<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

## Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

**#19582**

**Tell us why:**

making public transport faster, more reliable, and easier to use by investing in rapid transit network actions, such as making it easier to pay and introducing capped weekly public transport passes

**2a. Is there anything you would spend more on?**

**2b. Is there anything you would spend less on?**

**3. Which options do you support for the North Harbour Stadium?**

**Tell us why:**

**4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?**

**Tell us why:**

**4b. Which option do you prefer for the future of Port of Auckland?**

**Tell us here:**

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#19582

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#19745

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#19778

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#20132

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#20167

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out <b>of rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#20739

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#20794

Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6a. What do you think of these proposals?

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

<p>Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>

businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools</b> .	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the <b>Rodney Drainage Districts Targeted Rate</b> to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the <b>Waitākere Rural Sewerage Targeted Rate</b> from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22116**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

City and local development	
Environment and regulation	
Parks and Community

Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22305**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#22305**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#22714**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#22714**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being

deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and

wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to

capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and

the salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary

speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the

**#22875**

proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands

and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should

be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland

ratepayers.

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#23127**

I'm continually outraged at the frivolous and unnecessary spending on speed bumps, cycle paths, cameras, 'green schemes', etc and the absolute lack

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide  
feedback on the Mayor's

**#23223**

proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending,

**#23223**

reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as

**#23223**

effective waste management,  
public bins, and weekly  
rubbish collection.

I also call on the Council to get  
smarter about infrastructure  
investment. I support the  
Mayor's proposed "Future  
Fund" and the proposal to  
lease Auckland Port's  
operations to an expert  
external operator while  
keeping the Port's land in  
ratepayers' hands and  
ringfencing that money to  
invest in infrastructure so that  
rates and debt are kept down.

I endorse the submission of  
the Auckland Ratepayers'  
Alliance and back their vision  
of 'Reasonable Rates,  
Sensible Spending in our  
Super City!'

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

Dear Auckland Council,

I am writing to provide feedback on  
the Mayor's proposed Long-Term

**#23334**

Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

**#23334**

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's

**#23334**

operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

Resume the **Water Quality Targeted Rate (WQTR)** and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.

Broaden the description of bus services funded by the **Climate Action Transport Targeted Rate (CATTR)** to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).

Discontinue the **Long Term Differential Strategy** which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.

Re-introduce **recycling charges for schools**.

Continue the planned roll out of **rates funded refuse collection** to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.

Introduce the **Franklin Local Board Paths Targeted Rate** of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Change the **Rodney Drainage Districts Targeted Rate** to reflect public feedback and updated analysis of the benefits to properties and boundaries.

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of

Dear Auckland Council,

**#23399**

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled

**#23399**

Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council managers increasing much higher than those the private sector.
- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

**#23399**

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed "Future Fund" and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

**1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?**

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation

and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the

“pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining

in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

**#23474**

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

Stop all blanket speed lowering changes. Statistics don't bear out the reasons to lower speed limits.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease

Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in

infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending in our Super City!’

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor’s proposed Long-Term Plan (10-Year Budget).

**#23826**

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and

the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in

Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing and the salaries of council

managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland

Transport. This money should be used to fix roads and maintain transport infrastructure.

- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland

Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so

that rates and debt are kept down.

**#23826**

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of 'Reasonable Rates, Sensible Spending in our Super City!'

## Your feedback

### 1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

### 1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

### 1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dear Auckland Council,

I am writing to provide feedback on the Mayor's proposed Long-Term Plan (10-

Year Budget).

I reject all three options for rate hikes – the most expensive of which would see a 38% increase over three years. Rates should be limited to inflation and the Council should cut its cloth to reflect the current economic circumstances facing Auckland ratepayers.

Of the three options presented, my preferred option is lowest option – which is still much higher than inflation despite it being deceptively labelled the “pay less, get less” option.

I strongly urge Councillors to explore ways of preventing rates increases over and above inflation by cutting back office and wasteful spending, reining in Council-Controlled Organisations, and reprioritising money spent on operations and staffing to capital and infrastructure investment.

This should include:

- A hiring freeze on all non-essential roles until an independent review has been taken to address concerns of overstaffing

and the salaries of council managers increasing much higher than those the private sector.

- Pausing expensive and unnecessary marketing exercises and so-called “traffic calming measures” (such as unnecessary speed humps) by Auckland Transport. This money should be used to fix roads and maintain transport infrastructure.
- Focusing on providing core council services such as effective waste management, public bins, and weekly rubbish collection.

I also call on the Council to get smarter about infrastructure investment. I support the Mayor's proposed “Future Fund” and the proposal to lease Auckland Port's operations to an expert external operator while keeping the Port's land in ratepayers' hands and ringfencing that money to invest in infrastructure so that rates and debt are kept down.

I endorse the submission of the Auckland Ratepayers' Alliance and back their vision of ‘Reasonable Rates, Sensible Spending

Resume the <b>Natural Environment Targeted Rate (NETR)</b> and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the <b>Water Quality Targeted Rate (WQTR)</b> and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the <b>Climate Action Transport Targeted Rate (CATTR)</b> to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the <b>Long Term Differential Strategy</b> which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce <b>recycling charges for schools.</b>	
Continue the planned roll out of <b>rates funded refuse collection</b> to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the <b>Franklin Local Board Paths Targeted Rate</b> of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.
