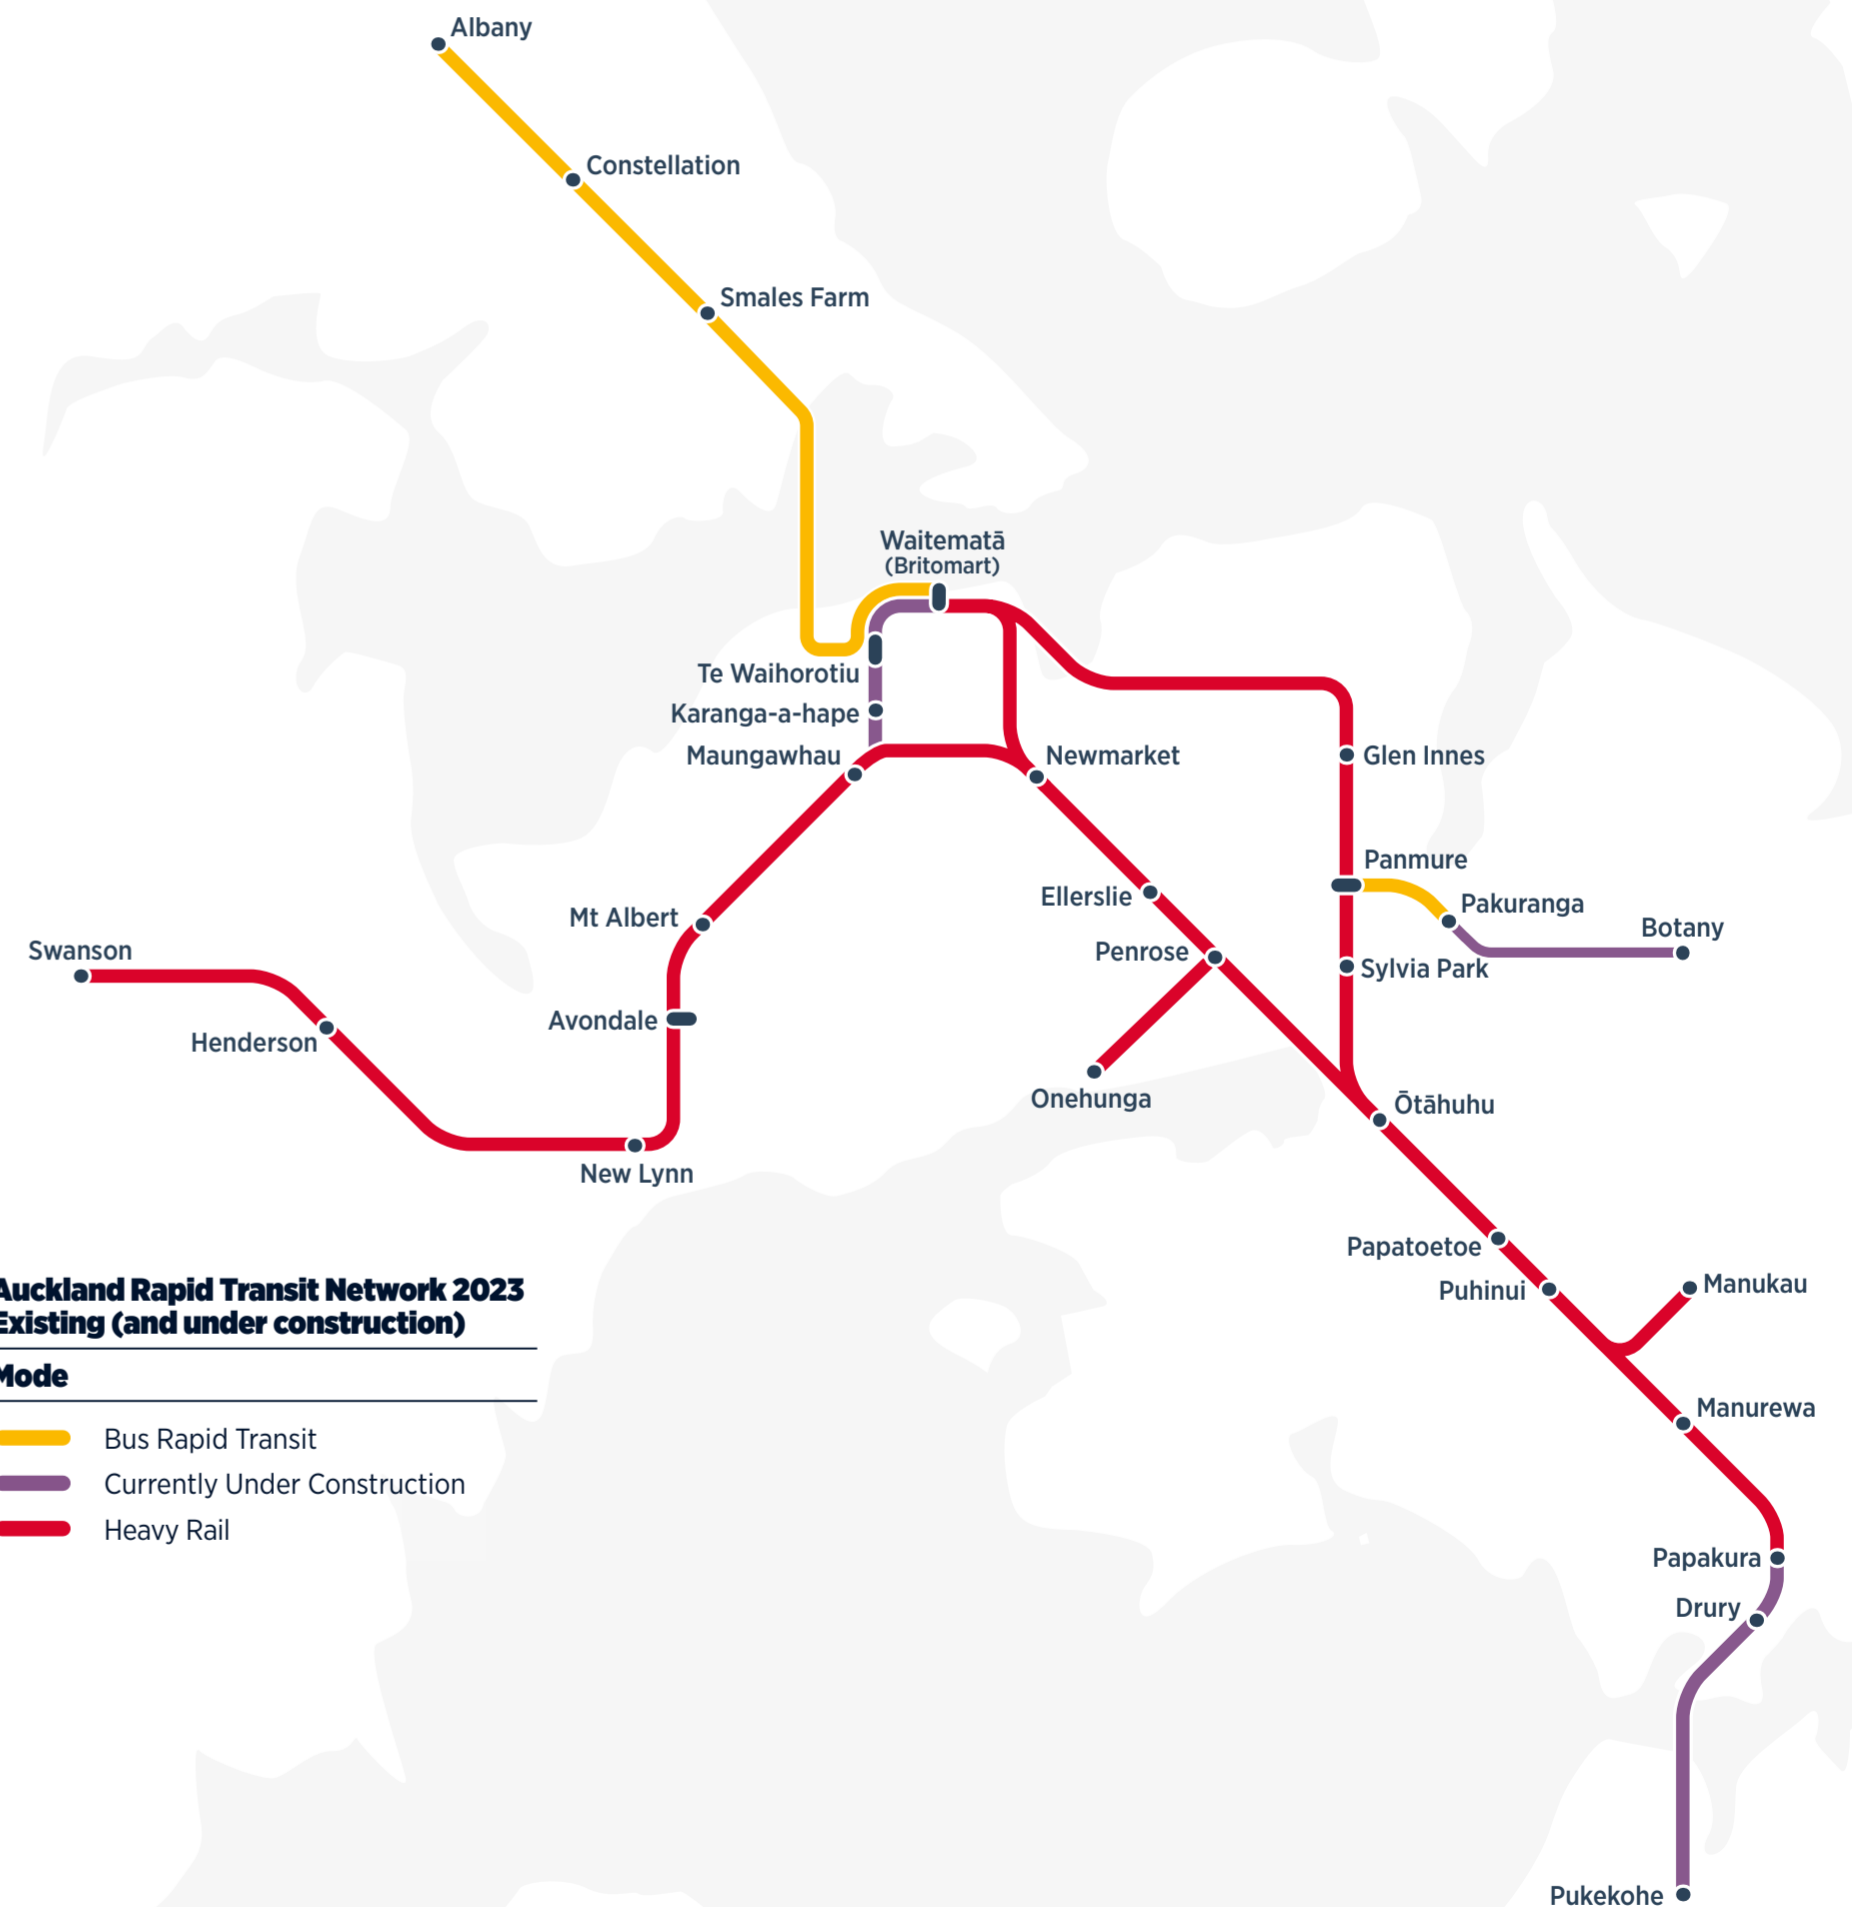

Phase of development	Projects (as of late-2023)
Under construction	<ul style="list-style-type: none"> <li>City Rail Link</li> <li>Rail electrification (Papakura to Pukekohe)</li> <li>Third main (Westfield to Wiri)</li> <li>Eastern Busway (Pakuranga to Botany)</li> </ul>
Route protection	<ul style="list-style-type: none"> <li>Airport to Botany corridor</li> </ul>
Business case development (detailed)	<ul style="list-style-type: none"> <li>City Centre to Māngere</li> <li>Northern Busway enhancements</li> </ul>
Business case development (indicative)	<ul style="list-style-type: none"> <li>Northwest rapid transit</li> <li>North Shore rapid transit (as part of the Waitematā Harbour Connections project)</li> </ul>
Business case development (programme)	<ul style="list-style-type: none"> <li>Rail network development plan</li> </ul>

#### 3.2 Future network development

Improvements to Auckland’s rapid transit network that are already under construction or have had their funding approved will significantly improve the reach, capacity, frequency and efficiency of this network. However, substantial further improvements are required if Auckland’s rapid transit network is to fulfil the role required of it in the future.

Key areas of focus for further improving the rapid transit network have been identified as:

- Expanding the rapid transit network to serve large parts of Auckland that currently have worse access to opportunities via public transport compared to other parts of the region, especially:
  - northwest Auckland
  - the wider Māngere area
  - southeast Auckland
  - future greenfield growth areas
- Increasing public transport capacity, especially:
  - into the city centre generally
  - between the North Shore and the city centre
  - in the central isthmus
  - to Auckland Airport
  - new track and fleet on the rail network
- Improving access to the rapid transit network and better integrating it with wider transport networks
- Fully realising urban development opportunities around the rapid transit network.

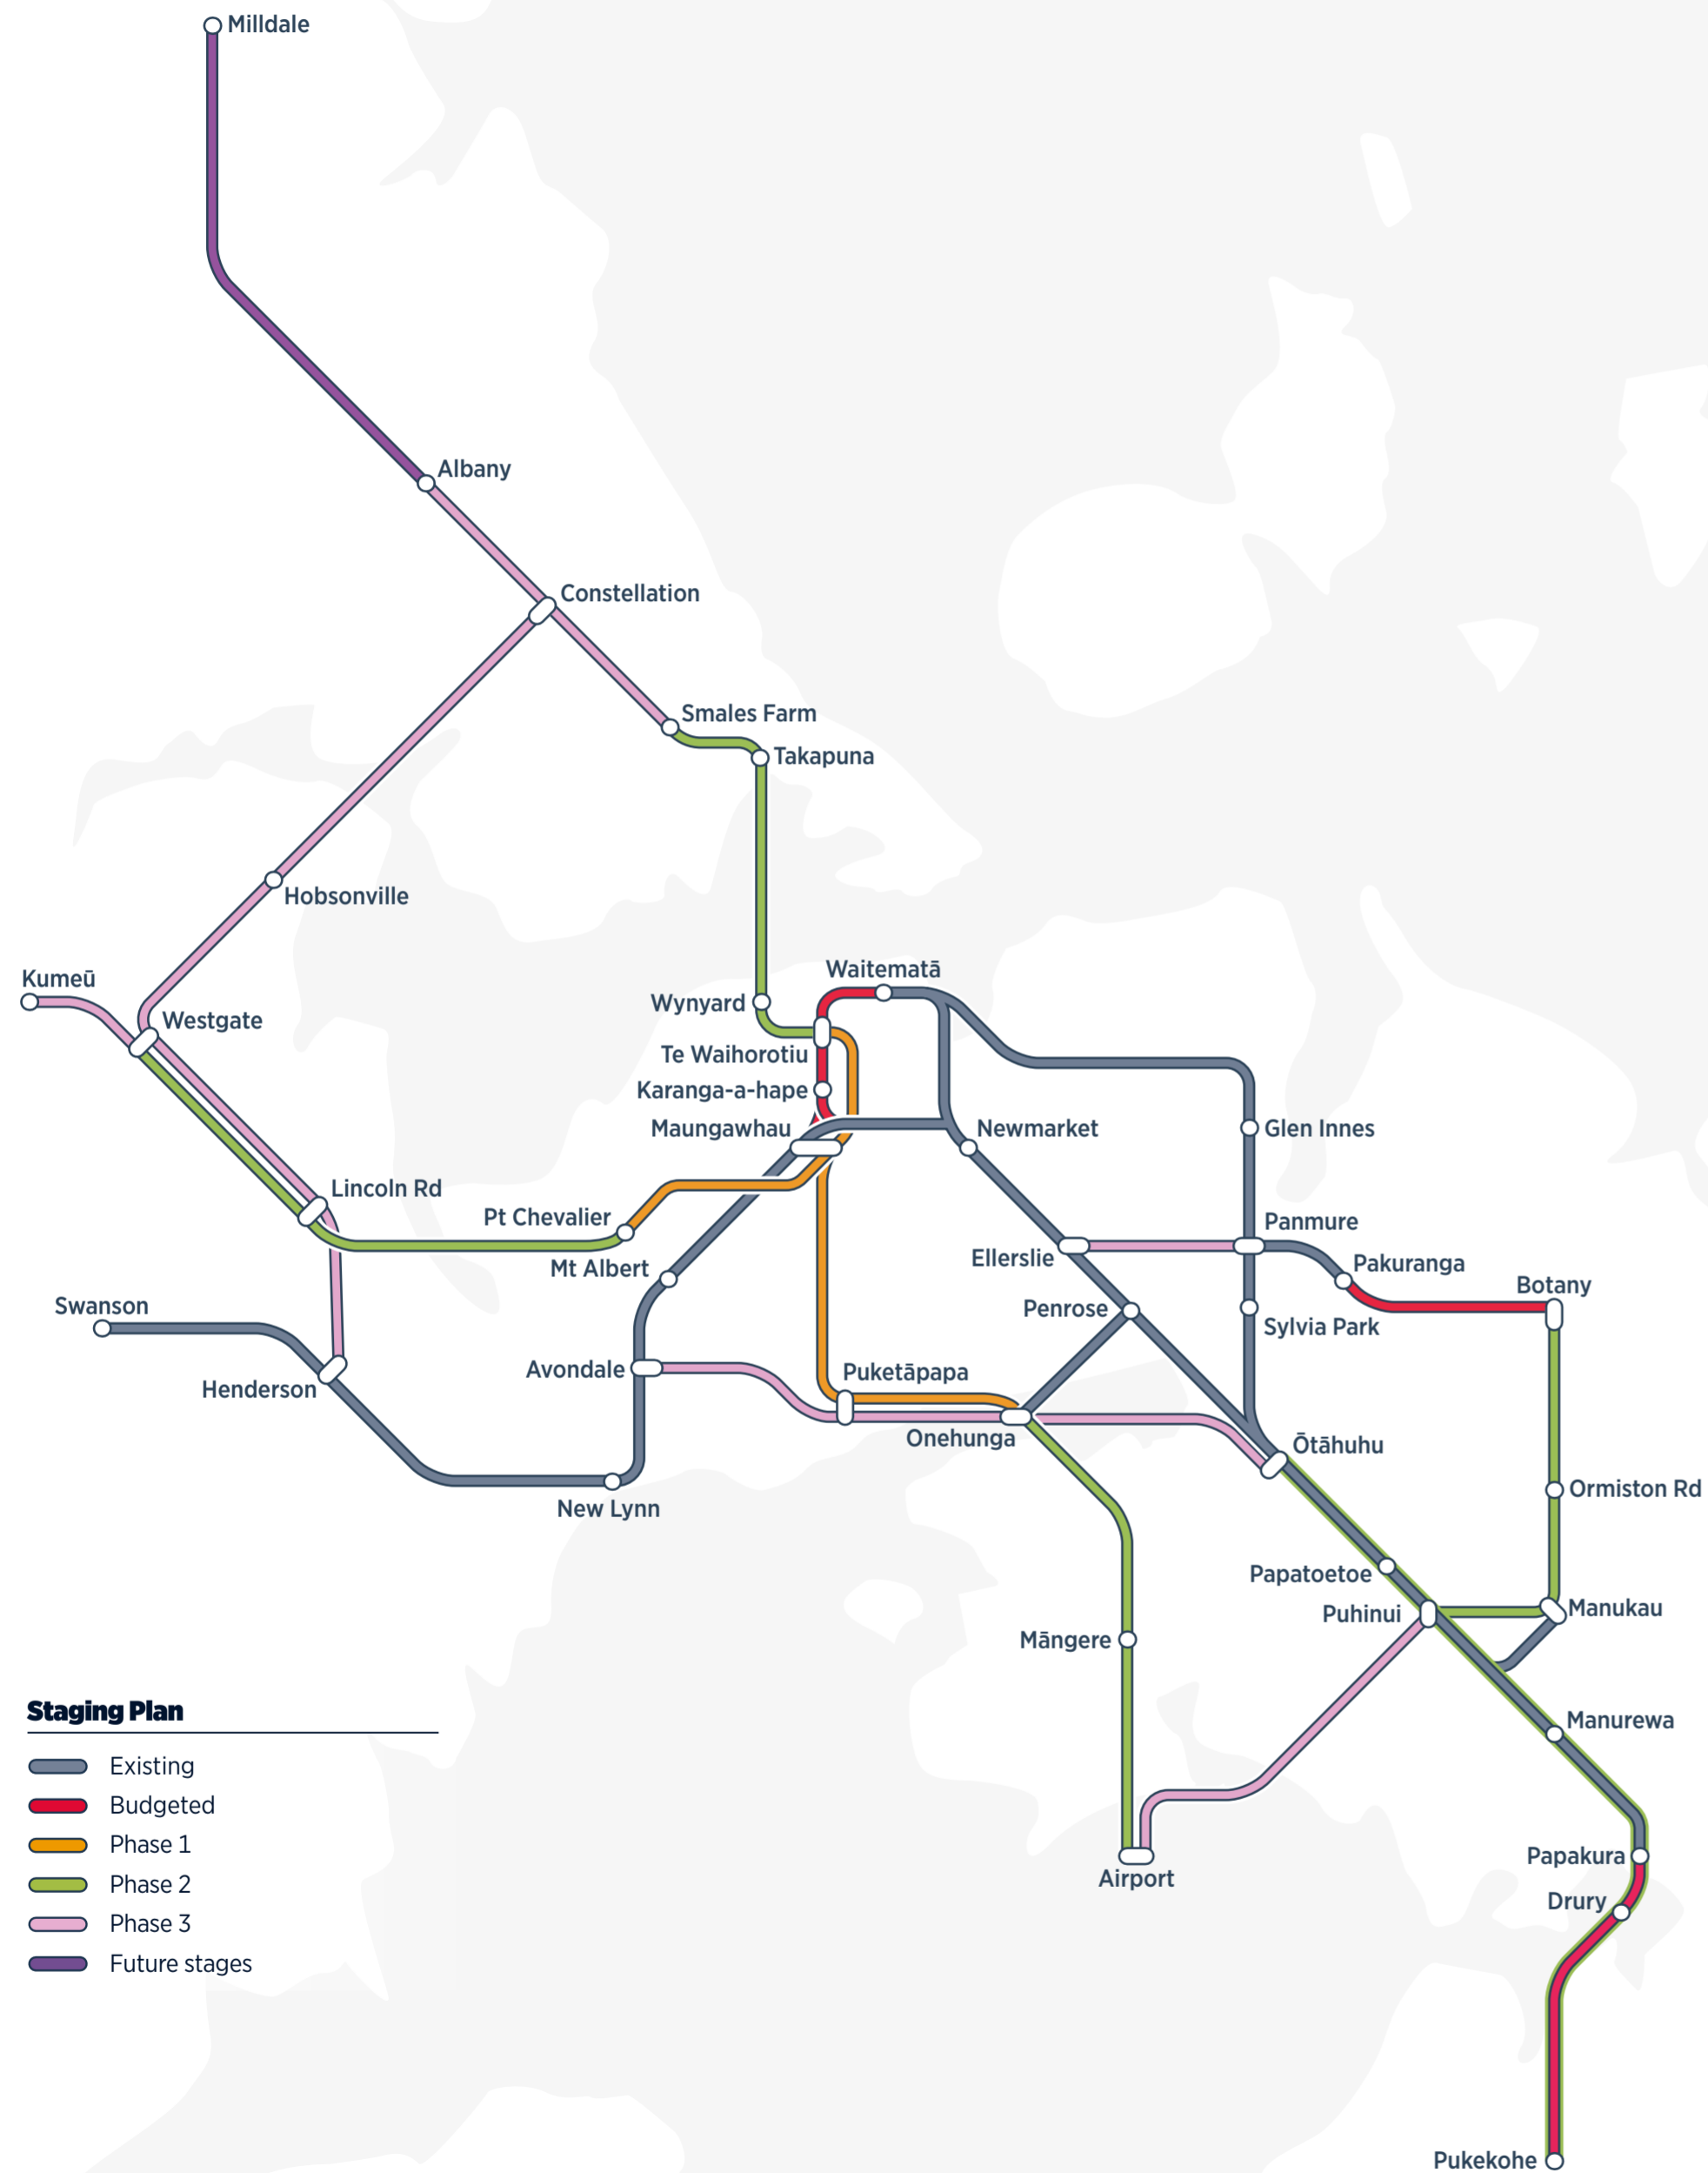

### 3.3 The future network

This map represents the overall long-term rapid transit network for Auckland. The key features of this network are:

- A well-connected network of corridors linking the main parts of Auckland, especially metropolitan centres with each other and with the city centre. The network extends into key growth areas to the north, northwest and south to provide these emerging parts of Auckland with high quality travel options.
- The heavy rail network, with City Rail Link completed, will continue to serve its existing catchment. Future investment will be required to enable this network to meet forecast demand and improve the quality of service for both freight and passengers (including express and inter-regional services).
- A new light-rail network, serving three corridors to the north, northwest and south (Airport) of the city centre will be introduced. This new network's high capacity will enable it to meet very high forecast demand in these corridors. Services will run through the city centre, so customers can travel directly from the North Shore to the northwest and Airport (and vice-versa).
- Bus rapid transit will largely be focused on 'orbital corridors' which serve trips between key centres and nodes that have a lower level of forecast demand. It plays a key role in connecting to the rail-based corridors to deliver an integrated network across Auckland.
- A new rail corridor, connecting Avondale to Ōtāhuhu to link together other corridors and serve a rapidly growing part of Auckland for passenger and freight purposes.

### 3.4 Sequencing

Phase	Corridors Delivered	Comments
budgeted	<ul style="list-style-type: none"> <li>City Rail Link and associated works</li> <li>NZUP rail projects (third main, Pukekohe electrification, Drury stations)</li> <li>Eastern Busway (Pakuranga to Botany)</li> </ul>	First steps of wider network, largely reflects existing funding commitments
1	<ul style="list-style-type: none"> <li>City Centre to Māngere - part one (Onehunga)</li> <li>Northwest light rail (City to Pt Chevalier)</li> <li>Airport to Botany interim bus rapid transit (Manukau to Botany)</li> <li>Next 'step' of heavy rail improvements (designations for capacity improvements on the rail network)</li> </ul>	Further development of core radial networks and initial progression of orbital corridors. Focus on areas with greatest deficiencies.
2	<ul style="list-style-type: none"> <li>North Shore light rail (City to Smales Farm)</li> <li>Further heavy rail network improvements (as per the Rail PBC)</li> <li>Northwest light rail (Pt Chevalier to Westgate)</li> <li>Airport to Botany - part one Botany to Puhinui</li> <li>Airport to Māngere - part two to Airport</li> </ul>	Completing networks within existing urban area
3	<ul style="list-style-type: none"> <li>North Shore light rail (Smales Farm to Albany)</li> <li>Crosstown rapid transit (potentially phased)</li> <li>Upper Harbour bus rapid transit (potentially phased)</li> <li>Airport to Botany - part two to Airport</li> <li>Eastern Busway extension to Ellerslie</li> <li>Northwest light rail (Westgate to Kumeū)</li> </ul>	Expansion to greenfield areas as required

For many corridors the first step to implementation may be through interim bus improvements, which are not identified above. This approach can help build ridership and public confidence in the network over time, ahead of major investment in the long-term rapid transit infrastructure.

## 4. How we developed the pathway

### 4.1 Steps

The ARTP's network was developed through progressively answering the following questions:

- What rapid transit corridors are likely to be needed in Auckland over the next 30 years?
- What is the likely mode for each corridor to be used as the starting point for future business case development?
- How should delivery of the rapid transit network could be sequenced over time?
- How can we manage uncertainty about growth patterns and future demand levels?
- How can the various agencies responsible for the delivery of the network work together to achieve the best outcome?

### 4.2 Identifying and assessing rapid transit corridors

The first step in developing this Pathway was to identify which corridors in Auckland will need to make up the rapid transit network over the next three decades. As discussed in the previous section, rapid transit has a particular role to play within Auckland's wider public transport and transport networks, supporting transport and urban growth outcomes. Rapid transit also requires significant investment to deliver, meaning that it should only be used in corridors that really need it.

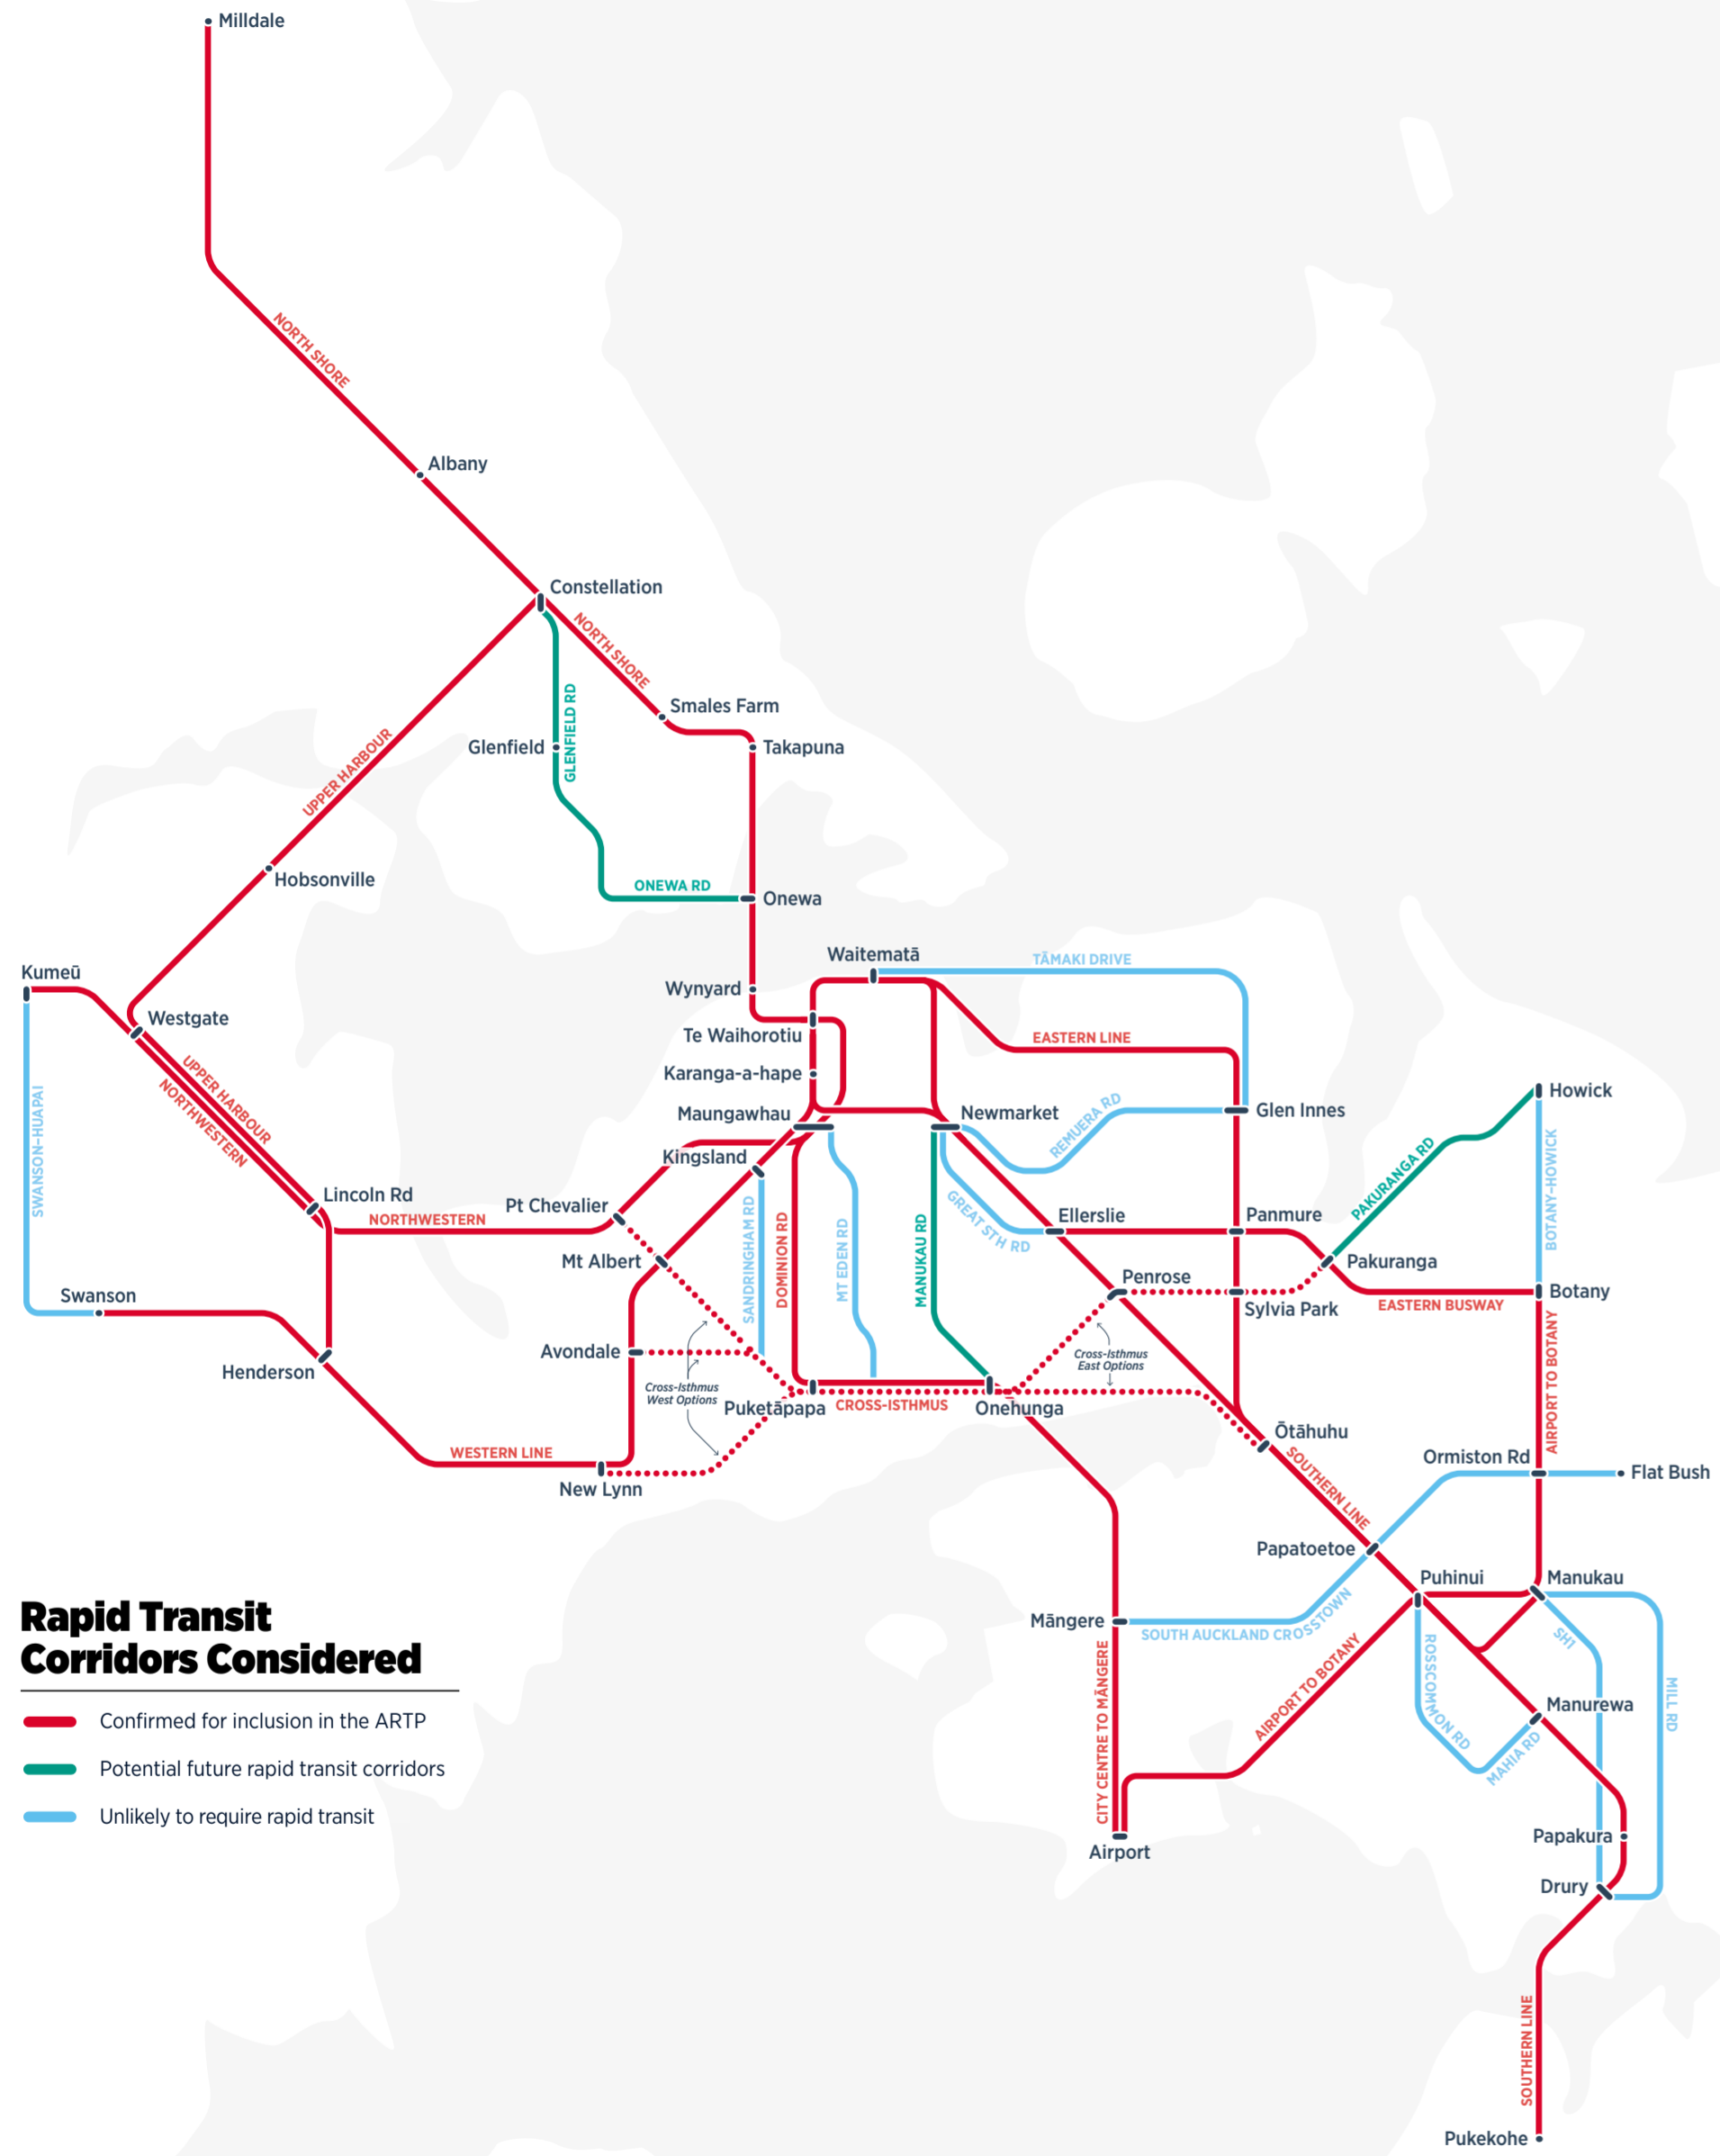

The starting point for analysis was the rapid transit network map shown on the following page, from the Auckland Plan 2050 and agreed as part of the 2018 Auckland Transport Alignment Project process by local and central government.

Potential changes to this network were tested, including whether corridors identified in this map should be retained and whether any corridors should be added or amended. Key criteria used to test the suitability of corridors for rapid transit were based on the objectives identified in the previous section:

Rapid transit objective	Criteria for assessing whether corridor should be part of the rapid transit network or not
Increase access to opportunities, especially to major and growing employment areas.	<ul style="list-style-type: none"> <li>• Connections to major population and employment areas</li> <li>• Opportunity to address significant deficiency in access to opportunities</li> </ul>
Increase people throughput on Auckland's most critical corridors	<ul style="list-style-type: none"> <li>• Forecast corridor demand by public transport</li> <li>• Forecast corridor demand across all modes</li> </ul>
Increase the share of travel unaffected by congestion	<ul style="list-style-type: none"> <li>• Current and forecast levels of congestion</li> </ul>
Increase public transport mode share, especially for medium to long journeys, and reduce greenhouse gas emissions	<ul style="list-style-type: none"> <li>• Opportunity to achieve mode shift to public transport</li> <li>• Current mode share levels</li> </ul>
Enable an integrated, efficient and effective public transport network	<ul style="list-style-type: none"> <li>• Potential for improved public transport network efficiency and effectiveness</li> <li>• Connections to other rapid transit corridors</li> </ul>
Focus most housing and employment growth in centres, nodes and development areas	<ul style="list-style-type: none"> <li>• Scale of growth potential in corridor</li> <li>• Number of metropolitan centres, major employment areas and development areas served by corridor</li> </ul>
Support high quality integrated urban communities	<ul style="list-style-type: none"> <li>• Potential to support transit-oriented development opportunities in new and existing urban areas</li> </ul>

The assessment allowed corridors to be sorted into three categories, which informed the creation of network options in the next phase of assessment:

Status	Corridors
Confirmed for inclusion in the ARTP	<ul style="list-style-type: none"> <li>Existing heavy rail network (Swanson to Pukekoke)</li> <li>North Shore (City Centre to Hibiscus Coast)</li> <li>City Centre to Māngere</li> <li>Northwest (City Centre to Kumeū-Huapai)</li> <li>Eastern Busway (Ellerslie-Botany)</li> <li>Airport to Botany</li> <li>Upper Harbour</li> <li>Crosstown</li> </ul>
Potential future rapid transit corridors	<ul style="list-style-type: none"> <li>Onewa and Glenfield Roads</li> <li>Pakuranga Road</li> <li>Manukau Road</li> </ul>
Unlikely to require rapid transit for the foreseeable future	<ul style="list-style-type: none"> <li>Sandringham Road</li> <li>Mt Eden Road</li> <li>Tāmaki Drive</li> <li>Remuera Road</li> <li>Great South Road</li> <li>State Highway One (Manukau to Drury)</li> <li>Mill Road</li> <li>Southern Auckland crosstown (Māngere to Ōtara and Flatbush)</li> <li>Manurewa (Roscommon and Mahia Roads)</li> <li>Airport to Botany northern extension (to Howick or Highland Park)</li> </ul>

Corridors assessed being unlikely to need rapid transit for the foreseeable future are still likely to need other public transport improvements over time, such as improved bus priority, enhanced service levels, and better customer facilities.

### 4.3 Identifying mode

The choice of vehicle technology (and its associated corridor characteristics) – usually referred to as ‘mode’ – is an important decision that significantly impacts on corridor capacity, required level of investment, urban development outcomes and network integration. While the final mode decision for a corridor should occur through a robust business-case process, because the choice of mode for one corridor affects other rapid transit corridors, a ‘network view’ is critical. This network view should act as the starting point for more detailed, project-specific, analysis. Project specific analysis needs to make a compelling case for a different mode from what is signalled in this Pathway, and address any network implications.

#### Bus Rapid Transit

Buses running frequently with high levels of priority on dedicated busway corridors (segregated from other traffic) are rapid transit. Auckland’s Northern Express bus services are an

example of bus rapid transit. Generally, these systems have high-capacity vehicles (such as double-deck or articulated buses) with approximately 100 passengers per vehicle. Current bus rapid transit systems require drivers to operate.

#### Light Rail

Light rail is a medium-capacity rail system, with the ability to operate both on- and off-street (but always with priority). Light rail vehicles are modern trams

that generally operate at higher capacity than Auckland’s historic trams. When operating frequently and with priority along their corridor and at intersections they are a form of rapid transit. New systems in Seattle, and many cities across Australia, are good examples of this mode as rapid transit. Light rail vehicles generally carry around 200 to 400 passengers per vehicle, but this can vary with design.

#### Metro

Metro is a medium-to-high-capacity rail system, always operating in a dedicated right-of-way (with no on-street running). Metro generally has a capacity between that

of light and heavy rail. It has an exclusive corridor, unlike heavy rail trains which may share a dedicated corridor with freight and long-distance passenger trains. Because of this, metro can be driverless, which reduces operating costs and enables higher operating frequencies when compared to heavy rail. Vancouver’s SkyTrain system is a form of light metro transit. Metro capacities can vary significantly with design, but usually are around 400 to 600 passengers per train.

#### Heavy Rail

Heavy Rail is form of rapid transit, given most railways are dedicated corridors with high levels of priority. Not all train services are rapid transit; some are too

infrequent to be considered as such. Auckland’s suburban trains are rapid transit, but its inter-city trains to Hamilton and Wellington are not. Heavy rail can be a high-capacity system, when there is a limited sharing of track with freight and other trains and trains are operated frequently. Auckland’s current trains carry 750-1,100 passengers per vehicle (varying by length). Auckland’s rail system requires drivers but there is potential for future automation.

#### Ferry

Ferries can operate with high levels of priority unless there is a significant level of other traffic operating on the waterway. Ferries can offer a fast and reliable travel option that can be attractive

where land-based routes are significantly longer. Geographic features, including channel depth, coastal topography and tides, also influence the viability of ferries as a mode. High frequencies and a core role in the overall public transport network are key conditions for ferries to be considered rapid transit. The SeaBus service in Vancouver is an example of a rapid transit ferry service.

Rapid transit modes use vehicles of different sizes, and are able to operate at different frequencies (i.e. the number of services per hour). With higher capacity modes generally requiring much greater levels of investment, the most appropriate mode should generally be matched to the expected corridor demand, while also taking into account:

- Possible future growth in that demand,
- Aspirations for the future urban form of the area,

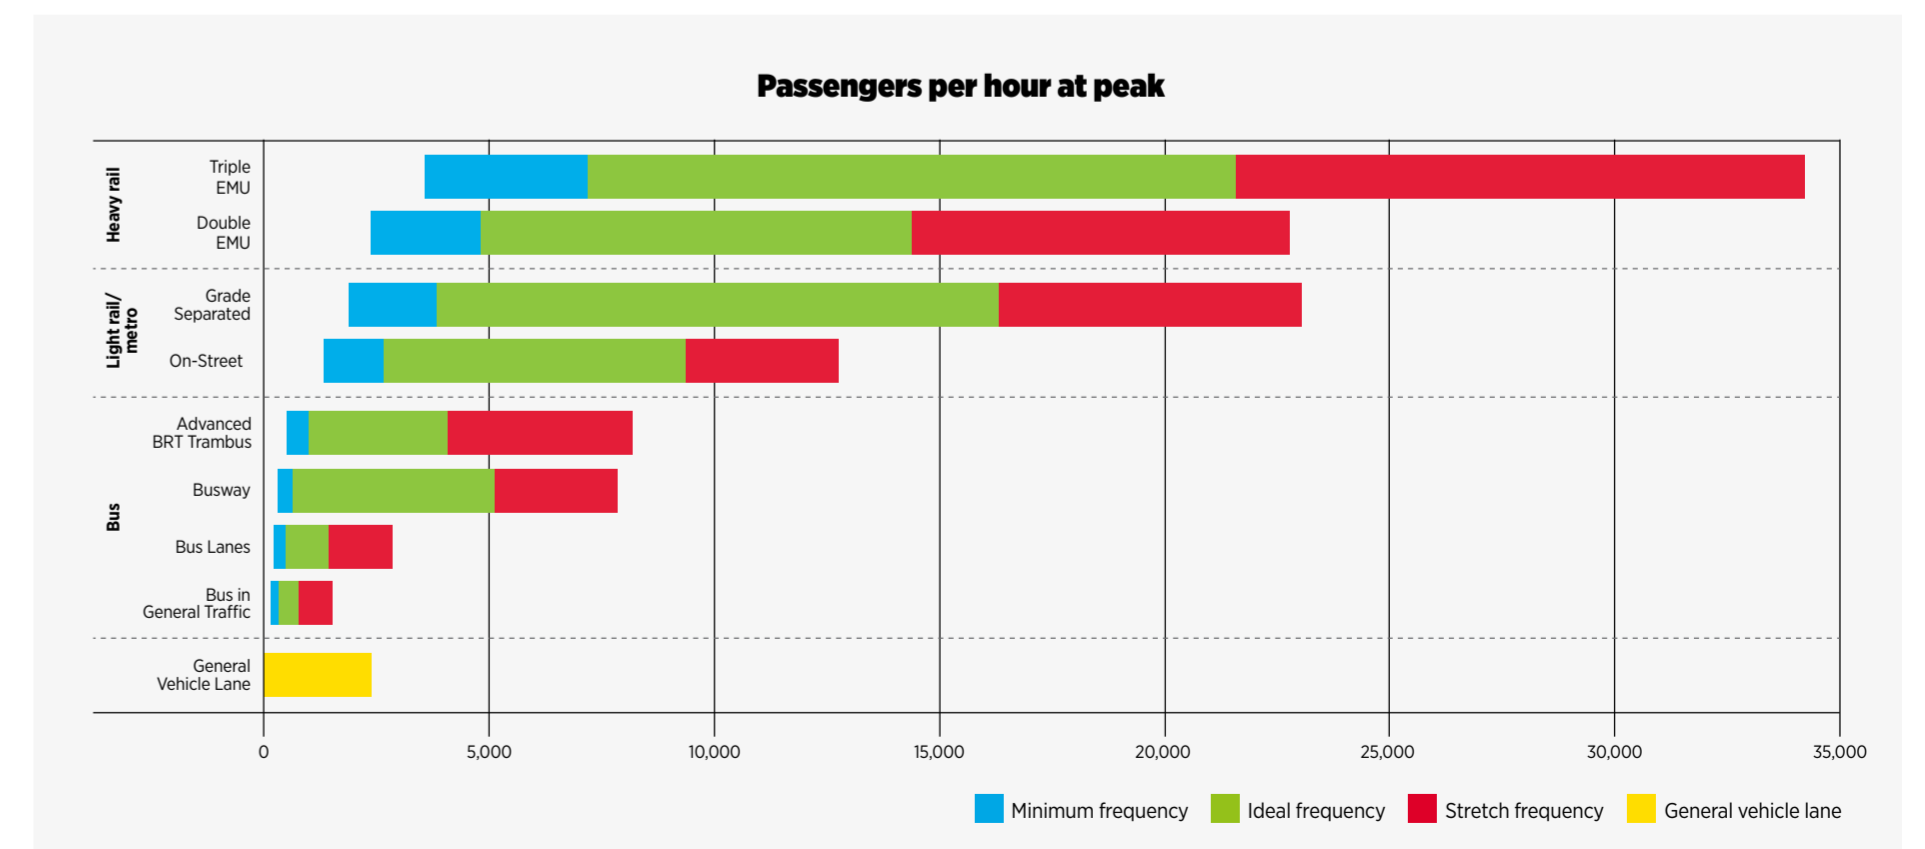

- Interconnectivity to the rest of the network, and
- The need to provide a level of service that is attractive to customers.

A summary of the ultimate ‘corridor capacity’ of these modes is shown in the diagram below:

The figure highlights that at some levels of demand there is flexibility to either serve a corridor with a lower frequency of higher capacity vehicles (e.g., rail-based) or a higher-frequency of lower-capacity vehicles (e.g., buses). In these cases, more detailed analysis is required to understand the maximum frequency of vehicles that are able to operate in a corridor efficiently and effectively. This analysis needs to consider the entire corridor, including stops/stations and capacity at each end for terminating and ‘turning around’ vehicles. Space for depots and vehicle storage must also be considered.

Projected demand is not the only factor that should drive mode choice. In setting out proposed modes for each part of the network, the ARTP’s decision-making process also considered:

- Integration with existing and other planned corridors
- Alignment with land use plans and growth aspirations
- Cost and value for money

**4.4 Determining sequencing**

Implementing Auckland's rapid transit network will need to be sequenced over time, not just for affordability reasons, but also for reasons of practical deliverability, maximising land use integration opportunities, the need to respond to changes in demand over time and to ensure value for money.

Sequencing decisions need to be made around:

- Which corridors should be sequenced ahead of others
- Which parts of corridors should be sequenced ahead of other parts of the same corridor
- Opportunities for 'early interim improvements' ahead of major construction.

Key factors guiding sequencing decisions included:

- Severity of existing issues – This relates not only to where there might be overcrowding of existing public transport, but also where current service quality is relatively poor, mode share is low and reliance on cars is causing the most significant issues.
- Alignment with growth planning – Both in greenfield growth areas and regarding the timing of major development plans in the existing urban area.
- Practical considerations around deliverability – This includes considering what sections can realistically be constructed separately or need to be constructed together.

Four phases have been identified in this pathway. The sequencing refers to full completion of the corridor, noting that early interim improvements may be appropriate and necessary well ahead of these timeframes.

Phase	Explanation
<b>Budgeted</b>	Projects that are under construction or have confirmed funding.
<b>1</b>	Corridors that are the next priority for implementation after currently funded projects. Typically, these will address very high priority/urgency issues and align strongly with short-to-medium term growth plans, including capacity upgrades to rail.
<b>2</b>	Corridors that are expected to be required over the next 30 years under current growth plans but address less urgent deficiencies or where planning has not yet identified a preferred approach.
<b>3</b>	Corridors that will likely not be required within the next 30 years, unless growth patterns change from what is currently planned, but that are expected to be needed later.

#### 4.5 Managing uncertainty

The ability to manage uncertainty is critical to the success of long-term plans, such as those set out in the ARTP. This blueprint will need to adapt and evolve over time, as new information and new trends emerge. Uncertainty around the future does not negate the need for long-term planning and plans such as the ARTP can help to reduce uncertainty.

Key areas of uncertainty that are highly relevant to this Pathway include:

- Uncertainty about where and when **growth and land use intensification** will occur. As planning rules become much more enabling of growth and development, the number of different ways Auckland could grow over time increases significantly. The timing and location of growth play a major role in determining the likely level of travel demand, potentially impacting on where rapid transit may be needed, what the most suitable mode could be, and what the most appropriate timing for implementation is.
- Uncertainty about the impacts of new **technology**. Transport technology continues to develop and change around the world, especially through the greater use of automation and connectivity. Technological change in the decades to come may create new forms of rapid transit, provide opportunities to increase service quality or efficiency on existing rapid transit services, or may result in changes of demand that impact the type of rapid transit suitable for a corridor.
- Uncertainty around **travel patterns** and behaviour. The COVID-19 pandemic illustrates how travel patterns can change dramatically, through increased working from home, much lower levels of travel, and a much greater use of online shopping or other activities. How long it takes for these travel patterns to return to normal – if they ever do – is extremely uncertain. The extent to which people continue to regularly work from home, especially for office jobs usually located in major centres, will have a significant impact on the likely future demand for rapid transit and therefore the timing and necessity of these investments. While major centres may have reduced commuter demand, however, they remain critical destinations for other trip purposes (including access to education, shopping, health services, and entertainment) and so are likely to always require public transport provision.

- Uncertainty around **funding availability** to progress rapid transit. Less available funding would mean progress occurs more slowly and there may be a greater reliance on low-cost, interim improvements. More available funding would allow faster implementation, which is likely to be particularly necessary to achieve the very transformational emissions reduction goals set by the government and Auckland Council.

While the future is highly uncertain, requiring a level of flexibility to adapt to changing circumstances, it is also important to not be paralysed by uncertainty and make no progress – especially when Auckland is pursuing transformational change in areas such as reducing vehicle travel and emissions. Uncertainty can be managed through a combination of:

- Testing network options against a variety of growth scenarios, to understand how changes to growth affect demand on different rapid transit corridors, and therefore their potential mode or timing. The timing of some corridors (including the outer ends of the Northwest and North Shore corridors) is highly dependent on when growth occurs, whereas other corridors (like the Eastern Busway) are much more focused on addressing existing deficiencies and therefore less impacted by future growth patterns.
- Balancing a clear direction about how Auckland's rapid transit network should grow over time with future flexibility for project-level work to refine the exact location, design, technology and timing of corridors.
- Promoting the 'progressive implementation' of rapid transit, where appropriate, so that a series of smaller-scale investments over time incrementally work towards delivering a rapid transit corridor, rather than relying on a single, very large, investment.

## 5. The corridors in detail

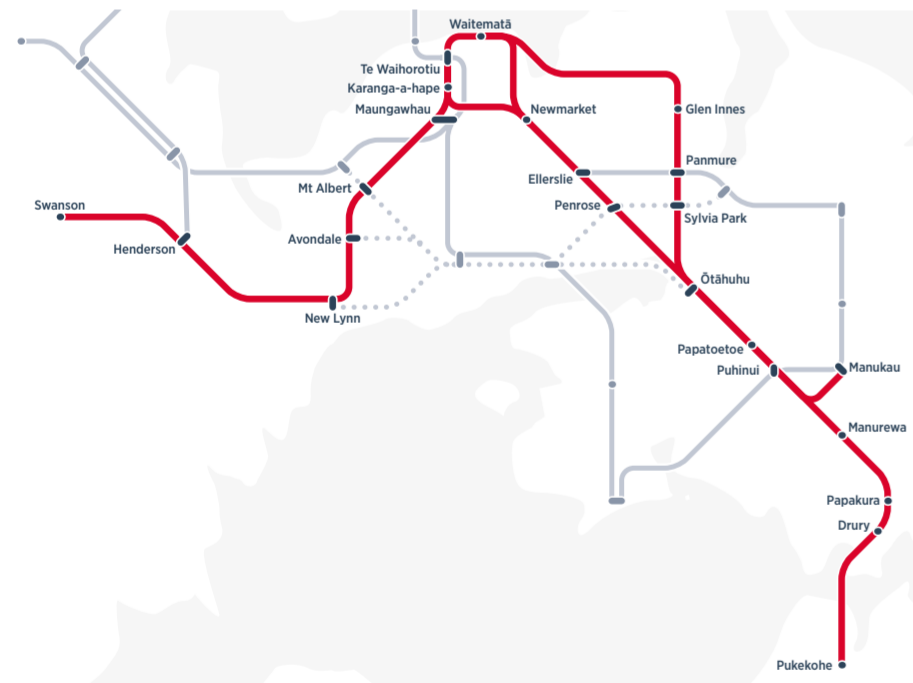

### 5.1 Overview

This section provides a brief overview of different parts of the rapid transit network, setting out why they are needed and how they are expected to develop over time. For each corridor there is information on:

- The corridor and its strategic role
- The likely future mode, connections, and sequencing of the corridor's delivery.

#### 5.1.1 Existing rail network

##### Description and strategic role

Heavy rail forms most of the existing rapid transit network and will continue to play a core role in the future. Ridership has grown strongly over the past 20 years, with Britomart Station, double-tracking of the western line, network-wide station upgrades, the introduction of electric trains, and the reorganisation of bus services to better connect with trains all contributing to continued passenger growth. Prior to the impacts of COVID-19, trains carried 22 million passengers per year in 2019.

For large parts of east, south and west Auckland, the rail network is the primary public transport connection to other parts of Auckland and the city centre, with local buses providing connections to key train stations to expand the catchment of the rail network.

Auckland's land-use patterns mean the rail network must cater for both long-distance passenger trips between outer suburbs and the city centre, as well as local trips over shorter distances. Over time, a growing inter-regional passenger role to Hamilton, and potentially beyond, means the rail network will need to improve its ability to provide for fast longer-trips alongside 'all-stopping' services through investment in additional tracks.

As well as its rapid transit function, Auckland's rail network also plays a critical role in the national freight system. Increased demands from each of these roles over time will likely require separation of metro and freight trains, to improve reliability and capacity for both.

Many of Auckland's town centres first developed along the rail network, which creates a significant opportunity for the rail system to support the redevelopment of these centres to higher densities and a wider mix of uses. Metropolitan centres like New Lynn, Newmarket and Manukau are playing a growing role as destinations for people using the rail network, which is expected to continue to increase over time as these centres develop. The rail network also passes through rural land in the south that has been identified for urbanisation, creating the opportunity for large-scale, best-practice transit-oriented development.

A major rebuild of the rail network is currently underway, to replace aged infrastructure and ensure the rest of the network is ready to realise the benefits of City Rail Link when it opens. Further investment in the rail network will build on this, guided by the following strategic goals:

- Increasing the passenger rail network's speed and capacity to support mode shift and increased access to opportunities, through enabling and supporting higher train frequencies, express train services and longer trains.
- Enabling growth in rail freight, and improved reliability and resilience of passenger and freight services, by progressively separating these functions.
- Improving safety and customer experience, through ongoing station and access improvements, removing road/rail level crossings, and preventing unwanted access to the rail network.

The next 30 year programme of capacity and safety improvements to the rail network will be guided by the rail Programme Business Case, which has just been approved.

### Mode and Sequencing

Major expansions to Auckland's heavy rail network through the addition of new lines and corridors appears to be extremely challenging, with multiple project-level business cases highlighting the high cost of extending heavy rail to places like the North Shore and Auckland Airport. Therefore, the future role of the heavy rail network is focused on continuing to serve its current catchments. There is potential for the Onehunga Line's role to change over time as part of developing the 'cross town' corridor but determining when and how this change could occur requires significant further work.

Ongoing upgrades are required to the rail network across all phases of this Pathway's implementation through a series of 'steps' that progressively enable higher quality services.

budgeted	Phase One	Phase Two	Phase Three
City Rail Link and associated network upgrades (including trains and stabling). Extension of electrification to Pukekohe and new stations. Initial separation of passenger and freight services on parts of the southern line.	Removal of level crossings from southern and western lines. Further separation of passenger and freight services on southern line. Further trains and stabling. Enabling limited stops services on southern line.	Further track improvements on southern line allowing "all-day" limited stop and express services. Longer platforms allowing 9-car trains, maximising capacity of City Rail Link. Further additional trains. Further separation of passenger and freight services across the network, necessitating the Avondale-Southdown line.	

**5.1.2 City Centre to Māngere**

**Description and strategic role**

This proposed rapid transit corridor links the city centre and Auckland Airport via Mt Roskill, Onehunga and Māngere. The corridor addresses growing bus congestion issues in the city centre, supports intensification of the central Auckland isthmus and Māngere, significantly improves Māngere’s access to employment and education, and dramatically improves access to Auckland Airport and its surrounding business areas.

The frequent bus services operating in the central isthmus are some of the busiest bus corridors in New Zealand. A step-change in public transport capacity and efficiency is required to support planned land use intensification in this area, as well as to enable and encourage on-going ridership growth, and help to support mode shift and emissions reduction goals. Such a step change cannot be provided by existing bus services, as this would require a greater volume than the city centre can accommodate. Without this step change, increased travel times to and around the city centre will negatively impact Auckland’s productivity and liveability.

The corridor will also improve access to growing employment areas, including at and around Auckland Airport, the wider Onehunga area, and the city centre. Without this major increase in capacity the road network will be overwhelmed and not be able to function effectively, limiting access to and productivity of these employment areas.

Providing a step-change in improved access along this corridor, combined with significant investment by Kāinga Ora in Mt Roskill and Māngere and Auckland Council in Onehunga, creates a rare opportunity to significantly address Auckland’s housing challenges in a way that is well aligned with achieving a quality compact urban form. If growth does not occur here, there will be greater pressure for development at the urban edge and in rural areas of Auckland.

Rapid transit is also expected to trigger upgrades to the streetscape amenity of the centres on the route, supporting their role as key community hubs and helping to encourage intensification along the corridor.

**Mode and sequencing**

Business case work has confirmed light rail as the preferred mode for this corridor, after considering many bus, light metro and heavy rail options in detail over the past decade. Forecast future demand levels are high (5,000-7,000 passengers per hour in the morning peak in 2050), meaning that bus improvements alone are not a feasible long-term solution.

Some tunnelling is anticipated along the corridor, and the extent and alignment of this will be confirmed by the next phase of design work on the corridor. The next phase will also confirm sequencing of the project, including whether some sections should be staged ahead of others.

This corridor will provide the first stages of infrastructure for the wider light rail network, which will include future expansion to the North Shore and Northwest corridors.

Improvements in this corridor should be sequenced over time as follows:

<b>budgeted</b>	<b>Phase One</b>	<b>Phase Two</b>	<b>Phase Three</b>
part one - to Onehunga		part two - to Airport	

**5.1.3 Northwest**

**Description and strategic role**

This is a planned corridor connecting Kumeū, Westgate, Point Chevalier and the city centre, running next to State Highway 16 for much of its length.

This corridor serves the northwest part of Auckland, which currently not well served by rapid transit and has little other dedicated infrastructure to support reliable services (as the existing Western rail line does not serve the northwest catchment). This means that northwest Auckland has relatively low public transport mode share, poor access to employment, and a very high reliance on a State highway corridor that often experiences severe congestion. Relatively low levels of employment in the northwest mean its residents face very significant access challenges, compared to most other parts of Auckland.

Interim bus improvements are extending bus shoulder lanes on the Northwestern Motorway and providing new transfer facilities at Lincoln Road, Te Atatū and Westgate. This will enable bus service improvements, but will not provide the levels of speed, capacity, reliability or service quality needed to function as a rapid transit solution.

Poor travel choice has contributed to development in the northwest being historically low density, and residents being highly reliant on private vehicles for transport. Significant intensification is enabled within the existing urban area, and large-scale greenfield growth is planned in the future urban areas of Red Hills, Whenuapai and Kumeū.

Providing this growth area with good travel options early in its development is important in supporting higher density housing, as well as providing residents with reliable mode choice and the ability to avoid congested roads.

Rapid transit will support the ongoing development of Westgate as a metropolitan centre and key employment node, as well as the intensification of other centres along the corridor, such as Point Chevalier. Intensification around other stations along the corridor will contribute to fully realising the benefits of this investment and shaping a more sustainable urban form for Auckland.

**Mode and sequencing**

Past business case work has identified bus rapid transit and light rail as the modes most likely to be suitable for the corridor.<sup>2</sup> Bus rapid transit has advantages of being more easily staged but provides a less enduring solution and does not integrate as well with future City Centre to Māngere and North Shore rapid transit corridors. Work done for the ARTP’s development suggests that light rail should be the focus of further design work, due to the very high level of forecast demand and the significant city centre integration opportunities.

Improvements in this corridor should be sequenced over time as follows:

<b>budgeted</b>	<b>Phase One</b>	<b>Phase Two</b>	<b>Phase Three</b>
Interim bus improvements	Introduction of a new light-rail connection between the city centre and Pt Chevalier (potentially staged for constructability).	Extension of new light-rail connection from Pt Chevalier to Westgate	Extension of new light-rail connection from Westgate to Kumeū/Huapai

<sup>2</sup> Note that the 2017 Indicative Business Case identified bus rapid transit as the preferred solution but did not investigate city centre constraints, which are a critical factor in driving mode choice.

**5.1.4 North Shore**

**Description and strategic role**

This corridor links the Hibiscus Coast, North Shore, and the city centre. The Northern Busway currently extends along part of this corridor, between Akoranga and Albany.

As the primary north-south public transport corridor for the wider North Shore and growing Hibiscus Coast area, the North Shore corridor has significant strategic importance in providing fast, reliable and high-capacity travel. This significance will only increase as the population of its catchment increases through intensification of key locations like Takapuna and Albany, as well as the urbanisation of the Dairy Flat future urban area.

The busway in its current form is expected to run out of capacity within the next two decades, even with station upgrades and other efficiency improvements. At least 12,000 people per hour in the citybound direction are expected to use the corridor in the 2050s, among the highest forecast demand of any rapid transit corridor in Auckland.

The Northern Busway's location adjacent to the motorway, bypassing Takapuna and only serving the northeast edge of Albany, has to date limited its impact on the North Shore's urban form and attractiveness for trips other than those to and from the city centre. Enhancing connectivity for a wider variety of trips, especially access to Takapuna and Albany as the North Shore's two primary centres, is a key long-term goal.

Rapid transit also needs to play a greater role in supporting intensification on the North Shore, especially in the Albany and Takapuna metropolitan centres and at Smales Farm. This will also enable future urban areas near Dairy Flat to develop in way that supports transport choice and quality urban outcomes.

**Mode and sequencing**

The very high level of long-term demand in this corridor means that a rail-based mode is required as the primary rapid transit connection from the city centre to at least Albany. To enable connectivity through to the City Centre to Māngere and Northwest corridors, and to make use of the current Northern Busway corridor and its geometric constraints, light-rail has been selected as the likely mode. This will be confirmed through upcoming design and business case processes (as part of investigating connections for a range of modes).

The core light-rail corridor may need to be supplemented by continued bus rapid transit services to provide sufficient cross-harbour capacity and to serve parts of the North Shore (e.g. the western North Shore's Onewa Road catchment) that are not easily served by light-rail (and bus feeder routes to light-rail). The busway may also have a key role during the phased introduction of light rail, enabling buses from the northern catchments to continue running before rail is extended to serve them.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
	Improvements to the Northern Busway system, including increased station capacity and city centre bus priority.		Extension of the new light-rail connection from the lower North Shore towards Albany.
	New light-rail connection between city centre and the lower North Shore.		

**5.1.5 Upper Harbour**

**Description and strategic role**

This corridor links north and west Auckland, connecting the Western Line at Henderson with the Northwest rapid transit corridor and the North Shore rapid transit corridor. The corridor is expected to follow Lincoln Road, State Highway 16 and State Highway 18, and will need to be refined by further planning work.

The corridor's key task is to provide a high-quality and direct public transport option for trips between the North Shore and West Auckland. Existing bus services performing this task are relatively indirect, slow and unreliable. This means public transport is generally not seen as an attractive option (particularly outside of peak times).

Northwest Auckland is growing quickly, through new developments at Hobsonville, Whenuapai, Red Hills and Kumeū-Huapai. The Upper Harbour corridor will also improve access to two 'nodes' identified in the Auckland Plan 2050, Westgate and Albany, as well as the metropolitan centre of Henderson.

High quality transport links in northwest Auckland are particularly important because West Auckland has a shortage of jobs compared to its residential population, while major employment opportunities exist on the North Shore. This results in significant commuter flows out of the area, including to the North Shore, which will increase congestion on the existing network until quality alternatives are provided. As well as providing employment access for people living in the northwest, it is also important for this corridor to encourage more jobs into the northwest (by improving the area's accessibility) and therefore reduce pressure on key transport links to other parts of Auckland.

**Mode and sequencing**

Bus rapid transit is expected to be the preferred mode for the corridor. Forecast demand is relatively low (compared to other corridors) and well within the capacity of this mode. The route may need to run parallel to the Northwest light rail line between Westgate and Lincoln Road, meaning there may be potential to share infrastructure between these corridors if this can be accommodated in the design.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
	Lincoln Road bus priority improvements	Potential interim improvements as part of the Northwest corridor's delivery	Corridor implementation (potentially staged for constructability)

**5.1.6 Eastern Busway**

**Description and strategic role**

The eastern busway extends Auckland’s rapid transit network into the wider east Auckland area. The first stage of the busway from Panmure to Pakuranga opened in late 2021, with the next phase to Botany confirmed in funding plans. In the longer-term, the busway will be extended west from Panmure towards Ellerslie, to connect with the southern railway line.

A lack of reliable and fast services contributes to east Auckland having very low public transport mode share, relative to the wider region.<sup>3</sup> The busway will be used by multiple bus routes, with a key role being to connect people to Panmure Station, where a transfer to the train provides a high-quality connection to the city centre and other destinations.

Much of east Auckland (especially areas east of the Tāmaki River) developed with a low-density and car-based urban form, contributing to low levels of public transport use. Combined with limited local employment opportunities, the area’s car dependency has resulted in significant congestion on Pakuranga Road and Ti Rakau Drive at peak times and overall lower levels of access to employment opportunities.

The corridor will help to support changes to the area’s urban form, by enabling improvements to public transport that will support more medium and high-density development, as enabled under the Auckland Unitary Plan. Botany is zoned as a metropolitan centre that can support significant commercial and residential development. Pakuranga town centre can also support a mix of uses at higher densities.

**Mode and sequencing**

Bus rapid transit is the appropriate mode for this corridor. Forecast demand is within the bounds of this mode, and the busway’s ability to be used by routes from multiple corridors (and enable them to connect directly with the rail network) is a key reason this mode is preferred. Another mode would force people wanting to connect to trains at Panmure to transfer twice and reduce the attractiveness of the network.

Building on already completed sections, further improvements in this corridor should be sequenced over time as follows:

<b>budgeted</b>	<b>Phase One</b>	<b>Phase Two</b>	<b>Phase Three</b>
Pakuranga to Botany busway implementation	Interim bus priority improvements between Ellerslie and Panmure		Extension from Panmure to Ellerslie

<sup>3</sup> Howick local board had 6% PT mode share for travel to work, compared to the regional average of 11% at the 2018 census. The average of the local boards of the Auckland isthmus is higher still, at 15%.

**5.1.7 Airport to Botany**

**Description and strategic role**

This is a planned rapid transit corridor connecting Botany, Manukau, Puhinui Station (for connections to the Eastern and Southern lines and inter-regional services) with Auckland Airport.

Suburbs along this corridor are highly reliant on private vehicles and the area’s existing rapid transit connections focus on trips towards the city centre. Local bus connections, especially between Manukau and Botany, have limited priority and as a result are less reliable than areas with quality infrastructure. The rapid transit corridor will improve connections between these centres, offering competitive travel times with private cars. It will also enable reorganisation of the local bus network, with connections between local and rapid services offering improved travel choice.

There is significant potential for intensification along the corridor, especially in Manukau and Botany metropolitan centres. Improved public transport access to these centres will support their transition from being highly car-dependant. Rapid transit will also support intensification of the more suburban sections of the corridor, particularly along Te Irirangi Drive.

Rapid transit will also support employment growth in the airport precinct. Poor transport choices currently limit development potential at the airport, as potential employees are put off by the limited and unreliable transport options. Intensification of uses at the airport will support increased employment in the wider South Auckland area.

**Mode and sequencing**

Bus rapid transit is the preferred mode for the corridor, due to demand and stage-ability. Initial bus improvements have been implemented between Puhinui and Auckland Airport along State Highway 20B, Puhinui Road and Lambie Drive.

Further improvements in this corridor should be sequenced over time as follows:

<b>budgeted</b>	<b>Phase One</b>	<b>Phase Two</b>	<b>Phase Three</b>
Service improvements and targeted bus priority	Interim bus priority Manukau to Botany	Airport to Botany - part one Botany to Puhinui	Airport to Botany - part two Puhinui to Airport

**5.1.8 Crosstown**

**Description and strategic role**

This corridor extends across the southern part of the Auckland isthmus, aiming to link rapid transit corridors serving west Auckland with those that serve south and east Auckland. Further planning work is needed to confirm the corridor's extent at both its western and eastern ends, alongside developing a preferred alignment and mode.

The corridor has the potential to play a critical role in Auckland's overall rapid transit network by linking together several 'radial' routes travelling towards the city centre and enabling a much more connected network. This will significantly improve travel choice and make the wider rapid transit network useful for a much greater range of trips.

This part of Auckland has very significant growth and redevelopment potential. Substantial redevelopment is already underway in many areas, including New Lynn, Avondale, Mt Roskill, Three Kings, Royal Oak and Onehunga. There is also potential to provide connections to Sylvia Park at the corridor's eastern extent. There are also large areas of publicly owned land in the area that could be redeveloped, creating potential to integrate this rapid transit corridor with major redevelopments to maximise the benefits of both investments.

**Mode and sequencing**

Further planning work is needed to confirm the extent and mode of this corridor. While forecast demand is likely to be within the capacity of bus rapid transit, light rail will be provided for some sections of the corridor as part of the City Centre to Māngere project, which could be leveraged if light rail was used as the mode for this corridor instead.

Additionally, this corridor also encompasses an already designated KiwiRail designation which spans much of this route. This presents a promising opportunity for Heavy Rail to be utilised for this route serving both passenger and freight strategic needs.

The Rail Programme Business case considers the future needs of the Heavy Rail network and, should a rail line be developed for broader passenger and freight network enhancements, this designation could be leveraged as a key RTN link.

Improvements in this corridor should be sequenced over time as follows:

budgeted	Phase One	Phase Two	Phase Three
			Corridor implementation (potentially staged for constructability)

**5.1.9 Emerging long-term corridors**

Testing of the ARTP included a range of corridors, including some which could form part of the rapid transit network in the future but are not considered to be a priority within the timeframe of this pathway. Three of these corridors are the most likely to require rapid transit in the longer-term. Until then, continued improvements to existing bus services on these corridors should be made. Increasing use on these corridors can help to build the case for future rapid transit investment.

**1. Onewa Road**

This is a key bus corridor for the lower North Shore, serving both the Glenfield Road and Birkenhead areas. The current transit lanes carry more people (primarily on buses) than the regular traffic lanes do at peak times. These lanes are fit for purpose in the short to medium term.

In the longer term, the introduction of North Shore light rail may open up new opportunities to better serve the western part of the North Shore (including Northcote, Birkenhead, Glenfield and Beach Haven areas), improving access to the city centre and other parts of the North Shore. The best time to undertake further work on this corridor will be when there is greater clarity on the form, function and timing of delivering North Shore light rail.

**2. Manukau Road**

This corridor serves a range of destinations, including the Newmarket metropolitan centre, Greenlane Clinical Centre, Epsom, Royal Oak, and Onehunga. Land use change in these areas may increase demand to a level beyond which the existing bus services on the corridor will not be able to cope. In the short to medium term, there will be improvements to bus services and walking and cycling, but there is the potential for rapid transit in the longer term.

This corridor could potentially connect with the City Centre to Māngere corridor at Onehunga to provide a direct connection towards Auckland Airport and ease pressure on inner parts of that corridor. If built as the same mode, there is potential that services from both corridors could share infrastructure south of Onehunga. At the northern end, significant further planning would be required to determine how best to integrate this corridor with the wider rapid transit network in the city centre.

The best time to undertake further work on this corridor will be after the City Centre to Māngere corridor has been fully implemented.

**3. Pakuranga Road**

The first stage of the Eastern Busway runs along the southern end of Pakuranga Road. While the rest of the busway will then travel along Ti Rakau Drive, future demand on Pakuranga Road may justify a branch of the busway continuing towards Highland Park and Howick. The need for full rapid transit is likely to be driven by land use change generating a need for a higher-quality system.

The best time to undertake further work on this corridor will be after the Eastern Busway has been fully implemented.

## 6. Accessing rapid transit

### 6.1 Introduction

Implementing this pathway over time will considerably expand the reach, capacity and attractiveness of Auckland's rapid transit network. Upgrades to rapid transit corridors need to be complemented by ongoing improvements to how people access rapid transit stations, whether this access is by walking, cycling, feeder buses, park and ride or other modes. Land-use integration is also a critical part of improving access to public transport, by enabling and encouraging more people to live, work and visit locations that are easily accessible by the rapid transit network.

### 6.2 Improving station access

Stations provide customers the means of access rapid transit services, which generally make up the main leg of their journey. For a station to be effective, it should enable a seamless transition between that main leg, and first and last legs of the customer's journey. This means stations should:

- Have universal walking access, bike and micro-mobility facilities, well-designed connections to local buses and suitable car drop-off and pick-up points.
- A quality customer experience, making the rapid transit network convenient, accessible and attractive.
- Be well integrated with their local areas, creating thriving and sustainable neighbourhoods.

There are different types of stations that serve different strategic functions, based on their role in the network and their location. How customers access their station will vary depending on its context. All stations need to cater for a range of accessibility needs.

### Rapid Transit Station Access Study

Auckland Transport has assessed existing station access and experience across the rapid transit network, including an analysis of existing facilities, customer experience, the ease of transport access and the land use around each station. The goal of this work was to provide guidance for improving station experience and access, with the long-term aim of improving station access across the network.

This work aimed to identify:

- Deficiencies across the network for access by mode, station experience and land use integration, and priority locations for investment.
- The key function of each station and the associated 'ideal' state for customer experience, access and integration
- How access to transit can be improved for all users, and the high-level steps that need to be taken to enable well-functioning urban environments around rapid transit stations.
- The planning and infrastructure needed to support our growth, climate, transport and urban development aspirations.
- A tool for stakeholders to achieve a common understanding of the current state of the network's stations and starting point from which to take future decisions together.

This study will inform the development of the rapid transit network, including upgrades to existing stations and the design of new ones.

### The way forward for station access

Auckland Transport is developing a business case to seek funding for a range of improvements to accessing rapid transit stations across the network. This will be the basis of a ten-year programme of improvements across all rapid transit stations, as well as ferry terminals. This programme will consider improved active mode facilities at, to and from stations, improved public transport service levels, facilities for private car travel, improved wayfinding and accessibility for all users. It will also consider system-wide interventions such as rideshare / bikeshare / carshare, digital solutions and Travel Demand Management (TDM).

This is an opportunity to get alignment between projects being delivered across Auckland by AT and others, and to identify opportunities for a 'dig once' approach, to minimise disruption to customers across the network.

### 6.3 Public transport network integration

Over the next decade there will be improvements to the wider public transport network, with the likes of the City Rail Link and better feeder bus frequency coming online. However, there is still significant room for improvement. Investment should continue to improve rapid and frequent networks. There should be a strong focus on improving the transfer experience, with recent investment such as Puhinui Station providing a great example to follow.

Depending upon geography, distance from the City Centre and density of other RTN opportunities, a supporting bus network is able to significantly increase the catchment size around an RTN Station. Within the urban area the supporting bus services can make the station accessible to a catchment of typically up to 5 kilometres. An example of a station with high transfer in Panmure with over 40% of train passengers having transferred from bus.

It should be noted that in addition to allowing transfer between the feeding bus services and the RTN service, the RTN station does also facilitate bus to bus transfers. At Panmure there is a higher percentage of people making bus to bus transfer than bus to train.

Across Auckland the quality of the transfer experience varies. There is a need to make the transfer from the feeder bus system as easy and seamless as possible for people. It is important to make the transfer:

- Obvious with clear site lines and good wayfinding.
- As short as practically possible and with a view to minimise the amount of vertical movement.
- In an environment that is safe with good shelter.

In the majority of cases, it will be necessary to terminate the feeder bus services at the RTN station. To facilitate a good passenger experience transferring there is a need to cater for the buses and drivers at the RTN station, in particular it is ideal to:

- Have sufficient bus stops for the number of services arriving / departing from the station
- Separate the layover location from the active bus stops for dropping off / picking up passengers.
- Ensure that the distance between the bus stops and layover location is kept to as short as practically possible.
- Ensure that there is sufficient layover space for everything from breaks between services, ten-minute breaks, lunch breaks, with convenient facilities for drivers.
- Enable top up recharging of the buses batteries during longer service breaks.

A well-designed terminus facility for passenger and buses enables a more efficient / cost effective bus operations. The challenge is to make sure the facility works well with the urban realm at the station.

### 6.4 Land use integration

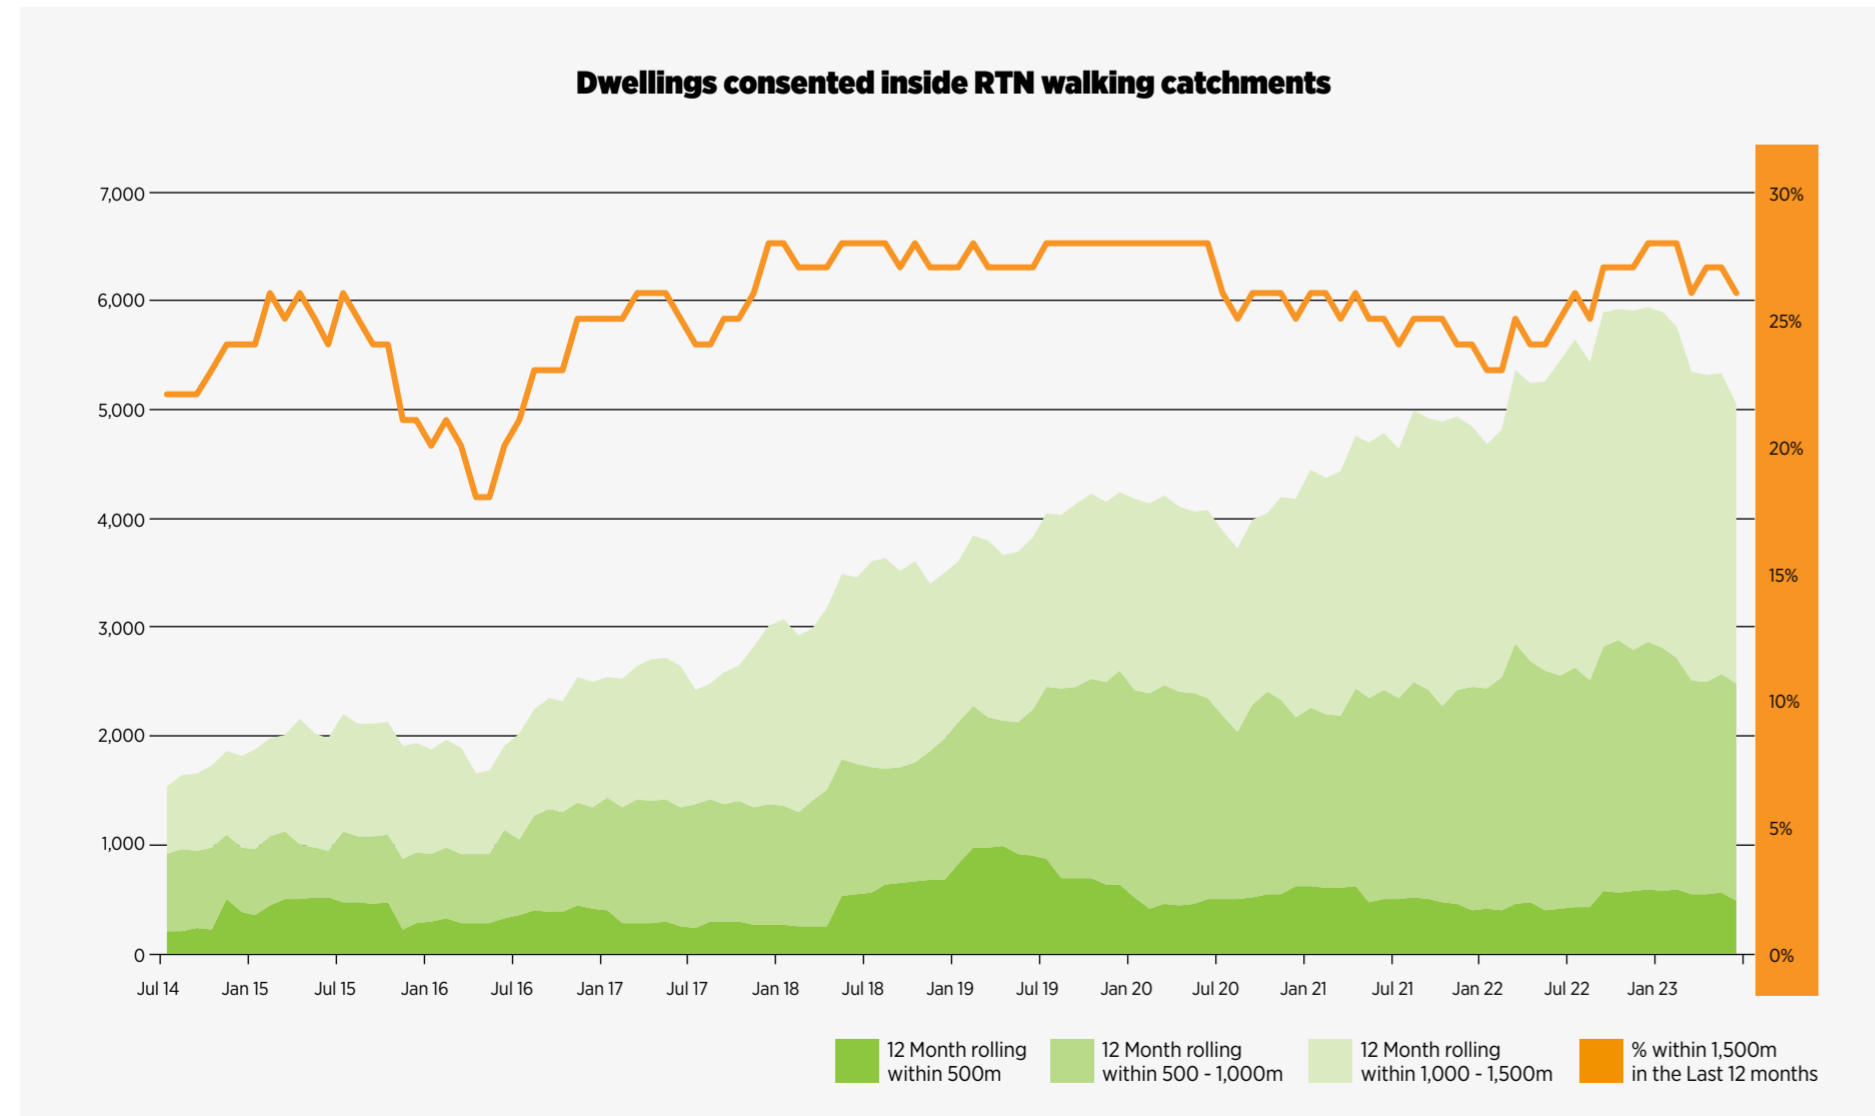

More intensive urban development is already enabled and encouraged around most of Auckland's rapid transit stations, through higher-density zoning in the Auckland Unitary Plan, and the identification of 'development areas' in the Auckland Plan. In recent years around 13% of all new dwellings consented have been located within the one kilometre walking catchment of the rapid transit network:<sup>4</sup>

The National Policy Statement on Urban Development (NPS-UD) enables further intensification around rapid transit stations, by requiring high density zoning allowing development of at least six levels within their walkable catchments.

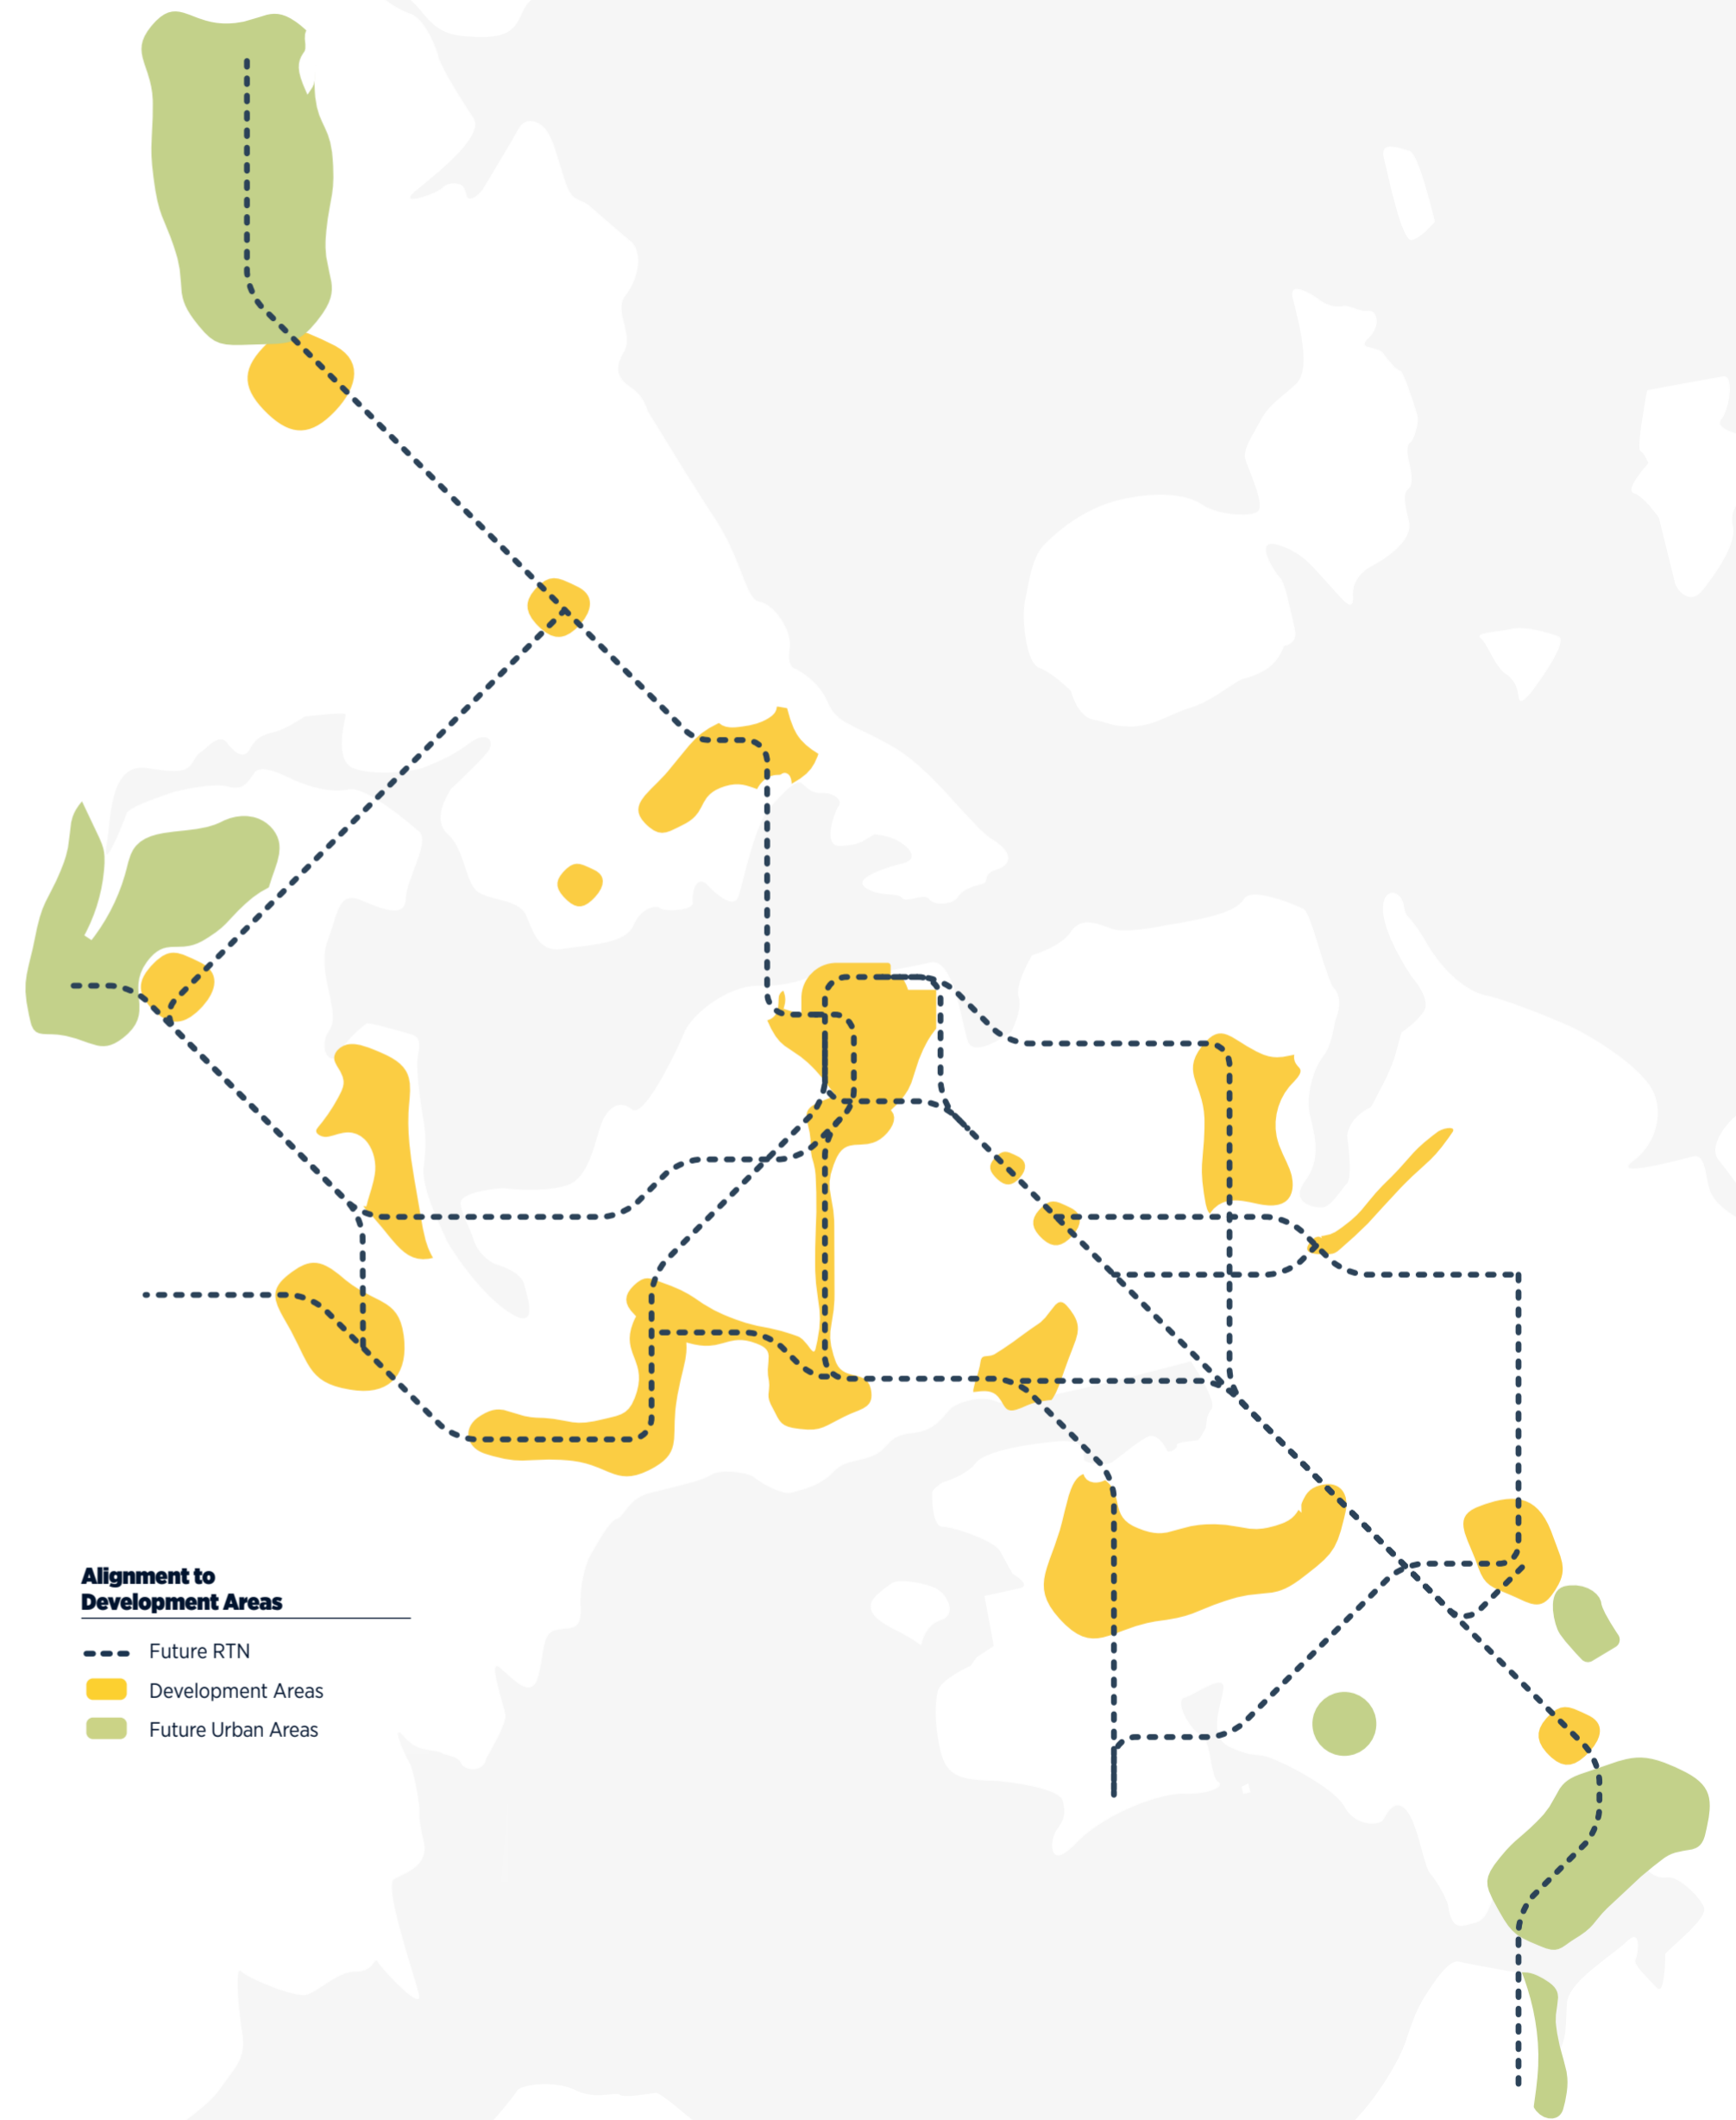

Building on the NPS-UD, additional steps that could be taken to further encourage growth in locations near rapid transit are:

- Auckland Council and Central Government investigate how financial incentives (e.g., development contributions) should be used to encourage growth close to rapid transit.
- Encouraging public urban development agencies (such as Eke Panuku and Kāinga Ora) to focus on areas close to rapid transit.
- Taking steps to remove other barriers to growth (including non-transport infrastructure constraints) in areas close to rapid transit.

Council has just approved a new Future Development Strategy, which sets out the priority development and future urban areas for the region. These are shown on the following figure, demonstrating good alignment between planned rapid transit and development/intensification.

<sup>4</sup> <https://knowledgeauckland.org.nz/media/2453/auckland-monthly-housing-update-09september-2022.pdf>

## 7. Implementing the pathway

### 7.1 Roles and responsibilities of agencies

The planning, funding and delivery of rapid transit in Auckland requires effort by multiple agencies within central and local government. These are complex initiatives that often do not neatly fit into traditional divisions of responsibility across agencies, leading to project-by-project solutions for recent rapid transit projects like City Rail Link (which has been established as a separate entity, jointly funded by the Crown and Auckland Council rather than via Waka Kotahi).

Looking ahead, a clearer and more consistent approach to the planning, funding and delivery of rapid transit is essential if progress in implementing Auckland's rapid transit network is to be accelerated. Rapid transit projects are often extremely complex and significant, requiring deep expertise across a wide range of technical issues. Work by the Ministry of Transport is underway to clarify rapid transit roles and responsibilities, with the outcomes of this work being incorporated into a future update to this Pathway.

In the meanwhile, current arrangements will need to continue for existing projects. Strong alignment and collaboration across the different organisations that play a role in rapid transit planning and delivery will continue to be essential, regardless of future arrangements.

### 7.2 Roles of mana whenua

The iwi mana whenua of Tāmaki Makaurau, as partners with the Crown under Te Tiriti o Waitangi/The Treaty of Waitangi, have an important role to play in the development of the rapid transit network. Central and Local Government agencies work with mana whenua on the development of individual corridors of the network, to ensure that their views and expertise are included in the corridor's planning and design.

Mana whenua recognise the benefits rapid transit has, in providing improved access to opportunities for communities, including hāpori Māori. They support improving access for Māori, including those who are not mana whenua in Tāmaki Makaurau, as well as for Pasifika communities. Mana whenua also support a social procurement approach to the development of the rapid transit network, which should include Māori and Pasifika businesses. In addition, as noted above, mana whenua have their own commercial aspirations, and support the development of the rapid transit network in a way that supports these aspirations. This may include providing rapid transit access to their land which they are

seeking to redevelop.

The ARTP's development included engagement with mana whenua, and their input is reflected in this section, as well as other parts of this pathway. Mana whenua see their role on rapid transit projects as:

- Being kaitiaki for the environment – advocating for positive environmental outcomes as part of projects. This includes ensuring infrastructure is designed and constructed in an appropriate way and includes aspects that benefit the environment (such as improvements to water quality as part of stormwater treatment systems).
- Having deep knowledge of their local rohe – ensuring that infrastructure and services are delivered in a way that is conscious of and respects the history and culture of the area and its people.

To perform these roles, mana whenua expect to be represented in projects at both:

- A governance level, to enable them be part of decision-making processes and steer the direction of the project.
- A technical level, to understand and contribute to the details of the project's development.

As part of their involvement in projects, mana whenua may choose to gift names for infrastructure which reflect the history of the local area, and which contribute to a unique Māori identity for Tāmaki Makaurau. Mana whenua also encourage this to be achieved through the incorporation of Māori design principles. The design of Puhinui, Manukau and Ōtāhuhu Stations are examples of where this has been done successfully.

### 7.3 Route protection

Some level of planning and design work is underway for most of the corridors identified in this Pathway. A key focus over the next few years is to complete this work to a level that corridors can be legally protected through statutory planning processes.

In some cases it may be decades before these rapid transit corridors are fully implemented. However, route protection is an important tool to minimise future property acquisition costs and provide a level of certainty to the community about future intentions.

### 7.4 Funding

#### 7.4.1 What our pathway might cost

Implementing this pathway will be the largest area of investment into Auckland's transport system over the coming decades. Estimating costs over such a long time horizon is extremely difficult and there are many ways in which costs could change over the course of undertaking more detailed planning and design work (e.g. decisions around whether or not to tunnel sections of a corridor).

Because such significant investment will be needed to implement this pathway, careful staging and sequencing is required to help improve affordability over time by smoothing the level of investment. The sequencing outlined in this pathway also seeks to provide longer-term certainty to the wider delivery sector, so that capacity and capability can be built up over time – leading to long-term cost efficiencies.

#### 7.4.2 Current funding

Rapid transit was the largest area of investment in both the 2018 and 2021 versions of the Auckland Transport Alignment Project and will continue to be a significant component of overall transport investment plans. ATAP 2021 allocated \$7.6 billion for rapid transit over the next decade, broken down as follows:

- Rail network improvements: \$4.6 billion
- City Centre to Māngere and Northwest corridors: \$1.9 billion
- Eastern Busway: \$880 million
- North Shore improvements: \$125 million
- Airport to Botany corridor: \$76 million

Current funding arrangements for rapid transit projects (i.e. the share of funding from difference sources) are generally determined on a 'case-by-case' basis, broadly guided by which organisation is the project lead. ATAP 2021 assumed a higher share of Government funding for rapid transit projects to reflect their national significance, although affordability constraints have made implementation of this assumption challenging.

#### 7.4.3 Clarifying funding arrangements

Rapid transit's high cost and unclear funding arrangements have led many projects to be funded on a bespoke basis, often including Crown grants. This has led to significant variability between projects, and a lack of certainty the undermines efficient progress on implementing Auckland's rapid transit network.

Rapid transit has several unique characteristics relevant to the development of an enduring funding framework:

- Very large and complex investments that take many years to plan, design and construct
- Generate widespread benefits across many different beneficiaries
- Inter-generational benefits
- Often developed as part of wider urban development programmes
- Often need to be built ahead of demand, to shape urban development and travel patterns
- Funding arrangements are of strong public and political interest

Clarity is required on several matters:

- How funding is split across different sources (e.g. Crown, the National Land Transport Fund, local share, etc.)
- How to avoid perverse incentives, such as funding arrangements incentivising poor corridor location
- How to provide appropriate levels of longer-term certainty, given the long timeframes for planning and delivery
- How to appropriately explore new funding mechanisms (e.g. value capture)

Government is undertaking a wider review of how transport is funded in New Zealand. The outputs of that work are likely to be relevant for rapid transit and will be incorporated into future updates to this pathway.

### 7.5 Next steps

The ARTP is Auckland's pathway. It is a technical piece of analysis which represents a clear indication of where rapid transit is needed, when and in what form. Auckland Transport and Auckland Council will use the ARTP to advocate to government for funding and to ensure that as projects progress that they align to this integrated, whole-of-network view.

There are a number of projects, initiatives, and assessments currently underway. When they are completed they will need to be assessed against the ARTP and incorporated.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stormwater structure, more accessible transport for general public.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Building cycle lanes, reduce regional programs, events.

**#6364**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Better and safer roads and better public transport.

**2b. Is there anything you would spend less on?**

Reduce cycle lanes.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#6364

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Proceed with the proposal to transfer captain cook and Marsden wharves.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#6364

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#6364

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	
--	--

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Please ensure council to provide quality services.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Ōtara-Papatoetoe

## Ōtara-Papatoetoe Local Board Priorities

**7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?**

I support all priorities

**More specifically, what do you think of each priority we've listed above?**

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	

#6364

<p>Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.</p>	
<p>Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.</p>	
<p>Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.</p>	
<p>Explore options for ways of delivering increased local economic outcomes for small to large businesses.</p>	

**Tell us why**

Continue increasing community for ethnic women, seniors.

**7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Be transparent regarding current/future revenue gathering activities like speed cameras. How much money is being made from this and where it can be spent to benefit all aucklanders

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6395**

Less reckless spending like cycle lanes and pedestrian crossing speed bumps. I'm a cyclist but i can see that people are not interested in cycling lanes. I agree with them.

## **2. What do you think of the transport proposal?**

Support most of the proposal

### **Tell us why:**

The majority of aucklanders don't want more cycling lanes. I'm a cyclist and i agree. There are other ways of promoting road safety for all road users

### **2a. Is there anything you would spend more on?**

public transport safety for public transport drivers and passengers. Too many incidents of people being attacked, robbed or intimidated. People want use public transport if they feel unsafe

### **2b. Is there anything you would spend less on?**

pedestrian crossings and cycleways. planter boxes

## **3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

### **Tell us why:**

We need a diverse range of stadiums around auckland. If anything, more events need to be held there. Eden Park and Mt Smart Stadium don't have problems having events showcased. Why not have the same at North Harbour Stadium

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#6395**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We should not be selling any assets to overseas interests. If anything, it should be made available to aucklanders/new zealanders to invest in. Selling assets to foreigners has proven to be the biggest mistake that has been proven overseas.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

I don't have a problem with leasing land. Better to keep it and lease versus selling it.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Pay off all outstanding debts before investing it in funding council services or investing in the proposed auckland future fund

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

DO NOT SELL ANY ASSETS. THAT IS CRITICAL TO AUCKLAND/NEW ZEALANDS FUTURE

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#6395

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

That could be used to host some sort of public space where people can walk around. Maybe some shops as well and various eateries

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The port is a beautiful location that could be utilized for something that all Aucklanders can be proud of and use. A waterfront stadium could be the crown jewel for Auckland. Host events and with a quality public transport system, you could provide an amazing experience that could be lucrative as well.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. #6395

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#6395

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#6395

<p>Improve employment and economic opportunities through our local economic broker programme.</p>	<p>Very Important</p>
<p>Support community-led activations at our parks and facilities through our community grants.</p>	<p>Ever since it was decided that the light rail would not include Mangere Bus Interchange, that has been considered as a kick in the guts to the mangere community who could have benefited from having fellow aucklanders stopping on the way to the airport and</p>

**Tell us why**

Ok but it needs more detail. Its very simplified for something over the next 10 years

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Do not sell our assets. Especially to overseas interests. Surely there are kiwis that would be interested in investing in Auckland Council

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More accessible transport for women and seniors from ethnic communities.  
Community food hub.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6396**

Free regional events and make it user pay so people can afford. Reduce regional programmes

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Better and safer roads.

Better public transport.

**2b. Is there anything you would spend less on?**

Reduce cycle lanes

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Redevelop the areas that can be properly used for sports and local events by local community

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

It seems to set a better direction for the city

**#6396**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Stays with council control

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Proceed with the proposal to transfer Captain Cook and Marsden wharf

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#6408

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#6408

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Safer streets - trim vegetation around main road thoroughfares. Cape Road and Orley Avenue intersection is a death trap

Better management of cycle lanes (timtams are dangerous)

Focus on solving traffic congestion

**#6608**

Fix water leaks as they are reported

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

better Communicate with the rate payers

Better work with Marae

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

This will focus on reducing cogestion and carbon emmissions

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

Consultant. Reduce outsourcing.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

No one uses North Harbur stadium. It is a white elephant. Reduce residential developments and focus on aesthetics

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#6608**

**Tell us why:**

why sell your assets in a recession ? makes no logical sense

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

maintain control of the port. because it belongs to auckland

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

future planning

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

why bother investing in rail. The crl effort is yet to be shown.

The port is an asset for auckland

#6608

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

The port is part of auckland

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. <p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>

#6608

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#6608

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#6608

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	in mangere you have mataatua marae who are doing the work of mana whenua and yet we are not considered mana whenua. The mana whenua group in mangere are not prepared to involve themselves with local cultural initiatives which are important in the area.

Tell us why

Great. Mangere is fast becoming a hub for all purposes. Transport, Shopping mall and recreation.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#6608**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Because food is getting more expensive to buy, the Council should be supporting initiatives eg. planting a mixture of fruit trees/ bee trees and small natives, so houses do not get permanently shaded, and also plantar veggie/herb boxes. The fruit, veggies and herbs should be available for anyone to get to help healthy eating and enough

**#6610**

food , if supplies run short. Starting in the poorer places of Auckland will help immensely, especially when toxic trees have been planted by the Council.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Safe Cycleways are imperative to schools , work , universities and sports fields and access across Auckland City - north- south, east to west,. Raised speed bumps are bad for people with injuries and disabilities, and bad nacks and necks. i think raised pedestrian crossings especially round schools is a good idea.

**2a. Is there anything you would spend more on?**

Safe cycleways and fast public transport transit tracks/roads

**2b. Is there anything you would spend less on?**

no

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

sports teams use the grounds and local people who want to walk the dog and play.

North Harbour Stadium needs to have more events in their building where they can charge a minmum amount like

**#6610**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Auckland City is the largest City with the most people so it seems reasonable that Auckland has a Port that is close to logistic centres - there are 2 other sites which would fit this. An Auckland Future Fund is a good idea, but surely AKI Council gets yearly returns from the investment in AIAL which also may be future proofing.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

There is a danger with removing control of the Port ownership - where overseas unknown investors may purchase the port for nefarious activities - I like the option but this is a risk, as we found with selling our electricity.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

I think we have to think of beyond the 3 years as we know floods and droughts and viruses are likely to become more regular as the climate warms up. All we can do to reduce our emissions - eg. more rapid regular public transport and cycleways with wide coverage.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#6610

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

The only problem I see, by transferring Captain Cook and Marsden Wharves to the Council will be the access through the water control. If these wharves can be used for more logistics ships in between all the large cruise ships

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

for the reasons above

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#6610

Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

#6610

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#6610

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#6610

<p>Improve employment and economic opportunities through our local economic broker programme.</p>	<p>Very Important</p>
<p>Support community-led activations at our parks and facilities through our community grants.</p>	<p>These factors are all good for enhancing community and caring and fruit trees and plantar boxes as well as native plants, as food is getting more and more expensive, so people will go hungry.</p>

**Tell us why**

I think it is very good to plan long term - rather than yearly/3 yearly. this help future Mayors and Council Boards to assist their action plans.

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

No

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6616**

not a realistic option in today environment, however, there has to be better efficiencies/use of spends.

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

The wasteful spend on unnecessary projects needs to stop and common sense applied.

### **2a. Is there anything you would spend more on?**

I would go as far as saying that some of the people making these stupid decisions need to be held accountable, this make costs Aucklanders, but the long-term savings and increased productivity of the region will soon pay for this.

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

Pointless having a significant venue sit vacant for long periods, sale what's not needed, open it up for more use through changes to operational management.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

### **Tell us why:**

**#6616**

Don't really understand enough about this, I like the Council's proposal but the ramifications of this sale if it went ahead are unclear, will Aucklanders miss out on other benefits or future potential capital growth which can be used to fund other services?

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Is there an option to retain ownership and lease the operations of the ports for a shorter period (i.e. 20-25 years) that still provides a worthwhile upfront payment. This would allow Council to review the arrangement/performance sooner and act accordingly.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

85 / 15% Split (80% invested in Auckland future Fund and 30% in services). Obviously investing these funds can generate a significant return, equally important is they can also suffer losses, so by having a small amount guaranteed for services, some things still get done with certainty.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

The Future Fund is a good initiative but needs absolute clarity of all aspects, including competent management. Other significant Council owned assets could be evaluated and considered to contribute to this fund, i.e. leasing more land.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#6616

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

\$110m is a lot of money but not in the wider scheme of things, having a beautified waterfront can attract more money through development and tourism, meanwhile not significantly impact the operations or value of the port.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Returning this asset to council could have future benefits but this is not clear, and it should be. What is clear is that lots of money now and in the future will be lost. Either you quickly establish how this asset will return a greater yield than the ports, otherwise it's status quo and tried to renegotiate sooner. No body wants more trucks on the road now or in the future.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#6616

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	I don't know
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#6616

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

The priorities reflect the needs of the community; however, I would like to have seen; advocate to the Governing Body to ensure adequate infrastructure is in place before approving housing intensification as this is already creating major issues and with

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Whilst having a say is extremely important, I suspect many people won't simply because there is a lot to read and then understand how the proposed changes will impact you as an individual/family and then the wider community. I don't know how to avoid this but it needs to be made simpler so more voices are heard.

## AK HAVE YOUR SAY

### Long-term Plan 2024-2034 Submission Form

---

Name: [REDACTED]

Email: [REDACTED]

Gender: [REDACTED]

Age: [REDACTED]

Ethnicity: [REDACTED]

Local Board: Mangere-Otahuhu

#### My Submission

I wish to make the following submission to the Auckland Council Long-term Plan 2024-2034 consultation.

I am part of the sport and recreation sector in Auckland.

Our sector is critical in making Auckland a great place to be. We rely on hard working volunteers and build strong communities – Council's support is critical to enable our sector to achieve what it does.

I submit that the proposed option to pay less and do less will detrimentally impact the play, active recreation and sport sector and negatively impact deprived communities.

I submit that the Central proposal for the overall direction of Council's Long-term Plan appropriately balance rates rises with service delivery.

I submit that the Central proposal for Parks and Community will continue to provide a better outcome for the sport and recreation sector.

I **support** the following aspects of the consultation:

- I support retaining the Sport and Recreation Facilities Investment Fund and the strongly support the proposal for \$35 million of additional funding being added to the Fund.
- I propose that Council refines the criteria of the Sport and Recreation Facilities Investment Fund to make the additional funding non-contestable.
- I propose that the additional \$35 million funding is used to fund a range of community sport and recreation facilities including, but not limited to, indoor sports facilities.
- I advocate for the retention of the Sport and Recreation Facilities Operating Grant and ask consideration for an increase to the Grant.
- I support Council seeking changes to the law relating to development contributions to enable Council to adequately recover the costs of growth and to use development contributions to fund community sport and recreation facilities.
- I support a review of costs and contractual structure for maintenance on parks and open spaces, specifically for sports fields.
- I advocate for community use of schools and that consideration given to the co-development of schools with Auckland Council to include publicly accessible sport and recreation facilities.

[REDACTED]

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

increase inner city biodiversity on council land

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6662**

less speed bumps

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

more people using PT means less emissions and less congestion

**2a. Is there anything you would spend more on?**

red light cameras.

**2b. Is there anything you would spend less on?**

less roads

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

sports stadiums are white elephants that don't stack up financially.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Council doesn't have the funds to increase their ownership percentage and can't own the company to then lease the land and add to council finances that way.

**#6662**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I don't believe that private operation would make things better for aucklanders

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

the returns can be used for transport projects

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#6662

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#6662

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#6662

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Not Important

#6662

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	With some investment the local town centre can be a safer place

**Tell us why**

I agree with them

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

no

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#6701**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Investing in our public transport system is important. I think T3 lanes are often better than bike lanes on key roads to better connect the city for cycle commuting, as well as dedicated cycle lanes where there is going to be road works anyway.

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

Do we really want to have no shareholding (no say as shareholder) over the airport?  
The fund is a good idea, but not sure about the full divestment.

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

#6701

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#6814**

Support most of the proposal

**Tell us why:**

Focus is on creating efficiency within existing transport networks but what about creating more transportation options for under served communities such as South Auckland, who lack the frequency or infrastructure compared to other regions within Auckland.

**2a. Is there anything you would spend more on?**

Increasing bus frequency, express buses in order to encourage public to rely on transportation as a safe and accessible means of transportation.

**2b. Is there anything you would spend less on?**

CR, does not need architecturally sound waterfalls and decorations. It needs to be like the London tube, no frills, transports commuters from A to B safely, that is all.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#6814

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	

#6814

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including	Very Important
--	----------------

#6814

Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Nope no prepare to pay more

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Everything that is proposed

**#6875**

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

With the current living situation best to all ride it out together rather than getting us to pay more. You guys live. A better life and income but doesn't mean everyone is.

**2a. Is there anything you would spend more on?**

Nope

**2b. Is there anything you would spend less on?**

In conclusion less paying the better

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#6875

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Planting trees on road sides where there is room. Building paths through green areas (eg especially to decrease walking distances to train/bus services. Eg connecting Lenore Foreshore reserve to saville road would make the otahuhu train station walking distance for hundreds of additional households.

**#7104**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Spending on parks and urban improvements in areas that are already affluent and have good amenities. Eg, Takapuna town centre was upgraded again while other areas in Auckland are in much worse state than it was.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

All of the suggestions are good ideas. There needs to be a replacement for the cancelled light rail system as a high priority. South West Auckland has poor public transport and cycling options to the city.

**2a. Is there anything you would spend more on?**

A cycle route from Onehunga to the City. The existing SH20 cycleway to waterview is great, but most commuters are going to the city. The current options in that direction involve riding in crowded busways with a lot of traffic lights. Something like the western cycleway that now has tunnels and bridges at most crossings would greatly improve the speed and safety of cyclists commuting to the city.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#7104**

I don't know

**Tell us why:**

It's very hard to evaluate this as a ratepayer. It seems likely that it will result in some level of decisionmaking too heavily influenced by private interests. However the overall concept is sound.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The council operating the port is probably not in the best interest of ratepayers. Leasing the land seems to be a better option provided that the rent is actually a good ROI compared to other options.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

Council services shouldn't be affected by ups and downs of the shipping industry.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#7104

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. ## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#7104

**Tell us why**

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	All of these priorities are "community led" which indicates little actual support or funding from council.

**Tell us why**

While the Fairer Funding model appears to be a step in the right direction, more money needs to be allocated for capital expenditure in historically underserved areas

**#7104**

to bring amenities up to the same standard across Auckland. This should mean some years

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Overall this plan is ok. The major gap is that paying to maintain existing transport infrastructure is great, but large parts of Auckland are underserved by the existing system. We should prioritize implementing public transport to these areas over spending further on upgrading existing services.

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I am happy for very modest charges to be introduced on libraries, museum, swimming pools, parks etc. The users should expect to pay a little and support them. bike lanes, redoing roads and footpaths unnecessarily, the exorbitant CRAZY price of things like painting a crossing, totally totally totally ridiculous and unjustifiable.

**#7256**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

The wages you pay senior managers, everyone above 150,000 should be frozen for next 10 years and people over 200,000 should have an immediate 10 to 20% paycut and then frozen. I also don't think councillors are always operating in the best interests of the city, have good advice then act on it.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Sounds sensible, I think a peak hours charge could be introduced encouraging people to start earlier and later and finish earlier later.

**2a. Is there anything you would spend more on?**

Lets encourage car pooling, sharing, all the 1 person 1 car thing on motorways needs changing. Enforcement of no trucks in residential areas its gotten ridiculous.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Other

**Tell us why:**

Get rid of it, they had money at the changeover and spent it, put for it themselves or bye bye, we need one functioning stadium for league, rugby, soccer, everything else bye bye, especially the money pit of Eden park

**#7256**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Government problem, if they want control of our airport and its biggest cities entry and exit point they should pay

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

The council has shown no ability to control POA, so lease it then have the council exercise real control, legally and through the lease document, I blame the govt. that set it up this way and work around it, need a clause for renegotiation should profits become bigger.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

I don't know

**Tell us here:**

Have best advice decide, Shamubeel Yaqub

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#7256

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Take best advice, but i do k ow that most people in Auckland wont benefit in their suburbs by having more flash projects in the city, thats gone give it up and be more modest

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

See above

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to	Support

#7256

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Council should only focus on providing and maintaining basic civic services like water supply and drainage, public transport, and public services like libraries. Do these more and well.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7400**

Get out of investments, debts and unnecessary splurges.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Leave road building and development to Central government. Large investments especially infrastructure should come from Central Government.

### **2a. Is there anything you would spend more on?**

### **2b. Is there anything you would spend less on?**

Unnecessary splurges. Mayor and councillors need to think as if they are spending their own money.

## **3. Which options do you support for the North Harbour Stadium?**

Other

### **Tell us why:**

Get the Central government to do it.

## **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

### **Tell us why:**

No need for future fund as it will only be used as splurge fund by Mayor and councillors. Public will never get anything out of it.

**#7400**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Though I do not want Councils to invest in properties or assets like businesses I am agreeable for Council to maintain this only because the asset is already 100% owned by the Council.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Use it to maintain and improve Public transport. Instead of making big speeches about environment and sustainability please do something and show in action.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Council should keep itself to the basic role it was intended for, ie. Public service for the rate payers. Public funding by way of rates/taxes should be a 'contribution' model and not 'coercive' one. Council is acting like a greedy investor/business and also in an authoritarian way fleecing rate payers and splurging the 'hard-earned' money of rate payers on fancy and wasteful spendings. Always live within means. Spend within the income generated from rate payers.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#7400

**Tell us why:**

See my explanation above in 4(b) about ports and wharves.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

See my explanation in 4(b) above.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. **6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Stick to basics. Avoid waste of time with these kinds of selective questions designed to get your desired answers.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

#7400

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#7400

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	Local boards/Councils need to stick only to basics. Look at what you have done on Thomas Road. In the guise of building a cycle way you have just narrowed the road, built boulder size concrete blocks on both sides for a path which is never used. What a

**#7400**

### **Tell us why**

Stick to basics. Try getting rid of local boards as one Council for the city is enough to take care of basic needs.

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

### **8. Do you have any other comments?**

Get rid of local boards. Waste of money and duplication.

**5b. What option do you prefer for Bledisloe Terminal?**

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#7447

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Transport - do more public transport and alternative to cars. But LESS for cars.  
Safety - keep with the raised crossings, kids lives are more important than old people having to slow down a bit

**#7599**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Roads, just stop making new ones.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Keep with the safety improvements.

**2a. Is there anything you would spend more on?**

Public transport. Congestion won't ease until there are alternatives to cars

**2b. Is there anything you would spend less on?**

Roads

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Not interested in the stadium, although you could knock it down and build the RC track again, that was heaps better than a stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

**#7599**

I'm undecided. It needs proper protection from Wayne Brown and future mayors who will raid it to lower rates. I don't think that Wayne's numbers stack up, rather they are based on heroic assumptions like National's tax plans

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

The port is a strategic asset and needs to be publicly controlled. Its essentially a monopoly, and when a corporation gets control they will no doubt maximise their profits at the expense of everyone else. Also it means we can't move the port. Also, NZ needs a national port strategy at Central Govt level which would be much harder if it was leased

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Make sure dividends are reinvested as appropriate first, then invest in the fund. Don't use it as a cash cow as that will end up with sweating the assets (like Watercare) and we all lose in that scenario

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#7599

**Tell us why:**

Seems stupid to have that prime land not available for better use

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

The port should really move...

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#7770**

Support most of the proposal

**Tell us why:**

Spending less hours on the road getting to and from work helps with your traffic management proposal

**2a. Is there anything you would spend more on?**

Not right now

**2b. Is there anything you would spend less on?**

Reduce speed bumps as too many on one street rethink where to place these to reduce costs

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Copy the model used in Australia for greater use of the stadium

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**#7770**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

**6a. What do you think of these proposals?**

#7770

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	Do not support
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Do not support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#7770

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#7770

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#7770

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	All good causes for the community to benefit long-term

**Tell us why**

Good initiative

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Do your best to keep our residential land rates down!!!

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	
City and local development	Do less
Environment and regulation	Do less
Parks and Community	
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get rid of the higher level employees who sit in offices and play on computers

**#7782**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

cycle lanes are a total waste of money. They're not used by cyclists, are a danger to cyclists, pedestrians and motorists alike

**2a. Is there anything you would spend more on?**

Repair footpaths which are falling apart and stop replacing footpaths that are perfectly ok

**2b. Is there anything you would spend less on?**

placing cones and "fixing" roads and paths which don't need fixing

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

If the present system doesn't work or is too expensive, find someone with cheaper ideas and who actually does some work

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#7782

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

**8. Do you have any other comments?**

The newish bus lane crossing the Mangere Bridge northbound has caused a lot of congestion in Mangere Bridge and it is barely used by buses. There are only a couple of buses that use it and it blocks up the whole of Mangere Bridge. I think it should be taken away to allow better traffic flow.

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#7832

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Stormwater, wastewater, and the Making Space for Water programmes must be prioritised. Having experienced effects of the 2023 storms in Auckland, it is extremely disappointing to see that the Council is even contemplating the option of not undertaking further increases in resilience against flooding.

**#7882**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#7882

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#7882

around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#7882

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.
--

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu, Whau

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental	

#7882

restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
--	------------------

#7882

Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Flood prevention in mangere new development area

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#7913**

Wasting ratepayers money

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

Everything auckland tried doesnt work. Jst wasting money all the time!

**2a. Is there anything you would spend more on?**

Flood prevention!

**2b. Is there anything you would spend less on?**

Unnecessary stuff that does not help residents living in flood prone areas!

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

Flood prevention in flood prone areas more important! Dont consent building on flood plains to seklf developers then ignore the flooding problems since akl anniversary!

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#7913**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Council needs to do a better job at preventing floods in akl!

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Sort out the flooding problems!

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#7913

6a. What do you think of these proposals?

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#7913

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

Other

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

I don't know

#7913

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	I don't know
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

Main focus should really be flood prevention

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

I want to see progress.. since flooding this area has become aucklands ugliest suburb. It has affected a lit of first home buyers negatively

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Making sure function is the most important component in designs (e.g. not building covered ways that might look aesthetically pleasing but do not keep the rain out)

**#8121**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Need to give people options, make taking public transport easy for all (including tourists) but also acknowledging the many/most Aucklanders do need cars for at least some of their transport needs. Some initiatives like raised pedestrian crossings are not the most pressing issue to be spending money on and reducing speeds could be achieved in other ways like school speed zones.

### 2a. Is there anything you would spend more on?

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I don't live on the Shore and have not used the stadium

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

I think it is important for the council to maintain ownership of key assets and be able to influence the future development (in many different ways).

**#8121**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

As per answer to the airport question I believe it is important to maintain ownership of key assets and services to be able to influence future direction. I would prefer the lease option for the Port over the sale of the airport shares if they money is really need to avoid more debt.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Split the profits and dividends, some going to the Auckland Future Fund but at a slower rate of growth.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

North Shore Stadium always seems to have struggled. If something needs to go perhaps that could be an option to consider before doing so with the port or airport.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#8121

Based on the information provided it would have minimal impact on the port operations and profits. They could then be used to generate other profits for the council.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

I'm not convinced that removing port operations makes sense if it will be replaced by rail and trucks (it's not removing the requirement for transport of goods and is just shifting an issue from one location to another), e.g. will add to the number of trucks on the roads.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

#8121

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

#8121

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	The safety of our people is key and providing environments and activities for residents to come together and foster the community is important. Other initiatives like those related to climate, mana whenua and employment are not the highest priorities at p

Tell us why

**#8121**

Most of the priorities listed are not my idea of essential activities, they are more nice-to-haves. Ensuring there is adequate street lighting, reducing crime and roaming dogs, well maintained footpaths and council pools and libraries are considered a high

Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public Transport (eg Light Rail, effective bus services.) I believe better public transport will encourage more people to use it (and while it is a fine balance to achieve) and reduce our reliability on our road network, allowing freight services to operate under higher efficiency and supporting the backbone of our city economy, giving everyone a

**#8262**

way to get around on time and allowing goods and services to get to their destination on time, helping prevent lack of items.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

See above (what I would spend more on)

**2a. Is there anything you would spend more on?**

Above

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#8262**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

**6a. What do you think of these proposals?**

#8262

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>I don't know</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#8262

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

### Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu, Puketāpapa

### Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#8262

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

I don't know

#8262

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**Puketāpapa Local Board Priorities**

**7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?**

I support most priorities

**More specifically, what do you think of each priority we've listed above?**

#8262

Invest in opportunities to support local community leadership.	Fairly Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Very Important
Consider our investment in facilities and services to see if there are opportunities to do better.	Very Important
Support initiatives that improve and encourage walking and cycling opportunities.	Fairly Important
Help coordinate and support local business groups.	Fairly Important

**Tell us why**

**7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	
Support community-led activations at our parks and facilities through our community grants.	

### Tell us why

Kiwi Esplanade speed limit

Please ensure this extends all the way along kiwi esp. The section from Boyd Ave. Has become a "race" track.

Pls renew bikes give way to pedestrians along the walkway.

Coronation rd cycle track..cyclists do not walk their wheels

**#8418**

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Please see previous box

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less of "Protecting Assets" for which the elected members of Auckland Council have no competency as natural owners and which have nothing to do with "actions

**#8461**

required of us by law" and do not even appear in question 1b above. Auckland Council should exit these assets and focus on its core role. Auckland Council is not a fund manager and ratepayers can procure their own investments.

## **2. What do you think of the transport proposal?**

Do not support most of the proposal

### **Tell us why:**

Auckland Council is working against itself by stopping a regional fuel tax funding tool. The proposal still seems to prioritise roads for cars rather than for the people and communities. This is not a linked-up strategy optimising a transport system needs to start with facilities for childrens' schooling and childrens' activities as this is a huge driver of congestion.

### **2a. Is there anything you would spend more on?**

Think about how to optimise children's recreation facilities and link these to public transport. Public transport needs to optimise for the correct questions.

Spend more on changing behaviours through switching some roads to T2 and public transport only, including motorway on ramps that are not appropriately spaced, e.g. Mahunga Drive to be T2 and public transport only..

### **2b. Is there anything you would spend less on?**

Spend less on expanding roads please.

## **3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

### **Tell us why:**

We need super sized community sport and recreation venues that can be supported by public transport. We also need to use these facilities' buildings intensively for community activities such as meetings, music lessons, clubs etc.

**#8461**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Sell assets that are not core the the statutory responsibilities of the council and pay down debt, and stop wasting elected official time in mismanaging these assets. Ratepayers are able to invest savings themselves from lower council debt and lower rates. Auckland Council has no mandate to manage a fund and should disgorge its hoardings.

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Council should not be in the business of owning a port. A mixed ownership model may be appropriate to drive performance if there is no appetite for a concession. Mayor Brown to do as he promised and move the port.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Do not support the council having a fund when ratepayers can invest into their own funds. No confidence in council having a slush fund and buffers to financial discipline.

**4d. Do you have any feedback on any other part of the proposal?**

#8461

**Tell us here:**

Self insurance seems the only sensible rationale for a fund but need to explore other arrangements that may be better, e.g. is there a viable New Zealand council sector solution rather than each council setting up funds. Do not support holding council assets in funds as this is mixing purpose as self insurance requires liquid assets. Sell non core assets. If port land is core then sell the port operations.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

There is no point doing this if it is not going to be put to public use in a timely manner.

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

Yes, as this will focus the port on efficient operation and pressure increased efficiency in transport to and from the port. This should prioritise rail and heavily toll truck movements. Do this now.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
---	----------------

#8461

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	I don't know
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce <b>recycling charges for schools.</b></p>	Support
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

#8461

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#8461

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important

#8461

<p>Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.</p>	<p>Not Important</p>
<p>Improve employment and economic opportunities through our local economic broker programme.</p>	<p>Very Important</p>
<p>Support community-led activations at our parks and facilities through our community grants.</p>	<p>Safety will be a consequence of promoting a successful community so the objective should be focusing on the positive things, such as clubs, sports, activities and keeping things well maintained and cared for. Safety is like treating headaches rather than</p>

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1. With so many major changes, the Council probably needs to spend more on public communications. I see comms as a vital part of the work programme because you will need community buy-in and it helps ratepayers see the Council as being transparent.
2. More protected cycleways that link up, please.

**#8494**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

1. I do not support reducing funding for Kiwirail upgrades and maintenance, because we desperately need Kiwirail to work as soon as possible.
2. I do not support reducing transport funding for growth areas. I live in Māngere which is a growth area, and transport options are terrible. There is no way to get to the CBD without a few bus changes and long wait times. There is no train. The community here really needs better transport options.

**2a. Is there anything you would spend more on?**

1. Improving cycleways and pedestrian crossings
2. Transport reliability and ease of access

**2b. Is there anything you would spend less on?**

Future rapid transit network (RTN) investigations and northern busway growth removed.

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

If it is under-utilised then I agree that parts of the Stadium land could be sold to fund its redevelopment. However, I would like to ensure that the Stadium (including playing fields) continues to benefit the community, schools and children.

**#8494**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

I do not agree with selling off more shares in the AIAL. I support keeping public assets in public ownership as much as possible.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

I do not agree to establishing an Auckland Future Fund

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

The profits should go directly back to funding Council services and benefitting the community.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#8494

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

- 1. I do not support devaluing Ports of Auckland.
- 2. I do not support having to use trucks and cars to compensate for the shrinkage of Port operations.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

As above.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#8494

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

#8494

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#8494

**Tell us why**

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

Agree with all the priorities. However, transport is missing - as in, we need better transport options to the CBD.

**#8494**

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build an open air, salt water pool at Māngere Bridge. More and more people are swimming in Māngere Bridge but the window is very short (only about 1 hour each side of high tide). A deeper tide refreshed outdoor pool would give a much longer period for recreational swimming.

**#8559**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Also keep the blanket 30 km speed restrictions around school areas. Ours (around Waterlea school, Māngere Bridge has been a god send and has already probably saved severe accidents if not lives.

**2a. Is there anything you would spend more on?**

Walking, cycling and fee public transport

**2b. Is there anything you would spend less on?**

Not sure if it is council or Government but do not proceed with Mt Wellington / Onehunga link motorway. Instead spend a fraction of the cost upgrading and widening Neilson Street and building state of the art on off ramps at each end, especially the Onehunga end (that maintains the integrity of Onehunga)

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is, Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#8559**

**Tell us why:**

Selling profitable shares does not give you "free money". Keeping the shares (and some say over the airport as a shareholder) and borrowing against them for a Futures Fund makes far more economic sense.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Please retain ownership and operation of the Ports of Auckland. It is finally in good shape after years of shambolic governance and leadership. Best to keep this all under council control especially as alternatives to the current port location are being investigated.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Or some could be used for Auckland Futures Fund.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#8559

**Tell us why:**

POAL has expertise at running the Port. The council through Panuku has the expertise to engage in major development projects.

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

Depends what is happening to the Port and what the needs of the Port are.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>

#8559

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

#8559

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

#8559

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support most priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

**#8559**

Add a priority to increase the value and usability of the Māngere bridge Esplanade. It, Along with Ambry farm has a high use rate for walking and cycling. However there is little use made of this area for swimming due to its tidal nature. The developme

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A saltwater public swimming pool for Mangere Bridge

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8563**

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Support all except stopping the cycleways and raised pedestrian crossings

**2a. Is there anything you would spend more on?**

Cycleways and walkways

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Council should continue to own shares and have a say in Auckland Airport

**4b. Which option do you prefer for the future of Port of Auckland?**

**#8563**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

It is an asset that council should continue to have a say in,

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

This is an income stream that council should use for development and protection of public services

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

Using part of the port land for public good

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

#8563

**Tell us why:**

Depends on what port operations are needed

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #8563

facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#8563

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Mangere Otahuhu needs every bit of support it can get to help it thrive

**Tell us why**

I would like to see a saltwater public swimming pool for Mangere Bridge

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

As previously indicated public swimming pool for Mangere Bridge, utilising the harbour, is much needed.

Keep the 30km speed limits in this area. They have been wonderful for children and the elderly.

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu, Manurewa

#8596

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	
Improve employment and economic opportunities through our local economic broker programme.	
Support community-led activations at our parks and facilities through our community grants.	Safety action plan needs to include pedestrian safety, particularly on Great South Road, Otahuhu, Mangere and Massey Roads.

### Tell us why

Priorities need to include pedestrian safety, particularly on Great South Road, Otahuhu, Mangere and Massey Roads.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

#8596

## Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	Fairly Important
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	Surprised at proposed 78% increase in adult swim at local pool and introduction of a spectator fee in this area - given the priorities listed above. Removal of financial barriers to support locals engaging in

7a. Which local board area does your feedback relate to?

Albert-Eden

### Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	
Planning for how our parks and open space can respond to growth, making the most of	

#8633

what we have, balancing different uses and connecting green spaces together.	
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	
Working with the community on activations in the Mt Albert Civic Square.	
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	

**Tell us why**

Shows important that goes on with environment, finance, and etc. in NZ

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Nope

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We're already paying too much for little return.

Manage the new builds better so they pay for infrastructure upgrades not the residence that have lived in the area for years

**#8654**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Manage things better

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

New cycle lanes in Mangere Bridge are a joke and causing more confusion.

In fact the set up now encourages cars to cross to the other side of the road to avoid speed bumps creating a hazard for cyclists and pedestrians. More thought is needed before wasting tax payers money on this sort of thing.

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

Everything

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#8654**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#8654

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#8723

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Fairly Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important

#8723

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

more environmental education initiatives and community facilities for tamariki including Mangere Mountain Education Centre, there is not enough staffing and resourcing to take more students. The education centre is important for teaching coming generation their agricultural roots and wider te ao maaori. Needs more funding sources outside Māngere-Ōtāhuhu Local Board and Auckland Council

**#8727**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

cycle path and traffic management

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

more public transport and faster

**2a. Is there anything you would spend more on?**

public transport

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

dont know

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

do not sell Manukau city shareholding

**#8727**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

invest for future income of coming generations

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#8727

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>I don't know</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Do not support</p>
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#8727

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
--	--

#8727

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

#8727

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	increased funding for Maangere Mountain Education Centre. it does a good job but needs more capacity for school tamariki - maaori and pakeha.  This should be at centre of mana whenua relationship and investment

**Tell us why**

Prioritise local mana whenua and strengthen partnerships .Please increase awareness of te ao maori and investment in local maunga and education

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Support and fund performing and visual arts.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8751**

## **2. What do you think of the transport proposal?**

Support all of the proposal

### **Tell us why:**

Auckland is grinding to a halt. More cars going slower is the cause.

### **2a. Is there anything you would spend more on?**

Introduce more Toll roads. \$1 here or there is nothing for the individual but adds millions to the coffer. Put more power underground and remove power poles. widen roads and replace poles with lamps.

More roundabouts and less traffic lights.

### **2b. Is there anything you would spend less on?**

LESS CONES. FLAT PEDESTRIAN CROSSINGS. Especially we dont need raised humps AND traffic lights.

## **3. Which options do you support for the North Harbour Stadium?**

### **Tell us why:**

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

### **Tell us why:**

### **4b. Which option do you prefer for the future of Port of Auckland?**

**#8751**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

We need Auckland to be a busy buzzy vibrant free flowing city NOW NOW NOEW.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#8751

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

A revival of the Auckland Light Rail project, better public transport

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8762**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

Could we offset some of the RFT with some of congestion charges? Vehicle weight charges?

### 2a. Is there anything you would spend more on?

Public transport, light rail, cycle lanes and cycling support.

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

### Tell us why:

Something isn't working about the stadium, likely the location & public transport options are big factors.

If it could be made more accessible for local sports and culture as well as more accessible via reliable and expedient public transport..

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

### Tell us why:

**#8762**

Selling public assets is a short term relief and we're not gaining a big public asset (e.g. ALR) by doing it.

Hard to come back from, so I say no.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Selling public assets is a short term relief and we're not gaining a big public asset (e.g. ALR) by doing it.

Hard to come back from, so I say no.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

Hard to understand this portion of the document, I guess it's the most risky portion?  
Could the benefits be expanded in a separate proposal and it worked through then?

#8762

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

Same as above, need more info and arguments for both.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#8762

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#8762

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Māngere-Ōtāhuhu district will strongly benefit from investment and better transport options

Tell us why

teaching us how to prepare and handle climate incidents is a great idea

diversity events and highlighting the great communities in South Auckland is a great idea, we should be wanting to get visitors from all over Auckland to spend time and money here

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#8762**

8. Do you have any other comments?

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#8773

Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	Support

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I still want to pay more for the free swimming pools in Mangere Otahuhu

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less art and cultural events for few years to save \$

**#8902**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I support most of this apart from the stopping of the cycleways. I am a very firm believer of rail and cycle ways otherwise we are all jammed up in cars, cant get to the airport etc etc

### 2a. Is there anything you would spend more on?

Cycleways and rail and getting our infrastructure providers, with AT as lead to minimise disruption. This would be done by a list of all projects coming over ten years in each local board area, then a central funding and comms and coordination plan of those works

### 2b. Is there anything you would spend less on?

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

Never been there but think its a good idea for locals - shore people go to the shore, central go central and south go south

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

### Tell us why:

**#8902**

I wanted to keep the airport shares but suppose diversifying is good - just dont sell all the assets please. We sold the transfer stations and landfills so those profits go overseas, need more locally owned.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

I don't know

**Tell us why:**

#8902

**6a. What do you think of these proposals?**

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-

**#8906**

proofed for surface light rail upgrades. Consistent work over the last decade, reflected in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

Additionally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

**2a. Is there anything you would spend more on?**

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere,

**#8906**

and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our cities transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#8906

<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	I don't know
<p>Re-introduce <b>recycling charges for schools</b>.</p>	I don't know
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	I don't know
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	I don't know
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	I don't know

**#8906**

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## **Local board priorities**

**7a. Which local board area does your feedback relate to?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport including completing rail network maintenance and a northwestern busway and more separated cycle paths. Maintenance of existing roads but no more highways/motorways.

More money for electric buses and ferries.

**#8923**

I support the Making Space for Water project.

Supporting the most vulnerable members of our city ie the elderly, disabled and low socioeconomic groups

All action to tackle climate change.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

no

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

Support capped weekly transport passes.

Opposed to stopping planned initiatives for cycleways.

**2a. Is there anything you would spend more on?**

There needs to be more, not less money spent on cycleways to make cycling a safe attractive option for all, including school children.

We need to pay for better bus and ferry services, including electrification.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**#8923**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

We should control the future of our port. New Zealand has a long history of running down assets rather than investing in them, to the detriment of the country. It would mean that coastal shipping of goods around New Zealand could be supported.

There is no reason why Ports of Auckland can't be owned by Auckland Council and produce a substantial income for the city. The same goes for Auckland Airport.

As the 2008 Financial Crisis showed, investing funds does not guarantee a stable return on them, and this is particularly so in today's unstable world.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

see above

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

see above

**4d. Do you have any feedback on any other part of the proposal?**

#8923

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It would be environmentally damaging to move port operations from Bledisloe Wharf, and the port would be less able to return a dividend to council.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

#8923

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#8923

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#8923

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build Light rail above ground. Build bike lanes in places where heavy traffic is, not where theres little traffic and biking is not dangerous

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#8929**

No

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We dont need raised pedestrian crossings, just paint lines on the road, The new Mangere bridge bike lanes are an expensive waste of time and ugly. This is a very low traffic area where motorists expect to encounter bikes. Once again its an example of building cyclelanes where its easy and doesnt disrupt cars, rather than where riding is dangerous because many cars travel fast.

**2a. Is there anything you would spend more on?**

No

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct, Change the operational management

**Tell us why:**

Get more community value for the same expense

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**#8929**

**Tell us why:**

This will make selling the shares, which I oppose, easier/

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

#8929

There is plenty of recreational and residential space in downtown. The port needs space to operate

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>

#8929

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

I support higher rates. House owners in Auckland are among the wealthiest people in NZ and they should contribute towards reducing inequality in NZ.

**Local board priorities**

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

**Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#8929

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#8929

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Water and the environment need to be prioritised.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Playgrounds and trivial entertainment can wait.

**#8930**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

The council has wasted our money on unsuccessful transport projects that always go over budget.

**2a. Is there anything you would spend more on?**

Doing the job properly so we don't have to redo them so quickly.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#8930

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9003**

Support all of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#9003

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual	Support

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to	

#9003

address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important

#9003

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

-Prioritise the blue-green water network. Ensure that communities affected by Anniversary Floods and Cyclone Gabrielle have the necessary water network development to minimise future damage.

- reinstate fuel tax to support fund transport costs

**#9087**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

Improving the reliability of public transport such as trains and bus networks

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

I think the council is trying and failing to work in many different areas. A more focused effort on water and waste (poo) infrastructure should be the focus for the next term and other community level projects can be reviewed in the following terms

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#9087**

I do not like the idea of selling large investments, especially at a time where shares in the airport are worth less. I would prefer to see increases to rates, reinstating petrol tax.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Use now but look at investing in future terms

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

I think the priority for this term is water and waste (poo) infrastructure. These port changes should not be a priority for the council this term.

**5b. What option do you prefer for Bledisloe Terminal?**

#9087

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As said above

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Not Important
Improve employment and economic opportunities through our local economic broker programme.	Not Important
Support community-led activations at our parks and facilities through our community grants.	On Auckland Anniversary weekend 2023, a large amount of the Māngere/Ōtāhuhu area was impacted by flooding. It gravely concerning that this is not listed as a major priority for our local board in the next year.

Tell us why

- Again, it is gravely concerning that the safety of our community in future weather events is not on our boards list of priorities.

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#9087**

8. Do you have any other comments?

Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9091**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

#9091

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#9091

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Roading upgrades not including cycling

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

'Economic' development, town centre development, road safety upgrades.

**#9105**

Less funding of CCOs, please bring operations into general council.

Bring in house economic development TAU, Panuku town centre development.

Remove CCOs such as Beautification Trust which council has no business doing graffiti removal.

Remove Mangere Mountain Education Trust, there job already overlaps with other groups, this could be given to Connected Communities or merge with existing Maori educational institutes.

Contemporary Art Foundation should be independent.

## **2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

### **2a. Is there anything you would spend more on?**

dynamic lanes

### **2b. Is there anything you would spend less on?**

## **3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

too expensive to rebuild

### **4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**#9105**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Restore a wealth fund for future income

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

Too complex and different arguments in media

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

too much waste to spend on existing services - will disappear once used and leave a funding shortfall.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

don't trust how it will be revamped

#9105

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

do not sell it

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

**#9203**

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Pay less to managers on the Auckland Council by ensuring that NO ONE is paid more than the prime minister of New Zealand and no manager gets more than 3 times the lowest salary of the people they are responsible for (even if they are contractors).

**#9229**

## 2. What do you think of the transport proposal?

Support most of the proposal

### Tell us why:

I do not support the stopping of some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

### 2a. Is there anything you would spend more on?

More raised pedestrian crossings, more cycleways, more public transport.

### 2b. Is there anything you would spend less on?

No, we need all the investment we can find to improve transport and reduce carbon emissions.

## 3. Which options do you support for the North Harbour Stadium?

I don't know

### Tell us why:

I don't live on the north shore and never attended a sporting event in the stadium.

## 4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

### Tell us why:

I support the establishment of an emergency fund but not through a sale of Auckland airport or the Auckland port.

**#9229**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

The council should retain the port and possibly move part of it elsewhere (leasing the port for 35 years will delay such an option). I don't know enough about the plan to deliver improved profitability but this should not come with a cost to the environment

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

I support the use of the Future Fund for self-insurance but it should not be created by selling the Auckland airport or leasing the Auckland port. I would possibly support moving parts of the port and using the land for other revenue generating mechanisms for the council.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

I don't know

**Tell us why:**

I cannot comment on the plan without getting more details about the full implications for the port and the benefits for the public.

**5b. What option do you prefer for Bledisloe Terminal?**

#9229

Other

**Tell us why:**

Consider the future of the Port of Auckland as part of a national plan for transport and renewable energy in New Zealand.

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in	Support

#9229

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#9229

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#9229

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#9229**

**8. Do you have any other comments?**

In principle I support the more for more plan but would like to see a fairer and more cost affective spending by the council on its own bureaucrats.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Light rail

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#9272**

No

**2. What do you think of the transport proposal?**

I don't know

**Tell us why:**

**2a. Is there anything you would spend more on?**

Light rail

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

Feel it has been mismanaged.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

Don't want sale by stealth.

**#9272**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Don't furtive privatization

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

Don't want privatization

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

Don't want sales. Don't trust current Mayor.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

Don't trust Mayor.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

#9272

**Tell us why:**

Mayor untrustworthy

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#9393**

Unnecessary road work. Bike lanes are not suitable for all areas of Auckland only certain areas. Do through research of each area before implementing changes. And only implement changes to areas that require the work not apply to all areas.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

Auckland public transport is in dire need of an upgrade.

**2a. Is there anything you would spend more on?**

Reliability for public transport & road works

**2b. Is there anything you would spend less on?**

Cycle ways.

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#9393**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#9394

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#9650**

Don't support any of the proposal

**Tell us why:**

We do not need cycleways and pedestrian way when communities are struggling to meet living cost .

Council need to be responsible on spending prioritize the services which are effecting day to day life of people

**2a. Is there anything you would spend more on?**

Spend more on Stromwater and water ways to stop future flooding

**2b. Is there anything you would spend less on?**

Parks, library and money spent on community services

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

#9650

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	Support

#9650

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#9650

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

I don't know

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important

#9650

Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

**Tell us why**

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More parks , splash pads @ parks available in south Auckland area.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less road works.

**#9656**

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

#9656

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#9656

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The local boards should know their communities and know what they need so different councils need different things..

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#9754**

salary scales, council staff should be reverent to the workload and output.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

None of the above.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

But sell only to New Zealanders.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#9754

Tell us here:

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

I praise the local government for looking at the means to reduce in house spending and looking carefully at community initiatives in reducing ballooning administrative costs.

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce <b>recycling charges for schools.</b>	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support

#9754

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

Franklin Local Board Paths Targeted Rates - Support

Local government is accountable for being cost effective and being accountable to the rate payers who pay their salaries.

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.

#9754

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I do not support most priorities

**8. Do you have any other comments?**

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

programs for us youth students

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#9796**

**2. What do you think of the transport proposal?**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

#9796

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#9796

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We need to review how rubbish in the community is managed and picked up. Everywhere we go there is an abundance of litter. I know this isn't caused by the council and people who litter will always litter... but we need to find a solution. Maybe for all the people on community service and crimes need to do working bees and collect rubbish!

**#9982**

There **MUST** be a plan to improve transport, on ramps, widen roads, and actually plan for an increase in infrastructure wherever there is significant growth in housing developments. A prime example is near Mangere Bridge, Walmsley Road, Bader Drive. There are **HUNDREDS** of new homes being built in these areas yet the roads are not being widened (for example the bridge at Walmsley Road and McKenzie Road near Mangere Bridge narrows to a single lane - yet there are hundreds of homes being added on Walmsley Road which will feed into this and block it up even more).

The development of playgrounds and indoor activity spaces like the Museum, Maritime Museum, Auckland Library and Art Centre are great for families and serve a massive number of the Auckland households - please keep these services up and look for other opportunities to provide more like these.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Please review the number or frequency of free community events. Agree these are great for culture, and getting people active... but for the amount spent on running these mini activations/events, how many people are actually joining them? Do we do a few less but then hopefully increase attendance?

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

The transport network is going to take A LOT of effort to improve. The key issue is that while we try and push people into buses and trains, there is actually no real incentive to use a bus from a time perspective. Bus lanes are so short, that traveling on a bus rarely gives any extra speed down the bus lanes to cut commute times, and typically a bus trip can take 3 times longer than a car journey despite traffic.

This **MUST** be figured out if we want to entice people into public transport because in order to get to a nearby train station, most people would more likely jump on them if the connecting bus services from their homes/work places were frequent, fast and reliable.

**2a. Is there anything you would spend more on?**

**#9982**

Improving on ramps somehow to have better flow of traffic (eg. Highbrook on ramp design is horrible).

Can we look at alternatives for new dedicated cycleways to some shared footpaths/cyclepaths like Mission Bay? Surely that's more cost effective and fast compared to creating new cycle ways right next to them and both being barely used. If we can link up and do this and ensure along main routes people have a safe way to ride, this would encourage cyclists.

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

I don't know

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

#9982

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

We seriously need to ensure there is a sufficient port that can handle the growth of imports/exports for our country and region. If we shift the ports elsewhere, there's a significant overhead and load of road cartage from other ports to consider....

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that

#9982

<p>we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce <b>recycling charges for schools</b>.</p>	
<p>Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Fairly Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

**#9982**

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public transport improvements

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10011**

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

#10011

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

Tell us here:

**4d. Do you have any feedback on any other part of the proposal?**

Tell us here:

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-	

#10011

ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

**Māngere-Ōtāhuhu Local Board Priorities**

**7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?**

Very Important

**More specifically, what do you think of each priority we've listed above?**

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No we don't want to pay a cent more. The council wastes far too much money. They need to reduce the wages of the Mayor, Councilors, and all management. You need to trim down middle management and stop wasting money on unnecessary things. Councils wasted so much money installing speed humps, cameras, changing signs, etc. Half the time the council works the same portion of road making unnecessary

**#10117**

changes then undoing and redoing their own mess half a dozen times. What a waste of money.

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Stop wasting money of unnecessary speed humps, cameras, sign changes, unnecessary arts etc. Reduce wages for Councilors and management. Reduce middle management.

**2. What do you think of the transport proposal?**

Don't support any of the proposal

**Tell us why:**

Because AT are full of Crooks who waste so much money installing unnecessary speed humps, traffic cameras, changing speed signs, putting pot plants in the middle of the road, cycle lanes etc. Get a new AT management and get rid of Crooks in the organization then the public will have confidence.

**2a. Is there anything you would spend more on?**

More time getting rid of AT management!

**2b. Is there anything you would spend less on?**

Wages

**3. Which options do you support for the North Harbour Stadium?**

Keep the stadium precinct as it is

**Tell us why:**

**#10117**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

Other

**Tell us here:**

Move the port elsewhere and make better use of the land

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Other

**Tell us here:**

Reduce rates

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#10117

Tell us why:

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Money being wasted

#10117

**7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?**

I do not support any priorities

**Manurewa Local Board Priorities**

**7b. What do you think of our proposed priorities for Manurewa in 2024/2025?**

Not Important

**More specifically, what do you think of each priority we've listed above?**

Continue to support, deliver and fund initiatives that contribute to positive youth development.	Fairly Important
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	Not Important
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	Not Important
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	Not Important
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	Not Important

#10117

Identify options for recreational activities to support people of all ages and abilities being casually active.	Not Important
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	Not Important
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

**Tell us why**

**7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?**

## Ōtara-Papatoetoe Local Board Priorities

**7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?**

I do not support most priorities

**More specifically, what do you think of each priority we've listed above?**

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Fairly Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	Fairly Important

#10117

Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Not Important
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Not Important
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Not Important
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	Not Important

**Tell us why**

**7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

Stop wasteful council spending of unnecessary things like speed humps, cameras, sign changes, unnecessary arts, cycle ways, pot plants on the roads etc. Reduce wages for Mayor, all Councilors and management. Reduce middle management.

Stop wasting money doing and and redoing the same work.

If council wasn't so reckless with the publics money then we wouldn't have to raise rates and reduce services so much.

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Supporting elderly people in South Auckland predominately Maori and Pasifika to live healthy active lives and have free and easy to access activities to attend.

More activities for youth to attend after school...there is minimal affordable activities for youth to attend here in Mangere

**#10142**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Cycle lanes in Mangere? Noone rides bikes here! People work outside of normal hours and not in the area so they don't bike or they drop children off at school. What a waste of millions of dollars!

Paying for food to be recycled? Pay for worming bins..compost bins and teach us how to use it! Waste of money I am paying! There are only 3 bins in my whole long street that put there's out. Waste of my ratepayers money.

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Cheaper fares for our children, rangatahi, elderly and low earners! Trains always breaking down. Not reliable at all!

**2a. Is there anything you would spend more on?**

Getting into the community and asking what is needed...going to schools...churches...walking buses...community shuttles to encourage the young and aging population to get out and access local community gatherings, sports, creative workshops. Accessibility and affordability stops this occurring in our community.

**2b. Is there anything you would spend less on?**

Cycle lanes! Electric bikes..good quality bikes, access and safety on the street's are not something people can afford in Mangere. Why on earth you would create cycle lanes is beyond me!

**3. Which options do you support for the North Harbour Stadium?**

I don't know

**Tell us why:**

**#10142**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

Let the people vote!

**4b. Which option do you prefer for the future of Port of Auckland?**

I don't know

**Tell us here:**

This is our asset however money is needed elsewhere for our growing city. Lease for 10 years, evaluate, assess deciding factors moving forward. Funds could be available to build a stadium that could generate hundreds of millions of dollars annually. Taylor Swift is a perfect example of the millions lost because we couldn't accommodate her.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

We need to keep moving forward and addressing key issues and trends that need seriously addressing and also plan for a better return on our investments.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

#10142

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce <b>recycling charges for schools.</b></p>	<p>Do not support</p>

#10142

Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

**6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?**

## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#10142

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support most priorities

#10142

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	Community driven safety action? Create community driven programmes that are affordable and accessible instead of pumping money into social services that only address the ones that come asking (and who often double dip at other agencies and are not in need

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#10142**

8. Do you have any other comments?

# Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I prefer pay more get more but have chosen the central proposal due to overall economic pressures on Aucklanders.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10268**

No

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

Its modest/incremental goals reflect the financial constraints.

**2a. Is there anything you would spend more on?**

Strategic thinking.

More care from the council on council/AT relationships for our (ratepayer) benefit.

**2b. Is there anything you would spend less on?**

No

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

Seems the best option for the future.

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

**Tell us why:**

**#10268**

The port and AIAL are strategic assets that belong to Aucklanders, they will be divested by fund managers and lost. No guarantee of projected return from AFF. Object to proposed AFF in hands of an Australian fund manager. AFF is short term thinking. AFF may be another CCO? More layers and cost. PwC report recommended a "buffer fund" so more funds tied up and not changing Auckland for the better.

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

**Tell us here:**

Loss of strategic direction for the port and overall transport strategy for the region.

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Continue to use it to fund council services

**Tell us here:**

I do not support the AFF.

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

#10268

Seems a sensible compromise between interests.

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

**Tell us why:**

Needed for port operations and to avoid greater pressure on road networks.

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>Support</p>

#10268

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	Do not support
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Please retain the targeted rate for access to public pools in south Auckland.

### Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

### Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

#10268

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

#10268

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support all priorities

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Fairly Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	Taking action on anti social behaviour is number one.

Tell us why

very general. Too much advocating, exploring and supporting. More specifics, taking responsibility and demonstrating leadership needed.

## Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Māngere-Ōtāhuhu

## Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Fairly Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important

#10277

Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.

Very Important

**Tell us why**

**7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?**

## **Kaipātiki Local Board Priorities**

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.

Supporting a community-led approach for the delivery of relevant and diverse services that connect the community

Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.

Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#10282

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think the sovereign fund is a good idea. Leasing the port out and selling the airport share lowers risk and increases returns. To do otherwise would be negligent with shareholders/stakeholders funds.

### 1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

**#10319**

Developing the outer suburbs. There is not going to be a viable solution for public transport any time soon. A viable one would be an underground for people to move on. We are not going to do that. We will be stuck in the same rut as we are now but paying more for the privilege. My solution is to accept that, pay less, do less and accept that it is never going to be solved.

**2. What do you think of the transport proposal?**

Support all of the proposal

**Tell us why:**

We don't have the money or ability to borrow for this.

**2a. Is there anything you would spend more on?**

Save up for an underground rail system.

**2b. Is there anything you would spend less on?**

Roads.

**3. Which options do you support for the North Harbour Stadium?**

Change the operational management

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Proceed with the proposal

**Tell us why:**

**#10319**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#10319

**6a. What do you think of these proposals?**

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

7a. Which local board area does your feedback relate to?

Franklin

## Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

<p>Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.</p>	
<p>Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.</p>	
<p>Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).</p>	
<p>Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-owned facility leases, including leasing charges.</p>	

#10323

Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	
Progress the development and delivery of the Franklin Paths Programme.	
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	

**Tell us why**

**7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?**

**Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?**

**As our local board area is so large, please tell us where you live so we can better understand the views from different communities**

**8. Do you have any other comments?**

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>	

#10420

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

no

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

no

**#10426**

**2. What do you think of the transport proposal?**

Do not support most of the proposal

**Tell us why:**

I think it going to be too expensive

**2a. Is there anything you would spend more on?**

uhm i dont think so

**2b. Is there anything you would spend less on?**

no i dont think so

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

make it more beauty

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

**#10426**

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

**5b. What option do you prefer for Bledisloe Terminal?**

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

**Tell us why:**

#10426

Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

### Local board priorities

7a. Which local board area does your feedback relate to?

Waitākere Ranges

### Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I do not support most priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Not Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Not Important

#10426

Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Not Important
Continue to activate library spaces with programmes, services and events.	Not Important
Operating grants to support Glen Eden and Titirangi Community Houses.	I don't know
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	I don't know
Initiatives to support youth/rangatahi.	I don't know
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	I don't know

**Tell us why**

Not Important

**7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?**

**8. Do you have any other comments?**

# Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

## Submitter details:

Organisation (if applicable):

Local Board: Māngere-Ōtāhuhu

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

### 1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Climate action, sustainable infrastructure and regulation, support for community climate initiatives and groups (NGOs), more education on environmental impacts

More public transport options (higher frequency of existing PT and more routes)

**#10462**

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

putting in more traffic lights impedes efficiency of the roads, nor does it help with congestion and road safety

**2. What do you think of the transport proposal?**

Support most of the proposal

**Tell us why:**

I agree we need faster and more reliable PT, we need better network and connectivity. I also think the weekly cap on PT is a good idea. We should also offer free PT (Round the Bays was an excellent demonstration that people will use PT when it is free)

I dont think we should stop raised pedestrian crossing - we need to make roads safer for pedestrians

**2a. Is there anything you would spend more on?**

other means of road safety other than multiple speed bumps on one road; cycle paths; electrifying all PT

**2b. Is there anything you would spend less on?**

Less speed bumps

**3. Which options do you support for the North Harbour Stadium?**

Consider redeveloping the stadium precinct

**Tell us why:**

allows diversion of stadium maintenance cost to develop something that is more suitable for the northern community

**#10462**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

Other

**Tell us why:**

I agree with a Auckland future fund, but do not agree with selling the airport shares

**4b. Which option do you prefer for the future of Port of Auckland?**

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

Invest in the proposed Auckland Future Fund

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**

**5a. What option do you prefer for Captain Cook and Marsden wharves?**

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

**Tell us why:**

#10462

**5b. What option do you prefer for Bledisloe Terminal?**

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

**6a. What do you think of these proposals?**

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. ## Local board priorities

**7a. Which local board area does your feedback relate to?**

Māngere-Ōtāhuhu

## Kaipātiki Local Board Priorities

**7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?**

**More specifically, what do you think of each priority we've listed above?**

#10462

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

**Tell us why**

**7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?**

I support all priorities

#10462

## Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important
Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	There is a huge community ambience in the area, but the facilities and support for them is lacking in the area. I highly support bike hubs for the area however there is no safe routes for cyclists (no cycle lanes, lots of speeding in the area)

Tell us why

Agree

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

**#10462**

8. Do you have any other comments?

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to	

#10497

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

**#10505**

**Tell us why:**

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

**4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?**

**Tell us here:**

**4d. Do you have any feedback on any other part of the proposal?**

**Tell us here:**
