Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No we can't afford it

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cultural events, speed bumps, subsidies on Public transport

#7999

2. What do you think of the transport proposal?

I don't know

Tell us why:

I want good roading for private and commercial use, I want good public transport to enable folk to and from where they need to go in good time, I want useful & safe pedestrian and biking facilities. BUT AT has wasted so much of our money over the last decade , I don't trust then. Get rid of the waste that AT is. Fire 1/2 their managers and ALL their consultants.

2a. Is there anything you would spend more on?

Better roading maintenance

2b. Is there anything you would spend less on?

AT management and anything (ex MP) Michael Woods wife suggests or protests for.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Change the operational management

Tell us why:

It was a very good stadium that only got 1/2 built, the North Shore needs something like that.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#7999

It is an ok investment but earnings aren't great

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

While the council owns the company it will never make a descent return, the socialists see it as a service when it should be a highly profitable business.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

They are run down and currently used for cars and other storage

5b. What option do you prefer for Bledisloe Terminal?

#7999

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Bledisloe is largely reclaimed harbour on the basis of providing a Port., not a ***** wasteful stadium., shop or apartments. It is an integral part of the container port

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Support

#7999

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#7999

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

#7999

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	Climate issues are a Council & Central Government issue not the local board issue - don't waste our money on it. The local

#7999

Business Associations proposed BID expansion.

boards job is it's people facilities & to a lesser extent local events

Tell us why

First, we are not one community we are 2 largely unrelated communities, make 2 boards, one for Tamaki & 1 for Maungakiekie. Don't waste our money on dumb dreamed up projects

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

It needs it

Tell us why

8. Do you have any other comments?

Separate our 2 communities and have a board each. The Maungakiekie/Onehunga community isn't really associated with Tamaki. Why should we have influence over what happens to them and visa versa.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improved rail services.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

stop wasting money on roads and supporting sprawl.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

The governments plan will ruin Auckland and make it unsafe. Do not cancel things that make the city safer for all.

2a. Is there anything you would spend more on?

Pedestrian crossings and raised surfaces, bike facilities and public transport.

2b. Is there anything you would spend less on?

Cars.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It is under used and has been ruined in its current form. Rebuild it for cricket.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#8008

this plan is selling off a solid financial asset that will give the city more and more fiscal returns as time goes on.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#8008

Tell us why:

Modern cities do not have active ports at their heart anymore. Move PoA away from downtown making the CBD a more pleasant safe place to be.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#8008

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less Red Tape, wasting of time, and anal policies where one hand doesnt know what the other is doing. In otherwords you need to shape up like a real business would have to.

#8009

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

No cycleways. We have too many and people are NOT using them.

We need fast, regular public transport NETWORK and until we do, we need the DOWNTOWN CARPARK!!!!!!

2a. Is there anything you would spend more on?

keeping the DOWNTOWN CARPARK AS A FUTURE HUB

2b. Is there anything you would spend less on?

mucking around with Queen Street! LEAVE IT AS IT WAS FOR 100 YEARS.

PEOPLE CAN DRIVE DOWN THERE, AND PEDESTRIANS ARE SAFE- THE USUAL STREET AND BUS SYSTEM.

The other day, I went there, and was almost hit by a fast moving bus, speeding down the 'pull over lane' where bus stops normally are. Instead, in Q Street these slow lanes are now FAST SPEEDING BUS LANES!

Pedestrians do not expect that and can be drawn to the curb and almost hit by one.

The fast bus draws them in, as they are standing 10cm away!!

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Not on the Shore?

#8009

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Less rates increases

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#8009

Tell us why:

Seems a catch 22 . .

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Catch 22

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	Support

#8009

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I support further investment into a surface light rail rapid transit network starting with a route from the City Centre to Mt Roskill, and then further expansion to Onehunga, Māngere and other transport corridors such as the North-Western and Northern corridor. Any busway development along the North-Western corridor should be future-proofed for surface light rail upgrades. Consistent work over the last decade, reflected

#8036

in Auckland Transport's Auckland Rapid Transit Pathway 2023 report, has shown that to effectively address Auckland's congestion issues we cannot rely solely on a bus network. The busiest bus corridors in our city are already reaching capacity, and the long-term plan should reflect that reality.

As a regular public transport commuter between Onehunga and the city, I often experience slow and overcrowded bus trips.

I also support continued investment in safe cycleways across Auckland.

Finally, I support Auckland controlling its own transport priorities. An "Auckland Deal" provides the means for central government to support Auckland Council's priorities, rather than the other way around. A surface light rail network would provide opportunities for growth, development, and productivity in the city. I believe this should be included in the "Auckland Deal" with central government. I urge Auckland Council and the Mayor to make the development of a surface light rail network, starting with the City Centre to Mt Roskill line, a priority in such a deal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I do not fully support this plan as it does not include investment and commitment to a surface light rail rapid transit network. Any work on a busway in the North-Western corridor should be future proofed for surface light rail and there should be commitment to surface light rail along the City Centre to Mangere corridor, starting with a City Centre to Mt Roskill line. I worry without this we will not be able to address Auckland's congestion issues as projected growth in these corridors would require higher capacity transport modes such as surface light rail.

2a. Is there anything you would spend more on?

I want to see Auckland Council spending more to develop a surface light rail network, with a City Centre to Mt Roskill line constructed as a priority. There has been significant design work done by Auckland Transport and Waka Kotahi on surface light

#8036

rail pre-2019. Adopting these plans will allow any work to be fast tracked with only minor updates and improvements needed. From this stage I would support expansion of surface light rail, such as what is proposed in Auckland Transport's Auckland Rapid Transit Pathway 2023 report. The line should be expanded to Onehunga and Mangere, and eventually to other transport corridors such as the North-Western or Northern corridors, upgrading any busway infrastructure. Staging the development of the network in this way ensures it remains affordable for Aucklanders and is practical to build.

Congestion is a major issue in our city that costs Aucklanders time and money. It restricts our growth and potential. Consistent work done over the last decade has shown that we cannot only rely on our bus network in our busiest corridors in order to address our city's transport issues. Surface light rail provides a higher capacity solution that is affordable, deliverable, environmentally friendly, and will connect communities in Auckland. It provides a plethora of economic benefits that will create jobs and help businesses while improving our streetscapes to make our city a better place to live.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

It is important to retain the precinct for future generations. The north shore will grow immensely in the next 50 years so maintaining a stadium close to the population will be important.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#8036

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#8036

Utilising the space for residential and commercial development would provide for a much nicer environment.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>I don't know</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#8036

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Waitematā

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#8036

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#8036

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	

#8036

Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Strongly support as the Onehunga Business association has very positive impact on Onehunga.

Tell us why

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	I don't know
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	I don't know

#8036

Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	Fairly Important

Tell us why

7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

City and Local Development

I support a surface light rail network as it provides the opportunity to regenerate urban centres and enables development through a higher capacity transport system.

Environment and Regulation

#8036

I support a surface light rail network as it reduces transport emissions and pollution in Auckland, creating a cleaner city for all.

Economic and Cultural Development

I support a surface light rail network as it facilitates economic growth through an efficient and accessible transport system. This enables more people to reach businesses and commercial areas to support and grow Auckland's economy.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland council need to send more money into the upkeep of lower decile areas such as Tamaki. They need to make sure they are maintaining the roads by sending street sweepers regularly as well as keeping up with the garden maintenance in the area. It

#8056

is a mess everywhere and its not good enough nor is it equal as in the neighbouring suburbs still receive funding for this.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less money on silly projects and more money into maintaining the community ie keeping up with regular lawn mowing

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

Because they are making a mess if the roads and now alot of the new roads are dangerous. Council aren't keeping up with the maintenance of these new areas either. The gardens look atrocious in alot of areas and are a hub for rubbish.

2a. Is there anything you would spend more on?

Keeping the streets and shops clean. By doing this,, I believe it will stop storm water drains from over flowing & also adds value to the area. Community will feel proud to call it home

2b. Is there anything you would spend less on?

Widening foot paths & free community events

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Because it doesnt need to be re done , waste of money. Just needs repairs.

#8056

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Why change something thats already working. Just change the workers and get things done.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Gives other opportunities to manage it

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Because we dont need more funding cuts, the community need more funding.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Auckland is a right mess all over at the moment. Too many road works, not enough maintenance happening on buildings and park areas. Lower decile area being neglected

#8056

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #8056

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	The businesses in the Tamaki area need a revamp. The shops are in need of a good clean up. Water blast and paint and new signage to attract more people to the shops. We want to see a cap on how many vape shops and liquor stores are allowed to open. Local parks, streets and gardens need a major clean up. Anderson ave traffic calmers need to be removed as they are not being maintained by Auckland council.

Tell us why

I think its good, but they need to take into consideration the public feedback of the people in the area.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Yes, local board need to recognise and acknowledge the mess in the community. The streets need regular sweeping, over grown berms need attending to, traffic calmers

#8056

need to be removed, shops need a re vamp. More rubbish bins. Those are the main things in this area that I believe will help to uplift the mana in this community.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like Auckland council to use the money they already receive to actually deliver something other than waste removal. At the moment that's all that I see that I get for my money. Money is wasted on planting unwanted trees on sidewalks and putting bollards on roads that are not a problem. There is nothing I would pay more for because I do not trust the council to deliver.

#8075

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting money on planting trees in suburbs that make it difficult for residents to mow their berms (a service the council should be providing anyway) or on putting bollards on streets and start sorting out the public transport problems.

2. What do you think of the transport proposal?

I don't know

Tell us why:

So far, little to nothing has been delivered on public transport - fares go up and the service gets worse. I already pay to use the service, I'm not happy for even more to come out of my rates as well.

2a. Is there anything you would spend more on?

No because you won't deliver

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#8075

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#8084

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#8084

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

#8084

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#8084

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I support most priorities

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Fairly Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important

#8084

Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Very Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More cycleways

Climate action

Invest in vulnerable communities not just city centre

#8086

Get rid of invasive plants like Moth plants and woolly Nightshade. Protect native flora.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Road tolls at peak times will disproportionately affect lowest incomes.

Cycleways are needed for Auckland to be carbon friendly and to promote health and wellbeing.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#8086

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#8086

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	

#8086

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve the Onehunga waterfront

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce waste in council operations and staffing costs

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Will more efficient in the hands of a private entity

#8105

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

This is prime realestate, port if waste of space at this location

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Public benefit outweighs having a terminal at the center of the city

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

I don't know

#8105

increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know

#8105

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More promotion of cycle lanes, and alternative transport that keep communities closer together.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less roads would help to force a traffic reduction when alternatives exists.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

This goes against making public transport options more efficient overall.

2a. Is there anything you would spend more on?

Fuel, road tolls.

2b. Is there anything you would spend less on?

Bus tickets.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Doesn't see the need, lots of other existing assets can be used for the mentioned needs

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#8115

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation	
--	--

#8115

facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

#8115

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Not Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Fairly Important
Improve employment and economic opportunities through our local economic broker programme.	Fairly Important
Support community-led activations at our parks and facilities through our community grants.	unsure

Tell us why

unsure

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

no

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#8119

Support all of the proposal

Tell us why:

Good amount of effort going into buses, trains, ferries and cycleways.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

If the community has a use for it then it seems a shame to deny them that opportunity.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

I'm not familiar with investing shares so cannot comment on the transfer of AIAL shares but I like the idea of having an Auckland Future Fund.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

There is uncertainty about the care another organisation would take to ensure environmental damage of the harbour is minimised (Assuming that a council group operation considers the environment during their planning.)

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Ensure the long-term protection of council services

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Since there has been a lot of work that has gone into commercial bay and Britomart I believe it is a good idea to continue improving the area for the community.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#8119

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p>Support</p>

#8119

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I strongly support resuming the Natural Environment Targeted Rate (NETR) as it is important for improving the quality of our land and allows initiatives like the Kokako Management Area to continue to run. I would also support adjusting the NETR to match inflation as to not see areas in which we have been investing in (through funding, volunteer hours etc) having reduced support over the next 10 years and having all that hard work and progress that has been made go to waste.

Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Franklin, Maungakiekie-Tāmaki

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers	Fairly Important
---	------------------

#8119

for those who might struggle to connect with council or others in the community.	
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Fairly Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Fairly Important
Working with the community on activations in the Mt Albert Civic Square.	Fairly Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

Tell us why

Awesome to see the amount of support for environmental work being planned.

7c. What do you think of the Albert-Eden proposed priorities for the 10-year budget 2024-2034?

I support the environmental and infrastructure work especially plans for storm water management and public transport advocacy.

Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

#8119

I support all priorities

More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Fairly Important
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	Very Important
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	Fairly Important
Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-owned facility leases, including leasing charges.	Fairly Important
Find ways to reduce Franklin's maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Fairly Important
Progress the development and delivery of the Franklin Paths Programme.	Very Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Fairly Important

#8119

Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.

Fairly Important

Tell us why

Great initiative to invest in Franklin paths to ensure safe walking/cycling places around the area.

7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?

Strongly support the development of paths and cycleways in the area.

Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Not from the Franklin area

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.

#8119

Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

#8119

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Being in an industrial area we need to ensure that we are doing our best to minimise harm to the existing natural resources.

Tell us why

I support the development of mixed-use spaces, infrastructure upgrades and investment in Manukau Harbour and Tāmaki Estuary. I am disappointed at the lack of

environmental work proposed as we have many parks, streams and lagoons in the area.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I am not familiar with the programme.

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycleways allow us more options to be connected with the city. Continue funding for the cycleways so that there is less reliance on cars.

2a. Is there anything you would spend more on?

Easy, reliable and fast public transport, cycleways.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't live on the North Shore so I'm not fully aware of its needs.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Upgrade and ensure the service of our water and electricity supply

Instead of spending money slowing people down on roads return speed limits to what they used to be and invest in educating people that roads are for vehicles, not people. When I was a child (70's) we learned to respect roads and traffic. Today, the slower the traffic the less regard people seem to have for using and taking care around roads

#8122

(because of how slow vehicles seem to be going). Educate people, don't waste money on road humps.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop wasting money on underutilised public transport and spending money to slow people down on roads.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Congestion issues could easily be greatly reduced by promoting the use of motorbikes. If 1 in 10 car drivers started using a motorbike we wouldn't need to spend billions on public transport and congestion would be greatly reduced. You can fit 6 or more motorbikes in the space of a car... like in the 70/80's, when people used motorbikes for travel more commonly people respected them. Promote the value to other road users (less congestion and time lost) and they will want more motorbikes on the road. Make motorbike rego low or even free and this would happen. Offset that by raising car regos a bit to offset it. Everyone benefits.

2a. Is there anything you would spend more on?

Promote the use of motorbikes and justify it by applying the above logic.

2b. Is there anything you would spend less on?

Anything on public transport and further slowing down traffic.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

n/a

#8122

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Chances are this would end up being put into things that are unnecessary

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I do not support the Auckland future fund as this point in time.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I do not support the Auckland future fund as this point in time.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

n/a

#8122

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#8122

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#8122

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Not Important

#8122

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#8175

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

We must move away from fossil fuels and support active modes, and public transport and efficient networks, however at an affordable price for ratepayers.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The stadium land is a good opportunity for other options that may be more utilised by a range of people/groups, eg community, local sports, and if it can be used for higher density housing that could be beneficial.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

The proposed fund can help the region with costs associated with climate change, which will likely be high and it's a long-term strategy for investment, rather than short term, which is important.

#8175

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

This is a long-term option that benefits council and Aucklanders, and also retains flexibility over the land rather than be in a long-term lease.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Better long-term thinking

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Auckland's waterfront is not as well used as it could be, so anything in that area that can be used for public benefit is something I'd like to support.

5b. What option do you prefer for Bledisloe Terminal?

#8175

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

As above - i like the idea of those areas not being missed out on by Aucklanders and visitors

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>

#8175

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I fully support any rates that go towards protecting and enhancing our environment, improving water quality and preparing for climate risk.

I would not want to see any disincentive however for schools to not recycle anymore, or to put schools in a worse financial situation than currently.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

#8175

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

#8175

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and	Fairly Important

#8175

<p>Songbird programmes (community pest control and biodiversity initiative).</p>	
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	<p>Community groups and events are a key part of building a thriving place to live and to connect people together, which is vital in a sometimes disconnected world - especially when we need each other more than ever in times of crisis, like flood events.</p> <p>I would like to see support for environmental action in pest control too, though it's not listed as a priority, I would like the board to support any community groups with an environmental focus, with worthwhile proposals and projects.</p>

Tell us why

I like the support for community groups, social enterprise and waterways/water quality however I'd like to see more specific priorities around other environmental action (climate change/pest control/restoration).

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

This will allow the OBA to represent more of the businesses in the area, and promote economic growth. i think the BID is more representative of the businesses in the area, which include manufacturing/industry, e tc

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Prepared to pay more for road infrastructure and a second harbour crossing including rail. Not ridiculous cycleway monstrosities and raised speed bumps. Have you considered the risks to life these speed control measures have on emergency services unable to respond quickly enough. So short sighted.

#8183

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes, cycle ways, speed bumps, in fact pretty much anything Auckland Transport touches!

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Common sense needs to prevail. We have destroyed the soul of the city, making it less attractive to get in. We need to do more with our dollars, not wasted on low value, unnecessary traffic management where common sense and driver intelligence should be used.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Cycleways

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#8226

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#8226

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Support</p>

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

RATES: Wayne Brown - you said there will NOT be a rates increase. Still, you increased rates last year and you are again proposing to do the same this year and as per usual you will proceed regardless of the outcome of the public feedback.

From my understanding, rates collected are to be used for all Aucklanders by the way of .rubbish collections, organising and facilitating events, improving public transport, maintaining parks, running libraries and other community facilities.

#8270

You are proposing to cut down to fortnightly collections, I can't remember the last time I saw the roadside curb cleaning (probably why our drains let us down during the floods), we are expected to maintain "council" berms. I do not recall any deductions in rates for these services we no longer receive. And now, you want us to do your recycling for you and separating bottle tops etc. I'm all for sustainability but why are "we" having to do all this. You have more than enough staff.

So, getting back to rates. All Aucklanders benefit from the service that the rates contribute to that property owners pay.

I would like you to consider (you could be the 1st to do this) - having "ALL" Auckland taxpayers contribute rates. That would be a fairer system. As an example someone owns a property and lives on their own and pay full rates. The property next door may be rented and is occupied by say 4 people who are tenants. They do "not" contribute to any of the above mentioned services but use them.all the same.

Make no mistake but there would only be a very small minority of landlords whose rent covers the rates. But for the majority of landlords who scraped and saved for a 2nd home the rent they collect would barely cover the mortgage and insurances let alone the rates. They often will be topping up their mortgage and paying their rates from their savings. Therefore I would like to see "all" Auckland taxpayers contribute their share of rates. That would ease the financial burden on home owners and be a far fairer system.

I almost 99% sure you will not read this but I hope you do.

Thankyou

Long-term Plan 2024-2034

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve train network. Train from Avondale to Onehunga, and Airport to central isthmus. Investment in pedestrian and cycling networks (so much cheaper than roading maintenance).

Low daily fare caps for bus and train.

#8283

Add bike racks on rail replacement buses so when there are disruptions to the network bike-train commuters aren't stranded.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

slight increase in parking for parking lots and buildings, and extend the onstreet parking hours (blows my mind that onstreet parking is free in Ponsonby Rd after 6pm on a Friday night. People are prepared to pay).

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Support the capped fares and parts of the RTN.

Do not support reduced cycleway and patheway expenditure. These projects have the biggest wider impact on the transport network and delaying them compounds the costs for the inevitable cost down the road.

Too much focus on roading. Cancel road projects, implement cycle and walking networks and you'll save loads more money.

2a. Is there anything you would spend more on?

Cycling and pedestrian routes, especially around schools, shopping areas and transport hubs: even small ways such as updating some footpaths to shared pathways.

2b. Is there anything you would spend less on?

Road widening

Dynamic lanes

Any addition of lanes to roads: more lanes will mean more traffic and more congestion (there's a 1:1 correlation between lane-building and congestion increase! It's actually counterproductive to widen roads for cars).

#8283

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Provide better transport options to the stadium. Repurpose some of the parking areas around to better suit the needs of the community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Auckland airport is the city's most important asset for visitors to the city. To lose control of it is shortsighted- it will never not be important to the city and should remain in the people's (Council's) hands

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

Unsure which is best for Auckland's long term needs. It is valuable land.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council needs the money

#8283

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Really concerned on the shift to rely more on road and rail. What would that look like?
Where are the increased frequency of trucks and trains going to fit?

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Please think of net zero usage of rates, generate as much as you spend to have the basic necessity.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Revamp your administration and make it effective not merely by hierarchy and practicing kakistocracy

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Less Cone(forest) at night without warning. Better competency in traffic management for roadwork. Much time loss in commuting. (day or night)

2a. Is there anything you would spend more on?

Airport CBD link by rail with appropriate cost benefit analysis before starting

2b. Is there anything you would spend less on?

Lorries should be in the CBD and town area unless really necessary. Restriction on their moving hours. Hence less congestions. Coordinated repair of services where roadwork is necessary hence potential to spend less.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

Let it mature gracefully

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#8292

Tell us why:

Auckland council is not a corporate entity. It takes care of the people via per diem service by councilors who volunteer to service.. Rates are paid for those purposes not looking after a wider Auckland. Please regenerate Auckland to an Optimum entity

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Business has its risk and benefits. Is this Councils Duty? Do not think that elected reps are Business wizards. That's not their requirement anyway. Just do your job as elected reps. and not as otherwise.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

What is the need for an AUCKLAND FUTURE FUND. Pay Insurance to cover its Future.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Just do not mess up Auckland's future

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

#8292

Tell us why:

Reading between the lines, best not to change

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

How does transferring Bledisloe Terminal benefit Aucklanders. What type of public benefits can future (some kakistocratic ones)councilors benefit Aucklanders?

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#8292

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Remember the ripple effect in any decision the Council makes. Target should be towards a sustainable rate for payers and sustainable service for Council to decide

Local board priorities

7a. Which local board area does your feedback relate to?

#8292

8. Do you have any other comments?

Have a Policy to downsize(where appropriate) all council Controlled Organizations, not just the Accountability Policy

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Ferries

Light Rail

Busses

2b. Is there anything you would spend less on?

New roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#8294

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

It sounds like this is a lower overhead option that would deliver better benefit over the long term. But this is a seriously in deep question for public consultation - there can't be many respondents that are qualified or experienced enough to make this call.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#8294

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#8294

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

#8294

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#8294

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Review current Council salaries, streamline costs, reduce spending on things that don't add value to the city. Clean up the city. It is dirty.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8435

Look at spend - Footpaths, trees, concrete. The Council spend for example on crossings a ridiculous amount that a local painter could do. Invest in the people and communities. Stop spending with Beca, Fletchers etc. Help the small companies. Budget better. Invest better.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Just get on with it - taking too long to do projects puts costs up! Auckland should be embarrassed as a city how poor its public transport and roads are.

2a. Is there anything you would spend more on?

Bring in overseas labour from Asia and just get infrastructure built!

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Reduce costs!

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#8435

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

POAL is currently producing an impressive dividend to Council. No need to lease out Port Operations. The current Management seems to be showing a huge return on this investment.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Need to create an atmosphere for cruise liners and tourists. Beautify the area!

5b. What option do you prefer for Bledisloe Terminal?

#8435

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Finish what has been started to create a joined up cycle and walking network. The existing cycle ways that are used most heavily are the safe ones. If you have to risk your life by joining in with the vehicle traffic many people will not use the disconnected bits.

#8503

The reduced speeds and raised tables to slow traffic make it safer for everyone who is NOT in a car/truck etc. Keep doing this. There's no way someones life should be traded off against travel time especially as travel time is impacted far more by the volume of traffic. Surely it is better to improve travel time by improving non-car options for those able to use them - public transport, micro transport, cycleways

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

As I said above, a joined up cycle network should be built. They are not actually "gold-plated" when a road is being built/rebuilt and underground services are being renewed as part of road maintenance etc. The actual cost of the cycleway is a small proportion of the overall cost reported.

There is also a myth about the cost of raised pedestrian crossings. The huge cost (\$300,000) reported is not the general cost of these traffic calming measures - a correction was published in the Herald that they are usually \$21,000 - \$30,000

They really aren't a problem to drive over - just drive a suitable speed for them and don't speed up and brake all the time

2a. Is there anything you would spend more on?

The "Road to Zero" program. Why on Earth is it acceptable for people to die or be seriously injured so cars can get to destinations 5 minutes faster??

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

#8503

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Having the operation leased out makes it impossible to move the port. The port is now being run much better and is making more money for us.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A mix of the two options

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#8503

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Ensuring water availability by maintaining water systems

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8521

Sell Auckland golf courses as the leases expire. Introduce congestion taxes for roads including heavy vehicles. Restrict access to congested roads for heavy vehicle during rush hours

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Raised pedestrian crossings are a scandalous waste of money

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Expensive pedestrian crossings

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Sell stadium to free up land as stadium is underutilised

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Important to have a stake in airport ownership

#8521

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Reduce rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

The Auckland Council's long-term plan presents a facade of choices, yet in reality, it fails to acknowledge the diverse voices and aspirations within our community. Our recent korero on the 21st of March highlighted our commitment to empowering wāhine and ensuring their voices are heard in decision-making processes. However, this

#8523

proposal overlooks our values and perspectives, offering a one-size-fits-all solution without genuine consultation with tangata whenua.

The proposed options, labelled as "Less," "Central," or "More," fail to capture the nuances of our community's needs and desires. They present predetermined pathways without considering alternative approaches that align with our aspirations for a thriving Tāmaki Makaurau. As tangata whenua, we deserve to be at the heart of decision-making, guiding the direction of our city towards a future that reflects our values and aspirations.

It's evident that this consultation process falls short of meaningful engagement, limiting our ability to contribute to the conversation and shape the decisions that affect us. We urge the Auckland Council to recognise our voices, engage in genuine dialogue, and co-create solutions that honour our identity and aspirations as tangata whenua.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

In considering potential areas for cost reduction by Auckland Council, it's essential to maintain a critical perspective, particularly regarding equity and the well-being of already struggling communities. While reducing expenditure may seem straightforward, we must proceed with caution to avoid exacerbating existing inequalities.

When we think of "Wāhine Māori," we envision strong, resilient women who drive community initiatives despite limited resources. However, they often feel excluded from decision-making processes and face discrimination in their interactions with government agencies. Any reduction in services must be carefully evaluated to avoid disproportionately affecting vulnerable communities, including Wāhine Māori and other marginalised groups.

Cutting essential services could deepen existing socio-economic disparities and compromise residents' quality of life, particularly for those already facing significant challenges. It's crucial to consider the potential impact on these communities and prioritise their well-being in any decision-making process.

Moreover, trimming services without considering long-term implications could have far-reaching consequences for equity and social justice. Auckland Council must strive to uphold principles of fairness and justice, ensuring that cost-saving measures do not disproportionately burden those who are already struggling.

Instead of solely focusing on reducing costs, the council should explore alternative strategies for financial management that prioritise equity and support for vulnerable communities. This may involve targeted investments in social services, infrastructure,

#8523

and community development initiatives aimed at addressing underlying disparities and promoting inclusive growth.

Ultimately, achieving a balance between fiscal responsibility and the well-being of all residents requires careful consideration of equity and social justice concerns.

Transparent decision-making processes and genuine engagement with affected communities are essential to ensure that cost-saving measures do not come at the expense of those who are most vulnerable.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

The transport proposal by Auckland Council faces significant challenges, particularly with the cancellation of the regional fuel tax (RFT), leading to a reduction in funding for transport projects. While the proposal outlines investments in public transport enhancements and network optimisation, it lacks clarity on addressing the funding gap caused by the RFT cancellation. Additionally, Wāhine Māori are advocating for meaningful participation and partnership in decision-making processes, emphasising the need for quality services led by and for Wāhine. They call for investment in initiatives that capture their voices and representation at the local government level, including funding for wānanga and establishing new multi-year partnerships with community organisations focusing on hauora, parenting, and economic development for Wāhine Māori. True partnership with Wāhine Māori requires actionable steps towards inclusive decision-making and sustainable solutions for our communities. This holistic approach is crucial for addressing the challenges faced by Māori communities, ensuring that sustainable living initiatives are tailored to their specific needs and priorities.

2a. Is there anything you would spend more on?

The responses from our wahine highlight key areas where increased investment could lead to the realisation of their ideal Tamaki Makaurau. They envision a city that feels warm, welcoming, and peaceful, where families can enjoy life without financial stress. This vision includes safe spaces for all, acknowledging the mana of mothers in raising future leaders, and ensuring access to fresh, locally sourced food.

#8523

Transportation is not seen as an isolated issue but rather from a Te Ao viewpoint, intertwined with broader community well-being and cultural values. Investment in community gardens, initiatives to reduce food and fuel costs, and support for cultural revitalisation programmes are essential components of this vision. Furthermore, their ideal city is one where Te Reo Māori thrives, where cultural practices and traditions are celebrated, and where Maori representation is vibrant and alive.

To achieve this vision, increased funding is needed for initiatives that support hauora, wānanga, and kaupapa that uplift and empower Mana Wahine. Additionally, investment in cultural programmes, language revitalisation efforts, and community-led initiatives will contribute to creating a city that reflects the aspirations and values of its diverse communities. By viewing transportation through a holistic lens that considers cultural, social, and environmental factors, Auckland can move towards a more inclusive and sustainable future that aligns with the aspirations of its wahine.

2b. Is there anything you would spend less on?

Our wahine have highlighted areas where spending could be reduced to make way for more impactful and sustainable investments. They call for less spending on bureaucracy and unsustainable practices, advocating for a shift towards more efficient and equitable allocation of resources.

Reducing bureaucracy can streamline processes and free up resources for initiatives that directly benefit communities, such as supporting local businesses, cultural programmes, and environmental conservation efforts. Additionally, cutting down on unsustainable practices, such as excessive consumption of resources and reliance on fossil fuels, is crucial for creating a more sustainable future for Tamaki Makaurau.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

The options presented for the North Harbour Stadium seem to disproportionately benefit a select few, primarily those with privilege and access to sporting events. It's troubling to see such a significant expense being considered without adequate exploration of alternative options that could have a broader impact on the whole community.

#8523

The consultation process appears limited and fails to consider alternative approaches that could better serve the diverse needs of the community. There is a missed opportunity to engage with residents in a meaningful way and explore innovative solutions that address broader issues towards economic development for Wāhine Māori.

Our wahine are calling for bold and audacious investments that prioritise collaboration and innovation. Co-creating opportunities through wānanga and kaupapa-driven initiatives can capture the voices of Wāhine Māori and ensure their representation at the local government level. Establishing new funding relationships with community partners focused on economic development will lead to more equitable outcomes for all residents of Tamaki Makaurau. It's time to rethink how we allocate resources and ensure that investments benefit the entire community, not just a privileged few.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

The proposal to establish an Auckland Future Fund and sell Auckland Council's shareholding in Auckland International Airport Limited (AIAL) raises concerns. While aiming to protect major investments and address environmental challenges, selling AIAL shares may prioritize short-term gains over long-term interests. The fund's management by professional managers could reduce transparency and accountability. It's crucial to ensure the fund's objectives align with Auckland residents' interests and safeguard public assets.

Moreover, it's essential to consider the aspirations of Tangata whenua in the decision-making process regarding the airport. Genuine partnership with Wāhine Māori is crucial to ensure their voices are heard and honoured. This involves engaging with them through funded wānanga and surveys to gather their input and address their concerns, such as equitable development and community well-being, to foster true collaboration and benefit all residents.

4b. Which option do you prefer for the future of Port of Auckland?

Other

#8523

Tell us here:

For the future of the Port of Auckland, it's imperative to consider a collaborative approach that includes management alongside the local iwi. This entails Auckland Council retaining underlying ownership of the port land and wharves while entering into a lease for port operations, subject to conditions that align with the council's ownership objectives for the port.

By engaging with the local iwi, we can ensure that the port's operations are conducted in a manner that respects and reflects the cultural and environmental values of the region. This collaborative model not only acknowledges the historical significance of the land but also fosters a sense of partnership and shared stewardship.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

If the council group continues to operate the Port of Auckland, we would prefer the profits and dividends to be used to invest in the aspirations of Wahine Māori for a thriving Auckland for all of us. This includes directing funds towards initiatives that promote community well-being, sustainable development, and equitable access to resources and opportunities. Investments could be made in areas such as infrastructure development, environmental conservation, affordable housing, public transportation, education, and healthcare, ensuring that the benefits of port operations are shared across the diverse communities of Auckland. By prioritising investments that support the collective aspirations of Wahine Māori and all Aucklanders, we can work towards creating a city where everyone can prosper and thrive.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

We believe it's crucial to ensure that the implementation of these measures aligns with the long-term interests and aspirations of Auckland residents, including Wahine Māori.

#8523

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

For Captain Cook and Marsden wharves, we prefer the option that involves managing them alongside the local iwi and from a Te Ao perspective, ensuring sustainable ports. Additionally, we advocate for renaming them to Te Reo Māori names to honour the cultur

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #8523

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Other
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Other

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

we have some additional feedback. Firstly, reintroducing recycling charges to schools could potentially create a financial burden for educational institutions and may hinder efforts to promote sustainability and environmental consciousness among students. Schools play a crucial role in shaping the attitudes and behaviours of future generations towards recycling and waste management, and imposing charges could hinder these efforts.

#8523

Furthermore, the proposal to implement rates-funded refuse collection raises concerns about equity and affordability, particularly for households on lower incomes. It's essential to ensure that any changes to rates and fees consider the financial circumstances of all residents and strive to maintain accessibility to essential services such as waste collection.

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Yes, we have additional comments regarding the consultation process and policies outlined in the document:

Accessibility of Submission Process: The submission process should be made more accessible and user-friendly to encourage broader community participation. Simplifying the process and providing clear guidance would enable more individuals to contribute their insights and opinions effectively.

Enhanced Community Engagement: There is a need for more creative and inclusive methods to engage with the community. It's essential to explore diverse avenues such as community workshops, online forums, and interactive sessions to ensure that all members of the community, including youth, elderly, Maori, Pasifika, and others, have

#8523

a genuine opportunity to voice their perspectives and contribute to decision-making processes.

Inclusivity and Representation: Efforts should be made to ensure that the voices of all community members are heard and represented adequately. This includes actively seeking input from marginalized groups, prioritising diversity, and fostering an inclusive environment where everyone feels valued and empowered to participate.

Transparency and Accountability: Policies such as the Local Board Funding Policy and Council Controlled Organisation Accountability Policy should prioritise transparency and accountability in decision-making processes. Clear guidelines and mechanisms for oversight should be established to ensure that public funds are allocated and managed effectively and responsibly.

Overall, by enhancing accessibility, promoting inclusivity, and prioritising transparency, the consultation process can become more robust and reflective of the diverse needs and aspirations of the communities it serves.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Sorting out the harbour quality of water.
- Putting in a new road to get around the dome valley
- Cleaning roads - ie road gutters to avoid flooding and look cleaner, enforcing berms being cut or getting someone to cut them again

#8607

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

- Funding events - do less and do those ones well - they need to be self funding or bring decent money into Auckland
- Nice to have community initiatives, studies, bakeoffs and things not relevant to council (should be focused on Roads, Water, Rubbish and Parks)
- Food scraps bins - this is just virtue signalling and a waste of money

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

There has been too much wastage on things like overcooked cycleways, reducing speed limits, offsetting traffic lights to cause jams to stop people driving through town and raised pedestrian crossings - all these initiatives have ignored the city's roading issues and brought the city to a grinding halt. The traffic management has become an absolute joke with cones scattered everywhere and stop goes in place for months for no reason. We need to move into thinking about doing it right the first time, instead of throwing some stones on the road and hoping for the best. We need to focus on an effective fast road network and public transport. It has been really good to see the electrification of private cars, buses and trains.

2a. Is there anything you would spend more on?

Road maintenance and street maintenance - ie sweeps, drain clears, weeds etc

2b. Is there anything you would spend less on?

Bike lanes (if its a new road and can be built into it at a small cost then great)

Raised pedestrian crossings

Traffic management - this needs to be optimised to be more effective

Anything that slows the traffic flow

#8607

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

We need to be using the facility more and its not working as it is so how can it be turned into a space that is used a lot without pouring more money into it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

We can't control the airport with our shares so it more sensible to diversify the fund.

I think the idea of the Future Fund is genius and will reduce our ongoing insurance costs and put us in a much better place in the future.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

I think its a chance to get a more efficiently run port, my only concern is how it could affect the cost of bringing in goods if this is a monopoly, but keen to see how this could work more. I would also be open to it moving to Whangarei / expanding that port and reducing the footprint of the Auckland port.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#8607

Invest in the proposed Auckland Future Fund

Tell us here:

We need to set the city up to prosper

I also don't think e should reduce the rates if we sell the lease, get the future fund up and going with as much of a cash injection as possible.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I would love to see a thriving waterfront area - something that makes our city amazing to visit and live in.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

I think we should be downscaling the port and moving some operation to Whangarei and make the most of this premium space.

6a. What do you think of these proposals?

#8607

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>

#8607

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#8607

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

#8607

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	We should focus on things that will impact more of the community so spending time on the environment improvements (like the waterways, playgrounds etc) and our community business success should be the focus for the board. Not running small community events (if the event is worthwhile it should fund itself with commercial sponsorship). Youth climate leaders should be done in schools not council led.

#8607

Tell us why

Honestly, really disappointing, there is nothing to get exciting about in there and it is all lofty and unmeasurable 'priorities'. I want to see targets and actual goals. Where is the one special project that will have a big impact on the community?

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I see the impact of the Onehunga Business Association and would like to see what they could do with more resource. It's very active in the Onehunga News (which I love too).

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Environment and regulation to protect our natural environment. More focus on sustainable public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8728

Less support for large festivals which can be funded by the organisations themselves vs taxpayers

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

making public transport faster, more reliable and easier to use by investing in rapid transit network actions, such as making it easier to pay and introducing capped weekly public transport passes

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#8728

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Repurpose the land into a proper waterfront - having the port there is a huge waste of premium land and views and spaces.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#8728

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#8729

Do not support most of the proposal

Tell us why:

Have seen many of these projects. look at the panmure intersection near train station. Ask the road user and get a feedback. lot of them will give unhappy reviews. Those Bus lanes and cameras as well as the spend on these assets, if a visitor comes and drives on these roads, they will end up paying lot of fines. Lanes are so confusing in many areas

2a. Is there anything you would spend more on?

definitely on improved communication., Trains , even elctronic displays at sylvia park are removed.

2b. Is there anything you would spend less on?

bus lanes

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

logistics is always a problem to go over northshore bridge. we need a better stadium near viaduct. are we using all the stadiums effectively? look at Mt Smart stadium. every time any event happens, see lot of people walking long distances. even the train is not very close ., its 850 m. when late night after the event ends, 850m is long distance, if its raining or windy. At least Mt Eden is better in that, bit close to the train station.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#8729

Tell us why:

AECT, the consumer trust gives around 300 dollar to all the customers. AIAL provides good amount of dividend. Also, gives a seat hopefully as a director, so that council can steer the planning, and development of that area.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

isn't 35 years a long term.? That means it will come for renewal in 2059.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Future fund as an idea is good, Need more info on governance model. Future fund should be integral to council,, not a seperate entity. Rate payer should have a say on it every year. Future fund should go with small stakes and show some returns before trying to take ownership of AIAL or POAL

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#8729

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

15 years to realize benefits, that itself doesn't sound good to me. May be , because I'm novice in economics

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.	Support

#8729

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8734

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Traffic management, for night works

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#8734

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

As a group of young Maori , we strongly believe that Auckland Council should focus more on addressing the pressing concerns and aspirations of our generation, even if it means paying more. Here's what we think Auckland Council should prioritise:

#8756

Youth Participation: We want to have a say in decisions that affect our future. Auckland Council should include us in decision-making processes and make it easier for young people to vote. Our voices matter, and we want to be heard.

Diversity and Inclusion: Auckland should celebrate our diverse cultures and identities. We need initiatives that reflect who we are and what we care about. Maori and Pacific youth should feel valued and included in the city's plans.

Te Reo Maori: Our language is part of our identity. Auckland Council should do more to promote Te Reo Maori in everyday life, like using Maori names for places and events. It's important for everyone to learn and respect our language.

Youth Opportunities: We need support to succeed. Auckland Council should invest in programs that help young people, like education, job training, and leadership opportunities. We want to reach our full potential and contribute to our communities.

Climate Change: We care about our environment. Auckland Council should take action to fight climate change and protect our planet for future generations. We need sustainable solutions that will make Auckland a better place to live.

In short, Auckland Council needs to listen to young people, celebrate our diversity, promote Te Reo Maori, invest in our future, and protect the environment. These changes will help create a city where all young people can thrive and make a difference.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

We, as young people, envision Auckland as an appealing, vibrant, affordable, and safe city for everyone. To achieve this, we urge Auckland Council to reassess its priorities and consider doing less of certain activities in order to lower costs. Here's how:

Streamline Bureaucracy: Simplify bureaucratic processes to make it easier for young people to engage with the council and participate in decision-making. Reducing administrative hurdles can save resources and make the city more accessible to all.

Cut Unnecessary Expenditure: Identify and eliminate unnecessary spending that does not directly contribute to making Auckland a better place for its residents, particularly its youth. This could involve reevaluating large-scale projects that may not align with the city's long-term goals.

Reduce Red Tape for Affordable Housing: Ease regulations and bureaucratic barriers for affordable housing initiatives, allowing more young people to find suitable and affordable accommodation. Affordable housing is essential for creating a city that is inclusive and accessible to all.

#8756

Invest in Youth-Centric Programs: Redirect funds from less impactful areas towards youth-centric programs and initiatives that address the specific needs and aspirations of young people. This could include youth employment schemes, recreational activities, and mental health support services.

Enhance Safety Measures: Allocate resources towards improving safety measures in public spaces frequented by young people, such as parks, recreational areas, and public transport hubs. Creating a safe environment is crucial for attracting and retaining youth in the city.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Young people in Auckland need transport that's reliable and doesn't cost too much. We want buses and trains to be there when we need them, and we want them to be cheap enough for everyone to use. But it's not just about transport. We have other needs too. We want help for families who don't have much money, so they can get better jobs and do better at school. We also need better internet and computers at home so we can do our schoolwork properly.

We want to have a say in what happens in our city. We want Auckland to be a place where our Maori culture is respected, and we can all speak our language. We want to come up with ideas to fix problems in our community, and we want people to listen to us when we talk about making things better.

We also think it's important for all kids to have lunch at school, so no one goes hungry. And we want more chances to be leaders and show what we can do. If Auckland listens to us and helps us, we can make our city even better for everyone.

2a. Is there anything you would spend more on?

Young Maori rangatahi want to participate more in decision-making processes, especially regarding transport, which is crucial for us. The current format makes it challenging for us to engage effectively. The questions seem predetermined, leaving little room for our input. We want a more inclusive process that allows us to share our perspectives and ideas in a way that is accessible and meaningful to us. This would help ensure that the decisions made truly reflect the needs and aspirations of young

#8756

Maori in our communities, particularly in ensuring sustainable and accessible transport options.

2b. Is there anything you would spend less on?

We think Auckland Council should spend less on things that aren't super important and use that money to make the city fairer and more inclusive, especially when it comes to getting around. Lots of us young people, especially Maori, struggle to find jobs if we can't afford our own transport. So instead of spending money on stuff we don't really need, let's put it into making transport easier and cheaper for everyone. That way, we can all have a fair chance at getting ahead.

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

We don't feel connected to the North Harbour Stadium area, and we'd like to understand more about why it's necessary to spend such a large amount of money on a single project that seems to mainly benefit a privileged few.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

We think it's important for us to be involved in deciding whether to set up the Auckland Future Fund and move Auckland Council's shares in Auckland International Airport Limited (AIAL) into it. This decision could have a big impact on how money is used in Auckland for years to come. Selling shares in something as important as the airport could affect how much money the city has and what gets funded. We believe we should have a say because we're the ones who will be living in Auckland in the future. So, we should be part of making decisions that affect us.

#8756

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

We, as young Maori, feel strongly about the future of the Port of Auckland. It's not just about today; it's about the years to come. We want our voices heard because decisions made now will impact us later. We think it's a good idea for Auckland Council and iwi to manage the port together. This way, we can make sure our interests are looked after, especially our connection to the ocean and the food it provides. Working together, we can create a better future for everyone.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

We, as young Maori, want the profits and dividends from the operation of the Port of Auckland to be directed towards creating thriving futures for us and future generations. We seek Maori youth-led input in determining how these funds are utilised, ensuring that our voices and aspirations are central to decision-making processes. This approach will help us shape a future that reflects our values, priorities, and needs.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

We, the Maori youth, think that decisions about self-insurance, setting up the Future Fund, and any changes to how the council owns the Port of Auckland should be led by iwi. It's important to include indigenous voices in these talks to make sure the results match what Maori communities want. If we let iwi lead the way, we can make decisions that work for everyone and respect Maori culture and values.

#8756

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

As per our korero on the 21st of March, We think renaming Captain Cook and Marsden wharves with Te Reo Maori names is important. It's about respecting our Maori heritage and culture, which means a lot to us. Recognising Te Reo Maori isn't just about words

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

We want iwi lead decisions.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

We find the current submission process quite overwhelming and challenging to complete. It would be more helpful to have a simpler format, maybe presented in a table, where we can clearly see the options and understand them better. Additionally, face-to-face conversations, agreements, and wananga, would be more effective in involving us and making us feel heard. This current format feels like a tokenistic way to involve us, and we want to be genuinely engaged in decisions that affect our future.

Tell us why

The Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034 seem to be in line with what our communities need. However, we'd love to see more involvement of young rangatahi in the local board decision-making process. It's important to hav

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

We've mentioned before that this format is quite disengaging, especially for young people who may not have easy access to this information. It's crucial for the process to be inclusive so that all voices, including those of young people, can be heard and

#8756

considered. If the consultation lacks inclusion, it may not accurately reflect the needs and perspectives of our diverse community.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#8764

Support most of the proposal

Tell us why:

I mostly agree with stopping the bike lanes and raised ramps. I live in Glen Innes - we are trapped and it feels dangerous. Hardly anyone is using the lanes. We now can't park near the station when we used to take the train. Bus routes have changed so we can't get down to Mission Bay/St Heliers. It takes two buses, which don't connect well to get to work (Newmarket). Have given up on public transport when I used it for years. It has got worse. I now get up in the dark to miss the traffic. The changes over the last few years and decreased lifestyle in Auckland.

New Tamaki Drive Road does seem to work with bikers using it to commute.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Long term the airport it is probably a good investment

#8764

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We'd need to see what is being built there before seeing it change hands. ie no ugly buildings

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#8764

Traffic is bad enough due to container trucks

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide	

#8764

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Just make sure it's spent effectively

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#8791

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

STOP these raised intersections, and traffic claiming bumps. If you want to slow this down just put cameras up

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#8791

Tell us here:

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field	

#8791

network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important

#8791

Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Yes

#8969

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

The cycleways in my area are under utilized and not well thought out. Cyclists still choose to use road instead of cycle lanes.

2a. Is there anything you would spend more on?

broken yellow lines to deter parking too close to street entrances thereby reducing street parking congestion and smoother traffic movement.

2b. Is there anything you would spend less on?

Cycle lanes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

An essential event centre for the North Harbour community. Targetted tidy up required. Has been poor asset care and management.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Just sell it

#8969

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Makes practical sense

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Should be able to split the profits and dividends to achieve both funding council services and invest in the proposed Auckland Future Fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Working ok at the moment

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#8969

Tell us why:

Not confident that the council can effectively manage this assets for public benefit

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #8969

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

no

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#8969

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

#8969

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	The local board has failed to uphold previous commitments to community eg. Panmure sign which has remained unresolved despite promises to do

#8969

Business Associations proposed BID expansion.

otherwise. Further, the local board has not completed sufficient consultation with community before support sale of local carpark in Kings Road.

Tell us why

proposed priorities need to be clear of past uncompleted matters that the local board has failed to satisfy.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I believe that the Glen Innes or Panmure BID areas should be expanded instead.

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

cycleways

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#9055

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#9055

Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Support
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of	I don't know

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin, Maungakiekie-Tāmaki

Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	Very Important
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	Fairly Important
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place	Fairly Important

#9055

naming) and Te Korowai Papatuuaanuku (environmental restoration).	
Develop “Franklin Community Occupancy Guidelines” to inform decisions on council-owned facility leases, including leasing charges.	Fairly Important
Find ways to reduce Franklin’s maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	Very Important
Progress the development and delivery of the Franklin Paths Programme.	Very Important
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	Fairly Important
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	I don't know

Tell us why

7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?

Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

#9055

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Train councillors to learn about fiscal matters

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9161

Train councillors to understand the divide between governance and operations

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

I think council is well aware of the overspending on gold-plating projects. just keep up the messaging to stop that.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Its a waste of space... do better with it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

We are wasting our investment.... get it working for us.

4b. Which option do you prefer for the future of Port of Auckland?

#9161

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#9161

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#9161

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#9161

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

#9161

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Shut down the Boards ... they are a waste of money

Tell us why

Total waste

#9161

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#9217

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Water structure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9242

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#9242

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual	Support

#9242

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	Support
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Support
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin, Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#9242

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#9255

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

nope

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

nah

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

bc it seems reasonable

2a. Is there anything you would spend more on?

nature and recycling, climate change

2b. Is there anything you would spend less on?

road works, construction

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

bc too much renovations

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

idk

4b. Which option do you prefer for the future of Port of Auckland?

#9265

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

idk

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

idk

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

nope

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

id

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#9265

Tell us why:

yup

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	I don't know
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know

#9265

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	Do not support
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

idk

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin

Franklin Local Board Priorities

7b. What do you think of our proposed priorities for Franklin in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Develop fit for purpose facilities and respond to growth challenges through	I don't know
---	--------------

#9265

projects like the Clevedon Village Heart programme, 'Belmont' Sports Park development and the Unlock Pukekohe programme.	
Fund three-year Strategic Community Partnerships with local organisations that are willing to and capable of delivering social, environmental, cultural and economic outcomes in line with the local board plan and support to these organisations to deliver.	I don't know
Support environmental and cultural restoration programmes in partnership with Iwi including Te Kete Rukuruku (place naming) and Te Korowai Papatuuuanuku (environmental restoration).	I don't know
Develop "Franklin Community Occupancy Guidelines" to inform decisions on council-owned facility leases, including leasing charges.	I don't know
Find ways to reduce Franklin's maintenance costs e.g. by replacing lawn with eco-sourced native trees and reducing or relocating public rubbish bins.	I don't know
Progress the development and delivery of the Franklin Paths Programme.	I don't know
Deliver a refreshed approach to enabling young people in Franklin to access services and participate in their communities.	I don't know
Progress a Pukekohe Cemetery memorial project that acknowledges the unmarked graves at the site.	I don't know

Tell us why

nope

#9265

7c. What do you think of the Franklin proposed priorities for the 10-year budget 2024-2034?

r

Do you have any additional thoughts on the proposed Franklin Paths Targeted Rate?

r

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Auranga

8. Do you have any other comments?

nope

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve storm water structure, more transport services, social events to be increased.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce Regional events

#9268

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Better roads , safety for the people

2b. Is there anything you would spend less on?

Reduce cycle lanes. Work on more for bus and trucks.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Redevelop and use for community hubs.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Set better directions and work on parking as well.

4b. Which option do you prefer for the future of Port of Auckland?

#9268

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Stay with council controls

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Proceed with in proposal of captain cook and Marsden wharves.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#9268

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	More community services for ethnic communities

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#9268

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Consultation with ethnic groups

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#9317

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Because It is too much money to waste on

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

#9317

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
--	-------

#9317

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Other</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Other</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Other</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Other</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Other</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of</p>	<p>Other</p>

#9317

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Nope

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

improve public transport. Ensure cycle lanes are kept clear and tidy. Currently I find they are often covered in piles of leaves, rubbish and broken glass. This makes it dangerous (having to swerve around obstacles) and inconvenient (frequent punctures) to use them.

#9326

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce roading development (but not maintenance) to encourage better utilisation of public and alternative transport.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support all but the reduced investment in cycleways.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Any changes to make the precinct better utilised by the community is desirable. If the money is to be spent, this should be one of the main goals.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#9326

I believe as a critical component in our local infrastructure, it would be short-sighted for Auckland Council to reduce their shareholding (and therefore influence) in AIAL.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Lease the land to POAL, but for a shorter term, while POAL finds a more suitable location. Ideally, the land would be used for public spaces and housing

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

To limit rates increases.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I think the port should leave the central Auckland waterfront.

5b. What option do you prefer for Bledisloe Terminal?

#9326

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

I think the port should leave the central Auckland waterfront.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#9326

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#9326

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	

#9326

Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I think the Onehunga BID should focus in the existing district. I do not think it needs to be bigger.

Tell us why

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

One of the things improve on storm water structure. More accessible transport.
Community service for women ethnic community, seniors.

Community food hub.

#9381

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Free regional events. make it user pay. Reduce regional programs.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Better and safer roads and better public transport.

2b. Is there anything you would spend less on?

Reduce cycle lanes.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Redevelop the area that can be properly used.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It seems to set better direction for the city.

#9381

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Stays within council control.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Proceed with proposal to transfer captain cook and Marsden wharves.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#9381

Tell us why:

6a. What do you think of these proposals?

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Please ensure that council continue to provide quality service. More improvements in fixing transportation is main concern. Please ensure that public is improved in the next 10 years.

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin, Māngere-Ōtāhuhu

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#9381

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support all priorities

#9381

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	
Improve employment and economic opportunities through our local economic broker programme.	
Support community-led activations at our parks and facilities through our community grants.	Increase community services for ethnic women and seniors.

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Continue your partnership with local community groups to improve your engagement and consultation.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Events

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

More on public transport. More ferries and ferry routes, utilise the waterways that cut right through our city in all kinds of directions e.g. western side of Tamaki Estuary, Eastern bays etc. to city, take the pressure off the roads and put more onto the water and rail. More train stations/stops e.g. at Parnell on the eastern line.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Optimise public transport to other, well functioning stadia. We are not that big, we don't need stadia all over the place, just make the most of a couple of big/good ones e.g. eden park and mt smart by making them easy to get to by public transport (mt smart is a disaster) and desirable to visit

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#9423

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Please don't muck around with the port. It is a major asset, we need to keep control of it. Please don't move it, most of the stuff coming in there is destined for Auckland anyway. Moving it overland to/through Auckland is crazy.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The port needs to stay as an operational port. All the things proposed for that land are not necessary or can be elsewhere, a port can't/shouldn't be elsewhere.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#9423

Tell us why:

The port needs to stay as an operational port. All the things proposed for that land are not necessary or can be elsewhere, a port can't/shouldn't be elsewhere.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I support most priorities

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Not Important
Progress the Meadowbank Community Centre development.	Not Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important

#9423

Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Not Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Not Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	Focus on core council services. Community groups etc. might have to take a back seat for a while..

Tell us why

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Having a fully funded and trained Council run security force to supplement Police activity and be unified and consolidated instead of an amalgam of largely useful unprofessional private contract security vendors

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9436

Wasteful spending and 'capture' of key projects (gold plating) by a limited pool of 'preferred' vendors, consultants and contractors. Excessive and wasteful salaries among council staff and proper auditing and accountability mechanisms to more efficiently allocate and transfer excessive expenditure areas to more needful areas to avoid rates rises, asset sales and sell off under-utilised assets and resources

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Excessive spending on too many buses which adds to congestion and hardly anyone on these services. Use smaller buses on key routes using real-time monitoring technology to more accurately and efficiently deploy transport resources according to demand and frequency.. Also greater reliance on water-borne transport resources such as hydro-foils, ferries and hovercraft to more people and cargo around the shore line

2a. Is there anything you would spend more on?

Urban security on transport infrastructure

2b. Is there anything you would spend less on?

Excessive Council salaries, wasteful consultants and contractors

3. Which options do you support for the North Harbour Stadium?

Other

Tell us why:

Get rid of in favor of development of a CBD waterfront stadium complex optimizing transport multi-modal hub access

#9436

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Ratepayer funded and centrally funded (tax-payer) assets should be retained and protected from private sector capture and exploitation, to ensure future generations have access and prevent overseas appropriation and exploitation. We don't need to see wealth accrued from ratepayer and taxpayer funded investment transferred to private and foreign interests with the wealth transferred offshore and assets stripped

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

For the reasons outlined as per above previous question

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

There are a multitude of pressing and critical infrastructure needs and social welfare considerations to enhance quality of life and attract the public to more efficiently run amenities and services

4d. Do you have any feedback on any other part of the proposal?

#9436

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Ratepayer assets and investment should be protected and safeguarded from foreign ownership and price gouging and asset stripping behaviors and appropriation

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

For the aforementioned reasons and rationale

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate	Do not support

#9436

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

N/A

#9436

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	

#9436

Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and	Not Important

#9436

restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	The immediate focus needs to be on delivering efficiency to provide essential services like infrastructure, social needs, rubbish / refuse collection and crime mitigation

Tell us why

Adequate to an extent

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

These business owners need to consult, risk manage and collaborate on key initiatives impacting the local community to deliver socialized and optimally beneficial outcomes

#9436

Tell us why

8. Do you have any other comments?

Do more with existing or reduced wasteful council expenditure such as excessive council executive salaries, contractors and consultants to avoid unnecessary rates increases across the board

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

I don’t know

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Food

#9622

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Food, cheap stuff

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#9622

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Other
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual	I don't know

#9622

<p>programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Support</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>Support</p>

#9622

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Waitematā

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Very Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Very Important
Phased delivery of improvements for Heard Park.	Very Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important

#9622

Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important
Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.	Very Important

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Just do the jobs that council should focus on. Too much time and MONEY has been spent on fringe and unnecessary items

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9673

Paying for non core community services, speed bumps, Maorification of all signs, stationary, audio messages etc,

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Pages 17 & 18. At a time when households are having to trim their spending to live within budget, council needs to do the same

2a. Is there anything you would spend more on?

No but there is plenty of scope for reductions

2b. Is there anything you would spend less on?

Cycle lanes, speed humps, reduce speed signage, staff salary bill, Maorification of everything,

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

It is already there, maintain and increase utilisation. The city continues to grow substantially north of the arour bridge

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

#9673

Tell us why:

The council should own the airport land and lease it back to AIAL. The Airport is confused on its purpose and operates as a landlord rather than an airport operator.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This is the structure that the airport should also have followed

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Focus

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Council is still not maintaining drainage, streams on council land and risks future disaster by not mitigating and maintaining even after the lessons of 2023.

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

#9673

How much will it cost to develop for these other purposes? In the meantime leave with the ports but maybe for a 3+3+3 term so that it can be reviewed.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Same as previous question

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. <p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>

#9673

Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Where in the plan do I find any comments on seeking efficiency, value for money, cost/benefit analysis.

I moved to Auckland and inherited the largest rubbish and recycling bins. I asked to reduce these to the smallest to which I was advised that I would have to pay a change fee of \$50 each and the annual fee in my rates would not be changed until the new rates year. So the council is NOT Serious about rubbish reduction and recycling !

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#9673

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#9673

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Very Important

#9673

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I do not understand why council is not doing its own protection and restoring of waterways and these groups don't seem to be doing either. The same goes for the climate change action

Tell us why

Focus on core priorities. What is your purpose?

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Not my area and should be up to the Onehunga Business population to decide on its merits

Tell us why

8. Do you have any other comments?

Focus on value for money, core responsibilities and do they even have a clear idea of what these are?

Long-term Plan 2024-2034

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#9675

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport availability, and a prevention of the cuts to the funds that were supporting half-price fares for under 25 year olds. Given that the majority of University Students live on minimum wage jobs outside of the city, cutting the public transport funds prevents easy access to education (University). Alongside this, this is forcing

#9687

dependency on cars when fuel prices are already so high and car dependency causes more traffic and more pollution.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

N/A

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Ending RFT is providing people with incentives to take a car. It makes no sense when the majority of cars (which have on average 5 seats), are only occupied by one person. More money should be put into accessible and affordable public transport to both better the flow of traffic (less vehicles, less traffic - alongside the efficiency of trains) and also help reduce carbon emissions.

2a. Is there anything you would spend more on?

Public transport. Cancel the cut of ending half-price fares for under 25 year olds, and make public transport more affordable and accessible. Other European countries or larger countries have incredible train and subway systems which make moving around the city incredibly easy. It can be seen in Japan, for example, where in Tokyo it is significantly cheaper and faster to take a subway than to try drive a car through traffic. Make public transport better for the city so that people aren't dependent on cars.

2b. Is there anything you would spend less on?

Roads. Producing more roads does not simply solve the issue of traffic we see everyday in Auckland.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

No opinion on this matter.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

No opinion on this matter.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

N/A

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Don't agree with all the Auckland Future Fund proposals.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

N/A

#9687

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#9687

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#9687

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#9687

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Very Important

#9687

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

Nice.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- 1) investment in alternative transport mode (cycling, walking, public transport)
- 2) bring back SURFACE light rail
- 3) investment in rail network for freight to reduce trucks on road

#9697

4) Also facilitate density to allow more house to be built especially around the isthmus and around public transport catchment.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spending less money on roads, reduce spend to just maintain the existing ones

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Auckland has a massive congestion issue, the best way to tackle it is to investment in reliable alternative transport modal (this includes public transport, walking and cycling infrastructure). This is only way forward.

Liberate a lane on the existing Harbour Bridge to be reallocated for walking, cycling, and wheeling.

2a. Is there anything you would spend more on?

a) public transport, walking and cycling infrastructure

aa) A safe, connected cycle network can be delivered fast and affordably by reallocating road space and using pop up protection like concrete or rubber separators.

b) create more density to facilitate housing and therefore increase supply of house and therefore reducing house's price

c) Auckland Transport could leverage road renewals and maintenance for quick fixes that make streets safer for walking and cycling every time a road is repaved, repaired or repainted.

2b. Is there anything you would spend less on?

Less on road. There is the concept of "induce demand" if you build more road, there will be more cars driving into it and therefore creating more congestion. Equally if you

#9697

invest in public transport, walking and cycling, more people would use those alternative transport mode taking cars out of the road hence reducing congestion.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

we need to keep our key assets. Also shares price and dividend are expected to increase in the future. The sales will result also in a lot of fees and transaction costs.

Auckland Council owns 100 per cent of Port of Auckland Limited (POAL), which is the company that owns and operates the Port of Auckland on the central city waterfront. POAL makes profits for and returns a dividend to Auckland Council. The port land and wharves are currently owned by POAL and are used for commercial freight and cruise ship harbour facilities. We are proposing a change to our investment in the port.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#9697

important to keep key infrastructure assets. But POAL needs to improve their operating model to increase profit and therefore the dividend pay out

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

I love the idea of redeveloping into public area such as build a saltwater swimming pool and other recreation facilities.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#9697

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #9731

ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build another harbour crossing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9759

Do away with speed bump and raised crossings. Can't see they achieve anything in reducing accidents, if anything increase.

Have road repairs working 24/7 .

Reduce costs by improving efficiency.

Compare what council pays for a job to what public would pay, council, ratepayers are being ripped off.

No more cycle ways or at least such grandiose ones. Provide feed back on their actual usage to justify continued investment in them

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Agree to do away with raised crossings and congestion charges.

Need more areas for cars to park so park and ride practical.

Need reliable transport system.

Review costs of projects

Reduce cones, worker protection has gone crazy, adding to costs and delays in projects

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

AT traffic management. Aimed at the idiots amount us. How many workers were injured or killed previously

3. Which options do you support for the North Harbour Stadium?

Change the operational management

#9759

Tell us why:

Why was stadium built in first place, surely there must have been a demand for it and management is not utilising it properly.

Large north shore population.

Surely enhancing its use would be better than building a new stadium downtown Auckland and all north shore people having to cross bridge to attend

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Prefer to keep airport shares and port.

Just reduce council expenditure as mentioned above

I don't trust council to use a future fund for proposed purposes, will waste on other stuff

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

#9759

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#9759

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	<p></p>
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>I don't know</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#9759

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#9759

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important

#9759

<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Fairly Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Please look at trimming salaries of council employees. Try to reduce the number of employees by making processes simpler and more streamlined.

#9767

Overhaul IT systems. Treat ratepayers as customers and not as numbers on a balance sheet.

Levy others living long term in the region when they are not rate payers.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need light rail to the airport. Do not cancel this project.

Light rail will reduce fossil fuel burn on this very busy route.

More coastal electric ferries to transport Aucklanders would be better than more roads for even more cars.

Keep bus fares as low as possible to help get people out of cars.

2a. Is there anything you would spend more on?

Increase spending on flood control and drainage in the old inner suburbs. Do not create more housing and apartments in areas where the current infrastructure clearly can not cope already with rainwater runoff. Wastewater systems are also inadequate. Make sure drainage systems are regularly maintained and blockages are prevented.

Place a ban on solid concrete driveways which do not allow water to drain naturally. Use only semi permeable materials or fully permeable materials for driveways and off street parking.

Create underground reservoirs in the central city for excess rainwater and recycle this water during dry periods.

2b. Is there anything you would spend less on?

Spend less on the nice to have things which are not essential eg. libraries, sports arenas etc. Seek private sponsors for artistic, cultural and sporting projects.

#9767

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

This is a nice to have project but not essential. The cost of redevelopment should be delayed or funding should be found elsewhere. sell the stadium and the land to pay for essential items.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

You are proposing to sell shares in and losing control of two fantastic community assets.

These assets are already valuable as a source of income to council.

You are just creating a slush fund that very quickly will disappear. The assets will be lost and the fund will be lost.

You are trying to sell this idea by promising a smaller increase in rate rises for one year only. How can councillors be so short sighted and expect ratepayers to also be short sighted. We need wise managers who take a 50 year view of what is best for the city. We need to spend ratepayers money on long term far sighted solutions. POAL is an absolute keeper for Aucklanders. Forget about leases that pay an initial 2.1 billion. Stop grasping at short term profits.

Council needs to start looking closely at reducing the inefficient and antiquated systems and procedures used by the council .

These systems and procedures need to be overhauled. They are choking and slowing development in the city.

4b. Which option do you prefer for the future of Port of Auckland?

#9767

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#9767

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

move the homeless and at risk people out of Queen Street.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9779

Axe the Lantern festival, Christmas in the park and Diwali. AC should do core business only.

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

we need to fix our motorways and add cycleways

2a. Is there anything you would spend more on?

roads & cycle ways plus tunnels under the harbour

2b. Is there anything you would spend less on?

festivals and red tape around NBS work for old buildings eg BC and RC process needs streamlining

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

it is hideous - put housing there immediately.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

good idea. but government needs force auckland airport to fund and accommodate rail or busway to the terminal NOT just parking

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

great idea. but can we please stop carting coal from indonesia down the southern motorway to huntly.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

bit of both obviously investing in AFF

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#9779

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support

#9779

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

spend a lot more on Waiheke Island. Build a cycle way right from Matiatia to Onetangi and then on to Man oWar

Local board priorities

7a. Which local board area does your feedback relate to?

Waiheke

Waiheke Local Board Priorities

7b. What do you think of our proposed priorities for Waiheke in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Delivering core council operational services, such as mowing, track and facility maintenance, and the library.	Very Important
--	----------------

#9779

Programmes which protect, restore, and enhance the island’s natural environment, and initiatives that provide opportunities for community connectedness, capability and resilience.	Very Important
Working with our community and businesses to progress actions within the Waiheke Island Climate Action Plan.	Very Important
Progressing recommended actions within the Waiheke Local Parks Management Plan and the Rangihoua Reserve and Onetangi Sports Park Reserve Management Plan.	Very Important
Working with mana whenua and mataawaka to identify and respond to their needs and aspirations.	Very Important
Capital projects including the Tawaipareira Reserve playground.	Very Important

Tell us why

Increase AC spending for Waiheke Island. Replace Fullers Scottish ownership with a NZ owner or an AC joint venture with NZ firm. Built a cycle way along the island.

7c. What do you think of the Waiheke proposed priorities for the 10-year budget 2024-2034?

It has been cut the most but I don't want it cut and I am prepared to pay 50% more rates so long as its all spent on Waiheke. why does council think we want to pay less or get less?

8. Do you have any other comments?

Increase rates and AC funding to Waiheke Island as its a great investment for Auckland but can be ruined like Judges Bay, Coxes Bay etc

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#9809

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#9809

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field	

#9809

network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important

#9809

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Build more cycling lines in wider Auckland not just north shore or city centre

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

City Rail! - as keeps eating money more and more every year

#9822

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

I'm tired of City Rail project and similar (like cycling bridge that links city and north shore), too expensive and limited number of people who will use it - useless

2a. Is there anything you would spend more on?

Start maintaining green area around Auckland as currently looks like a part of a wild park not a city and get smaller buses for off peak hours as most run almost empty most of the time and it's a waste to see huge bus with only couple of passengers

2b. Is there anything you would spend less on?

Can City Rail

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Too expensive for a current situation

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#9822

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

The Roads just last week a road in Newmarket off `seccombes and another off Mountain road were re-tarsealed when neither of these low use road needed any work done...such a waste of time and money by whoever directed thisDid someone

#9863

know someone that needed work....hmmmmmm lots of waste going on in Council and road people

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

i thought cycleways were a great idea....but they are just not being used like I thought they wouldso waste of money to put more in.....Had to try but Aucklanders just wont ditch car travel

2a. Is there anything you would spend more on?

PARKS in West Auckland Upper Harbour for the children

2b. Is there anything you would spend less on?

Roading upgrades

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

because if its not working then change it and trust changes will be an improvement for everyone involved

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#9863

Tell us why:

Any Auckland assets providing cash in the coffers should be kept...not sold of to get rid of debt by bad management skills.....Sharpen up the Management skills and hire people that are innovative and not too old and can think ahead.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Its an asset that should be kept for future coffers.....More innovative thought is needed by council.....and fire people that are surplus to needs....far too many people leaning on spades so to speak

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

So that poor rate payers dont have to foot the bill all the time. So easy for those in charge just to dump extra costs onto the masses instead of being innovative and far reaching in though like MAYOR ROBBIE was

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

YEP CUT spending on meetings and hiring experts....and make sure Mayor and councillors at least have some valuable expertiseIt should be a matter o course to have people in charge that have lots of skills and academic prowess

5a. What option do you prefer for Captain Cook and Marsden wharves?

#9863

I don't know

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	<p>I don't know</p>

#9863

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

dont know anything about this so cant comment

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

If planting trees on verges make the trees citrus or food producing trees to help those with low incomes. dont plant huge natives ...plant them in parks instead. I am so tired of cleaning up after Pohutakawa trees planted decades ago in the wrong places

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#9873

Support most of the proposal

Tell us why:

Like the focus on PT. Think you should keep cycle way development. Get more money from parking charges.

2a. Is there anything you would spend more on?

Cycle ways

2b. Is there anything you would spend less on?

Strategic work. They're is enough of that, just get on with it.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Needs to be more productive. Time to utilise James better they redev, and sell some of site.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Combination of the two. 50:50

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#9873

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#9873

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

#9873

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#9873

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#9927

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#9927

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#9927

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important

#9927

<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Very Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like public transport to be free and I am aware that Council could cut fares. I would like Council to build new public co-working spaces. I would like investment in new community centres, too. I'd like the Council to consider setting up a new local development bank, not from the proceeds of privatisation

#9968

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I would like Auckland Council to own fewer carparks. I would like Auckland Council to do less outsourcing and more bringing services inhouse.

2. What do you think of the transport proposal?

I don't know

Tell us why:

I'd like to understand more about this background before sharing my views.

2a. Is there anything you would spend more on?

Reducing fares, supporting cycling and walking.

2b. Is there anything you would spend less on?

Carparks and roads (where issues of safety are not in issue).

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I don't consider I know enough about this.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#9968

Tell us why:

I want Council to hold onto Auckland airport shares. I want this in public control.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I consider the Auckland Future Fund is a way to justify privatisation. I would like the Port of Auckland returns to be used to fund services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I think the Council should consider risk pooling with other councils - I agree insurance requires further thought.

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

I don't consider I have enough background on this.

#9968

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#9968

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

I do not think it should be easier for local boards to optimise / sell off assets or land.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I feel ACC and its CCCs are poorly served by the contractors it uses to deliver services and perform capital works. It's a gravy train. ACC needs more skilled engineers and purchasing/contracts officers to ensure that we get better value for the money we spend. Engineering works in particular are 19th century slow, and unsustainable.

#9980

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less entertainment. It's not the role of ACC to provide entertainment of any sort.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

No More raised crossings. No More gold-plated cycleways as per GI's Taniwha st. Cycleways are a waste of money unless you have some money to promote and get buy-in to use them from the local community, especially schools.

2a. Is there anything you would spend more on?

Street cleaning. road gutters are clogged with leaves and rubbish which clog the drains in heavy rain events and cause flooding.

Noxious weed and pest eradication. Moth vine is gaining control you need to spend more . Do not cut down on pest control. Do not cut down on essential property maintenance. We need long term thinking here.

2b. Is there anything you would spend less on?

No More raised crossings. No more gold plated cycleways.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

Never used or nor want to

#9980

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Happy for you to sell all airport shares but not leasing the port.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I don't believe the level of returns proposed. If they are as good as your proposal says then the current port operations need to be upgraded to achieve those returns. None of this can happen unless there is a lot more spent on road and rail infrastructure which are calls outside the control of ACC,

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

There is no guarantee that the returns from a fund will be better than spending the annual profits from the port. It's more a matter of getting better value for money that ACC is spending rather than hoping for some massive return after other snouts have taken their cuts from the trough.

#9980

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I do not want more expensive condos on our waterfront or a floating sports arena. I want a viable, transport connected, efficient, profitable port. I don't care what it looks like. It is and always will be an industrial site. Auckland will continue to be the major landing point for imports and exports so let's just focus on that and getting road and rail connections working effectively and efficiently.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

We're told that the most profitable part of the port is the vehicle imports. Why change this? the only problem is the inefficiency of trucking the items off the wharf. I don't see us stopping importing vehicles for a very long time.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

As per 5a

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

#9980

around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

I would have thought there were other revenue generating opportunities like charging developers and builders for every cu m of fill of any sort they move from or onto a site. engineers love to move stuff around and they have big machines to do it even if it's unnecessary. They do it because it's what they've always done and they still use the same machinery and processes developed in the 19th century. Every thing they do is geared to pollutions and waste without any use of a brain cell.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	

#9980

Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.

#9980

It's "pie-in-the-sky". It's like this ACC 10 year plan. it'll all depend on how much power and resource you give them. I ACC what's to keep all control in the centre then local boards will have to sing for what they are wanting to do. Locals need to have

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

I certainly support the direction of ACC but I'm not sure it has the capabilities to "take back control of the CCCs unless the capabilities already in those organisations are taken over by ACC. Having said that I don't see what value having independent organisations running water and transport gives we ratepayers. Certainly those organisations don't appear to be interested in us Aucklanders, they're just doing the bidding of the gnomes in Wellington.

It's sad that with what 23 electorates in Auckland we still don't seem to be able to get moving. definitely I support lets get Auckland moving both physically and sustainably.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Provide hands on sustainability and regeneration action learning for all our young people in schools so they have the knowledge and skills to live low carbon lifestyles that include being zero waste pest free responsible citizens who can care for our Te

#10033

Taiao and city now and in the future and help educate their parents to live low carbon life styles and that these skills led to green jobs for them.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Spend less on building motorways

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

to create a low carbon city we need to make walking scootering and cycling safe and therefore a preferred option to driving which means previously-planned initiatives, such as some raised pedestrian crossings and cycleways need to go ahead. Dynamic lanes are a good interim strategy to deal with rush hour congestion in the short term however tolls and incentives to use buses ferries and trains are best.

2a. Is there anything you would spend more on?

Make it free for school children to travel on buses and trains free.

2b. Is there anything you would spend less on?

Motorways

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Auckland has a rapidly growing population on the north shore and Orewa so it makes sense to have a large stadium in the north as well as central and south so locals can attend events without coming into the city

#10033

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

it means selling off our biggest earning investments

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

it is a great source of revenue and will continue to be so in the future if plans to improve it's profitability are implemented. then profits can be redistributed to Auckland Council for projects.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Profits and dividends to be used for council projects that benefit the people and enhance the waterfront area which has so much potential so there is an increased relationship between citizens and visitors to our harbour so they can help council care for our beautiful Hauraki Gulf:)

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

#10033

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

#10033

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Howick Local Board Priorities

7b. What do you think of our proposed priorities for Howick in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Review and refresh the Howick Heritage Plan.	Fairly Important
Review and refresh the Howick Tourism Plan.	Very Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Very Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	Very Important
Develop a community-led climate action plan.	Very Important
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead	Howick has a rich history and how NZ Histories are part of the curriculum there is a thirst for more knowledge of the history of the area including pre european arrival so if there is a plan to share the history with the

#10033

to establishing a new business association and possible new Business Improvement District (BID) programme.

community that will meet a need and help people feel connected. Likewise as Howick has a beautiful coastline and outlook, many schools are already committed to adopting a park reserve or beach. School children and teachers involved are loving this opportunity as it links to the local curriculum. The more groups who are caring for our shared spaces are more connected and have improved well being. The Taiao will benefit too as pest animals and plants decrease and native biodiversity increases so will the birds who may fly in from pest free islands in the Gulf.

Howick needs a climate action plan so people can be part of the solution to climate change.. with such an attractive coastline that will be impacted by climate in the near future initiatives like the Shoreline adaptation plan for Tamaki Inlet and Buckland's Beach to Pineharbour can link into it.

Tell us why

Sound and worth investing in

7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#10033

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

#10033

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	Rangitahi are our future we have a strong community connection and we need to encourage this in the future.

#10033

Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Ōtara-Papatoetoe Local Board Priorities

7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Very Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic	Very Important

#10033

groups and connect newer settlers to local services.	
Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Very Important
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Very Important
Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Very Important
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	Very Important

Tell us why

As a local board with a large percentage of youth living in your area over 25 % your priorities are necessary. Students schools are increasingly connecting to lwi community groups and each other through Sustainable Schools clusters and together with Otara

7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?

I approve of them

#10033

8. Do you have any other comments?

Keep supporting EnviroSchools and sustainable schools who are working with your ratepayers of the future who will know how to live low carbon caring lives and be much more climate action savvy as a consequence.

10033

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#10045

Don't support any of the proposal

Tell us why:

Auckland traffic is expensive and congested. I don't know where the money went. I don't support spending more money.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

#10045

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#10045

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#10045

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#10045

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and	

#10045

Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	No contact, no support

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Subordinate agencies are held accountable

Is the mayor held accountable?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Getting our parks back - Waikowhai park is still shut, all the footpaths through Hillsborough remain out of use, the Waitakere paths are largely shut

#10055

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce rubbish collections, monitor recycling and fine the people who are putting a mixture of rubbish and recycling in their bins. Don't fund the Maunga Authority's plans to cut down trees, or to put signage all over the mountains.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I would like to see more cycle ways and raised pedestrian crossings. People won't cycle until it is safe to do so. Even walking isn't safe at the moment (have a look at the state of the pavements and street lighting in Onehunga)

2a. Is there anything you would spend more on?

I would like a train service that works

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Other

Tell us why:

I don't want public land sold. I don't trust the council under the current Mayor to develop the stadium in the public's interest, or I would support option 2.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#10055

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

There is no reason to sell assets which are making a return and which are part of Auckland's future, in order to buy other assets unrelated to Auckland. This is a back door to privatisation.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The port is important to Auckland and the council should be able to have some control. Again this is a back door to privatisation

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

I don't want an Auckland Future fund, it seems appropriate to benefit from the income the Port generates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#10055

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I would support Captain Cook wharf becoming a public space but residential or commercial developments. That would be privatisation of public assets.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

retain viability of the port of Auckland. There is no other place for it to move to.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to</p>	<p>Do not support</p>

#10055

the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#10055

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Very Important

#10055

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I would like to see more work on the health of the Manukau harbour and contributing streams - what has been allowed to happen on the Onehunga foreshore is appalling. More work is needed on climate change resilience - Onehunga/Mangere were badly affected by flooding last year. Advocacy is needed to prevent a rail corridor going through the middle of Onehunga.

Tell us why

I agree

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Do more funding for local community groups providing services for families in Auckland. Eg Toy Libraries, sport clubs and events, Eco Matters events.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10105

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Capping the weekly public transport cost but then charging for ParknRide facilities will deter people from using public transport. Initiatives for cycleway and raised pedestrian crossings support use of public transport.

2a. Is there anything you would spend more on?

Make public transport the easy option for people to get to work etc.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#10105

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection	

#10105

and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
--	----------------

#10105

Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses

#10105

ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Get rail services across for places our West (Hobsonville), East (Botany, Pakuranga), South (to the Airport both domestic and international, and North (over the bridge and into North Shore suburbs).

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10146

Remove Events operations from Tātaki Auckland Unlimited (keep strategic roles that can bid for Events and secure funding and partnerships but remove the delivery component and outsource to the many Events companies in Auckland who have a proven track record of delivering events).

Additionally, review salary bands of those roles in middle or senior levels for employees who are underperformed- if they want to be paid at a market rate, they ought to be performing at that level. I'm aware of a number of council employees who appear to wine and dine for a living and have expensive attire and vehicles, and expect to be treated like celebrities because they work for Council or a CCO but don't perform their core roles and duties. They need to be better managed or performance managed out.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I'm sick to death of the traffic congestion and delays caused by current works so the faster you can complete the current works the better. No need for unnecessary speed bumps and raised crossings.

2a. Is there anything you would spend more on?

Public transport. I feel we were well on our way to world class before COVID hit us. I stopped owning a car for almost 10 years because I believed we were heading in the right direction but I bought a car 2 years ago because the system was horrible. Fix that and you'll rebuild trust on those services and therefore patronage.

2b. Is there anything you would spend less on?

Traffic management, consultants and third party people. Bring it all in house where you can control and manage labour costs AND works will be done to a core, agreed standard with no delays etc.

3. Which options do you support for the North Harbour Stadium?

Other

#10146

Tell us why:

Sell the stadium properties but lease out the land.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We already own that Port, keep it that way for future generations.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

NO TO THE FUTURE FUND!

#10146

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Firstly, I'd love to see Capt Cook wharf renamed to something more connected to Auckland. Secondly, I'd love to see that area opened up for more people to access. It would be a great venue for a stadium that can host international level events, sports gam

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

More public space and access as noted in my previous written notes above.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value</p>	<p>Support</p>

#10146

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

Goof start.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

#10146

8. Do you have any other comments?

Remove the cones along Eastview Road, those are a hazard and have caused many a near miss and accidents. Also, there is a gentleman who appears to be parking the cabins that belong to his business at the Eastview Rd island...is he being charged for this? That has been done for several years now and it appears that he thinks he can do whatever he likes on that part of the street. He ought to pay a fee for leaving his cabins on a public road.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Congestion tax only CBD and Inner city ring only between 6:30AM 9:30AM and 2:30pm to 6:30pm Inner city ring is Newmarket, Grey Lynn etc

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10163

Keep road names as is, Stop wasting money on dual languages for all roads

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Travelling around Auckland half the bike lanes are not used. So less of this would be best, Double naming of roads is ridiculous or changing names. If there is a new road then a short Maori name would be okay.

2a. Is there anything you would spend more on?

Removing pot holes

2b. Is there anything you would spend less on?

Bike ways like that in Mangere

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is,Other

Tell us why:

We just need a stadium on the shore. It would be nice to having sporting events concerts across the city

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

#10163

Auckland should keep its share holding in the Airport Do not sell Auckland Airport Shares - this an opportunity for council to have its say at share holding meetings.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Council must keep ownership - so we get major events like Americas cup coming to New Zealand

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Reinvest in the Waterfront Area to ensure all enjoy the out door life on a nice Auckland day.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

As long as we have wharves available for large liners - tourism is paramount

5b. What option do you prefer for Bledisloe Terminal?

Other

#10163

Tell us why:

As long as one can get between Devonport and CBD, Half Moon Bay CBD etc - needs to be 24 hours 7 days. Maybe between 1am and 5:30am could be hourly

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I'd be willing to pay more for more and better public transport

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I'd like to pay less by reducing investment in roads.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Continue investing in low cost cycle-way and footpath upgrades

2a. Is there anything you would spend more on?

Increased investment in public transport to the airport

2b. Is there anything you would spend less on?

Less investment in Auckland's motorway network

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#10181

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#10181

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#10181

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I do support the stormwater and general upgrades. Our current piping/plumbing system in Auckland needs updating. We have a mix of very old and new pipes, laid around our city.

The old were built to carry water around our city, for pressure levels and demands of far fewer homes and industrial buildings. With the huge increase in housing etc the

#10253

pipes are not coping and are leaking constantly and breaking as well as residents having fluctuations in water pressure.

Patch up work fix it jobs are happening as residents battle this problem. Sub stations are responsible for city water pressures and when they boost it up for some others pay.

Council needs to look at the big picture and plan a better underground piping system with new housing developments that does not cripple local, established residents water supplies or cripple them with expensive costs of makeshift repairs.

Keeping our Libraries (can we down size or rent out areas for functions or meetings?) and local Theatres (can we rent out for functions or meetings) running. More help with Funding.

The Eat For Less cafe is a good example of utilising space for more than just a private cafe by day. At night it is a community eating restaurant. Also by day an upstairs area has spaces rented out for businesses to work from. Hiring a desk/table size for computer or business meetings. Please look into how this works.. this could help libraries and theatre use and bring in \$\$.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I don't think we need paper versions of so many local papers or information, Perhaps regular ones could be applied/sent on line, and letter box drops be picks ups from local libraries, pools, YMCA's or council offices. Or requested on demand.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Love rapid transit networks.

Network optimisation, reducing temporary traffic management requirements and introducing dynamic lanes- don't understand what this means.

Support this fully- topping some previously-planned initiatives, cycleways.

#10253

What is going on with bus lanes and no driving at certain times...one way lanes, no turning..... things are not clearly marked in the city until you hit them or being forced to go in a different direction. It is very hard to navigate round AKInd CBD now.

2a. Is there anything you would spend more on?

I would like to see cheaper public transport. I don't like the rise in ticket prices.

Families with children catching buses to school or Uni. 3 kids and double the fares now, that is a huge hike... and will really dent family budgets... maybe produce more truancy.

AkInd Girls Grammar has a huge out of zone student population. It is popular particularly popular as it is an all girls school with huge opportunity for girls with scholarships and just an education away from males.

The Principal when she spoke years ago, mentioned how much time in co ed schools was spent sorting out male problems of behaviour..... at Single sex schools like AGGS more time was invested in female education.

Covid showed a huge decline in students coming into school with other children in the families have some priority, old children had to look after them so parents could work, even some students leaving to get work to help the family .

I would hate to see more hardship for families and opportunities in education lost because of transport.

Pot holes in our roads.

2b. Is there anything you would spend less on?

Renewing signs when they are not broken, just to keep them up with a modern look.

The changing of letter heads etc for departments surely there must be an easier or cheaper way of labelling things when new come into office.

Cones and other council owned equipment- so many of things left behind all over AkInd.

Perhaps if our workers are more accountable for the equipment collection we don't have to buy more?

3. Which options do you support for the North Harbour Stadium?

#10253

Change the operational management

Tell us why:

\$33 million either way. Why not give someone else a go with coming up with a workable scheme.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Some of the proceed sounds great.

I query.... As the objectives for the fund would involve diversifying risk by spreading the fund across a range of investments, it is almost certain that most, if not all, of the AIAL shares would be sold over time.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Lease the land worked well for Māori and Vector.

They leased out the land and let the land be developed. Think they were charging a minimal rent or even nothing, for was it 15 years?..... The stadium was built and area developed and benefits were had by the leasers for a period and after the lease ran out, Māori had a developed area to bring in huge profits.

Very poor explaining on my part... look into it properly.

That tribe now has plenty of money to feed their whanu and provide Uni payments and health care for their people.

#10253

The same was done with the land St Heliers Pony Club Hired from Māori up on Keeper Rd etc.... land unable to be built on due to subsidence....lease out to pony folk... lease up, have made gardens to produce food and plant and develop Māori medicine .

If you have a good long term plan in place for returns.... do it!

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

We still need things done for the people now.

Use it for the general up keep of AKLND.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I think we need to keep some shipping happening.

No to clogging up roads with more trucks.. it takes its toll on road surfaces, fuel consumption.... congestion.

One thing at a time. Go with Beldisloe.

5b. What option do you prefer for Bledisloe Terminal?

#10253

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Try one thing at a time. The area is huge and worthy of something good. It`s position can enhance our city.. Tamaki drive has been having a face lift.... then boof hit the container area as you hit the CBD. :(

Sort of takes away from the dream.... Same with views from up near the Rose Gardens....

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#10253

Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Leave schools alone... they have enough things to pay for.

If you have large public feedback from Rodney you should be listening.. that is what you were elected for.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Ōrākei

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

#10253

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

#10253

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and	Very Important

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

would like the noise control rules to be looked at, reviewed.

Endless Metal on Princes Street Oneunga could be hard far and wide doing late night until the early hours of the morning work, for a year or more... random nights.

Complaints were made but they had to be something silly like 5 or more in a month or row.. I can't quite remeber other wise no action was taken to procecute.. ie the only way to stop them.

Thus they seems to have a grip on this... and continued for well over a year.

Please look into continuous industrial noise.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More public transport options, better support of recreational & sport facilities through partnership, improve access to sports facilities by public transport, better utilisation and support of existing facilities as opposed to building new ones, better fiscal management on contracted services and major projects, better management of project productivity, better transparency!

#10266

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less focus on money wasting transport initiatives such as Taniwha Road project in Glen Innes. Less movies in the parks, less money wasting on waterfront stadiums and pipe dream developments that do not benefit the rate payer, less selling of assets and infrastructure that can offer a fiscal sustainability over the long term such as car parks.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Our public transport is appalling, we need to have better cross connectivity and servicing of public facilities. However our planned works and transport projects are plagued with cost overruns, lack of fiscal management, lack of productivity and they are draining the money at an exorbitant rate. We need to focus on getting the city moving, not slotting in traffic lights at every corner and brining the city to a standstill.

2a. Is there anything you would spend more on?

direct public transport services and long term projects to improve public transport services across the board

2b. Is there anything you would spend less on?

Ridiculous initiatives such as the Taniwha Road project in Glen Innes where the road is a major safety issue for all users. It is supposed to be for cyclists who can't even use it because of the debris that sits in the cycle lane. Why did someone not use the berms that the Council no longer takes any responsibility for

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

#10266

The stadium precinct is under utilised and excessive for community use. We already have prime stadiums in Eden Park and Mt. Smart, we do not need a third stadium with the volume of professional sport that happens in Auckland. Our Population cannot sustain this and the cost burden to the ratepayer ends up lining the pockets of other organisations and individuals... think Warriors and the associated cost

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We need to maintain existing revenue streams that will continue into the future. Over the last few decades we have eroded the Council's opportunity to offset costs with revenue opportunities in lieu of a quick buck from the sale of assets.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The Council has inherently poor management of business organisations as evidenced in our missappropriation of funds through bad planning and acceptance of contracted solutions that are overly costly at the expense of the ratepayer. Owning the land and having a private or partnership organisation run the facility should improve our return.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

#10266

Tell us here:

We need to maximise the opportunity to achieve revenue streams that offset increasing costs of service. The rate payer cannot continue to prop up a city that cannot manage itself

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

None

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Our reliance on imported goods as a growing city will only increase. To stifle future growth for short term development would have long term consequences.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

The city has plenty of public spaces that are not fully utilised, the ports should be secured for future growth in this area

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support

and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
--	------------------

#10266

Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	The area and it's proximity to the city should provide for a opportunity for urban growth and development. Priorities for this should be focused on the introduction of a better mix of residential and urban intensification to support the city.

Tell us why

Terrible, promises everything and delivers nothing. Focus in this area should be the development of infrastructure to support housing intensification already taking place and the protection of the natural environment along the Tamaki Estuary

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#10266

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

The council needs to continue to focus on economic development to support Auckland's economy

environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important
Maintain efforts to monitor and improve water quality in our local waterways.	Not Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Not Important
Investigate ways to enhance council facilities in Eilerslie to better meet the needs of the local community.	Protecting the natural environment in this area should be a priority for the Orakei Local Board as it provides a free recreational environment that also supports economic growth.

Tell us why

Focus should be on the maintenance and development of existing facilities in the OLB area as opposed to the development of new facilities. Colin Maiden park precinct should now focus on residential development and supporting infrastructure to generate imp

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

651,123,121,155

8. Do you have any other comments?

Introduction

Thank you for the opportunity to provide feedback on Auckland Council's Long-Term Plan (LTP) for 2024-2034. We believe this plan offers a crucial chance to shape a vibrant and thriving Auckland for all residents. This submission focuses on three key areas:

1. **Prioritizing Existing Facilities over New Builds:** We advocate for efficient use of existing resources before considering significant investments in new sporting facilities. Modernization and better utilization of current facilities could be a more cost-effective approach.
2. **Regional Strategic Leadership:** We urge the council to invest in data collection and analysis to understand the demand for different sports and events across Auckland. Additionally, collaboration with community stakeholders is essential for identifying gaps and opportunities in sports infrastructure.
3. **Supporting Existing Community Venues:** We request increased support for existing community venues, including discounted rates, access to council programs (electricity), and guidance for asset management plans. This will ensure these facilities can continue serving large communities, especially with the limited availability of indoor venues in Auckland.

Detailed Points

1. **Optimizing Existing Sporting Facilities:**
 - **Building new facilities should be a last resort. Consider the financial implications:** Modernization and improvements to existing venues can significantly increase capacity and usability without the high costs of new construction. Upgrading existing facilities can often be done in phases, allowing for a more manageable financial outlay. For example, improving lighting, flooring, seating, or accessibility features can breathe new life into an older facility.
 - **With Auckland's growing population, demolishing existing facilities seems wasteful. Upgrading these structures can cater to a wider range of needs. Embrace multi-purpose functionality:** By investing in flexible design elements and appropriate equipment, existing facilities can be adapted to host a variety of sports and events. This not only increases utilization but also caters to the evolving interests of the community.
2. **Regional Strategic Leadership:**
 - **Lack of data on sports and event demand hinders optimal resource allocation.** We urge the council to invest in data collection and analysis to identify gaps and opportunities in sports infrastructure. This data could include:

- Popularity of different sports: Understanding which sports have the highest participation rates can help guide investment decisions.
- Demand for specific event types: Knowing what types of events are most popular (concerts, cultural events, sporting tournaments) can inform facility upgrades.
- Geographic distribution of need: Identifying areas with limited access to sporting facilities allows for targeted investment.
- Collaboration with community sporting bodies and venue operators is crucial. Working together, we can ensure facilities cater to the evolving needs of Aucklanders. Community stakeholders can provide valuable insights on:
 - Emerging sporting trends: They can identify new sports gaining popularity that require specific facilities.
 - Usage patterns: Knowing peak usage times and underutilized periods can inform scheduling and pricing strategies.
 - Maintenance and operational needs: Collaboration can help develop cost-effective maintenance plans and identify opportunities for shared resources.

3. Supporting Existing Community Venues:

- The increasing cost of maintaining facilities, coupled with inflation, poses challenges. We request the council to offer support programs, such as:
 - Discounted rates: This would make community venues more accessible for local sporting groups and events, encouraging wider participation and fostering a vibrant sporting culture.
 - Joining council's electricity program: Discounted electricity rates would significantly reduce operational costs, allowing community venues to allocate saved resources to improvements and upkeep.
 - Guidance for asset management plans: Expert advice would help us maintain our facilities effectively, extending their lifespan and reducing the need for costly repairs or replacements.
 - Extended operation hours coverage: Longer operational hours would allow for increased utilization of the venue, maximizing its impact on the community. This could involve offering subsidized late-night hours or exploring partnerships with local schools or organizations for daytime usage.

Impact and Call to Action

Our venue caters to up to 3,700 guests and can play a vital role in achieving Auckland's goal of becoming the world's most active city. By supporting existing community venues, the council can:

- Increase access to affordable sporting facilities for a wider range of Aucklanders, promoting health, well-being, and community engagement.
- Strengthen community connections by fostering a vibrant sporting culture that brings people together.
- Maximize utilization of existing resources, leading to a more cost-effective approach to infrastructure development.

We urge the council to consider our suggestions and prioritize data-driven decision making, collaboration with community stakeholders, and strong support for existing community venues. Together, we can create a thriving and active Auckland for all residents.

Thank you for your time and consideration

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#10444

Support most of the proposal

Tell us why:

I don't support the bike/ferry proposal. It will not satisfy anyone. They want to ride their bikes, not sit on a ferry, But please, don't give away a lane on the harbour bridge.

I support fixing the roads. If necessary, cut back on the Public Transport funding to make up any shortfalls if you can't get Central Government funding.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Happy that we do not spend so much on cycle ways. I live in Mt Wellington. The cyclists use the footpaths. Yet there are cycle ways marked to/from the transport centre. I see this in many other places. Cyclists use the roads or footpaths depending on which is most convenient. Go for a walk along Tamaki drive. Most cyclists use the road.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I agree with the Mayors 'back to basics' theme. The airport and port don't align with that. They also do not represent a diversified portfolio as they are narrow moated Assets.

#10444

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The council has proven it is not a good port operator. e.g. The recent debacle with the port automation. Contrast with Port Of Tauranga which has done very well. You can not passively manage large investments, either you have a full understanding and are involved or you should let professionals take it over.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Use it to reduce the rates input, if you go with that option. Whereas if you lease it out, use the income generated for the future fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I'd change my mind if there was a proposal that demonstrated effective use of the land from those wharves on down to Wynyard Quarter. But 'something else' is too vague and it'll be expensive and argued about for the next 10-20 years.

#10444

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Same comments per 5(a). Ask me when you have a proposal.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support

#10444

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

8. Do you have any other comments?

In a general sense, I expect you'll be back next year with another fiscal budget hole that needs closing..

I really don't trust the proposed yearly rate increases as anything other than guesswork,

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

garbage disposal

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Bicycle and bus lanes.

#10454

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It was agreed to stop some previously planned projects, such as raised crosswalks and bike lanes. This part not only wastes taxpayers' tax money, but also creates a traffic burden.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Bei'ang Stadium maintenance costs are too high

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Privatization of Auckland Airport could cause more problems

4b. Which option do you prefer for the future of Port of Auckland?

#10454

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Leasing increases city revenue. Reduce citizens' tax payments

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

#10454

Local board priorities

7a. Which local board area does your feedback relate to?

Aotea/Great Barrier,Puketāpapa,Whau

Aotea/Great Barrier Local Board Priorities

7b. What do you think of our proposed priorities for Aotea/Great Barrier in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Continue the regular programme of funding for community groups to deliver services and environmental groups to deliver ecology works.	Very Important
Continue our regular maintenance of parks and assets.	I don't know
Investigate improvements for playground areas island-wide.	Fairly Important
Support implementation of aspects of the new Destination Management Plan.	Not Important

Tell us why

#10519

7c. What do you think of the Aotea/Great Barrier proposed priorities for the 10-year budget 2024-2034?

Puketāpapa Local Board Priorities

7b. What do you think of our proposed priorities for Puketāpapa in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Invest in opportunities to support local community leadership.	Very Important
Invest in climate change response initiatives and support volunteer groups working on local environmental restoration / protection and climate action programmes.	Very Important
Consider our investment in facilities and services to see if there are opportunities to do better.	Fairly Important
Support initiatives that improve and encourage walking and cycling opportunities.	Not Important
Help coordinate and support local business groups.	Fairly Important

Tell us why

7c. What do you think of the Puketāpapa proposed priorities for the 10-year budget 2024-2034?

Whau Local Board Priorities

7b. What do you think of our proposed priorities for Whau in 2024/2025?

I support most priorities

#10519

More specifically, what do you think of each priority we've listed above?

We will work with our partners to build community capacity, from climate/emergency preparedness and community resilience to increased participation and community capability.	Fairly Important
We will encourage and support volunteerism and community participation, especially through environmental and ecological initiatives around the Manukau Harbour and foreshore, the Whau River and its tributaries, and our urban ngahere.	Fairly Important
We will continue to undertake governance-level engagement and collaboration with mana whenua and the other west Auckland local boards.	I don't know
We will work with the local BIDs where possible, to support local economy and to realise shared goals around climate action, community connection and belonging.	I don't know
We will consider accessibility and inclusion across our services, engagement, and other initiatives.	Fairly Important

Tell us why

I'm not sure

7c. What do you think of the Whau proposed priorities for the 10-year budget 2024-2034?

great

#10519

8. Do you have any other comments?

no I don't

Transport	
Water	
City and local development	Do less
Environment and regulation	
Parks and Community	
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We are not a Cash Cow for ACC to just Take/increase Rates / Levies whenever they wish. Stick to the basics and live within their means

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10559

We are not a Cash Cow for ACC to just Take/increase Rates / Levies whenever they wish. Stick to the basics and live within their means

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

We are not a Cash Cow for ACC to just Take/increase Rates / Levies whenever they wish. Stick to the basics and live within their means

2a. Is there anything you would spend more on?

Potholes

2b. Is there anything you would spend less on?

Fat Council Salaries and unnecessary cycleway projects

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

This Stadium is a white elephant, another example of wasteful spending without thorough research into the need for such a facility

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#10559

Tell us why:

Stick to your knitting and focus on Council core duties

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Don't give away all your peanuts

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

This is a core responsibility and a strong funds source

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Stop tampering with the Waterfront, focus on your core responsibilities. Now is not the time

#10559

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Leave the Port as it is for the time being until ACC is on firmer footing

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>I don't know</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value</p>	<p>Other</p>

#10560

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Other
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Other
Re-introduce recycling charges for schools .	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	I don't know
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#10560

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Dog control- so many roaming dogs that its unsafe to walk on streets.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10592

Cultural programmes, eg World of Cultures

Money spent on translation to other languages - the languages in NZ are English, Te Reo and Sign Language - other countries e.g. France and Germany would never translate their official government information.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Do not stop funding of cycleways

2a. Is there anything you would spend more on?

Cycleways and climate change upgrades e.g. ferries

Glen Innes to Panmure cycleway (Pilkington Road)

2b. Is there anything you would spend less on?

The council-funded extension of the SuperGold subsidy

Eastern Busway

Greenfield roads

New roads

Roads with no supporting footpaths or cycleways

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

#10592

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Any leasing of the port should be done after a rigorous long-term spatial masterplan is developed for all port land.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#10592

Must be high quality masterplan . Must have CAPEX for any works to integrate precinct into rest of city e.g. road crossings

5b. What option do you prefer for Bledisloe Terminal?

Other

Tell us why:

Need to understand alternative port location and sustainability/emmission impacts

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	

#10592

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#10592

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#10592

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important

#10592

Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

More capital expenditure for cycleways, eg around Panmure train station (Pilkington Road)

Tell us why

More capital investment of cycleways around Panmure. More dog control initiatives to make streets and parks safe for children free from roaming dogs.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No - Not for the next 3 years until the economy picks up

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop funding fringe events for the next 3 years until the economy picks up

#10622

No more funding for cycle ways for the next 3 years

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

That is within our current and economic means

2a. Is there anything you would spend more on?

No, In 3 years when the economy is running responsibly this should be re-visited

2b. Is there anything you would spend less on?

In lane bus stops

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Gross miss use of resources. Definitely should be shrunk.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#10622

Council needs professional fund managers extracting the best possible returns on the assets that current arrangements are achieving.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

AKL CC are not port owners and have delivered major negative impact on innovation progress at the port. The Robot straddle cranes were a disaster and even if they had worked delivered minimal advantage in overhead reductions at the port. This was a vanity project of epic failure.

The RORO operations should be shifted to TGA there by freeing up a significant part of the Port footprint.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland council should cease to operate ports of Auckland. But any funds returned on that asset should be funding council services and reduce rate payer fiscal drag.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

For the next 3 years the council needs to live within its means as we all have do. Stop taking the lazy way out and just increasing rates then undertaking wasteful spending. The nice to haves have to stop for now and be revisited in 3 years time.

5a. What option do you prefer for Captain Cook and Marsden wharves?

#10622

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Auckland Council needs to get out of Port operations. You don't have the expertise or the right vision to extract the best returns out of the asset. AKL CC need to have oversight control of the Warf and set parameters around how it is operated. i.e, noise

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

That land needs to be freed up. The port can efficiently improve how it operates on its remaining footprint. RORO should be moved to Tauranga.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#10622

Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support

No

#10622

Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu, Ōrākei

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.	

#10622

Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Not Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#10622

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	The first 2 initiatives are nice to have not a must have. Refocus resources on the other priorities.

Tell us why

Key Priorities -10yr:

Bullet points 2, 3, 5 and 9 be shelved and resources better targeted in other community services for all.

Bullet point 10 is a definite priority.

24/25 delivery:

Focus on the last 3 bullet points. The 1st 2 bullet points are vanity v

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and	

#10622

independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

#10622

Tell us why

I support all priorities

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	Very Important
Progress the Meadowbank Community Centre development.	Very Important
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	Very Important
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	Fairly Important
Continue local initiatives to enhance neighbourhood connections and increase safety.	Fairly Important
Fund and support local events to showcase our spaces and benefit local residents and businesses.	Fairly Important
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	Very Important

#10622

Maintain efforts to monitor and improve water quality in our local waterways.	Fairly Important
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	Very Important
Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.	All good initiatives

Tell us why

Spot on

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

101

8. Do you have any other comments?

All good

Long-term Plan 2024-2034

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

House Rates

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Living Cost

#10631

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Most people are still using public transport, so we need more services.

2a. Is there anything you would spend more on?

Public transport during the weekend & events.

2b. Is there anything you would spend less on?

less on cycleways.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#10631

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

n/a

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in

Do not support

#10631

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support

Devonport-Takapuna, Maungakiekie-Tāmaki, Waitematā

Devonport-Takapuna Local Board Priorities

7b. What do you think of our proposed priorities for Devonport-Takapuna in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Progress the detailed business case and delivery of a new library and community hub in Takapuna.	I don't know
Complete the Devonport-Takapuna Local Parks Management Plan that will guide decisions on the use and management of our parks and open spaces.	Fairly Important
Implement priority actions from the Devonport Takapuna Ethnic Plan.	Very Important
Continue to build relationships with Iwi and Mataawaka to promote projects of interest to Māori including the restoration and improvement of Te Uru Tapu.	Very Important
Invest in the delivery of key events in our town centres to support local businesses	Fairly Important

#10659

and showcase our area to visitors and locals alike.	
Continue to renew and improve community facilities including the playground at Achilles Reserve and toilets and changing facilities at Becroft Park.	Fairly Important
Continue support of our valued art partners who provide a wide range of programmes, exhibitions and live productions and performances.	Fairly Important

Tell us why

7c. What do you think of the Devonport-Takapuna proposed priorities for the 10-year budget 2024-2034?

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	

#10659

Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and	Very Important

#10659

independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

#10659

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	Fairly Important
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	Fairly Important
Phased delivery of improvements for Heard Park.	Fairly Important
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	Very Important
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	Very Important
Support local communities to develop Emergency Planning & Readiness Response Plans.	Very Important

#10659

<p>Seek opportunities to promote and celebrate heritage places in Waitematā including making digital content and place-based stories more accessible.</p>	<p>Fairly Important</p>

Tell us why

7c. What do you think of the Waitematā proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improving the cycling infrastructure

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10740

Less spending on roads.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I don't think we should be stopping the cycle way development. Most modern cities are encouraging mode shift. This reduces emissions and congestion.

I'm also in favour of more raised crossings not less.

2a. Is there anything you would spend more on?

Protected cycle lanes.

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#10745

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	Support
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	Support
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	Support
<p>Re-introduce recycling charges for schools.</p>	Do not support
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	Support
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	Do not support

#10745

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Franklin Local Board Paths Targeted Rate - Do not support.

No.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	

#10745

Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important

#10800

Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like the introduction of more user pays services. The people using the services should be the one paying for it.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10850

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

That sounds broadly sensible. I think the introduction of congestion charges could be a good way to raise revenue and manage traffic.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct,Other

Tell us why:

North Harbour Stadium should be privatised and council shouldn't be in the business of subsidising pro sports team.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Council shouldn't be owning airports or ports. Those are best run as commercial ventures.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Sell everything off and let the private sector decide what the best use of those assets are based on commercial factors.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#10850

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport, biking and walking infrastructure, green spaces. Shared areas such as improved Town Centres. Better public transport connections. Empowering people to use active or public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Prioritising cars over other means of transport.

#10904

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The budget suggests massive underinvestment in walking and cycling infrastructure. Auckland Council should act as an advocate to the Central Government and Waka Kotahi for a lane of the existing Harbour Bridge opened for walking, cycling and wheeling. More support for raised pedestrian crossings, safe footpaths.

2a. Is there anything you would spend more on?

Cycleways! Safe and connected cycle infrastructure that gets people on all sort of bikes to where they need to go. Low traffic neighbourhoods.

2b. Is there anything you would spend less on?

Spend less on road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#10904

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Support

#10904

<p>increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>

#10904

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection	

#10904

and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
--	---------------

#10904

<p>Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.</p>	<p>Fairly Important</p>
<p>Empowering community groups and organisations to deliver community events through sustainable funding models.</p>	<p>Very Important</p>
<p>Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.</p>	<p>Very Important</p>
<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Fairly Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses

#10904

ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

The OBA is doing a good job of community building. The extension not only favours the local businesses, but advocates for a more holistic development plan with better connectivity and readiness for a progressive future for the town centre and the Onehunga inhabitants.

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We need more public transport options, more reliable public transport and city wide connected cycle ways. Watercare should be smarter with water harvesting and re-use on site across Auckland. Solar PV initiatives should be rolled out. % target for green roofs in CBD(see Melbourne Plan).

#10931

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need city wide cycleways with cycleways connecting Greenlane to the CBD etc.

2a. Is there anything you would spend more on?

Cycleways

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#10931

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Privatisation of the lease is too risks and may impact our pockets.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important

#10931

Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

#10931

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Long term investment in transport, water and environment. I support investment in public transport and non-car options, including cycling

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#10938

No

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I believe that long term investment in public transport and non-car options, including cycling, is essential and want the Council to prioritise these areas, especially as the current coalition government seems to be only supportive of private vehicles.

2a. Is there anything you would spend more on?

Public transport and cycle ways

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

With increased community usage, I support getting better use from the asset

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It makes sense to create a fund for the long term investment in Auckland

#10938

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I don't believe the land on the waterfront should be leased to a third party for such a long period of time

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

no

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#10938

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#10938

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#10938

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	As a resident of Onehunga, I believe that the two most critical things are: waterfront / estuary improvement and development;

#10938

Business Associations proposed BID expansion.

central Onehunga business and residential development.

Tell us why

They are fine. But in an environment of constraint, I would like to see more focus on fewer priorities, notably: waterfront / estuary improvement and development; central Onehunga business and residential development.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

I would like to know if the Council is considering reducing the number of local boards, as a means of reducing overheads / administration

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More active transport infrastructure Eg Separated bike lanes.

Infrastructure for physical activity - especially for young people. Eg basketball courts, pump tracks, skate parks.

#10957

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support public transport and network optimisation priorities but also strongly support cycleways and raised pedestrian crossings and permanent safe speeds around all schools and in suburban streets.

2a. Is there anything you would spend more on?

I support public transport and network optimisation priorities but also strongly support cycleways and raised pedestrian crossings and permanent safe speeds around all schools and in suburban streets.

2b. Is there anything you would spend less on?

Make sure you 'dig once' so when roads are upgraded or maintenance is done, then improve the active transport infrastructure at that time. Raise parking fees and remove on street parking to allocate space for Public transport and active transport priority.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#10957

Tell us why:

Hold onto strategic assets, the money from a sale is only helpful as a one-time bonus, but the loss of say and control will be felt long term.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

High value public land should be of benefit to all

#10957

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Support

#10957

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#10957

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do less
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Nothing

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Nothing

#10996

2. What do you think of the transport proposal?

Tell us why:

Easier to do transport

2a. Is there anything you would spend more on?

Faster transport easier to register in the system

2b. Is there anything you would spend less on?

Nothing

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

I don't completely understand why the northshore community is complaining but it must be for a good reason

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

It is a good idea to create an Auckland Future fund because we will get a nicer city to live in.

4b. Which option do you prefer for the future of Port of Auckland?

#10996

I don't know

Tell us here:

Can't pick a choice

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Nope

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

#11082

I oppose the proposal to lease the operation of the port for 35 years for the following reasons:

Disregards Expert Advice: The proposal ignores expert advice on the port's unsustainable location, as evidenced by the conclusions of the last three port studies.

Hidden costs: Locking the port into its current location until at least 2060 will impose billions of dollars of road and rail costs on future generations as freight flows increasingly strain our already congested transport network.

Long-term Impact: Prolonging the status quo until at least 2060 will prevent Auckland from realising the significant social, economic, and environmental potential we could achieve by transforming the industrial port zone into a thriving urban environment, as we've done with Viaduct Harbour and Wynyard Quarter.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Bike lanes, and 10x more funding and work on public transport.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roads, we dont need them make a underground railroad.

#11141

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Less traffic, better for environment, just makes for more efficient running of the city.

2a. Is there anything you would spend more on?

The cycleways why would you not add them.

2b. Is there anything you would spend less on?

Roads, if we have a london underground level system then we can have much less traffic on the road and a more efficient city.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We need to have a great stadium and become a great sporting nation to increase our value to the world and income based of our sport.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

All for the climate part and thats all I need to agree with this, fix theclimate NOW, RIGHT NOW.

#11141

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

We are in a large regression and need to reduce our spending and spend on only the important things.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Fix the climate please!

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Only let me vote! :) I can fix everything.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Spend money on public transport yesterday so we can fix the climate.

5b. What option do you prefer for Bledisloe Terminal?

#11141

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Spend on useful stuff.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Do not support

#11141

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Make all of auckland, Pay as you throw, so people are rewarded for creating less rubbish.

Local board priorities

7a. Which local board area does your feedback relate to?

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#11141

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

#11141

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	Building a community sounds great but we need to be creating a better infrastructure to support this such as the idea of the '15 minute city'.

#11141

Business Associations proposed BID expansion.

Tell us why

Put the funds into something else.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I want money to be invested into the climate. And essential jobs not cute local businesses.

Tell us why

8. Do you have any other comments?

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Invest in social infrastructure, building community cohesion and more deliberative and participatory democratic methods.

Pumptracks, learn to ride tracks, bike skills courses, trails, and other recreational cycling facilities where people can safely grow their confidence on a bike

#11271

Eke Panuku's redevelopment of town centres, which often includes making safe walking and cycling connections, as well as improving access for disabled people.

Improvements aligned with the Central Rail Link like the Karanga-a-hape station improvements project, which includes a protected cycleway along part of Pitt street, a pedestrian mall in Mercury Lane, and could include improvements for Canada Street

The Making Space for Water programme's inclusion of "blue-green corridors". These are walking and cycling paths through greenspaces and alongside streams, adding to our walking, cycling network while also creating a natural drainage area.

Auckland Climate Grants and the Live Lightly Programme which can fund community-led programmes to empower people to ride bikes for transport

More investment for local boards: enabling them to better deliver on local climate action plans and local transport priorities

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reducing subsidies for private vehicle ownership and private vehicle parking on public land. Increase fines in areas such as illegal parking and speeding.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Support greater investment in transport as Council needs to:

- Increase investment in cycling infrastructure and maintenance. Investing in cycling has benefit-cost ratios of anywhere from 10:1 up to 25:1
- Build more raised pedestrian crossings more cost-effectively and increase maintenance of our footpaths
- Employ a "Dig Once" approach that aligns delivery of transport projects with delivery of other infrastructure such as water improvements, to reduce costs and disruption overall.
- Leverage road renewals and maintenance for quick fixes that make streets safer for walking and cycling every time a road is repaved, repaired or repainted.

#11271

- Provide greater support for multi-modal trips: such as the proposed \$50 weekly cap for public transport, bikes on buses, more investment in train services, and other mass transit options such as light rail
- Advocate to Central Government and Waka Kotahi for a lane on the existing Harbour Bridge to be reallocated for walking, cycling, and wheeling.
- Deliver on Auckland Council's commitment to the Transport Emissions Reduction Pathway, and Te Tāruke-ā-Tāwhiri, Auckland's Climate Plan.

2a. Is there anything you would spend more on?

- More cycleways and safe cycle infrastructure that is accessible for all kinds of bikes, that get people where they want to go. More end-of-ride facilities for all kinds of bikes, more repair stations along key routes, and better, more regular maintenance of pathways throughout the city. The sooner this stuff is in the ground, the better off our city will be.
- A safe, connected cycle network that is delivered fast and affordably by reallocating road space and using pop up protection like concrete or rubber separators
- More safer speeds (30km/hr) for residential areas, around schools, and through town centres, with traffic calming and raised pedestrian crossings so that everyone can get to where they are going safely
- Low traffic neighbourhoods or using modal filters (stuff like planter boxes and bollards which prevent cars coming through into a neighbourhood from a main road, but allow for bikes and pedestrians)

2b. Is there anything you would spend less on?

Road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks, creating an overall more efficient, affordable, and climate conscious transport network

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

#11271

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#11303

Support all of the proposal

Tell us why:

Auckland needs to focus on the removal of congestion and getting the city moving increasing productivity and reducing costs. This proposal focuses on these aspects.

2a. Is there anything you would spend more on?

Auckland is far off an integrated public transport system reaching the areas of housing development therefore investment in roads and transport corridors is still required in parallel. In addition, the change required in public behaviour to take public transport over vehicles requires a reliable public transport system at the outset. This is proving to be an issue so getting the current system functioning before expanding is necessary.

2b. Is there anything you would spend less on?

Cycleways and pedestrian walkways. The financial focus should be on the main transport options given there isn't sufficient funding. The climate in Auckland means cycleways and pedestrian walkways are less efficient.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It is an under utilised asset that is getting older. Costs are only going to escalate over time so Auckland needs to focus the limited capital and opex and reduce spending where there isn't a return.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

#11303

Tell us why:

I'm not sure how much influence Auckland Council has with AIAL given the 11% shareholding therefore the risk of not having control of the airport which is a primary requirement for an island national is largely already there. I don't believe the release of the remaining 11% will make that much different so best to improve to return to benefit the city in other ways.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

The core function of the council is not to run a port. They should ensure Auckland has a port but the port operation (Freight business) is probably best run industry experts returning an improved return.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Auckland cannot sustainably continue to increase the rates and expect the landowners to absorb the cost. Rents would continue to increase and put the city further out of reach yet its where a large portion of the countries employment is.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#11303

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

If they can be returned without significant impact, why not take it and utilise for other beneficial purposes.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

There would need to be known alternative uses that would provide financial benefit as these might be unsatisfactory to the public and not worth it.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to</p>	<p>Support</p>

#11303

reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#11303

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#11303

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Waitākere Ranges

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#11376

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important

#11376

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

#11376

Tell us why

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I support most priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important
Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Very Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Very Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Not Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Not Important
Initiatives to support youth/rangatahi.	Fairly Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Fairly Important

Tell us why

Very Important

#11376

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Road Maintenance

2b. Is there anything you would spend less on?

Raised pedestrian crossings and road systems/parking like on Taniwha Rd, Glen Innes

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#11389

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#11389

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#11412

Support most of the proposal

Tell us why:

Seems to have been a lot of roadworks in recent years. Go easy on changes and just do upkeep for a while so can spend elsewhere

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Establish fund but keep some shares in Auckland Airport. Seems advantageous for council to remain a stakeholder in such a major piece of infrastructure

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#11412

Tell us here:

I think there are hidden costs to leasing. Maybe negotiations and arguments with leasees/clash of values.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I prefer the port activities to stay. They give life and atmosphere to the city - due to being a hive of activity. If any change occurs I like the idea of open space, so many can share the area. Don't want more residential areas or lots of businesses. Enough of them elsewhere in the central city.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I prefer the port activities to stay. They give life and atmosphere to the city - due to being a hive of activity. If any change occurs I like the idea of open space, so many can share the area. Don't want more residential areas or lots of businesses. En

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#11412

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#11412

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Water front in Onehunga perhaps have some businesses down there, so feels less isolated and safer for the public.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Focus on more bus lanes / public transport, more cycle lanes and increased density to get better bang for buck on moving Aucklanders.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11426

Don't increase road capacity, allocate more to public transport / cycling and less to general lanes and on street parking.

Don't subsidise golf. Charge market rates for council owned golf land. If the club cannot afford, then change use to something that pays an appropriate return. If land is subsidised, it should be treated like any other park with full public access.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Raised crossing and cycle lanes save money and save lives.

2a. Is there anything you would spend more on?

Raised crossing and cycle lanes.

Also more combination of parks and cycle ways with better connection between.
Reduction in VKT would more than pay for it.

Build it and they will come!

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Could redevelop for more housing in a key transport connected precinct.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#11426

Proceed with the proposal

Tell us why:

Council should diversify its holdings.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

#11426

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increase public transport services and reduce fares

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11433

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

The focus needs to be in Public Transport

2a. Is there anything you would spend more on?

City centre bus improvements.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#11433

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Support

#11433

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	I don't know

#11433

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Howick, Waitematā

Hibiscus and Bays Local Board Priorities

7b. What do you think of our proposed priorities for Hibiscus and Bays in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Support the development of community led resilience networks in our area, so our community and organisations will know who does what, where to get information and how to help, including in emergencies.	
Support and advocate for further protection of our sea, soil and fresh water from contamination and sedimentation through methods such as re-naturalisation, or daylighting.	
Engage with our community and key stakeholders, including mana whenua, on the future uses of our undeveloped reserves, and older established ones, including investigation of cost-effective	

#11433

options for other informal recreation and play in these areas.	
Continue to support activities that promote vibrancy, diversity and showcases creativity in our area, such as events, festivals, and other shared experiences in our public spaces for all.	
Continue to renew and enhance the paths network (greenways) to create a safer, off road, well-connected networks for active modes of transport.	

Tell us why

7c. What do you think of the Hibiscus and Bays proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Howick Local Board Priorities

7b. What do you think of our proposed priorities for Howick in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Review and refresh the Howick Heritage Plan.	Fairly Important
Review and refresh the Howick Tourism Plan.	Fairly Important
Encourage community groups to adopt a reserve, park, or waterway etc, and provide for restoration and maintenance activities with council support.	Fairly Important
Rescope the Industrial Pollution Prevention Programme (which educates and informs	Fairly Important

#11433

industry about the impacts they may have on local waterways) to broaden its outreach and include all businesses.	
Develop a community-led climate action plan.	I don't know
Explore the development of a Howick Ward 'business collective', or other group, to provide support for small business owners outside of the established Business Improvement Districts. This work may lead to establishing a new business association and possible new Business Improvement District (BID) programme.	

Tell us why

7c. What do you think of the Howick proposed priorities for the 10-year budget 2024-2034?

Waitematā Local Board Priorities

7b. What do you think of our proposed priorities for Waitematā in 2024/2025?

I support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver a new civic space at 254 Ponsonby Road.	
Complete detailed design of Leys Institute remediation and seismic strengthening, and progress physical works.	

#11433

Phased delivery of improvements for Heard Park.	
Deliver services and programmes that support youth activation, leadership, and wellbeing, particularly in Newmarket.	
Develop programmes that improve perceptions of safety within the City Centre, and our town-centres.	
Support local communities to develop Emergency Planning & Readiness Response Plans.	
Seek opportunities to promote and celebrate heritage places in Waitemata including making digital content and place-based stories more accessible.	

Tell us why

7c. What do you think of the Waitemata proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11445

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

It seems to largely ignore improving walking and cycling, even though this is such a key part of how people get around, works towards our climate change goals, and is a huge part of making Auckland more liveable. Not to mention road safety and saving lives. The plan should be way more ambitious in this area. The rapid transit investment also lacks ambition and long-term vision.

2a. Is there anything you would spend more on?

Walking, cycling and rapid transit

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It's prime land right in the heart of downtown Auckland and should be used for public benefit and to foster economic opportunities.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

This is a huge opportunity for a large-scale, ambitious project in the heart of Auckland that improves liveability and creates economic opportunities.

#11445

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Fund The Art Gallery and it's special exhibitions such as Guo Pei in order to draw in overseas and look cal visitors. The Museu's Egyptian Exhibition and large cultural events like The Writer's Festival similarly drew large numbers of visitors. Do not allow the waterfront to install a retirement village which excludes most ppl. Foster inclusive

#11454

waterfront projects as in Canada! Resume cycle paths..Round the Bays. Implement climate measures: regulation to stop building on flood plains. Compensate current owners. Clean rivers drains to prevent flooding. Actively olice dumping! Tourism is a major income stream so bed tax airport taxes etc help! Keep town planning building inspection jobs in-house to control costs. Pay executives less. Or maintain present pay levels as long as possible. Regulate scooters; helmets knee & elbow pads. Implement speed limits & fines for safety. A C has social responsibilities as well as the urgent need to separate antiquated storm water. pipes! Allow for more space around high rise new builds, recycling water sytems and pocket parks e.g Hobsonville!. Regulate to limit impervious concrete areas for control roof-water. Monsoon guttering etc. Educate ppl around recycle Ng & food-scrap. Fines 4 non-compliance. Do research on functional & aesthetic cities that appeal to residents.: avoid approaching grid-lock.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No!! Stop putty this as a binary question of yes or no. It's. not helpful. Offer rates upport for those who need it. Petition the government to tax rental property owners fairly. Owning ore than 1 or 2 properties should mean pay more tax. Consider a land tax. There are many measures Auckland Council can take to keep the future of Auckland City ia.nd it'swelefare at the forefront for current planning and goal setting.

2. What do you think of the transport proposal?

I don't know

Tell us why:

I support the public transport initiatives. But cycle lanes and raised lpededtrian crossings are still needed for safety & traffic calming.oncity roads. More park & ride initiatives. OTahuhu station was given none after costing Proper bus \$32M

2a. Is there anything you would spend more on?

Auckland needs proper bus exchanges, unlike the Botany one which also has no designated parking area. Scooter and pedestrian safety. & school transport. The Zoo and Western Springs. (The Hamilton Gardens for example). The Aotea Centre and Aotea Square a getting to small for the demands required of them. Protect all existing iconic parks like Albert Park and The Domain. Develop more public space on the waterfront in readiness for boating events. Solve the ferry woes.

#11454

Support the Arts and community events. Innovative measures for the homeless. Wet Night stay Centres (not only dry ones)

Retain a reasonable amount of housing for the elderly.. Social co-ordinators to organise events, educate. people on what the council's role is in all aspects of it's functions e.g. ecofestivals. Please priorities pre-school care.

2b. Is there anything you would spend less on?

A difficult question, however, instead of going for as many redundancies and dis-establishing roles as the government is doing, take alternatives such as capping salaries for those in the top earning salary levels. Lead by example!

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

From what I've read the focus of the use of North Harbour Stadium is too narrow. Apart the occasional spectacular event like the large opera,, mainly sporting events are held there. The swimming is a small but essential to the community, but expensive to replace..

What international events suit North Harbour & how well are they supported. In time, with population growth von the North Shore and Orewait will be a loss to the community if it goes.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Establish the Auckland Future Fund but. contribute earnings from the AIAL to the fund. The capital amount will build more slowly, but with a surplus this year's a budgeted

#11454

amount can be transferred each financial year. Future climate crises that this fund serves should be mitigated as soon as possible.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The proposed Future Fund does not take into account the urgent preventative measures needed to mitigate the effects of climate events in the near future.

Encouraging ratepayers to believe in the razor approach to spending instead of finding solutions to all weather and drinking water related problems without higher rates is taking a disingenuous approach that is misleading.

The overseas example is the major cyclone that affected New Orleans. Major devastation could have been avoided had council taken preventative action in the 1970's -1980's. They didn't because of the cost which was a false economy. Future Councils were expected to solve the problem that large tracts of houses would be under water and, in Hurricane Katrina in 2005 they were!

Let call newspapers at the time wrote in-depth articles on the neglect and lack of foresight of earlier councils. The equivalent in Auckland is allowing houses to be built on flood plains, eroding cliff-top edges and the like.

Wikipedia article on Hurricane Katrina. Accessed 28/3/24

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Given my arguments above in support of the Future Fund, a Balance needs to be struck between the two. Spend the returns on infrastructure but not on reducing rates should be made to work. The Future Fund needs to grow at a reasonable pace.

#11454

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Self-insurance for the Future Fund is tricky and should not be regarded as entirely self-insured because if the potential for climate events to be catastrophic and wide spread at the same time.

Cyclone Gabrielle is but a model of how NZers coped. How many people are now affect because a local council decided to implement, in my opinion, what was an arbitrary end to pay-outs for compensation for damaged houses. What if there is no land and no house left either to restart!

Central government is ultimately responsible for the welfare of any citizen of NZ in such an event.

A cousin of my daughter's in her 80's had to shift from her damaged house in Christchurch to s 65M Sq related catable house in Greymoutha cold rainy damp place! Her half sister lives there, but imagine the change in circumstances if,ba life-tine of working as a single woman, it comes to this. The Earthquake Commission did not pay her enough to rebuild in the Pot Hills of Christchurch.

I am in favour of keeping all Auckland Council assets if such size and importance., especially as they return income to the council.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The damage to roads from more freight because of a potential reduction in size of the ports of Auckland doesn't add up. It's shifting cost from one entity to another, in this case NZTA. (Waka Korahi)

More Residential development (especially the proposed

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#11454

Tell us why:

Carry as much research as possible before any proposed change. The status quo in this s case, is best. As it is the port needs to run as smoothly as possible. My friend used to work there until the recent disruption from the Covid epidemic. Of three workers with the same job as hers, receptionist, only one was retained!

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>

#11454

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

When property purchases are made in areas like Rodney, Keumue and Cleveland, it should be clearly stated on Auckland Council records when public wastewater and drinking water services can be provided. Rural lifestyle blocks should be expected to start out with a degree of self-sufficiency in such areas as providing tfor them from Council rates is more expensive than the more concentrated city growth. It is a continuing issue to balance property owners wishes for more land and to live in the country with the provision of services by over-stretcged local council's and now Auckland Council's. Any small town in NZ gas the same problem, as reported on TV, too few people to pay for the costs of providing services. (And that is regardless of how high the rates are)

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#11454

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#11454

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in	Very Important

#11454

schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).

Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

I do think sustainable funding programmes are more aspirational than real in terms of what community groups can achieve depending on which group. The specifics relating to community groups vary widely.

For example, our community orchestra, a successful one, had its funding dropped from \$110,000 year to \$10,000 the next. They were forced to turn to private businesses and funds which are not available much smaller groups than ours.

With an experience like that, I can imagine the trepidation with which a group's finance officer and secretary or director would react and have to manage that situation!! In my opinion smaller groups don't stand a chance, of sustainably implementing any sustainable partnership with council.

As for letting local businesses, those ones not being strangled by monolithic Shopping Malls, do make a good contribution to the funding of local groups. Individuals as the famous Peter Leitch of Mad Butcher fame. Town Centres that are neglected have a dark and gloomy atmosphere about them.

Tell us why

Continuity is ensured overall with Local interests paramount however, we need more emphasis on emergency responses. Where are the emergency settings, which schools, which churches or Maraes are set up to take on the role in emergencies? What funding is available

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#11454

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

For the businesses, more funds from a bigger business area and being included in BID will assist them because of greater investment into the BID..

Also, it has worked elsewhere in Auckland as an article in the Herald by Wayne Brown of a BID area funding the Victoria St vertical park. This is an appealing which all visitors there benefit from.

Tell us why

8. Do you have any other comments?

I cannot tell, but I get the impression that bigger Local Boards get more funding and there can be more effective. They also have pressing problems with flooding and low lying areas next to rivers with housing to care for.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sorting the local beach water cleanliness

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11489

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Focus on public transport rather than roads. The more convenient public transport is and the less convenient driving is will help the transition

2a. Is there anything you would spend more on?

Public transport, if it improved and was more reliable

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

33 million for a under utilised stadium is crazy, glad it's getting reviewed. go out for public consultation and see how it could better serve its community

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

I don't know enough about \$\$ to weigh up the risks and gains here

4b. Which option do you prefer for the future of Port of Auckland?

#11489

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Seems like a good option to retain ownership and make some extra cash

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Don't know enough to say

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

It really depends on what council would use it for, it's a great idea to make the city centre better but is it worth the cost and will it make more money? Too many unknowns for me to say

5b. What option do you prefer for Bledisloe Terminal?

I don't know

#11489

Tell us why:

It really depends on what council would use it for, it's a great idea to make the city centre better but is it worth the cost and will it make more money? Too many unknowns for me to say

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>I don't know</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing</p>	<p>I don't know</p>

#11489

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#11489

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#11489

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Venue needs to be further evolved to meet stakeholder requirements.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Council requires more diversified revenue streams.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Enables effective establishment of the Auckland Future Fund

#11495

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

Not sure quantum of dividend would enable effective establishment of the Auckland Future Fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Increase vibrancy of the waterfront.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Streamlining public transport availability and options

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Supporting cultural events

#11508

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

11% doesn't seem like a huge interest to potentially lose and having a 'future fund' is common sense planning.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#11508

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Prime land that could be a benefit to Aucklanders, as long as it didn't become a property development site that only wealthy people could afford.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

I'm concerned that removing this shard as well as the others will mean there are more trucks on the road transporting freight from ports such as Tauranga.

6a. What do you think of these proposals?

#11508

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#11508

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

#11508

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#11508

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

In tight economic times this seems like a luxury that can be deferred, or perhaps modified. Most people like Onehunga BDI just the way it is.

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Clean the streets since you took the bins away - already paying for it and your not doing it

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11530

Waste money and stop funding vanity projects

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

How will you get across the railway to otherside of Onehunga and the emergency vehicles you are putting lives at risk

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

You stuffed it up give it back to north shore trustees

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#11530

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in

Do not support

#11530

<p>the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>Do not support</p>

#11530

Increase the **Waitākere Rural Sewerage Targeted Rate** from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection	

#11530

and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
--	------------------

#11530

Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	I don't know
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Not sell the airport or lease the port,.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Punuku

#11536

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Dynamic lanes are less use full than cycleway and walkways, less car focus

2a. Is there anything you would spend more on?

Walking and cycling

Congestion fees on inner Auckland suburbs not on the western or southern motorways

Charging trucks for damage

2b. Is there anything you would spend less on?

Less on roads

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Community use emphasis

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Against loss of port

Has not worked before

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Do not lose access to this land short term solution

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

No future fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Against the proposal

5a. What option do you prefer for Captain Cook and Marsden wharves?

Other

Tell us why:

Move the cars and free up more options

#11536

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Alot of under utilised space

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Do not support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Do not support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	I don't know

#11536

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Inner city improvement

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11564

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Cycle and bus lanes are important

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

I do not live on or frequent the North Shore.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Sensible!

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#11564

Tell us here:

Operation of port is not a key council function

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

That area could be very beneficial in enhancing Auckland city.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

Just part of it? The eastern and northern sides might still be required for port operations.

6a. What do you think of these proposals?

#11564

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Rodney

Rodney Local Board Priorities

7b. What do you think of our proposed priorities for Rodney in 2024/2025?

I do not support most priorities

More specifically, what do you think of each priority we've listed above?

Deliver new and/or improved playground and play spaces in Goodall Reserve, Te Hana Reserve, Rautawhiri Park and Riverhead War Memorial Park.	Not Important
Support communities to develop local community emergency leadership groups and emergency action planning in response to the findings of the Emergency Response Assessment study being undertaken in 2023/2024.	Not Important
Provide additional activities and programmes for children and young people maximising the use of our libraries, halls and open spaces, where possible.	Not Important
Continue to support our local arts centres in Helensville and Kumeu and look to extend arts experiences to other parts of Rodney.	Not Important
Continue to support community groups and mana whenua to keep our waterways clean and healthy and restore biodiversity.	Not Important

#11571

Support the community to minimise waste, turn it into resources, and promote education on waste reduction.	Not Important
Develop and refurbish toilet facilities in Glasgow Park, Dinning Road Esplanade Reserve and Port Albert Recreation Reserve.	Not Important
Develop pathway connections in Green Road Park.	Fairly Important

Tell us why

7c. What do you think of the Rodney proposed priorities for the 10-year budget 2024-2034?

As our local board area is so large, please tell us where you live so we can better understand the views from different communities

Waitoki

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11618

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport

2b. Is there anything you would spend less on?

Roads

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

#11618

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.

Support

#11618

<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field	

#11618

network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important

#11618

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

The priorities appear to be clear

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

#11618

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf Lifesaving clubs have been left out of this draft, but were funded under the previous Long Term Plan.

The lifeguards are not sportspeople engaging in a leisure activity, they are a vital emergency service, led by volunteers, that quite literally save hundreds of lives across Auckland’s beaches every year.

#11680

However, many of the club facilities they patrol beched from are reaching end-of-life and are in need of repair and replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively, we risk losing volunteers and lives will be put in jeopardy.

It is my hope that Auckland Council will allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

I don't know

#11680

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Council has a central proposal that recommends spending more where it is needed most. Surf Life Saving facilities are a critical part of the social fabric of Auckland. They provide the operational base and support the volunteers that have been Aucklanders to recreate safely for over 100 years.

They have served as temporary welfare and community centres, as well as civil defence centres during regional emergencies, including during the Auckland Anniversary flooding and Cyclone Gabrielle.

The club facilities aren't a nice to have, they are the heart of our service. Allocated funding is essential to ensure the continued operation of our clubs and the safety of beachgoers. The amount requested is minimal when compared to the benefit it will have for the region.

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

All Council Departments and expenditure should be cut to retain rates at a reasonable level. ie: Around the level of inflation.

#11694

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Raised Pedestrian Crossings. Advertising AT on Commercial Media.

Reduce Traffic Management requirements as many appear 'way over the top' for the work being done.

Eliminate or change all bus routes with low patronage

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We have too many stadiums in Auckland. They should be reduced to 1 or 2 which pay for themselves

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#11694

Auckland Airport shares are a valuable commercial investments with historically very good returns. Council should not be selling them.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Again a valuable Council Asset with good returns. Leasing might create an immediate windfall but I feel the long term benefits of retaining control outweigh this

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council should be actively seeking to hold rates at reasonable affordable levels.

(About the level of inflation.)

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#11694

Auckland City waterfront should be a focal point for Auckland and its visitors. Explore private commercial operations that may wish to invest in this area. eg: A waterfront stadium completely funded by private enterprise

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Do not support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>

#11694

Re-introduce recycling charges for schools.	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#11694

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#11694

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing	It appears as though a lot of money is 'wasted' 'beautifying' historical town centres

#11694

growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

which are struggling to compete with modern commercial malls.

Keep them clean and functional but should Council be landscaping and building playgrounds in them at great cost when people are simply going to the malls anyway?

eg: Clifton Court, Panmure. Why build a completely new playground there when what was there before was perfectly adequate for that area?

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Create more job opportunities for refugees and migrants

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reduce living cost and petrol prices

#11724

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Build more roads to reduce Auckland traffic

2b. Is there anything you would spend less on?

Reduce parking fines and using T2 lane fines

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

#11724

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #11724

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Reduce electricity bills

Local board priorities

7a. Which local board area does your feedback relate to?

Māngere-Ōtāhuhu

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	

#11724

<p>Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to address the issues caused by flooding and seawater inundation.</p>	
<p>Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.</p>	
<p>Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.</p>	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support most priorities

8. Do you have any other comments?

Promote appropriate languages which will make it easy for public to understand any changes or plans Auckland council wants to propose

Long-term Plan 2024-2034

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#11744

Support most of the proposal

Tell us why:

I disagree with "stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways"

2a. Is there anything you would spend more on?

Public transport will help ease congestion on the roads, allow safer travel for cyclists, and be more environmentally friendly

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#11744

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Improve walkways greenways cycle routes and paths.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#11786

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Raised pedestrian crossings and cycleways are important safety initiatives. They should not be cancelled. I do not support dynamic lanes, they are dangerous.

2a. Is there anything you would spend more on?

Improve walkways greenways cycle routes and paths

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

The stadium should be closed and the land sold.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The fund would invest in the same sorts of major assets that are being sold to fund it!
It's completely illogical.

#11786

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

It is important we maintain control over the port and its land which would be much harder if a company had an operating lease.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I do not support the Future Fund.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

They are close to public areas and more important for public use than port operations.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#11786

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#11795

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We would pay more for our local libraries to expand their operational capacity- especially in areas where there is no designated community hub. We would also pay more for a fair level of funding for local boards. We would pay more for delivery of services to be faster, more effective and to a higher, consistent standard. We would pay more for our natural environment to be restored, but also maintained more

#11879

frequently. We would pay more for our transport systems and functions to have accessibility at its heart, rather than as a add-on component. We would pay more for urban regeneration projects to eventuate faster and also for these projects to be better delivered- as in, communicated more clearly. We would pay more for Auckland Council- and in particular its CCOs- to reconfigure itself to be more agile organization and proactive, rather than reactive to Aucklanders' needs.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Engage less consultants and definitely reconfigure the local community consulting practices within Council. These are highly inefficient, and in the instance of community consulting, a waste of resources when consultation feedback from community does not have an impact on decision-making, and further a response about why some actions directly oppose feedback given.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

We agree that public transport must be more reliable, faster and easier to use. For a town centre, our public transport hub is a lifeline for our businesses and local community which support us. We agree that dynamic lanes be introduced, and in particular for our Easter Busway, that during peak hours, this be considered a dynamic lane option. We agree that traffic management requirements should be reduced- in fact, we strongly support that these requirements be reviewed more closely as it pertains to town centres with consideration with the closest Business Improvement District association as this often negatively impacts businesses disproportionately. While we support cycleways, we do not support them without proper consultation and further review into why they are designed as they are- i.e. who are they designed for? Many do not seem like they are designed for commuters, which should be the priority. We agree that raised pedestrian crossings are way too costly as they currently costed.

2a. Is there anything you would spend more on?

Auckland Transport has an Action Accessibility Plan and we would pay more to see this implemented more effectively, and boldly so that those within our community that are less mobile have more than adequate access to our town centres all across

#11879

Auckland. We would pay more for there to be weekly capped fares to enable both higher access and participation from our more vulnerable communities to public transport, who need them more. We would also pay more for our AT assets to be renewed and maintained more effectively. For example, our town centre had practical pavers exchanged for slippery clay brick pavers that are constantly injuring members of our community. Also, we have plants and trees that are not maintained because the original architects did not think they would require pruning and arborists to maintain these more frequently. We would also pay more for more efficient service delivery. We have had a pedestrian crossing without belisha beacons for over 2 years. This is simply unacceptable. We would pay more for our Park and Ride carparks to stay free within our area of Maungakiekie-Tamaki as this will disproportionately disadvantage our local community from taking advantage of public transport. We would also pay more so that public transport services could be extended. It currently benefits the traditional work week, but as a commercial district, we would like more services on the weekends for our businesses to benefit.

2b. Is there anything you would spend less on?

We would spend much less on consultant and consulting fees- particularly as the little feedback they might receive never seems to go anywhere useful. We would also spend less for contractor arrangements that are astronomical without delivering efficient results. As a business association, we have seen first hand how traffic management plans, Council contractors and consultations are highly ineffective, poorly communicate with local communities and ultimately these projects seem poorly executed and adding no value to the areas in which they were done. We would spend less on cycleways for the aforementioned reason that they often do not make sense for commuters which ultimately, for economic development as well as for the good for the climate, should be prioritized over the "nice to haves" for leisure riders. Also these cycleways often do not make practical sense, especially when there is also a bus lane right alongside the cycleway (i.e. Glenn Innes Taniwha St). We would spend less on traffic management as in many cases they are redundant- whomever approves these should live in the local area or at the very least should visit the site proposed for work before approval being given.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

#11879

North Harbour Stadium is the least utilised of Auckland's four stadiums. Rather than seeing this as a disadvantage, this advantage should be considered an (investment) opportunity to turn this precinct into something that better delivers for the needs of this community. It follows that there is a need for a change of operational management so that the stadium can better attract use from the community and better respond to the needs of the North Shore community.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Leasing the operation of the port for 35 years may be expedient, but in the long term, once the port lease is up, it is likely that the areas around the port (i.e. road and rail infrastructure) will need significant upgrading. It is likely that 35 years from the lease settlement, Auckland will be very different, so there is a lot of uncertainty of whether the port will still be as relevant or useful or if it will require a massive influx of investment from Council to have it meet the needs of a future Auckland. It would be better to have Council retain its ownership and work with the interested stakeholders in the port to come up with a reasonable, more profitable model for how it can provide more dividends to council.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

#11879

Tell us here:

This seems like the best option. Without selling the remainder of the AIAL shares to reduce council debt, it would be better to utilize these shares in a Auckland Future Fund. While it would be expedient to use these profits to fund council services, it would be a temporary reprieve and just mask the need for council to be a more agile and proactive organization for longevity purposes.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Proceeding with the proposal to transfer Captain Cook and Marsden wharves from the port would support the strategic vision for public accessibility to the waterfront.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Should Bledisloe Terminal be transferred to council, it is likely that the disruption to port operations (by other ports receiving incoming goods and then being transferred to Auckland) would mean higher supply chain costs, increase congestion on the roads, as well as affecting emissions. It would not make sense for this to be used for public benefit considering it will be located next to a working port- this may encourage anti-social behaviours not to mention finding an alternative use for public benefit would be different because of the light, noise and associated traffic implications.

#11879

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. #11879

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

We strongly disagree with the discontinuation of the Long Term Differential Strategy. We disagree with the proposal that businesses pay an increased rate of the generally applied targeted rates (i.e. Water Quality, Natural Environment, Transport targeted rated) from 25.8 percent to approximately 31 percent. We support Council wanting to improve infrastructure to save our beaches, streams and harbours as well as reverse the decline of biodiversity in the region, but a business differential should not be applied to these rates (especially one so high). Small businesses make up the majority of Auckland businesses, so discontinuing this strategy would disproportionately affect small businesses, and in particular that they will affect different business centres disproportionately. We disagree that "businesses place more demand on, and impose more cost on, the council's transport and stormwater services" or that "rates are more affordable for businesses". We ask that this strategy remain in place.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#11879

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

#11879

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing	While we believe all of these are important, making sure that our community groups

#11879

growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

and organisations have the necessary skillsets, capabilities and understand their capacity constraints it most important for our local board to support. It is only when these are met, that we can then empower our local groups to run events- this way council resources are not only well spent, but these events can be successful and also sustainable with potential for growth. Within our local board area, it can be argued that the business associations are one of the main drivers & deliverers of some of the local board's outcomes. While we support that business associations play a role in this, there does also need to be considerations about the business associations key function- which is economic development. There needs to be forthright conversations about adequately balancing the role that business associations have in delivering local events in particular, and whether they are jointly serving both local board priority outcomes, as well as delivering tangible economic development.

Tell us why

We agree and support the Maungakiekie-Tamaki local board's proposed priorities for the 10-year budget 2024-2024. We would also ask that it consider supporting community and businesses by committing to facilitate more meaningful engagement and clear commun

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the

#11879

Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

BID programmes add a lot of value to commercial precincts through their activities. They are especially useful for smaller businesses which might not have the same resources, capacity and knowledge to advocate on their behalf for issues such as transport, security and improving the general business environment. We support Onehunga's BID expansion proposal.

Tell us why

8. Do you have any other comments?

We urge council to closely examine their Council Controlled Organisation Accountability Policy to make sure they are conducting activities which provide excellent value for money for taxpayers (especially in the space where consultants are concerned), communicate clearly with stakeholders that are actually impeded by their projects and deliver projects in a timely fashion, that do not incur unnecessary spending. These CCOs appear to be insular and work in silos even though they are part of the council family- this has a real and immediate impact on local communities and businesses. There must be a better way to deliver projects, while also minimising the damage to already unfavourable CCO-community relationships. We welcome the Local Funding Policy as a starting point to more equitable funding across local boards, however, there was little information on what deprivation would mean in this context. While we understand that population should be the main consideration, we do think that this deprivation percentage should be a little higher.

Long-term Plan 2024-2034

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Sort out trains (eg to Onehunga where significant growth is being experienced while transport options are being cut back.). Increase public transport options rather than increasing road options. Your choices above are too broad. I do not support road expenditure but I do support better and more direct train services.

#11940

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Focus on improving train transport. Improve direct links and ensure that Aucklanders of all ages have options, especially children, elderly, disabled.. For example currently I travel from city cannot wait in the evenings at Newmarket for my connection home.

Continue the development of cycleways...it is very important for our future.

Stop doing the raised crossings and stop local boards from spending hundreds of thousands on initiatives such as experienced in Onehunga in 2021 on establishing low traffic neighbourhood trials which blocked off streets and created divisions within the community.

If a congestion plan is implemented then it must be equity based and recognise that certain groups

2a. Is there anything you would spend more on?

Trains. cycleways. Direct routes.

2b. Is there anything you would spend less on?

Roads.

Local board initiatives to control traffic as they inadvertently create divisions and first and second class members of a community.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

#11940

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council services ought to include a future plan without it being separate. A future Fund is vulnerable to poor investment and management and we have significant transport and infrastructure challenges that need to be addressed now.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#11940

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Only do this if the land is to be used for public spaces.

I do not support this important area of land to be used for commercial and residential development thus privileging a few to have access.

The land must be used for all public space and enjoyment

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Its a compromise. If port was moved out of Auckland ...Not to Manukau (a disaster)...then I would reconsider my response to this.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>

#11940

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	<p>I don't know</p>
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	<p>I don't know</p>

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#11940

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#11940

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important

#11940

<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Not Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	<p>I do not support any interference in the street flow of Onehunga....so it depends on what they define as a community event</p>

Tell us why

Very concerned about the Board making decisions around infrastructure/traffic and lacking an understanding of how it plays out in the lives of those who are less well off. The road change traffic flow example of 2021 is a very good example of a local boar

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I have read the documents and have tried to understand the implications of this on ratepayers and I just don't understand why it is necessary, how it will impact on property values, rate requirements and the impact on houses that are not part of it.

No one has put out a really clear explanation of why this is necessary and what it may mean for property owners inside and outside the area,

#11940

Public discussion is saying the Business owners themselves are keen so this does not help the residential people understand.

Very disappointed in this issue in terms of communication etc. The authorities may think they have done a good job communicating this but it has focussed on the benefits for business owners but not on the implications, benefits and otherwise for non business private home ratepayers.

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport system

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#12005

Stop developing cycling roads that no one uses

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Need more modern solutions

2a. Is there anything you would spend more on?

Technology

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Great stadium which is under utilized

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

This will be raided for the wrong projects

#12005

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Why would you outsource when it is making a return and the heart of moving of product around Auckland

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The Port can contribute and collaborate with council initiatives

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The Major is not very smart when it comes to a profitable organization

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Along with the other 115Ha gifted to council and not used to generate income.

5b. What option do you prefer for Bledisloe Terminal?

#12005

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

If you give back Captain Cook and Marsden you will need to extend Bledisloe as the Port operations will expand as Auckland grows

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	I don't know

Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	

#12005

Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#12030

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

We need to be doing as much for public transport and safety as possible

2a. Is there anything you would spend more on?

Reduced and zero public transport fares; ongoing electrification; footpath maintenance

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

the stadium has potential as a multipurpose community asset, worth exploring

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

There is more long term benefit and certainty in retaining the airport and port as income generating assets. The return is likely to be equivalent to whatever a fund would generate each year, but long term. Having these assets helps Council to borrow against them. A fund will be exhausted over time, leaving no fallback option. The sale of shares in Auckland airport last year has delivered no apparent benefit at all, none of the predicted benefits were realised. How would this be different?

#12030

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Benefits disappear off shore. New port management is delivering better value, why would you hand this over to others with no benefit to Auckland., And international leasee would be unlikely to invest in underlying infrastructure, leaving a mess to be sorted when the lease ends (cf NZ Rail). There needs to be a long term strategy for ports in NZ - how does locking in a lease of 35 years allow this strategic rethink to happen or the future of Auckland waterfront be fully explored?

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

This is just a desperate and short sighted proposal, it offers no long term certainty of benefits and potentially leaves the city a lot worse off

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#12030

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Support

#12030

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#12030

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#12030

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	I would like to see more attention to footpath maintenance in the Onehunga area, many are in very poor condition and very dangerous

#12030

Business Associations proposed BID expansion.

Tell us why

Support removal of rail corridor;

support reinstatement of local transport fund - there is a critical need to improve the quality of footpaths in the Onehunga area;

support redevelopment of Panmure multipurpose facility, Onehunga Rec centre and Ruapota

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Equitable funding for Local Boards is necessary. Time to bite the bullet after 14 years of procrastinating

Auckland Council could carry a much higher lever of debt to invest in neglected infrastructure. This is not the time to continue the timidity of underinvestment that has plagued Auckland for so long

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Making public transport more accessible. Making sure our business areas are tidy and well maintained. It would be nice if more could be done to support more big events coming to Auckland.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#12089

Less money spent on consultants and inefficient traffic management plans.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport needs to be more reliable. The RNR stage 1 and stage 2 was poorly communicated and delivered. We live in Panmure and had no idea our trains were not going to operate for a year!

2a. Is there anything you would spend more on?

Public transport needs to be more accessible to those with mobility issues. It is so poor that those with mobility issues (elderly, those with baby strollers, disabilities and disability scooters) are not catered to first and foremost. If it worked for this group, it can then work for everyone.

2b. Is there anything you would spend less on?

Less TMPs and no more raised pedestrian crossings that aren't specific to school locations. It is ridiculous that raised pedestrian crossings cost taxpayers approximately \$400k. Less consultants and holding them accountable when their projects do not deliver within their intended timeframe.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#12089

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Do not support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>I don't know</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide</p>	

#12089

increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	

#12089

Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

#12089

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	I don't know
Empowering community groups and organisations to deliver community events through sustainable funding models.	I don't know
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

I agree

#12089

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Auckland Transport as an organisation requires an overhaul. Eke Panuku does not seem to be delivering in Panmure and needs to be held accountable.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable): Onehunga Business Association

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We support the central proposal overall, but are opposed to discontinuing the Long Term Differential Strategy. In addition, we support that aspect of the Pay More, Get More Scenario to attract more visitors, bid for and host major events as well as supporting economic development activities. We wish to be assured Council is properly funding core infrastructure services.

#12095

As set out in your Consultation Document, the services and activities provided for in the central proposal are a capital investment of \$39.3 billion and operating spending of \$72.0 billion over 10 years. The Consultation Document says this will strengthen Auckland's physical and financial resilience, while tackling some big budget challenges. We agree.

Overall, the rates increases for the average value residential property will be: • 7.5 per cent in year one; • 3.5 per cent in year two; • 8 per cent in year three; and • no more than 3.5 per cent a year after that. We understand that rates for business properties will be around 1.5% higher for each of these periods. We note that this includes discontinuing the Long Term Differential Strategy, but your Consultation Document does not set out how continuing the Long Term Differential Strategy would affect these rate increases, especially for businesses.

In terms of the need for efficiencies and savings, we believe there should be a sharper focus on finding savings from the management of contractors and consultants by the Auckland Council group. We support a budget package that sharply reduces Auckland Council's group operating costs.

We also support borrowing more than the planned 'less than 270 per cent' of group revenue.

And, while we support Council working with central government on new funding tools to enable more investment into visitor attraction and economic development activities (as set out in the central proposal), in the meantime, we ask that a budget for marketing Auckland internationally, to attract visitors, bid for and host major events as well as support economic development activities be prioritised (as set out in the Pay More, Get More Scenario). We are concerned that under the central proposal only the basic suite of events and minimum level of economic development projects will be delivered by Tātaki Auckland Unlimited. We also ask that the budget for local board funded events, local economic development and town centre re-generation be at least maintained, but preferably increased. These activities are not only what makes Auckland a 'fun' place to live in, but offer an economic lifeline to small businesses with increases in visitor numbers.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Reducing overhead costs

#12095

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

In terms of the need for efficiencies and savings, we believe there should be a sharper focus on finding savings from the management of contractors and consultants by the Auckland Council group. We support a budget package that sharply reduces Auckland Council's group operating costs.

We also support borrowing more than the planned 'less than 270 per cent' of group revenue.

These activities are not only what makes Auckland a 'fun' place to live in, but offer an economic lifeline to small businesses with increases in visitor numbers.

2a. Is there anything you would spend more on?

Slower speeds in town centres

Ensuring that businesses are not negatively impacted by any infrastructure projects in Onehunga

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

#12095

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

There are several reasons why we do not support a lease of the Port operations.

First, the various reports commissioned on the future of the Port of Auckland have reached the same conclusion that the Port will outgrow its present site in 20-30 years. Also, the capacity constraints are not limited to the Port itself. The reports agree that the road and rail networks that service the Port will need significant upgrading to improve connectivity and integration. As a consequence, locking the Port into a lease of around 35 years does not seem to align with the need to integrate transport links or shift the Port in 20-30 years, or provide the flexibility necessary for these decisions.

In addition, the privatisation of the Port will likely mean Auckland businesses would end up paying increased costs to deliver profits to a private port operator (who will have a monopoly). Major price hikes from private terminal operators have led to concerns recently in Australia. We have concerns that any financial benefits from the lease will be outweighed by increased costs for businesses and consumers. Moreover, the Port of Auckland has recently seen a major turnaround under new management.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

We are very concerned about your proposal to discontinue the Long Term Differential Strategy which has been gradually lowering the share of general rates paid by businesses and for business ratepayers.

#12095

We do not accept that a business differential should be applied to rates especially for your reasons that “businesses place more demand on, and impose more costs on, the council’s transport and stormwater services”, or that “rates are more affordable for businesses” or because “businesses can also claim back GST on rates and expense rates against tax.” These reasons do not justify the business differential, particularly for small businesses who make up most businesses in Auckland.

We ask that the Long Term Differential Strategy remain in place.

We are also very concerned about your proposal to increase the share that businesses pay of generally applied targeted rates (Water Quality, Natural Environment, and Climate Action Transport targeted rates) from 25.8 per cent (originally set at the same level of the end target of the LTDS) to the same share they will pay of the general rate, approximately 31 per cent.

While we agree that Auckland must improve infrastructure to save our harbours, beaches and streams and reverse the decline of biodiversity in the region, we do not accept that a business differential (especially at 31%) should be applied to these rates.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	

#12095

Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

#12095

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	It is important that local groups are funded to deliver local projects as we have the best understanding of our community.

Tell us why

Climate action is critical in Onehunga. Our suburb did not cope well with the flooding and the infrastructure is out of date. We support the local board's priority on preparing for more climate challenges.

#12095

Support for the Transform Onehunga programme by E

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

I am representing the OBA and our expansion area businesses support the proposal by over 70%

Tell us why

8. Do you have any other comments?

In early 2023, Auckland experienced the Anniversary Day floods and Cyclone Gabrielle. These devastating events showed the effects of climate change are getting more frequent and more severe in Auckland. The Consultation Document says that these events have had big impact on the council's finances both in terms of storm response costs and the need to improve Council's storm response and resilience.

We would have thought the Council would have considered implementing a targeted rate in the Long Term Plan 2024/2034 to fund these measures (the 'Making Space for Water' programme).

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#12162

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important

#12162

<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Fairly Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value	

#12236

residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

To reduce house price

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

To reduce living cost

#12253

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

To be less traffic on the roads

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

You may have difficulties with managing the funds.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#12253

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Nothing in particular

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	As proposed
City and local development	Do less
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport system

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#12273

Stop wasting tax payer money on these little islands with trees/plants in them we have 1 in front of our house and the trees just keep getting run over and people dumping garden rubbish etc in them also taking away much needing parking space with all these homes been built with no car parking. I love greenery but parking is needed nothing wrong with sticking to planting trees on berm. If you want to slow traffic put in speed bumps instead they are more effective to slow down speeding cars.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We need better public transport to have less cars on roads.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#12273

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

#12273

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	Do more
Economic and cultural development	
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Surf lifesaving clubs play a vital role in our community, providing essential services to keep our beaches safe. However, many of these facilities are reaching end-of-life and are in need of replacement. Without adequate funding, our clubs will struggle to continue their lifesaving work effectively.

#12275

Without fit-for-purpose facilities that people enjoy visiting, the Auckland region risks losing the volunteers who provide the service, spelling the end of more than a hundred years of vigilance on our beaches.

We therefore request that Auckland Council allocates \$8.02 million in funding within the Long Term Plan specifically earmarked for the rebuilds and ongoing maintenance of surf lifesaving club facilities, as per SLSNR's Surf 10:20 Capital Development proposal.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#12275

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	

#12275

<p>from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

With regard to Question 1c Council has a central proposal that

#12275

Recommends spending more where it is needed most. Surf Lifesaving facilities are a critical component of

our community. They have served as temporary welfare and community centres as well as civil defence centres during regional emergencies including during the Auckland

anniversary flooding and

cyclone Gabrielle

Our facilities aren't a nice to have they are at

the heart of our service. Allocated funding is

essential to ensure the continued operation of our clubs and safety of beach goers.

The

Amount requested is

minimal when compared to the benefit

it will have for the region

Local board priorities

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Do less and spend less on Māori and or Pacific language/cultural promotions.

#12285

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Only support: stopping some previously-planned initiatives, such as some raised pedestrian crossings and cycleways.

2a. Is there anything you would spend more on?

fix Auckland central road pot holes.

2b. Is there anything you would spend less on?

cycling lane.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

keep this cost low.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

#12285

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Use in a way that helps lower rates

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#12285

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#12285

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

#12285

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#12285

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Māngere-Ōtāhuhu, Maungakiekie-Tāmaki, Ōtara-Papatoetoe

Kaipātiki Local Board Priorities

7b. What do you think of our proposed priorities for Kaipātiki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Investing in the maintenance and renewal of our parks, playgrounds, recreation facilities, and other public spaces so they continue to meet our communities needs.	
Supporting a community-led approach for the delivery of relevant and diverse services that connect the community	
Supporting environmental groups, community volunteers, and our diverse communities to carry out environmental restoration projects, including stream clean-ups, habitat improvement, native riparian planting, and pest control.	
Begin implementing the Mini Shoreline Adaptation Plan for the Little Shoal Bay / Te Wai Manawa alongside our community to	

#12406

address the issues caused by flooding and seawater inundation.	
Supporting a community climate activation programme to support and amplify community initiatives identified in the Kaipātiki Climate Action Plan.	
Building relationships with local iwi and mataawaka groups so that Kaipātiki is rich with Māori identity and culture.	

Tell us why

7c. What do you think of the Kaipātiki proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Māngere-Ōtāhuhu Local Board Priorities

7b. What do you think of our proposed priorities for Māngere-Ōtāhuhu in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Strengthen partnerships with local mana whenua through project delivery, including Te Kete Rukuruku, completion of David Lange Park playground and improvements.	Very Important
Deliver community climate initiatives such as Low Carbon Lifestyles, and Māngere Bike Hub with our community partners.	Very Important
Deliver a community-driven safety action plan aimed at tackling anti-social behaviour and addressing local safety concerns enhancing the overall sense of safety within our local community.	Very Important

#12406

Improve employment and economic opportunities through our local economic broker programme.	Very Important
Support community-led activations at our parks and facilities through our community grants.	

Tell us why

7c. What do you think of the Māngere-Ōtāhuhu proposed priorities for the 10-year budget 2024-2034?

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	

#12406

Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and	Very Important

#12406

independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

#12406

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Ōtara-Papatoetoe Local Board Priorities

7b. What do you think of our proposed priorities for Ōtara-Papatoetoe in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Through grants, support community-led events and initiatives that create safe neighbourhoods and promoting active living, sustainable practices.	Very Important
Support activities to increase social cohesion, neighbourly connections, better outreach to people from smaller ethnic groups and connect newer settlers to local services.	Very Important
Increase youth empowerment through supporting leadership and training programmes as well as prioritising youth engagement.	Very Important
Identify and promote 'Play advocacy' for local opportunities in projects that can provide spaces for play in places beyond playgrounds.	Very Important

#12406

Continue to support and look to increase environmental and sustainability projects to address climate change and environmental challenges through community-led projects and by working with mana whenua.	Very Important
Explore options for ways of delivering increased local economic outcomes for small to large businesses.	Very Important

Tell us why

7c. What do you think of the Ōtara-Papatoetoe proposed priorities for the 10-year budget 2024-2034?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Tautoko Maaori communities and co-planning alongside mana whenua of Taamaki

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Stop infrastructure development that isn't directly regenerative of the environment.

#12433

Increase rates for landlords in Taamaki.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport should be the highest priority - positively impacts the environment, traffic, cost of living etc.

2a. Is there anything you would spend more on?

The tautoko of Maaori and co-planning alongside mana whenua of Taamaki

2b. Is there anything you would spend less on?

Not sure

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

Consult with local iwi and community organisations, I am sure they have many ideas on how the space can be effectively managed and utilised.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#12433

I've read it won't be beneficial for Aucklanders.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Seems like we will have more international kaupapa in Tamaki than NZ-owned.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Not sure.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I want to see greater transparency on when and to what capacity mana whenua have been consulted on the plans for their rohe.

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Don't know enough about it.

5b. What option do you prefer for Bledisloe Terminal?

#12433

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Don't know enough about it - seems smart to transfer one and leave the other to see which is better.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in	Support

#12433

2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Again, consultation with local iwi and mana whenua :)

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#12433

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.

Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

- Supporting Eke Panuku’s redevelopment of town centres,
- Improvements aligned with CRL such as the Karanga-a-hape station improvements project

#12509

- The Making Space for Water programme's inclusion of "blue-green corridors".
- Auckland Climate Grants and the Live Lightly Programme

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I would like to see:

- increased investment in cycling infrastructure and maintenance
- support for more raised pedestrian crossings and increased maintenance of our footpaths
- support for "Dig Once"
- AT leveraging road renewals and maintenance for quick fixes that make streets safer for walking and cycling every time a road is repaved, repaired or repainted.
- support for multi-modal trips: such as the proposed \$50 weekly cap for public transport, bikes on buses, more investment in train services, and light rail
- advocating to Central Government and Waka Kotahi for a lane on the existing Harbour Bridge to be reallocated for walking, cycling, and wheeling.

2a. Is there anything you would spend more on?

- Safe cycle infrastructure, accessible for all kinds of bikes, that get people where they want to go.
- More end-of-ride facilities for all kinds of bikes, more repair stations along key routes, and better, more regular maintenance of pathways throughout the city.
- Reallocating road space for active modes and using pop up protection like concrete or rubber separators
- More safer speeds (30km/hr) for residential areas, around schools, and through town centres, with traffic calming and raised pedestrian crossings

- Low traffic neighbourhoods
- Links to Glen Innes Cycleways

2b. Is there anything you would spend less on?

Road widening for projects, and instead reallocate road space for delivery of walking, cycling, and public transport networks

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

#12509

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Support</p>

#12509

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#12509

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Public Transport - Ensure public transport is affordable, accessible, and reliable, prioritising investment in public transport infrastructure over road spending.

Active Transport - Urgently transition towards low emissions communities by prioritising and increasing, not reducing, investment in walking and cycling infrastructure.

#12516

Water Quality - Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Environment and Regulation - Ensure appropriate funding is allocated to increase monitoring activity of current/active and future resource consents to enable better environmental outcomes.

As well as the options provided in the structured consultation, I would also like the Council to do more of the following:

Supporting frontline, volunteer powered communities by ensuring local boards are adequately funded and grants are available. Grants and investment into community-led services provide great value to Aucklanders. For every dollar that Council invests we get back many more volunteer hours.

Supporting moves to a circular economy and zero waste, ensuring waste materials are seen as resources to be reused, repaired, repurposed and recycled, and are diverted from landfill.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

The three options (central, more, & less) proposed in the consultation are not the only options, the same goes for the corresponding rates rises. For example, we could get much-needed investment in transport services and climate resilience, as stated under the 'pay more get more' option, with a rate rise of less than 14% in year one. There are other areas where savings could be made which are not interdependent. The 'overall direction' oversimplifies very complex decisions.

Reduce spending in unnecessary expenses, such as new car fleets or luxuries for management and use these to invest in things that actually serve Aucklanders.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Auckland Council's Transport Emissions Reduction Pathway sets out actions required to reduce the region's transport emissions by 64% by the year 2030. Transport is the biggest emitter contributing to over 40% of the region's total emissions. Within the

#12516

transport emissions, 86% come from road transport. This should guide the long term plan.

Regarding the Mayoral proposal, I am encouraged to see initiatives to make public transport more accessible, such as the \$50 weekly cap and introduction of diverse payment options. Another positive is the work programmes which look to improve public transport services, such as network optimisation, expansion of the electric train fleet and completion of the City Rail Link.

2a. Is there anything you would spend more on?

I want Auckland Council to spend more on safe, accessible, and attractive active transport infrastructure such as cycleways. Also on ensuring public transport is affordable, accessible, and reliable.

2b. Is there anything you would spend less on?

I want Auckland Council to spend less on new roading projects that prioritise private vehicles as the primary transport mode. This is not beneficial to traffic management as the best way to reduce traffic jams is diversifying how people get places.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Council assets should work for Aucklanders and create revenue, changing the stadium to fit what demand is created but also finding new management that seeks out new ideas would be beneficial.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

#12516

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#12516

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Other

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Re-establish the full funding of the Water Quality Targeted Rate (WQTR) to pre-2023/2024 budget levels to ensure delivery and growth of related work programmes.

Discontinue the Waitakre Rural Sewage Targeted rate and allow property owners to be responsible for their own septic tank maintenance as required in the Auckland Unitary Plan. This will not only educate the public and encourage inspection reports, but also owners can get pump outs as required and for the price they are happy with, not organised and paid through council.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers.</p>	

#12536

We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do less
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#12543

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#12543

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#12585

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important

#12585

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	

#12674

<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	
<p>Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.</p>	
<p>Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.</p>

Organisation (if applicable): Disability Connect Inc

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Community centres and either more staff at recreation centres or time limits on use of facilities. We need cleaner facilities. Some of the Council Halls are so dirty we have stopped using them. We do think we need better services for disabled people and their families that we want and do use. Disabled People and their families should receive discounts when using a community service card at Council Facilities. More

#12679

accessible transport. Safer neighbourhoods and transportation – less feeling of intimidation, more people out walking. Dog control, enforcement of disability parking both public and private. Investment in libraries tied in to cultural development – safe community spaces for people to learn – digital literacy, access and training on using technology. Free space for Not-for-Profit organisations to share information, upskill and build community. E.g. Civil Defence, how to use a mobile phone and pay bills online. Trained staff in libraries. Keep citizen Advice offices well-staffed. Volunteer recognition. Communication between volunteers and local government contractors – green spaces being planned and planted together.

We are ok with a little more debt or higher rates to pay for services as long as we have more of a say in what is provided for disabled people and their families. Currently this is difficult as Council only wants to meet with the families of disabled people when it suits Council, other than the Disability Advisory Committee.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Some arts, sports and recreation events don't need to be fully funded by Council. Local council events that are inaccessible or not attended by disabled people should not be fully funded by Council. More partial funding of these activities instead of fully funding would give savings to improve infrastructure that makes our city more accessible. No mowing over volunteers work by contractors from Australia.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

We support initiatives that make our city faster to get around and safer to travel in. However there is nowhere for wheelchairs to travel safely other than cyclepaths in some parts of the Central City and we have an aging population. AT is not planning for future travel modes which are already evident in Europe and starting to appear here. Attachments that enable manual wheelchairs to travel at 40kms pr hour with lithium batteries for example.

2a. Is there anything you would spend more on?

#12679

Prioritise cycle paths and wider footpaths in intensive housing areas. More public mobility parking spaces. Check the data for Mobility Parking permits issued by CCS Disability.

Playgrounds that are fully inclusive, sunshade, fenced areas and teen activities.

Less power in the hands of developers who should be paying a greater contribution to council for infrastructure development.

2b. Is there anything you would spend less on?

Raised pedestrian crossings if there are cheaper and better ways to have a safe crossing.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

North Shore needs a boutique accessible facility that requires less maintenance.

Northshore needs an accessible community space for people with disabilities, elderly, families that provides dignity, community belonging, and safety

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The AFF has been poorly mooted and consulted o, which makes it hard to discuss or understand. Still unclear what the Mayor wants the funding for other than an ideological or political legacy.

#12679

AIAL is still a good investment that Council should own. Yes Auckland needs funding for development but it should come from other sources.

Each year council should follow the principal of giving 1/10th of income to the building of inclusive communities, foodbanks, etc without interest but with accountability.

We would like Council to prudently put 1/tenth of its income aside for a future fund that earns interest. The interest should be used to reinvest or support infrastructure. If Accident Compensation Corporation can do it why can't Council?

8/10ths of income should be spent on the plan. Keep assets whose value will increase.

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Other. Have a lease of 20 years with milestones for a plan to reduce the port, as has been seen in other international cities who are relocating to an alternative deepwater port away from city harbour.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Invest in a plan that benefits all Aucklanders, particularly disabled and hard to reach. Future Auckland doesn't have that focus in our view.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The options presented don't allow for alternatives. Would like to see a bigger discussion on what is best for all Aucklanders, particularly disabled people and and harder to reach. I am yet to see a proposal for what to do with port land that puts the

#12679

needs of disabled and harder to reach Aucklanders first. We haven't been included or consulted so we can't support it.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Access to the water is a mental and physical benefit to disabled people and their families.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Access to the water is a mental and physical benefit to disabled people and their families.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. #12679

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#12679

Disabled people and their families will be affected by all these proposals. We would like to see exemptions or rebates for households with disabled family members and organisations meeting the needs of disabled and harder to reach whanau. We should see more support for disabled and hard to reach families through rates relief.

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

We would like to see local boards engaging more with the disability and hard to reach communities. Local Boards need to be more flexible in going to these communities outside of their meeting times to engage. 6pm on a Monday is simply unworkable. We would also like Councillors to be more available on Wednesday mornings. Having set weekly meetings doesn't help us to engage with Councillors.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do more
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Golf course maintenace costs should follow user pays models and/or be funded pro-rata to users of all AK open spaces. Golf courses are used predominately by the

#12743

privileged few, yet are payed for by all at a huge cost per already privileged user, in contrast to every other Ak open space that is used by all.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Public transport is globally proven to be the only way to reduce increasing congestion on roads.

Cycleways that are built on top of programmed infrastucture works (little more than a concrete cap on the works below, usually with a guardrail added) should continue as they cost very little, as the works will be capped anyway.

Raised pedestrian crossings and judder bars have thier place like Waitangi Rd Onehunga, which was a popular busy short cut through a high density, low socioeconomic area. The traffic now uses nearby Rockfield ave to avoid the traffic calming measures. - Safer street achieved.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

As above.

Golf course maintenace costs should follow user pays models and/or be funded pro-rata to users of all AK open spaces. Golf courses are used predominately by the privileged few, yet are payed for by all at a huge cost per already privileged user, in contrast to every other Ak open space that is used by all.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

#12743

The rapidly growing North Shore is already poorly served with sporting facilities. Reducing that further though the sale of some stadium precinct land is contrary to Council rules.

The drive to demolish the existing stadium stems back to the discovery that lack of maintenance has caused the roof structure to be dangerously corroded. The gold plated fix proposed a few years back was the most bizzare proposal I've evr heard of, following no countries best practice. - Get another quote.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

The Auckland Future Fund has it's merits, but putting the Airport shares into a fund where they will be sold off without public oversight is flawed as the AIAL shares return 50% more than the Auckland Future Fund annually except during covid.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

The roading commitments that come with the 35 lease of the port operations were estimated at \$1billion. The lease cannot be more than Tauranga's port operations that is valued at \$900 million. The lease proposal will cost more than the short term cash injection, so makes no fiscal sence other than a short term cash windfall for the current council.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

#12743

Tell us here:

It is global best practice.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

The proposals for use of port land are apartment towers to block access and views of aucklands harbour. Access will be effectively blocked as it is at the Hilton hotel where you need to get security to open the gate to allow the 'free access'.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The proposals for use of port land are apartment towers to block access and views of aucklands harbour. Access will be effectively blocked as it is at the Hilton hotel where you need to get security to open the gate to allow the 'free access'.

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	

#12743

Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and	Very Important

#12743

independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	Fairly Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I am a strong believer in the Royal Commission on Auckland Governance proposed plan that empowered local boards to have strong influence on local matters with sufficient council funding. This did not become part of the 'super city' and our local boards can do little with the crumbs they are funded with.

Tell us why

Very good, but limited by their fiscal restraints

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses

#12743

ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#12816

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

#12816

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

Agree with these - some of these priorities can be more efficiently and effectively met through working across other local board areas eg support capacity building for community and sporting

#12816

groups

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Support the intent to address local board funding equity and I support fast tracking this ie Pay more, get more

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More art and cultural support - especially in hard times these things lift people and bring them together and create heart for the city

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#12844

poorly communicated roadworks and strange prioritisation of which roadworks to tackle first

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

we need a lot more parking in some areas where people catch trains (eg Glen Innes) - people need to be able to drive to the closest train station. otherwise you simply get people using their cars

2b. Is there anything you would spend less on?

raised pedestrian crossings - how many people actually get hurt on the current ones?
minor widening of roads and unnecessary installation of footpaths (eg kepa road) which disrupt traffic for long periods

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

#12844

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

I don't know

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

#12844

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#12844

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Wasting money on stadiums and waterfront developments that no one will be able to enjoy as the cost of transport or parking in the city will be so unaffordable for everyone to get to. Council and its subsidiary companies waste money left right a centre - \$500k

#12847

for raised crossings seriously!!! Cycle lanes that cause more congestion, as they take space away from vehicles and parking, and you never see anyone on them. Central rail loop budget blowout - how was that budgeted so poorly that additional money could have been used more efficiently to provide all Aucklanders with more reliable, regular transport options.

Clearing drains and sweeping roads is a much more effective preventative measures whilst we wait for the money for the infrastructure to become available.

Pay less to middle and senior management who do achieve anything and use that money to employ doers!

There is such a lack of foresight within the council as a whole and too much time is spent fighting fires instead of taking a step back and actually using your well paid brains to look at things logically and with the future in mind.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

raised pedestrian crossings and cycle lanes are a complete waste of money. The constant increase in public transport fares and the unreliability of transport makes it a non-option for so many people. Reduce the fares and invest in more buses and their reliability and more money will come in as more people will use it! Currently I would have to pay \$5 per day to catch public transport to travel less than 2km if it was cheaper I would definitely use it to get to and from work

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

#12847

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Proceed with the sale however ensure that the funding goes towards immediate needs of Aucklanders i.e. road infrastructure, transport investment, waste water infrastructure. Auckland does NOT need a waterfront stadium this will do nothing to bring overseas tourists or improve council's revenue. With current transport options, parking etc this will end up being a "flight of fancy" that will cost Aucklanders more in the long term than the benefit they will get out of it.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

And then what happens when the council decides to not renew the Port's lease???
Without the port, Auckland would not be Auckland. Moving the port would be detrimental to Auckland's development and the land would ultimately just end up in the hands of greedy, wealthy developers wanting to get even richer.

The port provides employment to a large number of staff (both directly and indirectly i.e. truckies) and without it those families would be much worse off; with a large portion of the employees coming from lower socioeconomic communities.

It has been proven that there is no reliable alternative location to move the port to and the cost of moving goods from other locations back into Auckland will only increase the cost of living putting more pressure on families already struggling financially. It will also put more pressure on the roading infrastructure (which is already at breaking point without additional heavy vehicles) and increase traffic on the roads adding to already horrendous congestion levels. The port provided a life line to Auckland during covid and a lot of the workers worked very hard and often under very uncomfortable

#12847

restrictions to keep things moving. The port should be allowed to work and utilise the land as required to ensure that they can improve and maximise profitability and as such providing the council additional income which can be used to minimise rate increases in the future

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do not support

City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Move forward on the ports of Auckland proposals

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Get empty buses off the road. I see way too many buses with virtually no passengers!

#12901

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

There are cheaper ways of upgrading the current facility. Please find them!

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

This makes sense. We need to use this asset to increase Council funding

#12901

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

do both of the above!

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Generate funds. We need them.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#12936

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Spaces for girls, make parks well lit and inviting for teenage girls, include different kinds of group seating and open spaces, group swings etc.

Better public transport, less free street parking, more 24/7 T3 lanes, bus lanes on motorways, free public transport for children, discounts for under 25s, more trains.

#12993

Flood main arterials with super frequent buses so there is a viable alternative to driving. More trees and non-paved surfaces, less concrete.

Local things that are nice to have are a good way to make people feel a bit better about the rates increases, so keep doing things like community festivals, Christmas trees (I don't even celebrate Christmas), longer library open hours, well lit parks.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less free parking. Charge people to park on the street outside their house, that'll help pay for the buses

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Raised pedestrian crossings and cycleways make the transport network safer for pedestrians, cyclists, and people who can't drive. Saving a few dollars is not worth it for any additional lives lost. We need more raised pedestrian crossings, pedestrian refuges, cycleways, and low speed areas.

2a. Is there anything you would spend more on?

Fixing footpaths and monitoring encroaching on footpaths by shrubs and vehicles so that they are safe and accessible for people who get around with wheels and for people with disabilities and the elderly. Further subsidising public transport so it is the first choice for people trying to get around

2b. Is there anything you would spend less on?

Spend less on making it better to drive around such as dynamic lanes. Make it better to drive around by taking cars off the road as a result of walking, cycling, and public transport being the preferred method of transport for more people

3. Which options do you support for the North Harbour Stadium?

I don't know

#12993

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

We should be working towards downsizing the port operations and making the waterfront for *people*, we can't do that if we've leased operations for 35 years

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#12993

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Port land for people please!

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Bledisloe park sounds great

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Charge for street parking, something small like \$2/day so people who store their private cars on public streets are actually paying for the benefit they get from our public space. Use that money to improve PT in their neighbourhoods so they can see a benefit.

#12993

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#12993

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important

#12993

<p>Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).</p>	<p>Very Important</p>
<p>Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.</p>	

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

It is critical to get the most bang for our dollars. Especially when we have so few of them. Increasing mode share towards walking and cycling and away from private car journeys is one of the most effective spends possible for a local municipality. There is ample evidence. To the greatest extent possible and for the sake of the climate, our economic environment, our health, and quality of life, please please please, shift more investment into active travel and Transit. Our city or stifle and die if you don't.

#13014

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Rates are not that high and investing in long-term sustainable infrastructure should be the priority. This should involve borrowing if necessary for public owned fundamental assets. At the top of the list it should be a rapid expansion of the bike and cycle Network along with public transport, and reducing the amount of our public space that is given to the transportation and storage of private cars. There's so much evidence these days that this will generate a more livable, attractive City. I struggle to understand why Auckland is not doing more of this.

2. What do you think of the transport proposal?

I don't know

Tell us why:

There are lots of nice words in The proposal about Transit and walkability. I simply don't see the investment numbers stacking up against the rhetoric.

2a. Is there anything you would spend more on?

Bike and cycle Network. Take inspiration from Barcelona, Paris, - not Dallas. Cars kill cities. Being world class means losing the "car brain".

2b. Is there anything you would spend less on?

Anything that sustains or increases the amount of space /.investment in moving and storing private cars.

3. Which options do you support for the North Harbour Stadium?

Tell us why:

#13014

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We should first borrow directly. There is the headroom.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

There is no reason to privatise these services. Stop selling off the family. Silver for your short-term gratification.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

#13014

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

I don't know

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. 6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

We need a targeted rate for the Devonport-Takapuna, Kaipatiki, Upper Harbour, Hibiscus and Bays and Rodney Local Boards for development and construction specifically for sporting facilities in these regions.

Local board priorities

7a. Which local board area does your feedback relate to?

Upper Harbour

Upper Harbour Local Board Priorities

7b. What do you think of our proposed priorities for Upper Harbour in 2024/2025?

I don't know

More specifically, what do you think of each priority we've listed above?

Progress with the detailed business case for a new multi-purpose library facility in Albany.	I don't know
Continue to deliver stage 1b of Te Kori Scott Point which includes physical works for 3 sports fields and sport field lighting as well as a second baseball diamond.	I don't know
Implement actions from the Upper Harbour Ethnic Peoples Plan.	I don't know
Continue to invest in projects that improve the environment and address climate change including planting trees as outlined in the Upper Harbour Urban Ngahere Strategy and continuing to support and fund volunteer environmental work.	I don't know

#13107

Implement actions from the Upper Harbour Engagement Strategy.	I don't know
Implement actions from the Upper Harbour Greenways Plan.	I don't know
Implement actions from the Upper Harbour Wheeled Recreation Service Assessment.	I don't know

Tell us why

7c. What do you think of the Upper Harbour proposed priorities for the 10-year budget 2024-2034?

We need to develop the Wasp Hangar as an indoor facility

7d. We will prioritise investment in a Detailed Business Case for a new multi-purpose library facility in Albany, however given the financial constraints faced by Auckland Council we would like to explore alternate options to fund any budget shortfalls.

We want to hear your views regarding the local board investigating options to sell land or exploring the introduction of a targeted rate to enable investment in building a new multi-purpose library facility in Albany (noting that there will be a robust public consultation process on any sale of land or the introduction of a targeted rate following investigation of viable options).

Which of the following options do you support?

I don't know

Do you have any other thoughts or ideas on potential options to fund budget shortfalls associated with building a new multi-purpose library facility in Albany?

8. Do you have any other comments?

The Wasp Hangar in Hobsonville needs to be developed as an indoor facility

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less unnecessary changes to road layouts. E.g bike lanes, cyclists don't use.

#13115

Too many overpaid bureaucrats and vanity projects. Too many bus stops.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Cycle lanes, cyclists don't use. Narrowing of Roads. Arts centre in Glen Innes, locals can't use.

2a. Is there anything you would spend more on?

Multi court basketball stadium in central Auckland. Took away youth town and didn't replace it.

2b. Is there anything you would spend less on?

Too many overpaid council workers. Don't know what they do.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Not sure it's getting used.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Money generation sounds like a good idea.

#13115

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Prefer a conservative approach.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

Prefer saving rather than spending.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No.

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

#13115

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	I don't know
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	I don't know

#13115

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

No.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I would like Auckland council to reinstate the plans for light rail in Auckland. This will benefit many people working in the city as well as tourists and help to future-proof the city for growth. Auckland council should also reinstate half-priced fares for public transportation as this greatly increased the accessibility and usage of these services

#13129

and without it more people are being pushed to take cars and increase the traffic and emissions on our roads.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I would like less investment into car focussed infrastructure and for that money to be used for public transportation instead.

2. What do you think of the transport proposal?

Do not support most of the proposal

Tell us why:

Investment in cycleways and pedestrian crossing should not be stopped as this infrastructure greatly benefits the people of Auckland through increased safety for cyclists and pedestrians, reduction of traffic on roads, and reduced emissions.

2a. Is there anything you would spend more on?

Public transportation. I would spend more on infrastructure for public transport for more train and bus routes as well as reduced fares for public transport so that it is accessible for all Aucklanders.

2b. Is there anything you would spend less on?

I would spend less money on car centred infrastructure.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

#13129

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I would like the council to proceed with the investment but only under the condition that the council be barred from investment in unethical businesses. An unethical business that contributes to environmental or human harm. For example: oil, coal, and gas production and arms manufacturing. In other terms the council must be required to use an ethical investment fund.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

#13129

Tell us why:

Proceed with making these wharves into public spaces such as parks and facilities as these would benefit the public the most.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

The downside of removing the Bledisloe are too high to justify transferring it.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Do not support</p>

#13129

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Do not support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Other

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Water quality targeted rate: More money needs to be invested in the water quality targeted rate as this programme is very important for the environmental and human health of Auckland city. This rate is also very important for food prevention for Auckland city.

CATTR: the council must be required to consult on any changes to the programme.

Rates funded refuse collection: Auckland council is committed to reducing rubbish going to landfill and a polluter pays policy is the best way to do this.

#13129

Waitātere targeted rate: this rates need to be discontinued as it does not benefit the taxpayers and add more work for the council that we should not be paying for.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	

#13129

Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important

#13129

Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	

Tell us why

There should also be a focus on environmental initiatives to increase the amount and quality of natural areas.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

#13129

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

The council need to put significant investment into climate change prevention, sustainability, and public transport infrastructure.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

More services, more public areas, more public transport, more green spaces, more free local events for whānau, more non-car transport Infrastructure, more investment on drinking and waste water infrastructure, more wetlands to absorb rain water, daylight waihorotiu.

#13216

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less urban sprawl, less new roads.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Transport and infrastructure should be a public good. More public transport such as busses and trains, that's free/cheap and prompt. More alternative transport options such as cycling and walking.

Bring public transport back into public ownership.

2b. Is there anything you would spend less on?

Roads and more roads. We should maintain our current roads to a good standard, but not new roads.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

We need to put more investment into maintaining the stadium and keep it for public ownership. Based on the Pink show that we had a few months ago, events at stadium draw a huge number of domestic tourism which will lift local economy.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#13216

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Selling public asset is a short term sugar rush that is not sustainable long term. It'll just make us poorer.

Future fund at this stage has no safeguard for climate and sustainability criteria.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Same as above. For a short term sugar rush, we lose out on substantial revenue in the long run.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

See above re future fund.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

#13216

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

More public spaces for all.

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Local board priorities

7a. Which local board area does your feedback relate to?

Albert-Eden, Maungakiekie-Tāmaki

#13216

Albert-Eden Local Board Priorities

7b. What do you think of our proposed priorities for Albert-Eden in 2024/2025?

I support all priorities

More specifically, what do you think of each priority we've listed above?

Celebrating different people and cultures, bringing people together with fun and engaging activities, and reducing barriers for those who might struggle to connect with council or others in the community.	Very Important
Continuing our environmental work through tree planting, parks restoration, supporting volunteer pest control and planting groups and helping community climate action through our Climate Activator.	Very Important
Planning for how our parks and open space can respond to growth, making the most of what we have, balancing different uses and connecting green spaces together.	Very Important
Supporting our community groups with funding, information, learning new skills and building their capability and networks.	Very Important
Settling in at the new, medium-term location for the Pt Chevalier library and continuing to investigate what the long-term library solution might be and how we will fund it.	Very Important
Working with the community on activations in the Mt Albert Civic Square.	Very Important
Making our parks rubbish-bin free to minimise waste and improve environmental and climate outcomes.	Very Important

Tell us why

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Better public transport, wider footpaths and more cycle ways. More rubbish bins, and a redistribution of libraries as population centres have changed and they aren’t very well distributed. Invest in our local infrastructure instead of kicking it down the road.

#13308

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Less owning parking buildings, less helping me be vegetarian, stop wasting time with stadiums we don't use.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Do more more more here. Raised pedestrians are great because cars don't yeild at pedestrian crossings and just race through. We need to be doing as much as we can for our transport infrastructure.

2a. Is there anything you would spend more on?

More cycle ways so they connect into something useful. Because they are so stop/start I can't safely cycle anywhere as only part of my journey is safe.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

We don't need another giant stadium in the middle of nowhere.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

#13308

Tell us why:

Hands off our assets, those are for future generations, we need to think more long term. Once you sell them and spend the money you can't sell them again.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Come up with a good use for the land then have this discussion. Otherwise they just become dead spaces like all our other wharves.

#13308

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Come up with a good use for the land then have this discussion. Otherwise they just become dead spaces like all our other wharves.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know

#13308

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#13308

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

#13308

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	

#13308

Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13309

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

We need to stop assuming roads are the answer for the future - there will be too many people, and we need to care for the climate now! - So, we need to really focus on public transport now so we can start the build towards future needs before they are needed!

2a. Is there anything you would spend more on?

Progress work on public rail to the airport as a key priority.

Start planning for public rail to the Eastern suburbs, and North shore.

2b. Is there anything you would spend less on?

Not convinced about the time of use scheme - seems like lot of admin cost, and lots of risk of unintended negative consequences.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

It's about making the most of our assets and money.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I am not convinced this is financially the best option long term.

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

It would be great to have better public spaces using this wharf area, but there are lots of other priorities for the city, and I don't believe these wharfs should be transferred, as this would use focus and money that can be better used elsewhere.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

#13309

We don't have good road networks and the geography doesn't support lots of good rail / road transport of goods, so a (limited) port operation is needed.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

#13309

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	We need to focus on supporting the environment. Community groups and events need to be led and funded by the community (not

#13309

Business Associations proposed BID expansion.

council)- but I would support increasing support for those groups to build their capability.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Top priorities need to be:

Caring for our natural environment.

Making sure we have reliable water infrastructure

Improving public transport - with a long-term focus on transport around the region.

Continually improving waste management and recycling,

- Other activities will possibly need to be down-scaled if finances are insufficient.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protected bike lanes. If it is safe for people to cycle around the city, they will. This is essential for reducing emissions, saving lives, and making Auckland a more liveable city. This could be done relatively cheaply by removing parking from arterial roads and adding tim tams to create the bike lanes.

Support the Making Space for Water programme of “blue-green corridors”, creating walking/cycling paths in natural drainage areas.

#13335

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

DO NOT support stopping raised pedestrian crossings and cycleways.

2a. Is there anything you would spend more on?

Cycling infrastructure and public transport is far more cost effective than car infrastructure. If you want to unclog roads you have to make it easy for people to change modes to bikes/buses/trains.

Trains are currently too unreliable. Having them regularly shut on weekends doesn't encourage usage.

30km speed limit in CBD and around all schools.

2b. Is there anything you would spend less on?

Don't support the bike ferry investigation for the North Shore. Instead advocate for a lane to be opened up on the Harbour Bridge, which would cost less and be reliable.

Don't widen roads (i.e. adding more car lanes). That induces demand.

3. Which options do you support for the North Harbour Stadium?

Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

#13335

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

DO NOT support leasing the operation of the port for 35 years. That is far too long to relinquish control. Concerned this would lead to poorer safer standards, and lack of control on pricing for what is effectively a monopoly.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#13335

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. Business Associations proposed BID expansion.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Auckland Council should take the lead in making accessibility for the disabled as part and parcel of all current and future developments. Not lip service but 'Action speaks louder than words'

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13348

Spend less money promoting bi-culturalism issues as Auckland is a de factor multicultural society.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Proposals are rational with respect to improving traffic flow and reducing infrastructural development costs that have at best a marginal benefit (eg raised pedestrian crossings)

2a. Is there anything you would spend more on?

Develop alternative means of getting people out of cars and using public transport more frequently eg in China one city set up a mass free bicycle system that enabled its people to take a city owned bike to and from their homes to a transport node for free.

2b. Is there anything you would spend less on?

Better coordinate all maintenance - plan all work on roads, electricity, water, gas, sewage etc at the same time - less disruption, noise and inconvenience for all.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Improve land utilization and generate income stream where none was previously available.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Provide Auckland city with the option to reduce debt.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Capital injection into future fund with an ongoing income stream.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Reduces risk that council cannot afford to fund services.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#13348

Technology already exists that would materially improve operational efficiency of cargo handling on a reduced footprint. See Chinese port automation technologies. Captain Cook and Marsden wharves can be redeveloped to generate a better income stream witho

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Reduce traffic congestion by diverting container road traffic elsewhere and thereby develop work and development opportunities in regions that lack those opportunities.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>

#13348

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools .	Support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No comment.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

#13348

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

#13348

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood	Fairly Important

#13348

(environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	The Covid 19 pandemic and flood events of early 2023 brought forward the realization how important local community strength and mutual support were essential for societal resilience in the face of catastrophic events. Any activities that strengthen local development must be supported. The response of national civil defense and recovery has too often proven slow and inadequate to meet the needs of devastated communities.

Tell us why

Go ahead.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Why not?

Tell us why

8. Do you have any other comments?

It is important that funding of local community enhancements not be secondary to and subject to funding that is merely the dregs of financial resources of leftover

#13348

improvements to the CBD. CBD development has deprived local communities of funding that could have been allocated to local community development.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Promote and incorporate with immediate effect accessibility for all disabled communities into current and future planning.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Cease employing Contractors to do the work and then paying them million of dollars.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Proposals are logical in getting Auckland to move faster and smoother.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

Until more of the general public take up using bikes, creating more cycle lanes is wasting money. Has any evaluation been done to determine whether all the money spent on providing cycle lanes has had an effective impact reducing congestion?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Better usage of the precinct would generate additional revenue and so uplift the whole environment.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

More money for Auckland council to spend on other priorities.

#13354

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

Tell us here:

Regular lease income to fund other projects.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Extra revenue to service council services

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

Captain Cook and Marsden wharves are an 'eyesore' at the waterfront. By transferring to Auckland Council the space can be better utilized and so generate extra income.

5b. What option do you prefer for Bledisloe Terminal?

#13354

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

Auckland waterfront requires new development which can be build on the Bledisloe Terminal site.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Support</p>

#13354

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No comment.

Local board priorities

7a. Which local board area does your feedback relate to?

Very Important

#13354

Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

Community camaraderie is vital to ensure communities help each other in the event of disasters.

Tell us why

Make it happen.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Can only be an improvement.

Tell us why

8. Do you have any other comments?

No

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable): A Better Budget for Auckland

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

We selected other for the overall plan options because the "pay more" framing is misleading in many ways. For example, the cost of increased debt is spread over a long period, as it should be. Dividends from the AIAL shares if retained can also contribute to ongoing income. We believe in investing in this place and that we get more out of Tāmaki Makaurau when everyone chips in adequately. We believe Council

#13380

can allocate more across most areas in the plan through greater leveraging of debt (and leaving the debt reduction plan behind), increases in rates across the 10 years (not just a the increase for years 1-3) and holding onto assets such as the AIAL shares and port operations. We support paying more generally, including in rates across the 10 years, because really it is a way to invest more collectively in the city and region. We do not believe that the options need to be framed in this way, where scarcity is underscored in such a way though.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

There is a lot in the transport plan, but there are some gaps. Raised pedestrian crossings and cycleways are essential for safety in a growing city. More safety infrastructure should be implemented and short-cuts should be avoided for safety infrastructure for new and existing public transport including the CRL.

2a. Is there anything you would spend more on?

We endorse a fares-free PT system. With this in mind, the capped weekly public transport passes is a good, although low-level, start for helping people with PT and encouraging PT use. PT prices in Tāmaki Makaurau are high and we believe PT pass initiatives or rates that reduce the overall cost (for example 2 hour passes, daily passes) could go much much further.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

#13380

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

We strongly disagree with the proposal to establish an Auckland Future Fund and sell the AIAL shares for several reasons. The airport shares and port are currently returning money to the Council. A Future Fund would sell off these assets, which stand to make a continuing return for the Council and the people of Auckland. A Future Fund would be handled by private investment managers that could be costly to maintain in fees while future gains are in no way guaranteed. We are also concerned that operating a fund like this see investment take place based primarily on profits, without necessarily focusing on the interests of the people living in Tāmaki Makaurau. In this way, funds are more likely to be invested elsewhere with returns focused on dollars rather than the wellbeing of people and this place. We believe there are other options for a fund that would return money for Council that do not involve the selling off of assets or putting Council funds into private investors hands.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Retaining the operations of the port is ensures there is control over this vital part of the city and region. Once these are sold, it is very unlikely the Council will get these assets or investments back. Holding onto assets like these that continue to bring in revenue, creates ongoing opportunities for improved quality of life as well as further investment.

#13380

Selling off the port's operations now also ensures that we must abandon any potential plan to repurpose or redesign the port operations in the near future.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Council services are at the core of this city and region. Having these funds pooled to provide for services ensures everyone is benefitting from this asset and the Council's continued investment in it.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

There is not enough information provided by the Council on the different costs and benefits to the public, including how this will impact the ports operations and workers there. Creating more commercial development on this land does not necessarily benefi

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Similar to the other wharves, it has not been made transparently clear what the costs and benefits are to the people of Tāmaki Makaurau by having this land transferred to the Council. It is clear that this involves a very large move in operations for the port. A

#13380

realistic assessment of the knock on effects of this for logistics and transport in and around Tāmaki Makaurau need to be weighed up and presented clearly before further debate is had and decisions proceed. This cannot be rushed.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	

#13380

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No.

Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	The more support from Council that can take place at a local level the better. Engaging with mana whenua and te Tiriti should be at the core of all that Council

#13380

Business Associations proposed BID expansion.

does and more resourcing should be put towards this at both a local and broader level.

Tell us why

There should be further prioritisation of working with mana whenua and Māori for environmental and social initiatives and projects and beyond (not just these areas). This means resourcing for these so that mana whenua are not required to extend their own

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Holdnig onto public assets is in the interests of the long-term of the people of Tāmaki Makaurau, as a way to ensure that the asset base remains strong and the revenue from these assets continues to benefit all of Tāmaki Makaurau. The remaining AIAL shares should be retained for this very reason. Dividends are set to return on these! There are also many options around debt that are unexplored in the LTP that should be, including abandoning the debt-reduction target. The Council credit rating and asset holdings ensure the Council can continue to invest significantly and sufficiently in this city and region. Retaining assets and revising the debt-reduction targets, combined with rate increases are a realistic option for moving forward in a way that spreads benefits across the city and region. The rate increases of the "pay more" proposal are reasonable (and we believe could be higher across more of the years) considering the growth of this region and all the wonderful things it brings us.

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do more
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#13408

Do not support most of the proposal

Tell us why:

Making overland public transport a viable and attractive option for all needs to be a priority. Cycling, jogging and walking should be safe and viable option. Have a user pays for people parking on the roads in built up areas-resident priority. Cars and other private vehicle use needs be reduced. Regional fuel tax welcome. Bring back a toll for the harbour bridge and other heavily used roads like motorways.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Other

Tell us why:

Transferring the AIAL is not a good option. Expect higher rates of tourists. Departure tax distributed to the ACC will help. A Future Fund is good but should be managed well and ethically.

4b. Which option do you prefer for the future of Port of Auckland?

#13408

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Our assets need to be protected. New Zealanders need to be educated to fill all the roles required at the port.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Fund services and invest in it to keep it for further generations of New Zealanders,

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Should make the use of the infrastructure we already have.

#13408

6a. What do you think of these proposals?

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#13408

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

#13408

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Fairly Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Our natural environment needs help to flourish. People can help themselves and others.

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#13408

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I'd like to see transport separated to public transport, cycling, walking and road maintenance and safety. I would like to see more investment in electrifying trains and busses and increased access to public transport for all Aucklanders. I'd like to see

#13429

more safe cycling and walking paths to encourage more Aucklanders out of cars, reduce congestion, CO2 and improve health.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I'd like to see less economic and cultural investment in favour of infrastructure and transport improvements. I think we have to get those fundamentals right before encouraging increased visitation through events. I think there's a risk of over-inflating the true economic benefits of large events.

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I support improving rapid payment in our public transport system - i.e. credit card and apple / google pay. I'd like to see increased investment into cycleways and safer cycling infrastructure and favour that over improved safety for cars.

2a. Is there anything you would spend more on?

I would spend more on rapidly increasing the accessibility of public transport and reduce congestion to move greater numbers of Aucklanders out of their cars.

2b. Is there anything you would spend less on?

I would spend less on electrifying the fleet - particularly ferries. I think greater carbon reduction would be achieved through shifting people out of private vehicles and improving public transport accessibility. Electrification should be a second priority after the fleet is working effectively and car volumes are significantly reduced.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

#13429

I think the stadium and space could be used for more intensified housing. There is great transport connectivity in the area and already a number of apartment and townhouse developments. This could help reduce continued urban sprawl out to Kaukapakapa and Riverhead. This could also raise additional funds for council.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think this plan makes financial sense - even if the projected returns are over-stated.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I think there's too much risk in locking us into port operations in downtown Auckland for another 35 years. It's unclear to me that we'd actually get \$2.1m for the lease and I'd imagine much more volatile rates increases to compensate for an unsuccessful sale or reduced lease price. There's increased risk of job losses in the short-term and it's unclear that Auckland will see the benefits of increased investment from an overseas port manager. It's just as likely that investment is kept to an absolute minimum to manage profit margins against the cost of the lease.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

#13429

I'd prefer to pay higher rates and see the Auckland Future fund maximise benefits without leasing the port.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

I think there should be more disclosure about the consultant information sitting behind this proposal. I'd also like to see more opposing views about alternative future plans for the port in other locations and what the implications of that are. There isn't enough data to make an informed decision about this, so it makes my choices more conservative.

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

This whole budget is about investing in critical infrastructure and suring up our future revenue to tackle the climate and social problems we face. I can't see why we'd want to start a whole new project, potentially costing 100s of millions of dollars, wh

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Same as above.

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by	Support
---	---------

#13429

around \$20.04 and \$152.71 for the average value business property.	
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025,	Support

#13429

2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	

#13429

Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Fairly Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and	Fairly Important

#13429

independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	I think the protection and restoration of our waterways and green spaces is of paramount importance. I think we need thriving local businesses to support thriving communities. I don't think encouraging youth leadership in climate action is a high priority unless there is significant funding and local board strategy to support them.

Tell us why

I don't see enough cash investment to meaningfully contribute to many of these priorities.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

#13429

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Much more investment into planning (AUP) and regulatory compliance - to ensure that our air, soils, remaining forests and animals, rivers, lakes etc., beaches, harbours and oceans are safe guarded in the long term. And more investment in public transport options and investment to reduce ghg emissions. And more investment in the development of environmentally sustainable water supply, wastewater management

#13437

and stormwater infrastructure provision - the historic way we have delivered this infrastructure has been at the cost of the surrounding environments.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

I support the council reviewing its community buildings/community facilities portfolio and having a more streamlined regional strategy for community facilities that continues to provide these facilities but in the most efficient way - an in a way that means we don't have a proliferation of run-down buildings all over the place.

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Public transport, especially cycle ways. I commute by bike and I would like more provision made for cycling and I would like to see many many more Aucklanders cycling to get around.

2b. Is there anything you would spend less on?

I support making do with what we have in terms of roads, and maintaining and upkeeping the existing network (roads, footpaths, etc.); however, I do not want to see us developing more roading infrastructure to enable more cars/car travel. We should be de incentivising private vehicle use.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

#13437

I don't support \$33m investment in an underused stadium. I think this land could be better used. I would support its being used for public good OR it being sold for housing development - provided we are maintaining MUL and not enabling additional sprawl.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

I think its a good idea.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

I think this proposal is too high risk - the assumptions are too unclear - and the future of the port is too uncertain to be making this scale of a decision. The future of the port should be decided and then - with some security - a decision about leasing it could be made. I'm not opposed to leasing the wharf IF we have good information about the future of the port and what is going to happen in 20-30 years in terms of our port infrastructure needs and plan. I also have concerns about (and want to understand the cost of) of disestablishing POAL. And I want to understand the impact of the lease agreement on workers at the port and the number of jobs affected - regardless of the 2bn cash injection - I want to understand the impacts on the people that make our port run before supporting such a proposal.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

#13437

Tell us here:

I think the Auckland Future Fund is a really good idea and we should invest in it, and I am willing to pay a small increase in rates to cover this much larger scale investment in the fund from POAL dividends. I'm also interested in the long term viability of the port business and how this should be influencing our decisions about the business now. Not enough information about the future viability of the port (to provide context for these decisions) has been provided.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

I don't think we should be proposing this investment at the moment - when financial constraints are so high and basic water and transport infrastructure services are so low. Also - our whole proposal from the Mayor is to FINISH EXISTING PROJECTS, and MAKE

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

Look at these transfers at a later time - as per above comment.

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

#13522

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Would like to see more investment in safety, public transport, walking and cycling. This is important to improve safety, health and environment outcomes. More mode-shift and improvements to safety also help to reduce costs in other areas such as health and environment, and help to reduce congestion and improve productivity.

Interventions such as lower speed limits and raised pedestrian crossings help to improve safety, reduce deaths and serious injuries and make active modes safer, encouraging people to use these more. There is lots of evidence to support this.

Cycle lanes and cycle ways also help to encourage mode-shift.

2a. Is there anything you would spend more on?

Safety interventions, walking and cycling, public transport.

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

I support most priorities in the budget, but would like to see more in relation to transport as well. Appreciate that some of this involves advocating to Auckland Transport too.

Over the last few years we have seen some great developments in our area suc

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

I support most priorities

#13522

Ōrākei Local Board Priorities

7b. What do you think of our proposed priorities for Ōrākei in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Complete the seismic strengthening of the Remuera Library	
Progress the Meadowbank Community Centre development.	
Assess the reactivation of facilities at Tagalad Reserve and work towards providing access for the community.	
Continue to work with our many community volunteers to eradicate plant and animal pests in our natural environment, including at Pourewa Valley and in our many beautiful parks and urban forests, and support other environmental activities, for example, the Environmental Forum.	
Continue local initiatives to enhance neighbourhood connections and increase safety.	
Fund and support local events to showcase our spaces and benefit local residents and businesses.	
Continue to engage and better support our diverse communities and organisations, such as Auckland East Community Network and Youth of Ōrākei.	
Maintain efforts to monitor and improve water quality in our local waterways.	
Develop options and projects for a community facilities targeted rate for the financial year 2025/2026.	

#13522

Investigate ways to enhance council facilities in Ellerslie to better meet the needs of the local community.

Tell us why

I support most priorities in the budget, but would like to see more in relation to transport as well. Appreciate that some of this involves advocating to Auckland Transport too.

Over the last few years we have seen some great developments in our area suc

7c. What do you think of the Ōrākei proposed priorities for the 10-year budget 2024-2034?

210

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	Do less
Environment and regulation	As proposed
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No further path building in the Waitakere Ranges.

#13534

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Auckland Council needs to address the problem of gridlock which is occurring more frequently and costing Aucklanders dearly.

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

More roads. These add to congestion.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

It would make economic sense to make the stadium more useful for residents.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

The present structure does not prevent direct benefit to the Auckland Council and to ratepayers.

#13534

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Lease of the Ports means less control of this income-generating asset.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

The money should be applied now to ease the ratepayer burden.

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

The wharves can generate money to save ratepayers. Aucklanders have plenty of coastal areas to go to for recreation.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

#13534

Tell us why:

It can keep generating money for Auckland.

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Do not support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Support</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	
<p>Re-introduce recycling charges for schools.</p>	<p>Do not support</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Support</p>

#13534

Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki, Waitākere Ranges

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
--	--

#13534

Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

#13534

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Fairly Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	People can direct their own activities without involvement by the Council.

#13534

Business Associations proposed BID expansion.

Tell us why

Unnecessary to have these priorities. Keep the motorbikes off the reserves.

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

Waitākere Ranges Local Board Priorities

7b. What do you think of our proposed priorities for Waitākere Ranges in 2024/2025?

Unsure what it means to "invest in our relationship with Te Kawerau a Maki". What will it cost?

More specifically, what do you think of each priority we've listed above?

Initiatives to support community resilience and safety.	I support most priorities
Progress priority actions from the Waitākere Ranges Local Climate Plan (currently under development).	Very Important

#13534

Restoration and enhancement of significant ecological areas on local parks and in buffer zones around the regional park.	Fairly Important
Operating grants for arts and culture programmes delivered by our community arts partners, such as Te Uru.	Very Important
Continue to activate library spaces with programmes, services and events.	Fairly Important
Operating grants to support Glen Eden and Titirangi Community Houses.	Fairly Important
Invest in our relationship with mana whenua, Te Kawerau ā Maki.	Fairly Important
Initiatives to support youth/rangatahi.	Not Important
Progress an application for Waitakere Ranges Heritage Area to become a dark sky place.	Fairly Important

Tell us why

Very Important

7c. What do you think of the Waitākere Ranges proposed priorities for the 10-year budget 2024-2034?

Warm fuzzy priorities

8. Do you have any other comments?

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Increasing infrastructure to support more public transport

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13594

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Transport and transport infrastructure are vital to keeping the economy moving

2a. Is there anything you would spend more on?

Improving public transport infrastructure

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#13594

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13633

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

Prefer the pay more option. Esp \$ into road safety. Do not want subsidies for gold car users to be removed. Concerned for removal of any bus services

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

don't agree the airport shares or port should be sold. Granting a 35 year lease to an external party is a recipe for exploitation for employees and the asset.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#13633

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

mix of continue to fund services and invest in the future fund

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Need to retain the port operations and max profit. Not the time to reduce the value of the port. Or inc heavy traffic bringing in goods from farther afield - while transport network under pressure and Lterm underfunding.

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

#13633

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	

#13633

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#13633

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

#13633

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Very Important
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	All priorities are very important but within that restoring the waterways/ dev of town centres as focus for community & supt of community are my3 key priorities

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#13633

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

OBA has a good track record of engagement with the community, and is an effective organisation. Produces a great local newspaper. Encourages local organisations - adjacent areas would benefit from being in the group

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Organisation (if applicable):

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	Do less
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Protect trees, nature, biodiversity and green space! Without it a city is a concrete jungle with no sou. Hotter. Barer and untenable with climate change predictions. Implement stricter regulations to protect mature trees and habitats. Do not take the easy route because it’s the cheaper one.

#13685

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Auckland needs better public transport - the rest of the world is moving away from cars. It's time Auckland did too.

2a. Is there anything you would spend more on?

Protecting the environment. The whole catchment. From source to sea. Celebrating nature. Auckland is the city of sails - protect the environment. Look after water quality, improve swimmable beaches and make the waterfalls and streams a place to enjoy!

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

#13685

The airport is the gateway to Auckland and New Zealand! It. Is only going to get busier!
To sell and reduce shares is simply looking at it as a short term fix! It's a long term
problem with a long term gain! It's only going to get busier! Invest now! I'm

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council
group operation of the port (through Port of Auckland Limited), and implement the plan
to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the
port to Auckland Council so they can be used for something else that provides public
benefit.

Tell us why:

Change the car park! Move away from second hand cars and caravans and utilise the
space for greater good! This could be an incredible

Space I.e a stadium, a park, a reserve - to bring Aucklanders to the water! What a
view! What an opportunity!!! Look at t

#13685

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do more (increase council services/ investment), with higher rates increases and more debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Environment & regulation

#13693

-Managing and protecting trees. Increase resourcing for management of natural assets (trees) by Council.

- Restoring and enhancing nature and biodiversity. Further details above;

- Ensure appropriate funding is allocated to increase monitoring & enforcement activity of current/active and future resource consents to enable better environmental outcomes.

-Water

-Parks & community

-Public transport & active transport (walking & cycling)

Better bins around Auckland (e.g. each bin station should have a landfill & recycling station - get rid of single landfill bins)

Fund Waste Management to conduct more audits on the bins they are collecting, especially recycling. If people are putting landfill in with their recycling, they should be paying fines.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Roads

Marketing

Asset sales

Sprawl

Badly planned intensification

2. What do you think of the transport proposal?

I don't know

Tell us why:

Better bus services - run them more often, and make it free.

Better train connectivity and more frequent services

#13693

2a. Is there anything you would spend more on?

- Bus and train connectivity
- Bus and train infrastructure.
- Run them more often and make them cheaper

2b. Is there anything you would spend less on?

- Oppose dropping cycleways - needed to get people out of cars.
- Less spend on roads

3. Which options do you support for the North Harbour Stadium?

- Change the operational management

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

- Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

- Do not sell airport shares

4b. Which option do you prefer for the future of Port of Auckland?

- Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#13693

Tell us here:

- Do not lease the port.
- Health and safety risks
- Job losses for kiwis

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

- Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

- Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

- Waterfront stadium

5b. What option do you prefer for Bledisloe Terminal?

- Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

#13693

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. <p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>	

#13693

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

- 3.4. Support targeted rate proposals.
 - 3.4.1. Re-establish the full funding of the Water Quality Targeted Rate (WQTR) and Natural Environment Targeted Rate (NETR) to pre-2023/2024 budget levels to ensure delivery of related work programmes;
 - 3.4.2. Support resuming NETR and increase at same rate as general rates annually;
 - 3.4.3. Support resuming WQTR and increase at same rate as general rates annually;
 - 3.4.4. Discontinue the Long Term Differential Strategy so that business contributes the same as residents to the targeted rates;
- 3.5. Support Making Space for Water proposals. Protect and work with communities by continuing to prioritise the funding and delivery of Making Space for Water in partnership with Central Government.
- 3.6. Support climate change initiatives.
- 3.7. Support restrictions on greenfield development.
- 3.8. Support fairer funding & other proposals for Local Boards
 - 3.8.1. Recognise that the funding for Local Boards that have low population and large areas of high quality ecosystem need extra resources to manage these areas that is currently underfunded. There should be special provision made for these Local Boards to recognise the importance of managing the region’s most important areas of ecosystem.

#13693

- 3.8.2. The Waitākere Ranges Heritage Area has statutory obligations that Council is paying lip service to. Meeting these obligations requires additional resourcing.
- 3.9. Support Maori outcomes proposals.
- 3.10. Oppose dropping cycleways - needed to get people out of cars.
- 3.11. Do not force Local Boards to sell community assets or increase rents when these are providing vital community services that council cannot otherwise provide.
- 3.12. Support investment in community services & open space, including purchase of new Regional Parks.
- 3.13. Support Regional Park proposals.
- 3.14. Community led action doesn't come free. Volunteers need to be coordinated & coordinators need to be paid. Increase the value of community grants to enable this work to be expanded.
- 3.15. Re-establish pre-2023/2024 budget funding for community and social services, including contestable grants (such as the Climate Action Grant, RENH, CCF), the Live Lightly Programme, Communities in Need programme, and supporting work on Council land and marae.
- 3.16. Support resourcing to enable the Waitākere Ranges to become a Dark Sky Reserve.
- 3.17. Turn golf courses into parks and plant them with trees as they could be providing valuable green space for everyone & contributing to the Making Space for Water outcomes.

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

#13693

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

#13693

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Very Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Very Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Very Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Fairly Important

#13693

Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

Tell us why

Would like to see more emphasis on local environmental initiatives and conservation - there are a lot of green spaces which are turning into dumps/weed havens when they should be restored with native vegetation e.g. Gloucester Park

Better bins around Onehunga

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Resources for management of trees

2.1. Management of Auckland's natural assets (trees) is grossly underfunded. The outcome of The Tree Council's judicial review of the decision in Nov 2020 not to invest in the management of the Notable Trees Schedule is still not being implemented in this Long-Term Plan. In order to fulfill Council's statutory obligations regarding management of the Notable Trees Schedule there is an urgent need to:

#13693

2.1.1. Increase resources for the evaluation of nominations for scheduling of Notable Trees so that these are done promptly. Council has only just completed the evaluation of nominations received prior to Nov 2020. There is no funding allocation for evaluation of nominations received since. Failing to evaluate nominations will be a breach of the judicial review settlement agreement and will risk court enforcement action. Members of the public nominating trees for scheduling have a right to expect their nominations to be progressed and evaluated promptly, not filed in a drawer until some unknown future date;

2.1.2. Provide resources for the review of Unitary Plan criteria regarding scheduling of Notable Trees;

2.1.3. Provide resources for a review of other ways to protect urban trees in the absence of the Natural & Built Environment Act;

2.1.4. Provide resources for a review of Significant Ecological Areas and addition of new sites qualifying as SEAs;

2.1.5. Provide resources for finding trees that should be added to the Schedule of Notable Trees.

2.1.6. Provide resources to implement the Urban Ngahere Strategy

2.1.6.1. Plant more trees

2.1.6.2. Monitor coverage & structure of tree canopy

Resources for treatment of infected kauri on public land

2.2. Auckland Council has used the Natural Environment Targeted Rate to invest in upgrading infrastructure in order to re-open tracks closed to prevent the spread of kauri dieback and enable the public to re-enter the forest in a safe way. This is great, however there has been no investment to date in treating the trees in the infected areas and without treatment 100% of infected kauri will die. This will result in these beautiful new tracks being closed for safety reasons as they will be surrounded by dead and dying kauri. Within a decade the majority of these trees will be dead. In places like the Cascades where the forest is at a tipping point now this could happen much sooner. Removal of dead trees around tracks will become a significant financial liability for Council. It is therefore essential that urgent funding is provided to:

2.2.1. Resource treatment by phosphite and monitoring of kauri dieback infected trees on public land in Regional & Local Parks;

2.2.2. Critical areas with taonga trees to be prioritised (eg Cascades, Spraggs Bush, Arataki Nature Trail) but also where infrastructure upgrades have occurred or are planned (eg Hillary Trail, Fairy Falls);

#13693

2.2.3. Treatment will need to be repeated when monitoring indicates return of symptoms (there is no cure for kauri dieback) probably after approx 5 years, so a rolling programme of treatment and monitoring work needs to be planned now.

2.2.4. Support Option 4 for NETR (Options 1 & 2 reduced kauri dieback control, track maintenance. No new kauri research or monitoring. Option 4 provides for kauri tracks meeting standards and remaining open to public). Cost of treatment of kauri is not included in any of these options, hence the need for 2.2.1-3.

Resources for restoring biodiversity health

2.3. Supporting biodiversity and ecological health in Auckland's major forest areas (Hunua & Waitākere Ranges) is essential for the health of the entire region. Treatment of air pollution, provision of clean drinking water, recreation and wellbeing services for the population are just some of the benefits provided by these vital assets. In order to keep them healthy it is essential that funding is provided for:

2.3.1. Resourcing landscape scale predator control in closed areas of Waitākere Ranges;

2.3.2. Resourcing a repeat of landscape scale predator control in Hunua Ranges;

2.3.3. Resourcing mana whenua to look after the land, sea, freshwater & all that lives in and on it within their rohe;

2.3.4. Resourcing community groups that undertake weed, predator and pest control on public and private land throughout the region. Access to grant funding to support paid coordinators and underpin this work (which Council cannot afford to resource doing itself) is essential to ensuring this voluntary workforce is able to continue to undertake this work.

2.3.5. Support Option 4 for NETR (Options 1 & 2 reduced support for community groups, supply of traps etc, reduced revegetation. Options 1&2, reduced level of management of priority eco-systems. Option 4 adds funding for community-led landscape scale pest control.

Long-term Plan 2024-2034

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	
Water	
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

I think that you miss the point. We have a climate change emergency and we have to get to zero carbon. In your document carbon emission reduction looks like an add on. But If we don't make it our central theme and number one priority, we will constantly having to be paying for fix-its and responses to extreme weather events and other calamities. Start with how will the city and all its infrastructure gets to carbon zero?

#13700

What contribution does each element of the city and its infrastructure contribute to carbon emissions? How will each element be made carbon neutral and in what time-frame? If we don't deal with the fundamental issue of climate change we will never be able to keep up with the consequences.

One example:: How does Auckland disincentivise people from driving cars and encourage them onto ELECTRIC public transports. what about centre city tolls? Other cities have done this for decades.

Throw out your long term plan and restart from a lens of climate action. How do we get all of the city and all of its occupants to being carbon neutral. What outreach programs are required, what bylaws, what new and alternative technologies are required. Having mitigation strategies through the process- carbon sequestration technologies (trees being the most obvious.)/storm water control/ protection from sea level rise.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

Yes to reliable ELECTRIC comprehensive public transport, but you will need sticks as well as carrots to get behavioral change.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

#13700

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Other

Tell us here:

Relocate the port outside of the CBD area and invite business investment into the c0-redevelopment of the land area

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

#13700

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	I don't know
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing	Support

#13700

the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support most priorities

#13700

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Fairly Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	I don't know
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	I don't know
Empowering community groups and organisations to deliver community events through sustainable funding models.	Very Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Very Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	I don't know
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga	where are the Urban Ngahere strategy and targets for one of the least tree covered areas of Auckland?

#13700

Business Associations proposed BID expansion.

Tell us why

where are the Urban Ngahere strategy and targets for one of the least tree covered areas of Auckland? How do we deal with the impact of rising temperatures on our population especially for those who don't have/cant afford air conditioning?

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

I don't know

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

Long-term Plan 2024-2034

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Other

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	Do more
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Climate change resilience including flood, drought and heatwave resilience. The Climate Grants and Making Space for Water programmes support this, along with others.

Climate action and education to more aggressively reduce our collective carbon footprint (most of which is from transport) - including funding for Zero Waste,

#13755

Sustainable Schools, Community Recycling Centres, Repair Cafes, Bike Hubs, community gardens and other local initiatives that support transitioning to a circular economy, reducing our emissions and strengthening our communities and connections to others.

I believe we need to invest in the services that build and maintain our communities for when future crises inevitably strike and we need to rely on each other in local support networks. As a community garden member, library and pool user, I have seen the value of these community-building services first-hand.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I disagree with stopping previously-planned initiatives like raised pedestrian crossings and cycleways. Last year I was hit by a car - while cycling in a painted cycle lane - and was lucky not to sustain lasting physical damage. I regularly travel around the city for work and leisure by bike, on foot, and/or using buses, trains and ferries. I am very keen to see more investment in public transport, and especially investment in making the city a safer place to move around without a car.

2a. Is there anything you would spend more on?

Road safety

Active transport - walking, cycling and e-mobility

Protected cycleways that form a network across the city, complementing the public transit network - including allowing bikes on buses particularly in areas that don't have a nearby train line.

2b. Is there anything you would spend less on?

#13755

Roading projects that primarily benefit private cars - maintaining the roads we currently have is important, but we don't need to be building more lanes or making upgrades that do not prioritise improvements for public and active transit first (including reallocating existing roads space to achieve this.)

Investigating a dedicated bike ferry across the harbour - I would rather see further investigation into using an existing lane of the harbour bridge. As a bike commuter/user, this is a solution I would actually use regularly to cross Te Waitematā affordably, efficiently, cost-effectively, reliably and independently at any time, in any weather.

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

I don't think selling off shares is a sensible decision - we should keep our airport in our hands, and I do not support privatisation. I also have doubts over whether the proposed Future Fund would be as effective as suggested, and I don't like the idea of none of us having a say in where our collective money is invested - particularly if some of it is invested outside of Auckland, or in fossil fuel companies, weapons/defence, etc.

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#13755

Tell us here:

Examples from overseas i.e. Melbourne show that privatising the port would lead to more costs which will likely fall on us ratepayers as the consumers of the imported products. We would also no longer have control over our only port.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

We shouldn't be afraid of debt, and raise the debt ceiling if needed - there are crucial investments we need to be making now to prepare for and minimise and riskier future, particularly into strengthening our community resilience. Unforeseen disasters - especially environmental - can happen at any time and are far more expensive to respond to rather than to take preventative measures beforehand. We also know that our population will keep growing i.e. there will be more ratepayers in the future to help pay off the debt, and we will have already made the necessary infrastructure investments that allow for this growth. Improving our city now will also attract new residents who will bring fresh ideas, energy, vibrance and innovative businesses to our incredible city.

It'd also be great to see more focus on the benefits of the investments we are making - i.e. the benefits the CRL will bring, the health and social benefits that providing services like libraries and leisure centres brings, the wellbeing benefits that cleaner streams and beaches brings, that lowered congestion and pollution brings.

It is also imperative that all of the LTP aligns with Te Tāruke-ā-Tawhiri and Te Tiriti o Waitangi.

Long-term Plan 2024-2034

Transport	Do more
Water	Do more
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Infrastructure such as Water and Transportation. These are the bread and butter functions of the Council

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#13760

Do less of nice to haves if it is not going to support the utility of the city don't do it i.e. community grants, bike lanes and the like

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

It needs to be more specific mass transit is the focus not bikes and fads

2a. Is there anything you would spend more on?

Buses and Trains get it done

2b. Is there anything you would spend less on?

Bike lanes etc.

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

this is a community stadium that can work where the correct stakeholders can get access and use it.

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

These are public assets we are selling the silver to create fund that won't yield us to much

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

CONTROL is something we should be considering and is far more valuable than any lease we could receive

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

A combination of both is needed holding half in capital to create this func and the other half supporting functions

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

Yes

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

Let it be used for its function

#13760

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

It needs to be kept for the future and growth of the port operation

6a. What do you think of these proposals?

Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.	Do not support
Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	Support
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Support
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Support
Re-introduce recycling charges for schools.	Do not support

#13760

Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

get back to doing the basic functions first

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#13760

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I do not support any priorities

#13760

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

Not Important

More specifically, what do you think of each priority we've listed above?

Support community groups and community-led activities by continuing to provide local community grants.	Not Important
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	Not Important
Empowering community groups and organisations to deliver community events through sustainable funding models.	Not Important
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	Not Important
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	Not Important
Support business associations to continue supporting local businesses and ongoing	these are not the primary functions of council

#13760

growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.

Tell us why

na

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

Do not support

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

expansion means higher rating area

Tell us why

8. Do you have any other comments?

na

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	
Environment and regulation	
Parks and Community	
Economic and cultural development	
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Economic- Encourage overseas/foreign investment in Auckland but to sell land/housing to foreigners

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#14008

2. What do you think of the transport proposal?

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct, Change the operational management

Tell us why:

Make the north harbour stadium smaller

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Don't proceed with establishing an Auckland Future Fund and transferring AIAL shareholding

Tell us why:

Auckland council's shareholding in Auckland International Airport Limited (AIAL) should not be sold it belongs to the people and in time will make money- absolute

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

#14008

Tell us here:

Once the ports and lands are least it becomes easier to sell, which I'm against absolute

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Other

Tell us here:

Profits and dividends continue to use it to fund council debt

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

Resume the **Natural Environment Targeted Rate (NETR)** and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	As proposed
City and local development	As proposed
Environment and regulation	Do less
Parks and Community	As proposed
Economic and cultural development	Do less
Council support	

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Plant more trees, care for them (allow them to become established), & protect existing trees with council protection laws, i.e. re-instate strict tree protection of established healthy trees.

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

#14090

Do less of cutting down large, established, healthy! (the lungs of Auckland & the planet)

2. What do you think of the transport proposal?

Support most of the proposal

Tell us why:

I want a high level of public transport availability & reliability. My only objection to "central" proposal is that "lesser-used" buses should not be removed; consider using mini-buses or vans for these.

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

I don't know

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

I don't know

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

I don't know

#14090

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Re-introduce recycling charges for schools.	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Local board priorities

7a. Which local board area does your feedback relate to?

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Submitter details:

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	Do more
Economic and cultural development	Do more
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

Vapes and cigarettes

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

Make pools, rent and food cheaper

#14593

2. What do you think of the transport proposal?

Support all of the proposal

Tell us why:

Because it takes people faster to there places

2a. Is there anything you would spend more on?

I will spend more on lollies

2b. Is there anything you would spend less on?

on food and rent, on public transport.

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

Attract more people to make stadium more popular

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

Key objectives are important and should be taken seriously

4b. Which option do you prefer for the future of Port of Auckland?

#14593

I don't know

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Continue to use it to fund council services

Tell us here:

Towards faster trains and busses and the environment spend on public transport making it more convenient

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

No feedback

5a. What option do you prefer for Captain Cook and Marsden wharves?

I don't know

Tell us why:

Leave it how it is public don't need everything

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

I don't see any major problems, leave as is.

#14593

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	<p>Other</p>
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	<p>Support</p>
<p>Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.</p>	<p>Support</p>
<p>Re-introduce recycling charges for schools.</p>	<p>Other</p>
<p>Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.</p>	<p>Other</p>
<p>Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.</p>

Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	I don't know

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

No

Local board priorities

7a. Which local board area does your feedback relate to?

Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community	

#14593

participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support all priorities

Maungakiekie-Tāmaki Local Board Priorities

7b. What do you think of our proposed priorities for Maungakiekie-Tāmaki in 2024/2025?

More specifically, what do you think of each priority we've listed above?

#14593

Support community groups and community-led activities by continuing to provide local community grants.	
Building the capacity and capability of local community and sporting groups towards long-term sustainable funding models and independence through our strategic partnerships programme.	
Empowering community groups and organisations to deliver community events through sustainable funding models.	
Collaborate with mana whenua and neighbouring local boards to protect and restore our waterways through Tāmaki Estuary Environmental Forum and Manukau Harbour Forum.	
Encourage our rangatahi / youth and community to be leaders in climate action. For example, through programmes like Tiakina te taiao and Ope (biodiversity and climate action education programme in schools), Love Your Neighbourhood (environmental volunteer grants) and Songbird programmes (community pest control and biodiversity initiative).	
Support business associations to continue supporting local businesses and ongoing growth, development and liveliness of town centres, including assisting Onehunga Business Associations proposed BID expansion.	Because they help people get home faster and it is cheaper

Tell us why

7c. What do you think of the Maungakiekie-Tāmaki proposed priorities for the 10-year budget 2024-2034?

#14593

7d. Onehunga Business Association is seeking an expansion of its Business Improvement District programme boundary area. If it is successful, businesses ratepayers and owners located within the expansion area will become members of the Onehunga BID programme and pay the associated BID target rate.

Do you support the expansion of the Onehunga Business Improvement District (BID) programme and associated BID targeted rate?

Tell us why

8. Do you have any other comments?

No

#15066

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

Keep our port public. Keep it owned by Aucklanders.

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Tell us here:

#15066

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.</p>	
<p>Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).</p>	

#15066

Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	
Re-introduce recycling charges for schools .	
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do more
Water	Do more
City and local development	As proposed
Environment and regulation	As proposed
Parks and Community	As proposed
Economic and cultural development	As proposed
Council support	As proposed

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

No

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

No

#15212

2. What do you think of the transport proposal?

Don't support any of the proposal

Tell us why:

2a. Is there anything you would spend more on?

No

2b. Is there anything you would spend less on?

No

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and lease the operation of the port for a period of about 35 years and use the upfront payment from the lease to invest in the proposed Auckland Future Fund

#15212

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Transfer Bledisloe Terminal to council to be used for something else, that provides public benefit, within 15 years

Tell us why:

6a. What do you think of these proposals?

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Do less (reduce council services/ investment), lower rates increases and less debt

1b. What would you like Auckland Council to do more or less of?

Transport	Do less
Water	Do less
City and local development	Do less
Environment and regulation	Do less
Parks and Community	Do less
Economic and cultural development	Do less
Council support	Do less

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#15250

Support most of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Keep the stadium precinct as it is

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#15250

Invest in the proposed Auckland Future Fund

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

No change – leave Captain Cook and Marsden wharves to be managed as part of the port operations

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount for next year than previously planned. This reduces this rate</p>	<p>Support</p>

#15250

from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	I don't know
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools.	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	I don't know
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	I don't know
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	I don't know
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#15250

Local board priorities

7a. Which local board area does your feedback relate to?

Franklin, Maungakiekie-Tāmaki

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	
Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	

#15250

Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

8. Do you have any other comments?

Long-term Plan 2024-2034

Manurewa Local Board Priorities

7b. What do you think of our proposed priorities for Manurewa in 2024/2025?

More specifically, what do you think of each priority we've listed above?

Continue to support, deliver and fund initiatives that contribute to positive youth development.	
Invest in evidence-based projects that focus on crime prevention, safer communities and injury prevention.	
Fund and support activities that include older people and foster their community participation with a specific focus on reaching older migrants.	

#15309

Invest in community led projects and initiatives that respond to social connection and cohesion, build climate resilience and contribute to climate action.	
Develop a masterplan for Mountfort Park to ensure our open space and sports field network meets the demands of our diverse communities.	
Identify options for recreational activities to support people of all ages and abilities being casually active.	
Investigate community lease options to support Ngāti Tamaoho aspirations for a cultural hub at Te Pua/Keith Park.	
Investigate the feasibility of an arts broker programme to nurture creative expression with a focus on supporting Māori and Pacific creative arts.	

Tell us why

7c. What do you think of the Manurewa proposed priorities for the 10-year budget 2024-2034?

I support most priorities

8. Do you have any other comments?

Long-term Plan 2024-2034

Note: this simplified version of the feedback form has been created for the purpose of publishing submissions. As such, contact and demographic information has been removed, and handwritten submissions have been transcribed.

Local Board: Maungakiekie-Tāmaki

Your feedback

1a. Which option do you prefer for the overall direction for council’s Long-term Plan?

Proceed with the central proposal

1b. What would you like Auckland Council to do more or less of?

Transport	As proposed
Water	As proposed
City and local development	As proposed
Environment and regulation	Do more
Parks and Community	Do more
Economic and cultural development	Do more
Council support	Do more

1c. Is there anything else you would like Auckland Council to do more of that you would be prepared to pay more for?

1d. Is there anything else you would like Auckland Council to do less of so that you could pay less?

2. What do you think of the transport proposal?

#15311

Support all of the proposal

Tell us why:

2a. Is there anything you would spend more on?

2b. Is there anything you would spend less on?

3. Which options do you support for the North Harbour Stadium?

Consider redeveloping the stadium precinct

Tell us why:

4a. What is your preference on the proposal to establish an Auckland Future Fund and transfer Auckland Council's shareholding in Auckland International Airport Limited (AIAL) into this fund (enabling the shares to be sold)?

Proceed with the proposal

Tell us why:

4b. Which option do you prefer for the future of Port of Auckland?

Retain underlying council ownership of port land and wharves, and continue council group operation of the port (through Port of Auckland Limited), and implement the plan to deliver improved profitability and more dividends to council

Tell us here:

4c. If the council group continues to operate the Port of Auckland how would you prefer the profits and dividends to be used?

#15311

Continue to use it to fund council services

Tell us here:

4d. Do you have any feedback on any other part of the proposal?

Tell us here:

5a. What option do you prefer for Captain Cook and Marsden wharves?

Proceed with the proposal to transfer Captain Cook and Marsden wharves from the port to Auckland Council so they can be used for something else that provides public benefit.

Tell us why:

5b. What option do you prefer for Bledisloe Terminal?

Keep Bledisloe Terminal as a Port of Auckland operational area

Tell us why:

6a. What do you think of these proposals?

<p>Resume the Natural Environment Targeted Rate (NETR) and extend it to 2034/2035 so we can continue to invest in the protection of native ecosystems and species. This increases rates for the average value residential property by around \$20.04 and \$152.71 for the average value business property.</p>	<p>Support</p>
<p>Resume the Water Quality Targeted Rate (WQTR) and extend it to 2034/2035 at a level to only cover the annual programme operating and interest costs. This ensures that we can continue to fund the water quality improvements in harbours and streams across the region, at a lower amount</p>	<p>Do not support</p>

#15311

for next year than previously planned. This reduces this rate from what was previously planned for the average value residential property by around \$6.53 and \$17.10 for the average value business property.	
Broaden the description of bus services funded by the Climate Action Transport Targeted Rate (CATTR) to reduce the need to consult each year for minor changes to the bus programme (any changes to the settings of the CATTR would still require consultation).	Other
Discontinue the Long Term Differential Strategy which gradually lowers the share of general rates paid by businesses and raises the share paid by other ratepayers. We also propose to raise the share businesses pay of the NETR, WQTR, and CATTR to align to the general rate.	Do not support
Re-introduce recycling charges for schools .	Do not support
Continue the planned roll out of rates funded refuse collection to the North Shore, Waitākere and Papakura in 2024/2025, and Franklin and Rodney in 2025/2026, replacing the current pay as you throw service, and consequent rates change.	Support
Introduce the Franklin Local Board Paths Targeted Rate of \$52 per SUIP (Separately Used or Inhabited Part) to provide increased investment in paths in the Franklin Local Board area.	
Change the Rodney Drainage Districts Targeted Rate to reflect public feedback and updated analysis of the benefits to properties and boundaries.	Do not support
Increase the Waitākere Rural Sewerage Targeted Rate from \$296.75 to \$336.80 (per year) for the 2024/2025, 2025/2026, and 2026/2027 years to maintain cost recovery in the three-year contract cycle, and avoid an annual subsidy of around \$117,000 from general rates, with the next cost review scheduled for the 2027/2028 year.	Do not support

6b. Do you have any other feedback on the proposals in question 6a, the changes to our Revenue and Financing Policy, or other changes to fees and charges?

#15311
